To chose a PRESENT
Which will be of PRESENT
And immediate use. At PRESENT
The most acceptable PRESENT

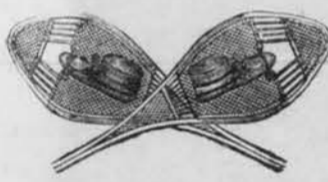

While buying Christmas presents bear in mind this fact. That choosing what to give them requires a heap of tact. There are lots of things to purchase. And they take a pile of cash. Think three times before you purchase. Then your choice need not be rash. Buy your dear ones something needful. Something useful which will last. Then you'll surely be remembered after Christmas is long past. Buy a pair of handsome slippers. They'll give comfort, ease and grace. Buy a pair of shoes exquisite. She will praise your thought and taste. Buy the boy some shoes or rubbers. Buy a big brother dancing shoes. Buy the grandma nice foot warmers. These are what you ought to choose.

DEVELOPED A SENSATION.

Captain Creedon Gives Important Testimony Before Lexow Investigating Committee.

THE MOST IMPORTANT EVIDENCE YET BROUGHT OUT.

The Money Given to Purchase Police Influence Is Traced to High Police Officials.

CREEDON AT ONCE DISCHARGED NEW YORK, Dec. 14.—Attorney Goff began proceedings before Lexow committee today with reference to the testimony given by Moran, the tug boat owner, yesterday about the payment of money to Richard Croker.

"Now," said Goff, "If Croker would like to clear himself of this charge of extortion we will be very glad to have him appear and vindicate himself." Captain Schmittberger was called. "By the advice of my counsel I shall decline to answer all questions," said Schmittberger. Goff allowed Captain Schmittberger to go. Captain Creedon was then called to the stand. Goff asked him if he wished to state anything different from yesterday. It was in December, 1891, he heard who was to be appointed as captain. A friend of his asked him why he did not go to one of the commissioners who had one of the appointments.

"I did not do anything more just then," went on the captain. "I was at the desk one night when this friend came in. He spoke to me again about the matter. He said Reppenhagen was the county Democracy leader in the district and I ought to see him. Reppenhagen came to see me about it and he told me subsequently the place could be had for \$12,000. I told him that was considerable money."

"You were a poor man?" interrupted Goff. "I was, sir. But I told him I would see my friends. I saw a number of my friends and told them that whatever they agreed to I would stand by. Reppenhagen told me another man had \$12,000 and if I wanted the place I must put up \$3,000 more."

"Who was the other man?" asked Goff. "Must I say?" pleaded Captain Creedon. "You must," said Goff quietly. "Well, sir, it was Sergeant Weigand. Weigand is now acting captain of the fourteenth precinct. The money was raised by Captain Creedon on personal notes guaranteed by a life insurance policy. Snell and John J. Martin came to the station house one day together and asked me if I knew if any money was raised for them. I told him so, and the men returned to headquarters. About five minutes after they arrived they wired me to go over. I did so and found I had been appointed and assigned to the first precinct."

"The \$15,000, I believe was in Snell's hands."

"Yes."

"And you were disappointed when you were assigned to the old slip station?"

"Well, somewhat. The money, by the way, was withheld for a couple of days until finally said, 'let it go. I will stand the difference.' The money was paid over to Reppenhagen."

The witness went on to say that he had made applications for promotion on several occasions and once the sergeant below him in the percentage scale had been promoted.

"At either of these examinations were you approached and told you could not get a promotion unless you paid for it?" asked Goff.

"I was."

"Was any sum named?"

"Yes \$6,000."

"And you refused to pay it?"

"Yes."

"Who did Reppenhagen, to whom the money was paid, represent?" "I have said he represented Commissioner Voorhis," was the answer.

"Then John W. Reppenhagen testified he handled the money. Let it go. I will stand the difference." The money was paid over to Reppenhagen. He kept the remaining \$5,000 for himself. He was a go-between. Reppenhagen swore Voorhis lied if he said he did not get the money. He was given the money and in turn he turned over \$10,000 of it to "Honest" John Martin for the benefit of Commissioner Voorhis.

A few hours after giving the testimony Creedon was suspended from the force. The Lexow committee agreed that Creedon should be granted immunity from punishment for his purchase of the captaincy and when the action of the police commissioners became known, they, as well as Superintendent Byrnes were supposed to appear before the investigating committee. Commissioner Martin assumed the witness stand. He had not known the committee was desirous of retaining Captain Creedon or he would have done otherwise. He voted for Creedon's suspension on the recommendation of Superintendent Byrnes. Commissioner Martin promised he would do all in his power to restore Captain Creedon.

Superintendent Byrnes said Creedon's case was different from the other accused police captains. When Creedon was appointed he swore he paid no money to secure the appointment. The superintendent recommended suspension because of Creedon's perjury and because Creedon acknowledged his guilt before the committee. But Byrnes also promised to do all in his power to obtain Captain Creedon's restoration.

Captain Creedon's confession is the biggest sensation brought forth by the Lexow committee, but public censure is not heaped on Creedon's head. He has served in the local police department for thirty years with honor and distinction. He is a war-scarred veteran whose record shows in twenty-three en-

gagements of the civil war he risked his life for his country. The day was replete with exciting and dramatic incidents. The witness spoke slowly and with downcast eyes and the sympathy of the audience went out to the white haired captain. Captain Creedon's testimony was followed by an impressive pause. Then Goff apologized for causing the captain the unpleasantness he had experienced. Tears suffused Creedon's eyes and a sympathetic tremor ran through the audience.

"And," continued Mr. Goff, "it is the unanimous opinion of this committee in view of the splendid services you have rendered your country and community public interest will not be subserved by disturbing you in your position as police captain. Then there was a burst of applause such as no man could stop. Captain Creedon arose. He looked straight ahead. Tears filled his eyes and his face twitched with emotion. Then each member of the committee and Counsel Goff, Jerome and Moss shot his hat forward. There was another burst of applause and Captain Creedon walked from the court room crying. Men, trembling with pent up feelings, grasped his hand in sympathetic pity.

Police Justice Voorhis, who is tonight one of the most talked of men in New York, denied in toto the allegations made against him before the senate investigation committee.

Richard Croker asked if he would accept Mr. Goff's invitation to appear before the Lexow committee and vindicate himself of the charge of extortion imputed by the testimony of Witness Moran yesterday.

"I did not know any charges were made against me," said Croker, "or that there is anything to vindicate. The only thing Moran testified was that he contributed to Tammany Hall. If the committee wants to find out about contributions to political parties I am sure they can. Why don't they ask the Union League club, the Republican and County Democracy about political contributions? These organizations get them as well as Tammany Hall." Croker said he would not appear before the committee.

DEBS RECEIVES SENTENCE

He Gets Thirty Days in Jail for Contempt of Court.

CHICAGO, Dec. 15.—"Guilty as charged" was the finding announced by the federal court today against President Eugene M. Debs of the American Railway union and the other leaders of that organization on trial with him for contempt in violating an injunction during the great railway strike last summer. Debs was sentenced to six months in the county jail and the others three months each, except McFrance, who was released as not guilty. After the court had offered the defendants the privilege of speaking before the sentence they were given permission to retire with their attorney for consultation. On returning the attorney announced that they had decided not to make individual statements but that they felt they had been guilty of no wrong. On the announcement of the sentence the prisoners smiled in a relieved sort of way, evidently having expected severer punishment. They were given ten days to perfect appeal.

DEBUE, Ia., Dec. 15.—W. W. Erwin, counsel for Debs, would not express an opinion on the result of the case but said if it could be got before the United States supreme court he was confident of a reversal.

MAY PLEAD GUILTY.

Claus Blixt Arraigned for Murder of Catherine Gink.

MINNEAPOLIS, Dec. 15.—Claus Blixt was arraigned in the district court this morning under the grand jury indictment charging him with the murder of Catherine Gink. The proceedings were delayed until the crowd was dispersed. He looked twenty years older than when he was first arrested. He brought his bible into court and clung to it tightly all through the proceedings as if it were his only hope. His eyes were bloodshot and restless, his hair disheveled and his whole appearance disquieting. His plea was deferred but it is understood he will plead guilty and throw himself on the mercy of the court.

FIVE MILLION WITHDRAWN.

Gold Reserve Is Now Below the Hundred Million Limit.

WASHINGTON, Dec. 15.—The gold reserve today took another downward plunge by the withdrawal of \$4,875,000, leaving the net reserve at the close of business, \$96,841,884, or \$3,658,116 below the \$100,000,000 limit. Of the amount withdrawn \$4,550,000 was taken from the sub-treasury at New York and \$325,000 from Boston. Assistant Secretary Curtis, speaking of the situation, thought the heavy demand for gold during last week was to meet dividends and other payments falling due Jan. 1. After this week Curtis thought the exportations of gold would materially decrease if it did not cease altogether.

Western hospitality is proverbial and the food served is cooked with Dr. Price's Baking Powder.

A STORM STREWN VALLEY.

Cyclone Sweeps Little Wills Valley Doing Great Damage.

BIRMINGHAM, Ala., Dec. 14.—News has just reached here of a fatal cyclone which swept over the Little Wills valley doing heavy damage. The dwelling of E. A. Gilland, county commissioner, was wrecked. George Stoval was killed. A negro house on Gilland's plantation was wrecked and one child killed and two others hurt. The path of the storm was narrow and it spent itself in the valley wrecking fully two dozen dwellings, but no other fatalities are reported.

Van Leuven Found Guilty.

DEBUE, Ia., Dec. 14.—The jury in the Van Leuven pension fraud case has returned a verdict of guilty. They were out about an hour.

INVITATION WITHDRAWN.

Consul Jewett Must Act With Other Representatives or Not At All.

CARLISLE'S BANKING BILL HAS BEEN ACCEPTED.

Will Be Presented to the House for Immediate Consideration During the Coming Week.

OBJECTS TO SEPARATE REPORT.

WASHINGTON, Dec. 14.—The United States will take no part in the investigation of the Armenian outrages. Finding the limitations imposed by President Cleveland upon the functions of United States Consul Jewett such as to prevent his joint action with the representatives of the other powers the sultan has withdrawn his invitation to the United States to appoint a commissioner and consequently Jewett's appointment lapses.

BALTIMORE PLAN ACCEPTED.

WASHINGTON, Dec. 14.—The Democratic members of the banking and currency committee held an executive meeting immediately after the adjournment of the regular hearing and after an hour's discussion decided to report the Carlisle bill without amendment. The committee will hold an executive session tomorrow night and it is expected the report will be ordered on the bill before the meeting adjourns. The committee on rules has promised a rule covering everything the banking and currency committee may require and giving the bill the right of way over everything else.

WASHINGTON, Dec. 14.—Representative A. J. Warner of Ohio, president of the Bi-metallic league, addressed the banking and currency committee, going into the principles of the entire currency question. He urged that elastic currency such as Secretary Carlisle sought is an impossibility as prices will rise as fast as the currency is increased. Warner said the history of the world proved that the gold standard could not be maintained by giving to banks the privilege of expanding the circulation. He was amazed that this proposition should be made in this enlightened age, in the face of the financial experience of the world.

A letter from John F. Walsh, president of the Chicago National bank, was read. Walsh objects to the Baltimore plan, stating that it is nothing but a revival of the old New York state safety fund plan, a system abandoned long before the organization of any of the National banks. In his opinion the proper way to deal with the currency is for the government to issue irredeemable two and a half per cent bonds which could be made a basis of circulation for National banks up to the amount of their capital.

After a recess A. L. Ripley, vice president of the National Hide & Leather bank of Boston, was heard. He considered the present system safer than the one proposed.

PENSION BILL DISCUSSED.

WASHINGTON, Dec. 14.—The house went into committee of the whole and resumed consideration of the pension appropriation bill. Pickler expressed disgust with the frequent recurrence in the president's message and in the report of the interior and commissioner of pensions of the charges of fraud in the pension roll. For the last time probably before his retirement from congress he said he desired to defend his old comrades from this slander. With almost a million names on the roll and \$150,000,000 disbursed in pensions annually, he declared that the frauds discovered were utterly insignificant and should be the subject of congratulation to every soldier in the land.

"I want to reply once for all to the charges from the other side," said Pickler, "that the pension roll is a roll of dishonor."

"Who on this side ever made such statement?" asked Dunn.

"A great many."

"Who? Name one" came in a chorus from the Democratic side.

"I do not care to drag names in here," responded Pickler. "But what does the president of the United States say? He is always talking of purging the rolls of fraud. Do you want anything stronger than that?" Pickler went on to detail the result of the pension office purging which he declared resulted in but thirty-nine convictions. The general debate proceeded without any marked incident Baker, Enlow, Mahone, Hulick, Coombs, Hynum, Cannon and Milliken participating and was concluded by a brief speech from O'Neil, in charge of the bill. The bill was then taken for amendment under the five minute rule. Lacey moved to reduce the appropriation for examining surgeons from \$800,000 to \$500,000; lost. The bill then went through without a division.

Outwaite reported the army appropriation bill.

On the motion of McCreary the Hitt resolution, calling on the secretary of state for all correspondence and reports relating to the payment of \$425,000 to Great Britain growing out of the controversy over Alaskan fur seals, was adopted.

A motion to adjourn until Monday was carried. The evening session was devoted to private pension bills.

FOR NAVY IMPROVEMENT.

WASHINGTON, Dec. 14.—Acting under instructions of a joint committee from the two houses of congress on the personnel of the navy Representative Meyer of that committee has prepared a report and bill, the latter embodying the changes which the committee will probably recommend for the re-organization of the personnel of the navy in line with the views which the joint committee, after a year's investigation, has adopted.

HOUGHTON.

The fall term of the Mining school will close on Friday, Dec. 21st, and for two weeks the students will be free men, away from the grind of quantitative and qualitative, from petrography and hydrography, and perfectly oblivious of every formation from the azoic upward to alluvium. The next term will open on Jan. 7th, giving a little over two weeks vacation, and in exceptional cases where the students have almost worked in a thoroughly acceptable manner, a trifle longer vacation will be allowed. Next week will be devoted to examinations, a period which is not without its terrors to the student mind. All members of the school whose general standing is above 90 are exempt from examination, a factor which has operated powerfully in keeping the standing of the classes up to a high figure.

The students from Mexico will join the Mining school, coming at the beginning of the new year. There are already a number of students from Latin America in attendance at the Mining school, which has gained an excellent reputation with our neighbors to the southward, and Spanish is by no means a language of rarity at the school. This is an advantage, as a knowledge of Spanish and German is almost indispensable to a mining man who wants to consider himself thoroughly equipped for the work before him, in whatever place his lines may be cast.

Some party or parties unknown, without the fear of the Lord or the police before their eyes, amused themselves on Wednesday evening by stealing one side out of the ice rink which was built recently on the ice in front of Pryor's planing mill by Messrs. Pryor and Croze. The rink had never been used and the proprietors must replace the stolen boards before they can do business. Between the weather and the thieves running an ice rink in Houghton, it has been cracked up to be, in Houghton.

There will be a sale of home made candy at the choir rooms, opposite the residence of Mr. T. W. Edwards, this afternoon and evening. A general invitation is extended.

The No Name club gave a very pleasant social to a number of friends at the residence of Mrs. Jas. Healy last evening.

The county advertises for bids for a new bridge across Portage Lake. Bids must be in before Jan. 1st and bidders can furnish their proposals on either iron or wood. The action of the board is intended to secure figures from which to decide whether a wooden or iron bridge is preferable and also the probable cost. Some one of the bids may be accepted but it is probable that plans and specifications for the new structure will be prepared and fresh bids called for after the county board has had an opportunity to learn the probable cost of a new bridge and to decide in what manner and of what material it shall be built. One thing the supervisors are unanimous on, and that is, that the new bridge shall be as solid and reliable as it will be possible to secure, and safety and strength will not be sacrificed to beauty of design or safety of construction.

The fire company is having new jumpers made to carry the hose in during the winter months. Patrick Golden of the United States signal service is endeavoring to arouse the interest of Houghton people sufficiently to raise a fund which will pay for telegraphic advices from the weather bureau and enable him to display the signals during the period when navigation is closed during which time Uncle Sam chooses not to show his flags predicting the sort of weather we are to have, unless the dear public will pay for the service.

Mrs. Harry Hooper has gone to Ashland to nurse her son. A second amputation of the leg was found necessary and the young man's condition is critical. "Pinafore," "Dick Dead-Eye," "Buttercup" and the sisters and the cousins and the aunts—will be at the Army and abetted by local talent on Jan. 9 and 10.

HANCOCK.

The sad death of young Michael Holland under the wheels of the rock train should be a warning to parents not to allow their youngsters to steal rides on moving trains. It is hardly possible that the accident will prove a warning to the youngsters. The trainmen do their best to prevent boys stealing rides, but with all their care many lads elude their vigilance.

The annual ball of E. R. Stiles Post is to take place on the night of Washington's birthday at St. Patrick's hall.

The D. S. S. & A. railway will follow its usual custom and offer tickets at reduced rates to all who wish to visit home or friends during the holidays. The rate will be one and a third of the full round trip rate and all tickets will be to and including Jan. 3. Tickets will be on sale Christmas and for two days preceding and on New Year's day and for two days preceding.

Oskar Eliassen has forty men at work in his camp getting out hardwood timber for George T. Houston & Co. of Chicago, to whom he sold 3,000,000 of hardwood two months ago. About a third of the full amount will be cut and delivered this winter and spring. Sawing this evening the Arion Lady quartette, accompanied by Master Harry Storms, a youthful reader and impersonator, will appear at St. Patrick's Hall in the second number of the star

course of entertainments, vice the Old Homestead quartette, which was unable to fill its engagements in the copper district owing to the serious sickness of one of its members. The program to be rendered this evening is an interesting one, and the ladies will doubtless have a large audience to interest and amuse.

C. D. Hanchette, of the Northern Michigan Building & Loan association, attended the meeting of the state league of local building and loan associations, which held its session at Albion Thursday and Friday of this week. Mr. Hanchette will be home early next week.

Rev. J. Edward Kelly will deliver his illustrated lecture on Mexico at the Quinay Hall next Saturday evening on invitation of Quincy Lodge of the A. O. U. W.

Mr. Fred Rundle and Miss Laura Betens were married at the Pevabio M. E. church by the Rev. H. L. Hewson Thursday morning, Dec. 13. Mr. and Mrs. Rundle left for Chicago on the noon train for a short trip and will be at home to friends at their home at Pevabio after the new year.

A very cordial invitation is extended to all men and boys to meet with us at the Y. M. C. A. tomorrow and hear the newly-appointed missionary of upper Michigan, Rev. Joel Martin, give one of his interesting talks to young men. We will also be favored with a chorus by the male quartette.

The dedication of the new barracks of the Salvation Army will take place tomorrow, with appropriate ceremonies. Major and Mrs. Stillwell will be in charge, although it was at one time hoped that General Booth could be prevailed on to lend theuster of his presence to the festive occasion. There is so much of the program prepared for the dedication that two-thirds of it will trail over, and it will take about a week to get through with it.

County Clerk Shields will be at the fire engine house office, Red Jacket, from this afternoon until 8 this evening for the purpose of issuing naturalization papers to those who apply. The opportunity to secure the papers here will save a trip to Houghton, with the consequent loss of time and expense.

A Christmas supper and social will be given by the ladies of the Presbyterian church in the basement of that edifice on Tuesday evening next. Hot victuals from 4 to 9 p. m., and admission only twenty-five cents. There will be musical and other exercises and a good time guaranteed all who attend.

A tract of land comprising twelve and a half acres has been purchased near the Dover location and will be immediately platted for cemetery purposes and will be divided for that purpose between the various Catholic churches here. The present graveyards are either well filled or too distant.

Good citizens are pleased that the head of the Lovejoy tribe is in jail, even if the period of his incarceration is but thirty days. The only time when the Lovejoys are behaving themselves properly is when they are being lodged and fed at the expense of the county—and it is cheaper for the county to board and feed them than it is to let them loose upon the community.

THE TERROR OF DEATH.

It Is Not Present with Everyone Who Dies.

Testimony Which Goes to Prove That Many View with Unconcern the Approach of Dissolution—Dying Words of Noted Men.

Many people, through fear of death, are all their lives subject to bondage, writes Rev. E. J. Hardy in the Sunday Magazine. The questions: How shall we die? When shall we die? and where shall we die? are continually worrying them. Indeed, there have been several suicides caused by this haunting terror of death. The thought of it made their lives insupportable, and they killed themselves in order to know the worst. And yet it is quite possible that in respect to the physical sensation of dying we resemble Don Quixote, when he hung by his wrist from the stable window and imagined that a terrible abyss yawned at his feet; fate, in the character of Marlornes, cuts the thong with lightsome laughter and the gallant gentleman falls—four inches.

When Louis XIV. lay dying: "Why weep you?" he asked those who surrounded his deathbed. "Did you think I should live forever?" Then, after a pause: "I thought dying had been harder." Dr. Hunter was another who was agreeably surprised by his experience of dying. His last words were: "If I had strength to hold a pen I would write down how easy and pleasant a thing it is to die." A charming actress, who had been twice almost drowned told a friend that dying was the nicest sensation that she knew. The late archbishop of Canterbury, as his "agnony" befell, quietly remarked: "It is really nothing, much after all."

A man said to Socrates: "The Athenians have condemned you to death." "And nature," he replied, "has condemned them." By the ancient Greeks death was considered simply as a destroyer. To them it was the last and most bitter of foes. Achilles in Hades says to Odysseus: "Nay, speak not comfortfully to me of death. Rather would I live upon the earth, the hissing of an insect, than bear away over all the dead that are no more." When death is bitter it is so, as a general rule, far more by reason of anxiety and remorse than from physical causes. A man, for instance, can scarcely die easily if he is leaving a widow and family for whom provision has not been made. The medical men who attended Oliver Goldsmith in his last hour asked him if there was anything on his mind, as he could not account for his temperature being so high. The poet admitted that there was. Debt was upon his mind. To some it is riches, and not poverty, that renders death painful. When George showed to Dr. Johnson his palatial residence the latter said: "Ah, David, these are the things that make death terrible."

John Wesley was once asked by a lady: "Suppose you knew that you were to die at twelve o'clock to-morrow night, how would you spend the intervening time?" "How, madam?" he replied: "Why, just as I intend to spend it now. I should preach this night at Gloucester, and again at five to-morrow morning. After that I should ride to Tewkesbury, preach in the afternoon and meet the societies in the evening. I should then repair to Friend Martin's house, who expects to entertain me, converse and pray with the family as usual, retire to my bed at ten o'clock, commend myself to my Heavenly Father, lie down to rest, and wake up in glory."

This was the feeling which enabled the American, Gen. Stonewall Jackson, to die as he did. When told he had only two hours to live, he answered: "Very good; it's all right. Order A. P. Hill to prepare for action. Pass the infantry to the front rapidly. Tell Maj. Hawkes— Presently a smile of ineffable sweetness spread over his face, and he said, quietly and with an expression of relief: "Let us cross over the river and rest under the shade of the trees."

HOW A MAN GOES TO SLEEP.

Slumber Begins at the Feet and the Senses Become Dormant One After Another. "Order is heaven's first law," and the old truth is manifested even in the process of going to sleep. When a man drops off to sleep, says the New York World, his body does not do so all at once, so to speak. Some sense become dormant before others and always in the same order. As he becomes drowsy the eyes close, and the senses of seeing is at rest. It is quickly followed by the disappearance of the sense of taste. He next loses the sense of smell, and then after a short interval the tympanum becomes insensible to sound, or rather the nerves which run to the brain from it fail to arouse any sense of hearing.

The last sense to leave is that of touch, and in some hyper-sensitive people it is hardly ever dormant. Even in their case, however, there is no discriminating power or sense of what touched them. This sense is also the first to return upon awakening. Then hearing follows suit, after that taste, and then the eye becomes able to flash impressions back to the brain. The sense of smell, oddly enough, though it is by no means the first to go, is the last to come back.

The same gradual loss of power is observed in the muscles and sinews as well as in the senses. Slumber begins at the feet and slowly spreads up the limbs and trunk until it reaches the brain, when unconsciousness is complete and the whole body is at rest. This is why sleep is impossible when the feet are cold.

The Czars's Horses. The late czar of Russia had four separate "services" of horses and carriages. Fifty horses comprised each set, and in one of the services all pure white and had blue eyes. Anything more magnificent in the way of trappings can hardly be conceived.

MAY HAVE KILLED HIS MAN

George Lavigne Knocks Out Andy Bowen at New Orleans in Eighteen Rounds.

BOWEN HAD NO SHOW AT ALL WITH LAVIGNE.

Is Still Unconscious from the Knock Out Blow and Is in a Very Critical Condition.

LAVIGNE HAS BEEN ARRESTED.

NEW ORLEANS, Dec. 14.—George Lavigne and Andy Bowen fought tonight in the Auditorium club in the presence of about 1,400 people for a purse of \$3,000, \$2,500 to the winner and \$500 to the loser. Bowen was knocked out in the eighteenth round. Up to the third round Lavigne was the aggressor and had the better of the fighting, though Bowen landed some stiff body blows. The fourth, fifth and sixth rounds were also in Lavigne's favor as was the balance of the fight.

Bowen was clearly outclassed and knocked all over the ring, while Lavigne was unscratched and seemingly as fresh as when he began. In the fifteenth round Bowen was nearly down by a heavy right hander. In the seventeenth round Bowen was knocked down. In the eighteenth round Bowen was knocked out. He fought a game fight but was never in the contest. Lavigne fought fairly but furiously and deserved the victory.

Bowen was carried limp and senseless from the ring by his seconds to the room where Doctors Finney, Schurbert and Haroon waited to bring him to. There was great excitement in the man's room. The fear that he would die was entertained by all present. Dr. Haroon, who has had much practice in conditions of this kind, said Bowen was evidently suffering from concussion of the brain. One of the bad symptoms was the pupils of the eye being of different colors and a spell of vomiting again caused the man's friends much alarm. At 11:30 p. m. Bowen was still in a bad way.

NEW ORLEANS, Dec. 15.—At 1 o'clock this morning Bowen's condition is not improved and it is deemed so serious an ambulance was sent to the arena to convey him to the Charity hospital. Lavigne is detained by the police.

NEW ORLEANS, Dec. 15.—At 2 o'clock Bowen is reported still unconscious. He was taken to his home and the entire Lavigne party arrested.

OBJECTS TO THE ELEMENT

Gompers Says Socialism is Introduced in the Federation.

DENVER, Dec. 14.—At the meeting of the American Federation of Labor today N. R. Hysell, of the Mine workers, moved that a committee of three be appointed to draft resolutions in regard to the decision of Judge Woods and the imprisonment of Debs and others; adopted. Discussion of the political program was renewed. A plank calling for a "legal working day of not more than eight hours" was adopted, as well as those for sanitary inspection of workshops, mines and homes; liability of employers for injury to health, body and life; abolition of the contract system in all public works; abolition of the sweating system; municipal ownership of street cars and gas and water works and electric plants; for public distribution of light, heat and power; nationalization of telegraphs, telephone, railroads and mines.

"Ownership by the people of all the means of production and distribution" was the next matter to be discussed and it occupied the remainder of the session. Strasser of New Jersey offered as an amendment the additional words "by means of confiscation without compensation," in order to make the author of the plank "declare himself," he explained. T. J. Morgan, the author of the plank, seconded the amendment. A. McCraith of Boston offered a substitute as follows: "Abolition of the monopoly system of land holding and substituting therefor a title of occupancy and use only."

Most of the delegates came to the hall this afternoon with their speeches on the plank prepared and this no doubt outworn to keep down inflammatory expressions. Thomas J. Morgan's speech was a vigorous advocacy of socialism. He denied the charge made in President Gompers's report that the socialist idea was smuggled into the program. He said: "We have as our allies on the socialist movement in all kinds of labor saving machinery and we have the millionaires. They put Debs in jail today. I am glad of it. That is the kind of work that will make you vote to

A BLOODY SPECTACLE

Wounded Man Hangs Head Downward Over Chicago Street

CHICAGO, Dec. 14.—The body of Charles Miller hanging head downward from a second story window at 2115 State street with blood dripping from a wound over the heart collected a crowd today which blocked traffic for half an hour. Miller was shot by Maggie Tiller, who claimed he robbed her and she did the shooting in self-defense. In attempting to jump from the window after he was wounded Miller's foot caught and he hung there dying until the police arrived. He died soon after help reached him.

SAFE IN NEW YORK JAIL.

Absconding New York Bookkeeper Placed Behind the Bars.

NEW YORK, Dec. 14.—Samuel C. Seeley, late bookkeeper for the Shoe & Leather National bank of this city, is tonight a fully barred prisoner in comfortable quarters in the Ludlow street jail, where he was lodged on his arrival from Chicago this evening. Immediately on his arrival he was taken before Commissioner Shields and held in \$25,000 bail.

Acquitted of Lynching.

MEMPHIS, Tenn., Dec. 14.—The jury in the case of W. S. Richardson and Ed Smith, charged with being implicated in the lynching of six negroes last August, returned a verdict of not guilty. The cases against the other eleven were not proposed.

Cattle, Hogs and Sheep.

CHICAGO, Dec. 14.—Prices at the stock yards ranged as follows: CATTLE—Receipts, 6,000; calves, 600. Prices were steady, trading fairly active and everything was sold. Prices were quoted all the way from \$1.25@1.50 for raw boned cows to \$2.25@4.40 for fancy holiday heaves. From \$1.75@4.60 took the bulk, cows selling principally at \$1.75@2.25 and steers at \$3.75@4.60.

HOGS—Receipts, 26,000. Early sales were at nearly as good prices as were paid yesterday, as high as \$4.70@4.75 having been obtained, but the market grew weaker and by 9 o'clock showed a loss of 10 cents, closing dull at \$4.60@4.40 for common to choice light and \$4.25@4.65 for heavy weights.

SHEEP—Receipts, 6,000. Demand good. Prices ranging for sheep, \$1.25@3.60; lambs, \$2.25@4.25. Few of the former sold outside the limits of \$2.25@3.00 and from \$3.25@4.00 bought the bulk of the lambs.

MORE EMPLOYMENT GIVEN.

Manufacturers' Pay Rolls Were Larger for November Than a Year Ago.

VOLUME OF BUSINESS BECOMES SOMEWHAT HEAVIER.

Increased Iron Production Causes Decline in Prices—Other Commodities Remain About the Same.

DUN'S WEEKLY TRADE REVIEW.

NEW YORK, Dec. 14.—The business of several thousand manufacturers, who forwarded statements of their pay rolls for November of this year, in 1893 and in 1892 makes a very encouraging comparison of the earnings for the month, which shows an increase in the total payments of 15.2 per cent. over last year, but a decrease of 18.3 per cent. in comparison with 1892. Ten per cent more persons are employed than a year ago, but 8.6 per cent. less than in 1892. The average earnings for over two hundred and fifty thousand hands is 4 per cent. larger than in 1893 but 14 1/2 per cent. less than in 1892.

The volume of business transacted the past week was a little larger in comparison with last year than in November. Wheat is unchanged although western receipts were as large as last year and Atlantic exports were \$31,305 bushels against 1,029,230 a year ago. Corn was a fraction weaker. Cotton was down to 5.75 cents. Detailed reports regarding the chief industries are not altogether encouraging.

The increased production in iron is not supported by the demand and prices are declining accordingly. Minor metals are stronger though apparently for speculative reasons only.

Textile manufacturers are, on the whole, weaker, though sales of wool are larger. Failures during the past week were 345 against 339 last year.

BANK CLEARANCES.

NEW YORK, Dec. 14.—A statement compiled by Bradstreet's shows that the total bank clearances of the principal cities in the United States during the past week were \$1,019,089,669, an increase of 12.6 per cent. compared with the corresponding week of last year.

THE INDIANS WILL MOVE.

Utah Will Return to Their Reservation in Colorado.

SALT LAKE CITY, Dec. 14.—A special to the Tribune from Monticello, Utah, by courier to Thompsons Springs states that this morning the Indians agreed to move out of Utah and will begin the movement at once. As soon as the conclusion was reached signal fires were seen from some of the adjoining mountains. The people are well satisfied and feel safe.

EDITORIAL ROOMS.

Why They Should Not Be Freely Open to the Public.

There are newspaper establishments in which the editors' rooms are as difficult of access, even to the other workmen in the building, as an inventor's closet, or the dressing-room of an actress, writes Julian Ralph in Scribner; and there is not—and never can be—a newspaper office that is as open to the public as a store, or even as a bank. I once heard the editor in chief of a New York newspaper speak of "that mystery which the public always associates with the editorial sanctum." The utterance was priggish, but it sprang from a fact which has at its root the essence of journalism: for if everyone knew what was to be published in a newspaper, who wrote each article, and who furnished the facts, the business could not be carried on. What is meant to the mass of readers may be poison to the persons concerned, and even as it is, there is a constant battle between those who are gathering the news and those who would like to keep it out of print.

Thus it is that, in maintaining some degree of mystery about the work, a great deal more comes to be fancied to exist, and the work of journalism remains greatly interesting to all—happily to those who live under its exciting influence as well as those who only get occasional glimpses of its processes.

"What did the doctor say was the matter with you?" "He said he didn't know." "Well, what doctor are you going to next?" "None. When a doctor dares to make such an admission as that he must be about as high in his profession as he can get."—Indianapolis Journal.

WIFE FOR A QUARTER.

A Remarkable Matrimonial Transaction Made in Wayne County.

The transfer of his wife by "Kike" Culliford to Ambrose Dratt at Butler Center, a few days ago for the princely sum of twenty-five cents turns out to be one of the most noteworthy commercial transactions that the township has ever witnessed, says the Rochester (N. Y.) Democrat and Chronicle. The fact that the wife was an interested observer of the transaction and by no means the least willing party thereto, adds interest if not a moral flavor to the affair. The Cullifords are young people, aged respectively twenty-five and twenty-three. Mrs. Culliford, as it turns out, had been married once before her promise to love, cherish and obey Culliford was made. The name of the first husband was David Lobel, from whom she considered herself legally separated, when a year ago she was married to Culliford. Lobel was imprisoned for petit larceny, and his conviction, she thought, was sufficient separation. Early in the spring they moved to Butler, and Culliford worked by the day among the farmers to support his young wife.

Early in August Culliford came home unexpectedly and found Dratt and his wife under circumstances which made him suspicious.

"Is that what you have been coming to my house for every night for a week, bringing your old fiddle?" he demanded of Dratt. Then followed a war of words and Dratt left the house, to be followed by Mrs. Culliford a little later. The separation lasted several weeks and then friends succeeded in getting the couple together again. Then came the season for drying apples and Mrs. Culliford expressed a desire to earn some money. She went to work in the evaporators at Loren Gould's. Culliford heard rumors that caused him to make a trip to the evaporator's. His wife was not in the factory. Inquiry revealed the fact that she was in the house with "Ammy" Dratt. To the house he went. There he found Dratt and his wife. Had Culliford been made of different stuff there might have been a bloody time.

But Culliford had his own way of dealing with the situation. Motioning Dratt into an adjoining room, the wife following, he turned on his heels and said: "Do you want this woman more than I do?"

"Yes," replied the ready Dratt. "Well, what will you give for her?" Dratt paused for a moment, then he said, firmly, but slowly: "Twenty-five cents."

"She's yours," said Culliford. "Fork over."

The quarter changed hands. The woman spoke for the first time. "Well, I don't care," said she "between sobs. "If you did buy me, you have got to support me."

"I will," said Dratt, and that closed the transaction. The transfer of property took place that afternoon, Dratt calling for his purchase with his horse and buggy.

MORMONS AS THEY ARE.

They Are Passing Through a Transition State, According to Mrs. Merriam.

In her new book, "My Summer in a Mormon Village," Miss Florence A. Merriam finds that the Mormons are passing through a transition stage in the practice of polygamy; while theoretically the practice has been abolished by many of the older polygamists, the law is openly disregarded, says the Boston Advertiser. In the village where she spent her summer there were about thirty polygamists, and the different effects of the law were well illustrated. "One woman of strong character was supporting herself against the wishes of her husband because she was a second wife and would not break the law by living with him; on the other hand, one of the Mormon elders has obeyed the law by going to Canada with his young second wife, leaving the old mother of his children behind—these being different forms of conscientiousness.

"Another prominent member of the Church of the Saints, who had six living wives, came under government notice and had to flee to the mountains, where he was hunted by the officers for two years. When he was found, however, a number of wealthy Gentile business connections petitioned for his pardon, stipulating that he should take his oath to abide by the law. Whereupon, bring duly sworn, he returned to his six wives, no further questions being asked. One of the village government officials had two wives, but, although the Salt Lake Tribune reported the case, nothing was done about it."

Miss Merriam believes that legislation alone will never completely crush out polygamy. It was established by a subtle appeal to what is worst in man and best in woman, "and as long as the woman believes that it is right the laws can never crush it out." The remedy lies in an education, the broadest and best, an education which will develop reasoning power, which will enable her to read the lessons of the historical growth of the religious systems of the world, and which will convince her of the futility of turning to the past for the ethical ideals of the future.

A Curious Record.

One of the most curious statistical records that has been compiled this century is that by Dr. Salzmann, of Essling, Wurtemberg, on the average duration of life among physicians. He found, in going over the ancient records of the kingdom, that in the sixteenth century the average duration of life among that class was but 36.5 years—in the seventeenth century 45.8—in the eighteenth, 49.8 and at the present time they reach the favorable average of 56.7. It appears from the foot notes to the above that this very great increase in longevity is due to the disappearance of the "black pest," the introduction of vaccination and great diminution in the number of typhus epidemics, three classes of disease which formerly decimated the medical practitioners.

VACATION IS NEAR.

Teaching School Is a Weary, Tedious Lot.

Pupils Drain Teachers of Nervous Energy—There Must Be No Delay in Keeping Brain and Nerves Well Fed.

It is a fearful trade—this teaching school. A horde of restless, growing boys and girls—no wonder every day slowly brings down the strength and nervous power of the hard-working school teacher.

"Tired as a school teacher" would express the utter languor and collapse that so few escape before the long weeks are over. Of all the work open to girls and women, school teaching seems to wear the hardest on brain and nerves. Each day is not able to make up for the nervous expenditure of the day before, and so there comes the usual result as nerves hard worked but badly nourished: the frequent sick headache, loss of strength, no color in lips or cheeks, low spirits, nervousness, and a distaste for work.

What is needed is at once plain to every physician's eye. He says at a glance: "Your nerves want more food." Get some red corpuscles into your thin blood—the red corpuscles mean health. Paine's celery compound will cause fresh, ruddy blood to circulate through the veins, and will give an impetus to the weakened digestion. Thin people with depleted or impure blood, who are easily attacked by lung disease and chronic ailments, get strength and an increase of solid, healthy flesh from Paine's celery compound. It gives vigor to weak mothers and makes growing children robust and hearty. Nervous women, not actually sick, but never really well, who are a burden to themselves as well as to others, find just the help their system craves to restore them to sound health and a happy frame of mind.

Healthy color, animation, clear eyes and a well filled out frame, the signs of health that never fail, come from the reasonable use of Paine's celery compound. It is peculiarly adapted to correcting the depressing effect on the system of long hours of hard, trying work in the school room, behind the store counter, in the office, and wherever there is a constant strain on the nervous and physical system.

PITH AND POINT.

Had the toughest kind of work getting them to give it up."

DEAFNESS CANNOT BE CURED by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, an when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. Mrs. E. C. Cox of Lansing is in town on a visit to friends.

J. T. Bond of Greenfield, Ontonagon county, is in town on business.

J. E. Sues and J. M. Edgerton were down from Negaunee yesterday.

W. W. Woodell, prosecuting attorney of Ontonagon county, is in the city.

Born yesterday to Mr. and Mrs. Ignatius Schweitzer, 309 Rock street, a son.

The health officer requests all physicians to send in reports of typhoid fever cases.

The organ raffish at 143 Washington street last evening was won by William Stewart.

De Barkis, the city health officer, advises people to boil all their water, as there is a mild typhoid fever outbreak.

Henry C. James, a well-known attorney of St. Paul, was in the city yesterday on business at the probate court.

A. J. Ferrin leaves today for Chicago, whether Mrs. Ferrin preceded him some days ago, to spend Christmas with relatives.

E. S. Knebel, secretary to General Manager Fitch at Duluth for the business of the Duluth & Winnipeg, was in the city yesterday.

Lake Superior Pioneer camp, Modern Woodmen of America, will hold a very important meeting at Fraternity Hall this evening and the presence of every member is urgently requested.

F. H. Vandenberg made an unusually large delivery of fresh cream butter yesterday. Every one pronounced the quality elegant and many orders have already been booked for next week.

The funeral of the late Mrs. Annie Johnson, who died Wednesday evening, will be held Sunday afternoon at 2:30 o'clock under the direction of the Salvation Army from the Swedish Methodist church.

When the Marquette Furniture company got their Christmas window ready, which will be in a day or so, prepare to see a fine display. It will be the most novel and interesting window ever attempted in Marquette.

The Marquette City band discoursed music at the Casino rink last night. The management has arranged for music two nights in the week in the future. This evening the band will be present and there will be dancing from 10 to 12.

Recorder Frank A. Wentworth of Grafton lodge No. 111, A. O. U. W., yesterday paid to Mrs. Mary E. Bray the sum of \$2,000, being the amount of the beneficiary certificate held in that order by her late husband, Joseph P. Bray.

The football game previously announced for this afternoon between the Marquette High school team and the Colts of Negaunee has been abandoned.

The Colts wanted the earth with a fence around it and demanded a far heavier guarantee than the local team felt justified in giving.

The circuit court was not busy yesterday. A few small default judgments were taken and the law calendar cleared up. The remaining chancery cases will be disposed of today but as Judge Stone will be in the city until after Christmas the term may be continued a day or two more.

Gooding & Ormsbee are the first to trim up a genuine Christmas window. Their Washington street front shows a chimney corner with the stockings hanging before the fire ready for Santa Claus. It is an attractive show, inducing passers by to stop involuntarily to view the pretty picture.

Rev. B. F. Fleetwood, D.D., rector of Waterman Hall, the Chicago diocesan school for girls at Sycamore, Ill., has been appointed dean of the northern deanery of the diocese of Chicago. This appointment will not change the relations between Dr. Fleetwood and the school and his residence will remain at Sycamore.

Hanck & Deckelman yesterday transferred their work shop to more commodious quarters on the floor above. Their business has grown to the extent of keeping five cigar makers steadily at work and the old shop behind the sales room was a too crowded.

Honest goods at fair prices is the secret of this firm's increasing success.

The Marquette Athletic club, which has occupied the Y.M.C.A. building for some time, will close its doors this evening. While the club has in certain ways been very successful it finds the expense of maintaining the present building too great and has determined to stop before its liabilities exceed its resources.

The club will not disband but will seek other quarters and will be conducted upon somewhat different lines.

—Keeping Up With Her.—"Say, brother, why have you got your cards engraved Mr. Jym Hawkins?" "To keep up to your gait, sister. Yours are engraved Miss Carolyn Hawkins."

—Houser.—"How'd you know that De Young had never a ton of coal in all his life? Did he say so?" "Hinkle—'No; but he said he never could understand why they called it black diamonds.'"—Buffalo Courier.

—Miss Passay.—"It is so long ago that I suppose you hardly remember that day on the lake when you proposed to me, and I refused you? Ah! how foolish I was then!" Jack Ford—"Yes; so was I!"—Smith, Gray & Co.'s Monthly.

AT BIGELOW'S.

You can buy Christmas presents cheaper than ever before with a larger variety to choose from at Bigelow's.

The best anodyne and expectorant for the cure of colds, influenza, and all throat, lung, and bronchial troubles, is, undoubtedly, Ayer's Cherry Pectoral, the only specific for pulmonary complaints which received the highest awards at the Chicago World's Fair.

RHEUMATISM CURED IN A DAY.

"Mytic Cure" for rheumatism and neuralgia radically cures in one to three days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits; seventy-five cents. Sold by H. H. Stafford & Co., druggists, (12-14-3mo.)

—near preservation of the first of the month for ages in Siberia is not perceptible. In most northern districts of that country ground never thaws beyond a depth of two or three feet. Bodies of men buried two hundred years ago have recently been examined and found unaltered, being brown perfectly solid.

—English temperance men, headed by the Rev. of Westminster, have recently memorialized the German emperor through Count Hatzfeldt to assist in restricting or prohibiting the trade in liquor in the German colonies. This association labors under the title of "The British United Committee for the Prevention of Demoralization of Native Races by Liquor."

—The British museum has an ancient weight of a unique object, in the shape of a bit of green diorite, about four inches high, carved in Mesopotamia in the year 605 B. C. It has a long inscription in Assyrian, which sets forth that it was made in the time of Nebuchadnezzar II. and is the exact copy of the legal weight. It is somewhat oval, with a flat bottom.

—The British Medical Journal states that the comparison of figures obtained from various sources leads to the belief that down to the middle of July the mortality from the plague in Canton alone amounted to forty thousand people. In striking contrast stands out the health of the foreign community in Canton, which passed through the epidemic unscathed. This immunity they owe in large measure to the excellent sanitary arrangements that prevail.

—At Boston lately a tenore robusto was engaged by the theater management of whom the public disapproved, on his venturing to sing his part in "La Favorita," the audience, after vainly trying to hoot him down, arose, turned his back to the stage, and, with hats on, sang popular songs. After this scene had lasted for an hour and a half the mayor ordered the audience by issuing an order forbidding the unlucky tenor from again entering the theater.

—In the Faroe Islands, between Scotland and Iceland, the temperature is mild and equable, the annual mean being 43 deg. Fahrenheit, that of the summer 54 deg., and of July, the climate is somewhat humid, rheumatism and rheumatic fever are rare. The sea air gives the same advantages to persons needing to recuperate from overwork and mental strain, says the Lancet and they have the additional advantages of grandeur of scenery and absolute quiet.

—Last May Queen Victoria visited Manchester for three hours to open the new ship canal. The bills for the celebration, amounting to \$50,000, are being now investigated. Among the items is one of \$7,000 for badges for the city council. At the banquet they ate strawberries at \$1.50 a pound, asparagus at \$1 a bunch, and pineapples at \$1 apiece. It costs \$110 to look after the queen's horses and carriages. The auditor reported that it looked as though something else had been opened besides the canal.

A toothsome lunch for the fishing excursion can be best prepared with Dr. Price's Baking Powder.

FURS ON EXHIBITION.

The ladies of this city are cordially invited to call at my house and inspect a very nice line of furs. I can furnish quotations on any article of fur, not on hand. Repairing a specialty. MRS. M. J. GILL, 616 North Front street. (12-8-14)

USE IT IN TIME.

Catarrh starts in the nasal passages, affecting eyes, ears and throat and is in fact, the great enemy of the mucous membrane. Neglected, it causes an excessive flow of mucus, and if the mucus discharge becomes interrupted the disagreeable results of catarrh will follow. In the throat, it causes a sore throat and about the eyes, a roaring and buzzing sound in the ears and oftentimes a very offensive discharge. Ely's Cream Balm is the acknowledged cure for these troubles.

MARVELOUS RESULTS.

From a letter written by Rev. J. Gundersman, of Diamond Lake, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at River Junction she was brought down with pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery. It was quick in its work and highly satisfactory in results." Trial bottles free at Farnham's Drug Store. Regular size 50c, and \$1.00.

J. B. Lewis Co., Boston are now making extensive alterations in their factory at Avon, Mass., so that they can take care of their largely increased business. Last season they were obliged to decline some orders in justice to their customers. This speaks very loudly for the quality of their goods, and while other manufacturers were closed, they were running overtime. The Boot and Shoe Reporting Co.'s statistics show this firm to be doing the largest volume of business of any manufacturer selling to the retail trade from Boston, which is the heart of the boot and shoe industry of the country. This means, in these days of competition, that up to date styles, courteous treatment, and prices lower than others care to offer, makes success.

A FINE GIFT.

While looking about for a suitable Christmas present don't forget that the Singer sewing machine is a present most any lady would prize very highly. The Singer took the first prize at the World's Fair and stands at the head of sewing machines today. It is sold on easy terms. Five dollars down and three dollars a month. Surely this is within the reach of most any man. Marquette Agency, 302 Washington street. S. E. McKinney, Manager. (12-4-94)

PRIZES ON PATENTS.

How to Get \$100 and Perhaps Make a Fortune.

We secure patents and to induce people to keep track of their bright ideas we offer a prize of one hundred dollars to be paid on the first of every month to the person who submits to us the most meritorious invention during the preceding month. We will also advertise the invention free of charge in the National Recorder, a weekly newspaper, published in Washington, D. C., which has an extensive circulation throughout the United States and is devoted to the interests of inventors.

Not so hard as it seems.

The idea of being able to invent something strikes most people as being difficult; this delusion the Company wishes to dispel. It is the simple things and small inventions that make the greatest amount of money, and the complex ones are seldom profitable. Almost everybody, at some time or another, conceives an idea, which, if patented, would probably be worth to him a fortune. Unfortunately such ideas are usually discarded without thought. The simple inventions like the car window which could be easily slid up and down without breaking the passenger's back, the sauce pan, the collar button, the nut lock, the bottle stopper, the snow shovel, are things that almost everyone sees some way of improving upon, and it is these kind of inventions that bring the greatest returns to the inventor.

The prize we offer will be paid at the end of each month, whether the application has been acted upon by the Patent office or not. Every competitor must apply for a patent on his invention through us, and whether he secures the prize or not, the inventor will have a valuable return.

THE PRESS CLAIMS COMPANY, JOHN WEDDERBURN, Gen'l Manager, 815 F St., N. W., Washington, D. C. P. S. The responsibility of this company may be judged from the fact that its stock is held by about seventeen hundred of the leading newspapers of the United States. (12-8-94)

AYER'S Cherry Pectoral.

"Early in the Winter, I took a severe cold which developed into an obstinate, hacking cough, very painful to endure and troubling me day and night, for nine weeks, in spite of numerous remedies. Ayer's Cherry Pectoral being recommended to me, I began to take it, and inside of 24 hours, I was relieved of the tickling in my throat. Before I finished the bottle, my cough was nearly gone. I cannot speak too highly of its excellence." Mrs. E. Bosca, Eaton, Ohio.

FURTHER IMPROVEMENTS.

An Ishpeming Mine That Manifests an Unmistakable Purpose of Continuing in Business.

CONTRACT FOR BUILDING CO-OPERATIVE WAREHOUSE LET.

New Foreman for No. 2 Hose Company. Church Society Entertainment—One of the Arrested Boys Discharged.

MINE IMPROVEMENTS.

The side track which the Lake Angeline company has been extending to the timber shaft at the East End mine is about completed and will be ready for use within a day or two. The road leading to the dwellings on the hill has been changed, as a portion of the old thoroughfare was cut away to make room for storing timber in the vicinity of the shaft. Considerable space is required for this purpose, also for preparing the timbers for use in the mine.

The cage used in lowering the timber is quite an unique affair. It is operated by weights, no steam or power of any kind being used in sending the timber into the mine. The weights on the balancing end of the apparatus are arranged so that they raise the cage and the weight of the timber lowers it. The speed of the cage is regulated by a brake, by means of which the cage can be stopped at any point in the shaft, either in ascending or descending. By this arrangement the cost of getting the timber into the mine is much less than it was under the old method of lowering it.

Contract Let.

Charles J. Regstrom, the contractor, has been awarded the contract for the erection of the new warehouse to be built a short distance east of the Lake Superior Iron company's "A" shaft by the Ishpeming Co-operative society. The material used in its construction has been ordered and a portion of it will be on the ground early next week, when work on the foundation will be started.

The society has selected a very convenient site for the warehouse, as the South Shore tracks pass directly in front of it. The barn which is located on the site will be improved and made more convenient. The warehouse will be ready for occupancy in a few weeks.

Resigned the Foremanship.

Joseph Kennedy, who has done service as an officer in Hose company No. 2 of the Ishpeming fire department for the past four years, resigned the foremanship of the company at its last meeting, held this week. Michael McNamara was chosen as his successor. Mr. Kennedy has removed from the Cleveland location to Strawberry Hill, consequently is too far from the hose house, hence his action in resigning. He will still retain his membership in the company. On the acceptance of his resignation Joe was given a vote of thanks by the members. Daniel McCarty, who has been an honorary member of the company for some time, was placed on the active list.

Supper and Entertainment.

The Scandinavian society is making preparations for an entertainment and supper to be given at the A. O. U. W. hall in the Anderson block Wednesday evening, Dec. 26. The program will be rendered in English. The supper will be served in the dining room adjoining the assembly hall. Some of the best talent in the city will take part and the City band will be in attendance. An address by a prominent speaker will be a feature of the affair. Fifty cents a ticket, including supper, will be charged adults and twenty-five cents children.

Another Dismissed.

Justice Donahoe yesterday discharged the Everson boy who pleaded not guilty to the charge of having been a participant in the petty burglaries and thefts committed by the gang of which his brother was one of the leaders, the evidence not establishing that he had guilty knowledge of or connection with depredations committed by his chums. This leaves only two of the five originally arrested to stand trial, and they will probably plead guilty when their case comes up in the circuit court. A further postponement until today was taken in the hearing of Jimmy Kinney, whose examination will take place before Justice Funston.

Praise Services.

Mrs. G. G. Barnett and other members of the Presbyterian church are arranging for a praise service to be held at the church a week from tomorrow—the Sunday before Christmas. A fine musical program is being prepared and all who attend the service will be made welcome. Messrs. W. H. Johnston, George Tucker, M. W. Barringer and Miss Annie Traver will assist in the musical part of the program.

New Gas Furnace.

The old furnace at the gas works of the Negaunee & Ishpeming Street Railway and Electric Light company on Fifth street has been removed and a new one put in its place. Harry Pearce, a Negaunee contractor, and Ed Johnson of this city did the work.

FANCY GROCERIES A SPECIALTY AT

TIBOR'S

ISHPEMING IN BRIEF.

S. H. Holley was up from the Queen City yesterday.

City Attorney M. J. Sherwood of Marquette was here yesterday.

G. W. Wallace of Virginia, Mesabara range, was in Ishpeming yesterday.

Marshal Carlson has moved his family into the residence rooms in the city building.

Several members of the Excelsior Snow Shoe club indulged in a tramp Thursday evening.

Mr. and Mrs. C. H. Hall expect to leave for their winter home at Lake Matland, Fla., next Monday.

Tibor will have a fine lay-out of goods in his store for the holidays. He intends laying in a large supply of fruits, nuts, etc.

The members of the Orient will take exercise at the regular meeting tomorrow afternoon. Candidates are coming in thick and fast.

John Rildebrand of Champion is operating in the woods near Clowery and expects to get out a large quantity of timber before spring.

R. Trembath's horse ran away, yesterday morning, slightly injuring Mr. Trembath, who was thrown from the cutter, his head striking on a catch basin.

The funeral of the late Gust Simmonson, who died Thursday evening of heart disease, will be held this afternoon from the Finnish church under the direction of the Finnish Temperance society.

About twenty-five or thirty couples from Ishpeming attended the dance given by the Inter-Urban club at Negaunee last night. Some drove down but the majority of the party made the trip via the street car line.

Joseph Sellwood & Co. are giving all Negaunee people who purchase goods of them a return ticket free over the street railway line connecting the two cities during the holiday season. Now is the time to buy, as they are offering special inducements in all their departments.

Coroner Rogers yesterday examined several witnesses in the case of Gust Simmonson, who died suddenly at the Lake Superior mine dry house Thursday morning. Mr. Rogers did not think an inquest necessary but was desirous of obtaining the facts in the case, hence his inquiry into the circumstances under which the old man's death occurred.

The American farmer lives better every day. Food made with Dr. Price's Baking Powder is his favorite.

MATTERS OF REPUBLIC.

The Methodist church will carry out the following Christmas exercises in the Town Hall on the evening of December 25, '94:

- Song, "Christ is Born Today"..... Prayer.
Song, "Chime on Sweet Bells"..... Recitation, "Annie and Willie's Prayer"..... Agnes Mitchell.
Song, "Tis Christmas Eve"..... Recitation, "Santa's Helpers"..... Carrie Williams.
Song, "Merry Christmas"..... Recitation, "Father Christmas and his Stocking"..... Edna Brown.
Recitation, Clara Mitchell.
Song, "Santa's New Outfit"..... Recitation, Mary Mitchell.
Recitation, Florence Mitchell.
Song, "Christmas Chimes"..... Recitation, "Down Blackberry Lane"..... Lillie Jones.
Song, "Santa Claus is Near"..... Recitation, "The Best Christmas"..... Lulu Parsons.
Song, "Glorious To God"..... "Christmas Pantomime"..... C. J. Byrnes of Ishpeming instituted

a camp of the Modern Woodmen here Thursday evening which bears the pretty and appropriate title of "Mountain Lake Camp." It was started with about thirty and the following officers: William A. Miller, venerable counsel; Edward Dungey, worthy adviser; Carl Peterson, banker; James G. Gibson, clerk; George McDonald, escort; James T. Watson, watchman; John Voegtlin, sentry; E. E. Lamb, physician. Managers, J. O. Uberg, L. Calus, Joseph F. Labold. Delegate to great camp meeting to be held at Niles, Mich., James G. Gibson, alternate, Dr. E. E. Lamb.

The Phoenix Fire department has decided to give a ball in the town hall during Christmas week. The date will be named in a few days. A first-class orchestra has been secured for the occasion. Light refreshments will be served. The prompt and cheerful manner in which our fire ladders have always responded when their services were required should, and doubtless will, cause our merchants and others to donate liberally for this event by way of showing their appreciation of the department and thus aid them in having a jolly good time.

The weather here at present is delightful. Sleighting is all that could be desired. "Skiing" has become quite popular. Progressive euchre parties are in order. It is currently rumored that the mine will ship between two hundred and fifty and three hundred thousand tons of its first class ore the coming spring. So that altogether our citizens have every reason to feel quite jubilant.

With the keen competition at present existing between our merchants it would be equivalent to expecting goods for nothing and a chromo thrown in to go outside of our own town for bargains of any description.

Patrick Whalen, Jr. of the "Sunny South" has come home to spend Christmas with his parents. Pat's ruddy appearance would indicate that the southern climate agrees with him to perfection.

Conductor George T. Bennett of the South Shore, who has been absent for the past week visiting his young son and other relatives in the lower peninsula, is expected home tomorrow.

The affable Tom Long is relieving Geo. T. Bennett as conductor of the famous "Cannon Ball Express" plying between here and Marquette.

Coughing.

For all the ailments of Throat and Lungs there is no cure so quick and permanent as Scott's Emulsion of Cod-liver Oil. It is palatable, easy on the most delicate stomach and effective.

Scott's Emulsion

stimulates the appetite, aids the digestion of other foods, cures Coughs and Colds, Sore Throat, Bronchitis, and gives vital strength besides. It has no equal as nourishment for Babies and Children who do not thrive, and overcomes Any Condition of Wasting. Send for Pamphlet on Scott's Emulsion. Free. Scott & Bowne, N. Y. All Druggists. 50c and \$1.

THE STUDY

of the action of medicines, or vegetable compounds, upon the stomach, and tests in many hundreds of cases, long ago convinced Doctor R. V. Pierce, Chief Consulting Physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., that all cases of Indigestion, Dyspepsia and Liver Complaint could be cured permanently if the right treatment were given. In support of his belief that he had discovered an alternative extract which he called "Golden Medical Discovery," that would cure these diseases, he collected from all parts of the country the evidence of those who had used his medicine, and he has asked the public to investigate for themselves, as he would be glad to furnish the names and addresses of thousands of people who have used Dr. Pierce's Golden Medical Discovery. All interested should send for a little medical treatise on Dyspepsia, Chronic Diarrhea, Liver Complaint, Biliousness, Constipation and Piles, published by the World's Dispensary Medical Association, Buffalo, N. Y., and mailed on receipt of six cents in one-cent stamps. This book also contains the photographs and testimony of many persons who have suffered from diseases of the digestive organs.

INDIGESTION; SEVERE PAIN IN STOMACH.

THOMAS FLETCHER, of Clifton Station, Fairfax Co., Va., writes:

"I suffered the terrible tortures for ten years with what you Dr. Pierce's Common Sense Medical Advertiser describes as 'Gastralgia' (pain in stomach). I employed our home-doctor—took 15 dozen bottles of sarsaparilla with no benefit; then I took one-half dozen bottles of a celery compound without any benefit; then eight bottles of iron tonic, yet I was no better; this was in 1889. I then took six bottles of Dr. Pierce's Golden Medical Discovery, which made a new man of me. I am now fifty-two years old, and for the past five years have worked very hard on my farm. It is impossible for me to say too much for the 'Golden Medical Discovery'."

A Handsome Portrait

of your Wife, Mother, Father or any other relative would make an excellent Christmas Present.

We can supply you and it won't cost you much either. Come in this week and look over our new line of frames.

SUNDAY EVENING CLUB.

Very Pleasant Banquet Tendered to Its Members by Presbyterian Ladies.

MR. EPLEY'S STRONG PLEA FOR CHRISTIAN UNITY.

Program of Church Services Tomorrow. Charitable Undertakings—Date of School Concert Changed.

YOUNG MEN IN COUNCIL.

One of the pleasantest social gatherings of the season was the banquet tendered last evening by the ladies of the Presbyterian church to the members of the Young Men's Sunday Evening club.

Over one hundred members of the club and their friends, gathered last evening around the glittering and heavily laden tables spread by the ladies in the dining room of the church.

When the wants of the inner man had been satisfied the ladies took seats in the center of the square and Mrs. W. D. Manness and Miss Lella Jones played Moszkowski's dnet "Hungary," in very pleasing style.

President McPherran was then introduced to respond to "The Ladies," which he did in a very witty and pleasing manner, concluding with an eloquent picture of the restraining influences exercised by good women upon all young men at the times when they were most in danger of going astray.

Mr. Spencer said this was a day of organizations and of wheels within wheels in the churches until some were inclined to question where the church was, and introduced Mr. E. W. Allen to respond to "The Club."

Mr. E. C. Wilkinson responded wittily to the toast "The President," and told what he had known about that gentleman in college and since.

Miss Davis sang Buck's "When the Heart Is Young" in her usual fine style and the toastmaster told a story of how a young lawyer some years ago at Escanaba, when a candidate for public office, had secured all the votes of the Irish laborers upon the docks by going among them and introducing himself as "Mr. F. O'Clark."

Mr. H. G. Warne responded to the toast "Our Visitors" in a very happy manner, thanking them for their presence and expressing the hope that they would come so often that they would forget the title which he now gave them.

The last toast "The Sister Churches" was responded to by Mr. F. W. Epley, who made the speech of the evening. After stating that this organization was formed in no spirit of rivalry he made a strong and earnest plea for Christian unity.

In the Sunny South Dr. Price's Cream Baking Powder is pre-eminently the household favorite.

Ewen Snowshoe Club.

An event looked forward to with great interest at Ewen took place Thursday evening when the opening meeting of the Ewen Snowshoe club was held.

The membership of the club includes a number of former Marquette and Ishpeming people. The forced conditions in lumbering operations by reason of the great forest fires of last summer have made residents of many outside

people of business and social standing who take an active interest in the organization. Rigid rules for the government of the club have been adopted and the social development of Ewen to a high plane is assured.

After a snowshoe tramp the club sat down to a bounteous feast, prepared by Caterer Smith, covers being spread for fifty. Full justice to the bill of fare being done the club indulged in dancing until a late hour.

Rev. D. B. Spencer will preach tomorrow morning at the Presbyterian church on "Wanted, a King." The evening service will be as usual under the direction of the Young Men's Sunday Evening club and the music will be quite elaborate.

Rev. Mr. Mallett of Menominee will conduct the services at St. Paul's church tomorrow. There will be an early service at 8 o'clock, sermon at 10:30 and evensong at 7:30.

Rev. C. S. Eastman will preach morning and evening at the Methodist church.

The usual services will be held at St. Peter's cathedral, St. Jean Baptiste and at the German and Swedish Lutheran churches.

Strangers in the city are cordially invited to attend any of the above services and will be made welcome.

For Sweet Charity.

Thoughtful people are turning their attention to charity early in the season. Even though winter is not at all severe worthy cases requiring timely attention are constantly claiming notice.

Upon the charity card party given by the Benevolent society last week follows a charity party to be given next Monday night at the New Clifton by a few ladies who could not lay claim to the funds of the Benevolent society for the particular objects which they desire to attain.

The school concert will be given at the opera house Thursday evening, Dec. 20, with a matinee Friday afternoon. It has been necessary to make this change of dates and prior engagements of Hughes' orchestra.

American women are said to be growing taller. The effect of good cooking—prepared with Dr. Price's Baking Powder.

Before buying anything of traveling fakirs go and see your home dealer. Or rather, see what the fakirs have for sale, and the price, and then compare with the regular stores.

Patronize Home Merchants.

Some Dolls Are Left. The attendance at the doll sale last evening was not as large as expected and as there are a number of dolls still on hand they will be offered for sale one day next week at Morgan chapel.

Try Vandenberg's fresh milk and Jersey creamery butter and you will never use any other.

CHRISTMAS IS NEAR.

Remember and see what Bigelow has before buying Christmas presents.

Patronize home industry and enterprise and buy your storm sash from The Bice Manufacturing company.
