EYES OF ENGLAND ON THE CONTINENT.

Mysterious Negotiations That Seem to Augur Ill for Britain in the Transvaal Squabble.

POLITICAL MINDS IN LONDON STIRRED TO POINT OF ALARM.

RUSSIA, SPAIN, FRANCE AND GERMANY THE POWERS INVOLVED.

Evident however, in the midst of the energetic preparations for hostilities, that powerful influences are at work in the direction of peace.

STRONG REINFORCEMENTS FROM INDIA

Durban, Natal, Oct. 5.—Five Indian transports, with two regiments of infantry, a battery of artillery and part of the Nineteenth Hussars, arrived today. They will go to the front tomorrow.

CALL FOR RESERVES TODAY.

London, Oct. 5.—While there is no diminution late tonight in the flood of dispatches from South Africa recording with almost tiresome repetition the military preparations and movements of both sides, with all kinds of accurate and inaccurate rumors and speculations, the real situation remains unchanged.

It is evident that strong efforts are still being made to preserve peace simultaneously with a determined energy to be prepared for any emergency.

It is expected that 5,000 reserves will be called out tomorrow, and that the army corps will be mobilized on the 15th or 20th of the month.

MYSTERIOUS RUSSIAN TOUR.

The mysterious visit of Count Muraviev, Russian minister for foreign affairs, to San Sebastian, where he saw the queen regent and the king of Spain, and had long conferences with Senor Silveira, the Spanish premier, occupies the political minds. From Spain Count Muraviev will go to Paris.

Russia's attitude in the Transvaal matter is common knowledge. Germany is officially neutral, but Emperor William's famous telegram to President Kruger is not forgotten. This, added to France's bitterness since the Fashoda affair and Spain's resentment of England's attitude during the Hispano-American war, has set the people asking what are the motives for Count Muraviev's tour?

BRITISH FORCES STRENGTHENED.

The British position in Natal was considerably strengthened by the arrival today of Indian transports with reinforcements of about 2,500 infantry, cavalry and artillery, all of which will be promptly sent to the front by train, and with their arrival at Glenoche and Ladysmith tomorrow and lines of communication will be practically safe-guarded against the risk of a successful dash across the frontier by the Boers.

A dispatch from Perth, capital of West Australia, announces that the government of the colony has decided to despatch the West Australian contingent to the Cape.

General Sir Redvers Buller arrived at Balmoral castle tonight as a guest of Queen Victoria to bid her majesty farewell on his departure for South Africa.

LEYDS' SCALP DEMANDED.

Advices from Cape Town assert that both J. H. Hoffmeyer, the Afrikaner leader in Cape Colony, and ex-Chief Justice Kotz have expressed the opinion that the imperial government acted in the interests of peace in demanding the suppression of the Transvaal agency in Brussels and the recall of Dr. Leyds, the Transvaal European representative. Sir Alfred Milner, British high commissioner in South Africa, has already reported in this sense to Secretary Chamberlain.

Increased activity is being shown at Woolwich, and it is alleged that provision is being made there to send supplies for two army corps. Four hundred tons of material and munitions of war have already been shipped for Africa.

JINGOES RAID PEACE RALLIES.

The peace meetings held at Halifax and Birmingham tonight were scenes of much disturbance. At the Birmingham meeting crowds of jingoes invaded the hall cheering Chamberlain and singing "Rule Britannia," and the meeting ended abruptly without any resolutions being put.

Advices from Johannesburg report that Kaffirs are raiding business places and houses in the east Rand. The whites have fired on them. A special force of Boer police have been dispatched to disperse the raiders.

A special dispatch from Pretoria says that President Kruger expresses himself strongly at being prevented by the executive from going to the front. He is reported to have said: "Some people say I am the cause of the present trouble, and I want to take my share in fighting with my people." The same dispatch announces that Commander General Joubert's wife has started to join her husband on the border.

KAFFIRS ON THE WAR PATH.

ARMED BLACK MEN SAID TO ACCOMPANY THE BURGHERS.

London, Oct. 5.—A distinctly serious and ugly statement comes from New Castle to the effect that armed Kaffirs accompany the Boer commands. This would be an absolute breach of the conditions supposed to govern warfare among civilized nations; and, if true, prestiges scenes worse than even the gloomiest forecasts.

The morning's intelligence from Cape Town includes an official denial of the rumor the British had crossed the Transvaal frontier near Kimberley.

There is an unconfirmed report martial law has been proclaimed in the Transvaal.

NO INVASION OF NATAL.

The Daily Telegraph this morning published the following dispatch from New Castle, Natal, dated yesterday: "A Boer advance began yesterday with a

general movement of artillery. The Boers are occupying Laing's Nek nightly and now hold the mountains to the southwest of Volksrust. The inhabitants of New Castle have decided to evacuate the town in the event of a Boer advance in force.

A later dispatch, however, dated New Castle, 8 o'clock a. m., said telegraphic communication with Charlestown was open, and that the Boer commander at Sand Spruit was reinforced yesterday, but no general forces are expected. This information contradicts the above alarmist dispatch to The Daily Telegraph, timed at noon yesterday.

GREAT UNREST IN FRANCE.

CHANCE SEEN NOW TO EVEN UP MATTERS WITH BRITAIN—RECOGNITION OF THE BOERS.

Paris, Oct. 5.—M. Aubert's nomination as consul general for the Transvaal is accepted as indicating that France is now ready to play a role in that republic if the war breaks out.

M. Delcasse, the French minister for foreign affairs, has returned suddenly from his summer residence and the signs are multiplying that France may take the present opportunity to get even with England for the Fashoda affair. The French fleet is now in order and the army on a war footing. Russia is ready to join France in the hope of getting closer to the Afghanistan frontier.

Telegrams of gratitude have been received at the foreign office from the Transvaal government, showing that Aubert's advancement is taken by President Kruger as a recognition of the Transvaal republic.

KRUGER'S AMERICAN AGENT.

GENERAL JAMES R. OBERINE OF NEW YORK IS APPOINTED COMMANDER EXTRAORDINARY FOR THE TRANSVAAL.

New York, Oct. 5.—General James R. Oberine made the announcement tonight that he has been appointed commander extraordinary in the United States for the Transvaal by President Kruger. The appointment was made two days ago by a cablegram sent to Rev. Dr. Bosman, Kruger's personal friend and adviser, who was in this country attending the Pan-Protestant conference at Washington. A portion of the cablegram was of private nature and was not given out. Such portions as General Oberine disclosed are as follows: "Kindly communicate to General James R. Oberine that the government has decided to appoint him its commissioner extraordinary, and expresses the hope that he will accept the post. It may add that the dispute has now reached a most acute stage. The forces of this republic have mobilized on the frontier, while those of the Orange Free State are mobilizing, and all prospects of a peaceful settlement seem to be vanishing. We are still willing to arbitrate. If General Oberine accepts, kindly request him to cable at once in regard to the duties which we will advise by return cable. (Signed) Reitz, state secretary South African republic."

General Oberine was provost marshal under President Lincoln. He was once commissioner of immigration and, under Mayor Strong, was commissioner of charities of New York.

MOB STORMS THE JAIL.

ANGRY KENTUCKY CITIZENS DEMAND THE LIFE OF A YOUNG COLORED MURDERER.

Maysville, Ky., Oct. 5.—Mrs. James Lashbrook, wife of a well-to-do farmer, was criminally assaulted and murdered today at Clark's station. Tonight the officers brought in Richard Coleman, a young negro, who had confessed to having murdered Mrs. Lashbrook. A lynching seems probable.

Maysville, Ky., Oct. 6.—At 2 o'clock this [Friday] morning a mob broke down the jail doors. The first man to enter was thrown out by the guards inside, who then stood off the crowd with drawn guns. The mob lacks a leader, but it is feared another attempt to lynch Coleman will be made when reinforcements reach here from the neighborhood in which Mrs. Lashbrook lived.

FATAL DUEL IN ARKANSAS.

Little Rock, Ark., Oct. 5.—John J. Howles, a wealthy planter, was killed at Reedsville today in a fight with his nephew, Edgar Reed. The latter also was killed, both men firing simultaneously. The tragedy was the result of a quarrel over a woodshed.

BANKRUPTCY LAW SUPREME.

HOLDERS OF MORTGAGES GET THE BAD END OF AN IMPORTANT FEDERAL DECISION.

Springfield, Ills., Oct. 5.—In the United States district court this afternoon Judge Allen rendered an important decision involving the entire construction of the bankruptcy act. Mrs. Nancy E. Gast filed a petition in bankruptcy, and seven holders of mortgages on the property sought a foreclosure independent of the bankruptcy act. Henry C. Malton, trustee, asked for leave to sell all the property free and clear of mortgages. The court today ordered the property sold by the trustee, as prayed, holding that the bankruptcy act has exclusive, paramount jurisdiction in the settling of all questions.

BATTLE IN SOMALILAND.

BRITISH TROOPS WALLOP A REBELLIOUS MOSLEM CHIEF.

Paris, Oct. 5.—According to a dispatch from Ras Jibuti, French Somaliland, on the gulf of Aden, a force of British troops were recently landed on the Somali Coast and fought, near Berbera, with the forces of the Sheik Mohammed Saleh, who has been proclaimed the Mahdi by the hinterland Mussulmans and who is instigating an uprising of the Somalis against the Abyssinians. Twenty-seven Somalis were killed.

MILITARY DISTRICTS MERGED.

Washington, Oct. 5.—The secretary of war has issued an order merging the military Department of the Gulf into the Department of the East, with headquarters at New York.

RACE NUMBER TWO ALSO DECLARED OFF.

Question of Supremacy Between Columbia and Shamrock Still an Open Question.

AGAIN A DRIFTING MATCH FROM START TO FINISH.

WIND NEVER HIGHER THAN SIX KNOTS AN HOUR.

Yankee Gained Half a Mile While the Breeze Held Astern, but Was Behind by Half a Length When the Yachts Were Called In.

MORE OF A FLUKE THAN TUESDAY.

New York, Oct. 5.—Again today the sea refused Shamrock and Columbia a field of conflict, the question of supremacy is still an open question, as the contest of today was in some respects more of a fluke than that of Tuesday.

It was a drifting match almost from start to finish. The yachts crossed the line with a breeze of five knots, and the wind never blew more than six knots, most of the time less than three, and part of the time not a breath of air was stirring.

After sailing four hours and forty-three minutes the yachts having covered only twelve miles of the course to the outer mark, the regatta committee declared the race off, as it was manifestly impossible, with the breeze thus blowing, for the boats to round the stake before the time limit expired, much less to get back home again.

SEAMANSHIP SUBPERB.

During the time in which the yachts were at it the wind, which carried them dead before it over the line, had hauled around until at the finish they were beating into its teeth. While the wind held astern the Columbia steadily out-footed her rival until she was fully half a mile ahead, but in the shifting, jangling winds that followed during the last three hours Shamrock gradually worked her way up until, when the race was declared off, the two boats were about on even terms, with Shamrock, perhaps, half a length ahead, and Captain Barr could have thrown a biscuit to the fore-leigher.

The only lesson learned by nautical sharps from today's trial of the abilities of the two boats is that in light weather conditions Columbia is superior in running and reaching and Shamrock slightly the better in heaving to.

The weather bureau had promised a good, strong wind for today, but the prophecy was a dismal failure and a heavy haze hung over the sea and land.

The torpedo boats guarding the course experienced only a little difficulty today, as Captain Evan's interviews threatening dire consequences to offending skippers had a wholesome effect.

MANOEUVRE AT THE LINE.

The two yachts left their moorings in Sandy Hook about 9 o'clock and proceeded direct to the Sandy Hook light-ship, hoisting their mainsails, club topsails, on the way out and getting everything in readiness for a prompt start. Besides the managing owner, C. Oliver, Iselin, and Mrs. Iselin on board Columbia, there were W. Butler Duncan, Jr., Captain Woodbury Kane, Newbury Thorne, Captain Nath Herreshoff, Herbert Leeds and Sallmaker Hathaway, and Hugh Kelly, representing the Royal Ulster Yacht club. On board Shamrock were Navigator Hamilton, Sallmaker Ratzey and Messrs. McGilowney, Sherman Crawford and Henry F. Lippitt, the last named representing the New York Yacht club.

The course was signalled southeast by east, the wind being very light from the opposite quarter. Under mainsail, club topsail and jib, with the balloon jib topsail and the stay sails in stops on their respective stays, the two yachts played for places for a good start during the interval between the preparatory and starting signals. The former was given at 10:45 o'clock. Skippers Barr and Hoagarth made the best of what little wind they had to test their boats' turning capacity in the light air.

COLUMBIA CROSSES FIRST.

When thirty seconds were left Captain Barr gybed Columbia, broke out her balloon jib topsail and headed for the line. Shamrock's balloon jib topsail blossomed out at the same moment as Columbia's. She was on the latter's starboard and nearly astern when the starting signal was given. Her spinnaker was broken out while she was crossing the line. Columbia's men rigged out her spinnaker boom while they were approaching the line, hoisted the sail and broke it out in just forty-five seconds. Columbia had the better of the start. The official time of the start was: Columbia, 11:00:53; Shamrock, 11:01:05.

The first ten minutes after the start were anxious ones for those directly interested. From the Associated Press tug, located abeam of the two racers, it was noted that in two minutes Columbia's bow sprit began to creep past Shamrock's bow, and in ten minutes Columbia was clear out ahead of Shamrock. Both took in their stay sails and jibs to give the immense balloon sails plenty of draft.

CUP DEFENDER GAINS.

So light was the wind at this time that only the balloon sails seemed to be doing service, the great mainsails hanging flat as boards far over the starboard side of each yacht. Mile after mile the yachts traveled slowly to the southeast, Columbia gaining slowly but steadily all the time.

At five minutes to twelve the wind freshened a bit, canting at the same time a couple of points to the eastward. Fearing that Shamrock would try to luff out and pass him to the windward Captain Barr began to luff Columbia. Both kept it up for fully ten minutes until they were both heading east.

At 12:05 Columbia kept broad off for her course again. Shamrock immediately following suit. The wind held in the same quarter until 12:40, Columbia

MARQUETTE, MICH., OCT. 6.

Entered as mail matter of the second class
in the postoffice at Marquette, Mich.

There are a large number of influential men in England strongly opposed to war with the Transvaal republic, but we have not learned that their countrymen who favor it are denouncing them as traitors. Yet we pride ourselves in this country on the greater freedom of speech permitted and tolerance of opinion practiced here.

Chicago University threatens to follow some bad examples by making Dewey an LL. D. Why should a man be called a law doctor because he knows the war ship business? And then just think of writing "Admiral George Dewey, LL. D."—Chicago News.

Wait till the labor unions begin voting him honorably membership in those organizations. The gallant admiral's troubles have only just begun.

The Venezuelan dispute has been settled peacefully by arbitration, though it was of fifty years standing and at one time took a form which threatened to embroil us in serious trouble with Great Britain. Now why can't the Transvaal controversy be disposed in the same way? The Boer government is willing to arbitrate and Great Britain ought to be if she is sure of the justice of her demands. The contention is over a comparatively trifling question and a way of settling it without the shedding of blood might be found if it were honestly and earnestly sought.

Governor Pingree broke bread with the president while in Washington attending the Dewey reception, and the Detroit Journal finds in this circumstance ground for the hope that he will do nothing rash when the time comes for choosing Michigan's delegation to the Republican national convention next year. It is hard to tell where the governor will be at when that time comes. Time was when he didn't greatly love Alger, and now he is grieved because he cannot help him get another office. He may be in the front rank of the shouters for McKinley by the time the campaign opens next year, and if he should it is to be hoped that his support will not cause the other fellows to turn in and send an anti-McKinley delegation to the presidential convention. The way to harmonize the party in Michigan is to have the scrappers quit scrapping.

What has happened in the city of Detroit may happen in the state. Only a short time ago that city was regarded as safely Republican. But the leaders of the party there got to wrangling and the Democrats obtained control of the municipal government as a result. Now a municipal election is approaching and there is every likelihood that it will bear fruit in another Democratic victory. A prominent Republican there who was talked of as a suitable candidate for the mayoralty, on being asked if he would take the nomination, replied that if he did he would regard it as offering himself as a sacrifice for the welfare of the party, for he considered that the Republicans stand hardly a show of electing their ticket, no matter how they make it up. The dissensions that have made the Republican party a minority party in the city of Detroit will have the same effect on it in the state if they are not healed. And this is a plain statement of fact—not a "threat."

LAKE SHIPBUILDING.
The Cleveland Plain Dealer calls attention to the paramount importance of the shipbuilding industry on the great lakes, as shown by statistics relating to it just given out from Washington.

The new wooden tonnage for the three months of the present fiscal year was but 6,951 tons, against 25,113 for the corresponding three months of last year, while the new steel tonnage was 47,043 tons, against 33,462 for the corresponding months of 1898.

Of the total new tonnage two-thirds was built on the great lakes. As the building of wooden vessels has practically ceased on the lakes the figures for that class of the mercantile marine are of little significance here, although the decrease in wooden tonnage more than accounts for the apparent shrinkage in the total of new vessels built in the last three months of 1899 as against the corresponding months of 1898. The total falling off was less than 10,000 tons, while the falling off in wooden tonnage was over 18,000 tons.

When the amount of the new steel tonnage built in the United States during the fiscal year ending June 30, 1900, is published next year the proportion credited to the great lakes will open still wider the eyes of those who have but just begun to comprehend the character and importance of the great fleet manned by "fresh water sailors."

"PINGREE AND HIS FRIENDS."
Under the above caption the Daily Mining Gazette of Houghton submits its views on a political question which possesses great interest for the Republicans of Michigan.

The Marquette Mining Journal misinterprets what was said in these columns in regard to the attitude of Governor Pingree and his followers toward the Republican party in this state. As a whole, it was pointed out as a deplorable fact that their statements regarding the opposition to the governor was clearly a threat that if they did not support

LION COFFEE

Used in Millions of Homes!
Accept no substitute!
Insist on LION COFFEE, in 1 lb. pkgs.

These articles mailed FREE in exchange for lion heads cut from front of 1 lb. LION COFFEE pkgs.

Silk Umbrella (either Lady's or Gents).

Marquette, Mich., July 10, 1899.
Office of J. M. Longyear.

Freight will be received at the Tate warehouse, foot of Eighth avenue, West Duluth, for Eagle Harbor, Hancock, Houghton, Dollar Bay, Chassell, Jacobsville, Baraga, L'Anse, Pequaming, Skanee and Marquette.

Pingree their hope of success at the polls was practically nil. In other words, that the Pingreeites were clearly committed to a rule-or-ruin policy. In this statement there was not even a suggestion that those opposed to Pingree would adopt his policy. It was in reality a plea for a fair fight, both before and after the nominating conventions had worked their will. The governor is undoubtedly strong in many portions of the state, and he has a perfect right to dictate insofar as he can honestly; but to try to stifle opposition thus early by threats of future punishment is not, and never can be, good politics. So far as known those opposed to Governor Pingree have never hinted that in case he was nominated they would help the enemy. There is a large Republican contingent who do not approve of Governor Pingree's methods, and have honest belief in a following large enough to select a man built on lines more in accord with Republican principles, as they understand them. It is not a test of party fealty, at this stage of the game, to either approve or disapprove of any politician of whatsoever size.

Our fresh young contemporary at Houghton has got itself in a position out of which it is awkwardly endeavoring to wiggle. Quoting an article from the Houghton County Progress in which that paper called down a candidate for the Republican nomination for governor who is said to have asserted that "no man supported by Pingree can be elected" to that office, The Mining Journal indicated its agreement with the comment of the Progress on the foolish utterance of the aspirant in question. It remarked that while Pingree may be "out of politics" he has a following in the state whose votes will be needed by the candidates whom the Republicans will put up for state offices, and pointed out the danger to the ticket which would result from provoking the Pingreeites to revolt by insults such as that commented on. The Daily Gazette undertook to make appear—for what purpose we know not and care little—that the well meant warning was a "threat" made by Pingree organs. Now the Gazette admits that the governor has considerable strength

"in many portions of the state," and by so doing concedes the wisdom of the warning words of the Progress and Mining Journal. The Gazette alleges that its language was "misinterpreted." There was misinterpretation, or an attempt at misrepresentation, most assuredly, but the offender was the paper which sought to construe good advice to mean and embody a "threat."

Now since the Gazette has come to agree with The Mining Journal as to the unwisdom of inviting Governor Pingree and his followers to bolt the party ticket, unless it should happen that they should dictate its personnel, as they have done twice before, the little controversy can be regarded as a "closed incident." Perhaps the Houghton daily had no intention of trying to falsify the position of The Mining Journal, but if that was its purpose we trust its experience in this instance will render it more cautious about attempting a similar feat in the future. "Honesty is the best policy" in the conduct of a newspaper just as much as in any other line of effort, and the writer who thinks he can fool his readers by placing a false construction on plain language puts altogether too low an estimate on their intelligence.

SPAIN'S GREATEST NEED.
Mr. R. P. Oliva of Barcelona, Spain, spends his winters at Aiken, S. C. Weak nerves had caused severe pains in the back of his head. On using Electric Bitters, America's greatest Blood and Nerve Remedy, all pain soon left him. He says this grand medicine is what his country needs. All America knows that it cures liver and kidney troubles, purifies the blood, tones up the stomach, strengthens the nerves, puts vim, vigor and new life into every muscle, nerve and organ of the body. If weak, tired or ailing you need it. Every bottle guaranteed, only 50 cents. Sold by The Stafford Drug Co.

Monarch over pain. Burns, cuts, sprains, stings. Instant relief. Dr. Thomas' Electric Oil. At any drug store.

Upper Peninsula News.

Henry Wachter of Bagley has three black walnut trees which he set out fifteen years ago, and they bore nuts for the first time this year. He raised eighty on the three trees, and they are as fine looking as anyone would wish to see. Mr. Wachter believes that the walnuts can be made a profitable crop if properly cultivated. He secured his trees from an Illinois nursery when they were four or five years old. The trees are now three and one-half inches in diameter and fourteen feet high and very thrifty. These are probably the first walnuts ever raised in the upper peninsula.

The state agricultural board located the upper peninsula experiment station at Chatam, Alger county. The Menominee Herald says: "It might have as well been located in Ethiopia for all the good it will do in that barren territory. The Munising company owns lands near Chatam but agricultural pursuits are entirely foreign. What could have induced the board to locate the station at such a place would puzzle a Philadelphia lawyer. Menominee county is the future agricultural section of the upper peninsula and many agree it should have been located here. The business men are protesting vigorously against such a location."

One of the boldest robberies in the annals of Menominee county was enacted at Hermansville at daybreak Wednesday. The safe in William Newman's saloon was blown to atoms and the front of the building is torn to pieces. The robbers secured \$1,200 in currency. The robbers gained entrance to the building by picking the lock to the front door. There were evidently several of them as foot prints of several individuals were easily traceable. A hole was bored in the door of the safe, which was located near the front of the building. Dynamite was then applied and instantly the door was blown to pieces. Pieces of steel were hurled through the front of the building, partially wrecking it. The burglars evidently came to Hermansville in a buggy. They made their disappearance with as much alacrity as their arrival. Several residents heard a report but none seemed

to consider it sufficient consequence to investigate. Mr. Newman is an eccentric fellow. He has no faith in banks and hoarded his money in his safe. The \$1,200 was principally in silver and gold. The officers have no clue. It was evidently the work of expert safe blowers who had acquainted themselves with the surroundings.

The apprehension of violators of the pure food laws of Michigan is having a very salutary effect upon grocers of Menominee in an indirect way. The arrest of a Marinette dealer for selling mustard to a Menominee grocer fifty-three per cent of which analyzed wheat starch was promptly followed by the arrest of the head of a wholesale grocery firm of Menominee for placing on the market so-called "Wigwam" cream of tartar, labelled 99 per cent pure. An analysis gave 43 per cent plaster of paris, 15 per cent acid phosphate and the remainder wheat starch; cream of tartar crystals, none. Upon the complaint of Carl Franke, the state inspector, Willis N. Mills, the prosecuting attorney for Menominee county, says that numerous actions will be promptly brought in that county against other violators.

A FRIGHTFUL BLUNDER.
Will often cause a horrible Burn, Scald, Cut or Bruise. Bucklen's Arnica Salve, the best in the world, will kill the pain and promptly heal it. Cures Old Sores, Fever Sores, Ulcers, Boils, Felons, Corns, all Skin Eruptions. Best Pile cure on earth. Only 25 cts. a box. Cure guaranteed. Sold by the Stafford Drug Co.

AN ORDINANCE.

An ordinance vacating a portion of Marten street and the alleys in blocks nineteen and twenty, Island Beach addition.

The City of Marquette Ordains:
Sec. 1. That the portion of Marten street lying between Granite avenue and Partridge avenue, and the alleys through blocks nineteen (19) and twenty (20) in Island Beach addition, be and the same are hereby vacated and abolished.
Adopted Oct. 2, 1899.
DANIEL S. DONOVAN, Recorder.
Approved Oct. 3, 1899.

WINONA EMPLOYES WALK OUT.
THEY DREW THE LINE AT THE CHEF OF THE BOARDING HOUSE AT THE MINE.

Miners, machinists and engineers at the Winona mine, to the number of sixty-one, practically every man boarding at the boarding houses, struck Tuesday noon, and that night the greater portion of the force arrived in Houghton, some of them going through the other way to the Ontonagon county mines. The kick was on the company cook, as the men arriving in Houghton alleged that the company furnishes the best of materials but that the cook was so incompetent that the food was spoiled and they could stand it no longer and demanded his discharge. Superintendent Denton refused this and the men quit, trying up the mine temporarily. The men state that they had no fault to find with the work or with Superintendent Denton, or his mining and surface captains, but they drew the line at the cook.

SETBACK FOR THE MINES.
Commenting upon the difficulty in procuring mining machinery, the Boston News Bureau says in its issue of Tuesday: "It is surprising how suddenly the business of this vast country finds a limitation. The American iron and steel people and especially the American manufacturers of mining machinery have been reaching about over the world for orders until very recently; and American machinery has been the main mechanical developer of the South African gold mines. But the present mining development of this country is practically stopped by the inability of capitalists to make contracts for mining machinery. Neither gold dredging machinery nor stamp mill machinery nor hoisting machinery can be contracted for now in this country for delivery within any reasonable time. Six months ago the E. P. Allis Machine company of Wisconsin was declining more orders than it accepted, and like other manufacturers in the same line of business, it is now filled with orders for about two years ahead."

DIFFICULT JOB OF ENGINEERING.
MANY NEW PROBLEMS IN DOCK CONSTRUCTION TACKLED AND SOLVED BY THE CONTRACTORS FOR THE COPPER RANGE ROAD.

The Shailer & Schnelglau company, E. T. Bolton superintendent, is completing for the Copper Range at Houghton what is probably the finest piece of dock work on Lake Superior, a contract presenting many new problems in dock engineering. The dock runs along the Copper Range water front, a level of the Peninsular Electric Light & Power company's frontage, for 930 feet, serving as a retaining wall for the material taken out by blasting for the railroad yards, depots, etc. Deep water runs up to the very shore line at that point and the shore would show a very steep declivity were the waters of Portage Lake removed.

In the past it has been the custom with such a sloping shore line, where solid rock presents the driving of piles, to fill in until a level foundation is formed for the bottom of the cribs, but in this case the bottom drops away so fast that the quantity of material necessary would have been so immense as to practically prohibit the employment of the usual plan, and the Shailer & Schnelglau company determined to build their cribs with the outer wall much deeper than the inner, so that when set upon the angle of the bottom the cribs would stand up perpendicularly to the surface level of the water and then to hold them in place firmly by running binding cables back to a firm anchorage in shore.

Accordingly a quantity of old iron and a quarter steel cable was secured from the mines and made fast to the longitudinal timbers which run through the center of the cribs, and with the transverse pieces stiffen it into solidity. These cables were run back in trenches slightly below the water level, each being given a rounded fastening on the dock timber and a fastener at its shore end to a "deadman" buried solidly in the rock and earth. The manner of getting a strain on these cables was very simple yet withal very ingenious. After the cable had been securely fastened against the lake side of the pit and the timber was forced back until the cable had a sufficient strain upon it, when the deadman was securely blocked into place and then buried with rock and earth.

Twenty-three cribs were used in the 930 feet of dock, the length varying from forty feet to sixty odd feet in order that the cribs might conform closely to the bottom. After being securely anchored in place the filling was carried out to the land side of the timber work and the Copper Range now has nearly a thousand feet with a depth of water of from fourteen to twenty-eight feet on the one side and with the railroad yards run closely up to the other side, the freight house also being designed to stand on the same made ground and serve as a warehouse for lake freight as well.

Only one more crib remains to be placed, and this is now on the ways and will soon be launched. With this exception all of the cribs are not only in place but nearly the last one has been fitted. Most of the dock is already in use and is well loaded with mine and railroad steel and other supplies.

ONE DAY OF HORSE RACING.
MEETING ARRANGED FOR OCT. 19 AT THE HANCOCK TRACK.
The fall meeting of the Hancock Driving Park association will be held on Oct. 19, for one day only. There will be four races—2:45 trot, or pace, for a purse of \$100; a 2:35 trot, or pace, for \$150; a 2:25 trot, or pace, for \$200, and a free-for-all trot, or pace, for a purse of \$300—in which some of the finest and fastest horses in this part of the country will be entered, among them Maurice, Two Strike, Sleepy George, A. W. and other crack flyers. All entries must be made by Oct. 17.

CANNOT BE TREATED AT NEWBERRY.
INSANE MAN BROWN NOT A RESIDENT OF MICHIGAN.

The Scandinavian from the Arcadian railroad camps who rejoices in the euphonious name of Brown, and who was taken to Newberry Wednesday by Sheriff Lean, will have to be returned to Houghton temporarily, as it is found that he is a resident of Wisconsin and the state of Michigan declines to care for the insane of another state. He was so violent that the sheriff left him at Newberry for temporary treatment, informing the authorities that Houghton county would foot the bill. The other insane patient now in the jail, the Hancock tailor who also went insane through religious excitement, is preaching at the top of his voice day and night until the echoes in that part of Houghton near the court house fairly howl. He will be taken to Newberry just as soon as Brown is in shape to be removed for transfer to some Wisconsin asylum.

MANUAL SCHOOLS THE THING.
CONTRACTOR MUELLER COMMENTS UPON THE SCARCITY OF AMERICAN MECHANICS.

"We are having to rely more and more upon foreign workmen in the building trades," said the Chicago contractor, Paul F. P. Mueller, who is doing so much to transform Houghton this year. In a recent conversation with The Mining Journal on the labor question, "For some reason or other very few American boys will take up such a trade as that of stone mason, for example, and it is almost the same in all the other building trades. Sometimes there is one who gets a chance to learn the trade through the influence of his father, or an uncle possibly, who knows it, but the unions do not provide for many apprentices and as a rule the young American leaves the trades for a clerkship or something of that kind, and the man who takes the place he leaves open has almost invariably learned his trade in a foreign land. That is the reason we have so many German, Scotch, English and Italian stone masons in this country."

When asked what in his opinion was the remedy for such a state of affairs, Mr. Mueller replied: "Manual training schools and the inevitable development of the country, which will naturally cut off many of the special opportunities with which the young men of today are favored, will send many in the future back to the trades in consequence. We are already beginning to get some good men from the manual training schools and the number is steadily increasing. Such schools offer young men a chance to learn a trade thoroughly, something they have not had since the old system of apprenticeship ceased in this country while they have been prevented from 'picking up a trade' by the rules of the unions. These schools have a great field before them, and every practical builder and contractor will wish them God-speed."

PAY POOR BELOW THE STRAITS.
The item in The Mining Journal's state news regarding the strike on the railroad elevator now under construction at Ludington, the men demanding that their pay be increased to \$1.75 a day "because of the great height of the elevator and the severe winds in which they work," the men being experts who perform the most dangerous class of work, reads very strangely up in this country where the very hoboes can get from \$2 to \$2.25 a day shoveling sand on the railroad work.

Little contracts are making fully \$3.75 at the very same class of work. It's no wonder that it takes a microscope in the estimation of a Lake Superior man—to find the heart of a lower peninsula. They can't help being built that way, though, it is to be supposed.

NOTES OF BUILDING NEWS.
The Bosch Brewing company is only waiting for the railroad to be staked out the site for its new bottling works and beer refrigerator near the Hancock depot to commence work thereon. It is hoped that the start can be made by Monday at the latest, and Mr. Murphy of Fond du Lac, the man of "Arctic" refrigerator fame, will have charge of the erection of the building.

Charles A. Wright, of the Superior Savings bank and general manager of the Copper Range road, who has purchased the building from Thomas J. Prince in which The Copper Journal is published at Hancock, states that he has no intention of improving the property for the present; Mr. Prince has leased the building for office purposes for a year.

The contract for the erection of Allen F. Rees' new residence in East Houghton, H. L. Ottenheimer, architect, has been let to Henry Ferry of Milwaukee; the builder of the new homes of H. S. Goodell and John L. Rees. Work was commenced yesterday.

A high fence is being erected on the Sheldon street front of the new Douglas House to shield the Sheldon-Dee block from chance rock flying from the blasts.

COPPERDOM BREVITIES.
P. J. Pastenheimer, of C. E. Loss & Co., returned from Chicago yesterday.

Representative A. W. Kerr of Calumet was a visitor to the Portage Lake towns yesterday.

Charles Hebard of Pequaming came up to Houghton yesterday on the big tug Daniel Hebard.

The Houghton and Calumet football

teams will meet in the first game of the season at Calumet tomorrow.

Houghton's council met last evening to sign, seal and deliver the issue of bonds for public improvements which were voted this summer.

Government Inspectors C. R. Wilson and W. A. Wellman have been transferred from the work at the canal to that in progress at Duluth and left for the Zenith City Wednesday night.

A. P. Meads, of the Norwich mine, left yesterday, the Rand compressor for the property having been tested yesterday and shipped to Matchwood from Carroll Bros' shops that afternoon.

E. O. Wheeler, general superintendent of the government improvements on the Sault river and elsewhere throughout Col. Lydecker's district, was in Houghton yesterday as the guest of Major Marr and looked over the work under the major's charge in this district, over which is Major Sears of Duluth.

MARQUETTE COMMON COUNCIL PROCEEDINGS.
(Official.)
Marquette, Oct. 2, 1899.
A regular session of the common council was called to order by the mayor, the Hon. Joseph F. Neidhart.

Present—Aldermen Asire, Bush, Donovan, Fleury, Gorman, Gray, Gustafson, Jacobs, Jones, Smith, Shea, Stevens, Tobin, Ward and Werner.

Alderman Delf appeared later and took his seat.
The record of the session of Sept. 18 approved.
A request from Mrs. Patrick Murtha was presented asking the council to authorize the street commissioner to pay to her the money due her husband for work performed by him on the city streets during month of June, 1899.

On motion of Alderman Jacobs, seconded by Alderman Stevens, street commissioner was authorized to pay said money to Mrs. Murtha.
Yeas—Aldermen Asire, Bush, Donovan, Fleury, Gorman, Gray, Gustafson, Jacobs, Jones, Smith, Shea, Stevens, Tobin, Ward and Werner.
Nays—None.

The monthly reports of all the justices of the peace were presented, and on motion of Alderman Asire, accepted and ordered placed on file.
The protest of Frank Dushane and 151 others against the adoption of the Longyear plan of the Normal Bluff addition for the reason that the streets in said plat do not conform to the streets in the addition next adjoining, and asking to have Fourth street extended north to the normal school grounds, was referred to the committee on streets and sewers.

The petition of James Penhill was presented asking council to vacate and abolish Marten street between Granite avenue and Partridge avenue, and also the east and west alleys running through blocks 19 and 20 between Sable and Beaver streets, all in Island Beach addition.

On motion of Alderman Tobin, seconded by Alderman Ward, the prayer of the petitioner was granted.
Alderman Tobin presented for adoption "An ordinance vacating a portion of Marten street and the alleys in blocks nineteen and twenty, Island Beach addition."

Moved by Alderman Ward, seconded by Alderman Stevens and carried that the rules be suspended and that the ordinance be put upon its immediate passage. Said ordinance was, on motion of Alderman Tobin, adopted by the following vote:
Yeas—Aldermen Asire, Bush, Donovan, Fleury, Gorman, Gray, Gustafson, Jacobs, Jones, Smith, Shea, Stevens, Tobin, Ward and Werner.
Nays—None.

The recorder presented the following: "Hon. Common Council, City.
Gentlemen—You are hereby notified that Policeman William Truckey was suspended on Sept. 26 for neglect of duty."
"J. F. NEIDHART, Mayor."

On motion of Alderman Tobin, this action of the mayor, relative to the suspension of William Truckey, adopted.
Yeas—Aldermen Asire, Bush, Gray, Gustafson, Jacobs, Jones, Smith, Stevens, Tobin, Ward and Werner.

The recorder presented the following: "To the Honorable the Common Council of the City of Marquette.
Gentlemen—The undersigned respectfully represents that he is a policeman of the city of Marquette; that on the 28th day of September last, he was discharged from his said office by the mayor of said city without any charges being preferred against him, to his knowledge, or any action taken thereon by your honorable body.
"Your petitioner further represents that he is ready and willing to meet all charges that can or may be preferred against him, and therefore requests your honorable body to re-instate him in his said position, unless charges, in writing, under oath, are made against him, in accordance with Sec. 27 of the Book of Ordinances of said city.
"And your petitioner will ever pray, etc."
"WILLIAM TRUCKEY."

the greatest sympathy for the young lady in her misfortune.
"Dated Oct. 2, 1899.
"M. E. ASIRE,
"M. GORMAN,
"W. J. STEVENS,
"Committee."

On motion of Alderman Ward, seconded by Alderman Werner, report of committee adopted and ordered placed on file.
On motion of Alderman Tobin, seconded by Alderman Ward, the protest of A. M. Kelsey and Ida L. Parker against the grading of Ohio street, east of Spruce street, this year, was laid on the table.

The committee on streets and sewers, to whom was referred the petition of Peter Boyer and nine other business firms, asking that catch basin be placed at the northwest corner of Superior and Front streets, recommended that the prayer of the petitioners be not granted, but would recommend that the facilities for taking care of the water at that point be enlarged; that is, that a sluice box twelve inches square be placed across Front street to connect with the catch basin on the northeast corner of Front and Superior streets.

On motion of Alderman Ward, adopted. The committee on streets and sewers, to whom was referred the plat of the Normal Bluff addition, asked for further time to report on same as yet had suggested certain changes in said plat to Mr. Longyear and had not as yet heard from him in regard to same.

On motion of Alderman Jacobs, committee was granted further time.
Moved by Alderman Donovan, seconded by Alderman Gorman, that the salary of the policeman be increased from \$55 per month to \$60 per month, same to date from Oct. 1, 1899. Carried.
Yeas—Aldermen Asire, Bush, Delf, Donovan, Fleury, Gorman, Gray, Gustafson, Jacobs, Jones, Smith, Shea, Stevens, Tobin and Ward.

Nays—Alderman Werner.
The controller read the reports of the street commissioner, poundmasters and the park and cemetery commission, which, on motion, were accepted and ordered placed on file.

The controller presented two bids for grading, curbing and macadamizing Park and Fourth streets. The bid of Eugene Larochele was \$1.17 per lineal foot for grading, curbing and macadamizing Park street from the west line of Third street to the east line of Fourth street, \$1.07 per lineal foot for Park street from the west line of Fourth street to the end of Park street, and \$1.14 per lineal foot for Fourth street from the north line of Palmer's addition No. 2 to the north line of Palmer's addition No. 3. His bid being the lowest, on motion of Alderman Ward, seconded by Alderman Fleury, the following resolution was adopted:

"Resolved, (Three-fourths of the aldermen-elect concurring hereon), That the contract for grading, curbing and macadamizing Park street from the west line of Third street to the east line of Fourth street, and from the east line of Fourth street to the end of Park street, and for grading, curbing and macadamizing Fourth street from the north line of Palmer's addition No. 2 to the north line of Palmer's addition No. 3, be awarded to Eugene Larochele in accordance with his bid therefor; said work to be done in accordance with the specifications therefor and to the satisfaction of the council."

Yeas—Aldermen Asire, Bush, Delf, Donovan, Fleury, Gorman, Gray, Gustafson, Jacobs, Jones, Smith, Shea, Stevens, Tobin, Ward and Werner, the mayor concurring.
Nays—None.

The controller presented two bids for the construction of a sewer in Spruce street from a point 140 feet north of the north line of Arch street, the bid of Michael Flannery was 39 cents per lineal foot of sewer, lamp posts \$1.50 each, and his bid being the lowest, on motion of Alderman Tobin, seconded by Alderman Ward, the following resolution was adopted:

"Resolved, (Three-fourths of the aldermen-elect concurring hereon), That the contract for the construction of a sewer in Spruce street from a point 140 feet north of the north line of Arch street, be awarded to Michael Flannery, in accordance with his bid therefor; said work to be done in accordance with the specifications therefor and to the satisfaction of the council."

Yeas—Aldermen Asire, Bush, Delf, Donovan, Fleury, Gorman, Gray, Gustafson, Jacobs, Jones, Smith, Shea, Stevens, Tobin, Ward and Werner, the mayor concurring.
Nays—None.

Alderman Asire moved that fifteen hundred dollars be transferred from the general fund to the highway fund and fifteen hundred dollars from the general fund to the park and cemetery fund. Carried.

The following bills and claims, having been added by the controller, on motion of Alderman Ward, were allowed and ordered paid:
Robert Hume, expenses incurred from pistol shot wound received while on police duty during firemen's tournament, \$155.63
Gaspard Burr, repairs on City Hall boilers, 7.25
Eugene Henne, drying five dogs to dump, 2.50
James Pickands & Co., coal for City Hall, 130.00
C. Lapier, drying dog to dump, .50
Werner, Schenck Co., fuel anger for City Hall boilers, 5.00
R. G. Holmes, poundmaster's fees Michigan Telephone Co., rent of telephone, 4.50
Napoleon Constance, services at dump, September, 29.00
John Danielson, brooms for City Hall, 1.80
Jus. Doyore, poundmaster's fees, 4.09
Bigelow & Co., stationery supplies, 7.45
Patrick F. Mullaly, special postage, 1.00

A FAIR QUESTION TO ASTHMA SUFFERERS.

WOULD you give two cents or two and a half cents for immediate and positive relief from the exhausting and nerve-racking asthma from which you suffer? One dose of Foley's Honey and Tar is positively and unconditionally guaranteed to give relief, and there are ten doses in a 25 cent bottle—twenty-five doses in a 50 cent bottle.

Foley's Honey and Tar will cure asthma if not too far advanced, and always bring relief. Remember, one dose means relief from the terrible wheezing and choking-up. Is our guarantee worth the price of a trial to you? "Foley's Honey and Tar" is the name. Louise Prickett, 509 Bryan Ave., Danville, Ill., writes: "I had suffered several years with Asthma and after trying a great many remedies I had given up all hope. I was advised to try Foley's Honey and Tar. It immediately stops the coughing spells and I get my breath more freely. It is the only medicine that ever gave me relief."

BANNER SALVE heals all hurts.

Ishpeming and Vicinity.

BOARD AND COUNCIL CLASH.

BOARD OF PUBLIC WORKS REFUSING TO CONSTRUCT A LATERAL SEWER, THE COUNCIL ORDERS THE WORK DONE BY THE SEWER COMMITTEE.

The board of public works and the city council clashed at the regular council meeting Wednesday night. The board refuses to comply with the order of the council directing it to construct the half lot owned by Carl G. Malmgren on Main street with the sewerage system by a lateral sewer. The board stated that it had no right under the charter to do the work. Later in the evening the council passed a resolution which directed that the sewer be laid under the direction of the sewer committee. It is likely that the committee will be enjoined from doing the work when it is started.

The communication from the board of public works was read from the recorder's desk. It stated that "the only authority in the charter for the building of sewers is contained in chapter 9, in which it is provided that the cost of all lateral, branch and local sewers shall be defrayed by special assessment upon all taxable lands and premises included within the sewer district to be affected." Section 9 of said chapter provides that special assessments for the construction of sewers shall be made by the board of assessors in the manner provided in this act for making special assessments, and in chapter 11 of section 6 of the charter it is provided that special assessments to defray the estimated cost of any improvement shall be levied before the making of the improvement.

As none of the above provisions had been fulfilled the board respectfully requested to proceed with the work, reconstructing at the same time that it had constructed similar lateral sewers before it was acquainted with the charter provisions governing in the matter. The council received the communication from the board without display of irritation, and referred it to the sewerage committee. The aldermen were in favor of giving Mr. Malmgren his sewer in spite of the board of public works, and later in the session Alderman Vivian presented a resolution which empowered the sewerage committee to take whatever steps were necessary to complete the work. The ayes and nays being called, the resolution was passed by a vote of 12 to 4.

In accordance with the instruction of the council the committee will proceed to have the work done. It is extremely probable that it will be stopped by injunction on the ground that it has no authority to do it under the charter. Aldermen Chapman, Persons, Connors and Sterling were absent when Mayor Andrews called the meeting to order. The minutes of the regular September and the regular adjourned meetings were disposed of. When the communication from the board of public works on Malmgren's sewer was referred a second notification from that body was read in which Edward Johnson was named for the position of street commissioner.

The antipathy of the aldermen to Mr. Johnson was as strong as it was when his name was first sent in, and he was turned down by a vote of 10 to 5. Alderman Roberts, of the committee on claims and accounts, presented the usual monthly batch of bills. Prominent among the items was \$125.35, the amount due H. O. Young for services in connection with the injunction proceedings brought by Alderman Connors to compel the mayor and aldermen to recognize the vote and the proceedings brought by J. H. Quinn against William Mountjoy to determine the rightful assessor.

Mr. Roberts reported that he had investigated the claim of Julius Foy, who had lost a cow in the Carp river, and he recommended that it be not allowed. The monthly pay rolls of the three departments were approved. As there was some little difficulty in locating one of the pay rolls Mayor Andrews suggested that it should be well if the clerk of the board of public works could get the books in shape, so that the committee could investigate them carefully before the council met.

Alderman Kennedy, of the purchasing and printing committee, reported that the committee had investigated the matter of the Western Union electric clocks and recommended that they should not be put in the city building. The report was adopted. John Kropp, who resides on Arch street, arose and requested permission to address the council. He stated that he had petitioned for an extension of the sewer to his property. He had conferred with Alderman Nichols of the sewerage committee and explained that he did not want the connection from Arch street, as that would bring the pipe too high. He designated a satisfactory way of bringing the sewer from First street. The petition, as approved by the council, provided for bringing the sewer by way of Arch street, which was not satisfactory to Mr. Kropp. The matter was referred back to the committee.

The building and grounds committee reported that it wanted further time for a complete report, but recommended that the work on the ceiling of the city hall be done at once. The aldermen indulged in a series of jokes on the broken plaster. The business being completed, the council adjourned.

HOME FROM THE PHILIPPINES.

E. J. BLACKWELL WILL GET BACK FROM MANILA THIS WEEK.

The many friends of E. J. Blackwell, who has been with the volunteer troops in the Philippines for the last twelve months, will be pleased to know that they will have a chance to welcome him home this week. He is now en route for Ishpeming, having left San Francisco Monday and is speeding here as fast as railroad trains can bring him. He is expected to arrive here today or tomorrow. He will probably spend some time in Ishpeming, although it is possible that he will go right through to Michigan. Where his mother, Mrs. Captain Peters, is now located.

Blackwell has been in the Philippines about a year. He enlisted in May, 1898, at San Francisco, where he went for that purpose after working for several months in the mining districts of the

west. He remained in San Francisco until September, 1898, when his regiment was ordered to the front. The details of his passage to Manila and his first impressions of that city are known to Ishpeming people, as a letter concerning them was published in these columns some months ago.

During the past few months Blackwell has seen much service in the campaign against the Filipinos. His service about Manila has been followed closely by his friends here. As a soldier he was ranked as a worthy man and he was honorably discharged at the expiration of the term of his enlistment. The arduous work of his one year of soldiering made him long for a more peaceful occupation.

Blackwell will be given a hearty welcome back to his home city. His friends are proud of his showing as a soldier, and are eager to meet him and hear of his experiences during his sojourn in the remote archipelago where the starry flag is now the symbol of authority.

WERE MARRIED YESTERDAY.

TWO WELL KNOWN ISHPEMING YOUNG PEOPLE UNITED IN WEDLOCK AT DIVISION M. E. CHURCH.

The wedding of Fred C. Bennett and Miss Sara E. Martin was celebrated yesterday afternoon at 3 o'clock by Rev. S. Polkinghorn at the Division street M. E. church. It was witnessed by a large gathering of friends and relatives of the contracting parties. The interior of the church was tastefully decorated with ferns, palms and ground pine, the work being done by the members of the choir, of which Miss Martin is a member of several years standing.

Professor N. W. Broman played the wedding march. Mr. Bennett was supported by his brother Tom. The bride was attended by her sister, Miss Clara Martin, Little Hazel Martin and Myrtle Dellbridge were the flower girls. The ushers were Ross Rule, John Ralph of Marquette and Will Ninnis and Will Piper of Bessemer. The ceremony was very pretty. At its conclusion the bridal party repaired to the residence of Mr. Thomas Martin, a brother of the bride, where a reception was held during the afternoon until the departure of the 6:25 train, when the happy couple left for a ten days' visit in Milwaukee and Chicago. During the afternoon many friends called to extend congratulations. Both young people are well known here. They will be at home here in about two weeks. Mrs. Captain James Piper was up from Bessemer to attend the wedding.

WEBBER SHOT THE BIRD.

George Voelker is quite indignant over his arrest on the charge of having a dead plover in his possession before the legal season for shooting these birds. He intends to pay the fine and settle the case immediately. The plover was shot by Isaac Webber, who was also arrested for violating the law. Webber admits the shooting and will settle. He did not know it was illegal to kill the plover, not being familiar with the new laws. The shooting was done near Deer lake. Deputy Game Warden Downing was in the vicinity at the time and Webber showed the bird to him. George Voelker states that he did not have a shot gun in his hands. He was near the old furnace when Webber and Downing were together shooting with a rifle. On returning to the city Webber, who lives in a boarding house, gave him the bird. He did not know that it was illegal to shoot the game and took it home. George will settle up but he thinks that it is rather hard that he should be mulcted for a mere technical offense.

HIP WAS DISLOCATED.

William Vivian, son of Alderman Frank Vivian, met with a painful accident Tuesday. He was in charge of a dray which was taking a piano to the residence of J. C. Alschwager on North Third street. His father had requested him to await his arrival at the house before trying to unload the piano. The dray arrived at Mr. Alschwager's residence and when several minutes had passed without his father appearing William Vivian decided to go ahead and unload the instrument without him. He only had two assistants and, as was to be expected, the three men were unable to do the work properly. The piano careened over and fell, catching young Vivian and dislocating his hip. The injury was very painful. He was removed to his home and doctors were called who set the dislocated limb. He suffered much pain during the night. The injury will require careful treatment for some days before the young man can get out.

IS AFTER DAMAGES.

Sam Collins has shut the doors of his Pearl street meat market. He found business very dull and was unable to continue it except at a loss. Tuesday Justice Donahoe's court was taken up with a lawsuit growing out of the closing.

Scott's Emulsion of Cod-liver Oil with Hypophosphites is pure and palatable. For years it has been used for coughs and colds, for consumption, for those whose blood is thin or colorless, whose systems are emaciated or run down.

For children it means health and strength, stronger bones and teeth, and food for the growing mind. Baby gains in weight and thrives when Scott's Emulsion is added to its milk.

SCOTT & BOWNE, Chemists, New York.

Gents, Look Here!

Why Wear poor-fitting, ready-made garments? You know as well as I that you can't get a "hand-me-down" suit to conform to your figure as does a custom-made.

Why Not Wear perfect clothing when it can be purchased just about as cheaply—and it's a great deal cheaper in the long run—as these so much advertised ready-to-wear (?) suits?

I have an extensive line of imported and domestic cloths of beautiful fall and winter patterns that I am making up at extremely low figures. Haven't you better let me fit you out? "Best work for the least money" is my motto.

J. H. Mortley,

The Fashionable Tailor.

Canda Street,

(9-11-10)

Ishpeming, Mich.

ing of the market. About a year ago Collins bought out Messrs. Anderson, Forsberg & Nordstrom, who were conducting the market. He purchased their outfit with the understanding that their trade should be his and that no member of the firm should engage in the meat business here for a year.

Collins claims that the latter agreement has been violated and is suing for \$300 damages. He claims that one of the parties to the agreement engaged in business before the expiration of the term specified, thereby damaging his trade. The case was argued Tuesday but the jury disagreed. A postponement of a week was taken when another attempt will be made to get a verdict. Tuesday's trial was enlivened by hostilities between two local attorneys who appeared as counsel for the contesting parties. Pet names were exchanged which engendered bad blood and one gentleman took a punch at the other with the result that both limbs of the law landed in Justice Donahoe's lap.

NO GAME SATURDAY.

The Calumet football team, which was to meet the local team at Union park next Saturday afternoon, has cancelled its date and there will be no contest at the grounds. The Calumet team is understood to be so lacking in practice that it did not wish to meet the local men until later. The telegram announcing that the team would not be here caused much disappointment, as it knocks out all chance for a game Saturday. Mr. Ne-Collins telegraphed in all directions to endeavor to get a game but no team with an open date could be found. The loss of Saturday game is particularly vexatious, as the weather has been wretched for the last two games and the attendance light as a consequence. It was expected that a large crowd would be out Saturday and that the association would make some money. Owing to the fact that interest in the game has been lukewarm, in some of the peninsula cities the authorities at the state university have cancelled the schedule of championship games which was first arranged and will dictate all further dates for the eligible teams. This proceeding destroys the last of Ishpeming's victory over Ironwood last Saturday.

TO CURE A COLD IN ONE DAY take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

ISHPEMING IN BRIEF.

D. F. Morgan of Republic was here yesterday. E. L. Parmenter of Menominee was here yesterday.

F. P. Tilton has returned from a two weeks' visit in lower Michigan. Sam Meyers, manager of the opera house at Munising, was here yesterday.

The Country club held its regular meeting Tuesday. An enjoyable outing was had.

Mrs. F. P. Tilton returned Wednesday from a two weeks' trip in lower Michigan.

Sam Blumenthal returned yesterday from an extensive purchasing trip in Milwaukee and Chicago.

Mr. and Mrs. E. C. Cooley entertain this evening at their home. Cards will furnish the amusement.

D. and Mrs. Conley have returned to the city after an extended visit with relatives in the lower part of the state.

George Tucker and wife were up from Marquette yesterday to attend the marriage of Fred Bennett and Miss Sara Martin.

Copper quotations gave way to bulletins from the international yacht race yesterday. They attracted crowds to the brokers' offices.

George Thoney and family left the city Tuesday evening for a ten days' trip to Chicago, where they will help celebrate the fall festival.

John E. Lindom, the second hand man at the corner of Pearl and Second streets, has a fine line of new and second hand cooking and heating stoves.

Bert Duchaine of Negaunee is doing considerable work on chimneys here these days. He is in great demand. Orders left at Joachim's store will receive prompt attention.

Robert E. Gibbon stopped over here yesterday on his way to Duluth. He was located at Negaunee years ago but it has been fifteen years since he has visited this section. He is in the insurance and surety bond business.

Kimmel and Dellin, the Cleveland avenue tailors, have dissolved partnership. Mr. Dellin has retired from the firm. The business will be conducted at the old stand by Mr. Kimmel, who hopes to see all his old customers.

C. L. Anderson has his men at work on a trench to drain the land which he is about to explore near the old Saginaw and Goodrich mines. The land is low and much water will have to be drained off before effective exploring can be done.

past ten weeks, have left for Ohio, where they will spend a short time before leaving for Lake Maitland, Florida, their home.

HARRY A. FARRAN was here yesterday in advance of "Pinnegan's Ball," which will be presented here by the great comedy team, Murray and Mack, next Thursday night. This is one of the best attractions that will be here this season. A particularly fine line of advertising paper is put out.

A party of prominent mining and railroad men spent Wednesday here. They arrived Tuesday night on a special train; President Hewitt, of the Northwestern road, and L. C. Hanna, of Cleveland, a brother of Senator Mark Hanna, were among the party, which spent Wednesday looking over local scenery and mines.

The line up of the Houghton team which is worrying so because it can't meet the Ishpeming high school football men has been published. It includes Yale and Michigan men and representatives of other big schools. E. T. Bolton, formerly guard on the team representing the Chicago Athletic association will coach it. This is the combination that is kicking up a row because it cannot meet the local high school boys.

You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. The Stafford Drug company will refund your money if you are not satisfied after using it. It is everywhere admitted to be the most successful remedy in use for bowel complaints and the only one that never fails. It is pleasant, safe and reliable.

Consumption Cure—Warner's White Wine of Tar Syrup, the best cough remedy on earth, cures a cold in one day if taken in time. 25 and 50c's.

FOR SALE—House and lot at 215 South Fourth street; nine rooms in house. For particulars inquire of Mrs. Joseph Bowden, corner Empire and Maple streets. (10-4-10)

FOR SALE—House and lot at 205 Houghton street for sale. Was the property of the late James Connel. Apply to REV. J. M. LANGAN. (9-29-10)

FOR RENT—Commodious room, heated by hot water. Apply to Columbian furniture store. (9-1-10)

On Account... of my limited store space I will have no formal fall millinery opening. My customers can find me at 219 Pearl street with the

Latest Pattern Hats and Fall Novelties. My trimming facilities are unexcelled. I have no exorbitant rents to pay and my patrons get the benefit. My goods are all open for inspection and I would be pleased to receive all interested in fall millinery.

Mrs. A. Deadman, 219 Pearl Street. (9-4-10)

Have Your Fur Garments MADE TO ORDER. John Blomberg has a fine assortment of skins. He is an expert tailor of Ladies' Fur garments of the latest styles. Collarets, Muffs and Capes are his specialty. Get a fine line of gentlemen's coats. Drivers should look over his cheap coats before the winter sets in. Repair work of all kinds carefully looked after and alterations made in garments which gives them an up-to-date appearance. Pressing and cleaning also done. Style, fit and durability guaranteed.

John Blomberg, 118 Main Street. (9-9-2m)

Friday, Saturday, Monday, Sept. 29, 30 and Oct. 2, MRS. T. F. DONAHOE

Will Hold Her Fall Millinery Opening. She has Miss Rorcher as a trimmer who worked in the French pattern department of a big Chicago store. Her patterns are numerous and beautiful. She is better prepared than ever to look after her customers. Visit her before selecting your new head gear. All are cordially invited to the opening.

MRS. T. F. DONAHOE, Main Street. (9-28-2m)

RECEIVER'S SALE.

THE PROPERTY OF THE ROPES GOLD & SILVER COMPANY FOR SALE.

Take notice, that whereas, under and by virtue of an order of sale made by the circuit court for the county of Marquette, in chancery, on the 27th day of June, 1899, as supplemented by an order of said court made on September 18, 1899, in cause then pending in said court wherein the Atlantic Dynamite company is complainant and the Ropes Gold and Silver company is defendant, the receiver of all and singular the property of the said Ropes Gold and Silver company, therefore appointed by said court to have and receive all the property of said company and abide the further order of said court, was duly authorized and empowered to sell the mine, silver plant and real estate of the said company situated in the township of Ishpeming, in the county of Marquette and state of Michigan, and all the personal property of said company wherever the same may be found and situated, on certain terms and conditions in said order set forth for the purpose of paying the debts of said corporation mentioned in said order, together with the costs and expenses of said sale and all the expenses of said receivership, subject to the approval of said court.

FRAGILE BUT WORTH THOUSANDS.

A woman who had an Arabic glass cup of the fourteenth century and did not know its value took it to the British museum. After due consideration the expert, to her surprise, said that, though the museum did not want it, it might be worth \$2,000. The woman shuddered because she had been carrying in a crowded London omnibus, a bit of glass worth so much money, and it had miraculously escaped smashing.

Finally, wanting money more than Arabian glass, she sent the object to an auctioneer. Fancy her amazement when, starting at \$2,500, the Arabic cup went by leaps and bounds, and was finally knocked down for the nice sum of \$5,500.

Actually the Arabic cup was worth very much less, but it so happened that there were two rivals at the auction, who bid against each other—China, Glass and Lamps.

Now, therefore, in pursuance with said order and for the purpose mentioned therein, I, Benjamin W. Wright, the receiver mentioned in said order, hereby offer for sale and will sell at public vendue upon proper and sufficient bid or bids received therefor, subject to the confirmation of the court, the following described property, viz: All that piece or parcel of land situated, lying and being in the township of Ishpeming, in the county of Marquette and state of Michigan, known and described as the south half of the northwest quarter of section twenty-nine (29), in township forty-eight (48), north of range twenty-seven (27) west, together with the stamp mill, machinery, engines, boilers, mill buildings, shops, shaft houses, dwelling houses, supplies, tools, wood and coal used or stored in and about the mine of the said Ropes Gold and Silver company, said premises, together with all of the other property of the said Ropes Gold and Silver company on said premises, together with all the other property of said company, together with the same nature and wherever the same may be found, together with the realizations and appurtenances thereunto belonging or in any way appertaining.

On the 10th of December, 1897, Rev. S. A. Donahoe, pastor M. E. church, South Pt. Pleasant, W. Va., contracted a severe cold which was attended from the beginning by violent coughing. He says: "After resorting to a number of so-called 'specifics,' usually kept in the house, to no purpose, I purchased a bottle of Chamberlain's Cough Remedy, which acted like a charm. I most cheerfully recommend it to the public." For sale by The Stafford Drug Company.

WARNING.

We warn the trade that certain unprincipled salesmen try to sell an imitation of our famous FOUNTAIN BALTIMORE RYE, holding out as an inducement to the customer large profits for him to deceive the public. Kick these vintures of trade out, as their goods, like themselves, are vile. They only get you into trouble, as we will protect the public from this base fraud and our FAMOUS BRAND AT ANY COST. Crown Distilling Company.

DRINK GRAIN-O after you have concluded that you ought not to drink coffee. It is not a medicine but doctors order it, because it is healthful, invigorating and appetizing. It is made from pure grains and has that rich seal brown color and tastes like the finest grades of coffee and costs about 1/4 as much. Children like it and thrive on it because it is a genuine food drink containing nothing but nourishment. Ask your grocer for Grain-O, the new food drink. 15 and 25c.

In and About Negaunee.

BRIDAL COUPLE SERENADED.

HARVEY PEARCE AND HIS BRIDE SENT OFF WITH SONG WEDNESDAY NIGHT.

The marriage rites in the nuptials of Harvey Wright, superintendent of the Negaunee and Ishpeming street railway company, and Miss MacGregor, daughter of Captain Charles MacGregor, now located at Iron Mountain but formerly a resident of this city, were performed by Rev. Genung Wednesday evening before a small number of the friends and relatives of the contracting parties. The wedding was a quiet and unostentatious affair. After the ceremony the evening was spent in informally receiving the congratulations of friends until the departure of the 11:20 passenger for Duluth.

The contracting parties are well known in the Twin Cities, particularly Mr. Pearce, who has managed the Negaunee & Ishpeming street railway for several years. The couple received many handsome gifts, prominent among which was a couch presented with the compliments and best wishes of the employees of the street car line.

The young men at the Breitung house who have known Mr. Pearce, in varying degrees of intimacy, during the past few years, gave him a good send-off when he took the 11:20 train for a bridal tour of ten days to Duluth, St. Paul and Minneapolis Wednesday night. They made their way to the depot where, with the aid of a couple of musical instruments, they gave the departing couple a jolly old-fashioned wedding serenade. "Harvey's a jolly good fellow" and "songs of a similar character were sung with a vigor that rent the air. The passengers on the train were made aware that something out of the ordinary was happening. But Harvey got ahead of the boys in one respect. There was no tinkering with his baggage. He thought that some wag might be tempted to decorate it so he had it moved to the house where the marriage ceremony was performed and from there to the depot. One wag who had prepared a satchel which he hoped to trade for that belonging to the groom was frustrated in his design, greatly to his disappointment. Mr. and Mrs. Pearce will reside here in the future, taking a suite of rooms at the Breitung on their return from their wedding tour.

ONE ON A NEGAUNEE MAN.

A Negaunee man who took advantage of the cheap excursion rates to Detroit a few days since told The Mining Journal a story on himself recently with the understanding that his identity would be kept secret. The excursion rates drew great crowds from all over the peninsula. The trains to St. Ignace were crowded. At that point the passengers were transferred to steamers, which carried them from there to Detroit. The trip down was uneventful except for fearful crowding. The weather was fair and the landmen suffered little discomfort. As the time limit on the tickets approached the traffic homeward was great. Boats carried the excursionists from Detroit to St. Ignace. The weather did not compare favorably with that enjoyed on the trip down and to put it mildly, it was very rough. At times the sea ran extraordinarily high. Then it was that the landmen regretted leaving their firesides. Many were sea sick and their sufferings were quite appalling. One Negaunee man conquered his nausea and proceeded to enjoy himself at the expense of his unfortunate fellow passengers until he was squelched by the hero of this episode. At one time the rail was lined with victims. He approached a gentleman with whom he was slightly acquainted, who was holding a place of vantage near the side of the boat. He accosted him with the words, "What's the matter, old man? You're looking rather sick. I feel sorry for you. You must have a weak stomach." The victim turned to him with an unutterable look and retorted, "Weak stomach, you chump! Ain't I throwing as far as any one?" The Negaunee man was settled and he sedulously refrained from jolting sick passengers for the remainder of the trip.

A NARROW ESCAPE.

Thankful words written by Mrs. Ada E. Hart of Groton, S. D. "Was taken with a cold which settled on my lungs; cough set in and finally terminated in Consumption. Four doctors gave me up, saying I could live but a short time. I gave myself up to my Savior, determined if I could not stay with my friends on earth, I would meet my absent one above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me, and thank God, I am saved and now a well and healthy woman." Trial bottles free at The Stafford Drug Co. Regular size 50c, and \$1.00. Guaranteed or price refunded.

BATHS, BATHS, BATHS.

If you want solid comfort and satisfaction smoke the "Challenge" cigar. It's the very best on the market for 10 cents. (5-12-10)

Lower Michigan News.

A man fell from a train at Grand Blanc early Tuesday morning and was instantly killed. From papers found in his pockets it was learned that his name was George B. Plummer, but nothing could be gleaned from them as to where he belonged.

Myron O. Slanker, who was injured by a race horse bolting into the crowd and falling upon him at the street fair at Stanton on Sept. 22, died Tuesday afternoon. He was commander of the Macomber tent at Stanton and a prominent farmer. He leaves a widow and three daughters.

Mrs. Margaret Yates of Battle Creek was one of the passengers on board the wrecked ocean steamerly Scotsman, but was among the saved and reached her home at Battle Creek Tuesday. She was the oldest lady on board, being seventy, and was returning from a four months' visit with relatives in England. She suffered terribly from exposure and tells a thrilling story of the wreck. She was robbed of her valuables by the drunken crew.

A tramp called at the home of L. K. Corbus at Howard City Tuesday afternoon and demanded something to eat. Being refused he drew a big knife and threatened to kill the whole family. There were only women and children in the house at the time and this emboldened the ruffianly hobo. The mother of Mrs. Corbus got out of the house and gave the alarm and the tramp is now living on jail fare. Several knives and razors were found on his person.

Mrs. William Holsinger, wife of the convicted burglar of that name who was in the plot to break jail at Kalamazoo, has given up the scheme by which he and his pals came so near making their escape. She says she wrote to the stenographer for Talbot & Talbot, attorneys at South Bend, inclosing a letter to them, and had files and wrenches sent to Miss Lulu Bentley of Kalamazoo. She secreted them and gave them to the prisoners in the jail cage from the corridor. The prisoners in the cage are accused of the Richland bank robbery and are clients of Talbot & Talbot.

Some days ago a family moved into a house at Bay City that had been vacant three months. All of the doors were found unlocked, excepting that of an upstairs room, which refused to open under the key. A ladder was procured and an entrance effected through a window. The door was found nailed and barred. The room was filled with new furniture, including dining room and bedroom suits, tables, chairs, mattresses, apparently right from the factory. The matter was reported to the police, but as yet no solution has been found for the mystery. The family that formerly occupied the house moved out in the night.

Three prisoners broke out of the jail at Cadillac Monday night about 12 o'clock. They are Charles Stark, awaiting trial for picking pockets; Bert Wickwire, of Mt. Pleasant, serving a ninety-day sentence for larceny, and Clarence Hummond Sherman, serving sixty days for larceny. They dug through a brick wall at the back of the jail. Sheriff Troy was awakened by the neighing of a horse, suspected something, and on investigating found the prisoners gone. They were in the barn at the time preparing to take a horse, but took alarm and fled. Officers are scouring the country, but no trace has been found as yet. It is evident that the prisoners had outside help, and arrests may follow.

Mrs. Anna Cudeback and her daughter-in-law, Mrs. Fred Cudeback, were struck and instantly killed by a passenger train on the Chicago & West Michigan road at Grand Rapids Tuesday afternoon. The women were farmers' wives and lived five miles north of the city. They had been in town shopping and were driving a single horse. When they approached the track their attention was occupied by a switch engine which was standing still, but which was frightening the horse, and they did not notice the southbound passenger train coming down the track at high speed. They were struck with such force that the buggy was smashed to splinters, the horse thrown forty feet and the women still further. They were badly mangled and probably died instantly. It was an hour before they could be identified, and well along into the evening when their waiting husbands learned of the tragedy. Both women had families.

GIVE THE CHILDREN A DRINK called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves, and children, as well as adults, can drink it with great benefit. Costs about 1/4 as much as coffee. 15 and 25c.

State of Ohio, City of Toledo, Lucas County, ss.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and state aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FISH EGGS BY MILLIONS.

New York Lakes Being Restocked With Trout Raised from Lake Superior Fry.

EMPIRE STATE FISH COMMISSION'S MEN WORKING HERE.

Method of Taking and Caring for the Eggs—How They are Packed and Shipped. Private Hatchery After Brook Trout Spawns.

EMBRYO FISH WHICH WILL TRAVEL FAR.

The spawn collectors of the New York fish commission have begun their fall work out of Marquette and other ports along Lake Superior. There are thirteen men altogether engaged in the work.

ON A LARGER SCALE.

Captain Rose was up here a year ago collecting spawn for the New York fish commission but his operations were not so extensive as they will be this year. He has men stationed at Marquette, Houghton, Munising, Sault Ste. Marie, Keystone, Michipicoben, Caribou, Lizard Islands, and Brule harbor.

KEPT MOIST AND COOL.

When the tugs have finished their day's catch and come in the spawn collector takes the eggs he has secured and packs them into little trays. These trays have no tops but are bolted with soft cotton flannel.

OF UNTOLD VALUE.

The information contained in this Citizen's Statement is priceless. The hale, the hearty, the strong can afford to toss this paper to one side impatiently when they read the following.

OF UNTOLD VALUE.

The hale, the hearty, the strong can afford to toss this paper to one side impatiently when they read the following.

OF UNTOLD VALUE.

Mr. Theo. Farrell of 411 Wells avenue, Escanaba, engineer on the Northwestern, says: "The majority of men who follow my calling suffer from backache. In some cases like myself they are a long time on the road before the symptoms develop. In others the jarring and swing of the cab brings on attacks much sooner. I watched the action of my kidneys carefully and had a specially constructed seat on the engine to counteract its effects.

OF UNTOLD VALUE.

Just such emphatic endorsement can be had right here in Marquette. Drop into the Stafford Drug Co. and ask what their customers report.

hatcheries in the state, but the main one is at this point and the eggs will be distributed from there to the hatcheries which are to assist in the propagation.

AFTER BROOK TROUT SPAWN.

At the same time the lake trout eggs are being gathered the spawn of brook trout will also be taken by other egg collectors, the agents of a private hatchery in this state.

LAUGHTER GALORE.

Davidson Stock Company in "The Sultan's Daughter" Pleases Audience.

The Davidson Stock company was seen at its best last night in a rollicking light comedy called "The Sultan's Daughter."

The piece is an adaptation of the old Pygmalion-Galatea idea, but instead of being a statue which comes to life it is literally the speaking likeness of the Sultan's daughter.

WHAT A SOLDIER SEES.

Marquette Bluecoat Describes the Natives and Filipino Life as They Appear to Him.

SEVEN TRIBES BUT ONLY ONE IS IN THE FIELD.

Filipino Gentleman Has His Pants Creased on the Side—Native Tobacco Cheap but Something Awful—Eccentric Beast of Burden.

LETTER WRITTEN BY JAMES CAMERON.

James Cameron, a Marquette boy who is serving with Co. E, Third United States Infantry, in the Philippines, has written to a friend here giving an interesting account of the life of a soldier in the far away colonial possessions of the United States.

SOLDIERS' ROUTINE.

"At 5:45 in the morning is the first call for reveille, and at 6 o'clock we have assembly for reveille. Immediately after we have breakfast. At 7 a. m. is sick call and at 7:30 is fatigue call.

"I believe these people are as far behind the times as are the Chinese. They are a puzzle to me and I guess to everybody else. They keep their persons very clean yet their place of habitation is a very filthy place indeed.

"The men dress in white which suits their color very well, and their trousers are so rolled that the crease is on the side instead of on the front. The covering for the upper part of the body consists of a white jacket, or, I should say, shirt. This shirt is over the trousers outside. They wear slippers which have no heels and do not wear socks.

"Women and men are all alike, and they are getting whipped in every manner and from every corner. They are getting whipped badly but they don't know enough to stop.

"The principal food of the poorer classes is rice, fish, mangoes and a soup made from the intestines of pigs and cattle. They do not use knife, fork or spoon, but everything is taken into the hand and thus conveyed to the mouth.

"You may hear lots about the famous Manila tobacco, yet it is no earthly good; it can hardly be called tobacco. Cigars and cigarettes are as cheap as can be. One can get either for a cent or two; sometimes from one to five cents.

"The principal food of the poorer classes is rice, fish, mangoes and a soup made from the intestines of pigs and cattle. They do not use knife, fork or spoon, but everything is taken into the hand and thus conveyed to the mouth.

opening which was quoted at \$75, 17s. 6d.; the close the previous night was \$75, 18s., 9d.

Palme, Webber & Co. sent their local branch yesterday the following concerning the Boston market:

"Boston, Oct. 5.—London was quiet this morning spot opening off 1s. 3d., futures unchanged; closed spot off 3s. 9d., futures off 2s. 9d. This has been one of the dullest days for copper stock this year. Up to 12:30 p. m. but 1:37 s'ares changed hands, the most active being Bingham. While the market has been dull all day for coppers and only a few stocks have been dealt in, prices have held fairly strong.

War news came stronger yesterday and as a consequence wheat reacted slightly, so far as the deferred future was concerned. December held steady at 73 1/2, but May advanced 1/2 to 76 1/2.

R. Jones & Co., the Chicago correspondents of Fred Jones, sent the following on the wheat market yesterday:

"Chicago, Oct. 5.—Yesterday morning cables came lower and our market closed a cent lower; this morning they came 1/2 higher and this market opened up correspondingly. Liverpool's close, however, showed nearly all the unusual early advance of 1/4d. at best zone. Evidently English markets are fluctuating nervously with the war rumors.

Extensive repairs are being made in Peter Boyers' at the corner of Front and Superior. A new wall which will prevent the water from flooding the place as it has done every big storm lately.

Joe Archambeau has sold his house to John Gustafson, who will take immediate possession, while Mr. Archambeau packs up and moves to the copper country, where he expects to embark in business for himself.

Three licenses to wed were issued by County Clerk Ross yesterday. The licensed parties were: Matt Neimi, Jr., and Mrs. Marie Hellemilla, both of Republic; William A. Furnis of Gladstone and Tillie Robinson of West Branch; and Henry Johnson and Mrs. Mary A. H., both of Palmer.

Considerable excitement was occasioned here yesterday by the report that the excursion steamer Grand Republic had sunk with 2,000 witnesses of the international yacht race on board. Had the news proven true it would have taken rank as the greatest marine disaster in modern history.

Beautiful women everywhere owe their matchless loveliness to the use of Rocky Mountain Tea. Plain women made attractive by this great remedy. The Stafford Drug Company.
