**WALK-OVER FOR MCKINLEY.**  
Jos. Manley, Reed's Manager, Concedes the First Ballot Will Settle It.

**THE MAINE MAN'S STATEMENT CAUSES EXCITEMENT.**  
Claim Is Set Forth It Will Cost the Speaker Half of the Votes He Would Have Received—Silver Men to Confer.

**FROM THE CONVENTION CITY.**  
St. Louis, June 10.—Joseph H. Manley, national committeeman from Maine and chief manager of Thos. B. Reed's campaign, said this afternoon: "In my judgment the convention will nominate McKinley on the first ballot for president. It is useless to attempt to deny that this will be the result. The action of the national committee in its overwhelming vote on the Alabama case settles conclusively how the respective states which the members of the committee represent will vote in the convention. Mr. Reed's name will be presented to the convention and he will be voted for, and I am authorized to say that under no conditions can he or will he accept the nomination for vice president if it should be tendered to him. The great majority of the New England delegates will be loyal to Reed, but the convention is for McKinley and will nominate him."

Manley's statement caused a flutter of excitement when it became known the manager of Reed had announced there was no further hope among the leaders of the forces of the man from Maine. Others supporters of Reed claim the declaration will cost Reed at least half the votes that would have been cast for him had nothing of the kind been said, and several Reed supporters asserted the declaration of Manley ought to be followed by a statement from Reed that his name would not be presented, so that those who were yet under obligations to vote for him would be released.

**STRONGLY OPPOSED TO SILVER.**  
Declaration by Maryland Democrats—Administration Endorsed.

**BALTIMORE, June 10.**—The Democratic state convention met today, with Senator Gorman as chairman. He delivered a speech, saying he would join in reorganizing the party so that "never again within this generation would it pass from control in this state and the nation." The majority report of the committee on resolutions reported a platform, the financial plank of which was a straight gold endorsement of a gold standard and an emphatic condemnation of the free coinage of silver at 16 to 1. The resolutions also favored a tariff for revenue only and endorsed the Cleveland administration. A minority report by the silver men, the exact reverse of this on the principal points, was overwhelmingly defeated. The financial resolutions adopted are:

"Believing that the true interests of the people require that the earnings of agriculture and trade and the wages of labor should be paid in money that is intrinsically worth in all the markets of the world what it purports to be worth, we demand the maintenance of the existing gold standard, and further that the government shall keep all its obligations at all times redeemable and payable in money of the greatest intrinsic value and highest standard adopted by the civilized nations of the world; we, therefore, are opposed to the free and unlimited coinage of silver at the ratio of 16 to 1."

When Congressman John K. Cowen was named for delegate-at-large jeers and hisses followed, but were suppressed by the chair. These delegates-at-large were elected: John E. Hurst, General John Gill, ex-Attorney General John P. Poe and R. Wm. Venable, all of Baltimore; Marian Dekalb Smith, Kentucky; Edwin Warfield, Howard county; Charles G. Homes, Baltimore county; Charles C. Crothers, Cecil county.

**ENDORSED THE ADMINISTRATION.**  
**HARTFORD, Conn., June 10.**—The Democratic state convention to select delegates to the national convention met here today. Ex-Governor Waller was chairman. The currency plank of the platform declares unequivocally for a gold standard. The platform endorses the Cleveland administration. The delegates to the Chicago convention were selected untruncated.

**RENO, Nev., June 10.**—The "straight out" Democrats, who claim to represent the Nevada Democracy, held a convention here today to choose delegates to the national convention. What is known as the "Keating wing" of the Democracy held a convention at Carson a few days ago and chose national delegates.

The convention held today adopted a platform declaring for free silver. The delegates to Chicago are: Theodore Winters, Major J. H. Dennes, D. L. Worthington, Dr. A. Gibson, P. C. Webber and Alier Washer.

**VINTA, I. T., June 10.**—The territorial Democratic convention to choose six delegates to the national convention was held here today. The free coinage of silver at 16 to 1 was endorsed and the delegates were instructed for Bland for president.

**VINCENNES, Ind., June 10.**—The Democrats of the Second congressional district today nominated for congress Hon. Robert W. Miers of Bloomington. Resolutions were unanimously adopted favoring the free and unlimited coinage of silver.

**Welcome Address by Altgeld.**  
**CHICAGO, June 10.**—The eleventh annual conference of state boards of health opened today. Governor Altgeld delivered the opening address of welcome. The session was taken up in brief reports on the improvement in the sanitary laws of the various states.

**CONTESTS ARE HEARD.**  
The National Republican Committee Enters Upon Its Great Task at St. Louis.

**OPPOSING DELEGATES SUBMIT ARGUMENTS.**  
Nearly All Cases from Alabama and Georgia Are Disclosed of McKinley Scoring Victories in All But One District.

**MANY SEATS ARE IN DISPUTE.**  
St. Louis, June 10.—The Republican national committee met at noon, Chairman Thomas Carter of Montana presiding, for the consideration of 168 contests for seats in the convention. The committee had been in session only a few minutes when Kerens offered a motion to admit the press, which was adopted. On motion of Powell Clayton it was decided that the committee should proceed in the following order: First, All contests be heard and determined by the whole committee; second, alphabetically; third, The contestants, contestees and counsel, if desired, be admitted to the hearings in which they are interested, and each side be allowed to file briefs and be given fifteen minutes for argument.

Hansbrough (N. D.) suggested it would expedite matters to distribute the contests among sub-committees, as has been the practice on previous occasions, but Clayton met this with the reply there had been a great many instances of favoritism and he thought it better the committee should hear all the contests. Clayton's motion was then adopted.

A committee consisting of Payne (Wis.), Ferdon (Conn.) and De Young (Cal.) was appointed to prepare a resolution expressive of the committee's sense of bereavement over the death of Committeeman Campbell of Illinois. Announcement was made that Hon. J. W. Fifer had been appointed to fill the vacancy occasioned by Mr. Campbell's death. The resignation of Governor Bradley of Kentucky was announced, as was the appointment of Mr. Yerkes to succeed him. A recess was then taken.

**SOME HOTEL MEN GIVE IN.**  
At the opening of the afternoon session, Secretary Manley read a letter saying the Southern, St. Nicholas, Laeale and Lindell Hotels would live up to the agreement made by the Business Men's league relative to accommodations for colored men at hotels.

Contested cases were then taken up the first being the delegates-at-large from Alabama, being presented by D. D. Shelby of the McKinley delegation. He said the convention which elected them delegates had 332 delegates, which was a majority of the regularly elected delegates. Governor Smith spoke for the McKinley delegation. He claimed the argument for the delegation known by his name. He said he had been chairman of the committee many years and all precedents had been for a temporary roll of delegates. He said he had the same fight in 1892 and the convention had seated his delegation. M. D. Wiekiersham closed the argument for the Buckley delegation.

Clayton moved to seat the Buckley (McKinley) delegation. Senator Gear (Ia.) moved to substitute the Mosley delegation and Sutherland (N. Y.) moved to refer the whole matter to a committee of three to sift the evidence and report tomorrow. This motion was voted down without division. Shoup (Ia.) moved to seat both delegations, with half a vote to each. This was also voted down, and a vote taken on Gear's motion, which was defeated.

**MCKINLEY SCORES VICTORIES.**  
The motion of Clayton was then adopted without opposition. It was generally considered that it was a McKinley victory although several committeemen not favorable to McKinley voted against the Mosley delegation. The delegates at large which were thus seated were the following: P. D. Shelby, C. W. Buckley, J. W. Jones and W. R. Pettiford, all whom are instructed for McKinley.

Contests in districts were then taken up and all decided except those from the Third and Fifth, in which the hearings were postponed on account of the absence of either the contestants or contestees. The points at issue in the Sixth and Eighth districts were settled outside of committee and the contests in both instances were withdrawn. Of eighteen delegates whose cases were decided either by vote of the committee or by withdrawal sixteen are for McKinley and two for Reed for president. There was no division upon any of the contests except that made in the case of the delegates-at-large, and this was overwhelmingly in favor of the Buckley, or McKinley, delegates and against the Mosley, or anti-McKinley men.

At the conclusion of the consideration of the Alabama contested cases the committee recessed until evening.

The evening session was taken up by Georgia contests. The entire state was disposed of except one district. Of the twenty-four delegates seated today all but two favor McKinley.

Senator Thurston, member of the Republican national committee from Nebraska, is out for Hobart of New Jersey as McKinley's running mate. He believes the Indiana declaration on the financial question will form the model on which the money plank is based. He thinks the Republican party can afford to lose the silver states.

QUANDARY OF A NEW WOMAN.

Love and Politics Led Her to Much Embarrassment. "This political life is not all that it has been pictured."

"I must have Charlie's vote," she went on a minute later, "and Charlie says he must have me. Now, if I get his vote, and he gets me, what have I gained politically?"

"It looks to me," she said, "as if he would get back his vote, with the office and me thrown in to make it a better bargain. That may be politics, but it does not commend itself to my business judgment."

"No, Tom doesn't amount to anything politically," she argued with herself. "If I were not a new woman I might—I wish I wasn't a new woman. I don't see what good it does me to be one, where there are such drawbacks. I—I don't believe I will be one any longer."

AT FOUR O'CLOCK TODAY.

Congress Settles Its Differences and Agrees as to the Time of Adjournment.

ALL THE VICTORY, IF ANY, RESTS WITH THE SENATE.

It Held Out for Its Public Buildings Amendments to the Sundry Civil Bill and Forced the House to Time.

THE CONGRESSIONAL DOINGS.

WASHINGTON, June 10.—Congress today settled its differences and by a joint resolution fixed upon 4 o'clock tomorrow for the end of the session.

The agreement came late in the day just as the prospects for adjournment were beginning to look dark.

SENATE PROCEEDINGS.

Bill Raising Pay of Letter Carriers Passed Among Many Others.

WASHINGTON, June 10.—The senate disposed of the last of the appropriation bills and fixed 4 o'clock tomorrow as the time for adjournment.

Cadron (Ill.) congratulated the house on the work of the session.

Doekery (Dem., Mo.) declared the Republicans had piled up appropriations higher than ever before.

Dingley contrasted the prosperous condition of the country before the enactment of the Democratic administration.

The conference report on the District of Columbia bill was agreed to.

The president has approved the Omaha exposition bill; postoffice appropriation bill; to establish a site for a penitentiary on the Fort Leavenworth (Kan.) military reservation; Indian appropriation bill.

The Conference at an End. GRAND RAPIDS, Mich., June 10.—The national conference of charities and corrections elected officers today and closed its work tonight.

At the night session of the senate Hale gave notice of a motion to reconsider the vote by which the bill increasing the pay of letter carriers was passed.

THE HOUSE BACKED DOWN.

Agreed to Public Building Amendments to Sundry Civil Bill.

WASHINGTON, June 10.—The house reconvened this morning still in continuation of the legislative day of Saturday.

To extend the scope of the investigation of the agricultural department into the question of road improvements; to grant permission for the erection of a monument in Washington in honor of Samuel Hahnemann; to authorize the county of St. Louis, Wis., to construct a bridge across the St. Louis river at

Fond du Lac; to authorize the burial of army nurses in national cemeteries; for the relief of Arthur P. Shelby; to protect public forest reservations; appropriating \$300,000 for a government building and exhibit at the Trans-Mississippi and International Exposition at Omaha in 1898; for the relief of Captain James Regan, U. S. A.; to pension the widow of the late Brig. Gen. John H. Gibbon at the rate of \$50 per month; to amend the shipping laws so as to provide still further for the comfort and health of sailors.

THE HOUSE BACKS DOWN. Cannon presented the conference report on the sundry civil bill.

Wilson moved that the house recede and concur in the senate amendments. Speeches were made by Doolittle, Blue and Henry against concurring and by Doekery, Mondell and Hopkins in favor of concurring.

DENIALS FROM BRADLEY.

Kentucky's Governor Issues a Statement in Reply to That Washington Story.

NEVER FAVORED THE FREE COINAGE OF SILVER.

Nor Did He Attempt to Make a Trade With Object of Securing Vice Presidential Nomination—Doesn't Want It.

MODIFIED HIS SENSATION.

FRANKFORT, Ky., June 10.—During the past week statements have been sent out from Washington that Governor Bradley, who last year was elected governor of Kentucky on a gold standard platform over a free silver candidate, had originally been in favor of a compromising policy and that McKinley had induced him to adopt a gold standard policy.

These returns, reduced to acres, give for the principal winter states: California, 3,011,000; Kansas, 2,684,000; Ohio, 2,422,000; Indiana, 2,394,000; Illinois, 1,906,000; Missouri, 1,418,000; Pennsylvania, 1,330,000; Michigan, 1,202,000; total winter area, 22,794,000.

CONDITION OF THE CROPS.

The Government's Monthly Report—Last Year's Average of Wheat. WASHINGTON, June 10.—The agricultural department's report says: The acreage of wheat and the percentage of the area's harvest last year has been obtained from a greatly enlarged list of correspondents, inquiries being addressed in particular to 15,000 of the principal millers throughout the country.

These returns, reduced to acres, give for the principal winter states: California, 3,011,000; Kansas, 2,684,000; Ohio, 2,422,000; Indiana, 2,394,000; Illinois, 1,906,000; Missouri, 1,418,000; Pennsylvania, 1,330,000; Michigan, 1,202,000; total winter area, 22,794,000.

Since the May report the condition of winter wheat has fallen 4.8 per cent., that of June being 77.9 against 82.7 on May 1.

The preliminary report places the acreage of oats at 98.9 per cent. of last year's area and the general condition 98.8, against 84.4 on the same date last year.

**BRAKEMAN MEETS DEATH.**  
Thrown from an Ore Train and Killed Under the Wheels.  
Edward Downey, a brakeman on the South Shore line, was instantly killed in the Negaunee yards yesterday morning about 7:15 o'clock. The accident occurred on the south track shortly after the ore train on which Downey was working pulled in from Marquette. The train had been broken some six or eight cars from the end in order that some of the cars on the front end might be set out on a siding.  
Downey stood on the brake step of the tail car signalling the engineer to back up. As the slack was being pulled in he lost his balance and fell on the track between the two sections of the train. A fellow brakeman who stood near by saw a meeting of the unfortunate man's head to the center of the track and let the cars pass over him. Downey did not do this, however, and in his attempt to roll out of the way his head was caught and crushed by the wheels.  
The body of the unfortunate man was immediately picked up and taken to the union depot, where it remained until the coroner's jury, which was impaneled by Coroner Rogers of Ishpeming, had examined it. Later in the day the remains were taken to Marquette.  
Downey was about twenty-two years of age and had recently arrived from Canada. He had been braking about a month. He has four brothers, two conductors and two brakemen, working on the South Shore line.

**Progression in Life Assurance.**  
This is a progressive age, and in nothing has there been more progress during the last quarter of a century than in life assurance. This has been further shown during the past few weeks by the new policy issued by the Equitable Life Assurance Society of New York. This policy offers several options, one of which will surely meet any condition that may come in the future affairs of the policy holder. It gives to its holder, at any time after three years, a definite value in cash or paid-up assurance. These values are embodied and guaranteed in the policy, so that a man may, at any time, look at his policy and see just what it is worth to him then, in cash.  
Of course the longer the policy is held the more valuable it becomes, and at the end of a certain period a bonus is paid by the Equitable to the policy holder from the surplus earned by his policy.  
The Equitable's guarantees moreover certainly mean a great deal, for back of them are assets of over two hundred million dollars, and a surplus of over forty million dollars. (6-5-14)

**OLSON BLEW OUT THE GAS.**

**Baraga Man Makes Work for the Coroner and Leaves a Destitute Family.**

**BAY VIEW HOTEL NOTORIOUS FOR ASPHYXIATIONS.**

**Joe LaFlam Leaves a Family, But in Different Style. Cyclers' Great Parade—Sam Kaufman's Engagement Announced.**

**HE WAS ASPHYXIATED**

That old and chestnutty indiscretion of blowing out the gas is the cause of the body of Olof Johnson lying in Tomella & Johnson's morgue.

The Bay View house, at the corner of Lake and Superior streets, was the scene of Mr. Johnson's indiscretion. Two other boarders are alleged to have been guilty of similar fatal improprieties within the year.

Johnson, whose home is in Baraga, came to town Tuesday afternoon to look for work. He first secured quarters at the Bay View house and paid for his room a week in advance. How he spent the afternoon is not known. When he came in at 10 o'clock in the evening he went immediately to bed.

At eight o'clock in the morning the chambermaid wanted to clean the room. She tried to open the door, but it was locked. Then she knocked but got no answer.

Detecting a slight smell of gas, and surmising that the new boarder had done, she called the proprietor Felix O'Hagan. Mr. O'Hagan brought a step ladder with him, and by its aid climbed up to the transom and peered over.

Undressed, and lying prone up on the floor, with his head near the door as he could get was Johnson. The door was opened by a pass key. No sign of life was found about the body, but on the contrary, the man appeared to have been dead for several hours, possibly since midnight.

The theory is that after putting out the light, but leaving the gas turned on and going to sleep, Johnson had awakened in the middle of the night with that choking and stopped up sensation which comes in asphyxia. He was evidently conscious that something was wrong and got up, either to turn the gas off or open the door, but he was too fat gone to accomplish either purpose, and fell to the floor as the proprietor discovered him.

Coroner Crary was immediately summoned, and impelled a jury to sit upon the case. After listening to the evidence the jury came to the conclusion that Johnson had come to his death by blowing out the gas, though with no suicidal intent. Although there have been a number of similar accidents at the hotel, the jury did not see fit to censure the proprietor. The jets in the hotel are the ordinary "half turn" variety, which are considered safe, and not the kind which have to be adjusted by experience or guess.

Johnson is a man about forty years of age and has a wife and several children living in Baraga. They, it is said, will be left penniless by his death. News of his death was telegraphed there yesterday forenoon, and the marshal of the town wired back to send full particulars and hold the body here until today.

**TAKEN TO CANADA.**

The body of Edward J. Downey, who was killed by the cars at Negaunee yesterday was brought here and placed in Hager's morgue to be prepared for shipment to Mackey's, Ontario, for burial. While it was lying in the morgue the body was visited by many friends of the deceased. Mr. Downey was twenty-three years old, and a Canadian by birth. He has four brothers living here who are all in the railroad business.

**Deserted a Family.**

Joseph LaFlam has a wife and three anxious children who would give hearty thanks to any one who could tell them the whereabouts of Joe. They can't give anything else but thanks because Joe had all the money on him when he disappeared.

Whether he skipped out or met foul play is a question yet to be solved, but the inference is that he skipped. The LaFlams came here a few days ago from Escanaba and quartered themselves at the old Frei boarding house across from THE MINING JOURNAL office. They came with the intention of starting a boarding house and shipped their household goods. A day or two was spent unsuccessfully in looking for a proper location.

Night before last the husband announced that Mr. Ross had offered him a job in the cook shanty at the Dead river mills. He said he would go out that night and try the job and see what it was like, and come into town again in the morning.

"Don't worry," he said to his wife in parting, "for I'm sure to be back all right, then I'll see what can be done about moving you and the children out there."

This is the last any of his relatives have seen of him. After waiting part of the forenoon the anxious woman sent her fifteen year old son out to the mill to see if he could learn anything of his step father. The lad was unsuccessful in his mission. Nothing was known there of LaFlam. Ross, the man from whom LaFlam claimed to have got his job, is a foreman of the railroad docks and has nothing to do with the cook shanty. Besides, as far as the boy could learn, no new help had been employed anyway. He came back and brought the news to his mother, who by the time of his return was well nigh distracted.

The poor woman, upon advice, appeared to Judge Crary. The judge could do nothing but instruct the marshal to look up the case. This was done, but up to a late hour nothing came of his investigations.

Mrs. LaFlam says that Joe is her second husband. She married him about a year and a half ago in Escanaba, and they have always lived hap-

pily together. Only one of the three children, a baby in arms, is his. She is a woman of about forty, while he is at least five years younger. From her description one gathers the idea that he is inclined to be sporty.

**Wheelmen Parade.**

Marquette's wheeling strength available for parade is 168.

There are sixty ladies whose proficiency in the art of riding warrants them in taking an eight mile spin with their gentlemen friends in the Kitchimikana.

The run of the cyclers last evening was a glorious success in every way, and though most of the steep hills in town were traversed in the course of the evening there was not an accident to record, while, when the lashingmen cyclers took a similar run not long ago there were fifteen wheels in the repair shops next morning.

As early as 7 o'clock the gentlemen began to gather with their wheels in front of Hoard's, and at 7:30, the hour agreed upon to join the ladies in front of the high school, there were about sixty of them in line. Only a few lady cyclers were waiting, but in the five minutes wait before starting they flocked in rapidly and when Captain Bogue gave the signal to start away there were thirty at the head of the procession. Eighty-eight wheels in all started east on Ridge street.

In addition to the run to the ice-house as planned, they made two circles through town, and each time picked up new delegations, till before they disbanded the parade had swelled to 168, as is already stated. Sixty of these were ladies.

The pretty sight of the cyclers on parade drew hundreds of people to the starting place and to other available locations where good views could be obtained. For the most part they moved in lines of four, but occasionally strung out to single file.

While riding in this fashion the procession was over six blocks long. The run occupied one hour's time, the procession disbanded at 8:30 at the foot of Front street hill.

It was the intention of the projectors of the run to call out the entire cycling force, as nearly as possible, of the city, and the number of wheels in line was a surprise to all except the most ardent cyclers. But even this number probably does not fully represent the wheeling force of the city. It is not unlikely 200 wheels would be available for a second run, especially if the time selected should be a holiday.

**Congratulations in Order.**

Among the society notes in the Chicago Inter Ocean of Tuesday was this announcement, which has special interest for readers of THE MINING JOURNAL:

The announcement was made yesterday of the engagement of Miss Una Libby of No. 2323 Michigan boulevard and Mr. Samuel Kaufman.

Miss Libby is the only daughter of Mrs. C. P. Libby and the late C. P. Libby, and is a general favorite in South Side social circles, where her beauty has been much admired and where her many charitable deeds have won her praise.

Mr. Kaufman resides in Marquette, Mich., where he will take his pretty bride to live.

The future Mrs. Kaufman is the daughter of a business man of Chicago, who ranked among the first of his class there during his life, and a young lady possessed of unusual personal charms and accomplishments. Mr. Kaufman is the vice president and manager of the Marquette County Savings bank, and is also actively connected with several other business enterprises in this city and county, among these being the Star West mine, of which he is the principal stockholder, and president of the company operating the property. He is a young business man of fine ability and has made a success of everything to which he has turned his attention. He is one of the most popular young men of Marquette, and has friends by the legion throughout the upper peninsula and the state who will rejoice to learn that the good fortune that has attended him in his business affairs is now to be added the felicity of leading to the altar one of the belles of Chicago.

**Social Tonight.**
