HAS BEGUN HIS CANVASS.

Congressman Wilson Greeted With Great Enthusiasm by a Mass Meeting of Constituents.

STUDIED THE WHEAT MARKETS OF THE OLD WORLD.

Says the Wall Which Was Built to Keep Competition Out Has Kept Our Produce in.

PLEADED TO FURTHER COMBAT.

CHARLESTON, W. Va., Oct. 8.—Congressman Wilson arrived here this afternoon. A great mass meeting had convened at the court house. Wilson was introduced and delivered an address which was received with marked demonstrations of approval. Wilson began his address with a touching reference to the great popular demonstration which greeted him upon his return and thanked his fellow citizens, friends and neighbors for the enthusiasm with which they had taken part in his welcome. He then referred to the struggle for lower federal taxation as a wonderful thing, inspiring popular revolution, and pledged Democracy, as the party of the people, to go on in the combat.

"I, for one," said he, "do not believe it is to come until the results secured are fully measured up to the ardor and enthusiasm of the people. On one side, good government, honest, economical government, freed industry, large and expanding markets for products of American labor and the general dawning of individual prosperity. On the other side, law corrupt government, fettered and imprisoned industry, limitations by law on markets in which we are to sell and limitations by law for the amount which we can profitably produce. These two systems are now at issue before the American people.

"If there is one thing to which I gave more attention than any other during my brief absence it was to the condition of the wheat market of the old world. When I enquired why it was wheat had gone down to a price much lower than it had ever sold before in the history at least of modern England and America the answer was that there is a universal glut and production beyond profitable demand, that not only is the United States increasing her surplus export of wheat and Russia increasing her surplus export of wheat, but that Argentine is coming forward and is now third in the quantity exported to the European markets.

"I cannot but recall the fact that the American tax upon the wools of Argentine made them give up their sheep walks and go into competition with you in the production of wheat. I believe so far as the great cereal is concerned we produce enough to feed a population twice as large as our own. The question is, where are we to get these markets? Under our system we have been building up for thirty years tariff walls to keep other people from coming in to compete with us in a home market already glutted. We have begun to tear down our tariff walls to let us out with our products to compete with the rest of the world in the markets of the world."

Wilson continued his tariff argument for fully an hour and was succeeded by Mr. Myers of Pennsylvania and Hon. J. T. McGraw. At 5 o'clock the meeting adjourned to reassemble at 7 and the speaking continued until half past ten at night.

A WRONG COMPARISON.

Presidential and Recent Georgia Elections Stand Fair Comparison.

WASHINGTON, Oct. 8.—Secretary Hoke Smith, who has just returned from Georgia, speaking to an Associated Press reporter today about the recent Georgia elections, said: "The state ticket was elected by between 30,000 and 35,000 majority. It is manifestly unfair to compare this election with the state election of 1892 when Governor Northern received a majority of 68,000. Then the Republicans declined to endorse the Populist candidates and failed to put out candidates of their own. This year the Republicans endorsed the Populist ticket and voted almost solidly for their ticket. It is but fair that a comparison should be made with the Democratic majority in a special presidential election. This shows a difference of only 5,000 and I believe this could be accounted for by the light vote pulled. "It is noticeable, too, that no reduction of majorities took place in the districts where the fight was conducted in line with the platform demanding sound currency."

Labor and capital must be reconciled. Arbitration will do it. No need to arbitrate the merits of Dr. Price's Cream Baking Powder.

WANTS FREE RAW MATERIALS.

Massachusetts Democrats Nominate State Ticket and Form a Platform.

BOSTON, Oct. 8.—The Democratic state convention met today. The platform as adopted congratulates the country on the repeal of the federal election laws, Sherman silver law, McKinley tariff abolition and the sugar bounty. It declares in favor of placing raw materials on the free list; holds that it is the sole function of the federal government in monetary matters to provide a standard of value by statute and to coin metallic money every dollar of which shall be of equal intrinsic value; that nothing but this coined money shall be legal tender and that the government shall not carry on a banking business. It demands that the untaxed notes of state or national banks shall be the only paper money

and that the government shall, with development of the banking system adequate to the demands of the trade, retire as rapidly as possible all its legal tender paper money. The principle of the income tax was approved. The platform also says: "We are not only opposed in the abstract to any distinction of birth or religious creed in the rights of Americans but also to any organization which aims to introduce such distinctions into politics; and we hold up to public condemnation any party which, like the Republican party in this and other states, tacitly accepts an alliance with such an organization and permits it to control the party caucuses and conventions."

The following ticket was nominated: Governor, John E. Russell by acclamation; lieutenant governor, Chas. E. Stratton; secretary of state, Charles DeCoursey; attorney general, H. F. Huribut; treasurer and receiver, General J. S. Grinnell; auditor, A. C. Whitney.

FIRST DECISION SUSTAINED.

Nebraska Administration Democrats Knocked Out of Court.

LINCOLN, Oct. 8.—Secretary of State Allen today heard the protests of the Democratic party against his decision declaring the convention which nominated Holcomb for governor a legal body. Hon. John L. Ames opened with reading a supplemental protest in which he urged his objections to the action of the secretary of state as follows: That if the certificate filed by State Chairman Smythe was accepted the real Democrats would be disfranchised and the former would have their names on the ticket twice. He claimed the election law did not contemplate the duplication of names on the tickets and read the decision of the courts of various states on alleged parallel cases and asked of the secretary a reversal of his former decision. A. J. Sawyer followed with reading several other decisions on the same line and Judge Strode from the Bryan ticket replied claiming that the cases cited were not parallel ones and W. H. Thompson supported him in the argument. The secretary of state sustained his former decision. The administration men will now resort to the courts.

McKINLEY IN DULUTH.

Claims That Woodmen's Wages Have Been Greatly Reduced.

DULUTH, Oct. 8.—Governor McKinley this afternoon spoke to an audience whose numbers were estimated by conservative observers at not less than twelve thousand. He was greeted with a storm of applause and cheers lasting several minutes. In his address McKinley recited the effects of the new tariff law on Minnesota lumbermen as compared with those under the law of 1890. While under the latter the common laborers in lumber camps were paid from \$25 to \$40 a month; now they are glad to do the same work for from \$12 to \$16. Horse teamsters and cant-hoek men got \$40 to \$45 a month while now the most of them are paid \$25 a month. This is the result of free lumber under which Canadian competition is invited. From here Governor McKinley went to West Superior where he held another large audience. During the course of his address he made a reply to Wilson's charge that he garbled Wilson's London speech denying that he had done so.

CHECKING MARAUDERS.

Russia Is Sending Troops to the Chinese-Siberian Frontier.

BERLIN, Oct. 8.—The Cologne Gazette's correspondent at St. Petersburg telegraphs that for the purpose of checking the depredations of Chinese marauders the Russian government has decided to send to the frontier five battalions of Siberian troops and three batteries of artillery.

ST. PETERSBURG, Oct. 8.—The Russian government has lodged a strong protest against the recent violation of Russian frontier by a body of armed Chinese who killed two men who were working on a railroad and who pillaged the houses of two Russian settlers. Russia is said to have demanded a breach in the national law and demands the payment of a substantial indemnity.

As the season approaches when dainty cake, crusts and pastry are in demand Dr. Price's Cream Baking Powder becomes indispensable.

DEATH WAS UNEXPECTED.

While Visiting With His Son the End Suddenly Came.

BOSTON, Oct. 8.—From a nephew of Dr. Holmes today the Associated Press learned that the poet was sitting in his study chatting with his son, Judge Holmes, when death came upon him without a moment's notice. No one but Judge Holmes, his wife and the servants were in the house. Dr. Holmes had been suffering for a week with a bad cold, but death was entirely unexpected. Messages of sympathy from all over the country were received today. The funeral will take place Wednesday at Kings chapel and the services will be conducted by Dr. Edward Everett, a life long friend of Dr. Holmes.

TRIED FOR NEGLIGENCE.

Captains Vose and Grimes Answer for Caisson Explosion.

LEAVENWORTH, Kas., Oct. 8.—The court martial to try Captains Vose and Grimes, Second artillery, convened at Fort Leavenworth today. The charge against the officers was disobedience of orders at Evanston, Ill., where a caisson exploded during maneuvers. It was claimed the caissons were not cleared of condemned batteries. Captain Wallace Rendall testified to finding condemned ammunition in Captain Voses battery after the explosion and great risk was run in having it about. Colonel Hyde, of General Miles' staff, corroborated Rendall. Captain Vose will testify in his own behalf tomorrow.

THAWED OUT GIANT POWDER

Foolish Ironwood Farmer Blows Up Himself Together With His Whole Family.

FOUR WERE KILLED INSTANTLY AND OTHERS HURT.

Attempted to Thaw Out Stick of Giant Powder in an Oven With Fatal Results.

THE EXPLOSIVE WOULDN'T BAKE.

IRONWOOD, Mich., Oct. 8.—John Davell, a farmer near this city, together with a family of five, were blown up by an explosion of giant powder today. Ravell and his five-year-old son were killed outright. Mrs. Ravell and a six-year-old daughter will undoubtedly die. The others were not dangerously hurt. Ravell was thawing out the giant powder in the oven of a stove.

BELONGS TO NO SOCIETY.

Fisher Denies He Ever Made Overtures to the A. P. A.

BAY CITY, Mich., Oct. 8.—Hon. Spencer O. Fisher, Democratic candidate for governor, addressed an enormous audience at the Auditorium tonight. In reference to the charges brought against him of making affiliation with the A. P. A. Fisher characterized the attack upon him by Hon. Tim Tarsney as "the result of a sting of a defeated rival in the contest which secured for our city the United States court and government building. The statements made by him are false. I belong to no secret society—political or other—and have no affiliation or sympathy with any and have had no conference at any time or at any place with any members thereof." At the close of his remarks Fisher was greeted with tremendous applause. Fisher offered \$10,000 to any one who can prove the charge of the alleged conference in Detroit.

HAS QUIT THE PARTY.

Has Let the Democrats and Joined the Republicans.

MIDDLEVILLE, Mich., Oct. 8.—M. F. Jordan, after having declined the nomination for lieutenant governor, has renounced allegiance to the Democratic party and unites with the Republican party, declaring he has lost all hope and confidence in the Democratic party and its ability to legislate in the interests of the people.

BRIDGE TIMBERS SAWED.

Passenger Train on the Soo Line Ditched by Wreckers.

TOMAHAWK, Wis., Oct. 8.—Train wreckers sawed the timbers of the Soo bridge at Tomahawk Junction and the westbound passenger train was wrecked. The body of the fireman is under the engine and the engineer had both legs broken. No passengers were hurt.

THEY ESCAPED ON RAFTS.

Steamer London Wrecked With Many Passengers on Board.

ADELAIDE, South Australia, Oct. 8.—The passenger steamer London was wrecked Saturday on Pollock reef. There were on board 160 passengers while the crew numbered thirty-six. All hands were able to escape to the reef. Rafts were then built of the wreckage and everybody embarked and managed to reach an island twenty miles north of the reef where all but four passengers, who are missing, landed in safety. The schooner Grace Darling took all hands from the island.

CHIEF JUSTICE DISSENTS.

South Carolina Supreme Court Renders Decision in Dispensary Cases.

COLUMBIA, S. C., Oct. 8.—The decision of the supreme court in the dispensary cases was filed tonight. Justices Pope and Gary declare the law constitutional while Chief Justice Melver dissents. The effect of the decision will be that Governor Tillman will now begin active warfare against the "blind tigers" which have been flourishing without much molestation since the act was declared unconstitutional.

FOUGHT A DUEL WITH AXES.

Two Men Quarrel Over a Woman and Kill Each Other.

HEBARDVILLE, Ky., Oct. 8.—Two farmers, Raymond Martin and Robert Rye, quarreled today about a woman. Martin got two axes and handing one to Rye he proposed a duel. They fought until Rye had both arms severed and fell dead. Martin received horrible gashes about the head and breast and is dying.

Cake crusts or pastry prepared with Dr. Price's Cream Baking Powder are never sour, spotted or soggy.

SUGAR REFINERY CLOSED.

Mollenhauer Sugar Refinery Shut for an Indefinite Time.

BROOKLYN, N. Y., Oct. 8.—The Mollenhauer sugar refinery, employing 1,800 men, will shut down today for an indefinite time. The Mollenhauer people say one of the singular features of the market is the fact that they sold syrups and molasses ahead but there is absolutely no market for refined sugar.

BATTLE IS IMMINENT.

The Japanese Advance Guard Crosses the Yalu River.

YOKOHAMA, Oct. 8.—Advance guard of the Japanese army crosses Yalu river and forms new camp. Battle believed to be imminent.

Subscription Rates: Per year, by carrier, \$4.00; Per month, by carrier, .75; Per year, by mail, \$3.00

MARQUETTE, MICH., OCTOBER 9.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

It's about time aspirants for legislative honors in this assembly district were beginning to advance their claims. There are to be two United States senators elected next winter, hence the session will be an unusually interesting one from several points of view.

TIM TARSNEY may have to leave the country yet to get away from the A. P. A. He doesn't seem safe from their machinations in the Democratic party, and if he fears that they will pursue him and "do" him there it is hard to say where he can expect to find safety from them anywhere in this land of the free and home of the brave.

GOVERNOR MCKINLEY has made over forty speeches in the present campaign and is just as fresh as when he started out to talk himself into the presidency. The governor's wind is all right, but when it comes to a show down between him and Tom Reed THE MINING JOURNAL is of the opinion that the thinker will get away with the talker.

CORNERED BY THE MINING JOURNAL on certain of its statements concerning the advisability of government ownership of railways. The Conglomerate replies to this paper by quoting from the Boston Transcript. "The trouble with" not a few of our editors is that they think with other men's brains and do too much of their writing with the assistance of a pair of shears and a paste-pot.

THERE doesn't seem to be much of a scramble for places on the Democratic county ticket in this ballwick this year, although the time is at hand when one must be put up. It is no picnic to run for office on a Democratic ticket in Marquette county, but there is no telling what may happen in an "off" year, and it is worth while putting a lightning rod up anyway on the chance of having something strike it.

SUPERIOR'S delinquent tax roll is the most significant advertisement for that city that has yet come under THE MINING JOURNAL'S notice. It fills sixteen pages in The Evening Telegram, the descriptions being printed in small type. Individual owners of real estate there are down for hundreds of different pieces of property, on which the aggregate of taxes due mounts well up into the thousands. With so large a share of the taxes unpaid the wonder is where the city gets money to meet current expenses, but they are marvelous financiers at Superior and succeed in doing things that other communities would think it folly to attempt.

QUOTING THE MINING JOURNAL'S admission, that it has not gone deeply enough into a study of the question of government ownership of railways to be prepared to give an opinion on it of much value, the Calumet Conglomerate remarks that "the trouble with our editors is that they do not go deeply enough into these vital questions, or if they do they are not honest in what they print." Now which is the case with the Conglomerate's editors? Have they failed to go deeply enough into the question considered to be able to give a valuable opinion on it, or are they dishonest in what they print? An editor who gives an opinion on a matter that he is not well informed on, insisting that it has value, is essentially dishonest with the public. Isn't the esteemed Conglomerate doing a good deal of that kind of thing?

A DEMOCRATIC meeting at Ann Arbor held Saturday night was addressed by the Democratic nominee for governor, Hon. S. O. Fisher, and Congressman Weadock of Bay City, the man who attacked Congressman Linton during the last session on account of his affiliation with the A. P. A. Weadock is a brother-in-law of Tim Tarsney, who announces that he cannot support Fisher because the latter loaned a white horse to the marshal of an Orange procession held in Bay City July last, and for the further alleged reason that he (Fisher) is in league with the A. P. A. If the charge brought against Fisher by Tarsney has any foundation Weadock ought to know something about it, and if he knew it to be true he would hardly speak from the same platform with Fisher, for he is about as bitterly opposed to the A. P. A. order as anybody in Michigan. Mr. Tarsney appears to be carrying his opposition to the A. P. A. to extreme lengths. It is not an order that deserves anything but condemnation, but it hardly is sufficient of a menace to the rights of Catholic citizens to give the latter occasion for much worrying. Fisher admits that he loaned a white horse to somebody who wanted to ride the animal in the Orange procession, but explains that he has loaned horses for similar purposes for all kinds of processions in his city, and says he will do it again. As the horse belonged to Fisher instead of Tarsney it does not appear that the latter really had any right to find fault with the loan of the animal. There are plenty

of Catholics who would loan a horse to an Orange neighbor for such a purpose. We are living in an enlightened age and country, and outliving (thank heaven!) some very absurd prejudices that were imported to this country but which have no place here and which the bulk of our people know little and care less about.

REVIEWING the condition of trade at the close of last week, Henry Clews & Co., of New York, find it fairly encouraging. The concluding summary of their report is here given:

The recovery of trade following the passage of the tariff act appears to have exhausted its first effects on Wall street. The two months of active distribution of merchandise has sufficed to meet the immediate wants of the retail trade, and there is consequently a curtailment of the demand at wholesale and an interval of waiting until the usual second demand for replenishing stocks appears. There appears, however, to be no real reason for doubting that this second half of the season will prove reasonably satisfactory. The retailers themselves were the best judges of what amount of goods they could dispose of, and it is reasonable to suppose that, liberal though their purchases have been, they have taken no more than their customers will want during the first and more active half of the season; and, assuming that, it may be allowable to hope for a fair renewal of demand during the later period of the season. Wholesale dealers, however, are making conservative estimates upon this late demand, and are pursuing a tentative course in their contracts with the manufacturers. They are likely to follow a like policy in respect to orders for the next season's business; which is no more than would be dictated by sound business policy. Indeed, there is nowhere any disposition to discount the future from the standpoint of sanguine expectations. A continued gradual recovery of business through 1895 is counted upon, but no early "boom" is generally anticipated. The imports of merchandise show a large increase, being for the last week of September \$10,200,000, against \$6,300,000 for the same time of 1893. This may be regarded as partly the effect of the revival of business and partly a reaction from the holding back of goods in anticipation of the new duties. The movement is, therefore, not to be regarded as in any way excessive.

Piney Little Praying mantis. Most people have read of and seen pictures of the "praying mantis," a curious insect of large size, so named from the devotional attitude it assumes when watching for its prey. It lives on caterpillars, such as injure apple trees. A large number of these valuable insects were hatched out in the vivarium at the state horticultural society's rooms, and by evening had grown to be as large as mosquitos. A great number of caterpillars are being reared for them to feed upon, and it was wonderful to see the tiny mantis, as soon as it had straightened out its legs, start off up the branch of an apple tree on which the young caterpillars, now two weeks old, were feeding. One little mantis, not more than ten minutes old, tackled a caterpillar ten times as heavy as himself, but was put to flight. The eggs of the mantis were sent from Japan, and the insects raised are eventually to be distributed among orchardists to destroy caterpillars and other insect pests.—Portland Oregonian.

At the Photographer's. Photographer—Now, madam, please kindly put on your most pleasant look. One—two—three. Now you may resume your ordinary expression.—Fall Mall Budget.

\$100 REWARD, \$100. The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO. Toledo, O. Sold by Druggists, 75c.

TWO LIVES SAVED. Mrs. Phoebe Thomas, of Junction City, Ill. was told by her doctors she had Consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mrs. Thos. Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and Colds. Free trial bottles at Farnham's Drug Store. Regular size 50c. and \$1.00

After Scarlet Fever My little son Lemuel, was left with a gathering in his head and a large swelling on one side of his neck, which caused his head to be drawn over towards one shoulder. This continued for some time, and all we could do was to give him Hood's Sarsaparilla, and after taking only one bottle he was perfectly cured, and has been in good health ever since. My faith in Hood's

Hood's Sarsaparilla Cures Sarsaparilla is so strong that I recommend it to every one I can. It is our every day medicine. LEMUEL W. ATKINS, Warwarsing, N. Y. N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy any other. Hood's Pills give universal satisfaction. Prepared by C. I. Hood & Co., Lowell, Mass.

LAD THE CORNER STONE.

Salvation Army of Red Jacket Has Commenced the Erection of Its Barracks.

INSTRUCTIONS TO VOTERS IN MANY LANGUAGES.

The Slav Language Was Omitted and Consequently the Austrians Will Have to Go It Blind.

IMPORTANT NOTICE.

The only authorized collector of THE MINING JOURNAL in Houghton county is Mr. Horace J. Stevens. Receipts signed by other than him will not be recognized as valid from this date.

MINING JOURNAL CO. (LTD) Marquette, Oct. 8th, 1894.

GALUMET.

The corner stone of the new Red Jacket barracks of the Salvation Army was laid Saturday afternoon with appropriate ceremonies. Dr. R. H. Osborn laid the stone with the customary exercise of prayer and music and a second stone for the junior soldiers was laid by Major Stillwell of Minneapolis. The construction of the barracks is in charge of Ensign Rogers of New York and will be done by day work exclusively. Mr. Rogers is an experienced carpenter and builder and the army expects to secure the erection of the barracks for about \$750 less than would be the cost if put up by contract. The estimated cost of the structure is \$5,000 and this, with the \$3,500 paid for the lot, and the incidental expenses will probably make the total investment almost \$10,000—a very large sum and the expenditure of which shows that the army stands well with the people here. It is hoped to have the barracks completed by Dec. 1. This means that the building will be ready for occupancy in January.

Snow fell for nearly two hours yesterday morning, but melted as rapidly as it fell. It will probably be several weeks yet before winter sets in in earnest.

A. J. Austin has resigned as manager of the Co-operative meat market and will open a stand of his own about Nov. 1 in the Anderson block next south of the Jewell House on Fifth street.

The militia boys are rejoicing at the prospect of securing their pay for the time put in at Ironwood. Several weeks yet before winter sets in in earnest. John Jones, an engineer of the Hecla & Torch Lake railroad, living here but employed in the Lake Linden yard, died Monday morning of stomach trouble. He leaves a wife to whom he had been married only a year or so.

Captain James Daniel, of the Osceola and Tamarack mines, will visit a sanitarium on the advice of his physicians. Mr. Daniel's duties as executive head of the two great mines have been too exacting, and rest and freedom from worry are imperatively required.

The Florida Mining company is also contemplating an addition to Calumet Village. The real estate owners have suddenly awakened to the exigencies of the situation.

Improvements are to be made on the grounds about the Vivian block, Calumet Village, in keeping with that structure itself which is one of the finest in the county.

Charles Schenk went to Hillsdale Sunday as a delegate to the grand lodge of the Odd Fellows.

Caucuses will be held this evening by the Democrats. A good attendance is looked for as the Democrats have perked up considerably in the past few days.

Isaac W. Fremodig was endorsed for treasurer by the Prohibitionists at their county convention Saturday. This action assures 500 to 800 votes in the county for Mr. F.

The remains of Thomas Hendry of the Tamarack location were given sepulture Sunday; the funeral services being conducted by Major Stillwell of Minneapolis of the Salvation Army, the local corps of which attended in a body. The improved Order of Redmen and Sons of St. George, of which the deceased was a member, also attended.

Instructions to voters, printed on large placards for posting at the voting booths, have been received by County Clerk Shields printed in almost every language known to Michigan. There are thirty-four languages spoken in Red Jacket, but as the Chinese and Japanese can't vote instructions are not needed for Asiatic voters. No instructions were sent for the Austrian voters in that language, as the state department had no translator who could transcribe the voting law into Slav and decided that the expense of securing such a translation would be greater than the state could afford. The Austrians, who poll over a thousand votes in this county, will therefore have to read the English or German instructions or go it blind.

There are now fifty-three persons on the poor farm. Three of the number were born in the United States.

The next session of the circuit court will open here on Nov. 5, Judge Hubbell presiding. The term will be an unusually long one, as the calendar is very large. A large number of important cases to be tried in the coming term were adjourned from the last term.

The proposed hunting trip to Isle Royale on Saturday was abandoned on account of the anticipated storm and prevailing ugly weather, which was a good thing for the partridges and also for the hunters who didn't go.

Li Hung Chang's Bon-Ton laundry opposite the postoffice is being doubled in size. Cleanliness being next to Godliness, the Houghton public is evidently gaining in grace.

The supervisors went over to the poor farm yesterday.

Cronin is displaying his moose here. Some of the people who went in were greatly disappointed to find that the animals did not resemble their portraits on the canvass outside. From looking at the pictures they naturally expected to see something differing from anything ever before known to travel on four legs.

There are sixteen pupils attending the public school in section 13-54-34 at

present. The building used for school purposes for the past two years is required by the owner for his own use necessitating the erection of the school house to be built there this fall.

Mrs. Dr. Hazen has filed a medical diploma with the county clerk and has secured license to practice. She is a graduate of the University of Michigan and was located at Port Wing previous to the forest fires, which destroyed the town, burning all the household effects of the Hazen family, except the clothing saved in a few days' provisions. The trip here was made in an open boat on Lake Superior.

The county board held a long and busy session, occupying all day yesterday. There was much to do and that much was of importance, but it was done in due season though with no great amount of time to spare.

HANCOCK.

Adolph Ruhl left Sunday for the state lodge meeting of the I. O. O. F. at Hillsdale, Mich., as the delegate of the local lodge of Odd Fellows.

The proposed division of Hancock township will probably cut some figure in the coming election. No candidate who fails to pledge himself against any interference with the autonomy of the township can hope for more than a few votes. All candidates will probably promise to preserve the township entire.

LAKE LINDEN.

The postoffice fixtures have arrived and are being put in place in the Deshamp block.

It costs more to make Dr. Price's than any other baking powder because the ingredients are so highly refined.

THE TRUE HORSEMAN.

Qualities Necessary to Success in Handling Horses.

In dealing with horses there are two things to be done; first to control and restrain them; secondly, to stimulate and encourage them to perform the greatest efforts of which they are capable. For a dozen men that can do the first, you will find only one who can do the second. But that one has an extraordinary power at a word from him, and a touch on the reins, the horse will freely strike a pace to which another man cannot urge him by voice or whip or spur. It would be hard to say what is the secret of this power, but I doubt if it is ever found in any man not possessed both of a strong will and of a feeling for dumb animals. The "magnetism" that people talk about is, I suspect, simply the fortunate combination of these two qualities.

Sometimes it crops out in unexpected places. I was once riding on the back seat of an open carriage drawn by two lazy horses. On the front seat, beside the driver, sat a Methodist minister—a solemn-faced person, with a long and, except that his upper lip was shaven, a full beard. He was dressed in black clothes, and altogether looked the very antipodes of a horsey man. The team was plodding slowly along, with heads and tails down, when, at his request, the reins were handed over to the parson. As soon as he had taken them, and had uttered one quiet word of command, the nags seemed to be electrified; up went their heads and tails; ten years slipped off their backs, and away they started at an elastic twelve-miles-an-hour gait. These horses not only obeyed the minister, but they took pleasure in obeying him. Alas! a great driver was thrown away in that man.

A trainer or driver may, it is true, succeed fairly well with a horse in spite of certain defects in his temperament or character. With ordinary horses, pluck in riding or driving can usually be made to take the place of nerve. Why Mr. Melville analyzed these two qualities very justly. Pluck he said, is that kind of courage or determination which enables a man to do what he is afraid to do; whereas nerve is the absence of fear; the one being chiefly a moral, the other perhaps chiefly a physical quality.—Atlantic Monthly.

A Tip—Horsey—"Why didn't you give the waiter a tip?" Colteigh—"I offered him one and he refused it with scorn." Horsey—"That's very strange." Colteigh—"I don't know about that." Horsey—"What did you offer him?" Colteigh—"A tip on that three-year-old of yours."—Detroit Free Press.

peculiar in combination, preparation and preparation of ingredients, Hood's Sarsaparilla possesses great curative value. You should TRY IT.

OLD PEOPLE.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whiskey nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding Nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents per bottle at Farnham's Drug Store.

BARGAINS! BARGAINS! BARGAINS!!! Buy your storm sash of The Bice Mfg. Co., the only home industry that manufactures them. Quality the best and sold at the lowest market prices.

ANOTHER EXCURSION.

FROM L'ANSE, BARAGA, CHASSALL AND THE COPPER COUNTRY, SATURDAY AND SUNDAY OCT. 6 AND 7, TO MARQUETTE, Negaunee and Ishpeming.

Special tickets to the three cities named will be sold on Saturday and Sunday, Oct. 6 and 7, at the following excursion fares:

Table with 2 columns: From, To. Rates for L'Anse, Baraga, Chassall, Houghton, Hancock, Calumet, Red Jacket, Clark, Lake Linden.

No special trains will be run, the tickets being good on all regular trains. They will be good to go only on the above named dates but will be good for return until Wednesday, October 10, inclusive. For further particulars apply to the ticket agents.

STRANGELY DISCOVERED.

How a Comet's Picture Was Caught by a Camera.

A shout, in which terror was mingled with surprise, went up from a crowd of Egyptians, gathered on the banks of the Nile, around a camp of European astronomers, when the sun disappeared behind the moon, on the 17th of May, 1893, and among the silvery streamers of the corona gleaming in the semi-darkness of the eclipse appeared a short, bright, sword-shaped comet. The astronomers were as much surprised as were the ignorant natives by the appearance of the comet. It had never been seen before, it was never seen afterward. A truly dramatic stroke of fortune cut off the blinding solar rays just at the right moment to reveal the comet in the act of paying its homage to the sultan of the sky.

On the photographic plates that were exposed to secure the picture of the corona the little comet also stamped its image. In less than two minutes the spectacle vanished, as a flood of sunshine burst from behind the moon.

This was the first time that a comet's picture had ever been caught by photography in such circumstances; but there was a similar occurrence during the eclipse of April 16, 1893. Prof. Schaeberle, of the Lick observatory, who went to Chili to observe that eclipse, afterward detected on his photographic plates an object which looked like a comet entangled, so to speak, among the streamers of the corona.

Quite recently Prof. Schaeberle has obtained copies of the photographs of the same eclipse made by the English observers in Brazil and Africa, and has found the suspected object depicted on them also. Moreover, owing to the time that elapsed between the taking of the photographs at the different stations in South America and in Africa, the object had moved perceptibly with respect to the sun, and this motion enabled Prof. Schaeberle not only to decide that it was a comet which had pictured itself on the plates, but also the direction and rate of its motion.

Just as in the other case the comet has not been seen since. Being close to the sun it was at its greatest brilliancy, and before it had receded to a sufficient distance to be above the horizon when the sun was below, it had become too faint to be visible.

These discoveries go to show how large is the invisible population of the solar system. We are apt to think only of the planets, and the greater comets that display extraordinary trains, as constituting the subjects of the King of Day, but they are simply the peers and magnificences of the realm; the minor subjects are far more numerous.

Every new asteroid that is added to the astronomers list, and every meteor that strikes its line of fire across the sky at night, attests how vast is the multitude of the sun's followers.—Youth's Companion.

MUSICAL INSTRUMENTS.

Origin of the Piano, Violin, Harp and Organ.

The piano was developed from the clavicord and the harpsichord. This idea was conceived independently about the same time by three persons in different parts of Europe. The pianoforte, first seen in England, was made at Rome by Father Wood, an English monk there.

It is interesting to trace the origin of the violin back to the time of Ravenna, the king of Ceylon, 5,000 B. C., who is supposed to have invented it. The Indian instrument, the ravanastrom, is still played by poor Buddhist monks who beg from door to door. The most important reign of the violin was during the seventeenth century, when at Cremona, in Italy, the family of Amati attained its great reputation. Antonio Stradivari, a pupil of one of the sons of Amati, surpassed the family in his finish of these instruments.

In Egypt the figure of the harp is found delineated from the earliest ages in many different forms. This instrument is still used in Wales and Ireland, although it has disappeared altogether from Scotland. The old Franks and Germans punished severely those who injured harpists in the hand. There are three kinds of harps; the ordinary Italian harp, strung with two rows of wire strings, separated by a double sounding board; this kind is now little used, being very imperfect. The double harp, or David's harp, is in the form of a triangle, with a sounding board and gut strings. The Pedal harp, with seven pedals, was invented in 1720. The double-action pedal harp is the last and most perfect instrument of this kind. The harp nowadays plays quite a part in church music.

Organs were used in very early times. The organ was first introduced into church music by Pope Vitalian I, in 608. This was in a very crude form, however, and it was not until the fifteenth and sixteenth centuries that it was developed. English organs were also in high repute in early times, but the Puritanism of the civil war in England doomed most of these to destruction and when, after the Restoration, an attempt was made to replace them, it was found that there were not enough builders in that part of the country to complete the work. Foreign builders were then invited and the work finished with their help. The latest English organs are those in York cathedral, Benington town hall and Christ church, London. A gigantic instrument, completed in 1876, for the hall, Famous Hill, surpasses in size the famous Haarlem organ, long reckoned the largest in the world, being one hundred and three feet high and fifty feet broad. Organ building in the United States is carried to perfection, being rivaled only by England. The largest organs in this country are in New York and Boston.—Chicago News.

—Strawber—"Doctor, I haven't been able to keep anything on my stomach for a week." Dr. Probe—"System all run down, eh? What you need is a sea voyage." Strawber (staring still paler)—"A sea voyage? Great heavens! I only arrived from Europe this morning."—N. Y. Sun.

MARIE, Mich., Oct. 8.—[Special.]—Up—Kershaw and consort, 7; Colgate and consorts, Fryer, 9; Joliet, 12; Iron King and consort, 3; Pioneer, 5; Maruba, 8; Gilchrist, Algonquin, 9; Frontenac, Briton, 10; Griffin, Northern Queen, 12; Nicholas, Osceola, 1; Maritana, 2; Nyanza, Forest City and consort, 3; Tower, Arabia, 4.

Peaches from California? Yes, and from Michigan too. All made into delicious shortcake with Dr. Price's Cream Baking Powder.

CAUGHT ON THE FLY.

Miss May Collins returned yesterday to her home in Stevens Point, Wis. Born to Mr. and Mrs. N. M. DeHaas of Spruce street, a son on Oct. 6. Miss Ora Hall left yesterday for Escanaba where she will visit Mrs. Brotherton.

J. P. Deegan has opened a neat restaurant in the red, white and blue block at 103 Superior street.

Mr. and Mrs. William Burt leave tomorrow for a month's visit in lower Michigan, Ohio and Pennsylvania.

Rothschild & Bending will be closed from 6 p. m. today till 6 p. m. tomorrow on account of holiday.

Mrs. Ross and Mrs. E. L. Kellan and son returned Saturday from an extended visit with relatives in Rochester, N. Y.

Louis Getz will keep his store closed from 5 o'clock this afternoon until 5 o'clock tomorrow because of the Jewish holiday.

Miss Ruth Davey of Houghton has been the guest of the Misses Primeau for a few days. She returns home tomorrow.

Superintendent Retailic of the street railway has purchased a residence on Morton street in Palmer's addition and is now preparing to move into it.

A seven-pronged bunk was brought into Newberry yesterday morning which dressed 274 pounds; the saddle weighed 108 pounds and was sold at ten cents per pound.

Mrs. W. D. Williams left yesterday for Detroit, where she will visit her sister, Mrs. Holland, until after the holidays, when she will leave for her winter home in Florida.

Mr. and Mrs. C. F. Willesen leave today for Calumet, Charlie finding that his present express "run" makes it necessary for him to give his bride a copper country home.

Mr. and Mrs. A. E. Brown have left for Chicago, where Mr. Brown will enter Rush Medical college, where L. W. Toles and H. W. Banks of this city have already registered this fall.

Mr. C. H. V. Cavis has moved into the residence of his son-in-law, A. E. Brown, on Hewitt avenue, and will occupy it during the latter's absence in Chicago, leaving his Washington street property.

Superintendent J. H. Bice of the Bice Manufacturing company has remodeled the office building, making a residence of it to enable him to live near the works. It is reported that the head of the company, Mr. Sampson Bice, will also remove to the Nester addition from South Marquette.

It is reported that Stack, the crack pitcher of the Escanabas, is soon to come to Marquette to reside. If this be true it will give the rivals next season great strength just where they have always been weak, in the box, and will do much toward giving them the championship of the peninsula for a second time.

Kassel Oshinsky writes from New York that he has secured there a fine line of imported cloaks, gentlemen's furnishing goods and the latest styles and patterns of dress goods, also a large stock of clothing and boots and shoes. The goods are already beginning to arrive here and as they were secured at a big bankrupt sale Mr. Oshinsky promises on his return to inaugurate the greatest sacrifice sale ever known here.

Miss Alice Cramer, who is at Ishpeming this winter, will teach vocal classes in Marquette one day each week and will be sure of success because of her excellent voice and the good training she has had with Professor Marshall Pease, Jay Taylor and Metz. Her diligent work in the Methodist church choir here gave her a fine musical reputation, while her stability of character will make her friends everywhere.—Ann Arbor Courier.

Captain Mooney made a determined effort to get out with the Watwam yesterday in spite of the gale but was driven back into port. After taking in his cargo of ore he filled the steamer's water bottom until she was drawing fifteen feet eight inches and then held her fast the gale, going up the lake in an attempt to get out far enough to run straight down before the wind and sea but as soon as he got out from behind Presque Isle the Watwam was pitched about so by the heavy seas in spite of her increased draught that her wheel was clear out of water about half the time. Her plucky fight was a thrilling sight as witnessed from the streets of the city.

Miss Alice Cramer, who is at Ishpeming this winter, will teach vocal classes in Marquette one day each week and will be sure of success because of her excellent voice and the good training she has had with Professor Marshall Pease, Jay Taylor and Metz. Her diligent work in the Methodist church choir here gave her a fine musical reputation, while her stability of character will make her friends everywhere.—Ann Arbor Courier.

mission to remove his liquor license from corner of North Third and Prospect streets to corner of South Third and West Superior streets was presented.

Moved by Alderman Hoch, supported and carried, that said petition be granted when proper bond is furnished.

The liquor bond of Joseph Bertrand & Co., sureties, Michael T. L'Huilier and Charles E. L'Huilier, was on motion approved.

On motion of Alderman Hoch the following resolution was adopted:

Resolved, That the sum of twelve hundred and fifty dollars (\$1,250.00) be taken from the general fund and transferred to the credit of the park and cemetery fund.

The chairman of the street committee stated that Mrs. Harlow had promised to curb and macadamize Spring street, between Fourth and Fifth streets, if the city would furnish the grading, and as the cost would not be very much he recommended that it be done.

The same was on motion sustained by the council, and aforesaid committee was given power to act.

The street committee, to which was referred the petition for the West Bluff street improvement, reported and stated that a number who signed the petition wished the matter deferred, therefore said petition was tabled.

The committee on parks, cemeteries, public buildings and grounds reported as follows:

To His Honor the Mayor and Common Council.

The committee on parks, cemeteries, public buildings and grounds, to which was referred the matter of repairs on the marshal's house at last meeting, would recommend the following work: 13 windows, 13 storm windows, repairing veranda on east side, 2 storm sheds, and repairing front stoop.

We received 6 bids on roof—4 for shingles and 2 for steel roof.

Manhard-Jopling & Co.'s bid was \$98.25 and Enmons Bros. \$89.00, so contract was awarded lowest bidder, as the committee thought it best to use steel roofing, the same as on the hose house.

(J. J. MULLALLY, Chairman, Committee.) (S. H. HOLLY, E. E. HOMEIER.

The report was, on motion, accepted and the committee instructed to make all necessary repairs.

Alderman Homeier stated that he had investigated the circumstances of Mrs. Mormon and found she had several small children to support and could not afford to pay her taxes, and thought she should be exempt, and moved the following resolution, which was adopted:

Resolved, That the controller be, and he is hereby authorized and instructed to credit August Macts, city treasurer, with the sum of \$13.97, that being the amount of the local taxes of 1894 on lot 4, block 10, Harlow's addition No. 1, and charge the same to the general fund and that August Macts, city treasurer, be authorized to make the proper transfer on his books.

The street commissioner's monthly report was, on motion, accepted.

The controller reported and stated that the poundmasters had collected and turned over to the city treasurer the following amounts: Edward Hogan, \$10; Michael Farley, \$3.50, and George Drolet, \$8.00.

The following bills and claims were, on motion, allowed and ordered paid:

F. H. W. Bailey, photographs, city hall, \$2.50

Manhard, Jopling Co., sundries, 15.87

Water Power and Electric Lighting commission, lighting streets, 703.15

Sawyer-Man Electric Co., lamps, 32.75

H. L. Cooper, painting electric plant residence and extras, 59.25

Stanley Electric Manufacturing Co., transformer, 120.00

Telephone and Telegraph Construction Co., rent of telephone street, 12.50

Street commissioner, Sept. pay roll, 251.94

G. H. Fraser, lumber, Sept., 62.96

F. W. Sanbrook, lumber, Sept., 62.90

Mexico Lumber Co., publishing proceedings, 10.50

George Drolet, poundmaster fees, 8.00

Edward Hogan, " " 10.00

Michael Farley, " " 3.50

Park and cemetery commissioner, Sept. pay roll, 140.00

The H. H. Stafford Co., rubber bands, 1.00

Eugene Harlow, carting six dogs, 1.00

John J. Mullally, carting six dogs, 3.00

John Plattenberg, on account High street sewer contract, 322.90

Emil Bruce, on account city hall contract, 4,056.50

G. A. Royce, cleaning office and stamps, 4.49

Ayes, Alderman W. A. Brown, Hoch, Homeier, Holley, Jamerson, Mullally, Pearl, Rosseter, Tobin and Vandenberg, Nays, none.

Alderman Homeier moved the adoption of a resolution for an arc light at the corner of Seymour avenue and Bluff street, but the matter was referred to the electric light and power committee.

On motion, the following resolution was adopted:

Waste

is overcome by giving the proper and sufficient nourishment. When waste is active and you are losing flesh and strength, take

Scott's Emulsion

the Cream of Cod-liver Oil. It will overcome the waste by giving ample nourishment. Physicians, the world over, endorse it.

Don't be deceived by Substitutes!

A MARTYR TO INDIGESTION

Cured by Using Ayer's Sarsaparilla

Words of Comfort to All who Suffer from Dyspepsia.

"For years, I was a martyr to indigestion, and had about given up all hope of ever finding relief, as the complaint only seemed to grow worse instead of better, under ordinary treatment. At last, I was induced to try Ayer's Sarsaparilla, and I hereby testify that after using only three bottles, I was cured. I can, therefore, confidently recommend this medicine to all similarly afflicted."

FRANKLIN BECK, Avoca, Ia.

"I am personally acquainted with Mr. Beck and believe any statement he may make to be true."—W. J. MAXWELL, Druggist and Pharmacist, Avoca, Ia.

"I have used Ayer's Sarsaparilla for general debility and, as a blood-purifier, find it does exactly as is claimed for it."—S. J. ADAMS, Ezzell, Texas.

Ayer's Sarsaparilla

Admitted for Exhibition AT THE WORLD'S FAIR

THE INSTITUTE THIS WEEK.

It Will Bring Many Visitors from All Parts of the County to Ishpeming.

PROGRAM OF EXERCISES ARRANGED FOR IT.

Missing Hunters Turn Up All Right. Gil Got His Horses—Granger Advertising.

THE INSTITUTE PROGRAM. J. B. Montgomery of Champion, county commissioner of schools, was in Ishpeming Saturday and, together with Superintendent Hardy of the Ishpeming schools, arranged the following program for the three sessions Thursday and Friday and also Saturday morning for the inspiration institute to be held here this week:

THURSDAY, OCT. 11. At the High school. 10:30. Opening. 10:45. "Hints from Squints," H. R. Pattengill, superintendent of public instruction. 11:15. Music. 11:20. Reading, Ada V. Harris, head of the Duluth training school. 11:30. Adjournment.

AFTERNOON. 1:30. Opening. 1:45. Reading, Miss Harris. 2:15. Music and callisthenics. 2:30. United States history, Superintendent Pattengill. 3:50. Recess. 3:00. Nature study, Miss Harris. 3:30. Review and miscellaneous. 4:00. Adjournment.

On Thursday evening at the Swedish Lutheran church on Division street, the following program will be given:

Music, "The Morning Invitation," chorus High school. Prayer. Rev. Mr. Borg. Music, "My All," solo. Miss Josephine Gaffney. Address of welcome. Mayor Johnson.

Response. Superintendent Anna M. Chandler. Address. Mr. B. W. Wright. Boys. Music, "Summer Now Hath Come Among Us," chorus High school girls.

Address, "Robert J. and the Pace of Today," State Superintendent H. R. Pattengill. Music, "America," High school. Benediction. Rev. Mr. Joslyn.

FRIDAY, OCT. 12—MORNING. 9:00. Opening. 9:20. Reading, Miss Harris. 9:50. Music. 10:00. United States History, H. R. Pattengill. 10:30. Recess. 10:45. Applied Psychology, Habit Forming in Teaching, President L. D. Harvey, Milwaukee Normal school. 11:20. Singing. 11:25. Nature Study, Miss Harris. 11:50. Adjournment.

AFTERNOON. 1:30. Opening. 1:45. Relation of Superintendent to Teacher, Superintendent R. E. Denfeld of the Duluth schools. 2:30. Singing. 2:35. Nature Study, Miss Harris. 3:00. Recess. 3:10. Applied Psychology. 3:45. Inspire or Expire, H. R. Pattengill. 4:15. Review. 4:30. Closing.

FRIDAY EVENING. (At the Swedish Lutheran church at 7:30.) Music, "On the Laughing Waves," Chorus Eighth Grade Pupils. Prayer. Rev. Mr. Green. Music, "Massa Is in the Cold, Cold Ground" Address. Supt. R. E. Denfeld, Duluth. Music (Solo), "The Journey Is Long" Miss Eva Davis. Address, "The Teacher's Responsibility and Opportunities for the Training of Character in His Pupils," President L. D. Harvey. Music, "The Foot Traveler," Eighth Grade Pupils. Address. County Commissioner of Schools J. B. Montgomery. Music, "Battle Hymn of the Republic," Eighth Grade Pupils. Benediction. Rev. Mr. Credland.

SATURDAY, OCT. 13—MORNING. 9:00. Opening. 9:15. School Discipline, H. R. Pattengill. 9:45. Busy Work, Miss Harris. 10:15. Singing. 10:30. The Recitation, President Harvey. 10:50. Recess. 11:00. Address, Superintendent Denfeld. 11:45. Closing. The program for Saturday afternoon is yet to be announced.

In case the High school is too small to accommodate all who desire to attend the morning and afternoon session an adjournment to the Swedish Lutheran church will be taken.

Larson and Johnson Home. Albin Larson and Oliver Johnson, the two young men who it was feared were lost in the woods near Little Lake, have got home. They had such a good time in the woods and met with such success in hunting and fishing that they decided to remain longer than they at first intended. With plenty of game and fish at hand their supply of provisions was made to last several days longer than it would have done had they not met with such good luck.

The World's Fair award to Dr. Price's Baking Powder speaks for itself. It proclaims the superiority of this popular brand over every other.

Found the Horses. Gil Hodgkins' team of horses, which strayed away from a party of campers in the woods about eighteen miles south of Ishpeming, were found by Mr. Hodgkins and Thomas Gaynor after a search for them covering the greater part of three days. They were brought to town yesterday afternoon and were apparently in as good condition as when they strayed away.

An Entertaining Hayseed. On Sunday a farmer came in from the country with a cow which he desired to sell. The animal was tied behind a wagon, the box of which was filled with hay, and from her back on either side hung big cards on which were printed "For sale." The horse was driven through all the principal

streets of the city, some of which were traversed several times with the cow unwillingly walking along behind. The man who drove the outfit took particular pains to drive along streets on which churches are located about the time the congregations were filing out. It is not known whether he found a customer or not, but he is indisputably a believer in the virtue of advertising.

Lindholm's Bonds. Shortly after August W. Lindholm, ex-deputy secretary of state, arrived at Lansing, he appealed to Ishpeming friends to sign his bonds, which have been reduced from \$5,000 to \$3,000. The matter was talked over by some of his friends and old acquaintances here on Saturday evening and finally a couple of our most prominent business men consented to stand trial. The authorities at Lansing were at once notified that the bonds had been signed, when Lindholm was released from custody.

Millinery Opening. On account of the disagreeable weather of last week we have decided to continue our opening for this week in order to give those who have not attended a chance to see the latest novelties in headwear. The ladies are cordially invited to call and inspect the goods and prices at Grabowsky's. (10-9-5d.)

Rosy cheeked, pulpy, juicy, delicious. The peaches of 1894 are the rarest of the century. With Dr. Price's Cream Baking Powder they make the richest shortcake ever prepared.

ISHPEMING IN BRIEF. It snowed here yesterday. A. W. Myers has gone to Chicago on business. Mrs. Charles Thorpe and her sons, Frank and George, of Duluth, who were here visiting friends, left for home Sunday night. The Ontonagon baseball team left for home Sunday night. The Baraga boys returned home yesterday. J. H. Malloy, local agent of the Chicago & Northwestern line, went below on Sunday to remain a week or ten days. J. F. Gylling is repairing the windows in his hall and will also build a new stairway leading to the main entrance. W. J. Anthony, traveling engineer of the Peninsula division of the Chicago & Northwestern road, was up from Escanaba yesterday. Mrs. M. E. Pelton, who recently came to this city from Red Jacket, will open her millinery store in the Keyes block Thursday next. Mr. and Mrs. E. W. Delf and two children have gone to Elkhart, Ind., where they will spend a few days visiting Mrs. Delf's people. Bob Crabb has resigned his position with William Larson, the commission merchant. He has entered the employ of Winter & Sness at Negaunee. The gold watch recently lost in this city, a description of which appears elsewhere in this issue, had a monogram "M. H." engraved on the case. The finder will be well paid for its return to THE MINING JOURNAL. John Pascoe, who pitched for the Setters against the Rivals Sunday afternoon, had more base hits to his credit than any other player taking part in the baseball games here Saturday and Sunday. Pascoe is a very good twirler, and the Rivals got but few clean hits off of him. The game between the Rivals and Setters was for blood and was the most exciting exhibition seen here in some time.

PUNGENT PARAGRAPHS.

—Van Quille—"Do you know, I have a perfect passion for poetry?" Miss Beacon—"Unrequited, isn't it?"—Kate Field's Washington.

—"Call him a veteran joke writer? Why, he is not more than 20 years old." "That is so; but his jokes are veterans all the same."—Indianapolis Journal.

—"The Reason.—Bridget—"Soy, Pat, fer why is it they calls this our tin weddin'?" Pat—"Faith an' it's because we've been married tin years."—Arkansas Traveler.

—"She—"I don't believe you think half as much of me as Tom Dinsley does. He tells me he could die for me." He—"That's nothing. I love you well enough to live with you."—Boston Transcript.

—"Hubby—"Well, I guess I'll have a shave." "Wife—"Wait till Willie leaves the room. It is so hard to break him of bad words when once he gets started on them."—N. Y. Herald.

—"Miss Pyrite—"What makes you such a confirmed woman-hater, Mr. Olebach?" Mr. Olebach—"Well, when I was a young man a woman made a fool of me." Miss Pyrite—"And you never got over it?"—Tit-Bits.

—"An Antiquated Discovery.—Inventor to town treasurer—"I have a splendid patent I'd like to sell you. It's for keeping down a surplus." Town treasurer—"Pooh! We discovered that long ago."—Brooklyn Eagle.

—"Are you a district messenger boy?" asked the near-sighted old gentleman of an urchin on the street. "No, sir," was the reply; "it's my sore toe that makes me walk that way."—Washington Star.

—"Squidigg—"Didn't Timberwheel feel cheap when Miss Frisky sued him for breach of promise?" McSwilligan—"Cheer! Well, I guess not! The girl secured a verdict for \$25,000."—Pittsburg Chronicle-Telegraph.

—"Gent—"Where were you employed last?" Man-servant—"At a writing-master's." Gent—"What were you required to do?" Man-servant—"I had to keep shaking the table when a new pupil wrote the words: 'This is my handwriting before commencing to take lessons.'"—Ulk.

—"Rules of Refinement.—Mrs. De Style—"Don't wear that dress. A soiled or faded silk is the acme of vulgarity." Daughter—"Then what shall I wear?" Mrs. De Style—"Wear your new dress with that old yellow lace which we found in your grandmother's ash-heap."—N. Y. Weekly.

—"Contributor—"I have here an article on 'What Poets Have Said of the Moon.'" Editor—"That would interest no one; but if you can give me an authentic account of what the moon has said about the poets during the past few thousands of years, I would willingly pay you double rates for it."—Tit-Bits.

—"Mrs. Muchcash—"It's perfectly absurd, I think." Mr. Muchcash—"What is?" Mrs. Muchcash—"Why, that Georgie's Sunday-school teacher told him to look in the Old Testament for his lesson." Mr. Muchcash—"What of that?" Mrs. Muchcash—"Well, we haven't one in the house that we've had over three months."—Inter Ocean.

PROGRESS.

People who get the greatest degree of comfort and real enjoyment out of life, are those who make the most use of their opportunities.

Quick perception and good judgment, lead such promptly to adopt and make use of those refined and improved products of modern inventive genius which best serve the needs of their physical being. Accordingly, the most intelligent and progressive people are found to employ the most refined and perfect laxative to regulate and tone up the stomach, liver, and bowels, when in need

of such an agent—hence the great popularity of Dr. Pierce's Pleasant Pellets. These are made from the purest, most refined and concentrated vegetable extracts, and from each vial, which is at the same price as the cheaper made and more ordinary pills found in the market. In curative virtues, there is no comparison to be made between them and the ordinary pills, as any one may easily learn by sending for a sample, (four to seven doses) of the Pellets, which will be sent on receipt of name and address on a postal card.

ONCE USED THEY ARE ALWAYS IN FAVOR. The Pellets cure biliousness, sick and bilious headache, dizziness, costiveness, or constipation, sour stomach, loss of appetite, coated tongue, indigestion, or dyspepsia, windy belchings, "heart-burn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels. Put up in glass vials, therefore, always fresh and reliable. One little "Pellet" is a laxative, two are mildly cathartic. As a "dinner pill," to promote digestion, take one each day after dinner. To relieve distress from over-eating, they are unequaled. They are tiny, sugar-coated granules; any child will readily take them. Accept no substitute that may be recommended to be just as good. It may be better for the dealer, because of paying him a better profit, but he is not the one who needs help. Address for free sample, WORLD'S DISPENSARY MEDICAL ASSOCIATION, 663 Main Street, Buffalo, N. Y.

WANTED—Good agent, lady or gentleman. Large cellar, can make good wages. Apply to Philip Buntman at Urban House. (10-8-14)

SOME SALARY SLASHING.

The county board of supervisors held its annual meeting yesterday morning at 10:30 o'clock. As it is at this meeting that salaries are fixed for the ensuing year, assessments equalized and certain county officers elected it far surpasses all others in importance and the board found it necessary to hold both an afternoon and evening session to transact the business coming before it.

At the morning session routine business was attended to and the report of the auditing committee read and adopted. Captain C. D. Blanchard was reelected superintendent of the poor for the first district and Superintendent F. D. Davis of Negaunee was reelected a member of the county board of school examiners.

The report of the special committee of five appointed to consider the question of a division of the offices of county clerk and register of deeds, held for many years as one office, reported adversely to the proposed change on the ground that the salary of the combined offices was not excessive and that the services of capable men could not easily be secured for the separate offices with much smaller pay. The report was signed by three of the committee only, Supervisors Fitch, Mills and Bratt, but was adopted by the board without debate.

At the afternoon session the report of committees was resumed. The committee on salaries had been at work with an axe and submitted a report which still had splinters on it. The salary of the county treasurer was cut from \$3,500 to \$2,500, that of the county commissioner of schools was cut from \$1,500 down to \$1,000 and the salary of the sheriff, \$1,200, while nominally remaining unchanged was affected by a reduction of the per diem allowed for the board of prisoners, which was cut from 62½ cents to 50 cents. The salary of the prosecuting attorney was fixed at the old figure, \$2,000, as were the salaries of the three superintendents of the poor, \$800, \$750 and \$750 respectively. The salary of the mine inspector was cut from \$2,000 to \$1,800, and the salary of the county clerk was increased from \$2,500 to \$3,000, but the increase was to offset the expenses of the county abstract office, which henceforth are to be saddled upon the clerk. At the evening session the board, which had adopted the report of the committee, reconsidered and raised the salary of the mine inspector to the old figure, \$2,000. An effort was made to beat down the salary of the county commissioner of schools below the one thousand dollar mark, but it was stoutly resisted and failed in the end. The changes in the salary list commence on January 1 of the coming year, hence do not affect the present incumbents of county offices unless they are reelected next month.

A verbal report was submitted upon the Gooss Lake road business, which has been agitating Negaunee recently, a month's time being asked for before the committee in charge made further report. The request was granted and there is no further prospect of a start being made upon the road this fall.

The report of the committee on equalization, the main business of the day, created the usual fight in the board and was a repetition of the old story. Marquette's equalization for state and county taxes being increased \$233,000 over the equalization of 1893, while every other city and many townships were lowered with the exception of Turin, which was raised \$1,000. In spite of the increase saddled on Marquette there was a net decrease on the equalized assessment of the county of \$566,000 as compared with 1893, making the discrimination all the more marked.

The equalized valuations as fixed by the board yesterday are here given, together with the figures for 1893:

	1893.	1894
Marquette	\$1,767,000	\$2,000,000
Negaunee	1,533,000	1,500,000
Ishpeming	3,400,000	3,000,000
Chocolay twp.	58,000	75,000
Turin twp.	62,000	70,000
Forsyth twp.	143,000	143,000
Richmond twp.	167,000	167,000
Tilden twp.	200,000	200,000
Ely twp.	40,000	100,000
Humboldt twp.	107,000	90,000
Champion twp.	600,000	550,000
Michigan twp.	347,000	250,000
Republic twp.	600,000	600,000
Ishpeming twp.	293,000	150,000
Negaunee twp.	60,000	60,000
Marquette twp.	93,000	93,000
Sands twp.	30,000	30,000
Skandia twp.	67,000	60,000
	\$9,704,000	\$9,138,000

The finance committee reported the amounts to be raised by taxation this year for county purposes as follows: the report being adopted by the board: General fund, \$50,000; poor fund, \$40,000; soldiers' relief fund, \$1,827; total, \$91,827 as compared with about \$100,000 last year, when about \$100,000 was raised for the poor fund directly and indirectly. The state tax to be raised by the county is \$33,086.97 this year, about \$5,000 less than last year. Marquette's share of the state and county tax will be: County, \$20,097.83; state, \$7,372.94. Ishpeming's share will be \$30,146.75 and \$11,059.41 respectively and Negaunee's \$15,073.37 and \$5,529.70.

The board adjourned to meet November 21st.

Some want protection. Others want free raw material. All want Dr. Price's Cream Baking Powder.

No Tale of Fish.

At 11 o'clock yesterday morning a partridge flew against one of the Hager Bros. company's plate glass windows and was so severely injured that it fell to the walk in a dying condition. J.

A Hager noticed Mr. Maloney and Nate Quarters gazing at something on the walk curiously and coming out of the store to see what was going on found the bird. Now John is a sportsman, he has chased the wily ruffed grouse in its Alger county strongholds and when a picnic comes his way he can gather it in with a grace and agility which are surprising, at least so Nate Quarters says, for he swooped down upon that bird so swiftly that the others could only stare at him helplessly. Today he has the pot-pie while the hunters who went out into the woods in the rain and sleet will patronize the meat markets.

This is not the first instance of the kind this season. About a week ago one of the policemen caught a partridge fluttering in the doorway of Palmer's Bazaar at 4 o'clock in the morning, apparently trying to get at the electric light, while one was killed still more recently by flying against a rafter in the Dead River mill.

The worst report of the actions of these bold invaders comes from the Seventh ward, where it is claimed that five dared to perch upon the roof-tree of no less a personage than Alderman Rossetter himself. One was killed with a sling-shot and this deadly weapon, together with all the documentary evidence in the case, can now be found on file with Recorder Meads, who himself vouches for the truthfulness of the report. The sporting editor of THE MINING JOURNAL has all the necessary affidavits in the other cases—but that's all he's got, Hager has the bird.

Brooms by the Thousand.

Yesterday M. R. Manhard & Son of this city began work under the contract which they have just entered into with Warden Van Evert of the Marquette prison and which was approved at the last meeting of the board of control of the prison. By the terms of the contract, which runs for a term of five years, the firm buys the entire broom making outfit of the prison and is to employ a minimum of thirty convicts, the maximum under the contract being placed at sixty.

The Messrs. Manhard have recently completed a careful study of the broom making business and have purchased machinery of new and improved patterns which will soon be added to that already in place at the prison. They will turn out from a thousand to twelve hundred dozen brooms a month or their equivalent in brooms, brushes, whisk-brooms and mats, all of which are named in their contract.

Miss Randolph, who has attended to the sale for the state of the brooms made on prison account under the old order of things, will continue with the new firm it is expected. By this new deal Warden Van Evert has found work for all the convicts now domiciled in his prison, W. C. Brown's knitting factory contract having furnished employment for a large number of them before.

Do not forget that Dr. Price's Cream Baking Powder makes delicious biscuit, griddle-cakes, doughnuts, waffles, pie-crusts and short cake. It's the best.

Offers a Free Site.

Noticing the report in several papers of the peninsula that E. C. Davidson of Chippewa county had made a proposition to the Lake Superior Presbytery having for its object the foundation of a Presbyterian academy or preparatory school for Alma college and had offered \$5,000 for its establishment at Rudyard, a small town near the Soo, a Marquette man comes to the front at once and declares that if there is any prospect of such a school being established Marquette is the proper place for it. To start the ball rolling President Van Evert of the Marquette Land company offers a free site for the school, a site within easy reach of the electric railway and possessing all the qualities desirable in a site for such an institution. Now if others will be equally prompt in coming to the front the committee appointed by the Presbytery to look into Mr. Davidson's proposition will not be long in transferring their undivided attention to the Queen City of the peninsula.

REPUBLICAN COUNTY CONVENTION.

A Republican convention for the county of Marquette will be held at the Nelson House in the city of Ishpeming on Tuesday, the 10th day of October, 1894, at 1 o'clock p. m. for the purpose of nominating candidates for the following county officers, viz: Sheriff, treasurer, county clerk and register of deeds, prosecuting attorney, two circuit court commissioners, two coroners and one county surveyor. After which the delegates from the First and Second representative districts will organize and nominate candidates for the state legislature for their respective districts.

Also for the purpose of transacting such other business as may properly come before the convention.

The several wards of the cities and townships will be entitled to one delegate for every 100 votes, or an excess of a moiety thereof, cast at the last general election for governor, as follows:

TOWNS AND CITIES.	VOICES.	DELEGATES.
Marquette city	1,822	18
Negaunee city	1,192	12
Ishpeming city	2,344	23
Chocolay township	175	2
Marquette township	41	1
Negaunee township	47	1
Ishpeming township	177	2
Ely township	43	1
Humboldt township	62	1
Champion township	284	3
Michigan township	170	2
Republic township	469	5
Forsyth township	88	1
Turin township	19	1
Richmond township	176	2
Tilden township	158	2
Skandia township	1	1
Sands township	1	1
Total	7,328	79

City and township committees will call caucuses, giving at least five days' notice of the same. In their absence or failure to act members of the county committee for the locality should perform that duty.

GAD SMITH,
Chairman County Committee.
Dated, Marquette, Oct. 8, 1894. (10-9-3d)

If you want to live happy and healthy use Vandenberg's fresh milk and jersey creamery butter. (10-4-2w)

Patronize home industry and enterprise and buy your storm sash from The Bice Manufacturing company, Marquette, and thus save five times their cost in fuel. Saying nothing about the comfort they afford and the sickness they save from the cold and chilly winds during our long winter months.
