My dearest Sam:

Your welcome letter awaited me here, and I was sorry to hear that you do not feel quite up to concert pitch up among the mts. of Asheville. Possibly the news in my last letter may have caused a change for the better. I sincerely hope it has. My business with Mr. Curtis is nearly settled, and will turn out very well, so that I am quite satisfied with the result. My plan now is to leave here to-morrow afternoon for Detroit, where I shall spend Sunday. Charlotte's little package goes to-day. Perhaps she has already guessed what it contains. I shall say more about it in my next letter to her. G'pa has had neuralgia pretty badly for several days, but is now better. Have not had time to see any of the folks here. May do so to-night, or to-morrow. Kiss the "chicks" for me and take much love for your dear self. Write me soon.

Ever yours

Lu.
