BLOWN INTO ETERNITY.

Forty To Fifty Workmen on The Northern Pacific Railroad Caught In an Explosion

ANOTHER TERRIBLE CALAMITY DUE TO CRIMINAL CARELESSNESS.

Charge of Dynamite Prematurely Goes Off Hurling Tons of Rock Onto Two Score or More of Laborers.

FRAUGHTFUL EXPLOSION.

SPokane Falls, Wash., Sept. 6.—Just before 6 o'clock this evening a premature blast killed fifteen men and possibly more in the Northern Pacific yards.

The full extent of the disaster is not known. It was just before the hour of quitting work and a large force of men was engaged blasting out a huge rock pile in the Northern Pacific freight yards in the northern part of the city. From fifty to seventy-five men were at work in the cut at the time. Fifteen have been taken out dead and a number injured. All is confusion and it is impossible yet to get the names. Some of the men were preparing blasts to be touched off after the other workmen and teams had departed for the night. One blast had been prepared. In putting in the second it was exploded, the jar also touching off the first blast. Twenty-five thousand cubic feet of rock were thrown over the unsuspecting mass of humanity with terrible results.

Hundreds of people soon gathered at the scene and the work of taking out the dead and injured has since been going on. The scenes at the hospital are heartrending.

TIME HEIGHTENS THE HORRORS.

SPokane Falls, Wash., Sept. 7.—Time only heightens the horrors wrought by the premature explosion of a blast in the Northern Pacific freight yards here last night. At 11 p. m., the men engaged in the sad task of taking out the mangled victims were forced to desist because, among the rocks which were being cleared away, were five other blasts that might be exploded in the task of removing the mass of debris that buried the victims. Up to that hour eighteen bodies had been taken out. There are yet twenty-seven men unaccounted for all of whom are probably buried beneath the

MIGHTY MASS OF ROCK.

The fatality was terrible. The men were given no chance for life. There were about two hundred pounds of giant powder in the blast. The accident was caused by carelessness. The man in charge of the blast, and three assistants were blown to atoms. It is the custom to prepare blasts, and charge them, and at the hours of 12 noon and 6 p. m., after the men have left work and gone to a place of safety, to shoot them. In this case, however, it seems that one blast had been prepared and the foreman, C. McPherson, was preparing a second. The men had all finished their work and were putting on their coats, and picking up their lunch pails ready to go to their homes after their day's work, when they met

HORRIBLE AND UNEXPECTED DEATH.

Either the rock was too hot from the action of the drills or else the tamping exploded the second blast and that exploded the first. The man who was tamping paid the penalty with his life. A man who stood beside one who was tamping escaped with slight bruises, although twenty thousand feet of rock were hurled for hundreds of feet in every direction. Another man, who was near the deadly blast and who was supposed to be dead, was seen shortly after the explosion

IN A HALF CRASED CONDITION

walking around with his clothing torn to shreds. The men were working in a cut, leveling of the ground for the new freight yards. The cliff of rock on the side of the cut which was being removed was twenty feet high. The blasts were so arranged that the rock was thrown toward the cut. Not anticipating the blast, about thirty men were upon the cliff when the blast exploded. A great mass of rock and earth rushed into the air and pitched over into the cut, burying the men beneath its awful weight. None of them had time to run; but a few escaped in a miraculous manner. Over one hundred men were at work in the adjoining cuts and at once were on the scene of

THE TERRIBLE ACCIDENT

and began with pick and shovel to hunt for the bodies. From all over the huge mass of rock groans and shrieks issued and the air was filled with the horrible noises and the appeals of the wounded and dying. A short half hour, and all was still, except for the working men with pick in hand, who in the light of the lanterns worked late into the night removing the dead bodies.

HURLED TO DEATH.

Locomotive Crashes Into a Street Car at a Crossing in Cleveland.

CLEVELAND, Sept. 6.—A frightful accident occurred at the Wilson avenue crossing of the New York, Chicago & St. Louis railroad in this city about 7:30 o'clock to-night by which at least a dozen persons were terribly injured, some of them fatally. The crossing is on a steep grade, down which runs an electric street railroad line. At the time the accident occurred a freight train was standing close to the crossing on the south track. An electric motor drawing one car was approaching from the south. The safety gates were up and the road apparently clear. Just as the motor had crossed the railroad track a locomotive, running twenty miles an hour, dashed out from behind the freight train. The pilot of the engine struck the electric train between the motor and trail bar, tearing them apart and

hurling one to each side of the track. At least a score of persons were on the trail car, and they were tumbled about in all directions, some being hurled a dozen feet away and others pinned under the car, which was demolished. The street railroad barns were close to the scene of the accident, and a rescuing party was soon on hand. The victims were taken from the wreck and hurried away in ambulances to hospitals within a short space of time. All of them were so badly injured that they had to be carried from the wreck.

BLOW TO ANTIGO.

Hoxie & Mellor Make an Assignment—More Attachments Served on Their Property.

ANTIGO, Wis., Sept. 6.—Hoxie & Mellor made an assignment this afternoon. It is now thought the liabilities will foot up nearly \$500,000. Assets are as yet an unknown quantity, but are thought to exceed the liabilities by a small margin. Additional attachments have been levied on the Michigan property of the concern and they now aggregate \$130,000. The failure now appears to be a bad one and will prove a hard blow to Antigo.

The assignment was in favor of C. R. Bardeen, of Wausau, Wis. Attachments aggregating over \$30,000 on Antigo property were gotten out to-day about as follows: Merchants' bank, of Milwaukee, \$12,500; Curtis Bros., Wausau, \$3,000; Roundy, Peckham & Co., Milwaukee, \$3,000; A. J. Burtis, Oshkosh, \$12,000; Ormsby Line company, Milwaukee, \$3,000. It is rumored to-night that there may be more assignments, one here and one at Ashland. This is undoubtedly the largest failure that ever occurred in Northern Wisconsin.

ASHLAND, Sept. 6.—A Weed & Co., lumbermen of this city, gave a bill of sale of their lumber, amounting to 7,000,000 feet, at Ramsey, with a deed of the plant, to Messrs. Ellis & Barden to raise \$75,000 to meet Hoxie & Mellor's paper, on which they are endorsers, amounting to \$35,000. The firm will not be embarrassed at all.

"PUMPING" PROCESS APPLIED

To a Central Brake Man Arrested on Suspicion of Being a Train Wrecker.

ALBANY, N. Y., Sept. 7.—A rumor was current all day that a man had been arrested on suspicion of being one of the wreckers of the Central express on Friday morning. An Associated Press reporter collected the following story from sources he deems reliable: Detective Tom Bryant, of the Hudson Central police force, this morning arrived in this city, having in custody a man named York Reed, of East Albany, who has served as freight brakeman on the Hudson River division of the Central road, whom he arrested in Hudson on suspicion of being one of the train wreckers. Reed is now in Superintendent Bissell's private office in the Union depot. He is being held in private custody for the time being, it is thought, in order to allow the detectives who are working on the case an opportunity to "pump" him. It is known that Superintendent Bissell, Robert A. Pinkerton and Mr. Humphrey, the central detective, have been closeted with Reed all this afternoon.

AMBITIOUS IKE.

Mr. Stephenson, of Marinette, Has His Weather Eye on Sawyer's Seat.

OSHKOSH, Sept. 7.—To-day's Times says: "A story comes from the Ninth district that is amusing to those who know the chief actor. Isaac Stephenson has the senatorial bee in his bonnet, and it is buzzing so loud that he is afraid to walk on the railroad track for fear he might not hear the cars coming. He has not yet made up his mind to give John C. Spooner a tussel if the legislature should be republican; but he has fully determined to make an effort at the close of Philletus Sawyer's term. With this end in view he is watching the senatorial districts, and trying to get nominations for his friends, who would thus hold over long enough to name the successor to the senior senator. So far, Mr. Stephenson has worked unsuspected, but now he has raised a hornet's nest, as the Spooner men think he might not be contented to wait if he had a chance to grab next winter."

A SHOCKING TRAGEDY.

Edward Reninger Fatally Shoots His Wife and Mother-in-Law.

MILWAUKEE, Wis., Sept. 7.—A shocking tragedy was enacted in Wauwatosa, suburb of Milwaukee, this afternoon. Mrs. Edward Reninger had left her husband on account of his brutal treatment and dissolute habits and returned to her mother's home. She and her mother were sitting on the porch to-day when Reninger came to the house and approaching his wife asked if she would return to him. She refused and without a moment's warning he pulled out a revolver and shot her three times. The mother interposed and she, too, was shot twice. Both women were taken to the hospital and Mrs. Reninger will probably die. Mrs. Rayme's wounds may not prove fatal. Reninger was captured to-night at Brookfield and will be brought to this city.

California Celebrates.

SAN FRANCISCO, Cal., Sept. 7.—The celebration of the fortieth anniversary of the admission of the state of California into the union is now in progress under the auspices of the Native Sons of the Golden West, an order composed of native born Californians. Other societies are actively co-operating. The city is elaborately decorated and on a scale never before equalled in this part of the country.

Forecast of the Weather.

WASHINGTON, D. C. Sept. 7.—8 p. m.—The signal service reports the following: s forecast for the next 24 hours: For Wisconsin and Michigan: Fair; slightly cooler, followed by rising temperature; westerly winds; warmer Tuesday.

ANOTHER DAY FOR TALK.

Senate Postpones Definite Action on The Tariff Bill—Sugar Schedule Taken up To-day.

CONFERENCE REPORT ON RIVER AND HARBOR BILL WILL BE ADOPTED.

Election Cases To Come Before The House During The Week—Lower Branch Ready To Act on Tariff Bill.

WASHINGTON NEWS.

WASHINGTON, Sept. 7.—Another day has been added by the senate to the limit fixed for the debate on the tariff bill, and in accordance with this arrangement Monday will be devoted to the consideration of the sugar schedule, in connection with the reciprocity question, speeches being limited to thirty minutes. Voting on amendments without debate will begin Tuesday and continue until all are disposed of. When that time will arrive cannot be stated with exactness, for as long as the bill is before the senate it will be open to amendment. But when

NO MORE AMENDMENTS

remain to be offered and the vote is on the passage of the bill, six hours will be given to general debate. For the republicans, Senators Ingalls and Aldrich will probably occupy the time; for the democrats, Messrs. McPherson and Carlisle and possibly Vest. The final vote on the bill will not be taken, it is believed, until near the close of the week. The conference report on the river and harbor bill, which would have been disposed of Saturday but for the want of a quorum, will be called up to-morrow morning by Senator Frye. It is expected that it will be agreed to with but little if any debate. After

THE TARIFF BILL

is out of the way, the conference report on the land grant forfeiture bill will be taken up, in accordance with the announcement made by Senator Plumb, and when disposed of, Senator Sawyer will ask consideration of the amendment to the lottery bill. According to previous notice by Senator Quay, Saturday will be given to oratories on the late Representative Randall, of Pennsylvania. District of Columbia business will probably occupy the attention of the house to-morrow. Tuesday the Virginia contested election case of Langston vs Venable is to be considered and it will be followed closely by the South Carolina contested case of Miller vs Elliott. In both of these cases

THE ELECTIONS COMMITTEE

proposes to select the colored republican contestants. Later in the week the appropriation committee expects to call up the last of the appropriation bills—the general deficiency bill, which has not been materially amended by the senate. The tariff bill is among the possibilities. If it is returned to the house this week by the senate, accompanied by a request for a conference, there is little doubt but that the request will be granted and the bill thrown into conference directly, as there seems to be no disposition on either side to interpose any objection to the speedy disposition of the bill.

NONE OF IT FOR FOSTER.

WASHINGTON, Sept. 7.—Mr. John W. Foster, of Indiana, formerly United States minister to Spain, said to-day that the report that he had been again tendered the Spanish mission and that he would accept provided a reciprocity amendment to the tariff bill were passed, was not true in any respect. He considered himself permanently out of public life. He was engaged in the practice of his profession and thought that it was to his interest not to accept public office. It was true that he took an active interest in promoting reciprocity, because he believed reciprocity with the countries south of us producing products we did not raise in large quantities was a simple question and one that could not but be to the interest of the United States. At the same time he did not think it necessary that he should take a part in carrying out this policy.

MRS. TOURGEE GOES TO JAIL.

The Wife of the Distinguished Lecturer Sentenced for Contempt of Court.

BUFFALO, N. Y., Sept. 6.—The supreme court has affirmed the order for the imprisonment of Emma K. Tourgee for contempt in failing to appear before a referee in Jamestown to answer as to the financial relations between her husband, A. W. Tourgee, and herself. Mrs. Tourgee was sentenced to pay \$35 fine and spend thirty-five days in jail. She appealed to the supreme court and in her affidavit swore that she has had none of her husband's money since 1880, and that she was not regularly subpoenaed to appear before the referee. The suit in which she was ordered to testify was brought by Ezekiel Flemming to recover \$25,000 from Mr. Tourgee and in which a judgment was obtained but was not satisfied. The prosecutors failed to discover any property of Tourgee's and claimed that he (Tourgee) turned over his receipts to his wife.

Great Fun in Chinatown.

SAN FRANCISCO, Cal., Sept. 7.—At an early hour this morning there was a fight in Chinatown and two Chinese were shot. Ping King Tong society was holding out door religious services on Waverly place when members of the Chee King Tong company interfered. Instantly knives and revolvers were drawn and the fun began. China May of the Ping King society was wounded. Chinese docked to the scene from every quarter and two Chinatown watchmen, who drew revolvers, were swept away by the mob. The Chinamen killed the police for some time but were finally dispersed.

There are many white soaps, each represented to be "just as good as the Ivory." They are not, but like all counterfeiters, they lack the peculiar and remarkable qualities of the genuine. Ask for Ivory Soap and insist upon having it. 'Tis sold everywhere.

A maker that makes a corset to suit nine-tenths of the women ought to know how to suit nine-tenths of the girls as well. A woman can go to a store—every store in the country that sells corsets at all—and get Ball's corset, wear it a week or two or three, and then go back and get her money again if she wants it. So can a girl. A mighty good corset that! The store has a primer on Corsets for you.

CHICAGO CORSET CO., Chicago and New York.

GATHERED AT NEGAUNEE.

A Newsboy's Attempt to "do" a Dago, and What Came of it.

Orchestra to be Reorganized—A Word More About the Entertainment Association. General Findings.

How He Did a Dago.

Just before a west-bound passenger train pulled out from Marquette Friday last a newsboy employed on the train stepped up to a plainly dressed Italian who was standing on the platform and after joking with him for a while, inquired of the man if he could give him a \$10 bill in exchange for silver. The Italian replied that he could, and handed him the greenback. The newsboy began counting him out the change. Just then the train started. He kept on slowly counting out dimes and quarters until the last coach was passing, and then jumped aboard, leaving the surprised Italian \$5 short. The victimized dago said not a word to anyone of his loss, but boarded the next train and came up to Negaunee. Saturday afternoon, with a number of companions, he spent the day walking up Iron street toward the Breitung house. They followed and tried to catch him, but he was too quick for them and started off on a run. They chased him as far as Teal Lake bluff, when they stopped and he continued on toward the lake. Late in the afternoon the excited gang met "Jimmy" Colenso, and taking him for the knavish newsboy, they grabbed hold of him and would have done him harm had not Marshal Cunningham happened along just in time to save him from their vengeance. The newsboy, although his name cannot be learned, is well known about town, hence would be readily spotted if he should enter the city precincts. He is probably rusticated somewhere in the wilds of the hardwood bush bordering Teal Lake and trying to figure out how much he is ahead on his contemptible piece of sneak-thievery.

A New Orchestra.

The Stecher & Voelker orchestra met at the A. O. U. W. hall yesterday for organization. The orchestra dispensed with the services of Louis Voelker and has engaged in his place Prof. L. X. Ulrich, of Milwaukee. A certain member of the orchestra has for the last four months acted in a manner antagonistic to the interests of the organization, and, although the best of music was furnished always, the orchestra has been hanging together in a very loose manner. Prof. Ulrich, the new first violinist, is considered one of the finest violinists in Milwaukee and will no doubt give the liveliest satisfaction here, since, in addition to his skill on that instrument, he is a conductor and piano tuner. Although heretofore the orchestra was considered the finest in the upper peninsula, it will now no doubt so far excel all other similar organizations as to make its services sought throughout a much wider field than ever before.

Entertainments Guaranteed.

The Negaunee Entertainment Association will surely organize again this season, and inside of two or three weeks. An examination of the association's books for the last year shows that it has \$75 to its credit, which sum will go toward helping out on this season's series. The principal trouble with the management of last year's association was that there were about twenty-five members, and that only six of these did anything to help along the venture. This year only active and willing members will be taken in, and nothing will be done involving any large outlay until sufficient funds are secured to warrant engaging the best lecturers on the Lyceum bureau's list. The association will also make sure that all subscriptions are collected before even the first of the series of entertainments is announced. Last year quite a number signed their names to the ticket list but refused to pay when the money was being collected. There is no reason why the association should not meet with success, as the aim of those who are connected with it is not to make money out of it, but to render it an agency through which our people will be afforded a first-class series of winter entertainments at the lowest possible cost.

The delegates chosen to represent Negaunee in the democratic county convention to be held at Marquette today are as follows: E. C. Anthony, A. C. Seuss, Ira A. Clark, R. A. Clark, John Jones and Robert Taylor. The city convention was held Saturday evening, and all the wards in the city except the Third were represented. The delegates will go in for a Braisted delegation from this county to the state convention.

In answer to Carns' challenge to back Geo. Amberson to run against any man in the upper peninsula, Dave Foley has brought down the champion runner of the Gogebic region, and the race will probably be had this afternoon at Union Park.

Ed. Blake is about to erect five large tenement houses on his property on Jackson street. In the contract let it is stipulated that the entire work be completed before December 24th.

The small boy is doing all in his power to make life a burden to nervous people since the new lot of Hood's Sarsaparilla whistles arrived.

Mr. and Mrs. Anthony Broad returned on Saturday from Detroit, where they have been for the last week taking in the exposition.

As soon as the brickwork at the back of the Presbyterian church is torn down the church services will be held in the A. O. U. W. Hall.

Miss Mary F. Bradbury arrived from New London Friday evening to enter on her duties as assistant in the high school to-day.

Abram Boulson's new residence is rapidly assuming its proper dimensions, and he expects to move in before the snow flies.

Samuel Mitchell has staked off into building lots a tract of land known as Sweeney's field, and which contains

nearly four acres. The property is situated just north of the Negaunee mine, its proximity to which renders the lots very desirable to the men employed at the mine.

The English Oak band paraded Iron street Saturday night and played an entirely new program. Among the selections was an overture which elicited many rounds of applause.

The Pilgrims' Progress panoramic entertainment was repeated Saturday evening to a large and delighted audience.

Nathaniel Lobb and James Johnson left for Ypsilanti yesterday, where they will take a course in the business college.

Harry G. Neeley left for Detroit yesterday, where he goes to attend school during the coming winter.

Prof. Fohrman of this city will make a fine display of musical instruments at the county fair this week.

An infant son of Joseph Gauthier, of the Spurr, which died Friday was buried here yesterday.

Mr. C. Homer arrived yesterday and will begin teaching in the school to-day.

J. M. Compton, of Crystal Falls, will start a confectionery store in town.

Mrs. S. A. Benjamin will deliver a temperance lecture at A. O. U. W. hall on Monday evening which the people of Negaunee are earnestly requested to go and hear. (9-5-34)

Bret Harte in Negaunee.
Bret Harte is now living in a quiet cottage in Grove End road, near St. John's wood. He is getting old and his hair is old fire. His books sell immensely in England—more than those of any other American writer. Mr. Harte's family is not with him, and the general impression in London is that he is a widower. Mr. Joseph Hutton, a warm friend and neighbor of Mr. Harte, informs me that he is now in the consular service. No American is invited into the best English society more than Bret Harte. His American stories warm the English heart. They never tire of the novelist's story about the first jury trial in California, and this is the way he told it the other night.

"It was over in the Mariposa Gulch in '59. They had never had a jury trial there. If a man stole a horse, they lynched him, and that settled it. But the people, many of whom came from Massachusetts, began to tire of lynch law and sign for the good old jury trial of the east. So one day, when Bill Stevens had jumped a poor man's claim, the Massachusetts fellows resolved to give him a good, old fashioned jury trial. They took him into the back end of the board postoffice, selected a jury, and the trial commenced. Dozens of witnesses were called, and finally the jury retired to agree on a verdict. When they had about concluded that Jim was innocent the boys outside came banging at the door.

"What do you fellows want?" asked the foreman through the keyhole.
"We want to know if you hain't about agreed on the verdict. If you hain't you'll have to get out. We want this room to lay out the corpse in!"—Eli Perkins in Chicago Inter Ocean.

Proportions of the Body.
The proportions of the human body as given by the best authorities are as follows, the length of the head being the standard of measurement: From the bottom of chin to breast bone, one-half length of head; from top to bottom of breast bone or sternum, one-half length of head; from bottom of sternum to beginning of lower limbs, two lengths; from thigh to bottom of knee, two lengths; from the bottom of the knee to the ankle, one and a half lengths; from the ankle to the ground, one-half length. Adding to these measurements one length for the head itself gives eight lengths for the proper height of the body of man.

Proportions of the head, the proportion of their head to the height being about as one to seven or seven and one-half. The arm from the armpit to the elbow joint is one and one-quarter times the length of the head, from the wrist to the end of the middle finger three-quarters of the length of the head, and the same finger the right middle finger and the same finger of the left hand is, when the arms are spread horizontally from the body, equal to the height of the figure. It follows, therefore, that the breadth of the body from armpit to armpit is one and one-half lengths of the head.—St. Louis Post-Dispatch.

Negaunee Business Notices.

THE Negaunee office of the MINING JOURNAL is with J. C. Dougherty & Co., Case street, where communications and business announcements may be left. All bills are payable to Horace J. Stevens.

TO SELL—A flat silver corner of Boosey & Co. make, instrument in excellent condition and will be sold at a sacrifice. JOHN STECHER.

VORACITY OF YOUNG BIRDS.

Two Nestlings That Consumed a Snake For a Single Meal.

A friend who loves to note the ways of birds tells a robin anecdote which might find a place among the humors of Aesop. Over a nest of two fledglings which he had for some days been watching he one day noticed the mother robin fluttering about and scolding in unusual agitation, and climbing to discover the reason he found the two young ones nearly choked in an effort to swallow the opposite ends of a snake.

The first impulse was to relieve the struggling nestlings, but on close inspection he satisfied himself that their predicament was more dire than dangerous. The snake had evidently lost all interest in the proceedings, but the little birds had not.

After two hours he got back to the tree, and found one of the young ones dozing tranquilly over his finished dinner, and the other holding about an inch of detached snake and still swallowing.

Mr. Blaine's "Stanwood." Bar Harbor was the creation of a day. However jealously those fortunate people who first became aware of its beauty and attractiveness of the Maine island guarded their secret in their selfishness it leaked out.

The Fresh Brigade. Not long ago says a writer in Wide Awake, I heard a mother tell her boys that intimate and constant acquaintance with brushes went a great way toward making a gentleman.

TALE OF THE TOWN

It is time for the Musical Association to be getting a move on itself and to begin its winter's work. According to an item to be found on the seventh page carpenters are wanted for work at Chassel. The new Hawley mill will ship its first cargo of lumber by lake this week. Ninety men are now employed at the plant. The Marquette county fair opens tomorrow. The attendance promises to be very large and the show even better than in previous years.

COMMON COUNCIL PROCEEDINGS.

A regular meeting of the common council of the city of Marquette was held in the council room on Monday, the first day of September, A. D., 1890. Mayor Longyear presiding. At roll call there were present Aldermen Gillett, Helmet, Johnson, Mack, Palmer, Pendill, J. F. Todd and R. R. Todd. Alderman Hennessey arrived soon after. The street commissioner's report was read and on motion accepted. The following were allowed and ordered paid: John P. Finlayson, street commissioner, August pay roll, \$1053.91; Edward Fraser, lumber in August, \$82.25; George L. Burtis, lumber, 47.64; A. O. Jopling & Co., 100 ft. sewer pipe, 30.00; White, Jackars, 25.85; Hager & Johnson, drafting board, 6.00; Gad Smith, recording deed, 1.00; Peter Manhard, iron roofing, 13.65; J. M. Hill, 13.65; James Shaw, plastering council room, 2.50; Mining Journal, 1.00; Proceedings three meetings, tax sale notice, assessment and contractors notices in July, 102.90; Daniel J. Arnes, publishing proceedings contracting and assessment notices in August, 35.50; McGuire & Lambert, blacksmithing, July and August, 47.80; Charles J. Eggers, two justifying certificates, 19.00; George Serrell, draying, 3.75; Joseph A. Vannier, juror, 1.00; Peter Delf, juror, 1.00; Eugene Larochele, juror, 1.00; H. F. Hanford, juror, 1.00; Frank Pendill, juror, 1.00; N. Bergh, juror, 1.00; F. O'Hagan, juror, 1.00; George E. French, juror, 1.00; William Coles, juror, 1.00; Danl. Beal, juror, 1.00; Timothy Donovan, juror, 1.00; T. Meads, justice fees, 3.00; James Maloney, board of prisoners, 6.55; Mrs. Shibley, cleaning council rooms, etc., 4.00; Moved and carried that M. R. Manhard's bill of \$13.65 be charged to the account of Bergh & Hettling. The council then on motion adjourned. THOMAS MEADS, Recorder.

PERSONAL MOVEMENTS.

David M. Ford, of Ishpeming, visited Marquette on Saturday. C. F. Euton, the well known Bessemer attorney, was in the city Saturday. Mr. and Mrs. F. W. Baesler returned Saturday from a two weeks visit with friends in Detroit. Dr. Harkin has been called to Montreal by the serious illness of his sister and will be absent some days. Dr. Thomas J. Watkins, of Chicago, was in the city yesterday calling on a number of college mates at the University of Michigan. Judge Stone and Mrs. Stone came down the road Saturday with their son who is on his way to resume his studies in Beloit college, Wisconsin.

MARINE MATTERS.

Arrived—Iron Age, Iron City, Green, Sonsmith, Bell, Drake, Pontiac, Forest City, McGregor, light; Kingfisher, Oneonta, Knapp, Brightie, Johnson, coal; Mystic, stone. Cleared—Iron Age, Iron City, Detroit; Green, Sonsmith, Bell, Drake, Ashtabula; Pontiac, Cleveland; all with ore; Fiske and scow, Houghton, pig iron. Passed up—India, Badger State, City of Traverse, sundries; Tice, Bradley, Wilson, coal. Passed down—China, Nyack, sundries. VESSEL NOTES. There is quite a coal fleet in port just now. Five vessels arrived Saturday and Sunday with cargoes of anthracite. The tug Fiske left yesterday afternoon towing a scow with a quantity of pig iron for Houghton, and will bring back stone from Portage Entry. The schooner Brightie, now discharging coal, will load with lumber at Dead River, the first cargo sent out from the new Hawley mill. The steambarge Tice, coal laden, dropped her tow here yesterday and proceeded up the lake. The schooners will load ore. The steambarge Bradley, coal laden, dropped the Brightie here and proceeded up the lake with the schooner Woolson. The three vessels will load lumber at Dead River on their return.

PASSED SAULT STE. MARIE.

COMMON COUNCIL PROCEEDINGS.

Moved by Alderman Pendill and seconded by Alderman R. R. Todd that it be left to the street committee. Moved by Alderman Mack, seconded by Alderman Helmet and carried, as an amendment, that the mayor appoint a committee of three to consult with the street committee in regard to the matter and report to the council. The mayor thereupon appointed Alderman Mack, Pendill and R. R. Todd. The following petition signed by O. D. Jones and nine other interested parties was presented, and on motion granted: To The Common Council of The City of Marquette: We, the undersigned, owners of property abutting on Ohio street between Spruce street and a point one hundred and seventy-five feet east of Walnut street, want most respectfully represent to your honorable body as follows: 1. There is no present need of an improved street within the above limits except about four hundred or five hundred feet on the west end thereof. 2. There is no prospect that said street will be needed by the public for ten years to come. 3. The amount of the lowest bid, viz: \$4.75, is far in excess of the benefits that would result to the abutting property, and would work great hardship to some of us who would be called on to pay exorbitant sums, with no corresponding benefits. Therefore we most respectfully ask your honorable body: 1. To reject all the bids for the improvement of said street now before your honorable body. 2. To repeal the ordinance requiring said street to be graded. And your petitioners will ever pray. The petition of A. Mathews, asking permission to lay a sewer on East Bluff street, to connect with his house on the corner of Bluff and Blaker streets was, on motion, granted. The petition of Carl Rohl and five others asking that a sewer be constructed on Ridge street, between Front and Third streets, and that the expense and costs be assessed on the property abutting was, on motion, referred to the street committee. The petition of Mrs. Mary Atfield, asking to be relieved from the payment of sidewalk laid in front of her property on Bluff street, in consequence of her being a widow and unable to pay same was, on motion, granted. The street commissioner's pay roll was presented and examined. Alderman Pendill stated that complaints had been made of men "shirking" while working on the streets and that he had watched them doing so frequently, and censured the street commissioner for not looking after them more closely, in which Alderman Mack joined. The street commissioner stated that if they were not satisfied with him he was ready to resign at once and that it was impossible to be at a number of places at the same time to watch the men on different jobs, etc. Alderman Hennessey stated that he was satisfied from what he had seen and knew, as a member of the street committee, that the street commissioner did his duty; that the work is twice as large as it was a few years since, and it is impossible for said street commissioner to cover so much territory, to watch the men without an assistant, especially as there is so much street work done, etc., which was corroborated by Alderman Helmet. Moved by Alderman Hennessey and seconded by Alderman Gillett, that the street commissioner employ a foreman to help look after the street work. Alderman Pendill, seconded by Alderman Palmer, moved an amendment that the street commissioner be requested to discharge a number of men and employ only good men, which was lost. The original motion was then voted on, and carried. Ayes, Aldermen Gillett, Hennessey, Helmet, Johnson and J. F. Todd. Nays, Aldermen Mack, Pendill, Palmer and R. R. Todd. The profiles of Fair avenue and Garfield street were on motion referred to the street committee. The special assessment roll presented by the assessor for grading, curbing and macadamizing Seymour and Lincoln avenues from Washington street to Ridge street, was on motion referred back to the assessor with instructions that he confer with the city attorney in the matter. The following bids to construct a sewer along Michigan street, from the trunk sewer to the sewer already laid in said street, were read: That of Peterson, Johnson and Hall be two dollars and ten cents (\$2.10) per lineal foot, and fifty dollars (\$50.00) for each man-hole and two dollars for each lamp hole. That of John Bergh being one dollar and seventy cents (\$1.70) per lineal foot and fifty dollars for each manhole. Moved by Alderman Palmer and seconded by Alderman Helmet, that James Lattrell be allowed five hundred dollars on account of said Genessee street. Ayes, Aldermen Gillett, Hennessey, Helmet, Johnson, Mack, Palmer, Pendill, J. F. Todd and R. R. Todd. Nays, none. The chairman of the street committee

COMMON COUNCIL PROCEEDINGS.

stated that Peterson, Johnson & Hall had completed their contract on the Arch street sewer and that there was a balance due them for said work of ninety-six dollars (\$96.) and moved that it be paid. Ayes, Aldermen Gillett, Hennessey, Helmet, Mack, Johnson, Palmer, Pendill, J. F. Todd and R. R. Todd. Nays, none. The street commissioner's report was read and on motion accepted. The following were allowed and ordered paid: John P. Finlayson, street commissioner, August pay roll, \$1053.91; Edward Fraser, lumber in August, \$82.25; George L. Burtis, lumber, 47.64; A. O. Jopling & Co., 100 ft. sewer pipe, 30.00; White, Jackars, 25.85; Hager & Johnson, drafting board, 6.00; Gad Smith, recording deed, 1.00; Peter Manhard, iron roofing, 13.65; J. M. Hill, 13.65; James Shaw, plastering council room, 2.50; Mining Journal, 1.00; Proceedings three meetings, tax sale notice, assessment and contractors notices in July, 102.90; Daniel J. Arnes, publishing proceedings contracting and assessment notices in August, 35.50; McGuire & Lambert, blacksmithing, July and August, 47.80; Charles J. Eggers, two justifying certificates, 19.00; George Serrell, draying, 3.75; Joseph A. Vannier, juror, 1.00; Peter Delf, juror, 1.00; Eugene Larochele, juror, 1.00; H. F. Hanford, juror, 1.00; Frank Pendill, juror, 1.00; N. Bergh, juror, 1.00; F. O'Hagan, juror, 1.00; George E. French, juror, 1.00; William Coles, juror, 1.00; Danl. Beal, juror, 1.00; Timothy Donovan, juror, 1.00; T. Meads, justice fees, 3.00; James Maloney, board of prisoners, 6.55; Mrs. Shibley, cleaning council rooms, etc., 4.00; Moved and carried that M. R. Manhard's bill of \$13.65 be charged to the account of Bergh & Hettling. The council then on motion adjourned. THOMAS MEADS, Recorder.

DESIGNS THAT CANNOT BE IMITATED.

The large and continually increasing demand for paper which cannot be duplicated for fraudulent purposes, as in the case of printed certificates of stock, bonds, drafts, notes, commercial paper, etc., has led to the production of paper of special and peculiar designs of more or less adaptation to such a purpose. One of the most recent and practicable processes, as described, for securing this result consists in applying ink to a lithographic plate of stone or other material, placing another plate, which may also be lithographic, face to face with the first named, rubbing the faces of the two plates together for a time and then taking them apart. The ink will be distributed in such a manner by this rubbing action that a variegated design is imparted to the plate. Or in case the design thus produced is not of a satisfactory character, the plates are simply placed in contact again and the rubbing carried on until the desired character of design is brought about. This being accomplished the ink is allowed to become dry, the lithographic plate is subjected to the usual treatment for lithographic purposes, and the design is transferred to the paper in the usual manner of printing from lithographic plates. According to the accounts given of this process it is said to produce designs of such a multitudinous variety in configuration and shade that reproduction, except from the original plate, is practically impossible. The impression can also be made in any desired color.—Paper Mill.

SEVERAL GOOD SUGGESTIONS.

There was the young man who was heard to assure the elderly man to whom he was presented that he was very glad indeed to meet him. Now, no doubt he was, for the elderly man was one of the distinguished men of his state, and the youngster was really very modest at heart, and felt that the presentation honored him. But would it not have been better taste to let the kindly acquaintance come from the man of years and discretion, rather than from the untutored youth who had nothing to offer? Worse than he is the young fellow who goes about among his women friends, as long as he has any, apologizing profusely for not having called upon them lately. "Assuming that it is a matter of grave importance to me whether he ever calls or not," said Genevieve, scornfully, a few days ago when Tom Bigelow openly mourned his negligence of her hospitalities. Not quite so bad, but still to be regretted, is the young man or woman who tells you that you look "just like a very dear friend." Who cares to have his individuality duplicated, and why, if he must be told it, should he not have the comfort of being the one to whom the other is compared? Notice your sub-conscious self some time and see how much more easily you take the information when you are told that the other fellow looks like you than you do when you are only told that you look like him.—New York Evening Sun.

COST OF SHAVING IN NEW YORK.

Lots of men get shaved in New York in the five and ten cent barber shops who would not care to have the face generally known. Their reasons are good ones. The cheap shops uptown are mainly in the hands of Italians, who are swift and good shavers, and they are open from 7 in the morning till 10 or 11 at night. The shops are located on Third, Second, Eighth and Ninth avenues, and if a man's beard is strong and his face not particularly tender he can get shaved rapidly and comfortably for five or ten cents. No tip is expected. At the hotel barber shops in the upper part of the city the process of getting shaved is rather an involved one. The shave costs twenty cents, the barber always expects to be tipped a dime, and the brush boy, who is usually assiduous and persistent, struggles for anything in the way of change that happens to be lying around loose. The men who shave every day this expense is of importance.—New York World.

FORTY PIES IN ONE HOUR.

Absalom Green, a negro deacon of Charleston, S. C., ate forty pies in one hour. The contest was for a wager. The pies were mince, peach, apple and pumpkin. Deacon Green had a big contract on his hands when he undertook to eat the forty pies, but he was equal to the emergency. As pie after pie disappeared he rose to the full height of the occasion and did not stop till he had polished off the fortieth pie. Then he asked for an oyster pie for a nightcap. Of course the pies were not old fashioned farm pies, two feet across and from two to three inches thick, but each was a fair sized city pie. Deacon Green experienced no discomfort from his meal and had a good appetite for breakfast next morning.—Cor. New York Journal.

THEY'RE ALL FOR FRED.

Ishpeming Likely to Furnish the Democratic Candidate for State Treasurer.

The Information About the Public Schools of Ishpeming—Minor Notes.

Fred Braastad For Treasurer.

A city convention of democratic voters was held at Geo. W. Hayden's office Saturday evening, at which the following named delegates were elected to attend the county convention to be held at Marquette this morning: Geo. Hayden, Patrick McGinty, A. W. Holland, Thos. J. Dundon, Olof Peterson, Christian Melby, M. C. Scully, Horace J. Steyens, Richard Barney, Dr. Joseph Vandeventer, Chas. P. Sonergren and Thomas Pearce.

The delegation was not instructed, but it was not necessary, as all of the delegates will go to Marquette with the intention of securing the unanimous endorsement of Fred Braastad for state treasurer. Houghton and Menominee counties have already instructed their delegations to vote and work for Mr. Braastad, and Marquette county will follow suit. It is probable that the entire upper peninsula delegation will be a unit in favor of Mr. Braastad, and for the first time in the history of Michigan democratic conventions every upper peninsula county of any size will send a full delegation to the convention. In addition to the delegates, a number of enthusiastic democrats from here will go to Grand Rapids to assist in the nomination.

From the county convention this morning the delegates and others going to the state convention will return to Negaunee and Ishpeming, and start for the Valley City this afternoon. The iron and copper country delegations will go together, and a Pullman car has been chartered for the round trip. It looks as though another car would be needed to accommodate the large number going. Whether Mr. Braastad receives the nomination or not, he will have a support from his own city that he might well feel proud of, and the upper peninsula delegation will be unanimous in his support. If nominated he will lead the ticket in the upper peninsula, and will materially strengthen it. His personal popularity, and the evident intention of Wayne county to steal a march on the balance of the state in regard to the equalization of taxes, will make him a strong opponent of Mr. Moore for the guardianship of the commonwealth's funds.

The Schools.

There are almost a thousand children of school age in the city who do not attend any school. The proportion is larger than it should be, and several hundred young children that should be at school are not there simply because there is not room for them. The building of the new school house on Strawberry Hill will lessen the strain very much, but will provide only for the overflow, and not for the annual increase of school population, which is from three to five hundred.

Prof. H. W. French, who was to teach drawing and music, has resigned, and will return to Quincy, Mass. He was engaged through a Teacher's Employment agency, and was found not qualified to fill the position of a teacher of music in the schools of Ishpeming. He was led to believe, through the representations of the agency that offered him the place, that the Ishpeming schools were in the backwoods somewhere, and were just taking up music. Instead of that he found schools similar to those in other large towns, and that music had been taught here for five years. He did not feel qualified to teach music to the more advanced pupils, and very honorably told Superintendent Oleott so. It is likely that some trouble will be had in securing another teacher for the place on short notice after the school year has begun.

The new system of grading has gone into effect, and as a consequence there will be no class graduated next spring. Formerly there was a year's grammar school work in the high school course of four years, and the diploma from the Ishpeming high school did not admit a graduate to any Michigan college. Another year has been added to the high school course, which are three in number, and French and German are taught in addition to Latin, for the first time. By this change no new pupils go into the high school, and there will be no graduating class in '01, but future graduates will be admitted to the Michigan University, or to any college in the state, on their diploma, without examination. The change is one that raises the standing of the Ishpeming schools very materially, and gives added facilities for securing a good education at home for those who cannot take a college course. All pupils who graduate from the Ishpeming high school hereafter will have a sound education that will fit them for business or work.

The kindergarten work will be carried on this year. Last year it was introduced in the first primary grade, and this year will be in both the first and second grades. It will be taught in all of the schools, and the parents will be put to no added expense, the material being furnished by the school board. The kindergarten system of education for little ones was originated in Germany, and within the past decade has spread to every civilized country. Where once introduced it is never given up, and is now in use in most of the best public schools of this country. No one who has seen the practical working of the system will oppose it. The public school system of Ishpeming is now on a better basis than ever before. The only drawback, and that is a most serious one, is the lack of room.

Miles Nerve & Liver Pill. An important discovery. They act on the liver, stomach and bowels through the nerves. A new principle. They speedily cure biliousness, bad taste, torpid liver, piles and constipation. Splendid for men, women and children. Smallest, mildest, surest. 30 doses for 25 cents. Samples free at H. H. Stafford & Son.

NEVER FAILS.

ERUPTION ON FACE AND NECK. After suffering for eight months with a troublesome eruption on my face and neck, and trying all sorts of remedies, I was finally cured by taking a few bottles of Swift's Specific. It increased my weight from 95 to 135 pounds.

A. W. CHOOK, Ottawa, Kan.

RHEUMATISM ELIMINATED FROM THE BLOOD. I am satisfied that S. S. S. is the best blood remedy in the world. I have used it for rheumatism with the best results.

L. L. ROUSSEK, Sherman, Texas.

BAD CASE OF FROST BITE. A patient under my charge was badly affected with blood poison, the result of frost bite in the feet. Both feet had sloughed off before he was turned over to me. He was cured sound with a few bottles of S. S. S., and is now walking about on his knees.

TO ADVERTISE MARQUETTE.

Citizens' Association Meets This Afternoon to Hear Report of Committee on Illustrated Publication.

HOW ISHPEMING WENT FORTH IN HER STRENGTH AND WAS MARQUETTE'S.

A Psalm of Rejoicing for Victory—Preparations for Reception to English and German Iron and Steel Men.

Citizens' Association Meeting.

A special meeting of the Marquette Citizens' Association will be held at the board of trade rooms at 4 o'clock this afternoon and a full and prompt attendance is requested by president Longyear. The special business of this meeting will be to hear the report of the committee on the projected illustrated publication setting forth the resources and advantages of Marquette as an industrial point. The MINING JOURNAL is informed that the committee has met with remarkable success in its work and has nearly or quite the whole sum needed already pledged. The book to be issued will contain a large number of fine pictures and will set forth the facts about Marquette in a succinct and striking manner. It will be a publication of such merit that it will not be lightly thrown aside by those into whose possession it may come but will invite perusal and consideration.

There are some other matters pertaining to industrial progress that will probably be presented at this meeting, which will command attention and if followed up may lead to the establishment of valuable plants here.

The committee on iron manufactures held a meeting at the Board of Trade rooms Saturday evening. There were present Chairman W. A. Parker, Messrs. F. B. Spear and J. F. Neidhart, all the members at present in the city, and some other members of the association. Some very encouraging figures on the manufacture of iron, both with all-rail coke and with coke made here, were brought forward. The committee made considerable progress in this direction and blocked out and devised further work on the same line. It will have something definite to report in the near future on the cost of iron-working here. From the data now at hand it would seem that Marquette can make iron considerably cheaper than Duluth or Chicago. The question deserves earnest consideration and the committee will give the points involved thorough attention.

Marquette is beginning to wake up. The Citizens' Association has made more substantial progress in the last few weeks than in all its previous history. United action and a sincere determination to use all the many advantages of this city as a manufacturing point and to overcome all possible obstacles will in the next year accomplish wonders. The meeting this afternoon should be attended by every business man in the city. If not already a member now is a good time to join.

The Rout of Ishpeming.

And it came to pass that in the latter days, even at the tail-end of the season, the sluggers of Ishpeming waxed fat and kicked.

And they said, "Go to; have we not beaten Houghton, even the sluggers of Houghton, the mightiest men of all the tribes of Base Ball."

"Now, verily, let go unto Marquette, even unto the city by the shores of the great deep, that sitteth upon many hills."

"For her young men are few and they are not sluggers as we are, and we will put them to flight, verily we will do them up."

So the sluggers of Ishpeming came unto the field of many contests, even unto the field called of the Green Diamond, and they were boastful in their strength.

But then there fell a judgment upon them for their great boasting, for their sluggers could not slug, and one Wilder, which was nitcher for the young men of Marquette, put them to shame, and their errors were many and they were defeated utterly.

And every man of the tribe of ball cranks shouted at them in scorn and reviled them, saying "Verily, ye are duffers and ye cannot play ball a little bit."

Then the evening came and the ball cranks got them to their houses and rejoiced and were of one mind, saying, "Verily, our sluggers are daisies and they got there in great shape."

And the sluggers of Ishpeming fled away to their caves of iron ore, even of hematite, for is not their city called the City of Hematite?

But the sluggers of Marquette slept upon their arms and arose refreshed and pursued the young men of Ishpeming and took their city and defeated them utterly once again.

Now of this second battle it is written in another place, but of the first contest the record readeth thus:

Marquette	A	R	I	S	H	S	P	O	A	E

Distinguished Visitors Next Month.

The committee on entertainment of the members of the Iron and Steel Institute of Great Britain and the German engineers, of whom over one hundred will visit the Lake Superior region next month, held a meeting at Ishpeming Saturday and partially blocked out a program for the occasion. In fact the affair is practically arranged, only a few minor details remaining.

The itinerary of the visitors has already been published in the MINING JOURNAL. Their trip through the Marquette range covers two days, October 20th and 21st. They will spend Sunday, October 19th, at Houghton and such of the party as desire will leave by boat for Marquette that evening. The others will come down by train Monday morning and the two sections will meet at Michigamme, where they will be formally received by Mayor Hall as chairman of the Marquette range committee. That day will be spent in an inspection of the Michigamme, Champion and Replec mines, reaching Ishpeming Monday evening. Tuesday morning will be spent at the Pittsburg and Lake Angeline, Cleveland, Lake Superior and Cliffs Shaft and the afternoon at the Jackson mine, Pioneer furnace and Queen group, arriving at Marquette between 5 and 6 o'clock.

A reception will be given the distinguished visitors here in the evening, lasting until about 10 o'clock when their special train will bear them away to Sault Ste. Marie. The financial part of the affair has been fully disposed of and the program arranged will give the visiting engineers and iron-masters of a very good idea of the great mining industries and mineral resources of the Marquette range, the greatest iron ore producing district in the world.

Democratic County Convention.

The democratic convention of Marquette county will be held at the Hotel Marquette at 10 o'clock this morning to elect delegates to the state convention at Grand Rapids, choose a county committee and transact such other business as may come before it. The hour of the convention has been changed from 1:30 P. M. to 10 A. M. for the greater convenience of the up-the-road delegates who will thus be enabled to get away on the afternoon train.

A democratic city convention was held in Greiner's hall, Washington street, on Saturday evening. All the wards were represented. Daniel Britton was elected chairman and Frank M. Moore, secretary. The following delegates to the county convention today were chosen: C. J. McKenna, Charles E. Deane, Joseph Bolduc, Le Roy W. Midlam, M. H. Foard, A. Sam'l Parks, Frank M. Moore, Sam'l E. Byrne, Martin E. Foard, Webster Dock.

It is the general opinion that the Marquette county democrats will follow the lead given them by the untied of Houghton county and endorse Fred Braastad of Ishpeming for state treasurer.

Marquette Musical College.

Professor George L. Johnson, F. C. O., and Professor J. N. Forhman have organized the Marquette College of Music and will issue their prospectus in a few days. The rooms of the college will be at 112 Washington street, being those now occupied by Professor Forhman as a music studio and others in the same building. The aim of the college will be to afford to all desiring it first class musical instruction at reasonable prices. The method of instruction by class will be followed as experience has shown it to be both better and cheaper for the pupil. Instruction will be given in piano and organ playing in all its branches, vocal music of all styles, sight reading, theory and harmony. Professors Johnson and Forhman are both accomplished musicians, educated in the best schools. In their effort to promote sound and thorough musical education they deserve to be heartily seconded by the whole community.

Standing of the Teams.

The standing of the respective teams of the Upper Peninsula league is to-day as follows:

Teams	Played	Won	Lost	Percent
Houghton	35	23	12	.657
Ishpeming	35	19	16	.543
Marquette	35	17	18	.486
Calumet	32	13	19	.406

Marquette has one possible chance of finishing the season in second place. If she wins all four of the games in the copper country this week her percentage will be .538 as against Ishpeming's .512. Then by playing and winning her one postponed game with Ishpeming her percentage will rise to .555, giving her a lead over the Hematite City teams of .013. Then in order to pull back into second position Ishpeming would have to make another trip to the copper country. Such is the possible chance but it would hardly be safe to wager any large amount on it coming out that way.

Shiras Apparently Ahead.

The many friends in this city of George Shiras, Jr., of Pittsburgh have been watching with great interest the gallant fight he has been making for the congressional nomination. The following telegram received by the MINING JOURNAL at midnight is the latest from the scene of war and seems promising for Mr. Shiras:

PITTSBURGH, Sept. 7.—[Special.]—Latest returns give Shiras a majority of the popular vote and a majority of delegates. The system of delegates casting the republican presidential vote may give Stone the nomination. Numerous contests and result uncertain.

War Song Concert.

Prof. J. N. Forhman is getting along well with the rehearsal for the War Song concert to be given at the Casino for the benefit of the relief fund of Albert Jackson post, G. A. R. For a variety of reasons it has been deemed expedient to postpone the concert from September 21th to September 26th. This gives more time for preparation and Prof. Forhman promises a treat of

the old songs that stirred men's blood in the troublous times of war not often heard in Marquette. Lovers of music will do well to remember the date and be sure to attend. The proceeds go to a most worthy purpose, the relief of poor and worthy soldiers of the Union, and the sale of tickets should be large. There will be a rehearsal for the concert at Prof. Forhman's studio this evening. All singers are urged to attend promptly.

Challenge.

The undersigned base ball club challenges the Morse Hose Co. team to play a game of ball on the fair grounds next Wednesday afternoon, for fun, money or marbles.

"WEST ENDS."
J. RIVERS, Captain.

"The Kids on Time."

Kendall and the Kids company have arrived in the city. In conversation with the writer last evening Mr. Kendall expressed himself as thoroughly pleased with the measure in which Manager Ross had heralded his coming and further considered himself under the deepest obligation to the press of the city for their kindly treatment. A splendid season is reported thus far and everyone in the best of spirits. Mr. Kendall spoke enthusiastically of his new productions, "Under Two Flags," and says it hits the audience even harder than the "Kids."

"I heartily enjoy playing the new character of the old Irish piper," he said. "You can't imagine what a relief it is to me after having played nothing but the old countryman in the 'Kids' for over fifteen hundred times. I enter into the spirit of the Irish character with whole heart and soul, I became so intensely interested that I am afraid I will hurt my villain some night. Well, if I do he can't say anything for it in his contract," he remarked jokingly.

TO A FOREST VIOLET.

Oh me! oh me! how slenderly
And frailly thou art made!
'Tis fair to see how tenderly
Thou smilest in the shade.
The piping birds hop heedlessly
Across thy lonely spot,
But warning words come needlessly
To those who worship not.
The lowly state assigned to thee
Besseems thy pensive mood,
And every fate is kind to thee
In thy rich solitude.
Leaves with delight thy covers are,
From noon day's scorching glare;
The dews of night thy lovers are,
And cherish thee with care.
What son of man can look within
Thy dark hue'd simple face
And fail to scan the book within
Thy pure and perfect grace?
Our world bound hearts are dutiful
To yield their homage now,
Where, free from art and beautiful,
Sweet nature's child art thou.
O not with scorn but lowliness
We learn the thought in thee—
What thou wast born in holiness,
We in iniquity.
Friend of our strolls: we come with thee
Where reverent feet have trod,
And our sin swept souls are dumb with thee,
Before our father—God.
—Toronto Week.

A Wonderful Gift.

Madame Allons, celebrated clairvoyant of Cleveland, O., is now stopping in this city and can be consulted on all affairs of life, business, law suits, courtship and marriage. Reliable advice about articles lost or stolen. All who are in trouble of any kind should not fail to call. Ladies 50c, gentlemen \$1.00. Hours 9 to 12 A. M., 1 to 6 P. M., 7 to 9 P. M. Call ladies parlor, or room 31 Summit House. Will remain a short time only.

Don't forget Gordon's D. F. cigars when you want a good smoke.

REMEMBER

That all money deposited in The Marquette County Savings Bank during the first five days of each month will draw interest from the first day of the month. (3-2-4d)

"The M. & N. Limited"
Is the train to take from Chicago to Marquette, Ishpeming or Negaunee.

\$350.00, \$25.00 cash and \$10 per month will buy a lot in Chicago. Enquire of E. P. Wilbur, room 7, 306 Front street, Marquette.

"Remember"

You can leave Chicago 7:30 P. M. and reach Marquette 9 o'clock next morning.
