BY A STRICT PARTY VOTE

The Bill to Admit Wyoming to the Sisterhood of States Passes the Senate.

DEBATE IN THE HOUSE ON THE NATIONAL ELECTION LAW CONTINUED.

The Discussion, Though Participated in Very Generally, Develops Nothing of a Sensational or Bitterly Partisan Nature.

**THE SENATE.**  
WASHINGTON, June 27.—The consideration of the bill for the admission of Wyoming as a state was resumed, and Mr. Morgan addressed the senate in opposition to it. Messrs. Paine and Gray argued against the bill and Mr. Platt favored it.

The question was taken on Mr. Jones' substitute, an enabling act for Wyoming, Idaho, Arizona and New Mexico, and it was rejected by a strict party vote. Mr. Jones (Ark.) then moved as a substitute an enabling act for Wyoming alone and it was rejected by exactly the same vote. The bill was then passed by a strict party vote—yeas, 29; nays, 18. After an executive session the senate adjourned.

**THE HOUSE.**  
WASHINGTON, June 27.—After routine business the consideration of the election bill was resumed. Mr. Haugen (Wis.) addressing the house in support of the measure. He was followed by Mr. Covert (N. Y.) who said that the bill was an evidence of the distrust felt by republicans of a government of and for the people.

Mr. Flower (N.) denounced the bill as un-republican, un-democratic and un-American, as a measure constructed upon the idea that the small republican majority now in congress could better legislate for the people than the people for themselves. Any court that would lend itself to the execution of its corrupt purposes and become the unscrupulous servants of a political oligarchy would richly deserve the censure it was sure to receive.

Mr. Smyser (O.) said the measure was conservative and not radical. The great cost had been spoken of; but it were well worth the cost to secure honest elections. Moreover the cost had been greatly exaggerated. Inspector S. would not be needed in the great majority of districts. In nineteen Ohio districts there was no need of United States election officers, but there was need of them in the First and Second districts. The cry of the south was that it wanted to be let alone to work out its own destiny. That had been tried for fifteen years. He did not know whether the south was any nearer the kingdom, but he protested against its seeking to work out the salvation of the north on the same line.

Mr. Vaux (Pa.) said this bill virtually overturned the constitution and destroyed our form of government. The supervisors, he said, might carry their authority to the election of senators. "They might go into the legislative assembly of my state and say to anyone there: 'Are you a member of the legislature of the state of Pennsylvania?' 'Yes, sir.' 'Walk out then,' (amid roars of laughter, Mr. Vaux, suiting his actions to his words, walked up the aisle as far as the speaker's desk.) "There was not a fair and free vote in your county." The supervisor would then strike the member I name from the list, always picking out a democrat because it seems to me the fashionable idea is that all villains are democrats." (Laughter.) Mr. Vaux then proceeded to criticize the language of the majority report. He made a very vigorous speech and was frequently interrupted with applause.

Mr. Kennedy (O.) said it was idle to say that the majority ruled in this country, and that fact was a splendid illustration of the patience and forbearance of the people when it was considered the ballot box had been trampled under foot for the purpose of defeating the majority of the people in the exercise of their constitutional right. All pretence that Grover Cleveland was elected president of the United States by a majority was subject to the further statement that at that election a large number of qualified voters, who would have cast their votes against him, were not permitted to do so and one who would have been defeated in a fair contest had been declared elected by the will of the majority. In conclusion he said if this congress did not enact a fair and honest national election law, giving to every voter, black or white, the right to cast his ballot into an honest ballot box, and protecting him in his life and property before and after election, it would fail to do one of the things expected of it by the people.

The discussion was interrupted at this point by Mr. Butterworth (O.) who presented the conference report on the mandated consideration bill and despite the protest of Mr. Breckinridge (Ky.) who insisted that it was not generous to take up in that way the limited time devoted to the election bill.

Mr. Cannon (Ill.) called attention to the fact that the special rule provided for the intervention of the appropriation bill and represented the urgent necessity for speedy action upon these bills, in view of the early expiration of the fiscal year. The report was discussed and a further conference ordered on some minor points. Orders were entered setting apart Saturday and Monday nights for debate upon the election bill and the house then took a recess.

INTENSELY HOT.

Chicago Citizens Swelter Yesterday—Hottest Day of the Summer.

CHICAGO, June 27.—The intensely hot weather which has prevailed in Chicago and vicinity since last Sunday still continues, to-day being the hottest of all. There have been thus far six deaths from sunstroke, including two this morning, and a large number of cases which have not proven fatal.

**THEIR LIFE IN THEIR HANDS.**  
Mine Inspectors Refuse to Let the Rescuers Enter Hill Farm Mine.

DUNBAR, Pa., June 27.—The flames which have been burning in the Hill Farm mine burst from the mouth of the pit at 8:30 o'clock to-night and leaped thirty feet in the air. All efforts to extinguish the flames have proven fruitless and the buildings in the vicinity have been torn down to prevent the fire spreading. A hurried consultation followed between the inspectors and District Master Workman Horn as to the advisability of abandoning the search for the imprisoned men. It was the belief of the inspectors that it was too dangerous to proceed further, but they decided to finish the work themselves. A hole has been drilled into the Hill Farm mine and at 11 o'clock the inspectors started on the perilous search. They have taken their lives in their own hands and may never see daylight again. It is feared that the mine is on fire all through or else filled with smoke. In either case, the danger is very great. It is of a character, too, that tries to the very utmost the courage of any man. In the dark, with tons of loose earth above them, a false step or any kind of a false move may bring death in an instant.

**MURDERED BY TRAMPS.**  
Charles Decker and His Aged Mother Beaten to Death With a Club.

MORRIS, Ill., June 27.—Burglars entered the Decker homestead, near here, and brutally assaulted Charles Decker and his aged mother, Mrs. Frank Decker, with a club. Both will probably die, as their skulls were fractured by the fearful blows. A hired girl, named Emma Shaw, witnessed the attack on Mrs. Decker and threw herself from an open window and escaped to the woods, pursued by the murderers. She succeeded in eluding them, however. The robbers only secured about ten dollars. Two tramps have been arrested, one of whom has been identified by Miss Shaw.

**DUN'S TRADE REVIEW.**  
Volume of Business Larger Than in Any Previous Year—Outlook Uncertain.

New York, June 27.—R. G. Dun & Co's weekly review of trade says: While the volume of trade, as indicated by the reports, continues larger than in the same month of any previous year, the prospect for the future is rendered less satisfactory by industrial hesitation and by doubt in regard to the monetary outlook. This uncertainty affects estimates of the future demand for iron, and so the continued addition of new furnaces weakens the market. Large transactions in structural iron and rails have been closed, but without strengthening prices.

The business failures occurring throughout the country during the last seven days number 202 as compared with 199 last week. For the corresponding week of last year the figures were 215.

**ILLINOIS CENTRAL STRIKE.**

A Compromise Reached which is a Virtual Victory for the Company.

CHICAGO, June 27.—The great strike on the Illinois Central system was formally declared off shortly after 2 p. m. to-day, and the men returned to work this afternoon. The settlement of the trouble was brought about by a conference of the strikers, which opened this morning and continued until 2 o'clock. The terms of the settlement are virtually a victory for the company. The employees consent to the retention of Superintendent Russell, whose discharge was demanded and to enforce which the strike was inaugurated.

The company, however, consents to take from the superintendent the power to hire and discharge men, which in a measure is what the strikers demanded. The result caused general rejoicing, not only among the men themselves, most of whom had begun to realize that their action had at least been precipitate and that the cause was inadequate, considering the magnitude of the interests involved, but also by the general officers of the company.

**Negaunee Pulling Up.**  
HOUGHTON, June 27.—[Special.]—The Negaunee base ball team paid its first visit to the copper country and opened the series with a victory. The home team was defeated by the following score: Negaunee 11; Houghton 6.

**Baltimore Brewers Indicted.**  
BALTIMORE, Md., June 27.—The grand jury to-day indicted every brewer and distiller of the city for violation of the high license law passed in the last legislature.

MAY END IN A LAW SUIT.

J. M. Underwood's Generosity Causing Him no End of Trouble.

The Florence Clark Sensation Again—The Girl Says She was Temporarily Deranged—Hints of a Conspiracy.

MINNEAPOLIS, June 27.—The strange action of Florence Clark, at a Milwaukee hotel, in sending a telegram to J. M. Underwood at Marquette threatening suicide in case he did not visit her immediately, bids fair to end in a suit for damages. Mr. Underwood, who is a married man, finds himself in an awkward position, and intends that some one shall repay him for his time and trouble. Mr. Underwood paid a flying visit to Minneapolis yesterday to set at rest the stories that had arisen out of the episode. He had plenty of proofs that she had

SIMPLY BEFRENDED THE GIRL, and that there was no basis for the rumors with which the neighborhood in which he lives has been rife. He went back to Marquette with the firm intention of making it warm for the parties who he supposes were at the bottom of the trouble. He declares that he merely received one telegram asking, "Why don't you answer my telegram?" and signed "F. Clark." Supposing it was not for him he declined to receive or pay for it. Florence Clark has turned out to be a hotel waitress that Mr. Underwood befriended in Marquette while ill some time ago. She says her illness left her with a temporary mental derangement and that was the cause of the telegram. Mrs. Underwood, who is now in Minneapolis, has received an unsigned and incoherent letter from her, begging forgiveness for the disagreeable notoriety she has caused.

**THE JOHNSTOWN DISASTER.**

Examining Committee Said to Have Found the South Fork Dam Perfect.

PITTSBURGH, June 27.—On Saturday the committee appointed by the Civil Engineers association to investigate the dam disaster that resulted in the destruction of Johnstown will be submitted. The sealed report is said to contain some highly interesting data concerning the condition of the South Fork dam prior to the flood. It is said on good authority that the report states that the dam was as perfect as it could be made, as is evidenced by the circumstance that at the time of the flood a foot of water poured over the dam for two hours, and that when at last the dam broke it did so from the top. It is said that the report will further state that a larger waste pier might have prevented the flood.

**A JEALOUS SQUAW.**

Plunges a Knife into the Body of Man in the Face.

RAIN-SUPERIOR, Wis., June 27.—West-in-the-face, the noted Sioux chief, ranking next to Sitting Bull in renown, and made prominent through the Custer massacre, lies at the Standing Rock agency, North Dakota, dangerously wounded, and unless a change for the better soon takes place he will die. The chief was stabbed in the chest and side several times, two days ago, by a squaw, a handsome young woman, whom he had neglected for another young woman. While he lay asleep his wife plunged a long knife into his side and chest, making terrible wounds. She then gave herself up, saying she was sorry she had not killed him.

**EX-SENATOR PALMER HONORED.**

Unanimously Chosen President of the World's Exposition at Yesterday's Meeting.

CHICAGO, June 27.—Ex-Senator Palmer, of Michigan, was unanimously elected president of the world's exposition at today's meeting of the national commission. J. S. Dickinson, of Texas, was chosen secretary.

**SUPREME COURT DECISIONS.**

Many Opinions Filed Yesterday—Large Number of Cases Reversed.

LANSING, Mich., June 27.—[Special.] The supreme court filed opinions in the following cases to-day:

Affirmed, O'Neil vs West Branch; Detroit & Saline Plank Road company vs Detroit; Peckee vs Johnson.

Reversed, Deal vs Township of Athens; Breese vs Supreme Lodge Knights of Pythias; People vs Edgar; Dakota vs Aurora Iron Mining company; Long vs Kaiser; Rockwell vs Rockwell; Edwards vs Clement; Barker vs Anderson; Artelliff vs June.

In Hannon vs Williamsburg City Fire Insurance company, and in Hannon vs Westchester insurance company judgments below were reversed and judgments entered in the supreme court for plaintiffs for \$84 in each case.

The court will finish the call of cases next week Wednesday and adjourn for the term.

**Freddie's Barber Sues Him.**

NEW YORK, June 27.—George Martin, a German barber, has brought suit against Freddie Gebhard to recover \$150, the amount of an unpaid barber's bill.

**Forecast of the Weather.**

WASHINGTON, D. C., June 27.—8 p. m.—The signal service reports the following as its forecast for the next twenty-four hours: For Michigan and Wisconsin: Continued high temperature, except slightly cooler in western portion; variable winds.

**Made an Assignment.**

CHICAGO, June 27.—M. C. Robertson, president of the Thirty-first street bank made an assignment for the benefit of his creditors this afternoon.

**Three Deaths From Heat.**  
LOUISVILLE, June 27.—Three more fatalities from the heat are reported.

MARQUETTE, MICH., JUNE 28.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

It seems that the Iron Mountain Journal is to be run in the interest of the democratic party of Menominee county, if such a thing exists there. The Journal has a splendid opportunity. If there is any place in this country where a man is entitled to credit for being a democrat, it is in the u. p. whose prosperity gives the lie to all the articles of faith in the democratic creed.

A CERTAIN Captain Tonkin has been airing his views on miners' wages in the public press. The captain is possessed of extraordinary nerve. His courage is heroic, whatever may be said of his judgment. He has been talking to the Superior Leader and makes the assertion that miners are as well paid in England as in this country. Comment is unnecessary.

MR. TAYLOR, a mahogany-hued statesman, of Atlanta, who held a diplomatic position under President Cleveland, says that a million of colored men will vote the democratic ticket at the next presidential election. Mr. Taylor may be right. There are reasons why a southern negro should vote that ticket. If he values his right of suffrage and enjoys the exercise of it and, above all, is especially anxious that his vote should be counted, he will vote the democratic ticket. If he votes any other his labor is lost, for it won't figure in the returns.

A POSTMASTER is not, of necessity, a bad fellow and when one of the victors who have divided the spoils meets with a streak of good luck, the community, as a whole, will rejoice with the mail man, pardon the tautology, and congratulate him on his good fortune.

There come times in the affairs of nations when the powers that be are moved to increase the meagre compensations of postmasters and such a time is June 1890. Fearfully few are those who pass through the pearly gates of elysium and the postmasters of the upper peninsula whose salaries have been increased within a day or so are but three. It would be as superfluous as an effort "to paint the lily or cast a perfume on the violet" to say that Marquette's postal mogul, Mr. Billings, is one of the lucky trio. Instead of a commonplace, every-day \$2,300, Mr. Billings will draw an elegant, silk-fringed, gilt-edged \$2,400 a year from date. The Iron Mountain and Sault Ste. Marie p. ms are the other north-Michigan lucky dogs whose annual stipend has been increased by kind-hearted Uncle Samuel.

**ORE SHIPMENTS.**

Eighteen hundred and ninety is a golden year for iron. We shall not soon see its parallel. The labor of production and shipment goes on day and night. The excess over the shipments of previous years increases from week to week. Up to June 25th the shipments for the Lake Superior region aggregate 2,332,223 for the season. This beats the record of the corresponding period of last year by 437,022 tons. The shipments of the week foot up 298,713 tons. For the various ranges the season's shipments are as follows: Marquette, 846,657; Gogebic, 825,385; Menominee, 650,814; Vermilion, 208,167. The figures for the last named range cover the season only to June 18. The gains over last year for the same period are: Marquette range, 64,901; Gogebic, 304,084; Menominee, 118,295. The Vermilion range falls back 30,888. The Norrie is gradually increasing its lead of the Chapin and now scores an advantage of 29,753 tons.

**MICHIGAMME MATTERS.**

The contract for the erection of the new "Methodist Episcopal Church" was let on Monday last to R. H. Thomas of Champion and work will be commenced as soon as lumber and equipments arrive.  
County Poor Master, Stearnes, was here on Thursday.  
Mr. and Mrs. F. H. Kearney, and Miss Bessie Pascoe of Republic were visiting here on Thursday as the guests of Mr. and Mrs. A. G. Johnston.  
Miss Anna Crow returned on Wednesday from her trip to Denmark and reports having had a pleasant journey, having visited Germany and other foreign countries.  
It is reported that the old Spurr mine will commence operations by August 1st. Should this be true it will prove of great interest to our town. But no doubt it is all "wind," like former reports concerning that mine.  
Mr. Charles F. McIntyre, of Marquette, has leased the Northwestern Hotel of Mrs. D. McMillan and will take possession July 1st. He will give the house a thorough repairing and run a first-class commercial hotel.  
Prof. B. J. Farrar and wife and Miss Celia Jones leave to-day for their home in lower Michigan, where they will spend their vacation, having completed their term of school here this season. But we hope they will return in the fall.  
The public school closed its year's session on Thursday afternoon. The closing exercises were held in the school building. A very satisfactory showing has been made the past year and great credit is due to Superintendent B. J. Farrar and his corps of teachers. In the evening a very pleasant entertainment was given by the pupils at the A. O. U. W. hall which was largely attended.

**LAKE SHIPMENTS OF ORE.**

Lake shipments of iron ore from the Lake Superior mines, given by range and ports, for the season of navigation up to date of Wednesday, June 25th, inclusive:

A man who has practiced medicine for 40 years, ought to know salt from sugar; read what he says:

TOLEDO, O., Jan. 10, 1887.  
Messrs. F. J. Cheney & Co.—Gentlemen:—I have been in the general practice of medicine for 40 years, and would say that in all my practice and experience I have never seen a preparation that I could prescribe with as much confidence of success as I can Hall's Catarrh Cure, manufactured by you. Have prescribed it a great many times and its effect is wonderful, and would say in conclusion that I have yet to find a case of Catarrh that it would not cure, if they would take it according to directions.

Yours Truly,  
L. L. GORSUCH, M. D.  
Office, 215 Summit St.  
Toledo, O.

Not cured with Hall's Catarrh Cure. Taken internally.  
F. J. CHENEY & CO., Props., Toledo, O.  
"Sold by druggists, 75c."

**CATARRH.**

Catarrh of the Throat—Hay Fever—A New Home Treatment.

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact, and the result of this discovery is that a simple remedy has been formulated whereby catarrh, catarrhal deafness and hay fever are permanently cured in from one to three simple applications made at home by the patient once in two weeks.

N. B.—This treatment is not a snuff or an ointment, both have been discarded by reputable physicians as injurious. A pamphlet explaining this new treatment is sent free on receipt of stamp to pay postage, by A. H. Dixon & Son, 387 and 339 West King street, Toronto, Canada.—*Christian Advocate.*

Sufferers from catarrhal troubles should carefully read the above.

**MERIT WINS.**

We desire to say to our citizens that for years we have been selling Dr. King's New Discovery for consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handed out a single remedy without being satisfied with such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. H. H. Stafford & Son, druggists.

**NOTICE TO CONTRACTORS.**

In pursuance of an ordinance passed by the common council of the city of Marquette, on Friday, the 26th day of June, A. D. 1890, for grading, curbing and macadamizing Alster street from Fourth street to Lee street, sealed proposals will be received by the recorder up to 5 o'clock p. m., on the 5th day of July, 1890, according to the profile and specifications to be seen at his office.  
Each bid must be accompanied by two bonds, each in the penal sum of the total amount of the bid, one conditioned for the faithful performance of contract, if awarded, and the other conditioned for the payment of all labor and material claims arising under such contract.  
The council reserves the right to reject any or all bids.  
THOMAS MEADS, Recorder.

**NEGAUNEE NOVELTIES**

High School Pupils Display their Varied Accomplishments Before an Admiring Public.

**The Commencement.**  
The fifth annual commencement exercises of the Negaunee high school were held at the opera house Thursday evening, the auditorium being completely filled with those who wished to witness the event. The marshals were the members of the junior class—Misses Tessie Mackenzie, Alice Merrill, Mary Sullivan, Belle Ewing and Minnie Maitland—and it was with difficulty that they found seats in the hall for all. The auditorium had been neatly but not profusely decorated with evergreen and cut flowers, the principal floral figure being the class motto—"to-day—worked in evergreen and flowers, and suspended from the top of the stage."

On the stage were the city board of education whose members are: Samuel Mitchell, Mahlon A. Gibbs, Joseph Winter, Cyrille Houle and Robert G. Jackson; The high school teachers: Misses Carrie A. Blakeslee, preceptress, Mary F. Bradbury, assistant, Beatrice O. Sanders, instructor in music, and F. D. Davis, superintendent; and the class of '90 consisting of Edith C. Broad, Harry G. Neely, Eva E. Stewart and Franklin D. Stone.

About 8 o'clock the pupils of the high school entered the hall to the music of one of Stecher & Voelker's marches. Shortly afterward Prof. F. D. Davis arose and announced the opening number of the evening's program, it being an overture, "Golden Lyre," by Stecher & Voelker's orchestra, it being rendered in unusually excellent manner.

Next was a solo, "The Chapel," by Miss Josie Gaffney. It was a fine selection, and in her rendition of it Miss Gaffney showed the results of her attendance at the Detroit Conservatory of Music. She was warmly applauded and responded to an encore.

Following was the salutatory, delivered in an excellent manner, by Miss Edith C. Broad. She took for her subject "Pussy wants a Corner," telling how the class of '90 had each year sought a new and higher "corner" in school work, and how now the members of the class must find "corners" in their life's work. Her exercises showed much originality of thought, and was well prepared and delivered.

Harry G. Neely came next with an oration, "Labor and Capital." His subject was one that elicits the interest of everyone in these days, and he handled it very well, reviewing the progress that the laboring classes had made within the past fifty years, and giving, in a general way, some of the plans advanced by the leading men of the country for the closer union of capital and labor.

"When the Tide Comes In," a solo, was then rendered by Miss May Anthony. She has so often appeared in this city and her ability as a soloist is so generally recognized that any mention here of her work Thursday evening would be entirely unnecessary.

Miss Eva E. Stewart took for the subject of her essay "A Needle in a Hay-Stack," giving a description of a town situated among the hills in the coal regions, and whose position might be likened to that of "a needle in a haystack." Her descriptions were very good, indeed, and her exercise was very well rendered.

Franklin D. Stone then came on with the valedictory, taking for the subject "Talent and Education." In his theme he showed the relative position of these two elements for success, bringing in support of his remarks numerous illustrations taken from the lives of men who had become famous in the world's history. His exercise proved one of the most interesting of the evening, and his delivery was a subject of much favorable comment.

After an obligato solo by Miss Josie Gaffney, which was admirably rendered, and elicited an encore, Prof. F. D. Davis, superintendent of the city schools, made a few remarks appropriate to the occasion, and then called on Capt. Samuel Mitchell of the school board and award the diplomas. Before so doing Mr. Mitchell took occasion to make a few brief remarks concerning the public schools and their efficiency.

The evening's program was closed with a very pretty duet, "O that we were Maying," rendered in a highly creditable manner by Miss May Anthony and Mr. F. M. Beney.

Each one who took part in the entertainment was the recipient of numerous and beautiful floral tributes sent by admiring friends, and the applause that followed each number plainly showed that the program from beginning to end was heartily appreciated by those present.

Another chapter in the history of Negaunee's public schools has been closed, and it may be appropriately said here that the schools were never before in better condition for effective work. The attendance is highly satisfactory and the faithful corps of teachers is doing excellent work. This summer another school house will be erected in the vicinity of the east range and then our city educational system will be as nearly complete as can be.

The Negaunee base ball club left yesterday for the copper country, Bert E. Cook going along as manager, Joseph Schneider as scorer and Sam Carey as patron and backer. The club's colored mascot was rigged out with a plug hat, and if appearances count for aught the club will bring back three games. Schelberger, the new pitcher, went along and will probably be played for one game at least.

The gathering of the Alumni of the Negaunee high school at the residence of Mr. and Mrs. Joseph Winter was one of the most notable social events of the season. Owing to the lateness of the hour at which the assembly dispersed, a detailed account of the affair is reserved until Monday morning.

Conductor Simms, of South Shore train No. 5 was jerked off by his train just after leaving Marquette yesterday morning, sustaining severe injuries on his left shoulder. He took his train through to Ishpeming, changed there onto the Marquette passenger and went back to Marquette.

The "Unions" defeated the "Little Potatoes" yesterday afternoon by a score of 26 to 4.

**Self Exploratory.**  
The following letter, received a few days ago by K. A. Knupper, agent for the pianos mentioned below, sufficiently explains itself:

CHAMPION, MICH., June 4th.  
MR. KNUPPER—Pardon me for being so slow in fulfilling my intention of thanking you for the excellent Bradbury piano you furnished for our concert. I was particularly pleased with the action—it being light and very even throughout.

Am pleased to see that you are also the agent for the Mason & Hamlin piano. Having one in my home, I am prepared to speak of it as one of the very best instruments made in the United States. Mine is of surpassing beauty of case and the tone is sweet, rich and of great sustaining power. Add to this that it stands in tune and it is well entitled to the foremost place.

Very sincerely yours,  
GEORGE L. LAY,  
1423-24 With the Schubert Quartette.

DRY SLAB WOOD. Price \$2.50 per cord. Leave orders at stores of A. S. Westlake and Steele & Lobdell, or at my office. GEO. L. BERTIS. 30-1f

Long Lived Lamp. Something of the cheapness of the incandescent light in this city may be seen from an experience of the MINING JOURNAL office. There is in this office a 16-candle power lamp that has burned six nights in the week all night from the time of starting the dynamo to the present. This lamp hangs at the head of the stairs and is never turned off save on Saturday and sometimes not then. The same lamp has been in use as good as ever. As the lamps are only guaranteed for 600 hours it will be seen that this record is something remarkable. By those who complain of the frequency with which their lamps break the record of this one is worth study. It is just an ordinary lamp taken out of a lot as they came, but it has burned full 2,500 hours.  
Journalists on a Jaunt. A party of Minneapolis and St. Paul newspapermen will pass over the South Shore line next week and view some of its many scenic features. They leave St. Paul this evening and will spend tomorrow at Gogebic Lake. Passing through here Monday morning they will take the steamer City of Marquette at Munising, inspect the famous Pictured Rocks and go on by lake to Sault Ste. Marie. Thence another steamer will be taken to Mackinac Island. On its return the party will reach here Thursday next and spend a half a day viewing the beauties of Marquette. From here the tourists will go to West Superior and Duluth. The party will travel in one of the elegant sleepers of the Great Northern road and will be accompanied by C. P. Flatley, the South Shore's representative at St. Paul. It will undoubtedly be a very pleasant trip.  
Good News for Homesteaders. The homesteaders on the Ontonagon & Brule River grant who have been patiently waiting for their final receipts will be glad to see the appended letter from Commissioner Groff, of the general land office:  
DEPARTMENT OF THE INTERIOR, GENERAL LAND OFFICE, WASHINGTON, D. C., June 14, 1890.  
Register and Receiver, Marquette, Mich.:  
Sirs—It appearing that those cases of old applications for lands in the former limits of the Ontonagon & Brule River Railroad Company (reported in your letter of December 30, 1889, and decided in this office February 15, 1890) which have not been applied, renewed or relinquished have been disposed of by office letters of the 4th and 21st instants, I see no reason why entries should not now be allowed for the lands which had been withheld from entry because of these old applications.  
The above applies only to the restored lands in the former limits of the Ontonagon & Brule River railroad grant outside the granted limits of the Marquette, Houghton & Ontonagon grant; and, in allowing entries, you will exercise great care to admit no entry for land which is covered by an application made previous to the restoration and which is still pending, and to cite all parties who have made application since the restoration took effect (whose applications have been suspended by you awaiting this action or are pending in this office), in order that all applicants may have an opportunity to be heard.  
Where conflicting claimants appear, you will order hearings to determine their respective rights, render your decision, and allow usual appeal, as has heretofore been customary in similar cases.  
Care should also be taken to admit no entries of lands covered by approved selections of any kind, which are still of record.  
Should you allow the entry of any applicant whose application is pending before this office on appeal, you will immediately advise this office, so that the pending application may be properly noted and disposed of. Very respectfully,  
LEWIS A. GROFF, Commissioner.

Maloney started after them and raked in one, who gave the name of Jack Cunliffe. The others ran away, their speed being accelerated by a brace of shots from the marshal's revolver.  
The case of the Hartford Mining Co. against the Cambria Mining Co. occupied the circuit court all day yesterday and will be continued to-day. The division of an irregular lot bordering on Teal Lake and the title to the ore underlying the disputed strip of land is in question. The case has been to the supreme court once. D. H. Hall and Arch B. Eldredge appear for the defendant and W. P. Healy and F. O. Clark for the plaintiff.  
Darby Welch, one of the best back-stops ever seen on Marquette ball field, left for his home in Kalkaska yesterday. Welch played ball every minute he was on the ground, but for some reason was unable to throw this year. Realizing the situation perfectly he very sensibly asked for his release and went home. He will play with the local team and hopes to get into shape again. If he succeeds in getting into condition once more he may return to Marquette.  
PERSONAL MOVEMENTS.  
R. K. Hawley left for the east yesterday. Mine Inspector Anthony Broad was in the city yesterday.  
Charles S. Hebard, D. L. Hebard, W. K. Haviland and Elmer E. Halsey are down from Pequaming.  
E. B. Chamberlain of St. Ignace was in the city yesterday attending a meeting of the prison board.  
Mr. and Mrs. John Ward and Mrs. M. H. Sanderson, of Negaunee, visited Marquette friends yesterday.  
John Scott, the well known Detroit architect and designer of the branch prison, was in the city yesterday closing up some work.  
John B. Moloney, ex collector of internal revenue at Detroit, left for that city yesterday after spending several days in and about Marquette on business matters. Mr. Moloney is a genial and polished gentleman whose only fault is his politics.  
Among the upper peninsula visitors at Marquette yesterday were: David M. Ford, D. N. Holmes, Ishpeming; Charles W. Niles, Calumet; Ralph A. Jones, Newberry; D. L. West, McWilliam; E. Everette, Iron Mountain; O. H. Shafer, Houghton.  
MARINE MATTERS.  
PORT LIST.  
Arrived—Chisholm, Joliet, Helena (sturr), Iron Duke, Iron Cliff, light; Dove, sundries.  
Cleared—Chisholm, Joliet, Cleveland; Iron Duke, Iron Cliff, Detroit; all with ore.  
VESSEL NOTES.  
The Chisholm carried Negaunee ore; the Joliet and Iron Cliff, Lake Superior; the Iron Duke, Winthrop.  
The side-wheel steamer Dove arrived here yesterday and took a considerable party out on a moonlight excursion. She went her way to Ashland and will ply between that port, Bayfield and the Apostle Islands.  
John Flynn's crew trimmed the big steamer Joliet yesterday in 1 hour, 8 minutes. Is there a better record!  
Messrs. York and Gooding have inspected fifty-seven steams-vessels during the last six months. Their semi-annual report was sent in to Washington yesterday.  
PASSED SAULT STE. MARIE.  
SAULT STE. MARIE, June 27.—[Special.]—Down—Northern King, John Owen, Tower, 106, T. W. Palmer, Idaho, Niles, Gulaere, Kershaw, Ironton, Moonlight, Castle, Columbian, C. H. Johnson, Andrews, Louisiana, Canada, Battison, Paige.  
Up—Shickaluna, Young, Ransom, McVea, Birkenhead, Jones, Constitution, Commodore, Niko, Churchill, Northern, Geo. Presley, Green, Sonsmith, Mattie, Bell, Aurora, Manola, Pease, Planet, Avery, Hawgood, Mike, Republic, Nimick, Sparta, Pontiac, Minneapolis, San Diego, Redwing.  
Why Ripthap's History is so Popular.  
1. It is written by the only American historian who ever made a national reputation as a teacher.  
2. History is presented by Ripthap according to the same plan which he used in his teaching.  
3. The other histories were written in the seclusion of the study-room and are therefore dull and dry. This work was produced in the face of the intelligent criticism of hundreds of bright students who composed Prof. Ripthap's classes during the twenty years of his teaching, and is therefore filled with the richest modern thought—fresh, active and comprehensive.

A MAGNIFICENT PANORAMA—FROM SUMMIT TO APFOMATON.  
"The Century" Magazine War Book OF—  
BATTLES AND LEADERS.  
3,000 PAGES.  
1,700 ENGRAVINGS.  
1,000 BATTLE SCENES.  
200 FIELD MAPS.  
400 PORTRAITS OF FAMOUS MEN on both sides. A historical portrait gallery of priceless value.  
\$200,000 WERE SPENT IN THE ILLUSTRATIONS.  
\$400,000 TOTAL COST OF THE WORK to the publishers.  
\$1,000 REWARD to any one discovering a misprint or misplaced letter in the entire work—paid by the publishers.  
THE FOUR VOLUMES CONTAIN more than 3,000 pages.  
OVER 150 CONTRIBUTORS—federals and confederates.  
4 ROYAL OCTAVO VOLUMES. Unrivalled, unequalled, unexcelled, and COMPLETE.  
TAKE NOTE—MORE than HALF the articles and pictures described in these four volumes of 3,000 pages, did not appear in "The Century" magazine. This is virtually A NEW BOOK.  
IT GIVES ALL THE STATISTICS relating to every battle of the civil war, whether by sea or land; the power of every regiment, brigade and division, with the colored or general in command, and the losses in killed, wounded and missing in both the UNION and CONFEDERATE ARMIES.  
These statistics, especially for the CONFEDERATE ARMY, have only been obtainable within the last few years, and, consequently, are given correctly the first time.  
The work is printed on the De Vinne press in New York, the best in the world, and is bound by Macdonald & Sons, of Boston, the best bookbinders on the continent. 6-271f

## WASH GOODS.

This is the season when the ladies desire light wash goods for cool summer wear. To give a complete enumeration of our stock would take all the space at our command. We have the largest stock in the city. We also consider it the best. The prices will be found lower than at other stores. We would like all the ladies to call and look over our stock of dress goods for summer wear. If we can secure their presence a sale will certainly follow. Our big stock of dress goods in all varieties, and at all prices, is, of course, complete.

## BOOTS AND SHOES

for the entire family, from the baby up to paterfamilias. This department we pride ourselves in keeping always complete. The largest stock in the city to select from. Remember that we buy shoes by the carload. We can fit anyone.

## CLOTHING.

Our clothing department covers more floor space than any exclusive clothing store in the city. The size of our stock and number of clerks employed in this department may give you some idea of our clothing business.

## LAST,

but not least, if you can't find what you want anywhere else, call on us and secure it. We like to have people come to us who have been led through other stocks without getting what they want. We keep it in stock.

# HAVE YOU

Seen Our Store Recently? If not You have missed it.

Our place is a veritable HIVE of INDUSTRY, and well worth seeing. Groceries coming in by the carload. Dry Goods in endless quantities. Millinery—an ordinary store full. Carpets and Crockery have been moved up-stairs on account of a lack of room on the first floor. Come and see us. It will be for your interest as well as ours to do so.

## RAPID TRANSIT COMING.

A Very Flattering Prospect that the Ishpeming - Negaunee Street Railway will be Built Soon.

SWITCHMEN IN THE ISHPEMING & NEGAUNEE YARDS TO BE ORGANIZED.

The Michigan Gold Company will To-day Replevin the Gold Stolen by the Two Varcoes.

The Electric Railway.

While it is not absolutely certain that the street railway will be built at once between Ishpeming and Negaunee, enough has recently been done by the holders of the franchises granted by the two cities to make itself almost certain that the line will be built in a short time.

A preliminary survey for a route between the two cities has been completed by Mr. J. E. Jopling, of Marquette. Contrary to general expectation the survey show that the line can be built very cheap, and that scarcely any filling or cutting will be required, while the grades used will be very light, and much easier than those of either the county road or the Cambria road between the two cities.

The exact route that will be followed in the city limits of either town has not been decided on yet, the survey being between the limits of the business districts of both cities. A gentleman from Appleton, who has a thorough practical knowledge of electric street railway lines was in the city a few days ago and on examination of the survey stated that the road could be very cheaply built, as can be seen by any one, in fact.

A tract of land has been secured in the vicinity of Union park, and it is intended to put the power plant there. If the railway extends from the Lake Angeline district of this city to the cemetery in the eastern part of Negaunee, as probable to be the case, the power house will be three miles from the end of the line here and less than two and a half miles from the terminus at Negaunee.

It has been demonstrated in scores of cities of almost all sizes, that electricity furnishes cheaper motive power than horses. At Sault Ste. Marie, which has but six thousand people, while the Marquette county twins have over twenty thousand, four and a half miles of electric street railway have been in operation for two years, and the investment has proved a profitable one.

The Negaunee company has recently been strengthened by the accession of Capt. Sam Mitchell and other capitalists, while the Ishpeming company has plenty of money to carry its end of the burden. A meeting of the two companies will be held in the near future, at some date not yet decided on, to consider plans for the immediate construction of the line. It is probable that a single company, to be known as the Ishpeming & Negaunee Street Railway company, will be organized to carry on the work and to operate the line after its completion.

The street railway would pay expenses from the first day it run cars over its line, and within a year would pay a dividend. As now planned it will run from the eastern end of Negaunee to the western limit of Ishpeming, a distance of about five miles. Should business warrant, as it doubtless would, cross lines could be built in both cities, and the Ishpeming line extended two miles to the Winthrop location.

A Switchman's Union.

The railroad men of the union are probably more closely united, in mutual societies, than any other branch of workers in the country. The engineers, firemen, conductors, brakemen and switchmen each have unions of their own, and are federated, with a council that exercises control over all orders. The engineers, conductors, firemen and brakemen running on the lines doing business here are nearly all members of their orders, but the switchmen's union is as yet unrepresented here. A meeting was held here a week ago, at which over fifty switchmen were present from the Ishpeming and Negaunee yards of the South Shore and Northwestern lines, and it was decided to organize a branch of the Switchmen's Mutual Aid society here. The order is strong in nearly all other sections, and has shown its power more than once by tying up business so tight that the railroad managers were compelled to accede to the demands of their men.

At present there are fifteen switch engines employed steadily in Negaunee and this city. The movement to organize will undoubtedly result in the formation of a union. The movement will not be combatted by the railroads, and will therefore meet with few obstacles.

That Michigan Gold.

The decision of the jury in the case against the Varcoes allows the latter their liberty. The gold which they stole is now in the hands of the court. To secure possession of this valuable property Mr. David M. Ford, the managing director of the Michigan Gold Company, has had papers issued which will be

served this morning, when the gold will be replevined. It will thus pass into the hands of the Michigan company, and if the Varcoes want it they will be compelled to bring suit for its recovery. This they will in all likelihood do. By their own admissions on the witness stand they stole the gold, though they denied taking it from the Michigan property.

It is stated that Mr. William Uren will bring suit against the Michigan company for damages, on account of false imprisonment. As this rumor could not be verified, though it was given common credence, the MINING JOURNAL reserves its comments on the case.

## BUSINESS POINTERS

A Few Words to the Public, From Ishpeming Business Men.

FOR SALE CHEAP—250 shares East New York stock. Apply to D. McCarty, Ishpeming. 6-29W1

If you want a home of your own the Ishpeming Building and Loan Association, can put you in the way of securing it. Regular monthly meeting Tuesday, evening July 1st. 6-25W1

## DR. SANDEN'S ELECTRIC BELT

## THE END CROWNS THE WORK

Marquette High School Graduates of 1890. Twelve in Number. Hold Commencement Exercises.

FRANK PIERCE'S HOUSE STRUCK DURING ELECTRIC DISTURBANCE.

Improving the Base Ball Team—Hottest Day in Two Years—Second Day of the Y. M. C. A. Conference.

Clever Orations and Essays.

Eight girl graduates whose white dresses contrasted with the black coats of the four young men, their classmates, sat in the choir of the Methodist church yesterday morning. Above their heads hung a great floral anchor, expressive of hope and on each breast glittered the silver four-leaved clover of the class pin, emblematic of good fortune. Essay and oration were delivered and songs were sung. Junior schoolmates were admonished and teachers thanked by the valedictorian. The throng of friends and relatives that filled the auditorium rendered each speaker his or her due need of appreciative applause. The diplomas which each had worked to win were duly presented and Marquette High school's commencement of 1890 was over. Another class of the Queen City's youths and maidens had passed from the doors of her grandest institution, some to continue in the paths of learning and others to take up the active duties of life.

At the High school commencement exercises yesterday morning the audience was a model one for size. Every seat was filled, but there was no press and hence no one suffered from the unusual heat of the day. In addition to the floral anchor already mentioned, the choir rail was covered with trailing plants and palms and flowers filled the forward corners of the room. Within the rail sat Superintendent Anna M. Chandler, Principal McCracken and the teachers of the high school. The forward seats were filled with the junior classes of the school and then came the people.

The members of this year's class are by courses as follows: Classical, Bessie A. Thiel, George E. Ball, Latin, Eleanor Hall, Louise McCallum, Grace E. Palmer, J. Fred Kern; English, Margaret Grant, Emily McNulty, Jennie Schwalm, Hattie Sullivan, Ransom A. Manhard, Carl F. Moore. The young women read essays and the young men delivered orations. Of the various productions it may be said that all were clever and well written and above the average of high school speeches. When all did so well it were invidious to select examples for particular notice, and the limits of space will not permit even an abstract of the young orators' and essayists' efforts. The full program of the day follows:

**MORNING.**  
 Song—"The Boatman's Morning"  
 Song—"The Land of the Shamrock"  
 Essay—"The Universal Language"  
 Oration—"The Coming Power"  
 Essay—"Neglected by History"  
 Song—"The Kerry Dance"  
 Essay—"Periodical Literature"  
 Essay—"Leopoldism"  
 Oration—"Wealth"  
 Song—"The Nightingale"  
 Essay—"The Micawbers"  
 Oration—"Genius"  
 Trio—"Down in the Dewy Dell"  
 Misses Johnson, Richardson, Mrs. Kimball.  
 Presentation of Diplomas.  
 Song—"Listen, 'Tis the Wood Bird's Song"  
 In presenting the class with their diplomas in behalf of the school board Mr. V. B. Cochran took occasion to speak of the fact that the certificates of the Marquette High school now admitted the holders, without examination, to the advantages of the University of Michigan and to Vassar, Wellesley and Smith colleges. In his forcible and eloquent address to the class Mr. Cochran took occasion to remind them that instead of being finished their education was but begun. He reminded them that while extremely pleasant and helpful a college course was not absolutely necessary to a liberal education and urged them to continue at least some selected line of reading and study as a means of further culture and advancement.

**Pranks of the Lightning.**  
 Frank Pierce's residence on Michigan street was struck by lightning during the electric storm about 1 o'clock yesterday morning. The current from the gigantic battery of the skies struck the roof near the central chimney, tearing a hole about two feet square. Then it slipped to the other side of the chimney and tore off a lot of shingles along the ridge. The family was awakened by the crash and Mr. Pierce looked out to see if any of his neighbors had been damaged but did not know his own dwelling had been struck until morning. The lightning played a curious prank with the arc lights. Sebastian Ockstadt, night clerk at the Hotel Marquette, reports that a little after 1 o'clock the lamp in the hotel office and the one on the corner outside suddenly went out amid the crash of thunder. In three or four seconds they burned

up again and behaved all right for the remainder of the night. No adequate explanation of this occurrence has been made.

**Improving the Team.**  
 The directors of the Marquette team are taking steps to improve it and hope yet to put up winning ball. Laughna, Scott and Sullivan have been let go. That Laughna is a pitcher few doubt, but he has been a conspicuous failure here. The reasons for releasing Scott are too numerous to mention. Sullivan has done quite fair work, but has been too anxious not to spoil his record by errors to exert himself as he should on all occasions. Certain other members of the team have been informed that they will be let out in short order unless they brace up and play ball.

Riley, the crack third baseman of the Manistee team, which led the Michigan state league at the time of its disbandment, is on his way here. He has an excellent record, and it is hoped he will be able to play that important position as it must be. Thorpe has already shown himself a fine catcher. With Marker and Wilder in the box, Birmingham on first, Riley on third, the already strong outfield and some bracing up of the infielders there are now some good hopes that Marquette will no longer be out-classed, but will finally be able to "play ball."

**Hottest for Two Years.**  
 Yesterday morning was the hottest weather Marquette has seen for two years. Sergeant Dent reports the maximum temperature as 89 degrees. The highest range last year was 88 degrees.

Yesterday was certainly a milder while it lasted and caused a general donning of lighter clothing. The rain that came up about 3 o'clock in the afternoon cooled the air considerably, though it was still uncomfortably warm up to 8 o'clock in the evening.

The rain storm early yesterday morning was remarkable for its violence. The total precipitation was .58 of an inch and half an inch of water fell in twelve minutes.

**Wrestling With Problems.**

The Upper Peninsula conference of Young Men's Christian Associations continued its session yesterday with increased attendance, a number of delegates having come in by lake and rail. The program as printed in yesterday's MINING JOURNAL was fully carried out and the various speakers were heard with close attention and great interest. Rev. Isaac Wilcox and Rev. C. C. Turner spoke earnestly on the need of association work among the miners, Mr. James Pendill, of this city, gave some valuable hints on financial matters, State Secretary H. M. Clark spoke on the founding of new associations and Secretary Newman, of Detroit, defined the status of the Young Men's Christian Association. The program for to-day is as follows and the public is cordially invited to attend the sessions in the Baptist church:

**MORNING.**  
 Devotional exercises.  
 Young Men's Meeting, how arranged for, and how conducted—G. F. Grand, Sault Ste. Marie.  
 Conversation—Committee service—C. A. Maht, Marquette.  
 Personal work: its value, methods—L. F. Newman, Detroit.  
**AFTERNOON.**  
 Devotional exercises.  
 How can we secure permanence in Association work—J. W. Sutton, Sault Ste. Marie.  
 The need and value of Training Class work—H. M. Clark, State Secretary.  
 The fundamental principles of Association work—Rev. J. M. Barkley, Detroit.  
 Question Drawer.

**EVENING.**  
 Praise service.  
 The Church at work for Young Men—Rev. J. M. Barkley, Detroit.  
 How can we make our work for Railroad Men more effective—E. W. Allen, auditor, S. S. & A. Ry, Marquette.

To-morrow morning a consecration service will be held in the Baptist church, at 9 o'clock, led by Rev. Andrew McLean. Rev. J. M. Barkley of Detroit will preach in the Baptist church at the regular morning service, and Secretary L. F. Newman of Detroit will fill Rev. Mr. Pillsbury's pulpit at the Methodist church. At 3:30 o'clock in the afternoon Secretary Newman will conduct a meeting for men only in the Methodist church. In the evening a general meeting, the last of the session, will be held in the Presbyterian church. This meeting will be led by State Secretary H. M. Clark, and will be addressed by a number of gentlemen. The men of the city, particularly the young men, are especially requested to attend the afternoon meeting, and the public generally is cordially invited to attend the general meeting in the evening.

Don't forget Gordon's D. F. cigars when you want a good smoke.

Prof. Henry Wade Rodgers, of Michigan University, says: "Ridpath's 'History of the World' tells the story of the world's history in a manner so comprehensive and attractive that the author merits congratulation, and the work deserves the commendation which has been bestowed upon it."

**Low Excursion Rates to Milwaukee.** Account Knights of Pythias Conclave.

For this occasion the Milwaukee & Northern railroad will sell tickets at rate of one fare for the round trip. From points north of Menominee tickets will be on sale July 4th to 8th inclusive, good to return from July 9th to 19th inclusive. These low rates are within the reach of all, so let everybody turn out and witness one of the grandest gatherings the world has ever known. All information furnished by any railroad ticket agent or W. B. Sheardown, G. P. & T. A., Milwaukee.

**E. P. WILBUR,** Nor. Pass. Agt., Marquette.

**Wanted.**
