For the week closing with and include ing Wednesday, lake shipments of iro ore from the ports of Marquette, Escr naba and St. Ignace footed up a total of 79,889 gross tons, this being 16,626 ton less than the shipments from the port of this district for the correspondin week of last year. Of this amoun 31,506 tons went forward from Mar quette, 43,028 tons from Escanaba, an 5,355 tons from St. Ignace, none having Ch been shipped from L'Anse. The total of lake shipments for the season up to the date of closing the reports for the week, was 1,266,002 gross tons. On the corresponding date Ar in 1884, the output by lake was 1,752.- Bu 322 tons. The falling off for the current year, compared with last, is 536,320 Fee gross tons-quite enough to show that Jackson South our mines are curtailing production this year with a steadfastness of purpose that ought to tell on the market by the close of navigation.

A GREAT DISCOVERY.

A GREAT DISCOVERY.

Mr. Wm. Thomas, of Newton, Ia., says: "My wife has been seriously affected with a cough for twenty-five years, and this spring more severely than ever before. She had used many remedies without relief, and being urged to try Dr. King's New Discovery, did so, with most gratifying results. The first bottle relieved her very much, and the second bottle has absolutely cured her. She has not had so good health for thirty years."
