Appropriation for Sleigh Road from Lake Michigan to L'Anse

Mail Route

On motion of J. W. Edwards it was Resolved That the Clerk & Treasurer be directed to report to this board at the annual meeting in October next the amount of indebtedness of the County, showing the sum due from - or chargeable to - each different fund; to the end that the Board may act advisedly in fixing the amount of taxes for each legitimate purpose for the current year.

Resolved That the sum of Five Hundred Dollars be and the same is - hereby appropriated for opening a practicable Sleigh road from Lake Michigan or some point connecting with the present road over the most direct & practicable route to L'Anse. An order to be issued therefore to the Mail Contractor on said route, on completion of such road, to the satisfaction of this Board.

Provided that said sum shall be actually and faithfully expended, on such road, together with such other sum or sums, as said Contractor may be able to secure from other sources. And provided further that such road be completed by the first day of December next.

Resolved That this Board appreciate the action of the post office Department in ordering mail service over the whole route from Green Bay to Portage Lake via Marquette and that we earnestly request the continuance of such service, at least twice a week during the coming winter and for all time to come, and that in the judgement of this Board, a frequent mail over the whole

line from Green Bay via Marquette and Hancock to Ontonagon is imperatively required, by the business of the Country and offers the only possible chance of mail connection between those points during the winter season, which connection is indispensable to the social and business interests of the Iron and Copper regions of Lake Superior. And that adherence to this line will secure the best general route in the shortest time.

Main Board

Resolved That the Department be respectfully informed that this Board has at this date, made an appropriation to secure the building of the short portions of said route, not yet ready for the transmission of the mails by horses during the ensuing winter. And this Board is credibly informed that the Boards of two other Counties are taking steps for similar action within their limits which will render the entire route complete.

Resolved That a copy of these proceedings, signed by the Chairman & Clerk of this Board, be transmitted to the Department at Washington. D.C.

Bay de Noc Road

The subject of the Bay de Noc & Marquette State road being under consideration the following resolution was introduced and adopted -

Whereas, the people of this County and of the Upper Peninsula will undoubtedly be more benefitted at the present time by the building of the Marquette and Bay de Noc State Road, than by any other proposed State Roads in the Lake Superior region and Whereas, the State officials seem to have neglected to appropriate to said road its share of the money received into the State Treasury from the proceeds of swamp land sales, as required by law, and no satisfactory explanation of this practical repudiation of the Legislative grant has been made - therefore

Resolution to be made

Resolved. That Charles T. Harvey Esq be requested at his earliest convenience to present the matter before the State authorities and

call their attention to the same in the name and behalf of this County.

And in the event after the refusal of such State authorities to grant the required relief, if it shall appear probable that a motion in the Supreme Court for a mandamus to compel a proper distribution of the Swamp land funds, will result so that said Road will get its proper share - said Harvey is hereby requested and authorized to employ legal Counsel in the City of Detroit to prosecute such motion in the name of this County and the sum of two hundred & fifty dollars is hereby appropriated to pay such Counsel as whenever a successful result of such legal process is obtained.
