

TENANTS WILL NOT SUFFER.

William O'Brien Breaks Silence to Talk About Funds Subscribed for Evicted Tenants.

MONEY WILL BE SPENT FOR SUPPORT OF EVICTED TENANTS ONLY.

How Between Irish Factions Does Not Affect That Trust Fund-American Sympathizers Are Assured of That.

O'BRIEN TALKS AT LAST.

PARIS, Dec. 29.—From the moment he set foot on French soil after his return from the United States Mr. William O'Brien, M. P., the man upon whom the attention of all interested in Irish affairs is now concentrated, has been literally besieged by reporters and newspaper correspondents.

To-day Mr. O'Brien determined to break his long maintained silence and he kindly accorded the Associated Press correspondent an interview. The correspondent met Mr. O'Brien this morning at the residence of M. Ruffolovich, his father-in-law.

"I am afraid that I have very little to say to our friends in America as yet," said Mr. O'Brien, after the Associated Press correspondent had made the object of his visit known to him.

"Has any decision been arrived at as to the present conduct and future management of your newspaper," asked the correspondent.

"That," replied Mr. O'Brien, "is one of the things which will, I hope, be settled at the conference which is shortly to take place.

"Is there any truth in the statement published and attributed to Mr. Hugh O'Donnell, an ex-member of parliament, that the funds of the Irish party held by Monroe, the banker of this city, are now in the hands of the supreme council of the national league and that neither the Parnellites nor the anti-Parnellites can touch them?"

Mr. O'Brien declined to give the correspondent a direct answer to this question, saying: "No nationalist who knows O'Donnell attaches the slightest importance to anything he has said in the past or may say in the future upon the subject."

"Now," continued the correspondent, "about the funds subscribed in the United States during your recent visit to that country—who will have control of them?"

At this point of the interview Mr. O'Brien evidently reconsidered his determination not to answer his life for he said, uttering each phrase with deliberation and carefully weighing each word, while the correspondent wrote them down:

"All rumors about a dispute for the funds proceed from the enemies of the Irish cause. No man on either side in the present conflict in the Irish party has the smallest fear that there will be any mis-direction of the national funds. The fund here in Paris was subscribed for general political purposes and remains in suspense pending an accommodation of the differences in the party."

"As to the American funds just subscribed no differences can arise. They by mutual agreement will be forwarded, as originally intended, to the two trustees originally selected, Mr. Webb, M. P., and Dr. Kenny, M. P. By them the funds will be expended solely for the support of evicted tenants."

"That is all right. I wanted to be sure that every word was correct for in these times every word means so much. Give that message to the United States."

INGALLS ON THE GROUND.

He Will Manage His Own Campaign—Nine Alliance Candidates.

TOPEKA, Kas., Dec. 29.—Senator Ingalls arrived here to-day from Atchison and went directly to the Copeland hotel, where he engaged rooms for a month. He will manage his own campaign for re-election.

Judge Frank Foster of Marion county appears to-day as an alliance candidate for senator. He is judge of the district court. He is the ninth candidate who hopes to succeed Mr. Ingalls.

THEY WANTED THE POSTOFFICE

Brutal Murder of Postmaster Matthews by Political Foes.

Carrollton, Miss. Democrats Will Permit No Republican to Occupy Their Postoffice Details of the Terrible Tragedy.

"THE MISSISSIPPI PLAN."

WASHINGTON, Dec. 29.—The Star says: "The killing of John Prentiss Matthews, the postmaster at Carrollton, Miss., by young McBride will probably turn out to be a cause celebre. Matthews was shot down on the street by McBride. A Star reporter yesterday saw J. M. Matthews of Mississippi who was the republican candidate for congress against General Hooker at the last election and who is also a brother of the dead man.

"John was murdered by a mob. He had been notified by a dozen men that a mob was going to kill him that day. He saw the men with their guns and he got a rifle. When he did this the sheriff arrested him and placed him under bonds. John pointed three men out to the sheriff and asked him to arrest them and protect his life. The sheriff refused. It was a plot and all were in it. John told Lloyd, a young man working for him, he thought they would kill him before night. He stayed at the postoffice until his second dinner bell rang when he said he would go to dinner. They begged him not to go but he said he would. When he reached the hotel steps McBride, who was still in his drug store, shot him down with a shot gun, killing him instantly. Not satisfied with this McBride fired five shots at him from a revolver after he was dead. The mob then began dancing and shouting around the body with the most vile abuse and curses. John had received several anonymous letters telling him he must leave the town. The murderer goes free and all because they must have the postoffice at Carrollton.

"My brother" said Mr. Matthews "was only twenty-one years old. He was a bright intelligent boy. He was appointed postmaster several months ago at Carrollton and while there have been a number of threats at his life I did not think any thing would come of it. He was the first republican postmaster to take the Carrollton office for many years and it was freely said that no republican should hold the office. In 1883 his father was shot down by a mob at Hazlehurst, Miss."

WAITING FOR LEHLEACH.

New Immigration Bill Held Back by Kicking German Member.

WASHINGTON, Dec. 29.—About two weeks ago Chairman Owen of the house committee on immigration was authorized by a majority of the members of his committee to report a comprehensive bill to the house amendatory of the present contract labor and immigration laws. The bill Mr. Owen thought a conservative measure and although two of the members of the committee were not present he believed it would commend itself to them. Something of a misunderstanding, however, has been occasioned by the agreement to report the bill and it has never been submitted to the house and will be hung up awhile longer. One of the absent members was Mr. Lehbach of New Jersey, who at the time was absent on the Pacific slope engaged in an investigation of the methods by which Chinamen are smuggled into the United States. Mr. Lehbach has very decided opinions upon this subject of the restriction of immigration and agrees in his views with those German-American societies which are inclined to socialize very rigidly, if not to oppose, any measure which has for its object the erection of barriers to complete freedom of immigration to the United States.

Mr. Lehbach as soon as he heard of the action of the committee protested against any thing being done in his absence. It was in consequence of this protest that Mr. Owen has held back his report which will not be made to the house until Mr. Lehbach returns.

CARDIFF GIANT MAN.

Father of That Famous Fraud Dies at Binghamton, N. Y.

SUPERIOR, Wis., Dec. 29.—George O. Hull, of this city, who left Superior a few weeks ago with his son-in-law, C. N. Gates, to spend the winter east, died at Binghamton, N. Y., yesterday. Reports as to his death are conflicting. One attributes it to suicide and another says it occurred the day following the robbery of Mr. Gates, who lost \$2,500 in New York. Hull was the originator of the famous Cardiff giant hoax. The alleged giant was dug up on his farm about twenty years ago and he made considerable money out of it before the fraud was discovered.

Wrecked on Cape Flattery.

VICTORIA, B. C., Dec. 29.—A fisherman who reached here last evening brings intelligence that a large unknown iron bark is ashore on Cape Flattery. Owing to the heavy gale he was unable to get near it. Two salmon-laden ships answering the description left here some days ago. They are the Menocok and the Broddick Bay. The bark Astoria left Tacoma flour-laden for England and it may be any of the three.

JESSE JAMES OUTDONE.

(Continued from first page.)

was handcuffed just the same. The other two highwaymen meantime were out of sight.

While all this was transpiring Chief of Police Marsh was notified. He was in the mayor's office at the time and in company with Inspector Hunt drove at a mad pace for the Hyde Park station. Before leaving, however, thirty men were detailed by the chief to watch every railroad and cable train and every road through the district. When the chief reached the station he gave orders to have every open place searched for the missing men. This was done and the robbers were found in a barn at Fifty-seventh street and Woodlawn avenue.

They opened fire on being discovered and Patrick O'Brien, a watchman who joined the party, was hit in the thigh. The shot-guns were too much for the robbers, however, and they decided to give in.

There was a short parley and five minutes later every one of the robbers and all of the stolen property was landed in the Hyde Park police station. The robbers had shot the lock off the tin box and finding no money in it had dropped it in the road. The last two men captured gave their names as Frank Bennett and Henry Featherstone. Featherstone, who was apparently the leader, is a tall man with a sandy moustache. His name on other occasions has been Hennessey. Excitement was running high in the southern part of the city to-night, groups of people standing on the street corners eagerly discussing the details of the affair. It is said the robbers, notwithstanding their coolness, overlooked in the vault and the cashier's drawer funds to the amount of \$10,000.

HUNTING FOR CORPSES.

Platte County, Mo. Farmers Looking for Vanished Neighbors.

ATCHISON, Kas., Dec. 29.—The farmers of the Pleasant Ridge neighborhood of Platte county, Mo., a few miles east of here, are searching the country round about for the bodies of a young man named W. Porter and his mother, who lived on a leased farm. They disappeared about three weeks ago. Their doors were found to be unlocked and the household things looked as if the occupants had gone out with the intention of returning soon. The horse and wagon were gone. Porter was an industrious young man and it is feared that he and his mother have been murdered for their money and the bodies hauled away in the wagon.

HE WAS DEFENDING HIS MOTHER.

Young Warren's Defense to Charge of Killing His Father.

ELMIRA, N. Y., Dec. 29.—The trial of Herbert Warren, a 16-year-old boy, for the murder of his father J. Frank Warren, was commenced here to-day before Judge Smith. The elder Warren was a traveling man and was home but little. He brought his family here from Michigan. Mrs. Warren is an invalid. Warren was engaged in intrigues with women in Connecticut. It is alleged and his wife and son learned of it. On June 12th last he came home and had a quarrel with his wife. At 2 o'clock in the morning Warren was shot down by his son Herbert, who claimed that his father was assaulting his mother and that she called on him for assistance.

IT MAY OR MAY NOT.

Delta County Anxiety About South Shore's Intentions Cannot Be Allayed as Yet.

MARQUETTE'S MODEL PRISON SETTLING DOWN TO BUSINESS.

Christmas at the Asylum-Sunday School Exercises-South Shore's Ore Business-Another K. P. Lodge.

The South Shore and Gladstone.

It was stated in the Iron Port of Saturday that H. F. Balch, the well-known contractor, had been in Gladstone to go over the line of the preliminary survey for a South Shore branch to that port, indicating that its construction was soon to be commenced, "notwithstanding the MINING JOURNAL'S belief to the contrary." The Delta notices the frequent presence of Mr. Balch and his subordinates in Marquette as proof positive that the road is to be built at once. All right, gentlemen, all right—consider the road built if you desire, but at the general offices of the Duluth, South Shore & Atlantic in this city it is stated authoritatively that Mr. Balch has not been over the line of the preliminary survey and that the officers of the company themselves do not know whether or not the South Shore will build into Gladstone this year, some other year or at all. Mr. Balch and Mr. Peppard were in Marquette yesterday closing up some matters connected with the building of No. 4 ore dock last spring. Mr. Balch is now building the South Shore's Waikoa Bay line and matters connected with that contract often call him to Marquette. There you have the situation.

The MINING JOURNAL has never expressed the belief that the South Shore would not build into Gladstone; it has stated that the officers of the company had caused a preliminary line to be surveyed to obtain some idea of the probable cost of such a branch and that they themselves did not know whether the minutes of that survey would ever be utilized or not. As far as the MINING JOURNAL is concerned this only need be said. If the South Shore road can gain any considerable business by building into Gladstone this paper would be glad to see it built there. Marquette has nothing to fear in the matter; increased business for the South Shore is directly to her advantage. Finally, the MINING JOURNAL is in a position to state to the gentlemen on the anxious seat down in Delta county that when there is anything definite to be said about this South Shore-Gladstone matter it will not only be able but willing to say it. Until then let us have peace.

At the Prison.

Warden Tompkins has made a number of changes recently in the prison under his charge which have vastly improved the condition of affairs there and Marquette prison may now be considered as in full running order. The completion of the wall about the prison buildings gives the place more of the appearance customary to institutions of its kind and also greatly lessens the chance of any shortage when noses are counted at night. A work shop has been fitted up in the dining room and hospital building, over the laundry, and here all the knitting machines have been placed. They are now operated by steam, power being furnished by the laundry engine, but a fine Hamilton Corliss of 90 horse power is being placed in position in the main engine house and will hereafter furnish the power for all manufacturing purposes at the prison. A third boiler, of the same size as the two put in when the prison was built, has been added to give more steam for heating purposes.

During the last fiscal year 139 convicts have been received at the prison. The number now in the prison is eighty-three, two having been received Saturday. They were John Mack, from St. Ignace, thirty days as a common drunkard, and Fred Johannes, from Nausbay, ninety days for assault and disorderly conduct. One convict was discharged on the 24th and another, Jasper Wakeham, receives his liberty as a New Year's gift to-morrow. The annual report of the warden and board of control was completed yesterday and will soon be issued.

Christmas in the Sunday Schools.

The Christmas exercises of the Sunday school of St. Paul's church took place last evening. After the singing of carols and the service in the church, which commenced at 7 o'clock, the children of the school were marshalled by classes and marched through into Morgan Memorial chapel, where they found Santa Claus' house, his official headquarters, transported hither from the north pole at untold expense for one evening only. Santa Claus himself, some said the voice was that of Milton Spencer, soon put in appearance and began the pleasant task of dividing up his store of good things with all present.

This evening the Baptist and Presbyterian Sunday schools will have their Christmas exercises. At the Baptist church there will be a large tree, recitations and carols, and at the Presbyterian church there will also be a large Christmas tree loaded with books, toys, candies, fruits, etc. The exercises will consist principally of songs by the children.

Christmas at the Asylum.

The orphans in the asylum under the management of the Sisters of St. Joseph, were recipients of a greater supply of good things this Christmas-tide than in any previous year, and the sisters in charge desire to tender thanks through the MINING JOURNAL to all who so thoughtfully and generously gave unsolicited aid toward making the holiday memorable to the little ones. Among the many donors are: Col. C. Y. Osburn, \$50, Mr. J. Fay, \$30; Mr. Rending, \$10; "A Friend," \$10;

Mr. T. Mads, \$5. Turkeys were sent by L. Riedinger, G. and A. Hagar, W. Fassenbender, M. Atfield, B. Niedhart and Mr. Taylor; oranges, fruits, nuts and candy by Dr. Thiel and two cases of oranges and corresponding supply of nuts and candy by an unnamed friend.

Mr. Geo. W. Hager represented Santa Claus by supplying a beautiful tree whose wide spreading branches were more suggestive of Florida exuberance than our northern snow. Mrs. Hager furnished the decorations for the admiring children in dolls, stuffed stockings, oranges, toys and various articles suitable to the ages and tastes of the fifty-two orphans in the house. Mr. Fred McCabe and others of the old school boys contributed their never-failing annual offering for the Christmas tree. To one and all—sincere thanks and "A happy New Year."

The First National.

Attention is called to the published report of the condition of the First National bank of Marquette. In spite of the great stringency in the money market since the last statement the bank has continued to discount all acceptable paper offered by its customers and still shows a strong cash reserve. In the past year its business has largely increased, there having been a gain in its resources of nearly \$300,000. While this is in part due to the reaching out of the bank for new business it may also be regarded in a large measure as indicative of the growth and business prosperity of the city and tells in the most forcible way that the "boom is on."

For the Year 1890.

The rail shipments of ore over the Duluth, South Shore & Atlantic railway have been computed for the year 1890 and were 189,149 gross tons. There were shipped by lake from the Marquette docks during the season 1,316,353 tons; the shipments from the St. Ignace docks were 15,911 tons, making a total of 1,518,413 tons handled by the road during the season. The increase in rail shipments for the year much more than makes up for the slight falling off in the shipments from this port owing to the blockade at the Sault canal at the time of the break-down in the lock.

A Flourishing Order.

Pythianism has secured a strong foothold in Marquette and the Queen City will soon have a second subordinate lodge of the order established in its midst. The pioneer lodge, Iron Cross, has now 106 members and is in a most flourishing condition. The new lodge will be instituted early in January, it is expected, and will make its bow to the Pythian world with about thirty charter members of whom all but four or five will be strangers to the true significance of "Fools Can't Belong."

A Serious Accident.

On Friday evening Mrs. Waterman, mother of Rev. L. M. Waterman, pastor of the Baptist church, fell on the stairs in her son's residence, No. 717 Front street, sustaining very serious injuries, a fracture of the thigh in the hip joint and also a fracture of the right wrist. She is over seventy-five years old and her age makes the injury to the hip still more serious but she has had the best of care and is resting free from pain now.

Annual Meeting.

The annual meeting of the stockholders of the Rock River Brownstone company will be held at the New Clifton this morning for the election of directors and the transaction of such other business as may properly come before the meeting. The election will be open from 9 until 12 o'clock.
