With the mines showing continued gains in shipments over the record of last year we fail to see any ground for the opinion expressed by the Iron Trade Review to the effect that this year's shipments will fall far below the point set for them at the opening of the season. At the present rate an output of over 8,000,000 tons seems certain, while it is probable that the 9,000,000 mark will be reached.

EVERY citizen of Marquette should vote for the increase of the city's electric light plant at the special election on Monday. Do not neglect this question, but see to it that the hands of members of the water power and electric light commission are upheld in the effort to give all the light that is asked for. Without increasing the expense of operating, the plant will earn largely increased profits if more dynamos are

One year ago to-day the terrible disaster at Johnstown occurred, though for days the country at large was not fully aware of the magnitude of the horror. The destruction of life and property has rarely been equalled in recent years. The city of Johnstown to-day has not only fully recovered but has advanced in prosperity. Better structures have been erected on the sites of the buildings destroyed and other important improvements are still in progress. The amount expended in rebuilding houses and bridges is \$380,

THE increase in the use of iron and steel for structural purposes is wonderful and is already exerting a great influence on the iron market. Such structures as the Auditorium in Chicago use up enough of the finished material to take care of the year's output of a good sized iron mine. The mammoth structure that will replace the whilom "Madison Square Garden" in New York city will require 3,000,000 pounds of wrought and 500,000 pounds of east shipping ports to bring the figures up iron. It may be stated that for the season of 1890 up to June 1st very nearly one and a half million tons of ore have gone forward by lake as compared with 1.200,000 tons for the same period in 1889, the statement published this morning being up to date of Wednesday, the 28th only, and enough having since left the docks of the several

From the "Medical Review." "Upon the first symptoms of Liver Complaint the misguided sufferer applies blue pill, calonel and other mineral poisons, in the delusive hope of obtaining relief, whereas these powerful purgatives but aggravate the disease and debilitate the constitution. Dr. Tutt has had the courage to ignore this killing practice of the old school. His remedies, drawn from the vegetable kingdom, are almost miraculous in renovating the broken down body. The letters of cured patients in the Doctor's possession are a tribute of gratitude to his genius and skill which but few can exhibit. His Liver Pills are sental over the world. They can be found in every town and hamlet in the United States."

The Negaunee Team Defeated at Home Yesterday But Not Disheartened by Any Means.

THE FATAL SEVENTH DID THE BUSINESS. SCARE 9 TO 5.

Base Ball Notes-The Local Observance of Decoration Day-Kniffler Company Ready to Make Analyses.

Negaunee's First Game.

Negaunee played its first league game yesterday with Ishpeming at Union who has a diseased Liver is to at once take proper means to cure it. The function the Liver is designed to perform, and on the regular execution of which depends not only the general health of the body, but the powers of the Stomach, Bovets, Brain, and the whole nervous system, shows its vast and vital importance to human health.

The function of the home team was been the defeat should not discourage the club, for it was the first time for the season that the boys have been together on the diamond, while the Ishgether on the diamond, while the Ishpeming club has been practicing sevnever played together before, and nearshould run the risk for a single day of neglecting this important organ, but should promptly get a box of Dr. C. McLanc's Celebrated Liver Pilis, made by FLEMING BROS. Pittsburch, Pa, and use seconding to directions they will cure you promptly and permanently. Around each box is a wrapper giving full description of the symptoms of a diseased Liver. They can be had of druggists.

> There was a large attendance from this city and also from Ishpeming, notwithstanding that the weather was threatening. The fence was not all completed nor was the diamond marked out when the Negaunee club arrived. about 10 o'clock, having been unavoid ably delayed in Negaunce. The grounds themselves are splendid, the Negaunee snow roller having been run over them until they are as hard as

could be wished for. There is still much to be done on the park, but when the work is finished Negaunee will the district.

Game was called about 10:30, G. A. Newett, of Ishpeming, and T. J. Flynn of this city, having been chosen as um pires. Manager Tray, of the Ishpe ming club was disposed to play the game under protest, owing to the fact that the Negaunee nine had failed to arrive at the appointed hour, but he afterwards concluded to play the game on its merits. The Negaunce battery proved itself to be a fine one, though the men had never played together before; the Ishpeming team did not have the "pudding" it expected in batting Its Grand Extraordinary Drawings take place Semi-Annually, (June and December) and its Grand Single Number DRAWINGS take place in each of the other ten months in the year and are all drawn in public at the Academy of Music New Orleans, La. and subsequently by Sinclair, yet in spite of these three changes Rutter struck out eight men to the Ishpeming pitchers' four. Negaunee's fielders did excellent work, while Ishpeming's basemen distinguished themselves. In the eighth inning Smith, of the Negaunce club, while sliding to second ran his leg against a post which had been temporarily driven into the ground to hold down the base. A cut nearly an inch deep and several inches in length was ted, the wound being filled with dirt. He was at once carried from the grounds, put in a rig and brought back FINK to Negaunee.

The reporter has not the space this morning to give a detailed account of the game, so only the score by innings

NOTES. The Negaunee club played again with

the Ishpemings yesterday afternoon, on the grounds in Ishpeming. A report of this game appears in the Ishpeming department.

Negaunee's first baseman arrived yes terday in time to play in the afternoon game.

The home team will at once get down to active practice, and the club will not A School House to be Built on the Same be a tail-ender by any means.

The home team will play with the Calumets at Union park this afternoon game to be called at 3:15. Regular trains on the South Shore will stop op posite the park and the fare for the round trip will be 15 cents.

Decoration Day

There was more of a formal observ ance here yesterday of Decoration Day than was at first expected. The schools were closed and a delegation of the Ishpeming G. A. R. post came down. With this contingent and the Negaunee veterans there were over twenty old soldiers who marched out on Main street yesterday morning to the cemetery and decorated the graves of the "REMEMBER, that the payment of Prizes is GUARANTEED BY FOUR NATIONAL SANKS of New Orleans, and the Tickets are signed by the President of an Institution, whose chartered rights are recognized in the highest Jourts; therefore, beware of all imitations or anonymous schemes." panied the ceremony of decorating the

STONE'S BREAD KNEADER.

A HOUSEHOLD IMPLEMENT OF A NEWCLASSAND A DEVICE OF ACKNOWLEDGED MERIT.

PATENTED BY D. G. STONE. NEGAUNEE, MICHIGAN OCT. 22, 1889.

PHYSICIAN writing to an eastern journal in condemnation of the common practice of kneading bread with the hands, supports his objection by the following reasons:

| A physician process of this invention is to promising blade a spoon-like stirring motion, revolving the table as desired as the dough in the process of mixing and the work proceeds.

with the hands, supports his objection by the following reasons:

Kneading with the hands is generally practiced by cooks, and it is thought that bread, in order to be good, requires prolonged kneading. If the hands are clean it is thought that all necessary requirements have been met, and that it is a cleanly process. Kneading bread with the hands however clean they may be, is not a very cleanly process, especially in warm weather, when the hands perspire freely. Effets matters from the system are removed by the perspiration, and while the hands are in the bread the perspiration goes into it, to form a part of the staff of life. If the person who makes the bread is diseased, poisonous matters and diseased products may be incorporated into the bread. The process of baking the bread undoubtedly would destroy all disease germs, but still it is not pleasant to think that the bread we eat may contain such substances as are found in the perspiration. Some other method of kneading bread than with the hands seems desirable.

This for the reasons, not only that the machinery employed would necessarily involve a considerable expense, but that the labor required, first to their preparation and then to the cleaning and care of the implements was, probably, detrimental to their popularity. In the dough mixing and kneading device herewith illustrated, the purpose has been to establish movements similar to those developed in the process of the mixer, which is shown the some the bread. Thus, with the aid of the kneader, the willing strength of amateur John might help to produce a beneficently healthful result, while skillful Mary had dough for the oven, the sponge, flour oven which should perfect the whole.

The object of kneading the dough being to break up into finer ones the bubbles of carbonic acid gas resultant from the fermentative action of the yeast, which bubbles have become entangled in the glutinous mass, and to distribute them evenly throughout the material, it follows that the more thorough the kneading the more uniformly light and porous should be the bread.

GARFIELD MEMORIAL

Dedicated With Imposing Ceremonies - A

CLEVELAND, May 30 .- The Garfield memorial in Lake View cemetery was dedicated to-day with imposing cere of the United States, the members of his cabinet and distinguished men from all parts of the country. The memorial is a colossal structure towering 165 feet above an eminence in the cemetery which overlooks the city and surround ing country. The edifice cost \$150,000; of which almost one-half was contributed by the people of Cleveland, the remainder coming from every state and territory in the union and from many foreign lands. The exercises to-day began with a parade of civic societies, the procession being five miles long The city was filled with strangers. Ad dresses were made by the president and ex-President Hayes. Ex-Governor Jacob D. Cox, of Cincinnati, delivered the oration of the day. The day was perfect and not a cloud could be seen in the sky. The spectacale, barring Garfield's funeral procession, was the most imposing ever seen in Cleveland.

PRESIDENT HARRISON'S SPEECH. The following is President Harrison's speech: "Mr. Chairman and Fellow Citizens: I thank you most sincerely or this cordial greeting, but I shall not be betrayed by it into a lengthy speech. The selection of this day for these exereises—a day consecrated to the memory cises—a day consecrated to the memory of those who died that there might be one flag of honor and authority in this republic [applause] is most fitting. That one flag encircles us with its folds to-day, the unrivaled object of our loyal love [Applause]. This monument, so imposing and tasteful, fittingly typifice the grand and symmetrical characteristics. fies the grand and symmetrical charac-ter of him in whose honor it has be an builded. [Applause.] His was 'the ar-duous greatness of things done.' No friendly hands constructed and placed for his ambition a ladder upon which he might climb. His own brave hands

NAILED THE CLEATS upon which he climbed to the heights of public usefulness and fame. (Applause.) He never ceased to be a student and instructor. Turning from peaceful pursuits, in armed service he instructor. Turning from quickly mastered tactics and strategy and in a brief army career taught some and in a brief army career taught some valuable lessons in military science. (Applause). Turning again from the field to the councils of state, he stood among the great debaters that have made our national congress illustrious. What he might have done as president of the United States is chiefly left to friendly augury based upon a career.

NO INCIDENT OF FAILURE or inadequacy. (Applause.) The cruel circumstances attending his death had but one amelioration—that space of life was given him to teach from his dying bed a great lesson of patience and for-bearance. (Applause.) His mortal part will find honorable rest here, but the lessons of his life and death will continue to be instructive and inspirng incidents in American history. (Great applause.)

DETAILS OF LIND'S SUICIDE. Unlikely to Recover.

LA CROSSE, WIS., May 29 .- A spe cial from Hillsborough, giving dehave been a most deplorable tragedy. Lind has been for years the principal merchant of this section. He was the democratic postmaster, had the Exchange bank, was secretary of the Roller Bearing Axle company and was interested in two or three other enterprises. He has been well to do, but got into financial straits through too loose credit business, began borrowing at high rates of interest and in March last failed, with assets about equal to liabilities. Lind has been helping the assignee settle his affairs and it has been clear for some time that the assets would not realize half the invoice. Three quarters of the indebtedness was right at home and creditors became very bitter toward Lind, saying that his affairs were crooked and he had "feathered his nest," etc. This depressed Lind very much. Then his wife was sick, his child received an injury that it was feared might affect its mind, he could get no employment and all things conspired to nerve him to the deed.

At 4 o'clock in the morning he came down from his sleeping room in his night clothes, shot his wife through the forehead, probably as she lay asleep.
Then he lay down and sent a ball clear
through his head from the right to the
left temple. The shot was heard by a man, but not heeded, and it was 8 o'clock before anyone entered the house. Mrs. Lind was then lying covered with blood, holding her little girl of 3, while the boy of 7 was playing in an adjoining room. The woman was only partially conscious and could not understand what had happened. derstand what had happened. She was taken to another house and kept quiet by opiates until to-day, when Dr. D. F. Powell made an examination, finding a ball lodged in the brain beyond the reach of a probe. It entered between the lobes of the shall explict a proper of the shall explication to be a proper of the shall explicate the shall explicat skull, splintering the bone and driving out some brain matter. It is most astonishing that death was not instantaneous, and the chances are hardly one in 100. The parties were so widely known that the affair is attracting the widest attention. The funeral of Mr. Lind will be to morrow. He had from \$3,000 to \$5,000 insurance and his wife about the same

Treatment.

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact, and the result of this discovery is that a simple remedy has been formulated whereby catarrh, catarrhal deafness and hay fever are permanently cured in from one to three simple applications made at home by the patient once in two weeks.

How the Game Was Won and Lost Again.

Laughna started in wild, pelted Gillis with the sphere and sent the next two men to base en balls. Mumby lammed reaching first on Allard's error. Then Craft made a fine double play, catching out J. Soddy and touching out Broderick, thus retiring the side with only one

Marquette was unable to bunch her hits in the second. Carney fanned the air and Reiny and Broderick's double play closed out the side. Then Calumet duplicated the performance of her rivals, Trudell failing to guage Laughna's curves and the next two batters being laid out cold FOR SALE—I have for sale % mile from pine, 1,000,000 feet of Hemlock, 10,000 railroad ties. In the fifth things livened up. Laughna made a clean hit and Cros welted out a short one Gillis and Mum by let fall between them. Sholts set the crowd wild by swatting the sphere over the fence but it turned out a foul Sullivan's clever sacrifice brought Laughna in and though Craft's foul fly was gathered in by J. Soddy the score was tied. Calumet could do nothing in her half of the inning. In the sixth CHANGE OF PLAY EVERY NIGHT the Marquette sluggers managed to slug out and Mumby's sacrifice failed to bring in J. Renwick.

At the end of the seventhit looked as though Marquette had the world by the tail on a down hill grade. Cross' bunt gave him first, Sholts advanced him a base, Sullivan made a clean one to right and Craft's two-bagger brought Crass and Sullivan home amid valls of Warercoms. Cross and Sullivan home amid yells of applause. Carney's clean liner to left Remember, Every One Has a brought home the triumphant Craft and the score stood 4 to 1. Calumet could not find the ball in her half of the seventh. Marquette did nothing in the CASINO: OPERA: HOUSE eighth but Calumet got a run before retiring. Still the score was 4 to 2 and the spectators were joyful.

In the ninth the trouble began. Only Welch found the ball for Marquette, flying out to F. Soddy. But Calumet, assisted by good luck, some hitting and Laughna's and Welch's errors, worked in two runs and tied the score COAL—On and after this date coal will be sold for each and at the following prices:

SKIN CANCER.

Several years ago I was called to see a colored woman who had a malignant form of cancer of her foot. The cancer grew worse under the prescribed treatment, and the toes and one side o the foot were at length eaten entirely away. The patient could not have survived much lor ger, but I commenced the use of Swift's Specific, and it cured her sound well. That was three years ago, and there has been no return of the disease. I regard Swift's Specific a most excellent medicine for blood diseases, as its tendency is to drive out the poison. Matherville, Miss. WM. E. STAGG, M. D.

Blood Will Tell.

There are "Blue-blooded" people, and "Red-blooded" people, and "White-blooded" people; but there are more "Badblooded" people than all the rest put together. Sometimes their blood is simply Impure. In that case there is no better remedy than Peruna. But sometimes their blood is Diseased, and horrible indeed some of these Blood Diseases are: There is Chronic Catarrh, for instance, and Scrowla, and Chranic Kheumatism, Chron Ulcers and even more horrible diseases. The are la, and Chranic Kheumatism, Chron Ulcers and even more horrible diseases. The are terrible diseases, and especially so when they break out at this season of the year, when the body is relaxing under the enervating heat, and yet has not adapted itself to debilitating summer conditions. Happily, suffering manhood is not without a remedy for such dire afflictions. La-cu-pi a has proved itself in thousands of cases a grand cure for them. quarter of a century of peace we meet honor the memorp of the men who fought and died that the nation might

live. But we meet with no thought of revenge" continued Mr. Royce, and passed into an eloquent and beautiful appeal for the obliteration of sectionalism and a reunited country. With a reminder to the members of Albert Jackson post of the nearness of the day when the waves of Lake Superior would sing their last requiem Mr. Royce concluded with an appropriate quotation from Carleton's "Grand Army of the Dead."

When the chorus had sung the familiar old parting song "Last Fond Memento," Judge Brown was introduced. He opened his eloquent address with these words:

We are here to-day to pay a tribute to the memory of the heroes who died that the nation might live; who died in order of the blue assembled to do them honor, to perpetuate the institutions for which our business was practically suspended and fathers shed their precious blood. Aged thousands of citizens young and old sires and matrons who, with trembling gathered to pay the grace of affection- limbs still tarry on the shores of time; strong men and women in the vigor and An air of Sabbath calm prevailed up- prime of life, and those who are just stepon the streets all the day. The immense stock of the celebrated clothing manufacturers, Austrian, Wise & Co., of Chicago, was sold at a great sacrifice, owing to the death of Mr Austrian. I attended this great sale while in the east and purchased goods for 50 cents on the dollar. This clothing is unexcelled for quality and workmanship. Having secured a bargain I intend to give you with tears as the old songs recalled the danger. But the fatal membrane a chance to share the benefit of my good fortune. days when fathers, brothers, husbands closed in again and the child was no Come, and you will go away convinced that it pays to deal with us.
