JOIN SILVER PROCESSION.

Ohio, Indiana and Texas Democrats Come Out for the White Metal.

ENTHUSIASTIC STATE CONVENTIONS ARE HELD.

Ohio Launches a Boom for John R. McLean, While Indiana Endorses Matthews for President and Texas, Bland.

MORE STATES FALL IN LINE.

COLUMBUS, O., June 24.—The Democratic state convention held today was primarily a silver convention and secondarily the building of a boom for John R. McLean for the presidential nomination at Chicago. Of the 673 delegates, 542 voted for free silver and 618 for McLean. Three men were mentioned by the delegates as Ohio's favorite for the Chicago nomination—McLean, Campbell and Bookwalter. Ex-Governor Campbell had been the favorite until the silver tidal wave struck the state, but he was considered too conservative on the silver question. When Campbell and his friends arrived and found the sentiment drifting for McLean or Bookwalter, they supported the former, defeating Bookwalter in a hot fight for delegates and thus ending the Bookwalter boom for president and leaving the field, as far as Ohio is concerned, to McLean with the unit rule annexed.

The McLean men worked hard and managed to name all the delegates and state candidates and dictated the platform. Tonight the McLean boom for president is no longer under cover. It is currently reported Senator Blackburn of Kentucky and others outside of the state are in the McLean movement.

OVERWHELMINGLY FOR SILVER.

COLUMBUS, O., June 24.—The Democratic state committee met this morning. General A. J. Warner was made permanent chairman. He urged all to sacrifice personal preferences and everything else for the silver issue, and urged that all silverites unite on one ticket. The committee on resolutions reported a platform of a single plank for the free coinage of silver at 16 to 1, independently, and applied the unit rule to the delegates to Chicago. The gold men tried to have the unit rule stricken out, but failed. The minority report covering other points in Democratic doctrine was voted down, the convention holding "the money question the vital and paramount issue." The silver declaration was adopted 542 to 128. Allan W. Thurman, E. G. Finley, L. E. Holden and John R. McLean were chosen delegates-at-large.

The following ticket was nominated: Secretary of state, Chilton A. White, Georgetown; judge of supreme court, E. J. Blandin; Cleveland; food and dairy commissioner, Patrick McKlown, Cincinnati; member of board of public works, Wm. Beaumont, Dayton.

MATTHEWS FAVORED FOR PRESIDENT.

INDIANAPOLIS, June 24.—The Democratic state convention today was the largest ever held in the state. The silver men captured everything, instructing the Chicago delegates to stand through thick and thin for the most extreme silver declaration and the nomination of Claude E. Matthews for the presidency. The candidate for governor, Mr. Shively, appeared after he had been declared the nominee, and made a vigorous and enthusiastic speech, giving special attention to the endorsement of silver.

INDIANAPOLIS, June 24.—The Democratic state convention met today. The platform declares for the independent free coinage of silver; opposes any change in the present tariff; opposes cancellation of government paper money; opposes the issue of bonds; favors granting Cuba belligerent rights; declares pensions vested rights; instructs the delegation to vote as a unit for Governor Matthews for president. The delegates-at-large are United States Senators Voorhees and Turpie, G. V. Menzies and J. B. McCabe.

The following ticket was nominated: Governor, Benjamin F. Shively; South Bend; lieutenant governor, John G. Lawler, Washington; secretary, Samuel M. Ralston, Boone; auditor, Joseph T. Fanning, Indianapolis; treasurer, Morgan Chandler, Greenfield; attorney general, John G. McNutt, Terre Haute; supreme court reporter, Harry Warren, Indianapolis; superintendent of public instruction, W. B. St. Clair, Stark; statistician, O. H. Downey, Noble county. Appellate judges and electors were also chosen.

TEXAS DEMOCRATS ENDORSE BLAND.

AUSTIN, Tex., June 24.—The silver state convention reassembled this morning and adopted a platform. It declares for free silver, independently. It was decided to send eight delegates-at-large to Chicago, instead of four, and the following were selected: J. N. Duncan, J. W. Blake, Congressman Bailey, Governor Culberson, Hon. John H. Reagan, Senator Chilton, ex-Governor Hogg and E. G. Senter. The delegates were instructed for Bland of Missouri for the presidential nominee. The delegation to Chicago is straight silver.

GEORGIA FOR SILVER, ALSO.

MACON, Ga., June 24.—The platform of the Democratic state convention, which meets here tomorrow, will declare unqualifiedly for the free and unlimited coinage of silver at the ratio of 16 to 1.

His Earthly Troubles Over.

KANSAS CITY, June 24.—Henry Ellroth, once the owner of large cabinet ware factories at Peoria, Ill., and Mexico, Mo., was found dead in his lodgings here today, having committed suicide; morphine. Despondency was the cause.

CORNELL BRAWN WINS.

The Ithaca Freshmen's Eight Captures the Intercollegiate Boat Race.

POUGHKEEPSIE, N. Y., June 24.—Skill and hard pulling won the day for Cornell's freshmen eight in the big four-cornered university boat race which took place this afternoon. The shells finished in this order: Cornell first; Harvard, second by a length; Pennsylvania university, third by three quarters of a length; Columbia, fourth by full fifteen lengths. The official time was 10:18, 10:22, 10:26 and 10:51, respectively.

There was some misunderstanding at the start in the manner of giving signals to be off and on account of it Harvard tonight entered a formal protest against the awarding of the race. It will not be effective, however, as in order to make it so it would be necessary to have three of the crews enter protests, and this will not be done. Probably ten thousand people witnessed the finish. The start was made at 5:30:22. At the beginning all the crews rowed nearly a uniform stroke, thirty-six to the minute. Cornell led at the half, Harvard coming next a length ahead of Pennsylvania and Columbia two lengths behind the Quakers. Cornell gained and passed under the bridge which marked the mile a length and a half ahead of the crimson. On the first half of the second mile Cornell widened the gap between her shell and Harvard's to two lengths. At the mile and a half all the crews were pulling thirty-four strokes to the minute, except Columbia, which was pulling thirty-eight. Coming down the last half Harvard made a spurt which closed them upon the Cornell crew by a length. They were unable, however, to shake the Quakers, who made a spurt at the same time, and the crews crossed the finish line as stated above.

TWENTY SPECTATORS INJURED.

Seats Collapse During a Swell Circus Performance at Springfield.

SPRINGFIELD, Ill., June 24.—A bad accident occurred this evening at a circus performance by society people on the grounds of James T. Jones, given for the benefit of Christ Episcopal church. About three hundred prominent people were present, including Governor and Mrs. Altgeld. Several sections of seats broke down, caused by the weight of the spectators. About twenty persons were injured. Among the injured are: Mrs. JAMES L. HUDSON; leg broken. GIBSON R. BRAINERD, back badly injured. LEIGH K. BRAINERD, assistant United States attorney; leg hurt. EX-ADJUTANT-GENERAL ORENDORF; ankle strained. POSTMASTER M. RIDLEY; badly bruised. Mrs. EDWARD W. DANA; ankle sprained. Miss SALLIE PERKINS; badly bruised.

WILL BOLT THE UNIT RULE.

Silverites in Wisconsin's Delegation to Chicago Spring a Sensation.

MILWAUKEE, June 24.—The silver men in the Wisconsin Democratic delegation today announced they will bolt the unit rule imposed upon the delegates by the state convention when they vote on the platform at Chicago. They argue that if the national convention does not insist upon the unit rule they will not be bound by the action of the state convention, and they point to the fact that the convention yesterday refused to respect the unit rule by some of the counties. Having set the example, they say, the majority cannot kick if its action receives similar treatment in the larger convention. The action of the silver men will take Wisconsin out of the column of solid gold states at Chicago.

BOLTERS' PLACES FILLED.

Old Wing Indiana Prohibitionists Fill Vacancies on State Ticket.

INDIANAPOLIS, June 24.—Representatives of the old wing of the Prohibition party in Indiana had a meeting today to fill vacancies on the state ticket made by the nominees who bolted the ticket after the Pittsburgh convention. Among those who joined the new wing were the chairman of the state central committee and the candidates for governor, lieutenant governor, auditor, treasurer, statistician and reporter of the supreme court. A new ticket was selected, headed by L. M. Crist of Thornstown for governor.

COLORADO SILVER MEN.

They Meet Today to Select Delegates to National Convention.

DENVER, Colo., June 24.—Seven hundred delegates, representing every county in the state, will constitute Colorado's state convention of the national Silver party which meets here tomorrow. Delegates to the St. Louis national convention will be elected. FIGHT DECLARED A DRAW.

Sharkey, the Sailor Pugilist, More Than Holds His Own With Corbett.

RATTLING FOUR-ROUND BOUT AT SAN FRANCISCO.

The Ex-Champion Appeared Greatly Exhausted in the Last Round and Was Forced to Clutch to Escape Punishment.

POLICE STOPPED THE CONTEST.

SAN FRANCISCO, June 24.—That San Franciscans have lost none of their old-time interest in Jas. J. Corbett received ample demonstration tonight, when a crowd began to assemble to witness a four-round contest between the champion and Tom Sharkey. Although the preliminary contests were not scheduled to begin until 8:30, Mechanics' pavilion was surrounded by a crowd of several thousand people long before that hour. In half an hour after the doors were opened nearly every seat in the building, which holds ten thousand, was occupied. Corbett stock rose rapidly in public appreciation a few hours before the time set for the contest to take place. This afternoon odds of ten to eight were laid that the champion would not be able to knock the "Marine" out in four rounds. Then Corbett money began to roll in in large bundles and it was difficult to find men to back Sharkey at even money.

After the preliminary bouts were over, at 10:40 Corbett and Sharkey stepped into the ring. Corbett was seconded by Bill Delaney and George Green and Sharkey's seconds were Tom McGrath and Danny Newham. Frank Carr was referee. When Corbett entered the ring the vast crowd rose to its feet and cheered several minutes.

THE FIGHT BY ROUNDS.

First round—Corbett assumed the aggressive from the start and landed on the jaw with his left. Corbett landed again on the jaw and ducked a heavy swing from Sharkey. Sharkey struck Corbett on the breast and clinched. Corbett landed a heavy right on the jaw. In the mix-up Corbett landed with his left and followed with a right. Second round—Sharkey lands his left on Jim's face and follows up with a rush. Sharkey on the aggressive. Corbett neatly dodges heavy left swings and lands on Sharkey's face with a left. A clinch follows. Corbett is now following Sharkey. Sharkey lands heavy with his right on Corbett's face. Sharkey lands his left on the breast. Sharkey again lands on Corbett's jaw. The sailor appears groggy. Corbett lands his left heavily on the sailor. Sharkey lands heavy on Corbett's breast as the round closed. Sharkey made a very game fight. The round closed in Corbett's favor.

Third round—Sharkey rushed. Corbett dodged and Sharkey clinched. Sharkey lands heavy on Corbett's ribs. Corbett lands a right on the jaw and follows with a left. Corbett landed with a heavy right and left on the Marine's face. Sharkey is groggy and inclined to clinch. Corbett lands a heavy left on Sharkey's jaw and Sharkey clinched to avoid punishment. Sharkey refuses to break. Corbett lands a heavy right. Sharkey striking wildly, but not landing. Sharkey landed a right as the round closed.

Fourth round.—The men came to the center. Sharkey rushed at Corbett and clinched. Sharkey adopts foul tactics and refuses to break. The referee is unable to break the men apart. Corbett now clinches Sharkey and holds him tightly in order to avoid the sailor's rushes. Corbett appears groggy and is unable to land a heavy blow. Corbett falls down. Corbett gets mixed up with the referee and falls down again. The police break into the ring to stop the fight, but Sharkey jumps at them and refuses to be led from the ring. Corbett appeared very tired. Sharkey made a great fight throughout.

A PRACTICAL VICTORY FOR SHARKEY.

The referee declared the fight a draw. During the last two rounds Sharkey was the aggressor and Corbett was forced to clinch to keep the sailor from fighting. It was the opinion of all who saw the fight that Sharkey more than held his own and was the freshest of the two at the end of the contest. It was practically a victory for Sharkey, who had to be held by the police to keep him from going at Corbett. Sharkey after the fight announced he would fight Corbett to a finish for \$10,000 a side. The big crowd went wild with excitement and Sharkey was loudly cheered. Corbett seemed to be greatly exhausted and his breast was red and scratched from the effects of Sharkey's blows. The sailor's adherents allege that Corbett himself gave the signal for police interference when he found he was getting the worst of it.

IDEAS FOR STOUT WOMEN.

Some one has said of matrimony that "it is a sort of cage which all who are out desire to get in and all who are in desire to get out." This sentence may be applied to stoutness, for all thin people want to be stout, at least moderately stout, while all stout people ardently wish to be thin.

The largest sidewheel passenger steamer in American probably in the world, is the new Hudson river flyer, the Adirondack. She is 400 feet long, provided with immense engines, giving her a twelve foot stroke, and has three passenger decks besides the main hull deck, and the hurricane deck. Her cost was nearly a million dollars.

The supremacy of lake transportation is conceded by the officials of two Vanderbilt railroad lines, the Lake Shore and Nickel Plate, in their annual reports to the stockholders. On these lines the cost of moving freight is about as low as on any other two lines in the country.

SECRET OF PRETTY LIPS.

Perfect Health Is a Greater Beautifier Than Rouge.

Pretty lips add so much to the pleasure with which we regard a pretty face that one often wonders why some women seem to neglect the care of their lips. They never seem to mind if they are cracked, or dry, or swollen, whether they are attractive, or the very reverse.

Though very red lips do not follow us into old age, we can at least keep them fresh and attractive-looking all our lives. To do this great care must be taken to remain in perfect health, and also to attend to any little ailment of the lips as soon as it is noticed.

Very pale-colored lips, of course, show that the possessor is much out of health, usually suffering from bloodlessness. Strong iron tonic should be taken, plenty of milk drunk, and outdoor exercise freely indulged in.

Some foolish women have recourse to cosmetics in a case like the latter, but I can assure them that, though a very desirable temporary effect may be produced, it only succeeds for a short time.

The lips should also never be rubbed with strong scents, such as eau de Cologne, or vinegar, or lemon. Friction is also very bad for their well-being. Lips may only be a pale pink (red lips are constitutional); but if they are smooth and soft, they will look attractive.

Children are often unchecked in the contortions into which they twist their lips. It is laughed at and thought amusing in early youth, but when the age of discretion has arrived and the trick is still there it has ceased to charm, and is only looked on as an eccentric blemish.

Wearers of veils must be very careful about this. On a damp, cold day the breath will naturally condense on the veil and the lips will constantly be getting moist.

There are many harmless, healing salves that can be used on the lips. Like all other remedies, some are more suitable to one kind of lips than to others. Dry lips want one kind of remedy, while very moist lips require another kind of treatment.

Here is another excellent salve for the same purpose: Oil of sweet almonds, seven drachms; fine white wax, three drachms; cacao butter, one drachm; orachan, two drachms. These must all be stirred and mixed together over the fire, then strained and skimmed, and perfumed with a little rosewater.

Canadian English.

When Jean Baptiste goes on his travels he takes a ticket, with a check for his baggage, and enters a train. (He used to go to the station in a pig, according to M. de Gaspe, but I never heard him use the word, though I know he patronizes the cab-stand rather than the "place de finances.") "All aboard!" shouts the French guard. "All right," says the French passenger. I remember one day, going down from Montreal to Quebec, hearing the guard ask a swarthy habitant for his "billet;" "Et?" said he, puzzled. "Votre ticket," explained the guard. "Oh, Je comprends. Le voici." I have even encountered a sentence like this: "Nous leur donnerons des free tickets." Jean Baptiste will also tell you, if you desire such information, that the train consists of "douze chars et un engin," instead of "douze wagons et un locomotive;" but he still finds time to call the railway itself a "ch'min d'fer," having cut down the syllables from four to two.—Contemporary Review.

New Walking Hats.

The tailor-made girl still clings to the walking hat. This year the big, dashing hat, carrying a flower garden as its trimming, has tempted her a trifle, and so has the jaunty little braided straw toque; and yet through it all to the walking shape she has remained true. The latest walking hat to win favor among the tailor-made sisterhood has a bell-shaped crown and the sides rolled up closer to the crown than usual. One of the French models is of fine tan-colored straw trimmed with merely a black satin band and a waving black paradise plume.

Where the tailor leaves off the dress-maker begins to change styles to suit her own conception of the beautiful, and calling dresses, dinner gowns, dancing petticoats and at-home toilets measure at least eight yards in circumference at the foot and are laid in tiny plaits and gathers all about the waistband. Stout women may groan over these overlapping front plaits that extend fat lips and give short, thick waists a Dutch fullness, but slender souls rejoice, and, moreover, there is much liking shown for the new way of carrying braided and brocaded points between the full hanging flutes, from the foot nearly up to the waist line.

At least one is thankful, for perfectly plain skirts are growing to be something of a bore.—St. Louis Republic.

THEY RODE THE CAMEL.

Nobles of the Mystic Shrine Hold High Carnival in Marquette Wednesday.

DANCING RECEPTION GIVEN AT THE HOTEL SUPERIOR.

Shriners and Their Ladies to the Number of One Hundred and Fifty Attend from Out of Town-Tread the Burning Sands.

BALL AND RECEPTION.

Shriners were "the people" in Marquette yesterday. The badges and emblems of the order were in evidence everywhere, and on every street corner and in each hotel lobby there were groups of the faithful. The occasion was the first annual reception and ball given by the Ahmed temple.

This temple has a jurisdiction extending all over the peninsula, and naturally nearly half of the guests were from out of town. In the afternoon the nobles gave a short parade to Masonic Hall. They turned out in considerable numbers and made a fine showing in their regalia. The feature of the parade was the camel, the beast on which the nobles are alleged to cross the burning sands. No zoological garden or circus menagerie being at hand the camel was improvised, but he attracted all the more attention for the sake and was probably easier riding.

Arrived at the hall the nobles went into secret conclave and proceeded to put the novices through the terrible ordeals that every true son of the desert must undergo. There were nine, as follows, who survived the tests: A. A. Atwater, Ontonagon; J. A. Christolm, Seney; M. W. Pillsbury, Escanaba; J. Gianville, South Lake Linden; O. M. Stabler, Ironwood; H. W. Hamilton, Menominee; William McClelland, Marquette; M. R. Hoar, Houghton; S. McC. Smith, Munising. Though the initiations were begun early in the afternoon it was quite supper time before the last novice had ridden the ship of the desert across the burning sands to the cool oasis of the faithful, and was entitled to participate in the evening's festivities as a full fledged Shriner.

When evening came Hotel Superior, the scene of the festivities, was alight from basement to dome, and its broad halls and apartments beamed a resplendent welcome on each arriving guest. Some began to arrive as early as eight, and an hour later the representation of the order and its lady friends was fairly complete. At nine the dancing program was begun with the grand march led in double column by Noble J. E. McKee and Miss Maple, and by Noble D. W. Kaufman and Miss McCallum. During the course of the evening there were 200 couples on the floor, seventy-five of them being from away. After ten o'clock supper was served to the dancers in the hotel ordinary.

The reception being full dress there was a rare display of elegant costumes to better set off the charms of the fair dancers. The gentlemen were decorated by badges, and by Turkish fezzes of a bright red shade, while the ladies wore cream colored fezzes and a different colored badge. Most of the guests remained till a popular hour before breaking up the party, but there were some who left as early as 11:15 to catch the train for up the road. A few of the revelers will remain over a day or so more to enjoy further hospitality in Marquette.

Among the guests who are present from out of town are: M. H. Grover and wife, Escanaba; H. C. Work, Watertown, Wis.; John Christie and wife, Escanaba; W. R. Smith, Chicago; Mrs. Geo. Harn and daughter, Gladstone; M. I. Haggerman and daughter, Ishpeming; John C. Thurston and wife, Ishpeming; W. B. Catlin and wife, Iron Mountain; S. S. Beggs, Escanaba; H. W. Hamilton, Menominee; M. W. Pillsbury and wife, Escanaba; Theo. Farrell and wife, Escanaba; Mrs. M. Young, L'Anse; M. C. Hoar, Houghton; A. H. Shields, Houghton; T. M. Wells and wife, Negaunee; Thos. Pellow and wife, Negaunee; Miss Alma Cole, Negaunee; Wm. F. Anderson and wife, Negaunee; O. D. Stabbean, Ironwood; F. H. Rogers, Hancock; Miss Katherine Rogers, Hancock; T. C. Yates, Negaunee; Mrs. Barber, Ishpeming; George Hayden, Ishpeming.

Delightful music for the occasion was furnished by the Marquette Ideal orchestra. Joe Mack was in his old place as prompter.

Ely School Commencement.

Commencement exercises of the Ely school were held last evening at the school building in the large room up stairs. Every available seat and chair in this room was filled with fellow pupils, parents and friends of the eighth grade graduates, and there were a number standing in the hall who were unable to crowd into the room. Flags and evergreens gave the school room a festive appearance.

The literary part of the program was selected from the works of two favorite American poets, Eugene Field and James Whitcomb Riley. The first part of the program was given over to pieces by Mr. Field, and the second part to recitations of Mr. Riley's verse. Promptly at 8 o'clock the graduating class marched in and took places at the front of the room and sang Veazie's "Song of Welcome." Then that the audience might better appreciate what it was to hear, Miss Estella Beals read a short sketch of Eugene Field, telling of his literary career and of his works. After this introduction came the series of Mr. Field's productions recited by the various members of the class. These numbers were interspersed with music.

Riley being better known by works and reputation than Field no sketch was read in introduction of the latter half of the program. The selections given are some of the best representatives of the Hoosier poet's quaint homely style.

The exercises closed with the presentation of the certificates, and the singing of Watson's "Anchored," by a full chorus. All of the pupils acquitted themselves with credit. The following were the graduates of the eighth grade class: Philip Allen, Lucile Bell, Estella Beals, Clinton Byrne, Mazie Byrne, Mabel Brown, Henry Bernier, Ellen Bergh, Nellie Connors, Alice Collins, Mary Deasy, Ransom Depew, Mamie Fryfogge, Maggie Flynn, John Freeman, Freda Getz, Bertha Grabower, Floyd Hamill, James Hanley, Ella Lawrence, Flora Meeske, Nora Murphy, Mae Messier, Edwin Primeau, Samuel Rose, Emma Rivers, Eddie Rean, Louis Rowe, Alfred Rossiter, James Smith, Louis Trudeau, Maud Wilson, Nellie Wiseman, Howard Williams, Ernest Winkler, Roy Young.

St. Paul, Minn., Jan. 17, 1896. Having carefully examined Conkey's American Encyclopaedic dictionary, I take pleasure in saying that from a scientific point of view it is eminently satisfactory, and from an artistic point of view it is admirable. One of the best features, to my mind, of this excellent book is the fullness of its definitions and explanations, which are never tinged with religious bigotry. So far as I know, Conkey's is certainly the best dictionary for the price on the market. Yours very truly,

AMBROSE MCNULTY, Secretary to the Right Rev. Archbishop Ireland.

It affords me pleasure to be able, after an examination of Conkey's American Encyclopaedic dictionary, to concur in the above recommendation.

Letter from a Hancock Man.

Hancock, Mich., June 21, 1896.

Gentlemen-This is to certify that I, James Stephens, was troubled with piles for fifteen years and could not find any cure until I tried the Gem Treatment. After using three boxes I became a well man. I have no piles now. My age is fifty-two years. I work in the Quincy mine as a miner. Before I took the Gem Treatment I was not able to work one quarter of the time. I would like to have everyone who is troubled with piles to know what the Gem Treatment has done for me. It cost me three dollars and it did me more than five hundred dollars worth of good.

Yours Respectfully,

JAS. STEPHENS, Hancock, Mich.

PARADES AND PIGNONS.

They Were Features of Midsummer Day Observance at Ishpeming.

French Societies Held a Monster Parade Nearly a Mile in Length.

Every grove in Ishpeming was occupied yesterday by picnic parties. In addition to the societies mentioned in yesterday's issue of THE MINING JOURNAL as having arranged to spend the day out, the members of the Scandinavian society and their friends held forth at the Deer Lake grove.

Those most directly interested in the picnics were out early and at 8:30 o'clock the streets were lined with men, women and children.

The Scandinavian society turned out with the Miners' Union band at the head of its procession. The Swedish Home society came out with its own band and the Finnish Temperance society paraded to the music of the Lake Superior band.

The largest and most imposing parade of the day was that of the French societies. The procession was almost a mile in length. The Marquette City band and the Marquette society were at the head of the turn out. The Negaunce society came next. The Escanaba band and society were third in line.

At the several groves there were amusements of various kinds for the old folks as well as the young. Dinner was served to all who desired it and refreshments could be had at any time during the day.

About 300 persons came up from Escanaba. Negaunce, Marquette, Champion and Republic were all well represented at the French picnic.

THE WENDEL CASE.

Now in Progress of Trial at Menominee.

A year ago yesterday, June 24, little Eva Lafreniere disappeared from her home, never to return to it alive, and today young Carl Wendel is on trial for murder in the circuit court at Menominee, circumstances having brought him under suspicion of having taken her life to cover a revolting crime against her person.

Monday was taken up in securing a jury. The jury finally selected is as follows: Charles B. Rank, manufacturer and dealer in boots and shoes; G. T. Werline, dealer in farming implements; Charles Nelson, farmer; Charles Johnson, farmer; Albert Brandt, farmer; Charles Skog; Barney Schomer, cook; Jerry Madden, logging jobber; William Maxwell, blacksmith; Wolfgang Reindl, president Menominee River Brewing company; Andrew Wallin; E. J. Webster.

After the prosecuting attorney had outlined the case he expected to make Tuesday morning, the first witness for the people, Mrs. Lafreniere, mother of the little girl, was put on the stand. Her testimony was simply and clearly given. She related the particulars of her little daughter's disappearance: of the long but fruitless search for her until the hope of finding her alive was abandoned; of the discovery of the body in the attic of the Wendel house, and all the attendant particulars—all of which have been fully given in this department of THE MINING JOURNAL.

John S. Mennie, the builder who furnished the plans for the house in which the body of the murdered girl was found, was the next witness. His testimony was not important, save as it was necessary to make up the case. Marshall Carlson and Officers Nolan and Downing were also sworn Tuesday, their testimony relating to the disappearance of and search for the little girl and the discovery of the body later.

Yesterday saw a considerable advance made in the trial. Seven witnesses for the people gave their testimony and Judge Stone is hopeful that by this evening all of the testimony for the people may be in. This is remarkable progress, and indicates that the case is not likely to take up much of next week unless something unforeseen occurs.

Yesterday was mostly given up to taking expert medical testimony. The skull of the child was offered in evidence and some greswom details of the case were gone over. The testimony of Drs. Warden and Kean, who made a microscopic analysis of blood-stained articles, including garments worn by the child and the clothes worn by the accused on the day of the alleged murder, show that the latter were wet from a wash tub when brought to them for examination. They were being

washed at the house of the boy's grandmother when Officer Carlson secured them. Ten witnesses for the defense arrived at Menominee yesterday. The case grows in interest daily.

OFF FOR COLORADO.

Ishpemingites Go There to Engage in Gold Mining.

W. W. Brooks, John O. Flack and Ole Rian, of the Winthrop, and Thomas J. Curley of this city, left yesterday for Ward, Boulder county, Colo., where they expect to remain permanently. Julius Ropes of this city, who has been on the Ward range for some time past, has taken up four gold claims for these parties and he assures them that the properties are all worth developing and will at least pay the cost of the labor employed in working them from the start.

The boys have great confidence in Mr. Ropes as an explorer and mineral expert and they left here strong in the belief that their venture will prove a winner. They have all given up good positions and they propose remaining in the west even if their claims do not pay out as well as they expect.

TEMPERANCE LECTURE.

Colonel Sobieski, the gospel temperance lecturer, will discourse to the members of the Loyal Temperance Legion tomorrow afternoon at 4 o'clock at the Swedish Salvation Army hall. The lecture will be free to all who desire to attend. Every person attending will be presented with a bouquet. Mr. Sobieski proposes organizing a lodge of the Independent Order of Good Templars here in the near future.

ISHPEMING IN BRIEF.

Messrs. M. C. Scully and J. E. Reau were up from Marquette yesterday. Miss McGregor of Ann Arbor is here, visiting her sister, Mrs. J. Vandewater. John B. Tibor came up from Chicago yesterday to attend the graduation of his daughter. Will Gray of Bessemer, formerly of Ishpeming, has been in the city the past couple of days.

A number of the business men decorated their places yesterday in honor of the picnics held by the societies.

Richards and Lemm have put one of the Marquette County Telephone company's instruments in their boiler shop. The South Shore company has raised its main track at the Main street crossing to conform with the street grading being done there.

The infant child of Napoleon Lequay of the Dexter mine location, which died Monday, was buried in the Catholic cemetery here Tuesday afternoon.

Mrs. John McDowell of the Mesaba range, and her sister, Miss Annie Daley of the copper country, are in Ishpeming on a visit to relatives and friends.

John Nugent and John Kenny, two young men who were born and raised in Ishpeming, left Monday night for Butte, Mont., where they expect to find work and remain.

V. J. Payment, who went to Houghton to take charge of a steam laundry a few months ago, has given up his job there. He proposes moving his family to Boston, Mass., where they expect to locate permanently.

Miss Mamie Bowers of Ironwood, who has been in Ishpeming, the guest of the Misses Rose and Lizzie O'Brien, returned to her home in Ironwood, where she will spend the next month or so.

The members of the Ishpeming Alumni association expect a large attendance at the reception they propose giving this year's graduates tomorrow evening at the A. O. U. W. Hall. A number of young folks are expected over from Negaunce.

The representatives of the Schimmel-Nelson piano company, who have been in Ishpeming for the past month, expect to pull up stakes and leave here today. They disposed of about twenty-five new pianos here. After taking a month's vacation they will resume business in the copper country.

THOSE FAIRY STORIES.

A Boy Who Was the Victim of One of Them and Got Into Trouble Thereby. It is a peculiar belief among the youngsters of many families that the new baby sister or brother is the gracious gift of the family physician, and this belief is generally based upon the solemn assurance of papa and mamma, who have to tell some fairy story in order to tide over those events that occur occasionally in the best regulated families.

Now and then a boy takes the law into his own hands and makes a mess of it. An instance of this kind was related at the last meeting of a medical society.

It seems that the young son of a well-known merchant and the young son of a well-known doctor were very chummy, and the former accompanied the latter one afternoon on an advertising expedition. The advertising was done by means of a paint brush being quickly traced over any smooth piece of wood or stone encountered, and called upon the male population to purchase their trousers from Brown. Well, in the evening the doctor's hopeful returned, and his paternal derivative asked him what he had been doing during the day.

"Advertising," quoth the boy.

"Advertising whom?" inquired the father.

"Yes, and Mr. Brown" (the merchant).

"Yes?"

"Yes."

"How did you advertise me?"

"Oh, we fixed up a sign that said 'buy your trousers from Brown and your babies from Dr. Jones,'" said the boy, calmly.

The doctor gasped for breath, thinking that the boy was having undue fun with him, but he soon found out that his hope and joy was telling the truth, and it cost him money the next day to go over the boy's route and rub out all the advertisements.—Cincinnati Enquirer.

Bicycle Rides for Birds.

"No better way to give a pet canary bird an airing has been devised," said a woman down at Coney island the other day when several other women gathered around her wheel to look at a handsome little yellow bird on the handle bars. "The poor little dearie wasn't getting his share of attention, when I happened to think of putting it on my wheel. It was a dreadfully frightened bird at first, but I only took it a couple of blocks and back again. Next time I took it further, now you see how sprightly he looks. It's only when I tumble now that it gets at all scared. I ride over 50 miles with him some days, and sometimes he sings if the road is smooth, and he always answers the little chirps of birds along the way. He's lots of company, too."

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, constipation, dizziness yield to Electric Bitters. 30c. and \$1.00 per bottle at E. Farnham's Drug store.

If it required an annual outlay of \$100.00 to insure a family against any serious consequence from an attack of bowel complaint during the year there are many who would feel it their duty to pay it; that they could not afford to risk their lives and those of their family for such an amount. Any one can get this insurance for 25 cents, that being the price of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. In almost every neighborhood some one has died from an attack of bowel complaint before medicine could be procured or a physician summoned. One or two doses of the remedy will cure any ordinary case. It never fails. Can you afford to take the risk for so small an amount? For sale by the Stafford Drug Co.

TWO BICYCLES GIVEN AWAY.

L. W. Atkins & Co. will give away two more majestic bicycles, one on July 1st and the other Aug. 15. The chances on the wheel will be given out under the same conditions as the one given away recently and the drawing will be conducted in a similar manner. The bicycles are strictly high-grade and will be a credit to any wheelman.

In and About Negaunee.

CELEBRATION PROGRAM. LOCAL LAOCONICS. Committee Will Complete Arranging It Today.

A number of Negaunee people attended the Boyer-Jones wedding at Marquette yesterday. A number of men and two or three teams are now at work grading Jennings street. The improvement is a good one.

Rev. Father Mesnard of Escanaba visited Rev. Father Langner here yesterday. He came up on the excursion train in the morning.

John Corrigan, who represents a Grand Rapids shirt house, has been in the city the past few days. He makes this territory regularly twice a year and is very well known here.

A meeting of the Negaunee Clerks' association will be held this evening at 9 o'clock at the A. O. W. hall, when important business will be presented. All the members are earnestly requested to attend.

Superintendent Pearce of the street railway line has improved the picnic grounds near Union Park. Tables and seats have been put up and the place has been thoroughly cleaned. The lawn tennis court has also been supplied with sets.

Father Pat's Hospitality. As to Father Pat's hospitality, it may be rude and rough, but there is no mistaking its warm and generous whole-heartedness. The dinner in a country parish invariably consists of a roast turkey, a boiled leg of mutton with turnips, boiled bacon with cabbage, and potatoes served in their jackets. Claret is the wine principally drunk. It is only on very important occasions that champagne makes its appearance, but there is always a plentiful supply of the best Irish whisky, and, if made in the district, of "potheen."

All Want to Play. AS SOON as THE MINING JOURNAL appeared in the Twin Cities yesterday no less than half a dozen ball tossers from either town were out looking for August Brenea, manager of the Boston Bloomers, and all were anxious to participate in the game to be played next Monday afternoon at the Union Park grounds. Two or three Ishpeming teams were anxious to meet the ladies and the Negaunee boys were not far behind their neighbors in their desire to organize a team for the occasion. This contest will doubtless attract the largest gathering that has assembled at the park in some time.

Cyclists Are Kicking. The cyclists of Negaunee are very much displeased with the condition of the road at Cornistown where the Lake Superior & Ishpeming railway crosses it. The ground is so badly disturbed there that the wheelmen are obliged to dismount every time they pass over it. A few loads of gravel would put the crossing in fairly good condition. The wheelmen are hopeful that this will be done at a near date as they have been patiently waiting for the improvement of this particular part of the road ever since the snow left the ground.

Miner Meets Death. John Gribble, who was employed at the Negaunee mine, was instantly killed yesterday. He was putting some timbers in place when a chunk of ore came down and struck him on the head. The deceased was a married man and leaves a widow and six children. He was an old resident of Negaunee and had many friends who will greatly regret his untimely death. Mr. Gribble held membership in the local Golden Eagle and Odd Fellows societies. Arrangements for the funeral have not yet been announced.

Word or Two to those suffering from catarrh or the thousands subject to severe attacks of cold in the head, will not be amiss if a sure remedy can be offered. Ely's Cream Balm has become a favorite in all sections of the United States because of its effectiveness. Your cold will be quickly relieved by it, and the severest attack of catarrh will yield to, and be perfectly relieved by a thorough treatment. Catarrh is not a blood disease, but an inflammation of the passages of the nose and throat, due to climatic changes.

Nitroglycerine Explosion at the Powder Mills but no Casualties Attend.

PICKED THE FEATHERS OFF A NIGHT HAWK.

St. Joseph's Academy Graduates Receive Diplomas—Second Day of High School Commencement. Society Wedding.

POWDER MILL EXPLOSION.

At fifteen minutes after four yesterday afternoon a slight shock was felt throughout the city, in some places being severe enough to shake up houses in a decidedly uncomfortable manner. At the same time Weather Observer Patrick from his tower, and a few in the vicinity of the Dead River mill, saw a great cloud of sulphurous smoke shoot up into the air, a red glare following it.

The cause was the explosion of the first separator of the Lake Superior Powder company's nitro-glycerine plant. Nelson Jackson, in charge of the separator, was just ready to draw off the last tank of nitro-glycerine into the cans when he noticed a little smoke under the last and lower separating tank, that about which he was working. The tank was about three feet in diameter and at that time held about 1,200 pounds of nitro-glycerine. He started to catch up a pail of water to fight the threatened fire when he heard two little crackling reports follow each other in quick succession and he left, and he was not at all particular about the order of his going.

Jackson's cry of "Fire" sent the employes at work in the nitro-glycerine factory and other adjacent parts of the works out into the open air in a second. They reached a safe distance and then waited for the inevitable. Jackson claims that he waited nearly ten minutes, but at such a time a minute approaches an hour in length.

The violence of the explosion when it came was terrific. The building, 25x50 feet in size, vanished into match ends, trees were torn and twisted and were completely stripped of bark and leaves for a long distance from the center of disturbance, the minute fragments of the leaves now covering the ground like snow flakes, while the grass stripped of blades, looks like fine stubble. An unlucky night hawk was stripped of his feathers by the concussion and presented a lamentable sight in his attempted flight.

The Lake Superior Powder Co. has the largest and most complete plant of the kind in the northwest, manufacturing all forms of powder and high explosives and employing over forty men while its extended plant is labor saving to the utmost degree. That its nitro-glycerine is right up to the limit in strength can be vouched for confidently by any one who visited the scene of yesterday afternoon's mishap. In addition to the havoc wrought where the separator building stood other parts of the works fully a quarter of a mile distant were touched up, pieces of the lead vats flying even farther, and there is a big job in that section of the country just now for some enterprising glazier. The officers of the company had no word to say about their loss further than to express their joy at the fact that no lives were lost. The loss is estimated at between \$2,500 and \$3,000; the nitro-glycerine portion of the plant will be tied up for three or four days until a new separating plant to free the finished nitro-glycerine from the acid can be provided for.

Two Are Graduated.

St. Joseph's academy held its annual commencement last evening in the basement of the cathedral. Even this large assembly hall found it difficult to comfortably accommodate the many friends and patrons of the school who wished to attend its closing exercises.

The stage was draped and tastefully set with flowers and foliage plants. "Omnia Vincit Labor," the class motto, was displayed in gilt letters at the back of the rostrum.

The program was of considerable length, but of high merit throughout. One of the most popular numbers on it was the "Dumb Bell Drill," given by about twenty young girls. The precision and ease with which they went through their calisthenics was remarkable.

As considerable time is given up in the school to the study of music, most of the numbers on the program were either vocal or instrumental. A sonata by Clementi, played on three pianos by Misses Mary L'Huilier, Mary Rose and Vitalia L'Huilier, was cleverly executed and well received. Little Sadie Donahoe took the house singing, "The Lily Looks Like Me." The essays by Misses Vaughn and LaLiberty were excellent in style and delivery. Miss Vaughn was the honor member of the class. After her valedictory remarks Bishop Verin presented the diplomas. There were but two graduates of the literary course, Misses Vaughn and LaLiberty, but there were three in addition who were to receive diplomas for music. These were: Mary L'Huilier, Mary Rose and Vitalia L'Huilier.

Ended the Essays.

Wednesday's program of essays and orations given in the assembly hall at the high school completed this feature of the senior's graduating exercises. As was the case the day before, the many friends and parents of the graduates taxed the seating capacity of the room to its utmost.

The exercises were opened with Veazie's "Spring Song" by the high school pupils. An oration, "Columbus Deed, Four Centuries Later," by Albert B. Holley, was productive of much interest, and the young orator was heartily applauded. Among other things Mr. Holley attacked that class of immigrants who become the scum of the United States. Miss Rose V. Erbelding followed with an interesting essay entitled, "The Penelopes." Miss Martha B. Clark then delivered

an essay on "Ill-Directed Talents" with an ease of delivery which was highly appreciated.

The next number was a song "Wandering in the Maytime," by the High school. "The Graduating Essay" was a theme well handled by Miss Nora T. McCarthy. This essay, written in a light and breezy style, was well received by the audience. Miss Katherine E. Flynn next read an entertaining essay entitled "The Pen and the Sword."

Mr. John L. Hogan spoke upon, "The North Pole Conqueror" in a masterly manner, showing oratorical ability. The speaker described in a graphic manner the trials and dangers which beset the path of the Arctic explorer. "Thomas Hood" was the subject treated by Miss Maude A. Grant in her essay. A vocal solo by Mrs. A. Palmer was rendered in a pleasing style.

In her essay "The Grandeur That Was Rome," Miss Ellen M. McCallum treated, as the subject indicates, on the beauty of the Roman empire. "The New Women" furnished Miss Josephine M. Cox with a subject upon which original views could be expressed. Her remarks were listened to attentively. Miss Delphine A. Mailhot in the Class Prophecy portrayed the members of the class in the year 1915, when they should have become engaged in occupations for which they have shown more or less aptitude while in school.

Miss A. M. Chandler next presented to the High school three portraits of English authors. The portraits were purchased from the proceeds of the Literary tea given by the junior class early in June. The exercises were concluded with a song by the High school entitled, "We Are Nymphs of the Ocean Spray."

Jones-Boyer Nuptials

Yesterday about noon there assembled at the residence of Dr. and Mrs. O. D. Jones about seventy-five relatives and friends, to witness the marriage of the only daughter, Lila to Dr. R. W. Boyer. Promptly at 11:30 o'clock Mrs. A. E. Brown at the piano began Mendelssohn's beautiful wedding march, and then the wedding party entered.

First came the groom, attended by his brother, Edward Boyer of Muskegon, as best man; then the mother and grand mother of the bride; next Miss Mabel Fray Cooper of Joliet, Ill., prettily gowned in cream organdy with American beauty roses, as maid of honor; and finally, the bride, dainty in a gown of white brocade taffeta, with bride roses, leaning upon the arm of her father.

The beautiful and impressive marriage service of the Episcopalian church was read by Bishop Williams and Mrs. Boyer were pronounced ready for the congratulations of their friends.

The parlors were prettily decorated with white and yellow roses, pine and ferns, while the dining room looked cool and inviting with its profusion of pink roses and smilax. Luncheon was served, and Dr. and Mrs. Boyer were started on their eastern trip with hundreds of good wishes, pounds of rice and several pairs of old shoes.

The congratulations of friends were very substantially shown by quantities of beautiful cut glass china silver bric-a-brac and linen.

Alumni Meeting.

The alumnus of the local high school will hold its midsummer reception next Monday evening at Fraternity hall. The first half hour will be given over to the reception of the new class and the reunion of the old ones. After that will come the dancing, beginning at eight. Supper will be served at Heppner's. This arrangement will leave the stage for those who prefer to look on rather than to participate actively in the festivities.
