

YOUNG GIRLS.

INTERESTING CONCLUSIONS.

Mothers Agree on One Vital Subject.

(SPECIAL TO OUR LADY READERS.) Young girls, to the thinking mind, are ever subjects of the deepest interest.

Some lead lives of luxury, while others toil for mere existence. Separate, however, as their paths in life may lie, Nature demands of them the same obedience. All are subject to the same physical laws, and suffer in proportion to their violation.

Young girls are reticent through modesty, and often withhold what ought to be told. Yet they are not to blame, for information on such subjects has been withheld from them, owing to the false interpretation of their duty.

In such cases, mothers could do as thousands of young ladies are doing every day: write to Mrs. Pinkham, at Lynn, Mass., giving as nearly as possible their symptoms, and receive her freely given advice and timely aid.

Lydia E. Pinkham's Vegetable Compound is the young girl's most trusty friend. It can be obtained in any drug store, and relieves and cures irregularities, suspension, retention, and all derangements of the womb and ovaries. It banishes promptly all pains, headache, backache, faintness, nervousness, sleeplessness, melancholia, etc. Young girls must know that self-preservation is the first law of nature.

COPPER COUNTRY NEWS.

Wills and Harris Will Settle Question of County Bicycle Championship Soon.

CHASSELL MACCABERS' MOON-LIGHT EXCURSION TONIGHT.

Mrs. Schoepfer's Damage Suit for \$30,000 Instead of \$5,000—Hancock Firemen's Picnic Today.

[All communications intended for this department should be addressed to Horace J. Stevens, Houghton, Mich. Telephone connection.]

CALUMET.

William Wills will challenge Thomas Harris of Lake Linden to a race for the championship of the copper district, a title which is claimed by Harris by virtue of his winning of the Quincy-Central road race and his lowering Wills' record in the Calumet-Quincy race of Tuesday evening. There is no doubt that Harris will accept the challenge, as he is a plucky rider and ready to defend his honors at any time. It is probable that Wills and Harris are the two speediest riders in the county, though there are several others, notably Boone, who can perhaps hold their own with them.

In last Saturday's edition of the Chicago Times-Herald there appeared a three-column "write-up" of the Calumet & Hecla mine from the pen of Mrs. M. E. Holden, better known as "Amber," a lady who has won many warm friends and admirers by the sprightliness of her column in the publication referred to. The article on the big copper mine is proof, however, that the old motto of "ne sutor ultra crepidam" should hold good in her case. Her story is so full of glaring inconsistencies and absurdities that copper country people who have read it were compelled to laugh at the credulity with which the lady had put down upon paper everything that was told her. "Amber," as the writer of the half-satirical, half-philosophical essays upon every day life and every day things, all admire but "Amber," the author of articles on mining matters, will find few defenders.

The Anderson block, which is being fitted up for hotel purposes and will be known as the Taylor House under the management of Mr. John B. Taylor, recently proprietor of the Summit House at Marquette, is being supplied with modern plumbing, electric light and other accessories to comfort and health.

Mr. and Mrs. Victor F. Engstrom arrived in Calumet on Tuesday evening and are now "at home" to friends at their residence, on Oak street.

Rev. J. H. Green of the Laurium Baptist church is suffering from three broken ribs, received by a bad fall while fishing on the Otter Monday morning.

The firemen are wondering whether the village council or the business public is willing to do anything toward helping defray the expenses of the visit of the local department to the Ishpeming tournament.

CHASSELL.

Chassell lodge, K. O. T. M., will give its first annual excursion on the waters of Portage lake this evening by moonlight. Croze's pleasure barge will leave Houghton at 6, Dollar Bay at 7 and Chassell at 8 o'clock this evening and will stay cruising about the water for several hours before making the return trip. The Dollar Bay band will furnish music for dancing and refreshments will be sold on board. Fare has been fixed at ten and twenty-five cents and all will be welcome.

HOUGHTON.

The suit to be brought against the Hancock Chemical company by Mrs. Augusta Schoepfer will be for \$30,000 damages and not for \$5,000, as was stated.

The condemnation proceedings begun by the people of district No. 2 of Osceola township to secure two building lots next to the present school building at Dollar Bay for the erection of an addition and play room for the school to have been heard before Circuit Court Commissioner R. Skiff Sheldon on Tuesday morning, but was settled out of court and the district will get the lots at what is considered a fair valuation to both seller and buyer.

All persons desirous of securing naturalization papers can be accommodated by making application at the opening of the August term of circuit court on Monday morning next.

E. R. Penberthy, who has been traveling salesman of the Lake Superior Soap company since the inception of that industry, has resigned his position. Mr. Penberthy has managed to sell twice as much soap each season as in the year preceding, which shows him to be a capable salesman.

Most of the machinery for A. B. Scott's new laundry is in position and the laundry will be put in operation in short time. The machinery is all of the latest design and in the hands of a capable workman should be able to cleanse the soiled linen of Houghton county in a satisfactory manner.

Philip Bighley, who failed a few months ago, has succeeded in getting in full with his creditors and will be reinstated as a broker on the Boston exchange. This will be pleasing news to copper country people.

At the reception given Tuesday evening by Dr. and Mrs. L. L. Hubbard at the Keweenaw club, the engagement was announced of Mr. Stuart Goodall and Miss Hubbard.

Rev. and Mrs. E. W. Frazee have returned from their wedding trip.

Mrs. Eli Gagnon, who was married on Tuesday morning, is sick with typhoid fever.

Richard Trengman of Palmer is visiting relatives here.

Mrs. Joseph Wissing is seriously sick with catarrh of the stomach.

The annual picnic of the Hancock fire department is to take place this afternoon and evening at the Hancock grove. The band will be there and there will be refreshments, dancing and other amusements. The redstone caps are being put on

the cement pillar blocks and everything is in readiness for the building of 600 feet of the bridge, including the north approach. The steel is expected to arrive at any moment and with it will come the gang of structural iron workers who will put up the bridge. In the erection of the superstructure nothing but day labor will be hired here, all skilled workmen being brought from Cleveland, bridge building being a trade by itself and one which happens to have no craftsmen in the copper district.

The circus issue promises to start a squabble that will equal a race war in the south between Houghton and Hancock. The spirit of battle runs high and a resident of either burg does not feel safe in crossing the lake without a body guard.

George S. North left Tuesday morning for Detroit, where he will meet his partner, Mr. Johnson of New York, and endeavor to straighten out the affairs of the Hotel Egnew at Mt. Clemens. Mr. North will probably be absent ten days or two weeks.

Jeffery & Russell Bros. will give an entertainment at the Salvation Army Hall this evening, using the kinetograph which they recently bought to furnish the fun.

LAKE LINDEN.

The funeral of the late Joseph Gregory will be held from St. Joseph's church at 10 o'clock tomorrow morning. It is hoped Bishop Vertin of Marquette may be present to officiate.

LANSE MATTERS.

The L'Anse Brick company has been reorganized and now has ample working capital on hand. Machinery is on the way from Chicago and a man to take charge of the business who understands it has been secured. The company has a gang of men at work getting the foundations ready and loosening up some clay and expects to burn three or four samples of bricks this season. If everything works satisfactorily work will be pushed on a large scale next season.

It is reported on good authority that the parties who were here from Pennsylvania a short time ago looking up a launey site have about concluded to locate between here and Baraga a short distance from the bay shore.

E. C. Bowling of Detroit, who is interested in the Allston railroad scheme, which had in view the construction of a road from Baraga, is looking up his interests in this county.

Mrs. Louis J. Shepard and daughter left on the steamer Pelee Tuesday for a few weeks' visit with relatives at Duluth. They were accompanied by Grace Harris.

Mrs. J. G. Turner and her daughters Nannie and Eliza left on Tuesday for Baltimore to join the doctor, who is there visiting his folks for a few weeks.

J. E. Shepard and Peter Ruppe, Jr., of Calumet drove home Thursday with Mr. Shepard's parties after a week spent visiting and fishing here.

Harry Parsons of the Parsons Chemical company, Chicago, took orders here and at Piquette this week for a boiler compound.

Luke Welch was in Houghton Wednesday on business connected with his mining properties on the Menominee range.

A GOOD APPETITE and refreshing sleep at this season indicate a condition of bodily health. These are given by Hood's Sarsaparilla. It makes pure blood and good health follows.

HOOD'S PILLS are purely vegetable harmless, effective, do not pain or gripe.

BIDS WANTED.

Sealed proposals will be received by the First National Bank of Lake Linden until 4 o'clock p. m. July 31st, 1895, for proposed alterations and additions to the First National Bank building in Lake Linden. Plans and specifications of the work required may be seen at the bank in Lake Linden, also at the office of Charlton, Gilbert & DeMar in Marquette. We reserve the right to reject any and all bids.

JOHN E. JONES, Cashier.

DON'T

Suffer with piles when you can be cured easily, quickly and permanently. Ask your druggist for a box of Gen. Elic Treatment, a guaranteed cure. Take the treatment according to directions and you will surely be cured.

For sale in the copper region by F. W. Kroll, Houghton. J. P. Mason, A. J. Scott, Hancock. Geo. Nichol, Red Jacket. D. T. Macdonald, Red Jacket. Fichtel & Rupperecht, Sorsen & Sodergren, Makander & Roviparis, Red Jacket. Tennant, Hancock. Edward Ryan, L. Hennes & Co., Lake Linden. S. T. Harris & Co., F. G. Wassenaar, A. F. Galpeau, N. Reding, South Lake Linden. J. Vivian, Jr., & Co., Opechee. Harv & Schulte, Dollar Bay.

SUNDAY TRIPS.

TO THE QUEEN CITY OF THE UPPER PENINSULA. The D., S. & A. Ry have on sale Sunday excursion tickets to Marquette and return at the following very low fares:

- From Eagle Mills.....4.30
" Negaunee.....4.50
" Ishpeming.....5.00
" Republic.....5.25
" Champion.....5.75
" Michigamme.....7.75
Tickets are on sale on Sundays only; are good on all passenger trains; but are valid going and returning only on date of issue. The train which now leaves Marquette at 6 p. m. (Sundays) will make these Sunday trips more popular than ever, as excursionists will be able to spend the entire day in Marquette and reach home at a reasonable hour the same evening. (5-19-14)

SUNDAY EXCURSION FARES.

COMMENCING SUNDAY JUNE 16TH, 1895. The Mineral Range and Hancock & Calumet R. Rds., will, commencing Sunday June 16th, and continuing during the Summer Season, sell round trip tickets between the stations designated below at the following very low fares:

- Houghton and Hancock to Red Jacket, Laurium, Osceola and Lake Linden, 50c.
Lake Linden, Osceola, Laurium and Red Jacket to Houghton and Hancock, 50c.
Tickets are to be on sale Sundays only, are good on all passenger trains but are valid going and returning only on the date of issue.

CIGARS IN BOTTLES.

A Queer Fad Which is Growing in Popularity Among Smokers.

"Come and crack a cigar with me" promises to be as popular a form of salutation between friends as that in which the invitation is extended to enjoy a moiety of a bottle of champagne. And the cigar has the obvious advantage of the liquor in the matter of price. Cigar dealers say the new style of putting up cigars in bottles is taking hold among smokers immensely. One reason there is not a larger sale of this class of goods is that many of the manufacturers of the best-known brands have not adopted it yet, going on the theory, probably, that the reputation of their product is sufficiently established to keep it at the front without incurring the added trouble and expense of putting it up in glass bottles.

The idea of bottling cigars is not new, says the Chicago Tribune, although the present application of it is. It really originated with a prominent Cuban cigarmaker twenty odd years ago. The Cubans are like the Americans, or, to be historically accurate, the Americans are like the Cubans—since we get our best cigars and our ideas of how they should be smoked from the islanders—in that they prefer to smoke their cigars while they are fresh. Age, according to this view, produces in cigars a result directly opposite to its effect on wine, and it was in order to preserve the aroma of the subtle weed that this Cuban used to seal up some of his choicest cigars in glass cases. There were three cigars in the case, or rather bottle. The end of the bottle was softened by holding it in a flame and then bent over and hermetically sealed while in this condition. This device was too expensive for popular adoption, and the average American smoker took his cigars unbottled until recently, when the old idea was taken up and modified so as to be practical and of general application.

Each specimen of the higher priced cigars has a tube all to itself. This tube is plugged up with a cork, and the cork is made impervious to air by a coating of paraffin wax, so that when the smoker uncorks his purchase he finds it in precisely the same condition in which it left the hands of the cigarmaker. Some small cigars, of about the size of a lead pencil, are put up in bunches and bottled. Careful cigar dealers have always kept moistened sponges in their show cases, but, unless considerable skill is exercised, this is liable to make the cigars too damp, and even to produce mold. The probable effect of this new departure on the glass industry when bottling becomes general may be judged from the fact that the number of cigars consumed annually in this country reaches the astonishing total of five billion.

ANOTHER INNOVATION.

Banking System Introduced in One of the Department Stores.

A banking department is the latest novelty in a large up-town dry goods store, says a New York exchange. Its object is to be a convenience to the patrons of the establishment and residents of the neighborhood rather than to make money for the firm. It is to all purposes a bank, though not being chartered it cannot be dignified with this name.

Deposits are made and checks drawn in just the same way as they are at any bank, so that the customer visiting the store can transact all her business under one roof.

She can furnish her home, provision it, purchase her clothes and those of the rest of her family, have her photograph taken and enjoy a delicious meal, buy flowers for her lawn, take a nap and pay for all by a check drawn on the proprietors of the store.

The convenience of this banking department does not end here, for when the bars and shutters have been put up on regular banks money is still passing in and out the teller's window.

Three o'clock goes by without notice and the fatigued shopper suddenly realizes she has forgotten to have a check cashed. This she can have done as late as five o'clock on other days and nine p. m. on Saturdays.

Neighboring tradespeople also avail themselves of this convenience. Letters of credit to any part of the world are issued by this shoppers' bank, and foreign money is bought and sold there at the current rates of exchange.

Passage on any of the transatlantic steamers may also be purchased there and cabins selected in the same place where steamer chairs and rugs are bought.

PATTERNS FOR THE BLIND. Recently Patented Invention of Miss Marie Stockman, of Germany.

Miss Marie Stockman, of Germany, who is said to be now in this country, has recently patented a series of printed designs in raised type, by means of which workers who are blind are enabled readily to count the stitches and to determine the colors needed for any special pattern. In fact, these designs are much the same as those with which we are familiar in Beilin wool work, cross and Gobelin stitches, the small blocks forming the design being raised and molded in various ways to mark the varieties in color. If canvas in one of its many forms be chosen, or any other material having a raised thread which the worker can count by sliding the finger or needle across it, an intelligent person will with a little preliminary guidance, soon be able to work cross, flat, long and short, tassel and Gobelin stitches with due attention to colors and shades of color. It will then be open to her to make borders suitable for portieres, mantle pieces, besides cushions, rugs and smaller articles of many sorts. Hitherto, though many of the blind seem to have an extra sense to enable them to distinguish color by the feel of the wools and silks, they can only work with the teacher at hand to tell them the number of stitches to be worked with each tint, and the introduction of these raised patterns should prove a great help.

REFRESHING - PURE - NOURISHING.

Our Beer is brewed of the best hops and malts, without adulterants of any nature by a graduate of the Chicago Brewing Academy. Modern appliances and methods are combined with the knowledge gained by many years practical experience in making a beer that has no superior no matter where brewed. Our "RHINEGOLD" is pronounced by connoisseurs to be unexcelled by any beer in this country. Our "Old Time Lager," bottled, is a special beer which is meeting with great popular favor. The secret of our success is Good Materials Carefully Selected.

The Best Technical and Practical Skill, Long Experience as Brewers.

JOY TURNED TO MOURNING.

Cable at Summit Toboggan Slide at Chicago Gave Way

AND LOADED CAR TORE DOWN STEEP INCLINE.

Passengers Became Terror-Stricken and in Attempt to Escape Many Were Thrown Out.

A SCORE WERE INJURED.

CHICAGO, Aug. 1.—A serious accident happened at the chute tonight at Sixty-third street and Oak Grove avenue. A car containing about twenty people was near the top of the chute when the cable broke and the car went tearing down the incline of three hundred feet. A wild panic ensued among the people in the car and many of them in their desperate efforts to escape were shoved off the car. Those injured are: KATHIE MORENGED, face and head bruised. FRED EBBERT, left leg fractured and bruised; may die. M. A. MCINERY, bruised about head. J. T. HUSSEY, bright cut inside. MISS M. CROOK, bright leg bruised. MISS MAXIE HEIDLE, right side and leg bruised. C. O. HEIDLE, head bruised and legs badly twisted. MISS J. S. WHITE, bruised about head. C. D. DUNLAP, battered up. MISS MAUD HEFFRON, head and ankle bruised. CHARLES A. SCHALDENBRAND, injured about legs. GEORGE ELBERSON, right leg bruised. The injuries of Miss Crook, it is believed, will prove fatal, her head having been so badly cut that a portion of her brain oozed out. There was a wild panic among the crowd of spectators and among the occupants of the other cars, but the wounded were quickly carried away by ambulances.

WHISKY TRUST MATTERS.

Reorganization Plans Interfered With by Temporary Injunction.

NEW YORK, Aug. 1.—The litigation affecting the reorganization of the Distilling and Cattle Feeding company, commonly known as the whisky trust, has been transferred from Chicago to the supreme court in this city. A temporary injunction was granted by Judge O'Brien in the supreme court today upon the application of Guggenheimer, Untermyer and Marshall on behalf of Frederick W. Anness and George Fynchon, who own 15,000 shares of stock, restraining the reorganization committee of the trust and the Manhattan Trust company.

Judge O'Brien's order enjoins the committee or any of them personally or through their agents or attorneys from bidding upon or acquiring the properties of the whisky trust under the reorganization agreement, or from taking any action whatsoever by reason of the alleged ownership of any stock or money deposited with the Manhattan Trust company. The latter company is also enjoined from disposing of any of the monies or securities which are on deposit with it. The injunction was accompanied by an order requiring the reorganization committee to show cause Wednesday next why the injunction should not be continued pending the trial of a motion to prevent the reorganization scheme.

THE PUBLIC DEBT.

It Increased Over Thirty-Eight Millions in July.

WASHINGTON, Aug. 1.—The monthly treasury statement of the public debt shows the total debt, July 1, less cash in the treasury, to have been \$940,108,995, an increase for the month of \$38,493,938. The increase was due to the delivery to the London syndicate during the month of \$31,157,700 in four per cent bonds, together with a loss of \$8,090,822 in the available cash. The debt is recapitulated as follows: Interest bearing debt, \$747,360,400; debt on which interest has ceased since maturity, \$1,699,650; debt bearing no interest, \$387,198,384; total, \$1,127,258,435. The certificates and treasury notes offset by an equal amount of cash in the treasury is classified as follows: Gold, \$155,354,065; silver, \$12,746,149; paper, \$123,376,791; bonds, disbursing officers' balances, etc., \$15,920,823; total, \$807,397,830, against which there are demand liabilities amounting to \$630,248,300, leaving a cash balance in the treasury of \$187,149,530.

LUTHERANS PROTEST.

Think Flag Law of Illinois is Unreasonable and Unjust.

MILWAUKEE, Aug. 1.—The conference of the Lutheran Teachers of the Northwest, the first representative body of Lutherans which has met since the passage of the so-called flag law of Illinois, took action respecting it this afternoon, adopting a resolution reported by a committee appointed at the sessions this morning. It is as follows: "We, the Northwest conference of the Lutheran teachers of the north-west, recognize in the so-called flag law of Illinois a gross violation of the rights of corporations not under the control of that state." It was adopted by a unanimous vote, the only question raised being the wisdom of taking action in Wisconsin on a matter concerning Illinois.

GOES TO JURY TODAY.

Arguments in Taylor Case Will Be Concluded This Morning.

CARROLLTON, Mo., Aug. 1.—The counsel for each side began arguments before the jury in the Taylor murder case today. The arguments will probably be concluded in the morning and the case given the jury by tomorrow noon. L. A. Holliday opened for the state. He warned the jury not to be influenced by sympathy for the families of the defendants. The people of Linn and Sullivan counties wanted justice—not sympathy—for the Meeks family.

MISFORTUNES CLING TO THEM

Waller Family, Mother and Children, at Last Out of Madagascar

BUT STRANDED ON MAURITIUS ISLAND, INDIAN OCEAN.

Have Not Means to Secure Passage to States and State Department Unable to Assist Them.

HARDSHIPS NOT YET OVER.

WASHINGTON, Aug. 1.—All the members of the Waller family are finally out of Madagascar, but their misfortunes are not yet over. Mrs. Waller, wife of the harassed ex-consul, is now, with her children, helpless and stranded on an island at the other side of the globe. A letter was received today by Paul Bray, Waller's son-in-law, and a dispatch was also received by the state department from United States Consul Campbell at the Island of Mauritius, both containing notification of the arrival of Mrs. Waller and her four children at Port Louis, Mauritius. The letter said the mother and children were well, but Mrs. Waller was suffering intense mental distress owing to her husband's misfortunes and the hardships she and her children had to undergo. They did not know how they were going to reach the United States, being without money. On hearing of the appearance of the United States cruiser, Dastine in Madagascar waters, the mother and children made their way from the interior of the island to the coast in the hope of securing passage to the United States, but met with failure and disappointment. E. G. Woodford, an American engineer from New York, paid their passage as far as Mauritius. The state department will be unable to grant relief and it will be necessary for them to look to friends in this country for aid.

COXEY FOR GOVERNOR.

He Is Center of Interest at Ohio Populist Convention.

COLUMBUS, O., Aug. 1.—The Populist state convention was called to order by Hugo Freyer, chairman of the state central committee. Four women were present. J. S. Coxe of Industrial army fame, candidate for governor, is the center of interest. No nominations were made today. At the committee on resolutions was unable to agree on a platform until late tonight, the time was occupied with speechmaking. General J. S. Coxe will be nominated for Governor tomorrow.

Burned at the Docks.

BROOKLYN, Aug. 1.—Fire today destroyed the covered pier, Beard's stores, and badly damaged the British bark Carnegie Hill, two canal boats, three lighters and a pile driving vessel. The total loss was \$150,000.

Severe Russian Earthquake.

REBLIN, Aug. 1.—An earthquake at the Russian town of Krasnovodsk is reported. Twelve people were killed.

Baseball Scores.

Table with columns for League, Team, Score, and Location. Includes Western Association, National League, and Western League results.

APPLE CROP LARGE.

Outlook Fair for Biggest Yield in Recent Years.

CHICAGO, Aug. 1.—At the annual meeting of the National Apple Shippers' association, which delegates present representing all the apple growing states from Maine to Colorado, today it was announced that the July report of the department of agriculture indicating a short apple crop entirely incorrect and misleading. Local information in their possession shows that in New England the crop is one of reasonable proportions, and in New York, while light in some districts, the aggregate exceeds last year both in quantity and quality. West of the Allegheny mountains the crop is declared to be the largest grown in any recent year and much larger and better quality than that of last year, the only exception being in limited districts in Ohio and Michigan and in Wisconsin and Minnesota. Those in attendance at the meeting unite in declaring the outlook to be for the largest aggregate crop and of the best quality in recent years.

WAGON COMPANY FAILS.

The Standard of Cincinnati Could Not Meet Its Obligations.

CINCINNATI, Aug. 1.—The Standard wagon company failed today; liabilities, \$400,000; assets \$300,000. The failure was due to inability to pay obligations growing out of the purchase of the Davis Carriage company. The Davis Carriage company, now a part of the Standard Wagon company also assigned to Edwards Ritchie, assignee for the Standard Wagon company, with \$150,000 assets and \$300,000 liabilities. It is stated that the Standard Wagon company lost \$175,000 by its purchase of the Davis Carriage company a little more than a year ago.

TEMPERANCE LAW DEFECTIVE.

Statute Enacted by Hoosier Legislature Practically Inoperative.

INDIANAPOLIS, Aug. 2.—The case brought by the Terre Haute Brewing company to test the constitutionality of the stringent Nicholson temperance law passed by the last legislature was decided by Judge Taylor of the circuit court at Terre Haute today. He does not hold the law unconstitutional, but practically inoperative because of a defective penal clause.

WASHBURN'S PREDICAMENT.

Had to Stand in His Stocking Feet at a French Court Dinner.

When Elihu Washburne was United States minister to France there was a court dinner given at the palace of the Tuilleries one night by the emperor, Napoleon III., says the Cincinnati Times-Star. It was the custom at these dinners when the empress arose to retire with the ladies for the gentlemen to rise from their seats and step back, so that the ladies should pass down the line between them and the table. By this all could avoid turning their backs on the empress. Mr. Washburne had a very tender feet. During the dinner they had given him a great deal of annoyance, and to ease himself he had slipped off his patent leather pumps. He was absorbed in conversation at the close of the dinner and was caught unawares when the empress made the signal for departure. Mr. Washburne was obliged to step back without his pumps. There he stood in his stocking feet, grave, dignified and self-possessed in the row of grinning diplomats to his right and left. He betrayed none of the embarrassment he must have felt, and was never heard to allude to the incident.

Chess in England.

The Danes and Scandinavians first brought chess to England when returning from some of their voyages to Byzantium. There is a mention of chess in a chronicle relating to the court of King Pepin of France, 764 A. D., which says: "In the fourteenth year of King Pepin he bestowed precious gifts on the ecclesiastics, such as a set of crystalline chessmen, various gems and a large sum of gold."

Highest of all in Leavening Power.—Latest U. S. Gov't Report

TREES AND HEALTH.

Wooded Countries Are Comparatively Free from Diseases. It has been noted that the first settlers in heavily-wooded sections of the country have generally been healthy, despite their many privations. The reason for this is, says Hall's Journal of Health, that trees and plants of all kinds possess the power of absorbing poisonous air from decaying vegetation, besides which the emanations from evergreens and the smoke from burning resinous woods are noted for the relief they give to those suffering from pulmonary diseases.

New, heavily-wooded countries, as already noted, are the most healthy for settlers, and they continue so for many years, as only a small portion of the forest can be cleared away each year. After the forest is removed and sunlight is admitted the soil fills rapidly with vegetable mold, which decomposes more rapidly than it can be absorbed by the scant vegetation, and as a result the atmosphere is rendered impure and malaria becomes a common complaint. In view of these facts, people are beginning to understand the value of trees as disease-absorbing and health-giving agents. Naturally this leads to the question as to what trees are best for protection against disease.

On Long Island and in New Jersey there are localities surrounded and hemmed in with pitch pines which are famed for their curative qualities in consumption, and the pines are thus indicated as valuable surroundings in pulmonary complaints. It would seem reasonable to suppose that trees having the largest leaves and the most of them would be the best for this purpose, as such trees would undoubtedly have the most absorbing power. We have seen the eucalyptus tree mentioned as of special value as a purifier of the atmosphere.

Prima Donna and Clergyman.

In the "Life of Karl von Gerok," a man distinguished as a poet and as a minister of the Gospel, an incident is given which illustrates not only his kindly spirit but his quick wit.

He was one day walking in Stuttgart, carrying an umbrella. At the same time the prima donna of the Stuttgart opera troupe was tripping along the sidewalk, without that protection against the weather. Suddenly rain began to fall, and Herr von Gerok offered the lady the shelter of his umbrella. Though entire strangers to each other, they had a pleasant chat. After awhile the reverend gentleman remarked:

STEAMER CITY OF MARQUETTE

Leaves Marquette for HURON BAY

And intermediate points Mondays and Fridays at 8 o'clock a. m. Keweenaw Bay and Portage Lake points are also visited as required.

The round trip from Marquette to Huron Bay and return is a most delightful excursion. The rocky coast, Granite Island, Huron Mountain, "Red Heads," Huron Mountain Club House, Huron Islands, Huron Bay, etc., form a succession of most charming pictures.

Camping and fishing parties landed at or taken from any points on the shore and service provided while the camps are occupied. The steamer may be chartered for excursions, etc., Wednesdays, Thursdays and Sundays.

Delightful one day excursions from Marquette may be made to the famous "Spiders Are Great Eaters."

Sir John Lubbock has recently made some studies of the alimentary habits of spiders. Selected specimens were weighed before and after a full meal, with the result of learning that if a man were to absorb the quantity of food proportionate to his weight consumed by an spider he would devour two whole oxen, thirteen sheep, a dozen hogs and four barrels of fish.

Pictured Rocks, Stannard's Rock

(Remarkable Light House and wonderful fishing grounds, or to the

HURON ISLANDS

(Light House and notable Glacier-marks.) Excursions to

ISLE ROYALE

(Beautiful scenery and good trout fishing, may be made in two or four days.)

PARTRIDGE ISLAND

(Dancing Pavilion) is reached in 40 minutes and may be chartered with the steamer for picnics or other parties.

Unless otherwise engaged, the steamer will make three trips to Partridge Island every Sunday at 11:30 a. m., 2:00 and 7:30 p. m. Round trip 50 cts.

PORT LIST. Arrived—Specular, Magnetic, Cleared Specular, Magnetic, Cleveland. CAUGHT ON THE FLY. J. A. Jamison and daughter of St. Ignace were in the city last night. Reuben Harley, infant son of Silas Moffat of 224 Prospect street, died yesterday afternoon, aged five months. Thomas McCallum of Hamilton, Ont., brother-in-law of the late Mrs. Delia McCallum of this city, is here for a few days. The Marquette team will play at Baraga Sunday and give the sawmill town a chance to see how real good baseball is played. About one hundred and fifty of the pupils of St. Paul's Sunday school and their friends went down to Deer Lake park yesterday and spent the day very enjoyably in the woods. The opera company whose appearance here in four performances one week apart was announced some days ago, will be here for the first on the evening of August 9 in "Said Pasha."

The Woman's Christian Temperance union will meet at the residence of Mrs. Pierce, West Bluff street this afternoon at 3 o'clock. A cordial invitation is extended to all interested in the work. W. W. Walker of the South Shore freight department, who is prettier but not so good as F. W. Sawyer, his twin in appearance and in hostility to undue sombreness of mind, was in the city yesterday. Miss Eva Lena Davis left yesterday for Island Park, Ind., where she will be soloist for the last week of the assembly. Before she returns she will attend the American Institute for Normal Methods at Chicago. W. E. Tyler is in town looking after the interests of the only St. Paul railway system. He is also after mature reflection unbosoming himself concerning his experience in voyaging to the north shore in a small yacht. Judge Ives and State Senator Steenerson of Crookston, Minn., who have been here for some days in pursuit of trout, left yesterday. Senator Steenerson going by boat to the Soo and Judge Ives by rail to Chicago.

COMMON COUNCIL PROCEEDINGS. OFFICIAL. A special meeting of the common council of the city of Marquette was held in the council chamber on Monday, the 29th day of July, A. D. 1895, at 8 o'clock p.m. There were present, Aldermen Brown, Blanchard, Hoag, Holley, Krieg, Pendlil, Rosetter, Robertson, Schoch, Sherman, Stafford, Tobin and Vandenberg. Aldermen Carney and Shea appeared later and took their seats. The recorder read the call for the special meeting of the common council at this time, stating its object, and presented affidavit showing due and timely service of notice of said meeting on all the aldermen of this city, which notice and affidavit were duly filed. The reading of the minutes was dispensed with. On motion of Alderman Blanchard the following resolution was adopted. Resolved, That the Marquette City & Presque Isle Railway company, heretofore authorized to construct and operate a street railway from at or near the depot of the Duluth, South Shore and Atlantic railway to the Hotel Superior, be and they are hereby authorized to construct and operate the same upon and under the same terms, conditions and restrictions as heretofore prescribed, from the present terminus of the street railway in Front street by way of Front and Fisher streets instead of Superior and Fisher streets. Ayes—Aldermen Brown, Blanchard, Hoag, Holley, Krieg, Rosetter, Robertson, Schoch, Sherman and Stafford. Nays—Aldermen Carney, Pendlil, Shea, Tobin and Vandenberg. On motion of Alderman Hoag the following resolution was adopted: Resolved, That the street railway be constructed in the center of Champion and Fisher streets, and that the street committee be instructed to inquire into the practicability of widening said streets and report at the next regular meeting. Remonstrance of Robert Blimbhuber against the street railway company building steps on Blimbhuber avenue, laid on the table. On motion of Alderman Tobin the following preamble and resolution was adopted: Whereas, The owners and occupants of the lots and parcels of land on the north side of Crescent street between Front street and Pine street have heretofore been ordered by resolution of the common council to construct a sidewalk adjoining their said lots and parcels of land respectively, the same to be constructed within ten days from the service upon said owners and occupants of a copy of said resolution, and

Whereas, Copies of said resolution have been served upon the owners and occupants of all of said lots and parcels of land, and more than ten days after said service upon each and all of said owners and occupants having elapsed, and those portions of said sidewalk between Front street and High street not having been constructed as required by said resolution: Resolved, That the street commissioner be and he is hereby authorized and directed to construct said sidewalk between Front street and High street, and to keep separate account of the cost and expense of each portion thereof adjoining each said lot or parcel of land, and to report said cost and expense to the controller; and Resolved, That the controller be, and is

herely authorized and directed, on receipt of said report of the street commissioner, to prepare and submit for the approval of the common council, a special assessment to be assessed and collected on each said lot and parcel of land its proper share and portion of the cost and expense of said sidewalk. On motion of Alderman Tobin the following preamble and resolution was adopted: Whereas, The owners and occupants of the lots and parcels of land on the west side of Champion street between Fisher street and Genesee street have heretofore been ordered by resolution of the common council to construct a sidewalk adjoining their said lots and parcels of land respectively, the same to be constructed within ten days from the service upon said owners and occupants of a copy of said resolution, and

Whereas, Copies of said resolution have been served upon the owners and occupants of all of said lots and parcels of land, and more than ten days after said service upon each and all of said owners and occupants having elapsed, and those portions of said sidewalk between Fisher street and Hendrie street not having been constructed as required by said resolution: Resolved, That the street commissioner be and he is hereby authorized and directed to construct said sidewalk between Fisher street and Hendrie street, and to keep separate account of the cost and expense of each portion thereof adjoining each said lot or parcel of land, and to report said cost and expense to the controller; and Resolved, That the controller be, and is hereby authorized and directed, on receipt of said report of the street commissioner, to prepare and submit for the approval of the common council, a special assessment roll, assessing thereon against each said lot and parcel of land its proper share and portion of the cost and expense of said sidewalk. The council then on motion adjourned. THOMAS MEADS, Recorder. QUEBEC'S DEFENSES. It Is Said They Would Not Stand Against Modern Guns. The time when Quebec could be called the Gibraltar of America and the key to the St. Lawrence, and its much-vaunted citadel an impregnable fortress, is long since past. A series of remarkable admissions upon this score has just been made in an interview with a New York Sun correspondent by a high official of the Canadian army. The whole system of fortifications is so obsolete that they are now positively valueless, and under the modern methods of attack and defense it is certain that they would never be reformed. At a distance of ten miles from the citadel, whose fortifications, designed by the duke of Wellington, cost England some twenty-five million dollars, modern ships of war could silence and destroy the entire fortress within an hour. The outer walls of Quebec, which cost the French government so much in treasure that one of the kings inquired if they were built of gold, are even more worthless than the works upon the citadel. Not half a dozen modern guns have been mounted upon any of Quebec's fortifications within the last century. As a fortress the whole place is being gradually abandoned, and three hundred and fifty Canadian troops stationed in the citadel would be withdrawn, but for the fact that the ample barrack accommodation affords better facilities for housing them than those to be had elsewhere. There are no possible means for protecting Quebec from the operations of a hostile fleet, the advance of which must be checked by a naval defense at the mouth of the St. Lawrence or in the gulf. One of the results of the neglect of Quebec's fortifications of late is that tourists and visitors find it much easier to obtain admission to the citadel and its works, and the once famous but now crumbling towers, than heretofore, in striking contrast to Halifax, where no foreigner is permitted to view its splendid new system of fortifications, and nobody but officers in uniform is admitted inside its citadel.

TABLE TRICKS. The Old Lady Was Not Up on Modern Customs. Such a dear old rustic lady sat next me at a dinner the other night. It was quite a "swell" affair, in a fine restaurant, and when the coffee stage was reached she declined it and asked for a cup of tea, which had to be brewed expressly for her. I saw her fidgeting around, says a writer in the Louisville Post, so I asked her: "Can I reach you anything?" "I can't find my napkin ring," she whispered. "There are none," was my next remark. "Ain't none? Mercy me! Why not?" "It's not the custom," I answered. "Well, it seems kind of slouchy," she said. "We always have 'em at home." "A napkin ring implies that the napkin is to be used again," I explained, "and that would not be considered good form." Her tea had not come, and the poor old soul felt grumpy. I suppose, so this is what I got in sections: "Good form! Mercy me! I never saw such a lot of fads as people are getting. Must not cut fish with your knife and can't have butter unless you ask for it, and having ice cream in the middle of your dinner." She had received a punch between the sweetbreads and the duck. "And no tea unless you disturb the whole table, and four or five kinds of liquor"—she meant wine—"and women drinking it and men smoking right here before us, and you mustn't take your fowl in your fingers. Well, I do wonder how I ever lived all these years not knowing any of these tricks!" Her tea reached her then and I heard no more from her.

Arctic Industry. Modern industry has a foothold in the arctic regions. Mines are worked on a large scale, and a railroad regularly operated in such high latitudes. This is the case in Sweden, where the Lulea-Gellivare railroad, built for the purpose of carrying iron ore from the Gellivare mines to the seaport of Lulea, extends fifty miles above the arctic circle, and enjoys the distinction of being the first railroad to open up the frigid zone.

KINDLING WOOD FOR SALE. (5-23-10) BICE MANUFACTURING CO.

Prove their Worth. That is what thousands of people, speaking out of their own experience, say to their friends in regard to Allcock's Porous Plaster the most marvelous external remedy known for all sorts of pains and aches in the back, limbs, chest or side. NOTES OF THE STRIKE.

Republic Miners Given an Advance of Pay Without Striking for It.

ISHPEMING STRIKERS ORDER A REPORTER TO "GIT"

Iron Mountain Miners Desirous of Organizing a Miners' Union There.

GRANTED AN ADVANCE OF PAY.

The Republic Iron Mining company yesterday voluntarily gave the men employed at the Republic mine an advance in pay. It is said that the new scale of wages will amount to a raise of between ten and fifteen per cent. Those paid by the day will receive from ten to twenty-five cents more than formerly and the advance to the contractors will be regulated so that the increase will be as large, proportionately, as that given the men working by the day.

The Republic men had no intention of going on a strike unless forced to do so by the strikers here and the advance in their pay was gratefully received by them. It is said the Republic men were doing fairly well and were, on the whole, well satisfied. They were very much opposed to a strike and now that the company has raised their pay all danger of a walk-out there has passed. President Rees of the Republic mine sent a letter to his men congratulating them on the stand they had taken with reference to the present difficulties and assuring them that the company will give them a further advance in pay as soon as the iron business will warrant it. Mr. Rees' letter was read to the men by one of the mine officials and was received with hearty cheers.

They Want a Union.

It is said that the men employed in the mines at Iron Mountain are desirous of organizing a miners' union. A communication has been received by the local union asking that speakers be sent from here to assist in organizing the proposed union. The request will no doubt be granted, as there are many of the miners prominent in the strike here who are capable of giving the Iron Mountain men a good talk on the union question.

Although the men at most of the Iron Mountain mines were recently given an advance of pay it is said they are not yet satisfied with the new wage schedule. They are in sympathy with the strikers here and in case the men on this range win they will ask for a further raise.

Ordered Out.

The staff correspondent of an outside daily who has been in Ishpeming for the past week received a letter signed by the strikers Wednesday evening requesting him to leave town. In case he did not "make himself scarce" within a stated time "death would be his doom." The letter was written in an ordinary hand and concluded with saying that if he did not comply with the request his blood would be on his own head.

The reporter paid little or no attention to the letter, as he felt that he had not done the men an injustice in any way. He says he has tried to be fair with all concerned and endeavors to give as good a report of the strike and its general situation here as possible.

Stole Firearms.

The hardware store owned by Thomas Wallace at Champion was broken into one night recently and two of the best revolvers in stock were stolen. The thief gained access to the place through a window, which was broken in with a stone. The stone used was found next morning on one of the counters. A peculiar feature about the robbery is the fact that the rock to break the window was taken from the yard of Superintendent Fitch of the Champion mine. His yard is the only place at Champion where rocks of the kind can be obtained.

Tobacco for the Strikers.

B. Leidersdorf & Co., tobacco manufacturers of Milwaukee, have sent the Ishpeming strikers 400 pounds of smoking tobacco, which arrived here yesterday. The tobacco was sent to Matt Wasley, secretary of the miners' union. It will probably be taken to the park and distributed among the men today.

Building the Stands.

E. E. Grip & Co., have begun building the grand stands on East Division street to be used during the firemen's tournament. The stands will have a seating capacity of about 3,000.

BUCKLEN'S ARNICA SALVE.

The Best Salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale at Farnham's Drug Store.

NOTICE.

All those desiring to obtain the privilege of selling temperance drinks, confectionery, peanuts, etc., in the grand stand during the firemen's tournament Aug. 7, 8 and 9, will please submit bids on the same on or before Thursday evening next to

JAMES BOYDEN, (7-27-95) Chairman of Stand Committee.

A BARGAIN.

We have a gent's bicycle also a ladies' wheel, in first-class condition, which we will sell at a bargain.

KIRKWOOD PHARMACY. (6-19-95)

ISHPEMING IN BRIEF.

Mrs. T. D. Beech was down from Champion yesterday.

H. E. Everett of Houghton was an Ishpeming visitor yesterday.

The improvements on the Iron Cliffs road were completed yesterday.

J. H. Lewis, proprietor of the Hotel Marquette, was in Ishpeming yesterday.

Mr. and Mrs. Thomas Hooper mourn the loss of their baby boy, who died yesterday.

Otto Nelson, bookkeeper for F. Braastad & Co. has been on the sick list the past few days.

A horse race will probably be arranged to take place at the Union Park course during the firemen's tournament.

Charles L. Sodergren will conduct a restaurant business in the Tislov building on Pearl street during the firemen's tournament next week.

The special meeting of the Ishpeming fire department called for Saturday evening will be held at 8 o'clock, instead of 7:30, the regular meeting time.

The members of the Ishpeming baseball team desire to return thanks to the Escanaba team for courtesies extended on the occasion of their visit there last Sunday.

The Pilots closed their engagement at the opera house in this city last night. They will play the remainder of this week and also a portion of next week at Marquette.

The finance committee for the firemen's tournament held a meeting yesterday afternoon and completed final arrangements, so far as the work assigned them is concerned, for the big blow-out.

The baseball tournament announced to take place at Union Park during the firemen's tournament has been declared off, as a sufficient number of teams did not enter for it. An effort is now being made to have a couple of upper peninsula teams play one or more games for a special purse.

WHAT A KITTEN CAN DO.

How a Little Fellow Stopped a Street Car in Baltimore.

One little kitten, about five inches in length, held in check one morning recently the down-town traffic over the City and Suburban railroad, says the Baltimore Sun. A summer car stopped to take passengers, when the kitten, standing on the sidewalk leisurely inspecting the car, suddenly determined on a personal investigation of the inside workings of rapid transit. She ran out into the street immediately underneath the heavy battery of the car and began clambering about the machinery. The conductor and several of the passengers saw her, and an effort was made to chase the kitten away. Canes and umbrellas were thrust underneath the car at her, and many emphatic commands to "shoo" were given, but it was evident she was too new in the world to understand English.

The passengers enjoyed the joke at first, but when it seemed that the kitten did not intend to come out, those in a hurry to begin the day's toil became impatient, and the number of the rescues augmented rapidly. More canes and more umbrellas were thrust at her, likewise more speeches of a wicked turn. But she remained undisturbed and curled up as if she liked things in general, and meant to spend the day there. When at last it appeared to the hurried passengers and irate conductor that the only thing to do was to start the car and crush out the poor little kitten's life, she came to the conclusion that there are other pleasures in the world besides rapid transit, and walked out with the satisfied air of one who had completely set at rest the cravings of curiosity. Then the car proceeded.

Story of a California Pioneer.

At a recent gathering of California pioneers at Baltimore, one of the best stories was told by the secretary of the association, John L. Stief. He compared the "spread" before them with the pork and beans which were served in the mining camps twenty-one times a week, year in and year out, and said the absence of women in California had taught him how to appreciate them. Nearly all the time he was there he had to do all his own cooking, washing and mending. Part of the time he was in California he was merchandising and getting such prices as these for goods: Long shovels, \$10; checkered shirts, \$5 each; long boots, \$32 a pair; copies of the Baltimore Sun of any date, \$1 each; flour, 50 cents a pound, and picks, \$16 each. A "stiff" drink of whisky was worth about \$5.

Kalmucks Are Dying Out.

In Astrakhan the Kalmucks are dying out. They are afflicted with some mysterious mental disease that is filling the asylums and hospitals, and the mortality is so great that there will soon be not one of the race left in the district.

HOW'S THIS!

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO. Props., Toledo, O. We the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by their firm. NOTED AT NEGAUNEE.
The Strikers' Mass Meetings at Union Park Continue to be Well Attended.
ANOTHER NEGAUNEE COUPLE MADE HAPPY.
Miners Leaving for Other Districts. A Needed Improvement Prayed For.

NO SIGNS OF WEAKENING.
On Wednesday it appeared to many that, on account of the small turn-out of strikers from both cities to the mass meeting at the park, the men were not as enthusiastic as formerly in their determination to stand together. Yesterday, however, the situation appeared quite to the contrary, as the general assemblage was almost as large as on any during the past week. The Negaunee men were out in force but very few of the Cascade men were on hand. The latter have not been attending the meetings as well as they did during the first week of the strike, but this is probably because they are so far from town. The members of the union were all requested to be on hand yesterday and the response was quite general.
At 10 o'clock some of the men who did not appear anxious to attend the meeting were pulled off the sidewalks and compelled to join the procession. A delegation of the strikers also went into one of the saloons, more as a joke than otherwise, and pulled into line two or three whom they found inside. By getting the men out to the meeting every day the officers of the union believe they will be able to hold them together better than if they neglected to attend. Another incentive to a large turnout is the expectation that important business will come up for consideration at every meeting from now until the strike is settled.
The mining companies have shown no disposition to submit further propositions to the men. The local managers say the mines will remain closed until such time as the men get ready to return to work. Their proposal to talk over matters with their respective employes still remains good but the men have not yet consented to meet them in that way. The strikers insist that their union must be recognized.

Willman-Stewart Nuptials.
At Willman and Miss Mary Stewart, two of Negaunee's well-known and popular young people, were united in marriage Wednesday evening at 8:30 o'clock at the home of the bride's parents, Mr. and Mrs. John Stewart, corner of Teal Lake avenue and Peck street. Rev. Robert Wood, pastor of St. John's Episcopal church, tied the nuptial knot and about fifty of the young couple's most intimate friends witnessed the ceremony.
After the wedding ceremony Mr. and Mrs. Willman received the congratulations of all present. All then sat down to a wedding feast. The English Oak band, of which the groom was a member, some years ago, put in an appearance and serenaded the happy pair. Mr. and Mrs. Willman will begin house-keeping on Brown avenue near Peck street.
Several Leaving Here.
A number of the men who have been thrown out of work by the strike are getting ready to leave this section. Several have already gone and others will follow in a few days. William and Mederick Gearoux, who have been working at the Cambria, left yesterday for Whitefish Point, where they have friends and expect to find work. A number of those getting ready to leave here intend going to Colorado and other western states.
A Good Improvement.
A petition signed by a large majority of the business men of Negaunee, as well as others, asking that a water pipe be extended from the spring at the brewery to the corner of Silver and Iron streets, was presented to the city council last evening. It is proposed that the pipe be so placed that water can be obtained at any time. The water is very fine and no doubt this improvement will be much appreciated.

LOCAL LACONICS.
The picnic grounds recently fitted up near Union Park by the street railway company have been christened "Pearce's Grove" in honor of Harvey Pearce, superintendent of the line.
Captain Ryan, who had charge of the Pencil mine here some time ago, expects to soon leave for New York, where he may remain permanently.
F. M. Beney, F. A. Bell, and Leslie French, with their wives and children, will spend the next two or three weeks at Onota camping and fishing.
Dr. L. D. Cyr is Lake Linden and will attend the funeral of his friend, the late Joseph Gregory, at that place today.
Dr. O'Leary will lecture on the stomach and liver at McDonald's Opera House tonight.
Samuel Evans came up from Iron Mountain yesterday morning. He will return shortly.

NOT WHAT WE SAY, but what Hood's Sarsaparilla Does, that tells the story of its merit and success. Remember **HOOD'S Cures.**
IT MAY DO AS MUCH FOR YOU.
Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so called kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all kidney and liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. for large bottle. At E. Farnham's Drug Store.

The World's Fair Tests showed no baking powder so pure or so great in leavening power as the Royal.

NEGRO MORTALITY IN CITIES.
Colored Population in Towns Only Kept Up by Recruits from the Country.
Dr. De Saussene, of Charleston, S. C., has been collecting statistics to determine the mortality among the southern city negroes. It is well known, says the New Orleans Times-Democrat, that their death rate is very large, but as the statistics of births are deficient it has not been possible to determine as yet whether the negro population can maintain itself in the towns, although there is a strong belief that it could not and that the negro population of the cities was kept up only by drawing from the rural districts. This Dr. De Saussene now shows beyond question.
In the fourteen years between 1880 and 1894 the deaths among the negroes in Charleston exceeded the births by 5,426, that is, there were three deaths for every two births. The Charleston negroes are decreasing at the rate of 388 a year, and the negro population of the city would completely disappear in a couple of generations if it were not recruited elsewhere. The Charleston mortality is a little less than that of New Orleans, and allowing for this difference and the larger number of negroes here, in order to keep up its colored population New Orleans must draw 1,554 negroes every year, or 15,540 every decade, to prevent an actual decrease.
The heaviest mortality among the negroes Dr. De Saussene finds among the children. Out of every 1,000 white children born in Charleston, 297 die before they are one year old; out of every 1,000 negro children, 564, or nearly twice as many, are killed off. In Savannah the mortality among negro children is nearly three times as great as among the whites. Dr. De Saussene explains these figures by the negro tendency toward immorality and vice, and the disposition to consumption, which is carrying them off by the thousands.
These facts will explain what puzzled the statisticians a short time ago, why the negroes increased so rapidly in population during one decade and so slowly the next. The growth of the southern towns and the large immigration of the negroes into them have scarcely affected the increase of the colored population. In the country districts their death rate is much nearer that of the whites, being only 20 per cent. higher, whereas in the cities it is from 65 to 115 per cent. more.

BICYCLES ARE UNROMANTIC.
Love Making Is Out of the Question When Riding on a Wheel.
If the virtuous lady who fears that bicycling is demoralizing to young couples knew how hard it is to converse even with one's companion on a bicycle, to say nothing of gazing into his eyes, and if she were aware that one squeeze of the hand might result in a dangerous somersault over a rearing bicycle, and that only experts can ride near enough together to be very confidential, and then only when both wheels are geared exactly alike, and that the attention of both tete-a-teters is even then concentrated on keeping pedals from clashing, she would realize that a bicycle grip discounts walking, driving, hor-back riding, or even sitting in a room, for difficulties in the way of spooning. The only way to indulge in a desperate flirtation when bicycling, says the Philadelphia Times, is to get off your wheel, and even a lady of great religious ferocity, combined with suspicious intelligence, does not have to be told that it is not necessary to buy a bicycle nor, indeed, hire one for the sake of sitting on a bench by the lake with a loved one or wandering through secluded paths of the park. It is a great deal easier to flirt at tennis or badminton or golf or croquet. And far easier to keep one's temper.

New Eyebrows.
We learn from French sources that a London perfumer has found a new way of fixing up eyelashes and eyebrows. Instead of painting them in the usual vulgar old style he puts the genuine old art into them, and professional and amateur beauties of the great city are flocking to him to be made just too lovely for anything. The operation is said to be extremely delicate, though by no means painful. He takes a hair from the head of the beauty, or, if she does not like precisely the color of her own hair, he takes one of any other color that she likes, threads an extremely fine needle with the hair, runs it alongside the skin of the eyelid, sewing sailmaker's fashion, but leaving the loops sufficiently long to enable him to cut them afterward, so that they will form a range of beautiful fringe and look perfectly natural. For eyebrows he does the same thing; but the eyebrow operation is, of course, less delicate. Arched eyebrows, bushy eyebrows, straight eyebrows, crooked eyebrows, all sorts of eyebrows, in any color or shade or form, the wonderful perfumer makes for the ladies of London; and it is said that his success is something astonishing.

Cooked Breakfast While Asleep.
Somnambulism has in all ages furnished many curious illustrations, and among them may be noted one that occurred in a West Utica (N. Y.) residence a few days ago. The husband and wife were aroused by the breakfast bell ringing in the middle of the night. They arose and discovered that it was two o'clock, but on hastily dressing and going down to the dining-room they found breakfast ready and waiting for them. They were greatly alarmed at the condition of things, for they at first imagined that the hired girl had suddenly gone insane. After a few minutes, however, they discovered she was asleep. She had got up, started the fire, prepared the morning meal and had it ready for serving, but was sound asleep all the time. The only unusual thing was her failure to put on her shoes.

Clip the Lashes.
In the east it is customary to cut the lashes of female children while they are sleeping, so that art, as well as nature, has something to do with the drooping eyelashes of oriental beauty.

CO., LTD.

HUSTLING WORK ALONG.

Cars Will Be Running to the Hotel Superior Early Next Week.

THEY CAN HARDLY BE READY BY MONDAY.

Retail Clerks Organizing for Earlier and More Uniform Hours of Closing the Stores.

BUSY ON CHAMPION STREET.

Champion street was the scene of lively work yesterday. A party of diggers was picking out the macadam and cutting the broad and shallow trench in which to place the ties for the street railway extension. The diggers were working northward and another party under Superintendent Rettallie was going the other way putting up the heavy trolley wire. The ties were already in place from the Hotel Superior down to Champion street and the rails were down about one-third of that distance. Everybody was hustling in the hope of getting the cars to running by Monday, but that will hardly be possible. They will be running, however, early next week and it is just possible that the first wheel may turn over the line by Monday night.

Mr. Rettallie said that the trolley part of the work could be done by Monday easily but the tracklayers could hardly expect to be through by that time. It is not the laying and surfacing of the track that consumes so much time. It is putting in the copper rail bonds that convert the track into a return way for the electric current. Two holes must be drilled in every rail, the copper wire put in and fastened with a copper plug and these operations must all be done by hand and take time. So that it is hardly likely that the Knights of Pythias party when it pulls in Monday morning can take the electric cars for the Hotel Superior. But the visitors will be able to ride down town and straight out to Presque Isle on them about the second day they are here.

Must Change the Bill.

The Tuxedo Dramatic club has been obliged to change the bill for the entertainment which is announced for Aug. 16 in aid of the Father Marquette statue fund. Some of the members who were to take part in "Millie the Quadroon" are also members of the Marquette Rifles and the annual camp of instruction will take them out of the city just when they ought to be getting the business of the play down fine. Fortunately the club is not without another string to its bow. Chorus rehearsals have been going on for some time of the pretty operetta "Red Riding Hood," which the club had intended to give later for another purpose. It will be an easy matter to expedite this production and to substitute the operetta for the play.

It must not be supposed that "Red Riding Hood" as it will be given by the Tuxedo club is only the little entertainment frequently got up by and for children. Of course the main outlines of the story are much the same but there is a great deal more music and lots of dancing and most of the scenes are laid in Sherwood Forest with Robin Hood and his merry men. A number of grown-up people have parts as well as a swarm of children. The old English Maypole dance will be given and there will be much fancy dancing of all sorts. Mr. Erickson, whose fine voice is well known, will be the Robin Hood and Miss Ida Van Iderstine will be Maid Marian. For the reasons set forth the play "Millie the Quadroon" will be dropped until later and work will be pushed on "Red Riding Hood" from this time.

Movement of Troops.

Four companies of the Fifth Infantry will assemble in this city on their way to camp at Island Lake. They will be here long enough to afford the city the sight of a full battalion dress parade. The Ironwood company will leave home Saturday night and come through to this city on the South Shore's night train. Colonel Lyon and staff and the Calumet company will leave that place Sunday morning, pick up the Houghton company and pull in here at 1:15 that afternoon. This will bring the four companies of the battalion together and there will be a dress parade about 4 o'clock Sunday afternoon. From here the South Shore will take the soldiers by special to St. Ignace, leaving at 10 o'clock Sunday evening. The next morning the battalion will take the boat for Detroit and will get into camp in time for dinner on Tuesday.

Changes in School Laws.

The attention of teachers is called to the recent changes in the school law relating to examinations. County Commissioner Montgomery has issued a circular of information on the subject which he has tried to get to every teacher in the county. Any who have not received it should send for it at once. Examinations will be held at this city August 15 and 16 for all grades of certificates and at Negaunee October 17 and 18 for second and third grades. It seems to have been the practice heretofore to hold teachers' examinations on the first Thursday in August. Every effort was made to get information of the change to all persons interested but despite this three or four young women who wished to take the examination came into town yesterday and were amazed to find no examiners waiting for them.

Marquette vs Duluth.

The baseball management takes pleasure in announcing to the public that two games will be played in this city between the Duluth and Marquette teams on the 10th and 11th of this month. The Duluth club is recognized as the best in the northwest outside of St. Paul and Minneapolis, and as the home team is in good shape the games will no doubt be well witnessed. As the local club have to give the visitors a very heavy guarantee to come here it is hoped the public will extend

their usual generous patronage. Admission will be 25 cents, children 10 cents. Ladies will be charged 25 cents on this occasion, which will also admit them to the grand stand. The Marquette's will play return games in Duluth, probably on the 24th and 25th of the present month.

For Earlier Closing.

At a meeting of the retail clerks of this city held last evening at L. P. Cray's office a permanent organization was effected as the Marquette Branch of the R. C. N. P. A., and the following officers were chosen: Manager, Chas. Senecal; head clerk, David Oshinsky; bookkeeper, Henry Paradise; cashier, J. Frank Rice; usher, J. M. Johnson; messenger, H. C. Beaudry. The object of this organization is to secure earlier closing of the stores of this city, which as well known are closing from one to two hours later than at Negaunee, Ishpeming and several copper country towns. The majority of merchants are heartily in favor of the movement, which certainly ought to succeed, for as it now is there is practically no closing hour. As one merchant tersely termed it, "it is worse than state's prison." Clerks working 12 to 13 hours per day must soon lose all energy and vim and soon become unfit to wait upon their trade. "All work and no play makes Jack a dull boy" can be applied to their case. The public can do a great deal towards solving the question by making their purchases earlier in the evening. The clerks of this city therefore request the public kindly to make note of this condition when out purchasing.

Votes of thanks were tendered L. P. Cray for the use of his office, to the Marquette Rifles for use of their hall at a previous meeting and to N. Barry for use of his office.

Closing Up the Pewabic.

Some more testimony in the famous Pewabic case is being taken here before Master-in-Chancery White and Captain Harris of the Quincy and several other witnesses are in attendance. The object of the present hearing is chiefly to determine how much the Franklin ought to pay for the use of the Pewabic's machinery and shafts for several years while the latter property was tied up in the courts. The workings of the two mines were connected and the Franklin kept the Pewabic in order and found it quite convenient for additional access to its own workings.

The Flints Tonight.

Tonight at the opera house the Flints, hypnotists and funmakers, open an engagement that promises to be both amusing and scientific. Their reputation as entertainers is more than national. A feature of tonight's performance will be the breaking of a huge rock upon little Miss Flint as she lies suspended by head and heels in a cataleptic condition upon the backs of two chairs. This is undoubtedly the most sensational act before the public. Tonight one lady will be admitted free with each 25 or 35 cent ticket reserved at Bigelow's.

Married at Chicago.

Miss Annie Winter, until quite recently a resident of this city, and Thomas J. Garrick, for several years a member of THE MINING JOURNAL force, were married Wednesday morning at Chicago. The ceremony was performed at St. James church and Miss Hattie Sullivan of this city and Hugo Schmucker of Ionia, Mich., the old home of the groom, were bridesmaid and best man. Mr. and Mrs. Garrick will visit relatives in Lansing and Detroit before returning to Lake Superior.

Came With a Rush.

Taxpayers humped themselves on the last day of grace to avoid the 1 per cent penalty and Treasurer Machts when he finished figuring up yesterday found that his receipts Wednesday were a mere trifle short of \$30,000. This makes some \$33,000 of the tax roll collected to date and leaves about \$12,000 yet unpaid which will get the 1 per cent penalty as a starter and more if it does not come in during this month.

German Societies' Picnic.

Joe Mack has been engaged as promoter for the ball in connection with the picnic of the German societies at Meesie's garden tomorrow. The committee in charge desires it to be understood that thorough order will be kept and that persons who cannot conform to this rule had better stay away. Dancing will be in the big warehouse which will be tastefully decorated for the occasion.

ICE CREAM.

Served day or evening at Depot Restaurant, finest manufactured west of New York city. Pure cream frozen. Order by quart, gallon or brick. Telephone No. 4. (7-23-15d) E. P. MOSTERTH.

EXHIBITION.

A pure white deer, mounted, on exhibition in Mining Journal building till August 6th. Admission 15 cents, children 10 cents. Deer will be sold and exhibition. A. BAUMAN. (7-30-4f)

THE IDEAL PANACEA.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colic and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations." Rev. John Burgess, Keokuk, Ia., writes: "I have been a Minister of the Methodist Episcopal Church for 50 years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial bottles free at E. Farnham's Drug Store.

"NOTHING VENTURE, NOTHING HAVE."

Rev. John Reid, Jr., of Great Falls, Mont., recommended Ely's Cream Balm to me. "I can emphasize his statement. 'It is a positive cure for catarrh if used as directed.'"—Rev. Francis W. Poole, Pastor Central Pres. Church, Helena, Mont. It is the medicine above all others for catarrh, and is worth its weight in gold. I can use Ely's Cream Balm with safety and it does all that is claimed for it.—B. W. Sperry, Hartford, Conn.

LOUIS GRABOWER.

OUR CLOSING SALE OF SUMMER GOODS

Has kept all hands here busy as bees for the past few days. Nevertheless, we place before you a complete revision of already low prices to keep up our reputation of never being undersold, giving the people trading here more for their money than can be had elsewhere. We name prices way below those quoted by our competitors. It's like a man grasping in the dark to head and off, for our aim is to always undersell. People come here expecting more for their money than can be had elsewhere and they are never disappointed. No matter how low a quotation is made by our competitors we always go them a notch lower, besides showing you three times the stock to pick from than is shown by any other concern.

<p>Wash Goods.</p> <p>Here is gathered more wash goods, more new weaves than can be found elsewhere in all Marquette combined. A clean cut on every item.</p> <p>Challies, big line to select from... 4c Pongees, light and soft... 10c Fine organdies... 15c French satines, 25c grade... 15c Figured demities, 30c grade... 12c Dress Prints, all kinds... 5c Shirtings... 3c</p> <p>How about matching these prices?</p> <p>100 Yards of Silk for dresses, waist trimmings, etc. at the lowest prices ever known.</p> <p>Fans</p> <p>By far the prettiest and newest collection ever shown. Fans of silk, satin, gauze, linen, etc. 5 cents and upwards for good fans.</p> <p>Capes</p> <p>About 50 capes to sell from \$1.50, \$1.75, \$2 and up to \$5. Every wrap well worth the price.</p> <p>Shoes</p> <p>Biggest reduction ever known at this time of the year. Every pair of Russel Shoes for women and children at wholesale cost.</p>	<p>Carpets.</p> <p>Every yard of carpeting we sold this season was from 2c to 30c a yard less than the same could be bought of our competitors and this did not all come from the lips of our customers who bought here, either. We still continue selling on this basis.</p> <p>To be had here only—the best Best Brussels, the best Ingrain, the best Marquette.</p> <p>Every Rug in stock at wholesale cost.</p> <p>Curtains</p> <p>Over 100 pair of Lace Curtains sold so far this season.
