**THEY WERE KNIGHTS.**  
Men who Wrecked the N. Y. Central Passenger Train Last Friday Arrested.

**ALBANY, N. Y., Sept. 8.**—The mystery surrounding the wrecking of the New York Central fast train a few days ago is a mystery no longer. Two men, Knights of Labor, are under arrest, charged with attempting to kill the two hundred passengers who were on the train. A reward of \$5,000 was offered for the arrest of the men. The detectives who made the capture are confident they have the right men. The

**GOES TO THE PRESIDENT.**  
Senate and House Agree to Conference Report On the River and Harbor Bill.

**RAUM INVESTIGATING COMMITTEE UNDECIDED AS TO ITS POWERS.**

**Atkinson Bill Takes Up Time of House—Senate Agrees to Finance Committee's Sugar Schedule Amendment.**

**THE HOUSE.**  
WASHINGTON, Sept. 8.—Prior to the reading of the journal, Mr. Anderson, of Kansas, raised the point that there was no quorum present. The effort of the speaker pro tem to count a quorum proving unavailing, a call of the house was ordered. The call disclosed the presence of 156 members and the sergeant-at-arms was dispatched after the absentees.

Mr. Cummings, of New York, raised a laugh by the request that the Maine delegation be excluded on account of the illness of every member of this delegation is absent. A quorum having appeared further proceedings under the call were dispensed with and the journal of Saturday's proceedings was read and approved.

The floor was then accorded to the committee on the District of Columbia, the pending question being one to recommit the Atkinson bill with instructions to report it back with an amendment requiring the Baltimore & Potomac railway to remove its depot in Washington to the intersection of Maryland and Virginia avenues.

After debate the motion, to recommit the bill was lost. The house then went into committee of the whole on the bill. The entire afternoon was consumed in the consideration of the measure, but when the committee rose and reported the bill to the house with a favorable recommendation, the quorum had vanished and the house adjourned.

**THE SENATE.**  
WASHINGTON, D. C., Sept. 8.—The tariff bill was taken up in the senate, the debate on the bill and amendments to be limited to thirty minutes for any senator on any one subject. The changes or amendments in the bill reported by Mr. Aldrich from the finance committee were acted upon. Mr. Plumb offered an amendment imposing a tax of \$1.25 per gallon on distilled spirits. Rejected. The finance committee amendment imposing a tax on all sugars above No. 13. Dutch standard was agreed to.

There was a long discussion on the sugar schedule, several amendments being offered and acted upon. Mr. Manderson offered an amendment for the admission free of duty of machinery for the manufacture of beet sugar and for the refunding of duties collected on such machinery since January 1, 1890. Mr. Eastie moved to amend the amendment extending the provision to machinery for beet and sorghum sugar.

Without coming to a vote Mr. Aldrich said he would try and have all the amendments voted on to-night so as to have the bill at the stage of the third reading to-morrow morning. He also gave notice that he would, for the committee, offer an amendment that the bill shall take effect on the first of October 1890.

The senate then took a recess till 8 P. M.  
**WASHINGTON NEWS**  
WASHINGTON, D. C., Sept. 8.—The senate this morning agreed to the conference report on the river and harbor bill without division. In the house the conference report on the bill was taken up and agreed to without discussion, and without a yea and nay vote.

**THE RAUM INVESTIGATION.**  
WASHINGTON, D. C., Sept. 8.—The Raum investigation was resumed today and several witnesses were examined. Mr. Cooper insisted on the necessity for the production of certain books, and the committee after a private consultation, decided that it would reserve its decision upon the question until it had an opportunity to ascertain the extent of its powers to compel the production of private papers.

**MAKING GREAT HEADWAY.**  
Disastrous Fire in the Charlotte Mine at Scottsdale, Pennsylvania.  
PITTSBURG, Pa., Sept. 8.—A special from Scottsdale, Pa., says: Fire is raging in the Charlotte mine here, and work has been suspended. The fire broke out yesterday from furnaces that were put in. If the flames are not soon extinguished great loss will be incurred. The fire is making considerable headway despite the fact that the company has a large gang of men at work trying to check its progress. The miners were all notified of the fire before they commenced work, or it is probable that some of them would have been suffocated by the smoke. Difficulty was experienced in working in the Stauffer mine this morning on account of the smoke which found its way through the Charlotte mine.

**THEY WERE KNIGHTS.**  
Men who Wrecked the N. Y. Central Passenger Train Last Friday Arrested.

**ALBANY, N. Y., Sept. 8.**—The mystery surrounding the wrecking of the New York Central fast train a few days ago is a mystery no longer. Two men, Knights of Labor, are under arrest, charged with attempting to kill the two hundred passengers who were on the train. A reward of \$5,000 was offered for the arrest of the men. The detectives who made the capture are confident they have the right men. The

**FORECAST OF THE WEATHER.**  
WASHINGTON, D. C., Sept. 8.—8 P. M.—The signal service reports the following as their forecast for the next 24 hours. For Wisconsin and Michigan: Fair; warmer; southerly winds.

prisoners are John Kiernan, a West Albany freight brakeman, living at No. 1386 Second street, in Albany, and John Cordial, a freight conductor, living at No. 585 Livingston avenue. Both men are married and are striking Knights and belong to local assembly No. 740. They were arrested at their homes early this morning about 3 o'clock, after a thorough search of the city for them by a dozen detectives. The detectives clung to each other, as they were afraid to prosecute the search for the men singly, evidently thinking that if the men were arrested by the whole detail it would be for each one individually to share in the reward offered, rather than scatter and let each man take his chances in effecting an arrest and thus capture a big reward for himself.

**THE MAINE ELECTIONS.**

**Pine Tree State Gives the Largest Republican Majorities in Years.**

**Reed's Majority Four Thousand Five Hundred, The Largest He Ever Received.**  
Manley Telegraphs The President.

AUGUSTA, Me., Sept. 8.—Chairman Manley of the republican state committee sent, at midnight, the following dispatch to President Harrison: "Maine gives the largest republican majority in an off year since 1860 and a larger majority than has been given in a presidential contest since 1865, with the single exceptions of 1884 and 1888. Governor Barleigh is re-elected by majority of exceeding 15,000. Speaker Reed is re-elected by the largest majority he ever received, exceeding 4,500. Representatives Dingley, Boutelle and Miliken are re-elected by majorities ranging from 3,000 to 5,000. The Pine Tree state endorses your administration and remains firm in its advocacy of protection to American industries and American labor."

**A BIG MEETING.**  
PORTLAND, Me., Sept. 8.—There is great enthusiasm in the city over the result of Reed's election. A big meeting was held in the city hall, which was addressed by Reed, under the auspices of the Young Men's Republican club.

**DINGLEY BEATS ALLEN.**  
LEWISTON, Me., Sept. 8.—Returns from a large portion of the cities and towns in the second district show that ex-Governor Dingley is re-elected to congress by nearly 4,000 majority over Allen (dem).

**BYRAN RESIGNS.**

**Vice President of the World's Fair Directory Throws Up the Position.**  
CHICAGO, Sept. 8.—In a somewhat tart letter Vice President T. B. Bryan, of the world's fair directory, resigned his position this evening. He also resigned as a director. Mr. Bryan has taken a prominent part in the world's fair movement from the very start and his resignation caused no small comment.

Mr. Bryan's letter opens with a brief paragraph announcing that the coming election of a director general should relieve the directory from the necessity of having and paying for the services of an active vice president. The letter continues through several pages of type written copy wholly devoted to the defense of Mr. Bryan against charges that he got \$10,000 to go to Georgia, and did not get the vote of a single congressman from Georgia for Chicago; that Mr. Bryan sent his son to Sweden for information which any consul in this country could have furnished; and that a gentleman who has been selected for director general and who has been log-rolling for the Jackson park site, got \$10,000 for going to Paris for information that was already available in Chicago.

Mr. Bryan denies that the missions to Paris or Sweden cost the directory a cent, and declares that he not only got no money for a Georgia trip, but that he never made such a journey. The charges Mr. Bryan ascribes to a state senator, a resident of Chicago.

**MAY HAVE TO WALK.**

**Trans-Atlantic Steamship Lines Refusing Passage to Cattlemen.**

NEW YORK, Sept. 8.—The riotous conduct of cattlemen on ocean steamships returning from Europe has been the theme of many complaints made to Colonel Weber at the barge office landing bureau. These men go to Europe to take care of the largest consignments of cattle and on the outward voyage are kept busy and out of mischief, but when they return home with nothing to do the trouble begins. The latest case of disturbance raised by the cattlemen was on the steamship Amsterdam, which arrived to-day. There were sixteen in this crowd and their actions were so outrageous that the steamship company has decided not to ship any more of them as passengers. A similar edict from the lines that sail from England had driven cattlemen to cross over to Holland in order to secure passage for the United States.

**CONSENTED TO ARBITRATE.**

**Superintendent Lynch of The Frick Coke Company Meets The Strikers.**  
PITTSBURG, Pa., Sept. 8.—A special from Scottsdale says: Superintendent Lynch of the Standard Coal mines of the H. C. Frick Co., where 1,000 men have been on a strike, consented to-day to meet the men in conference. The result of the meeting was the appointment of an arbitration committee, and work will probably be resumed this week.

**SENSATIONAL REPORT CONTRADICTED.**  
CHICAGO, Sept. 8.—The sensational reports telegraphed to this city from Waukesha to-day to the effect that Senator Charles B. Farwell, who is staying there, was so dangerously ill as to be regarded as almost at the point of death, were denied at the store of J. V. Farwell & Co. It was stated there that the senator was as well yesterday as usual and the statement was made that if a change for the worse had taken place in his condition, his friends at the store would have been promptly notified thereof.

**SINKING OF BARGE TREMBLE.**  
The Wetmore Collides With the Tow of the Blanchard.

The Tremble, Coal Laden, Goes to the Bottom Opposite Fort Gratiot—Vesselmen Warned to Be on the Lookout.

PORT HURON, Mich., Sept. 8.—At 1:30 this morning as the steamer W. L. Wetmore was coming into the river with the barge Brunette she met the steamer Blanchard, bound up with the schooner Tremble. The Blanchard whistled for the Wetmore to take the Canadian side and the signal was answered. The two steamers passed each other two hundred feet apart, but the Wetmore struck the Tremble on the starboard quarter, sinking her in three minutes. The crew, with the exception of William McFall, was saved. The latter was drowned. All lost everything, even their clothing. The barge

**LIES ACROSS THE CHANNEL**  
in the rapids with about three feet of her spar above the water. The Wetmore is badly damaged, the greater portion of her bow above water being crushed in. She is also otherwise seriously damaged. Charles Pitcher is the captain of the Tremble and Charles Wallace of the Wetmore. The sunken boat was loaded with coal. During the confusion of the collision the steamer Huron ran into the Grand Trunk car ferry Huron and came near throwing eight sleeping cars loaded with passengers into the river. All fleets should be notified that the Tremble is sunk opposite the car ferry, Fort Gratiot. Lights will be on her. Take the Canadian side of the wreck?

**DEMOCRATIC BOLTER.**

**Charles R. Gleason, of Eau Claire, Repudiates His Party's Platform.**  
EAU CLAIRE, Wis., Sept. 8.—The rapidly growing lists of democrats who refuse to support their party nominations and platform receives an important accession in Charles R. Gleason, a well known and old time democrat of Eau Claire, who, in the Eau Claire Republican, thus expresses his disgust at the course of his party:

"The ticket would better have been put in the field without any platform at all than with this. The anti-Bennett law declarations will repel as many democratic votes as it will attract from other elements. It will catch a certain class of people, but it will disgust the better element in the party. Every intelligent voter knows, or ought to know, that when the parent fails in duty to the child, the state has the right and the power in this important matter of education to step in and see that the parent performs its duty. The Bennett law is not perfect, of course, but its defects are all in minor particulars. The platform on this issue is not only wrong on principle, but unwise as a matter of policy."

**A MYSTERIOUS MURDER.**

**John Riley, of Chicago, Discovered In the Rear of 4626 Laflin Street, Dead.**

CHICAGO, Sept. 8.—A mysterious murder occurred yesterday in front of No. 4626 Laflin street. The body of John Riley was found by a policeman in the rear of that number. Death had been caused by a knife wound. The people in the house, Mr. and Mrs. Henry Bamister, Mrs. Bamister's sister, Kate Ford, Mary Boler and Michael Cusick, at first claimed they knew nothing about the affair, but afterward Michael Cusick stated that he, in company with Riley, the murdered man, and William Driscoll, were standing in front of the house, when it was suggested that they get a can of beer. Cusick said he went into the house to get the can and some trouble occurred between Driscoll and Riley, which resulted in the stabbing of Riley. But by whom the stabbing was done, Cusick and the inmates of the house claim they do not know. The murder is supposed to have grown out of trouble about a woman, and the police are looking for Driscoll, who is believed to be concerned in the killing.

**BIG DIAMOND SEIZURE.**

**Customs Officials Confiscate Jewelry Belonging to a Wealthy Englishman.**

NEW YORK, Sept. 8.—W. K. Medhurst, a young Englishman, who some time ago inherited \$500,000 from his uncle, arrived at this port yesterday on board the steamship Tower Hill from Liverpool. He brought along with him his horses, carriages, etc., intending to remain here for some time. To-day Special Agent Wilbur of the treasury department, ordered a careful investigation of Mr. Medhurst's baggage. The result is that there is now in the seizure room of the custom house about 59,000 worth of diamonds and pearls, put together in the most exquisite workmanship. They were found in Mr. Medhurst's baggage and they were all ornaments fit only for a lady, and with monograms on them that did not correspond with his initials. They were promptly seized. All that Mr. Medhurst said when the seizure was made was that when the goods were sold he would be on hand to buy them in.

**SENSATIONAL REPORT CONTRADICTED.**

CHICAGO, Sept. 8.—The sensational reports telegraphed to this city from Waukesha to-day to the effect that Senator Charles B. Farwell, who is staying there, was so dangerously ill as to be regarded as almost at the point of death, were denied at the store of J. V. Farwell & Co. It was stated there that the senator was as well yesterday as usual and the statement was made that if a change for the worse had taken place in his condition, his friends at the store would have been promptly notified thereof.

**MARQUETTE, MICH., SEPT. 9.**

Entered as second class matter of the second class in the postoffice at Marquette, Mich.  
 IT IS THE MINING JOURNAL'S observation that a sure way to make a paper thoroughly loyal to the party and a sound exponent of republican principles is to feed it for a term of years on the nourishment that is found in a juicy tax-list.

EASTERN advices report the copper market continuing firm, and "no offers for Lake lower than 17 cents." A further decrease in visible supplies is reported from abroad, with consumption well maintained and very satisfactory condition of the market. The outlook for copper is undeniably very bright, the use of the metal in electrical work exerting a wonderfully strengthening influence on prices.

THOSE Delta county papers which gave Hon. S. M. Stephenson such cold comfort when he was a candidate two years ago seem remarkably ready to "yump on" anybody who isn't ardently anxious to see him again made the nominee of the party this year. They can possess their souls in patience—"Sam" will be re-nominated without opposition, probably, and the republicans of Marquette county won't have an objection to offer.

DETROIT'S exposition was a monumental success this year, if we may believe what the papers of that city tell of the crowds it attracted and the extent and superb quality of the display. One thing the MINING JOURNAL knows to be a fact—the attendance from this part of the state was larger this year than ever before, this being due to the systematic work of the management in advertising the exposition and the excellent facilities afforded by the railroads for people here who desired to visit Detroit while it lasted.

FORECASTING the action to be taken by the democratic state convention at Grand Rapids this week, the Detroit News remarks, anent the state treasurer-ship: "It seems a foregone conclusion that Mr. Fred Marvin, of this city, will be nominated for state treasurer. Mr. Marvin's record is clean and his standing high in this community, and it will be a well deserved compliment both to himself and his district if he is chosen." Yea, verily; but it will also be a sore disappointment to the upper peninsula delegation—which is going to Grand Rapids full of determination to capture that place on the ticket for Mr. Braasstad—if their "Fred" doesn't get it. If the republican convention made such a bad break in refusing to give the treasurer-ship to the upper peninsula candidate as we have been repeatedly told by the democratic press of Michigan, the democrats will be blind as bats if they go on and the very same thing.

MR. POWDERLY asserts that the republican party does more bull-dozing in the north on white workingmen than the democrats of the south are guilty of practicing on the southern negro voters, and cites in proof of this charge the fact that some years ago certain manufacturers in Massachusetts advised their employees not to vote for Ben. Butler when the latter was running for governor, or president, or some other of the various offices that he has at one time or another vainly sought to capture. It may be that the manufacturers did what Mr. Powderly alleges, but if so they erred on the right side. They could not well advise their men better than to counsel them to vote against Ben. Butler—indeed, if anything would justify the employment of a shot-gun as a means of enforcing an argument, it would be its use to persuade misguided voters against the criminal folly of casting their ballots for that pernicious old demagogue. Mr. Powderly weakened his case against the republican party when he undertook to strengthen it by this showing of the nature of the intimidation practised in republican strongholds in the north.

SENATOR WASHBURN, of Minnesota, whose home is in Minneapolis, the greatest lumbering point in the northwest, advocates placing lumber on the free list. He maintains that this can be done without in any manner affecting the interests of home labor, or jeopardizing those of the lumber industry, the question having come to be one between the owners of pine lands, which were acquired long since at low prices, and the consumers of lumber. His idea is that stumpage is now so high that it would have to stand any cut which might follow a removal of the duty, and that the charge for manufacturing, being no higher than it should be, would remain unchanged. The senator is quoted as saying that he does not believe there would be a single plank or board less manufactured in

the United States, or a nickle less paid the labor employed in the lumber industry were the duty to be taken off and lumber admitted free. When this item in the tariff bill was voted on in the senate the other day five republican senators voted to give effect to the idea of Senator Washburn, all five of these being from western states.

PRESENT indications are that the close of the ore-shipping season this year will see even less unsold ore at the lower lake ports than when navigation shut down in 1889, in which event it is not too much to look for an advance in prices that will fully cover the drop that has taken place this season, and quite a hustling among the furnace men to close contracts for 1891. The consumption of iron and steel this year has been only normal, there having been no special activity in any line of construction work, and yet the country is easily absorbing the enormous quantity produced. The fact establishes that even with the marvelous development of the iron industry in the United States, it is difficult to overstock the market while the general prosperity of the country continues, so extensively does iron, in one form or another, now enter into construction work, and so vast an amount of this is going on. To understand where the iron and steel goes, all one has to do is to notice the quantity of iron and steel beams, pillars and braces that are used in the construction of new buildings. The consumption for building purposes alone is enormous, and explains why there is no glut of the market, despite the volume of production, notwithstanding the fact that there is no unusual activity in railroad building. Fens of iron are now used in the construction of buildings in which but a decade ago the only iron used would be the nails employed in fastening the timbers together. The new uses of iron and steel are the ones that call for the largest half of our annual production, and it is to this that the continued strength of the market is due.

Woodward the piano tuner for reliable work. (8-27-5w)

There is more Catarrh in the section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly upon the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: **F. J. CHENEY & CO., Toledo, O.** Sold by Druggists.

**MERIT WINS.**  
 We desire to say to our citizens that for years we have been selling Dr. King's New Discovery for consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. H. H. Stafford & Son, druggists.

**Fifty Spasms a Day.**  
 Had Mrs. H. A. Gardner of Virginia, Ind. lived two thousand years ago she would have been thought to be possessed by evil spirits. She was subject to nervous prostration, headaches, dizziness, backache, palpitation and forty to fifty spasms a day. Though having been treated by eight physicians for years without success, she was permanently cured by one bottle of Dr. Miles' Restorative Nerve. A trial bottle of this new and wonderful medicine, and a finely illustrated treatise free at H. H. Stafford & Son's Drug Store, who recommends and guarantees it.

**100 Ladies Wanted.**  
 And 100 men to call on any druggist for a free trial package of Lane's Family Medicine, the great root and herb remedy discovered by Dr. Silas Lane while in the Rocky Mountains. There are many white soaps, each represented to be "just as good as the Ivory." They are not, but like all counterfeits, they lack the peculiar and remarkable qualities of the genuine. Ask for Ivory Soap and insist upon having it. 'Tis sold everywhere.

No one doubts that the Kabo corset lasts a year without breaking or kinking or shifting a "bone," because the store refunds the money in case of a single item of failure in these respects. And no one doubts that the Kabo answers its purpose and suits the wearer, because, if it don't, the store refunds the money on call within a week or two or three. It is the unbreakable corset, the Kabo. It is the un-wear-out-able corset, the Kabo. It is the corset that suits, the Kabo. The only question is: Do you want the Kabo kind of a corset? There's a primer on Corsets for you at the store.

CHICAGO CORSET CO., Chicago and New York.  
For Sale by LOUIS GRABOWER, Marquette, Mich.

AN OPEN LETTER

From a Well-known Druggist — "Positive Cure for Stomach Troubles."

To WHOM IT MAY CONCERN: In the summer of 1897 I was first afflicted with that most dreaded disease, dyspepsia, and for over fifteen years I suffered terribly at times. In the meantime I tried every remedy known to me, without finding relief. Having been in the drug business since 1865, I determined to help myself if I lay in the power of medicine. Two years ago I succeeded in discovering a remedy. I cured me. Until I had given ample time for possibility of doubt, however, I kept my secret almost to myself, putting up the medicine for only a few of my sorely troubled friends, every one of whom was cured. I now know the medicine to be a positive cure, and have decided to put it on the market, that my discovery may do humanity all possible good. It will be known as "BRUSKE'S POSITIVE DYSPEPSIA, LIVER AND KIDNEY CURE," which is guaranteed to cure all ailments of the stomach, liver and kidneys. I have a number of testimonials which afflicted parties may be interested in.

E. BRUSKE, 410 Congress Ave., East Saginaw, Mich. Sold by all druggists. \$1 a bottle; three bottles, \$2.50

NEGAUNEE REPORT.

Electric Lighting Plant at the Schleisinger Mines—Engine Derailed—Yesterday's Sporting—News of the Town in Detail.

**The Schleisinger Electric Plant**  
The new Westinghouse electric plant, to light up the surface workings around the Schleisinger mines, is now completed and ready to go into operation. A. G. Shemmel, from the company's agencies at Chicago, and an expert electrician, has been here for over two weeks, personally superintending the setting up of the machine. The plant is situated in a spaced off portion of the air compressor building and is run by a separate engine of thirty-five horse power. The system used is that lately brought out by the Westinghouse company, in which are lighting is done with an alternating current, instead of a direct current, this permitting of the use of lamps of any desired power. The lamps are burned from converters, and can be of any desired size, from 500 candle power up. This plant has a capacity for thirty lights, but only twenty will be put in at present. This is the third plant installed in the west since the machine has been brought out. The other two are at Evanston and Joliet, Ill.

**An Engine's Maneuvers.**  
Switch engine No. 293, on the C. & N. W. road, was badly wrecked about 4 o'clock Saturday afternoon near the Cambria mining location. It had just brought a string of cars up to the mine and switched them under the pockets to be filled and was running back toward the diamond crossing at a lively gait when it left the rails. The lever was reversed as quickly as possible, but not before the engine had bumped along over the ties for some feet, crossed over the inside rail onto the D. S. S. & A. track and almost tipped over. The wrecking car and a gang of men came up from Escanaba and the engine was not until late the next afternoon before the engine was got on the rails again. The D. S. S. & A. yard engine had just come up to the Cambria a few minutes before the accident and was held in by the wreck until it was removed.

**The Sprinters.**  
Geo. Amberson, backed by F. Carris, was matched against the champion runner of the northwest, backed by Dave Foley, yesterday afternoon at the Association grounds. The prize was \$200. No admission was charged. At about 2 o'clock both men took the mark for a 100 yard sprint and after repeated trials were sent off evenly. They kept abreast for about fifty feet when Amberson made a rush and came in about 20 feet ahead. There was some tall kicking for a time about Amberson's obstructing the Bessemer man's way but a second trial was not granted and Amberson was declared the winner. No doubt a second race will come off soon, with one more contestant entered the next time.

Some of the demerits of a former townsman who, though no name is mentioned, will be readily identified, are just beginning to show up in glowing colors. He was prominent in church circles during his stay here, and was supposed to own a lot of property, but it appears that everything he had is mortgaged right up to its value. Before he left here he got trusted for bills of goods at a number of places, and rented a large building to which he had no claim. If he ever returns to Negaunee he will find it much too hot a place for him.

The D. S. S. & A., and the C. & N. W. switchmen played a game of ball Sunday afternoon at Muck's field, near the lake. The game was fairly contested, considering who the players were. The score stood at the end of the ninth inning 21 to 26 in favor of the D. S. S. & A. boys.

Jack Carkeek, the famous wrestler, was in town yesterday. He is trying to arrange a match between a runner who accompanied him and any of the men who ran at Union park yesterday afternoon. Relative to his future plans he states that he has been tendered a position as professor of athletics at Harvard college, and will probably accept it.

John Elliott will commence a \$3,000 residence on Clark street this week. Con. Driscoll has the contract and expects to finish the dwelling in two months' time. Anything on the cards, Jack?

Thomas J. Johnson, of Cleveland, president of the famous ball players' league, and of the largest electric street railway in the world, registered at the Breitung yesterday.

The Lime Kilns were sadly disappointed Sunday when the Champion's did not come down to play the advertised game of ball or send any word of explanation.

A prohibition caucus was held at the residence of Mrs. Morse last night for the purpose of choosing eight delegates to the county convention at Ishpeming to-morrow.

An infant son of James Simonds, died yesterday of croup. The funeral will take place to-morrow morning.

Dave Foley, sheriff of Gogebic county, was in town yesterday, taking in the sprinting matches.

Ed. Rohl is having the roof of his building on Gold street covered with sheeting tin.

A. C. Seas is having his sample rooms of the Breitung House remodeled.

J. A. Anthony, city auditor of Cleveland, was in town yesterday.

Mrs. S. A. Benjamin will deliver a temperance lecture at A. O. U. W. hall on Monday evening which the people of Negaunee are earnestly requested to go and hear. (9-5-9d)

**SICK HEADACHE.**  
LOOSE'S RED CLOVER PILLS CURE Sick Headache, Dyspepsia, Indigestion, Constipation. 25c per box, 5 boxes for \$1. For sale by H. H. Stafford & Son.

**Genius Should Be Recognized.**  
It is ungenerous to withhold an expression of sympathy for those who have failed in the accomplishment of great undertakings in which they have embarked all their pecuniary, physical and intellectual resources. As a general rule people are hardly considerate enough toward the unsuccessful. There is too great a disposition to forget their pluck and perseverance and sneer at their trustfulness. We ought to bear in mind that it is this sublime audacity of faith to which we are indebted for the marvelous achievements of our age. —New York Ledger.

**Having Faith.**  
The confidence some families have in a doctor was well illustrated in a recent case in Philadelphia. The family physician made a call, detected sewer gas, and the owner of the house ripped out his stationary washstands and made a bill of \$400 to find that the smell came from a dead rat, which could have been hauled out of its hiding place in ten seconds. —Detroit Free Press.

**True Enough.**  
"Why don't you wear your glass eye now as you used to do?" asked the humorist's wife, addressing her husband.  
"Because it hurts me in my profession, love."  
"Hurts you in your profession. Why, how can that be?"  
"It is not an original eye, dear." —Boston Courier.

**His Frankness Disconcerted the Jeweler.**  
Nervous Jeweler (to suspicious looking customer)—"Sir, I—excuse me, sir, but I—may I inquire your business?"  
Customer—Certainly, sir. I am a notorious thief.  
Jeweler (greatly excited)—Thank you, sir. What will you have?—Jewelers' Circular.

Chauncey M. Depew has a letter signed Albert Edward, which is the name of the Prince of Wales, written throughout in the prince's handwriting, thanking him for a copy of Mr. Depew's orations.

**Negaunee Business Notices.**  
THE Negaunee office of the MINING JOURNAL is with J. C. Dougherty & Co., Case street, where communications and business announcements may be left. All bills are payable to Horace J. Stevens.

### EXTINGUISHED HIMSELF.

Tim Keefe, in one inning, hits one batsman, gives four first and makes two wild throws.

### NEW YORK AND BOSTON LEAGUES PLAY AN ELEVEN INNING TIE.

Chicago Hops Onto Cunningham For Five Runs in One Inning—Ward Easily Wins up the Phillies.

### NATIONAL LEAGUE.

NEW YORK, Sept. 8.—One of the hardest fought games of the year was witnessed at the Polo grounds to-day when the New York and Boston league teams crossed bats. The game was replete with brilliant plays. After eleven hard-fought innings had been played darkness stopped further hostilities, making it a drawn battle. New York was saved from defeat by the splendid playing of Tiernan, Glascock and Sharrott. Tiernan's home drive in the ninth tied the game. Score: New York.....0 1 0 0 0 0 2 3 0 0-6 Boston.....2 2 0 0 1 1 0 0 0 0-6

Batteries, Sharrott and Clark; Nichols and Hardie. Base hits, New York, 12; Boston, 12. Errors, New York, 3; Boston, 4. Three-base hits, Whistler, Smith. Two-base hits, Tiernan, Tucker, Hines. Umpire, Lynch.

### PHILADELPHIA, 4; BROOKLYN, 3.

PHILADELPHIA, Pa., Sept. 8.—The Philadelphia National league club pounced out a victory in the ninth inning to-day. Score: Philadelphia.....0 0 1 0 0 0 0 0 3-4 Brooklyn.....0 0 1 0 0 2 0 0 0-3

Base hits, Philadelphia, 4; Brooklyn, 7. Errors, Philadelphia, 3; Brooklyn, 2. Batteries, Vickery and Clements; Lovett and Dayl. Two-base hits, Finckney and Burns. Three-base hit, Mayer. Umpire, Powers.

### CHICAGO, 7; PITTSBURG, 3.

CHICAGO, Sept. 8.—Foster's home run hit in the first inning, with the bases full, was about the only feature of to-day's National league game. Attendance, 500. Score: Chicago.....5 0 0 2 0 0 0 0-7 Pittsburg.....1 0 1 0 0 0 0 0-3

Base hits, Chicago, 5; Pittsburg, 3. Errors, Chicago, 3; Pittsburg, 2. Two-base hits, Burke, Hecker. Three-base hit, Cooney. Home run, Foster. Time, 1:30. Umpire, McQuade. Batteries, Stein and Kittredge; Anderson and Decker.

### RAIN.

CINCINNATI, Sept. 8.—The Cleveland-Cincinnati National league game was not played on account of rain.

### BROTHERHOOD.

BUFFALO, N. Y., Sept. 8.—Cunningham was hit hard in the sixth inning to-day and the Chicago made five runs. That practically decided the game, though the Bisons had several chances to win after that. Much to the disgust of the crowd Umpire Sheridan called the game in the Bisons' half of the ninth on account of darkness. Score: Buffalo.....0 0 0 3 0 0 1 1-5 Chicago.....0 0 0 1 1 5 2 0-9

Base hits, Buffalo, 10; Chicago, 14. Errors, Buffalo, 2; Chicago, 8. Batteries, Cunningham and Mack; Baldwin and Darling. Two-base hits, Hoy, Bastian, Boyle. Three-base hits, Paatz, O'Neill, Shugart, Pfeffer. Umpires, Gaffney and Sheridan.

### BAD DAY FOR TWIRLERS.

BOSTON, Mass., Sept. 8.—Tim Keefe reappeared to-day and pitched one inning, during which he hit one batsman, gave four bases on balls and made two wild pitches. Crane was substituted, but he was also wild and Boston hit him hard. Nash did good stick work. Score: Boston.....5 4 0 0 2 5 1 0 1-18 New York.....0 0 0 0 0 3 0 2 1-6

Home runs, Nash, Shannon. Two-base hits, Slattery, Nash, Kelly, Daley, Radbourne, Johnson. Umpires, Knight and Jones. Base hits, Boston, 15; New York, 8. Errors, Boston, 8; New York, 3. Batteries, Radbourne and Daley; Kelly and Murphy; Keefe, Crane, Ewing and Brown.

### BROOKLYN 7, PHILADELPHIA 5.

NEW YORK, Sept. 8.—The Brooklyn-Philadelphia Players league teams played an interesting game to-day. Ward's men were too much for the Quaker City lads. Score: Brooklyn.....2 0 4 0 0 0 1 0 0-7 Philadelphia.....0 0 0 0 2 0 2 1-5

Batteries, Sowers and Daily; Husted and Cross. Base hits, Brooklyn, 12; Philadelphia, 9. Errors, Brooklyn, 3; Philadelphia, 5. Three-base hit, Wood. Two-base hits, McGeachy, Seery, Sowers. Umpires, Snyder and Pearce.

### PITTSBURG, 6; CLEVELAND, 4.

PITTSBURG, Pa., Sept. 8.—The home team defeated the Cleveland by good fielding and heavy hitting at the proper time. Attendance, 1,000. Score: Pittsburg.....5 0 0 0 0 0 0 1-6 Cleveland.....1 0 0 0 3 0 0 0-4

Base hits, Pittsburg, 10; Cleveland, 9. Errors, Pittsburg, 1; Cleveland, 3. Two-base hits, Delehanty, Beckley. Three-base hits, Fields, Delehanty. Home run, Kiehn. Time, 1:42. Umpires, Ferguson and Gumbert. Batteries, Morris and Quinn; Gruber and Stein.

It would be perfectly within the right to demand that the boards of guardians compensate them for their crops. If the guardians had the courage to boldly relieve the people, the Irish leaders would promise to hammer extra relief out of the government. In regard to the writ recently served upon him, Mr. O'Brien said that Lord Salisbury thought to prevent him from going to America by means of a bankruptcy notice. It remained to be seen whether he would be more successful than in the role of a runaway libeller and blackmail.

### MORE HOARD DEMOCRATS.

Lutherans of Brown County, Wis., Will Support the Republican Candidates.

GREEN BAY, Sept. 8.—Since the declaration of Mayor J. H. Elmore, a life-long democrat, that he would bolt the democratic ticket this fall and support Hoard for governor, many prominent democrats have fallen into line and vouchsafed their intentions to vote the republican ticket. Prominent among the Lutherans are Fred Hollman, a member of the firm of Weise, Hollman & Co., and A. Michael, who is outspoken in favor of the Bennett law. Such is the general situation in this vicinity. The reports that many Lutherans throughout the county are taking "up arms" against the Bennett law are unfounded. So far as can be learned the majority of them are supporters of it. Brown county, in the vicinity of Denmark, is largely made up of Scandinavian Lutherans, who, while they have been overflooded with pamphlets and papers containing anti-Bennett law literature, do not see anything objectionable in the law and, as Hans Anderson, of that place said: "We will vote, as we always have, the straight republican ticket." A few German Lutherans, he said, are opposing the law, but most of them, he thought, would vote the republican ticket.

### NOT DAN'S WIFE.

But Another Mrs. McGinty Attempts To Encompass The Death of Banker Foltz.

PITTSBURG, Pa., Sept. 8.—A special from New Castle, Pa., says: Sarah Randolph alias Mrs. McGinty, was put on trial here this afternoon charged with soliciting Sam Kissinger to murder Banker Foltz. Kissinger was the only witness called to-day. He said that last May he received a letter from Mrs. McGinty asking him to call on her on import business. He did so when she offered him \$1,500 if he would murder the president of the First National bank. She would not give the name of the principal, but said a wealthy friend wanted it done. Kissinger held several meetings with her, he being accompanied the last time by a detective, who was introduced as his brother. The woman again offered the \$1,500 at the same time cautioning them to murder the banker after night, then rob him in order to avoid suspicion of any other motive. The woman is still obstinate and refuses to betray her wealthy friend. The case will be continued tomorrow.

### AT HOME TO FRIENDS.

Sequel to the Elopement of Adrian A. Melber and Miss Downey, of Fond du Lac.

CHICAGO, Ill., Sept. 8.—A sequel to the elopement of Adrian A. Melber, a painter of Fond du Lac, Wis., and Miss Downey, which occurred several days ago is reported at Evanston. It seems that the couple was followed by the girl's father, armed with a gun. He summoned police aid and together they tracked Melber's baggage to the station, where it had been left. The old gentleman took a seat on the baggage and nursed his revenge until Melber's return. It was the next day, however, before that took place and the father was more angry than before. It looked perilous for Melber and bloodshed seemed inevitable. The police quelled the disturbance, however, and pacified Mr. Downey into a compromise. Melber, in a marriage license and calling on Justice Kearney, was married to Miss Downey. The bride and groom are in Chicago at home to friends at No. 2534 Portland avenue.

### WITH TERRIFIC FORCE.

Two Limited Trains on the North Shore Collide at Lockport, N. Y.

LOCKPORT, N. Y., Sept. 8.—At 4:05 this morning two North Shore limited trains, one going east and the other west, collided with terrific force on the Central track near the station in this city. Engine 692 of the train going east was telescoped by engine 736 of the westbound train. The tender of the engine of the eastbound train was forced back into the Wagner buffet car and Baggageman W. A. Fielder, of New York city, was instantly killed. The tender of engine 736 was driven in a like manner into buffet car 419. The engineer of this train, Edson Bradley, of Syracuse, sustained a compound fracture of both legs, and Fireman William Houston, also of Syracuse, received a bad wound.

### Struck By Lightning.

ALTOONA, Pa., Sept. 8.—A few minutes before noon to-day a bolt of lightning which descended from an almost clear sky, struck the large brick in which are located the offices of the Pennsylvania Railroad company. The building was soon ablaze. Great damage was done, the building being entirely gutted by fire. Many valuable papers were destroyed. Over a hundred clerks were in the building and great excitement prevailed. All escaped. All railroad business is temporarily suspended.

### Three Men Instantly Killed.

WHEELING, W. Va., Sept. 8.—At 1 o'clock this morning east and west bound freight trains were in collision on the Baltimore & Ohio at Board Tree tunnel. Engineers Dominick Kelly and Thomas Trickett and an unknown man, supposed to be a tramp, were almost instantly killed.

### Moss Denied a New Trial.

WILKESBARRE, Pa., Sept. 8.—Judge Rice to-day overruled the motion for a new trial in the case of George W. Moss, the wife murderer, and sentenced the prisoner to be hanged.

### A DESPERATE ATTEMPT

Made to Wreck Another New York Central Passenger Train.

Ties Placed On a Drawbridge For That Purpose—Flagman Fired On By The Train Wreckers.

POUGHKEEPSIE, N. Y., Sept. 8.—A desperate attempt was made to-night to wreck the fast St. Louis and Chicago express, which leaves New York on the New York Central at 6 p. m. The train was stopped by a danger signal south of Old Troy, which is five hundred yards south of the New Hamburg draw bridge. Two minutes previous, the flagman had discovered several flags standing endways in the culvert near Old Troy, and when he took hold of one of them to remove it he was fired upon from the bushes on the east side of the track. Knowing that the fast express was nearly due he ran southward and set the danger signal which stopped the train. The flagman said that the ties stuck up above the rails and would have certainly thrown the train from the track. The fast train was composed of seven or eight sleeping cars, all full, two ordinary coaches and a baggage car.

### CHICAGO MARKETS.

CHICAGO, Sept. 8.—The leading wheat futures ranged as follows:

	Open-	High-	Low-	Clos-
	ing.	est.	est.	ing.
No. 2 Sept.....	99 1/2	99 3/4	98	98
Dec.....	1.02	1.02 1/2	1.00 1/2	1.00 1/2

**OVER \$1,500 RAISED FOR PURPOSE AND WORK WILL BE RUSHED.**

**Encouraging Progress Made at Yesterday's Meeting—Democrats in Convention.**

**End of Base Ball—City News.**

**To Advertise Marquette.**

The Citizens' Association meeting in the board of trade rooms yesterday afternoon was well attended and active steps were taken toward making the industrial advantages of Marquette known in an attractive and impressive manner. The committee, consisting of Messrs. Towar, Blake and Asire, to which was entrusted the canvass for the publication reported \$1,535 subscribed for that purpose. Some time was spent in discussion of the matter to be contained in the publication and its arrangement. Finally the whole superintendence of the publication was put in charge of a committee of three to be named by President Longyear. Messrs. Towar and Charlton were named and the third place left open for further consideration, it being desired to find some gentleman who had had experience in such matters and would be willing to accept the task.

Mr. V. B. Cochran desired the attention of the committee on hotels and sanitariums to a gentleman, with whom he would put the committee in communication, who had already been here and looked over the ground and who would establish a large sanitarium here if he could get any local encouragement. The committee was instructed to take hold of the matter and press it to an issue.

Mr. George W. Hager informed the Association that the committee on manufactures of wood was in correspondence with a practical man who desired to establish a furniture factory here. The party in question was doing a small but successful business and desired more capital. The committee was told to go ahead and if the party was found to be a competent man the desired assistance would probably be given.

As will be seen from the above things are moving well for Marquette's advancement. Several other plans were also considered somewhat but nothing definite was determined upon. An edition of five or ten thousand copies of the illustrated publication will be printed and distributed. Several committees are preparing extensive reports, notably that on iron manufactures, which will be printed and distributed where they will do the most good.

**Democratic County Convention.**

Delegates from all the townships and cities of Marquette county save the town of Turin met at the Hotel Marquette yesterday morning to elect delegates to the democratic state convention which meets in Grand Rapids today. Le Roy W. Midlam of this city was chosen chairman and T. J. Dundon, of Ishpeming, secretary of the convention. Following were the delegates chosen: Daniel McVichie, A. Malmborg, A. W. Meyers, H. F. Houghton, C. Scully, C. C. Sues, Le Roy W. Midlam, Timothy Nester, C. E. Deane, J. F. Kehoe, M. E. Foard, S. E. Byrne, A. S. Parks.

Fred Braastad, of Ishpeming, was unanimously endorsed for state treasurer. It is believed here that the nomination of Mr. Braastad is practically assured. The delegates left on the afternoon train for Grand Rapids.

**The End of Base Ball.**

The Marquette team did not go to the copper country yesterday but remained here to play with Ishpeming at the fair. The management had intended to play out the series up to Saturday night. Then the horse-play of Houghton in giving a game to Ishpeming, leaving Marquette without a probable chance to get second place, and the loss of Purvis on the same day caused some careful consideration of the situation and a determination to abandon the copper country trip.

At the spring meeting of the league Marquette strongly urged more games and later, at a special meeting held at Houghton, Marquette and Ishpeming advocated the abolition of the useless and expensive ten day rule and again fought hard for more games, arguing that three games a week at \$50 a game was more remunerative than one game a week at \$100. But Houghton and Hancock defeated both propositions. The ten day rule, too few games, rainy weather and the unnecessary and reckless forcing of the pace by Houghton have caused a loss of money all round, to the Marquette club as well as to its rivals. Accordingly it was determined to stop the expense now, as there was no chance, owing to the conduct of Houghton mentioned above, of Marquette gaining a better position than she now holds. The players were all paid off yesterday morning and have arranged two or more games with the Ishpeming players during the fair.

The upper peninsula has had good ball during the season just ended but the price has been too high. This state of things has largely been caused by the reckless and senseless rivalry of Houghton and Hancock and the extravagance of management which more or less prevailed every club save those of Marquette and Negaunee.

The course pursued by Houghton and Hancock resulted in the bankruptcy of one club and the heavy loss of the other. Calumet, Ishpeming and Marquette were in turn compelled to pay out more than they earned and Hancock and Negaunee were forced out of the race. Had it not been for the attendance here running higher than was figured Marquette would have been forced to disband sooner than she has.

The experience of the past season has proved two or three things. First, that the public will patronize good average ball. Second, that there is no sense in hiring alleged "star" players who "travel on their shape" and prove

worthless. Third, that good ball can be obtained at a fair price if the several towns will not go off into extravagant and senseless rivalry, which is encouraged by the vice of betting. Base ball is not dead in the upper peninsula but another season must see more games, better salaries and more careful management.

**TALK OF THE TOWN**

*Fair weather, rising temperature, for Marquette, Negaunee, Ishpeming, Champion and Republic.*

It is reported that homesteaders have turned their attention to the LaCelle Belle lands in Schoolcraft, Alger and Delta counties.

The attention of the game warden is called to the dumping of saw dust into the Choccolay river, which fishermen report still continues in violation of law.

Sergeant Dent this morning, for the convenience of people in those towns who desire to attend the fair, has made weather forecasts not only for Marquette, Ishpeming and Negaunee, as usual, but also for Republic and Champion.

The public schools opened yesterday with a good attendance in all departments. Many children are not yet in school who will be enrolled next week. The Ely school was occupied for the first time and both teachers and pupils are much pleased with the handsome new building. But few changes have been made in the teaching staff so that the children have the advantage of meeting familiar faces.

N. Olson, of Michigamme, was in the city yesterday, and during a call at the MINING JOURNAL office, explained the circumstances of his difficulty with the authorities regarding the selling of liquor. He declares emphatically that he did not sell liquor on Sunday, but that the bartender went into the saloon drunk and was followed in by others, who were there when the officer made his appearance. All this was done without Mr. Olson's permission. The statement that Mr. Olson was arrested is a mistake, and he cheerfully make the correction.

**PERSONAL MOVEMENTS.**

J. L. McClear of Ishpeming was in town yesterday.

Mrs. J. W. Stone left for her home in Houghton yesterday morning.

J. W. McGraw of Bay City is in town and will remain a few days.

W. F. Anderson and Thomas Tracy of Negaunee were visitors in Marquette yesterday.

Mr. William Cullyford, of Houghton, is visiting in the city, the guest of H. F. Handford.

Mayor Edward C. Anthony of Negaunee was one of the delegates to the democratic county convention yesterday.

A. W. Myers, A. Malmborg and H. F. Heyn were among the Ishpeming contingent in town yesterday.

Dr. T. J. Watkins, of Chicago, who has been spending some days here visiting old friends, left last night on the Peersless.

A. C. Sues, the well-known Negaunee merchant was in town yesterday and departed for Grand Rapids on the noon train.

M. C. Scully, Ishpeming's chief of police and rumored candidate for sheriff on the county ticket, was in town yesterday.

Nels Mahjanna of Ishpeming was in town yesterday as interpreter in the Finnish cutting scrape now on trial in the circuit court.

Mr. A. Rosenthal, salesman for R. Brand & Co., of Toledo, Ohio, was in the city yesterday. He is on his way to the copper region.

Attorney Thomas J. Dundon came down from Ishpeming yesterday to attend circuit court and the democratic county convention.

George Hayden, chairman of the democratic county committee and well-known attorney of Ishpeming, was in the city yesterday.

Professor M. Egan, of Notre Dame university, Indiana, who has been spending some weeks here, left to resume his duties yesterday.

Miss Anna M. Chandler arrived from Europe Sunday in time to take charge of the city schools at the opening. She reports an exceedingly pleasant trip.

Le Roy W. Midlam, Chairman of Deane, Sam E. Byrne, A. Sam'l Parks, Martin Foard and J. F. Kehoe left yesterday afternoon to attend the democratic state convention at Grand Rapids.

C. H. Kelsey returned yesterday from Onota with a string of partridges that a well known physician declared himself willing to spend a week in the woods to equal.

**MARINE MATTERS.**

**PORT LIST.**

Arrived—Chisholm, Folsom, Nelson, Mitchell, light.

Cleared—Chisholm, Forest City, McGregor, Cleveland, Folsom, Mitchell, Nelson, Ashtabula.

Passed up—Japan, Badger State, sundries.

Passed down—Peersless, Empire State, sundries.

**VESSEL NOTES.**

The steambarge Wheeler and schooner Ashland, bound up, put into this port yesterday to repair the Wheeler's broken air pump. It is estimated that the repairs will take at least two days.

The steambarge White and Friant and schooners Farana and Fanny Neil, which put in here Sunday evening, wind bound, proceeded to Ashland yesterday morning where they will load lumber.

The steamer Peersless was more than ten hours overdue yesterday, keeping numerous passengers who expected to leave on her for Chicago on the alert all day.

**FINE POINTS OF PEDRO.**

They Are Discussed at Circuit Court In Finnish Cutting Scrape Now on Trial.

JUDGE STONE SHOWS SCIENTIFIC KNOWLEDGE OF FAVORITE GAME.

Attorney Dundon Somewhat Mixed But the Jury Had "Been There"—Base Ball and Other Fair Attractions.

**Court Pointers on Pedro.**  
The nice points about a game of pedro and the effect of a revoke upon the feelings of the opponents were subjects of discussion in the circuit court yesterday. Judge Stone showed a scientific knowledge of the game as also did Prosecuting Attorney Young. The discussion grew out of the endeavor of Attorney Dundon to learn the exact facts about a certain game played in Republic on May 31st. The jury "caught on" very quickly but Mr Dundon seemed to lack proficiency in the noble art of pulling out the other fellow's pedro and capturing it with your six-spot.

The case was that of the People against Anton Aho and Jacob Wuankerke. On the night of May 31st these two Finns were playing pedro in Even-son's saloon with William Johnson and Victor Tornburg, also Finlanders. Johnson revoked and the quarrel broke up the game. Afterward Johnson was attacked on his way home and slashed on the head and shot in the side. He charges that the cutting and shooting was done by Aho and Wuankerke. Johnson appears to be about 17 years of age, while the defendants are heavy bearded men. As none of the parties can speak English the testimony had to be taken through an interpreter, Nels Majhanna. The case will go to the jury this morning.

J. B. Taylor of this city, Nels Olson of Michigamme and Erick Bildo of Negaunee pleaded guilty to violations of the liquor law and were assessed respectively \$75, \$91.80 and \$115.80.

**Attractions at the Fair.**

The eight annual Marquette county fair opens at 1 o'clock this afternoon. This is entry day and will be devoted chiefly to getting the exhibits in place. The show promises to be better than usual this year and if fair weather continues the crowd promises to be very large. From all over the territory of the various railroads people will come, taking advantage of the reduced fares to visit the handsomest city of the upper peninsula.

The management of the fair yesterday completed arrangements for an additional attraction in the way of base ball. A prize of \$200 is offered to be contested for by the Marquette and Ishpeming teams. The players of those two teams, though their contracts with the base ball managers are at an end, will remain to play these two games. They will play on Wednesday and Thursday afternoons. On Friday afternoon two of the best amateur teams of this section, the Lime Kilns of Negaunee and the South Shores of this city, will play. It is probable that there will be one or more other amateur games, played in the mornings.

In the way of music the arrangements are complete and satisfactory. The Ishpeming band will be present on Wednesday, the Marquette City band on Thursday and the Negaunee band on Friday. Thus good music for the entertainment of the crowd is assured.

The grounds will be connected by telephone during the fair. An instrument was placed in machinery hall for the public use yesterday.

Secretary Manhard requests that entries of cut flowers be not brought until Wednesday. Potted plants and flowers should be brought to the grounds to-day. Any donations of flowers for decorative purposes will be thankfully received by the management.

**And the Audience Roared.**

The Casino was well filled last evening by an audience that was highly pleased by the inimitable Ezra Kendall and his clever company. "A Pair of Kids" is described as "constructed for laughing purposes only" and serious criticism of so amusing a farce-pantomime would be labor wasted. The play is clean and comic, the audiences come to laugh and laugh their fill and he must be a sober-sided man indeed who does not come away with the conviction that he has obtained more than his money's worth of harmless amusement. Mr. Kendall is so well known in the character of "Jiles Button" as to call for no particular comment save to say that he is just as funny as ever. The supporting company is composed of clever people. Miss Agnes Carrolton gave a very pretty exhibition of skirt dancing in the second act.

This afternoon "Pair of Kids" will be repeated. This evening Kendall will appear in his new play, "Under Two Flags," a story of the revolution of 1788, in which the comedian appears as an old Irish piper.

**Presbyterians in Council.**

The Presbytery of Lake Superior begins its session in the Presbyterian church of this city at 7:30 o'clock this evening with a sermon by Rev. O. M. Brown, of Negaunee, the retiring moderator.

The Ladies' Presbyterial Missionary society of the Presbytery will hold its annual meeting at the church Wednesday afternoon and evening. Services Wednesday afternoon at 2 o'clock, in the lecture room; services in the evening in the audience room at 7:30.

Mrs. Sarah J. Rhea, a returned missionary, will be present and will speak in the evening on "The Bible in Persia." Mrs. Rhea has visited the upper peninsula before and all who then heard her will be greatly pleased at the announcement that she is to speak in Marquette. All are cordially invited.
