THEY CHEERED FOR WEAVER

Iowa Citizens Turn Out to Greet Governor McKinley but Hurrah for Weaver.

HE STRUCK A TOWN THAT WAS PACKED WITH POPULISTS.

The Governor Expounds the Gospel of Protection to the Denizens of Several Iowa Towns.

THEY KNEW WHO THEY WANTED.

DES MOINES, Oct. 5.—A queer incident occurred at Neola where several hundred people stood around the car of Governor McKinley, giving him entirely respectful attention. When the train started, however, instead of giving the usual parting cheer the whole crowd with but few exceptions began to shout "Hurrah for Weaver," the Populist candidate for congress in the Council Bluffs district. It was explained that Neola is a particularly strong center of Populism.

At Avoca a long stop was made and Governor McKinley left the car to speak from a platform to the several thousands assembled. He told of the reopening of the factories of England which had been closed during the Republican administration saying England does not seek a market where wages are thirty or forty cents a day for mechanics, it only seeks a market in those countries where good wages are paid and where with its low-priced labor it can successfully compete with better paid workmen.

"The most certain market that the American farmer can get," he added, "is the American market. England does not buy anything in this country that she can get anywhere else in the world, yet the Wilson tariff law invites the merchants of that country to come here to sell their goods. Ninety per cent of the products of agriculture of this country are consumed in this country, only 10 per cent going abroad. The Republican party is looking after that 90 per cent; the Democratic party gives its attention to the 10 per cent. They tell us that things are to be cheap. Does the farmer of Iowa want to get less for his wheat and corn than he does? Does the laborer want to be paid less for his work? Are not they cheap enough now?"

Fully 2,000 men were waiting at Atlantic. McKinley addressed them from the platform of the station. Among other things he criticized the Democratic party for having made the tariff of the United States lower than that of Canada, the consequence being that Canada agricultural products could be imported into the United States at a lower rate than the farm products of the United States could be exported into Canada.

At the little village of Casey some one in the audience cried out as the governor was closing his speech that protection benefited only the manufacturers, but the train pulled out before a reply could be made. When the town of Stewart was reached the governor said somebody at the last station had said protection only helped manufacturers. There are many thousands of workmen in this country who could tell that man of his error. Every reduction of duty made by the tariff law of 1894 has been followed by a reduction in wages because if a manufacturer in the United States is to continue in business he is compelled to reduce wages in order that he can compete right at his own doors with the manufacturers of foreign nations.

A number of stops of one or two minutes were made along the route and at every one the crowd insisted upon hearing a word from McKinley. The private car of General Dodge was attached to the train at Council Bluffs and in it was guests of General Dodge, were Colonel Grant, Townsman Sherman, Major Hoyt Sherman and General Howard of the army. It became known along the route that the sons of Generals Grant and Sherman were aboard the train and they were compelled to show themselves and at several points to say a few words.

Colonel Grant stood at the Avoca at the conclusion of Governor McKinley's speech and failed to get on the train in time. It was held at Walnut while Colonel Grant came tearing after on a locomotive and he was given three rousing cheers when he made his appearance. Governor Jackson accompanied Governor McKinley from Council Bluffs to Des Moines.

Governor McKinley's reception here was extraordinary. He was followed from the depot to the hotel by thousands of men who surrounded the carriage and kept up a continuous yell, which was joined by other thousands that packed the walks. The windows along the route were filled and from them came cheering shouts. It was a wonderful demonstration. Colonel Grant came in for a large share of notice and especially from the gray-haired men wearing the Grand Army of the Republic badge who shook his hand with vigor that often approached violence. Governor McKinley made two speeches, first at the Tabernacle and the other at the opera house; both of which were literally packed. Thousands were unable to obtain admission to either. The Grant Republican club entertained McKinley and the others at a banquet after the speechmaking concluded. An early train will be taken for St. Paul in the morning.

Prepared of the best materials, compounded by expert chemists, Dr. Price's Baking Powder is Perfect.

NEW CLUBS ARE JOINING.

Illinois Republican Clubs Preparing for a Grand Time.

SPRINGFIELD, Ill., Oct. 5.—Secretary Lester of the state league of Republican clubs reports arrangements completed for the state convention

league and McKinley meeting here Oct. 10. During the past week forty-three clubs have been organized in the state with a membership of 6,450. All railroads have arranged for special trains and thousands of visitors are expected to be present.

INDIANAPOLIS, Ind., Oct. 5.—

Another two days' speaking trip from the car platform through northern Indiana has been arranged for ex-President Harrison.

CAUGHT UNDER FALLING WALLS.

Fire in Detroit Causes Death of Five Firemen.

DETROIT, Oct. 5.—Fire broke out this morning in the furniture store of Keenan & Jahn, a five-story structure, and spread throughout the building with great rapidity. Sixty employes had great difficulty in escaping. The building was soon gutted; then the front wall fell outward. A number of firemen working there were unable to get out of the way in time and were buried under the debris. The wall in its fall broke the electric and trolley wires and the flashes of sputtering electricity added to the danger. The crowds fled down the streets and a number of men, women and children were trampled on but none seriously hurt. As quickly as possible the work of rescuing the men buried under the building was begun. The first body taken out was that of Lieutenant Michael Donougue and then followed Pipeman Richard Dely, Pipeman John Pascal and Frederick A. Bussey, spectator. Mike Gray was removed so badly injured that he will probably die. This afternoon the bodies of firemen Doyle and Cummings were recovered. Among the injured are: Lieutenant O. Rourke, Pipeman E. Stock, Pipeman C. Cronin, John Newell, Thos. Garry, Leslie McNamara, Harry Kimberly, Henry Herig. The financial damage is \$80,000.

DOES NOT WANT THE OFFICE.

General Lew Wallace Says Harrison is Not a Candidate.

ST. PAUL, Oct. 5.—General Lew Wallace, the noted author, passed through this city today on his way to the Pacific coast where he will deliver a series of lectures. When asked by a friend of General Harrison what he thought was the attitude of the general in relation to the presidential nomination of 1896, he said: "I want it understood first of all I do not pretend to speak authoritatively on this question, but my opinion is General Harrison will not be a candidate in an active, pushing sense; in other words he will not make a fight for the nomination. Candidly I do not think he wants it. I believe Russell Harrison in his statement to the press has stated his father's position correctly. David B. Hill will be the Democratic nominee for president. He was the only Democrat in the senate who showed any sarcasm during the last session, but I do not believe he will finally accept the gubernatorial nomination in New York. He has everything to lose and nothing to gain by so doing. He has squeezed the orange thoroughly and is willing to give the rind to who ever may want it." Concluding the general said: "I wish I felt as sure of eternal salvation as I do that this country will go Republican in 1896."

WRECKS BEING REPORTED.

Recent Southern Hurricane Does Great Damage to Shipping.

KEY WEST, Fla., Oct. 5.—Every day fresh information reaches here from Keys in relation to the loss of life in the recent hurricane. Mr. Pinder, who resides on East Matacumbe Keys reports that the British bark Brandon of Quebec with a cargo of timber was wrecked. Of seventeen on board only three were saved. The Norwegian ship Theoria was lost off Turtle Harbor but all hands were saved. It is likely a number of lives were lost that will never be known as communication with the Keys is difficult.

PHILADELPHIA, Oct. 5.—

News of the damage to shipping by the hurricane of Sept. 26 and 27 which swept the southern coast is now being received and shipping owners anticipate a loss of much valuable property and the sacrifice of many lives when the full particulars are learned. Vessels are arriving greatly damaged and report that the southern waters are strewn with wreckage of every description indicative of many recent shipwrecks. The greatest anxiety prevails for the safety of a number of vessels that were known to have been in the track of the storm.

FIRED BY A MILL OWNER.

Mill Owner Accused of Setting the Recent Forest Fire.

MINNEAPOLIS, Oct. 5.—A paper was filed in the district court today which makes the startling charge that an employe of Laird & Boyle, who owned a saw mill, set the fire which afterwarks burned Hinckley. The paper is in answer to a suit brought by Laird & Boyle against Wisdom & Cannon, who also own a mill at Pine City and with whom there were negotiations pending for an exchange of properties. The defendants put in a note for \$1,500 and made some other concessions. The answer alleges that the plaintiffs ought not to recover since the mill was burned by fire "which was set and kindled by the plaintiffs, their servants and employes; that it occurred wholly by reason of the carelessness and negligence of plaintiffs and their employes and that the fire so set and kindled was the same fire which destroyed the village of Hinckley and a large amount of timber, as the defendant believes."

Forecast of the Weather.

WASHINGTON, Oct. 5.—9 p. m.—The weather bureau reports the following as the forecast for the next twenty-four hours. For upper Michigan: Fair; west winds.

GAYNOR WILL NOT SERVE.

Comes Out With a Letter Declining Nomination for Judge of Court of Appeals.

FEELS HE CANNOT ACCEPT A PLACE ON THE TICKET.

He Thinks Hill Has Made a Great Record in Congress and Should Be Elected Governor.

WOULD LIKE TO ASSIST HILL.

BROOKLYN, N. Y., Oct. 5.—Judge Gaynor in a letter made public tonight declined the nomination for the office of judge of the court of appeals. In a letter Gaynor says: "The reasons which I publicly assigned for not wishing to become the nominee for governor precludes me from accepting another place on the ticket, and I therefore decline the nomination for judge of the court of appeals, grateful as I feel for it and much as I should like to hold a place of so much usefulness. It has more than once seemed to me I should have some part in this great contest when it came but if that is not to be I still hope I may be able to feel that I have done, not much it is true, but yet something to better the condition of the community in which my lot is cast. "I feel and cannot refrain from acknowledging a vibration of pain that the organization, avowedly working unselfishly for higher political methods and for better government, should emphatically refuse to endorse my nomination in advance of my acceptance or refusal. On the other hand, the wholly spontaneous manifestations of the general Democracy of this state toward me made upon me an impression too profound to ever be effaced. It is now nearly five years since I openly objected as an individual citizen to the political methods which I deemed low, base and unmanly and to the official acts which I deemed heartless, criminally involving as they did the pecuniary interests of the people of the state for the enrichment of the few who followed politics as a trade and made the public officials their mere tools. "In this hour in which my name is being tossed back and forth by contending factions I beg to say in justice to myself that throughout it all I was never helped in money or otherwise by any political organization. I do not value any office so highly as to wish to achieve it against the opposition of those whom I had supposed would be my friends. If I thought the withdrawal of my name would injure Senator Hill's canvass I would try to see some way to allow it to remain, for his recent development in the national senate places him with the foremost public men of his day. Between him and his opponent he should, and I trust will prevail."

FACTIONS REUNITED.

Shake Hands and Begin the Fight for Old Democracy.

NEW YORK, Oct. 5.—Chairman Hinckley of the Democratic state committee said today: "As the situation now stands I most emphatically state that the regular Democratic ticket will receive the full support of the Cleveland faction. As to whether Secretary Lamont came over with orders from the administration to restore harmony both in the city and state I am not at liberty to say but I can tell you I am positively assured the administration men in Washington desire most earnestly the success of the regular Democratic ticket headed by Senator Hill. The administration at a large and all its supporters realize that the honor of the Democracy is now at stake, and for that purpose they are willing to make every concession in the interest of securing the Democratic elections this fall. It is no longer a question with the administration of men of personality but of old Democracy."

A REPUBLICAN FOR MAYOR.

New York's Committee of Seventy Nominates Municipal Ticket.

NEW YORK, Oct. 5.—Colonel W. L. Strong, president of the Central National bank, and John W. Goff, who acquired national fame as the chief counsel of the Lexow investigation committee, were today selected by the regular Republican organization to head the municipal ticket this fall. Colonel Strong was nominated for mayor and Goff for recorder at a meeting of the committee of seventy this afternoon. Francis Scott of the Grace Democracy raised a storm by stating that he opposed the nomination of Colonel Strong. Mr. Grace and friends left the conference and it is understood the expected has happened and the state Democracy has bolted the nomination of a Republican for mayor. The Republican county convention met just after the conference with the anti-Tammany organization had adjourned and nominated Colonel Strong for mayor and John W. Goff for recorder.

Across the seas and around the world go the praises of Dr. Price's Cream Baking Powder. Beyond comparison "the most perfect made."

REACHED NO AGREEMENT.

North Dakota Democrats and Populists Fail to Fuse.

FARGO, N. D., Oct. 5.—The Democratic executive committee adjourned this morning after an all night's discussion of the Populist committee's final ultimatum concerning fusion. The Populists refused to force Newton, their candidate for the supreme bench, off their ticket and the Democrats refuse to make any more concessions and will let the tickets remain as they are.

MARQUETTE, MICH., OCTOBER 6.

Entered as mailmatter of the second class in the postoffice at Marquette, Mich.

HAS NOT WITHDRAWN.

Some time ago a Detroit paper quoted Editor Griffey of the Negaunee Iron Herald as authority for the announcement that Judge Hubbell of Houghton had decided not to be considered in the field for the junior United States senatorship from this state, and that Hon. Samuel M. Stephenson would be the upper peninsula's own and only candidate for one of the two places in the upper house of congress which the next legislative will be called on to fill.

THE MINING JOURNAL desires now to announce that Hon. Jay A. Hubbell's friends in this district will push him hard for the position which he is so eminently deserving of and so admirably qualified for—a seat in the senate of the United States—and that they will back him for it against all comers as the choice of the people of this peninsula, and especially of those of them who believe in the principles of the Republican party and vote its ticket.

Among the candidates for legislative positions already placed in nomination by the Republicans of this district are several who believe that Mr. Hubbell is the man on whom the party in the district should unite for one of the senatorships, and their standing and influence in the party makes it quite safe to assume that when the legislature meets there will be but one candidate from this peninsula for the seat in the senate now held by Mr. Patton and that candidate Hon. Jay A. Hubbell.

AS THE MINING JOURNAL has heretofore pointed out, there will be no chance for an upper peninsula candidate if the representatives from this district are not united on one man, with that man one whose fitness for the place will command general and unqualified recognition. The man is Mr. Hubbell, and this paper is gratified beyond measure to learn that he is available as a candidate and trusts that Mr. Stephenson will have the wisdom to put no obstacle in the way of his success in the contest.

THOSE DISPUTED LANDS.

The Evening Wisconsin of Milwaukee notes the presence in that city Thursday of Theodore M. Davis, president of the Lake Superior Ship Canal company, and B. C. Bean of Boston, his attorney, who is also treasurer of the company, and states that they were there to confer with the owners of mines located on the company's lands regarding the movement to dispossess them instituted by settlers who have been encouraged to believe that the lands will eventually revert to the government, and thus become subject to homestead entry, by recent developments bearing on the validity to the title to them of the canal company.

Mr. Davis and his attorney were extremely reticent as to the purpose of their visit to Milwaukee, but the newspaper reporters claim to have obtained some knowledge of it notwithstanding. From what the Wisconsin sets forth as to the mission of Mr. Davis it is obvious that the reporters who imagined they had got at the inwardness of the mission of that gentleman and his attorney did not hit it off very accurately. That paper says:

The fact is that 68,000 acres of valuable and very rich mineral land, now held by Mr. Davis' company on an old land grant from the government and upon which are located some of the best known mines on the Gogebic range, are liable to be lost to his company at an early date, as a move is under way to declare the grant void and the land forfeited under the act which gave the company the title.

This act specifically stated that none known as mineral lands could be taken, but notwithstanding that stipulation the men who took the land under the grant scooped in some 60,000 acres of the best mineral land on the Gogebic range. The disputed land is situated in the northeastern part of Michigan on what is known as the Gogebic range, and on it is located the Aurora, the Pabst, part of the Ashland and other valuable mines.

In 1865 or 1866 a large amount of land in northern Michigan and Wisconsin was given to a company known as the Portage Lake & Lake Superior Ship Canal and Railway company, which was organized for the purpose of constructing a railroad and canal across the two states, the grant being made to aid the company in its work of railroad and canal construction. This grant, it is claimed, was most specific in the clause that no mineral lands should be taken by the company under the grant. It is said that the projectors of the corporation ignored this clause and proceeded to take in a piece of known mining or mineral land on the Gogebic range. In due time certificates were issued by the government to the company upon this with the other land granted.

No question was raised upon the matter until 1886, when the commissioner of the general land office at Washington looked the matter up and discovered the evident wrongful certification of the mineral lands. He at once recommended the attorney general to begin proceedings to have this land restored to the public domain as having been wrongfully certified to the parties who held it. In all similar cases the supreme court has invariably restored lands under dispute to the public domain, and the men who are at present vigorously pushing this important case expect, of course, the same kind of a decision when

the supreme court passes upon the present matter.

As one of the results of the recommendation by the commissioner of the land office, a number of squatters have appeared on the lands in question from time to time. Many of these have been driven off by the agents of the alleged owners, but some have remained and will undoubtedly be on deck when the lands are restored to the government, in which case they will stand an excellent chance to get some of it. The contested land is now worth many millions of dollars and the present owners are naturally exceedingly uneasy over the turn matters are taking and the persistency of those who are back of the move to get the whole thing into the courts.

Messrs. Davis and Bean left for the north this morning after several important conferences with the Norrie and other mine owners here.

As a matter of fact Mr. Davis is in no way concerned in the title of three of the mines named, these being the Norrie, Aurora and Ashland, all three of which are located on patented lands over the title to which there is no dispute, as they were patented to private individuals and not to any land grant corporation. The other mines named are on the Canal company's lands, in whole or part, and the visit of Mr. Davis may have had some reference to the contention over these, but the Norrie, Aurora and Ashland are held by undisputed and undisputable titles.

OUR friend Griffey, of the Negaunee Iron Herald, credits the editor of THE MINING JOURNAL with altogether more activity and ambition as a political manager than he is entitled to claim. THE MINING JOURNAL is not supporting the candidates of any party as such in the present campaign, and the paper is not asking recognition or consideration as a party organ. It contents itself with giving the people information that will enable them to decide wisely as to how they should vote, with reference to their own interests and those of the district and state, but it is not advising them as to how they shall cast their ballots, or urging them to support the candidates of this party or that, individually or collectively.

THE MINING JOURNAL has never been an admirer of Representative Stephenson, and confesses itself disgusted with the greed he has shown in insisting on a fourth term in a position in which he has shown no marked ability and for which he possesses no qualifications that would entitle him to be honored as he has been by his party. Three terms in congress was an "elegant sufficiency" of political recognition for a man of Mr. Stephenson's calibre, and but for the control over the party exercised by a few of its leaders in the district more would have been denied him, for he is not much of a favorite with its rank and file. The Herald says he is not a candidate for Patton's seat in the United States senate. THE MINING JOURNAL is able to quote a statement to the contrary from a gentleman much closer to Mr. Stephenson than the editor of the Negaunee Herald, much as the latter has had to do with inflicting that gentleman on this district in the capacity of its representative in congress. But, possibly, he may have since decided to better his chance of getting another term in congress by dropping out of the race for the senatorship. If so he has shown rare wisdom.

\$100 REWARD, \$100.

The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional treatment, Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO. Toledo, O. Sold by Druggists, 75c.

FREE PILLS.

Send your address to H. E. Bucklen & Co., Chicago, and get a free sample box of Dr. King's New Life Pills. A trial will convince you of their merits. These pills are easy in action and are particularly effective in the cure of Constipation and Sick Headache. For Malaria and Liver troubles they have been proved invaluable. They are guaranteed to be perfectly free from every deleterious substance and to be purely vegetable. They do not weaken by their action, but by giving tone to stomach and bowels greatly invigorate the system. Regular size 25c. per box. Sold by Farnham's Druggist.

The Past Guarantees The Future

The fact that Hood's Sarsaparilla has cured thousands of others is certainly sufficient reason for belief that it will cure you. It makes pure, rich, healthy blood, tones and strengthens the nerves, and builds up the whole system. Remember

"La Flor de Lucretia" is acknowledged by cigar smokers to be a superb article.

HIGH SCHOOL FIELD DAY. Houghton High School Has Set Apart October 13 for Competitive Athletic Sports.

IS AN INNOVATION THAT SHOULD BE ENCOURAGED. Carl G. Printz Is Still on Earth and Running a Drug Store at Astoria, Ore. HOUGHTON. The field day of the Mining school has proved such a success that the Houghton High school will fall in line and its first field day has been set for one week from today.

The field days, inter-school sports and athletic associations which the schools at the present time are beginning to bristle with afford a most encouraging sign that the upper peninsula is emerging from the woods and that we are becoming civilized. Much depends on the public schools and every tie or association that serves to foster interest in the direct interest of education is to be commended.

Several additions to the roster of students at the Mining school have been made since the publication of the list of new students ten days ago. New faces will continue to be seen for at least a month yet from time to time. Will Colverly and a jolly party of sportsmen get to Isle Royale this morning, after partridge.

The Haas Brewing company is receiving bids for the construction of a new ice house in their brewery property, at the foot of the lot, near the lake and railroad track. It is to be 30 by 60 on the ground and several times the storage capacity of the premises at present used for ice by the brewery.

Carl G. Printz, formerly a druggist here and one of the best patrons of the budget dealers ever thrown in their way by a discriminating providence, has been reported dead, suicided, murdered and otherwise defunct by several of the local papers.

Mr. James W. Shields and Miss Mamie Butler, both of Hancock, were married Thursday evening at the home of the bride's parents, by the Rev. J. J. Edward Reilly of the Congregational church.

numerous personal friends in other parties. That indefatigable fraternalist, Chas. J. Hynds of Ishpeming, will institute a lodge of the Woodmen at Dollar Bay immediately after putting upon the skids a camp here.

The Democrats of the Thirty-first senatorial district yesterday afternoon nominated Dennis J. Norton of Ewen for senator. At the regular Sunday afternoon men's meeting tomorrow, ladies as well as gentlemen are invited, it being what they call ladies day.

Next Wednesday evening, Oct. 10, the Ladies Auxiliary of the Young Men's Christian association will serve coffee and doughnuts in the association rooms. The object is to raise money to clear off some of the indebtedness of the association. All are invited.

Miles Doyle, who wrestled with John Rowett a week ago and whom the latter was unable to throw enough times to win the match, was blamed by many of the spectators for hanging back.

TO ASSIST THE SETTLERS.

General Land Office Commissioner Advises Aid for the Forest Fire Sufferers.

NAVAL OFFICERS SAY SEALS ARE DISAPPEARING.

Pelagic Sealers Are Killing Many Outside the Sixty Mile Limit From the Seal Islands.

BURNED TIMBER SHOULD BE CUT.

WASHINGTON, Oct. 5.—S. W. Lamoureux, commissioner of the general land office, in his annual report, shows there has not been as much activity in public land matters this year as previously, due to hard times in the west and consequent decrease in immigration.

The most important recommendations relate to the forest fires in Michigan, Minnesota and Wisconsin and what shall be done with the timber of the public lands. On this subject the report says these fires have extended over vast areas causing great loss of life and property and inflicting sore distress upon thousands of inhabitants. The timber affected by these fires has been left in such a condition that if not cut and disposed of in a short time it will become worm-eaten and worthless, thus depriving the land of a great portion of its value to the settler seeking title. Applications have been made by sufferers from these fires for permission to cut the timber at once and sell it. He therefore recommends that congress be asked to give the necessary permission to allow the cutting of timber and thus prevent the total loss of millions of feet. He also suggests that congress take other necessary steps for the relief of the fire sufferers, following the precedent set in similar cases. He renews his recommendations of last year that a law authorizing permits to cut timber on public lands be repealed.

The reports of the naval officers commanding vessels on the Behring sea patrol have been received and one and all present a discouraging outlook for the future of our seal fisheries. Generally these reports show the regulations imposed in accordance with the finding of the Paris arbitration are of little avail in protecting the seals during what is known as the open season. While the belt of sixty miles wide of ocean surrounding the seal islands is closed to the sealing craft they have not suffered from the prohibition for the naval officers report that seals are found asleep all over the surface of the ocean outside the closed zone. Pelagic sealers killed about 25,000 seals this year last season and the officers estimate that fully 80 per cent. of these were females, entailing an additional loss of many pup seals. In addition to this number it is not doubted that many more seals were killed and sunk before their bodies were recovered and so were not reported. One of the officers ventures the prediction that at the present rate of slaughter the seals will be exterminated within five years, regardless of any action by our government in the direction of suspending the taking of seals for the specified term of years.

Carl Anderson has been promoted and appointed keeper of Sturgeon Bay canal life saving station, Wisconsin.

Acting Secretary Sims, of the Interior department, today approved the selection of land for South Dakota institutions, amounting to 39,867 acres.

RESTRAINING ORDER ASKED.

Reading Road Discharging Members of Railway Trainmen's Order.

PHILADELPHIA, Oct. 5.—Attorney Montague of Washington appeared before Judge Dallas in the United States circuit court today and asked the judge to interfere with the intended discharge on Monday of some employes on the Philadelphia & Reading road. Montague said the men in question were notified that they must renounce membership in a certain labor organization or be discharged from the list of the railway company's employes. Some have been members of the organization for the last seven or eight years and their leaving it would involve the giving up of their property rights. He therefore desired a restraining order to prevent the discharge of the men until the matter could be disposed of by the courts. After some discussion Judge Dallas said he would take the matter up Monday morning. The name of the organization was carefully suppressed, but in the course of his remarks Montague said the grand master workman lived in Illinois. As Wilkinson is the head of the Brotherhood of Railway Trainmen and resides at Gatesburg, Ill., it is presumed this is the organization involved.

STOLE COUNTY'S MONEY

Two Iowa Supervisors Have Been Placed Under Arrest.

SIoux CITY, Oct. 5.—The citizens and tax payers committee, which has been investigating Woodbury county's financial affairs, swore out warrants for the arrest of Supervisors Strange and Hunting today. Strange was arrested and placed under \$3,000 bail. The supervisors are charged with stealing the county's money. Other arrests will probably be made.

Neither legitimate competition nor envious rivalry can shake the hold of Dr. Price's Baking Powder on the public.

WILL SHOOT FOR A MEDAL.

Best Marksmen in the Regular Army Gathering at Chicago.

CHICAGO, Oct. 5.—Preliminary practice firing in annual army competition began today at Fort Sheridan. The marksmen who made the best scores in the department competitions and who were entitled to shoot on the team began to arrive yesterday and today more than a hundred of Uncle Sam's best marksmen were on the range ready to shoot for the much coveted medals. The departments represented

are Columbia, Colorado, Dakota, Texas, East Platte and Missouri. Many of the competitors are among the best rifle shots in the United States. The best score for infantry team was made by Sergeant Wilson of the Seventeenth infantry, he making 173 out of a possible 200. Private Carlson, Fifth cavalry, led the cavalry team with a record of 163.

HAD A FIGHT WITH TRAMPS.

Capture a Passenger Train and Refuse to Get Off.

ANDERSON, Ind., Oct. 5.—Last night when the southwestern limited on the Big Four pulled out of this city it was boarded by four tramps. Four miles south of the city the train took a siding to allow the east-bound train to pass. Brakeman Wilson with the engineer and fireman, with drawn revolvers, ordered the tramps off. The tramps however showed fight and fully twenty shots were exchanged when one of the tramps staggered and fell. He was taken up by his comrades and carried into the woods. The police at Anderson were notified but failed to locate the tramps.

ATTENDED BY LADIES.

Franklin MacVeagh, the Illinois Senatorial Candidate, a Drawing Card.

WAUKEGAN, Ill., Oct. 5.—At a Democratic rally here today Franklin MacVeagh, the senatorial candidate, was the chief attraction and made the principal speech of the day. The ladies had turned out in force to hear Dr. Julia Holmes Smith, one of the candidates for trustees of the state university, and as a consequence MacVeagh had a large number of women to listen to him. MacVeagh discussed the tariff issue generally and urged his hearers to stand by the Democratic party this year in the hopes of adding to the victory which had already been secured for the tariff reform.

WHY HE IS A POPULIST.

Judge Trumbull Wants to Be Senator From Illinois.

CHICAGO, Oct. 5.—Reports are current that the erstwhile prominent Democrat, Judge Lyman Trumbull, in appearing as a Populist campaign speaker is carrying out part of a deep laid scheme. It is asserted that having made himself solid with the Populists he hopes to be the choice for United States senator of such representatives as that party may succeed in electing to the Illinois legislature. It is not impossible that the Populists may hold the balance of power in the joint assembly and it is claimed that Trumbull sees in such a condition a chance to have himself forced upon the Democrats as a compromise and Franklin MacVeagh dropped as an impossibility.

READY FOR HARD TIMES.

Whisky Trust Making Great Retrenchments in Expenses.

PEORIA, Ill., Oct. 5.—As a result of the meeting of the whisky trust directors a policy of retrenchment was begun today which is estimated will save \$12,000 a month. Rebates will be abolished as soon as the outstanding rebates are settled, expensive matters of individual houses will be cut off, clerks and bookkeepers at the district offices will be discharged and the work will be concentrated at the trust headquarters.

EMBEZZLER ARRESTED.

An Illinois School Treasurer Arrested in Texas.

PHOENIX, Ariz., Oct. 5.—George Heilman was arrested here today by Special Revenue Agent Andrews. He is wanted in Vermillion county, Ill., for the embezzlement of \$3,000 school funds while he was treasurer of a school district.

REVOLT IN MONGOLIA.

Chinese Viceroy Has His Hands Full at Present.

TIEN TSIN, Oct. 5.—Reports have reached here that a rebellion has broken out in the province of Mongolia. Troops from Pekin have been sent to quell the uprising. Serious trouble is said to have arisen in the palace at Pekin but no details are given.

Will Make Their Own Twine.

CHICAGO, Oct. 5.—William Dering today confirmed the report that the Dering company has decided not to purchase any more twine from the cordage trust and will manufacture all their own twine in a plant now under construction.

Will talk about the tariff ever cease? There is far greater benefit in talking about the merits of Dr. Price's Cream Baking Powder.

Another American Princess.

PARIS, Oct. 5.—The civil marriage of Miss Elizabeth Sperry of San Francisco to Prince Andre Poniatowski was performed by the mayor at Passy today. The religious ceremony takes place tomorrow.

Ryan Will Meet Dempsey.

CHICAGO, Oct. 5.—Articles are signed for a finished fight between Tommy Ryan of Chicago and Jack Dempsey, the men to meet in the auditorium of the athletic club in New Orleans Dec. 13 for a purse of \$5,000.

Champions Were Beaten.

Baltimore, 6; New York, 9. Sioux City, 8; Chicago, 3.

A Lengthy Aerial Trip.

The longest balloon voyage as far as we know was one undertaken in 1883, in which the distance traveled was a little more than twelve hundred miles. Three voyagers on that occasion made an ascent in France, with the intention of crossing the Mediterranean and landing in Algeria. The wind, proving unfavorable, carried them toward Corsica. When they were near that island the balloon descended toward the water, and for a time their lives were in great jeopardy. By throwing out all their apparatus they succeeded in getting the balloon to rise to a height between two thousand and three thousand feet, and, traveling on to Italy, they safely descended in that country at a little village near Brescia.

SMALL DEMAND FOR GOODS.

Low Prices of Wheat and Corn Cause Short Sales of Manufactured Products.

PRICE IS BELOW THE COST OF FARM PRODUCE.

Larger Demand for Iron Products and Boot and Shoe Trade Leveler Than Ever Before.

DUNN'S WEEKLY TRADE REVIEW.

NEW YORK, Oct. 5.—With the chief money crops of the west and south sinking in value it is not strange that purchases of manufactured goods are smaller than expected. Wheat has touched the lowest point ever known for options and cotton is the lowest ever known in any form with present classification, and the accumulation of stocks in both products is discouraging to purchasers for advance. Producers are compelled to sell at prices below the ordinary cost of raising crops and in some of the western states there is also a lamentable failure of corn crops. Wheat suffers most from an accumulation of stocks in sight, which is far beyond what is usually expected for the season and exports for September were unusually small. For the first week in October the Atlantic exports were 1,097,372 bushels against 863,746 last year, and western receipts only 4,615,600 against 6,130,687 last year and these figures give some encouragement but have little influence in the view of an unusual visible supply.

The price for cash wheat is a small fraction higher for the week. Corn receipts at the west have been only a third as large as they were last year, with exports amounting to nothing, but the price has not further declined after the heavy fall during the previous fortnight. Pork products are weak though only lard is quoted lower. Cotton is one-eighth lower, the cash price being the lowest known for forty-five years, and considering the difference in classification is perhaps lower than at any time in 1845. The estimates of that crop are now 10,000,000 bales while an estimate of 8,500,000 was made two months ago. With favorable weather the yield seems likely to be the largest ever known.

The condition of industries is in some respects more satisfactory. Evidently there is a larger demand for iron products than there was a month ago, though the increase in demand is so slow that prices steadily tend downward. The structural iron market is fairly active in the west, without a change in the east and while the coke output has become the heaviest ever known, 149,775 tons for the week, the price is declining and steps are being taken to limit the supply.

The boot and shoe trade continues to deliver more goods than in any previous year, as it did in September, and most of the works still have orders for one or two months ahead.

Failures in United States for past week were 219 against 320 last year. New York, Oct. 5.—A statement compiled by Bradstreet's shows that the total bank clearances of the principal cities in the United States for the past week were \$99,555,137, an increase of 11.1 per cent. compared with the corresponding week of last year.

Is Extremely Weak.

St. Petersburg, Oct. 5.—It is stated that the czar is suffering from extreme weakness but not confined to his bed. If he is too weak to go to Corfu in December he will spend the winter in southern Russia.

All tests have shown the superiority of Dr. Price's Baking Powder in leavening strength and purity.

CHICAGO MARKETS.

Grain and Produce.

CHICAGO, Oct. 5.—The leading grain futures ranged as follows:

	Opened.	High est.	Low est.	Closed.

Easy to Take And Perfect in Their Action, AYER'S PILLS Never fail to relieve Dyspepsia, Constipation, and Headache.

I have proved the value of Ayer's Pills in relieving dyspepsia and headache, with which complaints I was long troubled that neither the doctor nor myself supposed I should ever be well again. Through the use of the above medicine I am better than I have been for years.

Harvey C. Beeson, the well-known publisher of that standard and indispensable reference book, "Beeson's Inland Marine Directory," is in the city on his annual trip around the lakes and made a pleasant call at The Mining Journal office.

Mrs. Bletthe Erickson died at her home, 223 Mesnard street, early yesterday morning, after a painful illness of six months, at the age of fifty-two years.

Captain Taylor arrived from the Huron Mountain club yesterday with Steward Dan Sullivan and other remaining employees, also the live stock and other perishable property.

Mrs. Philip Carroll of Hancock, who with her little son has been here for a couple of weeks, the guest of Mrs. George Barnes, her sister, left for home yesterday afternoon.

HUNGER IN CHILDREN. Sometimes Arises From an Unhealthy Condition. Normal hunger is the natural demand of the system for necessary food.

It has been aptly likened to the demand for fuel which a steam boiler makes in order that it may produce power in the shape of steam.

It is not to be denied that young children should be fed oftener than adults. Four meals a day may be given with propriety to children, as well as to the sick and aged.

Some babies are always ravenously hungry, and yet are thin and poorly nourished. They should not be fed oftener than healthy babies.

THE FEEDING OF CHILDREN at all hours is radically improper, since it directly favors digestive disturbances; and a child improperly fed rarely grows into a large and well-formed adult.

Dr. Cook has been sick. Paine's celery compound has made him well! As it has made thousands of others well, Professor Cook is one of the editors of The Educational Review.

ELLY'S CREAM BALM—Cleanses the Nasal Passages, Allays Pain and Inflammation, Heals the Sores, Restores Taste and Smell, and Cures CATARRH.

WHAT THE DADS DID.

**Negaunee's Common Council Takes
a Whirl at Municipal
Business.**
AND MANAGES TO WORK OFF
QUITE A BUDGET OF IT.

**Losin' Her Mind Again—Gone to Gather
in the Bonus Promised Them
by Superior People.**

A COMMON COUNCIL SESSION.
A regular meeting of the city council
was held Thursday evening with Mayor
Anthony presiding and eight aldermen
in their seats.
The minutes of the last regular meet-
ing were read and approved.
A petition from Olof Kerkilla, asking
that he be allowed to conduct his saloon
business in the city under the license
secured at Palmer in the township, was
read. It was denied.
A petition from R. Hoch and twenty-
nine others, praying that the electric
light be replaced at railroad crossing on
Gold street, was referred to the com-
mittee on lighting.
A petition from Paul Webb and
others, asking that the electric light be
replaced on Barn street, was referred
to the same committee.
The report of the board of school
directors relative to having \$13,000
raised for school purposes was
read and was ordered placed on file.
A notice from Sheriff Broad, notify-
ing the council that the general elec-
tion for state and county officers would
be held on Tuesday, Nov. 5, 1894, was
presented and ordered placed on file.
A proposal from the electric light
company for the lighting of the city
hall and both house houses was read
and referred to the committee on light-
ing.
On recommendation of Alderman
Christ Johnson, from the street com-
mittee, the petition of James Caruthers
and others, asking that Jennings street
be graded, was granted.
Alderman H. P. Peterson, from the
fire department committee, reported
that the contract for repairing the up-
per floor of No. 2 hose house had been
let to August Anderson, his bid being
\$237. The report was adopted.
On motion of Alderman Jackson the
matter of purchasing 1,000 feet of new
hose was returned to the purchasing
committee, with power to act.
On recommendation of Alderman Col-
lins the report of Marshal Anderson for
September was adopted.
On motion of Alderman Wollner the
bill for building Mrs. Cunningham's
sidewalks were referred to the city at-
torney for collection.
The following resolution, presented
by Alderman Jackson, was adopted:
Resolved, That the following taxes be
levied upon all the taxable property in
the city of Negaunee for the current year
and spread upon the general tax roll of 1894,
amounting to \$175,890, and be credited to
the following specified funds:
For general city purposes, 2
mills on above amount.....\$3,431 72
For street and highway tax, same.....3,431 72
For fire dept tax, 1 1/2 mills on
amount.....2,573 79
For water tax, same.....2,573 79
For school district No. 1.....13,000 00
For library tax.....250 00
Total.....\$20,965 88
Alderman Shea introduced the fol-
lowing resolution, which was also
adopted:
Resolved, That the following places be
and hereby are designated by the common
council of the city of Negaunee, to hold in
the several wards of the said city the ses-
sions of the boards of registration, Satur-
day, November 3, 1894, and also for voting
precincts at the general election to be held
in said city on Tuesday, November 6,
1894, to-wit:
First ward—At William Tresidler's resi-
dence on the west side of Barn street.
Second ward—At the City hall.
Third ward—At E. C. Anthony's office
on the south side of Iron street.
Fourth ward—At Wollner & Elliott's
vacant house on the south side of Case
street.
Fifth ward—At Fire engine house, No. 2.
A resolution extending the time for
the payment of sewer taxes in districts
No. 1 and 2 to Dec. 31, and directing
the city treasurer to accept payments
on said taxes until that time with 1 per
cent added for collection, was adopted.
A number of claims against the city
were read and ordered paid.
The council then adjourned.

**A Special meeting of Charles Towne
post, G. A. R. of this city and Ishpening
will be held at Ishpening next
Thursday evening, at which Depart-
ment Commander Louis Kautz will be
present.
But its greatest moment of domina-
tion is spring. The bitter gray wind
of the east has held unchecked rule for
days, giving place to its brother the
north wind only at intervals, till some
day in March the wind of the south-
west begins to blow. Then the eaves
begin to drip. Here and there a fowl
(in a house that is really a prison) be-
gins to sing the song it sang on the
farm, and toward noon its song be-
comes a chant of articulate joy.
Then the poor crawl out of their
reeking hovels on the south and west
sides to stand in the sun—the blessed
sun—and felicitate themselves on being
alive. Windows of sick-rooms are
opened, the merry small boy goes to
school without his tippet, and men lay
off their long ulsters for their beaver
coats. Caps give place to hats, and
men and women pause to chat when they
meet each other on the street.
The open doors is the sign of the great
change of wind.**

ODD FELLOWS' GRAND LODGE.
Reduced fares on the D. S. S. & A., for
the annual meeting of the I. O. O. F., at
Grand Rapids October 16th, 17th 18th.
Delegates to this meeting upon pur-
chasing regular one way tickets to Grand
Rapids via Mackinaw City will be furnished
by the ticket agents with a certificate that
will entitle them to tickets for the return
trip via the same route as the going journey
at one-third of the regular fare. For
further particulars apply to D. S. S. & A.
agents. (10-29-17)

SUNDAY TRIPS.
To THE QUEEN CITY OF THE UPPER
PENINSULA.
The D. S. S. & A. RY have on sale Sun-
day excursion tickets to Marquette and re-
turn at the following very low fares:
From Eagle Mills.....\$.30
" Negaunee...... .50
" Ishpening...... .75
" Hamblott...... .75
" Republic...... .75
" Champion...... .75
" Michigamme...... .75
Tickets are on sale on Sundays only; are
good on all passenger trains; but are valid
going and returning only on date of issue.
The train which now leaves Marquette
at 6 p. m. (Sundays) will make these Sun-
day trips more popular than ever, as ex-
cursionists will be able to spend the entire
day in Marquette and reach home at a
seasonable hour the same evening (5-19-17.)

RACIAL SUPREMACY.
As Demonstrated by the White Dog of a
Black Man.
In the midst of a busy city thorough-
fare two dogs came by chance together
and fought. One was the dog of a
white man and the other the dog of a
black man, and, strange to say, the
white man's dog was black, and the
black man's dog was white. The dogs
were evenly matched as to size and
both seemed to be courageous and in
the humor for fighting. The moment
they caught sight of each other they
flew together, and, impelled by an
instinctive grudge that they had nursed
studiously for the meeting, when the
battle began the dogs had the street
pretty much to themselves, but in
a few moments there was a surging,
struggling mass of humanity around
them, blocking up business traffic and
for the time causing the suspension of
all interest in everything beyond the
outcome of the battle.
At first the white man's black dog
was in the ascendant, but that was be-
fore the black man's white dog had
gotten his fiery Ethiopian temper
thoroughly mused up; then the aspect
of the struggle underwent an abrupt
and decided change, and the white
man's black dog was given a few points
on jawwork such as he had never
dreamt of in the whole of his canine
career. Dog-hair and canine profanity
filled the air for about five minutes,
when the glimmer of a policeman's star
in the distance caused a speedy cessa-
tion of hostilities. The owners of the
struggling dogs grabbed their respec-
tive racial representatives, and "clawed
off" as it were, until the bluecoated
preserver of the peace had dispersed
the dissatisfied crowd and passed man-
festically on his triumphant orbit. Then
there was a short but strong scence
between the owners of the canine con-
tendants, in which each strove to estab-
lish the supremacy of his race in the
respect of dog ownership, some of the
salient points of the arduous argument
being in the following vein:
"Yuh think that dawg o' yours'n's a
fightah, does yah! well fo' th' law! I
nevah seen nuthin' so easy befo'." My
he's nuthin' but meat fo' my dawg!"
"He isn't, hey! Well you just give
my dog a fair chance and he'll eat your
cur up, hair, hide and claws, he will!"
"Well heah's mah money, white
man!" exclaimed the descendant of
Ham, producing a rotund wad of one-
dollar bills from his unpronounced
pantaloons. (He was plainly a sporting blood
and his taste for clothing was corre-
spondingly loud.) "Heah's mah
dough!" he reiterated, conspicuously
flaunting his adult roll of infantile
banknotes in the face of his antagon-
ist. "Jes' yuh let 'em mix up agin an'
I'll lay yuh ten to one yu dawg be
nuthin' but fish bait in five minutes!"
The white man looked the unutterable
things he felt like saying, but didn't
accept the black man's ostentatious
proposition. He silently turned away,
holding his dog by the collar, a precau-
tion which was entirely unnecessary,
judging from the frantic efforts of the
animal to quit the society of his superior
in the dogly art of ear-crawling, and as
he disappeared down the street his ears
were outraged by the brawny boasting
of the blatant black man, who leered
contemptuously at his mouthed:
"Nigga dawg win, eh? Why wouldn't
he win! D'yuh evah see a white man's
dawg what was any 'count? Huh! Go
'way white man!"
With that he pompously strutted off
with the air of a predominant peafowl
on parade, his victorious white dog at
his heels.

Will Get the Cash.
John Mitchell of this city and Nels
Majhanna of Ishpening left yesterday
for Superior for the purpose of secur-
ing the \$10,000 bonus promised by the
citizens of that place for the erection
of a Finnish seminary there. They
have no doubt that the cash will be
forthcoming within a day or two after
their arrival there. Plans showing the
outside view of the proposed building
have been received here from the
architect and they have met the ap-
proval of the committee.

**SUMMER EXCURSIONS TO MUN-
ING AND INTERMEDIATE POINTS.**
The South Shore have placed on sale at
their Marquette station ticket office, ex-
cursion tickets to Gordons, Sand River,
Deerton, Oota, Rock River, Au Train,
Hudson and Munising at the low rates of
single fare for the round trip. These tickets
will remain on sale during the entire
season and will be good for fifteen days
from date of issue. Hunting, fishing and
camping parties take notice. (5-2-17.)

LOCAL LACONICS.

There are very few cases of typhoid
fever in Negaunee at present.
The Rechabite concert takes place at
McDonald's Opera house tonight.
City Attorney F. A. Bell transacted
business at Marquette yesterday.
Mrs. J. F. Carney and children of
Escanaba were visitors here yesterday.
Harry Work, Woodward & Stone's
genial agent, called on Negaunee pa-
trons yesterday.

The Junior baseball team of this
city desires to try conclusions with the
high school nine at any time conven-
ient for the latter.
A special meeting of Charles Towne
post, G. A. R. of this city and Ishpening
will be held at Ishpening next
Thursday evening, at which Depart-
ment Commander Louis Kautz will be
present.

Florence O'Leary, who left here a
short time ago, has begun work as
motorman on the Evanston Electric
Street railway line. All the other
Negaunee boys who recently went to Chi-
cago are also working steadily.

Persons in Negaunee desiring a nice
beer for family use cannot do better
than to send in a trial order to Charles
Johnson. He is the wholesale agent for
the famous Pabst Milwaukee beer,
which he delivers in any part of the
city.

There will be horse racing at Union
Park this morning, commencing at 10
o'clock, provided the weather is favor-
able. The baseball games will begin
at 1 o'clock. Admission twenty-five
cents. This will be the last sport of
any kind at the park this season.

The cast of characters for the farce,
"Hans von Smash," to be rendered at
the conclusion of the Rechabite enter-
tainment tonight, is as follows: "Hans
von Smash," Al Williams; Mr. Batch,
Harry Trembath; Henry Dasher, F.
E. Nightingale; John Prettyman,
Claude Mackenzie; Mary Batch, Miss
Lizzie Sheehan; Susie Batch, Miss
Doliva Torrille; Katie, the servant,
Miss Mary Curley.

No up-to-date housekeeper can afford
to use any other baking powder than
Dr. Price's.

**As Demonstrated by the White Dog of a
Black Man.**
In the midst of a busy city thorough-
fare two dogs came by chance together
and fought. One was the dog of a
white man and the other the dog of a
black man, and, strange to say, the
white man's dog was black, and the
black man's dog was white. The dogs
were evenly matched as to size and
both seemed to be courageous and in

With that he pompously strutted off
with the air of a predominant peafowl
on parade, his victorious white dog at
his heels.

CHICAGO'S THREE WINDS.
The Coming of Spring to the Metropolis of
the West.
Chicago has three winds that blow
upon it. One comes from the east, and
the mind goes out to the cold gray-blue
lake. One from the north, and men
think of illimitable spaces of pine lands
and maple-clad ridges which lead to the
unknown depths of the arctic woods.
But the third is the west or southwest
wind, dry, magnetic, full of smell of
unmeasured miles of growing grain in
summer, or ripening corn and wheat in
autumn. When it comes in winter the
air glitters with incredible brilliancy.
The snow dazzles and flames in the
eyes; deep blue shadows everywhere
stream like stains of ink. Sleigh-bells
wrangle from early morning till late at
night, and every step is quick and
alert.

N Society
women often feel
the effect of too
much gayety—
balls, theaters, and
teas in rapid
succession find
them worn out, or
"run down" by
the end of the
season. They suffer
from nervousness,
sleeplessness and
irregularities. The
smile and good
spirits take flight.
It is time to accept
the help offered in
Doctor Pierce's Fa-
vorite Prescription. It
was discovered and
used by a prominent
physician for many
years in all cases of
"female complaint"
and the nervous dis-
orders which arise
from it. The "Pre-
scription" is a power-
ful uterine tonic and
nervine, especially
adapted to woman's
delicate wants for it
regulates and promo-
tes all the natural
functions, builds up
invigorates and
cures.
Many women suffer
from nervous pro-
stration or exhaust-
ion, owing to con-
gestion or to disor-
der of the special
functions. The
local source of irri-
tation relieved
and the system
invigorated with
the "Prescription."
Do not take the
so-called celery
compounds, and
nervines which
only put the nerves
to sleep, but get a
lasting cure with
Dr. Pierce's Favorite
Prescription.

"FEMALE WEAKNESS."
Mrs. WILLIAM
HOOPER, of Belleville,
Richland Co., Ohio,
writes: "I had been
a great sufferer from
female weakness."
I tried three doc-
tors; they did me
no good; I thought
I was an invalid for-
ever. But I heard
of Dr. Pierce's Fa-
vorite Prescription,
and then I wrote to
him and he told me
just how to take it.
I took eight bottles.
I now feel entirely
well. I could stand
on my feet only a short
time, and now I do
all my work for my
family of five."

THAT PROCLAMATION.

Mr. Ball Says It Does Not Apply to the Canal Lands.

HIS VERSION OF THE PENDING CONTROVERSY.

Takes Issue With Mr. Culver as to the Rights of Various Parties Interested.

"HISTORY FOR HOMESTEADERS."
TO THE MINING JOURNAL.—Your article in this morning's issue entitled "History for Homesteaders," is such bad history that duty to those likely to be misled by it requires that some one should correct it.

I have no desire to try the questions involved in your paper, for neither your editorial corps nor your readers have anything to do with their decision. The people, through their representatives in congress, spoke many years ago in making the law, and it merely remains for the courts to construe and apply it. But there has lately arisen a craze on the subject of "Canal lands," and a great many people who do not know better are encouraged by those who know, or ought to know better, to spend their time and money in attempting to get a claim on these lands and to pay the encouragers for their encouragement.

It is quite a profitable operation to those who get from the would-be homesteaders nice little sums for pointing out to them good tracts of "canal" pine lands, but so far it has not proved profitable to the homesteaders. Your article is admirably adapted to stimulate this business, to the filling of the pockets of the one class and the depletion of those of the other.

The controversy referred to is entirely distinct from the contest over lands in the Brule River district, which is soon to be passed upon by the supreme court.

Now as to the facts. At the last June term of the United States court, I made an application to Judge Sage, upon commencing suit for that purpose, for an injunction to prevent P. J. Hartford and many others from entering, cutting timber, building cabins and settling on as many quarter sections of the lands of the Keweenaw association, limited, situated in towns 49 and 50 range 44, and town 49 range 50, in Ontonagon county. Judge Sage made an order for the hearing of the application on the first day of the September term and ordered the issue of an injunction to restrain the parties as prayed, until the application could be heard and decided. This injunction was issued and served, and is still in force.

At the late September term the matter was brought up before the court and Mr. Culver then claimed that there was a proclamation of President Fillmore, made in October, 1851, designating these particular lands as "mineral," and therefore they could not lawfully be selected under the Portage Lake canal grant. That act provides that the lands shall not be selected "from lands designated by the United States as mineral" before the passage of this act, that is before March 3, 1855.

Judge Severens said if there was such a proclamation made by the president, designating these lands as mineral, under the authority of any act of congress, he did not think he would be justified in allowing a preliminary injunction; that is the question of title would have to be decided in the suit commenced before any injunction would issue. I stated that I had a printed copy of the only proclamation that had ever been claimed to have that effect—a proclamation of President Fillmore dated July 26, 1851, and I was ready to argue the question on that proclamation. I showed the copy I had to Mr. Culver, and he insisted that it was not the same he referred to, but that there was one issued in October, 1851, describing these lands, and expressly designating them as mineral lands, and he was given time by the court to produce a certified copy of that proclamation, to be submitted to the judge with all the papers and such briefs as either side might choose to present.

I knew there was no proclamation other than the one I had and so submitted my brief, with my copy of the proclamation and the other papers, to Judge Severens some time ago.

Mr. Culver has just received the copy of the proclamation which is published in this morning's MINING JOURNAL, and I understand from him that he has forwarded it to Judge Severens. It is the identical document that I had, at the time the matter came up before the court in September, showed to Mr. Culver and proposed to furnish the court, and which I sent to Judge Severens some time ago.

If Judge Severens is of the opinion that the lands involved in the suit were designated as mineral by that proclamation, he will probably refuse to continue the injunction in force, pending the suit, but the final decision will be at the hearing of the case hereafter.

It would appear to me that there are two difficulties in the way of Mr. Culver's contention:

1. There is no law authorizing the president to designate any lands as mineral.
2. The president did not, by this proclamation, designate any land as mineral.
By act of congress approved March 1, 1847, creating a land district in this peninsula, the president was authorized to "cause a geological examination and survey of the lands embraced in said district to be made and reported to the commissioner of the general land office." It also provided for the sale of the lands reported by the geologists as mineral, at higher price than other lands.

The survey was made by Dr. Jackson, assisted by Foster and Whitney, and certain lands were reported by them as mineral. Such lands were designated on the records of the land office as "mineral" and offered for sale as such.

Prior to this time a very large proportion of the lands of the upper peninsula had been covered with "mineral leases" issued by the secretary of war. The attorney general in 1846 decided

that these leases were void, because not authorized by law, but the act of 1847 provided that no lands covered by them should be sold until the expiration or surrender of the leases.

The lands reported by the geologists as containing mineral were offered for sale at a minimum price of \$5 per acre July 31, 1848, under a proclamation of President Polk dated Jan. 27, 1848, except such as were covered by unexpired mineral leases.

The other lands of the district were offered at a minimum of \$1.25 per acre in September, 1850 under a proclamation of President Taylor dated June 13, 1850, except, of course, such as were covered by unexpired mineral leases.

By act of congress Sept. 26, 1850, the minimum price of the mineral lands was reduced to \$1.25 per acre, the same as other lands.

There remained, therefore, unsold at the date of President Fillmore's proclamation of July 26, 1851, two classes of lands to be offered for sale at a minimum of \$1.25 per acre, both of which were embraced in that proclamation, viz: Lands which at the former offerings were covered by unexpired mineral leases and therefore could not be sold, and lands "reported by the geologist containing mineral." The latter class had been "designated by the United States as mineral," and included only a small part of the lands covered by the leases. None of the lands certified to the canal company under the canal grant had ever been so designated.

It will be seen, therefore, that Mr. Culver has not produced such a document as he claimed to exist:

1. That by the document he produces (and which I produced before) no lands are designated as mineral, but lands which had been designated as mineral and other lands were offered for sale.

2. That it is not true that "nothing more has been heard of the injunction and it is presumed that the attempt to drive the settlers off the land in that manner has been dropped."

The injunction remains in force and I presume it is being obeyed. The question of continuing the injunction has been submitted to Judge Severens by Mr. Culver and myself and he has it under consideration.

The injunction was not issued to "drive the settlers off the lands," but to restrain them from making, or attempting to make, a settlement thereon.

My only object in this communication is to show that the way to "canal" pine lands, through the homestead act, is not perfectly clear, and to suggest to those who are solicited to pay money to be located on such tracts, the propriety of hesitating to part with their money on the prospect, or at least, that it would be wise to deposit the money in some safe place, to be paid over when the title is secured. D. H. BALL, Oct. 5, 1894.

Tomorrow's Church Services.

At the Presbyterian church Sunday the sacramental service will be held in the morning at 10:30. The subject of the address will be "The Religious Uses of Memory." The evening service will be especially devoted to young men. The young men of the city are cordially invited and are assured of a hearty welcome. All others and ladies are also welcome and none are shut out. The choir will sing:

"There is a Green Hill" Wood
"The Magdalen" Warren
Offertory, "One Sweetly Solemn Thought" Ambrose

The services at St. Margaret's chapel have been changed for the winter season to 4 o'clock in the afternoon. Archdeacon Williams will return from Ishpeming in time for the afternoon service there next Sunday. There is now a good sidewalk from Jackson street to the chapel. The usual services will be held at St. Paul's church.

The usual morning and evening services will be held at the Methodist church. A cordial invitation is extended to the public to attend the Epworth League meeting from 6:45 to 7:30 p. m. Everybody is welcome.

Benevolent Society Meeting.

The ladies of the Benevolent society desire a full attendance at their meeting this afternoon in the lecture room of the First Baptist church. The purposes of this meeting are: First, the election of officers for the ensuing year. Second, to simplify the collection of dues, which are \$1 for active members, the payment of which carries the right to vote, and \$5 for honorary members; Third, to decide upon the policy of the society for the coming winter. The ladies of the society desire advice and will gladly hear any criticism that will enable them to work more intelligently. This afternoon is the time for both. MRS. L. C. PALMER, President.

Without trace or taint of adulteration Dr. Price's Baking Powder attains in its make-up the ideal of perfect purity.

Ice Cream and Charades.
A very pretty library tea was given in the Baptist church parlors last evening by Mrs. Northrop's Sunday school class. Mrs. Begole played a violin solo, accompanied by Miss Leila Jones; Mrs. A. H. Palmer and Misses Westlake and Williams sang and Mr. Bogue recited. The most amusing feature of the evening was a series of charades on the titles of books, impersonated by twenty ladies and gentlemen. After the program light refreshments were served in the dining room, concluding a very pleasant evening.

ALL FREE.

Those who have used Dr. King's New Discovery know its value, and those who have not, have now the opportunity to try it free. Call on the advertised Druggist and get a Trial Bottle Free. Send your name and address to H. E. Bucklen & Co., Chicago, and get a sample box of Dr. King's New Life Pills Free, as well as a copy of Guide to Health and Household Instructor, Free. All of which is guaranteed to do you good and cost you nothing. Farnham's Drug Store.

Patronize home industry and enterprise and buy your storm sash from The Dice Manufacturing company, Marquette, and thus save five times their cost in fuel. Saying nothing about the comfort they afford and the sickness they save from the cold and chilly winds during our long winter months.

TO THE PUBLIC.

I am now receiving hourly markets of the leading copper stocks direct from Boston. These quotations are for public information and those who are interested in copper stocks are invited to call. W. P. BROWN, Room 1, Bending Block.

CLOSING OUT!

Our Entire Business Consisting of

CLOTHING, GENTLEMEN'S FURNISHING GOODS, HATS AND CAPS,

Piece Goods and Tailor's Trimmings Regardless of Cost. Don't cry hard times when you can buy goods at your own figure. Call and convince yourself. Respectfully,

S. KAUFMAN & SONS,

Bring In Your Feet.

We can sock 1,800 pairs of feet and we will touch your purse so gently that you will enjoy the novelty. We secured the entire output of the Superior Knitting mill Tuxedo and Homespun wool yarn hosiery.

150 DOZ. WOOLEN HOSE 150 DOZ.

Divided into two lots. 80 doz. is Wool Hose, colors, white, gray, black and red. 3 pounds to the doz. will go in this sale at..... **15 C.**

70 doz. Wool Hose, colors, white, gray, gray mixed, black and red, 4 and 4½ pounds to the doz will go in the sale at..... **25 C.**

These Woolen Hose are worth more at wholesale than our retail price and we could have sold the whole lot to dealers here at the above prices, but our aim is to give our customers the benefit of our great bargains. Come in and we will put money in your pocket.
