"THE GREATEST AMERICAN"

Marquette Club of Chicago Celebrates the Birthday of Abraham Lincoln.

OVER FIVE HUNDRED PRESENT AT THE BANQUET.

Senator Cullom of Illinois Chief Speaker of the Evening, Devotes Himself to Democratic "Don't's."

IN MEMORY OF LINCOLN

CHICAGO, Feb. 12.—The Marquette club celebrated the birthday of Abraham Lincoln with a banquet at the Auditorium Hotel tonight at which covers were laid for over five hundred persons. The great banquet hall was resplendent with electric lights and appropriately decorated with flags, banners and festoons of the national colors interspersed with portraits of Lincoln, Washington, Grant and other national heroes. Prominent republicans from all parts of the country were bidden to the feast and a number of men of national repute were present. Among others who were unable to respond to the invitation in person were Senator John Sherman, Hon. Wm. McKinley, Chauncey M. Depew, Hon. J. Sloat Fassett, Hon. J. B. Foraker, Hon. John G. Ingalls and Hon. Thomas B. Reed.

The principal address of the evening was delivered by Senator Shelby M. Cullom who has lately announced himself as a candidate for the presidency of the United States and who responded to the toast "Abraham Lincoln." After sketching the life of the illustrious president and relating many personal reminiscences of him in his characteristic manner the senator from Illinois proceeded to contrast the records of the republican and democratic parties. The former he characterized as the party of progression; the latter as one of negation. Continuing the speaker said:

"Don't" has always been the burden of the democratic song. At this moment its large majority in the house of representatives is chorusing "Don't" Mills, "the great disappointed," is saying to Speaker Crisp "Don't," and Cleveland and the mugwumps are all shouting at Senator Hill "Don't"—shouting singly and shouting in chorus. And standing by himself solitary and alone upon a high eminence of objection Holman is crying "Don't" at every person and at everything. While Lincoln lived the democratic party embarrassed him continually with its "don't." It flustered him with "don't's" at every step of his illustrious career and I am sure that if he was among us now, venerable in his eighty-four years, upon every suggestion made by him he would be pelted with democratic "don't's." But if he were with us now in person as he is in spirit he would regard as little as we do the opposition of the organized objection to everything progressive and would urge us to hold fast to the doctrine of protection to American industries as modified by the policy of reciprocity. He would bid us also, I am sure, to hold fast to the doctrine of honest money for honest people applied in statesmanship so as to bring about an early day the reestablishment of silver in its former dignity as a money metal, the equal of gold in coinage and in tender.

The address was punctuated by frequent rounds of enthusiastic applause. Others who responded to toasts were Hon. Henry D. Estabrook on "The Mission of America," Gen. Ben Butterworth on "The World's Columbian Exposition" and Hon. Jonathan Dolliver on "Our Party."

MERRITT DISCREDITS THE YARN.

New York Sun's Ancient Fable About General Alger.

ST. PAUL, Feb. 12.—When the attention of Gen. Wesley Merritt was called this morning to the article from the New York Sun attacking the military record of General Alger, he said:

"A man would be reckless indeed to make positive statements concerning an event which transpired so long ago as the one referred to in this article. I should certainly desire to consult the records at Washington before confirming any of the statements set forth. I was in the Shenandoah Valley at the time, the commander of a division, and Custer had command of a brigade. Very naturally if I leave of absence was asked by Colonel Alger it would have been presented to Custer. I know that General Sheridan was a warm friend of General Alger and to make or confirm any charges concerning the military record of a man who has attained without having positive proof would be, to say the least, "presumptuous." General Merritt spoke in a decided manner and seemed to take no stock whatever in the story about Alger's dishonorable discharge.

"THE FAMINE AND THE FEVER."

Tales of Suffering and Death From Famine Stricken Russia.

LONDON, Feb. 12.—A dispatch from Penza, capital of the government of that name in the southwestern part of what is known as Great Russia, is published in the Chronicle today. The dispatch says that the thermometer registered 58 degrees below zero and that there is terrible suffering among the peasants. A number of men have been frozen to death on the high roads and so intensely cold is it that the birds drop dead from the trees in which they have sought shelter. None of the children in Penza are allowed to go to school. Nearly all the horses have been killed for food or sold to procure money with which to buy the absolute necessities of life. Typhus fever, small-pox and diphtheria are decimat-

ing the inhabitants. Around Penza two hundred peasants have died from these diseases.

The dispatch adds that in the governments of Samara, Saratov and Nijni Novgorod the conditions are far worse than in Penza. In these three governments thousands of peasants have fallen victims to hunger, typhus and the other epidemic diseases.

In the governments of Charkov and Kazan the typhus fever is especially terrible in its ravages. The inhabitants are dying off by the hundreds. Whole families have been stricken by the disease and have died, not a single member recovering.

The records show that in the vicinity of Penza 17,986 persons, men, women and children, are daily fed by charity.

THEY ARE SIMPLY THIEVES.

So-Called Spanish Anarchists Are Mere Chicken Stealers.

MADRID, Feb. 12.—A dispatch from Xeres says that the executions of anarchists which took place there Wednesday has not had the effect of putting a stop to the anarchist agitation. Several bands of anarchists have been marauding in the country close to Xeres but yesterday a detachment of gendarmes was sent after them whereupon they immediately took flight. The gendarmes are determined to capture them if possible and are still in pursuit. The inhabitants of Xeres have been thoroughly frightened by the attitude and threats of the lawless characters in the town and not knowing at what moment another outbreak may occur they are staying in their houses as much as possible.

From Cadiz today comes the intelligence that the police of that city have arrested three anarchists who when searched were found to be armed with daggers. They had in their possession a quantity of documents couched in the usual fiery anarchist style, calling upon the people to avenge the deaths of the executed anarchists and to right any wrongs which the working people suffer.

"KNIGHTS OF RECIPROCIITY."

That Secret Political Organization Issues a Pronouncement.

KANSAS CITY, Feb. 12.—The Knights of Reciprocity have issued a circular to its membership with instructions to "read in open lodge and hand copies to each member." According to this circular every state in the union is to be organized within ninety days, a perfect organization having been made possible by reason of having recently received great assistance from many prominent men in the east. The circular announces that the Knights of Reciprocity now have grand lodges with hundreds of subordinate lodges in Kansas, Missouri, Louisiana, District of Columbia and Maryland. The republicans are warned that the democrats and alliance men "have practically concluded a plan of fusion in the states of Nebraska, South Dakota, Wisconsin and Kansas under which the democrats are to have the presidential electors and members of congress while the people's party is to have the state officers and members of the legislature." It is the announced intention to first organize the democratic and doubtful states.

NINE HOUSES QUARANTINED.

Typhus Fever Breaks Out in New York Tenements.

NEW YORK, Feb. 12.—The typhus scourge upon which the board of health stumbled yesterday is increasing hour by hour. No man can tell its extent at this writing. In the early morning hours ten cases were found in the east side lodging houses that sheltered exiled Russians from the famine districts, making sixty-seven in all up to that time. At noon nine more cases were found. Three of the new cases were from 85 Norfolk street and six on Ellis Island. These houses are in the most densely populated district and among the poorest tenants and that the plague will spread despite the desperate efforts now making by the health authorities to suppress it there can be little doubt. The nine houses known to be infected are under police surveillance. The authorities have forbidden all communication with the rest of the world.

SENATORS BY POPULAR VOTE.

Convention of United Mine Workers Favors That Reform.

COLUMBUS, Feb.—At the convention of the United Mine Workers of America today it was decided to abolish the ten-cent fund and assess a per capita tax of ten cents a month for the support of the organization. All money now in the defense fund is to be used for organizing purposes. The general executive board was authorized to levy a tax at any time for the support of a strike. A resolution urging the adoption by the national house of representatives of the resolution to investigate the Pinkerton detective agency was passed. The convention declared for the restriction of Chinese immigration, the election of United States senators by popular vote and the passage of national laws for the protection of miners.

WHITE CAPS IN IOWA.

Farmer Strung Up and Ordered to Leave the County.

OTTUMWA, Iowa, Feb. 12.—W. L. Morris, who lives on a farm north of this town, was visited by three masked toughs last night about midnight. They knocked on the door and when it was opened grabbed Morris, tied his hands behind him and took him to the woods southwest of the house. There a rope was put around his neck and one end thrown over the limb of a tree. Morris was then pulled up from the ground and let down again and told that if he did not leave the county today they would return tonight and hang him. Mrs. Morris is lingering in a critical condition as a result of the fright given her by the scoundrels. Mrs. Morris pulled one of the masks off, recognizing one of the men. Officers are in search of them.

NO USE FOR BOSS HILL,

Brooklyn Democrats Meet in Large Numbers and Denounce the "Kodak" Convention.

CONGRESSMAN JOHN D. WARNER

He Accuses Hill of Conspiring to Defeat Mills and to Put Back Tariff Reform

CITY OF CHURCHES SPEAKS.

BROOKLYN, Feb. 12.—The Criterion Theatre was crowded tonight with indignant democrats of the City of Churches, gathered to pour forth their protests against "Hill's freeze-out" convention. Augustus Healy opened the meeting and his scathing rebuke of Mr. Hill and his followers was cheered at every point, and there were ringing cheers for Grover Cleveland. Mr. Healy explained the object of the meeting and then introduced Edward M. Sheppard as the chairman. Mr. Sheppard spoke in severe condemnation of the Hill democrats in calling such an early convention and ended with the statement that the committee of 25 having in charge the meeting was not putting itself on record for anyone man or the presidency. It had come out for home rule, sound money, tariff reform, a fair field and open discussion. Some one remarked towards the close of the speech that David B. Hill could wait until 1896 and Mr. Sheppard smiled.

Mr. Sheppard was followed by Congressman John DeWitt Warner, whose speech was the principal one of the evening. Mr. Warner first dealt with the defeat of Mills for the speakership. He said that he was beaten by a combination of those who were opposed to the management under which the democratic party had succeeded, of which combination the New York state democratic organization, directed by Governor Hill, was a principal factor. Whatever may have been the motives of others, Mr. Warner stated in his opinion, Hill's plan, as defined by his Elmira speech, is to call a halt in tariff reform and to bring free coinage to the front. The meeting broke up after an address of thanks from the New York committee, delivered through Mr. E. B. Whitney.

VILLARD WILL RETIRE.

Will Resign Presidency of Edison General Electric Company.

NEW YORK, Feb. 12.—The trustees of the Edison General Electric company met at the office of Drexel, Morgan & Co. this morning and elected the following officers: President, Henry Villard; first vice-president, J. H. Herlick; second vice-president, Samuel Insull; secretary, A. Marcus; treasurer, F. S. Hastings; comptroller, J. P. Ord. Some time ago it was announced that Mr. Villard would be re-elected but would later resign. Mr. Villard notified the board today he would accept the presidency until such time as the board could find a suitable successor to him, but in no event later than April 1 next. Vice-President Herlick said that negotiations for the consolidation of the Thompson-Houston and Edison companies were progressing rapidly but that it would require, he thought, at least two months to consolidate the companies.

UNION PACIFIC IS POOR.

It Has Made Many Millionaires but Pays Low Wages.

OMAHA, Neb., Feb. 12.—The Union Pacific grievance committee held a joint session today and thoroughly explained the situation to their grand officers. They will ask for a conference with General Manager Clark tomorrow. An official of the Union Pacific asserts that the schedule submitted by the conductors and trainmen embodied seven principles that would if adopted increase the wages of the employees by \$300,000 per year. He says the Union Pacific is not in a condition to bear such an addition to its operating expenses. He thinks their demands are wholly unreasonable.

DUN'S REVIEW OF TRADE.

Iron Remains Stationary and Copper Sells at 10 3/4 Cents.

NEW YORK, Feb. 12.—R. G. Dun & Co.'s Weekly Review of Trade says: The production of pig iron is about stationary. The stocks of charcoal iron are substantially unchanged and unsold stocks of anthracite are a little smaller than a month ago but stocks of coke iron are considerably larger, so on the whole consumption does not appear up to the enormous supply. No change appears in the market for pig iron and rails are in small demand. Bar iron does not improve and the demand for plates is smaller than expected while the collapse of the combinations in beams and barbed wire has a somewhat depressing influence. Large sales of copper are reported at 10 7/8c and a fair distribution of tin while lead is a trifle lower. The business failures occurring throughout the country during the past seven days number 373 as compared with totals of 319 last week. For the corresponding week of last year the figures were 297.

GIVEN BACK TO EARTH. Funeral of Mrs. Dow at Negaunee Yesterday.

An Elegant Reception Given Their Friends by Mr. and Mrs. M. C. Quinn—Other Matters.

FUNERAL OF MRS. DOW. The funeral of Mrs. L. E. Dow took place yesterday afternoon at 2 o'clock, with services at the Episcopal church.

The funeral was very large, it being attended by the majority of the teachers of the High school and the many friends of the family here and from Ishpeming. During the funeral services the church was filled to its very limit.

A WORD TO THE WISE. Worth Untold Gold To You, Perhaps.

Now is the season of pains and aches of rheumatism and neuralgia as Spring approaches. Yet it is absurd and unnecessary to suffer.

"I had a pain in my right side for four months," said Mrs. J. T. Cummings of 1303 Lorain St., Cleveland, Ohio, "and was nervous, and could not sleep nights. The pain has left me entirely, and now I sleep much better."

"I suffered for many years with a terrible neuralgia in my head and neck," said Alonzo Pochin, Esq., of Holenville, New York, "and oh, dear, how it pained me all through. I took Dr. Greene's Nervura and it cured me completely of the fearful pain. I thank Dr. Greene's Nervura is the very best medicine I ever saw or used."

Everyone who has used it speaks the same regarding it. It is purely vegetable, and harmless, and can be obtained of your druggist for \$1.

Dr. Greene, the successful specialist, in curing all forms of nervous and chronic diseases, 35 W. 14th Street, New York, can be consulted free, personally or by letter. Call or write him about the case, or send for symptom blank to fill out, and a letter fully explaining the disease, giving advice, etc., will be returned free.

MR. STOUT PROPOSES A SECRETARY OF COMMERCE

Congress Asked to Prohibit Worthless and Addle-Brained Boys From Killing Themselves With Cigarettes.

PASSING PRIVATE STEALS.

WASHINGTON, Feb. 12.—The house passed its first regular appropriation bill today and representatives are congratulating themselves that at last the regular work of the session has been entered upon.

On motion of Mr. Belknap (Mich.) April 2 was set apart for eulogies on the late M. H. Ford of Michigan.

PASSING PRIVATE STEALS.

The house then went into committee of the whole in the private calendar. The first bill on the calendar was one for the relief of Louisa A. Lovell of Mississippi and other heirs of Gen. John A. Quitman.

The next measure in order was one authorizing the postmaster general to credit Alma Jones, Sr. late postmaster at Indianapolis, in the final settlement of his accounts with sum of \$2,438, the amount of loss sustained by him by robbery.

Mr. Reed (Me.)—from his seat—suggested that evidently there was no quorum present.

The chairman (sternly)—If the gentleman from Maine will rise in his place and address the chair and make that statement to the chair the chair will answer.

Mr. Reed (rising smilingly)—If I felt entire confidence in the chair I should not hesitate to do so.

The motion was lost—yeas 69, nays 161, and the bill was laid aside with a favorable recommendation.

The committee then rose and the Lovell bill was passed.

After fixing dates for eulogies on the late Representative Spindola of New York and Gamble of South Dakota the house adjourned till tomorrow.

A MINISTER OF RAILROADS.

Representative Stout of Michigan today introduced the following resolution: Whereas, The Reading, the Lehigh Valley, the Jersey Central and the Delaware, Lackawanna & Western railways, operating lines in different States and representing a normal capital of \$500,000,000, the plant of which could be duplicated at one-half the sum, have elected a combination.

Resolved: That the committee on commerce be requested to investigate the facts of the case and report whether such combination should not be prohibited by national law and whether a bureau of interstate transportation should not be organized headed by a cabinet officer known as the secretary of commerce.

Representative McFie of Arkansas today reported from the house committee on public lands with a recommendation that it pass a bill for the relief of the purchasers of certain swamp and overflowed lands.

The bill proposes to give to the states the purchase money realized from the sale of the lands within their boundaries erroneously sold and at the same time to confirm the title to the purchase from the United States. Two years is fixed as the time within which all claims shall be presented.

THEY ARE BETTER DEAD.

Congress Asked to Save Young Fools From Their Own Vices.

WASHINGTON, Feb. 12.—The ways and means house committee will be petitioned to prepare a bill involving the paternal condemnation of the government upon the cigarette habit. Representatives Cochran, Cummings and Stahlnecker of New York all have in their possession bills which they have been petitioned to introduce, providing for the suppression of cigarette manufacture by imposing an internal revenue tax of \$10 per \$1,000 on all imported or domestic cigarettes sold in this country.

SILVER MEN ARE ANXIOUS.

Working Hard for Early Consideration of Their Lunacy.

WASHINGTON, Feb. 12.—The silver men have some eight or ten petitions in circulation on the democratic side of the house urging that the silver bill be made a special continuing order and, it is said, had early today secured about one hundred signatures.

The Leaning Tower at Saragossa. A committee appointed to report on the famous Torre Nuova in the Plaza San Felipe, in the capital of Aragon, has issued a pessimistic account. It is feared that this clock tower, a very fine example of the kind, will have to be pulled down. Excessive rains and floods have caused a subsidence of the soil and the structure is deemed unsafe. The construction of this torre inclinada was begun in the fifteenth century, under the direction of two Spanish, two Moorish and one Jewish architect; it is octagonal in form, 300 feet high, 45 in diameter, and leans about 10 feet out of the perpendicular. Stone steps, 260 in number, lead inside to the top gallery. It has been stated that the leaning of the tower was due to the caprice of the architects, but an old crack in its side and a careful examination of the foundation led to the conclusion that it was want of care on the part of the builders. The Aragonese speak of the ancient crack as an old wound in its side, of which the Torre Nuova is now dying. This "old wound" was under treatment in the year 1893, but an unfortunate relapse threatens to result in an entire collapse. -Tablet.

Getting Rich Fast. Two young men near Los Angeles, Cal., are rapidly making a fortune selling coprolites. Last April they were not worth fifty dollars, but now they have \$7,780 to their credit in bank and they are adding about \$150 a week to their deposit. They have fifty traps set, and with these and their rifles are rapidly clearing out the coprolites in Los Angeles and San Bernardino counties. As five dollars a scalp there is more money in hunting coprolites than in growing grain or fruit, but the business will probably come to an end when the next legislative meets. The law which was passed as a joke has proved to be very costly business. -San Francisco Chronicle.

A Russian Doctor. A Russian journal reports an interesting case of a philanthropic physician. Visiting the patients of his districts, the doctor found that in many instances their sickness was caused by hunger. To the most needy he prescribed "six pounds of pure rye flour in doses of two pounds a day." He ordered his patient to get the medicine at the drug store of the nearest village, where it would be issued free of charge every day. The good doctor made arrangements with the druggist to supply the flour at his expense. In this way his patients will be kept from starvation the whole winter.

The Whipping Deserved. Miss Susie Gardner, teacher in the Pales school, near Roachdale, Ind., whipped Albert Cookright, an unruly pupil, and his mother prosecuted the teacher for assault. The defendant was tried by jury and acquitted, the jury holding the punishment well deserved. -Exchange.

Another New Saviour Preventive.

James Murphy, a Chicagoan, is the latest to come forward with a smoke consuming device. Rather, though, is it Mr. Murphy's plan to prevent smoke, and this he seems to do very effectively by a patent arrangement which he places on boilers and stoves. It is the idea to catch and burn the gases that are liberated from the coal before they form the smoke. The smoke itself, the inventor says, cannot be burned after it has once been formed, so he burns the gases.

The principle is that of taking air up from the ashpit in a furnace through fire clay pipes to a hot air chamber above the grate bars. From here it is thrown from all four sides of the grate through a three-quarter-inch space which is left open all around the fire, the space being partially ledged over with a "lip" that throws the air across the furnace. The distribution of this hot air equally over the fire catches the gases from the coal before they are formed into smoke and ignites and burns them.

This only about 20 per cent. of the usual amount of smoke contains no carbon, is not dirty at all and is white instead of sooty. Mr. Murphy demonstrates the principle of his device in a stove, where the results are more easily seen. The stove is fitted with three fire clay pipes on each side to conduct the air. The stove burns any kind of coal or coke and from none of them can any smoke be seen to arise. The stove makes its own draft from the airshaft. The flame burns inward and close to the middle of the grate. An examination of the chimney shows no smoke going up. -New York Telegram.

The Leaning Tower at Saragossa. A committee appointed to report on the famous Torre Nuova in the Plaza San Felipe, in the capital of Aragon, has issued a pessimistic account. It is feared that this clock tower, a very fine example of the kind, will have to be pulled down. Excessive rains and floods have caused a subsidence of the soil and the structure is deemed unsafe. The construction of this torre inclinada was begun in the fifteenth century, under the direction of two Spanish, two Moorish and one Jewish architect; it is octagonal in form, 300 feet high, 45 in diameter, and leans about 10 feet out of the perpendicular. Stone steps, 260 in number, lead inside to the top gallery. It has been stated that the leaning of the tower was due to the caprice of the architects, but an old crack in its side and a careful examination of the foundation led to the conclusion that it was want of care on the part of the builders. The Aragonese speak of the ancient crack as an old wound in its side, of which the Torre Nuova is now dying. This "old wound" was under treatment in the year 1893, but an unfortunate relapse threatens to result in an entire collapse. -Tablet.

Getting Rich Fast. Two young men near Los Angeles, Cal., are rapidly making a fortune selling coprolites. Last April they were not worth fifty dollars, but now they have \$7,780 to their credit in bank and they are adding about \$150 a week to their deposit. They have fifty traps set, and with these and their rifles are rapidly clearing out the coprolites in Los Angeles and San Bernardino counties. As five dollars a scalp there is more money in hunting coprolites than in growing grain or fruit, but the business will probably come to an end when the next legislative meets. The law which was passed as a joke has proved to be very costly business. -San Francisco Chronicle.

A Russian Doctor. A Russian journal reports an interesting case of a philanthropic physician. Visiting the patients of his districts, the doctor found that in many instances their sickness was caused by hunger. To the most needy he prescribed "six pounds of pure rye flour in doses of two pounds a day." He ordered his patient to get the medicine at the drug store of the nearest village, where it would be issued free of charge every day. The good doctor made arrangements with the druggist to supply the flour at his expense. In this way his patients will be kept from starvation the whole winter.

NEWS OF ISHPEMING.

A Political Organization That Will be Heard From in Coming Elections.

STEAM LAUNDRY TO SEEK NEW QUARTERS.

Reehabito Bazaar and Supper—Fire Alarm System Undergoing Inspection—Mine Accident.

KEEPING AN EYE ON POLITICS.

A meeting of the Scandinavian political club was held in the Swedish Home hall on Cleveland avenue Wednesday evening last, when matters political were discussed. Among other things brought before the meeting was the matter of supporting Mr. Andrew Sandberg for re-election to the office of city recorder at the coming spring election. The club has in the neighborhood of three or four hundred members, and was instrumental in influencing many Scandinavians to secure their naturalization papers lately. It is giving close attention to political affairs, local and national, and will make its influence felt in the election of next spring.

Steam Laundry Will Move.

The Ishpeming steam laundry at the corner of Second and Ridge streets, conducted by the Needham Bros., will be moved from its present site to a more suitable one about the 15th of next month. The building in which the concern is now located has been inadequate to accommodate the firm's increasing business. An effort will be made to secure the old "Corner Market," recently occupied by Johnston & Butler, corner of Division and Pine streets, as soon as Mr. F. Braastad, the owner of the building, returns from Cleveland, which will be in a few days. The latter building would be an excellent one for the laundry, as it is well lighted and ventilated, besides being roomy and centrally located. The only objection to the proposed location is that sewer connections are not quite as handy as at the present location, where Partridge creek has been used to carry away the waste. There is a small laundry in the vicinity of the Iron Ore office that has a connection with Partridge creek, which could be used to carry away the water from the Corner Market building, however, and as the distance is but 300 feet, the expense would be trifling.

Bazaar and Supper.

The Improved Order of Rechabites of this city will hold a bazaar during the afternoon of February 22nd, and will serve a supper in the evening. After the supper an entertainment will be given, consisting of recitations, vocal and instrumental music, etc. The proceeds of the affair will be devoted to paying a nurse who has been employed lately attending sick members of the order. The bazaar and entertainment will be held in the Swedish Home hall on Cleveland avenue.

An Inspector Here.

Mr. A. H. Knott, special agent for the Gamewell Fire Alarm Co., of Chicago, arrived in Ishpeming yesterday. He is here to look over our fire alarm system and ascertain its condition in order to determine whether Ishpeming must have a new system or if the old one can be made to work satisfactorily. After he has inspected the system in use he will report to the city dds. His report will probably be ready for submission at the next meeting of the council, when action of some kind will probably be taken on the matter.

Mining Fatality.

Matt Johnson, a Finnish miner employed in No. 3 shaft of the Lake Superior mine, walked into the mill on the tenth level yesterday afternoon at about 5 o'clock and fell fifty feet, receiving injuries which resulted in his death. Johnson was about thirty years of age and had a wife and child in the old country. His funeral will be held Sunday afternoon at 2 o'clock.

Get Your Papers.

Those who made application to County Clerk Gad Smith last Saturday afternoon and evening for naturalization papers can get the same now at the bazaar of Mr. A. W. Lindholm on Bank street and the merchandise store of Nels Majhannu & Co., on Division. The papers for Scandinavians, Irish and French applicants can be had at Lindholm's, while the Finnish applicants will get theirs at Nels Majhannu & Co.'s place.

New Drop Harness.

The early part of the coming week a new drop harness for the team recently purchased by the city for No. 1 hose cart is expected here, the old one being too large for the new team. The old harness will be retained and used for the old team which is to be kept for use on the hook and ladder truck.

Died of Heart Disease.

Miss Henrietta P. Hanson, daughter of Mr. and Mrs. Andrew Hanson, died of heart disease at the home of her parents on Wednesday last. She was 17 years of age and was a bright young lady. The funeral will be held tomorrow from the Swedish Lutheran church.

Will Race.

Messrs. W. E. Johnson, of this city, and Frank Pellier, of Negaunee, the rival skaters, will skate a race at the Cleveland avenue ice rink next Thursday evening for \$10 a side.

A Bir Stock.

Messrs. Kahn & Skud, the proprietors of the Boston Clothing house in the McEnroe building on Main street, who have been in the eastern markets purchasing a stock of goods, returned home Tuesday. They report having purchased the largest and most complete stock of clothing and gents' furnishings they have ever placed in their establishment here. Their statement will not be disbelieved by those who know the firm, for its members

have the reputation of claiming nothing for their business that they cannot fully substantiate.

ISHPEMING IN BRIEF.

Born, to Mr. and Mrs. John Rowe Thursday afternoon, a son.

Many of the members of the Marquette Shin Fane Snow Shoe club remained over here yesterday, returning home on the evening train.

The party given by the young bachelors in the Anderson hall last night was a highly enjoyable affair. About fifty couples were present.

The Cleveland-Cliffs Co. and the Pittsburgh & Lake Angeline Iron Co. will pay their employees for January labor next Saturday, the 20th.

Mr. Peter Hein left for Chicago yesterday, and he is responsible for the statement that he will return in a few days with a car load of Bauer pianos to supply his trade in the upper peninsula.

The second-hand store of Lindholm & Lindstrom, which has been conducted in the Ekre block on Cleveland avenue, will hereafter occupy a part of the Mockler building on Main street, where the proprietors moved their stock yesterday.

A great many of our young men have announced themselves ready to assist in starting of the proposed gymnasium, and if it energetically pushed there is no doubt that the project will go through. Get together, boys, and make a start.

Denny Sullivan had his left hand badly crushed yesterday while braking in the South Shore yard. The injury may cost him a finger or two. For four years he was station baggage master here and only commenced braking about two weeks ago.

The entertainment given Thursday evening at the K. of P. hall by the Chancel society of Grace Episcopal church was well attended. The select readings of Miss Calkins were very pleasing and were highly complimented by those present. Vocal and instrumental music by members of the society were an acceptable feature of the affair. Refreshments were served in the hall, and the evening's enjoyment was rounded out with a dance.

Why Many Shoes Are Not Mated. "I wish there was a law to compel manufacturers to tie each member of a pair of shoes to its mate," said a well known jobber to the writer a few days ago. "I do not believe there is a shoe dealer in the country but that has lost customers, patience and money through the vexations misdating of shoes."

"Years ago all shoes were tied in pairs and tied together they remained until they were sold to the wearer. Then cartons came in and tying went out. "The old way was not as neat as the new, and it was supposed that the carton plan obviated the necessity of tying; but if you could see the amount of bother and trouble which comes from misdating in a store you would not wonder at my dissatisfaction. It frequently happens that goods become misplaced—a case is overturned or several cartons are indiscriminately tumbled together. Then the matching and mating are hurriedly done, with the natural consequence of separating the mates."

"These goods go to our customers, and when the misdating is discovered the carton is sent back, often hundreds of miles, at our expense, and allowances demanded. I tell you the manufacturer ought to be obliged to tie each pair together, carton or no carton, and I am thinking seriously of demanding this of every manufacturer who makes goods for us."

"The tying can be neatly and quickly done by machine nowadays, and the benefit is so great that there is no reason why it should not become universal."—Boot and Shoe Reporter.

Killed Two Deer with One Charge of Shot

W. M. Park, of Foxcroft, shot a buck and a doe with one discharge of his gun recently while hunting near that town. He did not see the doe when he fired, but when he went forward to secure the buck which he had hit he was surprised to find a doe by his side. His gun was loaded with a heavy charge of buckshot, and two of them had entered the doe.—Bangor (Me.) News.

HOW TO SUCCEED.

This is the great problem of life which few satisfactorily solve. Some fail because of poor health, others want of luck, but the majority from deficient grit—want of nerve. They are nervous, irresolute, changeable, easily get the blues and "take the spirits down to keep the spirits up," thus wasting money, time, opportunity and nerve force. There is nothing like the Restorative Nervine, discovered by the great specialist, Dr. Miles, to cure all nervous diseases, as headache, the blues, nervous prostration, sleeplessness, neuralgia, St. Vitus dance, fits and hysteria. Trial bottles and fine book of testimonials free at B. H. Stafford, Son & Co.'s.

For LaGrippe.

Take Warner's White Wine of Tar Syrup freely as soon as you feel the first symptoms of the disease. For a cough following this dangerous malady, take from 20 to 30 drops very often, or after each coughing spell.

Free to All Ministers of Churches.

I will send one bottle of Warner's White Wine of Tar Syrup, the best cough remedy on earth, free of charge to any minister that will get his drug list or store keeper to order one dozen and also recommend this most valuable throat and lung remedy to his friends everywhere. MATT GIBB TRIES MURDER.

He Fires Four Shots at Jacob Reuther on the Streets of Calumet Friday Morning

THEN GOES TO FED JACKET AND SURRENDERS.

Refuses to Give Reason for Crime—Is Probably Insane—Reuther Will Recover.

CALUMET.

While Jacob Reuther, the foreman of the Calumet & Hecla machine shop, on his way to work Friday morning was just in front of Charles Briggs' store he was startled by hearing a shot and feeling that he was wounded in the back. He turned around and seeing Matt Gibb about six feet behind him with a revolver in his hand he exclaimed, "What do you mean by this?"

Gibb made no reply but fired three shots more, one taking effect in Reuther's overcoat just above the heart, another in his neck and the last in his leg.

After the shooting Gibb went to Red Jacket and gave himself up to Marshal Sullivan. He was taken before Justice Switlow for examination where he pleaded guilty to the shooting; but would give no reasons for his murderous act. Marshal Sullivan took him to Houghton to be committed to the county jail until the next term of circuit court.

Gibb has been affected in mind for a year or two and is probably insane. The Michigan Journal reporter asked Gibb why he shot Reuther. He answered, "I will not give you any reasons, but say as little about it in your paper as you can."

Reuther's wounds are painful but not necessarily fatal.

HOUGHTON.

The funeral of Michael Sheehan of the Atlantic mine was held Thursday at St. Ignatius church of this city. Rev. Fr. Becker officiating. Michael Sheehan was killed on Tuesday evening at No. 4 shaft of the Atlantic. He was attending the cars which run from the shaft to the rock house on the trestle work. He thought the rock car, which is hauled by an endless rope had gone to No. 3 shaft house and he went onto the trestle to sweep away some loose rock. While there the car came behind him and knocked him off the high trestle and he was killed by the fall.

And He Kept at Work.

Dr. Batty Tuke, the eminent Edinburgh psychologist, had a laughable experience the other day. A Scotch laborer was engaged in the grounds of the doctor's asylum, near Edinburgh, and had received injunctions to pay no attention whatever to the remarks of the patients who noticed him. Some little time after Dr. Tuke, looking at the progress of the work, mildly suggested an alteration. The workman dug steadily on and never lifted his head. The doctor raised his voice; the man dug energetically. The doctor threatened, stormed and finally thundered out, "Do you know who I am?"

The son of the soil straightened his back, looked at him for a minute, and shaking his head sorrowfully, exclaimed, "Puir delectious cratur, I'm sorry for ye!" and went on calmly with his work.—London Tit-Bits.

Electricity in Arms Making.

The electric current has been utilized since 1889 at the small arms factory at St. Etienne for annealing the steel wire of which the hammer springs of the rifle, 1886 pattern, are made. These springs are manufactured of steel wire, 7 millimeters thick, cut in lengths of 3.20 meters; the wire is rolled spirally, and a current of twenty-three amperes is passed through it. Heating is rapidly effected; when it is judged sufficient the circuit is closed, and the hammer spring is dropped into a water tank.

One man can anneal twenty springs in three minutes, equivalent to about 2,400 per day. Electric annealing being clean in operation and cheap will no doubt soon be applied in numerous cases analogous to the one indicated.—Boston Transcript.

A FATAL MISTAKE.

Physicians make no more fatal mistake than when they inform patients that nervous heart troubles come from the stomach and are of little consequence. Dr. Frank Miles, the noted Indian specialist, has proven the contrary in his new book on "Heart Disease," which may be had free at H. H. Stafford, Son & Co.'s, who guarantee and recommend Dr. Miles' unequalled New Heart Cure, which has the largest sale of any heart remedy in the world. It cures nervous and organic heart disease, short breath, fluttering, pain or tenderness in the side, arm or shoulder, irregular pulse, fainting, smothering, drowsy, etc. His Restorative Nervine cures headache, fits, etc.

DR. SPEER, OF THE FIRM OF

Drs. Speer, Emslie, Hubbard & Co., OF SAGINAW, SAGINAW.

Is now in Marquette and has established a branch office in the Mining Journal building at 146 West Washington street.

Dr. Speer is a graduate of the medical department of Harvard University, and is registered both here and in Saginaw.

YOUNG MEN Who may be suffering from the effects of youthful follies or indiscretions will do well to avail themselves of this chance.

DR. SPEER & CO. Will guarantee a perfect cure in all cases of weakness or private disease of any kind or character they undertake or forfeit \$250. They will therefore say to the unfortunate sufferers who may read this notice that you are treading on dangerous ground when you longer delay in seeking the proper remedies for your complaint.

Then for the first time you will realize what negligence means. Our success in such cases can be best understood when we will positively declare that over 100,000 have been treated by us in different parts of the world. Call and get the benefit of our experience.

MIDDLE-AGED MEN, There are many of the age of 30 to 50 who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting sensation and weakening the system in a manner which the patient cannot account for. On examination it will be found that the urine deposits aropy sediment and sometimes small particles of albumen will appear or the color be of a thin or milky hue, again changing to a dark and torpid appearance. There are many who die of this difficulty ignorant of the cause which is the second stage of weakness

DR. SPEER & CO. Will guarantee a perfect cure in all such cases and a healthy restoration of the organs. Examination and advice free to all. Remember the place, 146 West Washington street, Marquette.

P. S.—See our testimonials in the different papers from well-known people.

To the Public. I have great pleasure in adding my testimony to that of others as to the ability of Dr. Speer, and I do so voluntarily, believing it my christian duty as a member of the "Young Men's Christian association," and also of the "Epworth league," to give due credit to a physician of such marked ability as Dr. Speer, that others may be benefited by his skill. For two years I have been subjected to the most terrible pain; I could not work or sleep; my constitution was so terribly impaired that insanity seemed imminent and life itself a burden.

Several physicians whom I consulted could do nothing, and I thought that earth had no cure for me. In my despair I consulted Dr. Speer, whom a friend of mine described as one who had skill, discretion and a wonderful power of healing; as the drowning man will grasp at the straw, so did I at my friend's suggestion.

After several weeks' treatment I AM CURED, AND AM IN FULL ENJOYMENT OF MY NATURAL VIGOR. I feel like working full time; eat well, sleep as peacefully as a child, and have that grateful sensation that only a man can have who is conscious of being literally snatched from the very jaws of death.

The skill displayed by Dr. Speer in the diagnosis of my case was simply—astonishing, my ailment seeming to be to

him as clear as day. This testimony I am willing to substantiate under oath at any time, and my feelings are of profound thankfulness that the hand of Providence directed me to such a physician.

FRED J. HAYEN, 10-31-91 315 Bluff Street, Marquette.

WELL WORTH READING. DR. SPEER & CO., Marquette, Mich.

I am glad to write you that I am entirely cured of the distressing disease that has long made life a burden to me. When I began treatment with you I had for years been afflicted with severe pains across the back, my skin was yellow and discolored. I was nervous and constantly depressed in spirits, being unfit for work and knew scarcely a moment when I was free from pain. At our first interview you described my case so correctly that I was satisfied that you understood every symptom. Under your treatment I received relief at once and in a few weeks my pains and nervousness disappeared and my skin changed to a healthy color. I am now fully cured and gladly recommend other suffering as I did to consult Dr. Speer & Co. and give you full privilege to refer any afflicted person to me for reference.

ANTOINE ANDERSON, Lake St. Marquette, Mich.

THE HURON BAY RAILROAD.

Superintendent Keeler States That It Will Be Ready for Business This Season.

THE MARQUETTE RIFLES DECIDE NOT TO GIVE A PLAY.

Second Y. M. C. A. Stereopticon Talk Sunday Afternoon—Michigan Club Banquet—Hardware Store.

WILL EXTEND THIS YEAR.

Mr. Sanford Keeler, general superintendent of the Iron Range & Huron Bay R. R., in a conversation with a MINING JOURNAL reporter yesterday stated that the work upon his road, which is to extend from Champion to Huron Bay, a distance of thirty-four miles, was progressing favorably and that the road would be in the field for business during the present season. The roadbed is all finished except at the "Summit" where Lally is hard at work on his big rock cut contract. There were 40,000 cubic yards of rock to move their and the work is now about one quarter done.

The ties are all contracted for and the steel will be delivered at Huron Bay as soon as navigation opens in the spring. The merchandise dock for the new road is already finished and about half the piles are driven for the dock. The material for the completion of this dock has all been contracted for and the work of construction will be resumed at as early a date as possible in the spring.

Part of the equipment for the new road has already been ordered. The first order for engines is for two of the Brooks make, known as the 12-wheeled type and heavier than any engines in use on the South Shore road, their cylinders being 21x26. Other orders for rolling stock and equipment will soon be placed.

When asked if it was the intention of the company to build east from Champion Superintendent Keeler replied that the company expected to build into Republic and Isipemung this year, tapping all mines with which traffic arrangements might be made. Surveying parties will be started out in the spring as soon as the snow leaves to locate these extensions.

"How about the report that the M. & N. will use the Huron Bay as an ore road," was next asked. "I know nothing about any arrangement between the two companies," was the reply. Mr. Keeler has been railroaded in Michigan since the first section of the Flint & Pere Marquette, twenty-six miles, was opened in 1861, and remembers well the picnic the new road had in keeping its line open with one locomotive the first winter. He is a gray-haired veteran in experience, though not in appearance, and in his hands the interests of the Huron Bay road will be well looked after.

Will Give No Play.

The Marquette Rifles held a well-attended special meeting last evening to consider the proposition of Messrs. Farnum and Coffin to produce their play "The Huntsman," under the auspices of the company. After a thorough discussion of the affair, the company rejected the proposition of Messrs. Farnum and Coffin by a practically unanimous vote. The members decided that the prospect of any substantial profit for it in the enterprise was too small. The decision last night being so unanimously in the negative ends the matter as far as the Rifles are concerned.

The invitation of the Muskegon company to its forthcoming grand ball was received by the Rifles and the secretary was directed to acknowledge the courtesy and express the regret of the Rifles that circumstances forbade the presence of its members on so pleasant an occasion.

Second Stereopticon Talk.

At 4 o'clock tomorrow afternoon the second of the series of stereopticon talks will be given in the Y. M. C. A. gymnasium by General Secretary Clark assisted by Rev. F. C. Pillsbury who will use his new calcium light, throwing a picture about 20 feet square. In spite of the storm last Sunday the first "talk" of the series brought out one of the largest gatherings seen in the association rooms for months and was found very interesting by all present. The Bible class will meet at 3:30 p. m. as usual.

The Michigan Club Banquet.

Michigan's famous republican organization, "The Michigan Club," is making preparations for its usual anniversary banquet on Washington's birthday. Mr. O. C. Tompkins, ex-governor of Marquette's prison and a favorite with upper peninsula republicans, is just sending out his notifications to the committees appointed by the board of directors to take charge of the banquet. From the list the MINING JOURNAL finds that Marquette is represented as follows: On list of vice-presidents of the day, Justice C. B. Grant, Judge John W. Stone, vice-president and member of the invitation committee, Hon. J. M. Longyear; on general reception committee, J. M. Wilkinson and Gad Smith; on committee for reception and entertainment at the club house, J. M. Wilkinson; on press committee, C. H. Kelsey. MINING JOURNAL.

Sold His Saloon.

John Garvey, proprietor of the Bay View hotel, corner of Lake and Superior streets, yesterday sold the saloon in the basement (first floor on Lake street side) to Frank Harrington.

The New Hardware Store.

Emons Bros. & Co. got the painters and carpenters out of their new store in the L'huillier block at noon yesterday and now expect to be ready for business by Wednesday. They will handle the "jewel" stoves and ranges here and received a carload of stores yesterday which, with the goods already on hand, will give the store something of a business appearance.

The new firm has purchased the wire

screens and furniture used by the Marquette County Savings bank in its old banking room and has already removed them to the store where they will be used in the office, the screen shutting off an office room taking in the two middle windows in the rear of the store.

Marquette's Opera House.

C. M. Fairchild, of the Marinette Star, thus speaks of Marquette's new opera house:

While in Marquette this week the writer had the pleasure, on Tuesday evening, of attending one of the opening performances—the second night—of the Marquette Opera House, and was most delightfully entertained and surprised. This play house has just been completed at a cost of \$100,000 and is the pride of the city—very naturally. In the erection and opening of this house, Marquette has only maintained its well earned reputation.

The house is complete in every particular and detail—beautiful, rich, compact, convenient, roomy, and well equipped; in fact it's a James Dandy. The Elie Koller company, supporting such stars as Ellsler, Coudock and Frank Weston, was secured for the opening—two nights and a matinee—on a large guaranty and it gave perfect satisfaction. The company is one of the best dramatic organizations extant and plays only in the larger cities.

The Marquette Opera House is operated under the management of Mr. W. A. Ross, who is not only an expert in the business but is himself an old stage horse, whom the Star has occasion to feel under obligation to for courtesies extended to its representative on Tuesday.

"Queen Esther." There will be a rehearsal of "Queen Esther" this evening at the usual time and place. It is now expected that this famous cantata will be produced at the Marquette Opera House on Friday and Saturday evenings, February 19th and 20th. It will be beyond a doubt the most artistic affair of the kind ever attempted here, the music being of the highest order and the parts assigned to well known vocalists. In producing the cantata Mr. Bailey will be assisted by the full strength of the Hughes orchestra, which will be a great aid in its suitable presentation in the opera house. The costumes will be very fine and will be supplied by Grassler, of Milwaukee, while Manager Ross and his stage manager, Mr. Lathrop, will "throw themselves" on the stage settings.

Etching of Marquette.

Mr. F. Jaeger, whose story of Indian life now being published in the Gazette is attracting much attention—and no man in this section of country is so thoroughly acquainted with Indian affairs—recently started for Deer Lodge near Onota to secure an enormous fungus upon which he proposes to make an etching of Marquette for the World's Fair. Mr. Jaeger, who keeps a lighthouse on one of the Apostle Islands in summer and in the winter resides at the Entry, employs much of his leisure time in painting and etching upon fungi in which he exhibits exceptional skill. We are confident that the work he now contemplates will prove creditable to himself and to the fair city of Marquette.—Houghton Gazette.

In Hot Pursuit Again.

Constable Love is around again after a slight indisposition.—See Democrat. If his papers are all right the constable will probably bring the delinquent to time in short order. The party in question has been causing a good deal of trouble lately and the MINING JOURNAL is relieved to hear that an officer is after him at last.

Recreation for All.

Lake Superior Commandery at its forthcoming reception will provide card rooms and smoking rooms for those of its guests who do not care to dance, being determined that every guest shall have a good time. The reception takes place on Wednesday evening next.

The Aeolian!

—[WHAT]—

BILL NYE

Thinks of it.

"While in Chicago I had the pleasure of hearing one of your Aeolians, and the melody is still ringing in my ears. If you could see me since I heard that wonderful and accurate music, you would see a different man. I am more hopeful. My victuals and my wife both agree with me, and in my once sad heart the little pee wees are singing. Seriously it is a most wonderful instrument."

Mr. Nye is only one of the many who are surprised by this wonderful instrument. If the Aeolian had no other qualities than its beautiful tone and wonderful orchestral effects, it would be a marvelous instrument, but when to these are added that simplicity of operation that enables anyone to play it with a few days practice, it becomes phenomenal.

Herr Anton Seidl, leader of the German opera, New York city, has an Aeolian for his personal use and endorses it highly.

You are earnestly invited to call and hear this wonderful instrument at
