### What is Mr. Goodspeed going to do about it?

Although we have sold a "raft" of low shoes (probably more than have been sold by any one house on the upper peninsula) we will have an immense stock of them left. Our policy of never carrying goods over from one season to another leaves us no alternative. There is only one thing to do; that is CUT THE PRICES AGAIN. Shrewd buyers will not fail to take advantage of this, our first inventory sale.

### INVENTORY SALE.

Buyers' harvest. Prices lowered to a point that would make the shoes blush for shame could they realize the low figure we ask for them. ARMSTRONG'S OXFORDS, accustomed to move in the best shoe society, who would have turned up their toes in disgust at a suggestion of less than \$3.50 and \$4.00, must be sacrificed and you are welcome to your choice of these fine shoes in patent leather, vic kid, cloth tops, light and dark tans, at \$1.75 a pair.

### INVENTORY SALE POSITIVELY ENDS AUG 10th.

Until that time we submit for your serious consideration the greatest shoe opportunity of recent times. Are you going to look after your interest in this sale? Everybody has some. Don't neglect yours.

### ONE DEMOCRATIC SLATE.

Burke Cochran, Tammany Leader, Advocates Voting for McKinley Electors and Gold.

### GOLD DEMOCRATS SHOULD MAKE NO NEW NOMINATIONS.

Would Oppose McKinley's Administration the Day After Election—Wants the Yellow Cohorts to Meet and Declare Principles.

### COCHRAN A BOLDER.

NEW YORK, Aug. 2.—Burke Cochran returned last Saturday from Europe by steamer Paris. Mr. Cochran has evolved a plan by which he thinks the defeat of Chicago candidates may be encompassed. Speaking of the situation he said:

"I regard it as the gravest in the history of our country, exceeding in importance the crisis of 1860. The secession movement was but an attempt to divide this country between two governments, each of them designed to protect all property within the limits of its jurisdiction. The movement launched at Chicago is an attempt to paralyze industry by using all the powers of the government to take property from the hands of those who created it and place it in the hands of those who covet it. This is a question of morals as well as of politics. No political convention can issue valid license to commit offenses against morality. I decline to follow Bryan in a crusade against honesty and rights of labor."

"Do you mean you will actively oppose the Democratic party, or merely abstain from the active support of it?"

### CAN'T UNDERSTAND TAMMANY.

"In a contest for existence and civilization no man can remain neutral. Whoever does not support the forces of order aids the forces of disorder. If I can do anything against this movement, the success of which I would regard as an irreparable calamity, not only to this country but civilized society everywhere, I shall certainly do it."

"What do you think of Tammany's action in endorsing the ticket?"

"I simply can't understand it. They strongly opposed the Chicago platform on the ground that it was an assault on the integrity of the nation. They decline to ratify it even now, which shows they haven't changed their opinion of it."

"Yet they have endorsed a candidate who stands upon it? Will you support McKinley outright, or do you favor nominating another Democratic ticket?"

"I believe all Democrats who so thoroughly favor sound money that they place the defeat of Bryan above the interests of any organization or party should meet in convention for the purpose of considering a method by which they can give the greatest efficiency to their opposition."

### NO GOLD DEMOCRATIC TICKET.

"For my part I do not believe the nomination of other candidates for president and vice president, however eminent and deserving they might be personally or politically, would serve any useful purpose."

"Your obvious policy, then, would be to endorse the McKinley electors?"

"Precisely, Democrats who will have achieved success as to their financial plank by the election of McKinley will yet constitute an opposition to the Republican party the day after election, based on the principles which are certain to be ultimately adopted by the American people. What is needed, therefore, is not a new ticket, but a new platform which will declare in unmistakable language the cardinal features of party faith, and which, while endorsing McKinley electors, will provide for a really Democratic opposition to the McKinley administration during the period of its existence. It can be easily demonstrated that this whole free silver movement is a conspiracy against wages, and if a campaign were fought on this line I have no doubt every northern state could be carried against the monstrous propositions submitted by the Chicago convention."

### NOT PROMISING JOBS.

Bryan Has Not Given Attorney Generalship to Altgeld.

LINCOLN, Neb., Aug. 2.—Regarding the rumor that he had promised to appoint Governor Altgeld attorney general, Bryan said tonight:

"In order to answer once for all the rumors in regard to places promised I desire to say I have not directly or indirectly promised any office of any kind to any person whomsoever and shall not during the campaign promise any office of any kind to any person whomsoever."

### "BUCK" HAS CONFIDENCE.

Henrichsen Says Illinois Is Bryan's Sure Meat.

CHICAGO, Aug. 2.—W. H. Henrichsen, chairman of the Democratic state central committee, arrived here tonight and says that since the national convention adjourned he has been traveling through the state and has no doubt it will give a big majority for Bryan and Altgeld. The state central committee will meet here tomorrow to map out plans for a vigorous campaign.

### TO MEET IN OHIO.

Gold Democratic Convention Will Be Held About Sept. 1.

CHICAGO, Aug. 2.—Chicago is to witness another national Democratic convention within a month. The gold standard Democratic leaders have decided definitely upon a convention to be held about Sept. 1 in this city. The announcement was authentically

made yesterday afternoon that such a course is a certainty, unless something wholly unforeseen intervenes. The arrangements looking to the consummation of the plan are already well under way, the New York leaders particularly regarding matters settled beyond a peradventure as far as the location and date of the convention are concerned, and being inclined to busy themselves now chiefly with discussion as to the question of candidates.

### HADN'T HEARD OF IT.

Alleged Arrangement for Sewall to Re-sign Nomination.

WASHINGTON, Aug. 2.—Senator Jones, chairman of the national Democratic committee, returned to this city today. The senator's attention was called to the statement in the Atlanta Journal made by Hon. W. L. Peck, who led the Georgia delegation at the Populist convention, that there is an understanding between Populist and Democratic leaders that if the Populists would nominate Bryan for president and a southern populist for vice president, that Sewall would retire from the race. Regarding this Jones declared that so far as he knew no arrangement of this kind was entered into.

### STONE'S FRIENDS DEFEATED.

KANSAS CITY, Aug. 2.—Complete returns from yesterday's Democratic primaries to select a county committeeman and delegates to the state convention, prove the election of a majority of anti-Brown faction candidates. The Brown faction which is supported by Governor Stone has been the leader in local politics some time and its defeat is the culmination of a lengthy and bitter fight.

### EXECUTIVE COMMITTEEMEN.

KANSAS CITY, Aug. 2.—The Journal's Washington correspondent says: "Governor Stone, of Missouri and J. G. Johnson of Peabody, Kansas, will be members of the executive committee of the national Democratic committee. This was decided upon when Chairman Jones called upon Bryan."

### GOVERNMENT DEFICIT GROWING.

Expenditures for July \$13,059,249 Greater Than the Receipts.

WASHINGTON, Aug. 2.—The comparative statement of the government receipts and expenditures, issued by the treasury department yesterday shows the total receipts from all sources during July to have been \$29,029,909, and the expenditures \$42,088,468, leaving a deficiency for the month and the fiscal year thus far of \$13,059,249. The internal revenue receipts during the month were \$14,302,532, an increase of \$1,404,117 over the first month of the last fiscal year. On the other hand, the custom receipts, which were \$12,157,380, show a falling off of \$1,019,054 compared with July of last year. The miscellaneous receipts which were \$3,569,345, show an increase of \$475,088 over the month for the fiscal year. All but two items of the expenditures, war and interest charges, show a decided increase over July, 1895, the heaviest being under the head of civil and miscellaneous expenditures, which were \$12,343,931, as against \$10,047,563 of the corresponding month a year ago. Part of the comparatively large deficiency is also accounted for by the increase of expenditures on account of the navy from \$2,380,486 in July, 1895, to \$3,756,250 the first of the month. There is a slight increase of about \$250,000 each for pensions and Indians over July of last year.

### WARD ESTATE LEGALLY SETTLED.

O. W. Potter Is Exonerated of All Charges of Fraud.

DETROIT, Aug. 2.—Judge Carpenter of the Wayne county court yesterday handed down a decision exonerating O. W. Potter of Chicago of all charges of fraud in connection with the settlement of the estate of Captain E. B. Ward of Detroit. Captain Ward died in 1875, and left an estate said to be valued at \$6,000,000. Heirs of the captain claimed that by collusion between Mrs. Ward, her brothers and Mr. Potter, the estate was absorbed illegally.

### DRUSE REBELLION.

Turks Have Their Heads Full Suppressing It.

CONSTANTINOPLE, Aug. 2.—Dispatches from Damascus report that several serious fights have occurred in Hauran, province of Syria, between the Turks and Druses. The Turks claim they have won the victory, but independent reports represent that the issue is doubtful, with heavy losses on both sides. It is now feared that forty thousand Turkish troops will be required to suppress the Druse rebellion which broke out June last with renewed vigor.

### ROCKEFELLER MINES ALL CLOSED.

Tilden Mine at Bessemer Last to Shut Down.

BESSEMER, Mich., Aug. 2.—The Tilden mine closed down yesterday, laying off both day and night shifts of the No. 9 shaft. This completes the shutting down of the Rockefeller mines of this city. On the Gogebic range the mines are practically all shut down, at Hurley, Ironwood, Bessemer and Wakefield. There are less than a thousand men at work on the range where at one time over eight thousand men were employed. It is certain few months idleness will find hundreds of families in destitution.

### LOCKS OPEN TODAY.

Revenue Cutter Johnson First to Be Locked Through.

### VISIT SCENES OF DESTRUCTION.

CINCINNATI, Aug. 2.—Many people today visited the scenes of yesterday's hurricane in the northern suburbs. The public did not know what a narrow escape the city had till today. With the wind blowing sixty miles an hour and a rain fall of two inches within two hours, weather bureau officials say the city was fortunate in escaping with only property damages. This is due to the absence of funnel shaped clouds.

The wind which swept straight across the city and suburbs, unroofed hundreds of buildings but many of the buildings demolished were either old structures, barns or buildings in process of construction.

Some congregations held services in new locations today owing to damages to their own edifices, but the general opinion expressed everywhere was that of thankfulness that the situation here and elsewhere in southern Ohio, Indiana and Kentucky is no worse.

The only death reported was that of Charles Boubal, who picked up a live wire that had blown into his yard. John Tammer of Covington, Ky., also picked up a live wire and was unable to release himself. His condition is doubtful. Twelve persons are prostrated today from lightning shocks received during yesterday's storm. Lightning struck hundreds of places in and about the city. Hundreds of people experienced severe shocks who are not prostrated. Quite a number of horses were killed in stables that were struck by lightning or blown down.

At the sanitarium this afternoon it was reported that the fifteen patients still there are doing as well as could be expected, and while there are chances of pulling them all through safely the odds are against at least three.

### AWFUL HEAT IN TEXAS.

Thermometer Registers 107 1-9—No Rain for Weeks.

DALLAS, Tex., Aug. 2.—The awful heat yesterday, and for many days past, continued today. The thermometer registered today 107½. Old men who have been here forty years say they never knew anything like it before. There has been no rain in several weeks and of course everything green in the fields is rapidly dying.

### FOUR THOUSAND DROWNED.

Part of the Chinese Coast Is Swept by a Great Tidal Wave.

SHANGHAI, Aug. 2.—News of a terrible disaster and great loss of life has just reached here. A tidal wave, estimated to have been about five miles in length, swept in from the sea on Sunday last and inundated the coast of Hiachu in the northeast of the province of Kiang-Su. The damage done was very great. Many villages were destroyed, and it is estimated that at least 4,000 people were drowned. In addition, an immense number of cattle perished, the rice fields were submerged, and almost totally destroyed, with the result that a famine is feared in that district during the coming autumn.

Hiachu is situated opposite Yu Chu island on the coast of the Kiang-Su province, which is on the Whang Hai, or Yellow sea. The surface is mostly level, which may account for the great loss of life. Kiang-Su is one of the most fertile provinces of the empire and exports more silk than any other part of China. The Yang-Tse-Kiang enters China through this province, the principal city of which is Nan-King.

### ARMING FOR REVENGE.

Strikers at Brown Works in Cleveland Desperate Men.

CLEVELAND, O., Aug. 2.—A startling piece of news in connection with the Brown strike, and which comes from apparently reliable sources, is to the effect that the strikers are arming themselves and drilling. It was said today that the purpose of the men is to avenge the death of two men who were shot at different times in the conflicts between union and non-union men. Four companies of militia are on duty at the works tonight.

CHICAGO, Aug. 2.—A special committee of the trade and labor assembly appointed some time ago to investigate charges made against H. C. Payne of Milwaukee, regarding his hostility to trades unions and labor organizations, presented its report to that body tonight and recommended that no action be taken. The report met with vigorous opposition, but was finally adopted.

### Vandals at His Grave.

SOFIA, Bulgaria, Aug. 2.—The tomb of Stambuloff, ex-premier of Bulgaria, who was assassinated on the streets of Sofia, July, 1895, has been seriously injured with a dynamite bomb. Once before in August of last year, Stambuloff's grave was made the object of outrages by vandals.

### Death Roll Unchanged.

ATLANTIC CITY, N. J., Aug. 2.—No additional deaths have yet occurred as a result of Thursday night's collision, and the death roll still stands at forty-four.

**A. O. U. W. ANNUAL REUNION**

Brother Workmen from All Over the Peninsula Met in Marquette Saturday.

NEXT YEAR'S REUNION IS SECURED BY IRONWOOD.

Everybody Had a Good Time and Voted the Affair a Success—Night Dook Crew at Work Again—Flower Service.

**SUCCESSFUL CELEBRATION.**

The fifth annual reunion of the Ancient Order of United Workmen of the upper peninsula was held at Marquette Saturday. It was a successful affair reflecting credit upon the management and should Marquette ever aspire again to entertain the workmen the claims of the Queen City would be received with the greatest consideration.

Contrary to the official weather forecast and the general expectation the day opened and continued fair, and had the indications been for a good day there would undoubtedly have been a larger crowd than there was. The copper country turned out the best throng and sent the Fifth Regiment and Quincy bands, to furnish music for the day. Considering their nearness to Marquette Ishpeming and Negaunee rather went back on their sister city, as the lodges there were not nearly so well represented as those from the copper country.

The Marquette brothers turned out early and were to be seen on the street decked in their badges as soon as breakfast was over. They busied themselves around headquarters getting ready for the procession and other things till the special arrived.

**BABY IN DANGER.**

When the train actually came in there was a rival attraction and it did not receive the greeting it might otherwise have done. The depot platform and Superior street were crowded. Suddenly there was a cry raised. A runaway horse was coming down the street full jump. People screamed and ran to either side of the street for shelter. A little boy was wheeling Ed Quarter's baby in a carriage. He was just crossing the street when the cry was raised. Childlike he forgot his charge, abandoned the carriage in the middle of the street, and ran for safety. The horse was running as hard as he could go. The baby carriage was right in the way and he never turned out but gave a jump. As he did so he struck the carriage and knocked both it and the baby flying. Everybody thought the child was killed, but when picked up, though some hurt, he was found to be worse scared.

**FORMING IN LINE.**

By the time the excitement was over the copper country train had unloaded its delegation, and Marshal Board proceeded to get the various lodges into line. There were fourteen lodges represented, and these with four bands and the guests of honor in carriages made quite an imposing and lengthy parade. The bands in line were the Marquette City band, the Fifth Regiment band, the Quincy band and the Kirkhart & Ryan circus band. The circus people followed the procession, riding in a large car.

Following the line of march already laid down the procession arrived at Washington park. Here it broke ranks and the members of the lodges and their friends seated themselves to listen to the addresses. After an invocation Mayor Jacobs made a brief address of welcome, metaphorically extending the keys of the city to the visitors.

This was responded to in behalf of the Grafton lodge by James Russell. He was followed by F. C. Chamberlain and Deputy Grand Master John F. C. Hollings, who spoke of the advantages enjoyed by members of the A. O. U. W. Mrs. Joclyn addressed the assemblage in behalf of the Degree of Honor explaining the aims and objects of the order.

On account of the time of day at which the speaking was held the addresses were necessarily short. Realizing this the orators condensed their ideas and made their remarks more to the point. By one o'clock the crowd broke up and went off to find eating places. Most of the visitors satisfied themselves with hotel and restaurant fare, but there were many who made family picnic parties at Presque Isle, where their eyes feasted quite as much as their stomachs.

**RACES ON WHEELS.**

Just before six the bicycle races took place on Washington street. There were two races, each of one mile. The first was open to all and the second only to boys of eighteen and under. In the first race there were entered Harris, the copper country's fast man, Albert Wallace and Watson. First place easily went to Harris, who crossed the line using his foot for a brake. Second finish was still in doubt when Watson ran into a boy and was thrown. Wallace, who was riding too close behind to stop, piled on top. He was worse hurt than Watson, but both men were able to get up, and Wallace's brother ran out from the side of the course and grabbed the wheel and trundled it across the line while the rider finished on foot. Watson got up and ran with his wheel, and would have finished second, but he mis-

took the position of the line and stopped thirty feet short of it. The prize won by the first man was a gold headed umbrella. Wallace, who was given second award, took the bicycle pants. In the second race there were but two entries, Ned Watson and Frank Wallace. Watson got first by about twenty feet, winning an X-ray bicycle lamp. Wallace got a \$3 pair of bicycle shoes.

**CLOSES WITH A BALL.**

Casino rink was a scene of festivity in the evening. Here was held the annual ball, which proved to be a most enjoyable affair. The crowd was large and merry, and the music dispensed by the Ideal orchestra kept them tripping nimble toes till full midnight. Saturday night's dance was the most successful of the five annual balls held by the order.

The dance closed the day, and as soon as it was over the out of town visitors hastened to the depot to take their specials. The great bulk of them took the late trains, but there were still quite a few who stayed over and went away on the Sunday afternoon trains.

At a business meeting held during the day Ironwood was decided upon as the place for holding the next reunion.

**Minstrels Tomorrow Night.**

The Georgia University Minstrelstra that has made such a great impression throughout the East and in the cities on the coast where they have appeared, are billed for one performance at the opera house tomorrow night. As this is their first visit here, the members are expected to establish a reputation that will always fill the theater on their return. This is an organization composed of educated colored men and women of recognized ability and talent as performers. Their singing is much above the average. There will be a novel first part, including the female members of the company, also four end men, a double quartette, one of which, the Swanee River Quartet, has a national reputation. There are a number of well known colored dancers and a colored ventriloquist that will please any audience. These specialties are all new and numerous. The performance will close with an entirely new afterpiece, especially written and arranged for the company.

**Enjoying Presque Isle.**

Every fine Sunday demonstrates what a blessing Presque Isle is to Marquette.

All afternoon and evening yesterday the street cars could hardly carry the throngs who wanted to enjoy the breezes for a few hours on the beautiful island. Most of the crowd stayed down near the lower end, but there was not a portion unoccupied. There were a number of small picnics and there were many more who went out simply to walk around, breathe the fresh air and enjoy the view.

About 8 o'clock the open motor car loaded with passengers for the ball park and the island got stuck on Front street hill. It started backwards, and the brakes were unable to stop it for for perhaps fifty feet. A number of passengers climbed out very hastily, and one woman got panic stricken and threw two children out bodily. One of them narrowly missed rolling under the wheels.

**Beautiful Flower Service.**

St. Paul's cathedral was the scene of a beautiful and impressive service yesterday morning. It was a flower service, and the church was literally banked with beautiful blooms. The venerable archdeacon preached an appropriate sermon. He thinks flowers are one of the most beautiful gifts of God to man, and that it is fitting that their loveliness should be commemorated by a service at least once a year. The excellent music by the choir lent an additional attractiveness to the service. The church was well filled.

**Night Gang Goes Back.**

The layoff of the dock men bids fair to be of shorter duration than many expected, and there is the corresponding jubilation among railroad and laboring people of all classes. Orders have been issued for one of the two night gangs that have been employed on the docks to go back to work Monday night. Eight more men go to work in the railroad yards this morning. None were taken back at the shops.

**A. O. U. W. Window.**

Without question the best decorated window in town Saturday was Hager Bros. The north window in their store was built up with a pyramid of moss, on one side of which were the letters A. O. U. W., and on the other, N. F. C., signifying hope, protection and charity. On a support at the apex of the pyramid was an American eagle. The design was appropriate to the day and showed up well.
