

### The Filling Of Prescriptions

is the most important work of a good drug store. The very lives of a community depend upon the care and integrity of the man who fills its prescriptions. We use only the very best and freshest drugs, and exercise most painstaking care to prevent the possibility of error. Quality not quantity is our first consideration in buying.

### IT BROKE ALL RECORDS.

Great Crowd Assembles at Knoxville to Do Honor to Candidate Bryan.

SPEAKS IN FRONT OF THE COURT HOUSE.

Stay of Two Hours Is Made and the Party Continues Its Journey to Asheville, N. C.—The Usual Throngs at All Stations.

### IN THE HOSPITABLE SOUTH.

KNOXVILLE, Tenn., Sept. 16.—Mr. Bryan stopped two hours here. The oldest citizen could not remember when such a great crowd had assembled to greet any man. Mr. Bryan was taken immediately to a speaker's stand in front of the court house. His address was devoted chiefly to the currency issue.

HOT SPRINGS, N. C., Sept. 16.—The first stop after leaving Knoxville was at the little hamlet of Mossy Creek, where the usual hand-shaking process was gone through with the few hundred people gathered about the place. At 10:45 Morristown was reached, and here Mr. Bryan spoke a few minutes to the fifteen hundred people about the car. A large portrait of Bryan was conspicuously displayed on the platform frozen in a huge cake of ice. In his speech Mr. Bryan referred to it, saying he hoped it did not suggest a chilly reception. Four hundred people were in the crowd at Newport, the last stop of the special train in Tennessee. To them Mr. Bryan made a few remarks from a covered platform erected near the track.

ASHEVILLE, N. C., Sept. 16.—The last stop before Asheville was reached was at Hot Springs, where several hundred people gazed at Mr. Bryan for two minutes and as the train pulled out cheered him loudly. At Asheville, Mr. Bryan was given a most hearty welcome. It was the first time since 1844 that a presidential nominee had visited this section of the country and farmers for miles around had gathered here by thousands to pay homage to and cheer the candidate. On his arrival here the nominee was driven to a hotel, where he was given an elaborate dinner. The party was then driven to a platform in a valley between the great hills which has helped to make this place so beautiful. There Mr. Bryan addressed a large crowd.

MR. BRYAN'S ADDRESS.

"It was the state of North Carolina which at Chicago before I became a candidate, before my own state had taken any formal part in presenting my name, it was the state of North Carolina which by resolution decided to give me the unanimous vote of their delegation in that national convention. I appreciate the honor which they were willing to do me and therefore it gives me great pleasure to come among the people whom they represented and give what assistance I can to secure the electoral vote of the state for the free coinage of silver."

Mr. Bryan then went over some of the arguments for free coinage used by him before, and continued:

"I denounce the idea some seem to have that the government has a right to lessen the volume of money but no right to increase it. I denounce as a false and infamous doctrine that the government has a right to starve the people by taking their money from them, but has no power to feed them by increasing their supplies. When they tell you that you ought not to invoke legislation for the purpose of increasing the volume of money, tell them you are following the example set in 1873, when the money-owning classes invoked the power of legislation to strike down a portion of the nation's money in order to raise the value of another portion. If they can appeal to the law to take away some of the money you had, why can you not appeal to the law to place you back where you were?"

"Some are afraid that if we pass a free coinage law there will be such an increase in the volume of our currency that we won't know what to do with it. They say the cheap silver dollar will come and run the gold dollar out, and then money will become so scarce that the silver dollar will be worth more than the gold dollar. Just think of it! Don't you know that if cheap silver dollars run our dear gold dollars out the very moment silver dollars became dearer than gold some of the cheap gold dollars will come back and run the dear silver dollars out."

"They say that under bimetalism a foreigner could bring silver here and have it coined and exchanged for gold and take the gold home, leaving the silver. Where will he get the gold? This government does not agree to swap dollars. It is only under a gold standard that we issue bonds to get gold to furnish to anybody who wants to ship it abroad. Under bimetalism the government would coin silver bullion into silver dollars, but it would not agree to exchange one for the other. The owner of silver must find somebody who has gold. He cannot hurt anybody by trading off his cheap silver for gold until he finds somebody who has gold. You have no idea how many they will let out from harm."

"Last Saturday some St. Louis bankers made a statement that they were not able to furnish gold to their customers because of the silver agitation, but they thought that within fifteen days after a correct settlement of the money question they would be able to furnish gold again. These men who think a gold standard a good thing confess that the people of St. Louis have no place where they can get good money if they want it. Can you say that gold furnishes a good standard if

a little silver agitation (because they say the craze is dying out), if a little silver agitation makes it impossible to get gold? I think I can promise you that no amount of gold agitation will ever put us in that position where we will not have the standard money of this country to do business with.

"They say free silver would put gold at a premium. Admit, for sake of argument, that it would. It matters not whether it is at a premium; people who came with silver would have to pay a premium and if at a premium then silver would be as good as gold. Not a dollar's worth of free coinage would leave this country under free coinage until those who held it felt benefited by letting it go. But I do not admit that gold will go to a premium. I believe that under free coinage gold would come here instead of going away, and the only way to stop the outflow of gold is to adopt bimetalism and raise the prices of wheat and cotton and pay our debts in produce instead of gold."

HICKORY, N. C., Sept. 16.—The trip from Asheville to this city was but a repetition of the day's ride. At nearly every station the train stopped for a few moments, and Mr. Bryan said he was glad to see the crowds. At Hickory he made a short speech explaining the silver question. After the Hickory address the nominee went to Charlotte, where he will speak tomorrow morning.

### WATSON IN BRYAN'S TOWN.

Populist Candidates Talk to Two Thousand Lincoln People.

OMAHA, Sept. 16.—A special dispatch to The Bee from Lincoln says: Congressman Thomas Watson addressed an audience of two thousand here this afternoon. Mr. Watson said that in accepting the nomination of the People's party for the office of vice president of the United States he had been given a plain duty to perform. He said he would remain on the ticket and carry forward the burden of that duty until the end of the fight on the night of Nov. 3. He refrained from any mention of the name of Sewall. He said the recent elections in Vermont and Maine had conclusively proved that the money power prevailed in the north and east. The west could not win alone. Neither could the south. Only by massing the forces of each was the election of Bryan possible. There was great danger that Bryan would be betrayed in the house of his alleged friends. Watson said that "Gorman is trying to betray the party of Bryan and today, acting under the dictates of the moneyed interests, they are preparing to tie his hands." He urged all his hearers to remember that Bryan would owe any success that he might have to the Populist party.

### SWEEPING CHARGES MADE

Against the Conduct of Illinois Insane Asylums and Hospitals.

CHICAGO, Sept. 16.—Dr. S. V. Clevenger of this city, in an address delivered at the opening of the Harvey Medical college, tonight made sweeping charges against the manner in which the insane asylums and hospitals of Illinois have been run for many years. Summed up his charges are as follows:

Insane patients have been wantonly murdered and persons who have exposed the abuses existing in asylums and hospitals of Illinois have been assassinated and their silence made sure. Asylums have been plundered of their funds by systematic and long continued collusion among those who held positions of trust. Inspecting tours of legislative committees have become legislative debauches, the bills for which are paid at the expense of the insane and sick charges of the state. These legislative debauches are bribes offered to and accepted by the legislative committees. Helpless patients are taunted and teased into frenzy to gratify the curiosity of visitors.

He made no definite charges of murder, but gave many instances of the treatment of patients, and declared that in several instances physicians who had dared to make a stand for human treatment of their patients had been practically pounded to death.

### FUSION TICKET IN ILLINOIS.

Democrats and Populists Will Work for Bryan's Election.

CHICAGO, Sept. 16.—The last obstacle to the contemplated fusion on presidential electors in Illinois between the silver Democrats and Populists has been removed, and fusion finally effected. At a meeting of the Democratic state central committee today Chairman Hinrichsen announced that he had received the resignations of three of the Democratic electoral candidates—Thos. Carey, elector-at-large; George P. Foster, elector in the Third district, and George M. Leclone, elector in the Nineteenth district. Lieutenant Governor Gill's resignation from the electoral ticket was also received, but this was referred to the executive committee. The resignations of Messrs. Carey, Foster and Leclone were accepted and their places on the electoral ticket will be given to Populists—Dr. H. S. Taylor, Hermon Alschuler and H. E. Taubeneck. On the state ticket W. E. Beck's resignation as nominee for auditor was accepted and A. L. Maxwell, the Populist nominee, named in his place.

### LEFT HEAD OF TICKET BLANK.

Illinois Middle-of-the-Road Populists Tacitly Endorse Altgeld.

CHICAGO, Sept. 16.—After nine hours of exciting debate the middle-of-the-road Populist state convention last night tacitly endorsed Governor Altgeld by leaving the head of the ticket blank, but nominated the rest of the ticket and presidential electors.

CHICAGO, Sept. 16.—The Alley L elevated road was sold at auction today to the reorganization committee for \$4,000,000.

### FUSION IN NEW YORK.

An Agreement Said to Have Been Reached Between Democrats and Populists.

PLAN IS FAVORED BY SENATOR HILL'S FRIENDS.

Populists to Get Five Electors and Will Support Democratic State Ticket in Return—Convention Adjourns Until Today.

ONLY ROUTINE BUSINESS DONE.

BUFFALO, N. Y., Sept. 16.—The Democratic state convention assembled this afternoon. State Senator Thomas F. Grady, temporary chairman, in addressing the convention denounced prominent members of the party who had declined to stand by the action of the Chicago convention. Committees were appointed and the convention adjourned until tomorrow. It is reasonably certain tonight that the ticket will be:

Governor—John Boyd Thatcher, Albany.  
Lieutenant Governor—Ex-Mayor Ryan, Syracuse.  
Judge court of appeals—Robert C. Titus, Buffalo.  
Chairman state committee—Elliott F. Danforth.  
National committeeman—Frank Campbell.

This slate has not been decided upon without hourly opposition, and this opposition is so bitter that complications may arise which will change any name upon the ticket, with the possible exception of Judge Titus. The planning of the candidacy of Thatcher has been in the hands of a man who has not been numbered among the delegates, and this in itself has caused some opposition. The man is Anthony N. Brady of Albany, the president of several large corporations and a stockholder in the Chicago Gas company. This fact has arrayed the more radical free silver men against Thatcher and they are claiming my pledges.

The platform of the Democratic party in the state, as drafted tonight, will have as its first proposition this statement: "The Democrats of the state of New York do hereby unreservedly endorse and approve the platform adopted by the national convention at Chicago and we hereby unanimously approve the nominees of said convention, Bryan and Sewall, and pledge them our earnest and cordial support."

Tonight Tammany Hall voted 98 to 1 to act as a unit in the convention in spite of the opposition of the Sulzer influences on the outside. It is thought the full strength of Tammany will be cast for Thatcher for governor.

### FUSION VERY PROBABLE.

The greatest excitement of the day in the convention here was the announcement there has been a practical fusion of Populists and Democrats, in which Senator Hill's friends have been active in assisting the Populists. The story came directly from the chairman of the Populist committee. A conference was held with Elliott Danforth, and Colonel Fiske (Pop.) said after it was over:

"It was agreed the Populists would support the nominees and platform of this convention, no matter who the nominees were, if in return for their support they be allowed to name five presidential electors. We told Danforth we can swing the electoral vote of this state either way, and we're sure that a union with the Democratic party will result in Bryan and Sewall carrying New York state by a large majority."

When asked about the matter this evening, Mr. Danforth said:

"The committee asked me, if as chairman of the state committee, I would favor fusion. I told them I could not answer until I was chairman, but I assured them, we would like to make some such arrangement."

The Populists say the interviews were very satisfactory to them and the general impression is they will be for the ticket.

### CONNECTICUT DEMS MEET.

Endorse Chicago Platform and Nominate a State Ticket.

NEW HAVEN, Conn., Sept. 16.—The Democratic state convention met this afternoon. William Kennedy, a silver man, was made permanent chairman. The resignation of twelve members of the state central committee (gold standard men) was accepted with thanks. The platform endorses the Chicago platform. A ticket was nominated, headed by Joseph R. Sargent for governor. Adrian P. Ross was nominated for treasurer and Edward M. Ripley for comptroller. After speeches by Messrs. Sargent and Crandall the convention adjourned. Nominee Sargent is at the head of the hardware manufacturing firm of Sargent & Co., one of the largest in this country.

### GOLD DEMOCRATS DISSATISFIED.

NEW HAVEN, Conn., Sept. 16.—Despite the unanimity with which the Democratic convention was conducted today there was a deep current of opposition to the ticket by the gold sympathizers, whose leaders held a meeting this afternoon and discussed plans for the campaign of the National Democratic party and arranged the details for a strong fight. It was decided to call a state convention of the National Democratic party at Hartford Oct. 8. Presidential electors, state officers and a state central committee and all the work usually transacted by the state central committee will be completed.

REPUBLICANS no longer believe that all Democrats are rascals.

ATTORNEY FRANK H. PETERS of Manistique has been nominated for state senator against Senator Mason.

A CALL has been issued for the Democratic congressional convention. It will meet at Escanaba on Saturday, Sept. 26.

GOLD is coming to this country, the goldites tell us, because we are exporting lots of produce.

It would seem to be the proper thing for Mr. Sewall of Maine to retire from the ticket on which he was placed in the expectation that he would be able to accomplish something in Maine.

THERE is promise of a hot contest over the Republican nomination for state senator in this senatorial district.

CHAIRMAN FERRY has secured Warner Miller of New York for a series of political speeches in this state.

MARITIME POLICE WHO PRESERVE ORDER in the North Sea.

In the middle of the North sea would perhaps be a curious place to find a policeman on duty; yet some hundreds are appointed to keep order there.

THE ELBE disaster is only one example of the many awful results of carelessness watching. However, the eagle eye lantern—"the sea bobby," by his bull's-eye lantern—which in the case of the maritime policeman is a powerful searchlight—is so keenly on the alert for cases of this sort, and such a heavy fine is inflicted on conviction, that charges of "wandering without proper control" are every year becoming less frequent.

THE OPPOSING STANDARDS.

THE MEASURE OF VALUES.—Gay Bee maintains that the true standard of values is that which produces all commodities, labor itself. He says that measured by this standard falling prices are a blessing to mankind.

LABORERS—those whose income is derived principally from their work of hand or brain, including those who sell their work for wages.

THE IMPROVEMENTS in the methods and machinery used in production are brought about by those who produce—the laborers and the employers of labor, and to them alone belongs the reward.

WILL Mr. Culver kindly look these figures over and tell the readers of THE MINING JOURNAL in what manner the experience of 1800 years has demonstrated that 16 to 1 is the true ratio, or approximately the true one.

THE STORY OF THE SALMON. Said to Deposit Its Eggs in its Native River.

IN the autumn time, and onward to the beginning of the next year, the mother salmon ascends the river to deposit her eggs, and thus to secure the continuance of her race.

ARRIVED in her river, the mother salmon begins to scoop out a kind of trench in the gravel of the stream. This she effects by plowing into the gravel with her body.

PERILOUS SITUATION. Hardrocks Narrowly Escapes a Scene with His Wife.

'I see,' said Mrs. Hardrocks, as she crumpled up her morning paper, 'that you are advertising for a typewriter' 'Yes,' her husband replied. 'I had to come to it. My business is of such a nature that the pen won't do any more.'

'Bum!' his loving wife returned, staring at him hard. 'And I see that you say in your advertisement: 'Must not be too old, and must come with a good supply of ribbons. I want to know what you mean by putting such things in the paper over your name. I shall be the one to decide whether your typewriter is too old or not and whether she has enough ribbons or not. Have you ceased to care for me that you can deliberately...'

'Pardon me for interrupting you, Angelina,' said Mr. Hardrocks, 'but I am merely advertising for a typewriting machine—not the other kind.'

'Oh!' the lady retorted, 'I hope you don't think it makes any difference to me whether you have a typewriter or not, or what kind of a one you get.'

'Oh dear, no! I couldn't think that for a minute,' Mr. Hardrocks returned. 'I know that you are one of the most sensible little women in the world, and that you have the confidence in me that I deserve. Of course, if you don't think I ought to have a typewriter, why, I'll not get one. I guess we could worry along in the old-fashioned way.'

'Not for the world,' his wife said, as she kissed him at the door. 'You must have one, dear; and get any kind you want.'

'By Jove!' said Hardrocks to himself, after he had secured a seat in the car, 'I'm almost sorry now that I engaged that little brunette.'—Cleveland News-Herald.

**GOSSIP OF THE CAMPAIGN.**

**Democrats and Silver Men Will Hold a Joint Convention in Escanaba.**

**PETER WHITE WILL VOTE FOR MAJOR M'KINLEY.**

**Rood Wants His Challenge Accepted—Long Walks for Short Legs—Kick Sure to Come—Huron Club Open.**

**THE POT OF POLITICS.**

Now that the campaign may be considered fairly opened by the silver rally of Monday night, the voting part of the population seems anxious to have it proceed at a lively rate.

"When are they going to have the next meeting. I want to hear all sides," are remarks heard upon every hand. The prevailing idea seems to be that the gold men should take a hand in the fight locally and bring on some speakers, and keep the campaign issue hot. It was the intention of the Republicans to have Judge Chadbourne deliver an address here this week, but as he will be in Maine for the better part of the month, some other speaker will probably appear here first. Hon. Don M. Dickinson, who is now in town on legal business, was asked to make an address from the goldbug standpoint. He declined, giving the excuse that he had promised to make his first speech in Detroit, and felt under obligations to do so.

**JOINT CONVENTION.**

Following out the plan adopted in the state, the managers of the Democratic and Union Silver parties will hold their congressional conventions on the same date and in the same city. Escanaba has been selected as the convention city, and Saturday the 26th is the date of the gathering. Calls are out for the convention signed by the respective county chairmen of the Democratic and Union Silver parties.

Someone asked John R. Rood yesterday if there had been any responses to his challenge to the goldites to meet two silver men in joint debate. He gave a negative answer and then continued in a sarcastic vein: "Why don't you induce a couple of the good logical goldbugs here to accept that challenge? Any child could doubtless answer the arguments the silver men would advance. We'll promise to put up no one who has given the matter any considerable thought." Mr. Rood, who is chairman of the silver party congressional committee, says his party in Marquette county has no candidate to advance for the congressional nomination, but that the Democrats will probably present a man. The intended nominee says, however, he will not be a candidate.

**"WHITE SPURNS IT."**

Under this heading the Detroit Evening News gives a contemporary red hot roast for printing a statement during Mr. White's absence in Winnipeg, that he would support Bryan and Sewall. Minus a glaring, five deck, scare head it says:

When the sound money Democrats met in Lansing last month to name a ticket the Hon. Peter White of Marquette was not in their midst to tell them stories and gird up their loins. His absence was remarked by several, and when it was proposed to honor him with some mark of distinction, somebody whispered that Mr. White might not be in sympathy with the movement.

The Hon. Peter White is a Democrat of the old school, who next to his kith and kin, loves most the historic party of Jackson, Tilden and Cleveland. It was believed that he stood between love and duty, uncertain whether to swallow the nauseous doctrines compounded at Chicago for party's sake or as a patriot refuse it. He was away from home, and nobody could speak for him. Everybody knew that Peter White would be certain to act as his conscience dictated, but nobody cared to anticipate what he would do, except a free coinage organ of this city. That organ, with shameless audacity, knowing that Mr. White was away from home, published an item saying he would support Bryan and Sewall.

So soon as Mr. White returned to Michigan he promptly scotched the mendacious organ's lie in the following unsolicited dispatch:

MARQUETTE, Mich., Sept. 15.

Hon. Wm. Livingstone, Detroit Journal—I learn that during my absence at Winnipeg, a Detroit paper has named me as supporting Bryan and the Chicago conspiracy. Always a Democrat, I shall as usual fulfill my duty to my country, as I see it, by voting this time for Republican electors and for the only Democratic state ticket, which is headed by Sprague. No compromise with repudiation, dishonor and threats against law and order.

PETER WHITE.

**Children Must Walk.**

There is going to be a kick, and the school board, according to one of its members, expects it. The kickers will be the parents of the fifth grade children now located in the Ely building, who are to be transferred to new quarters in the Nester addition building. This will mean an additional walk of five or six blocks for most of the little people. About thirty children are effected.

The transfer is necessitated by the crowded condition of the Ely building. There is room enough in the study rooms, but the classes in the seventh and eighth grades are so large that they cannot be accommodated in the recitation rooms. It was suggested that the classes be divided in two sections, but that would shorten the recitation hours to much and interfere with the lesson schedule.

Both superintendent and board have become convinced that the best arrangement that can be made is to transfer the fifth graders to the Nester addition building, and put part of the seventh or eighth grade pupils in the room vacated by the fifth. The board has ordered fifty-six seats, a teacher's desk, and a complete room equipment to fit up the new quarters for the fifth. The expense of fitting up the room will be from \$350 to \$400.

"I expect there'll be some kicking," admitted a member of the board. "They'll kick on the expense and they'll kick because their children have to walk so far, but it's the best thing

that can be done. South Marquette children have had to walk from the rolling mills to the high school for years and nothing has been said about it."

**Police Pickup.**

On complaint of a fisherman named Johnson five small boys ranging in age from ten to thirteen were arrested yesterday and taken before a justice of the peace. They were charged with stealing a boat. The lads found the boat on the waterfront, took possession of it and rowed out to Presque Isle. A storm came up, and they were unable to row the boat back so they tied it up out there and walked in. The Justice thought the temptation was a little too strong, and forebore to punish the lads.

All the boys arrested for stealing the tobacco in South Marquette Sunday have been released from the lockup on the understanding that their parents pay \$4 a head. This was agreed to and a settlement made in three cases. In the others the dealer thought he ought to have a bill of \$30 owed his predecessor by the boys' guardians squared up too. The debtors didn't see it that way, and consequently the boys will have to take justice as the courts see fit to meet it out. They will be taken before Judge Byrne this morning.

A sure sign of cold weather it that hobos are applying for lodging. Five of them, all Austrians, were accommodated in the city lockup last night.

**Open Through September.**

Quite a large party came down from the Huron Mountain shooting and fishing club Wednesday on the City of Marquette. This appears to have led to the report that the club had closed. This is not true. The club is open at all times when ever the members wish to go to it. The regular summer season will probably close however at the end of the present month. Among those who came down to the city yesterday on the boat were Ashley Pond, of Detroit, and the ladies of the George H. Christy family. They are on their way to their home in Pittsburg. W. Fred Poole, of Chicago, also came down from the club, but before returning to the Windy city will take a run up into the copper country to see the mines.

Judge J. E. Ingersoll of Cleveland was in the city last night, having stopped over on his way up to the club for a weeks outing. J. M. Longyear and daughters are still up there, but are expected to return the last of the week.

**Improving His Outlook.**

At the time Mr. Olmsted of the firm of Olmsted, Olmsted & Elliott was in the city to look over Presque Isle and make an estimate on the cost of improving the park, he took the data for making plans for the improvement of the piece of ground east of J. M. Longyear's residence. Following the plan furnished Mr. Longyear by this firm, Contractor French has been at work some little time clearing and grading the ground. Walnut street has also been cut through. When the work is done the outlook lakeward from the Longyear property will be much improved.

**Will Observe Atonement Day.**

The stores of the more orthodox Jewish merchants in Marquette were closed last evening and will remain closed until sunset today, this being a religious holiday.

Yom Kippur, or the Day of Atonement, is the most holy of all the days in the Jewish calendar, devoted to the purposes of highest ethics and greatest self-improvement. It is the climax, so to say, of the ten penitential days, which began on Sept. 8.

Among those who have closed their places of business are Kassel Oshinsky and L. Getz.

**Best in Battling.**

At the opening of the baseball season the Johnson Clothing company offered to give a suit of clothes to the man who should get to first base the most times. There were several of the boys pretty even on nits, but the palm has been awarded to Paule Reichman. "Polly" placed the order for the clothes yesterday.
