

Daily Mining Journal

PUBLISHED BY THE MINING JOURNAL COMPANY, A. P. SWINFORD, JAR. RUSSELL, A. HORNSTEIN.

THE DAILY MINING JOURNAL is published every week-day morning, at Marquette, Mich., and contains the Associated Press dispatches, in addition to original special dispatches from all points in the upper peninsula.

Subscription Rates: Per year, by carrier, 10 00; Per year, by mail, 8 00; Six months, 5 00; Three months, 3 00.

JAMES RUSSELL, Editor; A. HORNSTEIN, Business Manager; MARQUETTE, MICHIGAN, APRIL 9, 1886.

Entered as mail matter of the second-class in the postoffice at Marquette, Mich.

As Dakota grows so grows Duluth, asserts the Herald, of the city named. Dakota is going to grow into a couple of states one of these days, and that's something Duluth can't do, because it wasn't built that way.

In Monday's election in Menominee county the proposed loan for the construction of a new jail was carried; so the seat of government in that county is sure of one more substantial public building. The new jail is very much needed since Menominee people abandoned the custom of lynching prisoners.

MILWAUKEE went republican in Tuesday's municipal election, Emil Wallber being chosen mayor over John A. Hinesy, the democratic candidate, by 1,500 majority. The issue was local and personal rather than political; still the republicans are entitled to mark it down to their credit as a partisan victory.

It is no wonder that Winans, the American millionaire residing in Scotland, is disliked by the English nobility. A man who instead of selling the immense amount of surplus game shot upon his estates, will present it to the poor people in the neighborhood, must be horribly vulgar, you know.—Saginaw News.

And quite un-American, too. If any American millionaire residing in this country does such things we have failed to hear of it.

A MILLING plant has been ordered for the Beaver Mountain silver mine on the North Shore, of which Richard Crow, late of the Ropes, is superintendent, and it is to be in operation early in the coming summer. The lode is said to be looking finely by those interested in it. It is only fair to add that their willingness to put money into expensive machinery for the development of the property is an earnest of their sincere faith in its value.

The Chicago, Burlington & Quincy railroad company is placing its rail cars on the American mills on the condition that steel is made from imported Bessemer pig iron. Its example is likely to be generally followed, and if so the accumulated stocks on the west coast will soon be absent.—London Iron Trade Exchange.

We doubt the truth of the above statement. Will some of our trade contemporaries that are posted in the matter be good enough to give the public the facts?

FLORENCE sustained a serious loss Tuesday night by the burning of the foundry and machine shops at that place, which were totally destroyed by the flames, hardly a tool being saved. This concern was a branch of the Prescott establishment at Marquette, but was devoted to the manufacture of mining machinery more particularly. It is not known what the company's intentions are in regard to rebuilding the works.

CARROLL, the characterless snipe who has "formulated" absurd charges against Governor Swinford in a New Orleans exposition affair, was a candidate on the fusion ticket at Grand Rapids in Monday's election, running for police justice. The people who know him best didn't want anything of him, however, and the dirty or was laid out cold, although he had managed to procure the nomination of two parties. If all three had united in nominating him the result would doubtless have been the same. Honest voters pay little attention to party nomination when chaps like Carroll are made candidates for responsible offices.

THERE was a pretty hot contest over the majority in Menominee this spring, the candidates being A. C. Stephenson, and Mr. Leisen, a wealthy brewer of that place. The latter was supported by the workingmen, but Stephenson "downed" him by 88 majority. Not a very large majority out of a total vote of 1,043, it is true, but large enough to denote that the Knights of Labor are not strong enough to carry everything before them in the growing lumbering town at the mouth of the Menominee river just yet. Mr. Stephenson was elected by 158 majority a year ago, before the labor difficulties of the last had solidified the labor vote. The reduction in his vote is inconsiderable, in view of the feeling engendered by the recent disagreements between the workingmen and the mill owners at that point.

THE iron market continues firm, without any show of weakness, reports the Wall Street (N. Y.) Indicator. In regard to pig iron, it is reported that prices remain firm and that the companies are determined to have their figures, or keep the iron. Those who have tried to contract for good iron find prices where they were and companies unwilling to do business except on their own terms. Prices are steady for No. 1 and No. 2 foundry and standard gray forge. As for merchant iron, the holders refuse to make any concession, and the higher prices are paid. Plate iron, tank and skelp iron are quoted firm and the week's business in sheet iron is fair at card rates, with more inquiry for spring delivery. Nails are very firm at \$2.50, with plenty of inquiry from both

eastern and western markets. No large transactions have been closed in structural iron, although it is understood that there are buyers ready to close at an early day. Several good orders have been placed in western Pennsylvania. The demand for steel rails continues fair, while an upward tendency is observable, and rail-makers show an unwillingness to book large orders for late delivery for less than \$35.

SOMETIMES those who strike in haste are given an opportunity to repent at leisure. A case of the kind is thus related and commented on by the Detroit Evening News:

A better illustration of the folly of some strikes could not be furnished than the recent strike of colored waiters in Detroit. It was for them to be advised. Instead of telling the proprietor what they wanted and giving him time to reflect, they demanded an answer in five minutes, and not meeting with a prompt, unconditional surrender, they put on their coats and left the hotel. All the resentment and combative spirit of the landlady were for them to be advised. Instead of telling the proprietor what they wanted and giving him time to reflect, they demanded an answer in five minutes, and not meeting with a prompt, unconditional surrender, they put on their coats and left the hotel. All the resentment and combative spirit of the landlady were for them to be advised.

It was foolish and unreasoning at any time, but especially when there was nothing else for them to do and hundreds stood ready to fill every place thus made vacant. Men in other branches of trade will find a lesson here that is worth remembering.

SQUINTING this way, the Fond du Lac, Wis., Reporter notes the nature of the contest last Monday in certain of the upper peninsula towns, and comments thereon in this strain:

Several localities in the upper peninsula of Michigan, elections held this week have produced candidates nominated by the Knights of Labor as an organization. Their nominees were openly supported as such and not as an adjunct to other requirements, and this for the purpose of demonstrating to the power. We admit that we had expected this state of affairs to present itself eventually, but we had hardly begun to look for it just yet. We will take the opportunity so presented to put in a word of advice and warning. When it becomes a recognized determination of the Knights of Labor to incorporate part of its power will draw to an end. There should be no fraternity of feeling between workmen and politicians, for partisan purposes.

As the Knights elected very good men as a rule, we trust the Reporter will forgive them this time. There was nothing of a partisan nature about the elections, either. The Knights held the balance of power in certain localities, and simply utilized their advantage to put their favorites in office. That is all there was of it.

THE COPPER COUNTRY. M. C. MEYERS Replies to a Personal Explanation of the Alleged Closing of the Calumet Rink.—Miscellaneous.

MEYERS' EXPLANATION. HANCOCK, April 8.—I got received the following communication in last evening's mail from M. C. Meyers, late manager of the Calumet roller rink, with the request that it be published in the DAILY MINING JOURNAL in answer to the libelous and uncalculated attacks against that gentleman which appeared in the Calumet items in the MINING JOURNAL of the 6th. Right here I got wiser to emphasize the fact that he is not the author of the Calumet items. Calumet is out of his jurisdiction, and he doesn't propose to be held responsible for matter that emanate from that quarter.

DEAR SIR:—I notice in the DAILY MINING JOURNAL of the 6th instant an item which reflects very seriously on myself, and which I am desirous of correcting. I positively deny being in arrears one cent for the use of the rink or for janitor services. The rink was not closed by Childs, the captain of the Light Guards, but remained open until 11 P. M., and everybody present, with the notable exception of the Light Guards, had an enjoyable time. All bills were promptly paid every month, but I found it impossible to get a receipt in full. The following is the nearest to a receipt in full that could be obtained:

UPON receiving the above receipt I supposed that my account was settled in full, Childs being the receipt that the receipt was given. The janitor was hired by the month, and not by the day as Childs figures. He first having sent a bill for janitor services by the hour, which amounted to over ten dollars more than the salary agreed upon per month. The "I flatly refused to pay, when a bill by the day" was sent in. Thinking all bills were paid I was considerably surprised at receiving the following ungentlemanly letter:

It was with surprise that I heard your announcement "skating in the rink Saturday night." I did not know that you had rented in April, but you had assumed to make, and you patrons will probably expect the rent, the use of the rink, room and light, which may be had by you on any evening till 10:30 o'clock, if you first pay to the treasurer the sum due from you to the Calumet rink. You have used army and janitor forty-one times, and paid for thirty-eight times; three times at \$1.50, and 25.75. You also owe for the amount you claimed (and allowed by Lieut. Lyon) as rebate for janitor services on March 27th, \$1.25. You also owe for one broken window glass, 10 cents and for oil at risk tonight, 10 cents. Amount now due, which must be paid ere you occupy the rink, \$5.75. Also, I must ask you to deposit with the treasurer or his agent, the sum of \$5.00 from which to indemnify the company against loss from breakage of property—the same to be refunded to you when you deliver your army property in a good condition as it now is.

After reading the above I immediately called on Mr. Lyon, the treasurer, for an explanation, and he, as usual, referred me to Childs. After spending half an hour looking for him I returned to the rink, and was surprised to learn that Childs had taken advantage of my absence by sending a man to take possession of the rink. As I had a right to its use that night I was determined to have it opened, and it was opened. Saturday, April 2d, was given to me by Mr. Lyon in lieu of the previous Saturday night, March 27th, the rink being used by the Calumet band, the arrangements for which were made by Mr. Morgan, the leader of the band. This is a true account of the matter, and the article published on the 6th would never have been written had I made a purchase of some specimens from the person who wrote it. I hope the above explanation will prove satisfactory in the minds of my many friends in the copper country, and that I shall not find it necessary to again defend myself against such an ungentlemanly attack as that which appeared in Tuesday's MINING JOURNAL, and which could find its origin only in the mind of Will A. Childs.

I remain yours truly, M. C. MEYERS, Ex-manager Calumet Rink, Alpena, Mich.

MISCELLANY. The members of Trinity church, Houghton, who comprise the Ladies' Guild, are certainly possessed of much energy and business tact, and compose one of the most philanthropic, sociable and prosperous societies in the copper country. They now intend to erect a rectory for the Trinity Episcopal church in East Houghton, which will cost when completed nearly \$4,000. This is a sample of the

philanthropy as well as of the business tact of the Ladies' Guild of Houghton. God bless the ladies.

Beautiful invitations are being issued by the Odd Fellows' lodge in Hancock to a grand concert, supper and ball to be given on the occasion of the sixty-seventh anniversary of Odd Fellowship in America, which occurs on the 28th instant.

Regular meeting of Houghton lodge, F. & A. M., next Monday evening. Work on third degree. Visiting brethren cordially invited.

Business notices. Mr. T. Wills, Jr., agent for Messrs. Gormully & Jeffrey, has several new ideas in machines for this season. The most important is their "American Champion" bicycle. Their 48-page catalogue has a handsomely designed cover—an Indian, standing at the sea shore, about to mount a bicycle, having apparently discarded his horse, for which he has no further use.

The American Challenge, the peer of any high-class machine, and positively the best and most durable roller for the money ever placed upon the market. Price, \$25.00; standard finish, \$34. T. Wills, Jr., agent, Calumet.

Send to Wills for his new bicycle catalogue, and post your order before you decide on a "mount" for the coming season. 4-9-1

IRON RIVER RIPPLES. IRON RIVER, April 7.—The election is over, with the following result for the most important offices: Supervisor, Otto F. Riebel; Clerk, Thomas H. Ficklin; Treasurer, Edward A. Kendley; highway commissioner, P. R. Vail. The main fight was for supervisor, there being four candidates in the field: George M. Buckley, R. P. Lott, F. L. Bond and O. F. Riebel. The backbone of the ring is broken, and many are happy.

NEVER GIVE UP. If you are suffering with low and depressed spirits, loss of appetite, general debility, disordered blood, weak constitution, headache, or any disease of a bilious nature, by all means procure a bottle of Electric Bitters. You will be surprised to see the rapid improvement that will follow. You will be surprised with new life, strength and activity will return; pain and misery will cease, and beneficial effects will be felt in every part of the system. Sold at fifty cents a bottle by H. H. Stafford & Son.

A GREAT DISCOVERY. Mr. Wm. Thomas, of Newton, Ia., says: "My wife has been so long afflicted with a cough for twenty-five years, and this spring more severely than ever before. She had no relief, and being used to try Dr. King's New Discovery, did so with most gratifying results. The first bottle relieved her very much, and the second bottle has absolutely cured her. She had no cough for over thirty years. Trial bottles free at H. H. Stafford & Son's drug store. Large size \$1.00.

Smoke "Eight Hour" tobacco. Manufactured only by F. F. Adams & Co.

MY WIFE AND CHILDREN. My children were afflicted with a cough resulting from measles, my wife with a cough that had prevented her from sleeping more or less for years of the winter of 1885. Dr. King's New Discovery cured them all. At H. H. Stafford & Son's has a good stock of it. [9-14-11]

LAND FOR SALE. To Close a Co-Partnership.

Table with columns: Section, Town, N. 1/2, S. 1/2, E. 1/2, W. 1/2, Acres. Includes sections 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

IN MARQUETTE COUNTY, MICHIGAN. Section, Town, N. 1/2, S. 1/2, E. 1/2, W. 1/2, Acres. Includes sections 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

A PUZZLE. The Greatest Wonder of the Nineteenth Century.

The best diamond experts find it really a puzzle to distinguish the beautiful Rhinestone pebbles from the genuine diamonds. Their color, fire and life of those wonderful gems are a marvel. Made up in jewelry for ladies and gentlemen, in solid gold diamond mountings. The cost of this great novelty is only about one-fourth (1/4) of real diamonds, and they are protected by letters patent No. 254,025. They have no foil backs. We are headquarters for the only genuine article in these goods at wholesale and retail, and have been established in the wholesale jewelry trade here since 1870.

ADOLPH ENGGAAS, 78 Woodward ave., Detroit, Mich. Write for circulars and price lists. Correspondence solicited from the United States and Canada. 2-10-100

Murray & Robbins, Notice to Contractors.

SEALED PROPOSALS for the furnishing of materials and construction of the State House of Correction and branch of the State Prison in the upper peninsula of Michigan, at Marquette, Mich., under the act of the Legislature, Sec. 211, Public Act of 1885.

Sealed proposals are invited by the board of commissioners, appointed under act No. 148, and Wednesday, April 22nd, 1886, at 3 o'clock P. M. Plans, specifications and instructions to bidders may be seen on and after the 15th day of March, 1886, at the office of the Board of Commissioners at Marquette, Mich., and at the office of the architects, Wm. Scott & Co., Nos. 4 and 5 Wayne County Savings Bank building, Detroit, Mich.

Proposals must be submitted for the entire work and the Board of Commissioners reserves the right to accept such proposals as they may deem for the best interests of the state, or reject all.

Proposals are required to be submitted on the schedule blanks and accompanied by a copy of instructions to bidders, both of which, together with copies of the act, will be furnished to intending bidders upon application to the secretary of the Board. All bidders will be required to furnish bond and security to a certified check, payable to the order of the Board of Commissioners, equal in amount to 10% of the bid submitted, which bond or certified check will be forfeited to the Board of Commissioners in the event of the failure or refusal of the bidder to enter into contract with the Board, should his bid be accepted.

All proposals must be sealed and indorsed, "Proposals for State House of Correction and branch of the State Prison in the upper peninsula of Michigan, Marquette, Mich." and addressed to the Board of Commissioners, Marquette, Mich.

E. P. ROYCE, Secretary of Board of Commissioners for State House of Correction and Prison, Upper Peninsula, Marquette, Mich., Feb. 27th, 1886.

J. H. GILLET, MANUFACTURER OF Lumber, Lath, Siding, Flooring, and Shingles. Mining Timber a specialty. MARQUETTE, MICHIGAN.

McDonald & Woolner are painting the roof extension to the bank building.

L. D. Cyr has received some new wall paper. Call in and look over the varieties.

Charles Muck received a carload of cattle yesterday, which he will sell at low rates.

Wheelbarrow race at the Adelphi rink to-night. Admission 15 cents; skates, 10 cents.

Those on the north side of Iron street have a snap; those on the south side use a pick and shovel.

Quite a crowd collected around a dog on Iron street yesterday that was filled with porcupine quills.

The Iron Cliffs folks are clearing the sidewalk in front of their property next to the Breitung House.

The ladies have brought out their baby perambulators, but they find it hard work when they strike a snow bank.

The M. H. & O. company has men at work cleaning out the old track between here and Ishpeming. It has not been used since the winter.

Joseph Schauer rode his bicycle up and down Iron street yesterday for the first time this season. He had to use sand on the key places, otherwise it was all right.

The Red Front store has received some maple syrup that is syrup. It is a genuine product of the maple tree, is free from any adulteration, and sells for \$1.35 per gallon.

Manager Gordon has decided to signalize the end of Lent by giving a grand party at the Adelphi rink Easter Monday, April 26. There will be skating from 8 to 10 and dancing until 2 o'clock.

On Monday, while alighting from a cutter, J. W. McGarry hit his knee on the rail. The bruise was not painful, but the next day his knee swelled up as large as a pumpkin, and he was confined to his room at the Breitung House. Under the skillful treatment of Dr. A. Mackenzie, he was able to return to his home in Cleveland yesterday.

The City Library.

The remainder of the books comprising the new addition to the city library have not arrived. The new catalogue is being pushed along as fast as possible, but Librarian Flynn says nothing more can be done until the outstanding books are returned. Those who draw books should assure themselves that they have no books on their parlor tables belonging to the institution, for they are hindering themselves and others from the use of the library. It will probably be two weeks before it can be opened to the public.

Will Not Come.

Yesterday Manager Gordon received a letter from the Green Bay polo team stating that, as some of their members could not be absent for a four-days' tour of the upper peninsula, they had decided not to come at all. The Adelphi will play the second seven on Thursday night, April 16, instead of the Green Bayles. It will prove a hot and interesting game, as the clubs are evenly matched.

A Correction.

Sign Collins' advertisement in yesterday's MINING JOURNAL should read: "Fifty milch cows at prices ranging from \$35 to \$70 a head," instead of \$50 to \$75. The cows are worth the higher prices named, but Mr. Collins proposes to sell them so that people in moderate circumstances can afford to buy.

IA New Car.

The reporter saw the handsomest sleeping car yesterday that he has ever set eyes on. It is the palace car "Eau Claire." It is upholstered in plush; has high backed seats; electric call bells, and several other modern improvements which make it the prettiest car on the line.

Drifted to Death.

On Wednesday William Hart, a trapper and guide of Escanaba, went out fishing on the bay at that place. When nearly to open water the ice broke close to land and the foe drifted out in the lake. He has not been seen since, and is probably dead before this.

At the Jackson.

Ten cars have been put in under the shutes at Pit No. 7. Men are now engaged in getting the frost out of the shutes, and shipping will begin in a short time.

PERSONAL.

Q. C. Phillips, of Chicago, is in the city.

F. W. Haines, of Milwaukee, is at the Breitung.

H. Cannon, of Chicago, registered at the Breitung yesterday.

J. W. McGarry, mines and mining, left for Cleveland yesterday.

F. A. Green, of Marquette, took the north-bound train yesterday.

C. Nast, live stock dealer from Milwaukee, was in the city yesterday.

George Wagner, of Marquette, was seen on the depot platform Thursday.

Phil Gaubatz, cigar man from Milwaukee, interviewed the dealers here yesterday.

ISHPEMING. Osgood's furniture store will be added to the list of telephone subscribers.

Miss Kate McKenna has a new milliner from Chicago, and all spring bonnets turned out henceforth are warranted to be in strict accord with the latest metropolitan styles.

There was a young folks' Presbyterian church social at the residence of Mr. and Mrs. D. F. Wadsworth, Wednesday night. About fifty young people were present, and spent a very pleasant evening.

Reserved seats for the band concert Monday night can be had at Tillson's, where a plat of the hall is on exhibition. Admission tickets can also be had at Harwood's and Kirkwood's drug stores.

H. Harwood is having his drug store decorated by C. Olson. The improvement will be quite noticeable. Mr. Harwood offers for rent several rooms over his store, suitable for offices or dwelling rooms.

The medical staff of Drs. Bigelow & Harwood is now full again by the arrival of Dr. Barnett, from Ripon. Since Dr. Shipman's departure, the other physicians have been rushed to care for all needing their attention.

Drainage commissioners and sewerage inspectors, armed with pick and shovel, were kept at work yesterday to prevent an inundation of cellars, or keep the unruly waters from submerging floors of back kitchens. A few days of such warm weather as was had yesterday would take nearly all the snow from the streets.

For a section that, according to the Copper Herald, has very few mining accidents, the copper district is furnishing an unusual quota of accidental deaths. In the copper country correspondence of the MINING JOURNAL, published Thursday morning, the particulars of two accidental deaths are given, one from Hancock and the other from Calumet.

The new running time on the Chicago & Northwestern railway, by which the mail will arrive here before 2 o'clock, will be hailed with delight by the business public. If it could be so arranged that the train arriving from Chicago would get in about an hour before the south-bound train left, it would prove a very great convenience to business men here, as correspondence could be answered on the same day as received, whereas it now has to wait till the next day, as the mail train going south leaves two hours before the north-bound mail train arrives.

A Schedule of Prices.

Though the reporter cannot guarantee the absolute accuracy of the statement, yet he has heard enough to justify the surmise that the Knights of Labor of this city contemplate arranging a schedule of prices for miners, and will try to do the same recognized by the mines in the city. Much of the work done in the mines of the Ishpeming district is on contract, by the month. That is, a gang of miners take a month's contract for drifting or sinking a certain number of feet at a certain sum per foot; or for stopping at a stated sum per ton for all or raised. The Knights complain that many of the men so employed do not earn enough, and they are desirous of making arrangements by which no contract will be taken by miners unless the price offered is sufficient to ensure the men such wages as they think they are entitled to receive. Probably the mining companies will have something to say when the subject is broached. The vague rumors about a "strike" to come sometime in the future are not worth considering. It is unlikely that there will be any strikes here this season.

Champion's New Town Hall.

The people of Champion never go into a thing by halves, and their town hall, recently built, is an evidence of their public spirit and push. A description of the hall has already been printed in the MINING JOURNAL, and it is one of the best structures of the kind in the upper peninsula. The township has now about \$500 in cash, which will be used to buy a library. Books are cheap, and an excellent library of 750 volumes can be bought for that amount. About \$80 worth of periodicals, daily, weekly and monthly, have been subscribed for, and a reading-room will be kept open for the use of the people of the town and such strangers as may be tarrying with them.

The idea is an excellent one, and big as Ishpeming is, it does not possess a public reading-room like the one which will soon be opened at Champion.

PERSONAL.

W. B. Cross, of Marquette, was in town yesterday.

B. W. Goodsell, of Chicago, is registered at the Nelson.

C. H. Ball returned from the south the first of this week.

Miss Ada Mapez, of Marquette, was in the city yesterday, the guest of Miss Libbie Seilwood.

J. C. H. Peller went to Chicago Wednesday to purchase goods for the Deer Lake Co.'s store at Deer Lake.

Dr. Geo. G. Barnett, formerly of Ishpeming, who succeeds Dr. C. G. Shipman as one of the regular physicians here, arrived in town Wednesday to remain.

He Wasn't the Man.

To the Mining Journal.

In a recent number of the DAILY MINING JOURNAL I caused to be published a letter in which I criticized the author of a certain article concerning our snow shoe club which had appeared in the Ishpeming department of your paper, and intimated who I understood the author to be. This called out a letter from Mr. H. B. Bacon, in which he mildly intimated that I was in error in placing the blame. In justice to Mr. Bacon, I wish to state that I am now convinced he had nothing to do with the production mentioned in any manner, and anything I have said implicating him in the matter I cheerfully retract.

Very respectfully,

F. C. CHAMBERLAIN, Michiganian, April 8th.

BUCKLEN'S ARNICA SALVE.
