Senator Hiscock Shows up the Remarkable Number Who are Wanted at Home.

THE SENATE DEVOTES THE DAY TO INTRODUCING BILLS AND MEMORIALS.

Mr. Lyman's Memorial—Congressman Moffatt Reported Dangerously Ill—An Important Resolution by Brumm.

THE SENATE.

WASHINGTON, Dec. 20.—The senate committee on appropriations this morning agreed, though not unanimously, to a favorable report on the house resolution for adjournment for the holidays from next Thursday.

The committee on finance to-day adopted additional sections to the internal valuation bill. They report certain minor features of existing law which are found to conflict with the principles of the new bill.

The president to-day sent the nomination of Martin V. Montgomery, of Michigan, to be associate justice of the supreme court of the District of Columbia to the senate.

A REMARKABLE EXHIBIT.

WASHINGTON, Dec. 20.—Among the memorials presented to the senate to-day was that of H. D. Lyman, vice-president of the American Surety company, of New York, praying for the ratification of the convention proposing an extradition treaty between this country and Great Britain signed in London, June 25, 1886, extending the extradition law to cases of embezzlement, etc.

The remarkable part of the memorial, which was presented by Senator Hiscock, was in the exhibit which accompanied the memorial. The exhibit was, the memorialist said, a partial list of the embezzlements of persons who had fled to Canada. The offenses, it says, were almost all committed since the proposed convention was signed and most of them within the past year. The exhibit gives a list of fifty-three embezzlements and the amount in each case. The largest embezzlement named is that of Bartholomew, the insurance man, of Hartford, for \$1,000,000, and the embezzlements foot up to the sum of \$3,340,570.

NOMINATIONS CONFIRMED.

WASHINGTON, Dec. 20.—The senate has removed the injunction of secrecy from the following nominations which were confirmed in the secret session of the 15th inst.: Charles S. Fairchild, of New York, to be secretary of the treasury; George Rives, of New York, to be assistant secretary of state; Isaac Maynard, of New York, to be assistant secretary of the treasury; James W. Hyatt, of Connecticut, to be United States treasurer.

THE THOEBE-CARLISLE CONTEST.

WASHINGTON, Dec. 20.—The house committee on election was called together to-day to fix a date for the consideration of the Thoebe-Carlisle contested election case. It was decided to take up the case early in January.

BILLS AND PETITIONS.

WASHINGTON, Dec. 20.—Numerous petitions from various states were presented in favor of Mr. Blair's educational bill, and also a petition from citizens of Pennsylvania protesting against the admission of Utah as a state.

Mr. Allison, from the committee on finance, reported a bill to regulate the importation of foreign merchandise and to secure uniformity in the classification thereof, and for other purposes. (The under valuation bill). He said it was an original bill which affects materially the law in reference to imports. The bill was placed on the calendar.

Mr. Davis, from the committee on pensions, reported a bill to place the name of Mrs. Logan, widow of Gen. John A. Logan, on the pension roll at the rate of \$2,000 a year, and asked for its immediate consideration. Mr. Berry objected and the bill was placed on the calendar.

Mr. Edmunds asked that the postal telegraph bill, introduced by him, be taken from the table and referred to the post-office committee. The bill was so referred; as well as the bill on the same subject introduced by Mr. Cullom. The resolution offered by Mr. Call yesterday to print in the congressional record the memorial of the constitutional convention of Utah, was called up by that gentleman, who asked that it be adopted.

Mr. Edmunds preferred that the resolution be referred to the committee on territories which now had jurisdiction of the subject. After a spirited discussion Mr. Call withdrew his resolution.

Mr. Blair then moved to take up his educational bill, and the motion was agreed to—yeas, 27; nays, 15. Without further action the senate proceeded to executive business and at 3 o'clock adjourned.

THE HOUSE.

BLOCKING THE BELGIANS.

WASHINGTON, Dec. 20.—In the house to-day Mr. Brumm (Pa.) offered a preamble and resolution reciting that it is currently reported that the coal operators in the Lehigh region are now importing or are about to import 2,000 Belgian miners under contract to take the place of the miners now on a strike in that section; that the striking miners have used every en-

deavor to have a settlement of the differences by arbitration, and that the operators have positively refused to enter into arbitration; and requesting the president to notify the officials of the treasury department of these facts and urge them to use special efforts to prevent the landing of the Belgian miners and to see that the law against the importation of labor under contract is strictly enforced. Referred to the committee on labor.

Propositions to increase the membership of the committee on rules to seven, and to provide for a committee on the American Isthmus were respectively introduced by Messrs. Townsend and Baker, of Illinois, and referred to the committee on rules.

Mr. Mills (Tex.) moved an adjournment, stating that he did so in order to enable the committee on rules to meet and decide upon a report which would probably be submitted to-morrow. The motion was agreed to, and the house at 12:15 adjourned.

CONGRESSMAN MOFFATT SERIOUSLY ILL.

WASHINGTON, Dec. 20.—Representative S. C. Moffatt, of Michigan, is lying seriously ill at his room at Willard's Hotel. A carbuncle on his chin was the primary cause of his illness. When his colleagues called upon him this morning he was unable to recognize them. His wife has been telegraphed for.

A DRAW WONT DO.

Richard K. Fox Insists on the Smith-Kilrain Bill Being Fought To a Finish.

NEW YORK, Dec. 20.—Richard K. Fox, this morning sent the following messages in regard to the Smith-Kilrain fight to George W. Atkinson, the referee, of London: "Fight must be finished. If Smith refuses I shall claim belt, world's championship and stakes for Kilrain." This cablegram was sent to his representative, William F. Harding: "Draw wont do; men must meet to finish. If Smith refuses shall claim belt, world's championship and stakes for Kilrain. Am willing to back Jake against John L. Sullivan after this is settled for from \$5,000 to \$10,000 and the belt." In case Smith refuses to fight to a finish Mr. Fox will claim the belt and stakes. He would rather the men would meet again and settle matters, so that in the fight with Sullivan, Kilrain could enter the ring with a clean title to the world's championship. "All that is to be feared now," Mr. Fox said to-day, "is that Sullivan will not fight. But I have stipulated that the fight take place either in American or Mexico. I have done enough for England and the English sporting men and press, and it is but right that I should do something for the American press. Should there be an acceptance to the challenge to meet Kilrain, I shall stipulate only that in addition to the location the battle be fought within six months. And I think Jake can whip him."

AFFIRMS THE VERDICT.

Which Gives Twenty Thousand Dollars Damages to a Cripple.

WASHINGTON, Dec. 19.—A decision was rendered to-day by the United States supreme court in the case of the Northern Pacific Railroad company, against Richard Mares, brought here by a writ of error to the supreme court of Dakota. This is an appeal from judgment awarding \$20,000 damages to Richard Mares, a brakeman on the Northern Pacific, who lost both legs in an accident, caused, it is alleged, by the carelessness and incompetence of the switching engineer. This court, after a careful review of the whole record, is of the opinion that it abundantly and satisfactorily appears that the case was submitted to the jury upon the charge of the court below fairly and with an accurate statement of the law applicable to the relation between the parties. There being no error in the record, the judgment is affirmed.

THE COPPER MARKET.

No Change in New York—The French Syndicate Takes Everything Offered in London.

NEW YORK, Dec. 20.—The local copper market remains unchanged. All available spot lake ingot copper is secured for export. In the open market the trading is confined to the settlement of the few outstanding contracts for December. Futures are sold at 10 1/2 up to 12; spot December at 17 1/2; January, 17 1/2 to 18; February and March, 18.

The London copper market opened at £80 7s 6d for spot Chill bars, and £81 5s for futures. The French syndicate snapped up all offers of both spot and futures, and on second call spot gained 2s 6d.

A Bold Outrage.

ST. LOUIS, Mo., Dec. 20.—About 11 o'clock last Saturday night John Kelly and Ernest Jones attempted to force their way into the house of Mrs. Livingston at Flora, Ill. She fired at them as they were entering a window, wounding both, but not seriously. They then broke down the door, entered the house and felled Mrs. Livingston to the floor with her own revolver. The men were arrested yesterday and the town is greatly excited over the bold outrage. Jones is the wild son of a wealthy citizen and Kelly is a leading resident of the place, prominent Mason and church member.

Riddleberger's Successor Elected.

RICHMOND, Va., Dec. 20.—A vote for United States senator to succeed Mr. Riddleberger was taken in the general assembly to-day with the following result: Senate—John S. Barbour, 26; Gen. Wm. Mahone, 13; House—Barbour, 61; Mahone, 35. There was only one absentee in the senate and four in the house. The formal announcement of Mr. Barbour's election will be made to-morrow in the joint session of the two houses.

A DECIDED SENSATION.

Crooked Work in the Ticket Department of the Pittsburgh & Lake Erie R. R.

INTERESTING DEVELOPMENTS.

PITTSBURGH, Pa., Dec. 20.—A sensation has been brewing in railway circles for some time that came to the surface to-day and promises to eclipse the great car steal on the Panhandle, nine months ago. For some time the Pittsburgh & Lake Erie company has known that something very loose, or something positively crooked has existed in the ticket sales and receipts of the road, and within a few weeks they have obtained proof that they were being systematically robbed by means of counterfeit tickets. From the system of tickets accounts kept by the company it was deemed hardly possible, without collusion, for fraud to be perpetrated. It was decided, therefore, that an investigation should be made. This morning, without warning, a special examiner entered the ticket department of the general offices, ordered all clerks to leave their work at once, and commenced an investigation. What has been

THE RESULT OF THIS

is only surmised; but this forenoon general passenger agent A. D. Smith was temporarily relieved from duty. The suspension of Mr. Smith caused considerable surprise among both the employes and the officials of the road, but it is not looked upon as a serious matter and it is stated that the only reason he was suspended was so that the auditor should have full charge of everything in his office. The number of suspensions up to 2 o'clock this afternoon was forty, which includes all the officials in the passenger, auditing and ticket departments. What first excited the suspicions of the officials were some queer transactions with several theatrical companies. It is alleged that rates were made with the companies and that the man making the contract received a rebate. It is stated that other employes will be suspended within the next twenty-four hours and that the man who is implicated more than any other is still at work.

MUST REDUCE FARES.

Minneapolis Railway Commissioners Bringing the Companies to Terms.

ST. PAUL, Dec. 19.—The railroad and warehouse commissioners this morning issued the following circular, which is intended for the consideration of the traveling public of the state. Past orders from the commissioners as to the Northern Pacific company have led them to take this pronounced action. The circular reads:

The Minnesota railroad commission have issued an order reducing passenger fares on the Northern Pacific railroad over all portions of its lines within the state to a maximum charge of 3 cents per mile (save that no ticket need be sold or ride furnished for less than 5 cents, however short the distance), and notices to that effect have been posted at the passenger station on said lines. At the time of making the order a similar order was made as to the Manitoba road and would have been posted along its various lines within the state, had not the district court of Ramsey county taken the responsibility to stay proceedings as to that company until the 19th inst. Our information leads us to believe that the Northern Pacific Railroad company intends to ignore the order and have instructed their ticket agents to disregard it. The order is now in force and should more than the rate prescribed by it be exacted the commissioners suggest that any passenger desiring to avail himself of the reduced rates should tender the exact amount of fare to the agent (not asking him to make change) and demand a ticket before entering the cars. If the ticket should not be furnished, then the passenger enter upon his journey without a ticket, tendering the conductor the same amount offered the agent and informing him at the same time why he has no ticket. Should the conductor insist upon a higher fare the passenger can then make his selection of paying (under protest) the sum demanded reserving the right to prosecute the company for a violation of the railroad law enacted last winter, or of standing upon his legal rights at the risk of being ejected from the car. If ejected the passenger might, the commissioners believe, pursue his common law remedy in the courts of damages for the trespass upon his person, or institute proceedings for a violation of the railroad act or both. The commission hopes to be informed of every case of violation of the order. The facts of each case should be fully stated in writing, and verified by the oath of each passenger or some witness to the transaction.

A Genuine Blizzard.

ST. PAUL, Minn., Dec. 20.—The first genuine blizzard of the season has been raging in Dakota all day, a storm of snow, fine as sand, driven by a fierce wind and accompanied this evening by lower temperature. At Assiniboine the thermometer indicated 23 below zero at 5 o'clock this afternoon. Huron reports all trains late and those of the Northwestern road abandoned entirely. It has been snowing in St. Paul almost all day and at 10 p. m. is growing cold. Railroad men here do not anticipate any trouble on Minnesota lines but expect a blockade in Dakota.

A Disastrous Fire.

NEBRASKA CITY, Dec. 20.—Albert Gibson was found dead at East Nebraska City last night. At first it was thought that death resulted from drunkenness and exposure, but later developments show he was robbed and murdered. No clue.

Weeping Water, Neb., was almost entirely destroyed by fire last night. Neighboring cities were called on for assistance, as the city was without any protection against fire. A heavy wind prevailed and everything burned within reach of the flames. The loss is estimated at \$25,000, with little insurance.

RUSSIA.

NOTHING IN IT.
ST. PETERSBURG, Dec. 20.—The report yesterday that another attempt had been made to assassinate the czar has been officially contradicted.

ENGLAND.

BISHOP HAY'S LETTER.
LONDON, Dec. 20.—Most Rev. Edward T. Hay, a Roman Catholic bishop of Limerick, writes to the papers, accusing the nationalist newspapers of trying to coerce Mr. Persico and the pope, and condemning their methods. He declares that the present guidance of the Irish agitation is politically stupid and morally wrong. The bishop denies that he supported the government in an intrigue with Mr. Persico. He admits that he approved the land agitation, but declares that he condemns boycotting and the present plan of campaign.

LUCKY SMITH.

LONDON, Dec. 20.—In regard to the one hundred and six-round contest yesterday, which resulted in a draw, owing to darkness, the opinion is that Jake Kilrain, the American pugilist, defeated Smith, and had not darkness made it necessary to call time Smith would have been knocked out. It was, however, a wonderful combat.

STOOD IT WELL.

LONDON, Dec. 20.—Jem Smith has returned to London. He looks little the worse for his fight.

SOMETHING WILL DROP.

LONDON, Dec. 20.—John L. Sullivan is exhibiting in Glasgow. He has issued a challenge to Smith or Kilrain to fight for \$5,000 a side.

CHURCHILL GOES TO RUSSIA.

LONDON, Dec. 20.—Lord Randolph Churchill has gone to Russia. He will visit St. Petersburg and Moscow. His object is to make personal enquiries regarding the situation in Europe. He has no diplomatic mission.

Mr. Gladstone will depart for the north of Italy on the 26th.

THE MISSION FAILED.

LONDON, Dec. 20.—The duke of Norfolk, who went to Rome to convey to the pope the congratulations of Queen Victoria on his jubilee, left that city sooner than anticipated. The Gauleis says the duke left much sooner than he had intended because of the absolute refusal of the pope to further interfere in the relations between the Irish clergy and people. Mr. Rompella, papal secretary, the paper says, informed the duke that the pope had already used his influence with the clergy but could not ask the priests to cease to be patriots without running a risk of rebellion of a section of the clergy and the loss of the church's hold upon the people.

IRELAND.

WILL SELL THE PAPER.

DUBLIN, Dec. 20.—Notwithstanding the imprisonment of Mr. Hooper, member of parliament and editor of the Cork Herald, Mr. Tanner, member of parliament, and many news agents persist in selling copies of the paper containing reports of meetings of the suppressed branches of the National League. The mayor of Cork and a committee of the Cork branch of the National League have summoned a public meeting for the purpose of adopting measures which will ensure the continued sale of the paper.

SPURNS THE BRIBE.

DUBLIN, Dec. 20.—Mr. Clancy, member of parliament, speaking at a meeting in this city to-day, referred to the reports that the government intended to try to soothe the Irish by granting them a Catholic university instead of home rule, and said that the Irish spurned such bribes; that no mass of portage could ever induce them to abandon their birthright as a nation.

AUSTRIA.

IT LOOKS THREATENING.

VIENNA, Dec. 20.—Authentic news has been received to the effect that numerous Cossack regiments are being massed in Russian Poland.

The Chinese Must Go.

SAN FRANCISCO, Dec. 20.—Order was made in the United States circuit court and district court yesterday withdrawing the writs of habeas corpus in the cases of over fifteen Chinese women who arrived here recently, and remanding the women to the custody of the steamship company to be taken back to China. The women were detained by order of the collector of the port on the ground that they were imported for immoral purposes.

FUNERAL OF HON. S. P. ROUNDS.

OMAHA, Neb., Dec. 20.—The funeral of Hon. S. P. Rounds, ex-public printer and president of the Omaha Republican Publishing company, took place this afternoon. After services at his late residence, his remains were placed on board a train for Chicago, where the burial will take place to-morrow.

The Hopkins Trial Postponed.

Weather Indications.

WASHINGTON, Dec. 21, 1 A. M.—The signal service notes the following as its predictions for the next thirty-six hours: For upper Michigan, snow winds, becoming brisk to high northwesterly; colder, with a cold wave.

CONVENTION CALL.

The War Cry Issued By The Prohibition Party's National Committee.

CHICAGO, Dec. 19.—The national prohibition committee has issued a call to the national convention at Indianapolis, June 6, 1888. The call says:

"All citizens who believe that the traffic in intoxicating drinks is a national disgrace and a national scourge; that it is desolate of wealth-producing powers; robs labor, destroys capital, breeds carelessness and fosters anarchy; that it defies restraint, seeks to, and, already to an alarming extent, does dominate in municipal, state and national governments; that it threatens the safety of our homes and property, and ought forever to be prohibited; who believe that to abolish the saloon will in a great measure abolish poverty, assist in solving the labor question, purify politics and add to the solidity of our institutions; who believe that this desirable reform needs for its consummation the responsible agency of a political party clearly committed thereto as a matter of principle; who favor a general and progressive system of popular education; who would amend our election laws to secure greater purity of the ballot; who stand for a free ballot and a fair count for the white men of the north and the black men of the south; who favor the protection of American labor; who would foster our agricultural interests; who believe that the ballot in the hands of the women will be the deathknell of the liquor traffic; in short, all citizens who are agreed upon the wisdom, and necessity of separate political action in order to secure the overthrow of the rum power, are requested to unite in sending a representative to the convention.

"The basis of representation fixed by the national committee was: Two delegates from the District of Columbia; two from each territory and from each state; twice as many representation of states as of both branches of congress; the delegates to be chosen by such methods as may be decided upon in the various states and territories. A full list of delegates should be chosen and it is desirable that a fair proportion of ladies be sent as delegates.

"Since this basis was fixed there has developed a widespread feeling that the national convention so constituted will not be sufficiently large. The executive committee suggests that additional delegates, to be known as provisional delegates, be selected in each state and territory and the District of Columbia on the basis of one delegate for each thousand prohibition districts or a majority of the fractional vote cast at the last election, meaning the states at the last election in which state officers were voted for.

"The convention will possess full power to act upon the question of seating the provisional full list of names and the addresses of all delegates should be sent to Samuel Dieke, chairman of the national committee, as soon as selected."

SHAM CROWN JEWELS.

Alleged Fraudulent Transactions in the Recent Sale of Royal Gems in Paris.

It is openly asserted in Paris that the recent sale of the crown jewels was largely fraudulent. That is to say, they were not, in many cases, the crown jewels at all. A syndicate of Paris jewelers got into a conspiracy with some of the governmental officers in charge of the sale, and had a great number of ordinary gems taken from their stores, mixed in and sold with the crown jewels. Thus they brought far more than their ordinary value. This job was, of course, facilitated by the breaking up of the crown jewels, selling the stones separately and melting down the gold. The detectives stated that the spurious jewels thus sold brought more than 1,500,000 francs, which was nearly double what they would have sold for on their own merit. Some of these false jewels have been traced, and their purchasers ascertained. A few of them went to America. But the majority of them could not be distinguished from the real crown jewels among which they were sold. The result is that many purchasers will henceforth always be in doubt whether their gems came from the royal treasure house of France or from a rascally boulevard jeweler's shop.

That fact came out very emphatically only a few days after the sale. A leading jeweler of Paris called on the government officers who conducted the sale. "Gentlemen," said he, "you see this stone? You identify it as one of the crown jewels? You perceive from your records that it was knocked down to me for 31,000 francs? Very well, but it is paste?" They examined it and found his word true. Who had stolen the real gem and put this in its place could not be ascertained. But to hush the matter up they returned to the jeweler his 31,000 francs. "It would," dryly remarked the detective, "be very unfortunate should this transaction become generally known, for the government would quickly be besieged by a host of owners of paste gems, all clamoring for the return of money alleged to have been paid for them as crown jewels."

The identity of some of the jewelers who put their gems in the sale has been ascertained, but it is not thought that any action will be taken against them. There is not evidence sufficient to make a case against them; and, moreover, since the gems thus put in by them were real stones, it is very doubtful if their offense is a penal one. No light has been thrown on the question of who put in the paste jewels. That, of course, was a serious crime. Nor is there yet any clue as to which of the government officials it was in the conspiracy. Could he or they be found, the penalty imposed would be severe.—Chicago Tribune.

Perfumes from Mummies.

Mummies beaten up into a powder and mixed with a little oil made for the artists in Egypt richer tones of brown than any other substance. Modern perfumers used to prepare the perfumes and spices found inside of mummies in such a way as to make ladies "dote on it." Paper manufacturers have used the wrappings of mummies to make coarse paper, and the cloth and rags have been used as clothing.—New York Sun.

A Curious Hanging Clock.

A hanging clock of very curious device is Japanese in effect; the clock is about fourteen inches in diameter, disk shaped; the rim of the disk, in old gold bronze, shows elaborate relief ornament on a purplish copper ground; the rounded face shows cloisonne ornament on a rich blue ground, surrounded by a band of white, on which appear arabesques in dark blue, dark red and yellow, with touches of dark green; on the blue of the face of the clock appears a writhing dragon, in greens, yellows, tans and shades of blue, the fierce eyes and teeth being in white and gold. The clock swings from the claved grasp of a fierce dragon, in gilt metal, this dragon springing from a panel of blue enamel and gilt metal. The numbers on the face of the clock are in Japanese style in enamel.—Art Interchange.

NEGAUNEE HAPPENINGS.

Pursuing a Fugitive Wife and her Paramour. A Masquerade Ball—Tobacco Goes up Another Notch—A Birthday Party.

A Run-Away Wife.
 About a month ago mention was made in this department of a Houghton man who was here searching for his wife, who had deserted him. The item recounted the fellow's proposal to a young lady while on his search. For several weeks afterward, an advertisement was run on the copper country page of this paper announcing the elopement of this man's wife with one John Forzet, and offering a liberal reward for information as to the fugitive couple's whereabouts. Mr. Coudry, the forsaken husband, got an inkling a week or so ago that the pair were in this city. He came here, and in company with the police, made some investigations. They found that the parties had lived at the Cambria location for a time, but had skipped just before Mr. Coudry's arrival, and have not since been heard from. The supposition is that they are living at some out of the way lumber camp.

Another Raise.
 A tobacco dealer yesterday showed the reporter a circular issued under the date of December 19th by the well-known tobacco firm of F. H. Adams & Co., Milwaukee, wherein notice is given of a further advance in the price of tobacco. "Peerless," and such standard brands, are now 28 cents per pound. The highest grade of smoking tobacco is 30 cents and the lowest 16 cents per pound. The highest grade of fine-cut chewing is 60 cents and the lowest 30 cents per pound. This raise will, of course, be met by an advance on the part of the local dealers. The consumer will regard the raise as a trifle onerous, but as tobacco is now said to be a "necessity," users of the weed will no doubt stand it without grumbling.

Masquerade Ball.
 The Germania Aid society of this place will give a grand masquerade ball at McDonald's Opera house, January 27th. First-class music will be provided. The various committees have been appointed and are going at their work with a will. No pains will be spared to make the ball a most enjoyable affair.

Last Sunday was H. D. Crim's 39th birthday, and Monday evening the members of the orchestra of which he is leader, and a number of his friends, went to his rooms to present him with some useful and ornamental articles, among them being a handsome album, whisk broom and plush holder and a hammered brass match safe. Attorney J. L. McClear made the presentation speech. Professor Crim was prepared for his guests, and refreshments were awaiting them. After doing full justice to an appetizing lunch, an enjoyable evening was spent by the professor and his visitors.

By an error in making up the forms, the items concerning the fire department and Marshal Cunningham were transferred to the Ishpeming department yesterday morning. Much as the Negaunee reporter would like to help his co-worker at Ishpeming make a creditable showing of news in his department, he can't spare him two good items on the same day; nor can Negaunee spare the upper town our marshal or our fire company.

D. McDonald is looking around for an enterprising young fellow to take the rink. If he is not successful he will run it himself. By the way, he has no intention of making alterations on the opera house, as has been currently reported. The hall is entirely satisfactory as a place for holding public assemblages as it is.

The reporter was yesterday informed by a man who has spent some time in the woods that he had met a civil engineer in the employ of the Northwestern. The engineer told him he was engaged in running a line from Iron Mountain to Houghton.

Quite a number of Negaunee people have signified the intention of attending the house-warming at the New Clifton, Marquette, Friday evening. Many more would undoubtedly attend if a special train were run.

The representative of Hansen's Chicago fur establishment was at the Negaunee Bazaar yesterday, and did a rushing business. To-day is the last day of his Negaunee visit.

The reporter acknowledges receipt of an invitation to attend the second social party of the Entre Nous club, to be given Friday evening, December 30th, at the opera house.

This evening an Uncle Tom's Cabin company held forth at the opera house.

An infant child of Hart Cuddy died yesterday morning.

PERSONAL.

E. S. Smith, of Iron Mountain, is in town.

M. C. Quinn was on the sick list yesterday.

Marshal Cunningham is on deck once more.

H. B. Bacon, of Ishpeming, spent yesterday in the city.

C. A. Avery, of Milwaukee, is here attending to his mining interests.

Mr. F. W. Reed and Mrs. H. P. Bronson, of Eagle Mills, were in the city yesterday.

Hon. William Kirkpatrick, now of Sharpville, Pa., formerly a Marquette county man, arrived in the city yesterday.

Arthur McGillivray, proprietor of the Ishpeming steam laundry, was in the city yesterday. Mr. McGillivray has, through his agent, Neil McLeod, secured a large number of customers here.

John Tyack, alias Richards, alias Rough, is wanted at the Jackson House, Negaunee, to pay his board bill, which he left unpaid. 1-73 ISAAC JAYNE, Proprietor.

A CHANCE to make money out of an Honest Man—We will sell an account of some years standing against Chas. L. Knuckey, amounting to \$10.35, for 25 cents on the dollar, and will give a responsible purchaser three months time. Now is your chance to invest.

CHAS. F. SUNDBROM, Township Treasurer, Dated Michiganme, Mich., Dec. 18, 1887.

REPORTORIAL PENCILINGS.

At 3 o'clock this morning the pedestrians at the Casino hall had all left the track for an hour's rest. At that hour Herriman had covered 34 miles and 3 laps; Petherly, 30 miles and 1 lap; Albert, 30 miles and 1 lap; Devlin, 29 miles; Vint, 27 miles and 6 laps.

S. B. Grummond, of Detroit, has entered upon his \$15,000 contract to release the steamer *Oscola*, stranded on Port Austin reef. The expedition consists of the tugs *Swain* and *Champion*, with eight steam pumps, three divers and a full line of other necessary wrecking apparatus.

Erbeling & Bolduc call the attention of all those about to purchase sleighs of any kind to their stock of Belknap patent heavy and platform sleighs on Third street, near Superior. If a sleigh is wanted to order they guarantee the work done at their shops to be equal to the best in any place, so give them a call.

D. Murray is getting ready for the regular demand for his Christmas coffee, Old Government Java and Mocha mixed. As will be seen by his advertisement he has a fine lot of celery, the Marquette article, than which there is none better, while all the finest groceries and delicacies will be found at his store as usual.

Part of the keel of the first ship ever built in Duluth was laid Monday in McDougall's yard. She will be 150 feet long and will be built entirely of steel. She will be clear-shaped with turtle back decks, and is expected to combine speed, safety and great carrying capacity. The boat will be launched about next July.

The reporter visited L. H. Stafford & Co's fruit store and warehouse at 112 Superior street yesterday and found there the finest display of fruits ever shown in Marquette county at Christmas time. There were California pears, oranges, bananas, plums, grapes, apples, etc., many varieties of each fruit being shown. Besides fruits there is a big stock of foreign nuts, figs, etc. Mr. Stafford opened his storehouse and showed 400 barrels of choice selected apples, a vast quantity of Newberry celery, horse radish packed in sand, potatoes, onions, etc. The store is now connected with the telephone exchange and dealers or private customers desiring anything in the fruit or vegetable line will receive prompt and careful attention if ordering by phone. Mr. Stafford also has stringed pop corn and other Christmas tree decorations. Call in and see his display.

Col. John Atkinson, of Detroit, is registered at the Hotel Marquette.
Sheriff Adams has returned from Jackson, where he left Larry Finn.

E. Powell, Sr., returned yesterday from a two months visit in Texas.
J. Munro, Jr., and A. M. Middleton, of St. Ignace were in the city yesterday.

F. M. Sackrider, of Sault Ste. Marie, visited friends and relatives here yesterday.
George Freeman is home from Chicago, where he has been in a business college.

Edward Steinbrecker, an old Marquette boy who is now holding down a good job in the Cleveland mine, Ishpeming, visited his parents and shook hands with his old friends here yesterday.

At Port Huron 166 were treated and one death, cost \$538. At Sault Ste. Marie 144 were treated, four deaths, cost \$1,437.

On Friday Evening.
The arrangements for the G. A. R. housewarming for comrade W. H. Volk at the New Clifton House Friday evening have been completed. The reception committee consists of Col. C. B. Grant, Col. C. Y. Osburn, Commander C. D. Blanchard, and Gad Smith, with Mesdames H. C. Thurber, G. J. Northrop, G. N. Smith and C. D. Blanchard. The floor committee will be E. B. Palmer, James W. Young, C. H. Kelsey, C. T. Joslin and C. A. Hager. More tickets are being sold every day and it is already an assured fact that the party will be a great success.

THE LUCKY ONE FOUND BY MRS. J. M. MASON.
She picked up her Argus-Leader and noticed that ticket 71,411 of the last drawing of the Louisiana State Lottery had drawn the prize of \$15,000. It struck her that her ticket was somewhere near that number. She was nearly tickled to death to find that it was 71,411. She had only put \$1 in as a joke more than anything else, and she has decided that joking pays.—*St. Louis Falls (Dak.) Argus-Leader,* Nov. 15.

SOUTH SHORE NOTES.

The Summit and Gogebic Divisions Will be Completed by January 1st.

THE SAWDUST KICKERS ON THEIR WEARY TRAMP.

Witness Carroll Leaves a Fine Reputation Behind Him—New Ward Liners—Another Republic Ore Steamer.

South Shore Railway Notes.
Inquiry yesterday at the office of Mr. J. A. Latcha, chief engineer and superintendent of construction of the Duluth, South Shore & Atlantic, revealed the fact that only a twelve mile gap is now left between Nestora and Dogwood on the D., S. S. & A., and probably even less, for at the hour of the reporter's visit Mr. Latcha had only received the morning report of the tracklaying west from Nestora, 2000 feet. If as good work was done on the other end and it was kept up during the afternoon by both forces then only about eleven miles of track remain to be laid.

Twelve miles of track have been laid west of Dogwood, where the South Shore crosses the M., L. S. & W., and operations suspended there for the season, although the grading is finished clear through to the junction with the N. P. track, which the new line is to use into Duluth. Thirty-four miles have been laid west from Nestora and sixty-three east from Dogwood, the force coming this way being now at the military road. The track will be finished from Nestora to Dogwood by January 1st. The forty miles then remaining to complete the line will be laid as early as possible in the spring, when, too, the entire line will be ballasted.

The Duluth, South Shore & Atlantic has filed its maps for a branch from the main line into L'Anse for Gogebic ore traffic. The engineers of the company were busy all summer selecting a route and it is believed that they have found the only practicable one. The branch will be twenty-seven miles long, and the 12-mile piece from the Sturgeon river into L'Anse was the section which caused the trouble. There is a deep gorge there and it is a bad country for railroading. The old M., H. & O. survey showed grades of 150 feet to the mile going down into the gorge and 150 getting out again, while the D., S. S. & A. has only a grade of 72 feet going down and 52 feet going out again towards L'Anse, the lesser grade being against the freight. An easy descent to the lake was also found, while the M., H. & O. grade going into L'Anse is 210 feet to the mile.

Not only have the maps of the route been properly filed but the necessary steps have been taken at the office of the state railroad commissioner so that any other road trying to enter L'Anse will be compelled to show the D., S. S. & A. route on its maps and show all crossings whether at grade or otherwise.

In connection with the early completion of the South Shore line next spring, the following article from Bradstreet's gives an idea of the importance of the new route from Duluth and Minnesota to the seaboard:

While the chloroforming of the Baltimore & Ohio Railroad company has quieted the last important disturber of transportation rates among the American trunk lines, new forces which are not likely to promote peace are coming into existence in the northwest. It need not excite surprise if the completion of the Minneapolis, Sault Ste. Marie & Atlantic line, in connection with the Canadian Pacific, transfers the "troublesome belt" from Chicago to St. Paul and Minneapolis.

The granger roads have fought with each other for the traffic between Dakota and Minnesota and Chicago. East of Chicago the struggle for the control of the same business has been continued between the trunk lines and their western connections. The Minneapolis, Sault Ste. Marie & Atlantic, running around the northern end of lakes Michigan and Huron, will be, next spring, an active competitor of the southern routes for freight and passenger traffic in each direction between the northwest and the Atlantic seaboard. It will have many advantages on its side. The subsequent completion of the Duluth, South Shore & Atlantic line, with the same connection at the St. Mary's river, and a connection also with the Michigan Central at Mackinaw City will bring still another important factor into the field. Harmony between the northwestern roads and between the trunk lines can hardly be of much value, so far as rates on business to and from points beyond Chicago are concerned, unless the northern companies are peaceably disposed also. The Canadian Pacific vexes the other transcontinental lines to some extent, but has never yet been the power in the railroad situation that it bids fair to become after it begins to compete for the enormous volume of freight which pours into Minneapolis and Duluth. The Grand Trunk company will also have a line to Sault Ste. Marie sooner or later, with the additional strength which that implies.

Mr. Powers-Carroll Departs.
F. M. Carroll, the witness in the Swineford case who draws his great zeal from the fact that he rode out of the New Orleans exposition commission on the toe of Governor Swineford's boot, has left the city. He left as he came, quietly. But though he oiled his boots and crept into town under an assumed name because he feared the MINING JOURNAL, which has on one or two occasions presented vivid pen pictures of his auburn-haired personality to the people of the upper peninsula, yet he didn't crawl in quietly enough to escape notice. The MINING JOURNAL knew that he arrived here on Friday morning, the 16th, and registered at the New Clifton under the name of "M. M. Powers, Louisville," even

disguising his hand writing. It knew that he was sneaking around under his alias, endeavoring to worm out of even the friends of the governor something which he might use against him on the trial. It has proof of more than one instance of this. Yet this is the man who swore on the witness stand in the circuit court yesterday that his name was Carroll, and that he had never been known under any other name either here or elsewhere, as the following bit of cross-examination will show:
Mr. Eldredge—"Is your name Carroll?"
Witness—"It is."
"You have always passed under the name of Carroll?"
"I have."
"Are you not known to take a personal interest in the prosecution of this case, from private motives?"
"I don't take any such interest in the case."
"Were you ever known on the upper peninsula by any other name than Carroll?"
"No."
"Did you not introduce yourself to a witness in this case as 'Mr. Powers, the state agent in charge of the Swineford case?'"
"I introduced myself as Mr. Powers because I knew the witness would be very reticent in regard to the case if he knew that my name was Carroll."

Now, Mr. Powers-Carroll, doesn't that look like lying, and also very strongly like perjury? Good-bye. Marquette has no use for a person who crawls within her limits like a whipped puppy, afraid of even his own name, and who leaves an unsavory record spread on the books of the circuit court as the red-headed Antanas who was so tickled to get out of town yesterday.

The Walking Match.
A big crowd gathered at the Casino last evening to witness the beginning of the 27 hour go-as-you-please walking match. There were six entries, Herriman, Vint, Albert, "Scotty", "Dummy", and Fetherley. Vint took the lead at the start, one of the local pedestrians fastening himself to him and persistently treading on his heels. The main beauty of the contest at the start was Herriman's gait. He made the others trot to keep up when he was walking square heel and toe. Fetherley, one of the three amateurs, also showed up in splendid form and by midnight had surprised those who overlooked him at the start. "Scotty" clung to Herriman's heels with the dogged determination of keeping there or breaking something, and was repeatedly cheered. All three amateurs swore they would "stick," but the chances are that if one of them goes around the track this afternoon it will be in a wheelbarrow. The track laid out is 19 laps to the mile.

At 12:04 A. M. the score stood: Herriman, 22 miles, 10 laps; Albert, 20 miles, 12 laps; Fetherley, 20 miles, 9 laps; Scotty, 20 miles, 2 laps; Vint, 18 miles, 4 laps, and "Dummy", 18 miles, having withdrawn at the end of the eighteenth. It will be noticed that Vint had dropped from the lead to the position of tail-ender.

Storm and Cold Wave Warnings.
Sergeant Dent has made arrangements with Mr. Healy, manager of the Marquette county telephone system, so that hereafter cold wave and storm warnings will be transmitted by the exchange here to the following points: Negaunee, Ishpeming, Republic, Champion, Cascade, Deer Lake, Lake Angelina and the Winthrop mine, being distributed from the Marquette signal office to the extent of the telephone system of the county. All the principal hotels of the county will receive the notices. The D., S. S. & A. is also preparing to post the warnings at every station on its line. The cold wave expected yesterday morning began to put in an appearance last night. A telegram was received late Monday night saying that the c. w. had been delayed in transit.

For Ward's Line.
Two steamers of 225 feet length each are to be built by F. W. Wheeler, of West Bay City, for the Eber Ward Lake Superior line, one to be ready for business by the 1st of July, the other by the 1st of August next. S. F. Hodge & Co. are to supply the boilers and engines. The latter will be fore-and-aft compounds, with cylinders 26x14 inches and 40 inches stroke. The Ward Line is operated by a stock company, in which Mr. Wheeler has become interested. The new steamers will be similar in construction and arrangements to the Osceola, which stranded on Port Austin reef in November, and is now owned by the underwriters.

Another Republic Steamer.
Another steamer is being added to the Republic Iron company's ore fleet by the transformation of the big barge Specular into a steamer at Cleveland. Both the Specular and Magnetic were built with the intention of this subsequent transformation and engines would have been put into them last winter if iron works all about the lakes had not been so crowded. The Specular will have a compound engine. It is now being built at the Globe Iron works.

The Swineford Case.
The case of the State vs. A. P. Swineford took up the entire day in the circuit court yesterday. The introduction of testimony for the plaintiff was finished, the defense introducing no testimony, relying on the arguments of the case, R. N. Butterfield, of Grand Rapids, and D. H. Ball, of this city, appeared for the plaintiff, and E. J. Mapes, of this city, with A. B. Eldredge, of Ishpeming for the defense. The argument was finished last night and the case will be concluded this morning.
