THE NATIONAL CAPITAL.

WASHINGTON, Jan. 5.—Precisely at
noon the senate was called to order by
senator Sherman, the president pro tem,
who after prayer and the reading of the
Journal laid before the senate the creden-
tials of John W. Daniel, the newly elected
United States senator from Virginia,
which was read and laid on the table.
Among the bills introduced and referred
were the following: By Mr. Blair, to give
the right of trial by jury to claimants for
pensions whose applications were rejected
by the secretary of the interior, on appeal
from the decision of the commissioner of
pensions; also to provide for the erection
of monuments to Abraham Lincoln and
U. S. Grant; by Mr. Miller, to increase
the pension for loss of both arms or both
legs, or the sight of both eyes, or other
injuries resulting in total helplessness;
by senator Logan, to provide for the ad-
justment of the accounts of laborers,
workmen and mechanics, arising under

the eight hour law;
also to confer military rank on telegraph
operators in the military service; also to
create a commission to inquire into the
material, industrial and intellectual pro-
gress made by the colored people since
1865; also for the relief of telegraph op-
erators during the war; by Mr. Morgan, to
substitute silver dollars in place of gold
coin and currency in several reserve
funds held in the treasury. Mr. Gray
gave notice that he would to-morrow call
up Mr. Beck's silver resolution for the
purpose of making some remarks on it.

Mr. Van Hook offered a resolution which
was agreed to, directing the committee of
education and labor to inquire how many
hours of labor per day was exacted of men
and boys in the employ of street car and
other corporations in the District of
Columbia, and to report whether such
number of hours of labor were unreason-
able and inconsistent with former acts of
congress, and if so what remedy was
necessary in the premises. Mr. Edmunds
called up

the UTAH BILL
reported by him from the committee on
the judiciary. The bill having been read
at length, Mr. Hoar moved to strike out
the seventh section, it being the section
prohibiting the exercise of suffrage by
women in Utah. In making this motion,
Mr. Hoar said he approved the purpose of
the bill and the method by which that
purpose was sought to be effected, with
the exception of the disfranchisement of
the women of Utah. Women suffrage ex-
isted in the territories of Wyoming and
Washington, and the most careful and
thoughtful observers testified to the excel-
lent effect of that class of suffrage in
those territories. To deprive such of the
women of Utah were under no plural wives
of the right which they already had to ex-
ercise the suffrage, was undertaking to
place them in the same category with
what the law regarded as criminals, and
was in violation of a sound principle of
legislation. Mr. Edmunds replied that
whenever a majority of the women of the
United States, or of any state, desired to
assume

the RIGHT OF SUFFRAGE
they would have his (Mr. Edmunds') vote
in favor of that desire. Whenever our
wives, sisters and sweethearts, he said,
came to believe that they could better
serve society and themselves by exer-
cising suffrage and going into the political
field in which they were now employed,
they should have his aid in attaining their
object. He denied the women of Utah
had no in the sense of final and complete
law, a lawful right to vote. The laws of
Utah were passed subject to the approval
of the congress of the United States. The
law, too, was intended to relieve Utah
women of the condition of slavery in
which they were held by the hierarchy.
Mr. Hoar thought this point not applic-
able; a similar remark would have been
made by some people twenty years ago,
with regard to women professing the
Roman Catholic faith, and the debaters in
the past fifty years showed that many
Englishmen asserted that the political
movements of Irish people were due to
their submission to their priest. The right
to vote once conferred was as much a
vested right as any right of property. Mr.
Edmunds replied that the position in Utah
was unique; these plural wives and per-
sons under the influence of the hierarchy
of the Roman Catholic church were entirely
different from that which could be asserted
of men or women professing the Roman
Catholic, the Episcopal, the Methodist or
any similar religion. It came nearer to a
state of serfdom. Mr. Blair supported
Mr. Hoar's motion. If the reason made by
Mr. Edmunds for the disfranchisement of
the WOMEN OF UTAH
was a sound reason, it was equally applic-
able. Mr. Blair thought, to the men of
Utah, and the necessity for its application
was the same in the case of the men. If
women who believe in polygamy were to
be disfranchised, why not the men who
believe in it? Mr. Vest hoped the bill
might go over one day, and it went ac-
cordingly. The judicial salary bill was
on motion of Mr. Hoar placed before the
senate without further action. However,
the senate went into executive session,
and when the doors were reopened, ad-
journing.

SENATE BILLS INTRODUCED.

WASHINGTON, Jan. 5.—Among the bills
introduced in the senate to-day were the

following: By senator Morgan, to sub-
stitute silver dollars in part in the place of
gold coin, and currency in several reserve
funds held in the treasury. It requires
the secretary of the treasury to place to
the credit of the reserved fund \$100,000 in
gold coin now held in the treasury, and
provides for the redemption of the legal
tender United States notes—not to exceed
\$50,000,000—in standard silver dollars now
in the treasury, or that shall come into the
treasury in excess of the amount required
for the redemption of silver certificates.
Such silver dollars shall be so applied to

from time to time till the sum thereof
shall be \$50,000,000, and as such silver
dollars are so placed in this fund, an equal
sum of gold coin, not to exceed \$50,000,000,
shall be withdrawn from said reserved
fund and covered into the treasury. It
also requires that the secretary of the
treasury place such standard silver dol-
lars to the credit of the several funds held
in the treasury for the redemption of the
notes of national banks that have failed
or are in process of liquidation, and the
5 per cent. redemption funds of the na-
tional banks to the extent of one-half of
such said several funds as there shall be
at that time held in the treasury. The
secretary of the treasury is required from
time to time to withdraw from such said
funds and cover into the treasury an
amount of United States

LEGAL TENDER NOTES.
or national bank notes equal to that
amount of silver dollars so deposited by
him to the credit of such funds; by Mr.
Dolph, to amend section 717 of the revised
statutes. It provides that judges of
United States courts who have held their
offices thirty years, or who have held of-
fice ten years and have attained the age of
70, may retire on full salary; by senator
Vance, to repeal the civil service reform
act; by senator Manderson, providing that
privates and non-commissioned officers
who have served in the army or navy
on the retired list with seventy-five per
cent of their pay at the time of their re-
tirement, and further providing that per-
sons who have served

HONORABLY DISCHARGED
after eight years' service, shall be included
in its provisions; by senator Teller, to
provide for the compulsory education of
Indian children. It authorizes the secre-
tary of the interior to take any Indian
children between the ages of eight and
eighteen, who belong to tribes receiving
annuities from the United States, and
to send them to government schools for the
education of Indians, to be kept there for
five years. This is not to apply, how-
ever, to the five civilized tribes, nor to the
Ogish and the Five Civilized Tribes. The
secretary is authorized to withhold rations
and annuities from parents who refuse to
comply with these provisions. All such
schools are to be manual labor schools,
and to include the teaching of agriculture
and stock raising, and housework to girls.

THE HOUSE.
WASHINGTON, Jan. 5.—Speaker Carlisle
said at 3 o'clock this afternoon that the
bill not announced to-day
It is understood the list is not fully made
up and that it may be subject to change
until the last moment. There seems to
be no doubt that it will be ready for an-
nouncement to-morrow. Mr. Miller, of
New York, made his appearance in the
house this morning for the first time, and
took the oath of office. After the reading
of the journal the Hoar presidential suc-
cessor bill and the senate resolution pro-
viding for certain joint rules, was referred
to appropriate committees. Contrary to
general expectation the committees were
not announced after the reading of the
journal, and the speaker immediately pro-
ceeded to

A CALL OF STATES
for the introduction of bills and resolu-
tions. Under this call the following were
introduced and referred: By Mr. McCo-
mas, of Maryland—to prevent the introduc-
tion of food and drugs; also to establish
a postoffice savings bank; also to estab-
lish a postal telegraph system; also for the
redemption of the trade dollar; also for the
erection of a monument over the grave
of Francis Scott Key; by Mr. Long,
of Massachusetts, to establish additional
life saving stations along the sea and lake
coasts; also to repeal the tenure of office
act; also providing that cabinet officers
may occupy seats in the house of rep-
resentatives; by Mr. Collins, of Massachu-
setts, to establish a uniform system of
bankruptcy; by Ranney, of Massachusetts,
to create a marine signal board with the
color of a red flag; by Mr. Edredge, of
Michigan, to put in force the act relat-
ing to the lumber on the free list; by Mr.
Cutcheon, of Michigan, to

REFORM THE CIVIL SERVICE
and preserve the constitutional distinc-
tions between legislative and executive
duties by the organization of a bureau of
civil appointments; by Mr. Maybury,
of Michigan, for the importation free of duty
of axes, iron, lead, copper and zinc, with
water, and also a resolution calling on
the secretary of state for information as
to the action taken by this government
under the provisions of the act of 1878
relating to commercial relations with
Canada; also for the renewal of commer-
cial relations with the British possessions
in North America; by Mr. O'Donnell,
of Michigan, to repeal the duty on sugar,
and to provide for a bounty for the culti-
vation of sugar in the United States; by
Mr. Straif, of Minnesota, to amend the
timber culture act; by Mr. Nelson, of
Minnesota, to place hemp and manilla on
the free list; by Mr. Singleton, of Missis-
sippi, to reduce the expense of public
printing and binding; by Mr. Bushan-
an, of New Jersey, to repeal

THE TOBACCO TAX,
also to enable persons in the civil service
to inspect and answer charges made
against them; also for the retirement and
redemption of the trade dollar; by Mr.
Hewett, of New York, to carry into effect
the convention between the United States
and Mexico signed on the 20th of January,
1853; also to secure a uniform standard of
value; by Mr. Downey, of New York, for
the erection of a monument to Gen. U. S.
Grant, in New York city. It appropriates
\$200,000 for the purpose, to be expended
under the direction of the secretary of
war by a commission to be appointed by
the president, provided, that none of the
money shall be expended till the addition-
al sum of \$250,000 has been raised by
private subscription. By Mr. Bliss, of
New York, for the relief of the non-com-
missioned officers and privates of

THE OREGON ARBITRATOR.
WASHINGTON, Jan. 5.—The
legislature of New Jersey, a resolu-
tion for a congressional inquiry into the
fitness of Alaska for the purposes of a

penal colony, and the advisability of es-
tablishing there a place of confinement for
long-termed convicts; by Mr. Reid, of
North Carolina, reducing the duty on steel
rails to \$7 per ton. Bills were introduced
for the erection of public buildings at the
following places: Rome, Marine City, La-
placemine, Cleveland, East Sagadahoc, Jack-
son and Grand Haven, Mich.; Duluth,
Minn.; Vicksburg, Miss.; Sedalia and
Springfield, Mo.; Beatrice and Hastings,
Nebr. Without the conclusion of the call
the house adjourned. The number of
bills introduced to-day was 790.

NOMINATIONS TO THE SENATE.
The president sent the following nomi-
nations to the senate to-day: John J.
Higgins, collector of customs, district of
Natchez, Miss.; James Curran, of Mary-
land, supervising inspector of steam ves-
sels, third district; Wiley J. Timin, sur-
veyor of customs, San Francisco; Francis
William A. McArgle, of Mississippi, con-
sul of the United States at San Juan, De-
l Norte; Willis H. Patch, of Maine, consul
of the United States at St. Stephen, N. B.;
H. M. Jewett, of Massachusetts, consul
at Sivas; Orlando V. Powers, of Michi-
gan, to be associate judge of the su-
preme bench of the United States.

NOT A BRILLIANT RECORD.
The authorities of a New England town
recently applied, through their congress-
man, to the war department, for a trans-
cript of the military records of the sol-
diers furnished to the army by the town
during the rebellion. To furnish these
was against the ordinary rules of the de-
partment, but as they were for "historical
purposes," to be used in some approach-
ing anniversary, a concession was made.
The files were examined, and disclosed the
fact that the names of about sixty citizens
of the township had been drawn into the
wheel, and twenty-four of the persons
were upon examination accepted. Further
search disclosed the fact that twenty-three
of them furnished substitutes, and the
other twelve to Canada.

MISCELLANEOUS.
The bill introduced by Senator Blair to
provide for the erection of monuments in
this city to President Lincoln and Gen.
Grant, provided for the same approach-
ing the Washington monument, and cost
\$1,000,000 each.
The senate, in executive session to-day,
spent one hour in considering the nomi-
nations of a number of officers and post-
masters, chiefly in Kentucky and Tennes-
see, but adjourned without reaching
the point of action in regard to any of
them.
The president has withdrawn the nomi-
nation of John G. Lee, of Philadelphia, to
this secretary of legation at Constantinople.
This is done at Mr. Lee's request.

OBSTRUCTING THE MAILS.
The Charge On Which the Toledo & Ann Arbor
Railroad Manager is Arrested.
DETROIT, Jan. 5.—J. M. Ashley, Jr.,
superintendent of the Toledo & Ann Arbor
railroad, was arrested last night on a
charge of obstructing the mails for which
offense the statute provides a penalty not
to exceed \$100 fine. At 10 o'clock last
night Ashley's men removed the iron,
ties, switches, and frogs at Howell, and
stationed armed men to guard the track,
but later all was quiet and orderly, and
the men were relaying the track under
his directions. Ashley was brought to
this city and arraigned before the United
States commissioner, the hearing in the
case being postponed till next Monday.
The night train on the Detroit, Lansing &
Northern did not get out last night on
account of the tracks being torn up, and
for fear of a wreck the trains were run-
ning as usual, however, this morning,
the tracks having been repaired.

MURDER AND SUICIDE.
GREENVILLE, Mich., Jan. 5.—Yesterday
afternoon Hans Peterson, who lives in the
township of Sidney, about six miles from
this city, shot his wife through the head
and then himself through the heart. Pe-
terson has been married to the same woman
before and had a watch put on his
movements, but he in some manner eluded
him. It is supposed the murderer called
his wife to the house, and shot her, and
then went to his workshop and killed him-
self. When found, his wife was in both
bodies. Hans was a farmer and plasterer.

MELTING SNOW CAUSES A FLOOD.
RONDOUT, N. Y., Jan. 5.—The rain fall
this morning was the heaviest known here
for many years. The snow on the Cats-
kill mountains, together with the rain,
caused a flood in Schoharie creek which
rose rapidly, impressing a number of
families on flats near Kingston. The cur-
rent was so strong that row boats in at-
tempting to reach the houses were
swamped. One man named Owen was
drowned. The water was as high as the
windows of the first stories on a number
of dwellings.

LOCKHAVEN, Pennsylvania, Submerged.
LOCKHAVEN, Jan. 5.—The flood in the
Susquehanna reached its height here this
evening, after having submerged three-
quarters of the city. No lives have been
lost, but the damage has been great.
News from out of town comes in slowly
on account of travel being interrupted. From
all accounts the farmers along the river
have lost heavily. The flood very near
reached the high water mark of 1885.

TOO MUCH WATER.
EASTON, Pa., Jan. 1.—This afternoon
the Lehigh river here is sixteen feet high,
and the Delaware river eighteen feet. The
first floors of several mills are covered
with water, and many of the mills are
trains of the Lehigh Valley and the Le-
high & Susquehanna railroads are delayed
by land slides and washouts. The coal
and freight trains on the latter road have
been abandoned.

Protecting Their Rights.
NEW YORK, Jan. 5.—P. M. Arthur,
chief of the Brotherhood of Locomotive
Engineers, is here, and will have an inter-
view with superintendent Hain, of the ele-
vated roads of this city, to-morrow, in re-
gard to grievances complained of by
engineers. The directors had a consulta-
tion to-day, but declined for the present
to make the results public.

THE DISEASED HERDS.
LANCASTER, Pa., Jan. 5.—Dr. Bridges,
state veterinary surgeon, to-day killed
five head of cattle which were suffering
from pleuro-pneumonia, on the farm of A.
S. Frey, in Manor township, and will kill
fifteen more in a few days. The disease
has appeared among the cattle of Henry
Bender, in the same township.

Heavy Wind and Rain Storm.
WILKESBARRE, Pa., Jan. 5.—For the
past twenty-four hours a wind and rain
storm of great violence has prevailed in
the timber region. They had been
winded in the Susquehanna river to build-
ings in the country districts. This even-
ing the Susquehanna river is rising and
at 7 o'clock was 13 feet above low water
mark.

For the Upper Lakes.
WASHINGTON, Jan. 6.—I. A. M.—The
slight service notes the following as its
prediction for the next thirty-six hours:
Generally fair weather; variable winds
and slowly rising temperature.

COURAGEOUS GREEKS.

Greece Protests Against the Bulgar-Rou-
melian Union, and Will Keep Prepared
to Protect Her Rights.

Russia's Refusal to Guarantee the Independ-
ence of the Bulgarian Union Displeases
the Balkan Conference.

Gladstone Invited to Visit America—England's
Troubles With Her Burman Subjects,
Irish Distress—Miscellany.

ENGLAND.

DEMANDING HER RIGHTS.
LONDON, Jan. 5.—The Balkan con-
ference at Constantinople has been aban-
doned, Russia refusing to guarantee the
independence of the union of Bulgaria and
Eastern Roumelia. The Greek govern-
ment has sent a vigorous note to the
powers, protesting against the union of
Bulgaria and Eastern Roumelia. The note
says that Greece feels keenly the loss of
thousands of Greek inhabitants, and de-
mands the restoration of the boundaries
fixed by the Berlin congress, adding that
Greece continues her naval and military
preparations in order to be ready to assert
her rights if it should become necessary
for her to do so.

ENGLAND.
A VISIT TO AMERICA.
LONDON, Jan. 5.—Late last month John
Jennings, who is connected with a London
news agency which supplies the American
press with much English news, wrote a
letter to Mr. Gladstone, inviting him to
visit America. The letter assured Mr.
Gladstone that he would be received in
America with the warmest welcome, and
the writer ventured to express the opinion
that a personal investigation of the work-
ings of the constitution of the United
States on the part of Mr. Gladstone, would
be productive of most important results,
such results as no amount of reading
would enable him to attain. Such in-
vestigation, it was suggested, would enable
him to deal with the questions of

HOME RULE FOR IRELAND.
with a far greater degree of confidence.
The letter further states that Americans
generally believed that Gladstone was the
only man able to grapple successfully with
this question. In proof of this statement
a dispatch from New York to that effect
was enclosed in the letter. A reply to
this has just been received from Mr.
Gladstone, and is as follows:
HAWARDEN, Jan. 5, 1886.
DEAR SIR:—I could not regard such an
invitation as you transmitted to me other-
wise than an incident requiring the best
consideration for a chance that reflection
might open to me some way of compliance.
I am sorry, however, to report that I have
not been able to arrive at this result. My
physical strength is not such as would per-
mit me to undertake

A VOYAGE TO AMERICA,
and the imperative demands on my time
and thought in connection with the pre-
sent state of public affairs allow no inter-
mission. The invitation itself, however,
constitutes a new tie of feeling with Amer-
ica. I shall ever remember it with thank-
ful acknowledgment, while the knowl-
edge that so many friendly eyes are
watching the course of events in this
country, with reference to Ireland, will be
a new incentive to the performance of a
patriotic and philanthropic duty. I re-
main, dear sir,
Your faithful servant,
W. E. GLADSTONE.

TO JOHN JENNINGS, ESQ.
It is learned on high authority that Mr.
Gladstone was disposed to accept the in-
vitation. He is willing to task his political
uncertainty has so far prevented him from
making the trip. He may probably be in-
duced to visit the United States in the
autumn, after the conclusion of the coming
session of parliament.

A GATHERING OF THE CLAN.
LONDON, Jan. 6.—The members elect
of parliament will take the oath of office
on the 12th inst. Lord Salisbury and Sir
Michael Hicks-Beach have sent copies
of a circular to their supporters notifying
them to be in attendance at the opening
of parliament on the 21st inst., when the
queen's speech will be read and business
of importance be transacted.

AN AVOWAL OF PRINCIPLES.
Mr. Gladstone has summoned the
liberal members of parliament to a meet-
ing on the 16th inst. He privately prom-
ises them that he will then make a frank
statement of principles on which he pro-
poses to settle the Irish question.

AN EARTHQUAKE.
LONDON, Jan. 6.—A shock of earth-
quake was felt yesterday over an area of
several miles in south Devonshire. Much
alarm was caused, but no damage is re-
ported.

IRELAND.
THE LOYALISTS' OPPOSITION.
BELFAST, Jan. 5.—Arrangements are
being made for a monster meeting of
loyalists in this city on the 14th inst. to
protest against any measure granting
home rule to Ireland.

DISTRESS ON THE WEST COAST.
DUBLIN, Jan. 5.—At a meeting of the
National League held in this city to-day
the terrible distress among the people on
the west coast of Ireland was considered.
Several members made addresses deplor-
ing the condition of affairs, and attribut-
ing it mainly to the eviction.

BURMAH.
MURDEROUS DACOTS.
RANGOON, Jan. 5.—Dacots have raided
the country within twenty miles of
Mandalay, and have murdered three Euro-
peans who were returning to their labor
in the timber region. They had been
warned against undertaking the journey.

PRETENDERS TO THE THRONE.
RANGOON, Jan. 5.—The movements of
the Dacots are daily becoming more
threatening. They are combining under
the leadership of native pretenders.

Furniture Factory Burned.
UNION CITY, Tenn., Jan. 5.—The fac-
tory of the Beck, Bransford & Eckdahl
Furniture company, burned this morning,
throwing 200 men out of work. Loss \$50,
000; insurance \$10,000.

FLOODED COAL MINES.

A Creek Bursts Into the Laurel Hill Work-
ings, Drowning Twenty-Three Males.

HAZLETON, Pa., Jan. 5.—Last night's
rain storm did a great deal of damage here.
Five of the collieries of Pardee & Co. are
completely drowed out, the water hav-
ing entered the mines from a large creek
which burst into an old breach of the
Laurel Hill workings and poured steadily
through this opening from 12 o'clock last
night until 6 o'clock this evening. Twen-
ty-three males were drowned, and all the
pumps are submerged. The Crystal
Ridge, Sugar Leaf, Andfield, Harvey
Brook and Stocking slopes are all flooded.
The water again broke in the Harleigh-
Eberly mines, which were recently flood-
ed, and the situation is now more serious
than before. All pumps are lost, and the
water is rising rapidly. It is impossible
to say what the losses will aggregate, but
must necessarily be very heavy.

COPPER COUNTRY NOTES.

The New Railroad Approach an Unfortunate
Contract—Manager Dees' Sub-Marine Cal-
culation—"The Rivals"—Miscellany.

Houghton, Jan. 5.—Mr. Charles Ongie, who
has the contract to build the Houghton ap-
proach of the new railroad bridge across
Portage Lake, is not meeting with the suc-
cess that he could desire, and it is more than
likely that he will lose money on his contract.
A week or two ago one of the crabs, owing to
its being too heavily loaded on one side,
tipped up-side down and spilled several car-
loads of rock into the lake, and yesterday
morning the bottom of the same crab fell
through on account of its not being strong
enough to support the weight of a sufficient
amount of rock to sink the crab, and all the
rock contained therein went to the bottom of
the lake, while the crab itself barely escaped
capsizing. The accident was more difficult
to repair than the first, as the crab is of great
depth. Indeed it is difficult to tell how it
will be repaired, unless it be turned upside down
in order that a bottom may be built.
Otherwise the crab can not be sunk.

A meeting of the Houghton Land and
Mining company was held at Calumet yesterday,
but Ingot did not learn of the nature of the
business transacted.
Owing to the destruction of the draw of the
bridge it was found necessary to remove all
the telephone wires. Manager Dees, with his
usual sagacity, has established a temporary
telephone exchange in the office of M. H.
Goldworthy, on the Hancock side of the
bridge, and his telephone patrons will suffer
little annoyance. Mr. Dees informs us that in
a couple of weeks he will have a submarine
cable, consisting of fifty wires, connecting
Hancock and Houghton. The cable is now
being made in Chicago, and will be 1,100 feet
in length, and will cost about \$1,000.

"The Rivals."—The production of Owen
Sheridan, one of the most interesting plays ever
written, will be produced in Miller's hall,
Houghton, on Thursday evening, January 14,
and in St. Patrick's hall, on Friday evening,
January 15. This play was first
produced in the Covent Garden theater, of
London, in the year 1776, and it has since
been revived during the hundred years that
followed. It will be presented on the evenings
above mentioned by the following unusually
strong cast:
Sir Anthony Absolute..... Mr. C. A. Wright
Captain Absolute..... Mr. E. H. Smith
Faulkland..... Mr. E. H. Smith
Mrs. Absolute..... Mr. E. H. Smith
Sir James O'Grady..... Mr. E. H. Smith
Mrs. O'Grady..... Mr. E. H. Smith
The Hon. Mr. Blandford..... Mr. E. H. Smith
The Hon. Mrs. Blandford..... Mr. E. H. Smith
General admission, 35 cents; reserved seats,
50 cents; gallery, 25 cents.

The funeral of Mrs. Capt. John C. Ryan
occurred from the St. Ann's Catholic church
yesterday morning, and notwithstanding the
boisterous weather, it was one of the largest
funerals that ever took place in Hancock. A
large number attended from the cities of
Calumet and the neighboring towns.
Mr. James R. Cooper, of the Detroit & Lake
Superior copper works, returned from De-
troit the latter part of last week.
The regular meeting of the Young Men's
Literary association will take place in the
reading room on Friday evening, January 16,
when the question, "Resolved," that labor
unions should be encouraged in the upper
peninsula of Michigan," will be discussed by
four of Hancock's amiable and brilliant
young lay school teachers.

Mr. Robert Schuler, who is superintending
the construction of the new bridge over the
bridge for Messrs. Colledge & Co., of Chicago,
arrived here Saturday evening, after an ab-
sence of three weeks on his tour of inspection.
Mrs. Jerry Cronin, of the lower point, while
on her way to attend the funeral of Mrs.
Ryan yesterday, received the news that one of
her sons had accidentally shot himself quite
seriously, while out hunting, and so imme-
diately returned home. We could not learn
the extent of the injury.
The installation of officers occurred in the
Hancock lodge I. O. O. F., last evening, a
large number of guests being present.
It is now generally conceded that new
smelting works will be erected at Lake In-
den within a twelvemonth.

NEWBERRY NOTES.

NEWBERRY, Jan. 4.—Supervisor Berdie has
gone to the "800" on official business.
J. C. Weller and Mr. and Mrs. J. H. Sherman
went east this evening.
School commencement postponed for one
week on account of sickness in some of the
families here.
J. A. Demore, who was escorted to the
"800" by constable Mertis, reconsidered his
actions and concluded he would "settle,"
which he did to the tune of some seventy-
three dollars, so said "squire McGrath."

NEGAUNEE. Polo at Marquette to-night, if our club is able to get down there.

To-morrow being the first Thursday in the month, the common council will hold its regular monthly meeting.

Locomotion was difficult and rapid progress impossible yesterday. If the city could borrow a snow-plow somewhere it would come in very handy from time to time.

The Casino polo club, of Marquette, will be provided with cage goals, similar to those in use by the Superior polo club, of Ishpeming. The cost is only about \$5 a pair, and the home club should have a set.

Train No. 2 from Ishpeming laid over at Negaunee five hours, then returned to Ishpeming. Train No. 1 from Chicago returned to Escanaba, it being impossible to get past the two stalled freight trains near Cheshire.

Couldn't Be Made. The secretary of the Manistee polo club wrote to the manager of the Casino rink, at Marquette, recently, saying that his club would like to come to the upper peninsula and play the polo clubs here, and would do so if their actual expenses for railroad fare and beer were paid. Messrs. Ross, of the Casino, and Robinson of the Adelphi were willing to stand a proportionate share of the expenses, which would be \$120, but manager Jenks, of the Superior roller rink in Ishpeming, refused to pay his share, so the plan was abandoned.

If some outside club could be brought up here and played against our teams of the peninsula league, it would give an opportunity to judge of the progress the league clubs have made.

Masquerade Ball. Posters are out announcing the masquerade ball to be given at the Adelphi rink on the night of Friday, Jan. 15th, by the Negaunee orchestra. The program is a good one. There will be skating from 7:30 till 9:30 in the evening. At 9:30 dancing will begin, and will continue till the last couple is ready to leave the floor.

The prizes aggregate \$25 in cash, this being the largest sum yet offered at any masquerade ball given here. The managers are doing their very best to render the ball a more than ordinary event, and the reporter risks nothing in predicting that such it will prove to be. A cordial invitation to come and participate in the pleasures of the evening is extended to all.

To Be, or Not to Be. If the promoters of the scheme having in view the fitting up of a club room do not get down to business soon the rooms which they propose to rent will be leased to other parties. The plan seemed feasible when talked over, but it will need money and energy to get it into working shape.

ISHPEMING. The common council will go into executive session to-night.

A vagrant was taken to the county jail for sixty days, by officer Kjesboe, Monday afternoon.

A few sidewalks were cleared of snow yesterday, but the majority stayed as old King Boreas left them.

People who were sighing for tempestuous winter, and longing for blizzards, need sigh no more. They are getting what they wished for and in great abundance.

There were snow drifts in the city streets six feet high yesterday, and in some of the suburbs the houses were "banked up" with snow to the tops of the doors on one side.

The early train from Marquette was delayed yesterday, which accounts for the late arrival of the 200 copies of the DAILY MINING JOURNAL, which are distributed here every morning.

The Deer Lake company's snow plow came to town yesterday and cleared a passable road to Deer Lake. In fact, the thoroughfare from the city to the suburb is in better condition for travel than are some of the streets in town.

There was much puffing and snorting done yesterday morning by the C. & N. W. and M. & O. railroad engines that were clearing the snow from the tracks. A large force of laborers was also kept busy wielding the snow shovel.

Last spring there was a business men's association formed here. It has not been heard from of late, but is presumably still "in the ring." There are several knotty subjects which the association might devote some attention to with advantage to the business interests of the city.

A little enterprise is a good thing to have. When Mr. Burder, of this city, was in Sheffield, Eng., last summer, he visited one of the large cutlery establishments there, and was surprised to see hanging in a prominent place over a desk in the office, the calendar of I. E. Swift, of Ishpeming, Mich. A calendar was sent direct to that firm this year.

A SNOW BLOCKADE. Some Deep Snow Between Here and Negaunee—Two Freight "Stalled" on the C. & N. W.—All-Around Stoppage.

There was a genuine blockade on the lines leading into the city Tuesday. The fury of the storm abated somewhat Monday night, and the blinding snow was not driven with such violence into the "cuts" and exposed parts of the railroad tracks on Tuesday as it was before, but the wind maintained a reasonable degree of strength and helped to pack more firmly the snow which had been drifted the day before.

On the M. & O. passenger train No. 2, from Marquette, got "stalled" near Eagle Mills shortly after 8 A. M., and was pushed through the snow only by the united exertions of two more engines which were sent to its aid from Marquette.

Passenger No. 4, which left Michigamme at 7:30 in the morning, met with no serious trouble until after leaving Ishpeming. In the cut on the M. & W. track of the M. & O. between Ishpeming and Negaunee, the snow lay to a depth of from five to eight feet in places, and was very firmly packed. With help from other engines the train was finally worked through.

Passenger and express train No. 2, from Houghton, found the track drifted badly between Houghton and Baraga, and was two and a half hours late when it reached L'Anse. From L'Anse it made good progress, and arrived here only an hour and twenty minutes behind schedule time.

On the Chicago & Northwestern the trains fared as badly. Both the north and south bound freight trains got stuck fast in the deep snow at "Shaketown Sag," near the plains, and about half way between here and Escanaba. A number of engines were sent to their assistance, but it took a long time to get them out, and both passenger trains were delayed by the obstruction of the track. Passenger No. 2 left here at the regular starting time—12:35 P. M.—but laid over at Negaunee.

NO COMMUNICATION

Between Marquette and the Outside World Yesterday on Account of the Blizzard, Long Drawn Out.

The Result of Northern Zephyrs. Yesterday Marquette experienced the full effects of the storm which has raged now for nearly ninety hours.

About the city great drifts of hard packed snow defied the snow-plow and the shovel, and made the streets entirely impassible in some localities.

On the railroads the storm played havoc with time cards and train dispatchers.

REPORTORIAL PENALTINGS. When the weather goes to work "making medicine" up in this country, the element of uncertainty is estimated from the problem as to what our next summer's drink shall be cooled with.

It's a trifle curious why a United States weather bureau can't be satisfied with a wave of the national emblem without ringing in one or more from Manitoba, or some other "closer to furm" country, to the disgust of all true patriots.

A defective roof resulted in Brown's losing forty or fifty dollars worth of cigars through their being damaged by water yesterday morning.

There was a rumor about the streets yesterday afternoon to the effect that the larger portion of Sault Ste. Marie had been destroyed by fire.

It is the Manitowish, not the Manistique, polo team with which negotiations are in progress looking to a series of exhibition games in the various risks on the upper peninsula.

On the M. & A. O. a good deal of difficulty was met with in clearing the cuts between this city and Eagle Mills.

Between Houghton and Baraga the track was also drifted badly, but the express made up an hour of the time lost there on the run from L'Anse to Ishpeming.

For a good part of the day there was no telegraphic communication between Marquette and the outer world, as both the Mackinac and Milwaukee lines were down.

Yesterday morning as the wind was blowing a gale from the cold, frozen north, the light, fresh fallen snow on the Chocoyoc shore was driven with such velocity into the air that it formed into perfect clouds, and rising like immense white pillows, formed a grand and unusual sight against the dark background of clouds beyond, and at the same time the atmosphere was so pure, clear and crystal-like that Point Lookout, nearly three and a-half miles distant, appeared to be about one mile away.

The Menominee River Laborer publishes a labor song, and directs it to be sung to the air of "Marching through Georgia."

Over Hadrick's Jewelry store, or over Mead's old stand on Front street, Marquette, Mich. 12-7-85

The annual meeting of this society will be held at the secretary's office, in Marquette, on Monday, January 11th, at 10 o'clock A. M., for the election of officers and other lawful business.

Mrs. Sherman, of Houghton, is visiting friends in this city.

George Mennie, of Ishpeming, was in the city yesterday, visiting W. P. Schwalm.

Thomas Bristol, of Chicago, through whom most of the jewelers on the upper peninsula purchase their watches, is now in the city.

W. A. Cox, of Munising, is in the city. If he will take this storm back with him and lose it in the woods near Munising a grateful city will arise and call him blessed.

Mayor Thurber is probably now enjoying the pleasures of a snow blockade while traveling. He must needs solace himself with the thought that the snow falls on the just, as well as the unjust, in this part of the hemisphere.

It takes the Pastry. Last evening through the kindness of Mr. A. S. Parks the reporter was permitted to witness the powers and workings of the new mechanical organ in Masonic Hall.

It is one of the most wonderful and ingenious musical instruments that the reporter has ever seen, and to his untrained ear the music was just as fine in quality as that obtained from any reed organ, while it possesses the advantages of perfect tone and the possibility of playing at any time the choicest selections from operas, popular airs and dance music.

In appearance it is exactly the same as a small organ, possessing stops, knee-swells, pedals, etc., but having no key board. Each piece of music is in the form of a perforated parchment wound about a core, and the number of selections is limited only by the length of one's purse; the Masons have some hundreds now, and

among them are the very latest popular operas such as the Mikado, etc.

The reporter listened to familiar strains from the Beggar Student, William Tell and other famous operas, and was exceedingly pleased with the music, as well as interested in the manner of its mechanical production.

Back the Boys To-Night. The second league game of the Casino polo team takes place at the Casino to-night, when they will for the first time meet the Adolphs in a league game.

Estate of John G. O'Keefe, the old arm chair, 2.00

James Lattrell, part payment for labor on stone contract, 400.00

Ayes—Aldermen Extrom, Finlayson, Keyes, Morgan, Palmer, Wetmore and Watson, Nays—None.

Bill of Lake Side Iron Works, for \$10.05, was on motion laid on table.

Moved and seconded that the men working on "filling" at the Champion street viaduct be allowed 15 cents per hour instead of 12 1/2 cents per hour, which, on a vote being taken, was lost.

Ayes—Aldermen Morgan and Keyes. Nays—Aldermen Extrom, Finlayson, Palmer, Wetmore and Watson.

Moved and carried that the recorder be instructed to draw an order of \$400 in favor of James Lattrell & Co. upon their furnishing requisite bond. Also moved and carried that the street committee be empowered to accept or reject said bond.

The council then upon motion adjourned. THOMAS MEADS, Recorder.
