The following petition was presented read and referred to the Committee on Finance and taxation

Your petitioner Joseph S. Primeau respectfully shows to your honorable body that he is recorder of the city of Marquette, and as such is ex-officio Justice of the Peace. That on or about the 30<sup>th</sup> day of August 1875, your petitioner was robbed of one hundred forty five dollars and a silver watch of the value of forty Dollars. That said money and watch was at the time in the safe of the city of Marquette, in your petitioner's office. That one hundred Dollars of said money was funds belonging to the County of Marquette; that your petitioner in hopes of being able to detect the thief and recover the money and watch did not make the same public to but a few persons whose advice and assistance he sought; that after some length of time he gave up all hopes of ever being able to recover the same, and on or about the 15<sup>th</sup> day of March paid out of his own pocket said county money. Your petitioner through no fault of his, lost the same, and being poor and unable to sustain said loss without distressing his family, would respectfully request that said board would allow the bill hereto attached, thereby enabling him in a measure to remunerate himself for said loss, as your petitioner will ever pray so

Chairman

Mr Maynard from the same committee also made the following report  
to the Board of Supervisors

Your Standing Committee on Finance  
Salation to whom was referred the petition of Joseph C. Prineau  
respectfully report: The petitioner shows that on or about the 30<sup>th</sup> day  
of August A.D. 1875 he was robbed of One Hundred Forty Five dollars  
of money which had been by him placed in the safe of the city of  
Marquette: that of this money one hundred dollars was the proceeds  
of fines imposed by him as a Justice of the Peace and payable into  
the County Treasury: that on the 15<sup>th</sup> day of March last he paid some sum  
into the County Treasury, and now asks this board to refund the same to  
him, as he is unable to lose it. His petition is accompanied with a list of  
the fines imposed, and the proceeds of which are alleged to have been thus  
lost. This list shows that said fines were so imposed and collected at  
the following dates:

January 5 <sup>th</sup>	1874	8.00
July 20 <sup>th</sup>	1874	5.00
November 16 <sup>th</sup>	1874	5.00

" 10 <sup>th</sup>	1875	<u>35.00</u>

total \$173.00. So that it appears

this petitioner was retaining money in his hands which (so far as  
by the last two items) was long past due to the treasury of this county  
and as to the last two items they were due to the County Treasury  
on the day when the alleged theft took place. And if the same had  
been paid paid in by the petitioner as was his duty to do, the  
money would not have been in the city safe to be stolen. Your  
Committee do not care to argue this matter and submit the  
facts without recommendation

To the chairman of Board of Supervisors

Dear Sir

Through you I wish to com-  
municate to the members of your board the following facts: At each term  
of Court, parties returned, drawn and summoned as Juries, ask to be excused  
claiming legal disqualification: oftentimes this seriously interferes with the  
privilege of litigants in securing such Juries and drawn in such manner  
as the law provides. I beg leave, therefore, to suggest to you the propriety of  
returning no person who can claim a legal exemption, and that your  
members learn what the companies are properly organized, and who are  
the members of such, excused by law from Jury duty.

Respectfully Yours

Sentiment

Your petitioners  
would respectfully represent that they are residents and freeholders of the  
townships of Chocolay and Dursoth in said county, that there is no road or  
path has been between the two townships, and do hereby petition your honorable  
body to lay out, make and establish a road starting at the west quarter  
post of section fifteen (15) in town forty seven (47) north range twenty  
four (24) west (on the old state road) thence southerly on the most practica-  
ble route a distance of about twelve (12) miles to Little Lake, your petitioners  
would further represent that the country through which the proposed  
road would pass is being rapidly settled by homesteaders, actual settlers  
people who are at present wholly unable to incur the necessary expense  
and we therefore present this as a case of urgent necessity, as the road  
is absolutely essential to the development of that part of the country, and  
for the granting of this petition will ever pray, etc.

 Resolved that the Clerk of the Board be instructed to have as many

 Courthouse,

The chair appointed as such committee Supervisor P. Pascoe,

The prosecuting attorney reported in writing on Dursyth returns  
 adversary to claims of C. H. McHuron to a seat on the Board as follows

To the Honorable Board of Supervisors of Marquette County  
 Tintelman

The prosecuting  
 attorney to whom was referred the two sets of election returns from  
 Dursyth township for his opinion thereon as affecting the rights of W. D.  
 Stoops to a seat upon your honorable board of supervisors for said  
 township of Dursyth, would respectfully report that the state compi-  
 led laws 1871 Page 275 Sec. 25, 26, 27 & 28 provide for the  
 calling of special elections in certain cases and points out the  
 manner of calling and holding the same, and what the notice  
 calling such election shall contain and prescribes the length  
 of time between the giving of such notice and the day of  
 election. The returns of the annual election held April 2<sup>nd</sup> 1871

are regular upon their face and show the calling and holding of the election in the manner and at the time prescribed by law.

From these returns it appears that said Joseph H. Stoen was duly elected as Supervisor for said township and qualified.

The call for a special election is dated April 5<sup>th</sup> 1877 and specifies April 15<sup>th</sup> 1877 as the day on which such special election should be held.

The Statute above referred to provides (Sec 27) that the time appointed for holding any special township meeting shall not be more than twenty nor less than fifteen days from the time of making the order therefore it will thus be seen that the notice of the meeting aforesaid gives but seven days notice of the same or four days less than is required by statute.

There are other and material defects appearing upon the face of the last mentioned return, as for instance, the call or notice purports to be signed by three qualified voters, but it is apparent to the most casual observer that the notice returned bears the names of three persons all written by one individual.

But independently of these considerations, your honorable board cannot by any method be transformed into a returning board or board of canvassers and inasmuch as Mr. Stoen appears by the returns to have been regularly elected and qualified and is present claiming his seat upon the board as Supervisor for Drywyth, you cannot investigate the claims of a contestant claiming to hold by virtue of an election subsequently held even though all the proceedings at such subsequent election were regular, the party claiming to be aggrieved can only obtain a hearing in the courts all which is respectfully submitted

The attention of your honorable body is respectfully called to the general necessity existing for a public highway between the village of Iron City in Republic township and Humboldt Station in Ely township and the inability of said township to complete said road out of their township funds, the cost of the same being considerable owing to the large amount of cutting and grading necessary to be done. The only means of communication at present between the two points and the only road from said village is the rail road running but one train per day over which all travel must be done and supplies transported, causing great inconvenience to those living or having business at those places, much of which will be remedied by the building of said road, the survey of the same has been made and filed in the office of the respective township clerks and is partially built. In view of the fact that said towns pay a large proportion of county taxes and that said road would not only be of advantage to the places named but would be a benefit to the entire county we respectfully ask of your Honorable Body an appropriation of two thousand Dollars out of the funds of the county to insure its completion at an early day.

To the board of Supervisors of Marquette County Michigan Gentlemen

Your attention is respectfully invited to the fact that there is in the city of Ishpeming an unfortunate poor family named Bmgard that has been supported by the county during the winter just past, the father of the family being sick and having no means of support: and that Superintendent E.C. Anthony refused to pay rent for the rooms occupied by said family, although notified and requested either to do so or to take the family to other lodgings. Notice being given as soon as the family had come to distress. (The family were in similar circumstances a year ago last winter: but application was not made to the poor officer for the payment of their rent until the time of distress had passed, when the answer given was: it is too late. You should have applied while the family were in need of help. now you must lose your rent unless they can make it up themselves) they did succeed in paying most of it. but there is a part still due besides rent for January, February, March and April of this year. now gentlemen it seems unjust to leave an individual tax payer no other alternative than to turn a wretched family out of house or allow them house rent free while the county takes its citizens for the maintenance of the poor. during the months of June, July and August 1876 this family were also in distress. and from the time I made my request for the payment of their rent. about July 1<sup>st</sup> I received rent from the county that is for two months out of three of it was just to pay it then why should it be refused now. I have been charging this family two dollars a month less than I could have from other parties. The rate is five dollars a month and for the four months named during which subsistence has been furnished to them by the county I respectfully ask an order on the county for

Twenty Dollars. I am gentleman with great respect

Yours truly,

John Sullivan

Dated Marquette April 25<sup>th</sup> 1877

The special committee heretofore appointed to examine the accounts of the Superintendents of the Poor made the following report which report was on motion of Mr. Cork adopted.

To the Honorable Board  
of Supervisors of the County of Marquette

The special committee appointed by your honorable board on the 19<sup>th</sup> day of April A.D. 1877 and charged with investigation into the management of the county poor beg leave to respectfully submit the following report.

Your committee was led in view of the somewhat remarkable report made by the Superintendents of the Poor dated October 9<sup>th</sup> 1876 to turn its attention more particularly to the management of the county house and farm and this in turn necessitated an examination into the manner of affording temporary relief in the first district.

The manner in which this business has been conducted is reprehensible, the simplest and most ordinary affairs of business in which individuals engage, upon their own account are conducted with more care and prudence, than are the business affairs pertaining to the care of the Poor of this county although involving an expenditure of over \$7000 annually.

1<sup>st</sup> The total cost of maintaining the Poor for the past six months ending April 1<sup>st</sup> 1877 was \$161553.99

2<sup>nd</sup> The charges for medical services for six months ending April 1<sup>st</sup> was \$834.72 principally rendered by Doctor Esquardine, McQuillen and Johnson.

Your committee could not obtain a statement showing the cost of maintaining the county house proper for the past six months. The keeper of the county house has been allowed to make purchases for the house. The chairman of the board of Superintendents Dr. Humphrey has made purchases himself, and has given verbal orders to others, as well as written orders all of which have been charged to the county Poor Fund, and in most instances without specifying by whom or for whom purchased.

3<sup>rd</sup> Your committee find

1<sup>st</sup> That on the 14<sup>th</sup> day of November 1876 Samuel E. Byrne received from the county Poor Fund Twenty Five Dollars for services rendered the Superintendents of the poor in making their annual report although the making of such report is a part of the duty of said Humphrey as chairman of the board of Superintendents - the charge of said Byrne being therefore a wrongful one as against the county.

2<sup>nd</sup> That said Humphrey as such chairman on the 4<sup>th</sup> day of January A.D. 1877 issued an order to Machts for \$50<sup>\$</sup> paid under

purporting to be on account and was incurred by said machts. and the money drawn thereon by said Bumphrey and appropriated by him to his own private use. After it had become known that your committee had discovered this fact said Machts in his April Account credit the said sum of Fifty Dollars to the county and charged it up to the private account of said Bumphrey.

3<sup>rd</sup> That on the 28<sup>th</sup> day of February 1877 said Bumphrey obtained from said machts. cash \$10<sup>00</sup> which is charged by said machts to the county poor fund. as furnished to said Bumphrey for the M. & O Ry. Company. yet that said railroad company charged the same item being two passenger tickets to the county and received payment therefor from the county poor fund and said sum of \$10<sup>00</sup> paid by said Machts was appropriated by said Bumphrey to his own use.

4<sup>th</sup> That in July or August 1876 said machts rendered a bill against said Poor Fund for "Cash paid for transporting persons to their friends" \$0 which said Bill is marked paid and signed by said machts. yet said machts never received any money thereon. but incurred an order for the amount and gave the same to said Bumphrey who drew the money thereon.

5<sup>th</sup> That on the 15<sup>th</sup> day of August 1876 said Bumphrey. as such chairman issued to said machts a county Poor order for Twenty Five Dollars. which was advanced to said machts as a loan which appears by his statement of account for the month of September.

6<sup>th</sup> That during the months of January and March or April 1877 said Bumphrey purchased from J. J. Indie on three different occasions. a quantity of oats. to wit: about 65 bushels. about 20 bushels of which were placed in said Bumphrey's barn in a bin used by him. in which to store grain for his own horses and that all said oats were charged to and paid for out of the County Poor Fund.

7<sup>th</sup> That said Bumphrey. as such chairman. sold 11<sup>1/4</sup> cords of wood to D. Cole for two dollars per cord. and agreed to take his pay therefore in meat. this transaction occurred in the winter or spring of 1876 that said Cole furnished a quarter of beef weighing 180 lbs in payment therefor at ten cents per pound and gave to said Bumphrey a due bill for \$4<sup>50</sup> or thereabouts: that said Bumphrey purchased meat for his own use upon said due bill. and gave an order to two different men who were working for said Bumphrey upon his own property or that of his wife. for one dollar worth of meat each to apply on said due bill: that he requested that a bill be made out against the county for the sum of \$2.<sup>50</sup> for said meat upon such bill being made. said Bumphrey presented an order already drawn and signed. payable to said

Coles or wider, and asked to have the same endorsed which was done and said order delivered back to said Humphrey; that said Coles never received anything whatever upon said order, yet the same has been returned paid.

8<sup>th</sup> That Dillard Stocum received as temporary relief from said Humphrey one cure of wron, with the express understanding that if said Stocum got work he should pay for said wron; that afterwards said Stocum worked for said Humphrey personally, and on settlement there was due said Stocum \$4<sup>66</sup>, which said Humphrey kept as the price of said wron yet said Humphrey had not given the County credit for said \$4<sup>66</sup> and your committee has reason to believe that he appropriated the same to his own use.

9<sup>th</sup> That said Humphrey as such Superintendent purchased goods of Saug M. Sevy Co. at various times and frequently gave verbal orders to said Sevy Co. upon which goods were furnished to others at the expense of the County Poor Fund; that in the account of said Sevy Co. against said County there appeared two charges for flannel wrappers or undershirts, one for \$2<sup>75</sup> and one for \$3<sup>00</sup> that said wrappers were of the finest quality and cost a price far above that which the County can afford to pay for clothing for its poor; that one of said wrappers to wit: The one costing \$2<sup>75</sup> was purchased by said Humphrey, who said he wanted it for a man about his own size your committee leave to your honorable board to judge for whom it was intended.

10<sup>th</sup> That said Humphrey furnished the County with 100 bushels of turnips from his own farm or that of his wife, for which he charged the County 65 cents per bushel, while at or about the same time he was selling turnips to other parties at 40 cents per bushel that said sale of turnips to the County was a direct violation of the provisions of the Statute relating to Superintendents of the poor.

11<sup>th</sup> That said Humphrey as such Superintendent made a contract with John Bassbender to furnish meat for the County House at ten cents per pound for four quarters of beef, which price has been paid for nearly two years while at the same time other parties offered to furnish the same quality of meat by the year at six cents per pound.

12<sup>th</sup> That the annual report of Superintendents of the poor dated October 9<sup>th</sup> 1876 shows a charge for Furniture furnished to the County House amounting to \$172<sup>15</sup> yet that the total cost of all furniture actually furnished was \$19<sup>85</sup> or thereabouts.

13<sup>th</sup> That personal property owned by the County was appropriated by said Humphrey to his own use without compensation

as appears by the affidavit of Hiram C. McGregor herewith submitted  
 14<sup>th</sup> That said Humphrey purchased ten tons and — pounds of hay  
 for the county farm and charged the county for that amount, whereas  
 he delivered at the county farm but nine tons 1120 pounds.

15<sup>th</sup> That said Humphrey purchased of Charles Everett in the spring  
 of 1876 a refrigerator which was charged to and paid for by the county  
 but was never delivered at the county house or to the county, so far  
 as appears.

16<sup>th</sup> That during the winter of 1876 and 1877 said Humphrey engaged  
 in the business of buying wool with ~~county~~ your Uncle and Iilling  
 in and selling the same without any authority in law as your  
 committee believe, and contrary to a resolution adopted by the  
 board of Superintendents at a regular meeting of said board  
 that he so purchased 250 cards or thereabouts from his wife contra-  
 ry to the provisions of the statute as your committee believe.

17<sup>th</sup> That said Humphrey on the 19<sup>th</sup> day of October 1875 purchased  
 a suit of clothes of D. M. Doy Company at a cost of twenty dollars  
 for Robert J. Murray, who was then a Supervisor from the  
 township of Richmond, in the second district in said county  
 and delivered them to said Murray for the purpose, as your  
 committee believe, of inducing the said Murray to cast his vote  
 upon a question then pending before the Board of Supervisors  
 in accordance with the wishes of said Humphrey.

18<sup>th</sup> That said Humphrey as Chairman of a said crew a poor man in favor  
 of Thomas Haffernan dated July 6<sup>th</sup> 1876 for the sum of Fifty Dollars  
 purporting to be for the price of Fifty cards of wool, that said order  
 was enclosed by said Haffernan and returned to said Humphrey  
 without ever having received anything whatever thereon, which  
 said wool was used by said Humphrey for his own benefit as  
 your committee believe.

19<sup>th</sup> That said Humphrey as such Superintendent employed  
 said Haffernan to build a board fence upon the county farm and  
 allowed him therefore at the rate of eighty cents a rod, when said  
 fence could have been built at a cost not exceeding forty cent  
 per rod, that in payment for building said fence an order  
 for lumber \$5<sup>45</sup> under on B. McEachar \$18<sup>75</sup> and cash as  
 Haffernan says at various times to the amount of \$15<sup>00</sup> dollars  
 in all, total \$7<sup>45</sup> for building a little over ninety rods of board  
 fence, yet an order was drawn by said Humphrey payable to  
 said Haffernan, being <sup>your</sup> county order No 892 for Fifty Dollars  
 which your committee believe was appropriated by said  
 Humphrey

20<sup>th</sup> That said Humphrey as chairman of said Board of

Superintendents drew an order upon the County poor fund date January 3<sup>rd</sup> 1877 for \$110<sup>00</sup> being poor order no 1060 payable to Botop Dantz w<sup>e</sup> order, the voucher for which purports to be for merchandise, yet said order was advanced to said Botop Dantz without consideration. Said Botop Dantz represents that the sum was a loan.

21<sup>st</sup> That said Humphrey as such chairman issued another poor order dated Feby. 17<sup>th</sup> A.D. 1877 for Fifty five dollars being order no 1100, the voucher for which purports to be on account but without consideration and is claimed by said Botop Dantz to have been a loan.

22<sup>nd</sup> That said Humphrey as such chairman issued another order dated Aprie 4<sup>th</sup> 1877 for Twenty Five Dollars in favor of said Botop Dantz being poor order no 1222 the voucher for which purports to be on account but without consideration and claimed by said Botop Dantz to be a loan. Your committee venture the opinion that the loaning of county poor funds is of itself a pernicious practice and without any authority in law and a gross violation of the duty of any Superintendent of the poor.

23<sup>rd</sup> In relation to temporary relief furnished in the first district your committee would report that it was unable to complete an examination of the entire report for the month of March. So far as such examination was made the report shows in several instances a larger number in the families relieved than were in such families. In other instances the report shows a less number than were in the families. Your committee are of opinion that in many instances the relief furnished to persons in the first district was entirely inadequate to supply the actual necessities of such persons. The number visited comprise a little over one half of those named in the March report for the first district.

In conclusion your committee would recommend that the board of Superintendents be advised to sell the team of horses now on the county farm, and to keep but one horse thereon. The business of the county poor house and its management should be conducted upon some definite system or method, and that invoices should accompany all goods and supplies furnished the county house, and the keeper thereof should be required to keep a strict account of all goods and supplies so received by him.

Your committee would also recommend that charges be preferred against D.C. Humphrey Superintendent of the poor for the first district, and chairman of the board of

Superintendent, for the acts and things done by him in his office capacity; and set forth in this report, and that he be suspended from performing any of the duties of his said office, or that your honorable board take such other action as will secure his speedy removal from the said office of Superintendent of the poor, and that in the meantime a suitable person be appointed be appointed Superintendent for the first district "ad interim" or until the conclusion of such other proceedings as may be instituted against S. C. Humphrey;

The amount of time consumed in the investigation of the matter set forth in this report has rendered it impossible for your committee to investigate the managements of Superintendents of poor for the second and third districts. Your committee would therefore recommend that another special committee be appointed for that purpose.

All of which is respectfully submitted.

At an adjourned meeting of the Board of Supervisors of Marquette County held pursuant to adjournment at the Court House in the city of Marquette on Friday the eighteenth day of May A.D. eighteen hundred and seventy seven. The meeting was called to order by the Chairman pro tem called by the Clerk.

Present Supervisors Ayers, Cook, Cattin, Griffey, Grashall, Hall, Harvey, Jones, Kirkpatrick, Larson, Mann, Mitchell, Mulvey, Palmer, Read, Sturm. Absent Chairman

Absent Supervisors James, Pasco and Peter Pasco.

In motion of Mr. Jones the reading of the report of the special committee appointed to examine the accounts of the Superintendents of the Poor and the Interrogatories was dispensed with.

In motion of Mr. Sturm the regular wear of business was dispensed with for the purpose of hearing and the report of D.P. Humphrey Superintendent of the Poor which is as follows:

To the Board of Supervisors of the County of Marquette  
The undersigned makes the following report in answer to the resolution and interrogatories of the 11<sup>th</sup> inst.

To the first charge I answer.

That early in January last one Jessie A. Walds was the cook and general house servant at the Poor House and was a very faithful and valuable servant, the County paid her for such service a little over Fifty Dollars and she wanted her pay. I desired to pay her and drew an order on the County Treasurer for Fifty Dollars in favor of August Mackie expecting to get him to cash said order as he was City Treasurer and I supposed had public money in his hands. I applied to said Mackie to cash said order but he refused to do so. I then got him to increase it so that I could use it elsewhere and I got the money on the order somewhere intending to give it to the said Mrs. Walds. But I found that she intended to leave the house if she could get her pay and not wishing to let her go I withheld the money and kept it in my own possession and put her off upon some kind of pretense and promise thus keeping her along until I could supply her place or until she should actually leave when I intended to pay her. This accounts for my carrying the money in my own pocket which I actually did for more than two months. In the middle of March I converted the money to my own use as I was going below and soon after my return viz on the 17<sup>th</sup> April I gave the county credit at the store of said Mackie for the amount as appears by his books and bill rendered. this was before

the investigating committee was appointed not after they had discovered the fact; as said committee say in their report.

Respondent shows that however irregular this transaction may have been, it was not fraudulent, that the county has lost nothing and this respondent has made nothing in the operation.

To the second charge I answer.

That the sum of Twenty Five Dollars was paid by the Board of Superintendents of the Poor to D. E. Byrne for his assistance in making up our annual statement, including not only our reports to this board for like services in 1875. Paid the sum of twenty dollars and that this respondent in common with the other superintendents regarded it as a legal, proper and reasonable charge to be paid by the county.

To the third charge he says.

To the respondent's best recollection the facts are as follows: In February last I sent two men away from the county, one to Green Bay and one to Escanaba. The fare of both was \$1m<sup>60</sup> Dollars. there was no money in the Treasury and I was obliged to pay cash for the tickets. Sometime during the month on the 28<sup>th</sup> day of February I got the cash of a macho and paid for the tickets instead of giving Macho any word I told him to charge the cash to the county in account. During the fore part of March I bought one and one half tickets for Chicago and paid for them amounting to Twenty Two <sup>60</sup> Dollars. I got no voucher at the time for any of this but later I got a bill from Mr. Orris for these items and others amounting to Twenty Four <sup>20</sup> Dollars. I drew an order in his favor for the above amount. He indorsed it and I paid him whatever balance was his due and kept the order myself. There is no doubt the county paid the \$1m<sup>60</sup> Dollars twice once in macho's bill and again in Orris. of course it was a mistake and I am liable for it. I pointed it out to the committee myself before they called my attention to it. I have paid the amount to the County Treasury and now hold his receipt for the same.

Fourth Charge. Answer to 1<sup>st</sup> Interrogatory

Order 834

for twenty Dollars was drawn to the order of A macho and the money given Mrs. Fisher to pay the fare of herself and family to Detroit for which I held her receipt she went I think August 28<sup>th</sup> 1876. I drew the order to August macho and he either gave me the money or I took the order and

Obtained the money on it from some one, from whom I do not now remember I had been obliged to do the same a great many times before and since because many people would not take county orders for the reason that very often there was no money in the treasury with which to pay them and I was forced to get some of my friends to advance money on them very often when it was absolutely necessary that the money should be had.

Mr Volk the steamboat agent and James J. Pendle and many other persons would never take the orders, and whenever I had any transactions with them I had to get the cash. I have sometimes when in funds advanced the amount myself sometimes borrowed the money when there was more in the treasury and have drawn the order to to whom ever I got the money from or had the dealing with: had them endorse the orders, and then have got the cash on them as best I could and from whom ever I could in order to replace the money obtained for the use of the county.

#### Second Interrogatory

I have answered this in the answer to last interrogatory

#### Third Interrogatory

Answered in the answer to first interrogatory

To the fifth charge he answers as follows.

I never sold any wood belonging to the county to D. Colis. I sold 114 cords wood belonging to my wife to D. Colis for \$25.00 to take pay in meat. I took a quarter of beef for eighteen  $\frac{7}{10}$  Dollars and sent to the County House. Balance in due bill three  $\frac{5}{10}$  Dollars. The county holds the due bill now I have never received a cent worth on it for my own use. I got pay for the wood for my wife by drawing a Poor order in favor of D. Colis to pay the meat bill which was endorsed by Colis and collected by me.

The Sixth charge is answered above.

To the Seventh Charge I answer as follows:

I never purchased of D. m. Suy to or elsewhere any fine flannel under shirts or any other articles whatever which was paid for by the County and converted to my own use. I have no recollection of any such purchase for the County or otherwise.

To the Eighth Charge I answer as follows

My wife sold 100 bushels of turnips to the County through Watson Palmer at 65 $\frac{1}{2}$  cents per bushel. the same quality of turnips sold at retail at 75 cents per bushel and I consider 65 cents a fair price for

such turnips and I was so advised by those dealing in such produce the turnips were raised on my wife's farm and her property. She wanted me to sell them and I thought the County House was doing well to buy them.

Ninth charge

Answer to first Interrogatory

I am residing with my wife in Marquette.

Answer to Second Interrogatory

I do not know as I understand what you mean by directly interested. If you mean pecuniarily - no. I do feel an interest in the prosperity of my wife. I do not know as I have any pecuniary interest in her affairs.

Answer to Third Interrogatory

I am not pecuniarily interested that I know of I feel an interest in the prosperity of my friends and think I should feel as much interest in the prosperity of my wife.

Answer to Second, Third Interrogatory

I do in a great measure look after, and take care of her interests out of doors as she does mine in doors and I did look after her interests in this case referred to.

Answer to Fourth Interrogatory

I looked after her interests in the sale of turnips this far and no farther. I made inquiries what such turnips were worth and sold them for what I considered and still consider a fair price to Watson Palmer and bought the same turnips for the same price from them for the County Poor House.

Answer to Fifth Interrogatory

James were hired to deliver the turnips I told Watson to give my wife credit for the amount. I did not know that the amount had been placed to my credit until very recently.

Answer to Sixth Interrogatory

I did later in the season sell to Husbander the balance of the turnips my wife had left they were of all kinds and sizes some frozen and some were commincing to rot. They were not fit for table use and they were sold to him for forty cents per bushel and he used them to feed cattle. They were no such turnips as the County had.

To the tenth charge I answer

I have paid John Hesbinden 10<sup>4</sup>  
per pound for meat I paid him the same uniform price the year  
round no one else offered to sell me beef for six cents per pound  
and I dont believe it can be had in this market except possibly  
during a few weeks in the winter. but I was to have the best quality  
of meat. not frozen beef and I consider such meat worth twice  
as much as beef killed. frozen and brought in that state from  
below.

## Eleventh Charge.

Answer to Introgation first to Sixth inclusive  
Following this I give the itemized statement as required in introgations of all the furniture purchased from whom, the price paid, by whom purchased and upon whose order made or purchased.

The reason why all the furniture purchased appears in the annual report as having been purchased for the County House is that the report the Superintendents are required to make to the State authorities and in the blanks furnished by the State for that purpose there is no account for furniture except that purchased for County House.

In making out our report to the County we have followed as near as possible the form of the report required by the State. I think in this answer and the statement following all the interrogatories down to the fifth inclusive are sufficiently answered.

Answer to Seventh Interrogatory

I did take a Stove from Mrs Mullins in the summer of 1875 and take the same to the County House

and several months after removed it to a house on Washington Street corner of Fourth and about one year and a half thereafter took the pieces of said stove to a wood camp on the land owned by my wife July 21<sup>st</sup> 1876 I purchased a stove from Mrs. Mullins paying for the same out of the poor fund as will be seen in my answer to the 1<sup>st</sup> Interrogatory.

8<sup>th</sup> sometime in the summer of 1875 I aided Mrs. Mullins who had been helped by the county to go to Chicago in search of her husband and took from her an old cook stove and some other articles which last I did not consider of any other value but for fire wood; all which was taken to the County House, the stove was stored away with the old iron remaining there until sometime in the fall or winter of 1875 at which time it was taken to a house on the corner of Washington and Fourth Streets where it was used by Dolon Johnson who was aided by the county said stove was here until sometime in May 1876 when it was abandoned as worthless and certainly would not be considered safe for any dwelling house. Said stove was stored away as worthless for family use and it had fallen to pieces. Sometime about one year after this the men who were cutting wood for the County on E. D. Humphrey's land wanted a stove for the wood camp and I took this old stove putting it together as best I could with nails for hinges for the doors and other iron for a front door the original casting being nearly gone it is much covered with rust and in some places you can see through it.

#### Pocoth Charge

#### Answer to 1<sup>st</sup> Interrogatory

I did carry away to a wood four mattresses or straw beds six chairs one common table and I think only two double and single blankets.

Second. I think I did have the keeper of the Poor House Hiram C. Mc Gregor take most if not all of the above articles to said wood camp sometime in the winter of 1875 & 1876.

Third I believe them taken there for the use of those engaged in cutting wood for the county. the mattresses or straw beds are at said wood camp also I think the blankets are there. the chairs and table are there safely stored and locked up.

Fourth. The legal title to the land is vested in my wife and whatever proceeds that come from the land belong to her I know of no other person or persons interested than E. D. Humphrey and the County of Marquette as aforesaid. I considered the county interested when people who were or otherwise would have been if they had not been working there entirely dependent upon the county for support were cutting wood and living there and the property was taken there for their use.

## Thirtieth Charge

## Answer to first Interrogatory

I did purchase for the use of the county poor of Marquette County Two hundred and fifty cords or other abuts of wood or rather the timber to make the same, I bought it of my wife at the rate of fifty cents per cord Stumpage and took it off land which she owned.

Second The same was purchased in the winter of A.D. 1876-1877 I have answered the balance of the interrogatory in my previous answer.

Third, I made all the arrangements about the wood

Fourth. It was not purchased at any meeting of the Board. It was not customary to make purchases at such meetings it was authorized by resolution of Board March 1876. The circumstances of the transaction are as follows, my wife owned land nearer town than any from which I could purchase stumpage at that price the Superintendents had purchased wood from her the winter and spring before at the same price and it was worth that sum and more. Then there was a camp on the land where the men could live while cutting and board themselves I wanted to employ my persons in need of assistance and I could find no place as near as the city that offered the same advantages to obtain wood for the county and as cheaply as from this land most of the wood cost the county when delivered three dollars per cord only. So at this I worked myself and spent a portion of my time at the work when the wood was being drawn out and frequently used my own team without making any charge to the county in hauling out wood taking the men back and forth to the job and many other things needless to mention.

Fifth No I did not I bought it for the county at as low a price as it be purchased from any other person.

Sixth I did attend to the chopping and getting out of the wood and attended no more to wife's interest in the matter than to keep track of the wood cut and see that she got pay for no more or less than was taken from the land the same as I would have been obliged to do if I had bought from any other person.

Seventh I have answered this interrogatory in my answer to the 6<sup>th</sup>

## Fourteenth Charge.

## Answer to first Interrogatory

I did give Robert

T. Murray Supervisor of Richmond Township twenty Dollars in clearing out of the store of D.M. Scyra October 19<sup>th</sup> 1875 or thereabouts and have the same charged to the poor fund.

Answer to 2<sup>nd</sup> Interrogatory

Sometime in October I think the 19<sup>th</sup> or thereabouts Robert T. Murray Supervisor of Richmond township had a conversation with me about taking his wife into the County House as an inmate. He having written to me before upon the subject Mr. Murray said that his wife had been sick for some time and he was not able to give her proper care for it took nearly all his time to attend to her and he could not leave her to attend to other business even if he had it. I express myself as exceedingly regretful that a county official was placed in such unfortunate circumstances and was desirous of avoiding if possible the necessity of his sending Mrs. Murray to the County House. I told him to get Superintendent Anthony to help him and send a doctor to see his wife. I understood that this had been done. Afterwards learned that he had been aided by the county. After some further conversation Mr. Murray concluded to let the matter rest for that time. During this interview with Mr. Murray some remarks were made giving me to understand that the clothes he had, and they were certainly bad enough. He spoke of coat particularly as it had several holes through it. I told him that I would give him a coat and went with him to Dr. Scovell requesting them to give him a coat. I think he took me away but a short time afterwards returned to exchange a pair of pants and a vest which I had not offered to give him neither had I instructed Mr. Scovell to furnish the same to him. Mr. Murray saw me afterwards when he told me about selecting the pants and vest which together with a coat amounted to twenty dollars and urged me to furnish them to him. I did so having it charged to the Poor Fund purely for charity. No other motive was either expressed implied or even thought of by me.

Answer to 3<sup>rd</sup> Interrogatory

Mr. Murray was then within my jurisdiction and though he was a Supervisor he should receive aid from the county if he needed it. which in my judgment he certainly did. In conversation with Superintendent Anthony since that time he told me that he personally knew that Murray was in need of the clothes.

## Fifteenth Charge

## Answer to Interrogatory first

I did give Thomas Lefferman an order on the county about the time mentioned in the Interrogatory but it was not for fifty cords of wood there is a mistake in the voucher. It should have been stumpage at fifty cents per cord in one hundred and twenty cords wood and is one of the items going to make up the sum of one hundred and thirty four dollars and Eighty Seven cents as reported in my wood account for the year ending October A.C. 1876 as presented to the Board of Supervisors the report now on file in the

Clk's office answer to Second Interrogatory. Hafferman did endorse the order. I think I asked him to do so.

Answer to third Interrogatory

I took the order and got it cashed

Answer to fourth Interrogatory

Answered this in answer to first

Interrogatory.

Answer to fifth Interrogatory

I got the cash for it and do not remember from whom I got the money. I gave the order to the person from whom I obtained the money.

Answer to Sixth Interrogatory

The wood was chopped or I hired persons to chop it for the use of the Superintendents of the poor in land owned by my wife and Thomas Hafferman Jointly during the winter of 1875 & 1876. This order was not given to Hafferman in payment for his interest in City Cards of wood chopped on said land but was for stumpage as I have before stated.

Answer to Seventh Interrogatory.

I did not.

Answer to Eighth Interrogatory

The amount of money for which the order was drawn was paid to Mrs. Humphrey to replace money which she had expended in relation to the land owned by her and Hafferman over and above what she should have paid as her portion of the expenses. with which the County had nothing to do. the county got all the Stumpage or wood which it paid for.

Answer to 9<sup>th</sup> Interrogatory

It was.

Answer to 10<sup>th</sup> Interrogatory

Often I purchased wood or stumpage from my wife or any one else for the county I represented the county and no other person. when I had any dealing with said Hafferman in relation to the land or wood on behalf of my wife I represented her and no one else.

Sixteenth Charge

Answer to first, Second, Third, Fourth, Fifth and Sixth

Interrogatories

I did give the orders mentioned in the interrogatories to Kotop Santi at or about the time mentioned and will state the reasons for so doing. I had brought goods of Kotop Santi for

the county for some time, principally for the reason that when I gave an order on them the persons having the same were always satisfied with the goods and prices. They had complained to me a number of times about there being no money in the treasury to pay their orders when presented. They told me that they had been obliged to hold them until they accumulated several hundred dollars of them at a time and as they were selling their goods on those orders at the same prices as they were selling for cash they thought it unreasonable to wait so long for their money that they had at different times wanted to use the money in their business and had been obliged to discount some of these orders at five percent to get the money to use. They came to me at or about the time specified as being out of orders and told me in substance that they wanted money and as they had accommodated the county it was no more than right that they should be accommodated in return I thought so myself advanced the orders and have since taken goods for the county to their full amount I may consider it payment for goods in advance at the time the orders were given. The county has been benefitted instead of injured by the transaction I made nothing out of it and county lost nothing.

Answer to Twentieth Interrogatory

I have replied to this in the last answer.

Twenty-first Charge.

Answer to fifth Interrogatory

Under number

892 for Fifty Dollars drawn in favor of Thomas Befferman was drawn in part payment for building a fence at County poor farm as shown by bill on file of like number received by him.

Answer to Second Interrogatory

I took the order to him he endorsed it I took it got some one to cash it I do not now remember whom and gave him the money and have done very often before for other persons

Answer to Third Interrogatory

I have not been in the habit of getting Thomas Befferman to endorse orders on the poor fund and then dispose of them myself. Thomas Befferman has never had but two county orders since I have been one of the Superintendents of the poor and but two have been drawn payable to his order during that time.

Answer to fourth Interrogatory

I have stated above above the facts concerning one order I think I got the other one

Cashed in the same manner.

Answer to fifth Interrogatory

The orders

were numbered, dated and the amounts are as follows.

order 790 July 6<sup>th</sup> 1876 Sixty Dollars

order 892 Sept 4 amount Fifty Dollars. I do not know what has been done with the orders I suppose the county has paid them

Answer to Sixth Interrogatory

as I have

before stated the consideration of the order was to make part payment for building fence at county farm. I do not know what what has become of the order I have never seen it since I got it cashed.

In answer to Eighteenth Charge I say

that I did

pay Thomas Bifferman Twenty four <sup>15</sup>/<sub>100</sub> Dollars for building fence about ninety rods. I let him the job to build the fence without any price being agreed upon and I paid his bill thinking it was a fair bill I may have paid to much. the bill included the building of a large frame gate which he says was worth twelve Dollars. I used my judgment in the matter and if I paid to much it was an error of Judgment.

Bef we me at Marquette in said County on this 18<sup>th</sup> day of May A.D. 1877 personally appeared Samuel C. Humphrey who being by me duly sworn says that he has read the foregoing report by him subscribed and knows the contents thereof and that the same is true in substance and in fact

D. M. Moore

notary Public  
Marquette County

To the Honorable Chairman and Board of Supervisors  
Gentlemen

In the foregoing report it has been my endeavor to comply with the requests of your honorable body so far as possible.

It has ever been my sincere desire to perform the duties of my office

in a manner acceptable to the public, and protect the interests of the tax payers of our county. man is human; and it is human to err; have I committed errors they have been only in judgment, and met the promptings of we desire.

No man can possibly feel a warmer interest in the management of the affairs relating to the poor of this county than myself. at the time of the commencement of this investigation I had already commenced to organize a system which my experience had taught me was advisable, and had taken such steps as would ultimately, in my mind, lead to more satisfactory results than had heretofore existed in the management of the poor generally and our county house.

This matter has been uppermost in my mind for the last several months, every opportunity has been embraced to gather information respecting thereto, during this time I have enjoyed many favorable opportunities of information by personal observation, together with a somewhat extensive correspondence with persons holding positions, not only in our, but in the various charitable institutions of other States.

To day, had there been no interruption in my plans, your honorable body would have seen a system in working which would not only <sup>have given</sup> given you satisfaction but also afford you pleasure. this I expect to do in the immediate future and hope that a long time will elapse before another interruption in the duties of my office may occur though the motives for these investigations may have been the promptings of virgin purity <sup>heretofore</sup> they have come around with equal regularity.

Asking your honorable body to give those matters your careful, candid consideration and believing that you will fully exonerate me from wrong in the charges under investigation I remain your obedient servant.

D.C. Humphrey

Dept of the Poor

On motion of Mr Jones the Board took a recess until two o'clock P.M.

at two P.M. the Board was called to order by the Chairman, roll called by the Clerk, quorum present.

Supervisor Kirkpatrick offered the following resolution

Whereas, D.C. Humphrey has neglected to make a report under oath to this Board on the following matters connected with the duties of his office as one of the Superintendents of the poor of Marquette County, in the following respects to wit: He has failed to answer the third and fifth interrogatories to the ninth charge. He has failed to <sup>answer</sup> fully the sixth interrogatory to the thirteenth charge. His answer to the third interrogatory to the fifteenth charge is evasive and not full. His answer to the tenth interrogatory to the same charge is not responsive and is evasive, and whereas said Humphrey has been heretofore required by this Board to answer

said interrogatories and he has neglected to comply therewith. therefore

Mr. Mulvey offered the following resolution.

Whereas in the report of  
 D.T. Humphrey made to this board under oath. it appears that he has  
 violated the provisions of Section 1820 of the compiled laws of 1871. as  
 amended by act 77 of the session laws of 1875. in being indirectly if  
 not directly interested in the sale of Furniture. provisions and imple-  
 ments to the County of Marquette for the use and maintenance of the  
 poor of said County and.

Whereas he has confessed to drawing orders on the County treasurer  
 and getting the cash thereon himself when the law contemplates  
 that no part of the money belonging to the Poor Fund shall be held  
 by any person except the County treasurer in the cases mentioned by  
 said Humphrey. and said Humphrey admits that he has made loans of  
 the poor fund to certain parties to whom the County overpaid nothing whatever  
 and.

Whereas it is evident from the report of the special committee that the  
 provisions purchased from his wife were just the same as if he owned  
 them himself. and that he actually did receive credit for a portion  
 thereof. and his whole report shows that he has acted in plain violation  
 of the statute. therefore

Resolved. that the County treasurer and prosecuting attorney are  
 hereby directed to proceed criminally against said D.T. Humphrey  
 for such violations of law. and that the Prosecuting attorney be

 prosecution.

Mr. Mulvey who was appointed at the last meeting of the board  
to investigate into the alleged loss of wood by fire belonging to the  
County, reported 87 cords remaining on the farm of D. D. Humphrey  
late Superintendent of the poor.

The chairman presented the following report which was read  
and ordered placed on file.

To the Board of Supervisors

The undersigned

begs leave to report that in accordance with a resolution of the  
board he visited the insane asylum at Kalamazoo in the early part  
of June last and so far as he was able investigate the condition  
of the patients sent from this county and who are maintained in the  
said asylum at the expense of the county. He was most courteously and  
kindly received by Dr van Beugen the Superintendent who afforded  
him every facility for the investigation of the condition of the patients  
referred to. and fully responded to all inquiries. He found in the  
asylum the following patients from Marquette County.

First. Christina m. Anderson sent by Judge Hardy March 16<sup>th</sup> 1876  
would at time of visit soon be well and ready to be taken home.

Second. Peter Connor. sent by Judge Benedict July 17 1870 incurable and

Seventh. Frank Pierce sent April 21<sup>st</sup> 1875 by Judge Hardy no change  
since being sent and believed to be incurable.

Eighth. Catharine Bjorn sent by Judge Hardy April 10<sup>th</sup> 1876.

delicate health physically and no prospect of recovery mentally  
ninth. Michael Mc Namara sent by Judge Hardy May 5<sup>th</sup> 1876  
improving but not fit to be discharged

Tenth. Marcelline Marquette sent by Judge Hardy Aug 30<sup>th</sup> 1876 hasn't  
improved in the least except physically. She is the unknown crazy  
woman found running at large at D'Wisterville and the name above  
is one given her by the officers of the asylum.

Eleventh. Ellen Hawkins sent by Judge Hardy Aug 30<sup>th</sup> 1876 had just  
been sent away fully recovered

improved but not fit to be removed

Thirteenth. Gertrude Heisegue sent in 1873. dead

Fourteenth. Louis Tiranay sent by Judge Hardy February 15<sup>th</sup> 1877  
improving and recovery probable.

Your committee was informed by Dr. Van Duzen that the legislature  
at its last session had passed a law which provided that all  
patients sent to the asylum should become charges of the state at  
the expiration of two years from the date of their reception  
unless sooner discharged; but the laws passed at the last  
session not having yet been published. your committee has no other  
information on the subject. If such law was passed. it will relieve  
the county of the greater part of the expense growing out of the  
proper treatment and maintenance of <sup>its</sup> insane persons.

In the absence of such a law your committee would recommend  
that a proper addition be made to the county poor house. in which  
to care for and maintain those <sup>Insane</sup> persons who are incurable. but  
harmless. your committee would further suggest that the  
board take measures to ascertain whether one or more of  
those now maintained at the asylum. at the expense of the  
county. ought not to be maintained by relatives who are able  
to afford such expense and thus relieve the county.

All of which is respectfully submitted.

 Do the Honorable board for the county of Marquette  
 Gentlemen

I have a few facts to submit to your honorable body as attorney for A. P. Harlow Esq one of the largest tax payers of said county viz. on the tenth day of August last C. B. Clegg an official of the Marquette & Houghton Ontonagon R.R. Company residing at Marquette went to Michigamme being at the farthest end of said county and swore out a criminal warrant against Mr. Harlow and his six men for breaking a R.R. fence as claimed by said R.R. Co and this proceeding was sanctioned and the arrest directed by John D. Adams Esq. prosecuting attorney to be executed at the county expense (as I am informed by the Sheriff Mr. Anderson) thus making a large expense to the County for R.R. fares hotel bills & amounting as I am informed to about \$80 what I should wish your honorable body to inquire into is whether there was any public necessity for taking this case to the farthest end of the county at so much expense or whether it was done to gratify the personal feelings of R.R. officials and why it was not taken before one of the Justices of the township where it was claimed the offence was committed and also why the prosecuting attorney who should be the guardian of the people interest appointed H. P. Bealy Esq the salaried attorney of the R.R. Co to prosecute the case contrary to the decision of the Supreme Court of our state as expressed in the case of *Meister v. People* 31 Mich. reports Page 99 in which they say that a private attorney paid by private money shall not prosecute a criminal case and in which the court says "The prosecuting attorney is one involving a duty of impartiality not altogether unlike the Judge himself and also say the mischief which the law aims to avoid is prosecution by interested parties and if such is the policy of the law it ought to be carried out Page 106 of such is the law will your honorable body as

as guardians of the peoples money pay such bills without  
inquiring into their Justice

The Prosecuting attorney presented the following report which was on motion of Mr. Hoosner ordered placed on file

To the

Honorable board of Supervisors of Marquette County.

Entitlumen your  
attorney to whom was referred the application of Chas Klingate  
asking to be released from his obligation as one of the sureties  
upon the bond of A. A. Anderson Sheriff of this county, begs  
leave respectfully to report, that he has the subject under  
advisement and finds no legal objection to granting such  
application and respectfully recommends that said  
Charles Klingate be released from his said obligation as  
such surety.

Respectfully submitted

John D. Adams  
Pro. Atty.

The Prosecuting Attorney also presented the following which  
which was read and ordered placed on file

To the Honorable Board  
of Supervisors of Marquette County

Gentlemen.

Your attorney to whom  
was referred the communication of W.O. Clark Esq an attorney practicing law  
in this county would beg leave respectfully to report that he has  
examined the communication with as much care as its remarkable  
character demands to demand.

It is true that a criminal prosecution was instituted against  
Amos R. Harlow for an alleged violation of the laws of this State  
relating to rail road fences. It is true that fortune has smiled  
upon Mr Harlow since his advent into this county by reason of which  
he has become a large tax payer. Your attorney is unable to see  
how this <sup>fact</sup> entitles Mr Harlow to any <sup>an</sup> extra sympathy or immunity.  
It is true that the parties making the complaint caused a ~~complaint~~  
a warrant to be issued by John A. Cully a Justice of the Peace of the  
Township of Michigamme. The people have and <sup>an</sup> undoubted right to  
seek redress for all wrongs of a criminal nature in any court in the  
County where it may appear that an impartial trial may be  
secured.

Upon the trial of the case referred to Mr Harlow was by a jury convicted  
of the offence charged. From this verdict he has appealed to the  
Circuit Court and if again found guilty must pay the costs of  
prosecution in both courts. If he is acquitted the county must pay  
the costs as in other cases.

It is not true that the Prosecuting Attorney directed the arrest to  
be made. The warrant of the Justice contained the direction and  
your attorney has not heard that Mr Cully's right to do so has  
been questioned. Your attorney was shown the warrant by the  
Sheriff and did instruct the Sheriff that it was in his opinion  
regular upon its face and being so it was his the Sheriff's  
duty to serve it.

In the day the arrest was made the case of the People vs John H.  
Karrington was down for hearing upon sentence in the Circuit  
Court for this county and the Prosecution had summoned witness  
from Ironville to appear here at two o'clock P.M. of that day  
of course it was the duty of the Prosecuting Attorney to be in  
attendance in the Circuit Court on that occasion though he did  
try to secure another attorney to act for him in order that he  
might attend the trial in the case against Mr Harlow.  
It is to be regretted that the author of the communication

referred to the Prosecuting attorney did not examine the law more carefully before submitting the same to your honorable board. The Statute compiled Laws of 1871 vol 1 Page 247 provides that the prosecuting attorney shall when requested by any magistrate of the county appear in behalf of the People of this State before any such magistrate other than those exercising the police jurisdiction of incorporated cities and villages and prosecute all complaints made in behalf of the people of this State. It will be seen that the prosecuting attorney is only required to attend in Justice court when called upon by the magistrate. No such call was made by Justice Curley in this case cited by Mr Clark minister vs Purple 31 Mich up 99 the rule actually laid down by the court is quite different from that deduced by Mr C.

The court say "The law never has prevented and does not now prevent private complaints before magistrates who have a discretion in regard to calling in the Prosecuting Attorney. In the ordinary course of things the case for the prosecution is brought out on that examination and Justice requires that it should be where defendant does not waive examination. But when the charge is presented on which the respondent is to be tried at the Circuit (where he must be tried for all Statutory and common law felonies except petit larceny), the law requires the public prosecutor to assume and retain exclusive charge of the cause until the case is ended by acquittal or conviction. It must be apparent to any person of ordinary intelligence that the Board of Supervisors cannot assume to dictate to the people as to what Court or magistrate they shall apply for the punishment of crime.

And while the prosecuting attorney will chearfully entertain any suggestions the Board may be pleased to offer he cannot and ought not to be subject to the orders of the Board of Supervisors concerning the conduct of the criminal business.

Mr Clark stands in the peculiar relation of being a little less than kin and more than kind. in his display of zeal for the people's interests.

It has been said that "laws are like cobwebs. they catch small flies but let wasps and hornets fall through." the public prosecutor of this county wishes to be distinctly understood as having no sympathy with any such sentiment and while he will not make any man's quarrel his own he will strive to see to it that no man's immunity from punishment for crime shall be measured by the amount of his assessment roll. If Mr Barlow is innocent no

man will rejoice more heartily over his acquittal than the prosecuting attorney and if he is guilty no man however humble need expect less favor.

Cated marquette Sept 5<sup>th</sup> 1877

Very respectfully

John S. Adams

Prosecuting Attorney  
Marquette County.

Mr. B. E. Warner Secretary of the Board of Superintendents of the poor presented the following which was read and referred to the committee on poor.

To the Honorable the Board of Supervisors of the county of Marquette

Gentlemen.

Bowing to a misunderstanding as to the time it should be made, due in part to a notice received from the State Department calling attention to a change in the time by which the time for making the annual report of the Superintendents of the

Poor was filed at ~~ca~~ so<sup>th</sup> the report of this Board is not in that condition of completeness as will warrant its presentation to your honorable body at this date; you have learned however from the monthly reports that have been submitted to you during the year, that there has been expended by this board up to September 1<sup>st</sup> about Twenty four thousand (\$24000) dollars, add Two Thousand (\$2000) estimated expenditures for Sept. and you have Twenty Six Thousand Dollars from which sum the actual expenditures of this board the past year will vary but little, and of which about Five thousand (\$5000) has been expended in maintaining the poor house, and the balance, or about Twenty one thousand (\$21000) for temporary relief.

You are also aware that the sum expended last year was in excess of Twenty Eight thousand Five Hundred (\$28500) Dollars. From these facts, and the further fact that from present indications the draft upon public charity during the coming winter will be no less than in the past, we are of the opinion that there will be needed to be raised by tax for the support of the poor the coming year the sum of Twenty Thousand Dollars.

In order board of Dpts. of the Poor.

W. E. Warner Secretary

Supervisor C.R. Chairman of the purchasing committee presented the following, which was read and on motion of Supervisor Mulvey adopted and the recommendations of the committee concurred in:
