

Wednesday, March 22nd 1905.

Mr. J. F. Neidhart,

Marquette, Michigan.

Dear sir:-- I have your letter of the 14th inst., relative to the bill sent to me providing for the keeping of accounts and deposits of the public money of Marquette county.

I will say that I introduced this bill and Lieutenant Governor Maitland, who presides over the senate, is opposed to its passage. He referred the bill to the committee on State Affairs and on account of his opposition to the measure I do not believe the committee will even report it out. It might be wise to send some petitions requesting that it be reported out and passed.

I will introduce them and will notify you of the effect.

Very truly yours,

M. H. Moriarty.

Resolved, That this board hereby respectfully petitions that said bill be reported upon favorably by said committee on State Affairs, that the same be adopted by the legislature and be approved by the governor, notwithstanding the objections of the Honorable Lieutenant Governor Maitland; and

Resolved, That said committee of this board are hereby authorized to send some person to Lansing to urge the adoption and approval of said bill, and to take such other measures as are deemed necessary to accomplish such result.

The special committee on auditing the county books submitted the following report, which was unanimously adopted and the committee discharged.

To the Honorable Board of Supervisors, Marquette County:

Employment of County Auditor and his report.

Gentlemen--Your committee to whom was referred the matter of auditing the books of the county officers, beg to report that they employed Mr. J. A. Dresser, of Detroit to examine the books of the several officers for the period running from January 1, 1883, to January 1, 1905. Mr. Dresser has submitted detailed reports of his work for this period, which reports have been filed with the county clerk. These show all moneys due and belonging to the county have been accounted for by the several county officers at the time of filing this report except some fines collected but not paid over to the county by certain justices of the peace. Some of these justices have left the county, ~~otherstclaim~~ that their books have been lost or destroyed, and it is impossible for your committee to ascertain the amounts of these shortages, but your committee believe such amounts to be small.

Justice's Reports

Your committee find that a considerable amount of fines collected in cities on complaints made under the several city ordinances for offences which are also punishable under the state law which is payable into the county treasury, there to be distributed as library money among the several cities and townships, has been paid by the several justices of the peace into their respective city treasuries: and your committee recommend that a special committee be appointed to ascertain and report to this board the amount of fines due from the several cities of the county and to adjust all claims they may find to be due the county to the end that such amounts, if any, may be collected and distributed into the library fund of the county, as provided by law.

And your committee further recommend that the county clerk notify all justice of the peace for the county to hereafter pay all such fines to the county treasurer.

Your committee would further report that many of the justices of the peace, who are perfectly honest, retain fines in their hands for a considerable time, much longer than the time provided by law and until long after their bills for services rendered the county have been paid, and in some instances no record is kept of fines collected. We would, therefore, recommend that the prosecuting attorney prepare and furnish to all justices of the peace blank forms to be attached to the report to the prosecuting attorney showing amount of fine collected, date same is paid to the county treasurer, number of county treasurer's receipt, and the number and page of his docket where such judgment is recorded: and that no bills for services rendered the county be paid to any justice of the peace until he has furnished the information required by such forms for each and every criminal case tried before any such justice.

Gentleman:- Your petitioners, residents and taxpayers of the Township of Republic, do hereby petition your honorable body to appropriate the sum of one thousand dollars (\$ 1,000), to aid us in constructing a new steel bridge to span the Michigamme river south of Republic. The old bridge now in use, is in such a condition that it is unsafe, and should have immediat attention.

This work to be done subject to the approval of your committee on Highways and Bridges. Republic Township has already spent a large amount of money on this bridge, and we consider it no longer repairable.

The bridge above referred to is an eighty foot span, and is on the main highway, running south through Humboldt Township, and to Dickinson and Iron counties.

We trust your Honorable body will give this matter careful consideration.

To the Hon. Board of Supervisors of Marquette County.

Gentlemen:- The undersigned, the township board and taxpayers of the Township of Marquette, in said county, respectfully shows that it has been compelled to expend in the years 1904 and 1905. the sum of eighteen hundred dollars in rebuilding and repairing bridges over Dead River in said township.

As these bridges are as much, if not greater, benefit to adjoining townships, and to residents of the city of Marquette, than to the residents to our township, we respectfully ask your honorable body to reimburse us for such part of our expenditures in this matter as may to you seem reasonable and just. And your petitioners will ever pray, etc.

Signed by the Township Board and eleven others.

The following petition from the citizens of the cities of Ishpeming and Negaunee, and the township of Turin was presented and read, and, upon motion, was referred to the Highway and Bridge committee:

We would respectfully call the attention of your honorable to the condition of these roads; portions of the last named road should be ditched and graded and the whole covered with clay or gravel. The Goose Lake road has a number of bad holes, where it is impossible to drive with convenience or safety. The repair of these roads would be a great benefit not only to the people of the vicinity, but to a large number of other residents of Marquette county as well. The special committee on employing an assistant in the probate office submitted the following report which was on motion laid over until the October meeting of this board:

To the Honorable Board of Supervisors of Marquette County:

Gentlemen-- Your committee to which was referred the resolution of this board relative to the advisability of this board authorizing the judge of probate of this county to appoint a probate register or for the judge of probate to appoint a probate clerk, whose salary shall be fixed by this board, and also the Claim of Charles Kelsey for reimbursement for clerk hire while holding the office of judge of probate, beg leave to report as follows:

1. That under the direction of the chairman of this committee the judge of probate of this county mailed a circular letter to the different judges of probate of this state in those counties having a population between 30,000 and 50,000 people. By the census of 1900 this county had a population of approximately 41,000 people. It was thought a fair criterion would be obtained by taking the above list of counties. As an exception to the rule, however, the judge of probate also wrote to Chippewa, Delta, and Menominee counties, for the reason that they are upper peninsula counties, although each have less than 30,000 population. A total of twenty-nine letters were sent and a reply was received from all.

Probate
Clerk

Thursday September 7th, 1905. Continued.

From such correspondence we find that outside of this county, every county in the State of Michigan which has over 40,000 population has a probate register except one, and that county has a probate clerk whose salary is paid by the county. In other words Marquette County is the only county in this state of over 40,000 population that requires its judge of probate to pay for the clerical work in its probate court.

Of the counties between 30,000 and 40,000 population only three require the judge of probate to pay the entire clerk hire of the probate court. In a very few counties the judge of probate pays part of his clerk hire, and on the other hand some counties employ a stenographer or clerk to assist the register. In the counties of Chippewa, Delta and Menominee, a probate register is provided for the probate court.

While the general practice would seem to justify the county in paying the entire expense of a clerk in the probate court, still your committee thinks best to go slowly upon this matter. In view of the fact that the work in the probate court has been rapidly increasing and will continue to increase as the county grows older, we are of the opinion that the county should add something to the salary of Helen Freeman, the present efficient probate clerk. The judge of probate has voluntarily pledged himself in writing (which is hereto annexed and made a part of this report) to pay the present probate clerk twenty-five dollars per month as long as she shall continue in said office in addition to any sum voted her by this board. We believe that this county should do something in addition for Miss Freeman, as she has been in the probate court office nearly five years and as such clerk she has been faithful, courteous and competent. We therefore recommend that the following resolution be adopted as part of this report:

" Resolved, that the sum of twenty-five dollars per month be and is hereby voted to Helen Freeman as clerk of the probate court. Said salary to begin with Sept. 1, 1905, and to continue until changed by this board."

2. With reference to the claim of Charles Kelsey for reimbursement for clerk hire while judge of probate of this county, this committee believes that inasmuch as the present judge voluntarily pledges himself to pay to the probate clerk a monthly salary equal to that claimed to have been paid by Mr. Kelsey, it would be unwise to allow said claim. Your committee therefore recommends that this claim be rejected.

All of which is respectfully submitted.

R. T. Smith.

To the Hon. Chairman and Board of Supervisors of Marquette County.

Gentlemen:--Your Committee on Buildings and Grounds respectfully report that members of the Committee have exercised a watchful care over the same during the summer, and the full committee has lately made a thorough inspection of the Sheriff's residence and jail, and find the same in a good state of repair, except the plumbing through the jail is somewhat antiquated and worn from its long use, and from the sanitary standpoint should be renewed sometime in the near future, and with some small minor repairs will put it in good condition for many years to come. The court house and grounds are being cared for in a very satisfactory manner to your committee by the deputy sheriffs, James Jamerson doing the janitor work and Samuel Bennett looking after the yard and shrubbery, using the prisoners to do the work as far as possible without any unnecessary expense to the county. And your committee would respectfully recommend the adoption of the following resolution:

RESOLVED: That whereas there has been entailed on Deputy Sheriffs James Jamerson and Samuel Bennett extra work and responsibility in the care of the court house and grounds, the same having been performed by them satisfactory to your committee without incurring any cost to the county: therefore be it.

RESOLVED: That they be allowed one hundred dollars each as compensation for extra work performed, and that the clerk be authorized to draw orders on the treasurer in their favor for the same.

Lansing Mich. Oct. 14, 1905.

Mark Elliott,

County Clerk,

Marquette, Michigan.

Dear sir:- Act No. 244, of the Public Acts of 1905, provides for the apportionment of the representatives in the state legislature among the several counties and districts.

No doubt the Board of Supervisors in your County has taken action required by section 2486 of the compiled Laws of 1897, relative to the division of the County into representative districts, and they will send to this office for filing a statement showing such divisions, the number of inhabitants in each district, etc.

My object in calling your attention to these requirements was from the fact that some of the counties might overlook the statute referred to, because the legislature in the new act made no change in the apportionment.

Very respectfully,

G. A. Prescott,

Secretary of State.

The report of the Auditing Committee was read, and adopted by the following yea and nay vote:

Yeas--Agnew, Autio, Ayotte, Barabe, Champion, Eggan, Ewing, Fay, Fransen, Hoyseth, Jackson, Johnson, Kirkwood, Lyons, Manley, McCarthy, Muck, Neidhart, Nord, Pepin, Ransom, Roberts, Scanlan, Shaw, Sink, Smith, Jacob, Smith, R.T., Stephens, Toms, Tonneson, Wellner, Yonkosky, Frederickson, Chairman-34.

Accounts

Gentlemen-Your special committee on auditing of county officers' accounts beg to report that with regard to fines collected in the City of Ishpeming they have investigated the matter and find that heretofore fines have been paid into the City treasury, some of which belonged to said city and some of which should have been paid to the County treasurer as library money but it is impossible to ascertain the exact amounts thus paid. That said city has paid over to the county treasurer all fines collected for offenses punishable under state law since Aug 1, 1905, and has agreed that all future fines for like offenses shall be paid to the county treasurer.

Owing to the fact that all such fines previously collected have been kept by said city without objection from this board, that it is impossible to ascertain the amount thereof and that all future fines will be paid into the county treasury, your committee recommend that no further action be taken in the matter.

*Workhouse for
Vagrants*

The following report from a special committee relative to establishing a union workhouse for vagrants on the upper Peninsula was read, and upon motion accepted and adopted:

Yeas--36. Nays--None.

To the Honorable Chairman and Board of Supervisors.

Gentlemen: Your committee to whom was referred the communication of the Board of Supervisors, of Menominee County, suggesting that this County, co-operate with it and other counties of the Upper Peninsula in the construction, at some central point, of a workhouse, for the joint use of Menominee, Marquette and other counties associating, to be used for the punishment of drunkards, vagrants and other disorderly persons, by all the counties, beg to report the same back to the board with the following findings and recommendations.

Your committee find that the number of persons heretofore convicted in this County who would naturally be committed to such an institution is not large, and that the persons sentenced to the Marquette County Jail for offences of the character stated are largely employed around the Court House, court house grounds and Jail. Your committee believe that the cost of transporting prisoners to any central point for several counties would alone be more than the county now pays of the entire cost of transportation, board and care of prisoners for offences of such character. Further, the construction of such a workhouse would require an outlay of several thousand dollars and the maintenance of the same would create a fixed charge against this county, which would in the opinion of your committee, be out of proportion to the benefits derived.

Your committee therefore recommend that this board do not join in the construction of a workhouse to be used jointly with other counties, as suggested in the communication above mentioned.

Wednesday, May 23rd, 1906. Continued.

Your committee further recommend that, upon the adoption of this report, the clerk notify the Board of Supervisors of Menominee County of the action of this board on such communication.

And your committee beg to be discharged from further consideration of the subject.

The following communication, signed by Hans P. Johnson and 42 others, was read, and upon motion referred to the Highway and Bridge Committee:

To the Honorable Board of Supervisors of Marquette County.

Gentlemen:- The undersigned, residents of Marquette County, would respectfully call the attention of your Honorable body to the poor condition of the Goose Lake Road, so called leading south from the City of Negaunee. The volume of traffic over this road has been increasing steadily of late years and the demand for a good passable road has increased accordingly. The country tributary to this road is being rapidly populated with homesteaders and other settlers and they, together with merchants and others have occasion to use this road, unite in the demand for a correction of the present conditions. The road is well nigh impassable in many places owing to deep ruts and thick second growth.

We would respectfully ask that your honorable body give this matter careful attention and take steps to put the aforesaid road in good condition.

The following communication was read, and upon motion placed on file.

Michigan, Mich. July 30, 1906.

To the Honorable Board of Supervisors of Marquette County, Marquette, Mich.

Gentlemen: I was informed by Mr. Elliott, County Clerk, that the board at its last meeting has decided to dispense with the services of all but one deputy game warden and accordingly cut off my salary. I was sorry that the Board deemed it necessary to do this but nevertheless, am satisfied that at the time they felt that they were acting in best interests of all concerned, and that such action meant no reflection on my work. I wish to thank the Board for their support in the past and would ask that they kindly consider me an applicant for reinstatement at any future time that they see fit to put on a second game warden. My place of residence could be changed at any time, to suit territory any where within the County.

Very respectfully,

Wm. Harrington.

We wish to particularly call your attention to the comments made by Mr. Dresser on the matter of justices' records not being completed to date of examination; also references to taxes charged back to respective cities or townships which are now, in some cases, spread over the general roll instead of being re-assessed against the property on which the error has been made.

Marquette, Mich., Jan. 24th, 1907.

Hon. David T. Morgan, Chairman, and Members of the special Committee on County Officers' Accounts.

gentlemen:- According to instruction, I have examined the books and records in the offices of the county treasurer, county clerk and the criminal dockets of the justices of the peace in the City of Marquette, Negaunee and Ishpeming from Jan. 1, 1906 to Jan. 1, 1907 and herewith submit my report:

The receipts and disbursements of the county treasurer, and balance of cash on hand as shown in this report are correct and agree with the books and records in the offices of the county treasurer and the county clerk and the monthly and quarterly statements of the auditor general.

I find vouchers for all disbursements from Oct. 1, 1906, to Jan. 1, 1907, vouchers for disbursements from Jan. 1, to Oct. 1, 1906 were previously checked by the auditing committee of board of supervisors.

The receipts and disbursements of Charles Sundblad, county treasurer, from Jan. 1, 1906 to Jan. 1, 1907 were as follows:

Jan. 1, 1906, balance cash.

| | | |
|----------------------|-------------|-------------------|
| on hand | \$26,248.33 | |
| Receipts | 469,103.33 | |
| Total | | \$495,351.66 |
| Disbursements | | <u>490,416.79</u> |
| Balance cash on hand | | |
| Jan. 1, 1907 | | 4,934.87 |

I have checked the monthly and quarterly statements of the auditor general with the county treasurer's books and find the same to be correct.

The accounts with the townships and cities have been correctly kept, and having been credited with all tax corrections of the county treasurer and auditor general and debited with the auditors general's refunds and rejected and charged back taxes. They have also been credited with their respective portions of primary school funds, library funds, and liquor taxes.

I have examined the circuit court calenders and court journals and find that

County Auditor

the fines and costs in criminal cases, amounting to \$1,358.30, and the entry, jury and stenographer fees, amounting to \$241.00, have all been paid to the county treasurer by the county clerk.

I have examined the criminal dockets of Justices Blanchard, Byrne, Crary and Donovan of Marquette; Justices Kronberg, Thoren, Trathen and Verran of negaunee and Justice Andrews of Ishpeming for the year of 1906, and find that the fines collected as shown by the several dockets and papers on file, have all been paid over to the county treasurer.

The dockets of Justice Byrne, Thather, and Verran have not been written up for the past three or four months. Notwithstanding the excuses of ill health, press of business etc. it is unnecessary to mention that they are required by law to have all cases properly entered at time of trial and I endeavored to impress them with this fact.

In connection with the rejected and charged back lists would say, I find that the supervisors have, generally speaking, reassessed these taxes at large, whereby lands on which taxes were rejected because of incorrect, incomplete or indefinite descriptions, have escaped taxation. Care should be taken in order, as far as possible to reassess these descriptions on the lands which are properly liable for same and not spread them at large on the rolls.

In conclusion I desire to mention that the county officers have promptly furnished any information required.

All of which is respectfully submitted.

J.A. Dresser. Accountant.

The monthly report of the superintendents of poor and the deputy game and fish warden were read, in part, and upon motion ordered placed on file.

A petition of twelve freeholders of Powell township, praying that the supervisors of said township present to this board a request that the owners of a certain dam across the yellow Dog River, located on lot 5, Sec. 13, Township 51, Range 27 West be required to build a fish chute thereon at the expense of this county.

resolved. That the said application be approved, and that the supervisor of said township be instructed to cause such a chute to be constructed by the owner of said dam, and that at the expense thereof be audited by this board.

Upon motion, the resolution was adopted by the following yea and nay vote.

Yeas-Autio, Ayotte, Barabe, Miners, Champion, Charles, Currie, Dorais, Ewing, Fay, Frederickson, Fransen, Gill, Goodman, Hodgson, Jackson, Johnson, F.J., Johnson Christ, Krieg, Manley, Muck, Neidhart, Nord, Pepin, Powell, Peterson, Roberts, Shaw, Sink, Smith, H.S., Smith Jacob, Smith R.T., Sweder, Toms, Vivian, Wollmer, Yungbluth, Chairman-38

Tuberculosis Sanatoria

In pursuance of the subject matter of Sanatoria, for the treatment of Tuberculosis, which I lately had the honor of presenting for your consideration, I desire to inform you that at the meeting of the U.P. Medical society, to be held July 16th, at Menominee, I intend presenting the subject there, and shall endeavor to have appointed a physician from each and every county in the upper peninsula, to address their respective boards of supervisors along the line already made familiar to you.

Further, we hope and expect that by this means each and every board of supervisors in the U.P. will appoint from its membership one delegate, preferably the chairman of each board, these delegates collectively to be known as the Supervisors Commission for the consideration of the Subject of Sanatoria for Tuberculosis in the U.P.

These delegates should be given plenipotentiary powers, to act decisively and finally upon the matter and determine whether we are to have one Sanitorium for the whole U.P. or two or three of them in associated County institutions.

I expect that the U.P.M. Society will also appoint a commission of physician delegates to meet and advise with the supervisors' delegates at the general conference to be held as soon as convenient at Marquette, Michigan.

Hoping this plan of campaign will meet with your approval, I remain

Respectfully yours

F. McD. Harkins

The committee on equalization made the following report, which upon motion, was adopted and referred to the committee on Finance and Taxation.

Whereas, The Board of supervisors has examined, the assessment rolls of the several townships and cities of the County to ascertain whether the relative valuation of the real property in the respective townships and cities has been equally and uniformly estimated; and

Whereas in the judgment it has not been so uniformly and equally estimated therefore. Resolved: That the valuation of the real property of said Townships and cities be, and the same is, hereby equalized by adding to or deducting from the valuation of the taxable property of each township or city such sums as in our judgment will produce relatively an equal and uniform valuation of the real property of the County, which sums so determined by us are entered in the above table in the fourth and fifth columns thereof, respectively, opposite the names of such townships and cities, respectively. And that the aggregate valuation of taxable and real and personal property of each township and city, in said county, as determined and equalized by us, be fixed at the sum set down in said table in the last column thereof opposite the name of such township or city.

The committee on county officers' accounts presented the following report, which was read, accepted and filed.

To the Board of Supervisors of Marquette County.

Valuation of property

Report of County Officers

Gentlemen:- Your committee on county officers' accounts would report that they have compared the vouchers of the secretary of the board of Superintendents of the poor with his books and found them to agree. They have also checked all the vouchers in the county treasurers' office for the year ending Sept. 30th, 1907 and have compared receipts and find that they agree with his books and are correctly extended and footed. The balance on hand in the Treasurers office as thus shown is forth-seven thousand six hundred fifty-four dollars and ninety-two cents (\$47,654.92). We have also compared the orders drawn by the clerk and find that they agree with the amount audited and allowed by the Board of Supervisors. Your committee would recommend that on the last day of each month, the treasurer furnish the County Clerk a statement showing number and amount of all orders and certificates paid; also that the treasurer make a monthly trial balance.
