HE'S NOT A CANDIDATE.

Wm. C. Whitney 'Wouldn't Run if Nominated Nor Serve if Elected.'

THE EX-SECRETARY ISSUES A STATEMENT.

Adoption of a Silver Platform by the Democracy Would Mean the Most Disastrous Defeat Ever Had by That Party.

ANXIOUS PUBLIC BELIEVED.

New York, June 21.—William C. Whitney has made a public statement, in which he defines the political situation, makes his position clear as regards his decision to remain in this country instead of going to Europe and concludes by saying he is not a presidential possibility; that he "would not run if nominated and would not serve if elected."

"I shall not assume any position of leadership. My decision to stay is simply based on the duty of every person who believes in party for its principles to stay by and lend his aid and take his chances when the great crisis is upon the Democratic party. Fundamental differences of principle exist inside the party, marked almost by sectional lines. During the past fifteen years leaders of public opinion in the south and west have been advocating as a remedy for the existing ills the free coinage of silver at 16 to 1, with or without the co-operation of other nations. It has come to be believed in these quite generally and conscientiously. If the coming Democratic convention should establish as an issue of this campaign the free coinage of silver at the ratio of 16 to 1, independent of other nations, disruption of the Democratic party might occur. Certainly no substantial following could be secured for this doctrine among eastern Democrats."

Ex-Secretary Whitney then, in a lengthy argument, takes strong grounds against declaring for the free coinage of silver and, after quoting various high authorities, concluded as follows:

"Into this long struggle for the establishment of a joint standard it is proposed that we should intervene by assuming to establish it alone. Against this proposition on our part these earnest believers in and workers for the cause strenuously protest. They say to us, you cannot succeed and your failure will discredit the cause. It is a question of not what we wish, but what we are able to do. A strong man may undertake a task too great for his strength, and break down. It cannot be denied there is much feeling among our people that free coinage by the United States alone will not give us gold and silver money at a parity with each other, which is the assumption upon which it is taken, but will bring us to silver monometallism and a change in our standard of value, and that change, it is believed, means immediate ruin to our industries and no permanent good to any one.

"Personally, it is my opinion that if the Democratic party goes on that platform this time it will meet the most disastrous defeat that any party ever had in this country. I understand it is honestly believed in and the people think it will bring relief from their present troubles; but between now and election day it will be pretty thoroughly sifted and the people of this country will not face the disturbance of values, loss of confidence and general distress and ruin which would come to their business interests in such a change in their standard of values as would arise from such action. And it will, in my opinion, overwhelm the persons who undertake it.

"It ought not to be necessary for me to say anything of a personal nature, I find myself, however, spoken of here and there as a possible candidate, not very seriously or prominently, but sufficiently to attract attention. If I should fail to notice it—it sometimes affects one's influence in cases like the present. I have no personal motive in entering this fight; I have said I would not be a candidate. I will add, copying the emphatic language once used by the late General Sherman, 'I will not run if nominated, nor serve if elected.' I am not foolish enough to suppose any eastern man could be nominated by this convention, much less that I could. I sympathize thoroughly with the feeling in the south that has caused this uprising and will find its expression at Chicago, but, as to the principle which the uprising has brought forth and the issue being framed, I entirely disagree."

M'KINLEY GOES TO CHURCH.

A Sermon Personally Applicable to the Nominee Is Preached.

CANTON, O., June 20.—Governor McKinley, accompanied by his aged mother and Mrs. General Hastings, attended services at the first M. E. church this morning. The pastor took for his text: "Make your calling and election sure, for if ye do these things ye shall never fall." The divine referred in a happy manner to the result of the recent convention and made the sermon personally applicable to McKinley. The church was crowded to its utmost capacity. At the conclusion of the services the governor gave his arm to his aged mother and escorted her to a carriage. This afternoon he and his wife, accompanied by General and Mrs. Hastings, took a short drive, returning just in time to escape a terrific wind storm.

GOLD MEN WILL BE SCARCE.

PEORIA, Ills., June 21.—It is highly probable the Illinois state Democratic convention will complete its work of naming a state ticket and delegates-at-large to the national convention in one day. All plans have been arranged with this end in view and Mr. Hinrichson, chairman of the state central committee, said today the free silver men had decided to this and that they had the strength to carry their point. He says 954 of the 1,069 delegates are instructed for free silver, and they will adopt a free silver platform.

As yet there has been no one talked of for governor but John P. Altgeld. It is conceded by everyone he is to head the ticket. Governor Altgeld arrived this evening from Springfield. He found a large number of free silver Democrats awaiting him. An informal conference was held in the governor's rooms in which the program was discussed and reports made to the governor of what had been done. No one here believes the gold standard men in the party will bolt the convention.

Governor Altgeld when asked said the money plank had not yet been agreed upon between the leaders of the free silver faction. From general talk about silver headquarters it is thought

Monroe C. Crawford of Union county will be selected as lieutenant governor; A. S. Trude, Chicago, or F. P. Morris, Watska, attorney general; Wm. B. Brinton, Springfield, auditor, and T. J. Medill, Rock Island, secretary of state. The delegates-at-large have been practically fixed. They are John P. Altgeld; Judge McConnell, Chicago; W. H. Hinrichsen, Jacksonville. The fourth will be from southern Illinois.

AUSTIN, Tex., June 21.—The state Democratic convention meets next Tuesday in this city and many of the delegates who arrived today declare they will work in the convention for the endorsement of Teller, and they believed they could secure the Chicago delegation for him.

DEATH AT THE THROTTLE. Train Pulls Into Burlington, Ia., With Dead Engineer in the Cab.

BURLINGTON, June 21.—The fast mail on the Chicago, Burlington & Quincy, Chicago to Omaha, came into Burlington last night with a dead man holding the throttle. The fireman noticed the closing of the draw on the bridge across the Mississippi at this point. He ran around the big boiler, which makes two compartments of the cab, and found the engineer, V. B. Giddings, dead at his post, with a great gash in the side of his head. How it came there and how he met death is not known. One explanation is that his head was crushed by a mail crane. How far control will never be known. Had the train been a minute sooner, it would have gone through the draw into the river. The draw had just been closed after letting a boat through.

SILVER MINERS QUIT WORK. 800 Men at Leadville, Colo. Strike for an Advance in Wages.

LEADVILLE, Colo., June 21.—As a result of discontent and fruitless efforts for an adjustment extending over several months 800 miners have walked out, owing to the refusal of certain silver mine managers to increase their wages from \$2.50 to \$3 a day. The situation is peculiar. Three large enterprises, known as the Smith-Moffatt, the Small Hope and the Weldon, cannot afford, they say, to pay higher wages, but can afford to employ a large force at \$2.50 a day. Some other silver mines are paying \$3 a day and the miners want all to pay the same.

BUTCHERS IN A RIOT. Exciting Time at a Competition Skinning Match at Omaha.

COUNCIL BLUFFS, Ia., June 21.—Butchers of Omaha, Kansas City and Sioux City held a competition skinning match here today. Several thousand persons attended. The affair culminated in a riot, and the entire police force was required to quell it. Thomas Brown was fatally stabbed, Frank Kane was dangerously hurt and probably two dozen were more or less injured.

Grover Goes Afishing.

WASHINGTON, June 21.—President Cleveland and Secretary Carlisle left the city tonight on the lighthouse tender Violet for a fishing trip down the Potomac river. The party will be gone several days.

Forecast of the Weather.

WASHINGTON, June 21.—12 p. m. The weather bureau reports the following as its forecast for the next twenty-four hours: For upper Michigan: Fair, warmer; fresh to brisk northwesterly winds.

Three Are Drowned.

ZANESVILLE, O., June 21.—Grant Harvey, Miss Emma Collins and Luella Evans were drowned in Muskingum lake this afternoon by the capsizing of their boat.

Dowager Empress Dead.

PEKING, June 21.—The dowager empress of China, Tsou-Hei, mother of the emperor, is dead.

UNCLE SAM MAY STEP IN.

Strong Special Reports on Affairs in Cuba Are Made by General Lee.

HINTED CONDITIONS WARRANT ARMED INTERVENTION.

The Consul Believes Only Practical Solution of Trouble Is Autonomy Similar to Canada's, and the Cubans May Not Accept That.

WILL OPEN PRESIDENT'S EYES.

NEW YORK, June 20.—A special dispatch from Havana to The World says: Consul General Lee has just forwarded President Cleveland dispatches of the utmost importance. They contain full reports of the Cuban situation and are of an extremely sensational character. In the dispatches there are two quite distinct reports, one wholly confidential and for the personal information of President Cleveland and the other a clear, frank exposition of the situation in the island at the present time.

With the greatest candor Consul Lee describes the existing condition of affairs in Cuba. The contents of the confidential report to Mr. Cleveland are so strong that it is hinted it may be the basis of armed intervention in Cuban affairs on the part of the administration at Washington immediately.

Consul General Lee takes the ground, it is understood, that the only possible solution of the dreadful problem existing in the island is autonomy on Canadian lines. Even this remedy, the consul general informs President Cleveland and Secretary Olney, at this late day may be ineffectual, as the watchword of the insurgents and their friends now is unconditional surrender on the part of Spain and a free republic in Cuba.

General Lee finds that Spain in many instances has been entirely impotent in its efforts to protect either the lives of foreign residents in the island or their property. The consul general hints, finally, that unless this danger to foreign residents can be avoided recognition of the belligerency of the Cuban revolutionists will soon become advisable.

SPAIN BUYS MORE IRONCLADS. The Platform Adopted at St. Louis Makes the Dons Uneasy.

LONDON, June 22.—The Daily Mail's Madrid correspondent cables: "The platform adopted at St. Louis causes great uneasiness in Spain, and it is feared a conflict with the United States has now almost a fixed date. The government has hastened to purchase two ironclads at Genoa whose price a few days ago was thought to be excessive."

SIXTY WERE SLAUGHTERED.

Fresh Massacres of Armenians in the Vicinity of Van.

CONSTANTINOPLE, June 21.—A fresh massacre of Armenians is reported to have occurred near Van. Sixty persons were killed.

TURKISH TROOPS WIPED OUT. Four Companies Are Annihilated by the Druses in Syria.

CONSTANTINOPLE, June 21.—Advices received here from Damascus say that the Druses have revolted and have annihilated four companies of Turkish troops and captured several guns. Twelve battalions of troops will be immediately dispatched from Salonica to Syria.

SOMETHING ABOUT THE DRUSES.

NEW YORK, June 20.—This recent trouble in Syria brings into prominence a sect and a race which have long held an extraordinary position in that part of the eastern world—the Druses, a Semitic race, who are supposed by some authorities, to be descended from the pure Arab stock, and by others to be a remnant of the old Hittite kingdom, which is referred to so often in the Scriptures.

They are brave, fierce, intolerant and cruel. They are an offshoot from Mohammedanism, and yet are probably hated more by orthodox Islam than are the Christians or the Hebrews. The reason is that they have added to simple Mohammedanism a doctrine of avatars or reincarnations similar to those taught in India respecting both Vishnu and Buddha. The Druses believe that the spirit of the man called Mohammed had appeared a number of times in other bodies before he started his great religion in Arabia and that it also appeared in one of their own sheikhs long after Mohammed was dead and buried. Upon this doctrine they naturally arrogate to themselves moral and spiritual superiority over all other human beings, even over the lineal descendants of the prophet.

Their career has been one in which, as might be expected, there has been war at regular intervals ever since they began to preach their doctrine. The last outbreak of petty war was about thirty-five years ago, in which they fought, massacred and pillaged with the desperation of demons and required a very strong force to put them down. At that time their venom was directed against Christians and orthodox Moslems. The present outbreak has probably been inspired by heavy taxation.

Trouble in Mashonaland.

CAPE TOWN, June 22.—The rebel Mashonas around Salisbury are burning and looting wherever they go and killing all natives who worked for whites. Unless the rising is promptly checked it will develop into a general uprising of all Mashonaland.

DAILY MINING JOURNAL. A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED).

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

HAD HIM THERE. General Alger will find it necessary to stop and think a little before making oracular assertions in relation to the monetary question.

Here is a plain, unequivocal confession from a man who had more than any other man to do with the stultification of the Michigan delegation at the St. Louis convention.

Gen. Alger has expressed a fact which cannot be controverted. He has admitted the truth of the basic contention of the advocates of free silver.

THE MENOMINEE ENTERPRISE explains that Congressman Stephenson didn't leave Washington before the session of congress came to an end on account of his political interests.

AND SO MR. COX is a Populist "leader" and feels personally offended on account of THE MINING JOURNAL'S criticisms on the leadership of that party generally.

"THE ore transactions for the week past have included no large lots," reports the Iron Trade Review.

"The ore transactions for the week past have included no large lots," reports the Iron Trade Review.

all cases—will have been brought down by the second or third week of July. Unless heavy buying comes within another month, the mid-summer freight market will not be a strong one.

CHAIRMAN HARRITY of the Democratic national committee says that if both the great parties should be found in accord in support of the gold standard "general confidence would be restored" and business would go right along.

We note the statement in the Kalamazoo Gazette that ex-State Treasurer Makz of Alpena, who is the Michigan member of the national Republican committee, has wagered \$500 that Pingree will secure the nomination for governor on the Republican state ticket this year.

There is no let up to the Detroit Tribune's denunciations of the gold plank in the St. Louis platform.

MISHAP TO A SMUGGLER. A Cab Rans Over Him and Betrays an Ingenious Device.

Near one of the gates leading into Paris an old man of stout proportions was seen one day wending his way, when a cab, driven at great speed, approached, and as the man paid no attention to the warning cry of the Jehu, he was knocked down and the vehicle passed over his body.

A crowd gathered round the venerable individual, who lay on the ground, not in a pool of blood, but in one of oil.

One of the eyewitnesses of this curious scene went up to an employe of the octoroi and gave an account of the episode, upon which the official, rapping after the victim of the accident, extended to him a polite invitation to rest in his office.

"I assure you I am not hurt," replied the old gentleman, who displayed great anxiety to take himself off.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies.

"THE CYCLOPEEDY."

BY EUGENE FIELD. Haven't lived next door to the Hobart place fr goin' on 30 years, I calculate that I know jest about ez much about the case ez anybody else now on air, exceptin' perhaps it's ol' Judge Baker, and he's so plaguety old 'nd so powerful feeble that he don't know nothin'.

It seems that in the spring uv '47—the year that Cy Watson's oldest boy wuz drowned in West river—there come along a book agent sellin' volumes 'nd tracks fr the diffusion uv knowledge, 'nd havin' got the recommend of the minister 'nd uv the select men, he done an all-fired big business in our part uv the county.

One uv the first uv our folks that this Lemuel Higgins struck wuz Leander Hobart. Leander had jest married one uv the Peasley girls, 'nd had moved into the old homestead on the Plainville road—old Deacon Hobart havin' give up the place to him, the other boys havin' moved out west (like a lot o' darned fools that they wuz!).

"Lor's sakes, Leander, how you talk!" sez Hattie, blushin' all over, ez brides allers does to heern tell uv sich things.

When Y come along he wuz so overcome that he fell over in a fit uv paralysis, 'nd the old gentleman never got over it.

"But you can't find out nothin' 'bout Roxbury rusesets nor Rhode Island greenin's in our cyclopeedy," sez Hattie.

Sarey had the hoopin' cough dreadful one winter, but the cyclopeedy didn't help out at all, 'cause all it said wuz: "Hoopin' Cough—See Whoopin' Cough"—and, uv course, there warn't no Whoopin' Cough to see, bein' as how the W hadn't come yet!

Onet when Hiram wanted to dreen the home pasture, he went to the cyclopeedy to find out about it, but all he diskivered wuz: "Drain—See Tile." This wuz in 1859, and the cyclopeedy had only got down to G.

The cow wuz sick with lung fever one spell, and Leander laid her dyin' to that sussid cyclopeedy, 'cause when he went to readin' 'bout cows it told him to "See Zoology."

When—oh, how well I recollect it—When Y come along he wuz so overcome that he fell over in a fit uv paralysis, 'nd the old gentleman never got over it.

When Y come along he wuz so overcome that he fell over in a fit uv paralysis, 'nd the old gentleman never got over it.

"What is it, father?" asked his daughter Sarey, sobbin' like.

That Tired

Extreme tired feeling afflicts nearly everybody at this season. The hustlers cease to push, the tireless grow weary, the energetic become enervated.

Feel-

ing is a positive proof of thin, weak, impure blood; for, if the blood is rich, red, vitalized and vigorous, it imparts life and energy to every nerve, organ and tissue of the body.

DEATH FACED RECKLESSLY BY PEOPLE WHO "SHOOT" OIL WELLS.

This has been a busy season for the torpedo man, and he is reaping a harvest from his perilous work. Few of them ever accumulate any money from it, however.

In spite of the danger of handling nitroglycerine, a good many accidents happen that are not followed by loss of life. A group of brokers and producers sat in the oil exchange recently talking over some such events.

About a dozen years ago a torpedo man had two shots to put in a well on the Bingham lots, near Coleville. He had carried the stuff out in his wagon, and was filling the shells to lower them into the first well.

The shooter stood over the hole as the shot went off. The explosion knocked him down, lifted his cap into the derrick, burned the one side of his face and nearly drowned him with the flood of oil and water that followed.

It's a wonder Oil City is not wiped off the face of the earth with the stuff, ventured a listener, who sat by. "I know of many instances of glycerine going through town. You recollect that explosion of a wagon load near Franklin last summer."

Populist Leaders Favor the Colorado Senator's Nomination for President.

AN ADDRESS TO THE MEMBERS OF THE PARTY.

They Are Advised to Make the Silver Champion Their Standard Bearer.

WILL WORK ALONG SAME LINES.

St. Louis, June 21.—As a result of a series of conferences between committees appointed by the seceding silver men of the recent Republican national convention...

Immediately after the silver men walked out of the convention they appointed a committee, of which Charles Hartman of Montana, Senator R. F. Pettigrew of South Dakota, C. F. Cannon of Utah and Senator Fred T. Dubois of Idaho were members...

Chairman Taubeneck in an interview, said tonight: "The seceding silver men of the Republican party and the Populists have, as the result of our conferences, come to a perfect agreement as to the future, and henceforth we will work along the same lines."

MURDERERS RUN DOWN.

STILLWATER, Minn., June 21.—Two of the three men who murdered Jacob Hayes and Edward Paul at Wyoming, Minn., Saturday have been lodged in prison and a third is dead at North Branch, having been killed there today by officers while trying to escape.

KILLED BY A TRAIN.

ATLANTIC CITY, N. J., June 21.—George and Fred Huber and Harry Hentzler were killed and Joseph Sahl fatally injured today in a grade crossing accident.

HIS WOUNDS PROVED FATAL.

NEW YORK, June 21.—George H. Wyckoff, president of the New Amsterdam bank, who was shot in his office in this city by George H. Semple on Monday, is dead.

TRUSTEES' SALE OF HARDWARE.

For the next ten days I shall hold a slaughter sale of hardware of the Emmons Bros. stock at their store on West Washington street in this city, to satisfy the claims of chattel mortgage creditors who I represent.

S. W. SHAULL, Trustee for Mortgagees.

Mothers will find Chamberlain's Cough Remedy especially valuable for croup and whooping cough. It will give prompt relief and is safe and pleasant.

CANCER CURED AND A LIFE SAVED By the Persistent Use of Ayer's Sarsaparilla

"I was troubled for years with a sore on my knee, which several physicians, who treated me, called a cancer, assuring me that nothing could be done to save my life. As a last resort, I was induced to try Ayer's Sarsaparilla, and, after taking a number of bottles, the sore

began to disappear and my general health improve. I persisted in this treatment, until the sore was entirely healed. Since then, I use Ayer's Sarsaparilla occasionally as a tonic and blood-purifier, and, indeed, it seems as though I could not keep house without it."—Mrs. S. A. FIELDS, Bloomfield, Ia.

AYER'S The Only World's Fair Sarsaparilla. Ayer's Pills Regulate the Liver.

THE DECLINE IN INCOMES.

Return from Investments Cut Down Nearly One-Half.

The returns upon safe investments have fallen so low as to become a serious matter to persons relying for their income upon invested capital. In the next ten or fifteen years most of the railroad bonds issued years ago at 6 and 7 per cent. interest fall due, and as they are abundantly secured they will be extended at a greatly reduced rate of interest.

This condition is world wide. British consuls have lately sold up to 114 per cent. They bear 2 1/2 per cent. interest, which is to be reduced to 2 1/4 per cent. in 1903, while the bonds are absolutely payable 20 years thereafter.

From these conditions it seems that a further fall in interest rates is inevitable. Railroads that now borrow money at 3 1/2 per cent. will be able to borrow at 3 before long.

THE BICYCLE IN AFRICA.

Natives Regard It as a Horse Sent from Heaven.

A letter from an officer connected with the Italian troops in Abyssinia to an Italian paper speaks of the impression made by his appearance on a bicycle among those children of nature.

THE BICYCLE IN AFRICA.

Natives Regard It as a Horse Sent from Heaven.

A letter from an officer connected with the Italian troops in Abyssinia to an Italian paper speaks of the impression made by his appearance on a bicycle among those children of nature.

In this connection it may be noted that there are two more bicycles which have penetrated into the central part of the dark continent.

Forest Covered with Lava. There is a volcano not far from Salvador, Central America, that some years ago discharged lava over a forest.

The Wife—How did you come to propose to me, John? The Husband—I wanted to be different from other men, I suppose.—Tit-Bits.

TADPOLES ARE TIDY CREATURES

They Eat Much Refuse and Keep Their Houses in Order.

A wonderful spirit of tidiness seems to pervade the tadpole world. They always eat whatever becomes useless—their own eggs, their superfluous companions; even those who are only weakly are cleared out of the way, and the victims take it all as a matter of course.

I have disturbed a strong member of the community just as he had begun to dine off the tail of a weaker brother, but the sufferer has not troubled to escape—he simply waited till the fratricide returned to complete his deadly work.

These grow slowly, but seem unable to move independently until shortly before the border land is passed which leads to perfect froghood.

The Duluth, South Shore & Atlantic railway has made the following round trip rates for the above named event:

STEAMER City of Marquette

SAILING ARRANGEMENTS FOR 1896.

At Marquette, sails from Spear's dock, where freight should be consigned.

A SCORE OF GRADUATES.

Glass of '96 Has Twenty Members Who Get Diplomas Thursday Evening.

BISHOP WILLIAMS WILL SPEAK TO THE GRADUATES.

New Plan to Be Adopted for the Exercises—First Victim of the Street Car Ordinance—Sales Office Moved.

HIGH SCHOOL'S CLOSING DAYS.

For the twenty graduates of the class of '96 high school days are all but over. The closing exercises of the year will be held in the opera house Thursday evening, at which time Bishop G. Mott Williams will deliver an address to the graduates, and the diplomas will be presented the class by the president of the school board.

This year's class is an unusually large one. The following are the graduates with their courses: Latin course—Martha Bacon Clark, Ellen Maud McCallum, Ethel Jane York. Scientific course—Francis Lawrence Busch, Albert Bernard Holley, Josephine Maria Cox, Delphine Aurora Mailhot. English course—Clara May Bernier, Minnie Anna Dolf, Rose Veronica Erbelding, Florence May Fitzgerald, Katherine Evelyn Flynn, Maude Ann Grant, John Lawrence Hogan, Nora Theresa McCarthy, Annie Murphy, Ellen Maude Beardon, Joseph Edward Beau, Josephine Agnes Splan, Eilan Katherine Nector.

Owing to the size of the class it has been found necessary to follow a different plan with the commencement exercises than the one usually adopted. Instead of having the various essays and orations delivered at the opera house on commencement night, these will be divided in two parts, and will be delivered at the high school building Tuesday and Wednesday afternoons. Friends of the graduates are of course invited and expected to attend the exercises at the school. There is ample accommodation for all who can make convenient to attend at that time of day.

As has been already stated the diplomas will be presented to the class Thursday evening at the opera house, but the only member of the class who will speak at that time is Miss Ethel York, the valedictorian. Members of the glee club, assisted by others in the high school, will conclude the evening's entertainment by presenting a cantata, "The Old Clock on the Stairs." The full program of Thursday night is as follows:

- Chorus, "Song of the Sea," Veazie High School.
Bishop G. Mott Williams.
Chorus, "In Mercy Remember Me," Farnier's Mass High School.
Valedictory, Miss Ethel J. York.
Presentation of Diplomas.
President of the School Board.
Cantata, "The Old Clock on the Stairs," Glee Club and High School.

To defray the expenses of the commencement an admission fee of ten cents will be charged to Thursday evening's exercises. The afternoon exercises held in the high school building are free.

AT THE OTHER SCHOOLS.

This week brings the welcome vacation for pupils in all grades, but in some of the lower grades the dreaded ordeal of examination is yet to be gone through with, and the question, "Will I pass?" is uppermost in the mind of many a small scholar. In concluding the year appropriate exercises will be held in all the rooms. The exercises of the Ely school, which are quite elaborate, will be held Wednesday evening at the school building.

Made an Example. The new street car ordinance is valid as far as Peter Young is concerned. Peter's experiment with its punishment clause cost him \$12 and will make him think twice before he willfully violates any of its provisions again.

Saturday morning Young, who is an employee of the Dead River Mill company was going to work in the street car. When the car began to slow down for the mill he started toward the front platform. "Why can't you get out the back way?" asked the conductor as he crowded by him. Young paid no attention, but walked out on the front platform and took down one of the chains which bar the entrance. "You can't get out that way," said Motorman Charles Sprague.

"I can't, eh?" answered Young. Sprague stopped the car, and just as Young took the chain down he jumped at him and knocked him over against the side of the car. Then there was a general scuffle, and Young made his exit.

Superintendent Retailie, who was standing near thought it would be a good time to begin to enforce the provisions of the new ordinance, so he spotted the belligerent laborer, got out a warrant against him and had him arrested. Judge Cray thought both law and equity lay on the side of the street car company and accordingly fined Young \$5 and costs, \$12 in all. Rather than spend twenty days in jail Young hustled around and got the money to pay up with.

Mrs. McCormick's Death. Mrs. Mary McCormick, wife of William McCormick, of 519 West Washington street, died at 2:30 Sunday morning after a brief illness. The funeral takes place Tuesday afternoon at 2 o'clock from the residence, with interment in Park cemetery.

Newspapers and Books.

Rev. Spencer spoke before a well filled church last evening on the subject of newspapers and books. He deprecates desultory reading of either, and advised his hearers to skip judiciously in reading the sensational output of the metropolitan newspaper office. There are so many books that he advised his hearers to spend all of

their time on the very best works of the leading authors, as there are so many of "the best" that it is practically impossible to exhaust the supply, and foolish and harmful to lumber up one's mind with the cheap novels usually found on the book counter of the department store.

In the morning special Children's day exercises were held at this church and at the Baptist. The exercises were pleasing to the audiences of each.

He Lectures Tonight.

The lecture delivered by Professor W. B. Stickney of Ann Arbor, at the library building last evening, under the auspices of the Columbian club, was listened to with deep interest by a good sized audience. Nicola Tesla and Recent Marvelous Discoveries in Electricity and Ether was the subject, and it was handled in an able manner by the speaker, who is an ardent admirer and strong champion of the Serbian whose startling electrical discoveries have opened up a new era in the world of science. Professor Stickney suggested that the world was upon the eve of even greater discoveries in electricity and ether, the latter of which he denominated as a storehouse of energy, and ventured prediction that in five years from now the world would stand face to face with materialized forces of which it does not now even dream—Flint Daily News.

Professor Stickney lectures at the Presbyterian church tonight upon this interesting theme.

Directory Meeting.

The directors of the Kerber-Jacobs Redstone company met in Marquette Saturday for the monthly meeting. Besides attending to numerous matters of private concern the directors decided upon a transfer of the sales office to Chicago. All the company's traveling men will hail from that city, and be under the immediate management of Carl Fideison, but the company's headquarters will still be Marquette. J. E. Marks will go to Chicago shortly to take a position as chief clerk in the sales office.

Rhea is Coming.

Rhea is coming to Marquette. The management of the opera house has been successful in securing this talented actress for a one night stand July 2. The piece in which she will appear has not yet been decided upon. She is presenting two plays this season, "Neil Gwynn," her old favorite, and "The Cotton Spinner," a new one said to be very fine. The bill will be announced later.

A Selfmade Man.

William McKinley the nominee on the Republican ticket is a selfmade man. He has worked his way up from the farm to a nomination to the highest office that can be offered to an American citizen. He did not have the advantages that the school boy of today has as books were much higher priced then than now. And it required an outlay of from one to two hundred dollars to procure a good encyclopedia and had to be contented with a small pocket dictionary. But the advancement made in the past twenty years in all branches of learning, have required a great change also to be made in our school books, dictionaries and encyclopedias. Boys of today who can procure at a very small price such a work as the American encyclopedia dictionary which comprises in one both an unabridged dictionary and an up-to-date encyclopedia are far more fortunate than Major McKinley. Why need any one, business man or student, waste hours of valuable time hunting through pages of old out-of-date encyclopedias and dictionaries for things that are not there when they can get this modern up-to-date work for one half the money formerly paid for such works. The St. Paul Dispatch is going to give the residents of Marquette an opportunity to procure just 100 sets of this wonderful work at wholesale price and on terms that the humblest may procure it. Call at Dispatch educational headquarters 128 Washington street and examine the work.

Stomach Trouble Relieved.

HARVEY, Mich., May 12, 1896. My father was afflicted with stomach trouble. He began taking Hood's sarsaparilla and it has done him a lot of good.

Hood's Pills cure indigestion.

NATIONAL EDUCATIONAL ASSOCIATION CONVENTION AT BUFFALO, N. Y., OPENING JULY 7TH, 1896.

The choice of seven delightful excursion trips to Buffalo for the above occasion has been arranged by the Duluth, South Shore & Atlantic railway at such very low fares that a summer outing is placed within the reach of everybody. For circulars giving full description of the excursion trips, time tables of same, price of tickets and for other information, apply to the station and ticket agents of the D., S. S. & A. R'y., or to the General Passenger Department, Marquette, Mich. (6-17-15)
