BLANCO HEEDS THE ULTIMATUM.

Gives Notice the Spaniards Will Evacuate the City of Manzanillo by Oct. 7.

ALSO AUTHORIZES THE FREE ENTRY OF RELIEF SUPPLIES.

JUNTA AT MATANZAS STANDS BY CUBAN REPUBLIC.

Declares an Immense Majority of the People Is for Independence and Sets About to Secure a Popularly Signed Petition to McKinley.

PRESIDENT'S DEMAND BEARS FRUIT.

Havana, Sept. 26.—The American commission was today officially notified that Manzanillo would be evacuated by Oct. 7. General Blanco has authorized the free entry of commercial and other vessels with supplies for the relief of the sufferers in Cuba. Matanzas is now and in the future, it is reported, will be the worst port where relief supplies will be landed. According to Captain Page's report, the officers are very exacting there. The Comal, it is supposed here, should arrive at Matanzas today.

STAND BY THE REPUBLIC.

The junta publica of Matanzas held a meeting last night, at which it was decided to address a letter to President McKinley, setting forth that "an immense majority of the people of this island adhere strictly to the government constituted by the revolution as being the only ideal of the Cuban people." Committees have been appointed for the purpose of securing signatures to this document in every city and village of Cuba, which will make it a very lengthy affair.

MADRID DISCUSSING IT.

Madrid, Sept. 26.—The cabinet this evening had under discussion General Blanco's dispatch concerning the American claims in connection with the evacuation of Cuba.

WAR BUREAU INQUIRY ON.

STRICTLY "SECRET" INITIAL MEETING OF THE COMMISSION.

Washington, Sept. 26.—The commission selected by the president to investigate the conduct of the war department held its first formal session today, with all the members present. The meeting was strictly secret. Today's session was confined to a meeting of two hours, after which an adjournment was taken until 10 o'clock. The proceedings were limited to the outlining of the general policy and the formulation of letters of inquiry, which will be made public tomorrow.

The letters which have been decided upon are being addressed to the secretary of war, the quartermaster general, commissary general, surgeon general and the chief of the ordnance department of the army. They will consist, in the main, of inquiries intended to bring out all the facts that can be given relative to the organization of the volunteer army. These officials will be asked to give specific information so as to cover each of the departments in question, concerning the condition of the army, both at the beginning and close of the war.

READY FOR TREATY MAKING.

ARRIVAL AT PARIS OF THE AMERICAN PEACE COMMISSIONERS.

Paris, Sept. 26.—The peace commission of the United States arrived today from London. The party was met at the station by the United States embassy and a number of Americans and many reporters. The journey from England was uneventful.

CABLE FOR NAVAL EXPERT.

Washington, Sept. 26.—The first word that has come to Washington from the American members of the peace commission since their departure—a brief announcement of their arrival in England, was received at the navy department today, being a cablegram requesting that Captain Bradford, chief of the equipment bureau, be sent at once to Paris to assist the commission. Captain Bradford is the leading expert of the navy department in the matter of coaling stations, ocean routes, communication and strategic points. The officer has taken passage on the Lucania, sailing Saturday.

HOBSON IS CONFIDENT.

CAN RAISE THE CRISTOBAL COLON WITHIN A WEEK IF BUT GIVEN AUTHORITY.

Santiago de Cuba, Sept. 26.—The details just received of the floating of the Spanish armored cruiser Maria Teresa show that with the help of dynamite she was blown off the rocks into deep water, Sept. 23, and proceeded under her own steam, some time afterwards, to Guantanamo, accompanied by one of the tugs of the Merritt Wrecking company. She will shortly leave for New York.

Naval Constructor Hobson says he can raise the Spanish cruiser Cristobal Colon with the use of air bags in a week, if given authority. The Colon, it appears, was not seriously damaged by the shells, but her valves were opened, which caused her to sink. The other two Spanish cruisers sunk in the battle of Santiago—the Almirante Oquendo and the Vizcaya—are useless wrecks of melted iron.

ALGER AT SAVANNAH.

COAST FORTIFICATIONS AT TYBEE ARE ALSO INSPECTED.

Savannah, Sept. 26.—Secretary Alger, General Sternberg and Quartermaster Ludington spent today in Savannah, inspecting the port's advantages for the embarkation of troops to Cuba, as a site for an army camp and for an army hospital. The proposed camp and hospital sites were visited, after which the Secretary and party made a trip down the

harbor to Tybee, where they inspected the fortifications and spent the afternoon. They left at midnight for Charleston. Secretary Alger said the choice of the port of embarkation lies between Savannah and Charleston.

BACK WEDNESDAY.

Washington, Sept. 26.—Secretary Alger sent word to the war department from Jacksonville today that he expects to be in Washington Wednesday. Acting Secretary Melkielejohn will then go on on a leave of absence. Secretary Long is expected in Washington tomorrow or the next day.

COLONEL BRYAN IS ILL.

CONFINED TO HIS BED IN WASHINGTON WITH FEVER.

Washington, Sept. 26.—Colonel William Jennings Bryan, of the Third Nebraska regiment, was unable to leave Washington today for Jacksonville.

"I have a touch of malarial," he said tonight, "and my physician told me I would have to remain here two or three days."

Colonel Bryan was in bed most of the day. His face is flushed with fever, and he remarked that he guessed he was a little tired out.

CUBANS TELL OF WOE.

ARMY OF GOMEZ HAS EVEN EATEN ALL THE PACK MULES AND NOW IS SLOWLY STARVING.

Washington, Sept. 26.—Senor Rivera, the Cuban sub-agent at Tampa, has been visiting Secretary Quesada of the Cuban delegation here for several days. He brings word of extreme distress among the Cubans in and about Tampa. He says that about three thousand of them are anxious to return to Cuba to begin work, but they are destitute and unable to make a move.

Senor Quesada has received similar reports concerning the condition of Gomez's men. A telegram from Key West announces the arrival there of an agent with a view of securing assistance. This dispatch states that the army is literally starving to death; that pack mules have been killed and eaten until there is no further meat from this direction, and the people are well nigh desperate.

SPANIARDS RETIRING.

AMERICAN FORCES NOW HOLD FOUR-FIFTHS OF PORTO RICO—23 PER CENT. OF THE ENTIRE COMMAND SICK.

Ponce, Sept. 26.—The Americans now hold four-fifths of the island. The Spaniards are retiring upon San Juan from all directions and the American troops are moving up.

Some slight disturbances have occurred at Barros and Fajardo, but their seriousness has been exaggerated. Captain Hammel's company of the Third Wisconsin regiment entered Cayey yesterday. General Ernst has moved his headquarters to Aybonto, but it is doubtful if his brigade will follow.

The percentage of sick in his brigade is 42, and there are on the sick list in the entire command about twenty-six hundred men, four hundred of whom are suffering from typhoid fever. The transport Obdam sails tomorrow with 240 convalescents and the Relief will soon leave Arroyo with 260.

The medical officers generally believe that the troops should be sent north, but a few think their condition will improve when they cross the mountains and get into quarters.

NO LACK OF FOOD.

Washington, Sept. 26.—The following cable has been received by the war department:

Ponce, Porto Rico, Sept. 25, 1898. Adjutant General, Washington, D. C.

A cable regarding the sickness and want of rations is received. That there are sick, is a fact, a small proportion are bad cases, but there has been no want of food. The last report gives the total of the sick at twenty-five hundred and nine. Four hundred of these are typhoid, 498 malarial fever and 297 diarrhoea. The percentage is 23.

I think the return of the regiments now here would not be advisable, as others coming would have to go through the same acclimating conditions. We would advise certain of the sick be sent home whose recovery would doubtless be quickened. If regiments are sent to take the place of those now here special attention should be given to selecting those under good discipline and having the full quota of officers. By this means the men may be controlled and sanitary precautions enforced in small detachments, which necessarily must be made. (Signed.) Brooke, Major General.

COLOMBIA WON'T PAY.

WANTS ITALY TO AGAIN SUBMIT THE CERRUTI AFFAIR TO ARBITRATION.

Kingston, Jamaica, Sept. 26.—Advices from Cartagena, Colombia, state that Colombia has finally decided to decline to pay the Cerruti claim, on the ground that the republic is now able to produce ample evidence of Cerruti's complicity in the political troubles that occurred in the country in 1876 and 1885. The government, according to advices received, has directed the president to urge Italy to agree to resubmit the case to arbitration.

MAHDI'S TOMB DESTROYED.

SKULL OF THE MOSLEM LEADER BEING SENT TO LONDON.

London, Sept. 27.—The Daily Telegraph's Cairo correspondent cables: "It is reported Major McDonald reached Lado, where he has located the mahdi's tomb, and that the body was destroyed. An enthusiast, it is said, has secured the mahdi's head and is sending it to the Royal College of Surgeons in London."

STEP TOWARD DREYFUS' FREEDOM.

French Cabinet Decides in Favor of a Revision of the Famous Trial.

STORMY SESSION AND MORE RESIGNATIONS PROBABLE.

VERDICT IS CHEERED BY CROWDS OF PEOPLE IN PARIS.

Doubtful, However, if the Action is Popular Among the Masses in the Country. Who Still Cling to the "Fetch of the Honor of the Army."

HIGHEST COURT NOW TO DECIDE.

Paris, Sept. 26.—At a meeting of the cabinet this morning, all the members being present, a decision was taken in favor of a revision of the trial of former Captain Dreyfus, and the documents in the case will be sent to the court of cassation. The cabinet ordered the minister for justice to lay before the court of cassation the petition of Madame Dreyfus, wife of the prisoner of Devil's Island, for a revision of her husband's case. The court, therefore, will decide the legal question as to whether the first trial of Dreyfus was vitiated by the forgery committed by the late Colonel Henry, who was a witness before the court-martial, and who subsequently confessed to having forged certain of the documents in the case. The minister for justice announced that he had given instructions that proceedings be taken immediately against any one attacking the army.

SESSION WAS EXCITING.

The cabinet meeting was prolonged and animated. The minister for agriculture is said to have bitterly opposed the revision project, and it is rumored he will resign. He left the meeting before it ended, remarking to a newspaper man that he was completely voiceless. It is supposed the instructions to prosecute any one attacking the army were issued at the request of General Chanolle.

The city is excited and the bourse in a disturbed condition. The conservative papers, however, counsel the people to remain calm. It is doubtful if the action of the cabinet is popular among the masses, particularly the country people, who, it is pointed out, "still cling to the fetch of the honor of the army." Crowds of people, however, outside the ministry for the interior, where the cabinet meeting was held, loudly cheered the ministers and there were cheers of "Vive Brisson" and "Viva la Revision."

VICTORY FOR THE PREMIER.

It is understood that M. Brisson, the premier, literally wrung consent from the cabinet for revision after a remarkable display of eloquence and personal influence amid the stormiest of scenes. His strongest opponent was M. Sarrien, minister for justice, who expressed a desire to resign and warned the other ministers that they were assuming a terrible responsibility. MM. Vigor and Marcellin, respectively minister for agriculture and minister for commerce, supported M. Sarrien.

M. Brisson fell into a violent passion and declared, tearfully, that the ministers ought to credit him with understanding all the difficulties and the best way of meeting them. Should they abandon him now, by refusing revision, it would be to face dishonor. As a final argument, he pointed out it would be an extremely grave matter to force a cabinet crisis while the chamber was not in session. The dissenting ministers then reluctantly yielded. General Chanolle, minister for war, remained neutral.

PRESIDENT AGAINST IT.

President Faure hastily returned to Paris this afternoon, but M. Brisson went to Eold de Boulogne, probably to avoid presidential interference until the papers should have announced the decision in favor of revision. M. Faure being still strongly against revision.

The criminal chamber of the court of cassation, which will examine the dossier, consists of fifteen judges and a president, who happens to be a Jew, like Dreyfus.

DREYFUS CASE SECRETS.

SOME RECENT HISTORY WHICH CLEARS UP THE MYSTERY OF THE LATE PRESIDENT CASIMIR-PERRIER'S RESIGNATION.

London, Sept. 27.—The Daily News this (Tuesday) morning commences the publication of a series of articles which it is alleged explain the Dreyfus affair. Today's article concerns the resignation by M. Casimir-Perrier of the French presidency, which it describes as a strange, sad story. The article says:

"The persons in the secret are the Kaiser, Count Von Munster, M. DuPuy-M. Hanotaux, General Mercier, General Boisdeffre, Colonel Schwarzkoppen, Count Esterhazy and the late Henri Sanherr. Beside the French ministry, others had the dossier in their hands."

INSULT TO GERMANY.

"In December, 1894, a detailed report of the Dreyfus affair, which Count Von Munster sent by the usual courier to the Kaiser, was intercepted and photographed by the French, yet it reached the emperor without delay a few days later. This fact became known to the information bureau at Berlin, and Germany ordered Count Von Munster to demand his passports, for the offense was regarded as a robbery and an offense to the emperor on the principle of extra territoriality.

"When Count Von Munster made this demand at the palace the president, Casimir-Perrier, was overwhelmed with the suddenness of the revelation and was beside himself. In an extraordinary scene, he gave his word of honor repudiating all connection with or knowledge of the affair, and solemnly promised to prevent a repetition of it. Count Von Munster was satisfied and sent a second report of this interview. This document was similarly intercepted and photographed, the nega-

THE INDUSTRIAL COMMISSION.

At its last session congress passed a bill authorizing the creation of an industrial commission, non-partisan in character, to collate information and to consider and recommend legislation to meet problems presented by labor, agriculture and capital.

If necessary, the commissioners are to give hearings, and appoint a sub-commission, or sub-commissions, of its own members, to make investigation in any part of the United States, and it is to be allowed actual necessary expenses for the same, and at the conclusion of its labors it is to submit a final report.

The commission's scope, it will be seen, is quite a wide one, and the authority given it will enable it to gather data that will prove valuable in a statistical way, even if its recommendations should come to naught.

We opine, however, that the equalization of the hours of labor in the different states will be the leading feature of the investigation. But the conflicting interests of various sections, especially at the south, in industries where the hours of labor are not regulated by state laws, and the advantages thus derived, will not be given up except under the force of circumstances which have compelled the enactment of laws in several states regarding the number of hours which shall constitute a day's labor.

A writer in "Dixie," in commenting upon this commission, calls attention to the utter impossibility of satisfactorily adjusting and equalizing labor conditions as they exist in widely separated sections of the United States, and more especially in the south. He says: The south, during the last thirty-five years, has been struggling with the negro problem; in the middle west the labor party has for many years been dominated by the anarchical element; the question of slave labor in the coal regions of Pennsylvania and West Virginia has as yet to be satisfactorily solved, and the conditions of the operatives in the mill centers of New England is a source of great perplexity.

AN EASTERN VIEW OF HIM. Following his re-nomination for governor, the Boston Herald had this comment on the wonderful control Pingree had over the convention at Detroit: Governor Pingree of Michigan is an anomaly in the present condition of politics. He is the only man in the country who defies political managers of his party, and goes on steadily from one success to another in spite of them.

principle they declare, as was the case in his compelling them to accept him in the face of his avowal that he favored free silver coinage. We have in this individuality with a vengeance. There is something refreshing in the man in these days of political subserviency, and yet, if he should succeed in coercing the Republican legislature of Michigan to elect him to the United States senate with his free silver views, it might prove a serious embarrassment in our national policy upon that subject.

Alluding to the way the Stephenson crowd got "trun down" in the district caucus at Detroit, held for the selection of the district's choice for members of the various committees prior to the assembling of the state convention last Wednesday, the Menominee Herald plaintively says:

Had the upper peninsula delegates who favored Mr. Stephenson held a caucus and decided upon candidates for the state central committee before going into district caucus, Mr. Wright of Houghton and Mr. Osborn of the "Soo" would not have been elected, for the Stephenson followers were in a majority. It was poor management on their part, simply that and nothing more.

The Stephenson managers have had awfully poor luck handling their majorities in all the conventions lately. Perhaps they will do better as manipulators of a minority. We'll have a chance to see.

The Menominee Herald avows itself intensely disgusted because such old, reliable Republicans as H. O. Young and George A. Newett were denied seats in a Republican convention to make places for George Hayden and Fred Braastad, two Democrats. The action of the state convention in this particular was "rotten," the Herald says. What does that paper think of the nomination of Pingree, whom it has time and again charged with being anything but a Republican? If the Herald can swallow Pingree as a candidate for governor it has no call to make wry faces at Hayden and Braastad as members of the convention which nominated him by acclamation.

Sam must have expended all his influence at Washington when he was trying to get his choice for postmaster at Menominee appointed. Anyway he didn't have enough at command to cut any ice at Detroit.

A SAMPLE OF CONSISTENCY.

To The Mining Journal:—Please give space to this brief communication and earn the thanks of a Democrat who isn't going to vote for any Republican candidate this year—or any other year.

At the Republican convention at Detroit last week Grant Fellows, who presided over the convention as chairman, in the course of his carefully prepared address, said: "The Republican party is a friend of equal taxation and a foe of trusts and monopolies. It opposes all illegal combinations of capital. Upon these two questions the Republican party presents a united front."

Then it proceeded to nominate as the Republican candidate for governor Haze Pingree, who some months ago, in a speech delivered at a trade club banquet at Buffalo, made this charge against the Republican party: "Today all the trusts, all the monopolies, every agency which is bleeding the country, has taken refuge under the wing of the Republican party, because they fear the Democratic party, which has kicked them out."

Is Ping part of the "United Front" Mr. Fellows prattled so nicely about?

A DEMOCRAT.

DEAFNESS CANNOT BE CURED by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

COMMON COUNCIL PROCEEDINGS.

(Official.)

An adjourned regular meeting of the common council of the city of Marquette was held in the council chamber on Monday, the 19th day of September, A. D. 1898, at 8 o'clock p. m., Mayor Neidhart presiding.

There were present Aldermen Extrom, Gustafson, Gray, Gorman, Shea, Tobin, Ward and Young.

The minutes of the previous meeting were, on motion, approved.

Petition of the Marquette County Agricultural society for a detail of special policemen for service at the coming county fair, referred to police committee and marshal with power to act.

Petition of Mrs. Isabel Leroux and sixteen others for the erection of an arc lamp at the corner of Sixth and Rock streets presented. On motion said petition was referred to the Light and Power commission with the recommendation that the prayer of petitioners be granted.

The committee on streets and sewers, to whom was referred the plat of Shaw's addition to the city of Marquette, reported as follows: Your committee to whom was referred the plat of Shaw's addition to the city of Marquette would respectfully report that they have had the same under consideration, examined the same and find that it does not conform to the general plans of any streets now laid out (see Sec. 32 of the charter) and would recommend that said plat be not approved.

Marquette, Mich., Sept. 15, 1898. J. E. TOBIN, WALTER WARD, M. W. SHEA, Committee.

Moved by Alderman Tobin, supported and carried that L. C. Palmer be allowed to address the council regarding said plat of Shaw's addition.

Moved by Alderman Gray and supported that the report of the committee on streets and sewers regarding plat of Shaw's addition be adopted.

Ayes—Aldermen Extrom, Gustafson, Gray, Gorman, Shea, Tobin, Ward, Young and the mayor.

Nays—None. The street committee, to whom was referred the petition of Herman Stensrud and eleven others to have Craig street graded, curved and macadamized from west line of Division street to west line of Altamont street, reported and recommended that said Craig street be graded, curved and macadamized from west line of Division street to the west line of Altamont street.

On motion said report was adopted and placed on file.

On motion of Alderman Tobin the following resolution was unanimously adopted:

Resolved, That in order to establish the grade of Craig street from west line of Division street to the west line of Altamont street the street commissioner be and he is hereby authorized and instructed to make a survey and profile thereof and present the same at the next regular meeting of the common council for its adoption or rejection.

Committee on streets and sewers, to whom was referred petition of J. E. Reau and W. H. Green, to have a 4-inch sewer laid on Superior street, reported and recommended that an 8-inch sewer be constructed on said street from 100 feet west of Fourth street to the center of Fifth street and that a man hole be built in the center of said Fifth street.

Moved, supported and carried, that said report be adopted.

On motion of Alderman Tobin the following resolution was unanimously adopted:

Resolved, That the annexed profile prepared by the city engineer be and the same is hereby adopted for an 8-inch sewer on Superior street from Fourth street to the center of Fifth street.

The following resolutions were, on motion, adopted:

Resolved, That a sewer be laid on West Superior street between Fourth and Fifth streets with tile pipe eight inches in diameter and that the same be connected with man hole to be built in the center of Fifth street according to profile made by E. E. McIntosh, city engineer (hereto attached); and further

Resolved, That the controller be and he is hereby directed to establish and define a local assessment district embracing all the lots and parcels of real estate deemed to be benefited by said improvement and an assessment roll as provided by charter; and further

Resolved, That the recorder be and he is hereby ordered to give notice thereof and of said improvement and of the district to be assessed by publication for at least ten days in the Daily Mining Journal, a newspaper of said city, of the time when the common council will meet and consider any objections thereto.

Ayes—Aldermen Extrom, Gustafson, Gray, Gorman, Shea, Tobin, Ward, Young and the mayor.

Nays—None.

Alderman Shea called attention to the fact that the weigh shed of James Pickands & Co. is standing on Lake street.

Moved, supported and carried, that the committee on streets and sewers confer with the company and arrange an agreement whereby said company shall not acquire any permanent rights in said street.

Moved, supported and carried that claim of Frank Dollar for ten thousand dollars (\$10,000) damages for alleged injuries received on account of defective sidewalk on Champion street, be referred to the committee on police, public order and litigation.

On motion of Alderman Ward the following preamble and resolution were unanimously adopted:

Whereas, Thomas Meads, recorder, is in ill health and his absence from active duty for a time is likely to contribute to his comfort; and in consideration of his long and faithful services as said officer

Resolved, That Thomas Meads, recorder, be and he is hereby granted leave of absence during the pleasure of the common council upon full pay.

The recorder stated that he had appointed George A. Meads, deputy recorder.

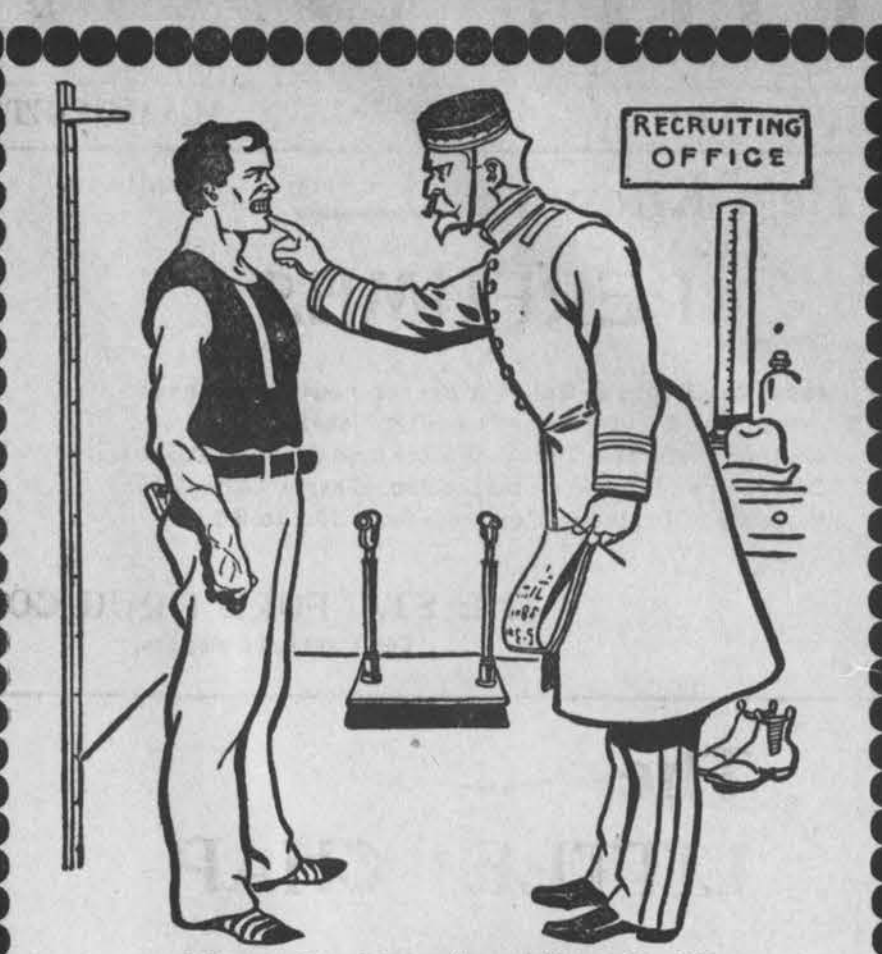

Said appointment was, on motion, approved.

Moved by Alderman Ward, supported and carried, that the following resolution be adopted:

Resolved, That the salary of the deputy recorder be fixed at the sum of \$60 per month, until the further order of the common council, payable as salaries of other city officers.

The street commissioner reported on the matter of sidewalk construction and notices and on motion said report was placed on file.

On motion of Alderman Ward the following preamble and resolution were unanimously adopted:

Officer.—How is it you have such sound teeth? Recruit.—I chew Battle Ax. Officer.—Does Battle Ax preserve the teeth? Recruit.—Look at mine.

Did you ever notice how few men who chew

have any trouble with their teeth? Battle Ax is a sound chew—sound in all its qualities—and men of sound judgment chew it in preference to any other tobacco. It is more good tobacco for the money than you can get in any other way.

Remember the name when you buy again.

ISHPEMING IN BRIEF.

Nicholas Losselyong has been quite sick at his home here the past few days.

The "Breezy Time" company was greeted with a fair-sited house here last evening.

F. M. Sackrider was down from Houghton Sunday on a visit to his wife and children, who are here from the "Soo."

Richard Bice and wife returned to Iron River yesterday. They were accompanied by Mrs. Bice's mother, Mrs. Patrick McDonald, who will visit there a short time.

Charles Yates is up from Marquette helping with the work of putting in more 'phones for the Marquette County Telephone company. The local list is growing right along.

Mrs. Joseph Andrews, who has spent the past two weeks or so with relatives in this city, went to Houghton yesterday to join her husband, who has taken a permanent position there.

Hon. John Jones got home Sunday from Detroit, where he attended the state convention as a supporter of Carl Sheldon. He says he feels about thirty years younger than he did when he went away, all on account of the great Sheldon victory at the convention.

J. Ewald, who manufactured blueberry boxes and crates in this city during the berry season, has a man here storing away the boxes and crates that were left unsold. There were about five thousand boxes and one thousand crates left over. These will be used at the opening of next season, when Mr. Ewald expects to resume the manufacturing business here.

"Beauty and Power." The secret of a woman's power is in her complete womanliness, both physical and mental. This does not mean perfection of outline nor regularity of features; it does not mean wit, nor talents nor accomplishments. It means that physical attractiveness that comes from perfect bodily condition and the bright, happy cheerfulness of disposition which only complete health can insure.

A woman with a bright eye, clear complexion, mantling color in the cheeks and buoyant elastic step and manner has a natural attractiveness that no artificial agency can counterfeit.

A woman who is afflicted with the mortifying misfortune of a dull, sallow, pimply complexion or that listless movement and attitude which provokes only disgust and revulsion in the opposite sex, ought to avail herself of the purifying, invigorating power of Dr. Pierce's Golden Medical Discovery, which makes a strong, healthy stomach and digestive organism; purifies the blood and imparts a natural stimulus to the excretory functions; insures healthy weight, clear skin, bright eyes and the animated manner and bearing of perfect health.

A lady living in West Virginia, Miss Anna Callow, of Kyger, Roane Co., writes: "It is with pleasure I write you after using a few bottles of Dr. Pierce's 'Favorite Prescription' and 'Golden Medical Discovery,' and I think them valuable medicines for female troubles and weaknesses. I could hardly go about my work I had such inward weakness and constant misery in the womb. It worried me so that I had a bad cough and my lungs hurt me all the time. I got very thin, my complexion was bad, and my eyes would get so heavy in the evening they seemed stiff in the lids. I could hardly move them. Many persons were alarmed about me. I looked so bad and had such a cough, they were afraid I would go into consumption. I felt so badly every day that I had no life about me. I used only five bottles in all. I shall ever speak in praise of your grand medicines. They are blessings to suffering females."

Another good thing to have in the house is a vial of Dr. Pierce's Pleasant Pellets. They cure biliousness and constipation and never gripe.

HUSBAND HELD ON SUSPICION. SCOTT DOESN'T WANT IT.

PORTAGE ENTRY WOMAN MYSTERIOUSLY DISAPPEARS AND FOUL PLAY IS HINTED.

The community at Portage Entry has been thrown into the wildest excitement since Wednesday, when Mrs. Nick Thompson mysteriously disappeared, and the question agitating the people is whether or not she has been foully dealt with.

Mr. and Mrs. Thompson have been married about six years and have two children, aged five and three years respectively. Thompson had ill-treated his wife, and on many occasions whipped her shamefully.

Mrs. Thompson was last seen Tuesday night at 9 o'clock. Her husband had spent the few days previous in hunting, and a lady who spent the evening with his wife states that he was not home at 9 o'clock.

Wednesday morning her disappearance was noted, when she failed to appear at a day's washing, for whom she always did this work.

Thompson returned the same night upon which his wife departed and was last seen, and his statements have helped to bring him under suspicion.

FRANCE LIKELY TO RECOGNIZE THE INSURGENT REPUBLIC.

HAS THREE MEN-OF-WAR AT MANILA AND NEGOTIATIONS ARE ON.

Madrid Ministry Planning to Throw Part of the Philippine Loan on the United States Should the Island of Luzon Be Ceded.

ORDERED TO JOIN PACIFIC FLEET.

Paris, Sept. 26.—A Hong Kong special newspaper cablegram says that "it is learned from a trustworthy Filipino source that France has promised to recognize the Philippine republic." The dispatch adds that negotiations on the subject are pending at Manila, where there are three French warships.

BOLD SPANISH STAND.

Madrid, Sept. 26.—Duke Almodovar De Rio, minister for foreign affairs, states that the Spanish peace commissioners have been instructed to contend strongly for the integrity of Spanish sovereignty in the Philippines, on the ground that the protocol was signed before Manila had capitulated; and also to make a firm stand regarding the Cuban debt, and the Philippine loan in 1896 if Luzon is ceded to America.

HEALTH OF TROOPS GOOD.

Washington, Sept. 26.—The navy department has decided to send the cruiser Buffalo, now at New York, to the Pacific station. She probably will go to Honolulu, and in event she is needed to reinforce Admiral Dewey's fleet she can receive orders at that place by a dispatch boat.

The war department today received a dispatch from General Otis, at Manila reporting the condition of the troops in the Philippines. He says the health of the men is generally good and that the percentage of the sickness is small.

JOURNEYING TO WASHINGTON.

Chicago, Sept. 26.—Major General Daniel V. Green, of the American army of invasion of the Philippines, and Senor Felipe Agoncillo, vice president of Aguinaldo's revolutionary government, arrived in Chicago today, enroute to Washington. General Green's errand is to give the executive his views and the views of his fellow officers concerning the right course for this government to pursue in regard to the future of the islands. Agoncillo goes to appeal to the president for representation on the Paris commission and for immediate independence for his people.

ASHES OF COLUMBUS.

EXHUMED AT HAVANA PREPARATORY TO CONVEYANCE TO SPAIN.

Havana, Sept. 26.—At 9 o'clock this morning the official exhumation of the remains of Christopher Columbus took place in the presence of Captain General Blanco and other officials. The general public were forbidden admission to the cathedral.

The ashes were deposited in a zinc case, which was placed in the sacristy of the cathedral, and a permanent guard was established to watch over them. Public religious services will be held shortly.

The remains of Columbus had laid in their late resting place since Jan. 19,

1796, when they were brought from Santo Domingo, that island having been ceded to France by Spain. Since the date mentioned, the remains have laid in an open niche in the walls of the presbytery of the cathedral and above the ground between a pillar supporting the main arch and the choir.

After the 400th anniversary of the discovery of the New World by Columbus, the Spanish cortes included in the Cuban budget a large sum for the purpose of erecting a fitting monument symbolizing the travels of the discoverer, to be placed in the most conspicuous place in Havana, and also for the construction of a mausoleum to hold the ashes.

The mausoleum, which is the work of the Spanish sculptor Melida, was brought to Havana and placed upon the base erected for it in the center aisle of the cathedral, close to the main door. The monument has not come, and probably never will come to Havana. It was to have been paid for by the appropriation included in the budget of the island, but late circumstances have overturned the plans made on the occasion of the celebration of the 400th anniversary of the discovery of America and it is probable that both monument and mausoleum will be placed in a fitting place in Spain, where they will be looked upon as one of the treasures of the Spanish nation.

LAST OF CAMP WIKOFF.

ORDERS ISSUE FOR REMOVAL OF REMAINDER OF THE TROOPS.

New York, Sept. 26.—The deputy quartermaster general here, Colonel Amos S. Kimball, today received orders from Washington to move the remainder of the troops at Camp Wikoff to their stations in the West and the South. The first cavalry probably will be the next organization to move under the previous order. The Ninth cavalry will arrive here tomorrow, enroute to stations in the Department of Dakota.

NEW RIVAL OF THE L. A. W.

GARDINER, BALD AND OTHER PROFESSIONALS SHAKE THEIR OLD LOVE AND FORM THE AMERICAN RACING CYCLISTS' UNION.

Trenton, N. J., Sept. 26.—The American Racing Cyclists' union was today formed as an opposition racing association to the League of American Wheelmen at a meeting held here in which a number of star racers took part. Eddie C. Bald was made chairman and F. Ed Spooner secretary. An executive committee, composed of Frank Eaton, Frank Batchelder, Orlando Arthur Gardiner, was appointed. Another meeting will be held at Philadelphia on Wednesday next, when further steps will be taken to perfect the organization of the union.

Those who were present at the meeting and signed the agreement were: Eddie Bald, Arthur Gardiner, Tom Cooper, Frank Eaton, Frank Batchelder, Orlando Stevens, H. F. Terrell, J. B. Anderson, W. E. Becker, B. B. Stevens, John Zimmerman, Ed Spooner, R. T. Barrow, W. J. Wigmore, James P. Logue, John Ruel, R. M. Miller, E. P. Thompson and Ed Stout.

These men just named appointed themselves as a committee at large to circulate among the remainder of the sixty-three professionals entered for today's races and appeal to them to sign the agreement. Gardiner and the others say they are out of the League of American Wheelmen for good, and that the American Racing Cyclists union will become a permanent organization.

THEIR FINES ARE PAID.

The officers of the League of American Wheelmen are here. They agreed that the order of suspension against Bald and the others would be lifted upon the payment of a \$10 fine each. The Interstate Fair association this afternoon paid the fines, actuated by a desire to prevent the possibility of the league placing the track on the blacklist.

The bicycle races were started at the fair grounds this afternoon, but rain interfered. The first and second heats of the five-mile professional were run off and the first and second heats of the one-third mile New Jersey amateur championship. If the consent of the L. A. W. is obtained the races started today will be finished tomorrow morning.

The first heat of the five-mile race was won by Arthur Gardiner; Fred Simms was second and Tom Butler third; time, 12:45-4-5. The second heat was taken by H. B. Freeman, with Eddie Bald second and W. Simms third. The time was 12:10.

CUT ENTIRELY LOOSE.

Later—A number of the men who went this morning and took the initiative steps for the organization of the 'cyclists' union met again tonight and drew up the following agreement:

"We, the undersigned, agree in the future to ignore the jurisdiction of the League of American Wheelmen over professional cycling racing, and we also pledge ourselves not to compete at any meet which recognizes the control of the League of American Wheelmen. This agreement will take effect immediately."

The agreement was signed by Bald, Gardiner, McFarland, Cooper, Kiser, Stephens, Martin, Freeman, Eaton, Buckner, Thompson, W. A. Terrell, T. E. Terrell, Aker, Hedstrom, Mosher and Maya.

TROTTER RECORDS SMASHED.

FASTEST HEAT OF THE YEAR IS REGISTERED AT LOUISVILLE.

Louisville, Sept. 26.—The fastest heat of the year was trotted on the opening day of the Louisville Driving & Fair association's annual meet today, when Blingen won the first heat of the 2:11 trot in 2:06 1/4. The weather was perfect and the track was in splendid condition.

Trotter John A. McKerron won the first heat of the Preparation stakes in 2:12 1/4, which is the season's record for three-year-olds, while Cald made the second heat of the 2:11 trot in 2:07 1/4, equalling Eagle Flanagan's previous record, made at Terre Haute last week. In this race, the winner of each heat lowered the previous record. Results:

Preparation stakes, trotting, three-year-olds, \$1,000—Cuprum won; Charley Herr took second heat and John A. McKerron the first. Best time, 2:13 1/4. Six starters.

Frank Fehr stake, 2:11 trot (nine starters)—Bingen, won; Cald won second and third heats and George Annas the fifth. Best time, 2:06 1/4.

Commercial club stake, 2:09 1/4 pace (nine starters)—Searchlight won in straight heats. Best time, 2:05.

CHAPLAIN WHO TALKED TOO MUCH.

Court-Martial of Rev. McIntyre of the Battleship Oregon Opens at Denver.

CHARGES GROW OUT OF A RECENT LECTURE THERE.

DECLARED CAPTAIN "BOB" EVANS OF THE IOWA A COWARD.

Admiral Sampson Husted Within the Four-Mile Limit of the Colon to Share in Prize Money, and Other Very Naughty Allegations.

WAGGED HIS TONGUE TOO FREELY.

Denver, Sept. 26.—The trial of Chaplain Joseph P. McIntyre, of the battleship Oregon, by court-martial for the alleged use of language unbecoming an officer of the navy and calculated to destroy the good order and discipline of the navy during the delivery of a lecture in Denver Aug. 8, was begun today.

The members of the court are: Commander W. P. McCanna, president, and Lieutenant Commander William H. Driggs, Chaplains D. H. Tribou and T. A. Gill, Lieutenant Nathan H. Barnes, Lieutenant Commander C. K. Curtis and Lieutenant Commander J. D. Kelley.

TOUGH ON SAMPSON.

The judge advocate, Captain C. H. Lauchheimer, read the charges and specifications prepared by Prosecutor Withey, including alleged extracts from the lecture, in which the captain is made to say that Admiral Sampson reported himself within four miles of the Spanish ship, Cristobal Colon, when she struck her colors, in order that he might participate in the prize money, although he had nothing to do with the battle.

The chaplain is also alleged to have said that when the Oregon went into the fight it met the Iowa, commanded by "Fighting Bob" Evans, going to the rear, where he stayed till the battle was over. The chaplain is further charged with saying that the Oregon was the only battleship in the navy honestly built, claiming that the eastern-made ships failed to come up to expectations because the builders got their orders through political pull, and didn't care how much they cheated the government.

The second charge is "conduct to the prejudice of good order and discipline."

It recites the specification of the first charge with an additional one based on the chaplain's "public and contemptuous" reference to Captain Evans as "Fighting Bob." The third charge is "conduct unbecoming an officer of the navy," and recites the same specifications.

PLEA OF THE DEFENSE.

Earl Cranston of Denver, as attorney for the prisoner, moved that the charges be quashed on the ground that the remarks were not of a scandalous character in the public press and by the people generally. He held that the statements charged could not have affected the discipline of the navy. He also argued there was no detail of the alleged statements, and no charge of malicious intent and charges of fraud, in his speech. The chaplain's attack on the vessels, Attorney Cranston said, were against the contractors and not against the builders.

The judge advocate dissented and the court denied the motion to quash. The prisoner then entered a plea of not guilty and the court adjourned until tomorrow.

CYCLONE IN ONTARIO.

THREE PERSONS KILLED AND MANY INURED AND CONSIDERABLE PROPERTY DAMAGED AT MERRITON.

St. Catharines, Ont., Sept. 26.—A cyclone struck Merriton, three miles from this city, with terrible violence this afternoon, killing three persons and injuring many. The dead are: CLARA O'NEIL, MRS JOHN BICKLEY, FRANK MOFFATT.

The Lincoln paper mill was unroofed and badly wrecked, as was the power house of the Acetylene Gas works. Other prominent buildings unroofed or partly wrecked were Orange Hall, a public school, and St. James and the Presbyterian church. There were forty pupils in the school when it collapsed. The children were covered by piles of debris and many were badly injured.

Frank Moffatt, one of the pupils at the school, was dead when taken from the ruins. Mrs. John Bickley was killed just as she was about to enter the front door of her house, a flying piece of lumber striking her on the head. The St. Catherine armory of the local militia force was practically demolished. The company of students who were drilling had a narrow escape. Considerable other damage was done.

Later—James McCarthy and Maud O'Neill, who were injured, died tonight, making a total of five dead. Many reports are coming in from the country of houses being blown down and people injured.

TONAWANDA SWEEPED.

Tonawanda, N. Y., Sept. 26.—A tornado this afternoon unroofed many buildings, blew down barns and wrecked fences. Several people were injured. The damage to property reached \$100,000.

EMMA GILL'S DEATH.

BRIDGEPORT OXLEY, AT BRIDGEPORT, LAYS IT AT THE DOOR OF DR. NANCY GUILFORD.

Bridgeport, Conn., Sept. 26.—The complaint against Oxley and Guernsey in the Emma Gill case was changed today from an attempt to procure abortion to that of manslaughter. Guernsey is out on bail, and Oxley is still in jail.

It was learned today that a brother of Harry Oxley, who visited him at the jail yesterday, took into his confidence a friend in this city and told him the substance of the confession alleged to have been made to the police by the arrested man. The brother said that when Harry was arrested his mother told him to tell the whole truth in the case. This is his story:

"Emma Gill told me her condition, and I told Guernsey. The latter told me if my conscience was not clear I should

make the girl my wife. I then went to Emma and expressed my willingness to marry her, but she said this was entirely unnecessary. She knew Dr. (Nancy) Guilford and would go to her. Emma said she did not wish to marry me because there was another fellow (Foster) who wanted to marry her. He would make her a better home, she thought, than I could and considered him a better match."

SOLICITED A BRIBE.

CHICAGO'S SOUTH TOWN EX-ASSESSOR GUNNING CONVICTED ON STILL ANOTHER CHARGE.

Chicago, Sept. 26.—Richard C. Gunning, South Town's ex-assessor, was found guilty in just three hours and forty minutes today of soliciting a thousand-dollar bribe from Charles Fewlow, agent for the Reliance building. The maximum penalty for the offense is \$5,000 fine. The ex-assessor already has been convicted on the charge of malfeasance in office and palpable omission of duty, for which a fine of \$2,000 was imposed last week.

FAMOUS ACTRESS DIES.

PASSING OF FANNY DAVENPORT AT HER SUMMER HOME IN MASSACHUSETTS.

Duxbury, Mass., Sept. 26.—Fanny Davenport (Mrs. Melbourne McDowell) died at her summer home, Mcbourne Hall, at 10:30 tonight of enlargement of the heart.

Miss Davenport had never fully recovered from her severe illness early in the summer, but up to a week ago it was thought that she would in time enjoy her usual health. A few days ago, however, a change was noticed, and since then she had been gradually sinking and today it was announced that death was only a question of a few hours. Her three sisters had already been notified and, with her husband, were at the bedside when she peacefully passed away.

BAYARD'S END IMMINENT.

Dedham, Mass., Sept. 26.—Ex-Secretary Bayard's pulse is very weak, and the end is only a matter of a few hours.

PUGILIST DYING.

"DOC" PAYNE SPARRING, PARTNER OF MCCOY, PROBABLY FATAL INJURED IN THE RING AT PHILADELPHIA.

Philadelphia, Sept. 26.—It required only two rounds tonight for Joe Butler, a local colored pugilist, to put "Doc" Payne, McCoy's sparring partner, out of the business, but in that time Butler gave an exhibition of the foulest kind of fighting, and it was only with the aid of the police that he got safely away from the crowd of over two thousand, who waited in front of the building.

The men were to fight six rounds. In the middle of the first Butler deliberately forced Payne against the ropes, and in the clinch threw him and began to punch him. The referee separated the men and declared the round ended, but the colored man went after his opponent against and landed three or four hard punches. Payne was groggy when the bell sounded.

In the second both fought fiercely for a minute, when Butler again began rushing the tactics and landed a heavy right swing on Payne's jaw. The latter fell like a log and had to be carried from the ring. Later Payne was taken to a hospital. It is feared that concussion of the brain has resulted, and the physicians would hold out no hope for his recovery.

"Jack" McDonald, Butler's second, and "Kid" Howard, Payne's second, were arrested. Butler cannot be found.

SOLLY BROKE AN ARM.

DAVE SULLIVAN OF IRELAND GAINS UNMERITED PUGILISTIC HONORS AT GOTHAM.

New York, Sept. 26.—Dave Sullivan of Ireland and Solly Smith of Los Angeles, featherweights, met tonight at the Greater New York Athletic club for a twenty-five round bout. The contest was stopped at the end of the fifth round, however, by the referee, who awarded the honors to Sullivan. During the second round Smith broke his left arm near the wrist. He used it lightly a few times in the next two rounds, and it was seen by everybody that the Californian could not continue. Smith's accident robbed him of what certainly would have been a victory.

RYAN LOSES ON A FOUL.

Louisville, Sept. 26.—In a fight tonight between Australian Jimmy Ryan and Jim Franey, the crack Cincinnati welter weight, the latter was given the decision in the eleventh round on account of Ryan's foul tactics. Franey had the best of the fight.

FIGHT FOR CORBETT.

FRISCO CLUB HAS \$15,000 FOR A GO WITH SHARKEY.

San Francisco, Sept. 26.—The National Athletic club of San Francisco made an offer to Corbett and Sharkey tonight for a purse of \$15,000 for a twenty-round contest in November or any month between October and February.

TEXAS TRAIN WRECK.

Corsicana, Tex., Sept. 26.—A Houston & Texas Central passenger train was wrecked near here today. Judge A. B. Davis of Oak Cliff, Tex., was fatally and twelve others seriously injured.

Saratoga, N. Y., Sept. 26.—There is hardly one impartial observer here tonight who does not believe the ticket to be nominated by the Republican state convention tomorrow will be headed by Theodore Roosevelt for governor and Timothy L. Woodruff for lieutenant governor. Chauncey M. Depew, who is to name Roosevelt, arrived here during the afternoon and is positive his candidate has almost a clear field.

It was pretty well decided late tonight that Governor Black will not go into the convention. His friends are urging him to do so, but up to this time he has stoutly maintained that it would not be dignified. One of the first callers on the governor today was Senator Platt, and following a pleasant conversation with him the governor cordially received Mr. Depew, Senator Ellsworth and several others of the Platt forces.

FORECAST OF PLATFORM.

There is every indication that tomorrow's work will be harmonious. The fact that the platform will endorse Black's administration is indicative of good feeling, and it will also review the proceedings of the last two sessions of the Republican legislature. Beyond that the platform will not deal with state issues, but will chiefly touch questions of national scope, including an unqualified and vigorous endorsement of President McKinley's administration.

One of the most important planks will declare in favor of the retention of the Philippine islands and against the return to Spain of any conquered lands.

FIERCE DEMOCRATIC RIVALRY.

IMPOSSIBLE TO PICK THE WINNER AT SYRACUSE CONVENTION.

Syracuse, N. Y., Sept. 26.—Many delegates to the Democratic state convention on Wednesday are here tonight. The boom of Justice Robert C. Titus of Erie was among the earliest to be launched. Mayor James K. McGuire's friends are naturally numerous and enthusiastic in his home town.

All the Tammany delegation have not arrived, but there is a sufficient number here to keep the talk of Mayor Van Wyck's candidacy before the public. His chances, however, received a set-back tonight, when the members of the Erie county delegation announced that Croker had stated to them that the candidate for governor would not be named from the territory south of Albany.

The first gubernatorial candidate to arrive here was Congressman William Sulzer. The next was John B. Stanchfield of Elmira. Tonight no one dares to predict the nominee for governor.

THINK HIM AN ACCOMPLICE.

JOHN KENNEDY HELD BY KANSAS CITY POLICE IN CONNECTION WITH FRIDAY NIGHT'S EXPRESS CAR ROBBERY.

Kansas City, Sept. 26.—Notwithstanding the strong alibi that John Kennedy establishes for his whereabouts on Friday night, when the Missouri Pacific express car was blown up, the police refuse to believe that he had nothing to do with the crime.

Officers who are at work on the case say they do not believe Kennedy was one of the five men who actually did the work but they believe he knew all about it. They believe he came to Kansas City Friday night, met some of the real robbers, got his share of the booty and divided with other outside helpers.

GOT A RICH HAUL.

Chief Hayes does not hesitate to say that the men who have done nearly all the train robbing around Kansas City for years live in the eastern part of the county and do not have far to go when the raid is made. He believes the robberies have netted more gain for the thieves than the express companies have ever acknowledged.

When the wrecked and battered express car of Friday night's robbery was cleaned up, the express people found \$1,200 in silver scattered around. This is pointed to as proof enough that the robbers were paid for their work. They would never have left even this bulky "swag" if there had not been paper money enough in the safe to satisfy them.

If the robbers are not caught, it will not be the fault of the railroad and express companies. They intend to go after the thieves in earnest.

SAFE CRACKERS IDENTIFIED.

St. Joseph, Mo., Sept. 26.—Morgan, McAller and Ryan, arrested last night by the police, have been identified as the crackers of the Hastings (Iowa) bank Sept. 21. They were identified by Cashier French and Sheriff Tubbs. Nine hundred dollars in money was recovered.

WOUND PROBABLY FATAL.

Blissfield, Mich., Sept. 26.—Samuel Rothfuss, who was shot by robbers intending to rob the postoffice in the main street of the village yesterday morning, is unconscious today. He has had injuries in the abdomen. The officers believe they have the robbers traced to Toledo.

HEAVY FAILURE.

RECEIVER APPOINTED FOR THE NEW ENGLAND LOAN & TRUST COMPANY.

New York, Sept. 26.—Otto T. Barnard was today appointed receiver of the New England Loan & Trust company. The company was a large lender of money on western mortgages.

WHY THE RECEIVER.

Philadelphia, Sept. 26.—President Frank T. Hipple, of the Real Estate Trust company of this city, when questioned tonight in regard to the action of his company in obtaining the appointment of a receiver for the New England company, stated that it was merely a precautionary measure, taken to protect the holders of a million dollars worth of New England company's bonds, for which the local company is trustee.

"There is no cause, however, he continued, for the holders of the bonds to become alarmed, for they all are protected by good securities. Within the past few weeks we have had experts go carefully over the securities, and they report they represent enough capital to more than pay the company's outstanding bonds and interest on them.

"The New England Trust & Loan company was organized twenty-two years ago and has a capital stock of \$750,000. The company was well introduced less than ten years ago, when we became the trustee for the Philadelphia series of bonds they desired to issue. Since then they have always been prompt in sending us money enough to pay the interest and there has been no trouble between us. But of late certain circumstances have arisen which made us feel that our duty to ourselves demanded that our interests be better protected than they were, and so, despite the fact that the company has plenty of assets, we applied for a receiver."

SCOPE OF THE COMPANY.

Des Moines, Ia., Sept. 26.—An official statement on the failure of the New England Loan & Trust company of this city was made this afternoon by N. T. Guernsey, counsel for the company and special counsel for the receiver, who has returned from New York. Summarized, it is:

"The New England Loan & Trust company is a corporation organized under the laws of Iowa. Its business has been to deal in western securities, consisting almost entirely of mortgages negotiated by it and in debentures issued by it and secured by mortgages, deposited with the trustees—the Farmers' Loan & Trust company of New York and the Real Estate Trust company of Philadelphia.

"The company has a capital stock of \$750,000 and undivided profits of \$109,000, making an aggregate of \$859,000. The amount of debentures outstanding is five and a half millions and there have been negotiated five million dollars worth of real estate mortgages, being almost entirely held in the east and abroad.

"Recent examinations into the books showed there to have been large losses on account of real estate that the company had been obliged to take over in connection with its loans, which were made during the boom times in Kansas City, Sioux City, Omaha, Lincoln and Salt Lake. The company was unable to pay the interest and the principal about to accrue on its debentures and take care of its demand obligations.

OWES NEW YORK BANKERS.

"The company is indebted to New York bankers on demand notes for \$135,000 and time notes for \$10,000. Some of the debentures will probably be paid in full, principal and interest. Others will stand some loss, but the loss on debentures ought not to be large. As matters stand now, it is impossible to say what the extent of the impairment of the stock will be. So far as local conditions are concerned, there were no creditors in Des Moines.

"It is too early to attempt a definite statement of the company's affairs or to predict what steps will be taken, looking to reorganization or liquidation.

M'KINLEY'S WESTERN TRIP.

PLAN OF THE PRESIDENT TO SEE OMAHA'S SHOW OCT. 12.

Washington, Sept. 26.—Senator Thurston of Nebraska and W. N. Babcock and E. C. Schneider, of the committee on transportation of the Trans-Mississippi exposition at Omaha, had an interview with the president today regarding the details of his trip to the exposition. The original plan, which was to start a special train bearing the president and party Oct. 10, arriving at Omaha the evening of the following day, may be changed. This allows a daylight ride through Iowa. The president is anxious to extend the trip westward as far as Denver, but it is not fully determined to do so. He will be in Omaha Oct. 12. It was decided to run the train through to Omaha, making practically no stop at Chicago on the out trip. Returning, the president is to be in Chicago Oct. 18 or 19 at the peace jubilee there.

"PARSON" POPE'S TOUR ABROAD.

HE HAD A PLEASANT TIME IN ENGLAND - MET "PROFESSOR" DICK UREN THERE.

Joe Pope got home Friday night from his native place in England. His trip was a most pleasant one, and he says he enjoyed it thoroughly. He met many of his old school friends over there and has much of interest to relate about his experiences while abroad.

His mission abroad had to do with the settlement of his father's estate. A short time before he left here one of the trustees of the estate died and it was necessary that his successor be appointed so that the estate's affairs should not be tied up after his father's death. Joe is the sole heir to the estate and will come in for the property in time. He found his father in poor health and his physician advised him that he is liable to drop off at any time, though he may live a few years yet.

The night before Pope left Redruth for this country he was tendered a big reception at the Red Lion hotel. An account of the affair was published in the Cornish Post and Mining News of Cornwall the day following and the paper got here a few days ahead of the "Parson," having been sent on by the publisher. Several of the leading men of the town were present at the reception and a number of them made speeches. Pope was heard from, responding to remarks from others, and he also gave a few recitations, which were well spoken of in the write-up.

While in England Pope met "Professor" Richard Uren, known here as the "parachute jumper," because of the great leap he made in this city two years ago last Fourth, when he fell into a cage of painted dogs, representing lions, as it collapsed in turning the corner of Main and Barnum streets. Nearly everyone in Ishpeming knows the "professor," he was the most familiar figure in town for quite a while before he was sent back to England by a number of the citizens, who got up a purse for that purpose.

When Pope spied the "professor" he was posing on a street corner as he used to here. He noticed Pope and recognized him, but he did not pretend to be surprised at all, rather acting as though he was too high-toned to pay any attention to such a plain individual as the "Parson."

Pope was the first to speak. When he did the "professor" merely recognized him and hardly changed the attitude he had struck. There was not much change in Uren's appearance. He was just as "swell" as ever. In fact he looked quite well and was decked out with even more "diamonds" than he had worn while here. His shirt front was ornamented and he had rings on every finger. "Dickey" told Pope that he is tired of England and would like to return to Ishpeming. He said this is the only place where he enjoyed living. He asked

Joe to see Captain Tom Walters when he got home and have him send money enough to pay his way back to this country. The captain was always good to the "professor" and this is why he thinks Mr. Walters might now help him out. But it is not likely the "professor's" Ishpeming friends will have the pleasure of seeing him again, at least for some little time.

FOR SHELLEN OUT AND OUT.

Mike Griffin, who is known as one of the staunchest Democrats in Ishpeming, has had considerable amusement as a result of the affidavits that were made out by voters of his ward in the interest of Sam Stephenson. Mike was accused of standing with the Shelden people and he wishes it understood that he did stand there and that he has not made any attempt to deny that fact. He has been on the Shelden side from the start, he says, and is going to stay there until after the election. It will not make any difference to Griffin who is put up on the Democratic ticket for congressman from this district, Shelden is going to get his vote and his support to the last. He says he is ready to make affidavit to that effect, if necessary, though he does not want it understood that he has changed his political views because he is a Shelden man. Mike is one of the many voters in this county who does not think it right that because he is a Democrat he should be denied the privilege of supporting a man on the other side.

SOCIAL HOP FRIDAY EVENING.

A social hop will be given next Friday evening at the A. O. U. W. hall under auspices of the Ladies' auxiliary to the Ancient Order of Hibernians. At a recent meeting committees were appointed to complete arrangements for the affair and those in charge of the work are laboring hard with a view to making it one of the most successful parties ever given by the society. The tickets will be seventy-five cents per couple. This will include refreshments, which will be served in the dining hall. The Twin City orchestra will furnish the music.

The Ladies of the Maccabees expect a large attendance at their fourth anniversary entertainment and hop tomorrow night at the A. O. U. W. hall. Members of the different tents of the county are expected to attend and all who go will have a splendid time. The early part of the evening will be taken up with the musical and literary program and it is expected that the dancing will be started before 10 o'clock.

account of so many new books being added since that time. There are now over 5,300 books in the library proper. This does not include books of reference and authorities. There are many of the latter and of late these have been used more than at any previous time since the library was established.

The library was largely patronized last year, there having been over 1,000 books drawn out for home reading. The average this year has been over 900 per month.

"TWO STRIKE" WILL RACE.

Griffin's "Two Strike" will be seen in the races at the Marquette county fair during the next three days. Mr. Griffin yesterday informed the reporter that about a dozen horses are coming from outside to go in the races, so that the lovers of this sort of sport may expect to see some pretty lively trotting down there. Griffin's horse will go down today.

"J. Daw," the Escanaba horse that was in the races held at Hancock, has been purchased by two men up there. This horse will also be in the races at Marquette this week.

A PLEASING ENTERTAINMENT.

There was a very pleasing entertainment last evening at the Ishpeming Co-operative society's hall under auspices of the Division street Methodist church choir. The program was an extended one and was made up of some splendid musical numbers, recitations, etc. At the conclusion of the program refreshments were served by the ladies.

THE LINE COMPLETED.

The Marquette County Telephone company's extension to Republic has been completed. That is, the poles and wires are all up, but the switch board is not yet in position. It will take a few days yet before all the Republic subscribers are connected with the central. The company has several men still at work at Republic.

SPECIAL RATES FOR THE FAIR.

The Lake Superior & Ishpeming railway line will give a special rate of fifty cents for the round trip during the three days of the county fair at Marquette, commencing Wednesday and continuing until Friday, inclusive. The rate will be fifty cents for the round trip and the tickets will be good to return as late as Monday, the 3rd. A train will leave the island every evening at 8 o'clock for the accommodation of those who wish to remain down there until that time. On Thursday morning a special train will be run down in the morning, leaving Ishpeming at 7:50 o'clock. (9-27-3d)

TAKE NOTICE.

I hereby give notice that I will not pay any debts contracted by my wife, Caroline Karkeet, who has left my bed and board. Merchants and others in Ishpeming will please take notice. W. Z. KARKEET.

AUTUMN ANNOUNCEMENT BY THE STAR SAVINGS BANK CO. CLOTHING DEPARTMENT.

NEW GOODS! EXCELLENT SUPPLY! LOWEST CASH PRICES!

During the past few days our immense new stock of Clothing has been arriving daily, and is now being unpacked as fast as it arrives and placed upon our tables for inspection by those who purchase clothing at strictly cash prices.

CASH IS KING!

and our prices will be found such as will convince the most skeptical that we propose to sell our goods on these terms only, and give the honest purchaser the benefit of this supreme rule. We have figured out that by making only strictly cash sales, we can save the buyer at least 25 per cent., or in other words what you

must pay one dollar for at a credit store we can give you the same, and oftentimes a better class of goods, for 75 cents. Just think what you can save on a \$10.00 or \$15.00 purchase. The suggestion is worth your consideration.

UNION MADE GOODS!

We have recently arranged to handle only Union Made goods as fast as we can make room, and in course of time our stock will be strictly Union-Made. Our line of goods are only of the up-to-date class. No shoddy or shew worn garments will be handled by us. To convince you that our prices are low we here quote a few; they are good, big values and cannot be duplicated by the so-called credit leaders:

TROUBLE OVER A DOG.

A SUBURBAN FARMER AND A NEGAUNEE HUNTER MAY GO INTO COURT TO SETTLE IT.

John Helmstorfer, who lives on a farm east of Negaunee, is considerably incensed over the loss of a fine dog he has had at his place for some years past.

A young man of Negaunee who was out hunting one day last week shot the dog right in front of Mr. Helmstorfer's door. He was passing through the lot and the dog rushed out at him, but did not bite him. The young man, fearing the dog would grab him, used his gun to protect himself, with fatal results to his canine assailant.

Mr. Helmstorfer was in the house. Hearing the shot, he ran out to see what the trouble was. The old man was very angry and there was quite a warm time between him and the hunter for a few minutes. The latter finally said he would pay for the dog and gave the farmer \$5 in part payment, agreeing to come back with more. He also offered Helmstorfer his gun as security, but the old man did not take it, relying on the fellow's honesty. Before leaving the farm the Negaunee man told Helmstorfer his name was James Miller and that he lived at Ishpeming. Since then the farmer has learned that the hunter did not tell him the truth.

The trouble over the shooting of the dog has not yet ended. After the hunter got back to town he concluded that the dog wasn't worth anything and that he had acted unwisely in giving Helmstorfer the \$5. He was told that he could get the money back and that he was in no danger of getting into further trouble over shooting the dog. He sent an officer down to the farm to demand the money but Helmstorfer would not give it up.

Helmstorfer was in the city Saturday and talked of having the young man arrested, but he has not yet decided to take the matter into court.

Helmstorfer and the members of his family thought a great deal of the dog. Two years ago a hobo came to the farm during the absence of Mr. Helmstorfer and asked for something to eat. He was given a good dinner. Seeing no men around he demanded money from Mrs. Helmstorfer. She said she had no money to give him, but the stranger insisted that she must provide him with some cash. He said he knew the woman was in the house somewhere and if it was not handed over to him he would make trouble. The woman tried her best to drive the impudent tramp out, but he stubbornly refused to leave and proceeded to search the bureau drawer's for money.

The dog was tied in the barn. The woman went out and let him loose and set him on the tramp. Before the dog got through with that chap he was mighty glad to get away and without any money. He begged the woman to call the dog off, but she was not as tender-hearted as he had supposed. The dog jumped on his back, tore his clothes, and chewed him up considerably besides. Finally the tramp got outside the door, and lost no time getting away from the place. He ran as hard as he could and has not been seen around there since.

Helmstorfer said Saturday that \$100 would not have induced him to part with the dog, as he was of great value for the protection of his home whenever he had to be away himself.

ALL THE MEN PAID OFF.

A former resident of Negaunee who was employed at the Foley mine, Rainy Lake region, for some time before operations were suspended there, and was considerably behind with his wages, recently wrote a friend here saying that all the men have been paid off. From the time the mine closed down until the money to pay the men's back wages was raised J. C. Foley, manager of the mine, exerted himself to get the cash to square with them. The debts of the company are settled, and Mr. Foley is now endeavoring to get money to resume work. He has every confidence in the mine, believing it to be rich in gold, and is willing to sacrifice everything he has to get it working.

Advices from the Rainy Lake region are to the effect that it is thought that the mine will be wrought the coming winter. Mr. Foley has had every assurance that the money to put it again in operation will be forthcoming.

MILLINERY OPENING.

Mrs. Ira A. Clark announces her millinery opening for next Tuesday and Wednesday, Oct. 4 and 5. While in Chicago recently Mrs. Clark purchased a fine stock of new goods, including all the latest novelties in the millinery line, and she is now better prepared to supply her patrons than ever before. The ladies of Negaunee and vicinity are requested to keep the date of the opening in mind and call to see the pattern hats.

PUTTING UP NEW WIRES.

The Michigan Telephone company has several men at work running two new wires from Marquette to Republic. With these in use the service will be considerably improved, as with one wire it is at times difficult to get the use of the line.

WILL MOVE TO BESSEMER.

John C. Kruse, who went from this city to Bessemer some time ago, is down from there. He has a good position at one of the mines in Bessemer, being in charge of the carpenter work, and likes the town very much. The object of his visit at this time is to get his household goods ready to ship when he moves his family up there.

THE MICROBE OF BALDNESS.

No medical subject has caused more discussion than the statement by a famous physician that he has discovered the microbe which causes baldness. There are other scientists who claim that there is no such thing as a microbe of this kind. Time alone must settle the question. It was long ago settled that Hostetter's Stomach Bitters is a standard remedy for the common ailments of mankind. It is a true cure for dyspepsia and indigestion, a true medicine for the weak and nervous, a true strengthener and appetizer. People who take it feel happier, sleep sounder and look better than those who don't. Nearly every disease that afflicts the human family can be overcome with Hostetter's Stomach Bitters.

LOCAL LACONICS

Thomas Carmichael came down from Michigan and spent Sunday with relatives here.

Louie Chandreaud of this city was called to Ishpeming yesterday on account of the death of a relative.

Dave Knight, who was here from British Columbia, left Sunday night on his homeward journey. He will spend a few days in Chicago on a business mission.

The four-year-old son of John Burns of the Jackson location died Sunday in consequence of injuries received about two weeks ago by falling into the cellar at his home.

The Chicago & Northwestern Railway company's men put down some new rails at the Iron street crossing yesterday. The rails removed have been in use there for many years past.

The Virginian of Virginia, Minn., had the following in its last issue: "Mrs. M. Sheehy and children, Pearl and Bud, will leave next Monday for a visit to Mrs. Sheehy's parent's old home in Newaggio county, Mich., near Big Rapids. Mrs. Sheehy's father, who died about two years ago, left her a farm and it is her intention to either dispose of it or make it their home. They will visit at Negaunee for several weeks."

The Metropolitan Lumber company, of which John K. Stack is president, has sold 5,000,000 feet of lumber to Easton & Co. of Albany, N. Y., the consideration being about \$125,000. The lumber will be shipped by water to Buffalo over the Escanaba docks.

A NARROW ESCAPE.

Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in Consumption. Four Doctors gave me up, saying I could live but a short time. I gave myself up to my Saviour, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It cured me, and thank God I am saved and now a well and healthy woman." Trial bottles free at the Stafford Drug company. Regular size 50c and \$1.00. Guaranteed or price refunded.

TO CHECK THE GOLD DRAIN.

The Bank of England has raised its rate of discount to 3 per cent, an advance of one-half per cent. This step is taken to protect the bank's reserve against the drain of gold to the United States, an outflow which has attained rather formidable dimensions this week and has made a very perceptible mark on the resources of the bank. The coin and bullion has fallen from \$13,254,190 to \$10,924,565, a decrease of \$2,229,625 for the week, and the banking reserve has dropped from \$120,110,055 to \$117,470,655, a decrease of \$2,640,000. The proportion of the reserve, however, shows an improvement, having risen from 49.31 per cent to 50.92 per cent, an increase of 1.61 per cent, the seemingly inconsistent movement being due to a large decline in private deposits.

If the Old Lady in Threadneedle street has really made up her mind to check the outflow of gold, she can attain that object by making money dear enough in London to turn the course of exchange in favor of that city. But, should the American demand for the yellow metal continue in full force, her discount rate will have to be raised above the 3 per cent. level before the stringency can become effective. An enhancement to 4 per cent, may be needed for that purpose, and if so it will probably be made by short steps of one-half per cent. at a time.—Boston Herald.

CROWDED WITH EXHIBITS.

Halls and Overflow Tents at the County Fair Promise to Be Packed.

HUNDREDS OF ENTRIES RECEIVED DOWN TOWN YESTERDAY.

Privileges Being Purchased—No Gambling Schemes Allowed—Splendid Means of Transportation—Check Wheels and Bundles.

PLENTY OF NICE THINGS TO SEE.

Crowded with exhibits seems now the evident fate of the exhibition halls at the fair ground. Indeed it is a question of the capacity of the overflow tents will not be also tested in providing room for all the articles entered in competition.

Liberal prizes have been offered by the Agricultural society, and it was expected that they would attract a large list of exhibitors, but it is a surprise, even to the directors, the way the entries are coming in.

Entries were received all day yesterday at the vacant store in the Nester block, where a temporary office was opened, and the way the people flocked in there showed they appreciated the convenience of being able to make their entries down town.

The morning was busy, but in the afternoon Secretary Asire and his assistant hardly had time to raise their hands from the entry books, but were kept pegging away all the time, writing figures and names.

As was to have been expected, most of the entries yesterday were in the grain and vegetable, and in the fine arts and fancy work classes.

The farmers are taking a lively interest and a number of them entered long lists of exhibits yesterday. One man entered more than a hundred articles, and several others were only a little way behind him.

The store will be open till today noon for the reception of small articles which people wish to send out to the grounds, but they will not be entered there, as Secretary Asire expects to go to the grounds in the morning and remain there all day receiving entries. All articles that are left at the store before noon today will be marked with the names of their owners, put in a case and taken out to the grounds in the afternoon. They will be entered after their arrival there and will be placed for exhibit in their proper departments.

The concessionaires are another lot of people who will have as much to do as the exhibitors in making the ground a lively place.

These are the people who have purchased privileges to run stands and conduct various sports and amusements. Privileges have already been let for a number of things, including lunch stands, fruit stands, restaurants, cigar stands and cane racks.

No gambling schemes of any kind will be allowed on the grounds, though games of skill will not be barred. That the directors are sincere in their intentions to keep the visitors to the fair from being fleeced is shown by the fact that they refused \$1,500 for the privilege of running a wheel of fortune.

While no out and out gambling devices will be allowed there, there will probably be numerous fairs with side shows and similar attractions who will locate down town and do business on the fair dates. As the fair will not be open evenings all these people will have a good chance, for the crowds will have to find their entertainment down town. One or two have already applied for a license, and others will no doubt be along before the fair opens.

The place where the fair will be held this year is quite a ways farther from town than the old fair ground, but such excellent transportation facilities have been arranged that the directors feel no fear the people will stay away on account of the distance.

The up-the-road people will find the new location even more convenient than the old one. Where formerly they had to walk from the depot or ride on the street cars, now the South Shore trains will take them right to the west gate of the grounds, and they can board the cars there for home. The road has built a strong and good hundred foot platform for the accommodation of prospective patrons.

The South Shore is calculating also on carrying quite a part of the Marquette people, and has arranged a special, hourly train service to and from the grounds. The round trip fare will be only fifteen cents.

On the three days of the fair, Wednesday, Thursday and Friday, the trains will leave down town once an hour on the half hours beginning at 8:30, and will leave the fair grounds for town on the even hours beginning at 9 o'clock. The last train out will leave down town at 5:30 and will leave the fair grounds coming back at 6. The only break in the service will be at noon. At that period of the day there will be an hour when no trains will be run.

Passengers are expected to purchase their tickets at the depot ticket office.

The arrangement between the street car company and the livery stable bus lines makes a combination which will doubtless carry hundreds. They will issue coupon tickets, which will sell for twenty-five cents for the round trip.

Hundreds of bicycle riders will get to the fair at no cost at all. The directors took them into account in planning for the exhibition and have built a good path across the sandy part of the road before the fair grounds.

They have already arranged to check wheels, so that their riders will not have to bother with them after getting to the grounds.

This checking scheme will not be limited to wheels, but will be extended to all kinds of small articles. Check rooms will be provided and wraps and parcels can be left there in good care, free of charge.

WILBUR OPERA COMPANY. Three Nights' Engagement of This First Class Attraction.

Manager Greuender takes pleasure in announcing to his patrons that he has succeeded in engaging for three nights commencing Oct. 10, that famous organization, the Wilbur Opera company. The Wilbur Opera company has been in

existence for eighteen consecutive years, during which it has not lost a dozen performances summer or winter. There is no opera company in America which can duplicate this record.

The Wilbur Opera company puts on productions of the operas in its repertoire, not slip shod representations, but productions in every sense that the term implies. Complete costumes and properties are carried for each of the twenty-eight operas in the company's repertoire.

The Wilbur Opera company carries the largest and best trained chorus on the stage today. It is composed of forty fresh, young voices, and the feminine portion of it is pretty and shapely.

At the request of many of his patrons Manager Wilbur has revived the beautiful spectacular marches which were formerly so pleasing a feature of the performances of this company, and reproduced with marvelous lighting and costuming effects. Several of these marches will be given during the coming engagement.

And then, the Wilbur new living pictures, they are certainly a marvelous feature for any performance, yet they are given in addition to the operatic productions complete, forming in all a marvelous entertainment, considering the prices of admission charged. The Wilbur pictures are today the finest in the country, without exception.

The company contains all the old favorites, including Marion Manola, Ethel Robinson, Charles Huntington, Anna Laughlin, the child wonder, Hattie Richardson, Lillie Taylor, J. E. Conly, W. H. Kohnie, Gus Vaughn, Emmett Drew, Al Lamar and Maud Daniel, manager, and a chorus of thirty-five people, together with a large orchestra under the direction of J. C. Lang.

FALSE ALARM. Hose Company Makes a Long Run on a Fake Call.

An alarm from box 74 gave the hose company a long and useless run a little after 11 last night.

Box 74 is located on Third street, nearly out to Stafford's green house. When the hose company arrived there no one was waiting to tell where the blaze was, and there was no sign of a fire anywhere about.

Chief Maney inclines to the opinion that it was a genuine false alarm, and says he will make an example of this fellow on the first false alarmist he can get hold of.

MARQUETTE MINNETTES.

Some people can see a good deal farther into a pine board than others, but after all, there's nothing like the Roentgen ray of absolute knowledge to penetrate a mystery.

The news columns of yesterday's Mining Journal contained an account of a fish which had been caught by a young angler, and which on dressing was discovered to have an iron bolt in its stomach.

How the bait got in there is a question that has been puzzling a great many people since the publication of the story, no less than it puzzled the young man, his family and friends before the publication.

Some people thought that the fish swallowed the bolt while gambolling around a dock; others seemed to imagine that the iron had got there in some such way as these whittled-out wooden fannies are put down into narrow necked bottles and then spread out in the bulb; but with the natural credulity of the human race, nobody was sceptical enough to have it occur to him that the bolt was put there after death.

No, all Marquette, except those with an inside knowledge of the facts, swallowed that story whole. They seemed to think they had gone to sleep and woke up in Muncie, Ind., where two-headed calves and other natural phenomena are so common that nobody except the newspaper correspondents ever takes notice of them.

While ready to yield to Muncie the palm for the unusual in other forms of animal life, the good people of Marquette took a firm grasp of the laurels when it came to claiming in lines piscatorial.

So it was that no doubting Thomas raised the carping cry of fraud.

And now to have the phenomenon ruthlessly branded as a fake!

It were better to have let the public go on in the happy belief that the fish swallowed iron ore with its drinking water and hatched out the bolt by the natural process of incubation than to have, in this cruel fashion, to abandon such a claim to greatness.

But truth, which is mighty and will prevail, has got out just like murder and this is the real story of the fish and the bolt.

The fish had not been so much as a precipitate of iron ore in it when it was hauled out of the water on Sunday morning. It got its peculiar deposit on the street car.

The young man who caught the fish was taking it home, together with enough others to make a very pretty string. This string he had fastened to the end of a short stick, and as he rode on the back platform of the car, he rested the stick on the rail and let the string hang over on the outside.

Shortly afterwards, or thereabouts, the conductor noticed the string, with this fine fish hanging at the top, his mouth wide stretched.

It were too bad, thought the conductor, not to take advantage of such an opening, so while the owner of the string was absent minded looking the other way, he picked up one of the bolts, which are used as pins to couple trailers onto motors, and shoved the iron down the fish's throat.

He expected some eyes would open very wide when the fish should be cut and dressed, but he did not expect to succeed in galling all Marquette, and now he is horrified at the thought of his own duplicity.

More than twenty million free samples of DeWitt's Witch Hazel Salve have been distributed by the manufacturers. What better proof of their confidence in its merits do you want? It cures piles, burns, scalds, sores in the shortest space of time.

Ladies, clean your kid gloves with Miller's Gloveine. For sale only by A. S. Westlake, headquarters for dressed and undressed kid gloves. At the most desirable shades for street or evening wear. (9-10-11)

TILL NOVEMBER FIRST.

Furloughs of All Soldiers of Company L Will Be Extended to That Date.

QUESTION IF THE COMPANY WILL SEE MORE SERVICE.

Joe Pickands, Who Went With the Ohio Cavalry, is Back on a Furlough—Sample of Firewood Used in Puerto Rico.

ROLL CALL IS NOT SOUNDING YET. Lieutenant Wilson says that the furloughs of all members of Company L will be extended to Nov. 1.

Some of the men, who came before the main lot, are on shorter furloughs than the rest, and as their time began to get short they have been writing to the lieutenant to know what they should do.

He has it authoritatively, and wishes the statement published, that the furloughs of all the men will be extended to the same date, the first of November.

This extension of time will please not only the soldiers, but their relatives as well. There are some who think that the Thirty-fourth will not be mustered out, at least not as a regiment, and that the men will be held to serve out their two years.

What these people say will be done with the boys will be to send them to either Cuba, Porto Rico or the Philippines to do garrison duty.

If this is to be their fate their friends at home would like to see them allowed to remain here long enough, so they would get as healthy and strong as they were before they went away from home last spring.

Not twenty-five per cent. of the men are in condition to do duty anywhere, let alone in Cuba or other islands of the West Indies, and quite a number of them are still in hospitals or confined to beds at their own homes.

Hard as their experience was in Cuba there are not a few of the boys who would be willing to go back, particularly for a winter campaign.

"I'm getting tired of this," said one of them the other day. "I come down town in the morning and watch the train come in, then I go home and come down again in the afternoon. There are only a few people on Front street and it seems dead to me. I miss the crowd of twenty or twenty-five thousand men."

Some of the soldiers say that if they are to be held in for the full term of their enlistment they would like to go to Manila now. They have had a trip to Cuba, and now they would like to visit the East Indies.

Joe Pickands, who left here last spring to join a troop of Ohio cavalry with which he was formerly connected when it was organized as state militia, is back in town again. He has been through the campaign with his troop, and like the home soldiers is simply off on furlough. He is much thinner than when he left here and his face is covered with a growth of whiskers about an inch long.

He was kept busy shaking hands and returning salutations all day long yesterday. Two friends are with him on his visit.

Fred Kern has received a sample of the firewood that the troops in Puerto Rico are using in boiling their coffee. A chunk of the wood, weighing several pounds, came for him by express yesterday, sent him by a friend who is serving with the United States army there.

The wood is called koka-bola. It is heavy and hard and looks something like black walnut.

HALF RATE. South Shore Will Sell Round Trip Tickets for a Single Fare.

A single fare to the Marquette fair is the inducement which the South Shore road offers to people living along its line to attend the exhibition Thursday, Friday and Saturday of this week.

Tickets will go on sale today and will be good for return till Oct. 3, inclusive.

From the stations from Sidaw to Bessemer, inclusive a special rate will be made on tickets sold for the train arriving at Marquette Thursday afternoon.

These tickets will not be good returning later than the Saturday morning train. The round trip rate is \$3.50 from Bessemer and \$1.50 from Sidaw, with proper differences in the fare for stations between.

Similar special rates will be offered from the copper country and intermediate stations. These tickets will be on sale for the train arriving at Marquette Thursday afternoon and will be valid for return not later than the train leaving Marquette Friday night. The rate is \$2.50 from Calumet with correspondingly lower rates from nearer towns.

Remarkably low rates are also offered from the east end of the line. From the Soo the round trip rate will be \$3, grading down from nearer stations to fifty cents from Onota. The limit of these tickets is Thursday afternoon till Saturday morning.

From Republic and Humboldt a seventy-five cent rate will be made. These tickets will be valid from Thursday morning till Friday afternoon.

A round trip rate of fifty cents will be made on special trains running from Ishpeming and Negaunee. Tickets will be good only on date of sale.

AT THE COURT HOUSE. Items Picked Up In and About Its Classic Precincts.

Circuit court is still in session. It devoted most of its time yesterday to tax title matters. The judge, however, attended to one piece of chancery business, the case of Mary versus Andrew Brand. The former was granted a divorce.

In the probate court Judge Kelsey received the petition of John Maenpa, of Ishpeming, to have the will of Jan Lakka, late of the same place, admitted to probate. Lakka was hurt in a mine accident about nine months ago and lingered along till very recently.
