DETROIT, MICH.

SENTIMENT IS ALL FOR PINGREE.

Unanimous Renomination of the State Executive Conceded to Be a Certainty.

ROBINSON LIKELY TO BE HIS RUNNING MATE.

FIGHT ON SECOND PLACE, HOWEVER, IS VERY TORRID.

Protest from the Friends of the Houghton Man is Productive of the Withdrawal of the Governor's Support from Diekema.

REPUBLICANS IN CONVENTION TODAY.

Detroit, Sept. 20.—Governor Pingree's unanimous renomination tomorrow by the Republican state convention is conceded to be a certainty by the crowd of delegates, party leaders and candidates gathered in the hotels today.

It is freely admitted by even the conservatives of the party that the governor's strength with the people compels the support of the Republicans, including those who do not approve generally of all the governor's acts.

Tomorrow's convention will be asked to specifically endorse the governor's favorite measure—the Atkinson bill, to increase the taxation of railroads and other quasi-public corporations—which bill narrowly failed of passage in the state senate last session.

FIGHT ON SECOND PLACE.

The office which caused the most discussion today is that of lieutenant governor. The Pingree managers consider it extremely important that their nominee for president of the senate be with them on taxation measures.

Last evening the governor's support was asserted to be for Gerrit J. Diekema of Holland, ex-speaker of the house, who is considered a sincere Pingree man. Today the friends of State Senator Robinson protested against what is called unfair favoritism, and now it is announced that any unqualified support of Diekema by the governor has been withdrawn. The governor himself was rather reticent on this subject today.

FERRY'S HEAD MAY FALL.

There is some question as to whether the radical Pingree adherents will support D. M. Ferry for re-election as chairman of the state central committee, but this matter is held in abeyance pending the selection of the members of the state committee, which will be made by the district caucuses tomorrow.

The question of state chairmanship, however, may not be disposed of without some bad feeling developing. One delegate in the Pingree confidence said today that a way out of the difficulty might be sought by the passage in the convention of a resolution referring the choice of chairman to the state central committee itself. This would avoid the appearance of humiliating Ferry and his friends and still leave the matter in the governor's hands, provided he should secure, as he expects to do, a majority on the committee.

Inspector General Marsh of Allegan is the man most frequently mentioned as the Pingree choice for chairman. However, some close observers express the opinion that the place may, in the interest of harmony, be again tendered Mr. Ferry, even if the matter is referred to the committee and Mr. Pingree secures control of that body.

HOT IN SECOND DISTRICT.

One of the most interesting fights for membership on the committee is expected to take place in the Second district caucus. Food Commissioner Grosvenor will be opposed by "Bill" Judson, who has been his enemy ever since the congressional convention at Ann Arbor. It is said that Judson is a candidate for the place. J. H. Bishop of Wyandotte is also a candidate for one of the two committee places for the district, and "Doc" Smith of Adrian is put forward by the Ferry men.

John Quincy Adams, of Marquette, speaking of the feeling in his county upon the senatorship, said that undoubtedly Burrows was the choice of the Republicans. But one legislative nomination has been made thus far, that of Mr. Maltland for state senator. He goes to the legislature uncommitted to any candidate. He is against Albert Pack in any event, and it is also hinted he is favorable to Burrows.

HOT SHOT BY DAVIS.

ASSISTANT INTERIOR SECRETARY REPLIES TO DEMOCRATIC CRITICISMS IN OPENING THE STATE CAMPAIGN AT DETROIT.

Detroit, Sept. 20.—Webster Davis, assistant secretary of the interior, addressed the first meeting of the political campaign in Michigan tonight. The meeting was arranged by the officers of the State League of Republican clubs.

In his speech Mr. Davis insisted, in answer to the Democratic criticisms of the war bond issue, that it was made necessary because the Democrats had left so depleted a treasury upon retiring from power.

As to fault finding about the conduct of the war, he pointed to the fact that in an unparalleled period of 133 days, an army of a quarter of a million was raised and victory achieved and that less than two thousand men out of 268,000 troops lost their lives.

"No more," said he, "had they remained at home, judged according to the mortality statistics of the most healthy cities."

Mr. Davis said the president had ordered a "thorough investigation of the war department, but it is hardly making political capital to seek to besmirch the character of the greatest secretary of war since the time of Stanton. [Loud applause.] The party that does this will certainly go down to defeat."

In conclusion Secretary Davis eulogized Lincoln and McKinley for leading the

nation to peace and prosperity out of the gloom of the Civil and Spanish wars, respectively.

"OLD GLORY" WAVES IN HAVANA

FIRST SINCE THE WAR HOISTED BY AMERICAN COMMISSIONERS.

Havana, Sept. 20.—At 10 o'clock this morning the first American flag in Havana was hoisted on the flagstaff at the Trocha Hotel, headquarters of the American evacuation commission. Colonel Clous and Captain Payne stood on the roof of the hotel at either side of the flagstaff.

At 10 o'clock sharp the quartermaster of the steamer Resolute hoisted the flag, which unfurled and fluttered proudly in the breeze. All the members of the commission raised their hats and cheered the stars and stripes. The approaches to the grounds are patrolled by squads of Guardia Civil, in order that the commissioners might not be molested.

FEEDING THE HUNGRY.

Today a widow and two children, evidently persons of refinement, but in abject want, approached General Wade, president of the commission, and pleaded for relief. The widow and her children were seated in the dining room of the hotel and given a hearty meal. Others in need were equally well treated.

The commissioners had nothing to say concerning the report of the protest at the length of time asked by the Spanish commission for evacuation, denying all knowledge of such action. They maintain strict reserve.

The Spanish steamer Alfonso XIII sailed for Spain this afternoon, carrying besides twelve hundred passengers, mostly women and children, a thousand sick soldiers.

DISTRESS AT MATANZAS.

Advices from Matanzas continue to report great distress and spread of sickness, to remedy which, it is asserted, the city officials do absolutely nothing. The Marquis Cervera, military governor of Matanzas, has issued an order providing for the return of the refugees from the country and the reconcentration to their farms and fields, offering absolute protection to all those going back to their homes and lands. To this end he has arranged for three omnibuses to run twice a week from Matanzas to different interior points in the vicinity, taking free of charge the families and baggage of those who wish to return to their homes.

BRYAN TIRED OF ARMY LIFE

SHORTLY TO RESIGN HIS COLONELCY, IT'S SAID, AND RESUME CAMPAIGN FOR FREE SILVER.

Kansas City, Sept. 20.—A Jacksonville (Fla.) special dispatch to The Star today says that Colonel William Jennings Bryan, Third Nebraska Volunteers, will shortly resign his commission in the army and resume the discussion of public questions.

The colonel is looking and feeling well, the dispatch says, but is undoubtedly suffering from the restraint he has placed over himself. "If you knew," he said, "what it has cost me to keep still when there is so much to say about things of importance to the people and of long interest to me, you would appreciate the strength of my will."

When his candidacy for the presidential nomination was suggested, he said: "A man may say things and express opinions upon public affairs which will not meet with public approval. An idea is everything to me, more than any office. I can go down to defeat with an idea as gracefully as any one."

Colonel Bryan would not talk of the condition of his regiment or the desirability of its being mustered out, as it has a direct bearing on his political and personal affairs.

PAYS TRIBUTE TO VOLUNTEERS.

KIND WORDS BY GEN. GARRETSON FOR CITIZEN SOLDIERS.

Cleveland, Sept. 20.—Brigadier General George A. Garretson arrived home today. Referring to the Porto Rican campaign and the volunteer troops, the general said:

"The campaign was a grand success. It demonstrated the efficiency of volunteer troops and covered the arms of American soldiers with imperishable renown. That such splendid fighting material could be drawn from civilian ranks in so short a time and made to fight with the steadiness of veteran soldiery, is one of the wonders of the American citizen. Had the war lasted long enough, it would have shown the volunteers to be equal to the best of the regular regiments."

BUT MADRID STIFLED IT.

HOSTILE DEMONSTRATION ARRANGED FOR ADMIRAL CERVERA.

Madrid, Sept. 20.—The workmen at Bilbao, where the cruisers which belonged to Cervera's fleet were built had decided to go to Santander in order to make a demonstration against the defeated admiral on his return to Spain. The government, however, has taken measures to prevent the plan being carried out, and the ministry has forbidden demonstrations in welcoming Cervera home.

HORSES OF ROUGH RIDERS SOLD.

COST UNCLE SAM \$65 EACH AND ARE BRINGING BUT \$16.

New York, Sept. 20.—Three hundred and seventy-five horses that belonged to Roosevelt's Rough Riders went under the hammer today at prices ranging from \$5 to \$77, but the average about \$16. Eight hundred more of them will be sold tomorrow and Thursday. The horses cost the government about \$65 each.

MONITOR DISABLED.

Newport News, Va., Sept. 20.—The monitor Amphitrite, which was disabled in southern waters a short time ago, arrived at Hampton Roads this afternoon, in tow of the auxiliary cruiser Yosemite.

LIVES ARE LOST IF FIERY FURNACE.

Worst Holocaust in the City's History at Toledo, O., Last Evening.

HUGE ELEVATOR AND CONTENTS IN SMOKING RUINS.

EIGHT PERSONS DEAD AND SEVERAL MORE CANNOT SURVIVE.

A Terrific Explosion Is Followed by Flames Which Speedily Engulf the Entire Building and Shut Off All Avenues of Escape.

SPONTANEOUS COMBUSTION THE CAUSE.

Toledo, O., Sept. 20.—Eight people cremated, eight more fatally burned and eight others seriously injured.

"That is horrible result of the most disastrous fire that has ever occurred in Toledo. Spontaneous combustion in a grain elevator owned by Paddock, Hodge & Co. tonight caused this terrible destruction of life.

William J. Parks, superintendent, after being blown through a window in the lower story, was conscious long enough to say that at 8:30 o'clock there was a terrible explosion on the south side of the elevator, and that he knew there were about twenty men at work on the seven floors of the enormous building.

Besides those regularly employed at the elevator, three children of Superintendent Parks were visiting him at the time. One of these may recover from his burns, but Grace, a seven-year-old girl, was burned almost beyond recognition and Harold, the third child, has not been found, being either blown to atoms or cremated.

LIST OF DEAD AND INJURED.

The following is a list of the dead:

SAMUEL ALEXANDER.
FRED GARRETT.
ALBERT WAINWRIGHT.
HAROLD PARKS.
JOHN SMITH.
GRACE PARKS.
FRANK VAN HOUSEN.
JOHN CARR.

Those injured are:

David Kemp.
Barney Welch.
Charles Keifer.
Fred Pargills.
— Elliott.
Charles Brookseeker.
Everett Smith.
Hamilton Parks.
William J. Parks.
W. C. Jordan.
Peter Albalde.

Four others, names unknown.

HOUSES WERE SHAKEN.

At 8:30 this evening people in East Toledo were startled by a terrific explosion, which caused a panic all over the neighborhood. Houses were shaken as in an earthquake and windows were shattered for blocks around. Those in the vicinity of the Union elevator soon noticed flames bursting from all sides of the building, and then it was but a few minutes before the fire department of the city had begun the work of rescue, which was rendered difficult by the terrific heat of the fire. The river cut off escape on one side, and there the fire seemed to be less fierce.

The families of a dozen men who were known to be at work within rushed to the scene, and women calling for their imprisoned husbands, brothers and fathers made the scene indescribable. It was learned that a force of twenty men were expected to load eighty thousand bushels of grain during the night. Not one of the entire number could be seen in any part of the building, and it was impossible to reach them in any way.

BLOWN THROUGH A WINDOW.

William Parks was found first; he was twenty feet from the building, frightfully burned and his clothing almost entirely torn off. He had been literally hurled from his place in the main room through a window.

Another employe, John Carr, was hurled from the fifth floor and was found bleeding and burned and with many bones broken. He died within a few minutes.

Fireman David Kemp and Engineer Charles Keifer, were found in their places in the engine room. They were wounded by falling timbers and their faces were charred to a crisp by the flames.

Grace, the little daughter of William Parks, was sitting at the desk in the office at the time of the explosion, and she was hurled out of the door. She walked down the elevation on which the building stands and dropped down to be carried away unconscious and suffering from wounds from which she cannot recover. John Smith was fatally burned. He is literally dismembered and was taken to the hospital to die.

MISSING DOUBTLESS LOST.

The missing men doubtless are all dead. No trace can be found of any of them and, as they were employed at the top of the elevator, their chances for escape were slight.

The heat became so intense that twenty cars standing on a siding near the burning building were added to the loss. The fire department had a hard struggle to save the other elevators and property. The bridge across the Maumee river was on fire several times, but, outside the loss of the elevator the damage is slight.

Mr. Paddock, a member of the firm owning the plant, said there were between five and six hundred thousand bushels of grain in storage at the time, most of it being winter wheat. The property and grain is an entire loss and will reach \$500,000; the insurance is \$390,000.

JAPAN WITH THE CZAR.

EMPIRE OF THE MIKADO IS WILLING TO DISARM.

Yokohama, Sept. 20.—Japan has replied to the circular of the Russian foreign minister suggesting international disarmament. The reply supports the czar's proposal.

Nervous Weak Tired. Thousands are in this condition. They are despondent and gloomy, cannot sleep, have no appetite, no energy, no ambition. Hood's Sarsaparilla is the One True Blood Purifier. All druggists. \$1. Hood's Pills cure all Liver Ills. 25 cents.

A SIGNIFICANT STATEMENT.

Sam Stephenson and a squad of his supporters arrived at Detroit Sunday night and put up at the Russell house, where Sam has established his headquarters for the purpose of conducting the fight for recognition of the delegation from Marquette county to the state convention put up by his backers in this ballwick. The ex-congressman was not open to the approaches of the newspaper men who endeavored to interview him, but some of the members of his party were not averse to telling what they thought of the congressional contest in this district. One of these, Mr. Trudell of Menominee, made a significant statement. After assuring the reporter of the Tribune that Stephenson was not likely to submit his case to the state central committee, as he felt that he was the regular nominee of the party in this district for representative, and would insist on his rights, he said:

But I can tell you one thing—we do not want a Democrat elected to congress from the upper peninsula. We want Mr. Stephenson's name placed on the regular ticket in the regular place, and if it is finally decided that we cannot place it there we do not want it on the ticket at all. We do not want both names on the ticket so that a Democrat can run away with the election.

It is evident from this statement of Mr. Trudell that when election day comes round there will be but one Republican candidate running in the district, for it is certain that Mr. Stephenson cannot get on the ticket in the only manner that will satisfy him. Those Democrats who were figuring on the chance that would be given them by having two Republican candidates in the field may judge from this of what their show is to elect their nominee. The Republicans—as a rule, in the habit of making openings through which their political adversaries may safely and easily creep into power, nor is Sam Stephenson fool enough to make a fight out of which he could not possibly come a winner, thus forcing a contest that might have issue in the election of a Democrat to represent the district in congress.

MENACING AMERICAN TRADE.

In a report to the state department, Dr. Edward S. Bedloe, United States consul at Amoy, shows the menace to American trade of Russian ascendancy in China. Consul Bedloe states that from the published text of the agreement which the Chinese government is alleged to have made with the Russo-Chinese bank the Chinese have bound themselves to charge one-third less import duty on all Russian goods entering China through Manchuria than is paid on similar products from other countries landed at Chinese ports.

Through the medium of the Russian railroads entering China and concessions made Russia in tariff duties, Russia will be enabled to force such American products as cotton goods, petroleum and flour out of the Chinese market. The Russian railroads, which are owned by the state, are to give a preferential rate to manufactured goods for the Chinese market, and with the discriminating duties favoring them, Russian products will be enabled to monopolize the Chinese market. Nor is this the only concession granted Russia. Export duties on Chinese goods shipped via the Russian railroads are to be reduced one-third. Thus it is seen that if this treaty stands Russia must inevitably control the Chinese trade.

It is hardly probable that the great commercial nations of the world will submit to such rank discrimination. Under the most favored nation clause China will be obliged to grant like concessions to the other nations. While this understanding is a secret one, if it actually exists as charged, it cannot long be kept from the world. When the facts come out, as far as the United States are concerned, China will be obliged to grant the same reductions as given Russia. This is one feature of Russian aggrandizement in the Orient that has forced Great Britain and Germany to an understanding. It may yet lead to the United States joining with them and dictating China's commercial policy. Certainly these great nations will never permit the trade of China to be monopolized by Russia by such methods.

OUR COMING NAVY.

The future of the American navy (that is, its development and enlargement) is a matter of great public interest just now, and naturally is: for in the recent war with Spain the navy distinguished itself and attracted the most favorable attention. Even those Americans who are inclined to fear an undue increase of the regular army are enthusiastic advocates as a rule for a fine, big navy.

Orders have been given out by the

navy department for a large number of new torpedo boats and torpedo boat destroyers. But more interest is taken in the battleships that have been ordered than in the torpedo boats, for the very good reason that the American battleships covered themselves with glory, while the Spanish torpedo boats certainly did not. While the torpedo boats, therefore, may be all right as far as they go and may be a useful addition to the navy, the battleships are bound to be looked upon as far more serviceable additions.

There are such splendid battleships already in commission, as the Oregon, the Indiana, the Texas, the Massachusetts and the Iowa; then there are the Alabama, the Kearsarge, the Kentucky, the Illinois and the Wisconsin nearing completion. With bids being opened for three more, that are to be the fastest and the most formidable of them all, Uncle Sam will soon have a fleet of battleships alone that will be most formidable. For the five ships now building a speed of fifteen knots was deemed sufficient when the specifications were drawn up; but as the battle of Santiago showed the need of greater speed, the three newly planned ships are to have a speed of not less than eighteen knots.

The Cramps propose building ships of this class with 12,150 tons displacement and a length sixteen feet in excess of the government specifications. The Union Iron works offers to build a vessel of 12,200 tons, twenty feet longer than the specifications, and the Newport News Shipbuilding company has planned an improved vessel of the Iowa type of about 12,500 tons. It is evident from these plans submitted to the government by the shipbuilders that they are preparing to build faster vessels and that the government is soon to be put in possession of a fleet of battleships equal in efficiency to any afloat.

It was unkind of Senator Wolcott to characterize ex-Congressman Towne of Minnesota as a "political tramp" in the speech he delivered before the Colorado Republican state convention at Denver the other day. It was not long ago that Wolcott was doing the tramp act in Europe himself in the interest of silver coinage. But he may put on some ruffles because the government footed the bills for himself and his distinguished associates, to the amount of \$100,000, though it got nothing in return but a voluminous report which set forth elaborately that the senator and his comrades had tramped over Europe to no purpose.

Newsboys are often apt to surprise folks. The other day a Newark, N. J., judge had a newsboy before him who was charged with using five dimes. The judge charged the boy \$10 a damn and fined him \$50, remarking that such a fine "will keep the little rascal in jail for some time and give him a chance to reform." After the judge had had his say, the boy, in custody of the policeman, marched to the bank, drew out \$300 and promptly paid his fine and costs, saying something about "getting even with that old geezer."

A Detroit paper mentions Editor Field of the Menominee Daily Herald as one of the most influential politicians of the upper peninsula. Hank may have a political "pull," but it has never been sufficient to get him the postoffice at Menominee. His lot is rather a hard one, for he is obliged to antagonize all other elements in the party to keep Stephenson's friendship, and when Sam has the say the postoffice at Menominee goes to some one of his numerous family connections.

Aguinaldo isn't talking as aggressively about what the Philippine insurgents will do if we fail to withdraw from the islands as he did some days ago. Perhaps he may have heard that our government has ordered the Oregon and Iowa to proceed to Manila, and that we have a tidy army ready to be dispatched to the Philippines should its services be found necessary there. Aguinaldo is a good bluffer, but Uncle Sam is fixed to call him, and the wily insurgent chief knows it.

In Miltonvale, Kas., the anti-saloons go at it with axes. They don't lobby for Sunday laws or midnight closing ordinances, but employ heroic measures in "regulating the morals of the community." The other night the good people started out with axes and clubs to smash every saloon in town, and the crusade would have been a brilliant and glittering success had it not been for the shooting of one of the crusaders.

The question before the people of Michigan today is what kind of a platform the Republican convention at Detroit will fix up for Pingree to stand on as the party's candidate for governor.

Apparently, the Cuban insurgents would like independence provided they don't have to work for it. The American plan of acquiring it doesn't suit them at all.

THE SURE LA GRIPE CURED.—There is no use suffering from this dreadful malady, if you will only get the right remedy. You are having pain all through your body, your liver is out of order, have no appetite, no life or ambition, have a bad cold, in fact are completely used up. Electric Bitters is the only remedy that will give you prompt and sure relief. They act directly on your Liver, Stomach and Kidneys, tone up the whole system and make you feel like a new being. They are guaranteed to cure or price refunded. For sale at the Stafford Drug company, only 50 cents per bottle.

Impossible to foresee an accident. Not impossible to be prepared for it. Dr. Thomas' Eclectic Oil. Monarch over pain.

No-To-Bac For Fifty Cents. Guaranteed tobacco habit cure, unless weak men strong, blood pure. Sold all druggists.

Additional Ishpeming

ISHPEMING IN BRIEF.

Joe Pope wired his folks from New York yesterday, stating that he would be home Thursday night.

The fair at the A. O. U. W. hall under auspices of the St. John's church society drew out another large crowd last night.

C. H. Moss left yesterday for different points in Missouri on a visit of a week or two.

Ed Inggrass returned to Milwaukee yesterday after spending a few days with his folks here.

Christ Johnson of Negaunee has purchased the shelving that was in the Quinn block for his new place on East Division street.

Lieutenant Charles Hendrickson of Company F, of Houghton, is in the city, spending a few days with his parents, having come down Monday.

John L. Bradford left yesterday for Detroit and other large cities to purchase more new goods for L. W. Atkins & Co. He will be away a week or so.

Joseph Obery and Miss Jeanette Duh, both of this city, were married Monday evening at 8 o'clock, the ceremony being performed by Cornelius Kennedy, justice of the peace.

The special rate of \$5 from here to Duluth and return is good on tonight's train. A few Ishpeming people took advantage of the low rate and went up on last night's regular, leaving here at midnight.

Local theater goers will have an opportunity this evening to witness the production of one of the best plays on the road at the opera house, when Aiden Benedict and his company will put on "Fazio Romani." There will be a good attendance, the sale of reserved seats already being large.

A CRITICAL TIME

During the Battle of Santiago.

SICK OR WELL, A RUSH NIGHT AND DAY.

The Packers at the Battle of Santiago de Cuba Were All Heroes—Their Heroic Efforts in Getting Ammunition and Rations to the Front Saved the Day.

P. E. Butler, of pack-train No. 3, writing from Santiago de Cuba, on July 23d, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa. For sale by the Stafford Drug company.

"JIM" DEE "CANED." FIRE LADDIES SHOW THEIR APPRECIATION OF HIS FAITHFUL SERVICES IN THE INTEREST OF THE RECENT TOURNAMENT.

James R. Dee of Houghton was the recipient of a handsome present Monday evening. The donors were the members of Centennial Fire Company No. 1, and the token of their esteem was in appreciation of Mr. Dee's untiring efforts to make the recent firemen's tournament the unequalled success that it was. The movement toward this happy end was started some six weeks ago, or about the time that Houghton and the fire company voted the fire chief's trumpet to A. J. Scott of Hancock just to show that harmonious work is appreciated.

Monday evening a special meeting was called for 8 o'clock, the members being requested to appear in full uniform. Shortly after order was called a messenger was dispatched for Mr. Dee, who arrived shortly after amidst much hand-clapping from the fire laddies. Here Mr. Quirk arose and made a presentation speech that was a worthy effort. He spoke of Mr. Dee's enterprise and willingness to assist to the fullest extent in any worthy undertaking, and especially of his services in connection with the recent tournament, without which, he said, the company could never have as it resulted. At the conclusion of his remarks, Mr. Quirk handed Mr. Dee a beautiful ebony cane, with a heavy gold head appropriately inscribed, and with it extended the compliments of the company.

Mr. Dee, who was visibly affected and after recovering himself, replied neatly in a few words. He expressed his pleasure at the success of the tournament after deeply thanking the donors, and indeed a hearty, yet he much rather valued the friendship conveyed with it. Mr. Dee complimented the members of the company in conducting a tournament that had infused new life into the firemen's association, for which, he said, they are deserving of thanks from every town holding membership, and that was glory enough for any resident of the village. He then stated that next summer he would pay the railroad fare and hotel bills of the Houghton running team at the Marquette tournament, and set down amidst vociferous applause.

Pleasant remarks were also made by Chief Votsoch and R. M. Hoar, both of whom referred very nicely to the aid extended by Mr. Dee. Mr. Hoar stated that all the committees did well, but their work did not "shine" like that of Mr. Dee's. Later there were cigars, and then more cigars, during which time the tournament was talked over and a pleasant evening spent. An incident pleasing to the company was a check from F. M. Sackrider for \$25 in appreciation of its work recently when an alarm of fire was turned in from the Board of Trade.

TWO SCHOONERS ALSO ASHORE. AND, WITH THE STEAMER COLORADO, THEY PROBABLY WILL BE TOTAL LOSSES.

The heavy fog and smoke prevalent on the south shore of Lake Superior Monday morning will probably result in the loss of three vessels in this vicinity. The steamer Colorado, notice of whose stranding was published yesterday, will undoubtedly be a mass of wreckage within a brief space of time and the owners have abandoned all hopes of saving her. The boat is on a reef within easy distance of Eagle River and the first heavy storm will smash it to pieces. The cargo of flour was being unloaded to lighters yesterday morning, and the loss in this respect will be small. Mr. Wright of Port Huron was at Portage Lake Monday evening. He owns a quarter interest in the Colorado and valued the craft at \$60,000. The insurance valuation was \$40,000. He stated that the boat was working in fog and smoke Sunday night, and when it struck on the reef at Eagle River it was making about eleven miles an hour. He also said that a fog whistle should be established at Eagle River, when such accidents would be avoided, and referred in this connection to the loss of the Pickands at the same point two years ago and another more valuable steamer a short time previous. Vessels are exposed to all such winds at this point. The gross tonnage of the Colorado is 1,470. She was built at Buffalo in 1867 and was rated A2.

The same night the Colorado stranded the schooners Meade and Mediator went on the beach about ten miles east of the canal. Both are lumber laden, and with another schooner were being towed from Duluth by the steamer Kalkaska, and it is supposed they were carried too near shore during the heavy fog. The Kalkaska, with the other schooner, proceeded on her way and no report is at hand as to how the mishap occurred. The life saving crew responded to a call and there has been no loss of life. Neither of the schooners stand much chance of being saved. The J. H. Mead was built at Sheboygan, Wis., in 1874 and is owned by O. E. Larson of Chicago. Her gross tonnage is 405 and rating A2. The Mediator was built in 1882 at Clayton, N. Y., and has a rating of A2 1/2. She is owned by Otto E. Scheueman of Chicago and her gross tonnage is 256.

THIRTY SPEEDY NAGS ENTERED. EXCITING RACES PROMISED AT THE HANCOCK PARK THIS AND TOMORROW AFTERNOONS.

This afternoon and tomorrow occurs the fall meeting at the Hancock Driving park, and all indications point to it becoming the most successful event in the history of the track. No less than thirty horses have been entered, among them A. W. and Two Strike, which had such an exciting contest during the August meeting. Since then Two Strike has defeated A. W. at Escanaba, and their contest tomorrow will be well worth witnessing, as the track is in splendid condition. The running races will be no small feature, while a pole team race will add interest to the affair. The races will be called promptly at 2 o'clock, and every effort will be made that they might be pulled off promptly and to everyone's satisfaction.

VILLIANY OF AN UNDERTAKER. FATHER OF A DECEASED CALUMET SOLDIER HAS AN EXPERIENCE WITH A GOTHAM WRETH WHO DESERVES A COAT OF TAR AND FEATHERS.

Alexander Ethier, father of the late Private Louis Ethier of Company F, reports an experience with a New York undertaker who is a disgrace to that city and when he himself becomes the chief factor in a funeral the metropolis will be bettered by his departure. Louis died in the Presbyterian hospital in the presence of his father, who shortly after ordered a \$75 coffin from the undertaker who was given charge of the remains. In order to ship the body the coffin had to be zinc lined, and for this Mr. Ethier was taxed \$85 additional. He then went and secured a physician's certificate and started for home via the Canadian Pacific railway. At Montreal Mr. Ethier was requested to show his certificate, which he did, when it developed that through an oversight the New York physician had not signed it, and the remains had to be held and examined by a Montreal physician. The casket was accordingly opened and, imagine Mr. Ethier's surprise, when he found that it did not contain a particle of zinc lining. The casket was zinc lined at Montreal, thus entailing an additional expense, besides a total delay of a day and a half, and with the new certificate Mr. Ethier was allowed to continue on his sad journey.

ANOTHER SOLDIER DEAD. Daniel O. MacGregor of Company D, United States Fourth Infantry, died Sunday morning at the Calumet & Hecla hospital. The dead soldier participated in the Cuban campaign, prior to which he was stationed at Fort Sheridan, near Chicago. Returning from Cuba, he was given a thirty days' furlough and decided to spend the time with his sister, Mrs. Dan McLeod of Calumet. His condition from fever became serious and a short time ago he was removed to the hospital. The body was shipped to the home of his parents in Paisley, Ontario, Monday evening and were escorted to the depot by Calumet's soldiers and Veteran Corps.

HENDERSON'S FUNERAL TODAY. The obsequies of Private Henderson of Company D, who died last week in the field hospital at Bristol, Pa., will be held this afternoon at Calumet. The body laid in state at the Army since yesterday afternoon. The funeral will be conducted by the Light Guards and will be from the Army. Private Henderson was but twenty-one years of age and his loss is mourned by a father, sister and brother. Lieutenant Thielman of Company D arrived at Detroit Monday.

NEW LIBRARY IS OPENED. GENEROSITY OF THE C. & H. TO ITS EMPLOYEES AGAIN DISPLAYED IN A SUBSTANTIAL MANNER—6,800 VOLUMES OPEN TO READERS.

The new and handsome library building of the Calumet & Hecla Mining company which has been under construction the past two years—a building that is a model of elegance and one that Calumet should feel a just pride in—was opened Monday for regular use. The library is open to the residents of School district No. 1 and to the employees of the corporation at Calumet and Lake Linden, and it is the hope of the company that all its men will avail themselves of this excellent opportunity to the fullest extent. Readers will find 6,800 volumes to select from, 3,000 of which were purchased in Boston by the company the past winter and the others being those of the district library at Calumet which has been consolidated with the new one. The best and standard works of literature are among the collection, which is to be constantly increased, and among them are to be found some valuable books on mechanical engineering. It is the purpose of the company to place its employees in reach of education by giving them free and cozy access to a fund of information that is at once instructive and valuable, and in this the labors have been directed personally by President Agassiz and Treasurer Flag. It is doubtful if another corporation in existence has at any time shown such generous consideration to its employees and yet this is but one of many notable instances in which the Calumet & Hecla has illustrated a splendid disposition to its workmen.

The library is being organized by Miss Bertha Merrill of Boston, who has been busily engaged at the work for some time and who is thoroughly familiar with the requirements of the institution to the minutest detail. Miss Merrill will remain at the library a few months longer, by which time the new force will have the work well in hand. Mrs. Ed S. Grierson has been appointed librarian. The library will be open from 10 to 12 a. m. and from 2 to 8 p. m. and the reading room from 10 to 12 a. m. and from 2 to 10 p. m. In the basement are a dozen bath rooms, which are also free. The reading room on the second floor is thoroughly inviting, and here will be found the standard periodicals and leading daily papers, of course including The Mining Journal.

AGED WOMAN HORRIBLY BURNED. FATAL ACCIDENT ENDS THE EARTHLY CAREER OF MRS. STRANDZORF OF RAMBAULT-TOWN.

Mrs. Eva G. Strandzorf of Rambaault-town was the victim of a frightful and fatal accident last Friday evening. She was lighting a lamp stationed on a table near the window when in some way the window curtain was ignited by the match and in a moment was in flames. In an effort to extinguish the blaze the clothes of Mrs. Strandzorf caught fire, burning her so terribly that she died the following morning. The deceased was eighty-six years of age. The funeral will be held this afternoon.

the highest esteem in the community, and a wife and five small children are left to mourn his untimely calling. The funeral was held yesterday afternoon, with services at the M. E. church and interment at Lake View cemetery.

RICHNESS OF THE ARNOLD. SHOWING MADE WHEN THE STAMP MILL STARTS NEXT MONTH RIFE WITH IMPORTANCE TO KEWEENAW.

Much of the future of Keweenaw county depends on the showing that will be made next month by the Arnold mine when the mill will start to treat the huge rock pile at No. 1 shaft. Estimated percentages are all very well and may be fairly accurate, but the true test is the stamp mill, and should the Arnold's rock prove as rich as has been even conservatively estimated it will mark the inauguration of a period of great activity at many properties of Keweenaw, for to prove the ashbed profitable at the Arnold means even better things for the Humboldt, Meadow and other properties lying west on the same formation and where the developments thus far show even richer rock. In addition to these named properties there are others—the Eagle Harbor, for instance—that will be looked upon more favorably with a profitable Arnold; and, in all seriousness, there is no one who doubts the success of the latter property.

An expert machinist of the Webster Corliss company of Akron, O., is engaged in setting up the new engine at the Arnold and it will be ready for operation, it is expected, by Monday, Oct. 3. The compressor, which has not yet arrived, will not be in commission for more than a month to come, and in meantime the drills will be extended at No. 1 shaft. The old hoisting plant at this shaft will be removed to No. 2, which has attained a depth of 200 feet. The showing here continues better than that at No. 1, and with the additional equipment winter operations should proceed nicely.

MEADOW. Another property that will come in for a share of attention, as before stated, is the Meadow, upon which exploratory work is now being conducted and splendid results encountered by Messrs. W. J. Ryan of Denver and P. W. Grierson of Calumet. The property was wrought in the early fifties, when attention was paid to the fissure vein that crosses the ashbed but none to the Ashbed proper. The property is located west of the Humboldt and carries the vein for half a mile, extending to the lake for a distance of a mile and a quarter. The present work is confined to the ashbed, and the work thus far done augurs well for the future of the property.

HUMBOLDT. The Humboldt is fast being shaped for active operations. The shaft is being cribbled to its present depth of seventy-five feet and a new hoist, ordered from Frazier & Chalmers of Chicago, is expected to arrive in time to be put up before snow flies. From surface, the results met with at the Humboldt shaft, have been good; indeed, it is really surprising the amount of copper being secured. A second shaft will be commenced at this property in the near future.

ROWETT WON THE MATCH. SWEDISH GIANT WAS EASY FOR THE CORNISH CHAMPION AND NEARLY HAD NECK BROKEN.

M. G. Mesiner of Calumet received a letter Monday from John Rowett, in which the wrestler states that he won his match a week ago Monday evening at Central City, Colo. His competitor for honors in the Cornish style is known in athletic circles as "the Swedish Giant." Rowett won two successive falls in twenty minutes. In being thrown the second time the Sewede's neck was nearly broken and the doctors worked on the defeated man nearly three hours before reviving him. Rowett has a match on at Denver for next Saturday evening, after which he will return to the copper country and accept "Bob" Gilbert's challenge to wrestle for \$50 a side. Gilbert, whose money has been up for some little time, should be able to give the champion a good hard tussle.

LUDICROUSLY FUNNY. As a direct refutation of the statement that farce comedies are dead, here comes "A Breezy Time." It is an old-and-out farce comedy, put together simply and solely for the purpose of making as many laughs as possible and altogether out of the question the rise and fall of the American drama. The piece has many more pretty women than climaxes, more comic surprises than counter plots, and more catchy music than ingeniously worked-up situations, but to use the American vernacular, "it goes." It not only goes, but it goes with a rush. At the Houghton Opera House tomorrow (Thursday) evening.

Truth wears well. People have learned that DeWitt's Little Early Risers are reliable little pills for regulating the bowels, curing constipation and sick headache. They don't gripe. Stafford Drug company.

WANTED—Carpenters, stone masons and quarrymen. Apply at the Arcadian stamp mill, at Grosse Point. Arcadian Mining company. (9-21-3t)

Don't Tobacco Spit and Smoke Your Life Away. To quit tobacco easily and forever, be magnetic, full of life, nerve and vigor, take No-To-Bac, the wonder-worker, that makes weak men strong. COMMENDABLE WORK.

WHAT THE CLEVELAND-CLIFFS COMPANY IS DOING TO MAKE ITS LOCATION ATTRACTIVE.

Those who are not in the habit of visiting the different resident portions of the city have no idea of what the Cleveland-Cliffs company has done the past two years in the way of street improvements. In every one of the locations where this company owns any land the streets have been given attention. The work has been conducted on a moderate scale, but the result is now quite noticeable.

The Cleveland-Cliffs company owns land in all corners of the town, the North location on one side, the Salisbury on the opposite side, the Barnum and Bancroft locations in another end and the Cleveland location in the opposite end. Practically speaking, the company owns the better part of five locations. In some of these residents own their lots, but in most instances the lots are leased to the occupants.

It is largely because of the land being leased that the officials of the company manifest such great interest in the locations. Every occupant of ground is urged to do what he can to improve the appearance of his own place. And the representatives of the company are doing all they can to make the locations attractive. No rubbish of any kind is permitted to be about, so the locations always look clean.

It is a pleasure to visit the different locations and look over the streets, to say nothing of the gardens and lawns. The finest lawns in the city are found on the locations of this company.

During the past few weeks the finishing touches have been put on a number of streets that men in the employ of the company have been working on all summer. Up on the North location five streets, Empire, Park, North, Wabash and Fifth, have been attended to. All these thoroughfares have been graded from one end of the company's line to the other. They have also been given a gravel dressing in the more important places, so that within a year or so the streets will be among the best in the city. Attention has been given to grading walks and proper drainage has been provided. In some of the streets there was considerable to be done in the way of making passages for the water to get away. This work was given special attention.

At the Bancroft location, on the north shore of the lake, near the big bluff, all the streets have been graded. A road has also been built along the shore from one side of the location to the other.

The road leading to the Junction location has also been improved. This thoroughfare is used a great deal and it was in such poor condition that at times it was almost impossible for a team to draw any kind of a load over it. The Cleveland-Cliffs part of it has been thoroughly repaired but the Lake Superior

company's end needs attention to put the entire road in good trim.

In the Cleveland-Cliffs second addition the work started on Empire street last summer has been finished. This was no small job, as there was a great deal of filling to do. It was on this street that the rock taken from the First street cut was put. Even all the material that came from there was not sufficient to bring the street to grade.

BUILDING THE WALK.

A force of carpenters was put to work yesterday building the walk that will extend along Third street from the corner of High to a point beyond Henry Routhier's home, some six or seven blocks north. Some of the owners of the lots along there have concluded to pay for the walks and others have not yet decided to do this. It makes no difference, however, whether the owners have agreed to build walks or not. They are going to be put in just the same. All the owners of land along that side of the street were given notice some two weeks or so ago that in case they did not put down their parts of the walk within a stated time the city would do the work and charge the cost to the several properties.

The new walk will be appreciated by the many people who reside in that part of the city, as it has been needed for a long time. The walk on the opposite side of the street has been used continuously for so many years that nearly all the planks are about ready to break, they are so worn. It will not be long before an entire new walk will be needed on that side as the planks are now very uneven. It will take a week or more with the present force of carpenters at work to finish up the extension from one end to the other.

THE BARBER'S UNION.

At the meeting of the barbers of the city Monday evening, called for the purpose of organizing a branch of the Federation of Labor, the names of all the men engaged in the barber business here were presented. E. P. Biegler, the oldest barber in Ishpeming, who has been in business here almost since the city was incorporated, was chosen president; F. Jacob was made treasurer and Thomas Heard is the secretary. One of the barbers who was shaving for ten cents will immediately raise the price to correspond with that charged by others. It is now assumed that there will be no more cutting of prices here, which the barbers consider will be a good thing for all concerned.

A HOT GAME EXPECTED.

The members of the Ishpeming High School Football team expect to meet a pretty stiff aggregation at Champion Saturday. They do not look for a walk-away, though they rather expect to win out. It is likely John Connors, the "giant" player of Ishpeming's last year's team, will go to Champion to help

CAN SAVE YOU MONEY.

Our buyer has just returned from New York where he has bought for all our stores, and where he has received the benefit of big purchases for cash on case lots.

We know we are safe in saying we can sell you goods at the prices many clothing dealers have to pay for them. We deal with only the best concerns. They want our trade because it is valuable to them, and they give us the very best figures and goods in order to hold it. It is well known that unreliable dealers do business with jobbers who handle the cheapest and poorest line of goods.

We are connected with three large stores in this section; we do a big business, and we buy at LOWEST CASH FIGURES direct from the manufacturer.

Our Fall and Winter Stock Is By Far the Best Ever Seen Here.

It is attractive and embraces everything in Men's, Youths' and Children's Clothing and Furnishings, especially in Men's and Children's Underwear and Ladies', Gents' and Children's Shoes. We are proud to call attention to it, and respectfully ask your inspection of it. A very large line of Men's and Children's Clothing just open. Yours truly,

KAHN & SKUD, Cor. Main and Pearl Sts., Ishpeming, Mich.

the boys out. With Connors, Ed Johnson and Professor Ewing in the Champion eleven the team will be very strong. Quite a crowd, including school girls and teachers, will go up Saturday to Lake in the game. A half dollar rate of fare for the round trip has been obtained and the hotels at Champion will give the visitors dinner for a quarter.

The local school team's next game will be played on the home grounds a week from Saturday, when the Calumet eleven will be here.

It is not certain that the Superior team will be here Saturday to go against the City eleven, as the boys have not met with very much encouragement in raising the amount necessary to pay their expenses. It will take over \$100 to bring the Superior team to this city and at present the local men are unable to see their way clear to get it down.

HARVEST THANKSGIVING.

There will be a special meeting in the nature of "Harvest Thanksgiving" services this evening at Grace Episcopal church. The church will be decorated with flowers, fruit and vegetables.

OBSEQUES LARGELY ATTENDED.

The obsequies of the two miners, Charles Olson and August Carlson, who were killed Saturday at the Salisbury mine, brought out a large number of the friends of the families yesterday afternoon. Members of the Swedish Home society took a lay-off to attend the funeral, as also did several members of the Mine Workers' union. Including the many vehicles behind the two hearses

and the members of the two organizations marching ahead the procession was about a mile in length. The Lake Superior band accompanied the union and was at the head of the procession. Religious services were conducted at the Swedish Mission church.

Help is wanted when the nerves become weak and the appetite fails. Hood's Sarsaparilla gives help by making the blood rich, pure and nourishing. Get only Hood's.

Hood's Pills are easy to take, easy to operate. Cure indigestion, sick headache.

FROM SIRE TO SON.

As a family medicine Clery King for the Nerves passes from sire to son as a legacy. If you have kidney, liver or blood disorder get a free sample package of this remedy. If you have indigestion, constipation, headache, rheumatism, etc., this specific will cure you. The Stafford Drug company, Marquette, and Munising Leather company are sole agents and are distributing samples free. Large packages 50 cents and 25 cents.

The Best Cough Remedy on Earth.

Warner's White Wine of Tar Syrup, Consumption Cure, cures a cold in 24 hours if taken in time and does not stop a cough in one minute by paralyzing the throat, but it cures the disease and leaves the throat and lungs healthy and strong. 25 and 50 cts.

Originators of Low Prices.

Originators of Low Prices.

AUTUMN ANNOUNCEMENT BY THE STAR SAVINGS BANK CO. CLOTHING DEPARTMENT.

NEW GOODS!

EXCELLENT SUPPLY!

LOWEST CASH PRICES!

During the past few days our immense new stock of Clothing has been arriving daily, and is now being unpacked as fast as it arrives and placed upon our tables for inspection by those who purchase clothing at strictly cash prices.

CASH IS KING!

and our prices will be found such as will convince the most skeptical that we propose to sell our goods on these terms only, and give the honest purchaser the benefit of this supreme rule. We have figured out that by making only strictly cash sales, we can save the buyer at least 25 per cent., or in other words what you

must pay one dollar for at a credit store we can give you the same, and oftentimes a better class of goods, for 75 cents. Just think what you can save on a \$10.00 or \$15.00 purchase. The suggestion is worth your consideration.

UNION MADE GOODS!

We have recently arranged to handle only Union Made goods as fast as we can make com, and in course of time our stock will be strictly Union-Made. Our line of goods are only of the up-to-date class. No shoddy or shew worn garments will be handled by us. To convince you that our prices are low we here quote a few; they are good, big values and cannot be duplicated by the so-called credit leaders:

MEN'S CLOTHING.

- All wool heavy weight, black or blue Cheviot suit, good value, \$9; our price, \$5.00
Double-breasted Cheviot suit, guaranteed good fit, good value for \$10; our price..... 6.00
Double-breasted brown Cashmere suit, credit store price, \$11; our price..... 7.50

Ask for the single reefer coat for children; all grades; up-to-date sizes from 3 to 16 years of age.

Star Savings Bank Co., Ishpeming, Mich.

SENTENCE DAY IN COURT.

Two Prisoners Who Pleaded Guilty in Circuit Court Given Prison Sentences.

EACH GETS A YEAR IN THE BRANCH PRISON.

Judge Expressed His Regret That He Could Give Rollo No Longer Sentence—No More Warrants Against Saloon Keepers.

MEDICINE ADMINISTERED AT THE BAR. Yesterday was sentence day in the circuit court.

It marked the end of the jury business of the term, so Judge Stone had brought before him the two who had been held on criminal charges and pronounced sentence.

First to face the bar was Nelson Rollo. His crime was indecent exposure, for which he got the full limit of the law, one year in the branch prison.

The judge expressed his regret as he passed sentence that he was not allowed to put Rollo behind the bars for a longer time, and also remarked that he was somewhat of the opinion that the fellow was not right mentally, though he appeared rational and gave evidences of average intelligence.

This is Rollo's second sentence for such a crime. He was sent up from Menominee county a year ago last spring for just such an offense and had been released only about a month from the branch prison before he was landed in the county jail here to await trial.

Following Rollo William O'Brien faced the bar. O'Brien attempted to burglarize a store in Ishpeming, and pleaded guilty to the crime.

When the judge asked him if he had anything to say he merely expressed the hope that the court would be lenient with him and let him off on suspended sentence, as this is his first offense.

The judge expressed surprise at this plea, as he said the actions of the prisoner ever since his arrest had been such as to impress the officers with the belief that it was his desire to be sent to prison.

He insisted on pleading guilty, and it is said to be doubtful if he could have been convicted if he had made an opposite plea. As it was the judge said he would take everything into consideration and give him the light sentence of one year. Three years is the limit for the crime.

After pronouncing these sentences and granting a couple of judgments by default court adjourned for the day. The jury has been discharged, and tomorrow the judge will go on the bench again and take up cases triable by the court.

There have been no warrants beyond the original twenty violated against saloon keepers for alleged violation of the Sunday closing law, and suit on those which have been served is not being pushed for the present.

The complainants and the saloon keepers have held conferences, and are trying to get together in some way and have a settlement.

SCHOOL CONTRACT LET.

New Catholic Boys' School Will Be Pushed to Completion.

The contract for completing the work on the new Catholic boys' school which is being built in the convent lot was let yesterday. Charles Van Iderstine's bid of \$6,653 was the lowest.

The work will be pushed to completion and will probably be occupied for school purposes this winter. The basement of the building has already been constructed, including a concrete floor. The price is for finishing the building above the basement. The church puts in with the contract price 100,000 brick, which it had contracted for when it intended to have the work done under the supervision of its own officers and not under contract.

MARQUETTE MINNETTES.

When even the mother-in-law joke has been accorded a well earned rest in innocuous desuetude, well meaning humorists will continue to recall old stories and hatch up new ones about poor, tongue tied, stuttering and lisping unfortunate.

Such an one, though the business end of the joke is turned the other way, is told of Captain Miller, one of the early navigators of the lake. The other individual connected with the story is the Hon. C. O. Mercer of Ontonagon. At the time in point Mr. Mercer was managing a dock and warehouse there.

One day as the boat was tying up to the dock the following conversation ensued between Captain Miller on the bridge and Mr. Mercer on the dock. Mercer—Hello, Captain; what you got to put off here today?

Miller—Two thows and pigs, that's all. Mercer—I've got no room for 2,000 pigs. You can't put them off here. Miller—Not two thousand pigs. Only two thows and pigs.

Mercer—Two thousand. I haven't got a pen to hold fifty. Miller—I don't give a ——— whether you have or not. I'm going to put the two thows and pigs off here, and you stoph me.

Mr. Mercer did not succeed in dissuading the determined captain, and the first thing he knew the whole consignment was out on the dock. But the 2,000 pigs had diminished to two sows and pigs, Captain Miller's decided lip being responsible for the misunderstanding.

It's a question whether the joke's on the policeman or the dog owner. The dog owner claims victory and the policeman says he didn't get left. But this is the story:

A resident of a certain ward has a dog of the kind on which you pay a \$3 license. He has only recently brought the animal up from the county, and as the dog impounding season is almost over he has been a little negligent about buying a tag.

A policeman noted the arrival of the dog and determined if the owner did not pay the \$3 to have the said dog ruthlessly slaughtered at the pound.

The dog always slept in its owner's barn. A day or two ago the family thought the officer had designs on their pet. Believing that he planned to carry them out that very night the owner of the dog determined to foil the policeman so he put the dog to sleep in the kitchen.

Now a neighbor near by owns a dog which has been very friendly to the new importation. On the night in question the neighbor's dog came over and got in the barn. Most unfortunately the door blew shut and the poor beast couldn't get out.

Next morning he was out only he wasn't at large. The neighbor found him in the pound.

The reason the policeman didn't get left is because the neighbor's dog hadn't had his license paid either, but the city is out a dollar and a half by the mistake.

CONVICT TRIES TO MURDER A DEPUTY.

Dick Huntley Stabs Deputy Warden Mosher With a Dirk Made from a Table Knife.

MURDER OF WARDEN FREEMAN WAS ALSO CONTEMPLATED.

COLD LEAD DRIVES HUNTLEY BACK TO HIS CELL.

Notorious for His Previous Attempt to Murder the Deputy Warden of Jackson Prison—Held an Old Grudge Against Mosher.

ONE OF JACKSON'S INCORRIGIBLES.

Eugene D. Mosher, deputy warden at the branch prison, was seriously, and it was thought for a time, fatally stabbed there Sunday morning by a Jackson incorrigible named Dick Huntley.

The assault occurred in the prison mess hall. Huntley was the only man taking active part, but it has been discovered since that several others were in the plot, or at least cognizant of Huntley's designs, and that the murder of Warden Freeman was also contemplated.

Mosher is stabbed in the abdomen, in the back and in the arm, but there is believed to be little or no question of his recovery.

The inmates of the prison are given their meals in a large mess room, and while they eat they are under guard of all the inside guards of the prison. Deputy Warden Mosher was one who was watching them at their Sunday morning breakfast.

Huntley was some distance from the deputy, but, seizing what he took to be a favorable opportunity, he sprang from his seat and rushed at Mosher. As he ran he drew from some place of concealment in his clothes a dirk made of a knife which he or some other convict must have stolen from the kitchen and had ground down.

His first attempt was to plunge the dirk into the deputy's stomach, but the knife only passed through the clothes and into the flesh a little distance. This wound alone might easily have been fatal, but for the intervention of another prisoner, a half breed Indian, who has been an inmate of the institution only a week.

"I didn't want to see him kill the big sheriff," he explained, when asked why he had reached out and grabbed his infuriated fellow convict, as he was raising his arm for the blow.

Mosher grappled in a death struggle with his assailant, but Huntley managed to continue control of the hand which held the weapon, and before it was wrested from him, he struck Mosher two more blows, one in the small of the back and the other in the arm.

In the excitement of the moment pandemonium threatened. Other prisoners leaped from the table and seized bottles or whatever they thought might answer the purpose of weapons.

"We'll get the black ——— next!" cried one of them, referring to the warden.

The electric alarm bells, which were soon ringing in every part of the prison, sounded in the private rooms of the warden, where he was lying in bed, half sick. He jumped up, pulled on his clothes and hurried to the scene of the trouble.

His first order was for the convicts to march back to the cell corridors and get into their cells. The command was sullenly obeyed.

Ten or a dozen, Huntley among them, walked as far as their cell doors, and there with a fine display of bravado, refused to go any further.

"Get into your cells," commanded the warden.

No attention was paid to the command. "If they don't get in, shoot them," he ordered.

"Got a gang you can't run now," sneered Huntley. "Guards can't shoot." "Shoot him!" cried the warden, and on the instant the guard nearest let go with his gun.

Huntley sprang for his cell door as the guard raised to fire.

"Ping!" the shot rang out. But Huntley had got too far for it to result fatally, though the loss of a thumb as he flew through the doorway showed that the guard had shot to kill.

This demonstration of force cowed the rest and they scurried into their cells like so many rats into their holes.

The search of the suspects that followed brought to light five knives, all very similar to the one used by Huntley in his assault.

Huntley is one of the worst of the many incorrigibles housed in the branch prison. He was transferred here from Jackson with the first lot, and has always been regarded by the officers of both institutions as a thoroughly bad convict.

Huntley is the convict who made an attempt on the life of Deputy Warden Northrop before his removal from Jackson. He attempted to kill the deputy warden with a hammer, but was foiled in his foul purpose.

For that crime he got ten years added to his sentence, and he is now serving out a thirty year term.

The assault on Northrop is only one of Huntley's many previous escapades since he has been behind the bars. He has been in plots innumerable and has made wellnigh successful individual attempts to escape. He has been shot numerous times.

It is for one of these wounds that he bears a grudge against Mosher. Huntley was an inmate of Jackson when Mosher was a guard there, and the latter shot him and brought him down when he was scaling the prison wall.

NOW HELP THE NURSES.

Marquette Members of the D. A. R. Will Undertake to Give Aid Locally.

HAVE SERVED THEIR COUNTRY AS HEROICLY AS THE MEN.

D. A. R. Members Soliciting for Their Benefit—Lieut. Wilson Will Speak at an Entertainment Friday Night.

HOSPITAL CORPS NEEDS TO BE HELPED.

In the desire to give due honor and recognition for the service of the volunteer soldiers who have served their country so patriotically in the late war and to nurse them back to the condition of health they enjoyed before their enlistment there has been one class of noble women woefully overlooked.

The hospital nurses who so freely responded to the call asking for skilled help to assist in handling the sick at the very first labored under many disadvantages. Conditions have not improved with time and the hospital corps of the Daughters of the American Revolution has found it absolutely necessary to appeal to its society for aid in order to supply the nurses in the hospitals with articles necessary for the care of the sick.

There is no organized chapter of the D. A. R. in this city but the society has several members here one of whom, Miss Chandler, received a letter from the state regent of the order Mrs. William Fitzhugh Edwards requesting this city's co-operation in the work being done and enclosing the following notification from the hospital corps setting forth the existing conditions:

"D. A. R. Hospital Corps for service in the Army and Navy of the United States, under the auspices of the National Society of the Daughters of the American Revolution.

"902 F street, N. W., Washington, D. C., Aug. 20, 1898.

"My Dear Mrs. Edwards:—Your very kind letter has just been received, and finds us almost in despair. We have had a call for nearly 400 nurses within the last week. That means 400 dozen aprons. One chapter after another has generously responded but we are greatly behind.

"The nurses give up salary in many cases, of twenty-five and thirty dollars a week; endure privations which they would not think they could endure in private houses; live on soldiers' food; sleep in tents; and it seems as if the very least we could do for them would be to keep our promise in regard to furnishing aprons, etc., which they greatly need.

"The laundry facilities in many places are very poor and at the best they need more than in private nursing. The soldiers have been looked after by the women of the country, but very little has been done for the women who have gone to their aid, and who are really serving their country just as faithfully as the men. Some of the letters I could read you would bring tears to your eyes.

"Would it be possible either through the newspapers or through your chapters, or other friends to help us?"

"Yours very sincerely, "BELLE MORILL DRAFER."

In addition to aprons immense quantities of sheets, pillow cases, towels, handkerchiefs, socks, etc., are needed immediately.

The members of the D. A. R. here have taken the work in hand and are soliciting for the required articles. It is requested that any one desiring to help in this work send donations to Miss Chandler as soon as possible.

To assist in obtaining the necessary things the ladies have arranged for a musicale and tea which will be given Friday night at 8 o'clock in Felix hall. A very good musical program will be served. A talk on his experiences in the late war by Lieutenant "Jack" Wilson will be one of the features of the evening's entertainment. The ladies are working strenuously and they expect a large attendance Friday night. The admission will be fifty cents.

"FABIO ROMANI"

Strong play Put on by Aiden Benedict and a Strong Company.

"Fabio Romani" has been played in Marquette a number of times but it has never been so well played as it was last night when it was put on at the opera house by Aiden Benedict and his excellent company.

The piece is a powerful spectacular melodrama, and when staged as it was last night with handsome special scenery and acted by a capable company it will never fail to excite commendation.

Mr. Benedict gives a powerful portrayal of the leading role, but he has exceptionally good support in Miss Martha Beaufort. Her interpretation of the fickle, volatile character of Nina could hardly be surpassed. Gilbert Faust, in the role of the false friend, is likewise worthy of special mention.

Miss Grace Hunter did not give her special dances in their entirety. A glass on which she stands during the fire dance broke with her weight, and the young lady narrowly escaped being precipitated through a trap in the stage. This so unnerved her that she was unable to go on with her performance.

So far as she went her dance was one of remarkable beauty, and showed her to be possessor of an unusual degree of grace.

THE LADIES.—The pleasant effect and perfect safety with which ladies may use Syrup of Figs, under all conditions, makes it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co. printed near the bottom of the package. For sale by all druggists.

Ladies, clean your kid gloves with Miller's Gloveine. For sale only by A. S. Westlake, headquarters for dressed and undressed kid gloves. All the most desirable shades for street or evening wear. (9-10-1y)
