## NEITHER FISH NOR FLESH.

Senator Chandler's Very Appropriate Comment on the Hybrid Tariff Bill.

## ON WHAT PRINCIPLE IS THE THING FRAMED?

Provides for Neither Protective Nor Revenue Tariff but Seems to Have Some of Both.

## ANOTHER VERY SLOW DAY.

WASHINGTON, May 11.—Mr. Harris almost despaired of making progress with the tariff bill today when Mr. Quay introduced in the senate a "bill to establish a code of laws in the District of Columbia," and asked for its reading in full, which could scarcely have been completed by the end of the legislative day. The Democratic senators objected and the bill was returned to Mr. Quay, who intimated that he might bring it up again tomorrow.

Mr. Allen tried in vain to obtain consideration for his Coney resolution and after a brief discussion of Peffer's industrial depression resolution, the senate resumed the consideration of the tariff bill. The proposed duty on boric acid was discussed at considerable length. The pending amendment was that of Mr. Perkins to the amendment of Mr. Jones (Ark.) to change the duty on boric acid. (Mr. Jones' amendment changed the duty from 20 per cent ad valorem to two cents per pound and Mr. Perkins' amendment was to increase it to the present rate, five cents.)

## WHAT PRINCIPLE GOVERNS?

Mr. Chandler said it was unwise to go ahead with the consideration of the tariff bill until the senate and the country were informed upon what principle the bill was framed. The bill had been changed, torn and patched with protective tariff, free trade and revenue tariff duties until it was neither fish, flesh, fowl nor good red herring. Mr. Chandler succeeded in irritating the Democrats and especially Mr. Harris, who at the conclusion of Mr. Chandler's remarks moved to lay the pending amendment (that of Perkins) to make the duty on boric acid five cents per pound on the table. The motion was carried by a strict party vote, 31 to 35.

The question then recurred upon Mr. Jones' compromise amendment. Mr. Hear offered an amendment to Mr. Jones' amendment providing for a specific duty of forty per cent. on boric acid in place of two cents per pound. He said he wanted a record of Democratic sentiment on the two systems. Mr. Harris remarked that he should have it and moved to lay the amendment on the table, which was carried by a practically unanimous vote. The vote then recurred on Mr. Jones' compromise amendment. The Republicans voted with the Democrats. Mr. Mills alone voting against the amendment.

The amendment offered by Mr. Jones increasing the duty on tannic acid or tannin from 35 to 75 cents per pound was discussed for some time and just before the senate went into executive session a truce was arranged by which the Democrats agreed not to press the motion to meet at 10 o'clock with the understanding that the morning hour should be limited to one hour and the tariff bill should be taken up each day at noon. At 5:55 the doors closed and the senate sent into executive session.

## DEMOCRATS ARE UNITED.

WASHINGTON, May 11.—The Republican senators by their votes today and also in private conversation indicate a purpose of voting for the amendments proposed by the Democratic compromise committee wherever they increase duties and change from ad valorem to specific rates. It is understood that this question of policy was under discussion in the Republican advisory committee today and while the majority of those present counseled this course the decision was not unanimous. This is one of the questions which will be discussed at the Republican caucus to be held Monday night. Among other matters which will probably also receive attention in the caucus is the policy to be pursued in debating the tariff bill.

It is noticeable that the Democrats, with the exception of Mr. Mills, stood by the compromise recommendations on all votes. Hill and Irby, concerning whose position there has been much speculation, were absent but Murphy, whose position was considered doubtful, stood with his party. This practically solid vote on the Democratic side has given the Republicans no little concern, as they had been hopeful of creating division among the Democrats. The best information obtainable today indicates, however, that while the compromise bill is unsatisfactory to a number of Democratic senators it will continue for the present to receive the voting support of all Democrats, with possibly one or two exceptions, notably Hill.

## ANCIENT HISTORY BANSACKED.

House Wastes Day in Wrangling. Crain's Sensible Idea.

WASHINGTON, May 11.—After action on some minor bills the house went into committee of the whole on the naval appropriation bill. Mr. Boutelle advocated liberality and a continuance of the good work commenced under Secretary Chandler. Mr. Cummings, chairman of the naval affairs committee, revived old charges against the Robeson regime. The debate then assumed a very acrimonious character and charges and counter-charges of "colonization" in the navy yards were freely passed between Reed, Boutelle and Cummings. At 5 o'clock, this being Friday, the house according to custom took a recess until 8 o'clock, the evening session to be devoted to bills on the calendar.

At the evening session six private

pension bills were favorably acted upon and at 10:37 the house adjourned.

## M'GANN RECITES PLATITUDES.

WASHINGTON, May 11.—Chairman McGann of the house committee on labor has completed a report favorable to an investigation by a special joint committee of the senate and house into the depressed condition of labor and the Coney movement. The report advocates immediate action and says "that congress should endeavor to alleviate this condition of affairs cannot reasonably be questioned and the causes of such financial and industrial depression, as the committee may find, will more thoroughly enlighten and aid congress as to the best course to pursue. It cannot be denied that the influx of pauper labor into our country and the use of convict labor against skilled American workmen, as well as the employment of women and children in factories and industries of all kinds, are among the many causes which have tended not only to lessen the value of man's labor but greatly to diminish the field of industries in which he could find an opportunity for the profitable use of his energy and skill."

## CRAIN'S SENSIBLE IDEA.

WASHINGTON, May 11.—The bill introduced by Representative Crain (Tex.) to change the date for the assembling of congress was favorably reported to the house today. The bill provides that the first session of each congress shall begin on the first Tuesday after March 4 instead of waiting until the following December. The second session is to begin on the first Monday in January, instead of December as at present.

## WOLCOTT SUCCEEDS POWELL.

WASHINGTON, May 11.—The president has appointed Charles D. Wolcott of New York director of the geological survey, to succeed John W. Powell, resigned.

Major John W. Powell, whose resignation as director of the geological survey was made public last night, will retain the office of chief of the bureau of ethnology, a branch of the Smithsonian Institution.

Seneca, Hazleton of Vermont was confirmed by the senate today as envoy extraordinary and minister plenipotentiary to Venezuela.

## LURED TO THEIR DOOM.

Meeks and His Whole Family Waylaid and Murdered.

BROWNSVILLE, Mo., May 11.—Gus Meeks, wife and two children were murdered in an open field today. The murderers are under arrest and their lynching is probable. Meeks and his family lived at Milan and were coming here to visit relatives and were waylaid. Meeks was a valuable witness in a big cattle case now pending. The butchery took place two miles southeast of town. Meeks and his family were passing the home of Governor Taylor when they were fired on. Meeks was shot dead and his wife and one child were killed with an axe. The other child, a girl nine years old, was left for dead and all the bodies were hidden in a straw stack. The little girl revived later and gave the alarm and disclosed the identity of the murderers. Officers are now tracking the criminals and have made a number of arrests.

The circumstances leading up to the crime are as follows: There are a number of criminal cases pending in Lynn and Sullivan counties against William P. Taylor and George Taylor, brothers, the former a banker at Browning and the latter a farmer. The charges against them are forgery, arson and larceny. William P. Taylor, Gus Meeks and others were jointly indicted and Meeks pleaded guilty and was sentenced to the penitentiary a month ago. He was pardoned by the governor in order to use him as a witness against the Taylors. It is said that the Taylors arranged with Meeks to give the latter a wagon and team to get out of the country so that he might not be present when the cases against the Taylors were called for trial.

Last night George and William P. Taylor came to Meeks' home in a wagon. Meeks and his family got into the wagon and started for Browning. As Meeks neared the Taylor farm two men were lying in wait and with those accompanying them murdered Meeks and his family with one exception, as stated above. George Taylor with his brother William left town before the news of the murder reached Browning. People of the neighborhood had placed guards around the strawstack where the dead bodies were found. Upon investigation it was discovered that a bloody quilt around the bodies had been set on fire, the evident purpose being to cremate the bodies.

The little girl recovered sufficiently to describe some of the parties and upon her evidence Sharon McCollough and George Howlett were arrested as participants in the crime. Great excitement prevails and if the murderers are fully identified there will be summary punishment of the criminals.

A farmer has just come in from the northeast who says the Taylors have left their horses and not less than 500 men are after them.

## FORGER DANSEY CAPTURED.

Is Reported to Have Worked Towns in This Region.

DELUTH, May 11.—A capture was made yesterday by a detective at Iron River, Wis., which may prove to be of considerable more importance than appeared at the time of the arrest. William Dansey was arrested for passing three forged checks on local merchants. It is now understood that Dansey and his wife have been operating extensively in Northern Michigan and Wisconsin, at Ashland and the Gogebic and Marquette range towns.

## Forecast of the Weather.

WASHINGTON, May 11.—9 p. m.—The weather bureau reports the following as its forecast for the next twenty-four hours. For upper Michigan: Increasing cloudiness and showers in western portion; warmer; high south to west winds.

## ENDORSES TRAIN-STEALING.

Populist Governor of Kansas Encourages Theft and Other Law-Breaking.

## SAUNDERS' RIOTERS UNDER ARREST AT TOPEKA.

Lowelling Counsels With His Kitchen Cabinet and Plans to Break Down Law.

## AN ANARCHIST GOVERNOR.

TOPEKA, Kan., May 11.—The Coxeyites who stole a Missouri Pacific train at Pueblo, Colo., are here under arrest. They have been given permission by Governor Lowelling to camp on the state house grounds. A meeting will be held tonight to consider matters in connection with their coming here. The attitude of Governor Lowelling was soon manifest. He and Mrs. Diggs, Secretary of State Osborn and other Populist leaders at once held a conference and at its close issued a call for a mass meeting on the public square this evening. Marshal Neely has interfered with that plan for the present, by keeping the rioters locked up in the train.

Saunders says the Missouri Pacific in blocking the road to prevent his progress through Colorado damaged engines and cars to the extent of fully \$5,000. He says he and his men are going to Washington because there is no work for them in the west.

The prisoners will have a formal hearing Monday before a United States commissioner and then will probably be turned loose for Governor Lowelling to take care of. Saunders and his men look upon their arrest as a beneficent act of Providence to hasten them on their journey to Washington. Saunders does not believe they can be punished and says that is why he counseled his men to surrender to the marshal last night.

At tonight's mass meeting strong resolutions were passed demanding the resignation of United States commissioner Waggoner as it is believed he exceeded his authority in accompanying the Missouri Pacific special train. A committee consisting of the mayor and others was appointed to call on Marshal Neely and demand that the prisoners be given food or the county board provide food for them.

## COXEY LEADER KILLED.

SACRAMENTO, Cal., May 11.—A telephone message from Rocklin says Constable Fleckenger this morning shot and killed James H. Taylor, leader of the Coxeyites. A mob of Coxeyites 700 strong under command of one Smith seized a freight train at Arcade station and went to Rocklin. Engineer Williams, a member of the mob, was arrested by Fleckenger. Smith and Paisley protested. A quarrel ensued and Fleckenger drew his pistol and pointed it at Smith, who jumped aside and the ball struck Paisley, killing him instantly. The mob caught Fleckenger and started to lynch him, but with the assistance of Smith he escaped. The mob demanded the release of Williams and the citizens, fearing further trouble, set him at liberty.

## TWO WOUNDED AND 120 JAILED.

NORTH YAKIMA, Wash., May 11.—Another collision occurred between the deputy marshals and the Coxeyites this morning and two of the latter are now confined to the hospital, suffering from gunshot wounds. Word was received that twenty-five men had captured two freight cars at Ellensburg and were coming down to liberate the Coxeyites imprisoned in the county jail. The marshals met the mob and stopped the cars by throwing a rail across the track. The Coxeyites scrambled off the cars and started to run but were brought to a halt by bullets from the marshals' rifles. Two of them were wounded and the others, to the number of 120, were locked up.

## FOUR COXEYITES DROWNED.

ELLENSBURG, Wash., May 11.—Word has just been received that four Coxeyites who started down the Yakima river this morning in a boat were drowned by the capsizing of their craft, which was caught in an eddy. The boat contained twenty-five men in all.

## SPOKANE, Wash., May 11.—

The sheriff at Yakima has sent a telegram asking for troops to quell the riotous demonstrations of the Coxeyites there. The request was referred to the governor. The Coxeyites here now number 800.

## KELLY'S BEEF WAS STOLEN.

RUNNELLS, Ia., May 11.—Kelly's navy was aroused from slumber at midnight and at once got under way by the waning moonlight. Kelly is satisfied with the outlook and says he will reach Washington in time. The labor organizations, he says, are contributing liberally and the navy will have money enough to make its way. The Sacramento men made more trouble last night by stealing beef contributed and getting away down the river.

## RANDALL MUST MOVE ON.

SOUTH BEND, Ind., May 11.—Randall's trampers arrived here this afternoon and were met by Chief Rose and a detail of a dozen police. Under this guard they were hurried through the city to Island Park, where they are now in camp. They were given supper and will be furnished breakfast. Chief Rose has given Randall to understand that he must move on as soon as possible after breakfast tomorrow.

RED JACKET'S BIG BLAZE.

Ten Buildings Swept Away and Total Loss Will Reach \$50,000.

FIRE IS BELIEVED TO HAVE BEEN INCENDIARY.

Albert Hocking Turned in First Alarm and the Fire Began in Dunstan's Barn.

WORK OF FIRE FIENDS.

Fire bugs got in their work yesterday morning and destroyed and damaged ten business buildings. On Fifth, the main business thoroughfare of the city, the damage will foot up nearly fifty thousand dollars.

The handsome new brick block of J. Wertin & Son, with its double plate glass front, had every pane of glass broken and was badly damaged by smoke, heat and water and the loss is over \$1,000.

G. Martini had the glass front of his brick building damaged in a similar manner about \$500.

Mrs. Anna Olson's north building was occupied in the first story by Kanppi & Peterson as a temperance saloon.

Mrs. Olson's south building was occupied by William Nordstrom as a general store. His stock was totally destroyed; loss about \$4,000.

William Isaacson's four story building was occupied by Isaac Weinberg as a saloon. His loss on fixtures and stock is about \$10,000.

The second story was occupied by Miles Berry the circus man. He saved his household effects. John Brown and J. Keogh lost all their effects.

John Dunstan, whose building was totally destroyed and in whose barn the fire originated, saved some of his stock of sewing machines, organs, books, stationery and picture frames.

Stephen Agnitch's building was occupied in the first story by Mudge & Argalls, who had lately moved in with an extensive stock of furniture and house furnishing goods.

Albert Hocking's statement. About noon yesterday the reporter found Albert Hocking, whose parents keep a confectionery store on Fifth street. It was he who turned in the first alarm of the fire.

The several fire departments after they were able to get water did efficient work. Who is responsible for the delay in getting the water turned on has not been fully explained.

The Hecla, Calumet, South Hecla and Tamarack steamers were on hand soon after the alarm was turned in. The two steamers belonging to the city were on first.

A report was current on the street that Night Watchman Stukel, upon whose boat the fire broke out, was asleep in the engine house when the persons who gave the alarm went there to ring the fire bell.

in the city, feels very positive about the matter. He had not been in the barn after dark. He and his family retired at their usual hour and before doing so all doors and windows to the barn were fastened.

The second building which the flames enveloped was Steve Agnitch's. His family and himself were in extreme peril because their only avenue of escape was through a narrow rear stairway.

That there were several empty stores on Fifth street was extremely fortunate for those who were tenants of the buildings destroyed by fire.

Lars Olson, who carried on a shoe shop in the south room of Mrs. Schindler's building, succeeded in saving all his tools and stock.

Mrs. Elizabeth Croze, aged seventy-two years, died at her residence on South Rockland street Thursday. Her funeral will be held tomorrow morning.

The Hecla fire department had an exciting time getting to the Red Jacket fire. When they got into the main street of the city one of the steamer's wheels came off and it was nearly twenty minutes before they got it on again.

Cashier H. S. Colton went to the Delaware yesterday to attend the funeral of Superintendent A. P. Thomas.

James Collie, who had his leg broken a few weeks ago while superintending the moving of a heavy casting, is having a serious time, an abscess having formed which his surgeon had to open.

The schooner Kimball, which arrived here on Thursday morning, was not permitted to land until Dr. F. E. Fletcher had seen the sailor who had recently recovered from small-pox and was satisfied that there was no danger.

AN ORDINANCE relative to the preservation of the public health, and the duties and liabilities of the board of health.

Sec. 1. The board of health of the city of Marquette shall have, possess and exercise all the powers given by the charter of the said city of Marquette and the general statutes of the state of Michigan relating to boards of health, in addition to those herein particularly enumerated.

Sec. 2. Said board of health shall have power and it shall be their duty to take such measures as they shall deem effectual to prevent the entrance of any pestilential or infectious disease into the city; to stop, detain and examine and, if deemed best by said board, to quarantine for that purpose every person, vessel, ship, train or other conveyance coming from any place infected, or believed to be infected, with such a disease; to establish, maintain and regulate a pest house or hospital; to cause every person not being a resident of the city or a resident of the city, who is not an inhabitant of the state, who shall be, or is suspected of being infected with any such disease, to be sent back to the place whence he or she came, or to be sent to such pest house or hospital; to cause any resident of the city infected with any such disease to be removed to such pest house or hospital, if the health officer and two other physicians, including the attending physician of the sick person, if he shall have one, shall certify that the removal of such person is necessary for the public health, provided it can be done with safety to the patient; to remove from the city and destroy any furniture, wearing apparel or goods, wares or merchandise, or other articles of property of any kind, which shall be suspected of being tainted or infected with any pestilence or which shall be, or be likely to pass into such a state as to generate or propagate disease; to require the occupants of any dwelling house, store, shop or any other building in which there shall be any person sick with any contagious or infectious disease, to put up and maintain in his conspicuous place on the front of said dwelling house, store, shop or other building, a card or sign to be furnished by the board, on which shall be written or printed in large letters the name of the contagious or infectious disease from which this person so sick may be suffering; and in case of the neglect or refusal of any person to comply with such requirement to remove the patient therein to the pest house or hospital, and to do all acts which they shall deem necessary and expedient for the preservation of health and suppression of disease in the city and to carry into effect and execute the powers hereby granted.

Sec. 3. The owner, driver, conductor, master or person in charge of any stage, sleigh, boat, vessel, railroad car or other public conveyance, which shall enter the city, having on board any person sick of malignant fever, or pestilential or infectious disease, shall within two hours after the arrival of such sick person, report in writing the fact, with the name of such person and the house or place where he was put down in the city, to the mayor or some member of the board of health.

Sec. 4. No person shall knowingly bring or procure, or cause to be brought into the city, any property of any kind, tainted or infected with any malignant fever, or pestilential or infectious disease, which shall be, or be likely to pass into such a state as to generate or propagate disease.

Sec. 5. Every keeper of a hotel, inn, boarding house or lodging house in the city, who shall have in his house at any time any sick traveler, stranger or strangers, shall report the fact, and name of the person, in writing, within six hours after he came to board, or was taken six therein, to the mayor or some member of the board of health.

Sec. 6. All fines imposed under this ordinance shall be, when collected, paid into the city treasury and covered into the general fund of the city of Marquette.

the city treasury and covered into the general fund of the city of Marquette.

Sec. 7. The said board of health shall meet in the common council chamber of the city of Marquette at such times as the members shall decide, and the recorder of the city shall be clerk of the board and shall keep a record of the proceedings of such meetings and preserve the same in his office. Meetings of the board may be called forthwith by any member of the board, by giving oral or written notice to the members, and any five members of the board being present at any meeting shall constitute a quorum.

Sec. 8. No person having the small pox or varioloid, or other contagious disease, shall go about the city; and all persons having small pox, varioloid or other contagious or infectious disease, are hereby required to be kept closely confined within their respective dwellings or places of abode, and no person who has been confined with such disease, shall leave his or her place of abode and go about the city, until he or she is furnished with a certificate by the health officer, that it can be done without communicating the disease to others; and the health officer shall furnish such certificate without charge.

Sec. 9. It shall be the duty of each member of the board of health to take care and charge of the ward in which he resides, to ascertain any nuisance which may exist in his ward, and forthwith to report the same in writing to the board; to enter upon the premises and into the house of every person in his ward as often as he shall deem necessary, or the board of health shall order, and to examine into the health, cleanliness and the number of persons inhabiting such house, and inspect the cellars, vaults privies and sewers on such premises.

Sec. 10. Each member of the board of health shall, upon discovering any person who, in his opinion, is infected with a malignant or infectious disease, promptly notify the health officer of said board.

Sec. 11. Such health officer, if satisfied that such person is infected with a malignant or infectious disease, shall cause notice of the same to be at once given to said board.

Sec. 12. Any failure to comply with, or violation of any of the provisions of this ordinance shall be punished by fine or imprisonment, or both such fine and imprisonment in the discretion of the court, the fine not to exceed \$100 with costs, nor the imprisonment three months.

Sec. 13. All bills for necessities furnished by order of such board of health shall be sworn to and shall be presented to the controller, audited and paid, in the same manner as other bills against the city of Marquette; and in case it is intended, and is proper, to present such bill to the county of Marquette for payment, then the board of health, through its chairman, shall certify to the said county that the person himself, in whose behalf the bill has been made, his parents or other person who may be liable for his support, is unable to pay the same.

Sec. 14. All bills for necessities furnished by order of such board of health shall be sworn to and shall be presented to the controller, audited and paid, in the same manner as other bills against the city of Marquette; and in case it is intended, and is proper, to present such bill to the county of Marquette for payment, then the board of health, through its chairman, shall certify to the said county that the person himself, in whose behalf the bill has been made, his parents or other person who may be liable for his support, is unable to pay the same.

Sec. 15. Any failure to comply with, or violation of any of the provisions of this ordinance shall be punished by fine or imprisonment, or both such fine and imprisonment in the discretion of the court, the fine not to exceed \$100 with costs, nor the imprisonment three months.

Sec. 16. All bills for necessities furnished by order of such board of health shall be sworn to and shall be presented to the controller, audited and paid, in the same manner as other bills against the city of Marquette; and in case it is intended, and is proper, to present such bill to the county of Marquette for payment, then the board of health, through its chairman, shall certify to the said county that the person himself, in whose behalf the bill has been made, his parents or other person who may be liable for his support, is unable to pay the same.

Sec. 17. Any failure to comply with, or violation of any of the provisions of this ordinance shall be punished by fine or imprisonment, or both such fine and imprisonment in the discretion of the court, the fine not to exceed \$100 with costs, nor the imprisonment three months.

Sec. 18. All bills for necessities furnished by order of such board of health shall be sworn to and shall be presented to the controller, audited and paid, in the same manner as other bills against the city of Marquette; and in case it is intended, and is proper, to present such bill to the county of Marquette for payment, then the board of health, through its chairman, shall certify to the said county that the person himself, in whose behalf the bill has been made, his parents or other person who may be liable for his support, is unable to pay the same.

Sec. 19. Any failure to comply with, or violation of any of the provisions of this ordinance shall be punished by fine or imprisonment, or both such fine and imprisonment in the discretion of the court, the fine not to exceed \$100 with costs, nor the imprisonment three months.

Sec. 20. All bills for necessities furnished by order of such board of health shall be sworn to and shall be presented to the controller, audited and paid, in the same manner as other bills against the city of Marquette; and in case it is intended, and is proper, to present such bill to the county of Marquette for payment, then the board of health, through its chairman, shall certify to the said county that the person himself, in whose behalf the bill has been made, his parents or other person who may be liable for his support, is unable to pay the same.

Sec. 21. Any failure to comply with, or violation of any of the provisions of this ordinance shall be punished by fine or imprisonment, or both such fine and imprisonment in the discretion of the court, the fine not to exceed \$100 with costs, nor the imprisonment three months.

Sec. 22. All bills for necessities furnished by order of such board of health shall be sworn to and shall be presented to the controller, audited and paid, in the same manner as other bills against the city of Marquette; and in case it is intended, and is proper, to present such bill to the county of Marquette for payment, then the board of health, through its chairman, shall certify to the said county that the person himself, in whose behalf the bill has been made, his parents or other person who may be liable for his support, is unable to pay the same.

Sec. 23. Any failure to comply with, or violation of any of the provisions of this ordinance shall be punished by fine or imprisonment, or both such fine and imprisonment in the discretion of the court, the fine not to exceed \$100 with costs, nor the imprisonment three months.

Sec. 24. All bills for necessities furnished by order of such board of health shall be sworn to and shall be presented to the controller, audited and paid, in the same manner as other bills against the city of Marquette; and in case it is intended, and is proper, to present such bill to the county of Marquette for payment, then the board of health, through its chairman, shall certify to the said county that the person himself, in whose behalf the bill has been made, his parents or other person who may be liable for his support, is unable to pay the same.

Sec. 25. Any failure to comply with, or violation of any of the provisions of this ordinance shall be punished by fine or imprisonment, or both such fine and imprisonment in the discretion of the court, the fine not to exceed \$100 with costs, nor the imprisonment three months.

Sec. 26. All bills for necessities furnished by order of such board of health shall be sworn to and shall be presented to the controller, audited and paid, in the same manner as other bills against the city of Marquette; and in case it is intended, and is proper, to present such bill to the county of Marquette for payment, then the board of health, through its chairman, shall certify to the said county that the person himself, in whose behalf the bill has been made, his parents or other person who may be liable for his support, is unable to pay the same.

Sec. 27. Any failure to comply with, or violation of any of the provisions of this ordinance shall be punished by fine or imprisonment, or both such fine and imprisonment in the discretion of the court, the fine not to exceed \$100 with costs, nor the imprisonment three months.

Sec. 28. All bills for necessities furnished by order of such board of health shall be sworn to and shall be presented to the controller, audited and paid, in the same manner as other bills against the city of Marquette; and in case it is intended, and is proper, to present such bill to the county of Marquette for payment, then the board of health, through its chairman, shall certify to the said county that the person himself, in whose behalf the bill has been made, his parents or other person who may be liable for his support, is unable to pay the same.

Sec. 29. Any failure to comply with, or violation of any of the provisions of this ordinance shall be punished by fine or imprisonment, or both such fine and imprisonment in the discretion of the court, the fine not to exceed \$100 with costs, nor the imprisonment three months.

Sec. 30. All bills for necessities furnished by order of such board of health shall be sworn to and shall be presented to the controller, audited and paid, in the same manner as other bills against the city of Marquette; and in case it is intended, and is proper, to present such bill to the county of Marquette for payment, then the board of health, through its chairman, shall certify to the said county that the person himself, in whose behalf the bill has been made, his parents or other person who may be liable for his support, is unable to pay the same.

Sec. 31. Any failure to comply with, or violation of any of the provisions of this ordinance shall be punished by fine or imprisonment, or both such fine and imprisonment in the discretion of the court, the fine not to exceed \$100 with costs, nor the imprisonment three months.

Sec. 32. All bills for necessities furnished by order of such board of health shall be sworn to and shall be presented to the controller, audited and paid, in the same manner as other bills against the city of Marquette; and in case it is intended, and is proper, to present such bill to the county of Marquette for payment, then the board of health, through its chairman, shall certify to the said county that the person himself, in whose behalf the bill has been made, his parents or other person who may be liable for his support, is unable to pay the same.

CHARGES AGAINST CHIEF.

Executive Board of Firemen Investigating Complaints Against Chief Sargent.

MORE TROUBLE ARISES ON GREAT NORTHERN

Coal Strike Continues and Supply is Getting Shorter—Pullman Employees are Locked Out.

INSTIGATED BY RIVAL BODY.

TERRE HAUTE, Ind., May 11.—The board of grand trustees and grand executive board of the Brotherhood of Locomotive Firemen today considered the complaints against Chief Sargent, the latter having refused to sanction a strike on the Chicago & Eastern Illinois after the firemen on that road had voted almost unanimously in favor of it.

Features of today's meeting were the reading of published stories about \$100,000 shortage in the Brotherhood funds and another big row between Chief Sargent and Secretary-Treasurer Arnold when the latter demanded to know what had become of the fund.

The officers believe these stories were instigated by disgruntled members of the order who now pretend loyalty to the American Railway union. The fact is that the strike fund has never reached above \$60,000 and every dollar is accounted for.

MORE GREAT NORTHERN TROUBLES.

ST. PAUL, May 11.—Nearly all the members of the American Railway union grievance committee are in the city. James Hogan, the Montana organizer, says the recent agreement between President Hill and the men has not been carried out. Director Rodgers, who has charge of American Railway union matters in St. Paul, claims to have received telegrams from points along the line stating that many men have been discharged notwithstanding the details of the officials of the Great Northern company.

MINNEAPOLIS, May 11.—James Hogan, the Montana American Railway union leader who ordered the recent Great Northern strike, told a Journal correspondent at Devil's Lake that the men were unanimous in demanding that all strikers be reinstated. There are some fifty employees scattered along the line whom on account of their activity during the strike President Hill declines to reinstate until their cases are settled in court.

FORKS, N. D., May 11.—The American Railway union here has received a telegram telling them to hold themselves ready as another strike may be ordered. The men are indignant over the refusal of President Hill, as they say, to stand by his contract.

ATTACK IS EXPECTED.

Striking Miners Will Try to Drive Out Workers

PEORIA, Ills., May 11.—It is expected that four hundred miners from Fulton county will tomorrow attack the workers at W. E. Phelps' mine at Elmwood. The sheriff, who today visited the locality, has appointed thirty-four deputies, who are now on guard. The attack originally planned for today was postponed.

PANA, Ills., May 11.—President John Ford of the United Mine Workers' union of this city is in jail. Last night a bomb was exploded in the north-western part of the city. No one was hurt but several houses are minus their window glass.

OSKALOOSA, Ia., May 11.—Four hundred miners are camped about the Carbonado mines trying to bring the men out. They failed by 30 votes today. Many deputy sheriffs have been sworn in and trouble is feared.

STRIKERS RETURN TO WORK.

MIDDLETOWN, Ky., May 11.—All the miners at the Mingo, Reliance, Layson Mountain and Fork Ridge mines went back to work this morning. This breaks the backbone of the strike in this section.

PITTSBURGH, May 11.—The river and railroad coal operators at their meeting today had a hot fight from the beginning. The railroad operators finally bolted and decided to attend the Cleveland conference and make the best terms possible with the miners.

RUNNING OUT OF COAL.

CARTHAGE, Ills., May 11.—The Toledo, Peoria & Western Railway has been compelled to lay off several freight trains on account of the scarcity of coal.

GALESBURG, Ills., May 11.—The paving brick companies here today opened an abandoned coal mine and put fifty men to work to secure fuel.

The Chicago, Burlington & Quincy road has almost run out of coal on the Illinois division and it is thought some trains will have to be taken off. Many engines are now burning wood.

STRIKE BECOMES LOCKOUT.

Pullman Company Says It Will Shut Up Shop.

CHICAGO, May 11.—Two thousand employees of the Pullman Palace Car company suddenly and unexpectedly struck this morning for a restoration of the cut of 33 1-3 per cent. in wages made some months ago. It is claimed that the entire 4,500 men employed there will be out before night. The company claims to have been running the works at a loss to give the men work. It was thought the difference was settled at conference with the officers of the company this week.

A mass meeting of the striking employees was held tonight and great enthusiasm was manifested. Late tonight Vice President Howard of the American Railway union said that unless a speedy settlement was effected it was more than possible that the members of the American Railway Union would refuse to handle any Pullman rolling stock.

Notice was posted tonight on the gates leading to the Pullman works that the works were closed and would

not resume operations until further notice. The notice is signed by General Manager Middleton, who said tonight: "We told the men that we were not running for our own profit but to give them work. We propose to show them that we meant what we said."

ASHLAND, Wis., May 11.—All the employees of the Shores Lumber company struck today because of wage differences.

SLAIN BY HIS WIFE'S LOVER.

Latest Developments Concerning the Murder of Zaide Vizina.

L'ANSE, Mich., May 11.—[Special.]—The developments in the coroner's inquest on the death of Zaide Vizina, who was murdered in his bed Saturday night, are slow and are becoming daily more sensational. The wife of the murdered man is now lodged in the county jail as an accomplice to the crime. Her confession that Daniel Mastoff, the man who was arrested on suspicion, is the man who did the cowardly deed; that he (Mastoff) had told her Friday at Baraga that he would get rid of her husband; is credible since she confesses that Mastoff has had several criminal intercourses with her and that discord had prevailed in her married life of late.

The evidence tends to show a conspiracy involving the murdered man's wife, Mastoff and perhaps her father. Mastoff is believed to be the man who did the shooting, since the evidence shows that on Friday he went to several places in L'Anse and Baraga to purchase powder and buckshot and that he also borrowed a gun which was fired after being loaned and was rusted from being out in rain and damp weather.

Prosecuting Attorney Halsey with the assistance of the sheriff is working faithfully on the case and believes he has sufficiently strong evidence to hold those already under arrest. The A. O. U. W. is awaiting developments before presenting the claim for the \$2,000 benefits which Vizina had in the order.

MANY WINDOWS BROKEN.

Another Paris Dynamite Outrage—Russian Nihilists Arrested.

PARIS, May 12.—A bomb was exploded at 11:30 o'clock last night at the residence of Pierre Masson, a hat manufacturer, 43 Avenue Kleber, but nobody was injured. The whole neighborhood was aroused and great excitement prevailed. The windows of Masson's house and of others in the vicinity were broken. A man has been arrested on suspicion of having caused the explosion. It is believed the outrage was directed against a former public official who lives a few doors away. The police found two bombs in the streets last night and discovered and seized a large quantity of dynamite in a house at Ponting, a suburb of this city.

ST. PETERSBURG, May 11.—In addition to the recent arrest of forty students here on suspicion of being nihilists other students were arrested simultaneously at Moscow, Tver and Smolensk. The arrests were made as a result of the discovery of an organization with widespread connections called "Friends of Political Liberty." Hundreds of students were arrested and with them a number of prominent officials.

HIBERNIANS' CONVENTION.

Wants the American Flag Raised Over Catholic Schools.

OMAHA, May 11.—The first business of the national convention of the Ancient Order of Hibernians this morning was the report of the committee on revision of the constitution. Then National Delegate Wilhere read his annual address. He argued the establishment of headquarters for the order and of a Hibernian labor bureau in every city in the country; counseled loyalty to the movement for Irish nationality; advocated the raising of the stars and stripes over all Catholic schools; denounced the A. P. A. movement as un-American and bigoted and one to be fought with every weapon with which American freemen should fight the battle of right and justice.

CHICAGO MARKETS.

Wheat Quotations.

CHICAGO, May 11.—The leading wheat futures ranged as follows:

Table with 4 columns: Opening, High, Low, Closing. Rows for May and July contracts.

Cash quotations were as follows: Wheat steady, cash, 75c; corn, steady, cash, 37c; oats, lower, No. 2 white, 36c.

CATTLE, HOGS AND SHEEP.

CHICAGO, May 11.—Prices at the stock yards ranged as follows:

CATTLE—Receipts, 6,000; slow, turn lower; steers, \$3.75@4.25; heifers, \$3.25@3.65; cows, \$1.90@3.00.

HOGS—Receipts, 15,000; shipments, opened 10c higher; closed with advance; rough heavy, \$3.25@4.50; packers and mixed, \$5.10@5.15; prime heavy and butchers' weights, \$5.20@5.25; assorted light, \$5.10@5.15.

SHEEP—Receipts, 6,000; shipments, market steady; lambs 10c higher; natives, \$2.00@2.25; westerns, \$3.75@4.50; lambs, \$2.00@2.10; spring lambs, \$5.00@6.25.

METAL PRICES.

NEW YORK, May 11.—Pig iron dull; American, \$11.00@13.50.

Copper, quiet; lake, 9.37c.

COPPER STOCKS.

BOSTON, May 11.—Closing prices of copper mining stocks were as follows:

Table with 2 columns: Stock Name, Price. Includes Atlantic, Boston & Montana, Butte & Boston, Calumet & Hecla, Centennial, Franklin, Kearsarge, Osceola, Quincy (ex-rights), Tamarack.

There is nothing I have ever used for muscular rheumatism that gives me as much relief as Chamberlain's Pain Balm does. I have been using it for about two years—four bottles in all—as occasion required, and always keep a bottle of it in my home. I believe I know a good thing when I get hold of it, and Pain Balm is the best liniment I have ever met with. W. B. Donny, dairyman, New Lexington, Ohio. 50 cent bottles for sale by H. H. Stafford & Co.

"LACK OF CONFIDENCE."

Money is Plenty but Men are Afraid to Undertake Enterprises.

LOWEST WHEAT PRICES ON RECORD REACHED.

Government Reports Believed to Figure Year's Crop Too Low—Failures Encouragingly Small.

DUN'S REVIEW OF TRADE.

NEW YORK, May 11.—R. G. Dun Co.'s Review of Trade will say: Speculation in grain has again broken the records with the lowest price ever made for wheat. Although western receipts are a little smaller than a year ago, while exports are also smaller by more than a quarter, the prevailing belief is that the yield will for this year will exceed the government indications, which are again pointing to a short crop. Corn has changed in price but little, and pork products are fairly steady with oil and coffee unchanged, but cotton is weaker in tone. It is a striking evidence of the general want of confidence that there is so little speculation while money is abundant almost beyond precedent.

One large failure has about doubled the aggregate of liabilities for firms failing in the week ending May 8, which would otherwise have been quite small, but were \$3,222,794. The number and general average of liabilities are still encouragingly small. For four weeks of April the liabilities reported were \$8,826,862, of which \$3,687,220 were of manufacturing and \$4,677,699 of trading concerns. For the past week the failures were last year 206 in the United States against 257 last year and 42 in Canada against 23 last year, with none of special importance, although four bank failures are included.

NEW YORK, May 11.—The statement compiled by Bradstreet's shows that the total bank clearances of the principal cities of the United States for the past week were \$903,325,545, a decrease of 34.2 per cent. as compared with the corresponding period last year.

NEW YORK, May 11.—Two million nine hundred thousand dollars in gold has been taken for export tomorrow.

ST. LOUIS, May 11.—The grain traders of the Merchants' Exchange are preparing to take action against what they regard as a leak in the monthly government report on crop conditions. The trouble comes from the fact that the government's wheat percentages have been accurately "tipped" twenty-four hours in advance in March, April and May.

ARE AGAINST BRECKENRIDGE.

Women of Kentucky Aroused Against That Moral Loper.

LEXINGTON, Ky., May 11.—Hon. William C. Owens, Breckenridge's chief opponent, is to speak in Lexington some day next week. The ladies of this city have conceived the idea of emphasizing their protest against Breckenridge's candidacy by personally joining in making this meeting a big oration for Mr. Owens. It is possible action of the ladies may result in turning the meeting into a popular protest against Breckenridge's candidacy and Mr. Owens may be only one of a number of speakers. The ladies are so thoroughly aroused that they are withdrawing patronage from merchants favorable to Breckenridge.

SINGLE STANDARD ENDORSED.

PHILADELPHIA, May 11.—One standard of morality for women and men was the principle demanded in a resolution introduced by Dr. Sarah Hackett Stevenson at today's session of the Federation of Women's clubs and adopted without dissent. The nominating committee reported the following officers for the ensuing term: President, Mrs. Ella M. Herrobin, Chicago; vice-president, Mrs. Mary E. Munford, Philadelphia; recording secretary, Mrs. Philip M. Moore, Missouri; treasurer, Mrs. Sarah B. Cooper, California; auditor, Mrs. Fannie Purdy Palmer, Rhode Island.

CONSERVATIVES PREVAIL.

Efforts of Radicals in Engineers' Brotherhood Not Successful.

ST. PAUL, May 11.—There was something of a fight in the Brotherhood of Locomotive Engineers' convention today. The younger and more radical element tried to break down some conservative rules. Some changes were secured but none of great importance.

ABSOLUTELY PURE

WORSHIP VILE IDOLS.

Hinduism as it Exists Among the Masses in India.

Rev. W. B. Hoag, principal of the Telegu theological seminary, Ramepana, India, lectured in Detroit recently on "Hinduism." He spoke as eye-witness from the Telegu mission, a portion of the Madras presidency. The Hindu religion embraces a vast pantheon, said to contain three hundred and thirty million of gods and goddesses, many of them, according to the Hindu books, of the vilest character. All the foulest crimes that have ever entered into the imagination of man are to be found in the characters of some of the divinities they worship. India is the most idolatrous land on the face of the earth. The land is full of idols, not only in the temples, but on the banks, at the public wells, in the fields, in the houses, were to be found idols of all sorts, representing gods and fabulous creatures, and beasts and reptiles, many of them monstrous, repulsive and obscene. And the great masses of the people worshipped them, and this worship is promoted chiefly by the Brahmins, the highest and most learned caste of the people. The Hindus worshipped the lower animals, chiefly the cobra, an even inanimate creature. Nearly every village has its idol car, its car of Juggernaut. They are a part of the religion; they belong to the temples and are managed by the priests; they are taken out with banners and flags, and amid great enthusiasm and fervor, on holy days. The government can not touch them because they are a part of the religion.

No barrier ever separated man from man like Hindu caste, said the speaker. It is a division by impassable boundaries; it is an ancient division and has developed and strengthened in the course of ages. It has been called one of the masterpieces of Satan. The highest of all are the Brahmins, the most perfect parallel to the Pharisees in the time of Christ. They have always kept all the learning, all good positions to themselves as far as possible. They look with unconcealed disdain on those of the lower castes. These are the men that will come to this country and talk with mellifluous words about the "brotherhood of man." It is just as consistent for a Brahmin to talk about the "brotherhood of man" as it would be for a Japanese to boast that chastity and moral purity are a distinguished characteristic of his nation, or for a thorough-going Turk to claim for the sublime porte the honor of being the chief promoter of religious freedom, or for a Jesuit to boast that his order and the great system which it serves had always stood for religious liberty. Banning girls, hook-swinging and animal sacrifices are all a part of orthodox Hinduism, sanctioned, approved and supported by it. If India today does not need Christianity, then ancient Greece did not need it, with the superabundant idolatry of Athens and the appalling moral corruption of Corinth. If India does not need Christianity, then ancient Rome did not need it in the times of Nero and his successors, when it seemed as if truth and virtue had well nigh taken their flight forever and left the empire to be a possession of demons. The need of Christian missions in India never was exaggerated and never can be; the need was never greater than it is today.—Detroit Free Press.

SUMMER EXCURSIONS TO ONTARIO, AU TRAIN AND MUNISING.

Blood Poison

THE BANE OF HUMAN LIFE,

Driven Out of the System by the Use of

Ayer's Sarsaparilla

"For five years, I was a great sufferer from a most persistent blood disease, none of the various medicines I took being of any help whatever. Hoping that change of climate would benefit me I went to Cuba, to Florida, and then to Saratoga Springs, where I remained some time drinking the waters. But all was no use. At last, being advised by several friends to try Ayer's Sarsaparilla, I began taking it, and very soon favorable results were manifested. Today I consider myself a perfectly healthy man, with a good appetite and not the least trace of my former complaint. To all my friends, and especially young men like myself, I recommend Ayer's Sarsaparilla, if in need of a perfectly reliable blood-purifier."—JOSE A. ESCOBAR, proprietor Hotel Victoria, Key West, Fla.; residence, 352 W. 10th St., New York.

**CITY DADS RECONSIDER.**

And Contractor Bruce Is Refused the Use of His \$2,500 Deposit.

**ACTION IN MAP AND LABOR MATTERS SUSSTAINED.**

Preparing for Monday's Ceremony. Business Places Will Close—Every City Society Will Parade.

**DID NOT WANT TO VOTE.**

Every city father except Alderman Mullally was in his place last evening when President Pearl's gavel fell, calling to order a special session of the council for the purpose of reconsidering the following actions of Monday night's meeting: The releasing of a \$2,500 deposit of Emil Bruce to assure the completion of the city hall contract; a resolution to buy \$500 worth of city maps, and the settling of a rate for labor and hours constituting a work day.

Alderman Brown requested unanimous consent to the reading of a communication but was not permitted to do so. In taking up the matter of Emil Bruce's security deposit Alderman Hennessey moved its reference to the committee on parks, cemeteries, public buildings and grounds. The motion failed to carry and another motion by Alderman Homier to reconsider went through. The motion granting Bruce release was then put and unanimously denied.

In the other matters referred to in the call the council, not without some discussion, sustained its previous action. To the purchase of maps Alderman Brown refused to vote but was compelled to do so on the objection of Aldermen Jamerson and Hennessey, recording his vote as yea. Aldermen Holley, Moore, Pearl and Sherman voted nay. In voting to sustain the fixing of labor rates, etc., by the council Aldermen Holley, Moore, Pearl, Sherman and Tobin voted nay, stating they did not consider it within the province of the city council to take such action.

The petition of McGuire Bros. to build a frame addition, veneered with brick or iron, at the rear of their saloon in Lake street was granted.

Before adjournment the president announced that the councils of Negaunee and Ishpeming had accepted the council's invitation for Monday and that the majority of the city societies had also accepted the invitation to participate in the corner stone ceremonies of the city hall.

**A General Holiday.**

The committee on ceremonies for laying the city hall corner stone Monday afternoon met after the council meeting last night to further arrangements. The chairman stated the South Shore road had granted special rates of fifty cents for the round trip from Negaunee and Ishpeming and seventy-five cents for the round trip from Humbolt, Champion, Republic and Michigamme. Tickets will be good to return the following day. If fifty or more wish to return early in the evening the company will run a special leaving here at 8 o'clock. Others may return on the midnight train if they prefer. In coming from up the road visitors will be in time for the parade and ceremony if they arrive on either the 10:30 a. m. or 1:30 p. m. trains.

The business houses throughout the city have agreed to close their stores and offices from noon until 4 o'clock, which will be about the time taken up in the parade and exercises at the building. A list of the stores, etc., which will close, will appear in Monday morning's paper.

As some of the societies which are expected to appear in parade will not hold their formal meetings of acceptance of the council's invitation until tonight or tomorrow, the committee will not announce the line of march and allotment in parade until Monday morning.

From the prompt and general response to the council's invitations the committee anticipates that the ceremony and other exercises will prove a pronounced success. The only thing which can now mar the proceedings is the weather and the committee has the local observer locked in a cellar and will keep him there until Monday evening.

**Farewell Dance.**

Masons tendered Brother Sidney Brown a farewell party and dance in Masonic Hall last night which proved one of the most pleasing social events held in the spacious hall in many a day. There was an excellent turnout of Masons and their ladies and a right royal time was enjoyed until long past midnight. Dancing measures were happily set by Hughes' Ideal orchestra and tasty refreshments furnished in the hall dining room.

Mr. Brown leaves soon for Milwaukee as traveling auditor of the Wisconsin Central road and his brothers of the square and compass considered they could best show their regret at his departure and wish him future success by assembling as they did than in any other manner.

**Why the Flag Don't Float.**

The suggestion of a veteran in yesterday's paper that the flag staff at the high school building be either cut down or ornamented with a flag has brought to light the brief but exceedingly brisk history of the stars and stripes which once flaunted bravely from the pole's top but now lies a heap of patched, hemmed and ragged bunting in one corner of the janitor's room.

It appears when the school first got the flag there was so much pride felt in its possession that it was only displayed on holiday occasions. After floating bravely on the breeze in honor of a Fourth of July, Memorial Day, etc., it was tenderly hauled down, folded up and placed where moth and dust would not corrupt. A leading veteran citizen spoke to the superintendent about the matter and asked that

the flag be floated every school day, that a committee of scholars be detailed to look after its hoisting and when the wind and weather had blown out all the stars, leaving only the stripes, the local G. A. R. post would see it was replaced with a new one.

The flag was thereafter displayed five days a week. When it was ripped the teachers saw it was mended. When the wind whipped fringe along its edge a hem was tenderly placed there to save it. Finally when the original flag had given place to a patch-work quilt and the school looked in vain to the veterans for the promised new one, the old rag was pulled down, not because it was not loved and honored, but because its shabbiness was a disgrace. If this brief story as related to THE MINING JOURNAL is correct, a Veteran may find an answer to his query nearer home.

**Societies Accept.**

Last night Presque Isle lodge, Knights of Pythias, accepted the invitation of the city council to appear in parade. The uniform rank will also turn out in force and all knights, both local and visiting, are urgently requested to meet at Castle Hall Monday at 1 o'clock p. m.

Superior Tent, K. O. T. M., met last night and made arrangements to take part in the civic celebration Monday. All Maccabees of this lodge are expected at the hall promptly at 1 o'clock Monday afternoon.

Iron Cross Pythian order has accepted the council's invitation and made arrangements for a good turnout Monday afternoon and will meet at Castle Hall, Fraternity block, at 1 o'clock p. m.

Members of Iron Cross division, Uniform Rank K. O. P., are requested to meet at their hall tomorrow at 3 o'clock p. m.

There will be a special meeting of Mesnard division, U. R., K. O. T. M., at 7:30 o'clock tonight. Every knight is expected to present himself.

Members of the Ancient Order of Hibernians will meet Sunday afternoon at Maccabee Hall to perfect arrangements for Monday's parade.

The Lyceum league last night decided to appear in the corner stone parade and ceremonies Monday. About twenty members will turn out with bangles.

Many more lodges and societies have accepted and will turn out, but have not requested any special announcement. It is safe to say that every member of every society in the city is expected to take part in the jubilation.

**Encouraging Figures.**

The trade report of R. G. Dun & Co. for the first quarter of this year is received. During the first quarter ending March 31, there were seven failures in the upper peninsula with liabilities of \$29,744.25 and assets of \$23,018.31. For the same quarter of last year there were sixteen failures with liabilities of \$362,150 and assets of \$170,350. In one failure of this quarter, however, the liabilities of one firm alone were over \$300,000, which accounts for the comparatively large discrepancy of the figures of the two quarters.

The report is not a very long one but those who, straining their eyes to catch glimpses of the breaking dawn of a brighter day of prosperity, may glean not a little comfort from the comparative figures in the foregoing paragraph. Sixteen failures for the first quarter of 1893 with liabilities of \$362,150—or deducting the big \$300,000 failure \$62,150—compare decidedly in favor of the quarter just ended, which shows only seven failures with liabilities of \$29,744.25. All along the line may be seen evidences of reviving trade and the most conservative are taking much comfort from the fact and making ready to properly receive the welcome guest, prosperity, which has been too long a wanderer from our doors.

**Talked to the League.**

Dr. Harkin gave a very interesting talk to members of the Queen City Lyceum league last night. There was a large attendance of visitors and a full turnout of the leaguers to hear what the doctor had to say regarding the conduct of league meetings and the best manner of preparing and presenting such subjects as were ordinarily considered by its members. There was many a grain of truth in what Dr. Harkin said and it is safe to venture that his words and sound advice will long be treasured by those who would make the most of the splendid opportunities which the society offers.

Mr. Davis, of the South Shore general offices, also made a few interesting remarks chiefly on the impromptu debate. A reading was given by P. Nelson; piano solo, Miss L. Huillier; essay, T. Tracy; reading, J. Thoney; reading of Once in Seven Days by associate editor, Joseph Thoney; and an impromptu debate on "Resolved, 'That the north is a better place to live than the south.'"

The league purposes offering a genuine surprise at its next meeting and asks its friends to keep a strict lookout for the event and to be sure and attend.

**Shiloh's Drummer Boy.**

The Marquette Rifles has closed a contract with the Dunbar Lyceum Bureau for A. R. Carrington who will give three illustrated lectures in Armory Hall June 18 and 19 and a matinee. The "Battle of Shiloh" will be one of the subjects, a change being made for each lecture. Mr. Carrington was drummer boy at the Battle of Shiloh and is counted the youngest enlisted soldier on record during the war of the rebellion, having mustered in as a drummer boy at the early age of eleven. He was in twenty-six other pitched battles besides that of Shiloh and being a close observer should be well qualified to depict some of the stirring scenes through which he passed.

**Attention Sir Knights!**

The members of Queen City tent, K. O. T. M., are requested to meet in K. O. T. M. Hall Monday, May 14, at 1 o'clock sharp, to take part in the ceremonies of laying the corner stone of the City Hall.
