During the past year the demand on this fund has been larger than any previous year, as the veterans and widows of veterans are becoming more feeble as the years go by and less able to fight the battles of life. As the appropriation of October 1913 was only five hundred dollars (\$500) the Board reduced the relief for three months, thus depriving the veterans and widows fully two hundred dollars (\$200) to which they were justly entitled. We fully believe that every dollar of this fund has been used for the purpose to which the law intended it. We would respectfully ask your Honorable Body for an appropriation of one thousand dollars (\$1000) to meet the growing needs of the veterans and widows of veterans the coming year.

All of which is respectfully submitted.

Gentlemen:-

In compliance with act #96 of the session laws of 1849, as amended by act #177 of the Public Acts of 1891: the Marquette County Agricultural Society, by its President and Secretary, petitions your honorable body to levy the tax, authorized by law, viz: 1/10 of one mill on the dollar, or such proportion thereof as you may deem equitable, for the maintenance of said society.

At the annual meeting of our society held Jan. 12/4 the treasurer's report showed the society in debt to the 1st. national bank of this City, in the sum of sixty-eight hundred twenty-five and 75/100 (\$6825.75) dollars, the major portion of this indebtedness is of long standing and the financial failures of the last several years has added to it, until it has reached this gigantic figure, this year's fair, owing to the inclement weather will add to the amount from \$1000.00 to \$1200.00 and we especially urge your Honorable body to be as liberal in your levy as the exigency warrants.

Our President and Secretary respectfully: do hereby certify that the sum of one hundred (\$100.00) dollars has been raised by said society from the sale of memberships and for the promotion of the objection of said society.

Gentlemen:-

We trust that your honorable body will grant the Marquette County Agricultural Society and appropriation sufficient to practically wipe out our indebtedness, which, in round numbers, is about \$6,800.00. We were obliged this year to spend about \$1,00 for new buildings, sheds, repairing fences and race tracks. Owing to the unfavorable weather during the week that fair was held our gate receipts suffered a severe loss.

Hoping to be favored with a good sized appropriation, we remain

October, 7th, 1914.

To the Board of Supervisors of Marquette County.

Gentlemen:-

You will find enclosed a statistical survey of the agricultural townships of Cloverland, which is the fifteen counties of the Upper Peninsula of Michigan.

I hope you will examine this carefully, as it is the most reliable report the Bureau can make of its efforts.

The work of the Bureau is a commercial proposition, and its duties are to educate the people in other states and acquaint them with the opportunities that exist in Cloverland for general farming, fruit growing, dairying, cattle raising and truck growing, also opportunities for commercial and manufacturing enterprises.

If you will stop for a moment and reflect you will agree that it is not reasonable for farmers in Ohio, Wisconsin, Indiana and Illinois to come here and locate without reliable information is furnished them regarding Cloverland, the same as furnished by the two hundred and fifty or more development bureaus in other states, all seeking to increase their rural population.

In the two years that the Bureau has been in existence, according to your own reports of each township, there has been 2804 families located on agricultural lands, which on a basis of four to a family shows an increase in rural population of 11,216, and these 2804 families have purchased 249,678 acres of land for farming purposes.

You will agree with me that this increase would not have come to us if it had not been through the efforts of the successful publicity furnished by the Upper Peninsula Development Bureau.

An appropriation from your county is needed in order to sustain and enlarge the work of the Bureau. Can you afford to withdraw your support for work of this character.

Many believe that this kind of work is only profitable to the land men, but every new family locating in your township is worth \$600.00 revenue per year. This estimate comes from the United States Department of Commerce and Labor, and all the people in your township derive a direct and indirect benefit through the spending of this \$600.00

I feel assured that when a resolution comes before your board of supervisors for an appropriation to the Upper Peninsula Development Bureau it will receive your earnest support, as the Bureau can not exist without it can receive the financial support of your county to help pay its operating expenses.

Yours truly,

C.W.Mott.

Your committee on County Officers Accounts would report that they have looked over the books and records of the several County Officers viz:- The County Clerk, the County Treasurer, Judge of Probate, Register of Deeds, and Superintendents of the Poor and find all such books to be apparently well kept and up to date.

The cash balance in the hands of the County Treasurer on September 30th, 1914, as shown by his books is Eighty-five thousand eight hundred nineteen and seventeen cents (\$85,819.17).

Your committee would recommend that the correctness of the details of the accounts of all the County Officers be fully verified by having a complete audit made by a competent expert accountant as has been customarily here before.

With your approval and consent your Committee will arrange to have such audit made to cover the calendar year ending December 31st, 1914.

To the Honorable Board of Supervisors of Marquette County,

Gentlemen:- Your committee on supplies and expenditures to whom was referred the matter of transcribing and remapping certain records and plats in the office of the register of deeds of Marquette County, having had the matter under consideration would respectfully report that your committee has examined the records and maps in question consisting of Liber B of Deeds and certain maps and plats and find that the condition of said records is such that it is advisable and your committee recommends that such records be transcribed by the register of deeds and your committee also recommends arrangements be made to have duplicate maps and plats made by a competent person.

In this connection your committee calls attention to the fact that when the records contained in Liber B. are transcribed into the new record book there is no statute making such transcribed records evidence in court and otherwise and your committee recommends that suitable legislation should be procured if possible in order that such transcribed records may be evidence in the same manner that the original records may be used in evidence and thereby the county receive the full benefit of the expenditures necessary in transcribing such records.

The maps and plats when transcribed and remapped are evidence and are held and taken to be a record of the original plats with like effect as the original plats. A resolution required by the statute for this purpose will be presented to your board by this committee when arrangements have been completed.

Your committee therefore recommends that your committee be given authority to arrange to have the records in question transcribed and to have the plats remapped and platted.

Respectfully submitted.

Ishpeming, Mich. Dec.,4, 1914.

Mr.Frank G.Jenks,
County Clerk,
Marquette, Mich.

Dear Sir:- Section No.4310 of the compiled laws of 1897, provides that the county drain commissioner shall file a bond in the sum of \$5,000.00 to be approved by the County Clerk, county treasurer and judge of probate. It further provides that the Board of Supervisors may fix the bond at a different amount when in its judgment the same may be desirable.

In view of the fact, that there will probably be very little actual drain construction it seems to me, for the present, the amount of the bond required could be reduced to \$1,000.00. Will you kindly bring this matter before the Board of Supervisors at its next meeting.

Section No.4389 of the compiled laws provides that all necessary books, blanks and stationary for use of the drain commissioner shall be provided by the county clerk, and section No.4391 provides that the County shall furnish and maintain an office at the county seat for the drain commissioner.

Unless you know of some objection, I think, for the present, the County Clerk's office could be used by the drain commissioner.

Hon. Board of Supervisors,

Marquette, Mich.

Gentlemen:-

At a recent meeting of the State Board of Corrections and Charities the situation pertaining to your county jail was considered, and I was instructed to address a communication to you requesting that action be taken by your board with a view of providing a suitable and adequate jail for Marquette county.

While the condition of the jail has long been very unsatisfactory, and communications have been addressed to your board from time to time with reference thereto, this board has deferred decisive action with the expectation that you would make proper provision for the detention of your prisoners.

The members are now of the opinion, however, that the matter should not be further delayed, and respectfully request that action be taken at the present session of your board which will result in the construction of a suitable jail in your county.

Very respectfully,

N. Murray,

Secretary.

Dear Sir:

I hereby tender my resignation as a member of the Board of Canvassers of Marquette County.

Yours truly,

To the Honorable Board of Supervisors.

Marquette, Mich., April 26th, 1915.

To the Chairman and Board of Supervisors, Marquette County.

Gentlemen:-

As directed by you at your meeting held March 31st, 1915, I beg to advise that I have checked over 110 bonds for \$1,000.00 each bearing numbers 11 to 120 inclusive and 1320 interest coupons for \$20.00 each, which have been paid and cancelled, and have officially sealed same and placed them in the keeping of the County Clerk.

These bonds are part of an issue of \$120,000.00 authorized for the purpose of building the new Court House, bearing date June 30th, 1903 and are all of such issue that were negotiated.

I am unable to learn what disposition was made of the ten bonds of the series numbered 1 to 10 inclusive, nor of the \$20 interest coupons which became due December 31st, 1903. That date being prior to the date the bonds were sold it seems reasonable to assume that such bonds and coupons were destroyed, but I fail to find any record of such being the case.

We also recommended that the Chairman of this Committee be authorized to arrange with the Marquette Boiler & Sheet Iron Works to make all necessary repairs to the Court House Boilers.

Marquette, Michigan October 9, 1915.

TO THE HONORABLE, THE BOARD OF SUPERVISORS OF MARQUETTE, MICHIGAN.

Gentlemen:-

We have the honor to submit our Annual Report of receipts and disbursements, also other matters of interest pertaining to transactions of the Board during the year ending September 30, 1915.

Cash on hand September 30, 1914		\$ 7220.28

		\$ 62656.30

One hundred and seventeen persons have been inmates of the County House at different times during the year, and twenty hundred and fifty-seven persons have been aided outside the County House during the year.

Your Superintendents regret to report that we end the year with a cash balance of only \$1815.78. The past year has been exceptionally hard on the Poor Fund. We note that seven hundred fifty persons have received temporary aid during the present year more than the previous year, and our disbursements figure up to \$8684.46 more than the previous year.

Superintendent Sporley thinks the demand on him will be much lighter the ensuing year as there will be more men employed in the mines.

Superintendent Chase does not think the demands on him will be much less than the past year.

Your Superintendent also notes that the product on the Poor Farm is very much of a failure, from Mr. Stewart's report it will not be much more than half of what it was last year, so conditions do not look very promising in the First District.

We do not think it would be wise to ask an appropriation of less than \$60,000.00 with which amount we hope to be able to care for the indigent Poor of the County, also the Doctors' and Hospitals' bills.

Therefore, we respectfully request that your Honorable Body appropriate the sum of \$60,000.00 as relief for the Poor of Marquette County for the current year.

We note the following supplies on hand at the County Farm (estimated) Viz:

12 tons hay: 5 tons oat straw: 6 tons corn stalks: 25 bushels carrots: 15 bushels parsnips: 10 bushels beets: 10 bushels turnips: 1000 small head cabbage: 400 head celery: 650 bushels potatoes: and 1050 cords 16 in. wood.

All of which is respectfully submitted.

H.F. Handford.

To the Hon. Board of Supervisors of
Marquette County, Marquette, Mich.

October 11th, 1915.

Gentlemen:-

As the Executive Member of the Upper Peninsula Development Bureau from Marquette County, I have been requested by the Bureau to ask you to appropriate \$1,000.00 for their use for the ensuing year. This amount has already been appropriated by several of the County Boards and the Development Bureau hope and expect to raise about double the amount they did last year, which will enable them to make a vigorous campaign in advertising Cloverland.

The work in which the Bureau is engaged in carrying on can only be made a success by having sufficient funds to warrant a strong publicity campaign. The Annual Report of the Bureau shows good results and if each of the fifteen counties does its part it will only be a short time until we have double the number of good farms that we now have and this will help to lessen our taxes, and we will all feel well repaid for helping to bring about such results.

Yours truly,

Appropriation Morgan Heights

U.P. Development Association

October, 11th, 1915.

In compliance with the provisions of Sec. 5 of Act 253 of the Public Acts of 1895, we have the honor to submit herewith our annual report of receipts and disbursements for the year ending September 30th, 1915.

Receipts.		
Bal. on hand, Oct. 1, 1914	\$ 549.53	
Appropriation, Oct. 1914	<u>1000.00</u>	\$1549.53

Disbursements.		
Orders drawn on County Treas., Nos. 1282 to 1426, both inclusive		<u>\$1362.49</u>
Bal. on hand, Oct. 1, 1915		\$ 187.04

The demand on this fund has been as large the past year as any previous year and will be fully as large the coming year, as the old soldiers' widows are all old and every year leaves them less able to assist themselves. Every request for relief has been fully investigated and this money has been used as the law intended it should, and to the best of our judgment.

Therefore, we consider it our duty to respectfully request that your honorable body appropriate the sum of fifteen hundred dollars (\$1500) as a fund for the relief of old veterans and the widows of veterans during the coming year.

All of which is respectfully submitted.

Cortland E. Moore
Secretary, Soldiers' Relief Commission.

Ishpeming, Mich., Oct. 8, 1915.

To the Honorable Board of Supervisors
of Marquette County, Michigan.
Gentlemen:-

The last Legislature passed an act providing that suitable sign board shall be placed "at every branch of every state reward road or cross-road". The expense of the erection and keeping in repair of such sign boards to be taken out of the general fund of the county. It also provides that any person, who shall deface or injure such sign boards shall be guilty of a misdemeanor and shall be punished by a fine. Also that it shall be the duty of every supervisor, county road commissioner and township highway commissioner who has knowledge that an injury has been done to such sign board, shall make diligent effort to ascertain the name of the person guilty, and make complaint to the prosecuting Attorney.

To comply with the provisions of this Act, I would suggest that the Board appropriate three hundred (\$300.00) dollars for the purpose of erecting signs at branch roads, and also three hundred (\$300.00) for the purpose of erecting property line posts along the county roads. These posts to be similar to the railroad property line posts.

Respectfully submitted,
W.H. Johnston,
Chairman.

Also, a personal request for an appropriation by the Superintendent of the Good Will Farm at Houghton and one from the Upper Peninsula Representative of the Michigan Children's Home at St. Joseph was referred to this committee.

The following communication was read and ordered filed.

Marquette, Mich., Oct. 11th, 1915.

To the Chairman and Board of Supervisors of Marquette County.
Gentlemen:-

In regard to the matter of making a new index of Circuit Court cases for this County which was referred to me at the last meeting of this Board.

I beg to report that in my opinion it is desirable for the interest of the county that such new index be made.

This index will take considerably more labor for each item than the other indexes that the County Clerk has made recently.

I would recommend that the County Clerk be authorized to have such index made and that he be allowed compensation therefore at the rate of five cents per case.

The total number of cases is approximately 10,000, which will make the total cost about \$500.00

Respectfully submitted,

H.S.Thompson,

Chairman Committee on County Officers Accounts.

The following report of the Special Auditor was received and read and upon motion the report was adopted and Mr.Thompson authorized to complete his audit and make a final report at the next meeting of this board.

Marquette, Mich., Oct. 11th, 1915.

To the Chairman and Board of Supervisors of Marquette County.
Gentlemen:-

I beg to submit for your information the following figures showing the results of my investigation of the books of the County Treasurer as far as I have completed the work of checking up to this date.

A large number of errors have been found, which when correcting entries are made, will give the various cities and townships of the county, net credits or debits in addition to the balances now shown on the books as follows:

Credits.

Marquette City	\$ 2,135.83
Ishpeming City	99.97
Negaunee City	6.33

I have fully completed the checking of rejected taxes, back to and including the year 1903. A large proportion of the entries made on the books for these taxes have been incorrect. Many items have erroneously been ordered re-assessed and others that should have been reassessed were omitted. No action whatever has been taken by the board as to the reassessment of any taxes, other than state and county and county road.

I would particularly call your attention to taxes which were rejected for the reason that they had been paid to city or township treasurers who failed to mark them paid on their tax rolls, returning them as delinquent to the county treasurer.

The amount of such taxes during the twelve years I have covered is:

State, county and county road	\$ 1,002.53
Other taxes	<u>1,075.29</u>
Total.	2,077.82

The state, county and county road taxes were in most cases charged back to the cities and townships and reassessed as rejected taxes, but no action was taken in regard to the other taxes.

All of these amounts should have been collected of the township and city treasurers who signed the receipts in a few cases this has been done but as far as I can learn in most cases little or no effort has been made to collect from them.

I have done a good deal of work on the county treasurers delinquent tax collections, redemptions and state collections, but have not fully completed checking them. This is due to the fact that the details of distributions are almost entirely lacking in the treasurers books. The figures given in this report will of course be changed by any further errors that may be discovered.

H.S. Thompson, Chairman,
Committee on County Officers Accts.

The President of the Marquette County Agricultural Society submitted a communication and report which was ordered filed.

The following reports of County Officers were read and ordered filed.

Marquette, Mich. Oct. 11, 1915.

To the Honorable Board of Supervisors of Marquette County.

Gentlemen:-

Herewith is submitted a statement of receipts and disbursements by me the year ending Sept. 1915 and the Trial Balance etc.

I submit also for your consideration the statement of the Auditor General of the charged back list for the year ending June 30, 1915, a memorandum of the amount to be charged the several townships as Rejected Taxes and a detailed account of the same on separate lists for use in reassessing if desired.

Respectfully,

Joseph Barabe, County Treas.

Special Auditor H.S.Thompson, read the following report, which was received and ordered filed.

Marquette, Mich., Nov. 24th, 1914.

To the Chairman and Board of Supervisors of Marquette County.

Gentlemen:

I submit herewith the report of my examination of the books of the County Treasurer covering delinquent tax collections and rejected taxes for a period of ten years up to December 31st, 1914, the results of which are shown on the accompanying tabulated statement.

I have verified the cash accounting on the Treasurer's books insofar as it pertains to delinquent tax collections and rejected taxes and find that it is correct, as was certified to by Mr.J.A.Dresser.

I would recommend that the balances due to the several Cities and Townships as shown on my statement be paid to them under such conditions as may be approved by Mr.M.J.Kennedy, Prosecuting Attorney.

I find that during the entire period covered by my investigation the handling and ordering the re-assessment of rejected taxes by the Board of Supervisors has not been done in accordance with the law.

Special Auditor report

November, 24th, 1915.

The Treasurer has not furnished the Board proper lists of such taxes and the amounts which the Board has ordered re-assessed for State County and County Road taxes has been larger that it should have been.

The Treasurer furnished no lists whatever showing the amounts of City, Township School and other taxes rejected, for which reason no action has ever been taken by the Board on such taxes.

Inasmuch as a large part of such taxes if ordered re-assessed would have to be spread at large on the various cities and townships. I would recommend that no attempt be made to re-assess them at this late day.

The records of the Treasurer's office relative to the distribution of delinquent tax collections have been poorly kept for years. At times an entire month's business was omitted and many of the entries made were incorrect.

Postings to the journal have been made at irregular intervals and often omitted entirely. For the last two or three years the use of the journal had been nearly if entirely done away with.

At the time I first began my work of investigation, I found the general books of the office several months behind.

Since that time however these books have been brought much more nearly up to date. The conditions as I found them at the beginning of my work are absolutely inexcusable and should not be permitted or tolerated.

Respectfully submitted,

H.S. Thompson,

Chairman.

To the Hon. Board of Supervisors in Session.

Gentlemen:-

The undersigned committee of the City Commission of the City of Marquette respectfully request your honorable body to rescind that part of your resolution of November 24th which makes a condition of payment to the various cities and townships of the monies found due them by your Auditor H. S. Thompson, that such cities and townships release all further claims and causes of action relating thereto, and that payment of said amounts be now authorized without such releases being required at least as to the City of Marquette.

Very respectfully,

E. L. Pearce,

J. E. Sherman, Committee.

The chair appointed Supervisors, Thompson, Vandenboom and Stickney together with Prosecuting Attorney Kennedy, as such Committee, whereupon it was moved and seconded that recess be taken until 2:30 P. M. The motion prevailed. Upon reconvening at 2:30 the roll being called the following supervisors were found to be present:

Present: Arnold, Autio, Beckerleg, Bellstrom, Bordeau, Bush, Collick, Corkill, Delbridge, Fahlstedt, Field, Findlay, Flack, Gray, Graff, Gustafson, Hoffman, Johnson F.J., Johnson Chas. Johnson Chas. J., Keese, Manley, Matthews, Mitchell, Neidhart, Nightingale, Olson, Sicotte, Stickney, Swanson, Thompson, Trembath, Vandenboom, Wiseman, Yonkosky, Yungbluth, Powell Chairman-37.

Absent, Jackson-1.

The following resolution was read and unanimously adopted.

Whereas, Section 3910 of the Compiled Laws of the State of Michigan, Howells 1857 as amended by Act 83 of the year 1899 reads in part as follows, viz:

The County Treasurer of each county shall, on or before the first day of February, May, August and November in each year, make out a detailed statement of the account between the County and the several townships or cities, which statement shall show the different funds to which the several debits and credits belong, and render the same to the Township or City Treasurer, and pay all moneys shown by said statement so rendered to the township or city to the proper receiving officer of the township or city, and notify the township or city clerk of the items and total amount thereof: also a description of the lands upon which said taxes were paid." And,

Whereas, For many years past the Treasurers of Marquette County have neglected and omitted to furnish to the several Cities and Townships of the County any such detailed statements and it is the opinion and belief of the board of Supervisors, that the condition of accounts between Marquette County and the several cities and townships disclosed by the investigations made during the past year, is, in a large measure, if not entirely, due to the failure to perform the duties of the office by furnishing such statements.

Resolution

December 29th, 1915.

Therefore Resolved, That the Board of Supervisors hereby formally brings to the attention of the County Treasurer the fact of such neglect and omission in the performance of the duties of his office and hereby directs that from this date the office of the County Treasurer furnish to the several Cities and Townships of the County, at the times and in the manner specified, detailed statements complying fully with the provisions of the section of the State law first above quoted.

Resolved, Further that the Clerk of the Board of Supervisors, be and hereby is directed to deliver to the County Treasurer a certified copy of this resolution.

The following report of special committee was read and unanimously adopted.

The special committee appointed to confer with the representatives of the City commission with a view to effecting a settlement of the difficulties in the matter of rejected taxes and delinquent tax collections, would report that, after discussion the committee offered to modify and make more explicit the resolution providing for the form of receipt to be required from the City of Marquette upon payment to them of the amount shown to be due them as reported by the auditor, viz: \$2089.79 by the addition of the following clause: "Nothing contained in the release shall prevent the city commission of the City of Marquette from asking for and having re-assessed the rejected taxes shown upon the list prepared by the auditor, or any other rejected taxes which should be properly and lawfully re-assessed by the board of supervisors".

The representatives of the Marquette city commission refused to accept and approve the form of release and receipt as thus modified. Your committee would therefore recommend that the board of supervisors adhere to the form of release as provided in the resolution passed at the meeting held November 24th 1915, provided that if any of the cities or townships desire, they may have the release made more explicit as to rejected taxes by the addition of the clause above quoted.

The following communication was read and ordered filed.

February 17, 1916.

To the Board of Supervisors of the County of Marquette.

Gentlemen:

On April 26, 1915, I submitted to the county clerk the report of H.A.Higgins to the City Commission of the City of Marquette, showing analysis made by him of the delinquent real tax account of the county with the city,

This report was accompanied by a letter from me in which I made the request of the county for \$3,697.81, in addition to the collections made by the county treasurer since December 31, 1914, and requested the clerk to "Put this request through the proper channels for investigation and action."

The said report of Mr.Higgins showed the county treasury to be indebted to the city on account of taxes and interest collected for the city prior to January 1st, 1915, a balance of account of \$2,085.82. The other items which with said sum made up the amount of \$3,697.81, for which Mr.Higgins considered the county to be accountable to the city were on account of failures of the county treasurer and board of supervisors to properly perform their duties in relation to the return of delinquent taxes and the reassessment of rejected taxes, which failures had caused loss to the city of taxes and the interest thereon.

Since the date of my communication above mentioned, your board has caused an investigation to be made of the books and files of the county treasurer, which investi-

gation has substabtially verified the figures of Mr.Higgins as to the state of the account for taxes and interest collected and held by the county treasurer for the city, your accountant making the amount due the city \$2,089.79, or \$3.97 more than Mr.Higgins had found.

Your board has not considered and acted on any of the other matters embraced in said amount of \$3,697.81, which Mr.Higgins had considered to be due the city, your board having confined its actions solely to the account for moneys actually received by the county treasurer for the city, the balance of which amount to January 1st, 1915, your board has determined to be the said sum of \$2,089.79.

Please take notice, That the City of Marquette hereby withdraws from your consideration all items matters, claims and demands embraced in said report of Mr.Higgins, so submitted by me to the county clerk, other than such as are embraced in said balance of \$2,089.79: and that as to said balance said city renews its request that your board rescind its action, in effect instructing the county treasurer to refuse payment to said city of said admitted balance unless the city and city officials shall execute to the county releases of all claims and demands, action and causes of action, up to and including December 31,1914, While making this request the City of Marquette dees not admit that such action on the part of your board in attempting to exact a release of all claims is of any force, effect or validity, and said city does not waive its rights to insist in all actions, suits and proceedings that such action is arbitrary, unauthorized and void.

Very respectfully,

E.L.Pearce.

Gentlemen:-

Your special Committee appointed to attend the meeting of the State Board of Supervisors, beg leave to report as follows:- The convention was very well attended, fifty counties being represented. A member of this County was represented on the Resolution committee on resolution of interest which received unanimous support was that the State Board of Supervisors, furnish to each County Board sufficient number of copies of the regular proceedings so that each member of each County Board could be supplied with a copy, same to be mailed to the respective County Clerks within thirty days after the regular meeting. Another Resolution adopted was one to be presented to the State Legislature asking that Supervisors be elected for two years instead of one, which would give them more time to properly assess his township and become more efficient in his work.

Auditor General Fuller gave an interesting talk on rejected taxes and how to avoid them. During the discussion it was clearly brought out, that much of the rejected taxes could be collected if the County Treasurer would get in touch with the Township Treasurer and have matters straightened out in time.

Mr. Barnes gave an interesting and educational talk on the work of the State Tax Commission, much interest was manifested in the manner of organizing and controlling the County Agent. The Marquette County plan is considered the most economical and efficient now in effect.

All of which is respectfully submitted.

Whereas, M.A. Hanna & Company at their American Mine at Diorite is discharging the water from their iron ore washing plant into the stream that flows into the Escanaba River with the result that the clear water of the stream is now a turbid, unsightly mud creek utterly unfit for drinking, bathing or fishing. Now whereas the State of Michigan is expending large sums in stocking this stream with brook trout, and the homesteaders along its banks are deprived of a pure water supply, and whereas the American Mining Company can by expending a limited amount of money for settling tanks or by changing the course of the water used to the Carp River, could immediately stop that condition, be it resolved that the State Game Warden be respectfully asked to change this condition, and if necessary take adequate steps to insure the people who are using this stream as pure water supply which they enjoyed before the American Mining Company polluted with the refuse from their washing plant.

To the Hon. Board of Supervisors of Marquette County, Marquette, Mich.
Gentlemen:-

I have received an urgent invitation to attend the National convention of Weights and measures at Washington, D.C., May 23, while of course it would be most instructive, I feel the cost too great, but, respectfully ask to be delegated to attend the State Sealers convention at Detroit in July. A year ago I was nominated for place on the State executive committee, but declined same as, at the time, my term of office was of short duration.

The National Bureau of Standards are actively taking measures, to have such standards adopted by all States, and, by the State to counties, and when such regulations are accomplished, and perfected, almost untold benefits will be the result, especially to the general public.

Respectfully yours,
Thomas M. Wells,

Ishpeming, Mich., June, 17th, 1916.

Board of Supervisors of Marquette County, Michigan.

Gentlemen:- As you may be aware the recent high waters have materially injured several of our roads, including the washing out of the Foster Creek bridge.

As the appropriations stand to deduct the necessary amounts for the repair of this bridge would leave the fund for the Marquette south Road in such a condition that very necessary improvement work could not be done, and I am requested to ask that such authority be given to the committee of "Roads and Bridges" that they shall be empowered to transfer funds from one road to another when in their judgment such action is advisable.

Investigation work in the vicinity of Republic has also shown that the appropriation made for work in that vicinity is approximately \$4000.00 too small to do satisfactory work at that place. This work pertains to getting a more suitable location from the present end of the county road to the Village of Republic so as to avoid the present road over the hill. Several routes have been considered and one agreed upon that will reduce the grade considerably, be of less expense to maintain and safer, and will be much more satisfactory in every manner, than to go over the hill on the present route, but in order to do this work this season, funds will have to be provided.

Yours very truly,

W.H.Johnston,

Chairman.

The following communication was read and upon motion duly made and seconded the same was ordered tabled.

June, 10, 1916.

To the Board of Supervisors of Marquette County.

Gentlemen:-

The Commission to investigate Public Relief created by Act No.276 P.A. 1915 has organized and is now engaged in its survey both of the poor laws of Michigan and the administration of same.

The act of having carried no appropriation compels the financing of this survey by voluntary subscription. This, as well as the time for making a report to the next legislature, limits the number of counties that may be investigated.

Reports now being compiled will largely govern our selection of typical counties for survey, but believing that your Board and Superintendents of Poor desire the utmost efficiency for your county in the administration of public relief, we take this opportunity to notify you of our operation so that should there be a demand from your county for this investigation, we may be promptly advised thereof. Furthermore, if your county does desire this investigation, what proportion of the expense thereof will you assume.

Very respectfully,

M.T.Murray, Secretary.
