GALLERIES WERE CROWDED

Largest Crowds Since the Opening Day Present at the Senate Session.

FLOOD OF CUBAN RESOLUTIONS AND REPORTS.

The Cameron Declaration Goes Over Until After Holidays—House Insists on Its Immigration Bill and Sends It to Conference.

THE CONGRESSIONAL DOINGS.

WASHINGTON, Dec. 21.—The senate was literally deluged today for half an hour with reports, resolutions and spirited colloquies on the Cuban question. The intense public interest in this subject was shown by the presence of the largest crowds since the opening day of the session. All available space in the public galleries were taken and the diplomatic gallery had such distinguished occupants as Sir Julian Pauncefote, British ambassador; Baron von Hengelmaier, Austrian minister, and Mr. Hatch, the Hawaiian minister. The main event of the day was the presentation by Cameron of the report of the committee on foreign relations favorable of his resolution recognizing the independence of Cuba. This proceeding was brief and perfunctory, the report not being read, and an agreement was speedily reached by which the resolution and report go over until after the holidays. Aside from the Cameron report Morgan (Ala.) presented a further report on the same lines, embodying the views of himself and Mills.

The offering of the reports served as a prelude to several brisk exchanges. Hill (N. Y.) desired to know whether the reports went into the constitutional question of the legislative power of recognition of independence. Cameron promptly answered that everybody conceded this power, and Morgan pointedly added that a denial of such power was preposterous. Vest also came forward with some remarks, which promised to give a sharp personal turn to the debate. He spoke of his astonishment in seeing Mr. Olney's public statement, declaring the executive alone had power to recognize independence. Vest had hardly begun when Hale (Rep. Me.) made a point of order against him on the ground that debate was out of order. The Missouri senator willingly yielded, announcing he would speak tomorrow on the resolution he had offered declaring recognition of independence is the joint power of the legislative and executive branches.

Several other Cuban resolutions were offered, one by Hill and another by Chilton, declaring a state of war existed in Cuba warranting the recognition of the belligerent rights of both parties and calling for the observance of strict neutrality by the United States, and one by Bacon, declaring the power of recognizing independence was a prerogative belonging exclusively to congress. On motion of Sherman the bill resolution, favorably reported by him, asking for a report on American citizens held in Spanish prisons was agreed to without division. This disposed of the Cuban question for the time being. A brief discussion, covering hardly more than half an hour, had been singularly eventful in bringing forward reports and resolutions. The various features developed in rapid succession, and were followed with the keenest interest by the crowded galleries.

The status of the various resolutions as they were finally left is as follows: The Cameron and Morgan reports are on the table until after the holidays; the Vest resolution is on the table; to be called up tomorrow; the Hill and Chilton resolutions are on the table; the Bacon resolution is referred to the committee on judiciary. Mitchell (Rep. Ore.) made an appeal to the senate for early consideration of the Nicaraguan canal bill. He urged its importance to all sections of the country. Bills were passed authorizing the acceptance of medals by Herbert D. Pierce from the Russian government; by Commander E. S. Huston, of the navy, from the emperor of Germany; by Joseph J. Kinyoun, from Venezuela; by C. E. Marr and E. H. Pierce, from Canada; by Lieutenant-Colonel Forwood and Dr. Geo. H. Denrose, from Argentina and by Admiral Selfridge and other naval officers from the Russian government.

The unfinished business for the day was a bill providing for free homesteads on public lands in Oklahoma territory for bonafide settlers, but owing to opposition Pettigrew, in charge of the measure, consented to let it go over until after the holidays. The house bill was passed for loaning government flags for decorative purposes during the coming inauguration ceremonies. After an inauspicious session the senate adjourned.

THE HOUSE NON-CONCURS.

Votes to Send the Immigration Bill to Conference—The Proceedings.

WASHINGTON, Dec. 21.—The house today practically completed consideration of the legislative, executive and judicial appropriation bill, but final action will not be taken until tomorrow. Almost the whole day was devoted to debate on the provision in the bill relating to the control of the new congressional library. Both the appropriations and library committees offered plans for the future care of the building. After a somewhat acrimonious contest the appropriations committee gained the victory, defeating the library committee by a vote of 37 to 85. An amendment designed to place the employees of the library under the civil service law

was also defeated, 27-73. Under a provision of the bill, as adopted, Librarian Spofford will continue in office with an increase in salary from four to five thousand.

The senate amendments to the immigration bill were non-concurred in, and a conference agreed to. Bartholdt, chairman of the immigration committee, sought to have the bill and amendments recommitted to his committee, and in the course of his remark referred to the fact the foreign born population of the United States has turned the scales in several states for "sound money and protection."

In speaking on his motion, Bartholdt said the bill as it passed the house was a compromise and satisfactory to extremists on both sides. Those who believed as he did that all people should be given the right of asylum here had accepted the bill to prevent the passage of a harsher measure. The position of the foreign population in the late election, he said, had been a complete refutation of the charges so recklessly made before as to the dangers involved in unrestricted immigration. While those who believed with him were ready to accept the house bill at the session many German Americans and other naturalized citizens now believed that in view of the fact they had at the election "saved party and country," they should be granted immunity from any restrictive measure. Yet, he said, the senate purposed to increase the harshness of the bill. He then took up the senate amendments and entered his objections. He ridiculed the educational test provided for in the senate amendment. It was absurd, he said, to ask a German or Irish servant girl to read and write five lines of the Constitution. The Constitution was difficult of comprehension. The application of the test should be left to the executive officers, in his opinion.

Danford (Rep. O.) contested Bartholdt's motion with one to non-concur in the senate amendments and agree to a conference. W. A. Stone (Rep. Pa.) gave it as his opinion, that owing to the shortness of the session to send the bill back to committee would sound its death knell. He earnestly urged the adoption of Danford's motion. McCall (Rep. Mass.) and others argued in favor of Danford's motion. Bartholdt's motion was defeated without division and Danford's motion to non-concur and send the bill to conference was adopted. The speaker appointed Bartholdt, Danford and Wilson as conferees on the part of the house.

The house then went into committee of the whole and spent the remainder of the day in the consideration of the legislative appropriation bill.

The room of the ways and means committee is daily visited by manufacturers, wool growers, importers and representatives of other interests seeking information about the forthcoming tariff bill and calling the attention of Chairman Dingley to changes they desire. Many persons write to Mr. Dingley inquiring what the committee proposes to do about various schedules, but all are informed no determination has been reached upon any of the details of the bill. All applicants for time at hearings are requested to condense their statements and put them in writing, if possible. The hearings begin next Monday.

WANTS THE LODGE BILL PASSED

Federation of Labor Favors the Senate's Immigration Measure.

CINCINNATI, Dec. 21.—At today's session of the Federation of Labor the law committee reported favorably on the defense fund resolution, increasing the dues fifty cents per capita per month, and it was adopted. Resolutions for a department of labor, with another cabinet officer; that no official of the American Federation of Labor be allowed to affiliate with a political party; recommending that union men not enlist in the state militia, and for a better inspection of navy yards and arsenals, aimed at the Carnegie Steel works and others, were adopted.

The time this afternoon was principally occupied in a discussion of the report of the special committee on immigration. It recommended the Lodge bill, now pending in congress, be passed. It furthermore recommends that the executive council be empowered to prepare a bill on restriction of immigration to be presented to congress, with a petition that it be passed. Among the provisions of this proposed bill were:

"That all immigrants received here should be required within a reasonable time to become naturalized citizens; that paupers and criminals be excluded; that an educational test be required; that the penalties for violation of the alien contract law be increased."

This report was amended to refer it to the executive, with instructions to the council to refer it to all affiliated unions and that its fate depend upon their aggregate decision. In this shape the report was adopted.

At the night session a resolution declaring the sense of the convention in favor of public ownership of such corporations as require franchises was adopted. The resolutions already adopted to keep a legislative committee of two at Washington to look after labor interests was reconsidered and changed to read a committee of one. John Fernseth, of the Seamen's International union, was chosen as the committee of one and his headquarters will be with the national headquarters at Washington. The International Labor league was organized tonight, with John B. Tobin as chairman. The convention adjourned sine die.

A Verdict of Guilty.

DENVER, Dec. 21.—The federal jury tonight returned a verdict of guilty against C. H. Dow, president of the defunct Commercial National bank, and Sidney G. McClurg, receiving teller, and O. E. Miller, president of the Miller Hermit Treatment company, on charges of misappropriation of funds, making false entries and aiding and abetting the same. Miller, through the alleged crookedness of Dow and McClurg, secured about \$125,000.

FAILED TO OPEN ITS DOORS

Mismanagement Pulls Down the National Bank of Illinois at Chicago.

ITS LIABILITIES ABOUT ELEVEN MILLION DOLLARS.

Depositors Will Probably Receive Their Money in Full—Failure Forces Three Private Banking Institutions to the Wall.

A RECEIVER PUT IN CHARGE.

CHICAGO, Dec. 21.—The National Bank of Illinois, one of the oldest and best known banking institutions in the city, with assets of twelve to fifteen million dollars, closed its doors today. This action was decided on at a meeting of the directors last night after the bank had been suspended from the clearing house association. Of the sixteen banks that cleared through the National Bank of Illinois two closed their doors as a result of the suspension of that institution. They are E. S. Deyer & Co. and Wasmansdorff & Heinemann. These institutions are mortgage loan banks. Their failure is not expected to affect any business houses. The assets of Deyer & Co. are \$1,600,000 and liabilities \$,200,000. The assets of Wasmansdorff & Heinemann are \$650,000 and liabilities \$100,000. The Security Title & Trust company was appointed receiver for both. A loan of \$2,400,000 was made to the Calumet Street Railroad company by the National Bank of Illinois. Heavy loans on real estate are also said to have been made. The failure did not seriously affect business. The general sentiment of opinion is that depositors would receive their money in full, as the bank has now on hand in cash means nearly 40 per cent. of its entire liability.

Another suspension was recorded late in the afternoon, when Judge Horton, of the circuit court, appointed John H. Nichols receiver for the property of Frederick Wiersema, who owns the Roseland bank, situated in the suburb of Roseland. The appointment was made on the application of George Dalenberg, a creditor to the extent of \$600. The complaint attributed the embarrassment of Wiersema to the connection of the latter with the National Bank of Illinois. The assets are placed at \$75,000 and deposits at \$50,000. The bank will resume business within a few days.

WASHINGTON, Dec. 21.—Comptroller Eckels has been advised the Chicago Clearing House association has assumed to pay 75 per cent. of all proved claims against the National Bank of Illinois of Chicago. John C. McKean was appointed receiver. At the last report, Nov. 30, the bank had a capital of \$1,000,000, a surplus of \$1,000,000, undivided profits of \$450,000, and total assets, including bonds, \$15,049,922. The liabilities will be about \$11,000,000. The comptroller said:

"The failure was due to injurious, reckless and imprudent methods followed by the officers and not checked by the directors, though the latter had been individually called to the same, and over their individual signatures they had promised to remedy the weak points in the bank's condition. The largest source of the failure was the bank's holdings of Calumet Electric Street railway stock, the full amount of which cannot now be stated, for it is discovered a part of such holdings were not made to appear on the books, but were concealed in another account."

FALSIFICATION OF ACCOUNTS.

The Tribune tomorrow will say that in the case of the National Bank of Illinois "the manipulation of the books was such as practically amounts to a falsification of accounts." It is claimed one loan of \$900,000 made to the Calumet Electric company was charged up to foreign exchange, instead of being entered in the proper manner. Other irregularities in connection with loans made to the Calumet Electric company are said to have taken place.

SULTAN'S GUARD DOUBLED.

A Rising of the Young Turks Feared at Constantinople.

BERLIN, Dec. 21.—A dispatch to the Frankfurt Zeitung from Constantinople says a rising of the Young Turks party is feared there. The dispatch also says fifty young Turkish officers escaped arrest by fleeing from the city and that a number of army officers of high rank were taken to the palace to be tried by court martial. At the palace, it is further stated, the usual precautions for the safety of the sultan have been doubled, and every suspect approaching the palace is arrested.

CONSTANTINOPLE, Dec. 11.—

The Russian ambassador had an audience with the sultan today, at which he urged the introduction of the reforms and granting of amnesty to imprisoned Armenians. His majesty asserted the reforms agreed upon by the powers were already executed, and promised to issue an amnesty decree in a few days. Subsequently the ambassadors met and exchanged views relative to new reform proposals to be submitted to the sultan.

Australian Ballot Valid.

SALT LAKE, Utah, Dec. 21.—The state supreme court today handed down a decision in the case of M. L. R. Kone vs. the state board of canvassers. The question involved was the validity of the Australian ballot law, passed by the last legislature and under which the general election in this state last November was held. The court declared the law valid, and the writ asked by Ritchie for forbidding the canvassing was denied.

The light in the window after midnight but too frequently tells the old, old story of the awful torture of approaching motherhood for some ill-prepared women.

All weakness and disease of woman's reproductive organism are cured by Doctor Pierce's Favorite Prescription. It acts directly upon these organs. It makes them strong and healthy.

What woman does not wish to make her family cares as light as possible, consistent with her family's well-being? The great fear of all is the fear of sickness.

CHARLES A. HAGER, FUNERAL DIRECTOR AND Practical Embalmer, MARQUETTE, MICH.

DAILY MINING JOURNAL, A MORNING PAPER PUBLISHED BY THE MINING JOURNAL CO. (LIMITED). Issued daily except on Sundays.

Entered as mail matter of the second class in the postoffice at Marquette, Mich. A PROPOSED RADICAL REFORM. We see it stated that the state board of corrections and charities will recommend to the legislature about to convene that the office of sheriff in the several counties of this state shall be made an appointive one.

The board mentioned now has to a certain extent supervisory control of the county jails, and it may be assumed that its recommendations are based on what it has learned of the average capability of men holding the office of sheriff in the various counties of the state.

It is quite unlikely that the legislature will sanction so radical a change in the manner of filling this office as the suggested one would be, but there is much reason to believe that it would be a salutary change.

As the recommendation runs counter to a growing popular sentiment, however, there is so little likelihood of its finding favor with the legislature that there is not much use of conjecturing how the method which it proposes would work under actual test.

POSITION OF THE STEEL TRADE. The Engineering and Mining Journal of last week has this article discussing some recently developed aspects of the steel trade: The nominal retention of the steel-billet pool, with the singular condition that all the members are at liberty to make their own selling prices, is a puzzling state of affairs at first sight.

It must be remembered that the Carnegie company is rapidly building a new railroad line to transport lake ores to its Pittsburgh mills at the lowest possible cost; and that it controls through the Frick company the output of Connellsville coke. It has also secured enough of the non-Bessemer Mesas and other ores to supply the basic open-hearth furnaces which it has been building.

With this comes the announcement of a reduction in steel rail prices for 1897 to \$25 per ton at mill, a drop of \$3 from the level which has been maintained throughout the present year.

BEWILDERING FIGURES. Employed in Giving the Velocity of the Planets. Astronomical Calculations Which Fairly Take One's Breath Away—Some Interesting Scientific Facts.

THE Marine Record charges that the Washington authorities manifest a disinclination to give lake shipbuilders a fair show in the matter of government contracts for the construction of war vessels, as well as other craft for government use.

Ever since lake shipbuilders began looking for government contracts there has been a feeling that the heads of departments at Washington were not favorable to lake competition.

SAYS the Iron Port of Escanaba: A Republican daily at Marquette is again talked of with Alfred Meads, late of the Ontonagon Miner, as conductor.

Really there has been more talk about that Republican daily at Marquette outside of Marquette than here. Mr. Meads would like very much to start a paper of any kind here if other people would put up the money for the venture.

ATTORNEY GENERAL OLNEY is a strong man. He has shown this on several occasions, but never more fully or more wisely than in taking the decided stand that he did against the adoption by congress of a policy in relation to the Cuban imbroglio.

All the scenes and atmosphere of one's native village—if one is fortunate enough to have been born in such a locality—lie around the memory like the horizon line, unreachable, impassable.

Italy and Abyssinia. The war between Italy and Abyssinia ended in the spring without any formal arrangements of peace, and with 3,000 Italian soldiers still held as prisoners in the hands of Menelek.

Copper Country Department

A BONANZA IN COPPER.

Rock from the Tamarack Junior that runs 20 per cent. mineral. The copper-bearing rock which is now being brought to surface from the ninth level of No. 2 shaft of the Tamarack Junior mine is a subject of deep interest to mining men...

The Junior has but 120 acres of ground, and was originally a part of the Tamarack mine, but was set off as a sort of stock dividend a number of years ago. The territory of the Junior lies north of the Calumet & Hecla, which company owns the three shafts lying between the Tamarack and Tamarack Junior lands...

The Junior has been burdened with a heavy floating debt, but this has been reduced each year for three successive seasons, and is now so small that it will soon be wiped out, after which the stockholders may look for some dividends.

Although the mine has no mill of its own, and is handicapped at present for that reason, the new mill of the Tamarack will be in operation in a short time and will ease care for the production. No. 1 shaft of the Junior is now 2,800 feet deep, while No. 2 shaft is 3,000 feet in depth. It is from the ninth level of No. 2 shaft that the richest rock is now coming, yet at the time this shaft was planned it was feared that the ground would prove barren...

The outcrop of the Calumet conglomerate lode, on which are developed the Calumet & Hecla, Tamarack, Tamarack, Jr., and Centennial mines, is north of northeast, with a dip of 38 degrees to the southwestward. The Calumet conglomerate lode is the strongest in the world, so far as known, and over fifty millions of dollars in dividends have been paid from copper mined out of it, with apparently several more to yet to be earned.

Granted Additional Time. An important meeting of the trustees for the creditors of the Huron Mining company was held Saturday afternoon at the law office of Chadbourne & Rees at Houghton. Mr. Chadbourne asked and was granted additional time to examine the title of the property. It might be stated that a few flaws, none of much importance, however, have been found in the title of the Huron property. One of these flaws was brought about through the purchase of the Huron spring site, comprising four acres, through condemnation proceedings, by the village of Houghton. In this purchase the mineral right was not reserved by the Huron company. It will now be necessary for the village of Houghton to have an act passed by the legislature to deed back the mineral rights of these four acres to the Huron trustees. The bill will be drafted and ready for presentation when the legislature meets next month, and no doubt it will be acted upon promptly, as the matter only concerns the village of Houghton, and the village council has already sanctioned the passage of the act. When this act is passed and the bill signed by the governor and a few minor defects perfected, the title will be clear and ready for delivery to its new owners, who insist on titles without a flaw. The vil-

lage of Houghton need never worry about the mining at the Huron interfering with or draining its water supply at the Huron spring, as the depth of the mine at that point would be 11,880 feet and to effect this depth would be an impossibility; were it possible it would require thirty years or more to reach the location of the spring, and it is likely by that time residents of Portage Lake would receive their water from Lake Superior.

May Make an Investigation. Whether or not there will be a division of the Upper Peninsula Firemen's association owing to the dissatisfaction resulting from the tournament at the Soo it is impossible to say. There is a kindly feeling for the Ironwood people in the copper country, a great number of whom were formerly Houghton county residents, and it goes without saying that visitors from this section, as well as from the whole peninsula, would be royally entertained by the people of Ironwood and Hurley. However, the injustice on the part of Ironwood, in introducing "ringers" at the recent tournament is still a source of much annoyance and has caused a feeling which is not easily downed. It will be necessary if Ironwood desires an attendance from the various towns comprising the association to clear its skirts of the above accusation. Investigation of the Ironwood affair will probably be made during the winter by the association officers. Rule 22 of the general rules governing contests, is as follows: "Any company attempting to win by fraud, deception, foul play, or in any dishonorable manner, or disobey, infringe upon, or invade any of the requirements of the rules and regulations will be subject to suspension."

The Loss Will Be Slight. It is unlikely the fire which broke out Sunday in the coal pile of the Tamarack-Osceola companies at Dollar Bay will result in any serious loss. At present the coal in the vicinity of the fire is being loaded into cars and transported to the Tamarack mill with as much despatch as possible. The point of the fire will be reached in a few days, when it will be promptly extinguished.

COPPERDOM BREVITIES. Charles Wright of Hancock arrived Saturday from Ann Arbor, where he is attending the University of Michigan.

James B. Sturgis, who is attending the Madison university, arrived at Houghton, Saturday, to spend the holidays.

The thirteen-year-old daughter of Mr. Alexson of Houghton was reported ill with diphtheria yesterday morning. Bert Wallace, who was similarly afflicted, is recovering.

The fact that Friday is not an unlucky day for this district was again demonstrated in the awarding of the stone contract by the Wayne county supervisors Friday last.

CURE FOR LOCKJAW. Consul Mason at Frankfurt reports on Recent Discovery in Germany.

In a special report to the state department upon the discovery by Prof. Bering, of diphtheria anti-toxin fame, and Prof. Knorr, of Marburg, of a cure for lockjaw, United States Consul Mason, of Frankfurt, says:

"One by one the diseases which have hitherto defied the skill of physicians are yielding to the persistent attack of modern science. Since the successful treatment of diphtheria by subcutaneous injections of anti-toxin serum was demonstrated, hardly three years ago, it has been confidently predicted that sooner or later all diseases which result from the action of a poison secreted in the blood by a special and characteristic bacillus would be conquered by similar means. From the evidence now presented it would appear that tetanus, one of the most sinister and stubborn of human maladies, if not already conquered, is in a fair way to be successfully overcome."

Consul Mason describes at length the methods of preparation and application of the new serum, with the full history of a typical case under treatment, and tells how the preparation may be obtained.

United States Consul Morris, of Ghent, reports that the European newspapers have been much interested in a question propounded as to what is the most expensive product in the world. The answer given by Wilfred Fonville is charcoal thread, employed as filaments for incandescent electric lamps, which, in the shape of filaments for 30-candle power lamps, is worth \$12,000 per pound. It requires 1,500,000 of these filaments to make a pound, and their total length would be 187 miles.

Japan is preparing an official account of the war with China, written by the general staff. The naval and military maneuvers will be published in separate parts.

Beware of Ointments for Catarrh that Contain Mercury. as mercury will surely destroy the sense of smell and enter the blood system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by J. C. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by J. C. Cheney & Co. Testimonials free. Sold by Druggists, price 75c. per bottle.

Dr. Price's Cream Baking Powder World's Fair Highest Medal and Diploma.

HER EFFECTIVE METHOD.

Fair Passenger Makes a Request for More Room in the Street Car and Gets It. She was little and meek looking; he was big and a bully. This was apparent the moment they entered the car, says the Chicago Tribune. The impression was intensified by the timid way in which she crowded herself into the least possible space, while he spread himself all over. His coat sleeve was interposed between her face and the rest of the car, and the skirts of his long ulster almost covered her lap. The other passengers supposed them married as a matter of course, and when the little woman spoke, she might almost as well have fired a bombshell.

Slowly and carefully extricating herself from the folds of his garments, she gently but decidedly seized his arm, and lowered it into a position which permitted her to see the conductor as he demanded his fare. Then she addressed him quietly, but in a clear voice, which was audible all through the car. "I am afraid I must trouble you a moment," she said gently. "Will you kindly ask this gentleman next me to remove his elbow from my mouth?"

The conductor stared, the other passengers laughed, but the little woman never moved a muscle or an eyelash, and the elbow came down to normal altitude.

HORROR IN A COLLIERY.

Twenty Men Are Imprisoned in a Coal Mine Near Wilkes-Barre, Pa.

FOURTEEN LATER RESCUED WITH GREAT PERIL.

Others Are Probably Dead—Accidental Explosion of Dynamite Which Ignited the Gas Caused the Disaster.

FIRE-DAMP CLAIMS ITS VICTIMS

WILKESBARRE, Pa., Dec. 21.—A terrific explosion of gas occurred this afternoon in Baltimore shaft No. 2 of the Delaware & Hudson company.

A party which entered the mine at 9:45 tonight succeeded in pushing its way to the place where the imprisoned men had been working and there they stumbled over the bodies of a number of unconscious men.

Grief turned into joy when the rescued men were brought to surface. It is probable the men in the immediate vicinity of the spot where the explosion occurred were the only ones killed.

The first knowledge of the catastrophe came to the surface by the noise of the explosion. The foundations of houses over the mine shook and the dreadful murmur spread another calamity had occurred.

Half an hour later the ventilation improved and another rescue party went down. They found three men lying unconscious in the gangway.

All the men who escaped with their lives had thrilling experiences. As soon as the explosion occurred they made a rush for the main gangway.

No Pardon for McKane. ALBANY, Dec. 21.—Governor Morton has refused to pardon or commute the sentence of John Y. McKane.

Put Up a Good Fight. NEW YORK, Dec. 21.—Charley Strong, the pucky colored boxer of Newark, N. J., fought gamely nineteen rounds against big Bob Armstrong of Chicago at the Broadway Athletic club tonight.

Bandits Get a Boodle. SAN ANTONIO, Tex., Dec. 21.—A west-bound train on the Southern Pacific was held up by masked men last night near Comstock. Three money packages were taken.

LOOK FOR CLASH OF AUTHORITY

Spanish Public Takes a Calmer View of the Cameron Resolution.

MADRID, Dec. 21.—[Copyrighted by the Associated Press.]—There can be no doubt that the Spanish press and public take a much calmer view of the attitude of the United States toward the Cuban question.

It is noticeable, also, the Cameron resolution itself, offensive as are its terms to Spanish pride, is looked at with a degree of moderation as compared with the former view of it.

The mood of optimism of the ministerialists today goes beyond President Cleveland's term, since the expressed opinion is that McKinley upon coming into office will follow the same policy toward Cuba as President Cleveland has done.

GAVE FRANCE A HINT. Russia Will Allow No Interference With Her Domestic Affairs. BERLIN, Dec. 21.—A dispatch from St. Petersburg to the Cologne Gazette says the enthusiasm aroused by the Franco-Russian alliance is somewhat cooled.

MINERS ON A STRIKE. Aragon Men Want Same Wages as Other Menominee Range Miners. IRON MOUNTAIN, Mich., Dec. 21.—Three hundred men employed in the Aragon mine at Norway went on a strike today.

Steel Men Meet. NEW YORK, Dec. 21.—Representatives of twenty of the largest steel and iron companies of this country met today with a view chiefly of deciding whether the present pool shall continue in existence or be dissolved.

Will Spend Christmas at Home. CHICAGO, Dec. 21.—President-elect McKinley leaves for his home at Canton tomorrow, where he will spend the Christmas holidays.

CLEVELAND'S NAME HISSED

President's Policy on Cuba Condemned in Mass Meeting at New York.

COOPER UNION JAMMED WITH FRIENDS OF INSURGENTS.

Strong Resolutions Urging the Granting of Bellikerent Rights and Fiery Speeches for Intervention by the United States.

#### Fancy Drawn Work.

The fine drawn work which is on sale at the Clifton House is something which has never before been shown in this city. It consists of doilies, tray cloths, piano and sideboard scarfs, art squares, aprons, handkerchiefs and other pretty pieces. Almost every piece shown is a solid mass of drawn work. The material used is the finest linen, and the work is a marvel of skill and patience. This work must be seen to be appreciated; no description like beauty. Every lady in Marquette fond of artistic needle work should not fail to see this line. It will be on exhibition and sale all of today in the parlors of the Clifton House.

#### Convicts to Manufacture Clothing.

Negotiations are well under way with parties in Chicago which may result in the branch prison being turned into a clothing factory. If the contract is signed, as is now thought probable, one hundred convicts will be set at work making clothing which will be put on the market in competition with goods turned out by regular manufacturers. The contract has been forwarded to Chicago for signature, and should these gentlemen accept the terms made by the state authorities work will be started without delay.

#### CITY BREVITIES

Joseph F. Labold was here yesterday from Republic.

Attorney Dick Flannigan of Norway is in town.

T. H. Harris of Negaunee did business here yesterday.

Sheriff-elect Peterson of Alger county was up from Muskegon yesterday.

Capt. A. J. Otson of Houghton was in Marquette yesterday between trains.

The meetings of the Boys' Brigade have been postponed until after the holidays.

Miss May Belle Tyler of Duluth is visiting her friend, Miss Ora Hall, for a few days.

A. W. Malmberg was in Ishpeming yesterday in the interest of his bakery business.

Ex-Mayor Anthony of Negaunee shook hands with old Marquette friends yesterday.

D. C. Oyster of Ridgeway, Pa. is here on a month's visit with his daughter, Mrs. C. E. Lytle.

Miss Nellie Atfield has returned from Hancock, where she has been visiting her brother, Rev. Father Atfield.

Mayor Kirkwood and Marshal Rough were among those from Negaunee in attendance on the circuit court yesterday.

Queen City tent, No. 448, Knights of the Maccabees, meets tonight to elect officers for the ensuing year. A full attendance is requested.

Samson Watters has again assumed his duties as janitor of the Nester block after an illness of nearly two months at the Calumet hospital.

An extra mail carrier has been put on for this week. Postmaster Midiam has found this necessary in order to take care of the extra holiday matter.

There will be a special convocation of Lake Superior commandery this evening, when the Order of the Temple will be conferred upon three candidates.

Parker and Handford's fish tugs—the Theora and Ethel J—have started to pull up their nets. Both will probably be laid up for the season by Jan. 1.

Fred J. Bernier is home from Montreal on a two-weeks visit with his parents. He is "on the road" in the eastern Canadian provinces for a textile manufacturer.

The eight-year old son of Marshal Emmons is down with the measles. The epidemic, however, is fast losing ground here. None of the cases resulted fatally.

The Swedish Crown society will hold a special meeting Wednesday evening at 8:30 in Fraternity Hall. Election and other business of importance will be transacted.

Mrs. E. N. Law addressed the Loyal Temperance Legion last evening at its hall on Third street. There was a good attendance, and the talk by this noted cold-water advocate was very interesting.

The pupils of the Fisher street school will give an entertainment appropriate to Christmas in the assembly room Wednesday evening. The admission will be ten and fifteen cents. A pleasing program is being arranged for the occasion.

Archie, the six-year-old son of Mr. and Mrs. Sennir, of 504 South Fifth street, died early yesterday morning from diphtheria after an illness of only four days. The funeral was held yesterday, with interment at the old Catholic cemetery.

There will be a farewell party at the home of Miss Helen Cowden, Bluff street, Wednesday evening in honor of Miss Laura Broad, who is soon to remove to Negaunee, where her father, Sheriff Broad, and family are to make their future home.

Conklin's store wears the usual brilliant appearance which it takes on during the holiday season. It is a pleasure to go in and take even a superficial look at the many articles produced by the gold and silver workers at their best. Mr. Conklin has in his stock goods from the lowest to highest price, and among the latter the latest and best that can be secured. He has exceptional good taste in selecting, which makes his store always an interesting place to do holiday shopping.

The old way of delivering messages by postboys compared with the modern telephone illustrates the old tedious methods of "breaking" clogs compared with their almost instantaneous cure by One Minute Cough Cure. The Stafford Drug Co.

Blackwood Bros. have a Marquette County telephone at their office and a Bell telephone at Mr. Blackwood's residence. Any one desiring their services can reach them at one place or the other. (12-12-14)

#### CHRISTMAS CHIMES

Will soon be ringing now. So will the turkey necks be wringing! We will have in stock the best that is wringing! We never yet have wringing in a tough turkey or chicken on our patrons! Invite the belles to dinner and we'll ring in the turkey! Fifty thousand pounds of choice, juicy, fat and tempting, for which you will all return thanks. (12-22-14) J. COLES & SON.

Absolutely pure, perfectly harmless, and invariably reliable are the qualities of One Minute Cough Cure. It never fails in colds, croup and lung troubles. Children like it because it is pleasant to take and it helps them. The Stafford Drug Co.

#### FOR SALE.

Two thousand five hundred acres of first class farming lands in towns 41 and 42, range 23 west, and town 42, range 24 west. These lands are covered with large elm, maple and birch and have never been cut over for timber. Price, \$1 per acre for the whole lot or \$5 per acre in lots of 100 acres, with favorable terms of payment. Also 3,000 acres in towns 40 and 41, range 21 west, at \$4 per acre. (12-22-14) J. CONNOLLY, Administrator.

There will be a special meeting of the Swedish Crown society Wednesday evening at 8:30 p. m., in Fraternity Hall. Special election and other important business to be considered. EDWIN LARSON, Recorder. (12-22)

#### DYEING AND CLEANING.

Persons having clothes that require either dyeing or cleaning should remember that we make a specialty of that business. This is a good season of the year to look after your winter clothes and have them in good shape to wear when the cold weather gets here. Gentlemen's suits and overcoats made to look like new. All work done is guaranteed to please and is done on short notice when required. MARQUETTE STEAM LAUNDRY AND DYE WORKS, Needham Bros., Props. Main St. (10-10-14)

To cure all cold sores, to heal an indolent ulcer, or to speedily cure piles, you need simply apply DeWitt's Witch Hazel Salve according to directions. Its magick-like action will surprise you. The Stafford Drug Co.

While you are ordering good things for Xmas, don't fail to secure a supply of Vanambour's French Jersey Cough Cure, which is known to be the finest of all fine grades of butter. (12-17-14)

The old lady was right when she said, the child might die if they waited for the doctor. She saved the little one's life with a few doses of One Minute Cough Cure. She had used it for croup before. The Stafford Drug Co.

#### INFORMATION WANTED.

Any person informing the undersigned of the whereabouts of one Napoleon Badas will greatly oblige. M. V. MULLALLY, 140 West Ridge street, or at Rothschilds & Bendings. (12-12-10d)

"Excuse me," observed the man in spectacles, "but I am a surgeon, and that is not where the liver is." "Never you mind where his liver is," retorted the other. "If it was in his big toe or his left ear DeWitt's Little Early Risers would reach it and shake it for him." The Stafford Drug Co.

DISTRICT COURT OF THE UNITED STATES FOR THE DISTRICT OF MICHIGAN, SOUTHERN DIVISION. Manhar-Jopling Company, Limited. Admiralty. Steam Yacht Pilgrim vs. Cause of action: Material furnished for said vessel. Amount claimed: \$136.99. Notice is hereby given that under and by virtue of writs of monition and attachment, issued out of the office of the clerk of said court, at the city of Marquette, in said division and district, on the 12th day of December, A. D. 1896, I did on the 14th day of December, A. D. 1896, arrest and take into my possession and safe custody, at the village of Munising, Alger county, in said division and district, and there hold the said Steam Yacht Pilgrim under said process, together with her machinery, tackle, apparel, furniture and other appurtenances.

And notice is hereby given that said cause will be heard on the first Tuesday in May, A. D. 1897, at the United States court rooms in the city of Marquette in said district and division, at the session of said court then and there to be held.

CHARLES R. PRATT, United States Marshal. By JOHN H. MANNING, Deputy. (12-23-14) HILL & ROOD, Libellants' Proctors.

### WANT TO SEE THEM WRESTLE.

Ishpeming Sports Will Put Up a Purse for the Dwyer-Rowett Match.

After reading Professor Dwyer's consent to wrestle John Rowett a match, Cornish style, in yesterday's MINING JOURNAL, three or four Ishpeming men who have been anxious to see these two clever wrestlers meet got together and agreed to put up a purse of \$100 to be given to the winner. This, however, is with the understanding that they will be out nothing on the deal in case the door receipts exceed the amount of the purse and all expenses. It is also understood that in case the receipts are greater than the purse and expenses the surplus will go the winner. If they fall below, those who are putting up the purse will stand the loss.

Mr. Dwyer was reached by phone yesterday and he agreed to the above proposition. He thought the proposition was one which Mr. Rowett would accept. Dwyer said he was very anxious to wrestle Rowett before leaving the upper peninsula and hoped a match could be arranged on some terms satisfactory to both. He asserted that he would meet the champion on twenty-four hours notice if such is Rowett's wish.

Rowett's whereabouts are unknown to his friends here at present, but they have written him at Red Jacket and Ironwood relative to a match with Dwyer. No reply has yet been received. Another effort will be made to reach him, as not a few Ishpeming men are anxious that the match shall come off.

Those who are putting up the purse desire the contest to take place on New Year's night at the Ishpeming Opera House.

### WON'T USE BANEROFT ICE.

Iceman Nelson Will Obtain His Supply at Lake Michigamme.

Alex Nelson, the ice dealer, will not harvest any Lake Bancroft ice this winter. During the past two or three seasons he got a supply from there for refrigerators, but he says the ice is so poor that it does not pay to put it up. Heretofore the ice has fallen to pieces shortly after being taken from the box. It does not hold together as well as the ice from Lake Michigamme, hence Mr. Nelson's customers were not satisfied with it.

This season Mr. Nelson will get all of his ice from Michigamme. He will harvest about three hundred cords and will begin cutting soon after New Year's. The ice is now fourteen inches thick. Mr. Nelson thinks it will be from sixteen to eighteen inches in thickness by the time he is ready to start cutting.

The South Shore Railway company has given Mr. Nelson a contract for three hundred cords. This will be delivered to the principal stations between Marquette and Duluth.

### Back from Alaska.

Jerry Cashen, who left here about two years ago for Douglas Island, Alaska, has returned to spend Christmas with relatives. Shortly after going to Alaska Jerry got a good job in a gold mill there. He is earning big wages and he likes the country very much. He reports that miners earn from \$2 to \$3 per day, including board. The cost of board is from \$1 to \$1.50 per day.

Mr. Cashen says Alaska is not a bad place, every thing considered. The country is not as rough as he was led to believe before he went there. The climate there, at least where he is located, is not as cold as in this section. Last winter the temperature never went lower than fifteen below zero. As a rule there is not as much snow there as here. When he left Alaska in November there was no snow on the ground. Mr. Cashen will leave here on the return trip shortly after New Year's.

### Catholic Foresters Choose Officers.

At a regular meeting of St. John's court, No. 611, Catholic Order of Foresters of Ishpeming, held Sunday afternoon, officers for the ensuing year were elected as follows: Chief ranger, John G. Weish; vice chief ranger, Michael F. Lally; past chief ranger, Patrick Cronin; recording secretary, William Leninger; financial secretary, Jacob Bell; treasurer, Peter Mercier; trustees, Ed J. Butler, C. B. Conway and John Kiefer; medical examiner, Dr. S. W. Picotte; chaplain, Rev. Father Bousseault; senior conductor, Joseph Maloney; junior conductor, Adolph Malheur; inside sentinal, Clifford Dompier; outside sentinal, Charles Peitler. Deputy Chief Ranger, Thomas J. Flynn of Negaunee will conduct the installation at the first regular meeting in January.

### Diamond Sale Today.

Mr. Wagner, representing a Cleveland jewelry house, who was here a year ago with such a fine line of diamonds and other jewelry, will be at Ed Girzi's today from 10 a. m. to 6 p. m. He will have a complete line of diamonds and novelties in gold and silver ware for the holiday trade. He proposes selling the goods from the stock at wholesale prices.

### Will Remain Here Now.

William Peters, representative-elect from the western district of Marquette county in the legislature, returned from Lansing Sunday. He has given up his position at the state capital and will reside permanently in Ishpeming hereafter. After the adjournment of the legislature next spring Mr. Peters will begin the practice of law here.

### Quite an Honor.

Superintendent Richard Hardy, of the Ishpeming public schools, has been honored with a place on the program to be rendered next week at the annual meeting of the Wisconsin State Teachers' association to be held at Milwaukee. He will discourse on high schools. The meeting will be a big one and will be attended by all the leading educators of Wisconsin, as well as many

others from other states. Mr. Hardy is the first Michigan man ever accorded the honor of taking part in the meetings of the Wisconsin Teachers' association.

Professor Hardy will leave tomorrow evening for Chicago, where he will spend Christmas with his parents. His wife, who has been at her parents' home in Newaygo, Mich., the past few weeks, will join him there.

### Will Have Special Music.

Midnight mass will be celebrated Christmas eve at St. Joseph's church. The music will be a special feature of the service. The choir will contain twenty voices—ten ladies and ten gentlemen—and will be assisted by an Italian string band. Rev. Bousseault, the pastor, will preach a sermon in French.

### ISHPEMING IN BRIEF.

Miss Edith Broad will spend Christmas with friends here.

George Thompson, with his wife and child of Duluth were visitors here yesterday.

Miss Jennie Broad left yesterday for Ironwood, where she will spend Christmas with relatives.

C. K. Ely got home from Chicago Sunday and left for the east yesterday to be absent a week or so.

Many children turned out to see Santa Claus at L. W. Atkins & Co.'s clothing store last evening.

Next Monday will be ladies' night at the Ishpeming Snow Shoe club, when the ladies will enjoy their first tramp.

Sam Swenson of Marquette spent Sunday night in the city. His brother Thomas of Chicago will spend Christmas with him.

There was a large attendance at the leap year skating party at Bancroft rink last night. The band will be in attendance again tonight.

The Ishpeming schools will close tomorrow evening for the holiday vacation. Business will be resumed again on the Monday following New Year's.

The Ishpeming Floral company will have a display of cut flowers of various kinds, holly, etc., in Sellwood & Co.'s dry goods store window from now until Christmas. Orders for the goods will be received at either department of the store.

J. A. Nunger, publisher of the Superior Daily Citizen, and C. S. Baird, one of his reporters, spent Sunday in Ishpeming. They stopped off here on their way home from the copper district, where they were obtaining material for a write-up of the industries there.

W. H. Watters, general western agent of the Atlantic Dynamite company, with headquarters in Chicago, has been in the city visiting Fred Risky, the company's local agent, the past few days. Mr. Watters is a brother of John R. Watters, formerly of this city.

The Ishpeming Cycling club has rented the Swedish Home society's hall for two meetings a month during the ensuing year. The regular meetings will be held on the first and third Thursdays, though the first meeting in January will be held subject to the call of the president.

### The Discovery Saved His Life.

Mr. G. Cailloutte, Druggist, Beaversville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe, and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We want keep store or house without it." Get a free trial at E. Farnham's Drug Store.

You can find an elegant line of American cut glass at Tillson's.

Five thousand men wanted to handle bottles and jugs at P. H. Donahoe's liquor store. (12-19-2v)

In juvenile books Tillson has a great stock, especially for the holiday trade.

### Boiling River

It is sure enough. It is not as large as the Mississippi, indeed it is quite small, but a mighty interesting stream for all that. It issues from a mountain, terraced in a thousand tiny rills, more or less, and of almost as many colors. These gather themselves into pools and lakelets on the mountain's side, covering an area of about 200 acres. Overlooking their boundaries they slowly trickle down the sides of the mountain forming small cliffs, the most wonderful in the world. From a distance one can hardly believe what the eyesight reveals—white, black, orange, lemon, terra cotta, green, blue, red, pink, separate and in manifold combinations stand out before him. It is a hill of painted cliffs on the sides of the mountain that rises high above. And the odd part of it is that each of these exquisite colors represents a different temperature. Does that startle your credulity? Even so it is true.

When through with this beautiful painting process, these waters again come together and then, as if full of mischief like a pack of small boys trying to play hide and seek, dive down and remain under the ground for a space of two miles and then flow out from the mouth of a canyon as one of the clearest, most beautiful, green streams imaginable. Where these waters emerge from the mountain into the little lakes they are hot, boiling hot. During their dark underground journey they pass several hundred feet and also many degrees in hotness, so that when they again see daylight they are much cooler. This then is Boiling river, an underground mountain stream of hot water.

But you ask, where is it? Where can I see it? It is in Yellowstone Park at Mammoth Hot Springs. It is one of the lesser, mind you the lesser—wonders of this land of wonders. Go there and see it by all means but first send to Chas. S. Fee, General Passenger Agent, Northern Pacific Railroad, St. Paul, Minn., six cents for Wonderland '96, that tells all about this renowned region. (7-24)

L. W. Atkins & Co.

### THE GERMAN WAGON.

An American Tourist Finds It a Strange Contrivance.

The German wagon is a strange mixture of use and discomfort and well adapted to both. Being devoid of elasticity, a morning ride in one over the rough cobblestone pavement is a fine constitutional; it brings into active motions all the members of the body, and if a thorough shaking up is good for one, then it is also a healthful contrivance.

The body is coffin-shaped; the wheels about three feet in diameter and the shafts a single pole. "What is the use of having two poles where one will do?" says the matter-of-fact German. The lock is often in the most inconvenient place for the driver to manage. It is generally some kind of screw arrangement, placed as far to the back of the wagon as possible, and if there is any necessity for its use the driver winds it up something like a hand organ, and in many cases the music is about as melodious.

The attachment of the motive power is indescribable; it must be seen to be appreciated. It is neither an attachment of love or beauty; it may be one of usefulness. The custom is for the driver to walk, the wagon generally being so small there is not room enough for the load and his ample proportions. Have often thought in watching these wagons that an appropriate motto would be to those who sought to ride in them: "Memento Mori."

If while walking along the street in conversation with a friend one of these crude vehicles comes near you will imagine that 161 distinct noises have broken loose. So exasperating is this disturbance that you, of necessity, cease to talk, finally to think, or to use a very common but expressive slang phrase: "It paralyzes you."

The laws in regard to the right of way appear strange to Americans. It does not seem a mutual right, the equity, if there be any, is very one-sided. In this case the driver has the advantage. If he happens to run over you in the street he is the damaged party, and if you are killed you are required not only to pay your own funeral expenses, but pay the fellow well who killed you.—Detroit Free Press.

### Bread Crust and Crumb.

The crust of bread has been supposed to be richer in nutritive constituents than the crumb, but Balland finds that it does not contain any more nitrogenous and mineral matter, if brought in the same condition of dryness.

### First American Newspaper.

The first newspaper is said to have been the Boston News Letter, first issued in 1704. It was a half-sheet, 12x19 inches.

### WONDERFUL are the cures by Hood's Sarsaparilla, and yet they are simple and natural. Hood's Sarsaparilla makes PURE BLOOD.

In looking for unique Christmas gifts Tillson's line of fancy box paper should be inspected.

If you want choice table beer for the holidays place your order with the Bosch Brewing company. Headquarters opposite Adolph's livery barn. (12-19-4d)

# In and About Negaunee.

### CHRISTMAS EXERCISES.

Entertaining Programs for Them at the Public Schools.

The public schools of Negaunee will close Thursday for the holiday vacation and will open again on Monday, Jan. 4. The superintendent, teachers and pupils are exerting themselves in arranging appropriate programs for the closing exercises.

Every teacher, from the kindergarten to the high school department, yesterday presented programs of exercises to Superintendent Davis for approval. Included in the programs are songs, recitations, etc., especially adopted for Christmas. In all of the primary and kindergarten departments there will be Christmas trees, with presents for the little ones. A visit from Santa Claus will also be a feature in some of the lower grades. Every room will be appropriately decorated and will present an inviting appearance.

In the high school the exercises will open with songs and recitations, following which will come a Christmas dinner. The latter will be a new feature.

The menu will consist of clam soup, salads, goose, turkey, roast beef, turnips, potatoes, onion tart, apple dumpling, plum pudding and pumpkin pie. In view of the exceedingly interesting program prepared the school authorities are anxious that there shall be a large attendance of parents at the exercises. It is hoped that all who can possibly attend will do so. The exercises will commence at 1:30 o'clock in the various rooms and will be over before 4 o'clock.

### ANDERSON RELEASED.

The Woman Who Was Accidentally Shot by Him Requested It.

Erick Anderson, who was arrested Friday night for shooting Mrs. Kronberg at John Hogberg's farm, east of the city, was yesterday released from jail. He was given his freedom at the request of Mrs. Kronberg. She assured the authorities that the shooting was purely accidental. Her account of the accident accords entirely with that given by Anderson and Jacobson.

Anderson was greatly pleased at being let out of jail. He is a young man, less than twenty-four years of age, and is taking the unfortunate occurrence very much to heart.

Mrs. Kronberg was feeling better yesterday than at any time since the shooting. She is still in a critical condition, but is receiving good care and may recover.

### Lodges Chose Officers.

At the regular meeting of Negaunee court, Catholic Order of Foresters, held Sunday afternoon, officers for the ensuing year were chosen as follows: Chief ranger, Thomas J. Flynn; vice chief ranger, Patrick Green; recording secretary, Samuel D. Green; financial secretary, Martin E. Joyce; treasurer, Michael J. Arland; senior conductor, Michael Keyes; junior conductor, Armadas Menard; inside sentinel, John Rodell; outside sentinel, John Scanlon; medical examiner, Dr. L. D. Cyr; trustees, J. G. Boyle, Frank Schwartzman and Joseph Boyer. The installation will take place Jan. 4, when an entertainment will also be given.

The election of officers of Negaunee division, Ancient Order of Hibernians, held Sunday afternoon, resulted as follows: President, Jere E. Driscoll; vice president, Dennis E. Calligan; recording secretary, Thomas Scanlon; financial secretary, Dennis Reedy; treasurer, John Shea; sergeant-at-arms, John Harrington; sentinel, Thomas Moriarty. The installation will take place at the first regular meeting in January.

### Inducement for Ladies.

Harry Verran is meeting with excellent success as a dancing master. He now has three classes—two of gentlemen and one of ladies—and he is desirous of organizing another ladies' class. He offers as an inducement to get up the fourth class eighteen lessons for \$1.50. He guarantees to teach every pupil the waltz step in twelve lessons. His terms are certainly very reasonable.

**RHEUMATISM** is a foe which gives no quarter. It torments its victims day and night. Hood's Sarsaparilla purifies the blood and cures the aches and pains of rheumatism.

**HOOD'S PILLS** are the best family cathartic and liver medicine. Gentle, reliable, sure.

**NEGAUNEE GREENHOUSES.**—Prices of cut flowers for Christmas on orders received this week: Carnations, 50 cents per dozen; roses, \$1.50 per dozen. (12-14-96)

### How is This Offer?

On receipt of ten cents cash or stamps, a generous sample will be mailed of the most popular Catarrh and Hay Fever Cure (Ely's Cream Balm) sufficient to demonstrate its great merit. Full size 50c. **ELY BROTHERS,** 56 Warren St., New York City

A friend advised me to try Ely's Cream Balm and after using six weeks I believe myself cured of catarrh. It is a most valuable remedy.—Joseph Stewart, 634 Grand avenue, Brooklyn, N. Y.

ANY ONE CAN TAKE Carter's Little Liver Pills, they are very small. No trouble to swallow. No pain or griping after taking.

### SPECIAL SUNDAY RATES TO MARQUETTE.

Commencing Saturday May 9th, the D. S. S. & A. R'y will sell Sunday excursion tickets to Marquette and return from the stations named below at the following low fares:

Sand River.....	50
Onota.....	75
Rock River.....	75
Au Train.....	75
Munising Junction.....	75
Wetmore.....	1 00

Tickets will be sold for the night express Saturdays and the day express Sunday, and will be good for return until the east-bound express scheduled to leave Marquette 3:45 the following Monday morning (4-24-97)

**Dr. Price's Cream Baking Powder** Awarded Gold Medal Midwinter Fair, San Francisco.

### LOCAL LAOONICS

P. W. Scott of Virginia, Mesaba range, was a Negaunee visitor Sunday.

Charles Taylor spent yesterday at Taylor & Anthony's logging camp near Trout Creek.

Mrs. John Elk and child of Butte, Mont., will spend Christmas with Negaunee friends.

J. M. Perkins has had a number of extra incandescent lights put in his store for the holidays.

Attorney R. C. Flannigan of Norway spent yesterday in the city in the interest of the Chicago & Northwestern Railway company.

A regular meeting of the Negaunee fire department will be held this evening, when arrangements for the ball to be given by the department on Easter Monday will be talked over.

The Misses Lucy MacKenzie and Lizzie Bouslom, also Benjamin Miller and Charles Taylor, Jr. have returned from Ann Arbor, where they are attending the university, to spend the holidays with their folks.

The aldermen of Negaunee drove to Marquette yesterday morning in order to get there in time for the opening of court. Mayor Kirkwood and several other witnesses in the electric light injunction case went down on the early train.

### Cure for Headache.

As a remedy for all forms of Headache Electric Bitters has proved to be the very best. It effects a permanent cure and the most dreaded habitual sick headaches yield to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In cases of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Fifty cents and \$1.00 at E. Farham's Drug Store.

### SCIENCE AND INDUSTRY.

Water power is derived from the evaporation of water by the sun's heat, and its deposition on the highlands in the form of snow or rain.

Coral does not grow below 40 fathoms. Placed deeper it dies. Coral found below 40 fathoms indicates either that the bottom has gone down or it has fallen from the 40-fathom depth.

No animal tissues are stronger than the tendons and ligaments which bind together the ankle of the horse. It is this strength which enables the animal to support his own great weight for many hours without fatigue.

French and Belgian capitalists are to construct large alkali works near the newly discovered rock salt deposits at Pola, in Central Asia. There is a good coal at Bardimkul, near by. The salt is of very fine quality, with no admixture of other chemicals.

German excavations in the island of Santoria have now been completed. Dr. Hiller von Gaertringen has identified the city on the slopes of Mesa Vouvo as the ancient Thera, and the remains on the seashore near the modern town as those of the city of Oea.

Mr. M'Iver, director of the Great Western railway of England, making a presentation at Liverpool the other day to the district goods manager, Mr. Steele, said the Great Western had 2,500 miles of rails, employing 52,000 men, had a weekly revenue of £200,000, and a subscribed capital of over £80,000,000, all yielding dividends.

According to Engineering, some recent researches by Capt. Abney show that the light of the starry sky is to that of the full moon about as 1:44,000. The latter is usually considered to be about 1:600,000 to that of the sun at noon, so that we receive over 13,000,000 times as much light as from the stars, taking both hemispheres into consideration.

Lucium, a new element discovered by M. P. Barriere in monazite sand, dissolves in sulphuric, nitric or acetic acid, forming soluble salts, either white or slightly rose tinted. Its atomic weight is calculated as 104. The discoverer proposes to use the substance for an incandescent gaslight on the Welsbach principle.

Smith—"I wish I had studied boxing when I was a boy. You see, I need it so much in my profession." Jones (surprised)—"What as a lawyer?" Smith—"No. As a father."—Harper's Bazar  
"So you feel ill, my little lad?" asked the kind minister. "You should go and tell your mother. She will give you sage advice." "That's just it," said the boy. "I'm doggone sick o' sage."—N. Y. Press.

"The age of chivalry is entirely past," she said. "I don't know about that," the young man answered. "Men can't engage in duels to settle affairs of the heart." "No. But they can join rival football teams."—Washington Star.

### TROLLEY HEART.

A New Disease That Is Now Prevalent in Chicago.

Riding on the Platforms of the Electric Cars Productive of Serious Disorders—Vibration the Cause.

Chicago is afflicted with the trolley heart. Her people have a new kind of palpitation to deal with. Physicians say that in time it may prove dangerous and end in genuine heart palpitation. The rapid introduction of the trolley cars to Chicago's street railway system is the cause of this new disease, and indirectly the officials of the different street railway companies may be said to have unwittingly given it to the people. The trolley heart, as the doctors call it, comes from the jolting and shaking which passengers on the electric car receive when they sit at either end of the cars or stand on one of the platforms. The disease is less noticeable in passengers who sit down than in passengers who stand up. It is also a fact that the motorman on an electric car is rarely troubled with it, while the conductor is a constant sufferer.

The trolley cars are so constructed that when in motion they have a peculiar see-saw vibration. They rise and fall, whether the track is rough or smooth, like small waves on the seashore. This motion is not irregular, but constant. It might be said to be rhythmic. It is felt as strongly on the rear end of the car as in front. The only part of the car where a passenger will not notice it is in the middle, and many worthy citizens who have been affected by the trolley heart now make vigorous effort while riding to be in the middle.

After the car is started and under full way the rocking motion is communicated to the passengers through the feet. It passes from thence through the entire nervous system to the heart. That organ, which had previously been moving along in a natural way, begins immediately to thump loudly. Its action is accelerated to an unnatural degree, and if the passenger is at all given to noticing the action of his heart and the flow of his blood, he will see that both heart and blood are doing better service. To have this experience once or twice is not harmful. But in time it is liable to grow upon the passenger and demand the attention of the physician.

Chicago's electric cars are built upon such dwarfed plans that the average passenger going to work and coming home on them rarely expects to get a seat. He stands up and gets the full effect of the car's motion, producing, as the doctors say, the severe shock to his nervous system if he travels any distance. It is not a fact, the medical authorities claim, that the system becomes accustomed to this kind of treatment. Instead, strong resentment is shown to it, and the protest takes the form of heart palpitation, which continues after one leaves the car.

Motormen escape the trolley heart because when on the car they have two objects with which they steady themselves, and in reality become a part of the car itself. The motorman's right hand is always on his brake handle, and his left hand is on the controller, with which he applies the power or shuts it off. He is really braced against all shocks and in that way escapes having the trolley heart. The conductor, on the other hand, has nothing with which to brace himself. He is moving through the car constantly or standing on the rear end, and, as a rule, has to see his physician about once a month in order to have his heart regulated.

Dr. J. Frank Hubert, who attends to the ills of the men employed by the Chicago City Railway company at its Sixty-ninth and Halsted street burns, said:

"The trolley heart is an actual thing in my experience and with increased electric car service is likely to make itself very apparent among the people who travel much. I find the street car men who are my patients frequently suffering from it, and have to treat them for a palpitation of the heart that is aggravating and painful. I do not know any way for passengers to avoid it except to sit in the middle of the car, which all cannot do. Of course, if the street car company geared their cars differently, and if pneumatic springs could be used, then the motion would be overcome and the trolley heart be only a joke. I am afraid it will be a long time before that happens, though." If this trolley heart becomes an epidemic, one can imagine that among the damage suits of the twentieth century brought against street railway companies many will be for heart palpitation.—Chicago Times-Herald.

### Not a Practiced Sailor.

A lady who lives in an inland town in New England went to the last convention of the Christian Endeavor societies at Washington, and traveled from Boston to Baltimore by steamer. She had never been on the sea before.

After her first night on the steamer a friend observed, when she made her appearance on deck in the morning, that she looked very much fatigued.

"Why," said the friend, "I'm afraid travel by water does not agree with you. Didn't you sleep well? The sea has been perfectly calm."

"Sleep!" exclaimed the lady. "I didn't sleep a wink. I am tired all out, and I shall never travel by water again."

"What has tired you out?" "Why, trying to sleep in that thing. I read the card in the state-room about how to put on the life-preserver, and I thought I understood it all right, but I suppose I didn't, for I couldn't get a wink of sleep with the thing on!"—Youth's Companion.

—Rev. E. L. Jenkins, of Alabama, preached 27 sermons in nine days at Thomsville, Ga.

**A BURNED-OUT ARMATURE**

Users of Incandescent Lights Subjected to Some Inconvenience Last Night.

**TROUBLE WILL PROBABLY BE REMEDIED BY TONIGHT.**

Marquette Firemen Will Stick to the Present Association—Testimony All in in Negaunee Lighting Case.

**AN OVERLOAD CAUSED IT ALL.**

Shortly before six o'clock last evening the lights on the incandescent circuit of the city's lighting plant went out suddenly. It was at first supposed that the trouble was caused by some hitch in the connections caused by putting the smaller dynamo in service at the Lake Shore works, to supplement the larger one at the lighting station on Dead River. But the lights remained out, and inquiry soon elicited the information that the armature of the dynamo at the station which has stood up for over three years under an excessive load had finally succumbed to the strain on it and burned out.

When the machine was purchased the board then in charge of the plant took the precaution to stipulate for an extra armature, and this has been in waiting for just such an emergency as arose last evening. Superintendent Willson and his assistants at once set about replacing the injured armature with a new one, but the work was one of no little difficulty, and it was found impossible to get the dynamo in condition for service last night.

It was with the knowledge that the armature could not stand much longer unless relieved that the board which was in charge of the plant until three of its members resigned a short time ago had arranged to have the smaller dynamo temporarily put in service in the city, taking power from the engine of the Lake Shore works. This machine would have been in use over a month ago had not Mayor Jacobs vetoed the arrangement made by that board when three of its members laid down their burden. What he did this for is known only to the mayor himself, but his action has cost the city an armature and users of the light a night of interrupted service which many of them found extremely annoying.

It is expected that the dynamo at the lighting station will be in condition for service again tonight, and that the smaller one temporarily installed at the Lake Shore works will also be prepared to help out with the load that the large machine has borne so long and well, in which case users of the lights will have cause to be thankful, for the quality of the light furnished on the incandescent circuit for some time past has been anything but satisfactory.

**Will Stick to Old Association.**

Marquette firemen do not look with a kindly eye on the proposition, originating in the copper country, of forming a new association of firemen to be composed of Houghton, Baraga and Marquette counties. The universal sentiment appears to be in favor of standing by the present organization, and, indeed, the boys here can find no good reason why they should secede from it. Said a prominent member of the local company yesterday:

"I think the sum and substance of all this talk of forming a new organization, and, as I understand, it is confined to the copper country, is that she is 'sore' because she did not get the next tournament. There is no question that Ironwood had a lobby at work among the delegates at the Soo last August, and I heard, also, but not from an authoritative source, that the Gogebic men had bought some of the delegates. But, of course, as to the truth of this claim I do not know, nor do I think it well worth looking into. Ironwood got the tournament, though, and I think we should all pitch in to make it a great success.

"No doubt there was some 'crooked work' done at the Soo in the entry by the Ironwood and probably by other companies of 'ringers'—professionals—in the contests. But that is a matter which should receive the official attention of the association. There is a rule which provides for the expulsion of a company found guilty of fraud in winning a race—contest—and if any member of the organization preferred charges, the matter would be sifted to the bottom and justice done. There is a rule of ours which was specially incorporated to prevent the entry of professionals, and if it were enforced to the letter, as it should be, it would undoubtedly purify future contests. It provides that all members of contesting teams shall be residents of the town where their company is located for at least six months and members of the company three months. If the association would get right down to business and insist on an enforcement of its rules all would be well."

Other members of the company expressed themselves in similar terms.

**Arguments Saturday.**

The now celebrated Negaunee lighting plant injunction case again took up the time of the circuit court yesterday, and at 5 o'clock, when an adjournment was taken, it was the understanding the arguments would be heard Saturday morning at 11 o'clock, immediately after the arrival of the train from up-the-road. The taking of testimony is completed, that adduced yesterday being mainly of an expert character. Five or six witnesses were examined—

Engineer Rae, who drew the specifications for the proposed municipal plant; Superintendent Pierce, of the Ishpeming & Negaunee Street Railway & Electric Lighting company, and the representatives of the Fort Wayne, Arbutle and Western Electrical corporations. Mayor Kirkwood and the aldermen and others from Negaunee interested in the proceedings were in attendance. Clark & Pearl of Marquette, T. D. Meads of Escanaba and F. A. Bell of Negaunee are looking after the interests of the municipality

and Hayden & Young of Ishpeming are doing likewise for the complainants, Captain Samuel Mitchell, et. al. The call for tomorrow is 67, 68 and 70, the last named case being that of the Union Trust company of Detroit vs. the Marquette Opera House company.

**Cantata This Evening.**

The final dress rehearsal yesterday afternoon for the "Jolly Christmas" cantata at Fraternity Hall this evening, went through with a vim and dash that guarantees an entertainment well worth going to see and hear, no matter how bad the weather. The pupils of the seventh and eighth grades of the Ely school who take part in the affair have been thoroughly drilled by Miss Davis, and she feels much pleased with the successful showing made. The cantata is deserving of good patronage. Tickets can be procured at Bigelow's, at twenty-five and fifteen cents. Following is the program:

- Processional Introduction.....March
- Greeting Chorus.....Full chorus
- The Program.....Solo and chorus
- "What Shall be Done".....Solo
- "The Contest".....Solo and Chorus
- "Sing Us a Song".....Chorus and Solo
- "Days of Childhood".....Solo
- Christmas Carol.....Minstrels and Chorus
- "Music of the Bells".....Minstrels and Chorus
- March.....Professional
- "I Don't Understand".....Solo
- "Sweet Our Song".....Solo
- "Remember the Poor".....Solo and Chorus
- "Blessed Story".....Infant Class and Chorus
- "Fairy Lands".....Duet
- "Santa Claus is Coming".....Solo and Chorus
- "Santa Claus".....Solo and Chorus
- "Good Night to All".....Closing Chorus

**Logging Operations.**

Barney Goodman, the Negaunee lumberman, has had a gang of men at work for some days building camps and arranging the preliminary details incident to his season's work in the woods near Pine lake, about fifty miles up the lake, and yesterday left with four more teams and supplies and a crew of men to begin operations in earnest. He will put in about 2,000,000 feet of mining timber there, which he purchased some time ago from Call & McBurney.

F. W. Sambrook has put a gang of timber-makers at work at his camps, about twenty-five miles up the lake and seven miles from Sauk's Head. He expects to get out about twelve or fifteen thousand cubic feet of board timber. The timber of this kind made in this section is generally bought up by Canadian jobbers, who ship it to Quebec and thence to European markets.

J. J. Voelker of Ishpeming has bought the old Frazer logging outfit.

**A. I. McDonald, Grocer.**

A steady, prosperous and solid business is that conducted by A. I. McDonald, the grocer, at the corner of Third and Michigan streets. He deals in staple and fancy groceries, and has been at the same old stand ever since he entered the grocery business on his own account, four years ago. The custom enjoyed by him is of the highest order, and consists almost entirely of that of families who have dealt with him almost since his establishment. These results can be accounted for by the class of groceries handled by him, and the neatness and cleanliness of the surroundings. For Christmas, he has neatly arranged his display windows with samples of his canned and bottled goods and other articles. In the corner window is a representation of a Cuban frigate, and in the evening it is especially attractive, being lighted up with candles, which are placed behind little windows covered with red paper. In all, the windows are quite attractive, and never fail to catch the eye of pedestrians.

**Railway Appointments.**

In a circular issued from the superintendent's office yesterday the following changes are announced in the list of South Shore station agents:

- J. C. Hansen, appointed agent at Trout Creek, vice R. A. Chapel, resigned. Appointment effective Dec. 16.
- P. L. Darling, appointed agent at Sanborn, Wis., vice H. G. Lytle, transferred. Appointment effective Dec. 17.
- H. G. Lytle, appointed agent at Even, vice A. J. Ruby, resigned. Appointment effective Dec. 18.
- E. H. Frances, appointed agent at Shingleton, vice C. G. Towne, transferred. Appointment effective Dec. 19.
- C. G. Towne, appointed agent at Thomaston, vice E. H. Frances, transferred. Appointment effective Dec. 20.

**Farmers Want a New Road.**

The county board will meet at 11 o'clock Wednesday morning. It is understood that a final effort will be made at this meeting to secure favorable action on the old Goose lake wagon road petition, which, it is said, is to be again presented for consideration. Advocates of the measure maintain such highway would result in material good to the townships of Scandia, Forsythe and Sandis, and will endeavor to impress upon the supervisors the necessity, as they see it, of its construction. The proposed road is from Gauthier's Spur to Negaunee.

The length of life may be increased by lessening its dangers. The majority of people die from lung troubles. These may be averted by promptly using One Minute Cough Cure. The Stafford Drug Co.
