WEIGHING THE GOLD.

Considered the Safest Way of Counting the Precious Metal at the San Francisco Sub-Treasury.

The Second Comptroller Disallows a Small Item in the Accounts of Pay-Director Walloch.

Onite a Number of Our Military Dudes at Washington Will Have to Go to the Front.

THE NATIONAL CAPITAL. SAN FRANCISCO'S SUB-TREASURY.

Washington, Aug. 13.-It is said at the treasury department that a count by weight is the proper way of determining ten hours the value and amount of coin on hand in the sub-treasury at San Francisco, and is certainly more expeditious and safer than by any other methods. The stand taken by the outgoing official is freely criticized, and assistant secretary Fairchild has consulted with solicitor McCue, as to the powers in the premises, and will instruct the newly appointed assistant treasurer in accordance with the solicitor's decision, when rendered.

STRICT ACCOUNTING Second comptroller Maynard has disallowed an item of \$3.76 in the accounts of market, except in the event of public ex-igencies, to have been disregarded in the Jones passed n particular transaction.

SPECIAL DELIVERY STAMPS.

MASHERS TO THE FRONT. With all due respect for the gentle-

authority to issue the call for the busi- has varied greatly at different periods. ness convention at Ishpeming next The Bay State Monthly, which has been month, and without desiring to imply searching history and statistics, says in The that they are neglecting their duty, the the days of the patriarch Abraham it MINING JOURNAL begs to remind was one to eight; 1,000 years before them that the sooner the call is made Christ it was one to twelve; 500 years the better the representation in the convention will be, in all likelihood. Be- one to thirteen; at the beginning of the stir yourselves, gentlemen. Much de- Christian era it was one to nine; A. D. pends on having this session of the con- 500 it was one to eighteen; in 1100 it vention a successful one, and the pre- was one to eight; in 1400 it was one to liminary work should not be too long eleven; in 1545 it was one to six; in 1551 delayed. THE weekly advices from the Euro-

pean markets say that discount rates in prices was downward last week until Friday and Saturday, when there was a reaction. At Berlin business was quiet, but the tone was firm, At the Frankfort Bourse affairs were dull, but there was ped from the lake ports of this district for the camping or a moderate advance in quotations. At season, up to and including Wednesday, Aug. Amsterdam the trading in American railroad securities was animated during the past week, and there were a number of transactions at higher quotations.

KRUPP, the great German cannon manufacturer, has just secured a contract for supplying the Turkish government with a large number of heavy guns and an immense quantity of projectiles, Noting which, an English paper plaintively observes that "this contract will necessitate the negotiation of a loan of £700,000, and though English ordnance firms are not to manufacture the guns, English capital will probably be used to pay for them." Rather 'ard, truly. If Russian diplomacy should succeed in causing these guns to decimate English legions and batter English ships to pieces some future day, it would be a further refinement of the cruelty complained of.

SAYS the Canadian Manufacturer: "English free traders, with that unsel- Milwaukee. fishness which is their principal char- Barnun acteristic, are ever inviting the Americans to lower their duties so that the American manufacturers could compete more effectually with their English rivals in neutral markets. It would be too bad Vulcan furn of brother Jonathan to take advantage of the simple-minded, guileless generos- Ange ity of his English friends. We don't believe he is capable of it." Of course he isn't. The counsel is inspired by the Fas love which England has for this country, but Americans are too honorable to Mi take advantage of the cousinly friendship in which English solicitude for our interests has its birth. Brother Jonainterests has its birth. Brother Jona-than doesn't propose to allow himself to Winteropy Winteropy be "cozened" that way.

As the shipping season grows older, the figures showing how the shipments | Commons of ore this year are falling behind those Cur of last grow larger. At this date last beight year, the output by lake amounted to line 1,555,807 gross tons, or 430,830 tons more than this season's shipments up to | Mastodo the present time. This is a very heavy Perkins... shrinkage, and ought to set consumers to thinking, but they will probably maintain a conservative policy in the matter Total. of making purchases until ore begins to Total from Escanaba advance in price, when the usual scram- Grand total of lake shipments. ble to "get in out of the wet" will be witnessed. It is quite inconceivable that such a diminution of output as the above | Will the day ever come when the ancient figures indicate for our mines this year will not exert a strengthening influence will be counted no prize for the little grand-

72,052 gross tons, against a total of the dark ages, and I am confident that some of these geese from whose breasts those feathers were plucked quacked at the of 1884, the falling off being 28,505 tons.

Of the amount forwarded by lake last markable house for funerals. week, 33,342 tons were shipped from Marquette, 35,021 from Escanaba, 3,689

A thou-and times healthier and sweeter is a good straw bed, which you can change often and wash clean every spring. A comfrom St. Ignace, and nothing from fortable mattress over it is luxurious L.Anse, which latter point has temporarily "gone out of business" as an ore shipping port, apparently.

WE visited the Franklin mine the other day with a view of ascertaining the magnitude and importance of the "water works system" recently introduced there by Capt. Vivian. For several years past the Franklin mine has suffered, at various seasons of the year, from a lack of sufficient water to support the support of the s from a lack of sufficient water to supply the mine, and at times it has been found necessary to melt snow, which is found to be rather an expensive method of procuring the necessary fluid. Team- Restaurant and ing has also been resorted to, but at too great a cost. Capt. Vivian bas just laid a five-inch water pipe from the mill to the mine and purposes supplying the mine, in part at least, by pumping water from the mill where a powerful pump has just been placed. The slant of the pipe prevents the water from remaining in it and conseter from remaining in it and conseter

avoided. The water is drawn from the lake and forced up to the mine where a avoided. The water is drawn from the large cistern will be kept filled. In this way an abundance of water will be kept A.P. SWINEFORD, JAS, RUSSELL, A. HORNSTEIN. make the works serve a two-fold pur-THE DAILY MINING JOURNAL is published every week-day morning, at Marquette, Mich., and contains the Associated Press dispatches, in addition to copious special dispatches from all points in the upper peninsula. It circulates throughout the entire iron and copper districts of this peninsula, and advertisers will find it an unrivalled median for placing their announcements before the peount of the peninsula and for placing their announcements before the peount of the stock of the stock of the stock. Address at may take fire, A hydrant is also placed on the location to which hose may be attached and several streams of water directed upon any building that may take fire, A hydrant is also placed once, F. Thornton, and the closing piece, a selection | Has returned from Marinette, Wis., and Thornton, and the closing piece, a selection from Von Suppe's Boccacio. Several of the pieces were encored, and all applauded. The last selection was the most pleasing, but all were excellent.

Immediately after the concert came the dance, of fifteen numbers. The large rink furnished a spacious floor, and all enjoyed themselves thoroughly.

A man's suit of clothes for \$2.50 at Donahoe's, worth \$5.00. Wanted, to buy, a second hand single

wagon in good condition. 8-10t1 TALEEN, JOHNSON & Co.

About twenty-five were present from Negaunee, and a number from Marquette. The dancing music, furnished by relays of Chequamagons while their gallant brethern were dancing, was unexceptionable. The credit of successfully carrying through the evening's program belongs to Mrs. W. H. Volk, of Marquette, who furnished the band for the evening, to Mr. J. P. Outhwaite, of the Nelson House, who the testing of the members of the suit of mem's clothes at Donahoe Bros.' at from \$2.50 to \$10.00, worth \$5 to \$20.

Scaled proposals for laying a sewer from the lake shore at foot of Washington street to the center of Third street, and from thence north to the south line of Ridge street, according to profile and specifications now on file in the city recorder up to 5 o'clock P. M. of August 17, 1885.

New flannels, Johnson & Co.

Wanted, to rent, a bouse of six or eight rooms, in a good locality. Strawberry the lake shore at foot of Washington street to the center of Third street, and from thence north to the south line of Ridge street, according to profile and specifications now on file in the city recorder up to 5 o'clock P. M. of August 17, 1885.
