GOVERNOR PINGREE

IS TRIUMPHANT!

Renominated by Acclamation and Party Support Pledged to His Taxation Measures.

TWO UPPER PENINSULA MEN ON THE TICKET.

Robinson of Houghton the Nominee for Second Place and Oren of the "Soo" for Attorney General--Shelden Delegation from Marquette Seated.

Governor—Hazen S. Pingree of Detroit.
Lieutenant Governor—O. W. Robinson of Houghton.
Secretary of State—J. S. Stearns of Ludington.
Auditor General—Roscoe D. Rix of Berrien Springs.
Attorney General—Horace M. Oren, Sault Ste. Marie.
Treasurer—George A. Steele of St. Johns.
Commissioner of Land Office—William A. French of Presque Isle.
Superintendent of Public Instruction—Jason E. Hammond of Hillsdale.
Regents of State University—Ell R. Sutton of Detroit and J. Byron Judkins of Grand Rapids.
Members of State Board of Education—Professor E. F. Johnson of Ann Arbor and F. A. Platt of Flint.

Detroit, Sept. 21.—Governor Pingree was renominated by acclamation this afternoon by the Republican state convention. His reform ideas and efforts towards regulating the alleged inequalities in taxation were heartily commended in the platform adopted, and many members of his party who heretofore had not been in accord with the governor joined in cheering when he appeared and made a characteristic speech of acceptances. The convention also unanimously elected General Arthur F. Marsh of Allegan, the Pingree candidate, chairman of the state central committee.

The convention was called to order at noon. After a speech by Temporary Chairman Grant Fellows of Hudson an adjournment was taken until 2 o'clock.

VICTORY FOR SHELLEN.

The contest between the so-called Shelden and Stephenson sets of delegates from Marquette county occupied the committee on credentials most of the afternoon. Meanwhile the convention and the crowd of spectators in the galleries listened to addresses by Webster Davis, assistant secretary of the interior, Congressman O'Donnell, who was to have been Pingree's opponent but had withdrawn, and others. It was late in the day before the credentials committee reported in favor of the Shelden delegates. The report was adopted after a sharp fight.

E. O. Grosvenor, state dairy and food commissioner, a Pingree appointee, was made permanent chairman. The Pingree men largely outnumbered the others on the resolutions committee. When the resolutions were reported to the convention they were unanimously adopted without debate, in part, as follows:

MCKINLEY, ALGER AND GOLD.

"We endorse the present national administration, and express confidence in the honesty, integrity and patriotism of Mr. McKinley. During the trying times that culminated in the war with Spain, he displayed rare ability and discretion until the final cessation of hostilities, which we hope will speedily result in permanent peace.

"We endorse our honored secretary of war and commend his conscientious, patriotic and unselfish devotion to the honor of the nation and the welfare of the army. We denounce the unjust attacks made on him and offer him our undivided support and confidence.

"We re-affirm the principles of the St. Louis platform and pledge them our support as a sure guarantee of national prosperity and honor. We stand upon the existing gold standard and condemn the proposition to admit silver to free and unlimited coinage at the ratio of 16 to 1 by this country alone."

ATKINSON BILL ENDORSED.

The platform congratulates the country upon the returning of prosperity under Republican rule and the operation of the Dingley law; offers honor and devotion to the volunteers from Michigan in the war; congratulates the nation upon its land and sea victories; leaves the future destiny of the peoples over whom the nation has gained control through the war confidently in the hands of the properly delegated authority.

The administration of Governor Pingree is endorsed by the platform, which commends, especially, his care and energy in equipping and caring for the interests of the troops and their families. A state immigration bureau is urged to be established for the purpose of permitting the development of unoccupied lands.

The paragraph concerning state taxation, in part, says:

We favor the immediate repeal of the tax upon the gross earnings of railroad, telegraph and express companies. We endorse the principles of the Atkinson railroad taxation bill and pledge the support of the Republican party thereto. We favor also the re-adjustment of the assessment laws of this state, so that all taxable property shall be placed upon the assessment rolls at all values and be taxed equally with all other taxable property in the state."

FIGHT ON SENATE PRESIDENT.

Pingree was placed in nomination by Charles Flowers of Detroit. The nomination was quickly made unanimous by acclamation.

For lieutenant governor, O. W. Robinson of Houghton, an ardent Pingree state senator, was nominated after a close contest with Gerret J. Diekema, ex-speaker of the house of representatives.

In his speech of acceptance, Governor Pingree announced that he was "just the same old bald-headed Pingree I was two years ago; the kind of a Republican that believes in principle before party." He believed, however, the Republican party was the party of the common people, and that was why he had always been in it. Somebody must stand up and see that there is fair play, and the governor said it was easy, in fact, down-hill work for him to do it. If anybody, even the best Republican, was found getting out of paying taxes, he would go for him. He simply could not help it.

RAILROADS WILL CATCH IT.

The Atkinson bill, which was so strongly endorsed by the convention, changes the present manner of taxing railroads, express companies, and the like, by which they pay a part of their gross earnings into the school fund, into a plan whereby their properties shall be taxed the same as that of other people, and distributed for local and state uses. It is estimated the change would make a difference in the tax bill of the Michigan Central road alone of \$3,000,000 a year.

BRYAN OFF FOR WASHINGTON.

GOES TO PERSONALLY REQUEST DISCHARGE OF HIS REGIMENT.

Kansas City, Sept. 21.—A special dispatch today to The Star from Jacksonville, Fla., says:

"Colonel W. J. Bryan left last night for Washington, having secured a leave of absence from General Lee yesterday. He will arrive in Washington tonight, and expects to meet Governor Holcomb of Nebraska there. The two will see President McKinley and make a final effort to have the Third Nebraska mustered out. Colonel Bryan informed The Star that he had received a positive telegram from Washington, stating that as some of the Nebraska troops had been ordered mustered out, the Third would be retained until another general reduction was made in the volunteer army, something not likely to occur soon. The colonel expects to be back at Jacksonville in time to be present Sunday during the visit of Secretary Alger."

HE REACHES THE CAPITAL.

Washington, Sept. 21.—Colonel William Jennings Bryan, of the Third Nebraska Volunteers, reached Washington tonight from Jacksonville. Colonel Bryan's uniform looked as immaculate as if he had just stepped from a tailor's establishment.

"Colonel Bryan, Jacksonville dispatches state that you are likely to resign your commission?" was suggested to him.

"Really, I cannot discuss that matter now," he replied. Mr. Bryan was then asked whether it was the intention of himself and Governor Holcomb to make an effort to have the Third Nebraska mustered out of the service, but he declined to say what his mission here was. He intimated he might have something to say before he returned to Jacksonville. It is known that an effort will be made to get the war department to muster out the Third, and an appeal may be made directly to the president. It is the expectation of Colonel Bryan that he and Governor Holcomb will make their application tomorrow. In the event of its not being complied with, it is thought to be likely Colonel Bryan may resign his army commission.

COM. WATSON COMING HOME.

CAPT. GOODRICH LEFT IN NAVAL COMMAND AT SANTIAGO.

Washington, Sept. 21.—The navy department has been informed by Captain Goodrich of the Newark, at Guantanamo,

that Commodore Watson sailed yesterday for New York, turning over the command of the naval ships on the station to Captain Goodrich.

PROUD OF THE ROUGH RIDERS.

PRESIDENT THANKS REGIMENT FOR ITS GALLANT SERVICES.

Washington, Sept. 21.—President McKinley today informally received a delegation of about a dozen members of Roosevelt's Rough Rider regiment. The majority of the delegation are from New Mexico, enroute home. Each of the callers was presented individually to the president, who, after greeting them personally, talked with them in an informal manner.

Mr. McKinley spoke with evident enthusiasm of the work of the regiment in the Santiago campaign, saying he was pleased to have the opportunity on his own behalf and on behalf of the country at large to thank the regiment, through the present delegation, for the work it had done.

"Your record is one," he said, "of which the entire nation is proud. I tell the people who talk with me about the Rough Riders that you left the boats in squads of twenty or thirty, inquiring the way to Santiago, and hardly stopped until you arrived there. You have not only done well," he said, "but I have no doubt but that you would be all willing to again serve your country in an emergency."

The response was that they would be to a man. "We want our colonel to raise a brigade, instead of a regiment, the next time," said one of the younger members of the company.

VATICAN ASKS PROTECTION.

FILIPINOS ALLEGED TO BE ILL-TREATING CAPTURED PRIESTS.

Washington, Sept. 21.—Monsignor Martinelli, apostolic delegate in Washington, received a cablegram from Cardinal Rampolla, secretary of the vatican, informing him that the Bishop of New Segovia, Philippine islands, and several Catholic priests had been arrested by the insurgents and imprisoned and were being brutally treated by their captors. Cardinal Rampolla directed Mr. Martinelli to lay the case before the war department, with a request that some action, if possible, be taken to protect the prisoners from harm.

Mr. Martinelli presented the facts as communicated to him to the acting secretary of war, Mr. Melklejohn, and urged the department to communicate with General Otis, in command of the American forces at Manila, with a view of affording relief to the captured priests.

In compliance with the request, General Otis was cabled the situation of the priests and asked to protect them from bad treatment, if they were within his jurisdiction. In reply, General Otis cabled the war department today as follows: "I believe the reports of the extent of the brutality to Spanish priests exaggerated. Will send an officer to investigate, which will require several days. The New Segovia bishopric is one hundred miles distant." The information contained in General Otis' dispatch was communicated to Mr. Martinelli.

CERVERA REACHES SPAIN.

ARRIVAL AT SANTANDER OF THE LATE NAVAL PRISONERS.

Santander, Sept. 21.—The Anchor line steamer City of Rome, chartered by Admiral Cervera to transport to Spain the Spanish sailors captured at the battle of Santiago, who recently were released by the United States authorities, arrived today from Portsmouth, N. H., whence she sailed Sept. 12.

Later Admiral Cervera came ashore and dispatched a telegram to the queen regent, after which he started on his way to the capital.

INSULTS FOR TORAL.

Madrid, Sept. 21.—When the train conveying General Toral arrived at the station at Bojar, the crowd which had gathered insisted that the general should show himself. Upon his doing so, the gathering loaded him with insults. General Toral, who is sick with fever, uttered a few excuses and beat a retreat, in order to avoid being struck.

Admiral Cervera, while at Santander, in thanking the authorities for coming on board the steamer to receive him, dwelt with bitterness upon the situation of the marines and sailors, who, upon returning after doing their duty quietly, find such an unjust atmosphere of public opinion. There were two hundred cases of sickness among the passengers on the City of Rome.

SHAFTER THE IDOL.

WARM WELCOME TO THE GENERAL IN LOWER MICHIGAN.

Detroit, Sept. 21.—Specials from several towns on the Lake Shore railroad say that Major General Shafter, who is on his way to Canastota, Mich., to attend a re-union of his old regiment—the Nineteenth Michigan—is receiving ovations from the citizens. At Hudson, the car which General Shafter occupied was filled almost to suffocation by a crowd of citizens, anxious to shake hands with the general. So large was the crowd that a number were unable to get off the train and were carried to the next station.

MONTEJO IN DISGRACE.

ADMIRAL WHOM DEWEY DEFEATED SUSPENDED FROM RANK.

Madrid, Sept. 21.—The queen regent today signed a decree suspending Admiral Montejó, and granting pardon to convicts who fought as volunteers in the war with the United States.

PROBABLE CASH FOR SPAIN.

ROTHSCHILD'S MAY LOAN BEVERLY MILLIONS ON SECURITY.

London, Sept. 21.—The Daily Mail says that the Rothschilds will loan Spain four or five million pounds on security of the Almaden quicksilver mines when the treaty of peace is signed.

DAILY MINING JOURNAL, A Morning Paper Published by the Mining Journal Co. (Limited.)

Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to Upper Peninsula interests.

SUBSCRIPTION RATES: Per month, by carrier.....\$ 20 Per year, by mail.....\$ 200

MARQUETTE, MICH., SEPT. 22.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

ITS SIGNIFICANCE.

The action of the Republican state convention at Detroit yesterday in seating the Sheldon delegation from this county is the best answer that could possibly be made to the charge that the Sheldon delegation from Marquette county in the congressional convention for this district was not entitled to seats or a vote in that convention.

The delegation admitted to seats in the state convention yesterday was chosen by the same county convention that selected the congressional delegation, and also the delegation which represented this county in the senatorial convention, and which was also seated in that convention by a vote of the uncontested delegations from the other three counties embraced in the senate district.

The state convention having affirmed the regularity of the county convention organized by the supporters of Mr. Sheldon, following the similar action by the senatorial convention for this district, there is really nothing left for Mr. Stephenson to do but to gracefully accept the decision against him thus indirectly rendered and concede the regularity and binding force on the Republicans of the district of Mr. Sheldon's nomination.

A NEWSPAPER VOTE.

The "Literary Digest" has been taking a postal card vote of the leading newspapers of the country on the question of our policy in regard to the Philippines. Up to last week 192 papers had been heard from. Of these eighty-four express a preference for the retention by our government of the whole group of the Philippines, sixty-three favor merely the retention of a naval station, and the rest are mostly divided in opinion as to the merits of an American protectorate or a joint protectorate.

The policy of a joint protectorate or the sale of the islands to Spain, the question then lies between the retention of the whole or merely a part. It will be noted that the majority of the people of this country would not tolerate any partnership with any other country in the government of the islands; and we could not sell the islands to any one country without plunging into trouble with other countries, and very probably bringing on a general war.

If we also bear the alternative of the return of the islands to Spain, the question then lies between the retention of the whole or merely a part. It will be noted that the majority of strong sentiment is in favor of the United States retaining the whole archipelago. Of the others, those who favor an American protectorate are virtually in favor of American control. That would mean the ultimate absorption of the islands.

Thus it will be seen that the preponderating sentiment, as expressed by the leading newspapers of the country, is in favor of American control of the Philippines in one form or another. It may be argued that the newspapers do not accurately express public sentiment, but they come as near doing so as anything short of an actual plebiscite could. If the poll is carried further, we believe the expression in favor of American retention will become stronger, as sentiment in that direction is growing rapidly.

WHAT TO DO WITH CUBA.

If the Cuban insurgents should prefer a government composed largely of the Spanish element of the island's population to one set up by the United States, it is not clear that we can deny them the privilege of experimenting with such a government, though it is as certain as anything in the future can be that it would no sooner be established than the revolutionists there who were in arms against the rule of Spain would be plotting for its overthrow.

We gave out that we were not seeking the conquest of Cuba when we declared war against Spain on account of that troublesome island; that our object was to free it from Spanish oppression, and

that when the Spaniards were driven out we should allow the people of Cuba to decide for themselves what form of government they would live under, and to select the men who would have charge of its administration. By that assurance we are bound. It follows that if the Cuban insurgents and the pro-Spanish element there unite in declaring that they want independence under a system of government they have mutually agreed on, there is nothing left for us to do but to let them go ahead and organize a government of their own. The lately antagonistic elements of Cuba's population may be merely getting together in pursuance of a mutually understood scheme to get us out of the island, each hoping to subsequently unseat the other and obtain absolute ascendancy, but we cannot prove that. Nor can we afford to risk laying ourselves open to the suspicion of having been insincere in declaring that our purpose was not conquest with a view to territorial aggrandizement when we undertook to force Spain to relinquish control of Cuba, as we would surely do if we continued to retain control of the island in the face of the declared desire of its people for independence under a government of their own, in the conduct of which all classes among them would participate.

But it is certain that if we withdraw from Cuba and its people establish a government of their own, the late insurgents and the Spaniards there who stood by their countrymen in the endeavor to maintain Spanish domination of the island will soon be by the ears, and we will have to step in later to restore order. Ultimately Cuba must be under the governmental control of the United States, for its people are utterly incapable of self-government at present, and the character of its population will have to undergo a very great change before they will be competent to set up and maintain a stable government.

The problem put before us by the situation in Cuba is a puzzling one, but time will do much toward simplifying it. Whatever that may lead to, however, we owe it to ourselves to keep our reputation for sincerity and honesty clear before the whole world, and to make good the pledge we gave when we went to war with Spain for the avowed purpose of giving the people of Cuba independence, and with no intention of securing for ourselves control of the island, or a voice in its government.

A Porto Rico correspondent of the Boston Journal says the Porto Ricans are too poor to become very valuable customers for United States merchants and manufacturers for some time to come. There may be a million people in the island, but the women do not wear many dry goods as the women of one long street in Boston. The costume of a woman of the poorer class consists of one or more pieces of cotton cloth, the whole of which will not cost more than 15 cents in American money. "Only a visit here," he adds, "can familiarize an inhabitant of the United States with what absolute poverty is. Families of six or eight live here in huts too decayed to be good for kindling wood, without a strip of clothing or a household utensil that would bring 5 cents in a pawn shop." To this condition has Spanish rule reduced the bulk of the population of one of the richest islands in the world in natural resources. We imagine that after a few years of American rule the people of Porto Rico will be in a better condition to become good customers.

Senator Kyle of South Dakota is said to have decided to work with the Republicans hereafter. He will not be much of an acquisition save in the respect of giving that party one more vote in the senate of the United States, for he is a man of small power intellectually, and though an ex-minister, about as tricky a politician as the country can produce. Kyle was first elected to the senate from South Dakota, as the candidate of the Farmers' Alliance, and owed his subsequent election to the Populists and Republican bosses of his state, under an agreement with the latter which he is now carrying out. He suffered a stroke of apoplexy while at Cleveland to confer with Senator Hanna recently, but it wouldn't be a safe presumption that remorse of conscience for his political treachery had anything to do with his physical collapse. Kyle hasn't any more conscience than a bed bug.

It is said that the Spanish government will not allow any demonstration, hostile or otherwise, when Admiral Cervera arrives home. The government has pretty much all the say in Spain, the people of that country existing merely to be governed, apparently. Why don't they spunk up and insist on taking things in their own hands? They couldn't make a worse batch of it than their rulers have, judging from the result of the war between that country and the United States.

Representative Bailey of Texas, leader of the Democratic minority in the house, says the issue of war bonds was unnecessary, and that we could have raised the money needed to carry on the war without going in debt for it. We are raising some of it by taxation and those who have to pay the taxes are quite unanimously of the opinion that quite enough of it is being raised in that way. Mr. Bailey will hardly find opposition to the issue of war bonds good material for

a plank in the platform of his party in the coming elections. Besides, he is crying out against it at a rather late hour. The bonds have been issued and will have to be paid, and as they sold pretty well we do not see that there is much ground for fault-finding on that score.

And the saddest thing about it is that George Newett didn't have a chance to vote for Pingree, after having gone all the way down to Detroit to discharge that debt of gratitude. Still, he may be able to convince the governor about the time he comes up for another term as commissioner of mineral statistics that he was on the Sheldon side in the congressional fight and was a member of the delegation from this county that was given seats in the state convention yesterday. Newett has a most convincing and persuasive way about him when he is after an office.

Now if Farmer Stephenson will send along that tub of "axle grease" The Mining Journal will call everything square and we'll all take a fresh start. The stuff will come handy for use in lubricating our presses.

There must have been a preponderance of Democrats in that convention at Detroit yesterday, if its action on the contest between the Sheldon and Stephenson delegations from this county is a criterion.

Isn't it pretty near time for Sam to again quit building churches?

TEDDY AND HIS MEN.

How They Behaved Themselves at Camp Wikoff.

There was a thunder of hoofs along the level behind Newspaper Row like the sound of a stampede. Everybody ran out and beheld Colonel Theodore Roosevelt on his big horse tearing across the plain at top speed, with a squad of rough riders in hot pursuit some five yards behind. He did not look like the quiet and scholarly gentleman who used to sit in the president's office at police headquarters and bare his teeth at aspiring politicians, though it may be said right here that the colonel must have hung to his toothbrush all through the campaign, for he has the same dental gleam as of yore. He was leaning forward in his saddle, his eyes shining, his hat jammed down on his head, his stocky, supple body giving easily to every motion of the powerful animal he rode. He plowed through a marsh, lifted his mount over a gully in a flying leap, sped over the weedy stretch beyond, plunged down five feet to the sand beach, and pulled up close to the water's edge with his men still behind him. Three minutes later the head of Colonel Roosevelt could be seen bobbing just outside the line of breakers with a few of the more daring swimmers among the men near by. Presently a large and somewhat premature wave broke out beyond the line, caught the cavalry leader unawares, and he disappeared from the scene of action in a swirl of seething water, to reappear a second later a rod in, spluttering and laughing.

"Phew! That makes a man feel alive," he said as he trotted out of the water and dried himself. A few minutes afterward he was again leading his squad in a race across the landscape.—New York Sun.

THE SURE LA GRIPPE CURED.—There is no use suffering from this dreadful malady, if you will only get the right remedy. You are having pain all through your body, your liver is out of order, have no appetite, no life or ambition, have a bad cold, in fact are completely used up. Electric Bitters is the only remedy that will give you prompt and sure relief. They act directly on your Liver, Stomach and Kidneys, tone up the whole system and make you feel like a new being. They are guaranteed to cure or price refunded. For sale at the Stafford Drug company, only 50 cents per bottle.

Don't let the little ones suffer from eczema or other torturing skin diseases. No need for it. Doan's Ointment cures. Can't harm the most delicate skin. At any drug store, 50 cents.

Consumption Cure—Warner's White Wine of Tar Syrup, the best cough remedy on earth, cures a cold in one day if taken in time. 25 and 50c

WHY USE

POND'S EXTRACT OINTMENT IS UNEQUALLED FOR PILES.

Pond's Extract Why not something else? Because

Dr. J. J. THOMAS says: "It is incomparably superior to any extract of Hamamelis I have ever used." Dr. O. G. RANDALL says: "Nothing can equal Pond's Extract. I have tested others, and yours is four times as strong as the best." Dr. J. C. MITCHELL says: "Pond's Extract of Hamamelis Virginia is the only reliable article I have found." Dr. H. K. WEILER says: "The difference between Pond's Extract and so-called Witch Hazel is the difference between a cent and a dollar." Dr. H. F. MERRILL says: "It is far superior to any I have used in strength and purity." Dr. R. J. HARRISON says: "I have never found any extract equal to Pond's." Dr. POWELL says: "Hereafter I shall use no other than Pond's Extract." And numerous others of similar purport.

And that's why.

\$100,000 WORTH OF EXPERIENCE FOR 50c.

However shrewd a man is, others experience can often guide him, for however conservative a man may be, he can often be defrauded by his own conceit. Learn to be wise before investing your money.

SEND FOR AN INVESTORS GUIDE.

Published expressly to expose the many frauds and mysteries of mercantile business. Showing how stock of different incorporations is watered and the innocent are made to believe it a big investment. Showing how business chancemongers try to show you a first class investment. Showing how many insurance agents are accepting your money for worthless insurance. Issuing policies for companies that have no legal right to do business in the state. Showing how many benefit and accident associations are collecting monthly dues. When if anything should occur you will have to have a law suit before you can get your money. This 50 cents may be the means of saving you considerable money some time in life. It is much better to know how easily you can be defrauded. Than to wait until you are defrauded.

SEND FOR A GUIDE AND SAVE THE EXPENSE OF AN ATTORNEY.

After you have been induced to invest your money in some Fly By Night Scheme. PINGREE'S INVESTORS GUIDE CO., 206 Jefferson Ave. Detroit, Mich. (9-19-14)

Death's Betrothal.

A few years ago a New York newspaper conducted an open discussion upon the topic: "Is Marriage a Failure?" The answer is easy and upon the surface. Where there is mutual love and respect, if there is also health, marriage is a success. When health is left out, even the most ardent love does not count, and marriage is invariably a failure.

Modern science has cried the warning so often that all should realize the dangers of wedlock to people in ill-health. In a case of this kind death lurks on every side—in the kiss of betrothal and the caress of the honeymoon. The man who is suffering from ill-health is a physical bankrupt, and has no right to condemn a woman to be his nurse for life and the mother of babes that inherit his physical weakness. Dr. Pierce's Golden Medical Discovery acts directly on the digestive organism. It makes it strong and its action perfect. When a man's digestion is all right his blood will be pure; when his blood is pure his nervous system will be strong and his health vigorous.

A woman who suffers from weakness and disease of the delicate organism of her sex is certain to suffer from general ill-health, and to be an unhappy, helpless invalid and a disappointment as a wife. Her children will be weak, puny and peevish. A happy home is an impossibility for her until her health is restored. Dr. Pierce's Favorite Prescription cures all troubles of the distinctly feminine organism. It cures them speedily, completely and permanently. It is for wifehood and motherhood. Both medicines are sold by all good dealers.

Copper Country Department. RACE IS FOR \$500. SPRINT, SATURDAY, BETWEEN DOOLEY AND GORDON PROMISES EXCITING SPORT. No end of interest is being manifested in the foot race announced to take place at Athletic Park, at Calumet, Saturday evening between Martin Dooley, this county's crack runner, and a sprinter named Gordon, who is backed by Ed Nichols of Nestor. The match is for \$500, and the final deposit is to be made today. This is probably the largest stake ever put up on a foot race in the peninsula, and it is nothing to what will change hands on the result. But little is known locally of Gordon, but if he wins it will be strictly on his merits and ability to cover the hundred yards faster than it was ever done in this section. Mr. Dooley thinks more of his excellent reputation than to do anything but his very best; he has always done this, and, with his backer, is ready to meet any sprinter looking for a match. A small admission fee will be charged, and as Dooley brought the greatest honor to Calumet during the tournament his friends should turn out in such numbers as to fill the park and cheer him across the final line.

NEW MILLINERY FIRM. An important business transfer took place at Houghton yesterday morning, when the millinery importation conducted the past two years by Mrs. T. F. Donahoe passed into the control of Miss Minnie Sullivan of Houghton and Miss Emma Berg of Chicago. Both young ladies are well and most favorably known at Portage Lake, and with their thorough knowledge of the millinery art their new venture is certain to become a success. Miss Sullivan is at present arranging for the fall opening, while her new business associate is selecting a complete new stock of the latest styles in headgear from the leading Chicago and eastern wholesale houses. Miss Berg will arrive at Houghton tomorrow to aid in preparing for the opening of fall styles, which will take place Thursday, Friday and Saturday, Sept. 29 and 30 and Oct. 1. The young ladies will commence from the start with a stock surpassing anything ever brought to the county, and they guarantee the prices will be as low as the lowest. The ladies of Portage Lake are extended a cordial invitation to attend the fall opening and examine the new stock and latest styles, regardless of their desire to make purchases.

RIGHT IN DULUTH'S MIT. A large number of copper country people took advantage of the cheap excursion to Duluth and Superior leaving Calumet Tuesday evening. The interest at the head of the lakes have every reason to rejoice at the completion of the Fosston branch of the Great Northern line, as it gives Duluth and Superior a line to the wheat fields of the Red River valley that is eighty miles shorter than that from Minneapolis to the wheat center. Duluth and Superior millers will insist, and with every right, for a lower rate on wheat than is now in effect from the wheat fields to Minneapolis, and added to this they have the advantage over the Minneapolis millers, inasmuch as the latter have the additional freights to pay to Duluth for lake shipments east and for export. The local rate from Minneapolis to Duluth on flour is 15 cents a barrel, so it will be seen that the flour mills at the head of the lakes will give Pillsbury and Washburn the warmest kind of competition henceforth.

PRIVATE MORRISON HOME. Private John Morrison of Company F arrived home from New York, where he had been confined to a hospital, Tuesday afternoon and was met at the depot at Hancock by a number of friends, who expressed the deepest sorrow at his condition. Mr. Morrison's condition is certainly very bad. He was a robust young man, considerable of an athlete, and of strong build, but it seemed like an effort for him to walk from the cars to the carriage that his father had in waiting. Private McDonald of this company is also enduring a hard siege of sickness, with little if any improvement noted. Captain Millar is reported as getting along nicely.

BANQUET FOR SOLDIERS. The Lake Linden members of Companies F and D will be banqueted next Sunday evening by St. Joseph's court, No. 351, C. O. F. The literary and musical program prepared for the occasion is an excellent one and those invited to attend should avail themselves of the opportunity.

"A BREEZY TIME." Fitz and Webster in "A Breezy Time" will be the attraction at the Army Opera House, Houghton, this (Thursday) evening. A flash, and a crash, a whirl and a swim, an electric magnetic, systematic combine of grotesque, eccentric and pretty figures extolling a veritable cyclone of fresh, breezy acts and tuneful melodies loaded with the distilled essence of parody and fun. That's "A Breezy Time" to a dot. How the two clever comiques, Miss Webster and Mr. Fitz, ever succeeded in gathering such a quantity of clever materials and so many bright ideas for an evening's entertainment is a pleasant surprise to the most habitual theater-goer. No hitch of break, wait or delay mars the continuous charge of action.

SHOT IN THE FOOT. While out hunting Monday afternoon, Eli Jackola of Calumet met with an ugly accident. He was forcing a cartridge into his rifle when the gun accidentally discharged, the bullet passing through his foot at the instep. Jackola was conveyed to his home, where Dr. Soren dressed the injured member.

TAKE ONLY the best when you need a medicine. Hood's Sarsaparilla is the best blood purifier, nerve and stomach tonic. Get HOOD'S. To Cure a Cold in One Day. Take Warner's White Wine of Tar Syrup, the best cough remedy on earth. 25 and 50 cents.

ABORIGINAL "ROUGH RIDER." Astonishing Feats of Cherokee Bill With His Rifle. In the Second troop of rough riders, which is now at Montauk Point, a picturesque and notable character is "Cherokee Bill," who, as his name indicates, hails from the Indian territory, and belongs to its once powerful tribe of redskin warriors. Were it not for his high cheekbones and bronze complexion he would pass muster for a tall and muscular New Englander. But the Indian origin of Cherokee Bill is unmistakable. Like all Indians, Bill rides his horse as though he and the animal were one, and his skill with rifle and revolver is a constant source of wonder and delight to his comrades. His feats in marksmanship are the talk of the regiment. Any of his comrades are willing to hold a silver dollar for Bill to shoot from their fingers, or hold pipes in their mouths for him to snuff with a bullet. With his horse at a gallop and hanging on with one knee and a hand he can hit a small target at a hundred feet two out of three times with his revolver. One day some members of his company were firing at a watermelon in a field at a hundred yards, and manifesting pleasure when they hit it, which they did about every other time, Cherokee Bill joined the group, and after looking contemptuously at the shooting for some time, said: "This is what you want to do," and, firing his rifle, he cut the stem almost completely off. Bill has taught his horse all the ordinary tricks that cavalrymen employ, and many others which remind one of the wonderful performances of the western Sioux. He makes his animal lie down and become a pillow for him while he pretends to sleep, and then tells him to be on guard while he remains sleeping. The horse walks off fifty or a hundred feet and plays the part of sentry to perfection. Bill breaks a stick in order to produce the noise made by an enemy creeping upon a man's trail, and the horse reacts immediately and paws his master gently until he is wide awake. While the regiment was in camp at Tampa, Fla., one of the most picturesque sights was to see Cherokee Bill and his horse in swimming together. The dark color of the man's body made him a part of the same hue as his steed. They swam together, and even played together in the water, and did not until the animal was thoroughly tired did it manifest any desire to return to the land. At Fernandina as well as Tampa Cherokee Bill taught his comrades many queer Indian tricks, thereby furnishing an amount of amusement for the soldiers of other regiments. On one occasion he had them all creeping upon a foe in which every one of the party lay flat upon his face and wriggled, wormlike, along the ground. Their dark uniforms, which they wore at the time, the Cuban uniforms not having been furnished, made little contrast with the earth, grass and bushes around, and a person at a hundred yards would never have dreamed that a body of resolute men were stealing silently along. To the spectators it occurred that had Cherokee Bill been a member of the troop that was cut up so badly the story of the fight in which Hamilton Fish lost his life would have been told differently. Instead of marching carelessly, with much laughter and conversation, right into a death-trap, they would have gone forward with Indian cunning and carefulness, to stumble on the ambushed Spaniards and stalk the stalker. What could not a regiment of Cherokee Bills, with their unerring sides, and silent marching, accomplish in a campaign such as that in Cuba? This question the soldiers who saw Bill playing the schoolmaster with his comrades asked each other again and again—Washington Post.

USE OF STRUCTURAL STEEL. The daily press has recently noted the fact that steel is now being used not only in the great business buildings which dot every large city, but it is being put in structures of smaller dimensions. A Philadelphia paper, in a recent issue, stated that there is now in course of construction near that city a splendid opera house, which is remarkable for its size, location and architectural beauty, and especially notable for the fact that it is being built of iron and steel beams, such as are used in the immense business structures of the period. The fact is, structural steel such as beams and angles is already being used in buildings of far less cost than "spliced" or "country" steel. The ordinary stone front found in the residence portion of the average city now requires steel, and the smaller business houses are being constructed largely of that material. Prices of structural steel have been cut down materially within the last few years, consequently its use must extend. As sheet metal has in the construction of factory buildings displaced wood, so will steel beams be used in place of the more cumbersome timber. Moreover, the cost of every kind of steel is dropping, while the present structural shapes of steel were known to the building trade, steel rails were used for beams in many cases. It must be admitted that steel even when unprotected, is as good a fire-resisting material as wood, and steel will each year encroach more and more upon the lumber trade. The time has hardly arrived when it can be used in the construction of small dwellings, but that time is fast approaching, and it is being hurried by the fire regulations in many cities. With improvements in turning out small structural shapes, the use of steel in the construction of small buildings will increase, and the next few years will undoubtedly see important changes in that line.—American Manufacturer.

COPPERDOM BREVITIES. The Democratic caucus for Schoolcraft township is called for tomorrow evening at the Lake Linden Village Hall. E. B. Hinsdale of New York, who is well known in copper mining circles, is enjoying a visit to the copper district. E. S. Gilbert of Chicago arrived at Houghton Monday on a brief visit to his son Sheldon and daughter, Miss Theresa. Mrs. Sarahin Marcotte died Friday at her home at Bootjack at the age of fifty-three years. The funeral was held Monday morning. H. B. Ormby, one of the oldest residents of Portage Lake, died Tuesday morning at the home of his daughter, Mrs. W. S. Cleaves of Ripley, at the age of eighty-nine years and six months. Thomas Carlyne of Atlantic and F. W. Kroll of Houghton returned Monday from a three days hunting trip on the Ontonagon road. They bagged thirty-eight partridges, and Carlyne would probably make a small wager that the record will stand for the season.

SHAWMUT IN NEW HANDS. Another important mining land deal occurred a few days ago in Detroit, when J. F. Hambliter, representing Houghton county parties, secured title to the Shawmut property, comprising 320 acres situated on the South range. The new owners are Joseph Strobel, W. D. Calverly, J. H. Edwards, J. F. Hambliter, Charles Ruelle, Joseph Croze, B. T. Barry, F. M. Sackrider, J. R. Dee, David Haas, J. H. Rice and Johnson Vivian, Jr. This deal has been under way the past six months, and the new owners are firm in the belief that they have come into possession of a valuable property. The land is known and described as the east half of Section 10, Township 52, North of Range 36 West, and embraces eight forties. No plan of action has yet been decided upon by the new owners; they will hold a meeting probably next week, after which exploratory work will likely be started. The Shawmut mine was worked during the fifties but the amount of development was quite limited.

BIG STRIKE AT THE WINONA. Word was brought to Houghton Tuesday afternoon from the Winona, stating that a mass of copper weighing three tons was encountered at No. 2 shaft. The find was a source of general satisfaction, and in the opinion of most people is a fore-runner of much better things. This is larger than any mass secured at the Baltic, and the most reliable information places the showing of the Winona as even better than that at the Baltic for the amount of ground opened.

WANTED—Carpenters, stone masons and quarrymen. Apply at the Arcadian stamp mill, at Grosse Pointe, Arcadian Mining company. (9-21-31)

Impossible to foresee an accident. Not impossible to be prepared for it. Dr. Thomas' Electric Oil. Monarch over pain.

ALGER SCORES COMMANDING OFFICERS.

Declares War Department Not Responsible for the Sickness Among the Soldiers.

NOT FINDING CONDITIONS AT ALL CAMPS SATISFACTORY.

PROMISES THE GUILTY SHALL BE CALLED TO ACCOUNT.

Troops Would Have Been Removed from Chickamauga Park Long Ago Had the Real Situation Been Noted in the Official Reports.

SHAKE-UP IN THE ARMY LIKELY.

Knoxville, Tenn., Sept. 21.—The secretary of war, who today inspected Camp Poland and reviewed the enlisted men, made a speech to the commanding officers at General McKee's headquarters, in which he fixed the blame for the sickness in the different camps throughout the country upon the commanding officers.

ALGER'S ADDRESS.

After the review the secretary, surrounded by officers and the Knoxville citizens' committee, said:

"I came here to visit the camp for the purpose of acquainting myself with the conditions and see for myself just how the troops are faring and hear from the officers any recommendations they may think may benefit the camp.

"I want to say that the war department has been acquainted with the conditions said to have existed at Chickamauga the troops there would have been moved long before they were. We received only good reports at Washington from the commanding officers; it was supposed those outside were exaggerated.

"The commanders of the camps are responsible for the condition of the camps, and if the men are not well cared for, if the hospitals and sanitary conditions are bad, the commanding officer must answer for it.

"The war department has been and is ready to supply the demands of the troops for medicines and sustenance and there is no reason why conditions other than the best possible should exist."

Secretary Alger and party left for Chattanooga at 4 o'clock.

OVATION AT CHATTANOOGA.

Chattanooga, Tenn., Sept. 21.—Secretary Alger and party arrived here tonight from Knoxville. The party was met at the depot by the mayor of the city and a number of citizens and were conducted to the city auditorium, where 3,000 people had gathered to meet and receive them.

Secretary Alger was greeted with most cordial applause. He made a short speech, thanking the people for their courteous reception. He said, with reference to the charges of mismanagement:

"That some mistakes have occurred, I admit; but that the medical department and commissary department and quartermaster department have done their full duty, I affirm."

Secretary Alger's party will spend the day at Chickamauga Park tomorrow, visiting the Leiter and Sternberg hospitals and inspecting the camp sites of the vari-

ous regiments of the Camp Thomas army.

NUMEROUS CHARGES LIKELY.

Lexington, Ky., Sept. 21.—A prominent gentleman close to the general administration, as well as to officers here and at Camp Milton, tonight said:

"The present tour of inspection of southern camps by Secretary Alger, Quartermaster General Ludington and Surgeon General Sternberg will likely develop numerous charges from regimental and general field officers against both the medical and quartermaster's departments, and especially against some commissaries. Some talking was begun here by General Sanger against the medical department and by General Waites against the quartermaster, and it is expected that the officers at these posts will add very materially to this testimony before the tour of inspection is completed."

Secretary Alger stated while here that all the information and all other evidence he could secure would be presented to the investigating commission at Washington.

MAKING UP SPAIN'S CASE.

TREATY AFFAIRS OCCUPYING THE CUBAN COLONIAL CABINET.

Havana, Sept. 21.—Last night the colonial cabinet held a session, presided over by General Blanco, to treat of matters pertaining to the evacuation of the island and examine into and approve of the decisions of the supreme court in answer to questions which will arise at the Paris peace conference.

The colonial government's judgment and opinion will extend to matters of grave import, such as the administration of justice, civil rights, citizenship rights, international regulations, territorial rights, public debt and internal debt of the colony, university and professional liberties, industrial and intellectual rights, liberty of the army, commerce and tariff regulations and other subjects equally vital.

The colonial cabinet has been furnished with a list of the questions which will arise and the answers to be given as decided upon Madrid. Its advice was solicited on these different points, and it is understood the answers are fully approved by it. Important documents will be taken to Paris by Dr. Congosto, secretary general of Cuba, who will sail for Europe, via New York, Saturday next.

SAMPSON IS MUM.

The American commissioners have not yet answered the communication sent them by the Spanish commission regarding the evacuation of the island. Admiral Sampson, when approached on the subject of the date for final evacuation proposed by the Spaniards, and asked whatever or not it was true that objection would be made to the embarkation of the Spanish troops taking until the end of February, and whether a protest or any answer had been made to the note of the Spanish commissioners, replied that he knew nothing about the matter. Such is the reserve with which our commissioners are clothed.

SICK LIST MUCH SMALLER.

GRATIFYING IMPROVEMENT IN ARMY CONDITION AT SANTIAGO.

Washington, Sept. 21.—General Lawton's report tonight indicates a distinct improvement, showing, as it does, that the number of sick has been reduced more than four hundred during the past two days. His dispatch shows:

Sick.....756
Fever cases.....434
New cases.....48
Returned to duty.....35

On death is recorded, that of—
Frederick William, private, Ninth Volunteer Infantry.

MORE NURSES SENT.

The following was received at the war department this evening from Colonel Kimball, depot quartermaster, in New York announcing the sailing today of the transport Berlin for Santiago:

"The steamer Berlin sailed at 4 o'clock with the following on board: Fourteen acting assistant surgeons, two Red Cross nurses, forty-six contract nurses, five enlisted men, two postal clerks and sixteen passengers, on orders from the war department."

REFUSE TO OBEY ORDERS.

INSUBORDINATION IN THE FIFTIETH IOWA VOLUNTEERS.

Des Moines, Sept. 21.—Today Captain Olmstead wired Colonel Lambert to come here Saturday to consult with him on insubordination in the Fiftieth. Two men of the detail left here while the regiment is away on a month's furlough have refused to obey an order to report at the hospital for duty, and but forty-three of the detail of sixty supposed to have been made are in camp.

BURIED AT ARLINGTON.

BODY OF CAPT. CAPRON RESTS IN THE NATIONAL CEMETERY.

Washington, Sept. 21.—The remains of Captain Allyn Capron, one of the notable figures of the Santiago campaign, father of Captain Allyn K. Capron of the Rough Riders, who fell in the first battle of the war, were buried at the Arlington national cemetery today with military honors. The funeral was attended by a large number of prominent army officers, including General Miles and staff.

GEN. GARCIA EXPECTED.

NOTED CUBAN LEADER LIKELY TO VISIT THE UNITED STATES.

Washington, Sept. 21.—It is the expectation of the members of the Cuban delegation here that General Calixto Garcia, second in command of the Cuban forces during the war, will come to this country in the course of the next two weeks, visiting New York, Baltimore and Washington.

MONUMENT TO CHAMPLAIN.

QUEBEC DOES HONOR TO THE "FATHER OF NEW FRANCE."

Quebec, Sept. 21.—The unveiling of the Champlain monument took place this afternoon. The flags of England and France flew from house tops and the streets of the city were thronged with country people from all parts of the province. The monument is fifty feet high and is surmounted by a colossal figure of Champlain, "the father of New France." The governor general of Canada, Pre-

mier Sir Wilfred Laurier, Mgr. Kloczkowski, representing the French republic, and the members of the international high commission were given places of first honor during the ceremonies. This morning the United States cruiser Marblehead arrived and anchored near the three British warships which arrived yesterday. She was given a hearty welcome by the Britishers.

CHEERED OUR MARINES.

To the Americans the most interesting feature of the occasion was the hearty and enthusiastic reception given to Captain McCalla, of the United States cruiser Marblehead, and his marines and sailors. When the marines, with their colors and band, were marched up through the streets and the gate of the old city, it was one continuous chorus of cheers for the men of the Marblehead. At the unveiling ceremonies the Marblehead men were given a position of honor facing the monument, and they had all the time the lion's share of the crowd's attention.

CHICAGO GIRL MURDERED.

DEAD BODY OF JENNIE HICKETT, AGED THIRTEEN, FOUND ON A BREAKWATER—HER ALLEGED SLAYER UNDER ARREST.

Chicago, Sept. 21.—The dead body of Jennie Hickett, a thirteen-year-old school girl, was found on the breakwater at the foot of Thirty-sixth street this morning. She had been murdered, her skull having been beaten in. Although the body was found early in the day it was unidentified until 10 o'clock tonight, when two sisters of the girl found her body in the morgue.

Thomas Rutledge, an expressman, aged nineteen years, was arrested late tonight, and although he denies having known the girl or being in any way concerned in the crime, there is an exceedingly strong case of circumstantial evidence against him.

The girl left her home at 747 Thirty-seventh street early last evening to go to the residence of her aunt, at Thirty-ninth and Dearborn streets. She never reached there and was never seen alive by any of her relations after leaving home. She was, however, seen in company with Rutledge, the two being not far from her aunt's home.

THINK THE MYSTERY SOLVED.

BRIDGEPORT POLICE IDENTIFY THE DISMEMBERED BODY.

Bridgeport, Conn., Sept. 21.—New developments in the Yellow Mill pond mystery were made known today with the announcement of the arrest in Hartford of Walter C. Foster. The police have reached the conclusion that the young woman whose dismembered corpse was found in the pond last week was Emma Gill, daughter of Harry Gill of Southampton. Young Foster is accused of having been an accomplice in the murder of Miss Gill.

THREE SHOT TO DEATH.

DOUBLE MURDER AND SUICIDE AT LA CROSSE, WIS.

La Crosse, Sept. 21.—The decomposed bodies of a man, woman and a child were found this evening on Barron's island, opposite the city. The man's body was that of Nick Stietland, a former employe of the Kroner Hardware company. The woman was Mamie Curamigas, a loose character. The child was about two years old and belonged to the woman. All three were shot to death. There is no question that Stietland killed both the woman and the child and then shot himself.

CHANGE IN M'KINLEY'S PLANS.

NOT COMING WEST UNTIL SECOND WEEK IN OCTOBER.

Washington, Sept. 21.—The president has decided to postpone his departure for the West until the second week in October, giving himself only time to reach Omaha by the 12th. This is a change from the original program, which contemplated an earlier start and a visit at other places before arrival at Omaha. So far the president has only decided to visit Chicago and Omaha.

TOWNS OF AUSTRALIA BEATEN.

W. A. BARRY WINS THE SCULLING CHAMPIONSHIP OF ENGLAND.

London, Sept. 21.—W. A. Barry defeated George Towns of Australia today in the final heat of the races for the sculling championship of England. His time was 23 minutes 23 seconds. Towns held the lead for a mile, but dropped out of the race on the second mile.

FEVER TIES UP RAILROADS.

TEXAS ESTABLISHES A RIGID QUARANTINE AGAINST FREIGHT

New Orleans, Sept. 21.—News reached the Southern Pacific today that as a result of the announcement of four cases of yellow fever here Texas has established an absolute and rigid quarantine against all freight from New Orleans. Both the Southern and Texas Pacific roads are thus tied up.

OBITUARY.

Hartford, Conn., Sept. 21.—Former United States Senator William Eaton died today from a stroke of paralysis, sustained Sunday, aged eighty-two.

Berlin, Sept. 21.—Herr Theodore Fontano, German writer and poet, died today.

BEREAVED PARENTS SEEK REDRESS.

General Otis the Target of a Newly Formed and Unique Organization.

COMPRISES RELATIVES OF SOLDIER DEAD AT SAN FRANCISCO.

MEMBERSHIP CLAIMED TO BE LARGE AND INFLUENTIAL.

Pressure Will Be Brought to Bear on Congress to Prefer Charges Against the Founder of "The Pest Hole Known as Camp Merritt."

BLAME ARMY CHIEF AT MANILA.

Cleveland, Sept. 21.—C. M. Metcalf of this city, whose son, Burton Metcalf, died recently in San Francisco of typhoid pneumonia contracted while at Camp Merritt as a member of the United States regulars, will take steps to have charges preferred against General Otis, now with the American forces in the Philippines.

Metcalf said today: "I am a member of an organization, made up of people all over the country who have lost relatives or friends enlisted in the army in the Philippines. These men died through exposure on the pestilential post known as Camp Merritt. Each member of this organization will bring pressure to bear on their congressmen to have charges preferred against General Otis, who located the camp where it was. The organization is a large and influential one, and I believe it will be able to accomplish the object for which it was formed."

Mr. Metcalf recently returned from San Francisco, where he went to bring home the remains of his son.

SAILORS FOR DEWEY'S FLEET.

400 ORDERED SENT TO RELIEVE MEN WHOSE TERMS ARE ENDED.

Washington, Sept. 21.—The navy department today ordered four hundred sailors sent to Admiral Dewey's squadron at Manila. The men will be sent from San Francisco on a merchant steamer. Most of the men will be gathered from the Pacific coast, but orders were given to Lieutenant Commander Vail, in charge of the permanent naval recruiting station in Chicago, to recruit 110 of the sailors there. The men are to take the place of sailors whose terms of service have expired.

General Miller, who is in command at San Francisco, will command the army reinforcements ordered to Manila. Batteries A and D of the California Heavy artillery will go with the expedition.

AUGUSTI IN HOME LAND.

Madrid, Sept. 21.—General Augusti, former captain general of the Philippine islands, arrived today at Victoria, capital of the Spanish province of Alava. The general admitted that he contemplated surrendering before the capitulation had actually taken place.

COL. HENRY ASSASSINATED

LONDON NEWSPAPER INTIMATES THE DEATH OF THE DREYFUS CASE FORGER WAS NOT DUE TO SUICIDE.

London, Sept. 21.—The Daily News says it has heard from a good source that the Italian ambassador at Paris obtained assurances from the government in January that Colonel Henry's forgery should be withheld from publication, but the newspapers, getting hold of the documents, M. Cavaignac, then minister for war, was then confronted with the choice of either exposing Colonel Henry or having the matter exposed from the outside. The paper also says it is alleged that no razor was found in the prison cell after Colonel Henry had committed suicide, and it is suggested that he was assassinated.

DREYFUSITES GLOOMY.

Paris, Sept. 21.—The air tonight is full of rumors of sensational developments. Among other things, it is announced that Colonel Fiquart was already in the Cherche Mid prison. It appears, however, that the authorities of La Sante prison refused to deliver him up in the absence of the necessary formalities, but there is no doubt he will be in Cherche Mid prison tomorrow. The Dreyfusites are somewhat despondent, the military authorities who are responsible for shelving Fiquart having apparently regained the upper hand, and it is feared the colonel will be kept in prison and his trial finally postponed in order to keep his mouth shut.

EXAMINING THE DOCUMENTS.

Paris, Sept. 21.—The commission appointed by the minister for justice, M. Sarrien, to examine the documents in the Dreyfus case, met this afternoon. The greatest precautions were taken to insure secrecy. It is understood that the commission will come to a decision by Monday.

OPERATORS TURNED IT DOWN.

FAIR OFFER BY THE STRIKING ILLINOIS MINERS REFUSED.

Pana, Ills., Sept. 21.—Today President Hunter made a proposition, on behalf of the Pana miners, to Operators George V. Penwell, D. J. Overholt and Julius Broehl, of the three mines, offering to submit the mining trouble under controversy to a disinterested board of three persons, the decision decided upon by the said board to be a binding obligation on the part of the miners of Pana.

Under this agreement, the officials of the United Mine Workers of Illinois agree to furnish satisfactory bond for the

fulfillment of the agreement; and also request a similar bond on the part of the operators and owners of the several mines of Pana. The officials of the United Mine Workers of Illinois further agree that there shall be no cessation of work on the part of the miners until the expiration of the fiscal year, April 1, 1899.

Penwell refused to consider the offer, but Overholt and Broehl said: "We will think the proposition over."

ABSORBED BY THE TRUST.

BROWN'S TOBACCO PLANT AT ST. LOUIS SOLD FOR \$1,250,000.

St. Louis, Sept. 21.—J. B. Duke, president of the American Tobacco company, today consummated a deal whereby his company comes into the possession of the Brown Tobacco company's plant. He paid a million and a quarter dollars for the property and took possession at once.

Paul Brown, president of the company bearing his name, has been retained to act as general manager of the business in this city for the American Tobacco company.

President Duke said: "There is some talk that the American Tobacco company would manufacture cigarettes in St. Louis if it could get possession of a plant here. This is not our intention at all; no change will be made in the Brown plant."

GERMAN PLOT NIPPED.

PRESENCE OF A BRITISH GUNBOAT SPOILED A SCHEME TO GOBBLE SAMOA—QUEER POLICY OF THE KAISER'S AGENTS.

San Francisco, Sept. 21.—The steamship Alameda, from Sydney, via Auckland and Honolulu, today brought further particulars concerning the death of King Malletto. The king's death was due to typhoid fever. He died Aug. 22 and was buried the 24th. A large number of natives and whites attended the obsequies.

SAYS TROUBLE IS FEARED.

Speaking of Samoan affairs today, Purser Smith of the Alameda said: "Trouble is expected there. The Germans are bringing back to the island in a man-of-war King Matafa, who was deported by the powers some years ago to Union (Tokeoly) island, to the northwest of Samoa, owing to his presence in Samoa being a disturbing political element. The English have a gunboat there—the Ringdove.

The British, American and German consuls, chief justices and the president of the municipal council of Apia have formed themselves into board of control pending the selection of a successor to King Malletto of the Samoan group. Matafa is popular in Samoa and no doubt a large section of the people would be in favor of his appointment as king.

SEVERAL KINGLY CANDIDATES.

"There are several opposing sections among the Samoan natives, one of the largest being headed by Tamasese, and it is said each party has a nominee for the kingship. In view of the conflicting opinions, it will be seen that the position of affairs in Samoa may again become very serious, and an active war may be likely as not result between the rival parties."

SILVERITES ROUTED.

GOLD DEMOCRATS GAIN THE UPPER HAND IN CONNECTICUT.

Bridgeport, Conn., Sept. 21.—The Democratic state convention tonight nominated the following ticket:

Governor—Daniel Nash Morgan of Bridgeport.
Lieutenant Governor—Samuel Bassett of New Britain.
State Secretary—Joseph T. Fanning of Norwich.

Treasurer—Asa M. Ross of Thompson.
Comptroller—Edward S. Roberts of Canaan.
Attorney General—Levin N. Blydenburg of New Haven.

The gold faction completed routed the silver element by securing the adoption of a platform which totally eliminated the re-affirmation of the Chicago platform and obtaining control of the state organization in the personnel of the state central committee.

WASHINGTON REPUBLICANS.

Tacoma, Wash., Sept. 21.—The Republican state convention met here today. The following nominations were made:

Congressmen-at-Large—W. L. Jones of Yakima and W. J. Sherman of Tacoma.
Judges of Supreme Court—Mark A. Fullerton of Colfax and T. J. Anders of Walla Walla.

The platform adopted contains the following planks: "We endorse the conduct and administration of President McKinley relating to the measures and events which have led to the war with Spain and the conduct of the war throughout, and are now in favor of retaining all the conquered territory.

"We favor the existing gold standard, and oppose the free and unlimited coinage of silver."

The early completion of the Nicaraguan canal, a national system of irrigation and the establishment of postal savings banks are among the recommendations.

POLITICS IN MONTANA.

Anaconda, Mont., Sept. 21.—The Democratic and Populist and the Silver Republican parties met here today. In each case the issue is fusion or no fusion. Only judges and clerks of the supreme court and one congressman will be nominated, but the coming session of the legislature will elect a United States senator to succeed Mantle, and the strife for this office complicates the situation. Each of the three conventions has appointed the usual committee on fusion.

Later—the conference committee on fusion were unable to agree, and apparently all hope of fusion is gone.

HAY AND ANGELL HOME.

New York, Sept. 21.—Among the passengers on the White Star line steamer Teutonic from Europe today were Hon. John Hay, former United States ambassador to Great Britain, and family and Hon. James Angell, former United States minister to Turkey, and family.

Royal makes the food pure, wholesome and delicious.

NEW MISSION FOR CAMBON.

FRENCH AMBASSADOR TO BE TRANSFERRED TO AUSTRIA.

Paris, Sept. 21.—The Echo De Paris says that M. Cambon, French ambassador at Washington, is to be transferred to Vienna.

WOMAN RULES CHINA.

DOWAGER EMPRESS TAKES THE REINS FROM THE SON.

Pekin, Sept. 21.—Rumors, impossible to disregard, are in circulation to the effect that the dowager empress of China has recovered her ascendancy over the emperor, who is now, practically, in a state of tutelage.

FOUGHT UNDER "ZACH" TAYLOR.

ANNUAL MEETING OF MEXICAN WAR VETS AT LOUISVILLE.

Louisville, Sept. 21.—The National Association of Mexican War Veterans convened here today. About 150 bowed and white-haired heroes who fought under "Zach" Taylor are in attendance. The officers will be selected tomorrow.

NOBLE OFFER OF UNION VETS.

WILL ACT AS ESCORT FOR THE REMAINS OF WINNIE DAVIS.

Narragansett Pier, R. I., Sept. 21.—Mrs. Jefferson Davis received an offer today for an escort for the remains of her daughter Winnie from the hotel to the railway station from the commander of the local G. A. R. post. The offer was accepted.

THIRTEEN ARE DEAD.

AND MORE MAY BE ADDED TO TOLEDO'S FIRE VICTIMS.

Toledo, Sept. 21.—Thirteen persons are dead as a result of the fire and explosion in the Union elevator last night. In addition to those already found and have since died of their injuries, Frank Perchinski, Hamilton Parks, a son of Superintendent W. J. Parks, and one unknown, who cannot be identified, are added to the list of fatalities. The number of missing is not yet positively known.

ODD FELLOWS ON PARADE.

30,000 MARCH THROUGH GAILY DECORATED BOSTON STREETS.

Boston, Sept. 21.—Odd Fellows to the number of 30,000 paraded in Boston today beneath a bright sky and through streets handsomely decorated in their honor. The streets along the entire line of march were filled with spectators.

SCOTTISH RITE MASONS.

Cincinnati, Sept. 21.—The supreme council of Scottish Rite Masons today devoted its time to the consideration of the annual reports of its officers and of the deputies of the supreme council from their respective states.

LIL'S FRIENDS STILL HOPEFUL.

FACTION OF NATIVE HAWAIIANS WHO FAVOR RESTORATION OF THE MONARCHY.

San Francisco, Sept. 21.—The steamer Alameda arrived from Honolulu today, bringing advices to the 14th. The congressional committee was finishing its work and expected to leave for Washington the 23rd. The commission is now being deluged with petitions and memorials from native Hawaiians. The sentiment of the natives seems to be divided. One faction desires the restoration of the queen, while the other accepts the new order of things and asks certain rights under the new form of government.

SUPERIOR CAPITULATES.

TWO THOUSAND EXCURSIONISTS TAKE THE CITY BY STORM.

West Superior, Wis., Sept. 21.—Two thousand visitors took the city by storm tonight. They arrived on two special trains over the newly completed Foston branch of the Great Northern branch between that point and this city. The occasion is a four-day celebration of the completion of the road, which gives the west section of the two Dakotas a direct road to the head of the lakes. The visitors will be increased tomorrow, when other special trains will arrive. President Hill of the Great Northern is in the city, as well as the governor of North Dakota and his staff. Among other notables who will attend tomorrow are Governor Scofield and staff of Wisconsin and probably Governor Clough of Minnesota.

HONORS LAFAYETTE'S MEMORY.

Paris, Sept. 21.—Ferdinand W. Peck, United States commissioner to the Paris exposition, deposited a gold wreath on the tomb of LaFayette today.

NAMED FOR CONGRESS.

Watertown, Wis., Sept. 21.—Herman B. Dahle was today nominated for congress by the Second district Republican convention.

TODAY'S WEATHER.

Washington, Sept. 21.—The following is the weather forecast for tomorrow for Upper Michigan: Showers; warmer; brisk to high southeasterly winds.

Ayer's Hair Vigor
What does it do?
It causes the oil glands in the skin to become more active, making the hair soft and glossy, precisely as nature intended.
It cleanses the scalp from dandruff and thus removes one of the great causes of baldness.
It makes a better circulation in the scalp and stops the hair from coming out.
It Prevents and It Cures Baldness
Ayer's Hair Vigor will surely make hair grow on bald heads, provided only there is any life remaining in the hair bulbs.
It restores color to gray or white hair. It does not do this in a moment, as will a hair dye; but in a short time the gray color of age gradually disappears and the darker color of youth takes its place.
Would you like a copy of our book on the Hair and Scalp? It is free.
If you do not obtain all the benefits you expect from the use of the Vigor write the Doctor about it.
Address, Dr. J. C. AYER, Lowell, Mass.

DULUTH IMPERIAL BREAD MAKER.
Ahead of all others is...
DULUTH IMPERIAL FLOUR.

MARSHAL'S NOTICE OF SALE

In the District Court of the United States for the Western District of Michigan, Northern Division, in admiralty, Pike Johnson, David Johnson and Charles Ewald vs. forty thousand feet of lumber.

Notice is hereby given that by virtue of a decree made in the above entitled cause, on the 10th day of September, A. D. 1898, I shall offer for sale, and sell, at public auction to the highest bidder, at the front door of the Post Office in the village of Munising, in the county of Alger, in said district and division aforesaid, on the 27th day of September, A. D. 1898, at ten o'clock in the forenoon of said day forty thousand feet of lumber. About thirty thousand feet of said lumber is situated on the shore of Lake Superior, east of Miner's River, and about seven thousand feet of said lumber is situated on the shore near Smith's saw mill in Munising Bay, in Alger county, in said district and division aforesaid.

Dated, September 18, 1898.

A. O. WHEELER, U. S. Marshal, By JACOB DOLLE, Deputy U. S. Marshal, T. E. TARBNEY & W. G. FITZPATRICK, Proctors for Libellants. (9-14-56)

MARINE MATTERS.

Passed the Canal.

Sault Ste. Marie, Sept. 21.—(Special.)—Up—Hebard, Peterson, Wilson, 8:30; City of London, Desmond, Hattie, Arizona, Plymouth, Scotia, Selwyn Eddy, 9; Siemens, Nasmyth, 10:20; Eddy, Dobbins, 7; Schuck, 8; Appomattox, Chickamauga, 9:20; Jay Gould, 10; Maritana, Dumcan, Constitution, Favorite, 11:30; Green, Our Son, Genoa, two Wallace, noon; Richards, Hutchinson, Pickands, Clint, 12:30; Onoko, 1:20; Alberta, 2; Waverly, Foster, 2:30; Gettysburg, Sicken, Spademan, McVea, Kirby, Hartnell, 6; Masaba, Malta, Monarch, 7.

PORT LIST.

Down—George Farwell. Arrived—Alverson; cleared—Ketcham, Wadena, Becker, for Ashtabula; Roby, for Fairport.

MIDLAKE AND HARBOR GOSSIP.

The Alverson is unloading coal at the L. S. & L. dock. The freighter George Farwell was yesterday and loaded on a cargo of 500 empty oil barrels belonging to the Standard Oil company.

The Escanaba ore rate has advanced to 50 cents, charters at that figure including the steamer Gladstone and schooner Sandusky. The advance in Chicago grain rates has strengthened ore freights. There are not enough vessels to take care of the cargoes offered from the head of the lakes, and, with full gales coming on, it would not be surprising if Lake Superior rates advanced also.

The steamer Keystone, which went ashore on Big Summer Island, near Escanaba, afterwards burned to the water's edge. The Keystone is owned principally by the National Bank of Commerce of Cleveland, but the captain has an interest in her. There is no marine insurance on the steamer, but she was fairly well covered as to fire, with Gibbs & Joys of Milwaukee. Her insurance valuation was \$17,000. Her cargo of 1,002 tons of coal for Manitowoc was insured through Smith, Davis & Co. of Buffalo.

The steamer Queen of the Lakes, which sheltered in South Manitowoc harbor on Sunday evening, caught fire and burned, leaving nothing but the iron hull, but is still afloat. No lives were lost, but the crew lost all their effects. The captain arrived at Glen Haven Tuesday morning with the crew. They were unable to get over before on account of the heavy seas. The Queen of the Lakes was a small steamer of 153 gross tons. She was built at Wyandotte, Mich., in 1872, and was owned by Henry H. Noble of Elk Rapids, Mich.

The steamer J. H. Jones, of Wlarton, was sunk in a collision off Kagwong, Manitowoc Island, with the steamer Pacific, of Collingwood, at midnight Friday. The Pacific was coming out from Kagwong and the Jones was going in when the latter was struck by the Pacific on the forward port bow. She immediately started to settle and sank in about eight minutes. Only three passengers and the crew were on board, all of whom were saved and taken on board the Pacific to Gore Bay. The Jones had a large cargo of merchandise and supplies on board, also a considerable sum of money, all of which went down with the vessel. The captain and mate are still at the wreck. The Jones is insured for \$7,000.

CITY BREVITIES.

Weather forecast: Partly cloudy and warmer with showers.

Yesterday's temperature: 7 a. m., 58 degrees; noon, 75 degrees; 7 p. m., 71 degrees; maximum, 80 degrees; minimum, 58 degrees.

John Mangum arrived from Detroit yesterday afternoon.

Marshal Westgren was down yesterday from Ishpeming.

Vessel Inspectors York and Gooding went to the Soo yesterday.

R. D. Kellow of Ishpeming was down yesterday from up the road.

Joseph Guy, the well known railroad contractor, was in town yesterday.

Mrs. P. C. Peterson and daughter of Au Sable visited in town yesterday.

N. J. Dolph and wife and Jacob Neff were in town yesterday from Kitchi.

Private George Jackson, who is in St. Mary's hospital, is getting along nicely.

Miss Iva Griggs of Ann Arbor has come up to visit with Marquette friends.

Mrs. Sarah Stoll has purchased the Malmberg property on Washington street.

W. A. von Warne, a New York newspaper man, is making a short sojourn in the city.

H. C. McKay and wife of Houghton were down yesterday from the copper country.

Mrs. George P. Brown and son were among the Detroit excursionists to reach home yesterday.

C. A. Hager and Mrs. George Hager reached home yesterday after a visit with Detroit friends.

W. B. Hatfield was in town yesterday from Ewen. He was accompanied by his wife and two children.

The Misses Hester and Cotney, dress-makers, in the Opera House block, have returned after a trip east.

B. T. Judkins and C. A. Payne, well-known bankers and brokers of Boston, stopped off here last evening on their way home from the copper country.

Street Commissioner French is having a concrete cross walk laid at Spring street on Front. The cost is about a third more than for a plank crossing, but its life is said to be several times longer.

Mrs. H. E. Gilmore arrived yesterday from Minneapolis. She will remain here a few days getting her effects together, when she will join her husband in Cleveland, which is to be their future home.

Jacob Rose announces his fall opening of an exceptionally large assortment of fancy suits for little fellows. This display is unrivaled by any previous openings, while prices are the very low consistent with such matchless qualities.

Dr. and Mrs. Dudley, maid and five children, Mrs. Carter H. Harrison, two children and a nurse, and Mrs. H. K. Tenny, three children and a nurse, all of Chicago, came down on the City of Marquette from Huron Mountain club yesterday.

Cards have been received here announcing the marriage of Herbert A.

A STARTLING CASE.

Peter D. Burk Saved from Death by Dodd's Kidney Pills.

Caro, Mich., Sept. 19.—One of the most startling and wonderful cases that has ever excited medical circles has occurred at this place. Mr. Peter D. Burk, a well-known resident of Caro, had been a martyr to Kidney and Bladder disease for over ten years, notwithstanding the efforts of the best physicians to cure him. His sufferings became almost unendurable, and had given up hope of ever getting better. He was induced to try Dodd's Kidney Pills, and, before he had used half a box, enjoyed wonderful relief. He continued the use of the Pills, and is now completely cured. Such a case furnishes a genuine surprise to the medical men here, and the public also, and there is a heavy rush on the drug stores for Dodd's Kidney Pills. Dodd's Kidney Pills have effected some other equally remarkable cures in this neighborhood, and our people pin their faith to them firmly.

Walker to Mrs. Mary L. Davenport. The wedding occurred at Rutland, Vt., Sept. 1. A number of years ago Mrs. Walker was a teacher in the Marquette public school. Deputy Revenue Collector C. F. Sundstrom came down yesterday from Michigan. He says that the funeral of his brother Frank Sundstrom, a soldier who died last week at Iron Mountain, is believed to have been the largest ever held in the upper peninsula.

The ladies who are getting up the entertainment for the benefit of the D. A. R. nurses, which is to be given Friday evening, extend an invitation to all the soldiers to attend as their guests. They are arranging for a most excellent literary and musical program. Three licenses to wed were issued by County Clerk Ross yesterday. The licensees are: Gustaf A. Carl and Anna Nelson, both of Ishpeming; Aaron Magnus and Wilhelm Peterson, both of Marquette; Hector C. McKay, of the Soo, and Mamie Ermatiner, of Marquette.

Quite a small sum of money and considerable work has been spent fixing up the lawn at St. Paul's cathedral. The natural soil has been dug up and replaced with other soil made artificially rich by fertilizers, and genuine blue grass seed has been sown in the hopes of producing sod without a dandelion in it. Frank Buschar, who is getting the names of those who would like to go into a new militia company, was in the traveling public all through the peninsula. He secured five names. There were several others who were looking for him and who were anxious to sign the roll, but they could not find him. He will go back Sunday.

J. A. Ferguson, who was at one time a frequent visitor here in his capacity of traveling freight agent for the Michigan Central, and who was later employed in Duluth by the same road, stopped off here a few hours yesterday afternoon and evening on his way to Duluth. Mr. Ferguson is now stationed at Detroit and is employed by a combination of roads.

The Hotel World prints the following personal concerning a young man who is well known in Marquette and to the traveling public all through the peninsula. He was for several years clerk at the Hotel Marquette. "George B. McGuire, steward, has resigned his position at the Hotel Cadillac, to accept the management of Shaffer's cafe. This is the largest cafe in Detroit, occupying an entire floor in the Majestic building, the largest and finest in the city. Mac is one of the brightest and most popular men in the business, and his many friends wish him success in his new venture."

DEMOCRATIC COUNTY CONVENTION.

A Democratic county convention is hereby called to meet at Andrews' hall, in the city of Ishpeming, Michigan, on Saturday, the 24th day of September, 1898, at 4 o'clock in the afternoon, for the purpose of selecting delegates to represent Marquette county at the Democratic congressional convention to be held in the city of Escanaba, Michigan, on the 1st day of October, 1898, and for such other business as may properly come before said convention.

RUSH CULVER, Chairman.

LADIES CAN WEAR SHOES

One size smaller after using Allen's Foot-Ease, a powder to be shaken into the shoes. It makes tight or new shoes feel easy; gives instant relief to corns and bunions. It's the greatest comfort discovery of the age. Cures and prevents swollen feet, blisters, callous and sore spots. Allen's Foot-Ease is a certain cure for sweating, hot, aching, nervous feet. At all druggists and shoe stores, 25c. Trial package Free. Address, Allen S. Olmsted, Le Roy, N. Y.

NOTICE

Is hereby given that a Democratic city convention will be held at the city hall, Washington street, on Friday, Sept. 23, 1898, at 8 o'clock p. m., for the purpose of electing twenty-one delegates to attend the Democratic county convention to be held at Ishpeming, Saturday, Sept. 24, 1898, at 4 o'clock p. m.

F. M. MOORE, Chairman.

PROPOSALS.

Proposals will be received up to, and including Oct. 8, 1898, for the furnishing of 300 cords of hard body wood, split and four feet long, to be delivered on the cars on M. & W. railroad track at nearest point to county poor house, same to be delivered during the months of December, 1898, and January and February, 1899, in such quantities per month as may be desired. Right reserved to reject any and all proposals. All envelopes containing proposals should be so marked.

C. D. BLANCHARD, Superintendent. (9-13-10-8)

Help is wanted when the nerves become weak and the appetite fails. Hood's Sarsaparilla gives help by making the blood rich, pure and nourishing. Get only Hood's.

SPEDY TIME AT TERRE HAUTE.

THREE FASTEST HEATS OF THE SEASON IN THE 2:10 TROT.

Terre Haute, Ind., Sept. 21.—The weather today was cloudy and the track fast for the grand circuit races. The fastest three heats trotted this season were made in the 2:10 trot. Eagle Flanagan headed the big field, and the time was 2:09 1/4, 2:07 1/2 and 2:08 1/4. Results: 2:05 pace (nine starters)—Anaconda won; Bumps won first and second heats; Directly won third heat. Best time, 2:04 1/4. 2:10 trot (eight starters)—Eagle Flanagan won in straight heats. Best time, 2:07 1/4. 2:16 trot (four starters)—Woodford C won in straight heats. Best time, 2:12 1/4.

BASEBALL SCORES.

Table with columns: National League, Runs, Hits, Errors. Rows include Baltimore, Chicago, Cincinnati, Boston, Pittsburgh, Cleveland, Philadelphia, St. Louis, Washington, New York, Louisville, Cincinnati, St. Louis, Brooklyn, St. Louis, St. Louis.

BAYARD WEAKEER.

Dedham, Mass., Sept. 21.—Ex-Secretary Bayard is a little weaker today, but his gradual decline is not so marked as during the previous days.

CHICAGO MARKETS.

Chicago, Sept. 21.—Wheat today was in good trade, within 1/4 cent range, closing 1/4 from the bottom and 1/4 under yesterday. The market opened a shade higher; advanced on heavy outside buying and on strong cash markets and good foreign demand; declined on general realizing. The continental cables generally reported a better demand abroad.

Table with columns: Opened, Highest, Lowest, Closed. Rows include Wheat, Corn, Oats, Dec., Dec.

Closing Cash Quotations.

Wheat, easy; No 1 northern, 67 1/2c. Corn, easy; No. 2, 29 1/2c. Oats, higher; No. 2 white, on track, 25 1/2c; No. 3 white, 25 1/4c; 25 1/4c.

Movement of Grain.

Receipts—Flour, 17,000 barrels; wheat, 236,000 bushels; corn, 618,000 bushels; oats, 573,000 bushels. Shipments—Flour, 10,000 barrels; wheat, 77,000 bushels; corn, 309,000 bushels; oats, 198,000 bushels.

NEW YORK STOCKS.

The closing quotations of bonds and leading stocks were as follows: U. S. 3s (war bonds) 105 1/2; Mich. Cen. 105; U. S. new 4s 127 1/2; N. Y. Cen. 115 1/2; U. S. 4s 110 1/2; U. S. 5s 114 1/2; U. AT THE SALISBURY MINE.

MANY IMPORTANT CHANGES AND IMPROVEMENTS NOW BEING MADE THERE.

The many changes at the Salisbury mine during the past year or so have made a great difference in the appearance of the surface workings. Although the improvements have been continued all summer there is still much to be done before the work in contemplation is finished.

With the improvements under way completed the mine will be in much better condition than it has ever before been. Two years ago it was not certain that the mine was going to hold together as well as it has while the surface changes were being made. For a time it seemed that the ground on which the engine house stands could not be maintained until the new house was ready to receive the machinery. But by the most careful methods of winning the ore underneath the ground has been held until it is now in as solid a state as it has been at any time during the past year. The foundation under the building is somewhat cut out of line, but still there is no danger of serious damage to the plant.

The machinery is being removed from the old to the new engine house just as fast as this can be done without reducing the output of the mine. It is the intention of the management to continue hoisting out of the old shaft just as long as possible, or until such time as the machinery has been transferred to the new place. Meanwhile the hoisting facilities at the new shaft will be improved and a temporary plant will be put in at the old one, so that the movement of ore from underground will not be materially interfered with.

It is the purpose of the company to not leave any of the buildings now standing near the old location in that vicinity. There is considerable ore directly under them and in order to get it out it will be necessary to let the ground go down. The mine is in such trim now that it will not be necessary to disturb the ground until the buildings are all moved.

The blacksmith, carpenter and machine shops, will be located on the hill near the new engine house. The office now being built there has been given the most desirable location. The office building has been enclosed and it is the intention of the contractors, E. E. Grip & Co., to have it ready for occupancy within the next four or five weeks. The office will be quite neat and a noticeable improvement over the old one down near the old engine house.

The new shops will all be in place before the first of the new year. It will not take very long to get them ready, once the carpenters get to work on them. There need be no more changes on account of sinking ground at the Salisbury, as the foundations of the buildings on the hill is solid rock.

The hill being so steep it will be impossible to extend the railway track to

the engine house, so a coal dock will be built at the foot, not far from the new pockets. A tramway will be extended from the top to the bottom of the hill and all the fuel will be taken up over it. A steam engine will be used to pull up the cars and the arrangement for receiving the coal will be as convenient as possible.

With the improved facilities at the Salisbury, the mine will be in much better condition for production next summer than it has ever before been. More men can be employed to advantage, consequently the output can be increased.

YOUNGSTERS BADLY SCARED.

ONE OF THEM CAUGHT STEALING FRUIT "PEACHES" ON HIS COMRADES.

For several months past Sellwood & Co. have been robbed of fruit by a number of youngsters. Every evening after school, and at almost any time during the day while the vacation lasted, boys would steal baskets of fruit from the front of the store. The fruit was missed, but the proprietors or clerks could not catch the boys who were taking it. It was finally learned who the mischievous youngsters were, but even then the kids got the fruit without being caught.

Yesterday one youngster was trapped and it is safe to say he will not "swipe" any more fruit for a while, as he was given quite a scare. The boy was taken into the store and he told all about the fruit stealing by some larger boys, so the big fellows are likely to get into trouble.

When told he must go to jail the youngster almost had a fit. He begged and said he didn't have to steal fruit, as his mother would give him all he wanted.

It will be well for the boys to keep hands off in the future, as they are liable to get into very serious trouble if they do not quit helping themselves to other people's fruit.

Several empty baskets which had been taken from Sellwood's were located yesterday behind the Nelson House barn. The boys used to go in there to eat the fruit every evening after they made their haul.

AL. BEECH PASSED AWAY.

ONE OF ROOSEVELT'S ROUGH RIDERS DIES AT CHAMPION OF ILLNESS CONTRACTED IN CUBA.

Al. Beech, who fought with the Rough Riders in Cuba during the war with Spain, died yesterday noon at the home of his brother, George G. Beech, at Champion. Typhoid fever was the cause of his death.

Mr. Beech was one of the first soldiers to arrive in this county. He was quite ill when he got to Champion and took to bed immediately upon arrival. He came here thinking his brother would be able to give him better care and treatment than he could get anywhere else. There was nothing that could be done for him

DEAFNESS CANNOT BE CURED by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

F. J. CHENEY & CO., Toledo, O. Sold by druggists, 75 cents. Hall's Family Pills are the best.

GLAD TIDINGS.

The specific for dyspepsia, liver complaint, rheumatism, constiveness, general debility, etc., is Celery King for the Nerves. This great herbal tonic stimulates the digestive organs, regulates the liver and restores the system to vigorous health and energies. Samples free. Large packages 50 cents and 25 cents. Sold only by the Stafford Drug company, Marquette, and Munising Leather company.

No-To-Bac for Fifty Cents. Guaranteed tobacco habit cure, makes weak men strong, blood pure. 50c, \$1. All druggists.

HAS QUIT CONTRACTING.

A. R. Starkey, who installed the Ishpeming sewerage system, has quit the contracting business and is now superintendent of the water works plant in St. Paul. Mr. Starkey writes friends here that he had become tired of the contracting business and is glad to be out of it.

WILL BE HERE MONDAY.

The "Breezy Time" company, which is making such a hit all through this section, will hold the boards at the Ishpeming Opera House next Monday evening. The company is said to be much stronger than when it was here last season. There are something like thirty-five first-class specialties introduced during the evening. Every person with the company is a specialty artist.

John Blomberg,

Furrier and Tailor.

All diseases of domestic animals treated on approved modern principles. Surgical operations accurately performed by the most humane and scientific system. The only expert cattle testers of contagion in the upper peninsula. Both telephones. (1-20-17)

PROPOSALS TO FURNISH COAL.

for the public schools of the city of Ishpeming are solicited.

The coal must be first quality anthracite, clean, free from slate, etc., of small egg size or stove as may be directed by the purchaser, and shall be placed in the bins of the several school houses in such quantity as needed, and whenever required by the director during the present school year. Bids therefor will be allowed every thirty days at the monthly meetings of the school board. Bids must be submitted in writing not later than Sept. 28, and subject to the approval of the committee on purchases and supplies. Ishpeming, Mich., Sept. 21, 1898.

E. W. WRIGHT, Chairman of Committee. (9-22-17)

Originators of Low Prices.

Originators of Low Prices.

AUTUMN ANNOUNCEMENT BY THE STAR SAVINGS BANK CO. CLOTHING DEPARTMENT.

NEW GOODS! EXCELLENT SUPPLY! LOWEST CASH PRICES!

During the past few days our immense new stock of Clothing has been arriving daily, and is now being unpacked as fast as it arrives and placed upon our tables for inspection by those who purchase clothing at strictly cash prices.

CASH IS KING!

and our prices will be found such as will convince the most skeptical that we propose to sell our goods on these terms only, and give the honest purchaser the benefit of this supreme rule. We have figured out that by making only strictly cash sales, we can save the buyer at least 25 per cent., or in other words what you

must pay one dollar for at a credit store we can give you the same, and oftentimes a better class of goods, for 75 cents. Just think what you can save on a \$10.00 or \$15.00 purchase. The suggestion is worth your consideration.

UNION MADE GOODS!

We have recently arranged to handle only Union Made goods as fast as we can make room, and in course of time our stock will be strictly Union-Made. Our line of goods are only of the up-to-date class. No shoddy or shabby worn garments will be handled by us. To convince you that our prices are low we here quote a few; they are good, big values and cannot be duplicated by the so-called credit leaders:

MEN'S CLOTHING.

- All wool heavy weight, black or blue Cheviot suit, good value, \$9; our price... \$ 5.00
- Double-breasted Cheviot suit, guaranteed good fit, good value for \$10; our price... 6.00
- Double-breasted brown Cashmere suit, credit store price, \$11; our price only... 7.50
- All wool, heavy weight, double-breasted black frize suit, all sizes, other merchants would call it a bargain at \$13; our price only... 9.00
- Nobby heavy corded blue Cheviot, double breasted, latest make only... 11.00
- All wool imported dark blue Cheviot worsted suit with silk facing, latest style, good value at \$18; our price... 12.50
- Lot 6668, imported brown silk worsted suit; credit stores would call it a bargain at \$18; we make the price to... 13.50
- All wool brown plaid Cheviot satin lined round cut suit, good value at \$19; our price... 14.50
- Imported clay worsted silk facing, up-to-date, double breasted suit, credit store price, \$20; our price only... 15.50
- Imported black corkscrew, handsome makeup, only... 15.90

BOOT AND SHOE DEP'T.

- We carry a complete line of boots and shoes at lowest prices.
- Men's fine shoes, in latest styles, lace or congress... \$1.28
- Fine Russett shoe, latest make, credit stores will ask you \$2.50; our price... 1.95
- Kangaroo shoe, best made, other merchants charge you \$3.50; our price... 2.60
- Very handsome cobbler skin shoe, lace or congress, good value at \$2.50; our price... 2.00
- To close 200 pair congress shoes, former prices \$2.50, \$3, \$3.50 and \$4; only at... 1.63
- Kangaroo calf, leather lined, latest style, good value for \$3.50; our price... 2.40

Star Savings Bank Co., Ishpeming, Mich.

ANOTHER SOLDIER HERO.

Albert Larson is the Ninth Out of Company L to Give Up His Young Life.

BELONGED IN MEMONIEE BUT DIED IN DETROIT HOSPITAL.

Financial Reports of Mrs. Wilson and Miss Robinson—Money They Spent on Their Trip East—Brought Some Back Again.

HE WILL HAVE A MILITARY FUNERAL.

The last member of Co. L to pay for his patriotism with his life is Private Albert Larson, one of the Memoniee men. Larson died Tuesday at Harper's hospital in Detroit. His remains will be brought home and he will be buried at Memoniee at 2:30 tomorrow afternoon. A telegram from Lieutenant Liesen was received here yesterday afternoon. It stated that the funeral would be a military one and asked as many of the Marquette members of the company as were able to go to come down to the funeral. Several of the men are planning to go, but there are not enough who are well enough to travel to make much of a party. Larson is the ninth member of the company to lay down his life and is the only one to die so near home as Detroit. His is the only death of the Memoniee contingent.

The young man was but eighteen years old and when Colonel Cox was at Memoniee in May recruiting he was one of the first to be examined. On account of his being under age he had to secure the consent of his mother, which was reluctantly given. He accompanied the squad of nineteen to Camp Eaton and to Santiago, where he was taken down with fever, and when the company came home he, with Joseph Schroeter, was left in a hospital at Santiago, too ill to be moved north. He rapidly gained in strength and was put upon the next transport and sent home on sixty days' furlough. When he reached Detroit it was found that he was too sick to be sent home and he was taken to Harper's hospital, where for several days he hovered between life and death. His mother was wired of his condition and left for her son's bedside. He rallied again and good news was sent out regarding his condition and his relatives expected him home in a few weeks. The sad news of his death was borne to them Tuesday morning in a telegram sent by his mother to Mrs. Frank Engberg, his sister.

Speculation is again rife as to the possible whereabouts of Carl Peterson. According to a message from the authorities of St. Catherine's hospital, Brooklyn, he left that institution Sept. 17 to come home on the Michigan hospital train.

The hospital train has arrived in Detroit, but nothing has been heard of Carl Peterson, since the letter which he wrote from New York and which was published in The Mining Journal. Captain Ball, who is in Detroit, has been unable to locate him.

Mrs. J. B. Wilson and Miss Anna M. Robinson, who visited Boston and Montauk Point respectively to look after the sick soldiers of the Thirty-fourth, particularly Co. L, have made their reports to the auspices of which they were sent. Between them the ladies had \$444.53. Out of this they spent \$267.34 and returned \$177.24.

Following is Mrs. Wilson's memorandum of expenditures: Received—In money orders, \$194.53; cash from Miss Robinson in New York, \$100; total amount in orders and cash, \$294.53.

Expended—For soldiers' relief in Cuba, \$22; fare to Boston, carriage and dinner, \$7.25; carriage from hospital first night, 50c; carriage going to hospital, \$7; given to Thirty-fourth regiment man, \$1; given to Company L man, \$2; ice cream for soldiers, 60c; telegrams to Montauk Point, \$3; given to a regular, \$1; telegrams for Co. L, \$1; to Thirty-fourth regiment men, \$3; to Co. L man, \$1; for slippers for Co. L man, \$1; fruit for soldiers, \$1.50; ice cream for soldiers, 50c; fruit for soldiers, 45c; ice cream for soldiers, 50c; bowel bands for soldiers, \$1.50; moving trunks to and from station, \$1.50; room rent while in Boston, \$7; board bill while in Boston, \$10.50; sleeping car fares from Boston, \$11; one fare from Boston, \$22.87; meals on dining car, ice cream and milk for J. S. Wilson and Co. L man, \$9; to Co. L man, \$1.75; for gift to nurse of Co. L men on Red Cross boat, \$2; lunches in city while shopping for soldiers, 50c; carriage for J. S. Wilson in Boston, \$2; for use of public telephones five times, 75c; fee of Carney hospital telephone, 25c; fee to door keeper of boarding house, 25c; street car fare, 50c; carriage, 50c; hotel in Chicago, \$2; total, \$136.92; cash returned to Captain Ball Sept. 12, \$10; in orders returned to Captain Ball Sept. 12, \$147.66; total, \$294.58.

Following is Miss Robinson's statement of accounts:

Aug. 22—Carriage to depot, \$1.50; baggage, 25c; coffee, 10c; chairs to Sault Ste. Marie, \$1.50; lunches, \$1; slippers, \$4; Aug. 23—Tickets to New York, \$21.30; baggage, 50c; meals, \$3.50; baggage transfers to Long Island, 50c; telegram to Captain Ball, 5c; Aug. 24—Rooms, Grand Union hotel, \$2; paid to Mrs. Wilson, \$100; breakfast, \$1; car fare, 20c; carriage to New Haven depot (Mrs. Wilson), \$1; ticket to Montauk Point, \$3.85; Aug. 25—Fruit and sandwiches for men, \$5.10; handkerchiefs and newspapers for men, \$1; Aug. 26—Extract of Liebig and Whisky for men, \$2.50; newspapers, 25c; telegrams (Mrs. W., Captain Ball, Lavigne), \$1.96; carriage, \$1; fruit and milk, \$1.75; Aug. 27—Sandwiches, oranges and lemons, \$1.55; jam, ginger and sugar, 30c; newspapers, 25c; carriage, \$1; Aug. 28—Room and board, Montauk Point, \$7; baggage to New York, 50c; carriage, \$2; ticket to New York, \$3.85; supper, \$1; Aug. 30—Fruit and milk, 45c; telegrams (Lavigne (2), Ebber, Thoney (2), Willson (2), Beaudry, \$4.50; baggage, 80c; hotel and meals, \$4.25; telegrams (Wilson and Elliott), \$1.23; Sept. 15—Ticket to Brooklyn and lunch, 75c; chocolate for Peterson, 35c; stationery, stamps, etc., 60c; car fare, 40c; Sept. 16—Room and board (Miss Rawls), \$17.58; carriage, \$1.50; baggage, 50c; ticket to Chicago and sleeper, \$20.20; sleeper from Chicago to Marquette, \$2.50; baggage and porter, \$1; total, \$230.42. Received from Miss French Aug. 21, \$250; received from Miss French Sept. 5,

\$16.66; total, \$266.66; expenses, \$230.42; balance, \$36.24.

The \$16.66 referred to is money that was raised for the regimental fund by the letter chain. It was sent by Miss French, secretary and treasurer of the association, to Miss Robinson, to give to Colonel Peterson. The colonel started for home the same day the money reached New York. Miss Robinson did not have time to deliver it, so she held the money and returned it to Miss French on her arrival home.

AROUND SIDNAW.

Many Are Settling There and Are Clearing Off Fine Farms.

A man who was down last week on business with the United States court and who has homesteaded a quarter section of land near Sidnaw, was telling of the development that part of the peninsula is undergoing. Fine farms, he says, are being cleared all around Sidnaw. The timber on them pays for the clearing, and after it is off there is as good a soil as a farmer ever need put a crop into. The best of it is that it has one of the finest markets in the world almost at its door. That is the copper country, which will continue for years to eat everything that the farming district around Sidnaw can produce. This man is a farmer and he has a practical knowledge of what he speaks, but he has the backing of the theorists also. C. F. Schneider, chief of the Michigan Climate and Crop bureau, makes the statement in one of his published reports that the upper peninsula is the best section of the state for dairy purposes, on account of its ample and equal rainfall, and because the summer drouth comes from the middle of August till the middle of September, after most crops have reached their maturity.

LIGHT HOUSE.

"Breezy Time" Meets Usual Fate of Return Engagements Here.

Return engagements in Marquette don't pay, that is, when the show attempts to return in the same season. "Other People's Money" came back and played to a better house than it had the first time. But that was the exception which proved the rule. The "Gay Matinee Girl" tried it next. There has been only one lighter house in the history of the theater, and that time the lecturer refused to go on and thereby disappointed an audience of eleven paid admissions and eight complimentary. Last night "A Breezy Time" company tried it. Now "A Breezy Time" is a real bright and clean little farce comedy, but pretty nearly everybody who was hanging for that kind of entertainment saw it Saturday night. When the breezes blew last night there was room enough so everybody in the audience could get them from four sides. What few people were there were apparently well pleased with the show and gave it liberal applause.

MARQUETTE MINETTES.

"To the good? Well, I guess yes. I'm a dollar seventy-five ahead of the thing yet. I beat it out for four and a quarter last night, but I didn't have sense enough to quit with the pile. Still I'm ahead."

The man who talks like this is the man who has been going against the slot machine. The slot machine is a seductive piece of mechanism which may be found in a number of saloons. The whisper is out that they will not be found much longer, but to listen to the tales of those who are bucking them, it were a shame for the police to remove such a mechanical Santa Claus.

The slot machine is the poor man's friend. He goes in with twenty-five cents, which he changes for nickels at the bar, and he comes out with a dollar and a half and five beers. Nobody ever loses except the man who ventures into an occasional nickel and the lessee of the machine. The wonder is the latter is able to lose so continuously and stay in the business.

A man in any other kind of trade, who was operating on a capital of, say, \$1,000 would be badly scared to see it going away from him \$20 or \$25 a day, but not so the lessee of the slot machine. He looks on with an urbane smile while the sucker beats his game.

This is a logical deduction from the candid statements of several hundred men who are playing the nickel in the slot machines and beating them right along. How the lessee of the machine can stand such losses, and how the owner of the thing can afford to let out a losing game on percentage is something altogether too altruistic for common perception. It can only be explained on the theory that "the little boy lied."

The slot machine is an ingenious and fascinating device which the male public can go against and show its sporting blood. But it is not built on the "do unto others as ye would that they should do unto you" principle. That's why the lessee looks so urbane when the sure thing man is playing his nickel on the yellow.

Not a bit of it. The machine is built in accordance with the more modern idea of doing your neighbors good when you do them.

There is a clever piece of electrical mechanism in them, which sorts out the nickels as they go down into the slot, and rakes from fifty to eighty per cent. of them, according to how the machine is set. Into a bag. The other fifty or twenty per cent. slide down into the lower part of the slot, and the sucker has a chance to gamble for everything in the machine, minus the rather liberal rake off.

The man who honestly breaks one of them is deserving of more celebrity than the man who broke the bank at Monte Carlo.

You invite disappointment when you experiment. DeWitt's Little Early Risers are pleasant, easy, thorough little pills. They cure constipation and sick headache just as sure as you take them. Stafford Drug company.

SCHOONER SOUTHWEST.

Latest Addition to This Week's List of Disasters Along the South Shore.

WAS LOST OFF HURON ISLANDS EARLY MONDAY MORNING.

Captain Gibson Says Failure to Blow the Fog Whistle is Responsible for the Wreck of His Vessel—Other Wrecks.

CREW BROUGHT DOWN TO MARQUETTE.

The schooner Southwest lies in shallow water a total wreck about a mile and a half southeast of the largest of the Huron islands. Her captain and crew were brought down from there yesterday on the City of Marquette. The Southwest went aground about a quarter to 5 Monday morning. A heavy sea was running, and to make navigation more hazardous, the lake was overhung with both fog and smoke, the latter from forest fires burning along its shore.

When the boat grounded the crew succeeded in launching the yawl, and after a hard pull they managed to make a landing on the island. They remained there all that day. The next day they rowed out where they were in the course of the City of Marquette, and were picked up by her and brought here. M. A. Bradley of Cleveland is the owner of the schooner. She is an old boat, having been built at Ogdensburg, N. Y., in 1866. Her gross tonnage is 292.

Lately the Southwest has been engaged in the stone trade from Portage Entry to lower lake ports. She was going up light when she was wrecked. Captain James Gibson lays the blame on the keepers of the Huron Island light. "They did not blow the fog whistle," he declared, "and are responsible for the wreck of the vessel."

"That whistle can be heard six miles from shore," he continued, "but we never heard it till 9 o'clock in the morning, when we had climbed up on a high hill, on the island."

"At the light house where we inquired they said they had been fixing the whistle or something, and that it hadn't been working right, but the truth is that it wasn't blowing."

"Get this in," he adjured the reporter to whom he was talking, "and lay special stress on it."

The loss of the Southwest adds one more incident to the chapter of marine disasters which has marked this week's history of navigation along the south shore of Lake Superior. This schooner is the sixth vessel to suffer.

The others are the Wenona, which is aground at Portage lake canal, the Meade and the Mediator, which are ashore fourteen miles above, the steamer Colorado, ashore at Eagle Harbor, and the steamer E. C. Pope, at Vermilion Point.

Last of all, the steamer R. G. Stewart left Portage lake for Eagle River Tuesday evening to assist in unloading the Colorado, and had the misfortune to go aground yesterday morning right near the boat she had gone to assist.

However the work of unloading the cargo of flour from the Colorado is progressing nicely with fair weather. The tug Sheldon with a scow is engaged and the first lighter of flour was unloaded and stored at Oskar yesterday morning. The Colorado is down to her decks in water, the bottom being in terrible shape. Only part of the cargo can be saved, and of this much will be damaged.

The owners of the Meade and Mediator telegraphed to Portage lake yesterday for tugs but were unable to secure any. No report could be secured as to their condition.

The Wenona will become a fixture at the canal as no further effort will be made toward relieving her. E. T. Hitchcock, salvage adjuster for a Chicago Marine Insurance company, arrived at Houghton yesterday and at once proceeded to the wreckage of the steamer Colorado.

COURT AFFAIRS.

Notes of the Main Cases Up at Yesterday's Two Sessions.

In the circuit court yesterday the case came on of Nelson Tracey against B. J. Goodman. It is an assumpt case. It threatened such a long drawn out examination of account books and things that the judge referred it to Circuit Court Commissioner W. T. Potter for the purpose of taking testimony.

The slander case of Lena Bonat versus Charles Craig also came up. The attorney for the defendant took exception to the declaration on the ground that it was too meager. The judge sided with them in the contention, but gave the plaintiff's attorney the right to amend his declaration and come into court again within twenty days by paying costs.

BACK TO MARQUETTE.

Monster Train Brings Returning Excursionists Home From Detroit.

Two engines and thirteen coaches constituted the train from St. Ignace yesterday afternoon which brought back the excursionists who went down on the last cheap-rate trip to Detroit.

Three coaches were cut off the train here. The rest were continued their journey to the copper country, with apparently undiminished loads.

The train, the throng of travelers and the friends at the depot, were all a demonstration of the great popularity of these excursions.

LOGGING CONTRACTS TO LET.

I wish to let by contract in the vicinity of Munising Junction, to be loaded on cars during the winter, 1,000,000 to 2,000,000 feet of peeled hemlock logs; short haul, one half to one mile. Good price paid to good party. Call on or address R. J. Clark, Munising, Mich. (9-14-1f)
