Why did not the gentleman from Pennsylvania (Mr.

Mr. Kelley said he would vote for any bill which would give relief to oppressed labor, but he would not vote for this mass of words unless his vote was accompanied by the notice that the bill meant nothing. The remedy was to give the country an increased volume of currency. This labor question was purely and simply a question of money. Mr. Reed, of Maine, said that what the laboring men needed and desired was that there should be a careful examination of the whole matter, which would lead to an agreement. It may turn out, he said, that this legislation will amount to little; it may turn out that it amounts to much. Suppose we try it, and when we learn more do more. In response to the reference to me of the claim of Keweenaw County for \$100 advanced to Mary Sullivan as expenses in the case of Hannah Sullivan insane. I begleave to report: That under sec. 1820 Howell's St, the expenses for the confinement and support of an insane person sent by one County to the asylum, may be charged to and collected from another County, provided that the proper steps are taken to notify the officials of the latter County, that such insane person is claimed as a resident of such latter County and no proof to the contrary

I find that the treasurer of this County ha-continously since her confinement in the asylum continuesly since her confinement in the asylum paid to the treasurer thereof all bills presented for the support there of Hannah Sullivan. Sent from Keweenaw County, but after considerabl inquiry I am unable to find that any statutry notice was ever given whereby said insane per-son would become a proper charge upon this County, although the same might have been riven.

The charge made by Keweenaw County being for a very large sum apparently, for the purpose stated, and not being on its face without explanation a legal charge. I would recommend that pending turther inquiries as to whether the law has been complied with necessary to charge this County for any of such expenses the bul be referred back to Keweenaw County for an extelnation.
