MIDDLE-AGED MEN.

There are many of the age of 30 to 50 who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting sensation and weakening of the system in a manner which the patient cannot account for. On examination it will be found that the urine deposits a ropy sediment and sometimes small particles of albumen will appear or the color be of a thin or milkish hue, again changing to a dark and torpid appearance. There are many who die of this difficulty ignorant of the cause which is the second stage of weakness.

Baldwin, first auditor of the treasury, has issued an order which will prevent favoritism in the examintion of accounts. It has been the practice to make accounts special at the request of certain attorneys who have been doing business before the department and thus hurrying them through ahead of their turn. This has worked a great injustice, as men who did not employ attorneys or could bring no incomply attorneys or could bring no incomplete to bear upon the auditing officer were compelled to wait many months for the settlement of their accounts. Under this system some accounts were

German actress, Martha George, as Lena, and the little child, La, ella Shirley, were most enthusiastically a eccived, and each in the new songs and a pecialties won encore after encore. Mr. B. kler. as the jolly German Chris, infused a ewilife into the character by his original good natured and natural portrayal, and his new songs, yodelings and lullables scored for him a great hit. The changes in "Chris and Lena," as presented yesterday, are many; a comedy in its text, interwoven with a story of adventure, full of melodious, new songs, sparkling in pure German wit and humor, entertaining, pleasing, interesting, an ollapodrida of music, dancing and specialties. Mr. Baker has wisely surrounded himself with a good company. Miss Martha George is a most pleasing German soubrette, who was for years connected with the German stock company at the Thalia Theatre, New York City. She gave a natural rendition of the character Lena and her singing is simply at the Thalia Theatre, New York City. She gave a natural rendition of the character Lena, and her singing is simply charming. She has a beautiful, clear soprano voice. The little child, Luella Shirley, made a hit in her specialties, and the Irish comedian, Billy Kennedy, was original, and, with Mr. Baker, kept the audience in a continual roar of laughter. Miss Viva Walters, Marie Morisini, Mr. George B. Miller and Victor Harvy rendered able assistance. The "Chris and Lena," in fact, as rendered yesterday, was decidedly the best ever seen in this city.—Cincinnatti Commercial Gazette.

On the first floor there will be a reception room 9 by 13 with sliding doors leading to the parlor. The parlor will be 14 by 15½. Adjoining the parlor is the sitting room, 15¾ by 13, in which is large bay window overlooking Empire street. A feature of the sitting room is a corner mantle. The sitting and dining rooms will be connected by sliding doors. The dining room is 13 by 15. At the rear of this room is a large china closet, with double acting doors giving entrance to the kitchen, the latter being 14 by 12½. Off the kitchen, at the rear of the china closet, is a pantry 9 by 5, with rear staircase leading to the basement and the second floor. At the extreme end of the building is a veranda covering the entire width of the house.

On the second floor there will be a chamber over the parlor 11 by 15, with allows chamber directly off the same

connecting with an archway. The adjoining closet will be connected with this by sliding doors. There will be a sitting room directly over the sitting room on the first floor 15½ by 13, with bay window similar to that on the first floor. To the left of the hall over the dining room is a chamber 11 by 13½, at the rear of which will be a bath room \$8½ by 6½. At the rear of the bath room are stairways, one leading down to the first floor and up to the attic. To the right of the hall at the rear will be a servants' room 10 by 11. CHARITY CONCERT.

The ladies of St. Paul's Catholic hurch have begun making arrangements for a concert to be given next Thursday evening for the benefit of the Mr. E. J. Schagel of Crystal Lake and their mother. The children will shortly be sent to the orphan asylum at Marquette and it is the intention of the ladies to procure funds to provide them with proper clothing before sending them away. This is a case where every person who is able should assist for "sweet charity's sake." The parents of the orphaned children were respected residents of Negaunee. Mr. Reichel served as a fireman in the Negaunee fire department for a number of years before his death and since his death the members of the fire definition of the late Mrs. John Phillips of this place, were united in marriage at the residence of the bride's parents here on Sunday afternoon. Mr. Jake Wiedenbach acted as groomsman and Miss Helia Wiedenbach as bridesamaid, Rev. Penglaze of Champion officiating. GETTING READY FOR CHICAGO

The Common Council Adjourns to Meet Monday in the World's Fair City.

THE BUSINESS ON HAND DIS-POSED OF LAST NIGHT.

Salaries Fixed and Liquor Bonds Approved-Banners for the Special Car Inspected After the Meeting.

BY THE COMMON COUNCIL. At the adjourned special meeting of the common council last evening Mayor Kaufman was present and presided. The first business transacted was the examination of the seventeen liquor bonds referred back on Tuesday night and of the five new ones since presented. All were found satisfactory and were approved, the list being as follows: George E. Rublein, Chas. E. L'huillier, Geo. Grieninger, Salomon Bjorklen, Kulpake & Snell, John Kelly, Peter Boyer, Shea Bros., Lieb & Anderson, Kate Willard, Fred Bressau, Julius Glode, Rothschild & Bending, Jos. Bennett, Andrew Trudeau, John Connors, Longtine & Charpentier, Jas.

Alderman Moore called for a division of the question and a vote on the proposition to place the controller's salary leaving the arrester in its position beat \$1,800 was then taken, the motion being carried. Alderman Brown next moved that the salary of the street recommissioner be fixed at \$1,200. Alderman Moore offered an amendment placing it at \$1,000, but the amendment was lost by a vote of 12 to 3 (Alderman Besignifies not having taken his seat at Designations not having taken his seat at

Desjardins not having taken his seat at that time) and the original motion was then carried, while the salaries of the other city officers were placed at the same figure as last year, a special vote being taken on that of the city engineer, which remains at \$100 per month. Alderman Hennessey of the special committee appointed to investigate the subject of pounds then presented a report in the shape of an ordinance designating Lot 80. Baldwin addition, and Lots 103, 104 and 105 in William Burt's addition as city pounds. The ordinance was adopted and then the committee recommended the appointment of Edward Hogan as cow policeman, subject to the directions of the marshal. In the midst of the discussion which followed relative to the legality of the pounds, the efficiency possible with one man, etc., etc., Alderman Desjardins raised the point of order that the appointment rested with the mayor and the motions and amendments before the house were withdrawn.

Off for Chicago.

The common council of the city of Marquette will leave for Chicago tomor-Marquette will leave for Chicago tomor-row afternoon at 3:20 o'clock in a spe-cial car as the invited guests of Mayor had to run from the hose house two Kaufman to attend the opening of the World's Fair. The pilgrimage is one which will be made from no other city which will be made from no other city at this distance from Chicago, over 400 miles, and the affair has already made the fire and also the city generally by Mayor Kaufman and his aldermen fa-Mayor Kaufman and his aldermen famous in the west and has added to the fame of the city.

The elegant special car in which the party will travel will be decorated on its arrival in the city tomorrow morning by Nick Ritz, the well-known artist and decorator who has already established a splendid reputation in this line of business, and at the close of the council meeting last night the mayor and aldermen went up to the shon of and aldermen went up to the shop of Clendining & Ritz, opposite the Hotel Marquette, to look at the great banners which will ornament the sides of the

Each is sixty-two feet long and three feet wide, of heavy canvas thoroughly protected by white paint, on which background the lettering is placed. This makes the banners proof against wind, rain and smoke and makes it possible to wash them off if it is decided. The inscription on each is: "City council of Marquette, Mich.—Queen City of Lake Superior—En Route to World's Fair." A large and beautifully ornamented "C" does duty for both of the opening words and the word "Lake" appears on a correct map of Lake Superior as a background, the geo-graphical position of Marquette being plainly marked with a red circle and the name of the city, also in red. A large globe is also drawn between the

large globe is also drawn between the words "World's Fair."

All of the lettering is in two colors with ornamental bronze centers and in every feature the banners are the most elaborate ever sent out on a car from this part of the state. In addition to these large banners the car will be elaborately decorated with flags and bunting and on the way home the word "from" will be substituted for "to" before "World's Fair. fore "World's Fair.

New Lightning Arresters

Superintendent Wilson of the city electric light plant has just finished putting four lightning arresters of the very latest make on the incandescent circuit. They are Wurts' non-arcing arresters, just brought out by the Westinghouse company, and are the most perfect yet discovered, removing the danger of damage to the dynamos perfectly. One has been placed at the electric light station and three of a slightly different pattern on the circuit in the city, one near the cathedral, another at the corner of Front and Washington streets and the third at the corner of Spruce and Michigan streets.

The arrester derives it efficiency from ship the peculiar properties of a newly dis covered non-arcing metal described be fore the American Institute of Electri-Yonkoskey, Anderson & Swanson, Geo. cal Engineers March 15, 1892 by Alex Heineman, John H. Lewis. This makes sixty-two bonds thus far approved.

The council next took up the subject of the extension of Altamont street north to Fisher street and the city attorney was directed to secure the next.

A description of the agreeters along the agreeter of the agreeters along the first torney was directed to secure the next.

of the extension of Altamont street north to Fisher street and the city attorney was directed to secure the necessary right of way. A resolution expressing it as the sense of the council that a stone culvert should be built over Whetstone brook where crossed by the new street was presented and the matter was referred to the street committee.

On motion of Alderman Hennessey the electric light commission was asked to put an are light at the corner of Front and Fisher street as soon as it is found possible.

On motion of Alderman Pearl the ordinance describing the duties of the city engineer, etc., was then taken from the table and was at once passed, while in accordance with the wording of the ordinance a resolution was presented and adopted declaring the services of an engineer necessary for the coming year. vices of an engineer necessary for the coming year.

Last Night's Alarm.

The first fire alarm turned in since city controller referred the matter back to the council. Alderman Hoch moved that the controller be authorized to lease the corner office in the Savings bank block just vacated by C. H. Call & Co if it can be secured for \$30 a month. Alderman Williams offered an amendment placing the amount \$25 a month and the motion was adopted as amended.

The comptroller presented another large batch of bills which were ordered paid, and there being no further business on hand the council adjourned, Mayor Kanfman at once calling out oil.

"Remember that our train leaves for Chicago at 3 o'clock Sunday afternoon."

A serious defect was found in the new fire alarm system when the fire was first discovered and that is that there is no means of ringing in an alarm from the hose house itself. No-tice of the blaze was given there very blocks and a half to reach the nearest street box, that at the corner of Rock and Front streets, in order to turn in The system is perfect as far as it goes, but it can never be considered complete until it is possible to turn in an alarm from the central station itself.
