## DISASTROUS BOSTON BLAZE

New Buildings in District Recently Burned Over Swept Away by Fire.

MORE THAN TWENTY PERSONS KILLED AND INJURED.

Property Loss Is Conservatively Estimated at Over Four and One Half Million Dollars.

### THE HUB IN HARD LUCK.

BOSTON, March 10.—9 p. m.—One of the most destructive fires in the history of Boston, next in magnitude to the famous one of Thanksgiving Day, 1889, and in the same district, broke out shortly after 4 o'clock this afternoon. Before it was placed under control three hours later it had burned over more than a square, had reduced to ashes several of the magnificent new buildings recently completed on the territory burned over three and a half years ago, had consumed property valued by a conservative estimate at \$4,000,000, had been attended by scenes of panic and distress never before equaled in the memory of citizens now living and had destroyed several, perhaps many, human lives and mangled at least thirty persons, some of whom will die of their injuries.

The first alarm was rung from box 52, at 4:25 o'clock. It was soon followed by a second and then a general alarm. The flames broke out in the top department of Horace Partridge & Co., who occupied the fifth and sixth floors of the seven-story building on the corner of Essex and Lincoln streets owned by F. E. Ames. The cause is at present unknown but the start is described by those nearest to it as resembling the bursting of a fire stack. The flames spread with incredible rapidity and in a very few moments the entire interior of the building was burning. There were many employees of Partridge & Co. at work at the time and other floors of the building were sprinkled with human beings. The usual avenues of escape were at once cut off.

Then began a scramble for life which sickened beholders. The panic-stricken inmates fled to windows and roofs. Some escaped by sliding down telegraph poles, others by leaping into blankets. Several jumped to the pavement six or eight stories and were terribly mangled and others, how many cannot now be told, fell back into the flames or were overcome by the dense black smoke which suffocated all who did not speedily escape.

### PROGRESS OF THE FLAMES.

Boston, March 10.—5 p. m.—The Partridge building is in flames throughout and cannot be saved. An explosion of fire works in this building injured several employees and firemen. Twenty injured persons have been carried to the emergency hospital.

The United States Hotel is now on fire and it appears at the present writing that the entire rear of the building on Lincoln street is doomed to destruction.

The fire is spreading in the direction of the Boston & Albany depot and that structure is now in danger. Firemen were forced to jump from the Partridge building and were seriously injured. The walls of this building have fallen in.

The Singer Sewing Machine company building has been destroyed and the walls have fallen in. Two girls are known to have been lost in this structure.

The entire district from Essex street south to the Boston & Albany station is now threatened. The firemen are seriously impeded in their work by falling electric wires and the flames are gaining steadily. The First and Ninth regiments have been ordered to report on the scene.

Boston, March 10.—6 p. m.—The United States Hotel has not burned. One corner of it was destroyed. This corner contained the emergency hospital into which some fifteen or twenty injured persons had been taken. These were taken out safely and distributed in various places.

Only one dead body has so far been taken from the ruins. The principal loss of life was in the establishment of Horace Partridge & Co. where the fire broke out and which contained many fireworks. The number of lives lost is not yet known.

LIST OF DEAD AND WOUNDED.  
BOSTON, March 10.—The following victims of the fire were taken to the city hospital:

## CHICAGO OFFERS GOLD.

Bankers There Need Small Bills for Their Business.

WASHINGTON, March 10.—Secretary Carlisle has received offers from Chicago bankers to exchange \$3,000,000 in gold for a like amount of small treasury notes of the denominations of \$5, \$10 and \$20. intimations were made that the amount of small notes that will be needed will reach \$10,000,000, for which gold will be paid. He will forward the small notes at once. So far as the treasury department is advised no gold has been engaged at the New York sub-treasury for shipment on Saturday.

WASHINGTON, March 10.—Several other offers of gold for small treasury notes were made to secretary Carlisle this afternoon. Cincinnati bankers offered \$1,000,000 of which \$500,000 was accepted. Other offers in small quantities came from bankers in Kentucky, Illinois and Missouri. Treasurer Nebeker was much pleased with the turn affairs have taken and declared that sufficient offers of gold has been received to absorb all the small legal tender notes on hand.

### MORGAN WAS MURDERED.

Shocking End of Once Prominent St. Louis Educator.

ST. LOUIS, March 10.—The death here yesterday of H. H. Morgan, then supposed to be the result of a fall while intoxicated, has proved to be the result of a murderous assault on the once brilliant educator. An examination of the body disclosed a fracture four inches long over the left temple which the physicians declare was produced by a blunt instrument and could not have been the result of a fall. The brain showed the presence of several lesions caused by successive jars. The police are at work hunting the murderers, who are supposed to have committed the crime for the purpose of robbery.

### DEWALDEN DIVORCE CASE.

Lady Blanche Dewalden Testifies in Her Own Defense.

LONDON, March 10.—The trial of the Dewalden divorce was continued today. The manager and servants of the Seabrooke Hotel were called as witnesses to support Lord Frederick's charge that Lady Blanche had committed adultery with Captain Winter. The witnesses testified that Captain Winter had visited her ladyship at the Seabrooke Hotel, had dined with her there and had accompanied her afterwards to her parlor. Lady Blanche Dewalden then took the stand in her own defense. She looked quite embarrassed and retained her self-possession remarkably well, answering questions promptly and smiling pleasantly, indifferently or sarcastically as the queries seemed to suggest. She denied in detail all the charges that had been made against her by previous witnesses. The case was then adjourned.

### SHORTS SCURRY TO COVER.

Evidently a Big Corner Out in May Wheat.

CHICAGO, March 10.—There was the wild scene on the Board of Trade today. In twenty minutes May wheat bulged nearly three cents a bushel. Shorts became panic-stricken and fell over each other in their anxiety to cover. Traders yelled themselves hoarse and for a time the tumult double discounted anything seen in Chicago in many years.

The scare was emphasized by the fact that while May wheat was lifting into the blue empirean July wheat was dropping at an alarming rate.

The extraordinary gyrations in prices removed much of the doubt that a great corner is being run in May wheat and the subject of discussion was more as to the identity of the men running the corner than as to the corner itself.

### PORT HURON'S SENSATION.

Superfluous Wife of Prominent Citizen Turns Up Suddenly.

PORT HURON, Mich., March 10.—A woman giving her name as Mrs. Joseph K. Snyder, who has been stopping at the Huron House for some time past, created a sensation to-day by proclaiming that she is the wife of Joseph S. Kite, a prominent citizen. She claims that Kite's real name is Snyder and that he deserted her in California twelve years ago, married another woman and came to Port Huron, where he has since resided. Kite is ex-supreme commander of the Knights of the Maccabees of the World and says that the woman's story is false and that she is crazy. Kite, however, has paid Mrs. Snyder many visits at the hotel during the past few months.

### WANT MONEY FOR MISSIONS.

Baptists Trying to Raise \$1,000,000 for Africa Alone.

MILWAUKEE, March 10.—The Baptist missionary conference in progress here will end tonight. Today Rev. L. A. Gould of China presided and the discussion related mainly to Asiatic missions. The conference is one of a number arranged by the Baptist missionary board, which has undertaken to raise a special fund of \$1,000,000 to be used principally to extend work in the Congo district of Africa. The missionaries state that so many steamers have been sent to the Congo as a result of Stanley's efforts that it is now comparatively easy to reach the interior. One Baptist missionary has been working at a point 1,500 miles from the coast.

### Negro Murderer Hanged.

CENTER, Ala., March 10.—Sherman App, colored, was hung here at 1 o'clock for the murder a year ago of a farmer named Hague. App sold his body a few days ago by the pound, getting \$12.48.

## JUDGE STONE NOMINATED.

Republicans and Democrats Agree on Him as Non-Partisan Candidate.

GOOD SERVICE AND HIGH ABILITY RECOGNIZED.

Two Conventions Meet at Escanaba and Promptly Decide on His Nomination for Judge.

### LESSON TO CRAZY PARTISANS.

ESCANABA, Mich., March 10.—[Special.]—Judge John W. Stone of Marquette was renominated this evening for that position by the unanimous vote of both the Democratic and Republican conventions for the Twenty-fifth judicial circuit.

Both conventions assembled at 8 o'clock at the New Ludington Hotel. Each body appointed a conference committee on the judicial nomination. These committees met and in a few minutes reported to their respective conventions a recommendation that John W. Stone, the present incumbent, be nominated for circuit judge by each convention as a non-partisan candidate. This report was adopted unanimously by each convention and after naming judicial committees for the next six years both bodies adjourned without day.

### DUN'S REVIEW OF TRADE.

Iron Still Depressed but Unsold Stocks Are Smaller.

NEW YORK, March 10.—R. G. Dun & Co.'s Weekly Review of Trade says: Business during the past week has been affected by the severe weather but even more by the stringency and uncertainty in money markets. The quantity of wheat coming into sight continues at the rate of one-half millions bushels per day, which is extremely large for the season when crops are supposed to be short and prices very low. Exports are quite small and the price declined a cent for the week. Corn was firmly held and advanced over a cent and oats nearly as much while pork was raised twenty-five cents, though lard and hogs were lower.

The output of iron March 1 was 5,777 tons weekly more than Feb. 1, though 17,000 tons less than a year ago. Stocks unshipped declined 7,700 tons during the month. Southern producers are weakening and 13,000 tons of gray forge were sold at \$8 at Birmingham. Bar iron is at the lowest point, plates cut less severely and rails dull, while structural works are still running full time but with few new orders. Copper is steady at 12c for lake. The coal market is steady notwithstanding the collapse of the combination.

The business failures occurring throughout the country during the past seven days number 227 as compared with totals of 251 last week.

### CHOCTAW JUSTICE SWIFT.

Murderer Tried, Condemned and Executed Within Forty Days.

CADDO, I. T., March 10.—At noon today Sheriff Paul Johnson of Jackson county, Choctaw nation, shot to death Elias Loring in accordance with sentence passed upon him by Judge Hampton at the February term of the district court at Poshmata. Loring on Jan. 30 shot and killed Granny Cravatt, an aged Indian woman, who he alleged had bewitched him. Loring was a full blood Chickasaw about thirty years old.

### LIVED NEARLY FIFTY YEARS.

Celebrated Racer Monitor Dies at t. e. Age of 57.

NEW YORK, March 10.—The celebrated race horse Monitor, the idol of thousands and the pride of his own race, George Lorrillard, is dead. Monitor was a son of Glenelg and Minx and was foaled in 1836. In seven years he took part in 117 races, forty-two of which he won. After his racing career Monitor was given a paddock to himself and allowed to spend the rest of his days at ease.

### PRINCESS KAUULANI INVITED.

World's Fair Hustlers After Her for an Attraction.

WASHINGTON, March 10.—Colonel Dickinson, secretary of the World's Fair commission, Colonel L. L. Williams of San Francisco and Congressman Chipman of Michigan waited upon Princess Kauulani today and requested her to visit the World's Fair. The princess remarked that she had never visited an exposition. It would delight her exceedingly to comply with the request and she would endeavor to do so.

### COULD NOT STAND PRESSURE.

Two Workers in East River Tunnel Taken Out to Die.

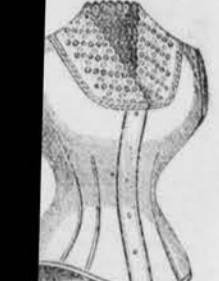

NEW YORK, March 10.—The tunnel building under the East River at West street claimed two more victims this morning. Two workmen, Arthur Gunn of this city and Matthew Hart of Montauk, were overcome by compressed air and taken out in a dying condition. Edward Ferriss, a foreman, lost his life in the tunnel last Saturday from the same cause.

### NO NEWS OF THE NARONIC.

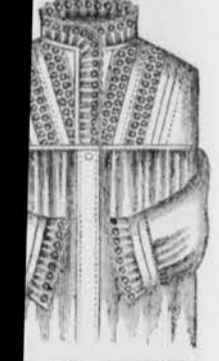

Many Steamers Arrive but Not One Sighted Her.

NEW YORK, March 10.—A big fleet of steamships came into port this morning but not one of them brought a word of news in regard to the missing freighter Naronic of the White Star line. These vessels came in from all points of the compass. Besides having terrible weather to report their logs were almost devoid of interest.

HUMAN NATURE'S INEQUALITIES. The Sort of Consolation a Philosopher Finds in His Thoughts. "I've lost faith in human nature," is the common expression of many who have been deceived by strangers or wronged by pretended friends.

Perish the philosophy which would reduce us to that. Life is alone worth living because of its inequalities, as beauty is worshipped because of its rarity and strength and goodness, and riches give pleasure because of their widely contrasting opposites.

Where Popular Education Has Failed. The educated critics of the practical results of public education complain that lawless violence continues to break out just as it did before common schools were thought of, that Lynch law is familiar in the United States, riotous mobs are still in Seattle, and assassination an avowed means of social and industrial regeneration.

On the other hand, the least educated and most laborious classes complain that, in spite of universal elementary education, society does not tend toward a greater equality of condition. They allege that the rich man in modern society does not bear, either in peace or in war, the grave responsibilities which the rich man of former centuries, who was a great land owner, had to bear.

An Old Story Retold. A merchant died at Ispahan in the earlier part of this century who had for many years denied the existence of his son, except as a crust of coarse bread. On a certain occasion he was overtaken to buy a piece of cheese, but reproaching himself with extravagance he put the cheese into a bottle, and contented himself and obliged the boy to do the same, with the result that the boy, enjoying the cheese in imagination, one day, returning home later than usual, the merchant found his son eating his crust, which he constantly rubbed against the door.

One on the Conductor. "I ventured to remark that the bus was going rather slowly," said a well known wag the other day, "whereupon the conductor, to the great delight of the others, began 'chaffing' me."

Arms of a Philadelphia Policeman. The substitution for the night sticks of the New York police of a pocket billy and a whistle brings to mind the fact that the Philadelphia police are regular walking arsenals compared with the New York patrolmen.

A Forbidden Topic. "There is one topic peremptorily forbidden to all well bred, to all rational mortals," says Emerson, "namely, their distempers. If you have not slept, or if you have slept, or if you have headache, or sea-sickness, or leprosy, or thunderstroke, I see you, by all angels, to hold your peace, and not pollute the morning, to which all the housewives bring serene and pleasant thoughts, by corruption and groans. Come out of the azure. Love the day."

CHOLERINE IN PENNSYLVANIA. Swickley, Penn.: We had an epidemic of cholera, as our physicians called it, in this place lately and I made a great hit with Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"Our domestic, Minnie, has a bright little girl," writes Mrs. L. C. Smith, 30 North Washington St., Rochester, N. Y., "and I have become much interested in the family. Poor thing! Her little mother has had the consumption. She is from a consumptive family and had been on the decline till the unerring 'hectic flush' set in. Well I went for Dr. Fenner's Golden Relief, giving her 5 drops on a small lump of sugar, every 2 hours. I used it with her about a month and you ought to see the change! She has become hale and buxom. I am knowing to several other cures of consumption by it."

# A VAGRANT RUN DOWN.

Ishpeming's Authorities Make it Warm for a Festive Chimney Sweep.

# DISASTROUS FIRE AT ROCK'S KILNS THURSDAY NIGHT.

A Wandering Journalist's Predicament. Not Quite Reformed—The Bethany Church Concert.

# WOULDN'T TAKE A HINT.

The chimney sweeper who has been doing the town the past few days has been suspected by the police to be a full-fledged vagrant. His movements were watched by the marshal and his assistants until Thursday afternoon, when he was politely asked to take a walk to the court room of Justice Kennedy where he was requested to give an account of himself. After questioning the dust-colored tramp a few minutes the justice told him to get out of town before dark or he would have him locked up. The fellow replied that "he didn't have to leave town." He was released for the time being. That night he got full and accidentally ran into the arms of a "cop" who steered him to the lockup, where he remained until morning.

In court he gave his name as John King and said that he hailed from lower Michigan. Whether that is his name or not no one here knows. He was sentenced to ten days in the county jail on the charge of vagrancy.

On Thursday King, as he called himself, told a number of men with whom he was conversing that he had been released from the Michigan branch prison on the 17th of February, after having spent the preceding eighteen months there for horse stealing. He said he was convicted and sentenced at Ironwood, where he followed the chimney sweeping business. Under the circumstances Justice Kennedy did well in sending King up for a few days, as he will be likely to betake himself to other parts after he serves his sentence out.

# Destroyed by Fire.

Thursday evening between 9 and 10 o'clock Andrew Rock's barn at Rock's Kilns, three miles west of Ishpeming, was burned to the ground. Five horses and five cows were cremated. Two hay cutting machines, a double cutter, a two-seated double wagon, a plough and a single buggy were destroyed. There was a small quantity of grain in the barn also.

How the fire started no one can tell. During the evening Mr. Rock and his family were at the home of his son-in-law, Mr. King, and were engaged in playing cards, when suddenly their attention was attracted by a bright light shining through the window. They rushed out and found the barn in flames. They hurried to the barn but arrived there too late to save the animals or any of the stuff it contained.

The barn was owned by the Cleveland-Cliffs company and was insured, while Mr. Rock had no insurance on the stock.

The bright light from the fire attracted the attention of people living in this city and Negawane, also towns up the road. Many supposed the fire was at the Dexter or Humboldt, while others thought it was at the Ropes gold mine. Messengers were sent from here to the towns up the road asking for information regarding the conflagration, but no definite information concerning it was obtained until Tuesday morning when some of Mr. Rock's family came to town.

# Still in the Soup.

C. A. Sheldon, late city editor of Finn's defunct daily, who left here a few days ago for Fond du Lac, Wis., where he claimed he had secured a position, is now living on "sweet charity" at that place. The publisher who promised him a job went back on his agreement when he saw Sheldon. There must have been something in his looks that betrayed him or, possibly, his reputation as a "bum" had preceded him. Sheldon will not return to Ishpeming, however, as the distance is altogether too great for him to cover on foot.

# Taken in Again.

John Lavigne, a lad about eighteen years of age who returned from the reform school, where he spent two years, a little over a year ago, was arrested yesterday and was put in the lock-up for safe keeping. The lad was discharged from the reform school at the request of his friends on his promise that he would lead a better life. He has made a poor success of the attempt, however, and it was thought advisable to take him into gaol again. His case will be looked into today by County Agent C.

# B. Blanchard, and it is likely he will be sent back to the reform school.

# ISHPEMING IN BRIEF.

Miss Bertie Austey has been confined to her room by sickness the past few days.

The bankrupt sale of the Cahoon boot and shoe stock is attracting a great many buyers.

Anderson & Kilstrom, dry goods merchants, have a word of advice to offer to the reader in today's issue.

Peter Hein has added a watch and clock repairing bench, with a competent man in charge, to his musical goods business.

Next Wednesday evening the Swedish-American Concert company of Negawane will give a concert at Braastad's Hall, this city.

Miss H. Kennedy will leave for Chicago, where she has accepted a position in the millinery house of O. B. Tennis & Co., tomorrow.

Mr. G. W. Hayden arrived home yesterday from his trip to Washington where he attended the inauguration of President Cleveland.

The annual meeting of the Ropes Gold & Silver company will be held at the office of the secretary in this city Monday evening next.

The "Gold King" will be the piece given at the matinee by the Browne company this afternoon. Twenty-five cents admission for adults, children ten cents.

Mrs. Geo. E. Voyer and children will leave today for Ashland, Wis., where they will join Mr. Voyer, who has a position with the Grand Union Tea company at that place.

Chas. Swenson has resigned his position with the Star clothing house and gone to Chicago, where he will work in a mill factory. Aug. Lindberg takes the position he resigned at the "Star."

A Prohibition convention was held Thursday evening at the Temple of Honor Hall on Division street. Nothing of an important nature was done. The prohibs are getting in line for the coming election.

W. E. Sutherland of Crystal Falls, formerly of Ishpeming, has been in town the past few days. Mr. Sutherland is a well-known contractor who did an extensive business while a resident of Ishpeming.

F. N. Nelson, who went to Escanaba a few weeks ago to take charge of the Grand Union Tea company's business at that point, has been home on a visit to his parents the past few days. He returned to Escanaba yesterday.

John L. Bohm has leased the place kept by Mrs. M. Cunningham at Palmer and will conduct a saloon and lunch house there. Mr. Bohm should do well at Palmer as his is the only establishment of the kind on that range.

The theme at the Calvary Baptist church tomorrow evening will be "Trinity of Humanity." Sabbath school at 11:45. Evening theme, "The Dove and the Raven." The attendance at this church is increasing at a very rapid rate.

Dan Gourdeau was given an Indian baby's petrified foot yesterday by a traveling man. The bottom, or sole, of the foot is perfectly shaped, but the top does not represent anything, one side of it appearing to have been washed away by a constant flow of water.

"The Girl I Love" will be presented tonight by James H. Browne's Theatre company at the City Opera House. A plush parlor suite will be given away to the person holding the lucky number tonight. The furniture is on exhibition at Hamilton Stewart's store, Main street.

Joe Remillard levied an attachment on a quantity of poles owned by Joe Lerongie a few days ago to satisfy the amount of a bill which was owing him by Lerongie, and yesterday the poles were disposed of at auction by Deputy Sheriff Peterson. Mr. Remillard was the highest bidder and secured the poles for less than the amount of his claim, which was about \$70. The sale took place at Deer Lake. The poles are of sufficient value to satisfy Mr. Remillard's claim.

The price cuts no figure. The goods must go and that mightily lively. Call at Cahoon's and see what you can save on a pair of boots or shoes. "Closing out" is what we are doing and in earnest.

# LOOK AT THIS.

On and after today F. Braastad & Co. will sell Washburn-Crosby's Best XXXX flour at \$4.90 per bbl., Washburn-Crosby's Co's Best, \$4.90 per bbl.; Wisconsin Patent (Island City) wholesale, \$4.00; retail, \$4.25 per bbl. Rye Graham, \$4.00 per bbl. (1-15-11)

The sacrifice sale of boots and shoes at Cahoon's continues to be as lively as it was the first day the sale was opened. People realize that they can save by buying there. Call early while the stock is unbroken.

You can't afford to miss the opportunity to buy your supply of shoes at "saw-down" prices, such as are offered on the stock formerly owned by F. E. Cahoon. 3-11-11

Shoes without number at prices way below the wholesale mark is the order of things at the store formerly conducted by F. E. Cahoon. If you want footwear at a bargain don't neglect buying from our stock. The goods must go and at prices that will sell them.

"I've tried all sorts of blood-purifiers," said an old old lady to a "cutter," "and you can't persuade me that any other Sarsaparilla is as good as Ayer's." There's where she had him. She knew that Ayer's was the best—and so did he, but it paid him better to sell a cheaper brand.

### IS IS NOT APPRECIATED.

**Too Much of a Good Thing Causes Trouble All Around the Circle.**

**FIRST OF THE Y. M. C. A. HISTORICAL ADDRESSES SUNDAY.**

**The National Union Party Last Evening—Vannier & Bigelow Spruce Up—Minor News Notes.**

#### A DEMORALIZING THAW.

The general break-up is having a bad effect on business throughout the city and in the woods. There was such a heavy body of snow that a thaw was greatly desired but a steady week of it is more than was bargained for and has ruined the roads, stopping heavy teaming of every description. As a result work on the breakwater was suspended Thursday noon and yesterday morning Powell & Mitchell, being unable to move the rock gotten out, were compelled to lay off most of the heavy force of men employed at the North Front street bluffs where they are quarrying rock.

In the woods, too, the soft weather has made it impossible to haul logs and has rendered the road to the Yellow Dog, which has been about the best traveled road in the county this winter, practically impassible for the supply teams. In fact a light rig had trouble getting through yesterday, the horses cutting themselves badly and pulling the shoes off from their fore feet because they broke through the densely packed surface of the road at almost every other step.

The worst of it is that there is no probability of the mild weather lasting and the whole siege of slush, neither sleighing nor wheeling, will undoubtedly have to be gone through with again.

#### The National Union Party.

The party given last evening in Fraternity Hall by Mesnard Council, No. 38, National Union, was splendidly attended and was a success in every feature. The refreshments were served by Heppner and Hughes' full orchestra furnished the music, the verdict again being overwhelmingly in favor of the orchestra with the drum and traps rather than without. The following committees had charge of the affair: Reception—H. J. Lobdell, R. M. Abel, M. J. Sherwood, Dr. A. M. York, B. O. Pearl; floor—C. F. Marsh, C. E. Bice, Dr. C. O. Boyce; arrangements—J. H. Bice, A. Thurlitt, Dr. H. W. Banks.

#### Remodeled Completely.

Vannier & Bigelow have just finished improvements in their store which have resulted in making it one of the most attractive business places in the city. New paper has been put on throughout, all the woodwork carefully cleaned and repainted and new show case tables, built here to match the new wall cases recently put in by the firm, have taken the place of the old tables while an entirely new arrangement has been adopted for the news and book side of the store. The firm's business is steadily increasing in all its branches and its members are constantly on the alert to anticipate the wants of their patrons and thus to continue to deserve the popularity which they have acquired.

#### An Interesting Service.

Few are familiar with the history of the early church fathers. People generally are aware that John Knox was the herald of Presbyterianism, John Wesley a pioneer in Methodism and Martin Luther the moving spirit in the Reformation, but of their habits and circumstances the majority of people know but little.

Disagreeing with the then dominant church of New England, Roger Williams was banished to Rhode Island. The aristocratic citizens of Providence love to ride out in their costly carriages close to the wave-tossed bay, and to point out the rock on which the persecuted preacher landed. The children who play with the pebbles know where his boat touched the shore, but their fathers and mothers are often ignorant of the cardinal doctrines which he taught.

"Henry the Eighth" is a conspicuous figure in history, yet his "crown ministers" are comparatively strange characters. Their connection with the English church is little known, their influence on subsequent religious movements seldom measured.

With the view of enabling the young men of Marquette to become familiar with the lives of the makers of church history, the devotional committee of the Y. M. C. A. has arranged a series of historical addresses. The first will be delivered tomorrow afternoon by Archdeacon G. Mott Williams, rector of St. Paul's church, the music being furnished by St. Paul's choir of thirty voices. The services will be held in the Y. M. C. A. gymnasium at 4 o'clock, the following being the program: "The Radian Morn".....Woodward Episcopal Choir. "O Saviour of the World".....Goss Choir. Address, "Crown Ministers of Henry the Eighth".....Woodward Episcopal Choir. "The Sun Shall Be No More".....Woodward Choir.

#### Another Scholarship Offered.

Principal E. C. Glenn of the Upper Peninsula Business college found the interest so general in the hen-and-a-half-egg-and-a-half problem which he propounded recently with a free scholarship in the business college as the prize for the first correct answer received, solutions coming in from all parts of the peninsula, that he has decided to make another offer. This time he offers a free scholarship in the night school for the boy or girl sending in the first correct solution of the following problem: "A and B, wishing to sell their pork were informed by a dealer that A's hog, weighing 200 pounds, would be classified as light pork, and B's, weighing 300 pounds, would be classified as heavy pork, and that there was a cent

per pound difference, but taking the two hogs together he would give them four cents per pound. Accepting the dealer's proposition how much per pound did each receive?"

#### "ROYAL BUBY" PORT WINE.

If you are reduced in vitality or strength by illness or any other cause, we recommend the use of this grand old Port wine, the very blood of the grape. A grand tonic for mothers nursing and those reduced by wasting disease. It creates strength, improves the appetite. Nature's own remedy, much preferable to drugs, guaranteed absolutely pure and of age. Young wine ordinarily sold is not fit to use. Insist on having this standard brand, it costs no more. \$1 in quart bottles of the Royal Wine Co., Chicago. For sale by H. H. Stafford, Son & Co., Marquette, and J. N. Perkins & Co., Negaunee.

#### RHEUMATISM QUICKLY CURED.

Three days is a very short time in which to cure a bad case of rheumatism; but it can be done, if the proper treatment is adopted, as will be seen by the following from James Lambert, of New Brunswick, Ill: "I was badly afflicted with rheumatism in the hips and legs, when I bought a bottle of Chamberlain's Pain Balm. It cured me in three days. I am all right today; and would insist on every one who is afflicted with that terrible disease to use Chamberlain's Pain Balm and get well at once." 50 cent bottles for sale by H. H. Stafford, Son & Co. Druggists.

People with delicate stomach find Ayer's Sarsaparilla agreeable to the taste, and, therefore, prefer it as a blood-purifier to any other. This is one reason for its great popularity as a spring and family medicine. Safe, certain, and palatable.

There is no one instrument, unless, indeed, it be a large pipe organ, capable of the variety of effects that are obtainable on the Aeolian. Unlike the pipe organ, however, the Aeolian is adapted to all classes of music; overtures and symphonies can be rendered on it with all the softness and delicacy of the flute and violin and cello and all the snap and brilliancy of the piano. See and hear them at Conklin's.
