CONVICT LABOR BILL.

O'Neill Works Hard to Pass the Measure With Fair Chances of Success.

THE FISHERIES TREATY LIKELY TO BE DISCUSSED OPENLY.

The House Majority Very Much Dissatisfied With the Changes in the River and Harbor Bill.

THE HOUSE:

LABOR BILLS HAVE THE FLOOR.

WASHINGTON, May 22.—The floor of the house was accorded to the committee on labor to-day, and Mr. O'Neill (Mo.), chairman of that committee, called up the bill to confine the sale of the products of convict labor to the state in which the prison is located.

Mr. O'Neill endeavored to have an arrangement effected, whereby the debate on the bill should be limited to two hours, but opposition was made on the ground that the principle involved in the bill was too important to be established without a full discussion and consideration.

The majority and minority reports were read at length and an hour was thus consumed.

Mr. O'Neill explained that the measure originated in a visit to this city of manufacturers from New York, Brooklyn, Jersey City and other cities, who appeared before the committee and pictured the absolute ruin that stared them in the face from the competition of convict labor. One industry after another was attacked by this convict labor system, and in each case the industry was obliged to lower the rates of wages or go out of business. The men who were paying \$2 and \$2.50 per day to their employees, found themselves face to face with competitors who paid only 5 cents an hour. The labor organization of the country through their representatives had urged upon the committee the necessity for the passage of the bill. The tariff question sank into insignificance when it was realized that there was a cancer at home eating the heart out of every trade and industry.

Mr. Plumb (Ill.), a member of the labor committee, opposed the bill on the ground that it was unconstitutional and interfered with interstate commerce. He said that the committee had not properly investigated the subject before acting upon the bill; and that it had not availed itself of the opinions and experience of experts, but had based its action upon petitions signed by manufacturers who in many cases sold in this country the products of English prisons. He held that prison labor was necessary to the reformation of convicts as it prepared them to re-enter society equipped with useful trades.

Mr. Rogers (Ark) addressed himself to the constitutional principles involved in the measure and argued that congress had not the power to lay an embargo and pass a law which provided for non-intercourse between the states of the union.

Mr. Butterworth (Ohio) said this was not the first time that the name of labor had been outraged upon this floor. A pebble that was dropped into the ocean disturbed every atom of water in the ocean and in the same way a disturbance in the ranks of labor anywhere disturbed every portion of society from the highest to the lowest, from the outer edges to the center. The highest interest of the house was to promote the well-being of all—and the man who intimated that anyone on this floor was unfriendly to labor was a dunce, a knave or an unbridled ass. The main backers of this bill were not laboring men. This was the first time he had ever known monopoly to join hands with labor in order to make of criminals country gentlemen of elegant leisure. Some of the gentlemen seemed to feel sympathy for the criminals. He felt a little anxious about the men who bore the burden of caring for and supporting those criminals.

Mr. O'Neill inquired what labor the gentleman had sought to support in his tariff speech.

Mr. Butterworth replied that he was trying to protect American labor against foreign labor. He was not attempting to tax the laborers at home in order to support the laborers on the other side in idleness.

Mr. O'Neill inquired which the gentleman preferred to remain idle—the honest workmen or the felon?

Mr. Butterworth remarked that the gentleman spoke with all the confidence of knowledge and all the assurance of ignorance. The trouble with the gentleman was, he assumed his facts.

Mr. O'Neill asserted that he assumed what he knew, and that was that the workingmen were demanding this bill.

Mr. Butterworth declared there was no evidence that any industry had been stricken by reason of competition with convict labor. There was not a well-ordered business establishment that could not compete with prison labor.

Mr. Brumm (Pa) said the gentleman was entirely mistaken.

Mr. Butterworth denied that he was mistaken. The greatest punishment that could be inflicted upon honest men was to tax them to support criminals who had robbed them.

Mr. Wilson (Minn.) and Mr. Adams (Ill.) argued against the bill as being unconsti-

tutional and contrary to public interests. Mr. Outhwaite (Ohio) said he was opposed to congress interfering with the matter.

Mr. Butterworth urged Mr. O'Neill to postpone the consideration of the bill to another fixed date in order to afford an opportunity for mature consideration.

Mr. Reed seconded the request and Mr. O'Neill asked consent to postpone the bill until next Saturday, but objection was made, and Mr. Lodge (Mass.) addressed the house in support of the bill.

Mr. Carruth (Ky.) held that the courts should be allowed to decide the point of unconstitutionality raised against the bill. It was the duty of the people's representatives to protect their people against competition with convict labor.

Mr. Cannon (Ill) offered an amendment prohibiting the importation for commercial purposes of all goods, wares or merchandise from any foreign country to the United States, which in whole or in part were manufactured or produced by convict labor, and prescribing the penalties for the violation of this prohibition. Adopted.

The previous question was then ordered—yeas 185, nays 41—on the engrossment and the third reading of the bill, and then the house adjourned.

WASHINGTON BRIEFS.

A PLANK MOVEMENT.

WASHINGTON, May 22.—It is learned that the republican senatorial caucus last evening adopted with but three dissenting votes Riddleberger's resolution to consider the fisheries treaty with open doors. Two of the dissenting senators afterwards gave their assent and proposed to make the action unanimous but this was not done. When the question came up in the senate it was decided by a vote of 28 to 27 not to consider the fisheries treaty in open session. The division was upon strict party lines, except in the case of Senator Hoar, who voted with the democrats adversely to Riddleberger's resolution. Upon the announcement of the result the body went at once into legislative session. No time has been fixed for taking up the treaty.

WILL FIGHT THE CHANGES.

WASHINGTON, May 22.—The democratic members of the house committee on rivers and harbors are dismayed by the changes made in the bill by the senate committee and express their intention to vigorously oppose most of those of importance. It is asserted that the New England appropriators have been in many cases increased even beyond the estimates made by the engineers and those submitted by the department, while the southern items have been ruthlessly cut out.

The bills reported favorably by the house appropriating \$130,000 for a public building at Fort Worth, Texas, with an amendment reducing the appropriation to \$75,000 and the bill making \$150,000 the limit of cost for the public building at Sacramento, Cal., with an amendment increasing the limit of cost to \$200,000, have both passed the senate.

Mr. O'Neill (Mo), chairman of the house committee on labor, had an interview this evening with the speaker and Mr. Randall and was assured that the committee on rules will give additional time to the committee on labor, which guarantees the passage of the convict labor bill DOWN ON GRESHAM.

WASHINGTON, May 22.—Congressman Guenther to-day gives out for publication the fact that he possesses a copy of a speech by Walter Q. Gresham, in which that candidate declares his hatred for the "lazy, lousy, lop-eared, dirty, duff," Mr. Guenther says: "Gresham was a Know-nothing and I will never support him or any other man who belonged to that party. If I have any influence with German-American citizens, it will be exerted against such in any party. I want to support the republican party, but I cannot support Gresham or any other Know-nothing."

CLEVELAND AND MORRISON.

WASHINGTON, May 22.—There is great speculation in this city as to who will be Cleveland's running mate. So far it looks as though Mr. Morrison, the ex-statesman of Illinois, will be the man. It is stated to be the wish of Mr. Cleveland that Mr. Morrison should be on the ticket as vice-president.

THE SENATE.

THE DAY'S DOINGS.

WASHINGTON, May 22.—At the conclusion of the morning business the bill appropriating \$75,000 for a public building at Zanesville, Ohio, was passed.

The senate then at 1:40 P. M. proceeded to the consideration of executive business. The doors were reopened at 2 o'clock, when the senate proceeded to the consideration of the unfinished business, being the house bill to establish a department of labor, and Mr. Reagan addressed the senate in opposition to the measure. His speech was brief, and at its close he moved as a substitute a bill creating a department of industry. On a vote by yeas and nays on the substitute there were nine yeas and twenty-seven nays (less than a quorum), and Mr. Reagan withdrew his substitute.

Various amendments to the bill were offered by Mr. Edmunds and agreed to. The bill was then passed and a conference committee ordered.

The bill provides for a department of labor, the general design and duties of which shall be to acquire and diffuse among the people of the United States the usual information on subjects connected

with labor in the most general, comprehensive sense of that word, especially upon its relation to capital, the hours of labor, the earnings of laboring men and women, and the means of promoting their material, social, intellectual and moral prosperity. The personnel is to consist of a commissioner, to be appointed by the president, by and with the advice and consent of the senate, who is to hold office for four years and to receive a salary of \$5,000, a chief clerk, a stenographer, various minor clerks, copyists and messengers.

A message from the president returning without his approval the senate bill for the relief of L. J. Warden, was laid before the senate. The bill directs an allowance of \$625 to Mr. Warden, recently postmaster at Lawrence, Kas., for extra clerk hire from July 1, 1881, to June 30, 1883. The grounds of the veto are that the allowances to postmasters for clerk hire are fixed by the postoffice department; that in this case \$3,100 was allowed; that applications for an additional allowance were twice declined; that the expenses were twice declined; that the expenses were, therefore, incurred at the postmaster's own risk; and that the passage of special acts in such cases would have a dangerous tendency to encourage postmasters to substitute their own judgment for that of the department, and to relax wholesome discipline.

Mr. Hoar remarked that the communication raised a very important constitutional question and moved its reference to the committee on privileges and elections. Agreed to.

The following bills were then taken up and passed: The senate bill authorizing the construction of a railroad bridge across the Missouri river at Nebraska City, Neb.; the senate bill increasing the appropriation for a public building at Winona, Minn., to \$150,000; the senate bill to amend the law making the annual appropriation to provide arms and equipments for the militia, increasing the amount to \$900,000; the senate bill appropriating \$100,000 for a public building at Vicksburg, Miss.

The senate then adjourned.

REPUDIATES ANARCHY.

The Open Position Taken By The North American Turner Band.

CHICAGO, May 22.—The North American Turner Band decided this afternoon that it is not anarchistic, and has nothing to do with any anarchistic ideas. The question came up in the shape of a direct repudiation of anarchistic ideas in view of the impression caused by the conduct of certain members and societies that the anarchistic element was in control. The repudiation was direct and emphatic. The vote on it stood 379 against 208. But even the minority does not consist of anarchists. Most of those who voted in the negative did so because they did not want to repudiate a charge not directly made; some because they had been personal friends of the anarchists who were executed; and many because of their horror of the death sentence. It was a signal victory for the anti-anarchist element, but the occurrence came about in such a way as to emphasize the radical position that the society occupies on social questions.

LOUISVILLE RACES.

Fair Weather—Fast Running—Big Crowd. Two Favorites Out of Five Win.

LOUISVILLE, Ky., May 22.—Good weather, fast track, excellent racing and fair attendance characterized the eighth day of the Louisville spring meeting. Persimmons and Roi d'Or were the only favorites first under the wire. The meeting closes Thursday with the great Kentucky handicap, which Gallifert, Terra Cotta, Tillie Doe and Egmont will contest. The races to-day were as follows:

First race—Louisville Hotel handicap sweepstakes, all ages, one mile; Persimmons won; Insolence, second; Glenhall, third. Time, 1:42.

Second race—Kentucky Oaks, three-year-old fillies, one mile and a half. Tenpenny won; Los Angeles second; Gwendolra Belle third. Time 2:42.

Third race—Selling purse, for all ages, seven furlongs; Winslow won; Elgin second, Parrish third. Time 1:30.

Fourth race—Selling, two-year-old maidens, five furlongs; Meta won; Minnie Palmer, second; Wal-lahrene, third. Time, 1:05.

Fifth race—Selling purse, 3-year-olds and upwards, six furlongs; Roi d'Or won; Gollightly, second; Fullsail, third. Time, 1:17.

Along the Mississippi.

ST. LOUIS, May 22.—Advices from river points above here say the Mississippi continues to go down, having fallen two and a half inches in the past twenty-four hours. The water has ceased pouring in at the break in the upper Indian Grove levee, and the lands in the northern part of the flooded district is expected to be dry enough for the plow by the end of next week. The wheat being destroyed, the farmers will plant corn as soon as possible after the water leaves their land. Some of the land cannot be used. The body of Samuel Moore, who was drowned at the Indian Grove levee, three miles north of Quincy, Sunday evening, was found last night.

A Reduction in Wages.

PITTSBURGH, May 22.—A notice has been posted at the Wayne Iron and Steel works that a reduction of 10 per cent in wages will be made when the mill resumes. An advance of 10 per cent was made a year ago and the firm says the condition of trade is so depressed they have concluded to take off what was added at that time. The men will meet Thursday evening to consider the firm's proposition. If the men decide to accept the reduction the mill will resume at once. About five hundred men are affected.

INDIA'S CHILD WIDOWS.

THE UNHAPPY LIVES LED BY THE WOMEN OF THE EAST.

What a High Caste Hindu Christian Woman Says of Her Sisters—Betrothed in Their Infancy They Are Till Death the Slaves of Men.

At All Souls' church, the Pundita Bamabai, a high caste Hindu Christian woman, gave an interesting address concerning her work in behalf of the child widows of India.

The picture that the Pundita drew of the condition of the Hindu women seemed to have a strange interest for the hundreds of well dressed American women accustomed to liberty and thought and action!

When the husband dies he does not let his thoughts revert to his wife other than in a feeling of pity for her loss, lest he, on returning, take a step backward and assume the shape of a woman.

THE COPPER COUNTRY.

Divorce Granted—Made Citizens—The Reinhardt Bigamy Case—At the Circuit Court. Petitioning Congress to Purchase the Portage Lake Canals—A Bad Boy—Unwatering the Mine.

HOUGHTON. HOUGHTON, May 22.—At court yesterday Judge Williams granted a decree of divorce to Clara Roy from her husband John Roy, whom she alleges treated her cruelly and deserted her.

Quite a large number of Finlanders were made full fledged citizens of the United States yesterday.

The case of Reinhardt for bigamy comes up for trial this afternoon. It is reported that he will plead guilty, as he does not wish the case to be adjourned to the August term of court.

James R. Dee left this morning for Chicago. A meeting of prominent citizens and business men was held yesterday forenoon at the Douglass House.

The purpose of the meeting was to use all possible influence with the congressmen and representatives from all the lake districts of the northwest to have them pass through congress a bill authorizing the purchase of the Portage Lake canals.

Mr. Edward Ryan was chosen president and Mr. J. B. Sturges secretary of the meeting. After considerable earnest discussion the following memorial was drawn, which will be sent to all congressmen:

TO OUR SENATORS AND REPRESENTATIVES:—The undersigned citizens of the upper peninsula of Michigan desire respectfully to present to you the great importance of free canals at Portage Lake and the desirability of the general government taking possession and control of the waterways between Lake Superior and Portage Lake at the earliest possible moment and of making the same a public waterway under the immediate control of the general government.

The Portage Lake and Lake Superior ship canals through the Portage Lake canal between Buffalo, Cleveland, Detroit, Chicago, Milwaukee and eastern lake ports and Houghton, Hancock, Ashland and Duluth. This route is from eighty to a hundred miles shorter than around Keweenaw Point and is much safer than that around this almost barbarous point.

We therefore respectfully, but earnestly petition you to urge upon congress the importance of having that body at its present session pass the measure to direct and empower the general government to purchase the Portage Lake canal and make them free to commerce and to that end we request you to secure an amendment to the present river and harbor bill in this congress particularly adding thereto the same provision as that which was embraced in the last river and harbor bill which failed to become a law because of executive action.

The secretary was also instructed to send telegrams to the Michigan senators, which read as follows: "At a citizens' meeting held this day at Houghton it was resolved that our senators and representatives be requested to use all honorable means to induce the government to purchase the Portage Lake canal by a proper amendment to the river and harbor bill."

LAKE LINDEN. LAKE LINDEN, May 22.—Willie Perault, who has caused his parents as much trouble as any boy is capable of doing, has lately capped the climax by threatening to kill his parents and all the rest of his relatives. He was arrested and taken to jail Saturday evening, and will have an examination next Saturday.

CALUMET. CALUMET, May 22.—The skip for hoisting water began its work at No. 3 Hecla shaft last night. One of the large Krupp skips went down No. 4 Calumet right through the water to the bottom, meeting no obstruction.

RED JACKET. RED JACKET, May 22.—Mr. H. K. Persons, a Duluth lawyer and former partner in the lumber trade with Mr. G. C. Lorange, returned here Monday evening on a visit to friends.

Weather Indications. WASHINGTON, May 23.—1 A. M.—The signal service reports the following as its predictions for the next thirty-six hours: For Michigan and Wisconsin fair weather; followed in Wisconsin by rain, light to fresh variable winds, cooler followed by stationary temperature.

Stricken With Paralysis. MILAN, May 22.—The emperor of Brazil appears to be stricken with paralysis. He has lost the power of speech and his breathing is labored. There is little hope of his recovery.

FOR SALE. 5,000 Acres Lands in Alger county, Michigan. 3,000 " " Marquette county. 3,000 " " Baraga county. 2,000 " " Delta county. 1,000 " " Menominee county. 5,000 " " Chippewa county.

Fine Candies. A fresh supply all day long. VANNIER & BIGELOW, 6-14-15. Boots and Shoes. Closing Out at Cost. P. F. FREIS.

Special Telegram! TO THE LADIES:

Important.
A rehearsal for the sacred concert to be given in Marquette the last of the week will be held at the Adelphi Rink to-night. Prof. Fohrman desires that everyone who intends taking part in the affair shall be on hand promptly.

D. McDonald, proprietor of the opera house, has had the chairs there nailed together, ten in each row. This will do away with an annoyance that has for several months regularly taken place there—that of persons pulling the chairs up toward the stage and making a terrific racket in doing so. The management is bound to have perfect order maintained hereafter, and after a few of the mischief makers have been turned over to the police they will realize the fact. Boisterous conduct will not be tolerated.

The Browne Theater company appeared at the opera house last night in "The Little Detective," Little Maudie taking the role from which the play receives its name. The company's presentation of this piece strengthened the good impression it had previously made. It closes its engagement here to-night.

Marshal Cunningham and others went to Marquette yesterday morning, that being the date set for the trial of the three men charged with disturbing the peace on election day. The attorney for the defense had secured an adjournment, however, and their trip availed them nothing.

A night crew, with an engine, has been put on in the C. & N. W. yard here—Thomas Connors is in charge. During the day two engines are kept steadily at work, and between the three crews the ore and freight traffic is being satisfactorily handled.

The entertainment to be given Friday evening by the pupils of St. Paul's school promises to be a very enjoyable one. The opera house should be completely filled that night. The admission is 50 cents.

The Johnson Lumber company got its logs down Monday, and the mill is now running full blast. The firm has a lot of logs on the bank near Teal Lake that are to be rafted down shortly.

The workmen have raised the capping to the tower of the Presbyterian church several feet and are now remodeling the tower to permit the hanging of the bell.

The public schools are moving along with their accustomed regularity, and teachers and pupils are well pleased with their quarters in the new building.

Mrs. Charles Kirkwood, of Ishpeming, spent a couple of days in this city, returning yesterday.

J. Q. Adams has carpenters at work on an extensive addition to his residence on Case street.

A portion of the "Soo" excursionists stopped over here and viewed some of our iron mines.

The Cliffs company is putting down a fine concrete sidewalk around their Main street offices.

Norman McLeod left for Minneapolis by yesterday morning's train.

Mr. Trachy will shortly organize a class in French.

Ira A. Clark went to Gladstone yesterday.

FOR SALE—My two-story seven-room residence at 433 Jackson street; large barn on premises; all in first-class condition.

JOSEPH KIRKPATRICK, JR., Negaunee.

NEGAUNEE NOTES.

This Year's Assessment—Order Must be Preserved at Entertainments—Rehearsal for the Sacred Concert—Miscellaneous Notes.

The Assessment Roll.
The assessment roll of this city for 1888 was turned over to the board of review Monday. The roll differs considerably from that of last year, the ratings on nearly all real estate having been slightly reduced. The total assessment for the year 1887 was \$2,851,500. This year it is \$2,461,967. The Jackson mine and the rest of the property on section 1 owned by the company is assessed at \$750,000, as against \$1,000,000 last year—which was, however, reduced by the board of review to \$850,000. The following are the ratings of some of the larger mines: Milwaukee, \$150,000; Lucy, \$75,000; Cambria, \$200,000; Buffalo, \$100,000; Lillie, \$50,000; South Buffalo, \$20,000; Negaunee, \$100,000. The Pioneer company's furnace and plant is assessed at \$60,000 and its stock of pig iron at \$5,000. The board will make several minor changes in the roll, but on the whole it gives satisfaction. The assessment of mortgages strikes a large number here and they do not view the law very favorably. On the roll there are many mortgages that had long ago been paid and cancelled, but the parties had neglected to have the fact legally recorded. The board of review met last night to revise the roll.

Seeking Arlatus.
On Friday last a pleasant little party in search of arbutus stepped off the train at Eagle Mills. Although Nature is somewhat backward this year in bringing to light her spring beauties, she does not conceal them altogether, and the hunt after wild flowers was rewarded at last. The afternoon trains, running as they do, make a little trip to the woods convenient for those who desire to return early. We would advise more to take advantage of this, and thereby realize the truth of Bryant's words when he said: To him who in the love of nature holds communion with her visible forms, She speaks a various language.

MARQUETTE, MICH., MAY 23, 1893.

SENATOR PALMER will, it is announced, take charge of the Portage Lake canal appropriation in the senate, and will do his level best to get that body to amend the river and harbor bill so as to provide for their purchase. The senator will make himself awfully solid in Houghton county if he can accomplish this, but we are not so sure that it will have an equally happy effect on his popularity at the "Soo." They seem to think down there that the only place in upper Michigan where Uncle Sam ought to spend a dollar is on their insatiable river and its numerous channels.

A SPECIAL from Washington to the Detroit Tribune gives this information regarding the proposed action of the republicans on the Mills tariff bill:

The object of setting aside the tariff bill for a week or two, and in the meantime taking up appropriation bills in the house, is to give the republicans further time in which to canvass and caucus on the proposition, submitted by Mr. Mills, to take a direct vote upon his tariff bill without debate on amendments under the five minutes rule. There is no further effort made to disguise the fact that the republicans expect the bill to pass the house. The mere fact that the senate has already begun the compilation of a measure to be offered as a substitute in the upper branch of congress tells this tale. The republicans are now trying to ascertain whether they have greater strength against the bill as it now stands than they would be likely to have if the bill were amended; and also whether it is probable that they could so amend the bill as to justify them in voting for a democratic measure.

INTEREST in the gold explorations near Ishpeming has revived with the opening of spring and the resumption of work on several properties by the parties who suspended operations during the more rigorous months of the winter. The Lake Superior company has announced the purpose of proceeding to test the vein on the tract where the rich find was made last summer, and the Michigan Gold company is again at work on the "Gingress forty" adjoining the Lake Superior property on the east. On the next forty east, held under an option from Gingress by the Messrs. Dwyer, Ward and Grummett, a shaft is now down forty feet on the quartz vein, from the bottom of which some very rich rock is being obtained. A sample was brought down by Mr. Grummett yesterday in which the free gold shows plainly. If there is much of this rock to be had on the forty the parties interested have a valuable property, and will be amply rewarded for the money and labor expended in exploring it.

GEN. ALGER'S letter to the Home Market club, of Boston, defining his position on the subject of tariff revision, has decided Representative Burrows to oppose his presidential aspirations. "If the published statement, that General Alger said in his letter to the Home Market club, of Boston, that the tariff list needed thorough revision, from beginning to end, is true, he is wrong and I am against him," Burrows declares. In Burrows opinion, to hold that tariff revision is necessary "is not republican doctrine." Perhaps Mr. Burrows is a better authority on what republican doctrine is than the leaders of his party in this state who are heartily backing Alger, and who, necessarily, accept as satisfactory his views on the issue to which his letter related. Julius Caesar Burrows is growing altogether too great for his clothes. If he persists in running against Alger's boom, however, he will be apt to find that his exalted opinion of himself needs "revision and reduction," even if the tariff does not.

We take this report on the condition of the copper market at the close of last week from the Engineering and Mining Journal of the 19th:

Since we last reported the market has undergone very little change. The negotiations on the part of the syndicate (through its representatives) alluded to in our last issue with reference to a sale to consumers, are said to have resulted in such a sale being made for the months of May, June and July at 16 1/2 c., and should this prove to be actually the case, we may expect the price of Lake copper to keep at, or even slightly above, this figure for the period mentioned and probably somewhat longer, as the Lake companies on whose behalf the sales are nominally made, viz., the Calumet & Hecla, Tamarack, Quincy, Atlantic, Franklin, Uscocla, Central, Huron, Algonz and Copper Falls, undertake, according to the terms of the contracts, not to sell to anyone else below that price of course, it is quite understood that these sales are really being made on behalf of the syndicate. As to the quantity embraced in the contracts, we have not as yet been able to obtain any reliable information, every company being in this instance invited to contract individually, and the negotiations not being carried on between the sellers and

the general body of consumers, as has been customary in previous pool sales. The form of contract also prohibits the buyer from reselling more than a comparatively small portion of his purchase, and even then he must only sell this quantity to consumers at a price not less than 1/2 c. above the price at which he contracts to purchase. A heavy penalty is attached to any violation of the provisions of the contract. The foregoing embrace the main provisions of the form of contract submitted by the sellers to the different manufacturers.

The market opened firm at the beginning of the week with large purchases (presumably for account of the syndicate), and about half a million pounds were sold for May, June and July at 16.70. Since then, however, the market has eased off slightly, as the buyers have apparently withdrawn for the present. Our closing prices are: Spot 16.65; May, 16.65; June, 16.65; July, 16.65; August, 16.65; September, 16.56. The total of the transaction for the week amounted to about three quarters of a million pounds.

THE Lansing State Republican believes itself of feelings ament the failure of the local option law to stick in these impassioned words: "The county option law was bullied and bored through the reluctant legislature by a little scheming, tricky Detroit junta of self-constituted wisecracks and bosses, with the Detroit Tribune for their organ, against the sound judgment of level-headed republicans, and against the sound opinions of able lawyers. The supreme court has pronounced the act unconstitutional. For all the trouble and expense that act has brought upon the people of Michigan, for all the disappointment its failure causes to earnest temperance men, for all the reign of free whisky and lawlessness it has produced since the first of May, and for all the injury this failure may do to the republican party, that junta and their organ are responsible."

THE BLAINE MOVEMENT.

Leading Republicans at Washington Convinced That It Means Something.

The Detroit Tribune prints the following from its Washington correspondent, under date of the 20th:

Concerning the cablegram published from Paris to-day to the effect that Mr. Blaine declines to make his declaration from Florence any more positive, and that he will stand upon the single intimation that he is not a candidate for the presidency, and further that he will not say that he would not accept the nomination if tendered to him, there has been a great deal of talk to-day. The opinion appears to be that Mr. Blaine will not only not refuse a nomination, but that he is expecting it and intends to remain in the attitude of not soliciting it but having it thrust upon him.

A number of republicans well known to the country have said this afternoon and evening that if there has been any doubt that Mr. Blaine was a formidable quantity and that his name will go before the Chicago convention, it has been dashed to pieces by the refusal of this opportunity to restate his attitude and say that he does not want the nomination. It is now conceded that the Maine man is in the field and that his name will be presented at Chicago and pushed. It is further stated that Blaine men have approached the friends of Senator Sherman with a proposition to make him the vice-presidential nominee in the event of the nomination of Mr. Blaine, and that the argument that they make in support of their proposition is that Mr. Blaine is in bad health, and if elected he will not live out his term.

A SWEET OPERA SINGER STRIKES A HIGH NOTE.

Hearing that a member of the Carleton Opera Company, which delighted Chicago audiences with comic opera, held one-twentieth of ticket No. 23,114, which drew \$50,000 in the March drawing of the Louisiana State Lottery, a Traveler representative was informed that Miss Clara Wisdom was the fortunate person, calling at her hotel, Miss Clara Wisdom, who is a very attractive young lady of twenty-two, and whose voice and manners are quite as charming as her appearance, said: "I held one-twentieth of ticket No. 23,114 which drew \$50,000 in the March 13th drawing of the Louisiana State Lottery Co. The Carleton Opera Company was on route to Denver, and at Ogden a verden came into our car, and remembering a five dollar gold piece which I had found in Los Angeles, I thought I would invest. Well, it didn't win the largest prize but it has brought me \$2,500 which will assist my memory wonderfully."—Chicago (Ill.) Tribune, April 7.

DON'T EXPERIMENT.

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. The bottles free at Stafford & Son's Drug store.

D. F. WADSWORTH, 4-20-01

REVISING THE ASSESSMENT.

IshpeMING's Board of Review Holds Two Sessions This Week—Stalter Discharged—New Rock Crusher Bought for the City's Use.

Board of Review.

The second session of the board of review was held at the council chamber Tuesday forenoon and afternoon. The final session of the board will open on Monday next, and it is probable that the large amount of business on hand will make it necessary to continue the sitting on Tuesday.

The amount of personal property on the assessors' roll is \$399,226, a gain of \$140,000 over the assessment of '87. The total assessed value of real estate and personal property in the city, as appraised by Mr. Arenander, will fall short of the figures of last year, as the valuation of the property of the Cleveland Iron Mining company has been reduced \$200,000, and several other reductions on mine property have been made. Business men and property owners do not like to see the assessed value of the mines growing smaller each year, and may complain. The exact figures of this year's assessment cannot be given until the board of review has finished its labors and fixed appraised values for the present year.

Nolle Prosequit.

A nolle was entered in the case of the people against Abraham Stalter, charged with rape, in the circuit court at Marquette Monday afternoon. Prosecuting attorney Young decided that there was not evidence enough against the accused to secure a conviction, and the case was accordingly dropped.

Bought a Rock Crusher.

In accordance with a resolution passed at the last council meeting, the street commissioner has bought a rock crusher. It is of the Gates make, and is capable of easily crushing 100 tons of rock a day. The crusher, when it arrives, which will probably be in a few days, will be set up at the diorite bluff near the old cemetery, and will be grinding rock in a short time.

A large number of new shaft-houses, pockets, etc., are being built this spring by the Lake Angeline company. The Lake Angeline is one of the growing mines of the county, and improvements on surface are kept up with the developments underground.

Old West spent Monday evening Monday evening in the cooler, sobering up from a prolonged spree. Tuesday morning he paid the usual fine of \$1 and costs, and departed, to do so again at some future date.

Wanted, a sure cure for a case of incipient mumps, a suitable reward will be paid for the same if found as guaranteed. Apply, with references, at room 301, fourth floor, Nelson House, J. H. W.

The reading room and library was not open on Monday and Tuesday forenoons of this week, on account of the sessions of the board of review. It will also be closed on Monday and Tuesday of next week for the same reason.

Nathaniel Mortenson will be editor and Andrew Sundberg business manager of the new Swedish newspaper, "Superior Posten," to be published here. The first number will be issued early in June.

A stroll about town shows that many new buildings are going up. New houses can be counted in nearly every block in the northern and northwestern parts of the city.

Lake Angeline is chock full—clear up to the banks—but it won't be four months from now till the old cry of "low water" will be raised again.

North Oak street, by Lake Bancroft, is being macadamized, under the supervision of the street committee and commissioner.

Mr. John H. Gregor and Miss Emma Muck, of IshpeMING, were married by Justice Kennedy on Tuesday, May 22nd.

Alderman Downing is expected home soon from New York, where he has been on business, for the past ten days.

A special business meeting of the IshpeMING cadets was held at the armory on Tuesday evening at the usual hour.

Brownie's Theatre company in "Fogg's Ferry" at the opera house to-morrow evening.

"HEIRESS TO MILLIONS," the newspaper sated, and how many women, probably, read the same, and envied her. But little was she to be envied, however; for in spite of her great wealth she was miserable. It was her lot, in common with myriads of women, to suffer from those "chronic weaknesses," which are peculiar to the female sex. Miserable, nervous, and discouraged, she would gladly have given every dollar of her fortune for one brief installment of health. How easy, and how inexpensive, would be the journey to health, if Dr. Pierce's Favorite Prescription was selected as remedy, and the use of the same persisted in; that is, the experience of thousands of women afflicted in the same manner, teaches us to predict so. It is the only medicine for women, sold by druggists, under a positive guarantee, from the manufacturers, that it will give satisfaction in every case, or money will be refunded. This guarantee has been printed on the bottle-wrapper, and faithfully carried out for many years.

Dr. Pierce's Pellets, or Anti-bilious Granules, cure sick headache, dyspepsia and constipation.

A SOUND LEGAL OPINION. E. Balmbridge Munday, Esq., County Atty., Blay county, Texas, says, "Have used Electric Bitters with most happy results. My brother also was very low with Malarial Fever and Jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."

Mr. D. I. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying: "He positively believes he would have died, had it not been for Electric Bitters."

This great remedy will ward off, as well as cure all Malarial Diseases, and for all Kidney, Liver and Stomach Disorders stands unequalled. Price 50 cents and \$1 at H. H. Stafford & Sons.

Additional Ishpeming.

ISHPEMING W. C. T. U.

The following news notes are furnished for publication by the Ishpeming branch of the Women's Christian Temperance Union:

The Cornell college class of ninety have pledged themselves to use no wine at their banquets.

James Albert, the winner of the six days' walking match in New York city, made a speech in which he expressed the belief that total abstinence from intoxicating drinks was a prime factor in his success. The New York Sun says: "His bit of oratory made a good temperance appeal."

The long roll of the victims of the cigarette is lengthened nearly every day. This time it is the city of Louisville which contributes a young man who has smoked himself into illness. He was 18 years of age and disposed of two bundles of cigarettes a day. The cigarette must go.—*Buffalo Advocate.*

The last wholesale liquor dealer in Sioux City has closed up his business and agrees to remain closed so long as the present laws are in force. The action against him was dismissed, he paying costs.

The following resolution was adopted last year at the national convention of the W. C. T. U.:

"No state union shall be bound by any principle espoused or plan devised by the national union, except that all states auxiliary must subscribe to the pledge [opposition to the liquor evil] and the constitution of the national union." [The constitution says nothing about woman suffrage or the prohibition party.]

The passage of that resolution was to make opposition to the liquor evil the only test of reality in this great organization of Christian women. The Iowa union, by denouncing the prohibition party, forfeited in no respect its standing in the National W. C. T. U. The adoption of this resolution at Nashville, through Miss Willard's influence, was wise: it was a stroke of statesmanship; a recognition of the fact that in any great reform the eye must be single, that all things must be kept subordinate to the great reform in hand.—*The Voice.*

It has been thought best by our union to present, through the press, the preceding resolution for the information of our Ishpeming people who, to judge from sundry slighting remarks are ignorant of the workings of our organization. A vote was taken in our society that the subject of politics should have nothing to do with our work; neither are we pledged to prohibit individuals, although the majority strongly favor this measure as the surest means of defense for their homes.

The report that the money obtained from the musical was to be used in the coming campaign is without foundation, not one having dreamed of such a thing. Our aim is not to be unwomanly, but earnest and sane for the right. Mistakes we are sure to make, since we are but mortal, but we beg your kind consideration, your charitable co-operation, your sympathetic prayer for the good attempted. We desire soon to revive in our circle the old-fashioned New England mothers' meetings and take a deeper interest in the social purity work—the White Cross and White Shield movement, so nobly inaugurated by the church of England. At present we are furnishing temperance papers and tracts for two Sunday schools. We earnestly desire that in our circle of Ishpeming women may be found some one consecrated to the needs of our young people, and our children ready to work with them in a temperance league, and by the object, method, or kindergarten system, teach them how to live and work for a pure life, temperate in all things. It is a sad fact that so little enthusiasm is manifested in this direction.

The present line of reading which we hope to take up in our union is on narcotics.

Our next regular meeting will be on Thursday, May 31st, 3 p. m., at the M. E. church. We gladly invite all ladies to visit our meeting, and, if they can not consistently work with us, at least be assured that we are in no way striving to endanger the purity, peace and prosperity of our city, but rather to strengthen every good cause and work.

EVERYBODY

should visit the

INVITATION.

We cordially invite the Ladies of Marquette and the surrounding country to call and inspect our Furniture and Curtain Stock, when in Detroit. We have now on exhibition in our mammoth show rooms, the largest and finest assortment of Furniture and Curtains that we have ever offered our customers before. We are the only house in the State making a specialty of House Decorations, Wood Mantles, Fine Furniture from original design, and Curtains. In our Curtain Department, you will find 50 different lines of Curtains to make your selection from. When you purchase Curtains from us, you can rest assured that you will get the latest styles. This department is under the direct supervision of Mr. Jahn, whose name has become famous among the ladies of Detroit and Michigan for his fine taste in house decorations and designs. In parlor furniture, we are showing hundreds of different designs upholstered in all the latest fabrics, and superior workmanship. In Bedroom, Library, Dining room and hall furniture, our stock will be found to contain all the latest patterns, including many of our own original designs.

We want the patronage of the best families of Marquette. We will make it pay you to purchase your fine furniture and curtains of us. We will guarantee the best goods and the latest styles.

Items of News Picked Up About the City in Reportorial Rambles.

REAU TO MAKE A CHANGE ON RIDGE AND PINE STREETS.

New Bottling Works—Railroad Men Swelling the List—Sensuously Hurt—A Pioneer's Card—Incidentals.

A Ridge Street Change.
Mr. J. E. Reau has purchased the house which stands on Ridge street next to Hon. D. H. Ball's and which was for several years occupied by the late J. A. Bailey. Mr. Ball sells the house in order to have it removed, as the change will give him an elegant lawn on both sides of his residence and make the place one of the finest residence properties on Ridge street. Mr. Reau will move the house to one of his lots on Pine street, north of Hewitt avenue, where he will fit it up in good shape and probably make it a fine home for himself. He will start his men at work on it to-day and will have the house on rollers and locate it on its new site as soon as possible.

New Bottling Works.
S. M. Jobe has purchased the bottling machinery formerly operated by Jacob Brown, and will start in the bottling business at once on his own hook. He will manufacture and bottle ginger ale, root beer, egg soda, seltzer and strawberry, sarsaparilla and vanilla sodas, selling them at the usual prices, and delivering them himself. Steve is an old and very successful hand at the business, and his thorough knowledge of it, coupled with the fact that he enjoys everybody's good will, cannot fail to make his venture a good one financially. He received all his supplies from below by a recent steamer, and is now ready to begin filling all orders which may be given him. He will conduct the business at its former location under Miller's saloon.

Railroad Reinforcements.
Recently the MINING JOURNAL noted the fact that a special effort was to be made to increase the list of associate members of the Marquette Young Men's Christian association among the railroad men of the city. The effort was made and has been crowned with marked success, nearly sixty railroad men having signed the associate membership roll, thus becoming entitled to all the privileges of the building, the parlors, reading rooms, gymnasium, bowling alleys, baths, etc. Among other classes of young men the roll is also growing larger steadily and the association was never stronger than it is at present. Mr. George C. Butterfield, the efficient secretary, has, however, set his mark a good way in advance, but if constant, enthusiastic effort will avail, the mark will be reached and that at a time not far distant.

Terribly Hurt.
Yesterday afternoon a little son of John Marleau was terribly hurt in his father's yard by being run over by a loaded wagon. The boy was climbing up on the front wheel of the wagon, which was loaded with dirt, when the horses started, throwing him to the ground. One wheel passed over his body. He was picked up and taken into the house, medical assistance being summoned at once. From the examination internal injuries are feared and it is very doubtful if the boy pulls through alive. Boys who are continually climbing on wagons on the street, despite the warnings of drivers, should learn a lesson from the accident of yesterday or they may yet learn it through experience.

A Pioneer's Card.
Mr. H. F. Handford, the oldest established exclusive boot and shoe dealer in Marquette, takes a crack in the MINING JOURNAL at the conundrum "Where shall we buy our shoes?" and believes that he can settle the question satisfactorily for all who will give him a call. In addition to his long experience in supplying the wants of the people of Marquette in this line, he has a large and fine assortment of boots, shoes, slippers and rubber goods out of which he guarantees a satisfactory fit for any customer and promises style, comfort and perfect fit combined. Glance at his announcement, which appears elsewhere on this page.

Slowly Coming.
Settled spring weather seems to have reached Marquette at last, at least the hope that such is the case has arrived. It is certainly high time, for a more backward spring has not been known here for years. Mr. E. Weiser, of Republic, who is in the city as the guest of sheriff Adams, states that in the woods near Republic the snow still lingers to a goodly depth, and that the "oldest inhabitant" of that new railroad center has gone out of business, satisfied that such a deal was never worked out that corner of Marquette county by the weather bureau before.

The Coming of a Welcome Show.
Our columns, to-day, announce the speedy coming of Sells Brothers' Enormous United Shows, Three-Ring Circus, Elevated Stage, Royal Roman Hippodrome and Five-Continent Menagerie. While the title is, however, an exhaustive one, it comprehends nothing that the Sells Brothers do not offer for the delectation of the public. The hippodrome is mentioned by the press abroad as presenting realistic and vividly exciting scenes of Rome's palmy days, and the circus offers a coterie of the best and most distinguished equestrian and acrobatic performers in the pro-

fession. The elevated stage is devoted to such special features as could not otherwise be produced, and the menagerie contains an unlimited variety of the strange and curious in animated nature. The show will be in Marquette, Monday, June 4th.

Substituted for the Payson Bill.
Congressman H. W. Seymour writes from Washington that he met Judge Payson, the well-known forfeiture congressman from Illinois, Saturday, and that he (Payson) informed him that in his opinion the senate land grant forfeiture bill would be substituted for his (Payson's) house bill and pass the house this session.

REPORTORIAL PENCLINGS.

Water rates must be paid before June 1st. The steamer Starucca, of the L. S. T. line, passed down last evening.

J. Fitzgerald has sold his stock of groceries to M. H. Foard, the Superior street grocer, who is moving the goods to his store.

Lake Superior Commandery, No. 30, Knights Templar, will attend divine service at St. Paul's church on Sunday, June 24th.

The reconstructed Lake Michigan & Lake Superior Transportation company's steamer Jay Gould has accommodations for 100 passengers.

In the case of the People vs Charles St. Aube, bastardy, tried yesterday in the circuit court, the jury brought in a verdict of guilty. The case of Lerue vs Slattery for damage because of accidental injury, is now on trial.

The temperature readings at the U. S. signal station yesterday, 75th meridian time, were: 7 A. M., 45 degrees; 3 P. M., 50 degrees; 10 P. M., 41 degrees; maximum temperature, 52 degrees; minimum temperature, 40 degrees.

The "Kumpny" is blockading the Manistique river with sawdust as usual and Montgomery, of the Sun, is wild. He can't keep his "prints" because there is so much sawdust in the water, and offers half his plant for two first-class compositors.

Under date of Lake Linden, the 21st, Prof. W. S. Anderson, of Pequaming, challenges Billy Lachapelle, wherever he may be at present, to meet him in a contest with hard or soft gloves for the lightweight championship of the upper peninsula and any amount of money that he chooses, the winner to take total house receipts.

The MINING JOURNAL has received an elegantly engraved invitation to the twenty-first annual session of the Michigan Press association at Detroit May 29th, 30th and 31st. Great preparations are being made for the occasion by the citizens' executive committee, of which R. A. Alger is the chairman. A grand meet will be the result.

Mr. D. Hammel, the well-known Appleton dealer in horses and cattle, will arrive in the city to-day with a carload of extra fine driving horses, selected with special care for the Marquette market. Anyone desiring a fine horse will do well to call at George W. Reed's "Palace" stables, in the Casino building, and examine the horses brought up by Mr. Hammel.

The Gorbic arrived at Buffalo Monday from Port Arthur with wheat loaded November 19. She wintered in McKay's harbor, on the north shore of Lake Superior, which she left May 13. It took her four days to get out of the ice. Last fall she was supposed to be lost for a long while but her crew finally turned up near the Sault, whither they had proceeded overland.

There are about thirty vessels, steam and sail, in the ice off Port Arthur, and suffering is likely to ensue on account of shortage of provisions, particularly on the passenger boats. The Alberta and Campana have large passenger lists, and the steamers have never been in the ice for a week. About a dozen people from the Alberta started to walk ashore over the ice Sunday, but most of them had to turn back. A few managed to reach terra firma, however.

A very peculiar accident occurred to Mr. I. C. Edwards, the press operator of the MINING JOURNAL, at a late hour last night. He had in the office a bottle of ginger ale for use with his lunch, and while he was near the table on which it stood, the bottle exploded like a bomb and a small piece of the flying glass struck him the eye, cutting into the eyeball just a little to the left of the pupil. He hurried out for assistance, the blood blinding him and running all over his face, and was taken to Dr. Northrop's residence for treatment. Three cuts were found in the eyeball, but none serious. It was a wonderfully close call, however, for the sight of his left eye.

PERSONAL MENTION.

Hiram Burt, of Detroit, is in the city on business.

J. B. Sweatt started yesterday on a flying trip to the Sault.

Oscar Hart, the Champion merchant, visited Marquette yesterday.

Will B. Davis, of Michigamme, was in the city on business yesterday.

Mr. and Mrs. Frank Pearce, of Negaunee, were in the city yesterday.

Mrs. D. F. Charlton left yesterday for a visit at her former home in Detroit.

Charles F. Orton arrived in the city yesterday from a business trip below.

Yesterday Messrs. Gibson and Heath, the Nestoria saw mill men, were both in town.

Dr. Alfred Duckett, of Republic, was in the city yesterday to give testimony in a case before the circuit court.

Nate M. Kaufman was in the city yesterday to assist his father to take care of that 51st birthday. He leaves for Chicago to-day.

Robert Morrow, formerly train baggageman and now night yard-master in this city, has taken W. H. Kelly's place as station baggageman during the latter's absence.

Said new issue will be coupon bonds, dated July 1st, will mature in ten years; will be of the denomination of \$50 each, interest 5 per cent per annum, payable semi-annually at Campbell & Wilkinson's bank, Marquette, Mich. Right reserved to reject any and all bids.

J. M. WILKINSON,
Pres't of Board of Water and Fire Com'rs.
Marquette, Mich., May 18, 1888. 5-19-11

\$100 to \$300 A MONTH can be made working for us. Agents preferred who can furnish their own horses and give their whole time to the business. Spare moments may be profitably employed also. A few vacancies in towns and cities. R. F. JOHNSON & Co., 1009 Main street, Richmond, Va. 6-27-11

THE PEACOCK SHOE
EVERY PAIR WARRANTED

WHO KNOWS WHEN NO ONE DAY OR WEEK

His name will come on the roll of accidental deaths?
Is more likely to be dangerous than any other, and to insure one's life for such period and leave it uninsured the rest of the year is as rank folly as to insure one's property against fire in the same way.

INSURE IN THE TRAVELERS, OF HARTFORD, CONN.,

Yearly Accident Policy,

Costing only \$5 a year to Professional and Business Men for each \$1,000 with Weekly Indemnity. No extra charge for European travel and residence.
HAS PAID POLICY HOLDERS \$14,500,000

The Travelers' resources are sufficient to pay at once the most enormous mass of claims that even great railroad and steamboat accidents can bring upon it. Pays all claims without discount immediately upon receipt of satisfactory proofs. Full principal sum paid for loss of hands, feet, hand and foot, or sight, by accident. One-third same for loss of single hand or foot.

TEN MILLION OF ASSETS. TWO MILLION OF SURPLUS.

The TRAVELERS Insurance company has paid through the Agency of
PETER WHITE, MARQUETTE, MICHIGAN,
Since June, 1883, for Accidental Deaths or Injury Losses Over One Hundred and Twenty-Three Thousand Dollars.

NOT ONE CLAIM FROM MY OFFICE EVER CONTESTED!

A. A. Anderson, of Ishpeming, ex-Sheriff of Marquette county, was thrown from his buggy in the month of June last, and killed. He held an accident policy of \$5,000. Cost \$25.
