## "WELL-BRED" STATIONERY.

"The good breeding and good taste of a lady—much abused word—are suitably yet conspicuously shown in the stationery she uses."

It may seem strange to speak of stationery as "well-bred" but we take the liberty to employ the phrase as a compact one to designate the kind of writing materials used by well bred people in their correspondence.

We have just received a full line of Hard & Pike's correct styles in paper and envelopes. The prices vary but it is all "well-bred."

## NEWTON IS NOMINATED.

Michigan Democrats Gulp Down the Dose the Populists Had Prepared.

### CANDIDATE FOR SUPREME JUDGE ENDORSED.

John Power of Escanaba Named for the Vacant Electorship Which Hon. Peter White Declined.

### IS M'KENNA SATISFIED NOW?

LANSING, Mich., Oct. 4.—The democratic state convention was called to order by Chairman Campau at noon in Baird's Opera House. After stating the object of the convention he called Governor Winans to the chair. The governor was received with most enthusiastic applause. He made a five minute speech congratulating his party on the outlook. The usual committees were then appointed. The convention ratified the nominations for vice-presidents, members of committees on permanent organization, credentials and resolutions and took a recess until 2 P. M.

When the convention met at 2 o'clock the temporary organization was made permanent. After the report of the committee on order of business, credentials and resolutions a roll of congressional districts was called for presenting of candidates for justice of the supreme court.

Judge Charles R. Whitman of Wash-tonaw presented the name of Judge William Newton of Genesee and J. M. Kinnane of Kalamazoo that of William G. Howard. Both nominees received several seconds from the several congressional districts. Some of the delegates very much doubted the wisdom of nominating Newton or accepting the nominee of the populists. A vote was taken by counties, showing Newton far in the lead. Before the roll call was completed several counties changed to him. The vote resulted in 474 for Newton and 230 for Howard and the Kalamazoo delegation moved that the nomination of the former be made unanimous.

John Power of Escanaba was nominated for elector-at-large and David E. Waskin of Jackson for member of the board of education, both by acclamation. The resolutions were an endorsement of the state and national platforms. Governor Winans announced that the nominee of the convention would be appointed by him to fill the vacancy on the supreme court bench.

### DEATH WAS ACCIDENTAL.

Coroner's Jury So Finds in the Norrie Mine Disaster.

IRONWOOD, Oct. 4.—The coroner's inquest over the bodies of the miners recovered from the Norrie mine cave-in was held yesterday afternoon. The jury returned at 10 o'clock this morning a verdict of accidental death in each case exonerating the Metropolitan Iron & Lard company, which operates the mine, and its officials from all blame. The search for the other six bodies still goes on but the only indication of their whereabouts that has been seen at this time was the finding last night of the top of a skull of one of the men. The rescuers, on account of the dangerous and exhausting character of their work, are working six hours shifts, the work never ceasing.

### STRUCK BY A BUCKET.

John Piper Instantly Killed at the Colby Mine.

BESSEMER, Oct. 6.—John Piper was instantly killed in No. 10 shaft of the Colby mine this morning by a falling bucket which escaped the control of the brakeman at the hoisting engine. Piper was 25 years old, unmarried and a brother of Captain Piper of the Colby. The remains were taken to Ishpeming last night and the funeral will occur there Thursday.

### COWS AND HORSES BURNED.

Old Lady Narrowly Escapes Death in Fire at Manistee.

MANISTEE, Mich., Oct. 4.—James Henderson's livery barn, all his sleighs, robes, harness, hay and grain, two carriages, two cows, one horse and two tenement houses adjoining, owned by A. H. Dunlap, and a barn, with a cow, two horses, carriage and road cart, belonging to Overpack Bros., were destroyed by fire this morning. The loss is about \$10,000; insurance, \$2,000. Mr. Thompson, who occupied one of the tenements, lost everything and had no insurance. Mrs. Palmeter, an old lady, barely escaped with her life.

### SUPREME COURT DECISIONS.

Several Upper Peninsula Cases Decided at Yesterday's Session.

LANSING, Mich., Oct. 4.—The supreme court handed down opinions today in the following cases from the upper peninsula:

Affirmed—King vs Ford River Lumber Co.; Hartford Iron Mining Co. vs Cambria Mining Co.; Perrizo vs Kessler.

Reversed—Pierce vs Johnson; Ripon Knitting Works vs Johnson; Mack vs Johnson; Leonard vs Johnson.

Mason vs Village of Gladstone, mandamus denied.

Culverton vs. H. Witbeck Co., rehearing denied.

### THEIR DIGNITY OFFENDED.

Prussian Ministers Object to Caprivi's Style in Imperial Affairs.

BERLIN, Oct. 4.—Some of the papers of this city comment on a reported difference between Chancellor von Caprivi and the Prussian ministers arising from the former's laying the army bill be-

fore the bundesrath prior to the discussion of the provisions of the measure by the ministers. The National Zeitung contends that the union of king of Prussia and the German emperor in one person is only possible when the Prussian ministry is able to explain its views to the king before he, as emperor, assents to the imperial bills. The Vossische Zeitung blames the severance of the functions of the imperial chancellor from those of the Prussian premier for the existing friction and predicts a government crisis.

### ARCHBISHOP VAUGHAN'S FOLLY.

New English Catholic Prelate Lacks Cardinal Manning's Good Sense.

LONDON, Oct. 4.—A letter written by the Most Rev. William Vaughan, Catholic archbishop of Westminster, in which he praises English impartiality as shown in the election of Mr. Stuart Knill to the lord mayoralty of London but says that a catholic could not partake of the services of a false religion, has raised a tempest.

The newspapers have received and printed many letters protesting against the statements of the archbishop and declaring that unless Mr. Knill, when he takes office as lord mayor, shows himself independent of Archbishop Vaughan such bigotry will militate against a repetition in the future of such toleration as was shown in the election of a Catholic to the lord mayoralty.

One writer says that Archbishop Vaughan seems to entirely forget that the great mass of the British people are Protestants and that they do not relish seeing their religion described as false. The writer reminds the archbishop that the late Cardinal Manning's success in raising Catholics to their present position in England was due to his liberality of thought and true Christian feeling.

Councillor Moser, who at the meeting of the livery of London and the court of aldermen to elect a lord mayor made such a vigorous protest against the selection of Alderman Knill, has not given up the fight against the lord mayor-elect. He has advertised in the newspapers asking all Britons who do not favor the election of a Catholic as lord mayor to communicate with him.

### CABINET MEETING HELD.

President Harrison May Not Attend Columbus Day Ceremonies.

WASHINGTON, Oct. 4.—A regular meeting of the cabinet was held today at which all the members were present except Secretary Elkins, who is out of the city. The coming international monetary conference was one of the questions considered and partial arrangements were made for official participation in the Columbian celebration in New York next week. The president will certainly attend if the condition of Mrs. Harrison will justify him in leaving her side. Unless her condition improves, however, it is not likely that he will deem it safe to leave her even for a day. In that event he will probably request the vice-president to represent him on that occasion. It is settled, however, that the majority if not all of the cabinet officers will attend the celebration.

### EDISON WINS HIS CASE.

Declared Rightful Owner of Incandescent Light Patent.

NEW YORK, Oct. 4.—The United States court of appeals in the case of the Edison company against the United States Illuminating company has affirmed the decision of the lower court in favor of Edison. The case involves the right to use the incandescent light. The suit was first brought in 1885 and on July 17, 1891, Judge Wallace of the United States district court decided that the Edison company was entitled to the patent on the incandescent lamp. An appeal was taken and Judge Wallace was sustained this morning in every particular. The patent has six years to run and the decision, according to the attorneys of Thomas A. Edison, is worth millions to the corporation.

### MRS. HARRISON WORSE.

She Suffers Much From Inability to Sleep Well.

WASHINGTON, Oct. 4.—Mrs. Harrison today showed the fatiguing results of the loss of the comforting rest that she enjoyed last week. Today was a repetition of yesterday inasmuch as no special change for the better has occurred in her condition. She has had but broken sleep the last three nights nor was she able to rest well during the day yesterday. Naturally, therefore, she is not feeling as strong and the accounts from the sick room are not as cheering. From the president down to the humblest employee of the house there is a feeling of depression that nothing but a more encouraging statement of Mrs. Harrison's condition can dispel.

### NO USE FOR CAHENSUYISM.

Pope Repuses to Bless Convention of Un-American Catholics.

NEWARK, N. J., Oct. 4.—A great disappointment to the late German congress was the fact that, although they earnestly entreated it, no blessing or sign of approval came from Rome. During the session of the congress the leaders took good care to hide this from the public but the fact has gradually leaked out, to the great discomfiture concerned. The refusal on the part of the pope to respond shows that Cahensuyism has no favor at Rome, and that the Priesterverein and its associations are under the ban. At previous congresses the papal blessing was regarded as a triumphant defense of the Verein and its upholders.

### Bayard Cancels His Engagements.

WILMINGTON, Dela., Oct. 4.—Ex-Secretary of State T. F. Bayard has cancelled his western campaign engagements. No reason for so doing is given.

## BAY STATE REPUBLICANS.

Music Hall and Faneuil Hall Both Jammed by Enthusiastic Crowds.

### HON. WHITELAW REID CHEERED TO THE ECHO.

Governor McKinley and Other Leaders Make Addresses on the Issue of the Pending Campaign.

### MASSACHUSETTS IN LINE.

BOSTON, Oct. 4.—Music Hall and Faneuil Hall were both filled to overflowing tonight when the republicans ratified their state and national tickets with ringing speeches by Whitlaw Reid, Gov. William McKinley, Lieutenant-Governor Haile and Hon. Roger Wolcott, the two latter being the nominees for governor and lieutenant-governor respectively.

As soon as the doors of the Music Hall were opened there was a rush for seats and many who came later were thankful to find standing room. Hon. W. E. Barrett presided and was flanked by a large number of leading men of the party. After a short introductory speech Hon. Whitlaw Reid was presented as the first speaker of the evening. As he stepped forward he was given a most flattering reception by the large audience, which was quick to notice the sharp points in his address and bestowed frequent applause.

At the conclusion of Mr. Reid's speech Governor McKinley was introduced and received an ovation as he rose to speak. He devoted the first part of his address to a discussion of the old state bank system. The republican party, he said, stood first for the protection and encouragement of American industries and second for honest currency.

### EGAN BRINGS A TREATY.

Also \$75,000 From Chile For Murdered Seamen's Families.

NEW YORK, Oct. 4.—Minister Patrick Egan was the first person to walk down the gang plank from the Pacific Mail steamer Newport when she reached her dock at 9:30 o'clock this morning. At the end of the gang plank stood a number of representatives of Irish societies, to welcome the minister.

Mr. Egan said he had with him the original of a treaty to settle all claims of American citizens against Chile, it having been approved by the senate and chamber of deputies of Chile. After the ratification of the treaty by the United States authorities it will be returned to Chile to be signed. He had also brought with him drafts on Paris banks for \$75,000 in gold, which is to be used to indemnify the families of the seamen killed or wounded in Chile during the Baltimore affray.

Mr. Egan said that he would go to Washington on Thursday and that his return home had no connection with the campaign now going on, that it was not true that he was to try and influence the Irish vote for Harrison, that the Irish vote was not to be controlled by any one man and that he would be sorry to see the Irish element voting solidly for either party.

"The people of Chile," said Mr. Egan, "are more friendly toward this country than they have been for the past fifty years. When war with this country seemed imminent the state department at Washington was in receipt of accurate information and understood the situation fully."

Asked for his opinion of the campaign Mr. Egan said he had no doubt that President Harrison would be re-elected, principally on account of his successful administration. Referring to the charges made against him Mr. Egan said:

"I had my attention called to the statements made by different persons. They were in substance that I was harassing the revolutionary party there in every way possible and supporting Balmaceda in every way I could. There is not one particle of truth in the statements made. I emphatically deny the charges that Admiral Brown gave information to Balmaceda which brought about the battle of Rocillas and that I was partial in my relations with either party and that my son held contracts for railroad work in Chile."

### STRUCK A STREET CAR.

Two Passengers Were Killed and Three Badly Hurt.

CINCINNATI, Oct. 4.—A switch engine backing south with three loaded freight cars on the Cincinnati, Washington & Baltimore railway at Harrison avenue this evening shortly after dark struck a John street horse car with the result of two people killed, three terribly wounded and twenty-five badly shaken up. The watchman at the crossing is blamed. He permitted the car to attempt to cross the track. As it was the freight car struck only the rear platform of the street car, on which were seven persons. It slaved the end of the car off as smoothly as it cut with a razor.

Two of the passengers on the platform were killed, one and perhaps two were fatally injured, and all the others were dangerously hurt. The dead are: JOHN FRIES, aged 22.

JOHN L. MURRAY, pension agent.

The injured are:

BARNEY FITZPATRICK, back and spine injured, dangerously.

WILLIAM HOWARD JOHNSON, right leg broken, probably fatal.

JACOB DIENHART, 15-year-old boy, left leg crushed, very serious.

JACOB HEIMAN, right hand and leg injured slightly.

JACOB SPETANGEL, boy 13 years old, right hand and right side cut slightly.

No other persons were hurt other than by fright.

SEWAGE OF LONDON. IT IS TAKEN OUT TO SEA AND SCATTERED OVER THE WAVES.

Results of a Modern System of Disposal of the Great City's Sewage—The Method of Separating the Sludge from the Effluent—Clean Ships.

"Oh, how unpleasant! The idea of going to sea with sludge!" On the contrary, you know nothing of it. The deck of the sludge ship is broad and clean; the deck house or "saloon" small but comfortable; on the bridge a fresh breeze is blowing; the sunlight sparkles brightly on the ruffled surface of the river, and you scarce can realize that this fine steamer is carrying a thousand tons of London sludge out to sea.

The sludge is precipitated by treating the sewage with lime and sulphate of iron. First, six huge cages catch debris, such as sticks and dead rats and eels, etc., in the great rushing sewers which drain London.

But then comes a pause in the river's mad career. It is admitted through the Penstock chamber—that is, a building with a number of iron gates—to a set of covered precipitating channels, where it can leisurely meditate after its wild rushings from London.

The effect on the river is most satisfactory. On the testimony of the harbor master it is cleaner now than it has been for some years, while Mr. Thudichum, the chemist at the Barking "outfall" works, joyfully maintains it has 50 per cent. of oxygen, which it has not rejoiced in for some summers past.

That system is only now getting into full working order. The county council have added two more ships to the fleet, making now five in all; and they are conveying some 40,000 tons of sludge out to sea every week.

The discharging ground of the steamers is the Barrow deep, some miles beyond the Nore light. The deep is an unused channel, the north bound vessels taking a course considerably to the left and southward ships far to the right.

The mind can hardly grasp the fact that a hundred million gallons of sewage pour down the huge drain to Barking every twenty-four hours. But if we think for a moment that this immense mass of sludge would, but for the ships, have been discharged into the Thames between Gravesend and London bridge, and be washed backward and forward with the tides, and that this would be always going on month after month, we may begin to have some conception of the benefit gained.

# A Friend

Wishes to speak through the Register of the beneficial results he has received from a regular use of Ayer's Pills. He says: "I was feeling sick and tired and my stomach seemed all out of order. I tried a number of remedies, but none seemed to give me relief until I was induced to try the old reliable Ayer's Pills. I have taken only one box, but I feel like a new man. I think they are the most pleasant and easy to take of anything I ever used, being so finely sugar-coated that even a child will take them. I urge upon all who are

## In Need

of a laxative to try Ayer's Pills." Boothbay (Me.), Register. "Between the ages of five and fifteen, I was troubled with a kind of salt-rheum, or eruption, chiefly confined to the legs, and especially to the bend of the knee above the calf. Here, running sores formed which would scab over, but would break immediately on moving the leg. My mother tried everything she could think of, but all was without avail. Although a child, I read in the papers about the beneficial effects of Ayer's Pills, and persuaded my mother to let me try them. With no great faith in the result, she procured

and I began to use them, and soon noticed an improvement. Encouraged by this, I kept on till I took two boxes, when the sores disappeared and have never troubled me since."—H. Chipman, Real Estate Agent, Roanoke, Va. "I suffered for years from stomach and kidney troubles, causing very severe pains in various parts of the body. None of the remedies I tried afforded me any relief until I began taking Ayer's Pills, and was cured."—Wm. Goldard, Notary Public, Five Lakes, Mich.

### REPORTORIAL FENCIBLINGS

The Nameless club holds forth in Fraternity Hall this evening. Watch for the parade of "Si Plunkard" and his farmer band this afternoon.

The new restaurant under Rose's store is already having a good patronage. Travel is very light just now and the hotel men are wondering as to the cause.

E. Richards has placed a telephone in his grocery store on the corner of Hewitt and Third street.

Three or four new houses are going up in the North Marquette addition on lots sold by Asire this season.

Attention is called to the announcements elsewhere by the D. S. S. & A. R. Y. of reduced fares. It may just strike you.

Cummings & Cummings are plating the Marquette Land Co.'s first addition along Presque Isle avenue directly west of the fair grounds.

J. C. Lewis and his company will present "Si Plunkard," the Yankee farce-comedy, at the Marquette Opera house tonight—don't miss it.

A large party of friends drove out Monday evening to honor the fifteenth wedding anniversary of Mr. and Mrs. C. Meeske. A very enjoyable evening was the result of the trip.

The Marquette Furniture company place in their store window this morning a fine display of folding beds, marvels of beauty and ingenuity. See their advertisement in another column.

William Sims is packing up and preparing to move to Duluth, where he now has a train on the Duluth, Mesaba & Northern, the new road just being completed to the Mesaba range.

Another co-operative boarding house for Arch street is said to be nearly ready for announcement. The residence now occupied by Marcus Peterson will be secured for the new venture.

At the "slaughter house," as Neuberger's is now termed by those who have been watching the closing out sale, a big drive is being made in Burt & Packard's and Hannan's fine shoes as the result of the cut announced in yesterday's paper.

There will be a sociable this evening under the auspices of the Young People's society of the Baptist church, at the home of the pastor, 717 North Front street; the members of the congregation and their friends are cordially invited to be present.

The prohibitionists have opened their campaign in the upper peninsula. Malone and West, the well known orator and singer, are now in the copper country conducting meetings. They will be in Ishpeming Friday evening, and in Marquette Saturday evening at Fraternity Hall. West's singing of campaign songs is something unique.

PERSONAL MENTION. R. C. Henderson, of Norway, is among the Queen City's visitors.

Miss Anna Pearce arrived yesterday from the Wade from Cleveland and the east.

D. Sang is down from Duluth and is preparing for a start on his Prospect street contract.

Misses Kate Werner and Kate Frie returned yesterday from their lake trip on the Castalia.

Mrs. George Wagner and daughter, Mrs. W. C. Foard, have returned from their visit to Escanaba.

W. W. Osband has accepted a position with the White & Begole insurance agency, his duties will take him out of town a good deal.

A. M. Bigelow, of Vannier & Bigelow, has returned from his Chicago trip; he visited his old home, in Illinois while away.

Mrs. E. Foard and children leave today for Sault Ste. Marie, where Mr. Foard is now located as the agent of the American Express Co.

Mrs. Geo. L. Johnson left yesterday for Chicago, where she will study vocal music under Gaston Gottschalk, of the Lyric School of Music.

STARTLING FACTS. The American people are rapidly becoming a race of nervous wrecks, and the following suggests the best remedy: Alphonsus Hempling, of Butler, Pa., swears that when his son was speechless from St. Vitus dance Dr. Miles' great restorative nerve cure cured him. Mrs. J. R. Miller, of Valparaiso, and J. D. Taylor, of Lozanoport, Ind., each gained 20 pounds from taking it. Mrs. H. A. Gardner, of Vistula, Ind., was cured of 40 to 50 convulsions a day, and much headache, dizziness, backache and nervous prostration by one bottle. Trial bottles, and fine book of marvelous cures, free at H. H. Stafford, Son & Co., who recommend and guarantee this unequalled remedy.

# IMPORTANT NOTICE!

Her Majesty's Corset! BEST IN THE WORLD.

We desire to state to all Ladies that the Princess of Wales Co. the manufacturers of Her Majesty's Corset, feeling that the many good points of their Celebrated Corset are not fully understood, we will therefore have at our store on Monday, Oct. 3d, Tuesday, Oct. 4th, Wednesday, Oct. 5th, Thursday, Oct. 6th, Friday, Oct. 7th, Saturday, Oct. 8th, MISS HELEN MAHON

for the sole purpose of explaining the reasons why Her Majesty's Corset should be worn in preference to Corsets of other makes. It is the wish of the Princess of Wales Co. that

MISS MAHON Shall have the privilege of trying on all ladies who will allow it Her Majesty's Corset and thus illustrate without doubt by so doing the magnificent figure it will create.

Will at the same time explain all its good points. We trust that as many ladies as possible will avail themselves of this great opportunity to learn what a perfectly fitting corset really is. We guarantee every pair of Her Majesty's Corsets that we sell and are confident that all who wear it will find it superior to all others. Yours very truly,

# THE BEE HIVE!

# A NEW DEPARTURE!

We want the public to know that we have made arrangements with one of the largest cloak manufacturers in the east to carry their entire line of CLOAKS \* AND \* WRAPS.

This will comprise the greatest line and variety ever seen in Marquette, and to introduce the goods we are prepared to make prices that will paralyze competition. We will show you garments that will astonish you at prices that will compel you to buy. Our expenses are light and to get the cloak department started we are willing to waive our profits and sell you goods as cheap as our competitors buy them. We will also show you a magnificent line of Fur Goods, all the new things in mantles, at prices never heard of in this country. Come and see us and you will go no further.

### TIDINGS FROM ISHPEMING.

#### Former Resident of the City Meets Death in a Gogebic Mine.

#### Persuading the Voters—Attractions That Will Please the Ladies—The Clerks' Dance.

#### VICTIM OF A MINE ACCIDENT.

The sad intelligence was received here yesterday morning that John Piper had been killed in a mine accident at Bessemer. Mr. Piper formerly resided in Ishpeming, and left here about six months ago for Bessemer. He was 24 years of age, unmarried, and has a widowed mother in Ishpeming, residing on West Ridge street. Capt. James Piper of the mine at Bessemer, and Wm. Piper, who is an operator on the C. & N. W. railway, are brothers of the deceased. Before leaving here Mr. Piper worked at the Barnum mine, and was well known and very popular here. The remains will arrive here today and will be given sepulture in the Ishpeming cemetery.

#### Coming Orators.

Several prominent republican orators will address the voters of Ishpeming during the present month. Among these are T. P. Keater, of Chicago, who is said to be one of the most effective stump speakers in the country and who will speak here on the 10th; Hon. Jay A. Hubbell, of Houghton, the old warhorse of the party in this peninsula, who will be here on the 13th, and Bob Fraser, of Detroit, who is booked for the 20th. Mr. Fraser will speak at Marquette on the 15th and at Negaunee on the 17th. On the 25th O. C. Peterson, a prominent Scandinavian lawyer, of Des Moines, Iowa, will deliver an address here in his native tongue. On the 25th inst. Hon. J. T. Rich, republican candidate for governor of the state, will speak at Marquette, that being the only place in the county where he will address a meeting, although an effort is being made to get him here for one night. Should it be found impossible to do this, a special train will most likely be run from Ishpeming and Negaunee to Marquette on the evening Mr. Rich will be there.

#### Grabowsky's Opening.

A visit to T. Grabowsky's dry goods and millinery store yesterday morning revealed the fact that there was something unusual going on at the rear of the establishment, as the place was illuminated and the millinery department was decorated in a tasteful manner. Hats and bonnets of various shapes and colors and beautifully trimmed were attractively displayed around the room.

For several days past, Miss Sollday, who has charge of the millinery department, has been busily engaged in trimming a number of hats and bonnets, all of which have been patterned from the latest Parisian styles, and these, together with the beautiful array of feathers and trimmings kept in stock, will catch the eye of the Ishpeming ladies who pay the store a visit at any time during the three days of the grand opening. Besides the hat display Mr. Grabowsky has on one side of the millinery room a fine assortment of fur-lined cloaks that are new in the market, and which will meet the approval of the ladies.

#### Clerks' Dance Tonight.

The clerks of Ishpeming and as many friends as may choose to attend will enjoy a dance at the A. O. U. W. hall tonight. The ladies and gentlemen comprising the Clerks' association have been laboring hard for several days preparing for the dance. The orchestra will furnish the music and a fine supper, prepared by the ladies, will be given without extra charge. Admission to the dancing hall will be \$1 per couple. A general invitation is extended to the public to "join in the dance" and assist in making the initial blow-out of this young and deserving association a pleasant and successful affair.

#### Bought the Shop.

Yesterday morning Joe Hooper purchased the barber business of Charles Devore, at 120 East Pearl street, and at once took possession of the place. Joe's numerous friends will be pleased to hear of this and will favor him with their patronage. He has held a chair in Al. Smith's shop for the past seven years and ranks as a first-class workman, besides being a general favorite. Mr. Devore will remain in Ishpeming for a short time, but his intention is to locate somewhere on the Mesaba range within a few months.

#### Last Night's Rally.

The republican rally at the City Opera house last night, like the one of Monday night, was a gratifying success in attendance and enthusiasm. Mr. Gjerston made the principal speech of the evening and did credit to himself and good work for the party in whose behalf his eloquent voice was raised. The Star Cornet band furnished music for the meeting. Another meeting will be held tonight at the City Opera house, at which Mr. Gjerston will again be the principal speaker, talking in the Norwegian language.

#### May Benefit Ishpeming.

Peter Drummond, who held a responsible position with J. C. Brown, the Michigan lumber king, for several years past, has taken charge of the

lumber business of W. H. Sawyer, of Worcester, Mass., in the upper peninsula. Mr. Sawyer intends getting out about 5,000,000 feet of logs at Iron River during the coming winter, 2,000,000 of which F. M. Read & Co. will turn into lumber at their Michigan mills under contract. It is altogether probable that Mr. Drummond will continue to make Ishpeming his home and headquarters, in which case the men employed by his firm will be paid off here.

#### Tomorrow Night.

The great Yankee drama of "Si Plunkard" is to be presented at the City Opera house. This is one of the most laughable plays ever put upon the stage, but at the same time it has an interesting plot. It is presented by an excellent company with the famous Yankee comedian, J. C. Lewis, in the title role. The orchestra is a large and very fine one, and in fact everything connected with the show is first-class. The press of this and other states speaks in the highest terms of the show. Watch for the street parade at noon. Reserved seats on sale at Tilson's.

#### ISHPEMING IN BRIEF.

Mr. and Mrs. G. Ostlund are rejoicing over the birth of a baby boy.

Mr. and Mrs. P. P. Chase, of the Dexter, visited Ishpeming friends yesterday.

A. O. Jopling one of Marquette's leading business men, was in Ishpeming yesterday.

J. N. Fohrman has moved his stock of musical goods into the store room next to C. L. Sheldon's shoe store.

Rev. Tameri, of Tokio, Japan, will conduct prayer meeting services this evening at the Presbyterian church.

Thos. Martin and Miss Annie Maher were married Monday at St. John's Catholic church by Rev. J. A. Keul, the pastor.

Messrs. Ed. Currie and V. Engstrom, of Red Jacket, spent a few hours in Ishpeming Monday on their way home from Chicago.

Marshal Peterson is in Minnesota spending a brief vacation. Deputy Marshal Nolan is looking after the marshal's duties during his absence.

Mr. and Mrs. Thos. Trembath have had a child quite ill with typhoid fever the past ten days but the MINING JOURNAL is pleased to be able to announce that the little sufferer is convalescing.

The Hematite Bicycle club will make a run from Ishpeming to Negaunee and return tomorrow evening, leaving here at 8:15. The members of the club are requested to be at the Nelson house ready for the start by that time.

The council met last evening to hold a regular meeting, but owing to the absence of the mayor and several of the aldermen no business was transacted, an adjournment to Friday evening being taken.

The local camp of Modern Woodmen will hold a meeting tonight at Anderson & Co.'s store after 8 o'clock. A secretary to succeed Mr. L. G. Haren, who recently left town, will be elected. Members please take notice and be on hand tonight.

H. Ulricksen has resigned as book-keeper with the Jochim Hardware company and will go back to Hart Bros. at Republic, with whom he held a responsible position for a number of years previous to coming here. He will leave here Friday. The place thus made vacant will be filled by Mr. Ohman, who comes here from Minneapolis.

#### OF INTEREST TO ATHLETES.

James Robinson the athletic trainer at Princeton College, Princeton, N. J., says: "I have found it imperative to have sure and on hand in case of cuts, bruises, strains, sprains, colds, rheumatism, etc. Shortly after entering upon profession, I discovered such a remedy in Alcock's Porous Plasters. I tried other plasters but found them too harsh and irritating. Alcock's Porous Plasters give almost instantaneous relief, and their strengthening power is remarkable. In cases of weak back put two plasters on the small of the back and in a short time you will be capable of quite severe exercise. In "sprint" and "distance" races and jumping, the muscles or tendons in the legs and feet sometimes weaken. This can invariably be relieved by cutting the plaster in narrow strips, so as to give free motion, and applying on muscles affected."

#### A Special Invitation

Is extended to the ladies of Ishpeming and vicinity to attend our fall opening of millinery on Tuesday, Wednesday and Thursday, October 4, 5 and 6, at which time we will display novelties in pattern hats and bonnets which were copied from the latest Parisian styles. Miss Sollday, who has just returned from her tour of inspection and whose ability as a designer and trimmer is well known, is again in charge of this department. This is a sure guarantee for the ladies that by placing their orders with her they will receive the latest designs in headwear.

Respectfully,  
(10-1-3d) T. Grabowsky.

Grabowsky's millinery opening will take place next Tuesday. [9-29-3d]

Druggist Norman McDonald left Tuesday noon for Iron Mountain to spend a week in the woods near there deer hunting.

Jeweler John J. Ellis left yesterday noon for Chicago on a business trip.

Ed Steimle was sent to Houghton Sunday evening.

Mr. Robert Chambers and Miss Adele Toranreau were married Tuesday morning at St. Louis church.

Lucas Herman left on Tuesday for Notre Dame university, South Bend, Ind.

**CALUMET.**

At the close of the morning services of the Congregational church Sunday Rev. Mr. Anken, officiating in the absence of Rev. D. R. Atkins, surprised the audience by reading the resignation of that gentleman. It appears that during the past three years over thirty families have either removed from the place or transferred their church connections from this congregation to the Presbyterian or Episcopal churches which have been organized here during this period. The changes thereby occurring are so great that Mr. Atkins deemed his resignation advisable and consequently tendered it. He is at present absent on his annual vacation but will return for a short period before leaving the place permanently. Mr. Atkins is a preacher of unusual ability and it will be no easy matter to find a successor who will equal him in the pulpit.

The public schools of Calumet and Red Jacket are preparing an interesting program for Columbus Day. The music, under the management of Miss Fowler, bids fair to be something excellent. Other exercises well worth attending are in process of preparation.

The Y. P. S. E. of the Calumet Congregational church gave a social Monday evening consisting of tableaux, music, etc. It was well attended and was an excellent entertainment in every respect.

James Grierson left Tuesday noon for Detroit.

**HANCOCK.**

Supt. W. E. Richardson of the E. P. Allis company, Milwaukee, who was sent here to superintend putting in place the new hoisting engine at the North Quincy shaft, has finished his work and is awaiting orders to go elsewhere. The engine has been running four days and has never had to be stopped for any reason, being perfect in every respect and satisfactory to the mine officials. The engine is of Reynolds-Corliss pattern, 40x84 inches. The hoisting drums are 21 feet in diameter and take on 7,000 feet of wire rope. The main shaft and drums weigh 107 tons and the bed plates 42 tons. The engine is provided with a safety stop of new design which operates the steam valve, shutting off steam and applying the brakes to the drum, should the engineer by any means forget to stop the engine when the skip gets to the surface, thus preventing such an accident as occurred in the Tamarack when fifteen miners were hoisted up into the roof of the shaft house. The engine is handled by steam brakes and steam reverse gear.

It was the intention of the builders to make this the most perfect hoisting engine that has been placed in any mine in the Lake Superior region. Rock is being hoisted with one skip until the rock breaker machinery is put in place and ready for operation.

The democrats at their adjourned senatorial convention did not reciprocate the people's party endorsement of J. Maurice Finn for congress by endorsing Will L. Hagen for state senator but nominated Leo M. Geismar of Ontonagon county.

Henry Abosilah, a Finnish passenger from the cholera infected ship Scandia, arrived here Sunday night. Health Officer Dr. J. E. Scallon received a telegram from the state health officer to watch for him, for although he was quarantined and his baggage fumigated he still needs watching.

F. Reime, aged 19, died at the Pacific house Monday evening of inflammation of the bowels. The body was shipped to Belleville, Ill., Tuesday noon.

**SUDDEN DEATHS.**

Heart disease is by far the most frequent cause of sudden death, which in three out of four cases is unsuspected. The symptoms are not generally understood. These are: a habit of lying on the right side, short breath, pain or distress in side, back or shoulder, irregular pulse, asthma, weak and hungry spells, wind in stomach, swelling of ankles or dropsy, oppression, dry cough and smothering. **Free Lecture on Art.**

They were evidently a rustic couple on a honeymoon visit to the metropolis as they stood in the shade of a tree in city hall park.

Laying down his valise and consulting a book of photographic views, he said: "This here's the city hall, Clara, and this splendid building opposite is the general postoffice. Good! but their old city hall looks kinder mean beside that grand pile of granite. That's what I call fine and imposing."

"Excuse me, young man," said a ruddy faced, white whiskered gentleman who stood beside them fanning himself with his straw hat, "you mistake size for beauty. The city hall is an almost perfect sample of its type of architecture, while the postoffice is a composite monstrosity, and not the only one in the neighborhood. Why, sir, look merely at those warty pillars that run all the way round from the sidewalk to the first story—they alone would spoil any building. They remind me of one of those clipped dogs with tufts sticking out here and there on legs and tail. Pshaw! You haven't a barn at home that isn't prettier."

Then the old gentleman put on his hat, hoisted a sun umbrella and stalked off, while the young man and woman from the country gazed after him and drew long breaths.—New York Herald.

**Dancing Party in the Surf.**

Old Orchard has witnessed the introduction of many a novelty in surf bathing, but the very latest thing was sprung on the unsuspecting public Thursday by a party of the Imperial's guests. About fifty ladies and gentlemen from that hotel, among them several theatrical people, marched down to the beach about 11 o'clock and proceeded to the Mammoth bathing house, where they arrayed themselves in surf dipping attire. Then they went out into shoal water, formed sets for a round dance and went through all the changes of a quadrille.

Next a waltz was introduced, and later a galop and a schottische, all taking part and going through the evolutions just as if they were in a ballroom. The sport was kept up in the water and on the smooth beach for half an hour, during which time a large number of spectators were gathered on shore to watch maneuvers.—Boston Herald.

**Changed His Boarding Place.**

"I've given my lapdog warning that I'm going to move," remarked Snaggs to his friend Boggs.

"For what reason?" inquired Boggs.

"Oh, I'm tired of hearing of other people's troubles. I'm going to find a place where they don't have any trouble."

"When you get there communicate with me if you can."

"Why, where do you expect that I'm going?"

"To heaven, I suppose. I never heard of any other place where they don't have any trouble."—Detroit Free Press.

**A Narrow Escape.**

A Mr. G—, who had been ill some time, fell into what was thought his last sleep. The medical attendant, however, had suspicions in his own mind, which he did not care to communicate to the man's family for fear of arousing false hopes. He therefore put off his sanction to the burial from day to day, much to the indignation of the supposed dead man's mother. On the fifth day, however, the doctor had the gratification of seeing his patient revive. Mr. G—, some time afterward, had a recurrence of the malady, this time lasting seven days.—Yankee Blade.

**Importations of Shellac.**

The amount of shellac that was imported into Boston for the year ending June 30, 1890, was 77,376 pounds, about thirty-five tons, and was worth \$14,337. The total amount imported into the United States for the year ending June 30, 1890, was 4,780,465 pounds, of the value of \$892,745. For the year of 1889 the number of pounds imported into the United States was 5,509,873.—Boston Globe.

Who may be suffering from the effect of youthful follies or indiscretions will do well to avail themselves of this chance.

**DR. SPEER & CO.**

Will guarantee a perfect cure in all cases of weakness or private disease of any kind or character they undertake or forfeit \$250. They will therefore say to the unfortunate sufferers who may read this notice that you are treading on dangerous ground when you longer delay in seeking the proper remedies for your complaint. Then for the first time you will realize what negligence means. Our success in such cases can be best understood when we will positively declare that over 100,000 have been treated by us in different parts of the world. Call and get the benefit of our experience.

**MIDDLE-AGED MEN.**

There are many of the age of 30 to 50 who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting sensation and weakening the system in a manner which the patient cannot account for. On examination it will be found that the urine deposits aropy sediment and sometimes small particles of albumen will appear or the color be of a thin or alklish hue, again changing to a dark and torpid appearance. There are many who die of this difficulty ignorant of the cause which is the second stage of weakness.

**LADIES**

Finding it not convenient to call at the office can be treated by mail by sending a full description of their case.

**DR. SPEER & CO.**

Will guarantee a perfect cure in all such cases and a healthy restoration of the organs. Examination and advice free to all. Remember the place, 146 West Washington street, Marquette.

P. S.—See our testimonials in the different papers from well-known people.

**—HERE IS EVIDENCE.—**

REMARKABLE SUCCESS.

I, James Stewart, of Marquette, have been unable to work for some time on account of epilepsy, which caused mental depression and great weakness; in fact perfectly unfitted me for any business. I got no relief until I tried Dr. Speer & Co. After two months' treatment I am surprised at the result. I have had no fits since. I sleep well, and arise in the morning refreshed, instead of feeling more tired than when I went to bed. I cannot recommend Dr. Speer & Co. too highly for what they have done for me.

**A VERY SUCCESSFUL FAIR.**

The Orphans' Fair in Fraternity Hall Clears Over a Thousand Dollars.

**DEVELOPMENT OF THE CLUB IDEA ON THE U. P.**

Why the Coal Carriers Feel Bad—The Street Railway Extension—A Two-Year-Old's Record.

**ENDED LAST EVENING.**

The fair in Fraternity Hall for the benefit of the orphans in St. Joseph's asylum closed last night and was a magnificent success financially, considerably over \$1,000 being cleared by the ladies for the cause named. The receipts last night were \$247 while the total realized before last night was over \$1,000. As the expenses were very light it will be seen that the ladies have reason to feel proud of the net result.

The attendance last evening was unusually large and the scene in the hall was a lively one until a late hour. During the evening the following concert program was rendered, all the selections being rendered with great credit despite the fact that the occasion was a very trying one for those taking part because of the bustle and activity on the floor of the hall:

- Duet, "Summer Flowers"..... Cox
- Misses Tillie Wagner and Nellie Weston.
- Solo, "Clang of the Hammer"..... Fred Thoney.
- Solo for Violin with Piano accompaniment Mr. Maurice Rothchild and Miss Bendig.
- Solo, "Napoleon to Josephine"..... Miss Irene Johnson.
- Solo, "Clouds"..... Fred McCabe.
- Selection..... The Hughes Orchestra.
- Solo, "In Old Madrid"..... Mrs. McDonough.
- Flute solo, "Bolink"..... Mr. and Mrs. Hoelscher.
- Solo, "Love's Sorrow," Piano and Piccolo accompaniment..... Miss Tillie Wagner.

Voting was in progress throughout the evening in the various contests and when the count began at 10 o'clock, one contest after another being closed, there was considerable excitement in the hall. The gold watch for the most popular young man was won by Fred McCabe by a handsome vote over his leading competitor, A. Wallace. The doll became the property of Carrie Barth and the cane was voted to Grover Cleveland by a handsome majority. The picture of Bishop Vertin was drawn by Mother de Pazzi, in charge of St. Joseph's academy and orphan asylum, and the portrait of Rev. Fr. Langran was drawn by M. O'Meara. Some of the contests netted very handsome sums for the fair through the indefatigable efforts of the ladies interested, an instance being that last named which realized \$105.

**A New Development.**

A great change is in progress along this shore of Lake Superior and one which naturally follows in a country abundantly supplied with game as it becomes older and more thickly settled. This change is in the formation of clubs for the stocking of streams and lakes with fish and the holding of tracts of wild land as game preserves. Two such clubs have been organized in Marquette this season and have built large and attractive log club houses in Alger county, the Anna River club's site being at the mouth of the river named while the Onota club has its headquarters on the Laughing Fish river on the site of the famous old Half-Way House. Each club is in flourishing condition and during the hunting season the latter club house especially will be the Mecca of many a Marquette county sportsman.

But two other projects are nearing consummation which completely dwarf those already crowned with success. One is the organization of a club to utilize the large purchase of lands in the Huron mountains, made a few years since by prominent Michigan men for the purpose, and which will build its club house at the mouth of Pine river, probably the finest site on the upper peninsula for such a purpose, innumerable small lakes, splendidly stocked with all varieties of fish, being grouped about within easy reach while in every other respect the place is a sportsman's paradise. Several Marquette men will be interested in this and an expedition will start from here this week to select a site for the clubhouse, plans for which are now being prepared by Charlton & Gilbert.

The other project is on a stupendous scale, Fayette Brown, the Cleveland millionaire, being at the head of the enterprise. He owns about 70,000 acres of land in the vicinity of Grand Island and this will all be taken by the club, the scheme being to have 300 members, each paying a membership fee of \$5,000. The merchantable timber on the land will be sold and this will largely recoup the members for their outlay, while a splendid clubhouse or summer hotel will be erected on Munsing bay as headquarters for the club before there is a "rebate" declared. The site for the clubhouse or hotel will probably be on Grand Island.

Both of these clubs are expected to be in existence before another season and in possession of two of the finest game preserves in the United States. This is another indication of the coming prominence of the Lake Superior country as the great summer resort of the middle and western states.

**An Avalanche of Coal.**

Seven vessels are tied up at the Duluth, South Shore & Atlantic coal dock with coal cargoes for this port and the cussing among captains and owners is something awful. The seven cargoes aggregate fully 9,000 tons and the big end of it, the Pontiac with over 3,000 tons, came in at the tail end of the procession.

The weather is to blame for the jam. With good weather the vessels would have arrived in succession, so that all would have received good dispatch at this end of the trip, but heavy weather hung them up and when a break came all improved it and the result was that

they came piling into port between Saturday night and Monday morning with the Pontiac, which had cut her cargo a little short at Cleveland and hurried up here in order to get to the dock, just at the end of the line as luck would have it. Telegrams are coming in from owners at the rate of one about every fifteen minutes but each vessel must wait its turn and the "Ponty" will not show a clear hold before Saturday. She could have carried \$2,500 in the week she will be hung up at the dock by this hard luck.

**Rushing the Extension.**  
Superintendent Guy has thirty-five men at work on the extension of the street railway and last night had the rails laid half a block east of Pine street, while the street was opened ready for the track nearly to the corner of Spruce street. The tie wires are in on the rails and the return wire is now being laid down the center of the track and as fast as this is in position the earth and macadam will be thrown back and the street repaired after the tear-up.

**Great For a Two-Year-Old.**  
The report of the condition of the Marquette County Savings bank, which appears elsewhere this morning, is a great showing for a two-year-old, the resources being \$179,482.54, the savings deposits \$268,848.54 and the commercial deposits \$89,119.29. This is a gain in savings deposits alone of over \$32,000 as compared with the largest deposits of this nature before reported by the bank. Over 700 of the little branch banks which have proven so popular are now out in the country and they are exceeding every claim made for them, the result showing that it was a splendid stroke of business policy when the Marquette County Savings bank secured the rights for this county and placed them at the disposal of its patrons.

**A Workingman to Workingmen.**  
Theron P. Keator, who will speak at the Casino Saturday night, is a practical type-setter who has worked at the case as a "tramp printer" in most of the states of the union and in many foreign countries. This has given him exceptional opportunities for the study of the conditions of labor in all civilized lands, and he has given to that study a keen intellect, balanced by practical common sense, which has qualified him to speak intelligently on subjects affecting the welfare of workingmen. He speaks as a laboring man to his fellows and drives home with the logic of facts and the rhetoric of truth the principles which his observation and thought have convinced him are essential to the welfare of all American citizens, and especially of his fellow workingmen. Those in Marquette who have heard Mr. Keator can certify that his speeches, though not given to the flowery artifices of the rhetorician, carry to the minds of thoughtful men the conviction that the principles he advocates are sound, patriotic and progressive. He gives his hearers food for thought, with a reasoning, honest eloquence that appeals to their best impulses. No workingman who hears Keator Saturday night will be ashamed of the representative of his class, and no one who hears him will accuse him of being a "sham workman" or a "ranting agitator." He advocates only what is wise and just as between man and man. No one will go away from his meeting sorry that he came.

**Married Yesterday.**  
Mr. John Cochrane, of Saginaw, and Miss Carrie Ducharme, the bright and charming proprietress of the Hotel Brunswick, were married yesterday at the bishop's residence by Bishop Vertin. Mr. W. E. Brown and Miss Sadie Drew acting as groomsmen and bridesmaid. After the ceremony Mr. and Mrs. Cochrane left for the copper country and from there will prolong their wedding trip to the cities at the head of the lakes. The MINING JOURNAL extends congratulations.

There is no one instrument, unless, indeed, it be a large pipe organ, capable of the variety of effects that are obtainable on the Aeolian. Unlike the pipe organ, however, the Aeolian is adapted to all classes of music; overtures and symphonies can be rendered on it with all the softness and delicacy of the flute and violin and cello and all the snap and brilliancy of the piano. See and hear them at Conklin's.
