PARTY'S PLATFORM HIS.

Harry Heath Gives Out What Purports to Be McKinley's Position on Finance.

WILL TRUST CONVENTION AND STAND BY ITS ACTION.

Ohioan's Mouthpiece Does Not Deny Program Is to Push Tariff to the Front and Considers Protection the One Issue.

PARTY MUST SPEAK FOR HIM.

ST. LOUIS, June 5.—As yet none of the leaders who are to take part in the Republican national convention have arrived. Local politicians say Marcus A. Hanna, leader of the McKinley forces, will reach here next Tuesday and Thomas C. Platt, who has charge of Levi P. Morton's campaign, will come two days later. Harry Heath, formerly managing editor of the Cincinnati Commercial Gazette, who will be chief McKinley spokesman until the arrival of Hanna Tuesday evening has come and is keeping special correspondents supplied with McKinley news. The Republic in the morning will print a lengthy interview with Heath in which it gives what he purports to be McKinley's position on the financial question. It is as follows:

Heath did not attempt to deny that the McKinley program was to force the tariff issue to the front in 1896. "Wall street," said Heath, "has attempted to run every national convention held since I have known anything about national conventions. It will try to run the Republican convention this year and it will, as usual, fail. McKinley is one of those men who does not believe his judgment should be taken against the combined wisdom of his party. Nobody has spoken for him authoritatively on the currency plank, and nobody will be able to do so because he is willing to trust the convention and stand by its decision. The best judgment of the whole party must prevail in the matter."

"There will be not to exceed four states which will insist on an unequivocal declaration for a gold standard. These states are New York, Maine, Massachusetts and probably New Jersey. In the same way there are about half a dozen silver states which will demand a 16 to 1 declaration. In the great majority of the states the one issue in the campaign is protection. You cannot talk the currency question to Republicans in Ohio, Indiana and Illinois. This is a great issue, and whatever the Republican convention adopts as its platform will be McKinley's platform."

Having disposed of the McKinley currency attitude, Heath addressed himself for a few minutes to Thomas C. Platt, with the following result: "Yes, Platt is preparing some kind of a coup. I am informed it is to be sprung either before the national committee or on the floor of the convention. He has served notice repeatedly during the past few days that he would not give up his fight until the nomination was announced. Just what he intends to do is not clearly manifest at this time."

KANSAS TOWNS INUNDED.

Region in Vicinity of Salina Is Visted by a Cloudburst.

SALINA, Kan., June 5.—Gypsum City, a small town seventeen miles southeast of here, was visited by a cloudburst at midnight. The town was flooded and the people were compelled to flee from their houses. The water is running through the main street two feet deep today. Farms along Gypsum creek for miles are covered with water. The feet of water, and the farmers are leaving their houses in boats. At Brookville, eighteen miles west, the water is nearly as bad. The families of Jno. Curtis and a railroad man named Shiek barely escaped drowning. The Smoky Hill river is rapidly rising and inundation is greatly feared in this city.

ABILENE, Kan., June 5.—The lower portion of Abilene was inundated by last night's cloudburst and is in bad shape. The rain was general over the country and the heaviest in years. Crops were badly damaged by hail.

CARS RUN WITHOUT TROUBLE.

Suburban Lines of the Milwaukee Railway Guarded by Deputies.

MILWAUKEE, June 5.—Formal notice was served on the sheriff of Milwaukee county today by the electric railway company that he must protect the company's suburban lines and the men who worked thereon, and if he was unable to do so a call must be made on the governor to order out troops. As a result of this notification the sheriff tonight took a force of fifty deputy sheriffs to Silver City suburb, where the riots occurred last night, and lined the street railway tracks with the officers. The cars were run on that line tonight without disturbance for the first time in five weeks.

FIVE SAW THE CARRIAGE.

Testimony of Cabman Jackson in the Walling Trial Corroborated.

NEWPORT, Ky., June 5.—But for the long cross-examination of witnesses the prosecution in the Walling trial would have rested this evening. It certainly will close its case by noon tomorrow. Five witnesses distributed as many points along the four miles of the route of the cabman, George H. Jackson, who testified he drove the murderers and their victim on the night of Feb. 1, have today given evidence they saw the carriage driven along that road on that night. The road is a lonely one and the sight of a carriage going over it after midnight is

most unusual. Judge Helm today decided to admit the damaging testimony of Edward H. Anthony, given yesterday against Walling and objected to by Walling's attorney.

A CHURCH RITUAL.

FINNISH LUTHERAN SYNOD RECOMMENDS ITS USE TO CONGREGATIONS.

LA CROSSE, Wis., June 5.—At the morning session of the Norwegian Lutheran synod President Korne announced the presence of Rev. Von Rohr, president of the German Wisconsin synod, and Rev. Franck of Evansville, Ind., connected with the German Missouri synod. The Revs. Von Rohr and Franck brought brotherly greetings from their synodical conferences. It was proposed to advise the congregations connected with the synod to take into use a church ritual, which has been under preparation by a committee elected several years ago. The question of permanently adopting this ritual will be decided at the next general synod. The afternoon session was chiefly devoted to a doctrinal discussion on "The Nature and Aim of the Evangelical Lutheran Congregation."

A RECEPTION TO PULITZER.

American Editor the Honored Guest of London Arbitration Societies.

LONDON, June 5.—Representatives of several peace and arbitration societies gave a reception at Morey lodge this afternoon to Joseph Pulitzer, proprietor of the New York World. In addition to the delegates from these societies the company included Cardinal Vaughan, Sir Lewis Morris, Hon. Rev. Carr Glynn, Sir James Reekie, Sir Robert Head Cook, editor of The Daily News, and Henry Watterson, editor of the Louisville Courier Journal. A valedictory address was presented to Mr. Pulitzer. It dwelt at length upon the desire of both nations for permanent arbitration. A number of speeches followed the reading of the address.

FOR VICE PRESIDENT.

Movement to Boom Bradley as a Candidate Will Be Started.

CINCINNATI, June 5.—A special dispatch to the Commercial Gazette from Frankfort, Ky., says: Governor Bradley denies he has withdrawn as a presidential candidate. The special states that a movement will be started for Governor Bradley for vice president. But it can be stated that the announcement of Bradley's withdrawal in the Associated Press dispatches of last Wednesday came directly from the governor through a member of his staff, who gave out the interview that appeared in the Louisville Commercial and also the interpretation of it that was published.

THREE PAPERS INTO RIVER.

Unknown Vandals Wreck the Office of The St. Mary's, Kas. Journal.

WAMEGO, Kas., June 5.—At St. Mary's this morning the press and cases of The Journal, a Democratic semi-weekly, were completely wrecked by persons unknown, who ended their work by throwing all the papers into the river. James Graham, its publisher, recently attacked the license collector for his method of receiving money from saloon keepers and George Welsh, a local character, had threatened to demolish the office. Welsh is under arrest. The names of the others implicated are not known.

THE VOTE IS VERY CLOSE.

Result of the Congressional Elections in Oregon Still in Doubt.

PORTLAND, Ore., June 5.—Tonight the returns show that Vanderburg (Pop.) for congress in the First district, has a plurality of thirty-four over Tongue (Rep.). Complete returns have been received from every county in the district, except Curry, the vote of which has been partially reported. Curry, as far as reported, gives Tongue 100 plurality and the remainder of the vote may wipe out Vanderburg's plurality and give Tongue a plurality in the district. In the Second district Ellis (Rep.) leads Quinn (Pop.) by 227.

The Kloppenburg Brothers Plead Guilty to Bank Robbery.

SPRINGFIELD, Ill., June 5.—Carl Kloppenburg, cashier of the State Bank of Buffalo, who, with his brother Jos. Kloppenburg of this city, robbed the bank a few weeks ago, pleaded guilty today and were sentenced to Chester penitentiary. Carl Kloppenburg was an embezzler and the robbery was committed to hide his crime. The sentences are indefinite, under the new law pertaining to such cases, and are according to behavior.

JACKSON WOULDN'T FIGHT.

Refused to Sign Articles for a \$40,000 Match With Corbett.

NEW YORK, June 5.—J. V. Hildebrandt of Johannesburg, South Africa, according to a cable to a sporting paper, offered to match Peter Jackson against Corbett for \$40,000, the fight to take place under auspices of the National Sporting club in London. American or South Africa. Brady, it appears, accepted the offer on Corbett's behalf, but Jackson refused, giving no reason for doing so.

Duel May Yet Take Place.

MADRID, June 5.—The Campos-Borrero affair continues the sensation of the hour. It is believed the duel will yet occur at the earliest possible occasion. General Borrero has many partisans, and especially among the young officers of the army.

Goes Up a Notch.

NEW YORK, June 5.—D. Robinson, vice president of the Atchison, Topeka & Santa Fe railway, has accepted the presidency of the St. Louis & San Francisco Railway company.

DOWNING LOSES HIS SEAT.

House Elections Committee Figured Out a Plurality of Forty for Rinaker.

ILLINOIS DELEGATION SOLID RE-DELEGATION NOW.

Martin-Lochhart Contest Is Also Decided Against the Democratic Member—Quorum-Breaking Efforts Are Unsuccessful.

FILIBUSTERING TACTICS FAIL.

WASHINGTON, June 5.—In the house today Grosvenor (Rep., O.) called up his resolution requesting the president and cabinet officers to furnish a detailed statement of the removals from office since March, 1893, and the appointments since then, together with the number of ex-soldiers appointed, promoted, reduced or removed. After considerable fencing for political advantage the resolution was adopted—147 to 48.

A resolution declaring Martin (Pop., S. C.) entitled to the seat occupied by Lochhart (Dem.) was agreed to—113 to 5—the chair declining to recognize a point of no quorum. Martin was sworn in. The Rinaker-Downing contested election case, from the Sixteenth Illinois district, recommitted for a recount of the votes, was called up. After some discussion Rinaker (Rep.) was seated and Downing (Dem.) unseated.

TO BREAK THE QUORUM.

As the vote was about to be taken on the contested election case of Martin vs. Lochhart there was a remarkable scene. The Democrats, with the exception of Bailey and a few others, quietly left the hall for the purpose of breaking the quorum. A rising vote resulted 113 to 5. Bailey made a point of no quorum, but Payne, who was in the chair, overruled the point and declared the motion adopted. Bailey attempted to contest and made a formal motion to reconsider and lay on the table, but was overruled in the same manner. He called on the vacant chairs to testify to the absence of a quorum, but to no avail. He then changed his tactics and moved an adjournment. The chair declined to entertain the motion or an appeal from his decision and Martin came forward and took the oath. As the new member walked back Bailey shouted disgustedly, "Call the next case on the docket."

After Mercer (Rep., Neb.) had asked unanimous consent for the consideration of a bill appropriating \$20,000 for the Trans-Mississippi International exposition and Kem (Pop., Neb.) had objected, Moody (Rep., Mass.) called up the contested election case of Rinaker vs. Downing. This is the case which was recommitted two weeks ago, with instructions to the committee to recount the ballots in the district. McMillin (Dem., Tenn.) protested. A decision in the case, he said, had only been reached an hour before and he asked reasonable time for the preparation of the minority report. McMillin declared that the committee had been able to figure out a plurality of forty for Downing. Moody said he was acting under instructions from the committee and admitted he believed Downing to be entitled to the seat and would vote for him.

M'ILLIN CREATES A SCENE.

Much feeling was aroused when Moody demanded the previous question. McMillin had appealed for more time, saying all the minority members of the committee were ill. Grosvenor asked him in view of "the performances of another side" whether he would guarantee a quorum if a delay were granted. "If there is any dirty work to be done in an election case," shouted McMillin, "we can rely on the other side to furnish a quorum." Amid great uproar McMillin ejaculated something further which could not be heard above the din and confusion. Payne ordered McMillin's remarks stricken from the record and when the latter angrily retorted he was being unjustly treated, ordered him to take his seat. The Tennesseean sat down. The previous question was ordered—164 to 57. McMillin moved to recommitt. The motion to recommitt was lost—48 to 164.

A vote was then taken on the resolution declaring Rinaker elected to a seat and it was agreed to—167 to 51. Only three Republicans—Evans (Ky.), Moody (Mass.) and Sherman (N. Y.)—voted with the Democrats against the resolution. Rinaker was escorted to the bar of the house by Representative Cook of Illinois, where the oath was administered to him, and the house adjourned.

OFF FOR ENGLAND.

Yale Boat Crew Given an Ovation at New Haven.

NEW HAVEN, Conn., June 5.—The departure of Yale's crew for Henley tonight was the grandest ovation ever given a Yale athletic team. There were fully twenty-five hundred students in line and as many more friends of students to bring up the rear all marching locked arm in arm, fifteen to twenty abreast. The crew sails from New York tomorrow.

Murderer Windrath Hanged.

CHICAGO, June 5.—Joseph Windrath was hanged this afternoon for the robbery and murder of C. B. Birch, the money receiver at the Armitage avenue station of the West Chicago Street Railway company. Windrath created quite an exciting scene. Manacled, but struggling feebly with the guards, and with incoherent cries he was dragged to the scaffold. Even until the last he feigned insanity. He kept up continual cries.

GOOD TO THEIR PAPERS.

There are two English papers at Sault Ste. Marie, one Democratic and the other Republican, and one would suppose that the rivalry between them would give the city cheap publication of the proceedings of its common council, if no other advantage. But that it doesn't work that way appears from this, taken from the Soo Democrat of Thursday:

For several years past it has been the custom of the party in power to give the opposition paper a certain amount for printing the official council proceedings of this city. It has been argued, and rightfully, too, that all taxpayers have a right to be able to learn of the doings of the city fathers without being compelled to secure a paper not of their political faith in order to do so. The Democrats for six years controlled the council and during that time, with the exception of one year, The News printed the official proceedings, receiving compensation therefor. This spring the Republicans came into power. The members of the council recognizing the right and justice of their predecessors in their treatment of their political organ, last Monday reciprocated by allowing The Democrat \$600 for publishing the proceedings for the ensuing year. While we believe the action taken was one of justice, the courtesy is none the less appreciated and we thank the gentlemen for their consideration.

Now THE MINING JOURNAL has no fault to find with the generosity of the Republican common council at Sault Ste. Marie which voted to give a Democratic paper \$600 for publishing its proceedings for the ensuing year, after having made the Republican paper the official organ of the city and, presumably, contracting to pay it a considerably higher compensation. But we submit a comparison of figures just to show the people of Marquette how fairly the publishers of THE MINING JOURNAL treat this city without being forced to it by competition.

Supposing that the Republican paper at the Soo obtains no more for publication of the council's proceedings than the Republican majority in the council gives the Democratic paper out of pure good will, then the total cost for the service to the city is \$1,200 per annum. But undoubtedly the Republican paper is given a larger compensation than its Democratic competitor receives, so the total is no doubt above that figure.

Under its contract with this city THE MINING JOURNAL received last year for this identical service the sum of \$329.50, although Marquette is a city of considerably more importance than Sault Ste. Marie in size and commercial interests, and naturally would have more of this class of publishing to be done. To put it concisely, it costs the city of Marquette only about one-quarter as much to obtain the publication of its council proceedings in The Daily and Weekly MINING JOURNAL (two publications), without any competition to bring down the price, as it costs the city of Sault Ste. Marie to obtain two publications of the proceedings of its council, although there are two papers published there to compete for the city's work.

Sometimes the people get combination where they expect competition and when they do they are apt to be ridden a trifle hard.

THE PRESIDENT'S PENSION VETOS

There is so much dishonest and viciously unjust criticism of President Cleveland on account of his vetoes of private pension bills that it is encouraging to find as good a Republican paper as the Boston Transcript considering them as fairly as that admirable public journal does in this article discussing some of those recently passed by congress which failed to receive executive approval:

President Cleveland has been severely criticized for his numerous vetoes of private pension bills, and it has been said that it was really too small a business for the chief magistrate of a great nation to expend his time and his energies over a matter so trivial. We are inclined to think, however, that the president has in the course he has taken not only shown himself a conscientious guardian of the public interests, but also that he has proved himself a true friend of the soldier in exposing the indolent, if not criminal, manner in which members of congress secure pensions for persons either utterly unworthy or who have no legitimate demands upon the government. Yesterday the president withheld his approval from three specimen bills. In one of these the would-be beneficiary was at one time the widow of a soldier of the Mexican war, but the latter died in 1856 and in 1861 the woman was again married. It is because of the death of her second husband that congress would restore her to the status of relief of her first husband. The other two vetoes are due to palpable errors in the bills, which rendered them inoperative. The president, in a recent veto of a pension bill, in which a remarried widow sought to resume the pension which she enjoyed before her second marriage, pointed out that the bill placed the government in the character of an insurance company—the payments of its risks were dependent upon the duration of the life of her second husband. Unless congress gives more care to the awarding of pensions and exercises a discriminating benevolence, there must in time come a reaction, from which the deserving veteran will be the sufferer. The man who assists

in the enactment of one of these swindling pension bills insults the deserving soldier and the deserving soldier's widow. He is no friend of the veteran. On the contrary, the true friend of the veteran is he who prevents laws that were enacted for his good from becoming a stench in the nostrils of self-respecting people.

HAS'N'T CHANGED A BIT.

THE MINING JOURNAL is in receipt of this communication from a reader in Houghton county:

Houghton, June 3, 1896. To the Editor:—Having for some months read and earnestly approved THE MINING JOURNAL's support of Mr. Pingree for governor, it is with great surprise that for several weeks past I have seen scarcely a paragraph devoted to his nomination in your weekly edition. Considering the common lack of true patriotism, as shown in the venality of the newspapers, and in most things that touch the public good, I feel sure other readers of THE MINING JOURNAL would like to know if it has suffered a "change of heart" or whether other matters have taken up the space previously allotted to the Pingree movement? One sincerely hopes that this agitation, which eminently is but a protest against corruption and its dangers, has not suffered the loss of so lusty a supporter as THE MINING JOURNAL was some time back. Yours truly, M. H. BURNHAM.

We assure Mr. Burnham that this paper has never wavered in its allegiance to Mr. Pingree, and believes just as much as it ever did that the Republican party should make him its candidate for governor. But it has come to doubt the possibility of his obtaining the Republican nomination. Since reaching that conclusion it has ceased to urge his claims as a Republican on the party to which he has always belonged, considering it useless in view of the evident determination of the party managers to prevent his nomination at any cost. "He is not the kind of a man to suit the party bosses, and as for the people—they are as a rule too busy about caucus time to make their support of much value to a candidate.

THE MINING JOURNAL has nothing to recant in the matter of its support of Pingree's candidacy, and would like very much to see him made the nominee of his party, but it recognizes the inevitable and does not care to waste breath in useless railing. The grim determination of the bosses can be interpreted in but one way. It means, "We will down Pingree or bust."

GREAT as is its admiration for Senator Sawyer, the Marinette Eagle does not think he would make a good run should the Republicans of Wisconsin nominate him for governor. "With him at the head of the state ticket the canvass would have to be a defensive one," it avers. Great Scott! What has Sawyer ever done that the party would have to stand on the defensive if he were its candidate for governor? He got the last legislature to let the ex-estate treasurers against whom judgments had been obtained for money due by them to the state off easily, but what was there wrong about that? He was on the bonds of the ex-treasurers and he owned the legislature, and who could expect that he would not use his power over it to protect his pocket.

COMMON COUNCIL PROCEEDINGS.

OFFICIAL.

A regular meeting of the common council of the city of Marquette was held in the council chamber on Monday, the 1st day of June, A. D., 1896, Mayor Jacobs presiding.

There were present Aldermen Blanchard, Bertrand, Clark, Desjardins, Jacobs, Krieg, Pendill, Robertson, Sherman, Stafford, Tobin, Trethewey, Vandenberg and Ward.

The minutes of the council meetings of April 30, May 4, May 7, May 20 and May 21 were, on motion, approved.

Petition of E. C. Bailey and four others asking that a sidewalk be constructed on the north side of Prospect street between Front and Third streets; granted.

Petition of Israel Ducharme and two others for sidewalk on south side of Prospect street, between Front and Pine street; referred to committee on streets and sewers.

The following communication was received and referred to the committee on finances and taxation, viz:

OFFICE OF THE PARK AND CEMETERY COMMISSION. MARQUETTE, MICH., MAY 30, 1896.

To the Hon. Mayor and Common Council of the City of Marquette: GENTLEMEN:—At a meeting of the park and cemetery commission held this day, the members being present, in conformity to Sec. 32 of chapter 19 of the city charter, the following estimate was made of the probable revenue and amount of money needed for the current year, viz:

Table with 2 columns: Item, Amount. Includes: From sale of cemetery lots and work, probably about \$500.00; For building fence enclosing cemetery grounds not heretofore enclosed, \$500.00; For care of cemetery, 1,500.00; For Presque Isle park improvements and for widening streets and avenues, 3,500.00; For care of cemetery, 1,500.00; For incidental expenses, tools, etc., 500.00; And your commission respectfully asks your honorable body to appropriate the sum of fifty-five hundred dollars for said purposes. Your commission would state that the sum appropriated last year by your honorable body for park and cemetery purposes was \$2,500, but with the greatest care and rigid economy your commission has expended said appropriation. Expended for labor at Presque Isle park the sum of \$2,486.34; And for tools and other expenses, 189.10; And for the care of the cemetery, \$1,373.35; Less the receipts therefrom, 655.06; \$607.19.

Making a total expended during the year for all purposes, \$3,282.63. Leaving a deficiency of \$782.63 for the year.

Your commission desire to widen and improve the roads, drives and walks and to clean up the dead wood and derry brush to save or lessen the danger by fire.

For the purpose of bringing up the subject for discussion, both by the council and the people generally, as well as this commission, we beg to call your attention to copies of communications received from Messrs. Olmsted, Olmsted & Elliot, landscape gardeners of Brooklyn, Mass., hereto attached, which have been received by your commission and placed on file for future consideration. Your commission would respectfully recommend and urge upon the council the necessity and great importance of making the road from Pine street to the Presque Isle park the best one in the county, making it the great drive to business and pleasure driving as well as for bicyclers. All of which is respectfully submitted.

WILLIAM BURTON, Secretary.

The subject of the communication of Olmsted, Olmsted & Elliot in reference to the improvement of Presque Isle park, referred to in the above, was on motion referred to the committee on parks and cemeteries, with instructions to report at the next council meeting.

Communication from financial managers of the Fourth of July celebration committee, requesting the council to appropriate five hundred dollars towards the expenses; presented.

Alderman Vandenberg thereupon moved the adoption of a resolution appropriating the said sum of five hundred dollars for that purpose.

Alderman Pendill moved as a substitute, which was supported, that the matter be laid on the table, which was adopted by the following vote:

Ayes—Aldermen Blanchard, Bertrand, Clark, Jacobs, Krieg, Pendill, Robertson, Sherman, Stafford, Tobin and Trethewey. Nays—Aldermen Vandenberg and Ward.

An ordinance regulating the use of bicycles, tricycles, velocipedes, motorcycles and other similar vehicles on the streets and public ways prepared by the city attorney was presented for adoption, and referred to the committee on ordinances, rules and legislation.

Alderman Sherman moved that the committee on ordinances, rules and legislation be instructed to modify the above mentioned ordinance so as to provide for the right of all persons to use the walks under proper regulations for safety and convenience; supported.

Alderman Desjardins moved as an amendment that the committee be instructed to strike out of the ordinance the clause excepting from its operations children under ten years of age; supported and carried.

The original motion was then adopted.

Alderman Clark presented an ordinance prohibiting children and other persons from jumping on to and off of the street railway cars when in motion, which was on motion referred to the committee on ordinances, rules and legislation.

Attention was called by Alderman Desjardins to the garbage that is being dumped by the side of the Presque Isle road and after discussion it was

Moved by Alderman Desjardins, supported and carried that the health officer be requested to use all diligence to have removed the material dangerous to the public health lying along by the side of the Presque Isle road, in conjunction with the marshal.

Moved by Alderman Sherman, supported and carried, that the marshal be and is hereby instructed to offer a reward of ten dollars for the information that will lead to the conviction of any person found dumping garbage at any other place than the dumping ground.

The committee on salaries and pay rolls reported and Alderman Jacobs offered the following resolution for adoption:

Resolved, That salaries and wages to be paid by the city to its officers and employees beginning May 1, 1896, to be established to stand until discontinued or changed by this council, as follows:

Controller \$1,200 per annum, payable monthly.

City engineer and street commissioner \$1,200 per annum, payable monthly.

Recorder \$800 per annum, payable monthly.

Marshal \$800 per annum, payable monthly.

Policemen each \$55 per month. Attorney \$500 per annum, payable monthly.

Health officer \$250 per annum.

Harbor master \$30, payable at end of term of office.

Janitor of City Hall \$50 per month.

For all common labor employed on streets or elsewhere \$1.50 per day for ten hours labor.

Foundmaster, the fees provided by city ordinance.

Alderman Ward moved, which was supported, that the city pay for common labor \$1.05 for a working day of ten hours and \$1.50 for nine hours, which was lost.

On motion of Alderman Tobin the question of the street commissioner's salary was laid on the table till later in the evening.

The following resolution was on motion of Alderman Sherman adopted:

Resolved, That the services of a city engineer for the present year and that the appointment of Mr. E. E. McIntosh heretofore made to fill the office of city engineer and street commissioner be and the same is hereby confirmed. Provided that the term of said officer as such city engineer and street commissioner shall expire April 15, 1897.

The resolution fixing salaries of city officers and employees was then on motion adopted.

Ayes—Aldermen Blanchard, Bertrand, Clark, Jacobs, Krieg, Pendill, Robertson, Sherman, Stafford and Tobin. Nays—Aldermen Vandenberg and Ward.

The school board presented the following, which was on motion of Alderman Sherman referred to the committee on finance and taxation:

To the Honorable the Mayor and Common Council of the City of Marquette:

You are hereby notified that at a meeting of the board of trustees of school district number one of said city, held on the sixteenth day of May, A. D., 1896, it was, on motion of Peter White, trustee, unanimously voted that the sum of twenty-four thousand six hundred dollars (\$24,600) be and hereby is voted to be raised and assessed on the taxable property of this district for the present year 1896, for the support of school district number one, and that the moderator and director be and hereby are authorized to certify the above amount—twenty-four thousand six hundred dollars (\$24,600)—to the city council of said city to be raised on the taxable property of this district for the present year.

F. M. MOORE, Director. Dated May 16, 1896.

The controller reported and stated that the poundmasters had collected in fines as follows:

John Wanberg, \$1 and Richard G. Holmes \$6.

The street commissioner's report was on motion accepted and adopted.

THERE IN GREAT DEMAND. Graduates of the Mining School—Some of the Good Berths They Fill. The uninitiated stranger, visiting the site of the Michigan Mining school, with its stamp mill, furnaces, machine and woodwork shops, all in active operation, would be excused in inferring that East Houghton was the possessor of an industry employing one hundred or more skilled mechanics. The students are at present taking their practical course in outdoor and shop work. From Dr. M. E. Wadsworth, director, THE MINING JOURNAL is informed that the first year class is working in field surveying, now being engaged in leveling. The second year class is engaged in shop work, metal and wood-working; the third year class is engaged in the stamp mill, at present treating gold ore in ore dressing work. They will treat copper later on. On July 1 the third class will go to Marquette to engage in field geology. All this work is open free to any one qualified to do the practice work, offering a good opportunity to a great many to secure valuable experience. It may be of some interest to the public to know the success attained by some of the graduates of the school, which sent out its first class only eight years ago. It may be remarked, incidentally, that all of its graduates have positions and that there has been a larger demand for men from the Mining school during the past year than the total for the four years preceding. The following are some of the graduates and the positions they hold:

John L. Harris, chief mining engineer, Quincy mine. E. J. Longyear, superintendent Longyear & Bennett Exploring company, Mesaba range. Samuel A. Parnell, superintendent Old Dominion Copper Mining & Smelting company, Globe, Ariz. Joseph B. Seager, general manager Mackolite Fireproofing company, Chicago, Ill. John Hoston, mining engineer, Butte & Boston Mining company, Butte, Mont. Frank Drake, superintendent of mines of the Russian-American Manufacturing company, St. Petersburg, Russia. Linton B. Sutton, mining engineer, Chapin mine, Iron Mountain, Mich. Nathan O. Lawton, chief mining engineer, Aurora Iron Mining company, Bessemer, Mich. A. A. Abbott, civil and mining engineer, Conterville, Cal. Theodore Dengler, consulting mining engineer, Denver, Col. George B. Church, mining engineer, Daly west mine, Park City, Utah. Donald Gillis, assistant superintendent of the W. A. Clark properties, Butte, Mont. M. E. Kirk, electrical engineer, Missouri & Kansas Telephone company, Kansas City, Mo. Alfred B. Colwell, superintendent Goldfield Mining & Milling company, Tin Cup, Col. E. W. Durfee, superintendent concentrating mill, R. E. Lee silver and copper mine, Lordsburg, New Mexico. John A. Elvey, mining engineer, Minnesota mine, Soudan. John A. Knight, chemist, Illinois Steel company, Chicago, Ill. T. W. Ritzky, assistant mining engineer, Calumet & Hecla Mining company, Calumet. William Wraith, mining engineer for the Canon City Coal company, Rockvale, Col. Fred B. Close, civil engineer for the Chicago Heights Lumber association. H. H. Dyer, chief mining engineer, Old Dominion Mining & Smelting company, Globe, Arizona. W. J. Croze, superintendent Magnolia Mining company, Cripple Creek, Col. Henry H. Holbert, mining engineer, Low Moor mine, Low Moor, Va. Wm. L. Honnold, assistant superintendent Mahoning Ore company, Hibbing, Minn. E. V. Palmer, superintendent Tenderfoot Hill Tunnel Gold Mining & Milling company, Denver, Col. D. D. Scott, manager Shores Mining company, Iron Belt, Wis. A. E. Seaman, assistant professor mineralogy and geology, Michigan Mining school. Wm. E. Upham, mining engineer, Kansas City Smelting & Refining company, Coahuila, Mexico. J. L. Tower, mining engineer, Cooks, Inlet, Alaska. J. F. Orr, mining engineer, El Conchero, Mexico. J. D. Watson, assistant engineer, Tamarrack and Osceola mines, Michigan.

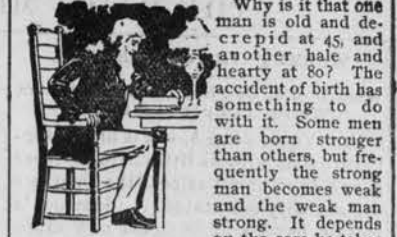

Owing to the adoption of the elective system by the Mining school it is found that the work during the past year has proceeded with less friction than ever before; and the students have shown a much greater interest and enthusiasm. Not on one of the faculty or of the students desire to return to the old system of required courses. In adopting this system the Mining school has become a pioneer in engineering education, and its work is looked upon with interest by all the engineering schools in the country.

Why is it that one man is old and decrepid at 45, and another hale and hearty at 80? The accident of birth has something to do with it. Some men are born stronger than others, but frequently the strong man becomes weak and the weak man strong. It depends on the care he takes of himself. When the man who runs an engine hears an unusual sound about it, he stops immediately and looks it up. If he finds a little looseness, or a little crack, it is remedied immediately. If it isn't, there will come a break, presently—a break that will wreck the engine. Likely as not, this same man will totally ignore the call for help from some one of his own organs. He will let the trouble grow and grow until it lays him out in bed. If he keeps on working with a damaged body, he will wear it out. The strain on his nerves will tell on his constitution. He will not be hearty when he is old. The chances are he never will be old at all. Dr. Pierce's Golden Medical Discovery restores health. It is not only a cure for disease, it is a preventive. Whenever a man feels that he is not quite as well as he ought to be, whenever he is listless, without energy and without vitality, whenever he finds that he is losing weight and that his ordinary work gives him undue fatigue, he needs the "Golden Medical Discovery." No matter how his trouble shows itself, this wonderful remedy will cure him. We say it is wonderful because of its wonderful results, and not because there is anything supernatural about it—not because it does anything that is unexpected, or anything which a discoverer did not mean it to do. That it cures many different so-called diseases is the most natural thing in the world when you understand that nearly all diseases spring from the same thing—bad digestion and consequent impure blood. The "Discovery" makes the appetite good, the digestion strong, assimilation easy, and the blood rich and pure. No disease of the blood can withstand its action.

Learn more about it from Dr. Pierce's Wonderful Medical Adviser, 208 pages, complete illustrated, which will be sent free on receipt of twenty-one (21) one-cent stamps to cover cost of mailing only. Address, World's Dispensary Medical Association, Buffalo, N. Y.

Lobster Newberg. Take the meat of a two-pound lobster and cut it into small pieces; melt two tablespoonfuls of butter in a chafing dish or frying pan, add the lobster and cook for five minutes; add one tablespoonful of brandy and one of sherry; cook for three minutes, stirring often. Have ready the yolks of two eggs, beaten with one-half cup of cream; pour this over the lobster, cook two minutes, stirring constantly to prevent curdling; serve very hot. This recipe makes enough for four persons. Season with salt, pepper and nutmeg.—Good Housekeeping.

Floral Shoulder Straps. Flowers on ball dresses are "correct," but they are, so far, only used as shoulder straps, and generally in a combination of colors. Thus white and mauve violets and roses, wall-flower and narcissus are very happy, if, be it well understood, the flowers are of the very best quality; otherwise it is preferable to make your shoulder straps of full micro velvet, finished off with a chou, as there is nothing more satisfactory than common flowers.—Philadelphia Record.

True, True. "Apparently there is no use for horses in these days of electric cars, bicycles and horseless carriages," remarked C. Swilligen. "Oh, that's not so," replied Squidgig. "Since they commenced to slaughter horses and can them for food we can still have them in our midst."—Pittsburgh Chronicle-Telegraph.

Your Boy Won't Live a Month. So Mr. Gilman Brown, of 34 Mill St., South Gardner, Mass., was told by the doctors. His son had lung trouble, following Typhoid Malaria, and he spent three hundred and seventy-five dollars with doctors, who finally gave him up, saying: "Your boy won't live a month." He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work perfectly well again. He says he owes his present good health to the use of Dr. King's New Discovery, and knows it to be the best in the world for lung trouble. Trial Bottles Free at E. Farnham's drug store.

The Senate Discusses Behind Closed Doors the Cases of the Competitor Prisoners.

MORGAN WANTS INFORMATION FROM THE PRESIDENT

And His Resolution Goes on Calendar Resolution Providing for Final Adjudgment Next Monday Is Introduced—Palmer Defies Machine.

CUBAN QUESTION UP AGAIN.

WASHINGTON, June 5.—In the senate Morgan (Dem., Ala.) asked for action on his resolution requesting the president to furnish information as to the condemnation to death of United States citizens in Cuba and whether any demand had been made for their release.

The doors reopened, immigration bill was taken up and made unfinished business. It was soon laid aside. Mitchell spoke on his resolution for the election of senators by vote of the people.

"On these issues, I have the misfortune to differ with the machine of my state," declared Palmer. "A machine has control of Illinois; the machine has control of other states; the machine is against me—but I defy the machine."

At Mitchell's request the second Monday in December next was fixed for consideration of the subject. The feeling for adjournment was indicated by the introduction of a resolution by Aldrich fixing Monday next at 2 o'clock as the time for adjournment.

WASHINGTON, June 5.—The discussion in the senate behind closed doors today was devoted entirely to the Cuban question and a greater part of the time was consumed by Morgan. Sherman and Lodge made brief explanations of their visit to the White House and their conference with the president.

Morgan's remarks were upon the lines he had followed in the open senate. He said that entirely too much confidence was reposed in the executive in this matter, that whatever done should be done with the concurrence and that for congress to adjourn without taking any action for the protection of our people in Cuba would be to shrink a most solemn duty.

WEEKLY TRADE RESUME.

What Dun & Co. See in the Situation Worthy of Special Mention.

New York, June 5.—It is highly suggestive that with as little help as there is now from new business the markets are so nearly maintained. Summer is close at hand, and with the new crops promising well and the old stocks large it is no wonder that farm products are cheap.

The decline in wheat and cotton has helped in marketing the surplus. Estimates entitled to most confidence point to a probable yield of five hundred million bushels of wheat, which, with the stock carried over, will clear away any danger of oppressive charges for breadstuffs.

The failures in the United States for the week were 234 against 195 for the same week of last year.

NEW YORK, June 5.—A statement compiled by Bradstreet's shows the total bank clearings of the principal cities of the United States the past week were \$977,548,078, a decrease of 14.5 per cent. as compared with the corresponding week of last year.

WILL FAIL IN THE HOUSE.

Chairman Dingley Presents an Adverse Report on the Prohibitory Bond Bill.

OBJECTIONS OF THE COMMITTEE ARE SET FORTH.

Measure Would Result in Repudiation by the Government, Depreciation of Currency and Greatest Panic in Country's History.

SIGNED BY THIRTEEN MEMBERS.

WASHINGTON, June 5.—Chairman Dingley of the house ways and means committee today reported to the house on the senate resolution to prohibit the issue of bonds without authority from congress.

"It is not proposed by the senate bill to repeal so much of the resumption act as authorizes the secretary of the treasury to borrow coin to maintain the redemption fund, yet this is legal.

"To propose this where there is, and has been for three years, a large deficiency in the revenue inevitably raises the inquiry whether it is not the deliberate purpose of the promoters of this bill to plunge the government into repudiation and depreciate greenbacks.

After referring to the house bills for a popular loan and for revenue, the report continues: "Instead of concurring in these two bills the senate refused to provide the needed revenue or authorize the issue of temporary certificates of indebtedness, thus practically endorsing the secretary's course, inasmuch as in the absence of both revenue and authority to borrow to meet the deficiency the only resource open to the secretary is the use of redeemed United States legal tender notes."

"The senate bill practically takes away from the secretary the power to borrow either gold or silver to maintain the coin redemption fund. In the face of the fact that the government owns only two hundred and eighty-seven million silver dollars and a little over \$100,000,000 in gold than can be used for redemption purposes, which fund would disappear in a brief period if it should be understood the power to borrow in an emergency had been abrogated, the inevitable results of such a reckless course would be repudiation by the government, a depreciation of currency and such a panic in the country as it has never before experienced."

EMANUEL CHURCH CROWDED.

Opening Session of Swedish Lutheran Augustana Synod at Omaha. OMAHA, June 5.—The seating capacity of Emanuel Swedish Lutheran church was tested to its fullest capacity today. The occasion was the opening of the ceremonies connected with the thirty-seventh annual meeting of the Augustana synod of the Swedish Lutheran church.

The officers of Augustana college at Rock Island made a report showing the progress and condition of that institution. There was no session in the afternoon, as the minister in charge, yet finished his work, but tonight three users who have served several years at Emanuel hospital in this city were ordained as deaconesses. The treasurer of Augustana college reported he had handled \$69,649 during the year; that the present worth of the college property over and above all indebtedness was \$195,739 and the receipts for the year \$2,800 more than for the previous year.

PARALYSIS MAY BE CURED

A Case in Point, Carefully Verified by a Careful Paper.

Paralysis is Often Only Nerve Starvation and This is True of Neuralgia and Sciatic Rheumatism.

From the Courier-Herald, Saginaw, Mich.

Among all of the ills that human flesh is heir to, none are more terrible than those lingering diseases that fasten themselves upon the victim and give daily evidences of the ravages that they are effecting. Some of them are not accompanied by physical pain, but the sure and visible progress of the disease unwearies the sufferer, who lies with a sword of Damocles suspended over him, powerless to stay the hand of death, and watching in mental agony the end of the unequal contest.

Of this nature is creeping paralysis, that gradually enfolds the victim in its clutches, and renders him more and more helpless from day to day. A case of this character and its speedy cure, recently came under the observation of a *Courier-Herald* representative while at the village of Markel, Tuscola County, Michigan. Mr. J. E. Hallenbeck, a leading farmer there, was the speaker, and as Mr. Hallenbeck was telling the story of his own case, we give it in his own words. To our representative he said: "About three years ago diphtheria raged in my family. I lost one child, and was myself stricken down with it."

"After a few weeks' illness, I was able to be out again and attended to the work on my farm; but in a short time, as a result of my illness, neuralgia attacked my lower limbs and soon reached up into my arms, rendering me entirely helpless. The advances of the disease were such that I saw in a short time I would be entirely paralyzed. I sought the best medical attendance, but it was of no use. Finally I was taken to St. Mary's hospital at Detroit, Mich., where I had the best of nursing and all that medical science could render. I remained there for two weeks, but got no better, and was taken back to my home."

"Here, a neighbor who had taken great interest in my case insisted that I should try Dr. Williams' Pink Pills for Pale People as he had used them himself with perfect success for a similar illness. I had little faith in Pink Pills. However, I got a box and continued taking them. At the end of the third box my condition was wonderfully improved, and within six weeks I was so well that I was again able to attend to my work on my farm. All traces of the paralysis had disappeared, and I have had no return of the trouble."

"Dr. Williams' Pink Pills acted in my case in a wonderful manner, and quickly, and to them I ascribe my relief from paralysis and its attendant ills. During my illness I suffered no physical pain, but was in mental agony as the disease progressed from day to day, and its progress was clearly marked by my perceptibly increasing helplessness. In all I took eight boxes of Pink Pills, and since I took them I have been well and strong, and able to do the hard work required on my eighty-acre farm. I now keep a box of Pink Pills on hand to use in case I feel as ill again, and do not fear a recurrence of my troubles as long as I have them in the house."

"As he concluded, Mrs. Hallenbeck added that she cordially increased all the her husband had said in favor of Pink Pills, and that she had herself used them with perfect success in a case of liver trouble. She was well pleased with them, and the mild, easy and simple way in which they operated."

While in Markel, Tuscola County, a few days ago a *Courier-Herald* representative heard of the case of Mrs. Levi Jerome who had been an invalid for many years and

how she had been restored to health, strength and happiness, by the use of a remarkable medicine that has performed many wonderful cures, where many other remedies and skilled medical attendance had been unavailing. Calling upon her at her cozy home he found a tall, handsome woman, whose clear complexion and lithe, active form gave no evidence of previous suffering. Asked in regard to her case, Mrs. Jerome told the story of her illness as follows: "For about fifteen years I was troubled with rheumatism and my condition finally became so bad that the only way I could get around the house at times was by pushing a chair in front of me. I suffered a great deal and tried various remedies, but they did not give me any relief. Finally, after reading many accounts of the wonderful cures effected by Dr. Williams' Pink Pills for Pale People, about two years ago I determined to try them and before I had been confined to the house, a box of these pills when I began to get better, and in a short time I was so well that I went with my husband to the World's Fair at Chicago. I had read with great interest of the grand preparations there and had yearned for the pleasure of seeing the wonderful sights. You can readily imagine what a change has been effected in my condition to allow of such a fatiguing journey. A short time before I had been confined to the house, a helpless invalid, but I was then, after using six boxes of Dr. Williams' Pink Pills, able to enjoy all the pleasures of a trip to Chicago and the World's Fair, with all its attendant exertions and fatigue. From the day that I began to use these pills, my condition steadily improved, and I am now entirely cured of my ailment of fifteen years' standing. How did I feel after my return from that trip? Why, I felt as well as ever, and all of the jaunting and sight-seeing, the hurry and bustle, had no ill effects on me. I cannot tell the wonderful amount of good that Pink Pills have been to me, and whenever I see any of my friends suffering from rheumatism or other blood or nerve troubles, I always advise them to use Dr. Williams' Pink Pills. I am always ready to let all others know how I suffered and how my sufferings were cured. Pink Pills are a grand remedy for troubles such as I had, and now I readily believe all the good things that I hear said of them, and the many cures that are reported following the use of Pink Pills. They are a wonderful remedy and should be used in many troubles."

This and much more did Mrs. Jerome say, to show how highly she esteemed Dr. Williams' Pink Pills. She was grateful for a remedy that had so speedily and happily ended her years of suffering. To her earnest words Mr. Jerome also added his testimony to the benefit that followed his wife's use of Pink Pills, and added that he had himself used them with great benefit. Dr. Williams' Pink Pills contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatic, neuralgia, rheumatism, nervous headache, and after effect of the grippe, palpitation of the heart, pale and sallow complexions, all forms of weakness either in male or female. Pink Pills are sold by all dealers, or will be sent post paid on receipt of price, 50 cents a box or six boxes for \$2.50 (they are never sold in bulk or by the 100), by addressing Dr. Williams' Medicine Company, Schenectady, N. Y.

OLD SOLDIERS ARE GRATEFUL.

Extend Thanks to Those Who Aided in Memorial Day Exercises.

T. M. Day, adjutant of the Charles H. Towne post, G. A. R., expresses the heartfelt thanks of the members of the post to all who assisted in the Memorial Day exercises, in the following communication:

Memorial Day, with its sacred associations and hallowed memories, has come and gone and the members of the Charles H. Towne post, G. A. R., wish in a short testimonial to express their thanks, heartfelt and profound, for the tribute of respect to them and to the memory of their comrades so beautifully demonstrated in the large turnout of last Saturday. It was not a celebration of hilarity and jollity, but a subdued and sympathetic appreciation of the real sentiment of the day. We are grateful for the degree of patriotism so manifest in the observance of the day by our townsmen, to the merchants for closing the doors of their stores during the hours of the exercises of decoration and tribute, to the various societies who marched with us to the cemetery, to the High School Glee club and to the Rev. Mr. Allen for his timely and appropriate remarks.

We thank you one and all for the tribute to the fallen heroes, our comrades, "the Boys in Blue," for your testimonial of loyalty to the cause for which they gave their lives and earned for us the peace of the present.

We desire also to thank those who have contributed of their means to the needs of our country.

We trust that the day with its sacred scenes and words of loyalty has succeeded in teaching us all a lesson of patriotism, an intense love for that country, which in its peace no less than in its war stands for liberty to all--a liberty which shall be ours so long as we are loyal to its flag, loyal to its laws, and loyal to its institutions.

ISHPEMING MAY CELEBRATE.

Question of a Fourth of July "Blowout" Being Vigorously Agitated.

A number of the business men of Ishpeming are desirous of holding a celebration here on the Fourth. It is thought that in view of the fact that Independence Day has not been celebrated here in several years a most interesting program could be arranged for a "blowout" this year. Some of the business men have stated that they would contribute liberally for a celebration in case definite arrangements for one are made. The Business Men's association will doubtless hold a meeting the coming week to appoint a committee to confer with the committee from the city council regarding the matter.

An Enjoyable Meeting.

The public meeting held Thursday evening in the Red Men's hall, under auspices of Sir Humphrey lodge, Sons of St. George, drew out an unusually large attendance--in fact, standing room was at a premium. The program consisted of the installation of officers and the presentation of past presidents' badges by Grand President James Trebilcock. There was also musical selection, and George Tucker addressed the assembly in the interest of the order. The ladies who served the refreshments disposed of fifty quarts of ice cream and they could have sold more if it were available. A number who did not attend the entertainment called in for cream.

Mr. Jones' Offer Accepted.

The board of public works held a meeting yesterday, at which it was agreed to pay John Jones \$3.25 per day for the use of his street sprinkler. This includes the team and driver. An accurate account of the time employed will be kept by the board and only the time worked will be paid for. The citizens generally will be pleased to learn that there will be no more difficulty on account of the sprinkling, as the work will now be done whenever necessary.

Fresh Stock Today.

Sellwood & Co. will have a fresh stock of fruits and vegetables today. The firm ordered a very large assortment, and all who call will be supplied. Their trade in the fruit and vegetable line is increasing steadily. A very unique display of bottled goods was arranged in the window of the grocery department yesterday. A fine assortment of soft drinks, such as ginger ale, root beer, etc., has just been added, and the window display is made up of these.

Salvation Army Jubilee Tonight.

There will be a grand jubilee at the local Salvation Army hall this evening. Captain and Mrs. Turner, old officers of the corps, will be present and Captain Johnson, who is stationed at the Grand Forks mine, will also be on hand. The Army band will play several selections and a general good time is promised. On Sunday Captain and Mrs. Johnson, who have been here during the past month or more, will be given a farewell meeting by the local corps.

A Hint to Cyclists.

The wheelmen, and wheelwomen also, of the city would do well to always keep to the right side of the road in passing another rider or vehicle. If this rule was observed by all riders there would not be as many collisions in the future as have been reported among the cyclists during the past few days.

Presbyterian Church Services.

"Some Thoughts on the Primary Precepts of a Great Kingdom" will be the theme at the Presbyterian church tomorrow morning. In the evening Mrs. Dr. Mary Wood-Allen will speak on the subject, "Beatific Visions."

How the Accident Happened.

Captain Jacob Harper of the Dexter mine was in the city yesterday. He says Matti Juntilla, who was injured at the mine Wednesday, was not hurt by falling ground, as at first supposed. He was walking up the side of a pile of loose ore, when he slipped and fell

backward, sustaining injuries to his back. Captain Harper says no person has ever been seriously hurt in the Dexter, either by fall of ground or otherwise.

No Tears, Nothing But Smiles.

Not to know Mattie Vickers is to declare yourself out of the field of amusement-seekers, for no entertainer on our stage is better or more favorably known than this bright little ray of dancing, singing, jollity, who comes to us next Wednesday in an revived edition of that always merry play "Jacqueline." Get your tickets early for the laughing event.

ISHPEMING IN BRIEF.

C. F. Sundstrom was down from Michigan yesterday.

P. F. O'Donnell of Marquette did business in the city yesterday.

The exterior of the Presbyterian church is being repainted.

The lawn surrounding Grace Episcopal church is being put in better shape.

Several persons from points up the line attended the cantata given here last evening by the pupils of the high school.

The attendance at the cantata, "Snow White and the Seven Dwarfs," last evening at the high school was unusually large. About 800 tickets were sold in advance by the school children.

The Beach & Bowers Minstrel company spent yesterday in Ishpeming, they having had no date to fill last night. They leave this morning for Escanaba, where they will fill a second engagement tonight.

Will Bigelow, vice president of the First National bank of Milwaukee, and son are expected here today on a visit to Mr. and Mrs. A. W. Myers. Mr. Bigelow will return home within a few days, but his son will remain here some time.

Free Pills.

Send your address to H. E. Bucklen & Co., Chicago, and get a free sample box of Dr. King's New Life Pills. A trial will convince you of their merit. These pills are easy in action and are particularly effective in the cure of constipation and sick headache. For malaria and liver troubles they have been proved invaluable. They are guaranteed to be perfectly free from every deleterious substance and to be purely vegetable. They do not weaken by their action, but by giving tone to stomach and bowels greatly invigorate the system. Regular size, twenty-five cents per box. Sold by E. Farnham, druggist.

If it required an annual outlay of \$100.00 to insure a family against any serious consequences from an attack of bowel complaint during the year there are many who would feel it their duty to pay it; that they could not afford to risk their lives, and those of their family for such an amount. Any one can get this insurance for 35 cents, that being the price of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. In almost every neighborhood some one has died from an attack of bowel complaint, before medicine could be procured or a physician summoned. One or two doses of the remedy will cure any ordinary case. It never fails. Can you afford to take the risk for so small an amount? For sale by the H. H. Stafford Co.

ANCESTRAL ORDERS.

About Fifty Genealogical Organizations in the United States.

Societies Formed of the Lineal Descendants of the First Americans--Their Numbers Constantly Increasing.

Within the last year or two there has been a great rousing of interest in the subject of American genealogy. Those families whose ancestors were among the early settlers of New England and Virginia and the New Netherlands have been especially industrious in searching ancient records and establishing an American lineage of six, seven, eight, and in some cases, nine, or even ten generations, though the latter are very rare in this time. The present living descendants of the first settlers of New England, Virginia and New Netherlands are mainly of the eighth generation.

The last year or two also has seen the organization of numerous societies requiring certain ancestral qualifications for membership. Whether or not the fresh interest in genealogy suggested them, or the ambition to join them prompted research among family records, is a difficult matter to determine. At any rate, the societies seem to be increasing in number continually. The oldest of them all is the Society of the Cincinnati, which was founded by the officers of the revolutionary army, after the peace of 1783. Membership in the society is limited to the eldest male posterity of the officers who first formed the organization, and in case of the extinction of the direct line, to the next in order of descent, if, in the judgment of the society, he proves worthy of the honor.

Counting the old and the more recent ancestral organizations, there are now about 50 in the country. Some are for men, some for women, and some even for children. The Society of Mayflower Descendants was formed by lineal descendants of the band of Pilgrims who landed on Plymouth Rock in December, 1620. The Holland Society of New York is similar. No one is eligible to membership in it except a descendant in the direct male line of a Dutchman who was a resident of Manhattan or the neighboring colonies prior to 1675. Other organizations like these are the Colonial Society of Massachusetts and the Netherlands Society of Philadelphia. One of the exclusive societies is the Order of Founders and Patriots, 1607-1637. Any man may join this order who is 21 years of age, or over, a lineal descendant in the male line of either parent from an ancestor who settled in any of the eight original colonies from the settlement of Jamestown, May 13, 1607, to May 13, 1637, inclusive, and whose intermediate ancestors, during the war of the revolution, sided with the colonies against the mother country, actively or in sympathy and contributions of funds.

Then there is a Society of Colonial Wars, members of which are restricted to persons who are direct descendants in the male or female line from an ancestor who served as a military or naval officer or was in the ranks under authority of the colonies in any of the wars against savages or foreign powers. Membership is probably confined to men, for the National Society of the Colonial Dames of America and the Society of the Colonial Dames of America provide for women with pedigrees. While their names are so nearly identical as to be confusing, there are differences in the qualifications which entitle one to membership in them. The National society is composed entirely of "women who are descended in their own right from some ancestor of worthy life who came to reside in an American colony prior to 1750, which ancestor, or some one of his descendants, being a lineal ascendant of the applicant, shall have rendered efficient service to his country during the colonial period, either in the founding of a commonwealth or of an institution which has survived and developed into importance, or who shall have held an important position in the colonial government, and who by distinguished services shall have contributed to the founding of this great and powerful nation. Services rendered after 1753 are not recognized." This society is divided into state societies, which decide upon the eligibility of a candidate for membership. The other women's society requires that the original American ancestor of a member shall have been "efficient in the service of the country, either in the founding of a town or a commonwealth that has survived and developed into importance, or who held an important position in the colonial government, or who as a statesman or officer contributed to the achievement of American independence, through which was created a great and powerful nation." And he must have come to America prior to 1776.

The Colonial Order of the Acorn and the Colonial society are not so exclusive. If one had any forefathers or foremothers in the good old times he is pretty sure to be eligible. The societies based upon an ancestry which buckled on the armor in the revolution or the war of 1812 are almost legion in number. There are Daughters of the American Revolution, Daughters of the Sons of the Revolution, and Society of Sons of the American Revolution. It is probable that even the most exclusive of these orders count as members but a handful of men and women who are eligible. The lineal descendants of the Pilgrims must now be like the sands of the seashore for multitude, and one need only look through the several genealogical registers and magazines to get an idea of the hosts hidden away in cities, in lonely country places, and in the uttermost parts of the earth, who might, if they chose, join these ancestral orders.--Buffalo Courier.

It was known that the condition of women labor in the Austrian capital was wretched enough, but I question if the best informed ever credited that so appallingly low depth of misery had been reached as that revealed in a semi-official report of a commissioner of inquiry just published.

Great sensation was experienced by the commissioners when the conditions of living were inquired into. One expert said that, as a rule, out of 6 shillings 6 pence weekly wage 1 shilling 8 pence was paid for lodging.

The workshops are often underground. "Damp, evil-smelling and dark" is the condition of many. In one, where gas is burned all day long, the workers have to shade their eyes when they come into daylight again.

BOTH BOATS ARE SOLD.

Released Schooners Kent and Moonlight Find a Purchaser in J. C. Gilchrist.

DIRECTORATE UNCHANGED AT D. S. S. & A. ANNUAL MEETING.

Fizzy Says His Incarceration Will be an Expensive Thing for the State. Land Dispute Decided After Six Years.

BOTH VESSELS SOLD.

Captain Hursley's wrecking venture on Chocoley beach has reached a successful culmination in the sale of the released schooners Kent and Moonlight. Yesterday news of the transfer to J. C. Gilchrist, the well-known vessel owner, reached this city and was the cause of many pleased expressions among the captain's friends here.

The figure that the boats were sold for is not known, but the day the Moonlight, the last boat, was towed into the harbor the captain told parties in Marquette that he could get \$12,000 for the Moonlight and had been offered \$6,000 for the Kent.

The price offered for the latter boat alone, he claimed more than paid his wrecking expenses. Later in the same conversation he said that the cost of getting both boats off did not exceed \$4,500. As is well known the captain is in good financial condition and able to hold the craft unless offered a fair price for them. He announced that it was his intention to do this and operate the boats himself unless the sum he should be bid would leave him a reasonable profit. Mr. Gilchrist is known to have been negotiating for the boats ever since their release. The Moonlight was built in 1874 and cost \$73,000; it has been well kept up and partially rebuilt since that time. The Kent was built one year earlier and is a cheaper boat. It is not in as good condition and received greater injuries in going ashore than the Moonlight.

Already the Moonlight is out of dry dock, as besides caulking the repairs were very slight. Work is now being done on the Kent and it is asserted both boats will be ready for sea in two weeks though the Kent is to have a rebuild. They will probably re-enter the ore and coal trade. Mr. Gilchrist is also having the old steamer V. Swain rebuilt, though whether or not with the intention of having her tow his new properties is unknown.

Fizzy is Dizzy.

Nicholas Fizzy was released from the penitentiary yesterday morning. Fizzy belongs in the copper country and was sent up ten months ago for attempting to secure money under false pretenses. During the few hours since his release he has spent most of his time telling what he is going to make it cost the state for his incarceration. He thinks his time and service as a convict laborer are worth about \$100 a day. Fizzy alleges false imprisonment, and says he was sent up for five years, but that the authorities found that he was not guilty of the crime on which he was convicted and released him. Warden Van Evera, he says, told him that it was a mistake to put him in prison and that it ought never to have been done.

Fizzy seems to be a little mixed on his facts, though, and the warden charitably suggests that he may have been celebrating his release, and not strictly accountable for all he says. The commitment shows that he was sent up for a year only, not for five, and the warden declares that he was not released a single day before his sentence, less good time, had expired. Of course Mr. Van Evera denies the speech that Fizzy credits him with.

Gets a Medal.

The Duluth South and Atlantic railway has just received a medal, awarded it by the judges at the World's fair, for a miniature ore dock exhibited there. The medal is of handsome bronze and came in an aluminum case with purple plush padding. On the front side is a picture of Columbus, one foot in the water and the other on a rock, claiming the virgin continent for his sovereigns. The reverse side of the medal has a plate with the inscription, "World's Columbian Exposition in commemoration of the Four Hundredth anniversary of the landing of Columbus. To Duluth South Shore and Atlantic Railway Co." Below the plate is the hull and lower masts of a caravel, and on the top recline two female heralds. At either side is a torch. Like the rest of John Boyd Thatcher's awards it has been "a little delayed in the mails" but it is none the less merited on that account. The medal is on exhibition at Conklin's.

After Years of Waiting.

Hoke Smith, secretary of the Interior, has just rendered a decision in a case that has been pending in the local land office for six years. It was over the possession of 160 acres of land in Ontonagon county.

The case is that of Donald Maginnis vs. John C. McAlpin and Robt. Cottles. Mr. Smith denied a petition for a review of the case and awarded the land to McAlpin. There have been two hearings of the case in Marquette. In the first the land was awarded to Cottles, but the second reversed the first and gave the property to McAlpin. By the ruling of the secretary the latter verdict is affirmed.

Railroad Stockholders Meet.

Stockholders of the D. S. S. & A. held their annual meeting Thursday in the company's offices in Marquette. The representation was quite full, there being 150,000 out of 230,000 shares of stock voted. Every member of the old directorate was re-elected for the ensuing year. The roster stands: Gen. Samuel Thomas, Hon. Calvin S. Brice, Sir William C. Van Horn, Sir Donald A. Smith, Thomas F. Shaughnessy, John W. Sterling, Walter Watson, Thomas W. Pearsall, George H.

Church, James O. Bloss, William F. Fitch. Among these present at the meeting in person were Sir William Van Horn, who is president of the Canadian Pacific as well as being vice president of the D. S. S. & A. With him were his private secretary, and the manager of the Canadian Pacific, Mr. Shaughnessy.

Special Services Sunday.

Children's day will be observed at the Methodist church on Sunday morning, a special program being rendered by the Sunday school. The subject of the exercises will be, "Our Young Crusaders." It will consist of songs, recitations and dialogues appropriate to the work of the three divisions of the young Crusaders. The subject of the evening discourse is "Christian Education." Special music will be rendered by the male quartet.

At the Presbyterian church the representatives of the societies of the Maccabees on "A Hebrew Hero." In the evening there will be a continuance of the discussions upon the bible, under the question, "What shall we say as to the inspiration of the book? People in the city, residents or strangers, are cordially welcomed to the services.

St. Paul's cathedral, first Sunday after Trinity. Holy communion at 7:30 a. m. Matins with sermon by the Rev. Frank J. Mallett, rector, at 10:30 a. m. Persons having no church engagements are invited to the services.

Sundays at St. Margaret's mission, South Marquette; Sunday school at 3 p. m. Evensong at 4 p. m., with an address by the Venerable Archdeacon Robinson.

Shriners at Play.

Preparations are being pushed apace for the reception and grand ball to be given by the Shriners at the hotel Superior, Wednesday, June 24th. Shriners and their ladies to the number of 200 will be present from here and all over the peninsula. In the afternoon at Fraternity hall a class of novices will be conducted over the burning sands to the cool oasis of the faithful. The full dress reception which will be held in the evening will be one of the swell functions of the season. Appointments have been made on committees as follows: Reception—T. E. Ketchum, W. C. Brown, L. M. Spencer, L. G. Kaufman, D. W. Powell, Edward Mitchell, E. O. Monteith, L. P. Cray and T. D. Meads. Floor committee—F. M. Moore, J. S. Jacka, L. M. Spencer, D. W. Kaufman and P. H. Gooding.

Mattie's Opinion of a Bicycle.

"I tried to ride a bicycle this summer," said jolly Mattie Vickers, in writing to a friend in this city the other day, "and if you have laughed at my play, 'Jacqueline,' you should have seen my attempt as a bicyclist. Funny, it was a simply uproarious. I never knew what a contrary thing a bicycle could be until I tried to ride, as I say. Guide it, I couldn't. Luckily it was dark and I had a number of friends with me or I believe I should have brought up in Lake Michigan. If you want to experience the acme of contrariness, try a bicycle. I have." Marquette people will have an opportunity of seeing this jolly and popular comedienne next Tuesday evening, when "Jacqueline" holds the boards at the opera house.

According to a celebrated anatomist there are upwards of 50,000,000 little glands in the human stomach. These glands pour out the Digestive juices which dissolve or digest the food. Indigestion is want of juice, weakness of glands, need of help to restore the health of these organs. The best and most natural help is that given by Shaker Digestive Cordial. Natural, because it supplies the materials needed by the glands to prepare the digestive juices. Because it strengthens and invigorates the glands and the stomach until they are able to do their work alone. Shaker Digestive Cordial cures indigestion certainly and permanently. It does so by natural means, and therein lies the secret of its wonderful and unvaried success.

Mothers will find Chamberlain's Cough Remedy especially valuable for croup and whooping cough. It will give prompt relief and is safe and pleasant. We have sold it for several years and it has never failed to give the most perfect satisfaction. G. W. Richards, Duquesne, Pa. Sold by The H. H. Stafford Co.

Hall's Vegetable Sicilian Hair Renewer is unquestionably the best preservative of the hair. It is also curative of dandruff, tetter, and all scalp affections.
