will be more cheerful and full of intense heat and comfort if it is made from our coal. It burns longer, is more economical, cleaner and with less waste than any other coal on the market. Our furnace and range coal is the delight of the housekeeper on baking days, and when the house needs heating.

PICKANDS & CO.

RENEWED FIGHTING IN THE PHILIPPINES.

Natives Again Are Driven Back Both in the Vicinity of Manila and Iloilo.

SUFFER HEAVY LOSS, WHILE BUT FEW AMERICANS ARE HURT.

GUERRILLA WARFARE IS PLANNED BY THE INSURGENT LEADERS.

Envoy Agoncillo Promises Warm Work as Otis' Men Advance into the Interior—Ninth Regulars, Stationed at New York. Get Orders to Move.

FRESH VICTORIES IN THE FAR EAST.

Manila, Feb. 15.—The rebels in the vicinity of the California regiment's outposts having fired from houses bearing white flags, the Americans today advanced and drove the enemy towards Lake Laguna de Bay. The natives fought desperately, and met with severe loss, but evidently were short of ammunition. Nine Californians were slightly wounded. The American outposts in this direction are now twelve miles out.

Colonel Potter arrived today from Iloilo with dispatches to General Otis. All was quiet there Monday when the colonel left, but he reports that on Sunday General Miller sent a battalion of the Eighteenth infantry to Jaro. Half way out the men encountered the enemy in force. After a sharp engagement the Americans advanced steadily, driving the rebels before them through Jaro and into the open country beyond. Four privates were wounded, while the rebel loss was quite heavy.

ANOTHER SHARP SKIRMISH.

Manila, Feb. 16.—11:45 a. m.—Four companies of volunteers, which had been clearing the country in the vicinity of Pateros, ten miles southeast of Manila and which had been recalled, were followed by the enemy today (Thursday) as they retired. On reaching San Pedro Macati the Americans made a stand near the church yard, and the rebels were driven back.

The Californians again have advanced and are now occupying the same ridge, commanding the valley of the river, which they held yesterday. A gunboat near the Pasig river is clearing the jungle.

CABLED NO ADVICE TO ATTACK.

London, Feb. 15.—The Filipino agents here received a cablegram today from Senor Agoncillo, at Montreal, saying: "The statement of General Otis that he has a copy of a telegram from me advising Agoncillo to attack the Americans is an absolute fabrication. I challenge General Otis to produce it." Agoncillo adds that the Americans threaten to exterminate the Filipinos.

The European junta announces it has received from Manila a message saying the Filipinos have made arrangements for guerrilla warfare around Manila; that the fighting has been in progress without intermission since Feb. 4, and that the Americans have lost heavily in killed and wounded. Agoncillo's headquarters at Maricao, near Calocan, are out of the range of the warships.

TO ASK AID IN EUROPE.

Montreal, Feb. 15.—Senor Agoncillo, the Filipino commissioner, in an interview today said there would be no let-up in the efforts of the Filipinos to force the Americans from their country. He said he was not at all surprised that Iloilo had fallen, as the Americans had the advantage in their fleet. "But wait till they get in the interior," he said, "and then they will have more than their work cut out." He announced that the purpose of Senor Luna's departure was to interview the different courts of Europe and ask for their assistance for the Filipinos.

PROMOTION FOR MILLER.

Washington, Feb. 15.—Col. Marcus P. Miller, who, as brigadier general of volunteers, commanded at the capture of Iloilo, was nominated by the president today to be brigadier general of the regular army in recognition of his services on that occasion.

Secretary Alger has ordered the Ninth regulars, at Madison barracks, New York, to go to San Francisco, in readiness for embarkation to Manila.

BATCH OF NEW ARMY OFFICERS.

WEST POINT TURNS LOOSE A BIG CLASS OF GRADUATES.

West Point, N. Y., Feb. 15.—The graduation exercises of the first class of cadets took place in Memorial Hall today. General Merritt, who was to deliver the diplomas, failed to reach here and Colonel Mills, superintendent of the academy, performed the duty. After a short furlough the graduate class, which is a large one, will be assigned to their respective commands. This premature graduation is necessary on account of the scarcity of officers for the army. Among the graduates are the following from Michigan: T. H. Jackson, L. B. Kremer and L. W. Oliver.

CONFESSES TO INCENDIARISM.

SENSATION AT THE TRIAL OF AN EASTERN COLLEGE PROFESSOR.

Easton, Pa., Feb. 15.—The trial of Professor George H. Stephens, charged with the burning of Pardee hall, Lafayette college, reached a climax today, when the counsel for the defense introduced as evidence a confession made by the prisoner the day after his arrest. The paper is a remarkable piece of work and dramatic in the extreme. Stephens admits all the charges under which he is indicted, but lays the blame for his downfall and present predicament at the door of President Warfield. He claims he was investigated into signing a paper by the college president that later turned out to be an agreement on his part to quit the faculty. President

Warfield is severely scored and condemned, and he is held responsible for the physical and mental condition of Professor Evans, who now is in an insane asylum. Professor Stephens was much affected during the reading of the confession. At times he would weep bitterly and at others laugh hysterically.

BERLIN CABINET AT ODDS.

DISSENSIONS OVER THE POLICY TO PURSUE TOWARDS AMERICA.

London, Feb. 15.—The Daily Mail's Berlin correspondent cables that "the dissensions in the Prussian cabinet are increasing daily. Baron Von Hammerstein-Exton, minister for agriculture, openly disagrees with the foreign policy of his colleagues, a policy which, according to the agrarians, is too conciliatory toward America. Probably Baron Von Der Horst, minister for the interior, will be the first member of the cabinet to be sacrificed."

ANTI-AMERICAN FEELING.

Berlin, Feb. 15.—The question of the commercial relations of Germany with the United States seems not unlikely to lead to a partial ministerial crisis. In addressing an agrarian meeting recently, Baron Von Nanteuffel said: "Had we increased our navy sooner the United States would not have dared use such language toward Germany." It is asserted the agrarian utterances of Baron Von Hammerstein-Exton, minister for agriculture, has seriously disturbed the diplomatic negotiations, and whole sentences of his anti-American remarks are omitted from his speeches.

COLD WAVE STRIKES MEXICO.

MUCH DAMAGE TO COFFEE AND OTHER TENDER PLANTS.

Mexico City, Feb. 15.—A cold wave has struck the Gulf coast in the state of Vera Cruz. Much damage has been done to coffee, tobacco and vanilla plants.

FLORIDA ORANGE CROP KILLED.

Atlanta, Ga., Feb. 15.—Advices to the Associated Press say that snow covered all of Florida as far south as Tampa and Augustine. Vegetables generally were killed, as also were the blossoms of the orange trees, which were in bloom. Next fall's crop is practically destroyed in a large portion of the orange belt.

SNOW BLOCKADES BROKEN.

Philadelphia, Feb. 15.—The snow blockade on all the railroads entering the city is tonight practically a thing of the past. The trolley lines in the city are also generally open tonight.

AHEAD OF THE RECORD.

Washington, Feb. 15.—The obstacles to railroad traffic resulting from the recent blizzard have been overcome to such an extent as to warrant the companies operating trains to the north and west in announcing that traffic will now be resumed practically on schedule time.

GIMM LEADS THE SIX-DAY 'CYCLERS' IN SAN FRANCISCO.

San Francisco, Feb. 15.—The bicycle score at 8:45 p. m.—the forty-sixth hour—as follows: the previous record being 790 miles and 1,232 yards, made by Pierce at Madison Square Garden last December:

Names.	Miles.
Gimm	843
Miller	824
Barnaby	802
Fredericks	800
Nawn	795
Hale	787
Pierce	785
Aaronson	774
Albert	768
Lawson	744
Pattington	724
Julius	692
Ashinger	674

By the above record the five leaders are ahead of the record. The field is now probably down to bedrock and is likely to stay thirteen to the close. The riding of Barnaby, a new man to the long distance game, is one of the surprises of the contest.

RAILROADS QUIT THE FIGHT.

FAST TIME BETWEEN CHICAGO AND OMAHA ABANDONED.

Chicago, Feb. 15.—At a meeting here today of all the railroad lines interested in the passenger traffic between Chicago and Omaha, it was decided to discontinue all twelve-hour trains between these two points.

CENTRAL PACIFIC DEBT.

Washington, Feb. 15.—A definite agreement for the adjustment of the debt of the Central Pacific railroad to the government has been arranged. It is understood it contemplates the payment to the government of fifty-eight million dollars within ten years.

ANNEXATION BY BRITAIN.

"ONLY SOLUTION" IT'S DECLARED, OF SAMOAN TROUBLES.

Melbourne, Feb. 15.—The Samoan correspondent of the Melbourne Argus writes that the only solution of the difficulties there lies in the immediate annexation of the islands by Great Britain. Failing annexation, the complete disarming of the whole population is imperative and the abolition of the kingship is absolutely necessary to prevent constant disturbances.

MARTIAL LAW DECLARED.

FULL-FLEDGED REVOLUTION IS ON NOW IN NICARAGUA.

Managua, Nicaragua, Feb. 15.—President Zelaya has issued a decree declaring the republic of Nicaragua in a state of siege. A battle is expected to take place today west of the Chile mountains, the dividing ridge of the Cordilleras. The president is sending troops to the front as rapidly as collected.

OVERDUE LINER IS SAFE IN PORT.

Tugs Tow the Disabled Steamship Pretoria into Plymouth, England, Harbor.

PASSENGERS, NUMBERING 550, IN A PANIC CONDITION.

STEAMER ADMIRAL DEWEY LIKELY TO BE A TOTAL WRECK.

Strikes on the Rocks at the Entrance to Buzzard's Bay and Lies in an Exposed Position With a Big Hole Stove in Her Bottom.

MANY LIVES IN GREAT PERIL.

Plymouth, Eng., Feb. 15.—The Hamburg-American line steamer Pretoria, which sailed from Hamburg on Jan. 29 for New York, arrived here today, being towed in by tugs. Her steering gear is damaged. The Pretoria reports that she encountered a succession of gales and that the 550 passengers on board had an exciting experience. The outlook at times was extremely gloomy, but at no time was there a panic.

STRIKES ON THE ROCKS.

Boston, Feb. 15.—The Boston Fruit company's new steamer Admiral Dewey, bound from Porto Antonio, Jamaica, to this port, ran on the rocks at Cuttyhunk Island [entrance of Buzzard's Bay, Mass.] this morning and is in great danger of being a total wreck. The passengers on board were safely transferred to the steamer John J. Hill, which came up this afternoon, and with their baggage and mails were taken to Newport, R. I., from which point they were brought to this city tonight. Captain McGrath and crew still remain on board and every effort will be made to save the vessel, but as she lies in an exposed position and with a large hole in her bottom, any severe blow will undoubtedly cause her to go to pieces. On the way up from Jamaica the vessel encountered a terrific storm and the quartermaster, John Anderson, was swept overboard and lost.

AWFUL HARDSHIPS AT SEA.

SHIPWRECKED CREW OF THE STEAMER LAWRENCE ARE BROUGHT TO PORT AFTER DAYS OF FEARFUL SUFFERINGS.

Savannah, Ga., Feb. 15.—Every member of the crew of the wrecked steamship William Lawrence has been saved, but only after the greater number of them had suffered terrible hardships. The tugs Cambria and Cynthia came in this evening from the sea islands of South Carolina, bringing with them Captain A. L. Willis and thirteen men, who had been missing since Sunday morning, when the steamer was abandoned in the breakers off the Port Royal bar. The party was discovered today on Hunting Island.

After twelve hours at sea in a blinding and freezing gale the two boats under the captain and the first officer made land Sunday night on Caper's island, a desolate and bare little sand spot. There the men stayed, starving and freezing all during the sleet and snow storm of Sunday and Monday. On Tuesday morning one of the boats was temporarily repaired and both crews tried to reach Port Royal. They had been without food since Sunday morning and without water since Sunday afternoon. After painful efforts they reached Hunting Island. Some soldiers were stationed there and they cared for them. Captain Willis says that at the time the ship struck the weather was so thick he could not see half the length of the ship.

SAVED FROM WATERY GRAVES.

Philadelphia, Feb. 15.—The powerful seagoing tug Eureka, the first vessel to force her way up the Delaware through the ice blockade, arrived here this afternoon with nineteen shipwrecked mariners, eight of whom had been taken from the barge Newport, which was cut through by the ice and sunk in Swash channel, and the others from the barge Gibson, which was driven ashore on Delaware beach. The Eureka also picked up the crews of several abandoned oyster boats.

M'KINLEY JOURNEYS TO BOSTON.

NATION'S CHIEF THE GUEST OF THE COPPER METROPOLIS.

Washington, Feb. 15.—President McKinley and party left Washington for Boston this afternoon. The party consists of the chief executive, Secretaries Alger, Long and Bliss, Postmaster General Smith, Representative Grosvenor, Messrs. Prescott and Cortelyou (secretaries to the president), Major Hopkins and Mr. Tharin, one of the White House doorkeepers.

GIVEN A SWORD AND BIBLE.

TEXAS SUNDAY SCHOOL CHILDREN MAKE A PRESENTATION TO COMMODORE PHILIP.

Galveston, Tex., Feb. 15.—This afternoon a sword and bible, purchased by the Sunday school children of Texas, was presented to Commodore Jno. W. Philip, who commanded the battleship Texas during the war with Spain, in approval of Captain Philip's public acknowledgment after the Santiago engagement of the sovereignty of God.

KNOX COLLEGE IN CLOVER.

GIFTS TO THE AMOUNT OF \$100,000 ARE MADE THE INSTITUTION.

Galesburg, Ills., Feb. 15.—At the close of the "Founders' day" exercises at Knox college tonight, President Finley announced the contribution of an additional endowment of \$100,000 by friends of the college. Among the contributors are D. K. Pearson of Chicago, \$25,000, and S. S. McClure of New York, \$10,000.

RATTLESNAKES

are not more deadly than the millions of disease germs that are floating in the air we breathe and in the water we drink...

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

PLEA FOR AN IRON BOUNTY.

A joint session of the house and senate committees on manufactures of the Minnesota legislature was held a few days ago to give hearing to a delegation of citizens of Duluth in advocacy of the proposed bounty of fifty cents a ton on pig iron produced in the state from Minnesota ores.

As there is a proposition before the Michigan legislature to have this state also undertake promoting an iron and steel manufacturing industry in the state by offering a bounty on pig iron produced within its limits from ores mined here, our readers will be interested in knowing what arguments are used in favor of a similar bounty in Minnesota, the end aimed at and the means it is proposed to employ to achieve them being substantially the same.

Mr. Comstock argued in favor of the bounty provided for in the bill before the legislature on the ground that it would build up a valuable industry in Minnesota at a comparatively small cost to the state.

Mr. Hartley showed that out of the millions of tons of iron ore mined in Minnesota annually but a small fraction of its value in the finished forms of iron and steel stays in the state, the bulk of it going to build up great manufacturing communities east.

The pumping out of the Chicago mine at Bessemer is watched with much interest. This is where a cave was found under the lake six years ago.

The work of tearing down and packing up the big mill of the Ludington, Wells & Van Schaick Co. of Menominee was begun Thursday morning.

There is a great deal of business sense in the arguments submitted by both these gentlemen, and what they urged as to Minnesota is equally true as applied to Michigan.

We have done that to promote the development of a beet sugar industry in the state, and results are proving that it was good business policy.

policy for Michigan to hasten the day when beet sugar production would be extensively engaged in by her people by taxing herself somewhat to get a start made in the business.

These are questions for the people and their representatives in the legislature to consider fully and dispassionately. The proposition to offer a bounty on pig iron produced in the state from ores mined here is a purely business one, and as such should be regarded and acted on.

ADVOCATES SUBSIDIES. In his recent report on his shipping bill, Representative Payne of New York, the successor of the late Mr. Dingley on the ways and means committee, briefly discussed the free ship, the discriminatory duty plan and the bounty and subsidy scheme as means for upbuilding our merchant marine.

She entered an unpretentious restaurant close by, and while her morning meal was being prepared, amused herself by glancing at a newspaper.

UPPER PENINSULA. The pumping out of the Chicago mine at Bessemer is watched with much interest. This is where a cave was found under the lake six years ago.

State of Ohio, City of Toledo, Lucas County.— Frank J. Cheney makes oath that he is the senior partner of the firm of F. J. Cheney & Co., doing business in the city of Toledo, county and state aforesaid.

Hood's Pills. Cure sick headache, bad taste in the mouth, coated tongue, gas in the stomach, distress and indigestion. Do not weaken, but have tonic effect.

AN UNKNOWN PRIMA DONNA.

There is—or there used to be—in a squalid little street in the neighborhood of the British museum an eating house whose principal recommendation in the eyes of its patrons was a three-course dinner for 12 cents.

It boasted a "first-class room," and this was interesting on account of the people to be seen in it. On a certain January afternoon, however, the room contained but two customers. They were a girl and a young man—strangers to each other.

When they had paid their 12 cents they left, but stood at the door together. She held out her hand to him and wished him good bye.

THE next afternoon she did not see him at the eating house and she wondered why. It was because he was ill. When he recovered, and was able to leave the house, a pale and pitiable object with his pale face and hollow cheeks.

She swallowed her meal in 10 minutes and made her way excitedly to the stage door.

"M. Theo Farr," the doorkeeper informed her, "was lodging in the Rue Tronchet."

"Tell me all!" she cried, when she had explained her errand. "Tell me all! You are a rich man!"

The young man stood motionless. At a blow his world had crashed in ruins about him. The next instant Alma spoke.

Every Wife feels an indescribable dread of the danger attending upon the most critical period of her life. Becoming a mother should be a source of joy, but the suffering and danger of the ordeal makes its anticipation one of misery.

It died with the last chord the manager caught her by both hands. "Mademoiselle," he said gravely. "I shall have the honor to submit a contract to you this afternoon. Your friend should be grateful to you."

Everybody knows what happened. When the curtain fell on the last act of "Francesca" the audience rose to their feet and called for the composer with cheers that rang through the house.

Do you ask the sequel? It is a wedding party at a gay Parisian hotel. The bridegroom rises to return thanks, and says it is an appropriate thing that his wife and he should breakfast in a restaurant today, because "it was in a certain restaurant seven years ago, not quite so fashionable a restaurant, perhaps," etc.

QUICK WITH THE GUN.

Men on the Frontier Used to Rapid Firing.

"I read in a newspaper the other day," said an old frontiersman, "of two men who met up in Montana, indulged in a little rapid gun play and both fell mortally wounded at the first shot."

In the early '70s Charley Collins was one of the most famous and perhaps the most desperate of the criminals on the Texas border. He held up trains, robbed stages, stole horses, murdered traders and committed other crimes until the rewards offered for his capture, dead or alive, exceeded \$10,000.

In Germany in 1878 there was practically no debt, but in 1888 it had grown to 721,000,000 marks and in 1893 to 2,268,000 marks.

But the German national debt is only a trifle compared with that of France. Yet such is the buoyancy of the French character that the debt is carried without much apparent effort or actual strain.

The national debt of France is now close upon \$6,000,000,000—nearly double that of Great Britain, four times that of the United States and ten times that of Germany.

START MADE ON THE WYANDOTTE. FIRST OF THE LUMBER AND SUPPLIES ARE DISPATCHED TO THE NEW MINING PROPERTY.

The contract for hauling in lumber and supplies for the Wyandotte Mining company has been let to John Dillon, and yesterday that gentleman started out the three teams which he had in Houghton with lumber for the erection of a warehouse, camp and barn. Mr. Dillon has six or seven other teams which were sent into the woods near Baraga when he quit the Winona last fall, and as soon as he can get them out they will be put on this work. It is Mr. Van Orden's intention to erect temporary structures and cover them with building paper for the present, desiring them to serve simply as temporary shelter for the mining supplies, etc., which will be rushed in as fast as possible while the roads remain in good condition for hauling. The Wyandotte is about a mile nearer Houghton than its neighbor, the Winona, making the haul about twenty-seven miles. Today Dr. L. L. Hubbard will start for the Wyandotte to locate its mining shafts and the work of selecting a site for the temporary buildings has also been left to him. Those interested in the property intend to push its development vigorously from the very start, and the selection of a local superintendent and of a mining captain can be looked for soon.

NOT A PARTY TO THE SUIT. From an entirely authentic source, The Mining Journal learns that it was partially in error in what it published yesterday concerning the litigation affecting the Eagle Harbor property, on which F. H. Begole has had charge of explorations for Paine, Webber & Co. of Boston. Mr. Begole is not at all a party to the suit, and Paine, Webber & Co. are so only by reason of the contract covering it they hold from Sutherland, Innes & Co., who obtain their title through a deed from James Finn of Munising. Finn has brought an action in equity, claiming that he holds a right in the property involved that has not been fairly acquired by Sutherland, Innes & Co., the action being brought in the United States court at Marquette, and its object being to have the deed from Finn to Sutherland, Innes & Co. set aside and the contract of the latter with Paine, Webber & Co. annulled. Mr. Begole was instrumental in getting the Boston people to take hold of the property for the purpose of testing it with a view to developing it if it proved of value, and in superintending the work there since exploratory work was started, and this is the extent of his connection with it.

SAYS WAHNITA IS ALL RIGHT. F. F. Foley of Negaunee, who had charge of the work done on the old Plusus property, now the Wahnitia, under Mertyweather thirty years ago, writes Houghton friends saying it is a splendid property, and predicts that it will prove one of the most productive of the new copper properties now being opened up. Mr. Foley is an experienced mining man and his testimony in regard to the value of the Wahnitia will go far with those who know him. A. B. Turner & Bro.'s Calumet branch reports sending in orders for quite a large block of Wahnitia stock yesterday, and Stephen Carkeek of Houghton and the local banks also reported quite a number of orders. The stock is placed on the market at \$5 a dollar share to accompany all subscriptions, and the subscriptions are opened at 10 a. m. today at the company's Boston office.

ENGINE DISABLED. The Superior engine of the Calumet & Hecla at Calumet is disabled by a broken crankpin and hoisting is now done with the auxiliary.

TEN THOUSAND DOLLARS AT STAKE. LITIGATION BRINGS TO LIGHT ANOTHER TANGLE IN THE TITLE TO A HOUGHTON PROPERTY.

The boom in Portage Lake real estate since copper took its upward shoot and the development of new mining properties began is serving to bring to light many a tangle in titles, and the prospect for considerable litigation is consequently good, the loose business methods of a former generation in regard to property then of little or no value being principally to blame.

The latest of these tangles to be brought to light is one affecting the title to Lot 1 of Block 7 in the village of Houghton, which includes the business place on Sheldon street between M. J. Dillon's and the Carlton Hardware company, now occupied by Bates' bazaar. The heirs of law of James Bawden, consisting of Fred J. Bawden, his brother, Albert J. Bawden, and their niece, Miss Maud Boucher, are now seeking to recover title to the lot in question from Mrs. Jane Hunt and also Gottlieb Hartmann.

It appears that in 1858 James Bawden of Houghton deeded to his brother, Geo. Bawden, all the houses and premises "situated on" Lot 1 of Block 7. In 1872 George Bawden deeded to Henry Genention the house and premises "situated on" the lot as in the former deed. In 1881 the heirs of Henry Genention, then deceased, gave to Thomas W. Edwards a deed for "Lot 1 of Block 7," but in the deed the heirs specified that it was intended to convey the property conveyed by George Bawden to their ancestor. In 1883 Thomas W. Edwards deeded the east thirty-eight feet of Lot 1, Block 7, together with a right-of-way over the west twelve feet, to John Pryor and in 1884 he deeded the west twelve feet, reserving the right-of-way mentioned above, to Gottlieb Hartmann. In 1891, by order of the probate court, a deed was made conveying the rights of John Pryor to his widow, Anne Pryor, and on the same day she deeded the same to Mrs. Jane Hunt, who now claims the east thirty-eight feet and a right-of-way over the west twelve feet of the lot under this deed. The important legal question to be raised is whether or not the original deed from James to George Bawden purported to convey a title to the lot. The Bawden heirs claim that it did not, and that it was well understood at the time, their ancestor claiming the title to the lot itself two years after the deed in

question had been given, and they allege that George Bawden so understood it, that he built his house on the lot without any deed and that the house was afterwards deeded to him without affecting the title to the lot; this they will endeavor to prove by the testimony of witnesses who are still living, their contention being that the deed conveyed, as it stated, something "situated on" the lot and that the word "premises" as used applied to buildings and their appurtenances. They claim to be able to prove that this was the intent of their ancestor and that George Bawden and his grantors claiming under him, were therefore simply tenants at will, hence that the statute of limitations cannot run against the owner of the lot until notice of an intention to claim title adversely is given to the owner.

Acting on this ground the attorney for the heirs, Hon. J. F. Hambitzer, served notice to quit upon the parties in possession on Dec. 9, and ejectment proceedings will be commenced immediately after March 9, when the three months' notice necessary to terminate the lease will expire. The matter will be fought through in two cases, one against Mrs. Jane Hunt and the other against Gottlieb Hartmann, and the outcome will be awaited with considerable interest, as the property involved is valued at over \$10,000 now.

ANOTHER SUDDEN SUMMONS. DEATH OF MRS. ROBERT BOAG AT HER HOME IN RIPLEY.

Mrs. Robert Boag died at her home in Ripley Tuesday afternoon of congestion of the brain after an illness of four days, the disease first showing itself on Saturday last. Mrs. Boag was thirty-five years old and leaves three children, the eldest being nine years of age. The saddest feature of her death is the fact that the husband and father, Robert Boag, a molder by trade and a steady, reliable man, is now in the Klondike, whither he went last March, leaving his family in fairly comfortable circumstances while he went to look for gold in the country by that great river which has borne so many northwards to meet famine, disease and, too often, death. The funeral of Mrs. Boag will take place this morning at 9 o'clock from the Catholic church.

The funeral of the late Samuel Gillespie will be held at 2 o'clock this afternoon at Hancock under auspices of Quincy lodge, No. 109, F. & A. M., the interment being in Forest Hill cemetery, Houghton. The funeral of Mrs. Anna Kaempfer, wife of Henry Kaempfer, who died at her home in Calumet Monday noon, aged seventy-one, was held yesterday morning from the Church of the Sacred Heart.

FOUR CANDIDATES IN THE FIELD. CONTEST FOR THE REPUBLICAN NOMINATION FOR CIRCUIT JUDGE IS GROWING WARM.

The Republican convention to nominate a candidate for circuit judge of the Twelfth judicial circuit, comprising the counties of Houghton, Baraga and Keweenaw, has been called to meet at Red Jacket on Thursday afternoon, Feb. 23. There will be two local candidates for the nomination—A. F. Rees of Houghton and A. T. Streeter of Calumet—while the names of Judge Hains of Ironwood and of Hon. D. H. Ball of Marquette are also mentioned in connection with the place.

A Republican caucus will be held at the city hall, Hancock, on Tuesday evening, Feb. 21, at 8 o'clock to select seven delegates to the county convention, while the caucus of Schoolcraft township will be held at the city hall, Lake Linden, Monday evening, Feb. 20, at 8 o'clock.

CHANGE IN OFFICES. HEADQUARTERS OF THE COPPER RANGE RAILWAY NOW LOCATED IN THE MASON-DOUGLASS BLOCK AT HOUGHTON.

General Manager C. A. Wright, Chief Engineer Thomas Appleton and the force of surveyors and draughtsmen employed by the new Copper Range railroad are now located in offices in the Mason-Douglass block, having moved from their old quarters in the Strobel building yesterday afternoon. The new quarters give better light for the draughtsmen and are in every way better adapted to the needs of the new corporation. For the present the road will occupy a suite of three offices, the first being that of Mr. Wright and his stenographer and bookkeeper, the second the office of Chief Engineer Appleton and the third the headquarters of the draughtsmen.

WHIST PLAYERS FETED. The visiting delegations of whist players who came to Houghton to attend the tournament of the Upper Peninsula Whist association were entertained at the Onigaming Yacht club, Houghton, on Tuesday evening by the Portage Lake Whist club of Houghton and Hancock. The rigs started for the club house at 5:30 p. m., and on arriving there an elaborate lunch was served by Sam Werner, the club's chef. After the supper Mrs. Dr. Hudson of Negaunee was prevailed upon to give the party some vocal selections, her beautiful voice being heard at its best. The floor was then cleared for dancing, which was continued until about 12 o'clock, although most of the members of the "Soo" and Ishpeming delegations took the 10:30 train for their homes from the clubhouse. The majority of the visitors remaining left on the 9 o'clock train yesterday morning, but a few preferred to wait over and put in the forenoon at Calumet. About seventy-five people were present at the clubhouse.

A BUSINESS CHANGE. Mr. George Reiseswiltz, of the Haas Brewing company, has purchased a half interest in the livery and sale stable of M. Wallace and the business will hereafter be conducted under the name of M. Wallace & Co. The new firm has purchased the property adjoining the Wallace stable on the west and now occupied

THE BOARD OF TRADE CAFE AND SAMPLE ROOM. HOUGHTON, MICH.

The Business Man's Rendezvous! MEALS: SERVED: AT: ALL: HOURS. F. S. LEONARD, JOHN UREN, ED. DOLAN, Cl. ofcs. (11-22-0)

The Haas Brewing Co. ESTABLISHED IN 1859, Houghton, Mich.

Recently equipped and expanded to the largest and most modern brewing plant in the upper peninsula. Capacity, 200 bbls per day. Fine Table Beer Our Specialty. (3-13-17)

by the blacksmithing firm of Weir & Hobbs, and in April will erect thereon a large addition to the present barn. Immediately upon the consummation of the deal Mr. Wallace left Houghton for Chicago to purchase a new lot of draft and driving horses for the stable and also a full line of nobby turnouts in the latest styles for the use of the livery the coming year. It is the intention of the firm to make its livery the finest in Houghton county as well as to do an immense sales business, as it is expected that there will be a great demand here for draft horses this year because of the railroad construction and mining development which will be in progress along the new south range.

JOLLY VALENTINE PARTY. The Valentine party given Tuesday evening, the fateful fourteenth of February, at the Twin City ice rink by the ladies connected with the Ladies' Auxiliary of the Young Men's Christian association of Hancock drew an enormous attendance and was a grand success in every particular, the mildness of the evening being a great help to the undertaking. The rink was brilliantly illuminated by its new acetylene gas plant and the Quincy band furnished music. The grand march was an especially fine sight, over one hundred couples participating. Refreshments were served throughout the evening by the ladies.

FRIENDS DEEPLY SURPRISED. The reported marriage of Hon. A. W. Kerr, who started ostensibly for Lansing Sunday night but is said to have been married enroute to Miss Katherine Murphy, until recently of the Calumet schools, was a great surprise to his constituents. The ceremony was certainly not performed in Houghton county, as no license was taken out here.

COPPERDOM BREVITIES. Charles J. Hodge left yesterday for Chicago. A. B. Eldredge left for his home in Marquette yesterday. Mrs. S. S. Ormsbee returned to Marquette yesterday, after being present at the whist tournament at Houghton.

Miss Violet Greenwald of Marquette has taken a position as stenographer in the Calumet office of A. B. Turner & Bro. George Wallace arrived at Houghton Tuesday to look after the affairs of the Lake Superior Powder company in this section.

William A. Parker, representative of the E. F. Allis company, left yesterday afternoon on a flying trip to Milwaukee to look after some business at the factory. Invitations are out for a skating party to be given on Tuesday evening, Feb. 21, at the Superior ice rink. Laurium, by the Calumet high school. The Superior band will furnish the music.

Attention is called to the call for proposals for ties and specifications for the same published in today's Mining Journal by General Manager Wright of the Copper Range railroad. Articles of incorporation of the Pryor Fishing company of Houghton, an incorporation of the fishing interests of the Pryors, were filed with the secretary of state at Lansing on Monday, the capital stock being \$15,000.

Editor J. H. Wilson, of The Native Copper Times, Lake Linden, says: "Marquette—the Queen City—gets the State Normal school for the upper peninsula, and it is well. The selection for the home of the Normal school in the north is a good one."

Mistletoe lodge, No. 274, Sons of St. George, of Hancock, will hold its second annual festival on Good Friday, March 31, the concert committee being already at work while the supper committee will soon begin making its arrangements for the affair. Tomorrow evening John W.

George and R. J. Cocking will give a graphophone entertainment before the lodge, it being a regular meeting night.

The copper country readers of Chicago papers are becoming deeply disgusted; Tuesday morning's papers finally got in last night, twenty-four hours late, and there has hardly been a day for the past two or three weeks when all of them have reached Houghton on time.

The sheriff brought a new boarder to Houghton Tuesday night for the Hotel Lean, Oscar Hanson of the new Florida addition to Laurium becoming the unwilling guest of the limb of the law and his official household for the next ninety days upon the invitation of Justice Fletcher of Calumet, the charge being that of threatening the life of his brother, Matt Hanson. The hilarious Oscar has boarded with the sheriff before and was only recently dismissed.

THEY HAVE GONE. East Lake, Mich., Feb. 6, 1899.—Mrs. Marie Hansen of this town states that two of her children were afflicted with boils and large sores all over their bodies. They began taking Hood's Sarsaparilla and all signs of the disease disappeared.

A COMMON DANGER.—If you have ever had a cold which you permitted to "wear away" it may interest you to know it was a dangerous proceeding. Every cold and cough which is neglected paves the way to consumption, bronchitis, asthma or catarrh. Otto's Cure, the famous German throat and lung remedy, will cure any cough or cold and save you from consumption. Sold by The Stafford Drug Co. Prices 25c and 50c per bottle.

NOTICE. By a vote of the board of directors, notice is hereby given that the subscription books to the underwriting of the capital stock of the Wahnitia Copper Mining company—100,000 shares, par \$10, at \$5 per share—will be opened at the Boston offices of the company, 342 Exchange building, at 10 a. m. on Thursday, Feb. 16, 1899. Subscriptions sent through New York and Boston banks and members of the Boston Stock exchange should be presented on that date. (Signed) Henry F. Whitney, secretary. Boston, Mass., Feb. 11, 1899. (2-14-17)

FOR RENT. The store room now occupied by D. Toplin, Lake Linden, will be for rent on and after March 1. For terms, apply to Chas. Therrien, Lake Linden, Mich. (1-17-17)

A. L. KRELLWITZ, Houghton. Dealer in fine furniture. Undertaker and embalmer.

We Are Not in the diet business, but we do make from choice Malt, Hops and Artesian Well Water a PURE BEER that is recommended by physicians as a wholesome and nourishing drink. We call it Superior Stock. Sold everywhere.

BOSCH BREWING CO., LAKE LINDEN, MICH.

UNCLE SAM LOSES A MILLION BY FIRE.

Disastrous Conflagration in the Navy Yard at Brooklyn Last Night.

FIVE HOURS BEFORE THE FLAMES ARE QUENCHED.

A MACHINE SHOP AND OTHER BUILDINGS IN RUINS.

Models and Patterns of Various Warships Built from Time to Time are Destroyed, Including Those of the Maine Blown Up at Havana.

FLAMES SPREAD WITH GREAT RAPIDITY.

New York, Feb. 15.—Fire started at 6:30 o'clock tonight in Machine Shop No. 28 at the Brooklyn navy yard. This was a three-story brick building built in the sixties and was full of old machinery. The woodwork of the building was so well saturated with oil that the flames made great headway, and inside of two hours it was a total loss.

TURK WON THE MATCH.

Ann Arbor, Mich., Feb. 15.—The Michigan board of control of athletics has tabled the rules adopted by the conference of the western colleges after the Chicago-Michigan football game last fall. This renders the work of that conference practically valueless.

A DRAW THE RESULT.

Springfield, Ill., Feb. 15.—There was no decision in the boxing contest between Johnnie Conners of Springfield and Steve Flannigan of Philadelphia before the Springfield Athletic club tonight.

DIPLOMATIC MILL STILL GRINDS.

HOPE FOR AN ANGLO-AMERICAN TREATY IS NOT YET GONE.

Washington, Feb. 15.—The American and Canadian high joint commission was in session today and will meet again tomorrow. There is now no probability of an immediate dissolution. It has been decided to let the irreconcilable differences rest for the present in the hope a solution will be found.

OTTAWA NOT OPTIMISTIC.

Ottawa, Feb. 15.—The Canadian commissioners are expected back from Washington at the end of the week or the first of next week. It is generally believed here that the proceedings are to be further adjourned and no treaty will be negotiated for the present.

STATUE TO MISS WILLARD.

ILLINOIS SENATE VOTES FOR AN APPROPRIATION OF \$9,000.

Springfield, Ill., Feb. 15.—The state senate passed bills today appropriating \$9,000 for a monument to Frances Willard in the national statutory hall at Washington and paying an outstanding warrant for \$2,500 for the building of the Lovejoy monument at Alton.

Advertisement for Ayer's Sarsaparilla. 'Good Blood!' Your heart beats over one hundred thousand times each day. One hundred thousand supplies of good or bad blood to your brain. Which is it? If bad, impure blood, then your brain aches. You are troubled with drowsiness yet cannot sleep. You are as tired in the morning as at night. You have no nerve power. Your food does you but little good. Stimulants, tonics, headache powders, cannot cure you; but Ayer's Sarsaparilla will. It makes the liver, kidneys, skin and bowels perform their proper work. It removes all impurities from the blood. And it makes the blood rich in its life-giving properties. To Hasten Recovery. You will be more rapidly cured if you will take a laxative dose of Ayer's pills each night. They arouse the sluggish liver and thus cure biliousness. Write to our Doctors. We have the exclusive services of some of the most eminent physicians in the United States. Write freely all the particulars in your case. Address, Dr. J. C. Ayer, Lowell, Mass.

BLACK EYE FOR THE NICARAGUA CANAL.

House Practically Settles the Fate of the Measure at This Session of Congress.

DEFEAT FOR THE FRIENDS OF THE WATERWAYS SCHEME.

OUTVOTED WHEN THE TEST OF STRENGTH COMES.

Plan of Mr. Hepburn to Bring the Subject Up for Consideration as a Rider to the Sundry Civil Bill is Turned Down by a Fair Margin.

POINT OF ORDER WINS OUT.

Washington, Feb. 15.—The house today in all probability settled the fate of the Nicaragua canal bill in this congress by refusing to override the decision of the chair in committee of the whole when the chair held that the canal bill, offered as an amendment by Mr. Hepburn of Iowa, was out of order.

FLOWERS ON GRAVES OF MAINE VICTIMS.

Exercises at Havana in Commemoration of the Destruction of the Battleship.

ANNIVERSARY OF THE EXPLOSION IN CUBAN HARBOR.

CHURCH SERVICES AND MILITARY AND NAVAL PROCESSION.

Ceremony is Marred, However, by an Unfortunate Misunderstanding as to the Officiating Clergyman at the Cemetery—Details of the Affair.

WHEAT HELD UP FIRM.

EXTENSIVE BUYING ON THE REPORTED DAMAGE TO THE CROP.

Chicago, Feb. 15.—Wheat today was fairly active, within a cent range, closing 1/4 from the top and at yesterday's figures. The market opened weak, on milder weather and easy cables; declined on light clearances and a slack export demand; rallied on covering by shorts and buying by longs on account of the circulation of crop damage reports.

STOCKS WERE IN DEMAND.

QUOTATIONS IN WALL STREET CLOSE MATERIALLY HIGHER.

MOVEMENT OF GRAIN.

Receipts—Flour, 22,000 barrels; wheat, 96,000 bushels; corn, 267,000 bushels; oats, 443,000 bushels.

STOCKS WERE IN DEMAND.

New York, Feb. 15.—Many stocks materially advanced today, with the dealings considerably larger than yesterday. Generally, the early market was more animated than of late, and strength developed on pool manipulation and commission house buying.

BOSTON QUOTATIONS.

Table of Boston stock quotations with columns for Opening, 12 m., and Closed prices for various stocks like Adventure, Ashby, Arcadian, etc.

METAL PRICES.

New York, Feb. 15.—At the close of business today, the metal exchange called pig iron warrants unchanged at \$8.50 nominal, and Lake copper, also unchanged, at 17 1/2 cents bid and 18 asked.

NEW YORK MONEY RATES.

New York, Feb. 15.—Money on call today was steady, at 2 1/2 @ 3 per cent. Prime papers, 2 1/2 @ 3 1/4. Exchange firm, with demand at \$4.86 @ 4.88 1/2 and sixty days at \$4.84 @ 4.84 1/2.

FLOWERS ON GRAVES OF MAINE VICTIMS.

Exercises at Havana in Commemoration of the Destruction of the Battleship.

CHURCH SERVICES AND MILITARY AND NAVAL PROCESSION.

Ceremony is Marred, However, by an Unfortunate Misunderstanding as to the Officiating Clergyman at the Cemetery—Details of the Affair.

BATTERED WRECK, TOO, IS DECORATED.

Havana, Feb. 15.—The wreck of the United States battleship Maine, destroyed in Havana harbor on the evening of Feb. 15, 1898, was decorated today with a large American flag.

At 10 o'clock the stars and stripes were hoisted at half-mast by Captain Eaton, of the United States auxiliary cruiser Resolute. An immense rope of greens was festooned about the fighting top, each loop being hung with laurel wreaths four feet in diameter and tied with red, white and blue ribbon.

GRAVES ARE DECORATED.

This afternoon the graves at Colon cemetery were decorated in the presence of the American officials, military and naval details participating. The procession from the city consisted of marines and sailors from the Brooklyn, Major General Ludlow's staff, representing him, American women in ambulations, a troop of the Seventh regular cavalry and one Cuban society.

UNFORTUNATE INCIDENT.

Father Sherman had been invited by Mrs. Rathbone, who is president of the Women's association, to read prayers at the graveside, and he appeared at the American club, from which the procession started, in full vestments and with the assurance that Monsignor Santander, bishop of Havana, had given his consent.

GOTHAM HALF-MASTS FLAGS.

New York, Feb. 15.—The blowing up of the Maine was remembered here today by a general display of half-masted flags on public and private buildings.

MANY INDEMNITY CLAIMS.

Washington, Feb. 15.—A statement prepared by the auditor for the navy department today—the anniversary of the destruction of the United States ship Maine—shows that the total number of claims filed to date on account of that disaster, under the act of March 20, 1898, is 225, amounting to \$123,342.

CZAR'S PLAN IN HIGH FAVOR.

Washington, Feb. 15.—The National Council of Women held its triennial election of officers today, resulting: President, Mrs. Fannie Humphrey Gaffney, New York; vice president-at-large, Mrs. Maria Purdy Peck, Iowa; corresponding secretary, Mrs. Kate Waller

NATIONAL COUNCIL OF WOMEN WOULD SETTLE THE WORLD'S DISPUTES BY ARBITRATION.

Washington, Feb. 15.—The annual meeting of the state bar association closed with a banquet tonight. Burr W. Jones of Madison was toastmaster. Among the speakers were Justice J. E. Dodge, J. G. Johnson of Milwaukee, Professor A. E. Bruce and President C. K. Adams. New officers were elected as follows:

AND STILL NO SENATOR.

Sacramento, Cal., Feb. 15.—The senatorial deadlock continues unbroken. When you are out of sorts, feel tired, languid and dull you need Hood's Sarsaparilla. It will brace you up and give you strength and energy, vigor and vitality.

HOOD'S PILLS ARE THE BEST FAMILY CATHARTIC AND LIVER TONIC.

A woman wants a man for a husband, one with life, energy, courage. "Girls" if you get one without these good qualities, give him Rocky Mountain Tea. It will do the business." Stafford Drug company.

TODAY'S WEATHER.

Washington, Feb. 15.—The following is the weather forecast for tomorrow for Upper Michigan: Generally fair; fresh to brisk southerly winds.

RECEIVER IN CHARGE.

New York, Feb. 15.—Augustus Van Wyck has been appointed receiver for Eisman Bros., silk jobbers, in an action brought by Moses L. Eisman against his brother Samuel for a dissolution of partnership. The assets of the firm were on Dec. 31 last \$840,000 and the liabilities \$322,000.

RECEIVER IN CHARGE.

New York, Feb. 15.—Fred E. Hoovey, who was in the Adams apartments when Mrs. Adams died, and Dr. Edwin F. Hitchcock were the only witnesses examined at the Adams inquest today. Dr. Hitchcock attended Mrs. Adams after she had taken the poison. No developments of any note were brought to light, and the mystery is as dense as ever.

Advertisement for ROYAL Baking Powder. 'ROYAL Baking Powder' Made from pure cream of tartar. Safeguards the food against alum. Alum baking powders are the greatest menaces to health of the present day.

Barrett, District of Columbia; treasurer, Mrs. Hannah G. Solomon, president of the Women's Jewish council, Chicago; first recording secretary, Rev. Anna G. Spencer, Rhode Island; and second recording secretary, Mrs. Emmeline B. Wells, Salt Lake City. Most of today's session was devoted to the consideration of the important question of arbitration and disarmament. All the speakers took ground in favor of arbitration, and most of them were for speedy disarmament. Rev. Amanda Deyo of Philadelphia, president of the Universal Peace union, delivered an address on "The Relations Between the Council and Peace and Arbitration." There was considerable discussion on the subject matter of the address, those participating including Mrs. Margaret Dye Ellis of New Jersey, Mrs. Mary A. Moody of Indiana, Mrs. Belva A. Lockwood of New York. The latter declared the Spanish war simply a matter of brute force and settled only which country had the most money and ability to defeat the other. The remainder of the time was consumed in a discussion along the same general lines, the topic being the attitude of women towards the czar's peace conference.

LAWYERS CHOOSE OFFICERS.

Madison, Wis., Feb. 15.—The annual meeting of the state bar association closed with a banquet tonight. Burr W. Jones of Madison was toastmaster. Among the speakers were Justice J. E. Dodge, J. G. Johnson of Milwaukee, Professor A. E. Bruce and President C. K. Adams. New officers were elected as follows:

RECEIVER IN CHARGE.

New York, Feb. 15.—Fred E. Hoovey, who was in the Adams apartments when Mrs. Adams died, and Dr. Edwin F. Hitchcock were the only witnesses examined at the Adams inquest today. Dr. Hitchcock attended Mrs. Adams after she had taken the poison. No developments of any note were brought to light, and the mystery is as dense as ever.

SPRING GOODS

CONTINUE TO ARRIVE.

The new Spring Embroideries have been received and are now on exhibition. A complete new line of

WHITE GOODS ARE ALSO ON EXHIBITION.

The complete line of Calicos is now in stock and the new wet goods are becoming very popular. Customers are advised to inspect the new stocks as they arrive.

LEAVES THE NELSON.

HARVEY NELSON WILL GO TO IRONWOOD TO ASSUME MANAGEMENT OF THE CURRY.

As a result of a deal between Mayor E. D. Nelson of Ironwood and Chicago parties that has just been closed, Harvey Nelson will resign his position at the Nelson House here on the first of the coming month and leave for Ironwood, where he will manage the Curry hotel. Mayor Nelson has disposed of the hotel property to John E. Jenkins and John L. Kreer of Chicago, from whom Harvey Nelson has obtained a three years lease of the property.

The hotel changed hands in a deal in which Mayor Nelson obtained possession of a fine business block located on the northwest corner of Commercial avenue and Ninety-second street, considered the best business corner in South Chicago. The property has a combined frontage of 245 feet on the two streets mentioned. The office building is 80 by 110 feet and five stories high. At present there are fifty-five tenants in the building and the postoffice is located there. The gross income from the rentals is \$14,000, and after paying taxes and expenses it is a 7 per cent. investment. The part of the city in which the building is situated is constantly growing and the value of the property is increasing steadily. Mayor Nelson's friends consider that he has made a very good business move.

As part of the purchase price, \$34,000 worth of the Twin City Electric company's bonds and the Curry hotel were turned over to the Chicago parties. The hotel property was valued at \$40,000 in the transaction. This is not more than a fair valuation, as the hotel is the finest in the city of Ironwood.

It is a year ago last July since Mr. Nelson came to Ishpeming to assume the management of the Nelson House, and for the period of twenty months that he has been here the house has been run satisfactorily in every detail. Mr. Nelson is a thorough hotel man and understands every branch of the complex business. He has made many friends here and his acquaintanceship is very large. He will leave for Ironwood with the best wishes of all who know him. There is no question but that under his management the Curry will enjoy a fine business.

For the present the Nelson will be managed by Mr. Outhwaite, assisted by Fred Peterson, who has been with the house now for a period of about fifteen months and is thoroughly conversant with all the details of the work of conducting it. He will be seen as usual behind the office desk, but will also look after much of the other work. Mr. Outhwaite intends, however, to keep the lookout for some man who is experienced in running a first-class hotel, and as soon as a satisfactory manager is found the business will be turned over to him, as Mr. Outhwaite does not intend to remain in the saddle for any length of time.

TEMPORARILY REPAIRED.

The trouble experienced with the water pipes out of the Salisbury location has been overcome for the time being, and the sessions of the school have been resumed. The teachers and scholars have had about six days off as a result of the trouble, and the damage has not been permanently repaired. The pipes were frozen in all directions in the vicinity of the building and after a few days' fruitless search for the seat of the mischief it was decided that they had better be allowed to remain frozen until the weather moderates a little and it will not be so difficult to get them in order. A force of men was put to work running a new pipe line to the nearest connection. The work was finished yesterday in time to allow of the opening of the rooms for the scholars. The pipe line, which is about 1,500 feet long, will be used until it becomes warm enough to work to better advantage on the frozen pipes. The families living in the vicinity of the school who have been inconvenienced by the freezing of the pipes are also receiving water from the temporary main. The arrangement is working all right and will continue in use until permanent repairs are made.

The force of men that has been employed for the last two weeks in an endeavor to repair the leak in the main water main in front of the Grand Union Tea store on Main street only finished its work yesterday. The labor expended before the main was uncovered was very great owing to the ground being frozen so hard and deep, and when the leak was uncovered it could not be repaired immediately, as the cold was too intense. It was necessary to wait until it warmed up a little. Tuesday and yesterday the force worked hard to stop the leak. It was necessary to keep pumping the water out of the hole as the men worked, but finally the break was repaired temporarily. In the spring the main will be uncovered, and the damaged length of pipe will be replaced by a new one.

AN ENJOYABLE PARTY.

About 125 couples were in attendance at the Valentine dance and social Tuesday night with which the Gaynor dancing class wound up the part of its series which comes before Lent. The affair was a complete success and it proved to be one of the most enjoyable dances held here for some time. Each person in attendance was presented with a handsome souvenir Valentine program. Luncheon was served about 10:30 in the evening and the dancing was not stopped until the near approach of 12 o'clock gave warning of Ash Wednesday morning.

Coughing injures and inflames sore lungs. One minute Cough Cure loosens the cold, allays coughing and heals quickly. The best cough cure for children, perfectly harmless, Stafford Drug company.

Gust Baruch is in the city representing J. Hamill & Co. of Appleton. He has been found at Burke's barn at Ishpeming, where he has a load of draught horses on exhibition. All persons interested are invited to call and inspect the horses. (2-1-17)

WELL KNOWN HERE.

DEATH OF SILAS HEWITT, ONCE IN BUSINESS HERE, IS ANNOUNCED.

About fifteen years ago Silas Hewitt was one of the most familiar figures in this city. He enjoyed a wide acquaintance among all classes and was greatly liked. He was in business here and for a long time was employed in a harness shop conducted by J. P. Outhwaite. It has been many years since he left this section, but he is still generally remembered by the people here, especially by the old timers. The old man had two sons in Milwaukee. The following notice of his death, which occurred at Ashland, is taken from the Ashland Daily Press:

"Silas Hewitt died Saturday evening at the Sisters' hospital, never recovering from the shock caused by his exposure Thursday night. Had he recovered there is no doubt that his feet and hands would have been amputated. Mr. Hewitt was a resident of Ashland for twelve or fourteen years. He was a man of independent nature, and had no enemies. He had a good army record, and was an enthusiastic member of Custer post, G. A. R. Although little is known of his past life, it is understood that his wife and children are living somewhere in the east."

ISHPEMING IN BRIEF.

C. O. Davis of Oshkosh was here yesterday.

C. F. Sundstrom was down from Michigamme Tuesday.

Mrs. Andrew Perron of Marquette spent yesterday visiting here.

A number of people were up from Negaunee Tuesday night to the Gaynor dance.

Miss Sullivan will sing at Marquette Friday night at an entertainment to be given by the Masons.

F. Olmstead, F. A. Banks, A. Erickson and F. H. Atkins, all of Escanaba, spent yesterday here.

H. W. Outhouse has returned from Oshkosh and other points down the line, where he has been doing business for the last six days.

Lenten services will be continued at Grace (Episcopal) church today at 4:15 p. m., and for the remainder of the week at same hour.

W. T. Potter of this city was chosen a director of the Upper Peninsula Whist association at the meeting of the clubs held at Houghton Tuesday.

Charlie Symonds, who is regularly employed as a fireman on the North-western line, is at present laid up with the grip. He has been sick for a week past.

The Union Tea company is about to move from its present quarters to a store which is being fixed up preparatory to the change in the Jenks' block. The new store is being painted and papered and will present a handsome appearance.

A party of eighteen young people drove out to Dexter Tuesday evening, where they enjoyed a party at the residence of P. P. Chase. A pleasant evening was spent by the party and the return was not made until long after midnight.

Charlie Yates, who has been with the County Telephone company here for the past three years, will resign his position on the first of the coming month. He intends to leave for his home in Ohio, where he will follow his present line of business.

All the copper stocks showed very strong yesterday. Quotations were high all along the line but the non-producers appeared to be particularly good. It is generally thought that the market will be strong all this week, and the prospects for higher prices seems very good.

Miss Sarah Martin is about to leave for Chicago, where she will spend the next three weeks. Part of the time will be spent in purchasing a stock of millinery and on her return she intends to open a millinery establishment in the Delbridge building at the corner of Canada and Main streets.

The Legion of Honor, the ladies' auxiliary of the A. O. U. W., will give a card party and social at Anderson's hall this evening. Progressive pedro will be played and handsome prizes will reward the winners. Luncheon will be served in the hall. An admission of fifteen cents will be charged to help defray expenses.

The improvements at the Cage shaft of the Lake Superior mine have been completed and the shaft house is now ready for use in its improved form. It has been completely rebuilt and remodeled and is practically new. It has been made larger and the opening for the cars has been enlarged so that the largest cars in use may be handled freely. The changes will greatly facilitate the work of handling the ore hoisted from this shaft.

The funeral of the late Patrick Small was held yesterday morning from St. John's church. The number of people in attendance was very large and the funeral was the biggest that has been held here in some time. The services at the church were particularly impressive and the music rendered was beautiful. The deceased had a large number of friends and is universally regretted. Michael Cudahy of Lake Linden, a relative of the deceased, was present at the interment.

Yesterday was the mildest day enjoyed here for several months. It was quite cold in the morning but toward noon it warmed up and in the afternoon the snow on the streets thawed freely. The change was welcome after the extremely cold weather that has prevailed here for the past four weeks. It was generally remarked yesterday that the backbone of winter has probably been broken, and that the worst of the vigorous season is over. It is too early for spring weather yet, but it will undoubtedly be milder from now on.

Manager Butler received a telegram from the manager of the war picture show yesterday notifying him that the machine used by the company had been broken at Menominee. It was impossible for the company to appear at the opera house last night but the entertainment

DR. MOTT'S PENNYROYAL PILLS.

They overcome Weakness, Irregularity and omission, increase vigor and banish "pains of menstruation." They are "Life Savers" to girls and women, aiding development of organs and body. No known remedy for women equals them. Cannot do harm—life becomes a pleasure. \$1 per box by mail. Sold by CHIEFIC & CO., Cleveland, Ohio. FOR SALE BY THE STAFFORD DRUG COMPANY.

"J. E. K." CIGARS

will be given as advertised this evening. The show has received good notices down the line and it bears no resemblance to the fake shows of this variety that are touring the country. Clara Thropp, supported by a fine company, appears at the opera house Friday night and who ever misses the performance misses the theatrical event of the present season.

FREE PILLS.—Send your address to H. E. Bucklen & Co., Chicago, and get a free sample box of Dr. King's New Life Pills. A trial will convince you of their merits. These pills are easy in action and are particularly effective in the cure of Constipation and Sick Headache. For Malaria and Liver troubles they have been proved invaluable. They are guaranteed to be perfectly free from every deleterious substance and to be purely vegetable. They do not weaken by their action, but by giving tone to stomach and bowels greatly invigorate the system. Regular size 25 cents per box. Sold by the Stafford Drug company.

AN IMPORTANT QUESTION.

If your friends or neighbors are suffering from coughs, colds, sore throat, or any throat or lung disease (including consumption), ask them if they have ever used Otto's Cure. This famous German remedy is having a large sale here and is performing some wonderful cures of throat and lung diseases. No matter what other medicines have failed to do, try Otto's Cure. Large sizes 25c. and 50c. Sold by The Stafford Drug Co.

A PLAIN LETTER

About Four Hundred Baltimore Rye from Petoskey's Most Prominent Physicians. Reycraft & Reycraft, Physicians and Surgeons, Office over Postoffice, Petoskey, Mich., Jan. 21, 1899. The Crown Distillery Co., Cincinnati, O. Gentlemen: Having thoroughly tested your Four Hundred Baltimore Rye whiskey, we believe as a remedial agency it is one of the best of its kind, and we recommend this brand in every case where a stimulant is indicated. It is perfect in stimulation. Mellow, well flavored and peculiarly adapted as a medicinal in typhoid and other low types of fever. We always take pleasure in prescribing and recommending its use when a tonic or stimulant effect is desired. Very truly,
DRS. REYCRRAFT & REYCRRAFT.

Rich, pure and mellow; guaranteed ten years old; sold at all first-class cafes and at drug stores. (1-26-17)

To Cure a Cold in One Day.

WOE IN THE BENTON FAMILY.

Mean Revenge Taken by a Woman Peddler of Uncertain Age.

"Is Mrs. Benton in?" inquired a good-looking girl carrying a number of sofa pillows, as she knocked at the door of the top flat in the big building at Sixty-fourth street and Ellis avenue. Mrs. Benton was in, and to her the girl confided that fact that she was selling sea-moss stuffed sofa pillows at \$1 each. Mrs. Benton didn't care to invest in the suspicious looking articles, and the girl went away in a huff. Ten minutes later there was another knock on the door. This time it was the tenant from the first floor come up to ask Mrs. Benton if she could change a \$5 bill.

"I've been all through the building trying to get it changed," she said, as she put it back in her purse. "I wanted to buy one of your nice sofa pillows, but I guess I will have to wait till some other time. She said she would let me have one for 75 cents. But what's the matter, Mrs. Benton? Are you ill?"

Mrs. Benton dropped into a chair and gasped: "Buy one of my nice pillows! I haven't got any nice. Why, did that woman have the impudence to tell you she is my niece? Why—why, she's a stranger to me and she's older than I am; I know she is, I never saw her in my life before this morning."

"Well, she told me she was your niece," said the first-floor lady, looking somewhat frightened. "I am sure I couldn't be mistaken. And she seemed such a sweet kind of a girl. Why, she even said you had raised her and taught her to make those pillows. And she said she was selling them because times were so hard."

But Mrs. Benton jumped up in a hurry. "I'll go right down stairs with you and ask her what she means. She's the most outrageous person I ever heard of. The idea of my raising that old thing!"

When Mrs. Benton and her friend got down stairs the girl had gone, but a tour of the building revealed the fact that many of the tenants had bought pillows on the supposition that they were assisting Mrs. Benton as well as her niece. One of them, a Mrs. Graves, added that she didn't intend to buy until the young lady had told her what a hard time Mr. Benton was having to pay the rent, and what a failure his drug store had proved, and how the young woman was going down to meet Mr. Benton with the money and give it to him, because he was such a dear, kind uncle to her.

That evening after supper an indignant young couple called on everybody in the big flat building, and, after protesting their ignorance of the pillow peddler, left a full description of all their friends and relatives as a basis for future reference.

"The idea of that hussy telling them I was her aunt," said Mrs. Benton to her husband when they got back. "What kills me is the cold nerve of the thing in saying I couldn't pay my rent," said her spouse.

Where to Stop When in Detroit.

Hundreds of lives saved every year by having Dr. Thomas' Electric Oil in the house just when it is needed. Cures cough, heals burns, cuts, wounds of every sort.

In and About Negaunee

A BIG TRANSFER.

MRS. MARY KAUFMAN OF MARQUETTE HAS PURCHASED THE REES HOLDINGS IN THE LUCKY STAR PROPERTY.

The biggest deal in iron lands in this vicinity made lately has just been recorded at the office of the register of deeds for this county. By its terms Mrs. Mary Kaufman of Marquette becomes owner of a quarter interest in the Lucky Star property, which lies near this city and was formerly owned by W. D. Rees and wife of Cleveland. The amount of land involved is approximately ninety-one acres and the consideration is in the neighborhood of \$50,000. There were \$50 worth of revenue stamps on the papers that closed the deal.

The property lies north of the Queen mines, which are about to go under the control of the Carnegie company, and it occupies a very favorable position as regards the ore belt. No active mining operations have been carried on there but the land has been explored at different times and George Maas has operated drills at various places within its boundaries. It is generally thought that a workable body of ore exists there, and the position of the tract with relation to the Queen properties seems to give a good basis for that belief. What will be done with the property under the new ownership is not known here. Exploratory work may be instituted. This will probably depend on the outlook for the iron market. There is a strong probability that a valuable mine could be developed on the land, and it is not likely that the tract will long remain untested.

In speaking of the deal yesterday morning Mayor Kirkwood said: "This deal shows the great value of the properties on the outskirts of the city. The owners have been making great protests against the valuation that has been put on these idle properties and have claimed that they are practically worthless, but the untouched bodies of ore lying within their boundaries are most valuable and the properties could not be purchased for a sum many times in excess of what the owners call an exorbitant valuation."

The mayor cited an instance where a forty lying south of the newly developed Barasa and east of the producing Negaunee, right in the center of an admittedly valuable iron belt, is on the assessor's roll at a valuation of \$10,000. The owners refuse to pay the taxes because they claim the valuation is unreasonable, and the property is now advertised for sale on the tax list. The property will not, however, change hands on the tax sale, as the owners realize its true value and they will not allow it to slip from their control.

The interest stirred up in the mining properties in this vicinity by discussion of the deal by which the Carnegie company will assume control of the Queen mines has been intense, and it probably was the indirect cause of the transfer of the Lucky Star property. Other important deals may result.

RETURNED HOME.

The members of the team which represented the local whist club at the tournament held at Houghton Monday afternoon and evening have returned home. Doctor Hudson returned Tuesday, but Joe Winters, J. M. Perkins, E. C. Anthony and F. D. Davis did not get back until yesterday. They stayed to enjoy the formal entertainment prepared for the visitors. The team did not fare very well in the tournament, as was expected, because of the lack of practice. The players finished tied with Escanaba for fifth position. The tournament was very enjoyable and the visitors were delighted with the entertainment they received at the hands of the Houghton club. Tuesday was spent in sight seeing and in the evening a reception and banquet was tendered the strangers at the Ontonagon Yacht club. The Portage Lake team captured the trophy. The annual election of officers was held and the new officers are now in charge. The place of the next meeting will be selected by the executive committee, which has not met yet.

THE SURE LA GRIPPE CURED.—There is no use suffering from this dreadful malady, if you will only get the right remedy. You are having pain all through your body, your liver is out of order, have no appetite, no life or ambition, have a bad cold, in fact are completely unable to get on. Electric Bitters is the only remedy that will give you prompt and sure relief. They act directly on your Liver, Stomach and Kidneys, tone up the whole system and make you feel like a new being. They are guaranteed to cure or price refunded. For sale at the Stafford Drug company, only 50 cents per bottle.

GRAIN-O BRINGS RELIEF to the coffee drinker. Coffee drinking is a habit that is universally indulged in and almost as universally injurious. Have you tried Grain-O? It is almost like coffee but the effects are just the opposite. Coffee upsets the stomach, ruins the digestion, affects the heart and disturbs the whole nervous system. Grain-O tones up the stomach, aids digestion and strengthens the nerves. There is nothing but nourishment in Grain-O. It can't be otherwise. 15 and 25c. per package.

FREE OF CHARGE.—Any adult suffering from a cold settled on the breast, bronchitis, throat or lung troubles of any nature, who will call at Stafford's drug store will be presented with a sample bottle of BOSCHER'S GERMAN SYRUP, FREE OF CHARGE. Only one bottle given to one person, and none to children without order from parents. No throat or lung remedy ever had such a sale as BOSCHER'S GERMAN SYRUP in all parts of the civilized world. Twenty years ago millions of bottles were given away, and your druggists will tell you its success was marvelous. It is really the only throat and lung remedy generally endorsed by physicians. One 75 cent bottle will cure or prove its value. Sold by all druggists in this city.

Hundreds of lives saved every year by having Dr. Thomas' Electric Oil in the house just when it is needed. Cures cough, heals burns, cuts, wounds of every sort.

NEW OFFICERS.

THE ORDER OF THE ORIENT IS STARTING OUT ON ITS NEW YEAR.

At a meeting held Tuesday evening the members of the local lodge of the order of the Orient chose new officers for the fiscal year as follows: Grand padishah, T. H. Harris; vice orient, Harry Pearce; noble sheik, Thomas Trathen; worthy advisor, Harvey Pearce; menial, Alfred Patana; grand inquisitor, Maurice Wollner; G. A. P., Gust Scharellemer; secretary and treasurer, Alexander Steele. They were all elected for a term of one year.

There was no general celebration Tuesday evening, no arrangements for it having been made, but the members appointed Thomas Trathen, Harry Pearce and Harvey Pearce as a committee to look after arrangements for a big meeting to be held at an early date. The committee will start work immediately. Several candidates were initiated into the mysteries of the order Tuesday evening. The local lodge is in a flourishing condition and now has a membership of over two hundred.

YANKEE INVESTMENT IN CUBA.

A syndicate of American capitalists has just concluded the purchase of a large tract of land near Santiago, and will open many new iron mines, and will transform the slow-going country into a place of business activity and push. In much the same manner Hostetter's Stomach Bitters will transform a run-down, debilitated, thin-blooded man into a type of health and strength. It will fill his veins with pure blood, drive away dyspepsia, and clear up his tired brain. It will make him eat and sleep well, and if his nerves are in bad shape, the Bitters will tone them up and restore their old-time form. Malaria is another disease that the Bitters are good for.

LOCAL LAONICS.

Jake Davidson is in Chicago on a business trip.

A number of people from this city will attend the performance of Ibsen's "A Doll's House," which will be given at Ishpeming tomorrow night.

Special services were held yesterday at the Episcopal and Catholic churches here. Lenten services will be held right along at both churches for the next forty days.

It is remarked among the old settlers here that the Carp river has never been so thickly covered with ice. It is frozen to a depth of a couple of feet, which is very unusual.

The Savings Bank has just secured the services of a new window dresser who will look after the Louis Miller, hails from Chicago, and is an expert in that line of work.

T. H. Harris will leave the latter part of this week for Ann Arbor, going by way of Chicago. He goes as a delegate from the local Cul Bono lodge, No. 112, A. O. U. W., to attend the grand lodge meeting at Ann Arbor the early part of next week.

The old soldiers' flag hung at half mast yesterday in honor of the sailors who died on the Maine. It was quite a job getting the flag rope in working order. Five dollars was offered to the man who would do the work and finally a linesman working for the Bell Telephone company undertook it. He climbed to the top of the pole and fixed the rope in place. The feat was quite dangerous as the pole is very slender toward the top and it did not look as though it would support a man's weight, but it stood up under the strain put on it all right.

A crazy Finlander was confined in the city lockup Tuesday night. It was impossible to ascertain his name. He was a resident of this city but for some time past had been working in the woods. Since coming to town recently he has been acting queerly. He is not a drinking man and his trouble cannot be at-

tributed to alcoholism. Tuesday night he became rather violent and the people in the house where he boarded were afraid of him. He imagined that someone was going to shoot him and was much alarmed. It was judged best to remove him to the lockup where he could do no damage, and the policeman took him there. During the night he was quite violent, and he will be kept in custody pending an examination into his condition.

Horrible agony is caused by Piles, Burns and Skin Diseases. These are immediately relieved and quickly cured by De Witt's Witch Hazel Salve. Beware of worthless imitations. Stafford Drug company.

ONE OF OUR DESERT ISLANDS.

San Clemente, Off the Coast of California and Under Our Flag, is as Barren as Sahara.

About fifty miles off the coast of California, nearly opposite San Diego, lies the barren, lonely, and half unknown Island of San Clemente. The trip is usually a rough one. But in summer time, at least, Wilson's Cove offers a comparatively safe harbor, and if one knows the locality well it is not hard to land on the steep, boulder-strewn beach. From the shore the bare hills rise abruptly on all sides, broken only by a little terracing. The first impression given by the island and confirmed by a study of its structure as a whole is that of a great block of the earth's crust, tipped up on the side toward Catalina, and little altered by erosion.

San Clemente forms a pasture for thousands of sheep and a smaller number of cattle, and Wilson's Cove is the headquarters of the sheep herders when they are on the island. That is chiefly in the spring and summer, for during the rainy season not only do the sheep need less care but the island is often unapproachable on account of rough weather. At such seasons one old man, who has lived there for thirty years, used to have the island to himself, and might see no human face for three months at a time. His cabin stands just above the shore at Wilson's Cove, and near it are the few rough buildings used by the sheep men. The place is usually known as Gallagher's.

The only water supply here is rain caught during the winter season in tanks. The joys of living in this favored spot are further enhanced in summer time by strong winds which flow through a gap in the hills, bringing from the naked slopes clouds of dust.

The more level regions of the island remind one constantly of the desert. There are no trees, except a few in some of the larger canons. In the spring there are flowers, but they soon wither and the summer aspect of the island seems its normal one. In some places there is grass, in others only cactus, or a little low underbrush, which is called "salt grass" by the herders.

Not only camp sites, but stone implements and human bones remain in considerable numbers to testify to the former occupation of this island by Indians.

The desert-like character of the island is intensified by the almost absolute stillness. Birds of all sorts are much fewer than on Catalina. Except for a few crows—seldom heard—there seem to be none but the smaller birds, such as linnets and sparrows, which live principally in the canons. There are no squirrels on the island. Snakes and frogs are also so unknown here, but in their place are multitudes of silent, sun-loving lizards. In the canons one may catch an occasional glimpse of a wary fox, but generally the only large animals seen are the herds of wild goats and the sheep and cattle, scarcely less wild, which are pastured here.

The most striking features of the island's topography, next to the terraces themselves, are the canons which cut across them. There are no gradual descents from ridge to canon, but a chasm yawns without warning across the level plain of a terrace, its walls dropping almost vertically into depths which can only be guessed. To scale these walls is in most cases an utter impossibility. Even at the most favorable points the path which winds down to the bed of the canon and up again on the opposite side is so steep and rough that only a mountain-bred animal could follow it. The hard-riding Mexican herders will not trust themselves to their sure-footed horses in crossing some of the canons, and any one acquainted with the class knows that a trail which will make a Mexican dismount must be bad indeed.

In the dry season not a stream is flowing anywhere on the San Clemente. Only the great depth of the canons cut in the solid rock and the immense boulders which are scattered over their beds can give any idea of the force of the torrents which foam and roar through the gorges in winter. Neither words nor pictures can do justice to the wildness and immensity of San Clemente's topography in general. The depth of the canons, the broad expanse of the terraces, the height of their cliffs, and the roughness of the coast are all belittled in any general view, and figures are powerless to measure grandeur.

A GREEK OPINION ON WOMEN.

The Greek philosopher Aristippus was once asked by a friend what sort of a woman he ought to choose for a wife. His answer was: "I cannot recommend any sort, for if she is fair she will deceive you; if plain, you will dislike her. If she is poor, she will ruin you; if rich, you will be her slave. If she is clever, she will despise you; if ignorant she will bore you, and if she is spiteful she will torment you."

Perhaps this opinion of the Greek sage should be taken with a grain of salt, as the great thinkers of Greece entertained such perverse notions of woman's character that the question was actually raised among them whether women had souls.

DYSPEPSIA is the cause of untold suffering. By taking Hood's Sarsaparilla the digestive organs are toned and dyspepsia IS CURED.

Miss Rose Bushman

Cured of Many Female Troubles by Dr. Coderre's Red Pills.

It is the desire of every girl and woman to have a fair face and graceful figure. Nothing is more disheartening than pimples and blotches, while to be thin and scrawny is almost an additional curse. Women and girls should know that pimples and blotches are usually caused by some derangement of their distinctly feminine organization, and loss of flesh comes from these discharges and debilitating drains known as Leucorrhoea or Whites. Dr. Coderre's Red Pills for Pale and Weak Women make the face clear and

and fair, and puff plump, solid flesh on the bones. They do this by overcoming the "female troubles" that cause facial blemishes and loss of flesh. The Pills restore health, and health is beauty. They do not make the patient fat and unattractive, but plump and symmetrical. For Falling of the Womb, Nervousness, Headache, Backache, Irritability, Pevrictia, and Hysteria there is nothing else that equals them in any respect. Don't take a substitute. Substitutes are dangerous. Miss Rose Bushman, of 245 Quezonian Street, Fall River, Mass., says: "For two years I suffered from female weakness in the worst form. I was so weak I could hardly walk, and suffered terribly from constipation, and had bearing-down pains, painful menstruation and awful backaches. My face was covered with pimples and large red spots. I grew weaker every day. A friend recommended Dr. Coderre's Red Pills. I tried them, and they cured me of all my troubles. My pimples have all disappeared, and my complexion is fine. I am strong and do not suffer any more. I am getting fatter every day. My appetite is perfect."

Women can write our specialists for free professional advice by mail. Send your name and address on a postal card, and get a free copy of our book, called "Pale and Weak Women." Dr. Coderre's Red Pills are widely limited. Beware of all red pills sold by mail. They are worthless imitations. Get the genuine at all honest druggists. They have them—always 50 Red Pills for 50c, or 6 boxes for \$2.50. Or you can send the price in stamps, or by registered letter, money order or express order to us. We mail them all over the world; no duty to pay.

Dr. Coderre's Red Pills, at 50c. Last longer than liquid medicines costing \$1. They are easier to take, more convenient to carry, and do cure. Address all letters to THE FRANCO-AMERICAN CHEMICAL CO., Medical Department, Montreal, Canada.

CATARRH

Ask Your DRUGGIST for a GENUINE 10 CENT TRIAL SIZE.

ELY'S CREAM BALM contains no cocaine, mercury nor any other injurious drug. It is quickly absorbed. Gives relief at once. It opens and cleanses the Nasal Passages the Nasal Membrane. Relieves Allays Inflammation. Heals and Protects the Membrane. Restores the Senses of Taste and Smell. Price 50 cents at druggists or by mail. Trial size, 10 cents by mail. ELY BROTHERS, 56 Warren St., New York.

COUNTY SOLONS' SESSION.

Supervisors Hold a Rush Session and Do Business in Less Than an Hour.

WIDOW OF EX-SHERIFF ADAMS WANTS BACK FEES.

Her Claim Amounts to Nearly \$600—Undertakers Think Paupers' Relatives Should Have Something to Say About the Funerals.

MINUTE READING A STAR FEATURE.

It took forty-five minutes yesterday forenoon for the supervisors to transact what business of the county had come up since the last meeting of the board, and fully a third of that time was consumed by the clerk in reading the minutes of the last regular meeting and the special session of Jan. 20 when the Hayden resolution to reduce the size of the board was killed.

When the roll had been called and the reading of the minutes of the previous meetings finally concluded the clerk read a belated communication from the mayor and city council of Ishpeming protesting against the Hayden resolution. It was placed on file.

The next thing which came up was a petition signed by about half the undertakers of the county praying the board to instruct the wishes of the friends of those who were to be buried at county expense as to the undertaker they wished to have employed.

A motion was made for the adoption of the resolution embodied in this communication, and the thing came very near being railroaded through, but just as it was coming to a vote it dawned on Supervisor W. H. Johnston of Ishpeming that it was not quite in line with the resolution adopted by the board at its last regular session, and he moved to instruct the poor superintendents to advertise for bids for pauper burials and let the contract to the lowest bidder.

When this had been remarked by Mr. Johnston it struck some of the other members of the board that the resolution was a subterfuge to dodge the contract, and an amendment was made laying the matter over till the next meeting. This passed by a large majority, in spite of the fact that Supervisor Gill, who was one of those signing the communication and a member of the undertaking firm of Watford & Gill of Ishpeming, insisted that the communication had no bearing on the one previously sent in by the undertakers in which they took a stand for a new scale of prices for funerals of this character.

The most important communication which came before the board was a petition from Mrs. Catherine Adams, widow of ex-Sheriff "Jack" Adams.

The petition prayed for the allowance of a claim of \$583.10 said to be due her late husband as fees for receiving and discharging prisoners at the jail. Though a claim for this money was put in after his term of office had expired, March 29, 1883, no action of any description was taken on it by the board and the matter was allowed to drop.

The fees which it is sought to collect are known colloquially among jails as "locks" and "unlocks." A statute passed in 1881 allows a sheriff thirty-five cents for admitting a prisoner to his cell and the same amount for releasing him when his term expires. For some reason these fees were never paid Mr. Adams, though all subsequent sheriffs, the petition alleges, have collected them.

There was an evident feeling on the part of the board that the claim was a just one and it bade fair to be allowed off hand, but Supervisor A. G. Johnston of Michiganme offered a motion to lay it over for one meeting and refer it to the prosecuting attorney for his opinion. In view of the size of the claim this seemed to strike the board as a sensible thing to do and the motion was carried.

Marquette county's proportion of the salary of the official court stenographer, as submitted by Judge Stone and approved by the board, is \$732.37. The apportionment is made among the five counties of this judicial district according to the number of cases tried in them. Marquette had the most, 212 cases; Menominee with 190 cases will pay \$45.47; Delta with 118 is apportioned \$407.50; Dickinson with ninety-five must pay \$225.15; Iron with fifty-four cases is assessed \$158.54. This brings the annual salary of the stenographer to \$2,006.06. The total number of cases is 579.

Having no more business on hand the board adjourned to meet again March 29, which will be the last meeting in the life of the present board.

MR. NESTER EXPLAINS.

Tells of the Suit Brought in the Matter of the Eagle Harbor Mining Property.

Hon. Tim Nester was up from Munising yesterday and made some explanations regarding and corrections in the report that he had brought a suit against F. H. Begole and others on options held by them on a mining property at Eagle Harbor. Said Mr. Nester:

"Your copper country correspondent was mistaken in stating that I had brought a suit upon an option on the Eagle Harbor property, against F. H. Begole, Paine, Webber & Co., and other parties, which caused the suspension of the work of exploration upon that property. Yes, there is an action begun against S. J. Sutherland, the Sutherland-Innis Co., Paine, Webber & Co., and a gentleman by the name of Cowan, but it is not on an option by any means. It goes to the root of the title of two-thirds of the property, and a bill has been filed in the United States court here by, ex Congressman T. E. Tarsney of Detroit and Clark & Pearl of this city.

"How am I connected with it? This way: James Finn of Munising came back from the copper country last fall sick and made an arrangement with me to examine into his matter regarding this property and adjust it for him, and for the purpose of doing this gave me power of attorney. The result of such work was the employment of the attorneys named, who after they had care fully gone over the whole matter filed the bill referred to.

"No, Mr. Begole is not a party to the action. Sutherland and the Sutherland-Innis Co. are the main parties. Paine, Webber & Co., having a contract with the Sutherland-Innis Co., made it necessary to have them made party defendants.

"Oh, as to the points in the controversy? Well, I do not like to discuss a matter which is in the courts in the columns of a newspaper. I hardly think it good taste, and I would not speak about it at all except that unintentionally, no doubt, your reporter in the copper country got mixed on the form of the action, and also included your townsmen, Mr. Begole, as one of the defendants, both of which mistatements I desired to correct.

"When will the suit be tried? That I can't tell. So far as we are concerned we are ready now, and will try and get the parties into court at the earliest day possible. If their appearance was entered now I am informed by counsel that equity cases like this are refused to commissioners to take testimony, which is submitted to the judge to make the decision, and it is generally understood that Judge Severens handles business before him with greater expedition than is customary. A year or so ought to determine it. Yes the boom may be over, but the land will be there."

DULL TIMES AT THE JAIL. Few Inmates in the County Jail Because Work is Plenty Outside.

There are at present but ten prisoners serving sentence or waiting trial in the county jail. This is scarcely a third the number which was imprisoned in the jail two years ago at this time. Sheriff Johnson attributes this to the fact that times are much better now and there is plenty of work for good strong men in the woods and elsewhere so no able bodied man who is willing to work is forced to become a vagrant. Practically all the prisoners who are being brought in are residents of the county. There are no wanderers picked up while traveling from place to place looking for work.

The semi-annual report made up after the visit of the jail inspection committee showed eight inmates, all men, in the jail at that time. Two more prisoners were added yesterday. Since the last report was made sixty-five persons have been confined in the jail for various offenses. Forty-eight of them were booked as disorderlies, five were in for assault and battery, three for larceny, and one each for forgery, violation of liquor laws, violation of game laws, securing goods under false pretenses, and assault with intent to do great bodily harm. Only four women were confined in the jail during this time. All of them were booked as disorderlies.

NO ASSESSMENT COMING.

Adventure Company Will Have No Need to Levy One Within Next Two Years.

MASS AND BARRELWORK COPPER WILL HELP EQUIP IT.

Another Company Will Build a Railroad to the Mine—Three Lines Into Greenland—Fluctuation of the Copper Stocks.

DUNSTAN TALKS OF THE ADVENTURE.

"You are safe on this proposition. There is no assessment on Adventure contemplated. The mass and barrel work we will encounter will stand a great part of the expense of equipment, and if there should be an assessment it will be a very small one and not within two years."

These were the words of the Hon. T. B. Dunstan, who is one of the backers of the Adventure. They were spoken by him to a reporter of The Mining Journal at the Hotel Clifton last evening, and were in answer to a question about the rumored assessment on his property.

"The first I heard of it," said Mr. Dunstan, "was this noon when I received a letter from a Marquette man telling me there were rumors down here of an assessment on Adventure and asking me if there was anything in it.

"That rumor was started by some fellow who hasn't a dollar's worth of the stock but who wanted to drive it down a point or two so he could buy it in."

"We started with \$250,000 in the treasury. We have spent in round numbers about \$10,000, leaving \$240,000. This with the copper we will secure in mass and barrel work ought to equip the mine without making an assessment necessary.

"The Adventure will have to build no railroad. That will be built for it by another company, right across its property, and the grades are first class. In fact three railroads will be built into Greenland this coming season, the Copper Range, the South Shore and the St. Paul."

Mr. Dunstan, who is also heavily interested in the Victoria was up to that property last week with F. H. Begole and Captain Thomas Hooper. He says the only one of the old company's buildings which can be rendered habitable is the boarding house. With lumber and building paper this can easily be put in good condition. There never were any engine or shaft houses on the property and these will have to be built from the ground up.

Captain Hooper, he says, is now in Chicago and Milwaukee purchasing machinery for the mine. He has already let contracts for timber and cord wood and efforts will be made to get everything onto the ground before the snow goes off, as the teaming will be so much easier on runners than on wheels.

Mr. Dunstan says the people of Rockland and Greenland are keenly alive to the benefit the mines will be to them and are doing everything in their power to aid the companies. He predicts that five years from now a visitor who knew the towns in their old Sleepy Hollow days will not be able to recognize them.

Curb coppers were more plentifully quoted yesterday than they have been for many days. Paine, Webber & Co. gave prices on six of them at noon, as follows:

Tri-mountain, 14 1/2 asked the half; Copper Range, 5 1/2 asked 53; Wyandot, 9 1/4 asked three-quarters; Sanlake, 18 1/2 asked 19; Miners', 41 asked the half; Victoria, 10 1/2 asked 11.

In the listed stocks four of the six which fluctuated a dollar or more on the day's trading made gains. Arcadian fell from 75 to 73; Boston & Montana advanced from 350 to 358 and touched 360 as high; Centennial went up from 44 1/2 to 46; Osceola declined a point and closed at 98; Quincy advanced four points from 175 to 179; Isle Royal went up from 55 to 58 1/2.

Hayden, Stone & Co. reported the London metal market as follows: Opened, 73, 12 and 6; closed 73, 15; closed Tuesday, 74, 10.

The following bulletins were posted by brokers yesterday:

Paine, Webber & Co.: "Heavy buying of Isle Royal the feature. Boston & Montana bid up on small sales. Buying of Centennial by pool with good deal of outside buying. Copper Range largely traded in at advancing prices."

A. B. Turner & Bro.: "Copper up two shillings sixpence. Coppers strong. Good healthy tone. Think Boston & Montana will sell several points higher."

LIFE, MOTION AND REALISM. To Be Seen at the American Amusement Company's Performance.

Manager Bice has made arrangements for a performance to be given in the opera house Friday evening by the American Amusement company.

The performance consists of moving pictures, stereoscopic views, colored effects and gramophone music. The company advertises to show all the war scenes in moving pictures, the great battles just as they were fought on land and sea. A number of comic pictures will also be shown, both animated pictures and stationary views. The latest music will be rendered by the gramophone.

The scale of prices is ten, twenty and thirty cents. The management advertises to refund after the first act to all who are not satisfied with the performance.

AT THE BOTTOM OF THE LAKE. A special dispatch from Muskegon says that there is every reason to believe that the Crosby line steamer Moran is at the bottom of Lake Michigan. Unavailing search has been made for the missing boat by the car ferry Muskegon, and it believed there is little doubt but that the Moran is sunk.

Cash or Credit.

Just Think It Over.

than those of Cash Houses. We make a specialty of cheering up purses with small incomes. Before investing a dollar in Furniture make us a visit.

FOR SATURDAY we will sell a large WILLOW ROCKER at \$3.75; Regular Price, \$6.50.

Hager Bros. Co., Ltd., 118 S. Front St., Marquette, Mich.

Grand Rapids Cycle Co., Grand Rapids, Mich.

Gentlemen—I was able to try the Chainless for the first time yesterday, and am so far very much pleased with the way it runs. On an up grade I found it pushed much easier than my e-am wheel, and I feel quite sure that, after it gets limbered up a little, it will meet all my expectations.

For rough roads or smooth roads, up hills or down, muddy roads or dry roads, in the country or the city, the Clipper Bevel Gear Chainless is a better bicycle than any other. For the business man, the working man, or the scorcher, it has no equal. Bevel gears, as made by the "Clipper People," are nearer to perfection than any other driving mechanism now known to mechanics. There are other ways, but the Clipper way heads them all. O-hers are now beginning where we left off six months ago. Don't expend your money on an expensive. Get a sure thing.

"Signed" Robert C. Bellville, Yours very truly.

"CLIPPER PEOPLE." New York, Cleveland, Rochester, San Francisco, No. 94 Eighth Ave., Pythian Temple, No. 13 Everett St., No. 110 Golden Gate Ave.

Trouton, N. J., Dec. 7th, 1898.

WHEN YOU DON'T, YOU DON'T!

WHEN YOU DON'T, YOU DON'T!

WHEN YOU DON'T, YOU DON'T!

WHEN YOU DON'T, YOU DON'T!

WHEN YOU DON'T, YOU DON'T!

WHEN YOU DON'T, YOU DON'T!

WHEN YOU DON'T, YOU DON'T!

WHEN YOU DON'T, YOU DON'T!

WHEN YOU DON'T, YOU DON'T!

WHEN YOU DON'T, YOU DON'T!

WHEN YOU DON'T, YOU DON'T!

WHEN YOU DON'T, YOU DON'T!

WHEN YOU DON'T, YOU DON'T!

WHEN YOU DON'T, YOU DON'T!

WHEN YOU DON'T, YOU DON'T!

WHEN YOU DON'T, YOU DON'T!

WHEN YOU DON'T, YOU DON'T!
