PUT UNDER SPECIAL GUARD

Havana Authorities Feared an Attack on the United States Consulate.

FRESH SIGNS OF ANTI-AMERICAN FEELING THERE.

Steamer Three Friends Leaves With Munitions for Insurgents—Cruisers Newark and Raleigh Thought to Have Gone in Chase.

THE DONS TAKE PRECAUTIONS.

HAVANA, Dec. 14.—The United States consulate general in this city is under a special guard of armed policemen. This precaution was taken by the Spanish authorities owing to fear that the indignation expressed by Spanish sympathizers against the United States would find vent in an attack on the consulate. There are fresh signs of the hostile feeling against the United States in view of the news from there of the ardent sympathy felt with the insurgents over the death of Antonio Maceo and the allegations there of the manner in which he was killed. In the absence of Consul General Lee, the consulate is in charge of Vice Consul General Springer.

ARE HURRIEDLY PUT TO SEA.

Many Rumors as to the Mission of the Cruisers Newark and Raleigh.

JACKSONVILLE, Fla., Dec. 14.—A dispatch received by The Citizen from Key West this evening states the cruisers Newark and Raleigh received telegraphic instructions from Washington today and that they at once put to sea to capture the steamer Three Friends, which left Ferandina at an early hour this morning with a cargo of arms and ammunition, besides about fifty Cubans, to be landed in Cuba.

KEY WEST, Fla., Dec. 14.—The United States cruiser Newark was lying at dock coaling when suddenly work was suspended and she was hurriedly put to sea. Her destination is not known, but it is reported she is on her way to Havana.

WASHINGTON, Dec. 14.—Inquiry here as to the movements of the United States cruisers Newark and Raleigh, whose sudden departure from Key West led to a rumor they had gone to Havana, shows the vessels are simply engaged in the enforcement of the neutrality laws and were not at all likely to go near Havana. The navy department has had a ship assigned to this service for nearly a year and the Newark, which has just arrived on the Florida coast, undertakes this duty as relief of the Raleigh, which will soon come north. Like the commander of the Raleigh, the captain of the Newark is acting under direct orders of the treasury officials while engaged in this patrol duty and is co-operating with the commanders of the revenue cutters. Wherever possible the latter have made all necessary seizures of suspected filibusters in order to relieve naval officers from detention upon court proceedings, and it is assumed the naval vessels are now sent out in pursuit of some filibustering expedition only because no revenue cutter is available.

The rumor the Competitor prisoners are to be executed tomorrow can be set down at once as another alarmist story without foundation. As a matter of fact the prisoners have not yet had the new trial ordered by the superior authorities at Madrid, and under the same order they were conceded the right to employ counsel and examine witnesses, and this openly, so they could not have been sentenced, much less executed, without full knowledge of the public. All that has been done so far towards a re-trial of the case has been to submit the prisoners to a private preliminary examination after the Latin legal practice, which examination at the time distorted into a story they had been secretly tried.

WEYLER BURNED IN EFFIGY.

An Exciting Anti-Spanish Demonstration at Marcus Hook, Pa.

MARCUS HOOK, Dec. 14.—This little town was literally ablaze tonight with indignation against Spain. Fully 2,000 citizens of this place and Chester held a parade, and speeches in denunciation of Spain were made. As a denouement an effigy of Weyler was rigged up on a pole and fired at from many revolvers and finally burned, together with a Spanish flag. Intense excitement prevailed during the demonstration.

New York, Dec. 14.—General Fitzhugh Lee, consul general to Cuba, is in the city preparing for his departure to his official post. He said that he had no special instructions from the president or from the state department. The general further said: "I know nothing of the truth or falsity of the reports of Maceo's death. Consul Springer, now in Havana, has doubtless investigated the matter, as it is his duty to do. He will report to the president." Mr. Lee declined to discuss the effect of the president's message might have on Spain's relations with the United States. It would be impossible to predict what Spain may do in the future, he said.

CHICAGO, Dec. 14.—The Woman's Medical club of this city today passed resolutions denouncing "the unprofessional treachery" of Dr. Zertucha in betraying Maceo into the hands of the Spaniards.

New York, Dec. 14.—From all parts of the United States, from Mexico and from Paris telegrams were received today by the Cuban junta and by prominent Cubans in New York in which the correspondents expressed their sympathy for free Cuba and offered financial

assistance to the men who are making the fight for liberty. It was stated by prominent Cubans that if vessels can be got out of this country it will be only a few days before many thousands of arms and many chests of ammunition will be landed within the insurgent lines.

INJURY WAS SUPERFICIAL.

Dr. Lustig's Testimony Is Not Much Relished by Sharkey.

SAN FRANCISCO, Dec. 14.—Tom Sharkey, looking little the worse for his drubbing, was in court today when the controversy for the possession of the \$10,000 purse was renewed. Fitzsimmons and Julian attempted to expose the alleged conspiracy against Fitzsimmons, but Julian was asked for positive proof. He produced nothing but hearsay testimony.

Julian related his efforts to have Lynch join him in selecting the referee, stating Lynch had purposely placed the choice for referee in the hands of the National club, which named Earp. Julian said Police Commissioner Gunst and Billy Grannan had come to him before the fight to tell him "Earp had been fixed." Julian's testimony sought to involve the National club, Sharkey, Lynch and Earp in the alleged conspiracy.

Fitzsimmons denied he had struck any foul blow, and repeated Julian's story about the warnings not to accept Earp as referee.

Dr. Lustig's testimony was not much relished by Sharkey. He said he was the medical examiner for the National club and had examined Sharkey before the fight. After Sharkey was taken to his room Lustig, with four other doctors, hearing Sharkey had been hurt, offered admittance to Sharkey's dressing room. On the following afternoon, Lustig and five other physicians examined Sharkey's injuries in the groin, and the witness pronounced the injury superficial. He said it was insignificant, not disabling or productive of much pain. The injuries to the groin might have been caused by artificial means, such as the injection of acidulated water.

Dan Hickey, one of Fitzsimmons' seconds; W. W. Naughton, a sporting reporter, and others present at the fight all testified they had seen no foul blow struck by Fitzsimmons.

Judgment was given today in the superior court in favor of Jimmy Carroll, the lightweight pugilist, against Bob Fitzsimmons for \$907 for services performed in training Fitz at New Orleans.

OLD-TIMERS IN THE RING.

Jem Mace and Mike Donovan Spar Six Rounds to a Draw.

NEW YORK, Dec. 14.—The arena of the Broadway Athletic club was thronged tonight with a host of sporting men to see Jem Mace of England, ex-champion heavy weight, aged sixty-five, spar six rounds for scientific points with Mike Donovan, the veteran boxing instructor of the New York Athletic club. Mike Donovan formerly held the middleweight honors and is forty-nine years old. The match resulted in a draw. All the blows were very light.

With such old-timers as Arthur Chambers, Billy Edwards, Barney Aaron and Dooney Harris on the program to renew acquaintance in the roped arena after years of rest there was scarcely a chance of the benefit being a failure. A warm welcome was accorded John L. Sullivan. In response to loud calls the ex-champion made a speech, in which he thanked those present for his warm reception and said it remained for the boxers of the present day and their managers to make boxing one of the leading sports of the athletic world.

Jim Corbett and Jim McVey of Philadelphia boxed a three-round exhibition. Corbett made an excellent showing. He looked to be in prime condition.

DON CARLOS ABDICATES.

Relinquishes Claim to the Throne of Spain in Favor of His Son.

MADRID, Dec. 14.—A dispatch to The Imparcial from Rome says that Don Carlos, pretender to the throne of Spain, intends to abdicate his claim in favor of his son, Don Jaime. [The present Don Carlos is a grandson of the original pretender to the Spanish throne, also named Don Carlos and called by Spanish legitimists Charles VII. of Spain. His grandfather was a brother of Ferdinand VII. of Spain. King Ferdinand was without male issue, and annulling the salic law of the country he named his eldest daughter, Isabella, as his successor, ignoring the claims of his brother Carlos. The latter raised the standard of revolt in Spain, but was defeated.]

Want a Tariff on Lumber.

CINCINNATI, Dec. 14.—Over fifty delegates are here tonight for a national convention of lumber interests, which meets here tomorrow. At a preliminary conference tonight the tariff of 1894 was condemned as discriminating against the lumber interests. Delegates from the northwest and south are very enthusiastic and claim that over six hundred million dollars are invested in lumber interests, which have no protection while everything entering into construction with lumber is protected. The primary object of the convention is to secure such organization as will secure a tariff on lumber from the next congress.

Miners Put to Work.

IRONWOOD, Mich., Dec. 14.—[Special.]—The Newport Mining company, operating the old Iron King mine in this city, employed one hundred men today. It will steadily increase its working force to 400 men, the same number as the old force.

Four-Cent Fares in Chicago.

CHICAGO, Dec. 14.—The city council tonight adopted an ordinance compelling the street car companies to accept four cents for a ride. It is likely that the matter will be taken into the courts.

DEFEND STATES AND PARTY.

Not the Purpose of the Populists to Violate the Sanctity of the Courts.

LEGAL OBLIGATIONS SACRED IN NEBRASKA AND KANSAS.

Allen and Peffer Advocate a Resolution Rectifying States Have No Power to Legislate So As to Dishonor Contract Liabilities.

PROCEEDINGS IN THE SENATE.

WASHINGTON, Dec. 14.—In the senate today Peffer introduced a resolution providing for the appointment of a commission, consisting of one National Democrat, one Republican, one Democrat, one Populist and one of recognized learning in finance, to investigate and report within a year on the establishment of a permanent monetary system. Call then presented a resolution denouncing the killing of Maceo while under a flag of truce and instructing the committee on foreign relations to make inquiry and report. It was referred to the committee on foreign relations.

Allen (Pop. Neb.) then addressed the senate on his resolution rectifying the states have no power to legislate in such manner as to violate the obligation of contracts. He said that neither Kansas, Nebraska nor any other state which had returned Populist electors was on that account to be classed as revolutionary and regardless of the sacred nature of legal contracts. He assured eastern stockholders in western railroads they had nothing to fear. He said his resolution was designed to make clear the purpose of the Populist party was not to violate the sanctity of the courts.

Hoar rebuked Allen, saying he supposed senators entered the chamber to represent their state, not to represent political parties.

Allen answered that for the last four years while he had been in the senate not a day had passed but that parties were not represented in the senate, and no one had been more active in that respect than the senator from Massachusetts (Hoar), who had fought and maneuvered for party advantage. What right had the Massachusetts senator to denounce Nebraska for "a passionate crusade of dishonor" because it supported its honored fellow citizen, Wm. J. Bryan, the greatest orator since the days of Webster and Clay and a consistent advocate of the monetary policy in which he believed.

Peffer then addressed the senate in defense of Kansas against the attacks prevalent in the east that contract liabilities were being violated. He paid a high tribute to the integrity of his state. The resolution, with several amendments, was then referred to the judiciary committee.

Chandler and Mitchell (Rep. Ore.) had a brief tilt at 2 o'clock, when the resolution for the election of United States senators by popular vote came up as the special order. Chandler said he hoped this "Populist proposition" had had its day, and he was surprised to hear it urged by the Oregon senator. When it came to a vote he hoped to see McKinley Republicans, Silver Republicans, Bryan Democrats and Palmer-Buckner Democrats all vote against this plan, leaving only Populists to support it.

Mitchell dissented from the idea this was a "Populist proposition." It had come from a Republican committee and would, he believed, receive more than one-half the Republican votes of the senate. He said the resolution could go over, but he would urge it to a vote at the first opportunity.

The immigration bill was then taken up, and by unanimous consent an agreement was reached that the final vote be taken next Thursday at 4 o'clock.

The senate then turned to private pension bills on the calendar and after passing fifty-five of this character, held a brief executive session and then adjourned.

The senate tonight agreed to the house amendments to the copyright bill which passed the latter body last week. The measure now goes to the president for signature.

Among the resolutions introduced in the senate today was one by Moran (Ala.) calling upon the president to send the senate copies of the papers relating to Cuban affairs which were referred to in the recent report of Secretary Olney; also all the correspondence with the Spanish government relating to the Competitor case.

PRESIDENT'S VETO SUSTAINED.

House Decides Lydia Taft Is Not Entitled to a Pension.

WASHINGTON, Dec. 14.—In the house, a concurrent resolution for a holiday recess from Dec 23 until Jan. 5 was adopted.

Poole (Rep. N. Y.) moved to pass over the president's veto a bill to pension Lydia Taft. Mr. Cleveland returned the bill at the last session with his disapproval because the beneficiary had been divorced from her soldier husband and was by the bill pensioned as her widow. The bill caused considerable debate. Turner (Dem. Ga.) defended the veto, while Poole and Baker (Rep. N. H.) advocated it, and dwelt on the soldier's drunkenness having caused an estrangement from the wife. The veto was sustained, 98 to 85, not the necessary two-thirds to pass it over the veto.

The house then voted on the Morse bill, to amend the law relating to the sale of intoxicating liquors in the District of Columbia, which was the pending question when the house adjourned Thursday. The vote resulted, 133 to 31. Bartholdt (Rep. Mo.) made a point of no quorum. An attempt was made by

Copper Country Department

PIONEER CITIZEN PASSES AWAY.

Death of R. H. Brelsford at Houghton Yesterday Noon. Roland Heland Brelsford died at noon yesterday at the residence of his son-in-law, Major E. F. Douglass of Houghton.

Mr. Brelsford was born in Philadelphia, May 11, 1830; his ancestors were of Quaker origin. When a young man he went to Lima, O., and after a short residence there went to Ontonagon in the summer of 1856 to accept the position of clerk for the Ridge Mining company. He remained there with this company until the summer of 1861, when he removed to Houghton.

Expired after a short illness. Jerry Desrozier died Sunday at his home at Osceola after a short illness. The deceased had resided at Osceola for the past fifteen years.

Mrs. J. Kaufman died Saturday night at her home in Lake Linden at the age of sixty-three years. Funeral services will be held today.

SILVER IN "COPPERDOM."

Large Quantities of the White Metal Are Taken Out Yearly. Michigan has long been famous for the great extent and purity of its iron and copper deposits, but it is a fact not generally known outside the mining district that this section has also produced large quantities of silver.

The silver is the first company to set systematically about saving its silver. After the productive rock has been run through the stamps to separate the sand and rock, the copper comes from the table in the form of "mineral," which is 75 to 80 per cent pure copper but requires smelting to eliminate the impurities.

THE RED JACKET SHAFT.

Considerable Work Yet to Be Done Before It Goes into Commission. Much speculation is indulged in as to when the Calumet & Hecla Mining company will bring its Red Jacket shaft into active commission.

—and is already in about 300 feet. A similar crosscut has been started 180 feet from the bottom. Here the distance to the lode is 1,500 feet, and crosscutting has been carried on to a distance of 300 feet. It will be seen that a vast amount of work has yet to be done below the point at which the shaft intersects the lode before it will become productive.

The Tamarack, Junior. The Tamarack, Jr., says the Boston News Bureau of Saturday last, is understood to have made a small profit last month from the restricted stamping facilities at the lakes.

Copper Precipitating Pays. The Butte Inter-Mountain says the copper in the water of the Anaconda mines pays bigger dividends than many of the great mining companies of the west.

Agent Daniels Resigns. It has been learned that Nathaniel H. Daniels, transfer agent of the Quincy Mining company at Boston, has resigned, owing to ill-health.

Burglars forced an entrance into Fred Carlund's saloon at Hancock Sunday morning by removing a pane of glass from the door and unfastening the bolt.

The Casting of Steel. In casting steel there has always been more or less difficulty from the tendency of the melted metal to splash. This produces flaws and cracks on the surface of the ingots used for forging guns.

There is no Word so Full of Meaning

"Mother's Friend" prepares the system for the change taking place, assists Nature to make child-birth easy and leaves her in a condition more favorable to speedy recovery.

FATAL REALISM ON THE STAGE.

Many People Have Lost Their Lives While Attempting the Realistic Drama. Such a piece of realism on the stage as that which occurred in a London theater the other day, where one actor in a duel scene inflicted, through a mishap, a mortal wound upon one of his stage comrades, is by no means infrequent.

One such is said to have occurred at La Scala, Milan, in the presence of royalty itself. It was at the finale of a production of "Fra Diavolo," then the chief operative sensation.

When the members of the company ran to pick up the singer he was dead. A bullet had pierced his heart. In the confusion one of the soldiers, a beardless youth, and a recent addition to the chorus, quietly passed out of the theater.

If statistics of theatrical accidents were compiled it would be curious to note the large number of mishaps which happen in the performance of "Romeo and Juliet."

William Terriss once had a narrow escape from death in the representation of this tragedy. "I had a little experience," he says, "in the run of 'Romeo and Juliet,' when produced by Miss Mary Anderson, which taught me to beware of stage weapons."

BIRDS THAT DO NOT SIT.

They Hatch Out Their Eggs by Means of Incubators.

It is well known that the Australian megapod is a bird that is accustomed not to sit on its eggs. In certain parts of Australia are found numerous mounds of considerable size and height, which the first explorers took to be burial mounds.

"I think I will make a lawyer of my boy." "Why, I thought you had started him in as a reporter." "I have. I want him to have a good foundation." —Brooklyn Life.

"Y" Annual Election.

The annual election of the "Ys" was held last evening in the Methodist church.

General secretary-Mrs. Julia E. C. Higbee.

President-Miss Sarah Shaw.

First vice president-Miss Bessie McLeod.

Second vice president-Miss Lulu Van Iderstine.

Third vice president-Miss Christie Cameron.

Recording secretary-Miss Mamie Hicks.

Corresponding secretary-Miss Gertrude Schroeder.

Treasurer-Miss Helen Couden.

Superintendent Sabbath observances-Miss Jennie Coles.

Superintendent purity work-Miss Amelia Delf.

Superintendent scientific temperance-Miss M. Willson.

Superintendent Health and physical culture-Mrs. Markham.

Superintendent work among foreigners-Miss Anna Crawford.

Superintendent flower mission-Miss Ethel York.

Birthdays superintendent-Miss Bertha Higbee.

CITY BREVITIES.

Weather forecast: Snow flurries and warmer; easterly winds.

Yesterday's temperature: 7 a. m., 26 degrees; 12 m., 28 degrees; 7 p. m., 24 degrees; maximum, 29 degrees; minimum, 23 degrees.

Attorney George Hayden was down from Ishpeming yesterday.

Officer Dick Sparling's little daughter is very sick with the measles.

Hiram Bushnell has added a number of fine trout to his aquarium.

J. A. Bergland, the Milwaukee lumberman, is doing business in town.

J. F. Foley and E. B. Raymond were in the city from Negaunee yesterday.

Richard Sampson, one of Norway's merchants, did business in the city yesterday.

Major C. B. Sears of Duluth is again in town to look after work at the breakwater.

Phil Pelissier denies that he was the owner of the losing bull dog in Friday night's fight.

Mrs. Bennett of Republic, wife of Conductor George Bennett, was in the city shopping yesterday.

Charles Smith of South Lake Linden and H. W. Jones of Houghton stopped over her last night on their way west.

New Marquette County 'phones have been put in the bottling works and in the residences of Rudolph Ciemertz and Robert French.

George de firs was among the local lights who congratulated McKinley and received a card of thanks from the major Sunday.

The funeral of little Harold, infant son of Mr. and Mrs. John Lewis, will be held at 2 o'clock this afternoon from Hotel Marquette.

Friday evening the third in the Masonic series of winter dancing parties will be held in Masonic Hall.

The fourth of the season will be held on Wednesday, the 30th.

Co. F, Second Michigan Regiment Boys' brigade, will give an exhibition drill tonight at the Casino rink beginning at 8 o'clock sharp to which it invite all its friends. Admission ten cents.

Grabrow has this year one of the largest and best selected lines of dress goods, crepons, dress mixtures, silks for waists and other fancy dress patterns in the county, and he well deserves the trade he has established in that particular line.

Mrs. J. S. Dunham and Miss L. Morrow of Green Bay have decided to remain over here until Thursday afternoon, up to which time they will be pleased to have the ladies of the city call on them at Hotel Marquette.

They have a very fine exhibit of decorated china which would pay any lady to call and see.

Charles Wood, chairman of the police and fire committee of the Soo council has written a letter to Fire Chief Cray asking him his opinion and experience with the Gamewell fire alarm system.

The chief wrote him back that it had been established here three years and given great satisfaction. He regards it as the best police and fire alarm telegraph manufactured.

Cyrus B. White, one of the oldest residents of Chocoolay died Sunday afternoon at his home at the age of eighty.

He leaves a wife and four grown children. Mr. White came to the country forty-two years ago from Peru, N. Y.

His funeral will be held Tuesday at 1 o'clock in the afternoon from his late home in Chocoolay, with burial in the Park cemetery in this city.

NOTICE TO TAXPAYERS.

CITY TREASURER'S OFFICE, Marquette, Mich., Dec. 1, 1896.

Notice is hereby given that the general tax roll of the city of Marquette, with all regular taxes, state, county and municipal, for the year 1896, spread thereon, has been deposited with me and is now in my office in the City Hall, and that the amount of taxes therein assessed and specified are due, and may be paid to me at any time up to and including the 27th day of February, 1897.

On all taxes paid to me on or before Jan. 9, 1897, a collection fee of one per centum will be charged, and on all said taxes paid to me after Jan. 10, 1897, a collection fee of four per centum will be charged.

AUGUST MACHTS, City Treasurer.

FOR SALE.

Two thousand five hundred acres of first class farming lands in towns 41 and 42, range 23 west, and town 42, range 24 west. These lands are covered with large elm, maple and birch and have never been cut over for timber. Price, \$4 per acre for the whole lot or \$5 per acre in lots of 100 acres, with favorable terms of payment. Also 3,000 acres in towns 46 and 47, range 21 west, at \$4 per acre.

J. CONNOLLY, Administrator.

EVENING DRESSES.

How Women Can Make Over Some Which They Have.

With the opera begun and the party season beginning we must look to our evening frocks.

Some of those which we wore last winter will serve again this year. Others should be ripped up for linings, given to small girls for party frocks or made into sofa cushions.

Nothing is shabbier than a dilapidated evening dress. Many women do not realize how quickly the ribbons and laces upon a dancing frock become tumbled. Nor how readily an old gown may be made to look fresh by new trimmings.

This, however, is an important thing to remember. New ribbons of the original color of a dress should not be placed upon it after it has been worn. By comparison the dress will seem shabby. Contrasts upon old fabrics always are the proper accessories. For example, a white ribbon, fresh, against a white silk dress old, makes the whole garment to seem patchy. Purple or green or yellow or blue ribbons next to the white gown will produce an effect entirely smart if the silk has been frayed.

Sometimes it is well to sponge an evening frock with a soap-barley water. If the material is heavy and the folds can be unrippled and left wrapped until dry around broomstick handles the plan may be tried. When the silk is light in weight and uncertain in color a benzine bath preparatory to a refashioning over a rather stiff muslin and cambric lining should be considered.

Some gowns this winter are sleeveless, but a woman must be sure that her arms are perfect before she plans to reveal them. And that her dress is beautiful enough to bear severe criticism. Any style in small puffs or butterfly designs will be in order. Really large sleeves are distinctly out of fashion. Last evening I noticed some upon an evening gown at the theater, and they seemed amusingly old.

This is a fearful pace we are living at in these times in everything and fashions. But it is so simple a thing to perk up last season's sleeves into this one's no one need worry about that.

Amateur dressmakers will find that best effects in the greatest number of evening fabrics come from a liberal use of an inner stiffening—grass linen, muslin, even tarlatan. Hair cloth has little in common with silks.

Among hints especially to remember about worn silks is this—that a fabric too shabby for use undraped may be converted into a lovely ball frock simply by covering loosely with tulle, chiffon or net in the same or a contrasting color.

Broadly speaking, ball gowns this year are of draped silks, dinner and reception costumes are of brocades. Even the debutantes are wearing brocades. There is a wide demand for them. They range in all degrees of modesty, tiny self-colored or contrasting flowers, up to huge flaming bouquets upon every-lined background.—St. Louis Republic.

INTERPRETING POLICE DIALECT.

The Court Was "Next" to That Sort of Language.

"You see, yer honor," said the copper to the court, "I pipes dis guy squeezi' de gim, an'—"

"What's that?"

"Stealing a diamond, sir," interposed the clerk.

"An," went on the copper, "when he gets fly dat I'm next he lands his tongs in me lams—"

"Stuck his fingers in the officer's eyes, your honor," explained the clerk again.

"I trows me wings around 'im," continued the copper, "an', gitting' nex' dat de pinch is on de level de gun blows de gim an' puts de ease on de bum."

"Which means," said the clerk, "that he threw his arms around the prisoner and that as soon as the thief saw he couldn't get away he threw the diamond in the street and spoiled the charge of robbery."

"And now," said the copper, "I hez on'y me own whistle an' kin on'y squeeze out de one tune."

"Or, in other words," said the clerk, "he has only his own word to offer as evidence."

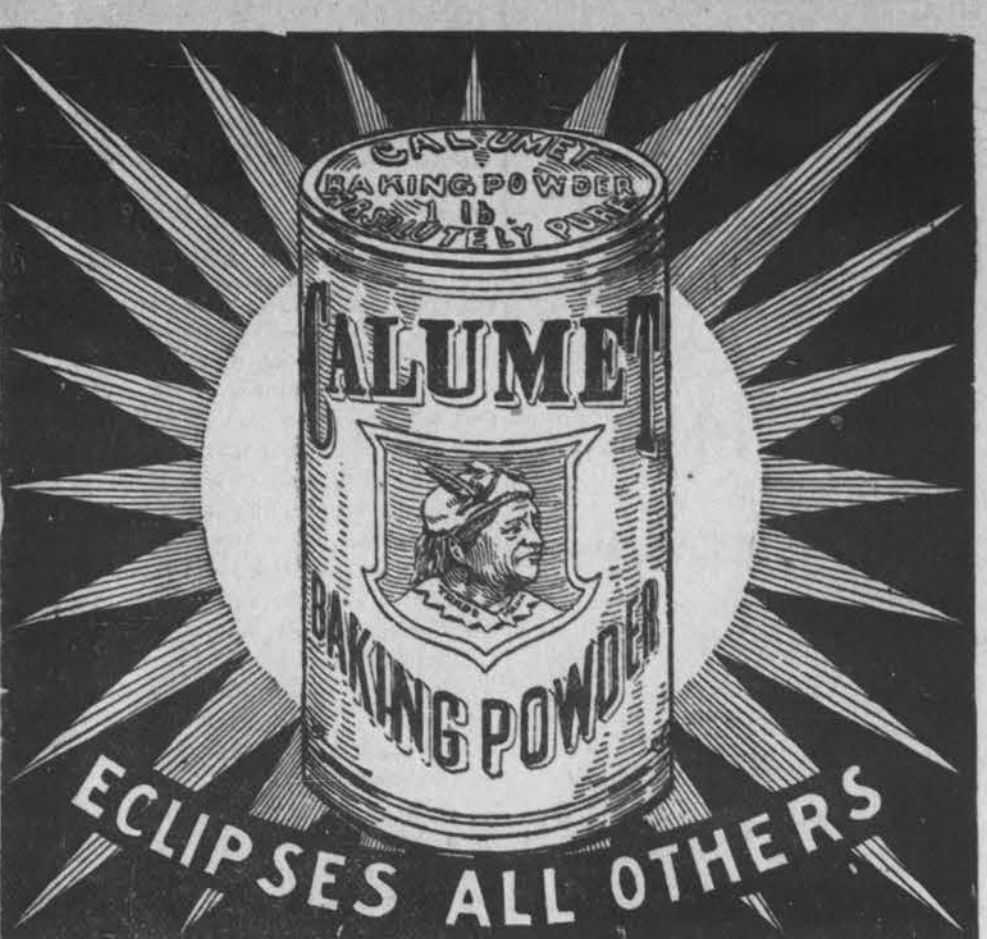

The court pondered a moment, then said:

"Case of conalorum and very much on the string order. My own lams are on the bum and I can't see the spiel. All of which means that the officer's a liar and that he can't build any monuments for himself in this court at the expense of a tin horn who couldn't steal an eyebrow off a flea without letting the whole fly force in with it. Blow the gun and tell the guy in blue that he's a little the coarsest that ever trotted down the bicycle path. Next!"—St. Paul Dispatch.

Toilet Hints.

If one's complexion is "muddy," sallow or covered with blackheads, the lotion bottle is not the remedy which should be sought first. Instead, the candidate for a complexion of roses and cream should begin to diet. Hot water taken half an hour before breakfast with a little lemon juice in it is better than creams to restore the skin to clearness. Graham and whole wheat bread, fruit, clear tea and coffee, if tea and coffee are used, plenty of green vegetables, lean meat and broiled fish form an admirable complexion diet. Pastry and candies should be avoided. After diet and exercises have paved the way for other treatment, a weekly face steaming may be tried. The woman whose purse does not permit her to go to the professional beautifiers should fill a bowl with boiling water. Over this she should hold her face, into which a cold cream has been rubbed, for ten minutes or so, covering her head and shoulders and the bowl with a heavy Turkish towel. After drying the face she should rub more cold cream into it, and she should not venture out into the air for at least three hours.—Boston Budget.

The way of the transgressor is sometimes harder for his friends than for himself.—Texas Sifter.

Ishpeiming and Vicinity.

ATTEMPTED BURGLARY.

Star Clothing House Receives a Visit from a Crackman.

A burglar attempted to get into the Star Clothing House Saturday night and would have been successful had he persisted in the endeavor, but he was either scared away or got tired of his job before he had effected an entrance to the store. He easily entered a closet in the rear of the building through a window. The storm window on the outside was taken off and the glass in the upper half of the inside window was broken to admit of the fastener on the lower sash being shoved aside. After removing the fastener the lower sash was easily raised.

The burglar found the door leading from the store to the rear hallway locked. An attempt was made to cut out one of the lower panels. The upper portion had been partially cut through when the task was abandoned. The chisel used in cutting the door was dropped on the floor and was found there Sunday when one of the proprietors got around. If the thief had worked at the door a few minutes longer he would have had the panel out.

Had the burglar got into the store he would not have obtained any money, as all the cash was locked in the safe. The safe is one of the strongest and most improved in the city and Mr. Blumenthal says it would take a man some time to drill through it. There are three doors, each locked by a combination that would have to be opened before the cash drawer would be reached.

This is the first time during Blumenthal & Ruttenberg's many years in business here that a burglary of their store has been attempted.

The cigar case in the office of the Nelson House was broken into Saturday night and less than \$2 in small change and a few cigars were stolen. The theft was committed while the porter was in another portion of the house.

THE CAP WAS LOADED.

Andrew Rose Meets With a Queer Mishap.

Andrew Rose, who boards at 424 First street, met with a very singular accident yesterday. He had a dynamite cap, supposed to be empty, in his hand. While lighting his pipe a spark flew from the match used and fell into the cap, exploding it. Fortunately there was very little dynamite in the cap, so the explosion only shattered three of the fingers and thumb of the right hand and the index finger on the left. Had there been a full charge in the cap he might have lost both hands. Rose will be unable to work for some time, as two of his fingers are quite badly lacerated.

Christmas Cantata.

The Epworth league of the Division street Methodist church has decided to produce the cantata, "A Visit to Santa Claus' Home," on Christmas night, and also on the night following, at the church. Twenty-five cents admission will be charged adults each evening. On Christmas night fifteen cents admission will be charged the children, but on Saturday evening the children of the Sunday school will be admitted free. The little ones will also be given presents Saturday evening. There will be a service of song at the Methodist church Christmas morning at 7 o'clock. The admission will be ten cents.

Christmas at the Army.

The local corps of the Salvation Army is arranging suitable programs for the holidays. On Christmas eve a tree will be provided for the children. The little ones will be given presents and an entertainment of special interest to them will be rendered. A musical program will be given Christmas night and on Saturday night Esigun Narvay will relate her experience as an Army officer in Texas. The ensign was the first Salvationist to engage in religious work in Texas. She spent about two years and three months there.

Leap Year Skating Party.

Manager Lynch of the Baneroff rink has been asked by a number of his lady patrons to give a leap year skating party some evening before the close of the year. The leap year party given last winter was such a success that Mr. Lynch has consented to give the ladies another opportunity to entertain their gentlemen friends. The date will be decided on in a few days. The rink will be open tonight for the first time in a week. The ice is in excellent condition. The band will be in attendance.

BLOOD IS LIFE

and upon the purity and vitality of the blood depends the health of the whole system. Experience proves Hood's Sarsaparilla to be the best blood purifier.

Hood's PILLS act easily and promptly on the liver and bowels. Cure sick headache.

PRINTING OFFICE FOR SALE.

A small job printing office, completely equipped for the usual run of commercial work. The office was gathered together by H. W. Harvey, who was a cripple and who took this means of occupying his time and adding to his income. He has since died, and the office is for sale. It contains a fine assortment of plain and fancy type faces; leads, slugs, rules, etc., in sufficient quantity; a first class Gordon press (foot power), a power paper cutter, lead cutter, tabulating press, etc., together with cabinets and various other aids to the work of a job printing office. The press is new, not 10,000 impressions having been made on it, and the material all in first class condition. The parties holding the office can make no use of it, and it will be sold at a great bargain. It is a fine chance for some young man who has a taste for printing to procure a good working outfit at a nominal figure. Address inquiries to L. D. Harvey, Chocolay, Mich. Mr. John H. Marquette MINING JOURNAL, may be referred to as to the value and condition of the office. (12-7-tf)

Dr. Price's Cream Baking Powder Awarded Gold Medal Midwinter Fair, San Francisco.

ISHPEMING IN BRIEF.

Taxes are now due and payable at the Peninsula bank. John Van Brocklin is assisting the clerks at the bank to collect the taxes.

The infant son of Len Osborn of North First street died Sunday. The funeral was held yesterday afternoon from St. Joseph's church.

C. H. Hall went to Chicago Sunday night to see his wife before she leaves there for Lake Maitland, Fla. Mr. Hall will be back tomorrow.

Fred C. Osgood of New York arrived in the city yesterday. He expects to remain in this section calling on the mining men for some time.

F. Braastad & Co.'s special cloak sale began yesterday. The firm is now showing quite a complete line of toys and other Christmas novelties.

John Venner and Si Williams went to Calumet Saturday to attend the funeral of W. H. Rickard, which was held Sunday. The deceased was a brother-in-law of Mr. Venner.

William Hogg and his assistants are here in the interest of R. L. Polk & Co., publishers of the Marquette county directory. It will take them ten days or more to complete their work here.

The employees of the Lake Superior Iron company will be paid today. The Salisbury men will also be given their checks today. The payroll at the Cleveland Lake mine will be squared Thursday.

Thomas M. Bigelow, who visited the upper peninsula for some time prior to three years ago in the interest of Sprague, Warner & Co., spent Sunday in Ishpeiming. He stopped off here on his way to the copper country.

J. G. Johnson, of Peabody, Kansas, general attorney for the Modern Woodmen of America, was here yesterday. He will represent the order in the case against Mrs. L. C. Finch, which will come up in the circuit court tomorrow. Mr. Johnson consulted those who are to appear as witnesses in the case here and at Negunee yesterday.

Smallest Coal Mine.

The smallest coal mine in the world is in the southern province of New Zealand, where, according to the reports of the inspectors of mines for the colony, the Murray creek colliery is worked by one man, T. Bolitho, a Chinaman, who owns, manages and works this small, but to him valuable, coal mine. There is another small colliery in the same province worked by one man with the assistance of a donkey. The next smallest colliery is in England, in the village of Nelson, in Lancashire. It is situated near the Colliers' Arms, and affords employment for two miners, father and son, who combine in themselves the positions of proprietors, managers, miners and haulers of the undertaking. They have the assistance of a donkey, and all the output of the mine is sold to the householders who live in the village or its immediate vicinity.

Tuscan Women's Necklaces.

From time immemorial the peasant women of Tuscany have been accustomed to wear necklaces composed of several strings of small pearls of irregular shape, pierced and strung on silk. These pearls are known as "intermezzette." Their necklaces most frequently constitute their sole property, and have often cost from 1,000 to 1,500 lire.

Marvelous Results.

From a letter written by Rev. J. Gunderman, of Diamonddale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption, and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results. Trial bottles free at E. Farham's Drug Store. Regular size 50c. and \$1.00.

Boiling River

It is sure enough. It is not as large as the Mississippi, indeed it is quite small, but a mighty interesting stream for all that. It issues from the sides of a mountain in a thousand tiny rills, more or less, and of almost as many colors. These gather themselves into pools and lakelets on the mountain's side, covering an area of about 200 acres. Overflowing their boundaries they slowly trickle down the sides of the mountain forming small cliffs, the most wonderful in the world. From a distance one hardly believes what the eyesight reveals—white, black, orange, lemon, terra cotta, green, blue, red, pink, separate and in manifold combinations stand out before him. It is a hill of painted cliffs on the sides of the mountain that rises high above. And the odd part of it is that each of these exquisite colors represents a different temperature. Does that startle your credulity? Even so it is true. When through with this beautiful painting process, these waters again come together and then, as if full of mischief like a pack of small boys trying to play hide and seek, dive down and remain under the ground for a space of two miles and then flow out from the mouth of a conynote as one of the clearest, most beautiful, green streams imaginable. Where these waters emerge from the mountain into the little lakes they are hot, boiling hot. During their dark underground journey they fall several hundred feet and also many degrees in hotness, so that when they again see daylight they are much cooler. This then is boiling river, an underground mountain stream of hot water. But you ask, where is it? Where can I see it? It is in Yellowstone Park at Mammoth Hot Springs. It is one of the lesser, and you the lesser—wonders of this land of wonders. Go there and see it by all means but first send to Chas. S. Fee, General Passenger Agent, Northern Pacific Railroad, St. Paul, Minn., six cents for "Wonderland '96," that tells all about this renowned region. (7-24)

ROYAL Baking Powder Absolutely Pure

BARGAINS! THIRD BARGAINS! SPECIAL SALE!

AT THE STAR CLOTHING HOUSE,

COMMENCING, DEC. 10, 1896.

500 Overcoats Just Received.

How did it happen

that the old-fashioned, laborious way of washing was ever given to woman as her particular work? It's an imposition on her. She ought to have had only the easiest things to do—and men, strong, healthy men, ought to have taken up this washing business. Now, here is a suggestion. In those families that still stick to soap and make their washing needlessly hard and unpleasant, let the men do that work. They're better fitted for it. In the families that use Pearline (use with-out soap) and make washing easy, let the women do it. They won't mind it.

Millions NOW USE Pearline

FOR THE HOLIDAYS.

We have just received a complete line of Novelties for the Holidays. We have a fine collection of pretty things in the

FURNISHINGS

AND DRY GOODS

Lines. Toys of various kinds have also been added for our Christmas trade. The ladies should see our Stamped Linens.

Joyce & Mowick.

In and About Negaunee.

LEAP YEAR DANCING PARTY.

Negaunee Ladies Preparing for a Notable One at McDonald's Hall. The society ladies of Negaunee appreciate the many favors tendered them by their gentlemen friends in the past, so have concluded to give a leap year dancing party at McDonald's Opera House on the evening of the 29th, two weeks from tonight. As this will be the ladies' last opportunity in eight years to give a leap year party they propose to make this the most successful social event of the year.

The arrangements for the ball are in the hands of a committee composed of Mesdames A. Maitland, T. Pellow, J. E. Sues and T. C. Yates and Miss F. Winter, with Mrs. Yates as treasurer.

The reception committee is made up of Mesdames Maitland, Sues, Yates and M. Elliott and the Misses Anna Mitchell and F. Winter.

The arrangement of the floor will be looked after by Mrs. Elliott and the Misses Hoatsen, Sporley, Bertha Mitchell, Heesen and Mullaughney.

A limited number of invitations will be issued within the next few days. The hall will be tastefully decorated with flags, flowers, evergreens, pictures, etc. Mulbauer's orchestra of Marquette has been engaged to furnish the music.

PRIZES FOR THE MASQUERADE.

List of Those for the German Aid Society's Ball.

At a meeting of the arrangements committee for the German Aid society's annual masquerade ball, to be given on Friday, Jan. 29, held Sunday afternoon, the following prizes were decided on: Best masked couple, \$20; second best masked couple, \$10; best masked lady, \$5; best masked gentleman, \$5; best group of not less than eight, \$12; best group of not less than six, \$8; best comic mask, \$3; homeliest mask, \$2. The admission will be fifty cents for adults and twenty-five cents for children. The Twin City orchestra will furnish the music and supper will be served at the Brietung House.

The reception committee for the ball is composed of W. Schank, George Arnett, Fred Haupt, Matt Lentz and Joseph Young. The floor committee is made up of John Moll, Henry Thela, N. Westermeyer, H. Raifus and Charles Kieren.

The Late Father Bourion.

The following, relative to the illness and death of Rev. A. N. Bourion, brother of Mrs. Theophile Roy of Negaunee, will be read with interest by friends of the family here:

Rev. A. N. Bourion of the Cincinnati archdiocese, who was visiting his brother, Rev. H. Bourion at Menominee, Mich., died at the latter place on the 2nd inst. Failing health necessitated his retirement from active ministry some weeks ago, and he proceeded to Menominee, as the guest of his brother, Rev. H. Bourion, there to await the final summons.

Alcide N. Bourion was born in France, Aug. 11, 1830. He studied philosophy in Montreal and pursued his theological course in Paris, where, on May 22, 1878, he was ordained priest by Cardinal Guibert. Coming to America he affiliated to the Cincinnati archdiocese and began his priestly labors at Frechtown, and later, and up to his retirement, he was the zealous shepherd of souls at South Charleston. The funeral obsequies took place at Menominee on Saturday, and were attended by many priests from different parts of the state.

The new switch board ordered some time ago for the Negaunee exchange of the Marquette County Telephone company arrived yesterday and is now being put in position. It is one of the latest improved boards and is guaranteed by the manufacturers to give better satisfaction than any board in use in other of the company's exchanges. The board will accommodate 150 'phones. There are now 106 instruments in use here. At Ishpeming the company's list has grown to 265, with orders on hand for two or three more. The local office is also being renovated. A new hardwood floor is being put in, the walls calcimined and the work repaired. The office will be quite neat when the improvements are completed.

Have Three Camps.

J. C. Hudson came up from Swanzy Saturday to spend Sunday and yesterday with his family. He reports that the I. N. Stephenson Lumber company has established three camps in the woods between Swanzy and Floodwood. Over one hundred men are employed now, and the force will be increased soon, as the company contemplates putting in another camp. Many plates put in another camp. Many plates put in another camp. Many plates put in another camp.

Beware of Ointments for Catarrh That Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Dr. Price's Cream Baking Powder

World's Fair Highest Medal and Diploma.

LOCAL LAONICS.

A son was born yesterday to Mr. and Mrs. Aeil Ethier.

T. F. Cole returned yesterday from a business trip to Milwaukee.

J. C. Kirkpatrick left Sunday night for Cleveland on a business mission.

Mesdames James Byers and C. Roach, with their children, of Baraga, spent Sunday in Negaunee.

Hans Christiansen and wife of Crystal Falls, who spent the past few days with Negaunee friends, returned home yesterday.

An important meeting of the local tent of the Maccabees will be held Thursday evening. Members are requested to attend.

The reporter was misinformed regarding Mr. Sorensen's treatment here Saturday. He was given permission to sell his patent medicines without a license.

William Hogg, the directory man, and his assistants, have finished up their work here and have gone to Ishpeming, where they will spend ten days or more.

At the meeting of the local Retail Clerks' association held Friday evening it was decided that the 8 o'clock closing shall be discontinued from last night until Jan. 4.

Mr. and Mrs. Demars Rembley mourn the loss of their son, aged eleven months, who died Sunday. The funeral was held yesterday afternoon from St. Paul's church.

Mrs. Edmond of Chicago will give a lecture, with stereoscopic views, this evening at the Negaunee Methodist church. The admission will be ten cents for adults and five for children.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, constipation, dizziness yield to Electric Bitters. 50c. and \$1.00 per bottle at E. Farham's Drug Store.

NEGAUNEE GREENHOUSES.—Prices of cut flowers for Christmas on orders received this week: Carnations, 50 cents per dozen; roses, \$1.50 per dozen. (12-14-1w)

A LIVELY MASTODON.

One Seen in Alaska by an Indian Some Time Ago.

In conversation with a gentleman, formerly of Denver, who came out this fall with a party of miners, we learned that the existence of living mastodons near the headwaters of White river was not the mere fabrications of the northern furriers, but that the Stick Indians had positively told him that not later than five years ago such animals had been seen by them. One of the Indians said that while hunting one day in that unknown section he came across an immense track, sunk to a depth of several inches in the moss, and from the description as the Indian marked it out to him in the sand it much resembled an elephant's track and was larger around than a barrel. Upon striking it the Indian followed up this curious trail, and tracked from one immense stride to the other for a distance of some miles, he came in full view of his game.

And what game! The hunter gave one look, then turned and fled as though pursued by the evil one. These Indians as a class are the bravest of hunters, and, with no other weapon than the spear, will attack and slay the St. Elias grizzly. But the immense proportions of this new kind of game both startled and filled the hunter, brave as he was, with great fear, and he imagined his only safety lay in swift and immediate flight. He described it as being larger than Harper's (the post trader's) store, with great, shining, yellowish tusks and a mouth large enough to swallow him at a single gulp. He said the animal was undoubtedly the same as were the huge bones scattered all over that section. If such an animal is now in existence, and there is no reason to doubt the veracity of the Indian, as other Indians, and also Mr. Harper, had confirmed it, they inhabit a section of very high altitude and one but rarely visited by human beings, and these only Indians. We also have no reason to doubt the Indian's tale, for at no very recent period the Yukon country was inhabited by these animals, and hundreds of their massive skeletons found strewn along the creeks are the silent but truthful witnesses.—Alaska News.

THE HIPPOCRATIC OATH.

Its Precepts Are Observed by Physicians Even to This Day.

It happens from time to time that in the accounts of police court proceedings and coroners' inquests reference is made to the "Oath of Hippocrates." As the nature of this oath is sometimes misunderstood and medical men consequently are accused without reason of violating it, it may be well to recall what were the conditions supposed to have been imposed by the ancient Greek physician upon his pupils.

Whether the oath was actually the work of Hippocrates has frequently been called in question. It is mentioned by many early authors, but later writers have condemned it as spurious, and it is certain that Galen makes no mention of it. Nevertheless, many learned men of modern times, Littré among them, have accepted it as genuine.

However, whether it was indeed the father of medicine himself who laid down the precepts, they are certainly very ancient, and stand to this day as the very foundation of medical etiquette. In certain colleges the Hippocratic oath, with but one or two modifications, is still taken by all who would become practitioners of medicine. On the other hand, it would be an error to suppose that all physicians are obliged of necessity to abide by the rules laid down in it, for in certain colleges of medicine a degree may be had without either oath or stipulation.

Here is Hippocrates' oath as translated by Surgeon Francis Adams:

"I swear by Apollo, the physician, and Esculapius, and Health, and All Heal, and all the gods and goddesses that according to my ability and judgment I will keep this oath and this stipulation—to reckon him who taught me this as equally dear to me as my parents, to share my substance with him and relieve his necessities if required; to look upon his offspring in the same footing as my own brothers, and to teach them this art if they shall wish to learn it, without fee or stipulation; and that by precept, lecture, and every other mode of instruction I will impart a knowledge of the art to my own sons and those of my teachers, and to disciples bound by a stipulation and oath, but to none others. I will follow that system of regimen which, according to my ability and judgment, I consider for the benefit of my patients, and abstain from whatever is deleterious and mischievous. I will give no deadly medicine to anyone if asked, nor suggest any such counsel; and in like manner I will not give to a woman a pessary to produce abortion. With purity and with holiness I will pass my life and practice my art. I will not cut persons laboring under the stone, but will leave this to be done by men who are practitioners of this work. Into whatever houses I enter, I will go into them for the benefit of the sick, and will abstain from every voluntary act of mischief and corruption, and further from the seduction of females. * * * Whatever, in consideration with my professional practice or not in connection with it, I see or hear in the life of men, which ought not to be spoken abroad, I will not divulge, as reckoning that all such should be kept secret. While I continue to keep this oath inviolated, may it be granted me to enjoy life and the practice of the art respected by all men in all times! But should I trespass and violate this oath, may the reverse be my lot!"

One of the most curious items in this oath is that in which the practice of lithotomy is interdicted. That Hippocrates should have looked on it as improper for pupils of his to perform this operation appears strange to the surgeon of to-day, but there is little doubt that in ancient times it was regarded as beneath the dignity of a practitioner of standing. Neither Galen nor Hippocrates mentions having performed it, and the Arabians appear to have had the strongest prejudice against it. In fact, Avenzoar speaks of it as an operation which, so far from performing, no decent physician would so much as witness.—N. Y. Sun.

MILLIONS OF BUTTONS.

A Man of Figures Makes Some Calculations on the Subject.

We live in an age of buttons. The people of the British Isles unbutton 40,000,000 buttons every night when they prepare for bed, and next morning rebutton the same number, unless a few millions have been lost in the struggle. The world has become so accustomed to buttons that it has forgotten that there was ever a time when buttons were unknown. It is safe to say that 99 out of every 100, if asked to name the date of the first button, would anticipate the actual date by several centuries. In the fourteenth century there were buttons—but no button holes. It was purely ornamental, lacking a button hole, and the question voluntarily arises how our ancestors managed to keep respectfully covered.

Two hundred years ago there were not so many buttons in the world as could be found in a small old clothes shop to-day, and even those were made by hand. It was not until 1743 that any considerable manufactory was established. In that year the famous Soho works were opened at Birmingham, where steel buttons were made of such beauty and finish as to command a price of £140 a gross, or one pound apiece. In these modern days we are apt to boast that this is an age of paper, pointing at the same time to paper wheels, paper boots, paper carpets and the thousand and one novel uses made of this material, as proof of our assertion. It is a curious fact that as far back as 1784 we find mention of paper buttons.—London Times.

The Corn-Fed Philosopher.

"I like to see a young man have a proper amount of self-respect," said the corn-fed philosopher, "but the trouble with the average youth is that he carries it to the point of adoration."—Indianapolis Journal.

Many a man will protect his money at the risk of his life. Thousands decline to protect their lives because it would require the sacrifice of a few dollars of their money. This seems almost incredible but it is true. Men realize that the most relentless enemy of mankind, consumption, is slowly but swiftly creeping upon them. But in the mad race for money they refuse to stop and drive off the dread disease. It would require a sacrifice of both time and money and so they neglect it, until it is too late. There is no excuse for this. A sure and quick remedy is at hand. Dr. Pierce's Golden Medical Discovery cures 98 per cent of all cases of consumption. It remedies all disorders of the digestion. It invigorates the liver. It makes new rich blood and builds up a firm healthy flesh. It enters the blood and drives out all impurities, and acts directly upon the lungs driving out all disease germs. It builds sound vital tissue in the lungs. Thousands have testified to their cure by this wonderful remedy after they were given up by the doctors and all hope was gone. Druggists sell it.

"I have taken Dr. Pierce's Golden Medical Discovery, and can and do recommend it every place I go," writes Mrs. J. D. Graves, of Salamanca, Cattaraugus Co., N. Y. (Academy Street). "I am a traveling saleslady and have been for eighteen years. When I find people who are afflicted I tell them what Dr. Pierce's medicine has done for me. Twelve years ago I was given up to die. I had what all my physicians called consumption. I had hemorrhages of the lungs, night-sweats, and in fact I fully realized my condition. I begged of them to let me try the 'Golden Medical Discovery,' and the result is, I still live and do lots of hard work."

Dr. Pierce's Pleasant Pellets.

It is better to do mending while the damage is slight, than wait until the whole structure is ready to fall. Constipation is the one, all-embracing disorder that is responsible for many other diseases. Doctor Pierce's Pleasant Pellets cure it. Druggists sell them. They never gripe. One little "Pellet" is a gentle laxative, and two a mild cathartic. They are tiny, sugar-coated granules. Nothing else is just as good. A permanent cure.

ST. AGNES' Hospital and Sanitarium

164 EAST DIVISION STREET, FOND DU LAC, WISCONSIN.

A private Water-Cure Establishment and General Hospital for the treatment of non-contagious diseases, in charge of the Sisters of St. Agnes. Both surgical and medical cases received. All forms of treatment employed. The Water-Cure Department offers special advantages for Winter-Cures. Patients, prospective or cured, will here find repose, kind treatment, skillful physicians, superior board, comfortable rooms, and—not the least—an invigorating, healthy climate and picture-guest surroundings. Everything an invalid needs.

The Sanitarium is an elegant building, constructed on the best sanitary principles, and has all the modern improvements of a first-class establishment.—A home-like place for rest and quiet for the over-worked. Terms: Private rooms, board and nursing, from \$8.00 to \$15.00 per week. Ward bed, board and nursing, \$3.00 per week. For prospectus, address (10-14-3m) SISTERS OF ST. AGNES.

For Catarrh Hay-Fever Cold in Head

ELY'S CREAM BALM is a positive cure. Apply to the nostrils. It is quickly absorbed. 50 cents at Druggists or by mail; sample free, by mail. ELY BROTHERS, 60 Warren St., New York City.

JENNESS & McCURDY,

Crockery, China, Glassware and Lamp Goods, 73 and 75 Jefferson Ave., DETROIT, MICH.

Our Kitchen

No kitchen is kept cleaner than the premises devoted to the manufacture of **NONE SUCH Mince Meat**. No housewife can be more fastidious in the matter of preparing food than we are in the selection and preparation of the materials of which it is made. The cleaning of the currants (for one thing) is more thoroughly done by means of perfected appliances, than it would be possible to do it by hand.

Its cleanliness, purity, wholesomeness and deliciousness are good reasons for using **NONE SUCH Mince Meat**. The best reason is its **saving**—of time, of hard work, of money. A ten cent package affords you two large pies, without trouble to you beyond the making of the crust. Makes just as good fruit cake and fruit pudding as it does mince pie. Sold everywhere. Be sure and get the genuine.

Send your name and address, and mention this paper, and we will mail you free a book—"Mrs. Hopkins' Thanksgiving"—by one of the most famous humorists of the day.

NOBODY WAS SWINDLED.

Ishpeming Property Owners Have No Ground for Their Tax Sale Kick.

DO NOT HAVE TO SERVE INDIVIDUAL NOTICES.

Juryman Had a Day Off—City of Marquette Will Land at Her Own Dock—Advertising Committee Ready.

ALL SALES REGULAR AND LEGAL

County Treasurer Wright has a reply ready for the Ishpemingites who are frothing at the mouth because their property was sold at the tax sale for sewer taxes. The attitude of these people as given in interviews seemed to be that a sewer tax was different from other kinds of taxes, and that they could not be made to suffer the same penalty for non-payment. Another alleged grievance is that they were not properly notified. A third and last allegation is that the purchasers of the tax titles bought them to swindle the present holders of the properties.

"After two years and the taxes have not been paid property is sold under the law for delinquent taxes," said Mr. Wright. "The land to be sold is advertised, this year in the Iron Herald, and that advertisement is sufficient and legal notice for every one interested. I don't have to send an individual notice to every man who has property that is likely to be sold."

"A sewer tax is just the same as any other kind of a tax. It is first spread on a special roll for collection. Then the first of December all that has not been paid is put in with the general taxes, and after those are back two years the property is liable to sale the same as on any other tax. When property is listed for sale the sewer tax is not distinct, but it means the owner has been delinquent on some tax for more than two years."

"I think everyone who bought a tax title in Ishpeming did so to protect his interests only, most of them mineral rights. You know there is scarcely a deed made in Ishpeming that the mineral right is not reserved in it. It was chiefly for the protection of these that the tax titles were bought, not through spite at all."

"What are the terms for redemption where property is sold for back sewer taxes?" the treasurer was asked.

"The terms are the same as under any other tax," he answered. "There is a year for redemption."

COURT HOUSE CULLINGS.

There was a very brief session of the court yesterday and no jury trials. The jurors were dismissed till 9:30 this morning. The replevin case of Joseph Croze vs. John H. Gillet which was to have come up for trial yesterday, but it was postponed till the 28th.

More time was asked by the plaintiffs for changing their bill of declarations in the case of John J. Priebe and George Shaw. When the request of the plaintiffs was not granted they submitted to a non suit.

Beginning the Work.

The ladies of St. Paul's have been busy planning for more than a week on the special edition of THE MINING JOURNAL they are going to get out New Year's morning. Now they are ready for work.

Those who have the first work to do are the advertising solicitors. When the ladies met yesterday this committee was organized and instructed to lose no time in visiting the merchants and inducing them to take liberal spaces. This committee is made up of Miss A. Ward, Miss Ada Mapes, Mrs. Dr. Markham, Mrs. S. S. Ormsbee, Mrs. George Denny and Miss Brown.

The committee has an able lieutenant in the person of Hon. Peter White. Mr. White has written upwards of sixty letters to the heads of prominent firms in Michigan and adjacent states, who are numbered among his large personal acquaintance soliciting ads from them. Those so far heard from have agreed to take space. William H. Elliott, the big Detroit drygoods merchant writes this way:

DETROIT, Dec. 12, 1896.
Hon. Peter White, Marquette, Mich.
DEAR SIR:—Replying to your esteemed favor of yesterday in reference to an ad for the special issue of THE MINING JOURNAL. We will be glad to take a ten dollar space for which the matter will be forwarded early next week. The ladies of Marquette are remarkably fortunate in their selection of a solicitor. If you get one-half that your friends through the state ought to send there should be millions in it for them.
Very truly yours,
WILLIAM H. ELLIOTT.

Another Merchandise Dock.

Captain Alfred Taylor, commander of the City of Marquette, is staying here this winter and looking after some new construction and repairs on the old Burtis dock property, now owned by J. M. Longyear also owner of the boat.

It is the intention to have the City of Marquette sail from her own dock next season. To this end the dock is being replanked and put in fit condition, and a good substantial warehouse, 28x60 has been built on it. The warehouse is complete now all but the battens and painting, which work will be done next spring. Besides the business of the boat a line of shingles and possibly other building material will be carried. These, of course, will not be put in till next spring, but Bice & Begole have already leased room on the dock for two million feet of lumber, and will put it on by team as soon as the sleighing is good.

Eastern capitalists are still considering the advisability of leasing water frontage for a coal dock between the Burtis dock and the old Grace furnace dock.

Heppner's Christmas Stock.

One of the places that the Christmas buyer always goes is Heppner's. He knows that he can get anything in the home made candy and fine bakery lines

and that it will be good. That is what Heppner has built up his reputation and trade on—the assurance the customer always has that he will get something the best of its class when he buys there.

The enterprising baker and confectioner always takes special pains with his Christmas stock. He is making a feature this year of his fine homemade candies. Heppner's candies contain no adulterations or poisonous colors that will hurt the little folks, but they are just pure sweets. He has taffies of all kinds and flavors. When Christmas is a little nearer he will have a line of fancy holiday cakes that are as good to look at as they are good to eat. Besides all these things he is carrying a stock of ornaments that are just the thing to dress up a Christmas tree.

Christmas Question Solved.

As Christmas time draws near, the time of all times when everyone has a kindly feeling for his neighbor and when all nature seems aglow with happiness and good cheer, then the old familiar question is bound to present itself—what present shall I give this one? what present will be most appropriate for that one?

These vexatious questions are being solved by many daily at Pendill's pharmacies. The buying of Christmas gifts is very easy there: it is a simple and delightful task. Entering the larger store at Front and Washington, the first thing to catch the eye, is the mammoth window which displays the perfumery stock made up of all the leading odors and best brands of the world's markets. The opposite window shows the candies, chocolates, marshmallows, fruit tablets, crystallized fruits, bonbons, all irresistible to the lover of sweet things.

The tops of the show cases are covered with large French plate glass mirrors, dressing cases, toilet sets, glove and necktie boxes, jewel caskets, atomizers, smokers' sets, with many new and odd aluminum novelties. In the center of the store stands a large table loaded with beautifully bound works by standard authors, and all surprisingly low in price.

One large eighteen-foot case that attracts much attention is filled with a line of crested china ware. The articles displayed are fern dishes, powder boxes, photo holders and the like. None of this ware was ever sold in the city before. Another large case is filled with pocket books, hundreds in all colors, shades and patterns, fresh from the eastern manufacturer's stock. In the rear of the store is displayed a large line of tissue papers, American, French, crepe, domestic and imported, any color or quality wished for.

The prescription room with its modern facilities for compounding drugs is as complete as any to be found in the upper peninsula. A complete stock furnished by the leading houses of the country is carried. Nearly every drug, chemical or patent medicine on the market can be found at this pharmacy. The cigar department with its popular brands of Havanas, imported and domestic cigars, is in keeping with the rest of the stock. Hot chocolate, served at Pendill's new winter fountain, will put new life in the tired shopper.

All who visit the store receive a hearty welcome and invariably go away well pleased.

Second in the Course.

Dr. James Hedley is the second entertainer to appear in the lecture and concert course which is being conducted here this season under the auspices of the Young Men's Sunday Evening club.

Dr. Hedley is a lecturer who is now appearing for his sixteenth consecutive season on the lyceum platform. As are the other entertainers in the course given here, he is under the management of the Redpath Lyceum bureau, an organization that is noted for the high quality of the talent it sends out. Dr. Hedley is a feature, and a drawing one, in many of its most expensive courses.

The lecture the doctor will give here is titled "The Sunny Side of Life." It has been delivered seven hundred times, and it is averred, never to have failed to make a hit. This is his oldest lecture, and by many it is considered his best. He is a confirmed optimist, and thinks this world is a grand old place to live in. The lecture is a medley of wit, humor, pathos, acting, sermon and song. Truths tersely and epigrammatically stated are mingled with flights of fancy portrayed in all the enchanting witchery of the word painters art.

The course this year is certain of financial success, and from its start the projectors feel that its artistic success is assured as well. Single admission for the Hedley lecture will be fifty cents. In order though to induce as many as possible to come in on the balance of the course the Hedley lecture, the Jessie Couthouli combination and George Kennan are all offered for a dollar.

DECORATED CHINA SALE.

Mrs. J. S. Dunham and Miss Louise Morrow of Green Bay will have an exhibit and sale of decorated china at the Hotel Marquette today and tomorrow, Dec. 14th and 15th, morning, afternoon and evening. You are cordially invited to attend. Kindly invite your friends. (12-14-96)
