## MARQUETTE SANATORIUM.

THE MARQUETTE SANATORIUM not only receives patients for treatment but others who need a quiet hygienic home for rest and recuperation. Use is made of all forms of baths, massage, Swedish movements, the vibratory treatment, electricity, oxygen, super-heated air, cupping, special dieting, etc., etc. It is well known that all cases of sickness, both medical and surgical, do better under sanatorium care and treatment than at home. All cases are helped and many seemingly hopeless cases of chronic invalidism are readily cured. ## MINERS' GREAT VICTORY.

### Coal Operators Grant Their Workers a Big Increase in Mining Rates.

### A HUNDRED THOUSAND MEN MADE HAPPY.

### Company Stores Doomed, as Operators Not Having Them Granted a Five-Cent Differential.

### ORGANIZED LABOR WON.

PITTSBURG, Aug. 2.—The biggest victory ever won by an organization of labor was won today in Pittsburgh by the miners. Almost every demand was granted and the operators gave a written guarantee for their fulfillment of the contract. Papers were signed tonight which increase the wages of a hundred thousand miners in Pennsylvania, Ohio, Indiana and Illinois.

The terms of the agreement are that the present rate of wages shall continue in force until Oct. 1, when every operator in the Pittsburgh district will pay a sixty-nine cent rate with a differential of five cents in favor of operators who do not have company stores. The agreement further provides for another advance Jan. 1. It is understood the rate then will be seventy-nine cents. Above all, W. P. Dearmitt, who has whipped the miners at every turn heretofore, has been brought over and will pay a sixty-four cent rate, as he does not have company stores.

The effect of this settlement is to advance the mining rate in Ohio and Indiana, from fifty-one cents to sixty cents. It also helps the rate in Illinois and brings the strike there to an end. It also changes the end of the scale year from April 30 to Jan. 1. This is the first time a differential has ever been granted against company stores and it is expected it will result in having all of them abolished. Evidence of this came today when W. P. Read of Chicago offered to abolish his company store at his Pennsylvania mines and agreed to loan the miners money enough to operate it on a co-operative basis.

As another result of the compromise the operators propose to form a new association on different lines from the old one and every operator in the district will be included in its membership. Practically all the credit for the victory is given Secretary-Treasurer McBride, who mapped out the entire campaign. Another feature of the miners' victory is that a convention of miners and operators will be held in October of each year to fix up a mining rate for the next year, so the rate for each succeeding year can be settled before the scale of the preceding year expires.

### DUNN MINERS STRIKE.

MOUNTAIN, Mich., Aug. 2.—The miners employed at the Dunn mine in the Crystal Falls district struck today for an advance in wages to the same scale as is paid in this city and all work is at a standstill.

### FRANKLIN MEN'S PAY RAISED.

HOUGHTON, Mich., Aug. 2.—[Special.] The Franklin Mining company has raised the wages of its employees 10 per cent. The advance in pay takes effect immediately.

### HORSEWHIPPED THE EDITOR.

Mrs. Weimer Thought Article Reflected on Her.

ST. JOSEPH, Mo., Aug. 2.—E. V. Williams, editor of the Stanberry Herald, and F. A. Weimer, editor of the Stanberry Sentinel, have been indulging in a newspaper quarrel for some time. Williams stated in his paper recently that he had accumulated all his property himself, and while his taxes were not as much as those of the editor of The Sentinel none of his wealth had come in the way of a hymenal contract made at the altar. Mrs. Weimer is a daughter of J. W. Hampton, a Denver millionaire who lived for many years at Mount Pleasant. On the day of her marriage to Weimer her father presented him with a check for \$10,000 and it was to this present reference was made by Williams. This afternoon Mrs. Weimer, accompanied by her husband, went to The Herald office and horsewhipped Williams while Weimer struck his rival over the head with a revolver.

### TOOK ONLY ONE BALLOT.

Taylor Brothers Found Guilty of Murder of Meek Family.

CARROLLTON, Mo., Aug. 2.—"We, the jury, find the defendants, William P. and Geo. Taylor, guilty of murder in the first degree." Such was the verdict rendered this afternoon in the notorious Meeks' murder trial. It took but one ballot to decide that the Taylor brothers were guilty of the heinous crime charged against them—the butcher of Meeks, his wife and two children on Jenkins Hill the night of May 10 last. The jury was out two hours and twenty minutes. When the verdict was read the thousand people who had crowded into the court room broke forth in a volley of cheers that was only silenced by threats of arrest made by the judge. Sentence will be deferred for the present. The defense will file a motion for a new trial, but it is not believed that it will be granted.

### FRUIT COST HIM DEAR.

Boy Shot by Washington Belle While Stealing Apples.

WASHINGTON, Aug. 1.—Miss Elizabeth Flagler, daughter of General Flagler of the United States Army, shot and killed Ernest Green, a negro aged fourteen, at her home in the suburbs. The Flaglers and their neighbors have been annoyed for some time by boys stealing fruit. Miss Flagler discovered young Green stealing apples and fired

at him from a window. The bullet passed through his breast, causing death in a short time. Miss Flagler surrendered herself at the police headquarters. She is twenty-eight years old, handsome and highly accomplished. The dead boy was the son of one of Secretary Carlisle's messengers. The coroner jury's this afternoon exonerated Miss Flagler and she was released.

### COXEY HEADS THE TICKET.

### Nominated for Governor of Ohio by Populists Yesterday.

COLUMBUS, Aug. 2.—The Populist state convention today nominated a ticket, headed by "General" J. S. Coxey. After the convention adjourned it was discovered that no one had been nominated for the important position of auditor of the state. The state central committee will supply the omission later. Some of the more influential members of the Populist party are pleased with the results. Coxey and his novel ideas do not suit the conservative Populists.

### ONE HUNDRED BURNED.

### Beaver Island, Near Straits of Mackinaw, Laid Waste by Forest Fires.

### Believed That All Inhabitants Lost Their Lives—Fires Raging in Vicinity of Marinette.

### OVERTAKEN BY FLAMES.

CHICAGO, Aug. 2.—An Inter Ocean Marine, (Wis.) special says: The probability is that the one hundred residents of Beaver Island, located in Green Bay at the entrance of the straits of Mackinaw, have been burned to death in forest fires which desolated the entire island during the last few days. Wednesday night the island was enveloped in flames, which were seen by passing vessels for many miles out into the lake. The island is fifty miles from the main land and it is not believed aid could have been secured in time to save life and property.

MARINETTE, Wis., Aug. 2.—Captain Young of the steamer Cuba, which arrived today, reports that Beaver Island is all afire. The island is populated by a colony of about one hundred persons, who are engaged in farming. Lake captains arriving say that the whole island has been laid waste and the inhabitants homeless and without food.

PESITIGO, Wis., Aug. 2.—Forest fires have made their appearance in Marinette county. At present they are confined to the territory lying between Ellis Junction and Marinette, but fears are entertained of a more widely spread calamity as the vegetation is very dry on account of the continued drought for the past two months.

### HACKED TO PIECES.

### Mexican Editor Assassinated at His Home in Puebla.

CITY OF MEXICO, Aug. 2.—The assassination of Editor Olomos in the City of Puebla excites intense interest both here and at this capital. Now it is said that Olomos was suspected of being the publisher as well as the editor of a mysterious weekly paper called "The Voice of Puebla," which appeared July 14, in which the administration of Governor Martinez was violently attacked and his re-election hotly opposed. The police made a search for the publishing office but could find no trace of it, and although several arrests were made no light was thrown on the editorship or the publication office.

Genevieve Olomos, a sister of the murdered editor, publishes a remarkable letter in a journal of this city today in which she says she found her brother almost literally hacked to pieces with many wounds made by knives and daggers of various sizes. On the day of the dagger remained in the body, with the handle gone. She adds: "Although up to this moment I have not endeavored to inquire into his murder, neither could I do so with such immense grief weighing on me. A rumor is circulating that the assassins of my unfortunate brother belonged to the secret police of this city." This accusation is without foundation in fact, but the newspapers here are calling on the state government of Puebla to at once investigate the horrible crime.

### RETURNING TO RESERVATIONS.

### Cavalry Has Reached Jackson's Hole but Found No Indians.

MARKET LAKE, Ida., Aug. 2.—The cavalry reached Jackson's Hole today. The infantry will probably be stopped on the way, as no Indians are in sight and many are returning to their reservations. The chief of the Shoshones will ask all the Indians remaining to return to their reservations. If they refuse he will call on his tribe to assist the soldiers to remove them.

### THE NEWS CONFIRMED.

OMAHA, Aug. 2.—A dispatch received at the headquarters of the department of the Platte today indicates that the Indians are returning from Jackson's Hole to their reservations. To test its correctness the Union Pacific office was asked to telegraph for information from stations along the Oregon Short Line from Soda Springs westward. The following reply is from the division superintendent at Pocatello: "A stage driver who has just reached Soda Springs reports two hundred Bannocks at Grave lake on their way from Jackson's Hole to their reservation. They said there has been no fighting and no desire to fight on their part. The scare seems to be over and the settlers understand they are trying to make their way back to the reservation to avoid the troops."

## OMAHA POLICE SQUABBLE.

### New Commissioners Appointed and Despite District Court Restraining Order

### THE A. P. A. COUNCIL APPROVED THEIR BONDS.

### They Will Attempt to Get Possession of Jail Today—Citizens' Volunteer Guard On Duty.

### A HOT TIME ANTICIPATED.

OMAHA, Aug. 2.—The board of fire and police commissioners met at Lincoln today. Foster, Vandervort and Broatch were appointed as the Omaha commissioners. The matter will now go to the supreme court. The new commissioners are said to be A. P. A. men. Their commissions were signed by the attorney general, as the governor refused.

OMAHA, Aug. 2.—The police commissioners, acting under the A. P. A. police law, are doing business in Omaha tonight regardless of the fact that the district court has restrained the city council from approving their bonds. The oathbound organization in the council, however, has a working majority and the court's order was ignored. As a result a citizen's volunteer guard of about one hundred men is on duty at the police station to maintain peace and assist the regular police force in holding possession of city property.

Messrs. Broatch, Vandervort and Foster were given their certificates as police commissioners at noon by the attorney general and the commissioner of public lands and buildings. The governor refused to sign them and warned them that their course was illegal. The Omaha council held a special session this afternoon to approve the bonds and were met with an injunction returnable tomorrow in the district court. The order was ignored with a hurrah.

The new police commission will make no effort to get possession of the property before morning. At an early hour tomorrow the district court will take up the matter of the council proceedings in contempt and will probably annul its work. There is much inflammatory talk and several companies of militia in different parts of the state have been notified to be in readiness to move to Omaha in the event of trouble. Governor Holcomb is prepared to maintain the law and is tonight using all means in his power to preserve the peace and have the whole squabble carried to the supreme court.

When asked what action he proposed to take in the matter in case of an attempt to take forcible possession of the jail, Chief of Police White said tonight that he would see there was no rioting and that the laws were enforced in any event. He said he did not anticipate any violence but would be prepared to deal with any in case it might come up.

It was evident from the first that it was the intention of the A. P. A. majority in the city council to carry out their plans, irrespective of the order of Judge Hopewell, who issued the injunction. President Edwards refused to receive the telegram from the district judge, who is at Takamah, which was handed him and this example was followed by the majority. It appeared that one or two of the members who are ready to vote for any measure that would aid the A. P. A. in this plan were a little doubtful as to the propriety of a direct violation of the injunction order. Consequently the majority took possession of the private office of the president where the doubtful votes were looked after until ten members were ready to defy the court.

The majority called for an opinion as to whether the council was bound to obey the injunction. City Attorney Connel is out of the city and left Frank Ranson to advise the council in his absence. He advised the council that it might, with entire propriety, ignore the injunction. President Edwards then declared the bonds of the new commission approved.

### QUEEN OF OUR NAVY.

### Cruiser Columbia Almost Equalled in Record of Speed.

NEW YORK, Aug. 2.—The United States cruiser Columbia, which left Southampton, England, Friday on a speed trial trip across the Atlantic, arrived this morning, having made the trip in 6 days, 23 hours and 49 minutes. Her average speed was about eighteen and a half knots. The best time over the course was made by the American liner New York—6 days, 7 hours and 14 minutes.

WASHINGTON, Aug. 2.—There is general rejoicing at the navy department over the performance of the Columbia. She beat the time of the cruiser New York by two days and previous to this trip the New York had the best record of any warship crossing the Atlantic. Assistant Secretary of the Navy McAdoo said she could no doubt overtake any vessel afloat on a spur. The cruiser Minneapolis is her equal and there seems no doubt that the United States has two of the fastest ships afloat.

### GRANTED ABSOLUTE DIVORCE.

### Mrs. Corbett Will Receive \$100 a Week Alimony for Life.

NEW YORK, Aug. 2.—Judge Gildersleeve today approved the referee's finding in the Corbett divorce case giving Mrs. Corbett an absolute divorce. She is to receive \$5,200 a year alimony as long as she lives. She may marry again but Corbett is forbidden to remarry during her life.

### Hoboes Killed In Wreck.

CANTON, O., Aug. 2.—In a freight wreck at Stark siding this morning three tramps were killed and one fatally and eight others seriously injured.

# A TREATMENT FOR NEURALGIA AND ERYSIPELAS

### Tested in the Cases of N. J. Snook and Mrs. F. M. Brooks, of Grand Rapids, with Good Results.

### If One's Nerves are Right he will not Have Neuralgia; If His Blood is Pure he will not Have Erysipelas.

## GET AT THE ROOT OF DISEASE.

From the Press, Grand Rapids, Mich.

Prominent among the west side citizens of Grand Rapids is N. J. Snook, who lives at 96 Dayton Street. Mr. Snook belongs to that class of nature's noblemen who are, in every sense of the word, the bone and sinew of the nation. He is a self-made man in the fullest definition of the term. Never having had the advantages which great wealth can give, he has always maintained a reputation for untiring industry and sterling integrity. About a year ago he became ill from overwork. His sickness took the form of nervous prostration, the first symptoms being an overpowering headache. The physicians whom he consulted diagnosed his case as a severe attack of neuralgia, but their treatment gave him no relief. One after another doctor was called upon, but Mr. Snook's malady grew steadily worse, and in a short time his eyesight was so affected that he became almost totally blind. More physicians were consulted, and he was told that the optic nerve of his right eye was paralyzed. But none of them gave him any relief from his terrible sufferings. Day after day and night after night was passed in horrible agony, and it seemed as if the poor man was doomed to find relief only in the grave. As each one of the doctors made an analysis of his case, a different name was given to his disease until it seemed to the patient sufferer that he had fallen heir to every disease known to the medical profession. All food became distasteful to him, and he was only kept from starving by the greatest effort that his life was prolonged. To make the matter still worse, he was unable to sleep, and thus gain strength for another day's battle with the insidious monster that was slowly but surely consuming all his vital forces. For three long months this unequal contest for a life continued, and Mr. Snook's wife and friends were in despair. He had been given the best of care by those who nursed him, and the whole pharmacopoeia of remedies known to ordinary physicians had been exhausted. The sight of Mr. Snook's right eye was entirely gone, and his condition was, indeed, most pitiable.

Mr. Snook is now working hard every day, and states that he considers himself entirely cured of his former disorder, that he could find. Dr. Williams' Pink Pills for Pale People came to him like a strong rope thrown out to a drowning man. "They saved my life and put an end to more awful tortures than I believed it possible for a man to endure and live," said he, "and I bless the day that Dr. Williams' Pink Pills were brought to make a couch rest of my bed of suffering."

About this time some kind friend induced Mr. Snook to try Dr. Williams' Pink Pills. Before he had finished taking one box of the famous remedy he found the first relief he had known for many weeks. His appetite began to improve, and he was able to sleep at night. In a few days he was up and his cheeks began to take on nature's healthy glow. He gained flesh rapidly as he continued to use Pink Pills, while the pain in his head had entirely disappeared. Mr. Snook's long illness had entirely incapacitated him for work, but by the time he had taken the third box of Dr. Williams' Pink Pills he was able to resume his duties. Since that time Mr. Snook has taken six more boxes of the pills, and declares that his recovery is permanent.

The foregoing is but two of many wonderful cures that have been credited to Dr. Williams' Pink Pills for Pale People. Diseases which heretofore have been supposed to be incurable, such as locomotor ataxia and paralysis succumb to this wonderful medicine as readily as the most trifling ailments. In many cases the reported cures have been verified in every possible manner and in no case has the least semblance of fraud been discovered. Their fame has spread to the four corners of the globe, and there is hardly a drug store in this country or abroad where they cannot be found.

"I had suffered so terribly, and was in such a deplorable condition," said Mr. Snook to the *Evening Press* reporter who called on him, "that I consider my recovery as the next thing to a miracle. I would no more be without this wonderful remedy in my house than I would attempt to live in a house without furniture. They act as a tonic, strengthen the digestive organs and add vitality to the whole system. I am only too pleased to tell the glad news to all suffering humanity that they may receive the blessing of a healthy body and a cheerful mind."

## JOSEPH GREGORY'S FUNERAL

Mortal Remains of Noble Benefactor Have Been Consigned to Last Resting Place.

TWO HOUGHTON HOMES LEFT MOTHERLESS YESTERDAY.

Circus Will Show on Mining School Athletic Association Grounds—Other Copper Country News.

All communications intended for this department should be addressed to Horace J. Stevens, Houghton, Mich. Telephone connection.

### LAKE LINDEN.

The funeral of Joseph Gregory took place yesterday morning and the places that knew him so well will know him no more. The funeral ceremonies were held at St. Joseph's church and it was impossible for more than a small number of those who desired to attend to get within the doors, although the church is a spacious one. The funeral procession was undoubtedly the largest ever seen in the copper district and friends of the deceased from all portions of the county and peninsula, as well as a number from abroad, were present. There was genuine, unfeigned sorrow for the loss of the noble man who had gone and every race and creed was represented at the obsequies. The dead man was one who never asked the name or church or nation of those who appealed to him; it was enough that they were in need. His life was a constant benefaction and his memory will be a blessing to be cherished by thousands.

Among the almost numberless instances of good works in the lifetime of Mr. Gregory may be mentioned his acts immediately after the great fire which wiped Lake Linden from the face of the earth in 1887. Gregoryville was untouched by the flames and shelter, clothing and food were freely furnished by him to all who came, and their name was legion. When the embers had died out and the ashes were cool the problem of rebuilding the city was to be faced. It was then that Mr. Gregory told the poor people, many of them without a dollar in the world, that he would furnish them lumber to rebuild their homes, giving them what ever time they required to pay for it; that if they could furnish him security for the lumber bought they might do so, and that if they had no security it would be all the same—to come and get the lumber anyway and rebuild their homes. Tens of thousands of dollars worth of material were furnished by him without a cent of security and much of it has not yet been paid for. It was such acts as these during the twenty-five years Mr. Gregory lived in Lake Linden that caused the city to feel that it had lost its best and truest friend.

### HOUGHTON.

THE MINING JOURNAL has heard many words of praise spoken of John Eddy, the assistant light-keeper at the Menagerie Light house at Isle Royale by the party from this section and Marquette that spent Saturday and Sunday at that place on a fishing excursion. Mr. Eddy handled the sail boat which was used by the party during their stay at the island, taking those who wished to visit them to the various points of interest. There was a fine sailing breeze Sunday and the boat was out with one party or another constantly, and they all say that Eddy handled her beautifully. Not only that, but his services were at all times at the command of the party, and he did much to render the stay of the visitors on the lonely island enjoyable. Mr. Eddy is an old sailor, having spent seventeen years of his life in the merchant marine service on salt water in addition to the time he has sailed on the lakes. What he doesn't know about handling a sailing vessel is hardly worth learning. He is a valuable man for the light-house service, knowing all about the value of lights to navigators and being entirely trustworthy besides. He made friends of every man of the party that went over to Isle Royale from here last week, and if it depended on their vote he would have a light-house of his own, with all the trimmings, in short order.

Mrs. Joseph Wissing died at 3 o'clock Friday morning of catarrh of the stomach. She leaves a husband and five children. Mrs. James Welch, whose husband died a short time ago, has also passed away, the separation from the companion of a life-time proving too great a shock for her feeble vitality.

The Houghton Light infantry and the Calumet Light Guard will leave on the regular train tomorrow morning for the annual encampment at Island Lake. The two companies from the copper district will meet the Ironwood and Marquette companies in the latter city and all will leave at 10 o'clock Sunday evening for the lower peninsula, giving the militiamen practically a whole day in the Queen City.

The village council at Thursday evening's session appropriated \$100 for the firemen who will attend the Ishpeming tournament.

W. J. Evans of Montana is visiting friends in Houghton, this being his only trip to Lake Superior for the past five years. Mrs. Evans is in Chicago, recovering from the effects of a serious but highly successful surgical operation performed there a few days ago and will probably join her husband here.

Little Marie Edwards, the child pianist, will give an entertainment, assisted by her father, who is a pleasing violinist, and local music talent at the Army Opera House next Tuesday evening.

The fair which has been held during the week for the benefit of St. Ignace's church will come to a close this evening, when there will be a concert by the Quincy Excelsior band.

Dr. M. E. Wadsworth of the Mining school is slated to read a paper on "Michigan's Copper Deposits" before the State Bankers' association convention at Detroit Sept. 11.

Miss Frances Hanna, librarian at the Mining school, returned Tuesday from Detroit, where she had spent a month's vacation.

The delegates to the grand lodge meeting of the Sons of Hermann,

which is to be held at Menominee beginning Monday, will leave Sunday morning.

August Krellwitz, Sr. is quite dangerously sick.

Mr. and Mrs. H. M. Wardle will leave this afternoon for Chicago.

Mrs. Gallagher of Baraga is visiting her sister, Mrs. Geo. J. Siefert of West Houghton.

The contracts have been closed and the rental paid for the use of the Mining School Athletic association park by Ringling Bros. circus on Tuesday, Aug. 13th. The contract has been let to J. Candy to remove the fence for the show and put it back again afterward.

HANCOCK. The Hancock baseball team will visit Ontonagon again on Sunday to play the team there. The trip will be made on the steamer Valerie, which will leave the Hancock dock at 7 o'clock tomorrow morning. All persons desiring to make the trip with the club should apply to Charles Goulette, captain of the Hancock team.

Rev. J. E. Reilly will preach at the men's meeting tomorrow afternoon at the Y. M. C. A. building.

Mr. and Mrs. E. L. Wright are in Detroit, the guests of Mr. and Mrs. J. N. Wright.

CALUMET. A rate of \$2 for the round trip will be made from all copper country stations to those who wish to attend the Fremmen's tournament at Ishpeming next week. Tickets will be on sale at all Mining Range, Hancock & Calumet and South Shore stations on Tuesday and Wednesday of next week, good to return up to and including Saturday. Special trains will leave Calumet and Lake Linden at 6 a. m. in the morning, departing from Houghton for the South Shore at 7:15 a. m., and arriving at Ishpeming at 10:30 in the forenoon.

An old-time game of ball will be played here this afternoon between the Hancock and Calumet teams. Renwick and Sody will be the battery of the home team and unless they have lost their cunning a good game may be looked for.

The big hoisting engine at No. 3 Tamarack has resumed business, having been delayed but a few days by the accident of last week which cut the rope. The drum and engine itself were in no wise harmed by the accident.

A special rate of fifty cents for the round trip will be made over the Mineral Range on Monday for those who go to Houghton in the morning to take out their second citizenship papers.

Mr. and Mrs. Charles Hall have returned from their wedding trip and are now comfortably settled in their home on Oak street.

THINK OF THIS. Hood's Sarsaparilla is the only true blood purifier prominently in the public eye today. It cures diseases when all others fail, because it makes pure blood.

HOOD'S PILLS cure jaundice, biliousness, sick headache, constipation and all liver ills.

IT MAY DO AS MUCH FOR YOU. Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back, and also that his bladder was affected. He tried many so called kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all Kidney and Liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. For large bottle, At E. Farham's Drug Store.

BIDS WANTED. Sealed proposals will be received by the First National bank of Lake Linden until 4 o'clock p. m. July 31st, 1895, for proposed alterations and additions to the First National Bank building in Lake Linden. Plans and specifications of the work required may be seen at the bank in Lake Linden, also at the office of Chantton, Gilbert & Demar in Marquette. We reserve the right to reject any and all bids.

DONT Suffer with piles when you can be cured easily, quickly and permanently. Ask your druggist for a box of Gem Pile Treatment, a guaranteed cure. Take the treatment according to directions and you will surely be cured.

THE BUSINESS SITUATION.

Midsummer Halt Now Perceptible Although Volume in Many Lines Still Increases.

PRICES OF IRON PRODUCTS A SHADE HIGHER.

Corn Crop Largest Ever Grown but Wheat Millions of Bushels Short of Regular Harvest.

DUN'S REVIEW OF TRADE.

NEW YORK, Aug. 2.—There is a noticeable halt, which may deceive if attributed to wrong causes. Trade, two months late in the spring, pushed forward into July a large share of the business belonging to April or May.

The corn crop promises to be the largest ever grown. The crop of wheat appears from later accounts perhaps twenty million bushels less than expected a month ago and had the best hopes been realized it would have been more than one hundred millions of bushels short of the full crop.

For the first time since the rise in iron products began there have been some concessions to retain business and the efforts of new works to get orders tend to check the advance.

BRADSTREET'S TRADE REVIEW.

NEW YORK, Aug. 2.—The week presents a large volume of trade in many lines at many points than in weeks before and one year ago.

A BEAR'S NOSE.

One Point of the Animal That is Very Sensitive.

A sportsman's life was once saved by his knowledge of one of the physical peculiarities of the bear. Gen. Hamilton, who tells the story in his "Sport in Southern India," was out on a bear-shooting expedition with a brother officer. The beaters drove the bear from his hiding place, and a shot from the officer threw him on the ground; but he got up with a grunt and made off.

As the bear passed an open bit of ground Gen. Hamilton again fired, but missed, and the beast turned upon him. When he was within a few yards the general gave him the other barrel. As this did not stop him Hamilton started to run, but tripped over a rock and fell flat on his face.

The bear was upon him instantly, and the sportsman, looking over his shoulder, saw into the bear's mouth as the brute made a grab at him. The animal caught him by the thigh and pinned him. Knowing that a bear's nose is very sensitive, Hamilton hit him several hard blows on the nose. The bear, unable to endure the pain, let go, and, before he could get hold again, Hamilton was up the hill.

His companion ran up and killed the bear by a ball through his heart. But the bear's claws had laid open Hamilton's thigh to the bone, and he was in bed for a month.

RAILWAY CONDUCTORS IN DIXIE

A Great Change Noticeable to Travelers from North of the Potomac.

If you travel much in this country you will be struck with the difference in the manners of a railway conductor. At the north and in the west he is as uncommunicative an official as a policeman. He never smiles or relaxes for a moment when on duty. He knows no one in the discharge of his duty, which he goes through with military exactness. On rare occasions, says the Washington Post, he will nod to a commuter, but the nod is not to be taken as any evidence of relaxation of official routine. He is addressed as "Conductor," and seems to have no name beside that. He is a human number, in short. The moment you cross the Potomac everything is different. The conductor is called "Captain," he knows everybody, has something pleasant to say, and is a railway knight errant, ever ready to succor a distressed maiden or an old lady in difficulty. He will stop the train between stations, if he catches sight of an old lady driving down the road, suspected of wishing to board the train, and will help her out of the carriage, bundles and all, and say: "This way, grandma, to the ladies' car," find her a comfortable seat, and inquire about the health of her entire family. Then he jerks the bell for the train to move on. He knows every inmate of every farm or plantation on his run. He calls the respectable-looking old-time darkeys "uncle" and "mammy," and cracks a joke with them about being a runaway couple. The "generals," "judges," "colonels," and "squires" receive particular attention, and are for him when there is any promotion in the company to a man. Often he is an old soldier, and runs up against an old comrade, and then dire threats are made about putting him off the train if he don't "hand out that ticket right away." He will pop down alongside the prettiest girl on the train and commence talking about the next picnic or county fair, always friendly, pleasant, and provincial, but never vulgar, he is a terror to the occasionally tough or drummer who gets noisy or loud, and is not afraid of anything that wears clothes. If there is a washout and a delay he knows where there is good fishing and offers to pilot the passengers to the perch. If there is an accident he has nerve, sense and forethought, and comes out uncommonly strong as an emergency man. He has no cast-iron rules about tickets, providing no fraud is evident, but he is as smart as a whip in detecting the free rider. Take him all in all, he is a dandy as a conductor, and makes more friends for the road in one trip than the other kind do in a year.

CONSCIENCE FUND.

Big Amount Received at Washington from Smugglers and Others.

A unique feature of the treasury department is the conscience fund. Surprising as it may seem, the contributions amount to a considerable sum annually in spite of the fact that most people regard it as perfectly legitimate to beat the government or a railroad company. The greater number of these conscience contributions, says the Washington Star, came from people who have been abroad and smuggled in some dutiable article. Some come from persons who have cheated Uncle Sam in paying internal revenue taxes. Several days ago a dainty little perfumed note was received from Minneapolis stating that the writer had brought over from Paris a number of pairs of gloves for friends upon which she had paid no duty, and that she had discovered that the tax would have been about five dollars, which she inclosed. A letter was received from Pleasant Lake, N. D., inclosing a ten-dollar bill wrapped in a piece of brown paper, upon which was written: "For the conscience fund," with no explanation as to how the government had been defrauded of that amount.

A few years ago a letter was received from an old farmer in Tennessee stating that he had distilled several barrels of whiskey without paying the tax and inclosing a check for fifty dollars. Of course his signature was on the check and he could easily have been identified, but on account of his having made restitution of the amount due the internal revenue bureau it was decided to let the matter drop. The money in most cases, however, is simply put in a plain envelope and addressed to the treasury department. There is no doubt that much money is lost in this way through dishonest postal employees, who readily recognize such letters and know that they contain money. There would be no risk in taking it, as in the case of a registered or even ordinary letter, as the sender would probably never know whether it had been received at the treasury department or not.

A good deal of money is sent to the conscience fund which does not properly belong to the government. Sometimes a man swindles his neighbor, but does not care to acknowledge the fact, and eases his conscience by sending the money to the treasury department.

Thermal Units and Ice Cream.

We have no particular spite against ice cream vendors, but simply quote the following from the British Engineer as an item of curious interest: "A boy eats 3 ounces of ice cream. Now let us see what the approximate thermodynamic equivalent of the work he is forcing upon his stomach amounts to. First, we will assume that it takes him five minutes to eat the icy mixture. In melting the ice he will require 18 thermal units to reduce it to water, and 7 more, or a total of 25 British thermal units, to raise the temperature of the ice water to that of the stomach, when in a natural, healthy state. Taking the mechanical equivalent as 777 foot pounds (it is really a fraction over), the total is equal to 19,425 foot pounds. Thus it may be seen that if the boy weighs 100 pounds, he has called upon his stomach to do as much heat work as would, with a machine having unit efficiency, raise him 194 feet high, or a rate of heat extraction equal to nearly an eighth of a horse power."

BE WELL THIS SUMMER!

Paine's Celery Compound Restores Lost Nervous Energy.

For those many women who have suffered through the in-door life of winter and spring, with tired nerves, sleeplessness, neuralgia, rheumatism, the dyspepsia that is best expressed by the words "no appetite"--for the many worn-out women, many of whom will get no real vacation, but must attend the whole summer long to household duties--for such women there is every need now of a brisker feeding of the reduced blood and nervous tissues by means of the best nutritive agent in the wide world today--Paine's celery compound. After building up the body by the use of this great modern restorative, diseases of the special organs, heart troubles, kidney diseases, dyspepsia and sleeplessness will disappear. Neglect to satisfy the demands of the nervous system by rapid, complete nourishment of all its parts, carries heavy penalties. Paine's celery compound, more effectively than anything else the world has yet known, restores health to men and women whose blood has been robbed of vitality from whatever cause, and whose nerves have lost their healthy tone. Persons suffering from rheumatism, neuralgia, and any of the countless results of loss of nerve power find a marked change for the better almost at once upon faithfully using Paine's celery compound. Mrs. James Arthur, whose portrait is given above, writing from her home in Spokane, Wash., says: "I suffered for three years with neuralgia and rheumatism. I tried different remedies which would give me only temporary relief. Last year in January and through the spring months I suffered terribly. I could walk only a short distance, and some days not at all. But then I began for the first time to use Paine's celery compound. It cured me permanently, and I have not been troubled since! My knees were so bad last year that I could not sit down or get up alone. Now I walk every day, and it causes no stiffness or lameness in the joints." Testimonials from men and women in every state and county and town in the country might be published telling of similar speedy cures. They carry this plain advice to other sufferers: Take Paine's celery compound!

THE NEW RAILWAY DEPOT.

Railway Men Were in Ishpeming Yesterday Inspecting the Site for It.

LINE OF MARCH FOR THE FIREMEN'S PARADE.

Rehearsing "Man and Master"—Tumbled into an Old Well—Died at a Good Old Age.

THE NEW DEPOT.

General Manager William Whitman, Chief Engineer Burt, Assistant Land Commissioner Cleveland and Division Superintendent Linsley, of the Chicago & Northwestern Railway company, were in Ishpeming Thursday afternoon looking over the site for the new depot which the company proposes to build here.

Attorney George W. Hayden, who had considerable to do with inducing the company to put up a new depot here, said yesterday that it is quite important that the city grant the Northwestern the second street crossing; that there was not land enough in that portion of the street, on which to erect such a structure as the company desires to put up.

Mr. Hayden says the depot will be constructed of stone and brick. There will be gravel road-beds about the grounds, which will be ornamented with flowers and shrubbery. The place will be made as attractive as possible. Plans for the depot will be drawn as soon as the city decides whether or not the company can use the crossing.

The Line of March.

Herman Jaedecke, who will act as marshal of the day in the firemen's tournament parade next Wednesday afternoon, has arranged the following line of march: Assembling on the square near the Co-operative store at 2:30 p. m. sharp, the column will be formed and will march north on Main street to Canada; west to Canada to Pine; north on Pine to Barnum; west on Barnum to Lake; north on Lake to Ridge; east on Ridge to Euclid; west on Euclid to Oak; north on Oak to Ely; east on Ely to North Main; south on North Main to Canada; east on Canada to First; south on First to Cleveland avenue; east on Cleveland avenue to Second; south on Second to Division; east on Division to the grand stand, where the succeeding exercises will be held.

The firemen are desirous of having all those living on the streets which the parade will traverse decorate their homes to some extent. In arranging the line of march Mr. Jaedecke has selected a fine route and one which will give the visiting firemen an excellent opportunity to see the more important portion of the city, therefore he will be pleased to have the different places along the line present as attractive an appearance as possible. It is hoped that all will comply with the firemen's wish in this regard.

"Man and Master."

The members of the Catholic Dramatic club of Ishpeming who will produce the comedy drama "Man and Master" at the Convent hall on Wednesday, Thursday and Friday evenings of next week, will have three dress rehearsals of the play prior to putting it on the boards. The ladies and gentlemen taking part in the production have spared no effort to make this play one of the best ever given by the club. A fine equipment of scenery has been provided and the play will doubtless be produced in up-to-date style. The cast of characters is as follows:

- Terry G'Gorman.....M. Navins
James Blake.....P. P. Small
Ernest Vane.....Thomas Jordan
Burt Boyden.....D. J. Siney
Hugh Vane.....J. G. Welsh
Joe Brand.....J. F. La Breche
Bill Jack, the Jailor.....J. F. La Breche
Sheriff Martin.....Neil Dobahoe
Old Mrs. Brand.....Miss Nellie Donahoe
Mable Vane.....Miss Kate Welsh
Kate Brand.....Miss May Schilling

The music will be furnished by the Ionic orchestra, which has been re-organized with additional members since the club's last drama. The orchestra is composed of Mrs. A. G. Schumacher and Timothy Nolan, violins; Mary and Maggie Le Breche, mandolins; Josie Flannigan and Nora Kennedy, guitars; Nora Mullins, Sadie Benedict, Ella Mullins and Jerry Siney, banjos.

The prices of admission will be thirty-five and fifty cents, the latter price for reserved seats. The sale of seats for Wednesday evening will open Monday morning at 9 o'clock at the Kirkwood Pharmacy.

Requested to Leave Town

Britton, the special correspondent of the Detroit Evening News, received last night a pressing invitation from the striking miners to get out of town and stay out and left on the 11:45 train for the west. The strikers were very much incensed against Britton, who they claim has been grossly misrepresenting them in the columns of the sensational sheet by which he is employed. A crowd of two or three hundred men collected and Britton might have been roughly handled had it not been for the cool heads among the leaders of the strikers.

It seems that Britton had two miners at the Nelson House trying to get information as to the proceedings of the strikers in their private meetings. His reports to the Evening News have generally been grossly exaggerated and have been particularly offensive in ascribing to the strikers the intention

of proceeding to all sorts of unlawful acts. The strikers have conducted themselves with absolute observance of good order up to the present and mean to continue in the same course. Hence they were naturally indignant at being described by Britton as actual or possible lawbreakers.

After supper at the Nelson Britton came down street with one of the strikers whom he had induced to come to the hotel. Other strikers called this man away and Britton went into a saloon, where shortly after a committee of the strikers called with a request that he leave the city and avoid trouble. At first he paid no attention and later went to the Western Union telegraph office to send out some messages. Meanwhile the committee mentioned above had called on two prominent leaders of the strike who in turn called on the city marshal and asked him to induce Britton to leave, as the men were so much incensed against him that they (the two leaders) feared they would be unable to prevent some violence being done him if he remained. The marshal and the two leaders escorted Britton back to the hotel and then to the train. Several times the leaders had to exert all their authority and influence to hold back the excited crowd who wanted to get at the unlucky correspondent.

When the train pulled out several of the leaders went out with Britton to see to it that he really left town. Britton can thank these leaders that he was not roughly handled by the crowd and the excitement was such that had they got at him serious consequences might have resulted.

Was Badly Frightened.

A domestic employed at the home of William McGinty fell through some boards covering an old well in the rear of the yard Thursday afternoon. The well had been partially filled in some years ago and is now only about ten feet in depth. She dropped into the opening so suddenly that she did not realize what had happened until she struck the bottom. She was quite badly frightened and began to call for help. The men doing carpenter work on Dr. Vandeventer's house near by heard the girl scream and went to her rescue. She was unable to get out of the hole alone so the men lifted her out. The girl was considerably scared but sustained no serious injury.

Death of an Old Settler.

Trethay Lebeof, a pioneer resident of Ishpeming, died Thursday at the home of his son, Joseph Lebeof, at Frenchtown. He had been ailing for some time past, consequently his death was not unexpected. He was sixty-five years of age and is survived by his wife and several adult children. The funeral will take place this morning at 9 o'clock from St. Joseph's church.

Special Sale of Linens.

NEW AMONG NATIONS.

Facts About the Azores, to Which Portugal Has Granted Autonomy.

Portugal has recognized the American principle of local self-government in granting autonomy to the Azores, and that interesting little community of rather less than three hundred thousand people will soon be legislating for itself, doubtless at Angra, the almost unknown capital of the group. The independent blue flag, with the white hawk and the nine stars, displayed by the islanders of San Miguel when the good news came from Lisbon, contains a sort of brief history of the group. It tells there are nine islands sown thick in the blue midocean, and that the emblematic hawk reminds the world that the name Acor, Portuguese for hawk, was conferred on the islands because of the great number of those birds found there by the navigator sent out from Portugal to take possession of the group. One story of that quest is that Vanderberg, a Dutch merchant, being driven out of his course, chanced upon the islands, and reported them when he touched at Lisbon. Another is that Dom Henry of Portugal, having an old map upon which the islands were laid down, dispatched Gonzalo Velho Cabral to search for them. At any rate, the navigator reached the islands in 1432, the very date ascribed to Vanderberg's adventure, and twelve years later took possession of San Miguel. All the nine islands had been rediscovered by 1457, and colonization soon began.

MAY GET OUT ON PAROLE.

Effort to Obtain Release of Dominic and Edward Hogan from Prison.

RESPONSIBLE MEN GIVE THE NECESSARY GUARANTEES.

Flint's Exhibition of Hypnotic Experiments Amuses and Astonishes Large Audience.

CONDUCT HAS BEEN GOOD.

There is quite a possibility that Dominic and Edward Hogan, now serving a five years term at the branch prison here for their share in the Mineral Range express robbery in the summer of 1893, may shortly be released on parole.

The last legislature passed an act authorizing the governor to prescribe rules for the release on parole of prisoners under less than life sentences and of unexceptionable conduct while in prison.

The Hogan boys seem to have been model prisoners and it is said that no complaint or report has ever been made against them since they entered the gates.

Wonders of Hypnotism. Dr. Flint and his daughter Marina amused and astonished a large audience at the opera house last evening with their exhibition of the marvels of hypnotism.

It was made very clear—more so in fact than by any other set of experiments ever witnessed by the present writer—that concentrated attention on the part of the subject is the first essential to hypnotic suggestion.

The really wonderful part of this performance was the power shown of hypnotic suggestion in keeping the muscles rigid under such a weight. The stone was about 9 by 15 by 30 inches and could not have weighed less than 500 pounds.

Should Substitute Medals.

The committee of arrangements of the Sons of St. George reunion are somewhat in a quandary as to the prizes offered for bicycle races on Aug. 17.

It would seem that the best thing the committee could do under the circumstances would be to pull in the most of the cash prizes and offer medals of

equal value. There are many amateurs and only a few professional riders in this region and the latter should be satisfied with a small part of the events.

Sunday Services.

The Presbyterian, Methodist and Baptist congregations will unite at the Baptist church Sunday evening in a union service in the interest of temperance.

At St. Paul's church there will be holy communion at 7:30 a. m. and a second celebration with sermon at 10:30 a. m.

There will be the usual morning services at the Presbyterian, Methodist and Baptist churches, but none in the evening except at the Baptist, as set forth in the announcement of the union service below.
