REAL COON STEPS.

Amateurs Did Them for the Benefit of the Boys in Blue.

Hardly ever is anything better in an amateur line seen on the stage than was the concluding feature of the soldier's benefit performance at the opera house last evening.

That feature was the cake walk, and minus black face it was the real thing. Fifteen young ladies and gentlemen were the participants in it, and the way they entered into the spirit of the thing fairly pales the efforts of professionals.

As the orchestra started a well known march in rag time the curtain went up, and Sam Byrne came dancing out with a fine, three-deck cake, resplendent with white icing. His burlesque of the young man who filled the same part for the "Breezy Time" company, which was here last week, threw the house into fits of laughter. After he had done his steps and the pantomime signifying that the cake was to be given to the most original dancing couple, the cake walkers came on.

Leading were Miles and Miss Cecil Grylls, and following them came Fred Holmes and Miss Jean Primeau, Charles Bogue and Mrs. Nell Taylor, George Hibbard and Miss Agnes Ellison, Edwin Primeau and Miss Lizzie Beanston, Val Green and Miss Nellie Beanston, A. D. Jacobs and Mrs. Eva Jacka, and J. E. Ball and Mrs. H. F. Gruendler.

All the lady participants in the cake walk were very prettily costumed, and some of the steps introduced by the couples were unique. After each couple had shown its proficiency, the master of ceremonies danced up and down the line with the cake till the house by vigorous applause signified its desire to award it to Mr. Jacobs and Mrs. Jacka.

It was a well earned honor, for several of the competing couples were very close to them in point of merit.

Preceding this feature of the entertainment there was a program of songs and recitations which was well rendered and well received.

The house was well filled, and a considerable sum will be netted for the benefit of the sick soldiers.

CITY BREVITIES.

Weather forecast: Partly cloudy, except possibly showers.

J. H. Booth was down yesterday from Sidnaw.

George Tucker left yesterday on a trip to Boston.

Nel R. Walsh was up yesterday from Munising.

Will F. Cox of Westmore was a fair visitor yesterday.

T. J. Muck and wife of Sidnaw were in town yesterday.

Mrs. P. B. Kirkwood of Negaunee was in the city yesterday.

Sayles Ives of Munising was a Marquette visitor yesterday.

Victor Power leaves this afternoon for Chicago, where he will spend the winter.

J. Pickands & Co. announce elsewhere a reduction in the price of coal to \$6 per ton.

The banks will close at noon to give their employes an opportunity to see the fair.

D. W. Sutter and wife of Lake Linden were down yesterday from the copper country.

A dance will be given in Fraternity hall this evening for the benefit of Mrs. T. M. Donovan.

PEOPLE WE KNOW.

They Are Marquette People and What They Say is of Local Interest.

When an incident like the following occurs right here at home, it is bound to carry weight with our readers. When so many strange occurrences go the rounds of the press, are published as facts, when the intelligent reader knows they cannot be true, there is no wonder the people become skeptical.

On one subject skepticism is rapidly disappearing. This is due to the actual personal experiences of our citizens and their public utterances regarding them. The doubter must doubt no more in the face of such evidence as this. The public statement of a reputable citizen, living right here at home, one whom you can see every day, leaves no room for the skeptic to stand on.

Mrs. Wm. McLean, of 423 Jackson street, says: "About a year ago I began to have trouble with my kidneys and back, and it continued to persistently grow worse. There was a heavy, aching pain across the small of my back and through the groin, and a dull, tired feeling all over me. The kidney secretions were irregular and highly colored. I could not rest at night and rose in the mornings feeling more tired and unrested than when I went to bed. I also suffered from spells of headache every few days, in fact was rarely free from them. Seeing Doan's Kidney Pills advertised for just such troubles I procured a box from the Stafford Drug Co., and began to use them. I felt better after the first few doses and continuing the treatment until I had taken all of one box, I felt nearly as well as I ever did. If there should be any return of the trouble, I shall certainly resort to Doan's Kidney Pills."

Doan's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y. Sole agents for the U. S. Remember the name Doan's and take no substitute.

M. Donovan. The sale of tickets has been large and the ball will probably be largely attended.

The Northwestern railway will sell tickets to the congressional convention in Escanaba Oct. 1 at one and one-fifth fare on the certificate plan.

Lieutenant James Lelsen, whose furlough has expired, was up from Menominee yesterday to report to Lieutenant Wilson.

Private Charles Young of Ishpeming, who has been dangerously sick with typhoid fever since his return from Cuba, is out and around again. He was down to the fair yesterday.

Messrs. Hitchcock and Sinclair, who have been here several days as the representatives of marine underwriters in wrecks in this vicinity, left yesterday for their Chicago headquarters.

S. H. Holley has the only mechanical exhibit at the fair. He had one of his Superior gas engines working on the grounds yesterday pumping water. It was surrounded most of the time with an interested crowd.

The police committee of the common council has announced its intention to rid the city of the nickel in the slot gambling machines. If they have not disappeared by that time they will be forcibly removed by next week.

SWEDEN'S FIRST STEAM SHOVEL.

AN ISHPEMING OPERATOR TO GO WITH AND HAVE CHARGE OF THE MACHINE.

Frank Erickson, a steam shovel operator of Ishpeming, will have the honor of exhibiting the wonderful work of the modern steam shovel to the natives of Sweden.

Mr. Erickson has been engaged to take one of the Vulcan Steam Shovel company's shovels over to the Grangberg mines at Grangberg, Sweden. He expects to start on his trip today or tomorrow.

This will be the first steam shovel ever seen in that country. In view of this it is sure to be considered something of a curiosity by the people over there. Mr. Erickson will, it is said, be paid a big salary in addition to all his expenses. His contract is for just as long a time as he wishes to remain abroad. This being his first trip away from home, it is not certain that Frank will stay in Sweden many years before coming back on a visit at least. He is a very successful operator and his services are in demand here, where so many shovels are being used.

The trip itself will be quite a treat to the young man. When offered the position he did not hesitate to take it.

DAILY TOOK A HEADER.

While driving home from Negaunee yesterday afternoon, George Dally, the horse doctor, took a header from his buggy and received injuries that will keep him hosed up for a few days. When found he was unconscious. He had a cut in his forehead and one side of his face and neck was badly cut and scratched.

The man who discovered Dally lying by the side of the road near the big hill opposite the Standard Oil company's place came to town and told Marshal Westgren about it. The officer went down and found him still there. After looking the doctor over the officer concluded that the ambulance was the proper thing to bring him home. Meanwhile Dally's horse was found some distance from where the accident occurred. The horse did not attempt to run away.

WILL WED ON THE 12TH.

The marriage of Mary A. Kennedy, third daughter of Mr. and Mrs. Cornelius Kennedy of this city, and Mr. Francis Harper of Chicago, will take place in this city on the 12th of next month. Cards announcing the nuptials will be issued within the next few days.

Truth wears well. People have learned that DeWitt's Little Early Risers are reliable little pills for regulating the bowels, curing constipation and sick headache. They don't gripe. Stafford Drug company.

BIG CROWD TO MARQUETTE.

ABOUT 700 ISHPEMING PEOPLE ATTENDED THE COUNTY FAIR THERE YESTERDAY.

The officers of the Marquette County Agricultural society have no reason to complain of the patronage this year's fair has received from Ishpeming. Yesterday there were 626 tickets sold at the local station of the South Shore line. This included men, women, children and the members of the Lake Superior band.

Over three-fourths of the crowd went down on the early train, the remainder taking the special in the afternoon. A number of men took a day off to attend the fair. In addition to the large number who went down via the South Shore line quite a number took the Lake Superior & Ishpeming line down. Altogether, there were about seven hundred Ishpeming people in attendance yesterday.

Probably as many will go down today, as the belief is that the last day will be the best. It is believed there will be better races today than yesterday. All the local lovers of horse racing want to see Griffin's "Two Strike" in the free-for-all today.

WILL HAVE A NICE PLACE.

Thoney Bros. are going to have a very neat place in the Quinn building. The improvements which have been under way there for the past month or so will be completed, with possibly the exception of the basement, within the next week or ten days. The partitions have been put up and the plastering has been done. The papering and painting of the rooms will be started within a day or two. The basement extends under the entire building and will be used for stocking beer, wines, etc. The excavating has been finished and some of the walls are built. Mr. Thoney expects to move from his present stand soon after the first of the month. As soon as he makes the change L. A. Proulx will move over from his stand in the opera house block.

WORK PROGRESSING FINELY.

Work on the foundation of the Cleveland-Cliffs company's new office near Lake Hancock is progressing very satisfactorily. The masons will have the job finished within the next week or so. The foundation when completed will be quite high, so that a great deal of rock will be put into it. The fine weather of the past two weeks has had favored the workmen greatly and they have been taking large advantage of it.

HE TALKED POLITICS.

R. S. King, a traveler, who makes a living by selling a book he has named "King's Mathematical Instructor," entertained a crowd on the city square last evening, also the night before. Mr. King is one of the wittiest talkers heard here in some time. He stood up on a platform for nearly three hours each evening and amused his hearers every minute of the time he discoursed. He talked politics all the while, at the same time getting in a word now and then for his book. Of course he did business, as he made a number around him believe that everyone in the country would get the better of them if they did not have one of his calculators. The books sold rapidly for a while, in consequence of which the "olly tongued" professor raked in a good many quarters.

CAN SAVE YOU MONEY.

Our buyer has just returned from New York where he has bought for all our stores, and where he has received the benefit of big purchases for cash on case lots.

We know we are safe in saying we can sell you goods at the prices many clothing dealers have to pay for them. We deal with only the best concerns. They want our trade because it is valuable to them, and they give us the very best figures and goods in order to hold it. It is well known that unreliable dealers do business with jobbers who handle the cheapest and poorest line of goods.

We are connected with three large stores in this section; we do a big business, and we buy at **LOWEST CASH FIGURES** direct from the manufacturer.

Our Fall and Winter Stock Is By Far the Best Ever Seen Here.

It is attractive and embraces everything in Men's, Youths' and Children's Clothing and Furnishings, especially in Men's and Children's Underwear and Ladies', Gents' and Children's Shoes. We are proud to call attention to it, and respectfully ask your inspection of it. A very large line of Men's and Children's Clothing just open. Yours truly,

Our Cloak Department is now nearing completion, and as we are sole agents for the celebrated Joseph Biefield make, we invite inspection and will guarantee satisfaction as to quality, price and fit.

We propose having a special sale of Dress Goods on Wednesday, Oct. 5, and on Thursday, Oct. 6, a special sale in Cloaks.

It is needless to repeat to you that we are after your trade, as our prices surely indicate, and as we do not propose to add to our regular prices those of credit stores and dividend paying concerns we give you the benefit because cash is as much king with you as it is with us. Standard of quality is always maintained and any goods purchased at our establishment not entirely satisfactory may be returned and the money cheerfully refunded.

Our motto still stands "ONE PRICE TO ALL," and in sending your children to make fall purchases they are treated with the same courtesy as if you come yourself, and purchases can be made by old and young with the same degree of confidence. Respectfully,

In and About Negaunee.

PEOPLE WHO WENT TO THE FAIR. LOCAL LAONICS.

THERE WAS A LARGE DELEGATION OF THEM FROM NEGAUNEE YESTERDAY.

Casper Kratz, the little man who is known to nearly every man, woman and child in Negaunee, took his wife and two children to Marquette to visit the fair yesterday. Although Mrs. Kratz has lived in this city a number of years yesterday was the first time she had ever been to Marquette. The trip was of course an interesting one for Casper and his folks. Like many others who went to the fair yesterday, they were ready to start long before the train was due to leave here.

Negaunee was largely represented at the fair yesterday, but there will be a larger crowd down from here today. For over an hour before the time of the arrival of the train in the morning people began to gather at the depot. When the sale of tickets began there was a rush for the window. There was no occasion for crowding, as there was plenty of time to allow all to get tickets, but they jammed forward to the ticket window just as if the train were waiting and they hadn't a minute to spare.

To make the matter worse for the more anxious ones, the train was an hour late getting here. And when it did pull in there were no seats to be had in the coaches, and very little standing room either in the aisles or platforms of the coaches. About five hundred persons got on at Ishpeming alone, to say nothing of the large number brought down from the towns in the western end of the county. No train with the same number of coaches ever before carried so many people to Marquette. The conductor had a hard time getting through to collect his tickets.

The regular noon train was also well loaded and many from Negaunee and Ishpeming took the special train down. It is expected that there will be even larger crowds going down today than yesterday. Everyone rather looks for better races today than were put up yesterday.

The special train this afternoon is going to catch a large number, though many will go down this morning so as to have all day to take in the sports and look over the exhibits. BACK FROM THE FRONT. Homer A. Guck, who held a position as reporter on the Calumet Evening News for some time before going to Cuba with the Thirty-fourth regiment, passed through Negaunee yesterday on his way home. He has been ill in New York ever since he landed in this country, but is now feeling pretty well.

Dr. John O. Zellen, a graduate of the University of Michigan, has decided to locate here for the practice of his profession. Mr. and Mrs. John Q. McKernan went to Houghton Monday to attend the golden wedding of Mrs. McKernan's brother, Joseph Prior, which was celebrated there Wednesday last.

Malcolm Wallace and family have changed their address to Houghton, where they will reside in the future. They shipped the remainder of their goods to Houghton Wednesday. Mr. Wallace has a very nice livery business established there already and is satisfied that Houghton is a good business town. Mac and his family will be missed by numerous friends here.

An impromptu party was given in the town hall Tuesday evening by Misses Anna Williams and Rose Blankenhorn in honor of Miss Mina Wallace and Russell Smith, who leave this week for Houghton, the former going with her parents, who will reside there in the future, and the latter to attend the College of Mines. Dancing was indulged in for several hours after which a very dainty lunch was served which was thoroughly enjoyed.

Homer Guck of Calumet, who went to Cuba with Co. D, Thirty-fourth Michigan Volunteers, stopped over between trains yesterday to visit the Becher family. He was on his way home from New York, where he has been detained since his company's return from Cuba by an attack of malarial fever. He was under the care at the residence of his uncle Dr. Arago Guck of New York and got the best of care, consequently looks better than the average of his comrades who went through a siege of fever.

Dr. J. G. Turner has accepted an appointment with the Arcadian Mining company of Houghton county and expects to return with his family to that location about November first. His removal from here is deeply regretted by the many friends of the doctor and his family in this county, where they have resided continuously for the past nineteen years. Dr. Turner, by his strict attention to his professional duties, has made himself popular with all our citizens, and they wish him every success in his new field of labor, although they are sorry to have him leave. The doctor has been a leader in political circles, and he and Mrs. Turner will be greatly missed in society circles.

KENTON CATCHES. Horace Kirtland is visiting at Munising. E. W. Sparrow got back from Lansing Wednesday.

Geo. Beckett returned to his home at Munising Monday. Dr. L. O. Gibson of Calumet made Kenton a business visit Thursday.

Mr. and Mrs. A. B. Kennedy returned Monday from Duluth, where they had been visiting relatives. Mr. Kennedy has kept Kentonites interested with his description of the Fosston Branch celebration which occurred while he was there. Engineer Ormsby, recently of the Great Northern, is now driving engine No. 39 on the K. & H. railway.

DIONIE'S WASHED GOLD DUST Washing Powder. Gold Dust does it. Morning, noon and night. Makes all dull things bright. Housework's a delight with GOLD DUST Washing Powder. It gives to a humble home or a palace the cleansing touch that both alike require.

Mr. McDougal of Sidnaw visited Kenton Monday in the interest of W. S. Prickett and the Diamond Match company. August Nordine, the hustling contractor and builder, is wearing a broad gauge smile now over the arrival at his home on Friday last of a bouncing boy baby. Miss Mabel Kirtland visited for a few days during the week at Mr. Shane's, four miles south of town. Mr. Shane has constructed a dam across the brook that traverses his farm and has a fine private fishing pond, making it a very attractive place for friends who enjoy that kind of sport.

W. H. Oakley, an old and prominent resident of Trout Creek, made Kenton a visit on Monday. Mr. Oakley represented his district in the Republican state convention at Detroit and evidenced some satisfaction over the re-nomination of Governor Pingree, and the landing of two offices on the ticket for the upper peninsula. James Simons, electrician for the Sparrow-Kroll Lumber company, made Sidnaw a visit Saturday for the purpose of perfecting the private telephone line of the company. All Bell instruments have now been replaced with the latest improved long distance phones of the American Electric Co.'s make, which improves the service immeasurably.

A CRITICAL TIME During the Battle of Santiago.

SICK OR WELL, A RUSH NIGHT AND DAY. The Packers at the Battle of Santiago de Cuba Were All Heroes--Their Heroic Efforts in Getting Ammunition and Rations to the Front Saved the Day.

F. E. Butler, of pack-train No. 3, writing from Santiago de Cuba, on July 25d, says: "We had diarrhoea in more or less violent form, and when we landed we had no time to see a doctor, for it was a case of rush and rush night and day to keep the troops supplied with ammunition and rations, but thanks to Chamberlain's Colic, Cholera and Diarrhoea Remedy, we were able to keep at work and keep our health; in fact, I sincerely believe that at one critical time this medicine was the indirect saviour of our army, for if the packers had been unable to work there would have been no way of getting supplies to the front. There were no roads that a wagon train could use. My comrade and myself had the good fortune to lay in a supply of this medicine for our pack-train before we left Tampa, and I know in four cases it absolutely saved life." The above letter was written to the manufacturers of this medicine, the Chamberlain Medicine Co., Des Moines, Iowa. For sale by the Stafford Drug company.

3,000 ATTENDED THE FAIR ON THURSDAY.

South Shore Trains Packed to Suffocation by Anxious Visitors to Show.

SPEED PROGRAM THAT WAS WORTHY OF THE NAME.

PUMPKINS HAVE ALL BEEN TAGGED BY THE JUDGES.

Today is the Last Day and Directors Look for a Record Breaking Attendance—Schools and Many Business Places to Close.

CROWD WAS ALWAYS ENTERTAINED. Not less than 3,000 people attended the county fair yesterday, a good proportion of the crowd being furnished by the cities of Ishpeming and Negaunee.

The regular train which reaches here at 10:20 in the morning was unable to take all who desired to come down at that hour, and it was necessary to run an extra train to accommodate them. The train which gets in at 1:15 was only less crowded than the earlier one.

The railroad did a business of similar proportions on its trains running between Marquette and the fair grounds. The train leaving down town at 1 o'clock was utterly unable to take the people who wished to go at that hour.

On the arrival of each of these trains at the fair grounds there was a crush at the gates, such as has seldom been seen in Marquette. The fingers of the ticket sellers fairly flew in passing out pasteboards and taking in quarters, and several who were peddling tickets on the outside did a land office business.

FARMERS ON HAND. There was also a large farmer element present, and farm rigs and city rigs on the grounds were so numerous that it was hard work to find a place where a horse could be tied.

A good many of the farmers came early and put in the entire day at the fair, but the Marquette folks didn't really begin to come till afternoon.

Even at that the morning crowd was as good as the crowd the best part of the previous day, and in the afternoon the crowd assumed such proportions that it made the faces of the directors wreath in smiles, for yesterday and another day like it will make the fair a commercial success.

In the morning and the early part of the afternoon the visitors amused themselves by going through the exhibit buildings, inspecting the race horses and the livestock, not forgetting to regale themselves with lemonade, peanuts and similar circus delicacies.

Every stand on the ground did a good business, and in the afternoon when the crowd was centered at the grand stand to see the races peddlers disposed of their wares almost as fast as they could hand them out.

TAGGED THE PUMPKINS. The judges were busy in all the departments yesterday, and by early afternoon succeeded in finishing their work.

Blue and red tags and ribbons now mark the exhibits which were successful in the competition. The high standard of excellence of all the exhibits was a matter of comment among the judges, and in some classes they had considerable difficulty in determining to whom the awards should go.

Yesterday was the first day the livestock was on exhibition. Exhibits in this class are not numerous, but these is some good stock to be seen. The stalls were filled most of the day with people who admire high bred animals.

But it was in the racing that the people got their money's worth, and that was the feature of the day that gave the big end of the crowd its chief enjoyment. The track is not what is known to horse men as a "fast" track, and taking this into consideration, the time made on it was really remarkable.

Both of yesterday's events were genuine horse races. The finishes in some of the heats were highly exciting. The 2:35 race was the first one called. In this event there were four starters, Rob Rene, owned by Frank Shackett; E. W., by J. S. Peterson; Sallie D., by L. Sawyer; Farmer Dan, by William Stewart.

In drawing for place Rob Rene got the pole, with Farmer Dan on the outside and the other two between.

FIRST RACE. After scoring several times they got the word to go. The start was poor. Sallie D. led out of the bunch on the start. Rob Rene and E. W. were close behind her, and several lengths behind them came Farmer Dan. They were in this order at the half and came in without change of position at the mile. The time of the heat was 2:28 1/4.

The second heat in this pace was the most exciting bit of sport the afternoon furnished. The scoring for it was tedious, but they were finally given the word with the three leaders close abreast and Farmer Dan about two lengths behind.

Sallie D. took the lead again, and the field lined out as in the first. At the half there was no change of position, though Rob Rene was pushing the mare hard.

The horses scored well, and the race was distinguished for its lack of tiresome jockeying.

Bill Nye took the lead at the first turn and maintained it throughout the heat. He was about six lengths in advance when he came around to the half in 1:14. He held the lead and finished in 2:27 1/4, with the mare five lengths behind.

In the second heat Bill Nye led out again, but only by a length, till the mare broke, coming down the back stretch. The lead horse took the heat in 2:27 1/4. The third heat was the second right over again, though the finish was more spirited. The time was the same. Bill Nye won the race in three straight.

This finished the program for the day, and none too soon, for it was rapidly getting dark. The purses were \$150 in each event.

WILL COME SWIFT TODAY. Today's race program is regarded as the best one of the meeting. There is the 2:50 class, in which a purse of \$150 is hung up, and the free for all in which the purse is \$300.

The favorite in the latter event is Mike Griffin's Two Strikes. Last evening's rain, if it is not succeeded by another this morning, will put the track in better condition than it was yesterday, and it will not be strange if the track record is lowered by several points. The track, even as it was yesterday, is in better condition than it has ever been before.

If good weather is vouchsafed, today will see as many people at the fair as were in attendance the two first days. There are several reasons for this. It stands with yesterday as one of the big days of the fair. All the people who have been brought in by the South Shore's excursions will be in attendance, and the school children of Marquette, Ishpeming and Negaunee have been granted a holiday for the special purpose of attending. A large number of stores, offices and other places of business will also close for the occasion.

CLOSE FOR THE FAIR. All grades of the public schools will be closed today for the fair and will remain closed till Monday.

The D., S. S. & A. officers will close for the day. Both the banks will observe a half holiday today and will close at noon.

The proprietors of the various meat markets have signed an agreement to close their shops and remain closed for the rest of the day. Following is a list of the grocers who have signed an agreement to close their places at 12 o'clock and remain closed for the rest of the day: E. L. Kellan (both stores), David Murray, E. Richards, J. T. Jones, A. I. McDonald, J. F. Zerbe, P. Werner & Sons, H. E. Bittner, J. S. Babcock, W. J. Gray, G. W. Shaw, F. Mulver, Arthur Delf, by P. J. Delf, M. T. J. Hullier, Jacob Smith, Wetmore Mercantile Co.

SPECIAL TRAIN SERVICE. Today being Marquette Day at the county fair the South Shore line will run additional trains to those already advertised.

In addition to the morning trains extra trains will leave the depot at 1:00, 1:30, 2:00, 2:30, and 3:30 p. m., and leave the fair grounds, returning at 3:00, 4:00, 5:00, 5:30 and 6:00 p. m.

Ample accommodations will be provided for all passengers. Extra ticket-sellers will be found at the station to accommodate all passengers with tickets promptly.

FATALLY INJURED. Little Mamie Ryan, aged thirteen, has been pronounced by three doctors to be suffering with very serious, if not fatal, injuries as the result of an accident with which she met last Monday in the Polygonal works.

In company with her brother Eddie, two years younger, she was going from the Fifth ward school to her home on Fisher street last Monday. The old Polygonal works was on their way, and finding a broken place in the wall of the building they went inside.

Inside the building is a big water wheel. The little girl leaned over on this on her hands. It happened to be so balanced that she started the wheel and was carried down by it into the pit, hurting both her spine and kidneys. Her little brother succeeded in rescuing her, but had his back quite badly hurt in doing so.

The little girl has been in great pain since the accident and her mother is nearly crazed. Thomas Ryan, the father, announces his intention to make the owners of the building pay damages. He says the doctors tell him that if the child does live she will be a cripple for life.

MUSIC IN THE SCHOOLS. At the last meeting of the school board the directors decided to have music taught in all the grades this year, instead of having it taught only in the high school, as was done last year.

Prof. Otto Muhlbaur was engaged as instructor, and will teach five half days each week.

The board has left the matter of the Lafayette Day observance to the discretion of Miss Chandler. Oct. 13 is the date. The authorities of the Catholic schools of the city are in receipt of circulars similar to those which have been received by the public school officials asking an observance of Lafayette day. The circulars which have been received by the former have been sent out under the name of Archbishop Ireland.

HAPPILY WEDDED. The residence of Mr. and Mrs. T. B. Wilson of Ewen was the scene of a very pretty wedding at high noon Wednesday, when Mrs. Wilson's sister, Miss Sarah Trotter, became the bride of T. J. McManus of Thomaston.

The ceremony took place in the parlor in the presence of the immediate friends, the Rev. Father Hasenbergh of Michigan officiating. The bride, who is one of Ewen's most estimable young ladies, held the position of village clerk for the past few years. The groom is a young man of excellent character and occupies the position of foreman in the car department for the D., S. S. & A. railway. The young couple are well known in Marquette and start in married life with the best wishes of a wide circle of friends.
