## IOWA AND OREGON TO SAIL TODAY.

Manila the Destination of the Battleships and the Buffalo is Soon to Follow.

GERMANY IS BLAMED FOR THE PHILIPPINE INSURRECTION.

SUPPLIED THE ARMS WITH WHICH IT WAS FOUGHT.

Newspaper Informant Who Claims to Have Been a Party to the Scheme Again Warns America to Disarm the Forces of Aguinaldo.

FOREIGN WARSHIPS SUDDENLY LEAVE. Manila, Sept. 27.—All the British, French and German warships have left Manila.

SAILING ORDERS ISSUED.

New York, Sept. 27.—The battleships Oregon and Iowa have received orders at the navy yard to sail at 8 o'clock tomorrow morning for Manila. It is expected that it will take the battleships sixty days to complete the journey. They will stop at Bahai, Brazil, to coal. The cruiser Buffalo, accompanied by the two store ships Iris and Celtic, is expected to follow the Oregon and Iowa in about a week.

RECRUITS FOR THE SHIPS.

Chicago, Sept. 27.—Between sixty and seventy recruits for the Oregon, Iowa Buffalo, which are soon to sail for the Philippines to re-inforce Admiral Dewey's squadron, left here today, in charge of Lieutenant Commander Vail, over the Pennsylvania railroad for the Brooklyn navy yard, where the men will be assigned to their respective vessels. Several of the enlisted men were formerly attached to the Chicago Naval Reserves and saw service during the Cuban blockade and the battle off Santiago. All are enthusiastic over the prospects of a three-years cruise under Admiral Dewey.

CONSPIRACY BY BERLIN.

San Francisco, Sept. 27.—The Evening Post tonight re-iterates its former stories regarding the supplying of arms to the Filipinos by the German government, and it is positive its authority is absolutely correct.

The Post published an interview with its informant today, in which he says he is not in position to tell the full story for the reason that he is financially interested in the plot and has actually been a party to the scheme. He says he is interested in the German Philippine trade to the extent of nearly a million dollars, and that for fifteen years Germany has been working among the insurgents for her own benefit.

ARMED THE NATIVES.

The gentleman also says there would never have been a revolution had it not been for the German government. Continuing, he says: "The arms that have been supplied came from the imperial government, and they were furnished through trading companies, in which I am interested, so as to conceal the German hand. The arms now carried by the insurgents and German vessels are from the same source."

"My information is absolutely authentic, as it comes from high officials of the government who have large personal interests in the Philippine islands. Germany is supplying rifles, ammunition and machine guns that are being landed, and when the insurgent army is fully armed, equipped and drilled the trouble will commence. America's safety lies in disarming the insurgents as a move towards the restoration of peace."

MERRITT'S REPORT RECEIVED.

Washington, Sept. 27.—General Francis V. Green, who was made major general of volunteers for distinguished services in the invasion of the Philippines, accompanied by his personal staff and the delegates from the Philippine insurgents, arrived here this afternoon from Chicago. General Green brought from Manila the official report of General Merritt. Enclosed with this were the reports of the subordinate commanders of the United States army who participated in the military operations before Manila.

TO INVESTIGATE THE REGIMENT.

Des Moines, Sept. 27.—Adjutant General Byers today started for San Francisco, where he will make an investigation of the conditions and wants of the Fifty-first Iowa, which has been ordered to Manila, and then report officially to Governor Shaw.

SPAIN GETS CASH.

SAGASTA SUCCEEDS IN NEGOTIATING A FINANCIAL DEAL.

Madrid, Sept. 27.—Premier Sagasta declares that all the financial difficulties of the government have been removed. The sum of thirty-five million francs have been forwarded to Blanco, with a repetition of the order to disband the volunteers. It is understood that the government is willing to provide unemployed Spaniards in Cuba with free passage home.

MRS. BRYAN SUMMONED.

TELEGRAM CALLS HER FROM LINCOLN TO THE BEDSIDE OF THE COLONEL IN WASHINGTON.

Lincoln, Neb., Sept. 27.—Mrs. William Jennings Bryan received a telegram today, calling her to the bedside of her husband, Colonel Bryan, now sick in Washington. The message gave no information as to the seriousness of the colonel's illness. She departed for Washington this evening.

CONDITION NOT ALARMING.

Washington, Sept. 27.—Colonel William J. Bryan, of the Third Nebraska, is still confined to his bed. He is suffering from an attack of low fever, but his physician does not regard his condition as serious or alarming.

The mission of Colonel Bryan to Washington—for the discharge of a number of the enlisted men

of that regiment who desire to leave the military service and return to their homes—so far has been only partially successful. There have been seventy-five of these applications received at the war department. Up to today only fifteen applications have been favorably acted upon and the discharge of the men ordered. There are still sixty cases unacted upon by the department.

M'INTYRE SAID IT ALL.

DENVER NEWSPAPER MEN TESTIFY THE OREGON'S CHAPLAIN WAS CORRECTLY REPORTED.

Denver, Sept. 27.—The court-martial of Rev. Jos. P. McIntyre, chaplain of the battleship Oregon, on the charge of scandalizing the navy in a lecture delivered at Denver Aug. 8, was resumed today. The forenoon was devoted to hearing the testimony of the reporters of daily papers who were present at the lecture in the interest of their papers. They testified the chaplain's remarks were as reported. At the afternoon session two other reporters who were present at the lecture also testified that the remarks were as reported.

INSTALLING CUBANS.

GOV. WOOD TURNING OUT SPANISH OFFICIALS AT SANTIAGO.

Santiago de Cuba, Sept. 27.—The system of civil government established by General Wood is practically complete and in good working order. Major McCleary, formerly attorney general for Texas, has been appointed mayor, and Spanish officials are giving place to Cubans. The men taking office are chosen by a committee of fifty prominent Cubans.

CUBAN LIE NAILED.

The Cubans earnestly request Governor Wood to send to Manzanillo food and clothing. They declare there is much suffering there, but private advices received by the general deny absolutely the stories of destitution, and declare that work is obtainable and that the Cubans will not work, and General Wood has therefore refused to send the supplies asked for.

SPANISH TROOPS SUFFERING.

News from Puerto Principe shows there are now nine thousand Spanish soldiers in the province, and fully half of them are suffering from scurvy and dysentery. The Cubans hold the country and refuse to permit fresh provisions to be carried to the cities.

LAWTON'S HEALTH REPORT.

Washington, Sept. 27.—General Lawton has sent the following health report for Sept. 25, which he omitted for some reason to transmit: Sick, 1,100; fever, 808; new cases, sixty-nine; returned to duty, 223.

General Lawton also sent this report for Sept. 26: Sick, 1,000; fever, 726; new cases, 99; returned to duty, 152.

ARMED THE NATIVES.

"GRIFFO" RUNS AMUCK.

TRAIL MARKED BY BRUISED FACES IS MADE BY THE PUGILIST IN CHICAGO—THOUGHT TO BE INSANE.

Chicago, Sept. 27.—Albert Griffiths, better known as "Young Griffio," the pugilist, is strapped in a straight jacket at the Harrison street police station, where he is being held pending an examination into his mental condition. Griffiths ran amuck this evening on State street, and from Congress street to Hubbard court he left a trail marked by bruised faces. Three policemen who arrested the pugilist were sent sprawling to the ground by a series of blows, and reinforcements were necessary before the prisoner was finally taken to a patrol box. Before Griffiths was tied in the patrol wagon he had taken off every article of clothing which he wore. Griffio was drinking in a saloon when he suddenly leaped into the air, turned loose a series of yells and rushed into the street, where he hit everybody he could reach.

BRITISH FLEET SAILS.

WARSHIPS IN THE ORIENT HEAD FOR WEI HAI WEI.

Cheer Foo, Sept. 27.—The British fleet has left Ta Ku and is proceeding for Wei Hai Wei. It is rumored the designs of the dowager empress have been entirely successful.

ANOTHER BLOW AT BRITAIN.

Pekin, Sept. 27.—Hsu Yung Yi, negotiator of the Gerard convention of 1895, who was subsequently dismissed at the instance of Great Britain for breach of faith, has just been restored to membership in the tsung-li-yamen.

SEEK RUSSIAN PROTECTION.

Shanghai, Sept. 27.—It is reported that Great Britain, the United States and Japan are disposed to question the constitution of the government as open to usurpation. The family of Li Hung Chang, fearing the populace, have gone to Port Arthur to be under the protection of the Russians.

PREACHER MUST DIE.

TEXAS MINISTER WHO KILLED HIS WIFE IS FOUND GUILTY.

Fort Worth, Tex., Sept. 27.—Rev. G. E. Morrison, pastor of the Methodist Episcopal church at Panhandle City, who has been on trial at Vernon for a week on the charge of murdering his wife Oct. 10, 1897, was today found guilty and his punishment affixed at death. It developed in the trial that Morrison was infatuated with a young lady in Topeka, Kan., and he chose to put his wife out of the way in order that he might marry the Topeka woman.

FRENCH HARD PRESSED.

Cairo, Sept. 27.—Major Marchand has admitted, in a conversation, that the arrival of General Kitchener saved him from annihilation by the dervishes.

## ROOSEVELT WINS IN A CANTER.

One Ballot Settles the Fight in the New York Republican Convention.

OVERWHELMING MAJORITY AGAINST GOVERNOR BLACK.

PLATFORM STRONGLY IN FAVOR OF TERRITORIAL EXPANSION.

Where the Flag is Hoisted It Should Never Come Down—High Praise for President McKinley and His Conduct of the War.

ROUGH RIDERS' LEADER HEADS IT. Governor—Theodore Roosevelt. Lieutenant Governor—Timothy L. Woodruff (renominate). Secretary of States—John T. McDonough, Albany.

Comptroller—William J. Morgan, Erie. Treasurer—John E. Jaekel, Cayuga. Attorney General—John C. Davies, Onida. State Engineer—Edward A. Bond.

Saratoga, Sept. 27.—Colonel Theodore Roosevelt was this evening nominated by the Republican state convention for governor on the first ballot. The vote was: Roosevelt, 753; Black, 218. The nomination was declared unanimous. The balance of the ticket is as above given.

CONVENTION PROCEEDINGS.

The convention was called to order at noon. After the perfection of the temporary organization, the appointment of the usual committees and the conclusion of Temporary Chairman Payne's speech, the convention took a recess until 3:30. As soon as the gavel fell at the afternoon session, the committee on permanent organization reported the permanent officers of the convention, including Senator Horace White of Syracuse for chairman. The mention of Governor Black's name by Mr. White was the occasion of thundering applause, followed by three cheers. A reference to the services of Senator Platt at Washington was also the occasion of an outburst, while the mention of the charge of the Rough Riders at San Juan hill brought the convention to its feet with great cheering.

J. Ryder Cady of Hudson, who nominated Governor Black two years ago, took the platform to perform again the same service. Cady finished amid tremendous applause.

O VATION TO DEPEW.

At 4:45 Chauncey M. Depew took the platform to nominate Colonel Roosevelt. For some minutes he could not begin his speech, for the applause that ensued. Mr. Depew said, in conclusion:

"It is seldom in political conflicts, when new and unexpected issues have to be decided, that a candidate can be found who personifies the popular and progressive side of these issues. Representative men move the masses to enthusiasm and are more easily understood than measures.

"Lincoln, with that immortal declaration, made at a time when to make it ensured defeat by Douglas for the senate—that 'so as a house divided against itself cannot stand, I believe this government cannot endure permanently half slave and half free'—embodyed the anti-slavery doctrine; Grant stood for the perpetuity of the Union and of liberty, and McKinley, by long and able advocacy of its principles, is the leading spirit for protection to American industries."

"For this year, for this crisis, for the voters of the Empire state, for the young men of the country, and the upward, onward and outward trend of the United States, the candidate of candidates is the hero of Santiago, the idol of the Rough Riders—Colonel Theodore Roosevelt."

WILD CHEERS FOR "TEDDY."

The portions of Mr. Depew's speech relating to President McKinley were received with much applause, and there was a vigorous reception of a tribute to Governor Black. When Mr. Depew told of the famous charge of the Rough Riders and mentioned Colonel Roosevelt, the audience went almost crazy. At one point in the speech, two or three men rushed down the aisle bearing a big portrait of Roosevelt in a Rough Rider uniform. There was a three-minute interruption and the picture was taken to the stage and set up. Mr. Depew finished at 5:25, amid applause that was almost akin to pandemonium.

Charles T. Saxton seconded the nomination of Governor Black and then Assemblyman Wallace seconded the nomination of Roosevelt, Abraham Gruber that of Black and George N. Southwick that of Roosevelt. Senator Lexow took the platform to speak for Black, but the audience shouted its dissatisfaction of delay by crying for a vote. He spoke briefly.

ELIGIBILITY TO OFFICE.

Ellihu Root was called to the platform by the chairman and made a statement as to the eligibility of Colonel Roosevelt to hold office. He said that Mr. Roosevelt had always voted in Oyster Bay, and merely removed his personal property to Washington. He had always paid taxes in Oyster Bay, and merely refused to pay taxes on property he was using in Washington; and by his affidavits he merely said he was not a resident of New York.

When Mr. Root read a letter from Colonel Roosevelt to his lawyer, asking for some money, saying that he had expended so much money that he was beyond his income, Mr. Root said that "Colonel Roosevelt expended that money to raise the Rough Riders." There was a great burst of applause, and then Mr. Root closed by saying that documentary proof not only showed that the colonel never lost his residence, but rather the money that he was obliged to pay to retain it.

VICTORY A WALKOVER.

At 7:15 o'clock Secretary of State Palmer moved for a roll call and the motion was adopted. Before it got through the New York delegation it was evident

HAS THE TRUE RING. Chairman Marsh of the Republican state central committee has appointed Harvey A. Sherman, Governor Pingree's war stenographer, secretary of the committee.

We propose to inaugurate a new system of conducting Republican state campaigns in Michigan. The coming campaign is to be conducted by the people and for the people. It will not be a boodle campaign, and in this connection I want emphatically to state that any Republican who wants to take the stump and speak at \$50 and \$25 a night, as has hitherto been the case, will be disappointed.

It will be fought on state issues only. As chairman of the state central committee I have come to the conclusion that the work of the committee should be confined to the election of candidates who have been placed on the state ticket. We don't propose to take any part in the election of legislators.

Chairman Marsh and his committee conduct the campaign on the lines above laid down they will do much to strengthen the Republican party in the confidence and affection of the people of Michigan. The people of the state have grown unutterably weary of boodle campaigns, of candidates selected because of their wealth, and of party management predicated on the assumption that nobody has any business to have ideas or offer suggestions as to what the party should do or refrain from doing unless he is able to "write his check" for half a million or so.

Big campaign funds, contributed by a few wealthy men, who in return claimed the right to dictate the policy of the party and divide any honors it had to bestow between themselves and their favorites, have been the bane of the Republican party in Michigan for many years past.

There has long been crying need for such a change in the conduct and methods of the Republican party in Michigan as Chairman Marsh proposes to bring about. If he accomplishes what he has set out to do in the way of freeing his party from the domination of the party bosses and bootlickers and bringing it nearer the people he will render both the party and the state an inestimable service.

If Senator Burrows can win out in the senatorial contest next winter he will show himself a shrewd politician than we believe him to be. He will have the entire state administration against him, with the Republican members of the legislature opposed to him will be so determined to compass his defeat that they will be ready to go into any kind of a combination that will send him into retirement.

office-holder is nearing an inglorious close, for if he is defeated for a re-election to the senate he will never again be heard from in Michigan politics. ALWAYS AN INGRATE. When the memorable contest for the Republican nomination for congressman between Judge Hubbard and Sam Stephenson convulsed the party in this district in 1884, and Moffat was placed in nomination as a compromise candidate after the convention had been in session three days, the leader of the Stephenson forces was the late Colonel Van Duser of Escanaba, who was then editor of the Iron Port of that city.

But when Sam found he couldn't go to congress that trip he forced Van Duser to stand aside for him as a candidate for the state senate and took the nomination himself. If he couldn't go to Washington he was bound to go to Lansing, and poor Van Duser had to give up a cherished ambition to make way for the ingrate in whose behalf he had made a most gallant, though unsuccessful, fight in the congressional convention.

We take this relative to the trouble between General Miles and the war department from the Boston Transcript: The war between General Miles and Adjutant General Corbin is said by Washington dispatches to be smothered rather than ended. The adjutant general has so pushed his favor with Secretary Alger and so magnified his office that he today disputes power with General Miles. Dispatches credit him with devising a scheme to have General Miles transferred to the command of one of the military departments, which would leave General Corbin in undisputed ascendancy at Washington.

Such a step at the present time would occasion a public outburst that would express itself in votes, though President McKinley would be actuated by higher motives in suppressing Corbinism. General Miles has claims on the country which cannot be overlooked. He may not be so able a commander as his admirers claim him to be, but he positively shines by comparison with Shafter, whom Alger and Corbin picked out to be the coming military man.

If Chairman Campau of the Democratic state central committee is wise he will drop his attacks on Governor Pingree on account of the way the governor expended money in getting Michigan's quota of troops ready for the field and providing for their welfare afterward. No doubt the governor spent money freely in caring for our soldiers, but that is just what the people wanted him to do.

They are criticizing the war department pretty sharply just now for not having cared for the soldiers as they should have been cared for, and they are not likely to take kindly to censure of Governor Pingree for having done what the high muck-a-mucks in charge of the army after it was mustered into the service of the United States failed to do.

A few Republican papers in this district have Sam Stephenson's name on the party ticket at the head of their editorial columns as the Republican candidate for congress in this district. And they are running it in company with the state ticket placed in nomination by a convention which unseated the Stephenson delegation sent from this county to that convention, and seated the Sheldon delegation by an almost unanimous vote.

It is highly amusing to note how enthusiastically many of the organs which were denouncing Governor Pingree and trying to read him out of the party a few months ago are now commending him for the very qualities they then found fault with. They can't say too much in his praise now, but they could hardly find words severe enough to voice their dislike of him then.

IN A BAD CONDITON How a Benton Harbor Lady Experienced Beneficial Change. "After having a severe attack of the grip I was left in a bad condition and had no appetite. I saw Hood's Sarsaparilla advertised as a blood purifier and building-up medicine, and determined to try it. After taking three bottles I felt like myself again. I was stronger and I continued its use until I was entirely cured."

J. L. CARLETON, Stocks and Bonds, 44 Buhi Block, Detroit, Mich. Wood's Pills cure sick headaches. 25c.

"the same bald-headed old Pingree" now that he was when the machine organs started in to beat him out of a second term as governor and drive him out of the party. Three conventions of his own party having decided against him, directly or indirectly, Sam Stephenson proposes to appeal from their decision to the supreme court. That's the kind of a Republican Sam is. The voters of his party in this district are determined that they will never again be represented in congress by a Republican who imagines that his wealth places him above his party and absolves him from the duty of obedience to its expressed will.

DEAFNESS CANNOT BE CURED by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

MARSHAL'S NOTICE. District Court of the United States for the Western District of Michigan, Northern Division, ss. Whereas, A libel has been filed in the District Court of Michigan, Northern Division, on the seventh day of September, A. D. 1938, by W. W. Whitney against one raft of cedar telegraph poles, cedar railroad ties and cedar posts, consisting in all about two thousand cedar telegraph poles, about one thousand cedar railroad ties and about one thousand cedar fence posts, in a cause of towage, civil and maritime, for the reason and causes in the said libel mentioned, and praying the usual process and motion of the said court in that behalf to be made, and that all persons interested in the said raft of cedar telegraph poles, cedar railroad ties and cedar fence posts, etc., may be cited in general and special to answer the premises, and to show cause why the said raft of cedar telegraph poles, cedar railroad ties and cedar fence posts, etc., should not be condemned and sold to pay the demands of the libellant; therefore in pursuance of said motion to me directed, I do hereby give notice unto all persons having, or pretending to have, any right, title or interest therein, to appear before the said court, in the city of Marquette, in said district, on the 1st Tuesday in November next, that is to say, a day of jurisdiction, or else on the next court day thereafter, at ten o'clock in the forenoon of the same day, then and there to answer the said libel, and to make their allegations in that behalf. Dated, September 15th, 1938. A. O. WHEELER, U. S. Marshal, Deputied by JACOB DOLFF, Deputy U. S. Marshal. T. E. TAYLOR, Proctor for Libellants. (9-14-38)

BAFFLES THE POLICE. AN UNGRATEFUL STRANGER. DRIVES FROM DOLLAR BAY TO SIDNAW WITH A LIVELY RIG BUT NEGLECTS TO PAY THE CHARGES.

DISAPPEARANCE OF MRS. NICK THOMPSON AS MUCH OF A MYSTERY AS EVER. Probably no case in the history of the county has baffled the officials as much as the mysterious disappearance of Mrs. Nick Thompson from her home at Portage Entry last week.

STORY OF THE HUSBAND. Nick Thompson, who has thus jumped into prominence, is a Finn, thirty-two years of age, of rather small stature and possessed of a nervous temperament.

"We were married six years ago, or a year after I went to Portage Entry. My wife has a bad temper and we sometimes quarrelled. I returned home Tuesday night about 10 o'clock, when my wife said she was going to wash for Mrs. Beckman the next morning.

"During the night I was awakened by a noise and, after listening a moment, heard my child, who was sleeping down stairs, fall out onto the floor. I went down and picked up the child, and then found that my wife was missing.

HAS AN UGLY TEMPER. Thompson has told the above story to the officers repeatedly, and they admit being unable to get him to change it in a particle. In the warrant for his arrest he is charged with carrying concealed weapons.

SICKNESS IN COMPANY D. The improvement in the condition of the members of unfortunate Company D of Calumet is anything but rapid. There are still about fifteen soldiers occupying cots at the Calumet mine hospital and patients are received about as fast as they are discharged.

MRS. J. D. RYAN VERY ILL. The family of Hon. C. D. Sheldon of Houghton received a telegram Monday afternoon from John D. Ryan of Denver conveying the distressing information that Mrs. Ryan was in a most critical condition.

FROSTY RECEPTION TO AMERICANS.

United States Peace Commissioners Find the Atmosphere in Paris Rather Chilly.

LIKE GOING INTO THE COUNTRY OF AN ENEMY.

GOVERNMENT OFFICIALS NECESSARILY VERY CORDIAL.

Do Not Show the General Partiality Toward the Spanish Members and Take Pains to Treat Both Tribunals in the Same Manner.

FEELING HOSTILE TO THE YANKEES. Paris, Sept. 27.—While the reception accorded the United States peace commission here is all that could be desired, and while the French foreign office has taken great pains to treat the American and Spanish commissioners in precisely the same manner, it must be admitted that the general atmosphere of Paris, especially in diplomatic circles, does not incline towards America.

President Faure will receive the members of both the American and Spanish commissions separately tomorrow afternoon. In the morning the American commissioners will visit the grounds of the Paris exposition, in company with Ferdinand W. Peck, American commissioner to the exposition.

GRIST OF HARD INQUIRIES.

GRIND OF THE WAR DEPARTMENT INVESTIGATORS IS ON.

Washington, Sept. 27.—The war investigating commission resumed its labors today, and at the close of the morning session gave out a number of documents bearing on the work to be undertaken. These comprise the letter of Secretary Alger to the president requesting that an investigation be made; a brief address to the public, in the shape of a resolution, asking information in regard to charges, and a letter from Chairman Dodge to the secretary of war enclosing a list of inquiries to the secretary and the heads of the various divisions of the war department calling for specific information bearing upon the conditions during the war.

With the letter to the secretary are inclosed questions indicating the character of the information desired at the hands of the surgeon general and the quartermaster general, the subsistence department, ordnance department and adjutant general. The information asked for includes:

The times and places of the mobilization of the regular and volunteer troops; the organization of these troops into the various sub-divisions of the army; the personnel of the brigades, divisions, corps and army commanders, and of their staffs, and whether appointed from the permanent establishment, from the National Guard or from civil life; the amount and kind of camp and garrison equipment and other supplies on hand at the beginning of the war, and the amount subsequently purchased, and when and where delivered and when and where issued to the troops; also similar information is asked in regard to the furnishing of the troops with arms and accoutrements, which of the volunteers were armed and equipped in the various states camps and which in general camps, and under whose recommendation or judgment the various general rendezvous were selected and the reason for such selection.

Full particulars are also asked relative to the transportation of troops by sea, giving an account of the provisions made for the accommodation and care of the sick and wounded, an account of the quantity and quality and the kind of food furnished the troops, and in case any of them felt of being voluntarily supplied to state the reasons therefor; also full particulars as to the proper tentage, beds, linen, medicine, food and all other necessary equipment and supplies for the use of the hospital corps of the army, and if there was lack of these things at any time to state the reasons therefor; also whether the medical staff was efficient and sufficient at all times for the care of the sick and wounded, and if not why the reasons therefor; and, further, full information is asked relative to the conditions and operations of the ordnance and engineering departments as will be of value in the investigation.

Besides the above, the commission asks a number of special questions, as follows: The plan of campaign proposed immediately after the declaration of war; was it intended to move at once on Havana, or that the campaign should be postponed until autumn; when was the Santiago campaign determined upon, and why was Tampa selected as the base of operations; why were summer camps organized at Ferdinandina, Jacksonville and Tampa; when was the Porto Rico campaign determined upon; why were the troops held on transports after embarkation at Tampa and not permitted to sail for several days.

The request of the adjutant general calls for specific information as to the number of volunteer troops for the war, including officers and men, and as to their distribution. Specific information is asked concerning the expeditions to Santiago, Porto Rico and the Philippines, the inquiries in each of these cases calling for the number of regiments of regulars and volunteers, with the maximum number of troops operating in each campaign, specified with the organization of the command, its commanding general and corps, division and brigade commanders, the number of officers and enlisted men killed and wounded and the number who died from wounds or disease.

The adjutant general is also requested to supply the following information: Location of the camps in the United States, by whom selected; the number of regiments, number of officers and enlisted men of regulars and of volunteers at each camp; the organization of the camps, the names of the commanding generals, together with the names of the division and brigade commanders; the length of time each camp was maintained and the number of deaths by disease at each camp.

COMPLAINTS ARE INVITED.

Resolutions were adopted requesting the war department officials to transmit to the commission all complaints received since April 30, 1898, touching upon the conduct of the war, and also inviting all manner of complaints about the management of the war department from any person or persons. The resolutions request that such complaints be made in writing, stating facts that the party may know to his own knowledge, plainly and in detail, giving the names of any officers or enlisted men who may be charged with misconduct or incompetency, and addressed to the secretary of the commission at Washington.

The commission adjourned until tomorrow at 10 o'clock. It is not expected the commission will make much progress until the returns begin to come in from the inquiries sent out. Later the committees will be appointed to take testimony in different places in the country.

DR. NANCY COMES TO GRIEF.

ALLEGED MURDERESS OF EMMA GILL ARRESTED ON BOARD A STEAMER AT LIVERPOOL.

Liverpool, Sept. 27.—A woman who arrived today on the steamer Vancouver, from Montreal, was followed by detectives to London. The officers refuse to give her name. It is reported that Dr. Nancy Guilford, suspected of the murder of Emma Gill, at Bridgeport, Conn., has been arrested here. It is possible she may have been a passenger on the Vancouver.

LONDON POLICE CABLED.

Stamford, Conn., Sept. 27.—State Attorney Fessenden, immediately on learning of the supposed arrest of Mrs. Guilford in London, communicated with Governor Cooke. The governor asked the state department at Washington to have the United States embassy at London arrange for the provisional arrest of the woman until requisition papers could reach there. Mr. Fessenden said he has since learned the state department cabled to London as requested.

PROTEST AGAINST REVISION.

Paris, Sept. 27.—At a cabinet council held today, at which President Faure presided, the minister for justice communicated to those present the letter he had addressed to the court of cassation, in which he submitted a request for a revision of the Dreyfus case. The minister also read a circular which he had caused to be sent to public prosecutors throughout the country, instructing them to energetically repress all attacks upon the army.

The Rightist senators and deputies today passed resolutions denouncing the revision. A deputation of twelve members of the Rightist party was appointed to present the resolutions to President Faure, but he refused to receive the deputation on the ground the procedure was unconstitutional.

IMMENSE "SOO" TRAFFIC.

Cleveland, Sept. 27.—The freight traffic passing through the Sault Ste. Marie canal this season breaks all previous records. The greatest previous traffic was in 1897, when 1,628,699 tons passed westward and 9,176,305 tons eastward. The official reports this year show that 2,823,396 tons have so far passed westward and 9,790,243 tons eastward.

SUPREME COURT DECISIONS.

Lansing, Mich., Sept. 27.—[Special.]—The supreme court handed down opinions in the following cases today: Affirmed—Acre vs. Tarweather; Thomas vs. Crawford; Raub vs. Nesbitt; Doherty vs. Detroit Street Railway company; Prentiss vs. Richardson estate; Barnum vs. Barnes. Reversed—Brown vs. Ann Arbor Railroad company; Hooker vs. Bond; Walker vs. City of Ann Arbor; Church vs. Antikalsomine company; Feige vs. Burt. Rereargued were denied in the following cases: Rudell vs. Ogdenburg Transit company; Coldwater National bank vs. Buggie; Preston vs. Board of Water Commissioners; Hammond vs. Rathbone; People vs. Carroll; John Hancock Mutual Life Insurance company vs. Dick. An order to show cause was granted in Lockton vs. Edwards. Court adjourned to next Monday.

ROBBERS WRECK AN INDIANA BANK.

Building and Safe of a Flora Institution Badly Shattered by Dynamite.

CASHIER IS SHOT AND PROBABLY FATALLY WOUNDED.

SOME \$15,000 THE BOOTY OF THE TWO BOLD BANDITS.

Thieves Escape on a Hand Car but Are Captured Within Five Miles of the Scene of the Crime and Most of the Stolen Money Recovered.

EXPLOSION JROUSED THE VILLAGE.

Cincinnati, Sept. 27.—A special dispatch from Frankfort, Ind., says that "the boldest and one of the most successful bank robberies which has ever occurred in this section of the state was perpetrated at Flora, a small town ten miles north of this city, at 3 o'clock this morning. The bank is a private corporation, with William Lannum acting as cashier.

DEMOLISHED THE BUILDING.

"At the hour named, Lannum was awakened by the noise of a terrific explosion, which shattered the windows in his residence, fifty yards from the bank. Getting up and going to the bank, which in a brick building, he found the entire building demolished. He started to go inside, but was fired upon by some unknown party with a shotgun, the charge taking effect in his face and blowing out one eye.

"The noise of the explosion also aroused the town and a great crowd soon collected. It was soon learned that the bank safe had been blown to pieces with dynamite, pieces of it being blown across the street. The robbers secured between twelve and fifteen thousand dollars. Cashier Lannum probably will die. The robbers made their escape on a hand car, which they left at Sedalia, five miles north of here."

NABBED BY OFFICERS.

Flora, Ind., Sept. 27.—A dispatch received here late this afternoon from Camden states that the two Flora bank robbers have been captured with the larger part of the stolen money. Blissfield, Mich., Sept. 27.—The sheriff of Lenawee county today surrounded in the woods the three burglars who robbed the Blissfield postoffice Saturday night and shot Samuel Rothfus. They were taken after considerable shooting.

BAN ON A LOUISIANA TOWN.

Washington, Sept. 27.—Surgeon General Wyman tonight received the following message from the Louisiana state board of health, dated New Orleans: "There are twenty-six cases of a mild type of yellow fever in Wilson, La. The town and parish are quarantined. The source of the infection is untraceable."

NEW YORK STOCKS.

New York, Sept. 27.—The transfers in railway and miscellaneous shares on the market showed better distribution today, and the railways assumed more prominence in the trading than for some time. The speculative sentiment became decidedly bearish over night and the bears adopted what appeared to be a well outlined plan during the day.

Tobacco was utilized as a lever to initiate a drive, but after the price was jumbled 54 points, to 132 1/4, the stock met support and recovered materially. The bulls endeavored to stem the downward rush by working up Sugar and Metropolitan and succeeded in steadying the list. The bears, finding considerable opposition in Tobacco, turned their attention to Sugar and, after creating demoralization there, took other prominent specialties into camp one after another and soon had the prices tumbling all around.

The operations in the industrial were conducted with considerable confidence by the bear contingent, and their success in reaching stop-loss orders encouraged them to attack the railways. Northern Pacific, in which the dealings have been on a large scale recently, was picked out, and a two-point break followed. Liberal amounts of long stock from tired holders came out in the grangers and the trading became quite excited during an interval in the afternoon. The list steadied occasionally, but any attempt to boost prices was accompanied by semi-stagnation. Late in the day prices hardened on the August statement of the Northern Pacific.

CHICAGO MARKETS.

Chicago, Sept. 27.—Wheat today was active within 1/2 cent range, closing at the top and 1/4 above yesterday. The market opened higher on firm cables; declined on realizing; advanced on strong outside markets and later on heavy export sales. Shorts covered freely. Corn was active, within 1/2 cent range, closing at the top and 1/4 above yesterday. The market opened unchanged and advanced with wheat. The buying was general and heavy and the export demand good.

Table with columns: Opened, Highest, Lowest, Closed. Lists prices for Wheat, Corn, Oats, etc.

COPPER STOCKS.

The following are yesterday's Boston stock quotations, furnished by A. B. Turner & Bro., Savings Bank Building, Marquette:

Table with columns: Opening, 12 m., Close. Lists prices for Arcadian, Ashbed, Allouez, Atlantic, Arnold, Baltic, B. & M., C. & B., C. & H., Old Dom., Ocella, Quincy, Tamarack, Wolverine, Sugar, C. B. & Q., Rock Island, St. Paul, Washington.

ROOSEVELT WINS IN A CANTER.

(Continued from Page One)

that Roosevelt had a practical walkover, and at 7:36 enough votes were cast to nominate him. The vote was announced as follows: Roosevelt, 753; Black, 218. Then the auditors and auditors rose in a great mass and cheered.

Judge Cady moved a unanimous nomination. While the question was pending Senator Krum, who supported Governor Black, said: "On behalf of Mr. Black and his friends, I say they will stand by Colonel Roosevelt as he stood by the country." The nomination was made unanimous, and the convention took a recess until 9 o'clock.

The night session was not called to order until 9:45. General Woodford read the resolutions, and their reading was frequently applauded. The report was adopted unanimously.

TEXT OF THE PLATFORM.

In part, the platform says: "The Republicans of New York congratulate the country upon the conclusion of the war with Spain. It was not undertaken for conquest, but for the sacred cause of humanity and the just protection of American interests.

"We congratulate the country upon the patriotic wisdom, patient courage and broad humanity which distinguished the conduct of President McKinley during the critical periods of diplomatic negotiation and battle and which now guide him in the restoration of peace. Citizens of every state, and of every party, fought and won under his command.

"All lingering sectionalism was burned out in the heat of battle, and today, with the war ended and peace assured, all the people give honor and praise to the president who so bravely and wisely endeavored to bring about a permanent peace and to uphold national arms. We congratulate the army and navy upon their splendid victories. We have abiding confidence that the president will conclude peace upon terms that will satisfy the conscience, judgment and high purpose of the American people.

KEEP ALL TERRITORY WON.

"We realize that the necessities of war compelled the nation to destroy Spanish authority in the Antilles and in the Philippines, where we have assumed solemn duties and obligations. We cannot leave them unarmed for defense, and untried in statecraft, to the horrors of domestic strife, or to partition among the European powers. We have assumed the responsibilities of victory, and wherever the flag has gone there liberty, humanism and civilization, which that flag embodies, must abide forever.

"The Republican party has been a party of brave conservatism, wise progress and triumphant faith in the nationality and patriotism of this people, and we know the president, statesmen and voters of the future as bravely and triumphantly as we met the issues of the past.

"We commend the annexation of Hawaii in the interest of commerce, national security and development.

ATTACK ON SENATOR MURPHY.

"The Democratic leaders declare they will conduct the campaign upon state issues alone, but it is known that if the legislature will re-elect to the United States senate that Democrat who now represents his party there and misrepresents the state, that senator supported the cause of free silver, gave his vote in the senate for the heresies of the Chicago platform and must, if re-elected, continue to support those heresies.

"We are ready to meet the Democrats on all state issues, but in a larger sense this campaign is a national campaign. This section of Republican members of congress and a Republican state legislature will mean that New York shall stand for the maintenance of the gold standard and for such revision of the currency laws as will guarantee to the labor of the country that every paper promise to pay a dollar, issued under the authority of the United States, shall be of absolute equal value with the gold dollar always and everywhere.

"We favor the up-building of an American merchant marine which will give us our share in the carrying trade of the world in time of peace and constitute an effective naval militia in time of war."

The platform also commends the administration of Governor Black. After the adoption of the platform the ticket was completed as above given. All but Davis, for attorney general, were nominated by acclamation. The following committee was appointed as an advisory committee board for the state committee: Thomas C. Platt, Chauncey M. Depew, Frank Hiscock, Edward Lauterbach and Frank S. Witherbee. The convention adjourned sine die about midnight.

TAMMANY ON DECK.

CROKER AND TIGERS PUT IN AN APPEARANCE AT SYRACUSE.

Syracuse, N. Y., Sept. 27.—The arrival of the Tammany Hall delegation, this evening with Richard Croker at its head, was the event of the day here and about it all the convention news centered. Immediately after Croker arrived, he was joined by Senator Murphy and Mayor Malloy of Troy, and within a few moments David B. Hill and State Senator McCarren of Brooklyn joined the conference. It lasted until 8 o'clock, when it was announced by the leaders that none of the many candidates for the gubernatorial nomination had been decided upon for their support, and that the selection of the head of the ticket was still open to question. Another meeting of the leaders will be held tomorrow morning.

tion were decided upon. The committee did not, however, decide upon any program as to the platform as it might relate to the money plank of the Chicago national platform.

A mass meeting of "Chicago platform" Democrats at the Alhambra tonight, was attended by three thousand people who manifested hearty approval of the sentiments expressed by the speakers. These were, in effect, that the silver element of the party would demand of the convention tomorrow that the Chicago platform be unequivocally affirmed and men placed in nomination who had voted for Bryan and Sewall.

A CRITICAL TIME

During the Battle of Santiago.

SICK OR WELL, A RUSH NIGHT AND DAY.

The Packers at the Battle of Santiago de Cuba Were All Heroes—Their Heroic Efforts in Getting Ammunition and Rations to the Front Saved the Day.

P. E. Butler, of pack-train No. 3, writing from Santiago de Cuba, on July 23d, says: "We all had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life."

The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa. For sale by the Stafford Drug company.

PEOPLE WE KNOW.

They Are Marquette People and What They Say is of Local Interest.

When an incident like the following occurs right here at home, it is bound to carry weight with our readers. When so many strange occurrences go the rounds of the press, are published as facts, when the intelligent reader knows they cannot be true, there is no wonder the people become skeptical. On one subject skepticism is rapidly disappearing. This is due to the actual personal experiences of our citizens and their public utterances regarding them. The doubter must doubt no more in the face of such evidence as this. The public statement of a reputable citizen, living right here at home, one whom you can see every day, leaves no room for the skeptic to stand on.

Mrs. Wm. McLean, of 433 Jackson street, says: "About a year ago I began to have trouble with my kidneys and back, and it continued to persistently grow worse. There was a heavy, aching pain across the small of my back and through the groin, and a dull, tired feeling all over me. The kidney secretions were irregular and highly colored. I could not rest at night and rose in the mornings feeling more tired and unrefreshed than when I went to bed. I also suffered from spells of headache every few days, in fact was rarely free from them. Seeing Doan's Kidney Pills advertised for just such troubles I procured a box from the Stafford Drug Co., and began to use them. I felt better after the first few doses and continuing the treatment until I had taken all of one box, I felt nearly as well as I ever did. If there should be any return of the trouble, I shall certainly resort to Doan's Kidney Pills."

Doan's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y. Sole agents for the U. S. Remember the name Doan's and take no substitute.

MARQUETTE DESCRIBED.

Two Pages Devoted to It in the Official Directory of Michigan Resorts.

PICTURES SHOWING SOME LEADING POINTS OF INTEREST.

Text of the Article Reproduced—Features of Health and Pleasure Resorting at Marquette—Up the Lake Clubs.

THIS RESORT GETS MORE PUBLICITY. Several copies have been received in town of the official directory of Michigan summer and health resorts, which has just been issued by the state board of health.

The book is a handsome one of some 200 pages, and contains pictures and descriptive matter concerning every resort in the state. The descriptive of Marquette covers two pages, and with the letter press is shown a picture of the Pere Marquette statue, a view on Presque Isle, Picture Fame rock, and a view at the Huron Mountain club.

What is said of this resort follows:

"Marquette, situated on the south shore of Lake Superior at its widest part, possesses many attractions for the tourist in search of health or recreation. One of its chief claims for consideration is its advantage as a health-resort. The atmosphere is most aptly described as 'a mountain air without the elevation.'

"The summer weather record is one of bright sunny cool days, with cooler nights. The sandy soil and the great fall of the land toward the lake, insure dry air and total absence of malaria, and the keynote of the climate is its salubrity; with enough of the zest of the north to stimulate and invigorate, producing an immediate tonic effect upon the visitor.

"The prevailing northwest winds blowing in across 150 miles of the purest water, maintain a pure, highly-oxygenated atmosphere, tempered occasionally by winds coming from westery over 200 miles of native forest. In this cool, oxygenated atmosphere, with the purest of drinking waters, sleep is deep and restful; the appetite quickly improves; the liver is stimulated; assimilation and the excretory functions assume normal activity, and the healthy glow of an oxygenated blood-current supplants the sallowiness of those suffering from diseased blood conditions—effects which are easily made permanent.

"The sufferer from over-wrought nerves, and depressed conditions in general, dyspepsia, melancholia, insomnia and neurasthenia are especially benefited. The 'plasmodium malariae' disappears from the blood in a short time and without the aid of quinine. For hay fever and associated conditions of asthma and bronchitis, the climate is an absolute specific, those who have worn out other localities finding complete relief.

"But the widening fame of Marquette and vicinity as a summer resort rests not merely upon its recuperative virtues.

"The list of its attractions is a long one, embracing excursions by rail to the nearby iron and copper mining industries, by coasting steamer to the famous Pictured Rocks and Grand island and the beautiful scenery of the Huron Mountain region. The beautiful falls of Dead river nearby, and in the city the great ore shipping docks, whence float the great ore freighters, the new U. S. breakwater, the beautiful peninsula park, carrying its crown of natural forest high above the waters of the lake, with its exceptional drives and walks, in addition to the usual drives and walks, tennis, golf, boating, bicycling, pleasuring, etc.

"Truly the summer visitor here finds health, rest, recreation and diversion, and close at hand the comforting silence of pineval nature and indulgence for artistic sensibilities.

"A prominent feature is its hunting and fishing clubs, several of which are in successful operation within fifty miles along shore, and others being organized. A coasting steamer running twice or more each week affords safe and sure communication.

"The members of these clubs are enthusiastic lovers of nature (and of nature's recreative handiwork on man) from many parts of the United States who not only enjoy the regular annual visits to the shore of Lake Superior but find the home life infused with a new zest and all the powers for work or enjoyment invigorated throughout the year.

"Marquette is a well built modern city

of 9,000 permanent residents; has its electric railway, electric and gas lights, water works, sewerage, with everything for comfortable or luxurious living obtainable and among its hotel and boarding houses the stranger will find accommodation to suit his purse and desires. Inquiries from the medical profession will receive prompt attention by the health officer, always a prominent physician. Business inquiries should be sent to Secretary Business Men's association.

"Forty miles northeast of Marquette, and at the mouth of the Pine river, the Huron Mountain Shooting and Fishing club has erected a club-house and twelve cottages for the use of the members of the club, from fifty to 150 of whom visit this locality during the summer months. The small lakes and their tributary streams are reported as prolific in fish, of which nearly all the common varieties are abundant, and the Huron mountains, lying southwest of the resort, furnish an excellent hunting ground. The club is reached by the steamer City of Marquette twice each week during the summer months."

A NARROW ESCAPE.—Thankful words written by Mrs. Ada E. Hart, of Groton, S. D. "Was taken with a bad cold which settled on my lungs; cough set in and finally terminated in Consumption. Four Doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God I am saved and now a well and healthy woman." Trial bottles free at the Stafford Drug company. Regular size 50c and \$1.00. Guaranteed or price refunded.

SILENT SALESMAN.

A. H. Palmer Has Placed a Fine New One in the Bazaar.

A. H. Palmer has added to the fixtures of the bazaar a fine, new Silent Salesman show case. He purchased it in Chicago when he was below. It arrived and was set up yesterday, since when it has been attracting no end of attention and exciting many favorable comments.

The case is entirely of glass with the exception of the bottom and back, is seven feet long and stands about four feet from the floor. Movable glass shelves set on metal standards give fine display to the goods. Those are reached through sliding doors in the back of the case.

At present Mr. Palmer has made the glass effect complete by filling the case with a fine line of cut glassware.

One Minute Cough Cure surprises people by its quick cures and children may take it in large quantities without the least danger. It has won for itself the best reputation of any preparation used today for colds, croup, tickling in the throat or obstinate coughs. Stafford Drug company.

'The most pleasant and plentiful inland spot in America.' When the sagacious and chivalrous Cadillac visited the region of the great lakes, he at once fixed upon this point as the future military and commercial center of the Northwest. In 1790 the governor of Canada wrote the Detroit: 'Throughout the interior of Canada it is best adapted for a town, where all the trade of the lakes will concentrate.' Detroit has seven and one-half miles of river front, affording dockage facilities to accommodate the entire commerce of the lakes, and a perfectly safe harbor. Upon this river floats a commerce equal to that entering the three greatest seaports of the world, twice that passing through the Sault Ste. Marie, and four times that passing through the St. Lawrence canal. This commerce amounts to about half the iron and nearly all the copper ore produced in the country. It includes the productions of the most fertile cereal regions, and of the richest forest land of the world. Thus the raw material for the very doors of her factories by the cheapest system of transportation ever devised by man. It is the accessibility of raw material that usually determines the location and success of a factory, other conditions being equal.

No city in the world has a more abundant water supply than Detroit, and none can furnish water for manufacturing purposes cheaper. This consideration alone is often sufficient to determine the success or failure of an industry. Cheap building material, labor in abundance, and cheap factory sites with either railroad or water frontage, are other advantages which Detroit offers to the manufacturer. There is one characteristic of Detroit's industrial life which is worthy of notice, as bearing upon her future growth and permanency, and that is, the diversity of her industries. There are few, if any, cities in the country which have so widely diversified an industrial life as has Detroit, and consequently few whose future rests upon so secure a foundation. That Detroit has utilized these advantages is patent to all who have visited our State metropolis, or who have perused the series of articles appearing in these columns. The beautiful City of the Straits is the mart of Michigan. Our retail dealers can buy there anything they require, of the best quality on the market, and at prices as low as anywhere. In and About Negaunee.

THE COUNTY FAIR. MANY FROM NEGAUNEE COUNTING ON ATTENDING IT IF GOOD WEATHER PREVAILS. With such weather during the next three days as prevailed here yesterday there will be a big attendance of Negaunee people at the county fair to be held at Marquette. The fair has been so thoroughly advertised, and so many good features have been promised, that all are anxious to take it in. And there will be very few here who will miss it, inasmuch as people can get to the fair grounds with so little inconvenience. If they had to walk from the city to the fair grounds many who would otherwise like to go would stay at home, as a tramp out there, or a ride in a crowded bus, would take all the pleasure out of the visit. But with the South Shore company running its trains right up to the fair grounds it will be a pleasure to attend. It is expected that the morning and noon trains on the South Shore road will be crowded during the next three days. The noon trains will have the biggest crowds, as the greater part of the sport at the grounds is to take place during the afternoons. One fare for the round trip will be charged. The Lake Superior & Ishpeming railway people are also making a bid for patronage. Special trains will be run back from the island every evening while the fair lasts, leaving there at 8 o'clock. The fair grounds are not far from the street car line leading from the island, so that the new road will doubtless get its share of the patronage. A half dollar rate for the round trip is announced by the management of the line. So far as attendance at the fair goes, Thursday and Friday will of course be the big days, so that many here will not go down today to take in the opening.

MERELY A MISUNDERSTANDING. THE TROUBLE BETWEEN SAM HOAR AND PARTIES WHO BOUGHT ORE FROM HIM AMICABLY ADJUSTED. The misunderstanding between Drake, Bates & Co., ore commission men of Cleveland, and Samuel Hoar regarding the shipment of ore from the Lucy mine, which has been operated by Hoar and others this season, has been adjusted. As stated in a recent issue, Mr. Hoar placed the management of his affairs in the hands of William Allen. He instructed Mr. Allen before going away that he was not to allow the ore which had been forwarded to Marquette to be loaded on a boat until a stipulated sum had been paid over by the Cleveland parties. The money obtained was to be used in paying the men back wages due them. Mr. Allen had no trouble getting the money, or rather a draft for the amount demanded to be paid just as soon as the bill of lading is turned over to the purchasers upon the arrival of the ore in Cleveland. The Cleveland men were not trying to take advantage of Hoar in any way, there simply being a misunderstanding between them relative to the payment of the money. The amount specified is \$550. Mr. Allen said yesterday the ore had been forwarded from Marquette the previous day and that he would get the money due on the deal just as soon as the boat arrives at Cleveland. The draft and bill of lading were forwarded to that city yesterday and he expects the money to pay off the workmen within the next few days. The representatives of the Cleveland firm are still in the county attending to other things connected with their ore buying business.

CONTEST FOR A BIKE. IT WILL CREATE INTEREST IN THE SWEDISH LUTHERAN CHURCH SOCIETY'S BAZAAR. The members of the Swedish Lutheran church congregation met with such success in the contest for a gold watch between two young ladies of the city at their annual bazaar held last year that they have now arranged another similar contest. This time two young men, Charles Kronberg and Oscar Willman, will be competitors for a new bicycle which the society will put up. The contest will be conducted on the same plan as that held last year. Each vote will represent ten cents and the one who gets the greatest number of votes will take the wheel. Both of the young men have consented to run, and they have already started to hustle for dimes. They are both popular and have many friends. They will endeavor to get their friends interested in the contest and it is expected that a large vote will be polled on each side. The ladies of the congregation are hard at work getting fancy articles, etc., ready. They expect to have some very fine articles to offer the patrons of the bazaar. Every thing offered for sale for the benefit of the church will be sold at reasonable prices. The musical programs to be rendered each evening will be completed within the next few days. An effort is being made to secure the leading musicians of the city to assist in the good work.

YELLOW JAUNDICE CURED.—Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from Yellow Jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles, I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hogarty, Lexington, Ky." Sold by the Stafford Drug company.

Truth wears well. People have learned that DeWitt's Little Early Risers are reliable little pills for regulating the bowels, curing constipation and sick headache. They don't gripe. Stafford Drug company.

It is folly to suffer from that horrible plague of the night itching piles. Doan's Ointment cures, quickly and permanently. At any drug store, 50 cents.

IN BUSINESS AT ISHPEMING. Henry Heisel, one of the best known bartenders in the county, who has been at Mrs. Johnson's place for some time past, will soon give up his job there to engage in the saloon and restaurant business on his own account at Ishpeming. He has rented the building at present occupied by Mrs. M. O'Neil as a restaurant, or better known as the Hagerman place, on First street. Mrs. O'Neil will look after the restaurant business, while Mr. Heisel will devote his time to the bar trade. The place is to be fitted up nicely, with new bar fixtures, furniture, etc., and will present an inviting appearance. Mrs. O'Neil has a thorough knowledge of the restaurant business and it is the intention of that lady and Mr. Heisel to conduct an up-to-date place. Henry expects to get things in shape for the opening early next month.

Robert C. Hunt of Houghton was a passenger on Sunday night's train for Ann Arbor, where he goes to resume his studies. Mr. Hunt is preparing himself for the profession of dentistry and medical surgery and will complete his studies with the present year. LOCAL LAONICS. The funeral of John Burns' little son, who died Sunday, was held yesterday afternoon. Miss Florence Kirkpatrick, formerly of this city, and her friend, Miss Grace Carmet, are here from Pittsburgh visiting Miss Eliza Lobb. Maurice Wolner and William Allen, local undertakers, will attend Professor Clark's practical illustrations at Marquette during the next three or four days. John McLaughlin, who has been up and around now for the past week or so, has gained eighteen pounds during that time. He is improving rapidly and is feeling very well. Andrew A. Hogkoll, who died of typhoid fever one day last week, had not lived on John Hogberg's farm, as the reporter had been informed at the time. He was working at the Negaunee mine. This correction is made in justice to Mr. Hogberg.

Waldo Sweet, the Fond du Lac wagon and carriage builder, spent yesterday in the county. Mr. Sweet does quite a business up here. His factory was established many years ago by his father. The old gentleman used to come to this section in the early days and is remembered by many of the older residents. D. C. Woodworth, the tailor, is doing a very nice business this fall. He is taking numerous orders for suits, his prices being so reasonable that many are attracted to him on that account. Mr. Woodworth is representing one of the best tailoring establishments in this country and can guarantee the best fits as well as the quality of the goods he sells.

If you have any disease due to impure or impoverished blood, like scrofula, salt rheum, dyspepsia, or catarrh, you should take Hood's Sarsaparilla and be promptly cured. Hood's Pills are easy to take, easy to operate. Cure indigestion, biliousness, 25 cents.

ROYAL Baking Powder Absolutely Pure. BECOME A MAN. This will interest those who have doted with "medical companies" and "free prescriptions" and electric belts, and all other "diabolical" quackery. FIRST DAY OF THE FAIR.

Gates Open at Nine O'Clock This Morning for the Sixteenth Annual Show.

MORE ENTRIES MADE THAN AT ANY PREVIOUS FAIR.

String of Copper Country Horses Is on the Ground—Farmers' Race Added to the Program—Amusement Features Ready.

FINE EXHIBIT OF FARM PRODUCTS.

Good weather is predicted for this, the first day of the Marquette county fair. The fair is a good one in every respect, and the only thing which has been worrying its promoters is the weather.

The fair will last today, Thursday and Friday, and will open at 9 o'clock every morning and close at 6 o'clock every evening. It will not be open nights, as was the old fair. The night exhibition is a feature that was popular with a large class of people, but the directors thought this year on account of the distance of the new ground from the city they would not attempt to show at night.

In the day time the splendid transportation arrangements are such that the distance will make little or no difference. Secretary Asire says that the exhibits are more numerous this year than they have been at any other Marquette fair with which he has been connected.

He was out to the grounds all day yesterday receiving entries, which came in the greater part of the time faster than himself and assistants could well attend to them.

Some are going into the business of competing for the prizes on a large scale. One farmer yesterday made 175 entries, and there are several others who are only a little ways behind.

Another class of people are those who simply wish to help the fair out and make the show of exhibits a good one. A number brought articles out to the ground yesterday and placed them on exhibition without entering them for premiums.

Between those who are after the premiums and those who are satisfied with helping the buildings will be filled to overflowing. No attempt has been made to get the vegetables into any of the buildings, but a big tent has been erected for their display. This is crowded full with a line of exhibits which shows what the soil of the upper peninsula is capable of raising.

Entries are numerous in most of the other classes also. The racing and circus features of the fair are among the strongest cards.

A good string of horses has come down from the copper country, enough to guarantee the carrying out of the speed program in a manner that will satisfy the public.

Both companies of acrobats that are to give exhibitions at the fair have arrived, and are ready to give their acts on each of the three days.

The directors have to announce, however, one failure to live up to the advertised features. Unless arrangements can be made to get an aeronaut here from Chicago there will be no balloon ascension.

Kidd Hanner, the aeronaut engaged, arrived here yesterday with the rest of the troupe, but he was minus his balloon. The reason for this is that the balloon caught fire and burned as he was attempting to give an ascension Saturday at a fair in Wisconsin, and he was not able to secure another one in time.

The directors hope to be able to get another aeronaut in Chicago to come here and give ascensions Thursday and Friday, but they are not certain of their ability to do this.

There were no races originally on the Wednesday program, but desiring to give the patrons of the fair the full worth of their money the directors have arranged for three.

One will be a race for roadsters, the second a running race, and the third a farmers' horse race. Four farmers have entered in the last event, which promises to be a spirited one.

IN THE COURT.

Things Occupying the Attention of Judge and Lawyers Yesterday.

Most of the time of the circuit court was spent yesterday hearing evidence and arguments in the case of L. A. Hall against John F. George and F. P. Nester.

The case grows out of the use of the Yellow Dog river by the Nesters for floating logs. The plaintiff claims that they are overfishing the stream to the damage of his standing hardwood timber on the adjacent lands and wants a permanent injunction to restrain them.

The judge took the case for consideration. Mrs. Barabee of Negaunee applied to the court to have appointed a special guardian of her minor children so that certain real estate belonging to the estate of her late husband could be sold. The court granted her petition and appointed A. E. Archambeau of this city.

STEAM PUMPS ABOARD.

Leaking Schooner Rutter Will Leave This Morning for Toledo.

Steam pumps to put on board the leaking schooner Rutter arrived yesterday afternoon and were installed on the boat last night. The schooner had sunk down so she was drawing nineteen foot six last evening. If she can be pumped out and the pumps do good work she will probably get away by daylight this morning. The boat is leaking quite badly, but it will not likely be difficult for a steam pump to keep her free.

She will proceed to Toledo, where she will discharge her cargo of ore, and from there be taken and put in drydock. The steamer J. V. Farwell will do the towing.

Thomas H. Miller, who has been putting in the new fog whistle at the Huron Islands lighthouse, came down yesterday on the City of Marquette.

Mr. Miller denies in its entirety the charges made by Captain Gibson of the wrecked schooner Southwest that the whistle was not blowing a week ago

Monday morning when that boat ran aground at the islands. He says he was up with it and asserts positively that the whistle was blowing steadily from 3 o'clock that morning till night. To a reporter for The Mining Journal he said: "No, we don't care to refute any charges of that kind unless they are brought up officially, and in this case they probably won't be."

Mr. Miller says that there was some smoke on the lake, but that the weather was not very thick. Shortly before the Southwest went on he could see cabin lights of a passing steamer two miles away.

He says the new fog whistle is now installed and is in perfect running order.

LAFAYETTE DAY.

Plan to Have October 19 Observed in Honor of French Patriot.

Moderator Niedhart, of the school board, has received a communication from the United States Paris exposition commission requesting the co-operation of the local board in the scheme to raise a monument to the French patriot, Lafayette, whose timely aid in the revolutionary war turned the tide of war in favor of the struggling colonists.

The commissioners are desirous of having the schools observe October 19 as Lafayette Day, on which they shall have exercises and raise money for this monument. The monument is to be unveiled on United States' day at the Paris exposition, July 4, 1900.

Lafayette's remains now lie in an obscure cemetery in Paris with only a small headstone to mark their resting place.

More than twenty million free samples of DeWitt's Witch Hazel Salve have been distributed by the manufacturers. What better proof of their confidence in its merits do you want? It cures piles, burns, scalds, sores in the shortest space of time.

CITY BREVITIES.

Weather forecast: Fair weather; southeast wind.

Yesterday's temperature: 7 a. m., 56 degrees; noon, 74 degrees; 7 p. m., 66 degrees; maximum, 76 degrees; minimum, 56 degrees.

T. F. Gill was down yesterday from Ishpeming.

John Campbell was in town yesterday from L'Anse.

D. A. Oliver and M. T. Lyons are up from Escanaba.

A. L. Fleurling is here on business from Crystal Falls.

Raphael Thomas was in town yesterday from Champion.

Ira B. Weller was up from Au Train on business yesterday.

Patrick Nester of Baraga was in town yesterday to attend court.

Walter Fitch and family of Beacon were in Marquette yesterday.

Allen T. Rees of Houghton was down yesterday from the copper country.

The ladies' auxiliary of the A. O. H. will meet tonight at the usual time and place.

Mrs. Thomas Gleason of St. Ignace is in the city visiting relatives and friends for a few days.

Mr. and Mrs. Harry Roberts leavetoday for Detroit, where they will visit with Mr. Roberts' parents for about a month.

The ladies of St. Peter's cathedral are planning for a fair, which will probably be given some time the fore part of next month.

License to wed was issued yesterday to Gust Anderson and Mary Johnson, and to William Hutchings and Edna Bloomberg, all of Negaunee.

Conklin is advertising a special sale on musical instruments for fair week. He has an excellent line and can satisfy the wants of his patrons.

Sir John Watson, baronet, died Monday morning, Sept. 26, at Earnock, Lanarkshire, Scotland. The deceased was a brother of Mrs. William Orr, of Duluth.

The Owl Drug company will have two fountains at the fair ground. Both will be in the first building, one being for the sale of Coco-Kola and the other for soda.

Frank Buschar is now running on the road between Marquette and Calumet. He says those in Ishpeming and Negaunee who wish to see him regarding joining the new military company can do so when the train passes through there.

There will be a meeting of the temperance workers of the city at 8 o'clock this evening in Loyal Temperance Legion hall, in the Ida block. All temperance workers, and particularly members of the various temperance societies, are requested to be present.

Beginning at 8:30 this morning the street cars will connect with the livery stable busses every fifteen minutes the entire day. The connection will be made on the even quarter hours. The round trip will be twenty-five cents. Coupon tickets are on sale with the conductors.

The Episcopalian chapel car, which has for some time stood idly in the railroad yards, will probably soon enter upon a new sphere of usefulness. Arrangements are being made to have it moved to Stephenson, in Menominee county, where it will be used permanently for church purposes. The car is nicely fitted up for such use and will comfortably seat fifty people, though there is room for a larger congregation.

The first session of the undertakers' convention and school was held here yesterday. Fifteen or eighteen undertakers from various parts of the peninsula are in attendance, and will remain here through Friday. Professor Clark expresses himself as much pleased with his class, and says that all its members are here for study. The sessions are being held in the old Salvation Army hall over the steam laundry.

Conscientious Shoes

A shoe is like conscience. You are aware of it only when something is wrong. A rightly made shoe should feel right the first day, and continue to feel so until it is worn out. When you find a shoe that is just right, it is a comfort to know you can always get others just like it. The Pingree & Smith Shoes are made on lasts whose measurements never vary. Your number and width will always fit you. This great company has more capital invested in lasts than some have in their entire business. We sell these shoes, and all other wearable makes. Have you seen their "Composite" Shoes?
