NINE

Reasons why you should buy all your Groceries of

Steele & Lobdell

First—It insures good feeling and better digestion.

Second—It makes you think more of your own affairs and less of your neighbors.

Third—It makes your husband feel better, look handsomer and live longer.

Fourth—It makes him get up earlier, make better fires and go to church without grumbling.

Fifth—It makes him come home early in the evening and forget to go to the lodge or club.

Sixth—It makes the baby grow louder, cry less and grow fat.

Seventh—It makes the cold weather warmer, the rain seem a blessing and the mud a necessity.

Eighth—It makes dinner easier to get, makes the roast juicier, the bread lighter and the desert delicious.

Ninth—It makes everybody happier and better, healthier and wiser.

Therefore do it and make us happy and you will never regret it.

A PENSION DISCUSSION.

Stone of Missouri Attacks the Pension Policy Pursued by the U. S. Government.

CHIPMAN MAKES AN ELOQUENT PLEA FOR THE VETERANS.

OLLIVER and Flower Also Speak For a Pension List—A Bill to Provide For a Liquor Traffic Commission.

THE HOUSE.

WASHINGTON, April 4.—After reading the journal the house proceeded to the consideration of various private pension bills coming over from last night's session. In speaking on the bills, Mr. Stone (Mo) declared that no people had been so despoiled and burdened under the name of patriotism and under the guise of pension laws as had the people of the United States. He denounced the demands of the G. A. R. and asserted that the presidency was put up and sold to the highest bidder. Thank God there was one grand man who had declined to be a party to such a sale. Though he had fallen, he had fallen bearing the reputation of wise and incorruptible statesmanship and enjoying the respect of every honest citizen. Applause on the democratic side. Benjamin Harrison had attained his office by the cash raised by Wanamaker and disbursed by Dudley. He (Mr. Stone) believed the government had been generous enough to the soldier.

Mr. Lane (Ills.), favoring the bills, referred to the remark made by Mr. Stone that a contract existed between the government and the soldiers, and said that the man who would declare that was an ignorant of the relations between the government and the soldiers as a Hottentot.

Mr. Chipman (Mich.) criticized and denounced the speech made by the gentleman from Missouri. It was not the time to talk of the cost of pensions. He well remembered the day when the cost was not counted; when the government was prodigal of its money and lavish of its blood; when the motives which brought men under the flag were not closely analyzed; when the man who enlisted was the hero of the hour.

Then no man was mean enough to suggest that men went out at the risk of their lives for the paltry pay of \$16 per month. The man who would make such a suggestion would have been whipped and scourged and looked upon as a rebel. He could not have lived in decent society. The gentleman from Missouri (Mr. Stone) cried halt, but the time for a halt had not come and would not come until a reasonable pension was made for the needs of every soldier in the country. The pension system must continue until the last soldier who served his country was dead and gathered to his fathers (Applause).

Mr. Olliver (La.) made an eloquent appeal in favor of higher pensions. The defense of the unity of the republic had been a costly enterprise, but the American people had been willing to pay the cost to the last penny. They were willing to pay their debt. To-day there was not in all the land a veteran soldier of the republic to whom the republic was not a debtor. Every dollar of national wealth in the treasury was encumbered by the inviolable debt to the men and women who shed their blood and tears in the hours of the nation's peril. (Applause.) In every financial center in the world, the credit of the United States was better than gold, but before God he would rather see the framework of our financial system put to open shame before the world than to see a care-worn veteran of the union army driven from the public treasury by the money power, holding in his hand the broken promise of Abraham Lincoln. (Applause.)

Mr. Flower (N. Y.) raised his voice in favor of the union soldier and the pension list. Five private pension bills were then passed and the house went into committee of the whole. Mr. Allen (Mich.) in the chair, on the private calendar. The bill for the allowance of certain claims for stores and supplies furnished by the United States army under the provisions of the Bowman act was discussed at length, mainly on points of order; in the course of which discussion Mr. Allen, (Miss.) created merriment by his reference to the committee on rules as a body capable of doing anything under God's heaven. Pending action the committee rose and the house took a recess, the evening session to be for the consideration of private pension bills.

GENERAL GOSSIP.

Representative J. D. Taylor, from the committee on the alcoholic liquor traffic, reported to the house the bill agreed upon by that committee providing for the appointment of an alcoholic liquor traffic commission. The report of the committee says a large portion of the people have for a long time desired an honest, intelligent, impartial and thorough investigation of the liquor traffic in all its phases. Reference is made to inquiries in reference to similar commissions in England which have had remarkable results and warrant further investigation. Reports from domestic sources indicate that the liquor traffic causes four-fifths of all the crimes committed; causes the expenditure of \$900,000,000 a year in drink; incapacitates mentally and physically half a million people for labor and business; causes three-fourths of the pauperism of the country; is responsible for the fearful increase in insanity and imbecility, and does no good to anybody. Therefore, says the report, let us have an investigation and let the

world know the truth or falsity of these assertions.

The report of the special committee appointed by Secretary Windom to investigate the charge of cruelty and intoxication against Capt. M. A. Healy, commander of the revenue steamer Bear, was received at the treasury department to-day and referred to Captain Shepard, chief of the revenue marine division, for review. The committee finds that the conduct of Captain Healy in punishing three seamen from the bark "Estelle" was justifiable under the circumstances, the evidence showing that they were mutinous and insubordinate and that Captain Healy punished them only after all other efforts to restore order had failed. In regard to the "tricing up" of several of the crew of the bark "Wanderer" the committee reports that the evidence showed that the men were mutinous; that the vessel was in an exposed condition, and

ALL REASONABLE EFFORTS were used to persuade the men to resume their duties, and that they refused to do so; that there were no courts or peace officers within reach and therefore the punishment of the crew as a last resort to suppress mutiny was justifiable. The committee finds the charge of drunkenness wholly unsubstantiated and says: "The testimony goes to show that Captain Healy has been a particularly intelligent, zealous and efficient officer in the discharge of his difficult and perilous duties in the Arctic; that he was humane and kind to his men and to shipwrecked sailors and unfortunates whom he relieved and who were in many instances thrown upon his personal bounty."

MINERS ORGANIZE.

Nine Hundred Gogebic and Penokee Miners Form a Union.

MILWAUKEE, Wis., April 4.—An Ironwood, Mich., special to the Evening Wisconsin says: Nine hundred miners of the Gogebic and Penokee ranges met here this morning to organize a union. The delegates present represented 6,000 men. Committees were appointed, three men from each mine on the ranges, who are to canvass every mine for members. The committees on by-laws, organization, etc., will report at a meeting to be held here Sunday, April 27, when officers will be chosen. The chief object of the union is to direct a blow at the system of physicians and medical attendance prevalent at all the Lake Superior mines.

At a meeting of the board of supervisors at Hurley last evening a right of way was granted the Ironwood Electric Street Railway company to construct a line through the city.

ELECTION OF SENATORS.

House Judiciary Committee Favors Election of U. S. Senators by Direct Vote.

NEW YORK, April 4.—A Washington special to the Post says the house judiciary committee has voted to report an amendment to the constitution providing for the election of United States senators directly by the people.

Schweinin's Latest.

ROCKFORD, Ill., April 4.—Schweinin's latest sermon was directed against the press and reporters. He pronounced the stories published about himself and "Heaven" a tissue of daily reiterated lies, and denounced the reporters as lost blackguards. The city of Rockford, he said, was doomed to some swift and fearful calamity in which there would be such a spectacle of disaster as would horrify the world. This would be the result of the wickedness of the city and the sneers, scoffings and revilings with which the citizens deluged him, the Lord's anointed.

Detained at Quarantine.

BALTIMORE, Md., April 4.—Quite a commotion was caused among shipping men to-day by the report that the American ship, A. McCallum, Captain O'Brien, from Rio, was detained at quarantine with yellow fever aboard. The rumor gained a good deal of credence, but it could not be verified, the health department being closed. Captain O'Brien was not allowed to come to the city by order of Dr. Heickill, who is in charge of the quarantine. It was definitely learned later that three of the sailors had died on the passage, the first of yellow fever. Captain O'Brien said the other two did not die of yellow fever and that there was no epidemic on the ship. The man who died contracted yellow fever while the ship lay at anchor at Rio. All were buried at sea.

Holding Court Under Difficulties.

LOUISVILLE, Ky., April 4.—At Harlan Court House, where Judge Boyd is holding court with a company of soldiers to prevent the intimidation of jurors, My Hall has been convicted of murder and sentenced to twenty-one years imprisonment. A venire from the adjoining county has been summoned for a jury to try Will Jennings, leader of the Howard faction. Jennings will first be tried for the murder of William Bailey. County Judge Wilson Lewis, who led the law and order party in the effort to bring Howard and Jennings to justice, is dangerously ill of typhoid fever.

No Cause For The Act.

UTICA, N. Y., April 4.—Annie Leon, a pretty girl, 16 years old, left her place in one of the Little Falls mills yesterday saying she was not going to return. This morning her hat and coat were found on a rock by the river bridge, with a farewell note to her mother in the pocket of the coat. A figure was noticed on the rock last night about dusk. The river is being searched for the body. No cause is known for the act.

One Boy Kills Another.

LOUISVILLE, Ky., April 4.—At Jeffersonville this afternoon John Aldridge, aged 16, and William Gleason, aged 18, both employed in the car works, quarreled and Aldridge hit Gleason with a piece of iron, killing him. Aldridge is in jail.

MYSTERIOUS SHOOTING.

A Prominent Citizen, of Mt. Vernon, N. Y., Shot Under Peculiar Circumstances.

MOUNT VERNON, N. Y., April 4.—Much excitement prevailed here this morning over the announcement that a bold attempt was made to assassinate F. W. Chivvis, a well-known citizen, of Mt. Vernon, who was a member of the late dry goods firm, of Conkling & Chivvis, of New York. The most sensational reports were circulated regarding the shooting and it was said that Mr. Chivvis had been shot down on the highway for the purpose of robbery, it being generally known that he always wore valuable diamonds. On investigation it was learned that Mr. Chivvis, accompanied by Frank Wright, the principal of a public school in New York, and Brewster Smith, the well-known carriage builder of New York, were out to dinner last night and that the shooting occurred while they were returning home.

Mr. Chivvis's residence is in that part of Mount Vernon known as Chester Hill. The three gentlemen were evidently in a merry mood and it is reported that Mr. Chivvis was wounded while skylarking with his companions. Mr. Chivvis himself says he was shot on account of being mistaken for a burglar while attempting to enter the house adjoining his own residence, by mistake. The persons who know the exact facts are reticent. Chivvis was fired at twice. One bullet entered his right breast and passed around the ribs to the back, where it was extracted. The other bullet passed through his clothing. It is not yet known whether the wound is fatal.

EVICIONS IN NEW JERSEY.

Farm Mortgages Being Foreclosed and the Debtors' Homes Taken.

MAY'S LANDING, N. J., April 4.—The misfortune which has come upon the farmers of the town of Germania causes intense excitement all over southern New Jersey. Over forty families are now homeless. Sheriff Johnson of Atlantic City, has sold within the last two days 200 farms to satisfy mortgages which have been foreclosed. One of the farmers evicted was George Ling. His misfortune made him crazy and Tuesday night he set fire to his home and burned it to the ground, he dying in the flames. Another farmer, Fred Wersho, has barricaded himself in his house and announces his intention to keep possession or die.

A Much Married Smiler.

NEW YORK, April 4.—Harris A. Smiler, who killed his wife last night, was arrested this morning. He is now known to have two other living wives from whom he was never divorced. When quite young he married a girl named Maggie Keane, whom he deserted some years ago and who is now living in Harlem. Afterward he married Mrs. Gates, a widow who lives at 441 West Twenty-sixth street. He deserted her two years ago to marry the woman he killed last night. She was a Mrs. Dranon, a widow with two children who came from Poughkeepsie. While living with her he frequently visited his first wife and the latter now has a baby six months old. Smiler abused and beat his third wife and she had several times had him arrested. She finally left him altogether and took refuge with Mrs. Wilson, where she was killed. It is believed that Smiler intended to kill all three of his wives and to commit suicide. When told his wife was dead, Smiler answered: "All right, then I will hang. Bury me in the same grave with her." Three years ago Smiler was a soldier in the Salvation Army.

A Doctor's License Revoked.

ST. PAUL, Minn., April 4.—Dr. Theodore Dedolph's license to practice medicine in Minnesota has been revoked by the state medical board. It was charged that last October Doctors Dedolph, (Frederick and Theodore) were called to reset a broken arm of Gerhard Toensing, a German manufacturer of this city. The effect of the chloroform was passing off the patient struck at one of the physicians and Dr. Theodore hit him in the eye, permanently injuring his sight. The case was brought before the board in March, some few months after the occurrence. Both the doctors and their servant say Toensing inflicted the injury on himself and the doctors claim the case is one of malicious persecution and is instigated by certain physicians of another school of medicine. The doctors have both been of high standing and have had a large practice in this city for many years. The decision debars Dr. Theodore Dedolph forever from practicing in this state.

Gone to Kill Indians.

PERT, Ind., April 4.—The third mysterious disappearance in the last week of boys under 16 years of age from this city, is that of 15-year-old Walter Learn. Notwithstanding the employment of every means, nothing has been learned of his whereabouts. Other cases are those of Ora Osborne and Frank Etkin. The most diligent search has failed to reveal any trace of the boys. Cheap literature is supposed to be the primary cause of the epidemic.

Coal Companies Import Men.

PITTSBURGH, Pa., April 4.—Seventy negroes from Halifax county, N. C., arrived here to-day to work in coal mines. The negroes are to be paid from \$1 to \$1.50 per day at the start. The miners say there will be trouble if the new men work for less than the scale rate.

Good News For Idle Miners.

SHAMOKIN, Pa., April 4.—Work at the Henry Clay colliery, which has been suspended for three months, will be resumed on Monday, giving employment to 1,500 men.

Forecast of the Weather.

WASHINGTON, D. C., April 4.—8 P. M.—The signal service reports the following as its forecast for the next twenty-four hours: For Michigan and Wisconsin: Fair; warmer; variable winds, becoming southerly.

MARQUETTE, MICH., APRIL 5.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

That gull egg factory has at last been "located" at Sault Ste. Marie. The Sault Herald locates it in the News' building.

The Toledo Blade says that for some years past there has been a noticeable lessening in the depth of the water in the great lakes, but that since last season the water has risen. "Captain Mekleham, of the steamer Flora, says that he has talked with many lake men who have been keeping observations of the depth of water in the different lakes, and that they agree that the depth is increasing. Lake Erie is one foot higher, and Lake Superior has about six inches greater depth than in 1889."

CONSISTENCY commands admiration and respect and for that reason if for no other we confess a growing feeling of regard for the Soo Kicker, as it is often styled. Here is the way it tackles the Stradley-water power canal controversy: "It is alleged that John G. Stradley is trying to kill the water power canal scheme. Well supposing that he is. Is it better that an honest man should be defrauded out of all he owns, or that a large swindle should be brought to an end?"

Will Queen Victoria abdicate? That is the problem which is now puzzling a good part of the world. The Queen is growing old and her infirmities are such that there is a general feeling that she should retire and allow the Prince of Wales, who at 48 is almost an old man instead of being at his prime, to taste the sweets of power for the few years which may be left him. The old lady, however, isn't given to consulting Wales' wishes to any alarming extent, or those of her subjects in general, so it would be just like her to hang on in spite of her 71 years. When June 20th is here she will have reigned 53 years and in that time has seen changes on every European throne, with possibly one exception.

MONTANA mines are taking the lead in utilizing electrical power for mining purposes, electric tramways, drills, hoists, etc., being successfully used there at the present time. The celebrated Alta mine at Helena has a 45 horse-power hoist in operation, the power for which is transmitted by wires over a distance of about a mile and a half, 1,800 feet of this distance the current being transmitted under ground. A mining railway covering some 6,000 feet, the major portion of which is subterranean, is being completed at Livingston, the locomotives of which are to be supplied with power on the storage battery system. The day should not be far distant when most of the mines in the eastern part of Marquette county will secure the power necessary for mining purposes from the now useless water powers of the Carp and Dead rivers.

JUDGE STONE'S ACCEPTANCE. Judge Stone's formal acceptance of his nomination by the two Escanaba judicial conventions to succeed Judge Grant as judge of the 26th judicial circuit, as wired by him to the MINING JOURNAL, is as follows:

Houghton, April 4th. To the Judicial Conventions recently in session at Escanaba.

GENTLEMEN:—I have received notice of your action. While not seeking this nomination, yet the manner in which it was tendered induces me to accept it in the hope that if elected I shall so administer the office that the people of the circuit will be fully satisfied with your action.

JOHN W. STONE. We can assure Judge Stone that the people of the 26th circuit feel as firmly convinced of the fact that they have secured a splendid successor to Judge Grant as they do that he will be elected as such successor by a unanimous vote.

The "Flowers That Bloom" in the Spring, fragrant and fresh in their vernal beauty, are welcome indeed after Winter's long and cheerless reign. The birds, also, with their merry roundelays, the balmy breezes, the running brooks, and the far-reaching meadows robed in velvet green—all these charm every sense and fill the soul with gladness. But there is something that is more welcome in Spring than flowers and birds and breezes, running brooks and meadows green, and that is a medicine that will gently purge and cleanse the blood of the fatty and noxious impurities that have collected in it during the Winter, and leave it pure and wholesome and in proper condition for a long hot spell.

Such a medicine is Pe-ru-na, the great Blood Purifier and Tonic. Take it in time and tone your system up. It will fortify you against the most debilitating effects of the heat. Don't forget that it is also, for your bowels. \$1 a bottle each. For sale by H. H. Stafford & Son, Marquette.

Dr. Le Duc's Periodical Pills. This great French remedy acts directly upon the generative organs and positively cures suppurations of the uterus (from whatever cause) and all periodical troubles peculiar to women. A safe, reliable remedy, warranted to excite menstruation. Should not be used during pregnancy. Full directions accompanying each box. \$2 a box. Robert Stevenson & Co., Wholesale Agents, Chicago. The genuine article supplied at Marquette by H. H. Stafford & Son. 5-8-13

MILL AND FURNACE NOTES.

W. S. Brooks, C. L. Beal and T. D. Rober, of Joliet, Ill., have incorporated the Joliet Wire Nail company, with a capital of \$50,000.

English investors are after the paper-milling interests at Rochester, N. Y. One million dollars will be paid for two-thirds interest in one mill at Glen Falls.

A company has been formed in Cincinnati with a capital of \$300,000, to manufacture cast iron plate. It is said the company will locate its new works near Brighton.

The Baldwin Locomotive works are running day and night, and still can not keep up with the orders which they have on their hands. The company intends enlarging its works this year.

The Toledo and Ohio Central will add over 2,500 new cars to its present equipment within the next four months. The great difficulty with the road is that the carbuilding companies are not able to turn out the cars fast enough.

Four hundred employees of the Sheldon Axle company, at Wilkesbarre, Pa., have struck. The cause arises from the suspension by the foreman some time ago of three men, working black, and the employment of others in their places.

All departments of the Pennsylvania Steel company, at Steelton, are in full blast. The Universal mill is pressed with orders for large slabs and heavy blooms. Two blast furnaces are making spiegel and two Bessemer iron, and are producing largely. The new blowing engine at No. 2 Bessemer has been completed and set in motion.

American locomotives were built and sold for \$3,000 to \$5,000 less than it costs to build an English locomotive, and this why our locomotives can be sold in Australia and South America. The reason why American engines cost less lies in the fact that there is more automatic machine work employed in construction of engines. We have superior tools and do not depend so much upon skilled hand-work here as they do in England. It is the same with everything, from clocks and watches up to hydraulic presses.

The North Star Iron company has been incorporated for buying, selling, mortgaging, leasing, improving and disposing of or otherwise dealing in lands containing iron ores, partly in Maryland and partly in other states, and for developing the same and preparing for market lumber, mineral and other products. The corporation is to have a capital of \$5,000,000 divided into 50,000 shares of \$100 each. The operations of the company are to be carried on in Maryland and Minnesota.

An experiment was tried at the Crown Point iron company's plant, of blowing iron in a furnace, on the occasion of their relining and starting in blast one of their large furnaces. After the firebrick were in place a cheap article of graphite or plumbago was bought, reduced to a paste with water, and the interior of the furnace washed with the plumbago paste. It gave a slippery glaze—incident to the lubricating quality of the plumbago—to the firebrick lining, which lessened to a considerable extent the time necessary to a heat. The slippery surface refused to be coated with slag or other refuse, and the charge passed down in less time and left the lining free and clear.

MICHIGAN ITEMS.

A bad accident occurred at No. 5 shaft of the Michigan mine a few minutes after 4 o'clock Thursday afternoon, a rock weighing several tons breaking loose, and falling on Frank Fredrickson. Although he was master, he was in a terrible manner, he lived until they brought him to his home where he died at 7 o'clock in the evening. The deceased was a native of Sweden, and leaves a wife and three small children to mourn his sad fate. He was always an industrious and hard working man, respected by all who knew him. The funeral will take place Sunday afternoon.

The only opposition to the regularly nominated ticket is that of Chris Olson, who runs against John Pote, the caucus nominee. The following is the township ticket put in nomination at the caucus Saturday evening last and which will probably be elected next Monday. It is substantially the same as last year: Supervisor, J. C. Fowle; clerk, Peder Jakobsen; treasurer, H. J. Atkinson; justice of the peace, Chris Pineda; drain commissioner, Nels Olson; highway commissioner, John Pote; overseer of highways, Antoin Munch; school inspector, John Milroy; board of review, C. F. Lundstrom and H. J. Atkinson; board of master, Nels Molin; constables, John Veale, Wm Harrington, Martin Anderson and Antoin Munch.

The little three-year-old daughter of Mr. and Mrs. Cal Johnson met with a sad fate Monday evening. Her mother was engaged in washing and the little girl was playing around the floor, when she stumbled and fell into a tub of boiling water and was scalded to death. She died early Tuesday morning. The remains were taken to Appleton, Wis., on Tuesday, for burial.

A crew is at work exploring the old Sheldon property again; a diamond drill will soon be started there.

The mild weather is breaking up the lumber camps. The Michigan Lumber company broke camp yesterday and large crews of lumbermen leave here daily.

Capt Harry Marks has brought in some very fine specimens of hard ore from the Pine Iron company's property south of here. The shaft is 30 feet deep, and a drift is six feet in good hard magnetic ore.

A miner by the name of John Anderson fell down No 6 shaft Tuesday night and received a severe injury on his head.

Supt. J. C. Fowle and family arrived home yesterday from their trip east.

Messrs. Christian Plumbach and Andrew Larson are expected home to-day from their trip to Denmark.

Mr. John Hickey is fitting up the old warehouse in the A. O. U. W. building as a store, and it is rumored we are soon to have still another store in town.

THE OLD ENEMY.

It is known as a painful inflammation affecting the muscles and joints of the human body, the symptoms of which are swelling of the joints, acute pains and aches. St. Jacobs Oil cures promptly and permanently this enemy which is:

RHEUMATISM.

Sandyville, Ohio, June 18, 1888. Was taken with rheumatism in 1861; suffered at times ever since and used crutches. St. Jacobs Oil relieved me about two years ago. GEO. L. NIXON.

AT DRUGGISTS AND DEALERS. THE CHARLES A. VOGELER CO., Baltimore, Md.

REPUBLIC ITEMS.

At a meeting of the Iron City Exploring Co. held at the Republic mine office on Thursday, the following officers were elected: Peter Pascoe, president; F. H. Kearney, secretary; and M. Gleason, treasurer.

Mr. Arthur Kearney, of the firm of F. H. Kearney & Co., is at present in Chicago selecting goods, and will pay a visit to his old home at Rio, Wis., before returning.

Marshal Glode was not a little shocked when called into a certain saloon a few evenings ago, to find a poor fellow stretched out apparently lifeless upon a pool table with his head banded up in a sheet. He lost no time in calling upon a couple of bystanders to assist him in endeavoring to resuscitate the fellow, when lo and behold "Mose" suddenly released himself from the sheet and appeared as robust as ever, much to the merriment of those who congregated about the pool table.

The Toledo and Ohio Central will add over 2,500 new cars to its present equipment within the next four months. The great difficulty with the road is that the carbuilding companies are not able to turn out the cars fast enough.

Our street lamps seem to act a little queerly. Sometimes when it is not very dark, the lamps are very brilliant; and again when the nights are black "as Egypt's night" the lamps are darker. Rise and shine.

The opposition to the nominated ticket, we find, will be William A. Allen, for supervisor; Samuel E. Munson, for clerk; Matthew Keese for highway commissioner; and Gilbert Beauchamp for overseer of highways. The balance of the ticket will not be contested.

David St. Onge, N. Aubin, Dennis Varner, Theo. Nadon, Charles Trotter, and two or three others from this locality, have left within the past week to make arrangements for settling upon homesteads, along the western division of the D. S. S. & A.

Mark Eddy, late cashier at Jacob Scholzen's Hotel, is about to start a livery stable and wishes to announce that he will always "have" a good "horse" on "and."

The Madison Square Uncle Tom's Cabin company have billed the town for a performance in the Town Hall Tuesday, the 5th inst. This company bears an excellent reputation. Reserved seat tickets may be procured at Munson & Peterson's.

In consequence of a partial break up in William Allen's camp, a number of lumbermen have found their way to town, but, knowing Marshal Glode, they are very peaceable.

Mr. W. W. Manning, agent of the Ayer estate, has started a drill on section nineteen.

The Good Friday services at the M. E. church were fairly attended. Rev. S. R. Williams' discourse was very appropriate for the occasion, and was listened to with marked interest.

The "Hearts of Oak," and "Silver Cornet" bands promenade our principal streets last evening, discoursing very sweet music. We hope that our band boys will meet with the encouragement that they deserve from our citizens this season.

Will the young man who fell off the new building at the corner of Kloman avenue and Front street last week, without sustaining any injury, kindly leave his name that he may receive a beautiful McGinty medal!

Mr. E. Tucker has respectfully declined the nomination for school inspector.

Matt Gibson, Sr., and Joseph Mitchell, of Champion, were in town Thursday attending a meeting of the Iron City Exploring company.

Mr. and Mrs. H. P. Johnson, of Marquette, were in town this week visiting their many friends.

William Allen was in Menominee Thursday.

P. Pascoe, Jr., of Champion, spent Good Friday with us.

Mr. W. E. Tyler assumed charge of the M. & N. depot here yesterday.

Barber Durose's Good Luck. Ticket No. 12,122 drew the second capital prize of \$100,000 in the January drawing of the Louisiana State Lottery. One-twentieth of this ticket was held by Cornelius N. Durose, who was found yesterday by a Sun reporter at his barber shop, 103 1/2 Campau avenue. "I received the \$5,000 through the American Express Co. and it came to me like a God send," said the fortunate man. "I held the ticket absolutely and no one was entitled to a division of the prize as has been reported. The money I will invest in real estate.—Detroit (Mich.) Sun, February 9.

DRY SLAB WOOD. Price \$2.50 per cord. Leave orders at stores of A. S. Westlake and Steele & Lobdell, or at my store. GEO. L. BURTON.

Drop a Nickel

in your grocer's hand and get a package of PYLE'S PEARLINE—the original and best Washing Compound. It will save you time, trouble, health, wear and tear, which cannot be computed in dollars.

It's better—easier—quicker than soap for washing clothes and housecleaning; if that's not true, what becomes of the many, many millions of packages sold annually? What induces the hundreds of imitations? Did it ever occur to you as strange that almost every imitation of Pearlina is given a name ending in INE? A "wolf in sheep's clothing" trick; depend upon it, their tricks don't stop there. Peddlers and unscrupulous or misinformed grocers will tell you this (an imitation) is "good as Pearlina," "same as Pearlina," etc., etc. It's false—there's nothing like Pearlina—nothing as good as Pearlina. Why?—that's our secret—but you will recognize and share the benefits of that secret when you use Pearlina. JAMES PYLE, New York.

inception

SUNDBERG'S SAND.

A Negaunee Man Who Believes in Assisting His Town to "Get a Hump on Herself."

Phil Kirkwood Says "No"—Good Friday Duly Observed—How the Tickets Will Read—Other Notes.

Sundberg's Enterprise.

Though Charles Sundberg, who a few days ago bought the Jackson House property, will not be able to begin building operations on the site before August 1st, owing to the fact that the present tenant, Isaac Jane, has a lease that does not expire until that time, he was nearly formulated his plans regarding the property. In the first place he has secured 50 feet frontage adjoining his recent purchase, giving him a total frontage of 125 feet. On this site he will erect a large three or four story block. The major portion of the block will be occupied by a hotel. On the ground floor will be the hotel office, a large barber shop and a drug store. The upper stories will be used for the hotel, and Mr. Sundberg may alter his plans so as to provide for an opera house in the block. The block will cost in the neighborhood of \$125,000, and will be built by a stock company, Mr. Sundberg having a majority of the shares, thus holding the controlling interest. He now wants to see some experienced hotel man and get his ideas as to a model hotel. This done he will have the plans for the structure made as soon as possible and will begin the work of construction on August 1st.

Mr. Sundberg and the new men who are associated with him in this enterprise have ample funds, and the MINING JOURNAL is pleased to see that they propose to invest some of their wealth in an enterprise that will redound to the benefit of the city. To Mr. Sundberg belongs the credit for the inception of the idea. And it may be mentioned in this connection that the enterprise noted above is but a forerunner of what is to follow. A number of Negaunee men have been liberally dealt with by Dame Fortune, of late, and, like Mr. Sundberg, they propose to do what they can to build up the city.

He Says No.

Mr. P. B. Kirkwood collared the reporter yesterday morning and told him to strike his name from the opposition ticket "quicker'n seat." He said he would not run under any consideration whatsoever, and that his declination as given to the committee that had waited upon him, and repeated to the reporter yesterday was final. A strong demand was made upon Mr. Kirkwood to run but he has had all the honor he wishes, having been mayor of the city for a couple of terms and held other offices of trust in the municipal government.

Good Friday.

Yesterday was Good Friday, and appropriate services were held in the various churches, the services being very well attended. There was scarcely any work done at the mines and the streets were thronged all day. The day not being a legal holiday the saloons were open, but up to 6 o'clock last night there was very little drunkenness and there had been no street disturbances of any kind. The weather was pleasant, and those who sought relaxation from their work by looking about the city evidently enjoyed themselves. During the afternoon the English Oak band appeared on the streets and rendered some very fine music, attracting large crowds. The band has improved wonderfully and now does very effective work.

In the evening a supper and entertainment was given at the opera house that was largely attended. The proceeds went to the Methodist church, and the managers of the affair had a neat sum of money to turn over, while those who attended had a pleasant evening.

The Situation.

The nomination ticket, which now takes the name Citizens' Ticket, and which was published yesterday morning, was shovelled through the ward caucus and city convention Thursday night in a manner that plainly showed that the party which is supporting the nominees proposes to fight for its ticket to the bitter end.

With the exception of the declinations of P. B. Kirkwood and John Mulvey, both of whom received a strong request, to head the opposition ticket, the situation remains unchanged. The "peoples" or opposition ticket will probably endorse the nomination of J. H. Primeau for recorder. In this event both Frank M. Beney and Joseph Maynard are expected to run independently. Unless an opposition mayor is found, the head of the convention ticket will go unchallenged. For the ward offices, a bitter contest will be made.

Owing to a mistake made yesterday the list of opposition ward candidates is herewith given: For supervisor, no opposition, unless Reiner Howan be induced to run in the Second ward. For aldermen—Acil Ethier, First ward; Baptiste Barasa, Second ward; Charles Thoren, Third ward.

Every man not now registered should attend to this important duty to-day without fail.

Thursday night, about midnight, a man was assaulted near the South Shore railroad track, and then as he started to go away he was fired at—all the result of a little election talk and an over-indulgence in budget. The affair will be taken up by the courts to-day. The advice may be uncalled for, but the MINING JOURNAL can assure those who are inclined to commit misdemeanors of the kind mentioned above, that the fact that an election is approaching will not lead the city authorities to excuse such conduct for a moment.

It having been reported that Eliza Roberts was to run for school inspector on the peoples' ticket, that gentleman wishes to say that he does not want the office, and furthermore, that he is supporting Wm. J. Allen, the nominee on the citizens' ticket.

In the midst of the political excitement, do not let the fact escape your memory the K. O. T. M. dance takes place at the opera house Monday evening.

P. A. Foote takes charge of the union depot dining room to-day.

Register to-day!

BUCKLEN'S ARNICA SALVE. The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, fetid chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. HOW SWEET IS UNITY!

The Stockholders of the Chicago World's Fair Association Hold a Stormy Meeting.

AN ATTEMPT TO CARRY THROUGH A CUT AND DRIED LIST OF DIRECTORS

Precipitates a Row That Approaches a Riot. Carter Harrison Starts the Music and Everybody Takes a Hand.

CHICAGO FAIR ASSOCIATION.

CHICAGO, April 4.—The stockholders of the Chicago World's Fair Association, representing 500,000 shares at \$10 each, met for organization in Armory D this morning. At 8:30 the wicket in the great door at the entrance opened and the stockholders with credentials in hand began to pass in. Previous to the opening of the meeting, printed tickets, bearing forty names of prominent citizens, who, it was suggested, were well fitted to become directors of the association, were passed around. It was explained that this was merely in the way of a suggestion for the benefit of stockholders who had not the acquaintance or time necessary to make up a good ticket, and that five blank spaces were left to be filled in by each individual voter in the belief that the meeting would want to make the board consist of forty-five men. It soon became evident that there was

AN ELEMENT OF DISSATISFACTION in the meeting. As soon as the preliminary were disposed of, ex-Mayor Carter H. Harrison walked to the front and mounting a chair said he desired to move that the number of directors be increased to seventy-five so that the poor men would secure a fair representation on the board. He did not want to cut out the names mentioned; they were good men, but he wanted to see localities represented which were now being slighted. Mr. Harrison was followed by Washington Hering, who made a great sensation when he openly charged star-chamber proceedings and that the ticket had been prepared by the South Side Street Railway company and the First National bank. A few hisses greeted this thunder bolt, but the cheers were weightier.

THE FOREIGN NATIONALITIES in the city had been overlooked. The Germans had been honored with two names; the Irish with only one. In behalf of the whole city he deplored the attempt to force forty star-chamber names on the city. It was narrow minded and selfish and he seconded Mr. Harrison's motion to make the number seventy-five. More hisses, groans and loud cheering followed. Victor F. Lawson moved as an amendment that the number of directors be forty-five. They followed a wild scene. Harrison and others speaking on the railings of the chair. Thomas B. Bryan took the platform and spoke eloquently on the dangers of the dissensions which were arising. He said Chicago's rivals for the fair would gloat over the quarrels in this meeting, the whole world would know of it, the oft-boasted unanimity would be widely ridiculed and Chicago would be the sufferer. At 1:15 the noise became simply deafening. A hundred stuck-holders, big and little, jumped to seats of chairs and all talked at once. Fifteen minutes of something which more nearly

APPROACHED A RIOT than anything else were spent before the tellers had supplied the hundreds of voters with ballots. Speeches were made in a dozen parts of the hall at the same time. A vote was finally taken and the motion to increase the directors to seventy-five was lost. Victor F. Lawson moved that nominations be made by the voters present sending to the secretary the names of whoever they desired to represent them. The motion prevailed and each of the several thousands present prepared a list of forty-five names and sent it up. All the forty names on the printed list were nominated, and many more, ranging from Chauncey Depew, of New York, to John Smith, of the Sixth ward. When all the votes had been cast the meeting adjourned. A great deal of time will be required to count the votes, and the result will not be known till next week.

Let the Good Work Continue.

NEW YORK, April 4.—The senate committee to investigate the cities of this state, and which has recently probed the sheriff's office, will tomorrow be called upon by the men of the Central Union Labor Union. They will present the investigators with a formidable document, which alleges that the police department is "a menace and a disgrace to the city." The force, as a body, is characterized as "dishonest, brutal and even criminal." It is charged with having "reduced the art of blackmailing to a science; maintained a system of terrorism over certain classes; exerted itself in the interests of certain candidates; established a system of espionage over respectable citizens for no other purpose than to persecute them should they offend the powers that be." The presentment further charges that men pay a large bonus for positions on the force, so profitable has the business become, and that a man must buy his grade from the roundsman up to the superintendent. "It is a matter of common notoriety," continues the document, "that the police officials regularly levy tribute on every immoral den in the city; that the outcasts who walk the streets pay toll for playing their degrading vocations; that the saloonkeepers are compelled to pay for police protection, and every gambling den in the city pays for the privilege of existence."

Passenger Train Derailed.

St. Louis, April 4.—As the south-bound Omaha fast mail on the Wabash road was rounding a sharp curve a short distance from the St. Charles, Mo., depot this morning, the train was derailed, five cars going into the ditch. Nobody was killed, though several passengers were injured and all were badly shaken up.

A GOOD SHOWING.

Dun's Resume of Business For the First Quarter of '90—Iron Market.

NEW YORK, April 4.—R. G. Dun & Co. says: The first quarter of the year has passed without the financial disturbance which many saw reason to fear, with fewer failures than occurred in the same quarter last year and with smaller liabilities by 12 per cent; and with a larger railroad tonnage than in the same quarter of any previous year, and with larger payments than ever through the banks' clearing houses outside of New York. Foreign trade has been heavier than ever for the season and domestic consumption has been at the maximum in nearly all lines.

In the iron business there is another effort at Philadelphia to create a more encouraging impression, but it is now admitted that in spite of the hopes there entertained, the demand for the past quarter has been slow and at receding prices. Southern iron is still pressed for sale here. In bar some little improvement is seen, and the market for structural iron and iron bolts, but rails are not selling freely even at \$34, the rate quoted, and it is said large orders can be placed at lower figures. Copper has been weaker abroad, though the English and French stocks are placed at 91,920 tons, against 95,150 March 1st and 124,885 a year ago. The reports of trade from the interior cities are generally favorable. The business failures during the last seven days numbered 206; compared with 343 last week and for the corresponding week last year 222.

No Thought of Retaliation.

CHICAGO, Ill., April 4.—"I have been asked several times to-day," said Mr. F. H. Tubbs, superintendent of the Western Union Telegraph company, this evening, "what about your company's retaliation against the Chicago board of trade; and I have been told we have raised the rates as a measure of retaliation. Reporters have been to me claiming even that such reports have been given them by officials of the board. This is sheer nonsense and the idea of retaliation is not only misleading, but absurd, and every official of the board must know it. The Western Union Telegraph company," he continued, "is, as it has been, standing the brunt of this bucket shop fight. It has paid as much or more, in cash, fighting the bucket shops than has the board of trade, and has carried out the board's every wish that it legally could. We have not raised a single tariff. The board has had exceptionally low rates from its floor to the floors of all other exchanges, for the reason that the volume of business and cheap delivery warranted it. The idea of retaliation signifies that we are enemies, or at least unfriendly to the board, which is not the case; nor can a single legal act of ours be shown that would authorize the term retaliation, or even an unfriendly spirit."

Cibo Found Not Guilty.

UTICA, N. Y., April 4.—Early one morning last December James Gibson, a young man residing with his parents in Rome, burst in the door of his father's house, shouted that he was shot and fell dead at his mother's feet. She had been watching for him all night and a moment before his abrupt entrance had heard a pistol shot. Michael Cibo, an Italian living near, was arrested for the murder of Gibson and indicted for manslaughter in the first degree. For this offense he has been on trial at Rome all this week. The trial developed the fact that Gibson had twice attempted to gain admittance to Cibo's house while the latter was away and while Mrs. Cibo was there with her little children. On the morning of the murder he repeated the attempt. He raised the bedroom window from the outside, caught the woman by the arm as she was getting out of bed and was trying to pull her out of the window. Cibo was at home on this occasion, and after calling on Gibson to desist and receiving curses in response shot over his wife's shoulder with the result stated above. The case was given to the jury last night and this morning a verdict of not guilty was returned. When the verdict of the jury was interpreted to the Italian, his demonstrations of joy were so great that it was thought he had become insane.

Cameron Mine Fire Beyond Control.

SHAMOKIN, Pa., April 4.—The fire in the Cameron colliery is now beyond control and the entire mine, comprising 200 miles of galleries, will have to be flooded. Three creeks will be run into the mine and it is estimated that it will take sixty days to flood it and nearly a year to repair the damage. The loss is estimated at \$100,000.

Sheriffs Pursue Horse Thieves.

DENVER, Col., April 4.—A Cheyenne, Wyo., special says: All the northern sheriffs are at full cry on the trail of a desperate gang of horse thieves. The freeriders finding themselves closely pursued, cut the telegraph wires. The thieves have by this time reached Montana with two hundred Wyoming horses.

A Few Things to be Remembered.

That T. F. Follis is located at room 18, Harlow block, Marquette, Mich. That he is the leading installment dealer in the upper peninsula. That he carries the most elegant line of family bibles in the state of Michigan. That his line of subscription books is well worth an inspection. That his variety of photo albums is unsurpassed. That his place is headquarters for Smyrna rugs, lace curtains, clocks and other home furnishing specialties. That he considers it no trouble to show goods. That he deals honestly. That he solicits your patronage. Give him a trial. (1-74)

THE PULPIT AND THE STAGE.
Rev. F. M. Shroud, Pastor United Brethren Church, Blue Mound, Kan., says: "I feel it my duty to tell what wonders Dr. King's New Discovery has done for me. My lungs were badly diseased, and my parishioners thought I could live only a few weeks. I took five bottles of Dr. King's New Discovery and am sound and well, gaining 25 lbs. in weight."
Arthur Love, Manager Love's Funny Folks Combination, writes: "After a thorough trial and convincing evidence, I am confident Dr. King's New Discovery for Consumption, Coughs, Colds, and Cures when everything else fails. The greatest kindness I can do my many thousands of friends is to urge them to try it. Free trial bottles at H. H. Stafford & Son's Drug Store. Regular sizes 50c. and \$1.00. Dated April 4, 1890."

OLD WORLD AFFAIRS.

ENGLAND.

LONDON, April 4.—Advices from St. Petersburg reaffirm the reports of the serious condition of affairs in Russia. They declare that the Czar is suffering from a nervous fever. The scheme for the Russification of Finland is received with extreme disfavor in that country and trouble is bound to follow.

It is rumored that the O'Shea divorce case, in which Mr. Parnell is co-respondent has been finally settled.

RUSSIA.

ST. PETERSBURG, April 4.—The police at Gatchina have discovered explosives on the grounds of the imperial palace. The imperial family has in consequence renounced the idea of going there to finish Lent. The Czar for two days has suffered from a relapse of the influenza which has compelled him to postpone all audiences. His condition is not serious.

The Czar has abandoned his proposed hunting trip to Poland on account of a plot to throw the imperial train off the track. This was discovered by the fact that a decoy train, supposed to contain the Czar and suite, was wrecked by rocks being placed on the rails.

GERMANY.

BERLIN, April 4.—In accordance with the views expressed by the emperor recently, a cabinet order has just been issued forbidding dueling in the army except in cases where a council of men of honor, to which all the circumstances shall have been referred, shall declare the duel necessary.

CANADA.

OTTAWA, Ont., April 4.—In the tariff debate in the parliament last night, Mr. Ellis, member of St. John, N. B., said that owing to the increased burdens the government was placing on the people of the maritime provinces, he did not think it worth while for New Brunswick to remain in the confederation. Hon. Peter Mitchell has received a telegram signed by the lumber merchants of his country (Northumbria, N.B.) liberal and conservative, condemning additional taxation upon beef, pork, hardware and clothing. In addition despatches from British Columbia state that the newspapers in that province, regardless of political bias, condemn the tariff increases as unjust and oppressive.

PARISH CHURCH BURNS.

MONTREAL, April 4.—The parish church and presbytery at St. Monique, in the diocese of Nicolet, Quebec, was destroyed by fire. The loss is \$55,000.

SHOOTING IN OKLAHOMA.

Two Contesting Homesteaders Engage in a Little Pistol Practice.

KANSAS CITY, April 4.—A special to the Times from Oklahoma City says Capt. W. L. Couch, leader of the Oklahoma boomers and ex-mayor, was shot this afternoon by J. C. Adams. The bullet entered the left leg just below the knee and came out in front. Both bones in front were broken and he may be crippled for life. Captain Couch was a contestant for a valuable claim adjoining the city on the west, on which Adams has a filing. This afternoon he and his son began to set posts for a fence, and while at work were approached by Adams, who ordered them to desist. A quarrel followed and the shooting resulted.

There are two or three versions of the shooting, but the one that seems to have the color of truth is that Couch took hold of Adams, disarmed him of his pistol and discharged it at him. Adams retreated to his house, procured his Winchester rifle and, advancing to within two hundred yards of Couch, fired at him. Adams then swore out a warrant for the arrest of Couch and his son, while on behalf of the latter a warrant was sworn out for Adams' arrest. He gave bail in the sum of \$1,000 and tomorrow was set for the preliminary hearing.

Forced to Leave Home.

Over sixty people were forced to leave their homes yesterday to call at their drug-gist's for a free trial package of Lane's Family Medicine. If your blood is bad, your liver and kidneys out of order, if you are constipated and have headaches and an unsightly complexion, don't fail to call at any drug-gist to-day for a free sample of this grand remedy. The ladies praise it. Everyone likes it. Large size packages 50 cents.

CATARH.

Catarrhal Discharge—Hay Fever—A New Home Treatment.

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and nasal cavities. Microscopic research, however, has proved this to be a fact, and the result of this discovery is that a simple remedy has been formulated whereby catarrhal discharges, and hay fever, are permanently cured by one or two simple applications made at home by the patient once in two weeks.

N. B.—This treatment is not a snuff or an ointment; both have been discarded by reputable physicians as injurious. A pamphlet explaining this new treatment is sent free on receipt of stamp to pay postage, by A. E. Dixon & Son, 337 and 339 West King street, Toronto, Canada.—Christian Advocate.

Sufferers from catarrhal troubles should carefully read the above.

Notice to Contractors.

In pursuance of an ordinance passed by the common council of the city of Marquette, on the 15th day of April, A. D., 1890, for stamping, grading, curbing, macadamizing, fourth street from the north line of the macadamizing on Hewitt avenue to the north line of Palmer's addition to the full width of the street according to the grade heretofore adopted.

A Giant of the Forest.

Undoubtedly the largest stump in the state of Washington is the one located just below Snohomish City, on the farm of W. S. Clay, says The Seattle Press. It is a huge cedar, and its diameter is 20 feet—a surface sufficient for forty men to stand upon. The tree was burned down some sixteen years ago, and its wood was used for fence rails, shingles, etc. There was enough material in the tree to furnish rails for the fencing of a large Texas farm.

The stump was photographed when five horses, standing abreast, three feet apart, and thirty men were upon it. Such a photo is now in possession of the writer and others in Snohomish. A circle whose diameter is 30 feet must be 63 feet in circumference and contain an area of 314 square feet. The tree belonging to the big stump was 80 feet in height, and its volume was, therefore, 6,374 cubic feet. This was a giant! Poetry has lauded the majestic oak, but its size is often eclipsed by Washington's cedars.

As She Is Written in Japan.

A Tokio correspondent gives some amusing specimens of English as it is written by the Japanese. Among them are these, from a library company's sales: "The Profession of our Company is supplying the all Japanese Classical and Modern Books or Chinese and English Language Books to Readers for receiving duly Lending Price." "The object of our library is for the Reader who desired to Read many book at one time for searching useful matter. Therefore all book which is ready in our Company, is permit to Read; but the prevailing Book at present is wished for Reader to be lend from the procedure of reading." "Who has read the Book of our Company, above Three month by the Polish way of the reading, thought of our Company will send the Signature of Special and may be lend by paying Lending Price that mitigating 1-10 of it."

Memory.

Youth is the enchanted land to which the aged flee. They visit the old house where they were born in their reveries; they sit by the cheerful fire, they smell the roses at their chamber window, they hear the swallows and bluebirds; the family are still united, there are the familiar voices, songs and laughter, the footfalls, the merry life that used to fill all, indoors and out, so long ago. They never tire of the old adventures, the fiery purposes, the love makings, weddings, births, funerals. How minutely it is all reproduced—the shadows all gone, and the light of youth and hope and joy shining so delightfully over all.—The Interior.

Negro Brute Lynched.

KOSSET, Tex., April 4.—A negro by the name of Will Williams outrageously assaulted a little 7-year-old white girl. He confessed his crime. An armed body of 125 men took him from the officers and hanged him to a tree and ridled his body with bullets.

Last Year's Rate Suits.

PITTSBURG, Pa., April 4.—At a meeting of the coal miners of the Irwin district to-day it was decided to accept last year's rate, but not to sign a contract for the year as heretofore. The operators have been notified and if they refuse to agree to this a strike of 2,500 miners in the district will be ordered at once.

You will find it on the News Stands To-Day.

Marquette, Mich.

EASTER AND ITS CUSTOMS.

Something of the Festival's History—Its Ob-
servance in Marquette.

Previous to the sixteenth century, the
male residents of the northern
counties of England celebrated Easter
Sunday by parading the streets in pro-
cession, and availing themselves of the
custom then prevailing to lift each
member of the fair sex three times
from the ground, at the same time pre-
sented the embraced party with a
generous salute. Times have changed,
as the gallant young men of Marquette
will fully realize during their reflections
over the matter to-morrow. Instead of
salutes from maidens' rosy lips they
will be furnished with an enchanting
view of the latest and most exquisite
styles of feminine headgear, as a side
issue.

The commonly accepted derivation
of the word Easter is that it originated
from the German "ostern," old Saxon
"oster" (rising). It is therefore the
Christian Passover, or festival of the
resurrection of Christ. The distinction
of the date for celebrating the festival
created great variance among the
primitive Christians, and the present
day was decided upon only after much
heated discussion. Previous to the
Council of Nice in 325, A. D., open re-
bellion was entered into by that section
opposing the then established day, and
innumerable edicts of ex-communication
were sent out from Rome. Finally
after 200 years of dissension the present
day was decided upon.

Easter was originally a day of festi-
vity and sports. Exhibitions and enter-
tainments were the rule, and it
seems to have been an occasion
for jollity rather than solemnity.
The Reformers of the sixteenth
century, however, raised their voices
loudly and successfully against this
practice, and the result has been the
practice of the customs in vogue to-
day. Originally the celebration cov-
ered a period of eight days, which was
reduced to three, then to two.

The use of eggs in connection with
the observances of the day is symbolical
of the re-creation of nature—the
springing forth of life in the spring—
and emblematical of the resurrection
and future life. They are used by Jews
as well as Christians. This great Chris-
tian festival, for such it has become,
will of course be celebrated by all the
churches of the city.

At St. Paul's, Dr. Hall will conduct
services at 9:30 and 11 A. M. At the lat-
ter hour, the rector will preach on the
great Christian event which the day
commemorates. Following is the musical
program of the Easter service at
St. Paul's:
Christ our Passover..... Cramer
Te Deum..... Gadeby
Cantata..... Gadeby
Tours Communion service..... King Hall
Offertory—And He Shall Wipe
Away All Tears..... Sullivan
Agnus Dei—(Messe Solenne)..... Gounod
Nunc Dim..... Spark
Postlude—Hallelujah chorus..... Handel

At St. Peter's cathedral Sunday fore-
noon Bishop Vertin will celebrate pon-
tificial high mass. Lambella's mass
will be sung by the choir and quartette.
Miss McDonald will be the principal
soloist. The bishop will also preach.
Vespers will be sung at 4 P. M.
The service of "The Adoration of the
Cross" occurred at St. Peter's cathedral
yesterday, and the usual services will
be held to-day.

The customary services were held at
St. Paul's yesterday (Good Friday), in
commemoration of the Saviour's cruci-
fixion. Baptism will be held this evening.

"The Garden and the Gardener" will
be the theme of Dr. Taylor's sermon at
the First Baptist at the morning hour.
Services will also be held in the evening.

Dr. Bonar, of the First Presbyterian
church, will preach morning and evening,
his theme being "The Resurrection."

Mr. Pillsbury's morning theme at the
First Methodist to-morrow will be
"Perpetual Easter." In the evening
will be held varied Easter services in
which the Sabbath school will partici-
pate.

You will lose your vote unless you are regis-
tered.

Be Sure You Are Registered.
This is the only and last day for regis-
tration. All citizens should assure
themselves that their names are in-
scribed on the roll. Don't let it pass
by with the impression that it is all
right, but attend to it personally. If
your name is not on the poll list of the
ward in which you now reside, place it
on the register to-day. Registration
boards will be on duty at all places
designated by the city authorities and
which are given below. This matter
merits and should be given your per-
sonal attention to-day.

Following are the locations of the
registration and polling places in the
several wards:
First ward—Former office of master
mechanic Marquette & Western rail-
way.
Second ward—Recorder's office.
Third ward—Hodgkins' livery office.
Fourth ward—Henry Tapkins' store,
Washington street.
Fifth ward—330 West Ohio street.

See that you are registered. Find out to-day!

A Card.
I desire to express my gratitude to the
many friends who manifested their great
kindness to my beloved wife during her
painful and lingering illness.
H. C. TAYLOR.

H. C. Russell Wins His Contest.

The Russell-Smith-Klingensmith
homestead contest was decided by the
local land office yesterday in favor of
Mr. Henry C. Russell. This case has
attracted considerable attention from
the issues involved. Smith had filed on
the land in 1887, but had never made
settlement. Klingensmith filed and
made settlement before the grant was
thrown open, but was not upon the
land when Russell came on. The evi-
dence showed that Russell had gone
upon the land and stayed there, and
that his family lives there still.

Considerable amusement was created
at the hearing by the careful memora-
nda produced by Russell showing
days and hours at which Klingensmith
and his wife came and went from the
land. The idea in this was to show
that Klingensmith endeavored to main-
tain a residence by having his wife visit
the homestead two or three times a
week. The receiver and register de-
cided Russell entitled to the land as the
first actual settler after the grant was
thrown open.

Mr. Russell is a well known land
looker and has acquaintances all over
the upper peninsula. His numerous
friends will be glad to hear of his
success. The land in question is close
to a railway station that threatens to
be a town and hence may prove quite
valuable.

See that you are registered. Find out to-day!

Funeral of Mrs. Hannah Taylor.
The funeral of Mrs. Hannah G. Tay-
lor, wife of Mr. H. C. Taylor, of this
city, was attended at the house by a
large number of friends yesterday at 2
P. M., Rev. F. C. Pillsbury conducting
the services.

Mrs. Taylor had nearly reached her
sixtieth year, having been born in 1831.
She was married to Mr. Taylor in 1858
and came to Marquette in 1859.

For some years her health has not
been firm, and since last fall her suffer-
ing has been very great. She regarded
her home and family circle as her true
sphere of action and enjoyment, and
was, accordingly, devotedly attached
to those she called her own. Yet she
welcomed death as affording a glad
release from her sufferings. The family
have the sympathy of a large number of
friends.

New Steam Pile Driver.
A new steam hammer pile-driver is
being set up by Henry & Balch, the
contractors of the new ore docks, and
will be put in operation to-day. This
machine differs from the ordinary one
in that the hammer is raised by the
action of a steam cylinder, the pisto-
n being connected to the hammer.

The blows are therefore struck with
much greater rapidity than by the old
device, and with a force of 8,400 pounds.
This continuous striking also largely
prevents the timber from sticking in
the clay during the intervals, so that
much is gained in time throughout. It
is one of the most successful steam
drillers in use, and will greatly expedite
the progress of pile driving at the docks
and hasten the conclusion of the entire
work.

TALE OF THE TOWN.

Fair Weather for Saturday and Sunday.

An excellent family group is displayed
in Photographer Werner's window. It is
of Ed. Hogan, wife and twelve children.
It is a fine and healthy looking assem-
blage.

The young men's gospel and song service
will be held in the chapel of the Young
Men's Christian Association at 8:30 P. M.
to-morrow. Mr. C. A. Maft will address
the meeting. The singing will be led
by the male choir.

The gymnasium classes will meet to-day
as usual, boys class at 2:30 P. M., and
young men's advanced class this evening
at 8 o'clock. Ladies and gentlemen inter-
ested in gymnasium or association work
are cordially invited to be present.

The resolution passed by the Carpenters
union, providing that nine hours shall
constitute a day's work, takes effect May 1st.
The carpenters wish to meet a commit-
tee from the Builders' Exchange, so that
the affairs of both associations may be
conducted in harmony.

See that you are registered. Find out to-day!

The excitement incident to the coming
city election should not cause Uncle Tom's
Cabin, at the Casino Opera House, this
afternoon and evening to be forgotten.
Drop political and business cares for two
hours and listen to Stetson's version of the
popular drama.

L. H. Stafford, the enterprising Wash-
ington street market man, daily receives
large shipments of green groceries and
fresh fruits. The poet of "Lucille" as-
sures his readers that "civilized man can-
not live without dining." Hence the civil-
ized residents of Marquette will do well
to look over Stafford's advertisement.

The Lake Michigan & Lake Superior
Transportation company has sold the
steamer City of Fremont to the Lake Su-
perior Transit company. She will run
between Houghton and Buffalo. The
steamer J. L. Hurd has had her passenger
cabin taken off, and has become a freight-
er. The Mackinaw run of the line has been
abandoned but Lake Superior service will
be continued the same as last season.

Home Seekers' Excursion.
On April 22nd and May 20th the Milwan-
kee & Northern railroad will sell round
trip tickets at half fare (the price of a
ticket one way) to points in Kansas, Ar-
kansas, Indian Territory, Texas, New Mex-
ico, Colorado, Tennessee, Louisiana, Ala-
bama and Mississippi. This is an oppor-
tunity that occurs but once a year, afford-
ing privilege of visiting a portion of the
country that is taking so prominent a place
as a field for investment, and should not
pass unimproved. For particulars enquire
of

How Mayor Hall Stands on the Sewer Question—Governor St. John's Addresses. Other Hematite City Notes.

Political Matters.
The political situation in Ishpeming, which is apt to grow somewhat complicated shortly before election, is more so now than at any previous election. The ticket nominated at the city convention held Thursday afternoon will be opposed by another full ticket, and the prohibitionists will run a straight party ticket with candidates for every city and ward office. In addition to this there will be a number of stump candidates. In other words there will be at least three candidates for every office, and four and five for some of them. To hazard any predictions would be dubious policy with the outlook as gloomy as it is now.

The prohibition party has held its ward caucuses and city convention and its ticket reads as follows:

For mayor, Richard Quayle; treasurer, Robert W. Shand; recorder, Will J. Davies; justice of the peace, Joseph Billings; school inspector, Prof. E. E. Rogers. The ward tickets are as follows: First ward—Supervisor, Chas. Burt; alderman, E. A. Johnson; constable, Thos. Bettison. Second ward—Supervisor, Andrew Rigstaff; alderman, Thos. Buzzo; constable, Thos. Lobb. Third ward—Supervisor, Andrew M. Anderson; alderman, Frank Wasley; constable, Henry Tallon. Fourth ward—Supervisor, Stephen Austin, Jr.; alderman, John A. Peterson; constable, Jacob Wilson.

This ticket has several elements of strength; the prohibitionists have a thorough political organization in Ishpeming, and have been gaining votes for several years past; they have been holding regular rallies, and the members have not been backward in aiding with voice and influence the cause they represent. The ticket nominated gives places to several nationalities. The candidate for the recordership is an estimable young man who has a very large personal following, and with four other candidates in the field his chances of election are good. Several of the other candidates may pull through, especially as the prohibitionists have a compact organization and will vote solidly, while the other tickets will have none of the benefit of party unity.

A third complete ticket will be put in the field to-day, or perhaps Monday morning. Mr. E. E. Osborn is being strongly urged to accept the nomination for the mayoralty.

The following independent city ticket has been put in nomination: For mayor, Patrick McGinty; for treasurer, A. W. Gibbs; for recorder, J. B. Tibor.

In the First ward, so far as can be learned, there will be but two tickets in the field, the citizens' and the regular. This insures the success of the citizens' ticket. In the Second ward it is probable that Alderman McCarty will take the stump for re-election. There may be opposition to Mr. Dennison for supervisor, but it has not materialized yet.

In the Third ward there will be a high old time Monday, and the five hundred voters and more in the ward will not have enough votes to go around for all of the candidates by several thousand. In addition to the two tickets already in the field there will be several independent candidates. Mr. W. H. Rood will be run for the office of supervisor, unless he gives positive orders to the contrary, as his friends (who by the way presented his name without Mr. Rood's knowledge) are not satisfied with the manner in which the nominations were made at the caucus. Richard Barney is an independent candidate for supervisor in this ward, and Chas. J. Johnson wants to be an alderman. So does Sam. Blumenthal. There are others who are canvassing the probabilities of their succeeding in the race, if it is to be a free-for-all, as now seems certain.

For the treasurership there will be from four to six candidates. Mr. A. W. Lindholm is a stump candidate, so is Joseph Winnen. The latter is unable to work for a living, on account of an accident that happened to him in the Lake Superior mine by which he has been deprived of the use of his lower limbs. He is not on any ticket yet, but he will be in the field, and many miners and others will vote for him from sympathy, thinking that as the office is one that can be filled by anyone it should be given to a man who is unable to support his wife and five children by manual labor. The other three candidates for the office have already been named.

The principal fight of the election apparently will hinge on the recordership. The candidates now in the field are Messrs. Byrns, the caucus nominee; Davis, the prohibition candidate, and Andrew Sandberg, John B. Tibor and John Carlson. Mr. Carlson was seen by the MINING JOURNAL yesterday afternoon, and stated that he

was still in the field, but the chances are good that he will pull out, thus leaving the field free for Andrew Sandberg to poll nearly the entire Scandinavian vote.

A fair field and no favors should be given, but Mr. Joseph Billings, the candidate of the prohibitionists for justice of the peace, is hardly the man for the position. He filled the office in Ely township for several years, and his rulings were judicial wonders. Personally he is an estimable gentleman, but he is not fitted to adorn the office to which he aspires, and to which he has been aspiring for several years past.

There will doubtless be many changes in the situation before the polls open Monday morning. The number of candidates already in the field proves a great encouragement to all who have any itch for civic honors. There are so many who must be defeated that none of those who lose need feel very sore over it.

Ex-Governor St. John.
The speech of ex-Governor St. John, of Kansas, at the city opera house Thursday night was once again by all who listened to it to be a remarkably able presentation of the claims of his party. The governor was not abusive—he stated his facts without taking advantage of the opportunity afforded to abuse individuals. The speech was listened to with attention by all present, a great many of whom were of other political faiths than the speaker.

Gov. St. John spoke at the salvation army barracks yesterday afternoon to an audience that packed the building. There were many ladies present, and nearly all were members of or sympathizers with the cold water party. He spoke for about two hours, and at the close of his speech a subscription was taken for the benefit of the prohibition campaign in Nebraska. In all \$202.65 was raised in the hall within a very few minutes.

Mr. St. John's only speech in the peninsula was made here, but he has been invited to visit the district later on this season, and has agreed to do so. He will then speak in a number of upper peninsula towns. Parties wishing to secure his services for the fall campaign can probably arrange to get him by applying to the secretary of the prohibition club of Ishpeming.

A Square Stand.
There seems to be an idea in certain quarters that Mayor Hall is not in favor of sewers, and that his influence, if re-elected, will be cast against their construction. This is not true. Mr. Hall acknowledges the necessity of a complete sewer system in Ishpeming, and desires its speedy construction. He takes a square stand on the matter, and if re-elected will urge and work for the immediate construction of a sewerage system comprehensive enough to embrace the whole of the city. It is but simple justice to his honor the mayor, to state the position he has taken on this vital matter.

ISHPEMING IN BRIEF.

Mrs. J. H. Gillett returned from California yesterday, and was at the residence of her parents, Mr. and Mrs. J. C. Funston.

The funeral of the three-year-old child of Mr. and Mrs. D. E. Sullivan, which took place from St. John's Catholic church yesterday afternoon, was largely attended.

The southern window of Mr. T. Grabowsky's Main street dry goods store has been most artistically trimmed with artificial flowers, and attracts the attention and admiration of all who pass by it.

The number of people on the street yesterday afternoon was so great as to make locomotion on the sidewalks almost an impossibility. Several bands were out, and as the day was warm and spring-like everyone seemed to enjoy the crowding.

PERSONAL.

J. D. Gilchrist, of Bessemer, is in the city.

D. S. Dessau, of New York, was in the city Friday.

H. C. Higgins, of Neenah, Wis., arrived here yesterday afternoon.

Samuel L. Ewart, of Finley, Ohio, is registered at the Nelson.

ANNOUNCEMENT.

We wish to announce that part of our stock of millinery has already arrived and we expect the balance this week in time for Easter Sunday. Any work entrusted to Miss Sweet, our trimmer, will be appreciated and guaranteed to be satisfactory. Thanking the public for their patronage in the past, and soliciting a continuance of the same, we remain,

Respectfully,
T. GRABOWSKY.

Our line of spring jackets, cloth and headed capes, peasant circulars, jersey and flannel blouses cannot be surpassed in style and quality and at reasonable prices at 4-33

T. GRABOWSKY'S.

Furnished Rooms To Rent.

Parties desiring comfortable, warm, furnished rooms can be accommodated, and will receive full information by calling at Jaedcke Bros' cigar store.

To Contractors.

Bids are requested for the erection of the new Hughes and Toutloff buildings at 104-110 South Main street, Ishpeming. Plans and specifications can be seen on the premises.

M. B. TOUTLOFF,

T. HUGHES.

Ishpeming, March 25, 1890. [2-27-11]

ISSUE IS SQUARELY MADE.

Caucuses Packed By Howling Heelers
Nominate Timothy Nester For Mayor of Marquette.

BALLOTS OF THINKING CITIZENS WILL TELL MONDAY'S TALE.

Disgraceful Scenes at Fourth Ward Caucus.
Nester Shriekers Show Utter Lack of Sense of Fair Play.

What Shall Be the People's Verdict?
Timothy Nester succeeded in getting in a filing on the mayoralty of Marquette last evening. Whether he will succeed in the contest which comes on Monday next and so perfect title to his claim is extremely doubtful. He won the nomination of an illegal city convention based on illegal caucuses and carried for him by a doubly illegal and packed caucus in the Fourth ward.

The ward caucuses last night were illegal because they were held in contravention of a law of the state, passed by the legislature of 1887. This law is act 303 of the public acts of that year, was approved June 28, 1887, and will be found on pages 416 and 417 of the session laws of 1887. It is a general act regulating the holding of primaries. Its provisions were known and it was observed at the primaries of last year. The violation of its provisions is made a misdemeanor punishable by fine of not more than \$1,000 or by imprisonment not exceeding one year, or both. The fundamental section of the act reads as follows:

The presiding officer and inspectors at any such election shall, before entering upon their duties, severally sign and swear to an oath in the form now required of inspectors at general elections, said oath to be taken before the clerk of the township, village or city in which such election is held, or an alderman of the ward in which said election is held, or any notary public.

This provision of the law was not complied with and hence the caucuses were illegal. Colonel Osburn was informed of the law only after the caucuses had been held and brought it to the attention of the convention. But the supporters of Mr. Nester refused to listen and went ahead anyway. The result was that Mr. Nester was declared the nominee by a vote of fifteen to seven, but his supporters wisely refrained from any attempt to make the alleged nomination unanimous. Had more than one ballot been taken Nester would not have received so many votes. He had solid, though fraudulent delegations, from the Fourth and First wards. On the other hand the Fifth and Third wards were solid for Mr. Longyear, and on a second or third ballot part of the Second ward delegation would have gone to him. There were men on that delegation who unwisely pledged themselves to Nester when he first began his canvass but who now see that Mr. Longyear would make a better mayor and on a second or third ballot would have turned to the latter.

The convention was only carried for Nester as it was by a most outrageous packing of the Fourth ward caucuses. The Nesterites were on the ground early and in force and filled the little hall and thus kept their opponents from voting. The word had been passed among the Nester strikers and men picked up from every ward in the city were brought down to pack the caucus and force the election of a Nester delegation. A vain attempt was made to secure a fair ballot and a fair count but the Nester men were not built that way and howled down the few of their opponents that could get into the hall.

The story of the ballots on Monday evening next will show whether the citizens and tax payers of Marquette will permit themselves to be dictated to by caucus packers and persons who have no stake in the city nor care for its advancement. The friends of Mr. Longyear state that though absent from the city he is still in the field for mayor.

If you do not register you cannot vote.

A Farcical Convention.
The proceedings of the city convention were brief but the Nester men, in their haste to complete their work, tried to over-ride all established custom and abbreviate them still more. When the delegates from the various wards began to arrive at Grieninger's Hall the Nester strikers were still howling and could not be got out of the little room. When the delegates finally got in a miscellaneous crowd of Nesterites still remained and the delegates could not get seats but were forced to transact their business standing around a table. Chairman Moore called the convention to order and though the Third ward delegates had not yet arrived Joel Gillett was elected chairman and Webster Dock secretary.

John Connors of the First was spokesman for the Nesterites and proposed to rush things. He did not think it necessary to appoint a committee on credentials and moved an immediate ballot. By this time the Third ward delegation had arrived and Mr. Midlam suggested that due firms be observed. D. W. Powell and Webster Dock were appointed a committee on credentials and reported the following delegates:

First ward, J. F. Todd, John Con-

nors, Martin Gorman; Second ward, Joel Gillett, Dan Sullivan, John Dwyer, John McNamara, William Gavigan, Charles E. Deane; Third ward, C. Y. Osburn, L. W. Midlam, S. M. Billings, D. W. Powell; Fourth ward, Abe Agnew, Fred Frei, John Meehan, George Reublein, John Chatham and Webster Dock; Fifth ward, Peter Dolf, John Johnason, Dr. Youngquist.

At this point Colonel Osburn raised the question of law already mentioned, but in vain, though some of the Nester delegates admitted the correctness of his position. But Connors did not propose to let any matter of law stand in his way and scornfully inquired who the legislature of Michigan was anyway.

On motion Dan Sullivan and D. W. Powell were appointed tellers. Mr. Powell refused to take part in an illegal proceeding and declined to act and Connors was named instead.

There was only one ballot taken. It stood seven for Mr. Longyear and fifteen for Nester. The First and Second wards, aided by the delegates of the packed Fourth ward caucus, made up the number of Nester's vote. Some of the Second ward delegates voted for Nester simply because their pledges bound them to stand by him on that ballot and there are strong indications that Mr. Nester will not have as easy running in that ward as he expects.

The remaining offices were filled in short order and by acclamation. They were: Treasurer, August Machts; school inspector, Dr. G. J. Northrup; justice of the peace, Capt. C. D. Blanchard; constables, Jacob Dolf and Eli Gieseregen. The farcical city convention then adjourned, forgetting to select a city committee.

You will lose your vote unless you are registered.

How the Caucuses Went.
There was an absence of fair play at least in the First ward. The caucus was held in a small office of which the Nesterites took possession and kept the Longyear men outside. Alderman Todd called the caucus to order before the voters present were aware of the fact and the delegates were elected with a yell. The result will be that independent candidates will run against Todd and Connors for alderman and supervisor and that the sensible men of the ward are disgusted with the unfair conduct of the Nesterites.

In the Second there was a fair fight. The crowd was too large for the hose house and an adjournment was taken to the recorder's office. Joseph Fay was made chairman and Charles Richards clerk. Joel Gillett and Dan Sullivan were nominated for alderman but Mr. Sullivan declined and Mr. Gillett went through without opposition. Joseph Fay was nominated for supervisor without opposition.

When it came to electing delegates the fun began. The house was divided and showed that the Nester men had the majority of the voters present. They thought they elected their delegation but as stated above there were men on it who would have gone to Longyear on the second or third ballots. When the votes of the ward are counted Mr. Nester will undoubtedly be somewhat surprised.

Mr. Nester did not know he was running in his own ward, the Third. The caucus was the most largely attended held in years, was conducted with the utmost fairness and was solid for Mr. Longyear. James Pendill was renominated for alderman and E. B. Palmer for supervisor.

The Fourth ward caucus was packed by Nester strikers. It was such a travesty on fair play as to deserve a separate account which will be found below.

The industrious workingmen and taxpayers of the Fifth ward know what is best for the city and themselves. They sent in a solid Longyear delegation. John Johnason was nominated for alderman and H. Gregory for supervisor.

If you do not register you cannot vote.

A Disgraceful Affair.
The strikers of the famous Fourth maintained their past bad record. There was an entire absence of fair play. Aided by heelers gathered from all quarters of the city the Nesterites packed the little hall early and so kept their numerous opponents out on the sidewalk below. The utmost disorder prevailed and despite the efforts of Chairman Moore aided by the few supporters of Mr. Longyear who were allowed to get into the hall, it could not be checked. The Nester men were bent on bulldozing and no sense of shame or fair play seemed to exist in their minds. J. F. Neidhart, Jas. W. Young and a number of others protested in vain against the unfair action of the Nester strikers. The latter were determined to win by fair means or foul and had their way.

After the election of W. A. Ross as secretary, the names of Jas. W. Young and Dominic Myer were proposed for supervisor, Young receiving the nomination by acclamation. John F. Mack was unanimously selected for the aldermanic honors. Then almost a riot arose as to the manner in which the votes for delegates to the city convention should be cast, concluding with an accepted motion to vote by ballot. Seventy-five tickets were cast on the first ballot, though a count of those

present showed that there were less than fifty persons in the room.

Mr. Young, during the balloting on his name, refused to enter the contest and protested against the methods of the caucus, saying there had not been the slightest element of fairness, and that he should not allow his name to be used in its transactions. The Longyear men finding that there was no chance of securing fair play left the room. To the honor of Alderman Mack be it said that he repudiated this disgraceful caucus. Mr. Mack knows full well that he needs no such support as the Nester strikers can give him. His abilities have been tested and he is practically certain of a reelection.

It was the bull-doze and unfairness of the strikers in the Fourth ward caucus that gave Nester a majority in the convention. The proceedings at that travesty of a caucus have disgusted every decent citizen and honest taxpayer in the ward and in Marquette. The citizens of Marquette are not accustomed to be dictated to by a lot of ward heelers and the unfair work of his wild-eyed adherents in Grieninger's hall last evening may be a sorrowful memory to Mr. Nester when the votes are counted.

You will lose your vote unless you are registered.
