WASHINGTON'S LOVE MAKING.

was warmed by the blaze of a spluttering log fire, which was the best that could be provided in those days. With Martha's good sense she would be sure to lay in a supply of Cannel coal if she were living today, and cheer George's presence with its comfortable glow on a cold night. There is no coal mined that can equal Schuykill for heating or cooking.

GREAT BRITAIN GETS AN ULTIMATUM!

Transvaal Demands the Instant Withdrawal of the Troops from the Frontier.

INCIDENTALLY SEIZES AND FORTIFIES SEVERAL PASSES

Should a Favorable Reply Not Be Received by 5 O'Clock Today the Republic Will Regard It as a Declaration of War.

Newcastle, Natal, Oct. 11.—A telegram received from the government says war with the Transvaal probably will begin tonight (Wednesday); that the premier has felt it his duty to warn the people. A public meeting was held, and it was decided to leave the matter in the hands of the corporation.

Cape Town, Oct. 10.—The Transvaal has sent an ultimatum to Great Britain.

TEXT OF THE DEMANDS.
London, Oct. 10.—The Transvaal ultimatum has been received. It says that Great Britain's "unlawful intervention in the internal affairs" of the Transvaal by the "extraordinary strengthening of her troops on the border" of the Transvaal has caused an intolerable condition and obliges the Transvaal, in the interests of all of South Africa, to demand assurances on four points:

- 1. First—That all differences be arbitrated.
- 2. Second—That all troops be instantly withdrawn from the borders of the Transvaal.
- 3. Third—That all the troops sent to South Africa since July 1 be removed.
- 4. Fourth—That the troops now on the way shall not be landed.

To these demands a favorable answer is required not later than 5 o'clock p. m. tomorrow, in default of which the Transvaal will "be compelled to regard the action of her majesty's government as a formal declaration of war and will not hold itself responsible for the consequences."

COUNTER ULTIMATUM.

The Westminster Gazette says: "We learn from trustworthy sources that the British government also dispatched a note containing stringent demands which must have crossed the Boer ultimatum. Diplomacy thus has said the last word, and the last word on each side is for demands to which the other is not likely to yield."

In addition to the momentous news of the ultimatum, received this morning, came the announcement that the Boers had constructed forts commanding Living's Nek, and that guns had been mounted on Mount Pogwane and Mount Prospect.

DELAGOA BAY GOBBLED.
It is reported that at the coming session of parliament a formal announcement will be made of the cession of Delagoa bay and the surrounding territory by Portugal to Great Britain. The price is said to be forty million dollars.

NONE OF ENGLAND'S BUSINESS.
WARM NOTE FROM THE BOERS DENYING ALL RIGHT OF IMPERIAL INTERFERENCE.

London, Oct. 10.—Late this afternoon the colonial office gave out the following telegram from Sir Alfred Milner, British high commissioner in South Africa to the secretary for the colonies, received at 6:45 this morning:

"The government of the South African Republic feels itself compelled to refer the government of her majesty, the queen of Great Britain and Ireland, once more to the convention of London of 1884 concluded between this republic and the United Kingdom, and which in Article XIV, secures certain specified rights to the white population of this republic, namely: That all persons, other than natives, on conforming themselves to the laws of the South African Republic:

- "A—Will have full liberty, with their families, to enter, travel or reside in any part of the South African Republic.
- "B—They will be entitled to hire or possess houses, manufactories, warehouses, shops and other premises.
- "C—They may carry on their commerce either in person or by any agents whom they may think fit to employ.
- "D—They shall not be subject, in respect to their premises or property or in respect to their commerce and industry, to any taxes other than those which are or may be imposed upon the citizens of said republic.

NO GROUND TO MEDDLE.
This government wishes to further observe that they are the only rights her majesty's government reserved in the above convention with regard to the outlander population of this republic, and that violation only of those rights could give that government the right to diplomatic representations or intervention; while, moreover, the regulation of all other questions affecting the position or rights of the outlander population, under the above mentioned convention, is handed over to the government and representatives of the people of the South African republic.

which fall exclusively within the competence of this government and the volksraad are included those of the franchise and the representation of the people in this republic; and, although this exclusive right of this government and volksraad for the regulation of franchise and representation of people is indisputable, yet this government has found occasion to discuss, in friendly fashion, the franchise and representation of the people with her majesty's government without, however, recognizing any right thereto on the part of her majesty's government. This government has also, by the formulation of the now existing franchise law and by the resolution with regard to representation, constantly held these friendly discussions before its eyes.

THREATS ANGER THE BOERS.

"On the part of her majesty's government, however, the friendly nature of these discussions has assumed a more and more threatening tone; and the minds of the people of this republic and the whole of South Africa have been excited and a condition of extreme tension has been created owing to the fact that her majesty's government could no longer agree to the legislation respecting franchise and the resolution respecting representation in this republic; and, finally, by your note of Sept. 25, 1899, which broke off all friendly correspondence on the subject, and intimated her majesty's government must now proceed to formulate her own proposals for final settlement."

"This government can only see in the above intimation from her majesty's government a new violation of the convention of London of 1884, which does not reserve to her majesty's government the right to interfere in the settlement of a question exclusively a domestic one for this government and which already has been regulated by this government. In view of the strained situation and the consequent serious loss and interruption of trade in general which the correspondence respecting the franchise and representation of the people of this republic carried in its train, her majesty's government recently pressed for an early settlement, and finally pressed, by your intervention, for an answer within forty-eight hours. The demand subsequently was somewhat modified, to your note of Sept. 12, replied to by the note of this government Sept. 15, and to your note of Sept. 25; and thereafter further friendly negotiations were broken off, this government receiving an intimation a proposal for final settlement would shortly be made."

WHY THE MOBILIZATION.
"Although this promise was once more repeated the proposal up to now has not reached this government. Even while this friendly correspondence was still going on, an increase in troops on a large scale was introduced by majesty's government, troops being stationed in the neighborhood of the borders of this republic."

"Having regard to occurrences in the history of this republic, which it is unnecessary for her call to mind, this republic has felt obliged to regard this military force in the neighborhood of its borders as a threat against the independence of the South African Republic, since it is aware of no circumstances which would justify the presence of such a military force in South Africa and in the neighborhood of its borders."

WEAK EXPLANATION.
"In answer to an inquiry with respect thereto, addressed to his excellency, the high commissioner, this government has received, to its great astonishment, in answer a veiled insinuation that from the side of the republic an attack was being made on her majesty's colonies, and at the same time a mysterious reference to possibilities, whereby this government is strengthened in its suspicions the independence of this republic is being threatened."

"As a defensive measure this government is therefore obliged to send a portion of the burghers of this republic in order to offer requisite resistance to similar possibilities."

PRINCE OF WALES NOTIFIED.
GRAVITY OF THE SITUATION SHOWN BY THIS ACTION, TAKEN ONLY IN SPECIAL URGENCY.
London, Oct. 10.—The ultimatum of the Transvaal government naturally is the all absorbing topic of conversation at the clubs and in political circles tonight. The feeling expressed is that the Boers had made a mistake, as their forcing matters would tend to alienate the sympathy which might have been extended to them had they thrown the stigma of declaring war on Great Britain.

iving this morning was sent with all speed to Lord Salisbury, who came to town this afternoon, and a dispatch box was sent to the Prince of Wales, which is only done in cases of special urgency.

WARSHIP AT LORENZO MARQUEZ.
The Portuguese minister to Great Britain called at the foreign office this afternoon and had an interview with Lord Salisbury. His visit naturally was connected in the public mind with the alleged purchase by Great Britain of Delagoa bay.

A dispatch tending to confirm the reports of this purchase comes from Lorenzo Marquez. It states that the British third-class cruiser Philomel is anchored fifteen miles off port, supposed to be waiting for the arrival of transports, and that the warship is to pilot them into the harbor. It is quite certain that the transports would not go to Lorenzo Marquez unless the British were about to fly their flag over the port.

MUCH MUNITIONS SHIPPED.
The war preparations by Great Britain are being pushed with the greatest energy. Woolwich arsenal has already forwarded to South Africa over three million cartridges for rifles and machine guns, and the reserves continue to respond eagerly to the mobilization proclamation.

The cabinet has been summoned to meet at the foreign office Friday.

LOUISIANA TOWN FIRE-SWEEP.

PROPERTY WORTH \$200,000 IS DESTROYED AT NEW IBERIA.

New Iberia, La., Oct. 10.—This evening a fire which originated in Estorago's drug store by an explosion of a lamp destroyed a large section of the business portion of the city, extending from Iberia street to Julia street along Main and from Main to St. Peter street. The loss is estimated at \$200,000.

COSTLY WORK OF FIRE BUGS.

Mojave, Cal., Oct. 10.—Fire, supposedly incendiary, last night almost totally destroyed the business portion of this town, causing a loss estimated at \$50,000, with light insurance.

Carbondale, Ill., Oct. 10.—Seventeen business places, embracing a large portion of Makanda, seven miles south, were destroyed by fire today, entailing a loss of over \$60,000. Two persons were injured by falling walls. The fire is supposed to be incendiary.

WISCONSIN FORESTS BURNING.

Oconto Falls, Oct. 10.—Furze fires are raging in this vicinity, to an alarming extent. Six farm houses have been burned and a large amount of hay and miles of fences consumed.

DEMOCRATS CARRY INDIANAPOLIS.

TAGGART WINS FOR MAYOR BY A SMALL MAJORITY.

Indianapolis, Oct. 11.—At an early hour this [Wednesday] morning the result of the mayoralty contest seems to be the election of the Democratic ticket by a majority of 609 to 1,000. The Journal (Republican) is inclined to concede the election of Taggart, but claims the remainder of the city ticket. The leading issue was the enforcement of the laws. At 1 o'clock the Republican committee says Taggart is elected and the Democratic newspaper offices claiming victory anywhere from six to fifteen hundred.

CHATTANOOGA REPUBLICAN.

Chattanooga, Tenn., Oct. 10.—Joseph Wasman, Republican, was elected mayor today by a plurality of thirty-seven. The Democrats elected six out of the eight aldermen.

FUSION IN MASSACHUSETTS.

Boston, Oct. 10.—The state executive committee of the People's party today endorsed the platform adopted at the recent Democratic convention.

DEWEY IN HIS NATIVE STATE.

CITIZENS OF SHELBOURNE WELCOME THE VERMONT ADMIRAL.

Shelburne, Vt., Oct. 10.—Admiral Dewey and party arrived here shortly before 5 o'clock this afternoon and were driven at once to Dr. Webb's residence. Three thousand persons gave him an enthusiastic reception at the depot.

HIS FLAGSHIP AT BOSTON.

Boston, Oct. 10.—The cruiser Olympia arrived in harbor this afternoon and dropped anchor off the Charlestown navy yard. The exchanges and banks will be closed Saturday on account of the Dewey celebration.

STRIKE AT PANAMA SETTLED.

MINERS WIN THEIR POINT AFTER TWO-YEARS STRUGGLE.

Pana, Ills., Oct. 10.—The population is rejoicing tonight over the settlement of the great strike of miners which has extended over two years, the two days conference between the mine operators, and state and local union mine officials having resulted in an amicable adjustment. A 40-cent scale is to be paid and the union thoroughly recognized. Four mines will resume operations at once.

CHADWICK GIVEN A SWORD.

W. VA. CITIZENS HONOR THE CAPTAIN OF THE NEW YORK.

Morgantown, W. Va., Oct. 10.—In the presence of twenty-five thousand people, Governor Atkinson, on behalf of the people of the state, today presented a sword of honor to Captain French E. Chadwick, who commanded the cruiser New York during the Spanish-American war. Admiral Sampson was among the guests present.

FATAL POWDER EXPLOSION.

TWO MILLS OF THE AETNA CO. AT MILLERS, IND., BLOW UP.

Chicago, Oct. 10.—With a detonation felt for many miles distant two of the powder mills of the Aetna company's works near Millers, Ind., blew up tonight. Two employes are missing.

MARQUETTE, MICH., OCT. 11.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

While attending the Dewey reception at Washington Governor Pingree met and had an informal chat with Mark Hanna, and was evidently favorably impressed with him. "He's good-natured and jovial," the governor says, "and reminds one of Tom L. Johnson." Coming from the governor, that is high praise for Hanna.

The New York Herald estimates that, including railroad fares, the people who visited New York to witness the ceremonies attendant on the Dewey reception paid \$20,000,000 for the pleasure and gratification the excursion afforded them. We trust they all feel that they got the worth of their money. New York is satisfied, at all events. It was a fat rake off for the Gothamites.

Those are harrowing tales that come to us through British channels concerning the brutal treatment fugitives from the Transvaal are being subjected to by the truculent Boers, but it will be safe to wait until there is some confirmation of them before giving them full credence. The Dutch are bad men in a fight but they have never had the reputation of being savages in their treatment of helpless women and children.

Statistics on new railway mileage constructed during the nine months of the current year ended September 30, collected by the Railway Age, place the total of 2,700 miles. Half of this was built during the last three months of the year. There are several hundred miles of road now under construction, but the work lags somewhat in consequence of the difficulty experienced in securing the labor needed to push it vigorously; still the showing for the year is going to be very good. The mileage built this year to date exceeds that of any full year since 1882, and the Age estimates that the total for the year will reach 4,000 miles if fairly favorable weather prevails during the closing months.

David Mills, the Canadian attorney general and minister of justice, is reported from Victoria, B. C., as having discussed the Alaskan boundary question in the course of a speech there, taking as his text, "What We Have We'll Hold." He insisted that the contention of the Americans is utterly without foundation in justice, and declared that Canada will not abandon her claim to the territory which, he said, we are seeking to unjustly deprive her of. We are unwilling to arbitrate, he declared, through fear that the decision of any board of arbitration to which the matter in dispute might be left would be sure to be against us. His remarks were quite truculent and indicate that the Canadians are not disposed to relinquish anything of their claims relative to the boundary line.

Despite the greatly increased production of gold for several years past there is still a tremendous scramble for it by all the nations of the world which are extensively engaged in commerce, and every now and then one or another of them experiences a shortage of it which is met by the adoption of expedients to coax it back. Never did those who are seeking for a process by which gold can be artificially produced have a greater incentive for their exertions than now, and yet they are not making any progress toward the attainment of the desired end, apparently. If people want gold they must dig it out of the earth in the old-fashioned way. There is little danger that the gold standard will be knocked out by a process of producing gold in unlimited quantities from the baser metals at a comparatively small cost by chemical action, though there are many who expect to see that accomplished some day.

Less than two years ago, remarks the American Manufacturer, it was said that "there is no more money in the lake ore business." It was claimed that the prices then prevailing, 45 to 50 cents a ton from Lake Superior to Lake Erie ports, were so low that it was impossible to cover expenses. The general opinion then was that there was a surplusage of lake tonnage; that the resulting competition had forced rates down to a point from which they would not soon rise, and that it would be some time before there would be anything approximating a fair profit in the lake freight trade. But this season has seen all that changed. There has been a volume of business for the lake fleet that has operated to send rates up to a figure that has enabled the vessel owners to reap a rich harvest. Indeed at the rates that have been reached this year an average lake vessel can come near earning her cost in one season. It has been a great year for the vessel men to date, and the prospect is that next year will see them doing business at satisfactory rates, though it is not likely that the high figures reached this year will be maintained.

BECOMING AGGRESSIVE.
 Whatever construction may be put on the increased activity of the Filipinos, it is plain that they have become more aggressive within the past few weeks. They are forcing the fighting, though not with brilliant results, if we may

Two Facts About Arbuckles' Coffee

It has set the standard of quality for all competitors for the last thirty years. The strongest claim any competitor can make is that his coffee is "just as good as Arbuckles'."

THREE CONCLUSIONS

The best Coffee is Arbuckles'. The only Coffee to buy is Arbuckles'. The right thing is to insist on having Arbuckles'.

credit the reports that reach us concerning the engagements between them and our troops.

Possibly they are endeavoring to gain some advantage before the army now confronting them is reinforced for the late fall and winter campaign soon to be opened by General Otis. They must be aware that when that begins they will have a force to contend with much larger, and better prepared for effective work in the field, than was that which was sent after them in the first campaign, and it may be that they are making a last desperate effort to accomplish something while the weather precludes offensive operations by the Americans.

It is possible, also, that they are encouraged by some of the powers unfriendly to us to put forth an extraordinary effort at this time with a view to obtaining an advantage that would give these powers color of justification for interference in their behalf. In line with this idea is a Washington special published in the Evening World of New York which sets forth that the sudden determination of the government to dispatch additional war ships to the Philippines was caused by the knowledge that there is some danger of intervention by foreign powers, and that it was deemed advisable to head that off by taking measures which would leave no doubt of our power and purpose to put down the insurrection.

Whatever decided the government to take this step, it was wisely taken. We cannot allow interference of the kind hinted at in the Philippines, and the surest way to prevent it is to remove all doubt of our ability to cope with the insurrection there. Besides, our own people are beginning to feel that the war there is dragging out tiresomely, and they want the administration to take whatever measures may be necessary to bring it to a successful termination as quickly as possible. The first campaign against the insurgents fell far short of being a success because of the inadequacy of the force sent against

them. That about to open must be pushed vigorously to a successful ending or the war will become unpopular with our people, to the very great disadvantage of the Republican party in the elections of next year. No doubt the president and his advisers perceive this and are influenced by it in what they are doing to render the blockade of the islands more effective and add to the land force which will move against the insurgents when the rainy season is over.

SLOW INCREASE IN PRODUCTION.
 Many have doubtless been surprised to note how slowly the production of iron has responded to the advance in price that has taken place during the current year, having little or no knowledge of what a large undertaking it is to get an idle furnace in readiness for operation, not to speak of the labor and outlay involved in erecting a new one of modern design. On this point the article here reproduced from Iron and Steel will be found both interesting and instructive.

The immense amount of labor required to equip a furnace for blowing in calls for long time, and the enormous amount of raw material required is expensive, all of which accounts for the unavoidable delay of furnaces in becoming producers. This is a feature in the market at present not clearly understood by a majority of the consumers of finished products of iron and steel. The time required to get the necessary equipments for rejuvenating an old furnace, in times like the present, when all kinds of machinery are being turned out on orders given several months back, cannot be calculated, and the few new producers that have entered the field this year have made but slow increase in production. In the face of growing demand the increase in production will be readily met by the present rate of consumption.

In this connection the theories of many calculators have been upset by a statement by Archer Brown published in the Engineering Magazine. He says, and says truly, that "few people who have not actually run a blast furnace, realize what it means to fill the capa-

city maw of one of those monsters with raw material." The preparation of this material requires time for arrangement and a new plant cannot be a producer without deliberation. Mr. Brown has made the following estimate of the required provisions for putting a furnace in blast after its primary equipment is first made complete: "A stack of 200 tons daily capacity, running on 50 per cent ore, must have delivered to it each day something more than 400 tons of ore, 250 to 300 tons of coke, and over 100 tons of limestone, besides sand, coal and minor supplies—say 900 tons raw material. Add the 200 tons of pig iron product shipped out, and we have a daily freight movement of 1,100 tons, taking no note of the disposition of the slag. The mining of the ore requires the labor of 150 to 300 men; the coal mining, coke making, quarrying of limestone, and transportation of 1,100 tons more. The furnace itself employs about 150 or more hands. Starting up a furnace of ordinary capacity, therefore, calls immediately for the labor of nearly a thousand men; for the use of at least a thousand railway cars and many locomotives; for capital, from the mines to the pig iron, of one to two millions of dollars, and last, but not least, for a high order of managing ability, the scarcest of all commodities in times like these.

"To use a concrete illustration, the Tonawanda Iron & Steel company, located near Buffalo, operating two furnaces only, must unload at its docks one good-sized shipload of ore every day during the entire season of navigation, or fall to get down its needed supply. Another striking evidence of what it means to bring down the ore for the furnaces now running which depend on Lake Superior mines may be witnessed any day on Detroit river, where the loaded steamers and sailing vessels down, and the light craft up, crowd so close upon each other as almost to touch. Still another illustration, at hand as I write, is that of a small charcoal furnace on the lower lakes, needing about eighty tons a day, but unable to start because transportation could not be had for it. To add 1,000,000 tons, or say 10 per cent, to production, means the organizing, equipping and starting of twenty such operations as described in the preceding paragraph. The easy theory therefore, that production can be turned on, as from a faucet, when profits are

high, does not fit the facts. It is needless to say that every nerve will be strained to get into operation at the earliest moment the few existing idle plants but those who base their calculations on an increase of not over 12 to 15 per cent per annum in the next two or three years, will not go far astray."

TO CURE A COLD IN ONE DAY
 take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

IT SAVED HER LIFE.—Miss Mamie Smith, Middleboro, Ky., writes: "My little sister had the Croup very bad. I gave her several doses of Foley's Honey and Tar and she was instantly relieved. It saved her life." The Stafford Drug company.

RHEUMATISM CURED IN A DAY.
 "Mystic Cure" for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Sold by Frank Pendill, druggist, Marquette. (10-19-11f)

If you want solid comfort and satisfaction smoke the "Challenge cigar." Its very best on the market for 10 cents. (5-12-11f)

CORNS AND BUNIONS REMOVED.
 Prof. G. B. Savnac will remove corns, bunions and cure in-growing toe nails; no cutting; has had seven years of successful experience and practice. For a short time will be at A. A. Cole's residence, 423 North Front street. (9-19-11mo)

"Isn't safe to be a day without Dr. Thomas' Electric Oil in the house. Never can tell what moment an accident is going to happen."

THE BANNER PILE CURE is Banner Salve. It gives immediate relief and will soon effect a cure. 25 cents. The Stafford Drug company.

DEATH OF MRS. E. W. JEWELL. BELOVED WIFE OF THE RECTOR OF CHRIST CHURCH, CALUMET.

Mrs. E. W. Jewell, wife of the rector of Christ Episcopal church, Calumet died yesterday morning from typhoid pneumonia. She leaves her husband and three children to mourn her demise.

HOUGHTON HOSPITAL A GO. COUNTY BOARD'S SANCTION WIPES OUT ONLY OBSTACLE.

The projected hospital for Houghton is now an assured fact, the action of the board of supervisors having encouraged the ladies having the project in charge to go right ahead with the enterprise. There is no intention of opposing in any way the Hancock hospital, but the feeling is general that there is need for such an institution in Houghton and the physicians generally are thoroughly in favor of it as it will give each a place to which he can remove transient patients or difficult cases requiring constant care and can there attend to them better than he could at a hotel or somewhere where even trained nurses would be at a disadvantage.

KILLED BY THE CARS. MANGLED BODY OF ANDREW BOOTJACK FOUND YESTERDAY AT CALUMET—SUSPECTED HE WAS STEALING A RIDE.

The horribly mangled body of a man was found lying along the Mineral Range track about 300 feet below the Swedestown crossing, Calumet, at an early hour yesterday morning. The only means of identification discovered were a time check of the Franklin Mining company, which issues a copper check to every employe and a ticket from Highway to Calumet. Upon consulting its books the mining company discovered that the check in question—No. 153—had been issued to a Polandier known as Andrew Bootjack, who had boarded at the Franklin Junior location but had recently left his boarding place. Marshal Beck took charge of the remains and a coroner's jury was empaneled. It was then discovered that the remains were undoubtedly those of Bootjack, who is supposed to have been riding between the cars on an extra freight which arrived at Calumet shortly after 7 o'clock that morning. It is thought that he fell between the cars, as the body was all torn to pieces, only one leg being left whole. Bootjack had a wife and family residing in Poland.

CHANGE IN SEWER PLANS. SYSTEM TO BE BETTERED FOR EAST HOUGHTON AT AN ADDITIONAL COST OF ABOUT \$1,000.

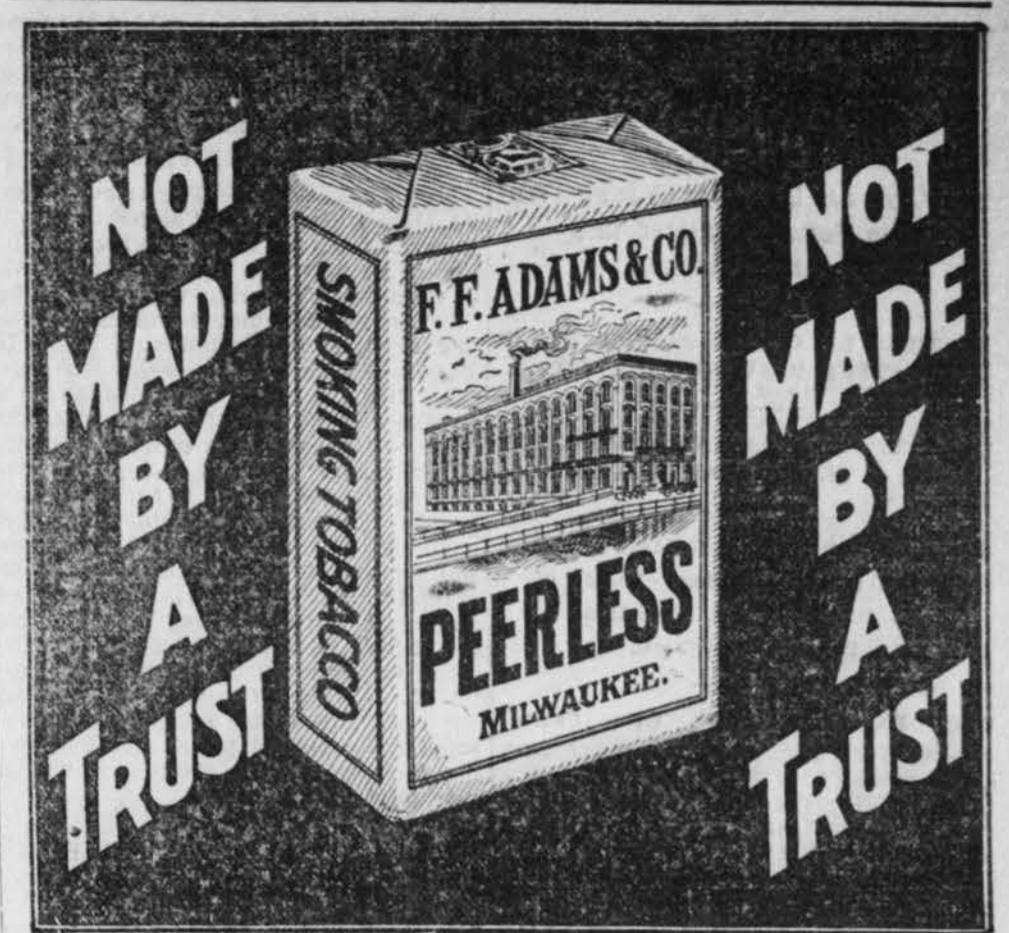

The Houghton council went out and looked over the East Houghton sewer system being put in by Contractor Thomas J. Peter yesterday morning, and as a result of the visit the village fathers decided to abandon the extension of the sewer one block farther south on Agate street and to put in, instead, a sewer in Pearl street parallel to Main, to drain the cellars on the south, or high, side of that street, the presence of rock making the laying of a sewer in the center of the street low enough to drain both sides thereof a very expensive matter, while by the present plan the sewer can be laid deep enough to drain the water out of the flooded cellars on the south side and the lots on the north side can be drained across into the big Main street sewer. The extension of the sewer along this long block on Pearl street will add between \$900 and \$1,000 to Contractor Peter's contract, but its completion will give practically all the residents of East Houghton at the present time ample sewer facilities.

EXTRA GANGS ORDERED THIS WAY. TELEPHONE FOLKS PLAN TO HURSTLE THE LONG DISTANCE LINE TO COMPLETION BEFORE SEVERE WEATHER SETS IN.

Frank H. Peters of Manistique, the attorney, and T. M. Foley of Marquette, the right-of-way man of the Michigan Telephone company, arrived in Houghton yesterday and commenced condemnation proceedings on behalf of the company for its long distance lines against four French farmers living east of Chassel, who refused to make terms with the company so that it could place its poles along the railroad track across their lands. The report that with this exception the right-of-way is secured from Houghton to St. Ignace, and from Negaunee to Menominee, and four crews are now engaged in construction, a crew having started in from St. Ignace west this week. At Stephenson, on the line from Menominee to Marquette, there is a gang of forty-eight men at work and it is reported that the company has ordered 100 climbers to be here from outside in order to rush the work to completion if possible before the weather becomes too severe. David Haas, F. W. Kroll and Joseph Strobel have been appointed commissioners in the condemnation proceedings brought by the company in the interest of the right-of-way.

CORNERSTONE LAYING THURSDAY. PLEASING PROGRAM AND PARADE OF CHILDREN ARRANGED IN HONOR OF THE NEW SCHOOL NOW BUILDING AT HOUGHTON.

Hinckley & Powers have the new Houghton school building up to the water table all around, and yesterday began erecting the main walls of the superstructure. The arrangements for the laying of the cornerstone Thursday were perfected yesterday and are as follows: The school children will meet at their several rooms at 1 p. m. and will then march to the East Houghton school, where they are expected to assemble at 1:30. At 1:45, headed by the Quincy band, and with the pupils of the East Houghton and St. Ignace' Catholic parochial schools in the van as guests of the occasion, the line of march, marshaled by Superintendent Dunbar, assisted by the various teachers, will move west on Main, Franklin and Sheldon streets to the bridge, thence up Dakota

check by a general contraction of loans, which, times, caused the rate for call money to rise as high as 40 per cent. About the middle of the week, however, there was a decided change in sentiment. It appeared that the market had been thoroughly liquidated and the professionals began to doubt their ability to shake out more stocks. There was a general changing of the room traders from the bear to the bull side, and since that time prices have slowly, but steadily advanced.

"Since prices began to move upward nothing has occurred to indicate that the public was participating in the buying. Transactions have been in small volume, and the market has lacked vitality and snap. It seems that the public is now thoroughly committed to the bear side and the market is therefore probably in position for a considerable upward movement.

"What the immediate future of the market depends upon more largely than upon the South African crisis or money rates, is in whose hands the majority of the stocks are now held. If the strong financial interests found it advisable to buy stocks back at this level, then it was their hands into which the recent liquidation ran, and they will see to it that conditions take a favorable turn and that the market will be active and bullish for some time to come."

METAL SITUATION STRONG. "The past week has been a very favorable one to the copper market. It was early announced that statistics collected Oct. 1 showed that the world's visible supply of copper had fallen off 3,139 tons during September.

"The London market for copper was strong throughout the week, and the closing prices for futures was again above \$76, the net advance for the week being 2 3/4 for both brands.

"In New York the price of copper has sagged slightly. At the end of the week it was reported that Lake was offered at 18 1/2 cents and that 18 1/4 was bid. Such weakness cannot long continue, as it is not warranted by the existing available supplies of metal.

"The recent decline in the visible supply leaves only 28,328 tons in existence on Oct. 1. This is only 745 tons more than the visible supply a year ago, which was the smallest of any Oct. 1 on record. The supply at present is only a little more than half as large as it was five years ago.

"London advices have been more bullish of late. The market, however, looks bearish to most foreign metal brokers because it is so much less active than formerly there. This is only to a small extent due to the fact that consumption of copper has slightly decreased in England, Germany and France. It is principally due to the fact that the London copper market has lost nearly all of its speculative features. The price in that market is now controlled by a hand which is far too strong for British speculators to trifle with; and they recognize the fact and are content to hold aloof.

"At the moment all indications are strongly favorable to continued strength in the copper market. Production and consumption are both favorable to those who are manipulating the market for the metal and any sudden increase in supply or decrease in demand would undoubtedly be bridged over without any appreciable decline."

NO RIGHT TO UGLINESS.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking woman of a run-down invalid. Only 50 cents at the Stafford Drug company.

COPPERDOM BREVITIES.

General Manager N. F. Leopold, of the Arcadian, came up from Chicago yesterday.

Colonel Coach returned yesterday from New York, where he took in the yacht races(?)

Will Brand of Houghton left Monday afternoon for Chicago, where he expects to remain for some time.

John L. Rees, assistant cashier of the National Bank of Houghton, returned from Chicago yesterday.

Mrs. Julius Ruprecht of Menominee is the guest of her daughter, Mrs. E. M. Smith of East Houghton.

Thomas S. Dea, manager of Paine, Webber & Co.'s Houghton office, returned from Chicago yesterday.

Courtney C. Douglass of New York, formerly of Houghton, is back for a visit among old friends and old scenes.

W. H. Schweitzer returned from his hunting trip out on the Ontonagon road Monday. The party bagged over fifty partridges.

The doctors say now that Patrick Murphy, who was shot at the Winona

Monday by Eric Mackl, now in the Houghton county jail, will recover.

Hon. John Power of Escanaba was in Houghton yesterday preparing himself for the defense of the Italian now confined in the county jail on the charge of murder.

Mr. and Mrs. S. J. Beahan left yesterday for Chicago, expecting to be absent about two weeks. During the trip they will get as far east as New York and Boston.

F. H. Bagole, J. Everett Ball, M. J. Sherwood and Clark W. Youngs of Marquette went out to Keweenaw county yesterday morning to attend to some court business there.

W. O. Chapman, of Stone & Webster, Boston, the chief promoter of the new Houghton County Street Railway company, has gone for a visit of a couple of weeks at his home near Boston.

Sheriff Lean learned yesterday that George Beasley, who skipped out of the county chain gang a few weeks ago before the irons arrived, had been apprehended at Baraga, and he went down in the afternoon and escorted him back to Houghton at 7 o'clock.

The inquest over the remains of young Matson, accidentally shot by Angelo Kelly at Calumet Sunday afternoon, was adjourned until this morning. Kelly is being held on a charge of manslaughter at the county jail, Houghton, awaiting the result of the inquest.

The Lake Superior Produce & Cold Storage company hoisted its flag yesterday, the first work of the day being to raise the flagstaff from the roof of its new four-story building which the masons have just left and to send up thereon "Old Glory" in all its beauty.

Colonel Frank J. Hecker of Detroit, accompanied by Captain Thomas Hooper of the Victoria mine and a party of Detroit gentlemen, left Monday night on one of Croze's tugs for Isle Royale to look over the copper explorations in progress there under the charge of Jacob Houghton, in which forty men are now employed.

Inspector N. B. Conger of Detroit arrived in Houghton Monday evening and after visiting his cousin, Mrs. J. C. Thompson, left early yesterday morning to look over the weather bureau's station at Eagle Harbor. He will return and inspect the station at Houghton and look over the work at the upper canal, leaving tonight for Ashland to look over the station there.

"I wish to express my thanks to the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy, for having put on the market such a wonderful medicine," says W. W. Massingill of Beaumont, Texas. There are many thousands of mothers whose children have been saved from attacks of dysentery and cholera infantum who must also feel thankful. It is for sale by The Stafford Drug Company.

A LIMA MAN'S TESTIMONY.—"I have obtained excellent results from the use of Foley's Kidney Cure. It relieved my backache and severe pain over the hips. It toned up my system and gave me new vim and energy. I regard it as an honest and reliable remedy for all Kidney diseases. It makes no false claims but does what it says when given a fair trial. I certainly recommend it. Wm. Finn, 447 E. 14th St., Lima, Ohio." The Stafford Drug company.

WARNING. We warn the trade that certain unprincipled salesmen try to sell an imitation of our famous FOUR HUNDRED BALTIMORE RYE, holding out as an inducement to the customer large profits for him to deceive the public. Kick these vultures of trade out, as their goods, like themselves, are vile. They only get you into trouble, as we will protect the public from this base fraud and our FAMOUS BRAND AT ANY COST. Crown Distilling company.

To Cure a Cold in One Day. Take Warner's White Wine of Tar Syrup, the best cough remedy on earth. 25 and 50 cents.

MURDER MYSTERY PUZZLES GOTHAM COPS

Body of an Unknown Young Woman Found Mutilated in a Shocking Manner.

PORTIONS OF CORPSE PICKED UP IN DIFFERENT PARTS OF THE CITY.

LOWELL, MASS., LIKEWISE THE SCENE OF A SENSATIONAL TRAGEDY.

Remains of Girl Strangled to Death Discovered on Banks of the Merrimac—Suicide of F. M. Brady, a Prominent Broker of New York.

ONE DAY'S RECORD OF CRIME.

New York, Oct. 10.—The upper part of a woman's body was found on the beach at the quarantine station this morning. Evidently it had been but a short time in the water.

The head evidently had been hacked off, while the arms were cut off close to the shoulders in the same manner. Previously a left thigh was picked up in Seventeenth street and a left loin, which fitted the portion of the body found at the quarantine, was recovered from the river.

The name "J. J. Newman" and the laundry mark "J. J. N. 183" were discovered this morning on one of the white skirts in a bundle of clothing found in the basement at 219 West Fifteenth street. This house is next door to an area way in which stood an ash can, where the right thigh of the murdered woman was found.

Investigation of the clothing found in West Fifteenth street showed it belonged to Mrs. Nevin, who lives in flat No. 4. In the bundle were found patches that had been the property of Josephine J. Newman, the professional nurse, who gave them to Mrs. Nevin to use for rags. Mrs. Nevin said she left the bundle on the dumb-waiter, expecting it to be thrown away.

MURDER IN MASSACHUSETTS.

Lowell, Mass., Oct. 10.—The body of a young woman was found in a lonely place near the Merrimac river this morning. She had been strangled to death.

BLOODY STREET DUEL.

NEW ORLEANS SCRIBES EMPTY GUNS AT EACH OTHER WITH PROBABLE FATAL RESULTS.

New Orleans, Oct. 10.—A desperate street duel occurred in Camp street this afternoon in which Dominick C. O'Malley, proprietor of The Evening Item, and C. Harrison Parker, state tax collector and editor-in-chief of The Delta, were seriously if not fatally wounded. The trouble is said to have originated over a cartoon in The Item last Sunday. O'Malley, accompanied by Parson Davies, met Parker near the office of the Item. The men seemed to have expected trouble, for both drew revolvers and at once began firing, continuing until their pistols were empty. Parker received a dangerous wound in the side and O'Malley was seriously wounded in the groin.

LIKE TRAGEDY IN ALABAMA.

Alexander City, Ala., Oct. 10.—A street duel took place this evening between Dr. H. J. Cameron, of the Romanoff Land & Mining company, and Dr. P. D. Mahoney, an oculist of Covington, Ga. Ten shots were fired and both men probably fatally wounded. The cause of the shooting is unknown.

KILLED BY A HIGHWAYMAN.

Pueblo, Colo., Oct. 10.—Ex-City Treasurer C. L. Funk was shot and killed by a highwayman this morning.

BULLET IN HIS HEAD.

BROKER BRADY OF NEW YORK ENDS HIS EARTHLY TROUBLES.

New York, Oct. 10.—F. M. Brady, head of the firm of F. M. Brady & Co., dealing in stocks and bonds, committed suicide in his private office today by shooting himself in the head. It is believed business troubles were the cause.

LINCOLN MAN KILLS HIMSELF.

Lincoln, Neb., Oct. 10.—E. S. Gruesel, superintendent of the Burlington railroad shops here, committed suicide tonight by shooting.

NEW MEXICAN MILITARY POSTS.

REPUBLIC STRENGTHENING HER FORCES ALONG THE BOUNDARY.

City of Mexico, Oct. 10.—It is officially announced that the Mexican government will establish several new military posts along the Rio Grande and Arizona border, and that the force of troops along the border will be increased to about 4,000 men.

YOUNG VANDERBILT ARRIVES.

SPEEDING NOW ACROSS THE CONTINENT FROM VANCOUVER.

San Francisco, Cal., Oct. 10.—Alfred Gwynne Vanderbilt, the second son of Cornelius Vanderbilt, who will probably succeed to the bulk of the Vanderbilt millions and will probably be the head of the family, arrived on the steamship City of Peking, which was two days overdue, having encountered heavy weather, last evening.

Mr. Vanderbilt was promptly conveyed to a private car that will run as a special train via the Central and Union Pacific and Northwestern to Chicago. Young Vanderbilt was in Japan when

his father died and was cabled the news and requested to return home as soon as possible. He was on a tour around the world. Facts about the will are being withheld until his arrival at home.

DIVEY OF THE FORTUNE.

New York, Oct. 10.—The Tribune says: "A close friend of the Vanderbilt family yesterday made the following prediction as to what the contents of the will of Cornelius Vanderbilt will prove to be: 'I understand that it will closely follow the lines of his father, William H. Vanderbilt. Mrs. Vanderbilt will get the Fifth Avenue residence and the Breakers at Newport for life and an income of \$500,000 a year to keep them up. These houses and the income allotted to Mrs. Vanderbilt will at her death pass to the third son, Reginald. The five children will receive \$10,000,000 apiece, and the residue of the estate will be divided into two equal parts, one of which will be given to Cornelius and the other to Alfred Gwynne Vanderbilt. The whole property will be made a trust estate for a term of years. Mr. Vanderbilt was, I think, far richer than he was popularly supposed to be, and I believe the shares of his two oldest sons will be over \$50,000,000 apiece.'"

AGAIN NO YACHT RACE.

Fourth Try for the America's Cup Knocked Out by Fog.

Worst Fiasco of the Series and the Boats Do Not Leave Their Moorings—Another Attempt Tomorrow.

New York, Oct. 10.—Hard luck continues to pursue the big single-stickers Columbia and Shamrock. On the three days of last week when the yachts made attempts to sail, light, fluky winds left them stranded on the course when the time limit had expired. Today a log boat prevented them from leaving their moorings inside Sandy Hook. This was by far the most dismal fiasco of all. The city and bay were clothed in impenetrable mists when dawn broke this morning, but as the weather bureau had predicted fair weather, with freshening winds, a few persons clung vainly to the hope that the prognostications would turn out true for once.

Large crowds went down the bay on excursion boats and were rewarded with only a glimpse of the racers, as the formal announcement was made shortly before noon, on the return of the commander, which made a short trip outside the Hook, that there would be no race today. The next attempt will be made Thursday, and thereafter daily until the series is completed.

NEW TROTTING RECORD.

HALF MILE MADE IN 1:01 1/2 ON THE LEXINGTON TRACK.

Lexington, Ky., Oct. 10.—Today's card was made notable by the breaking of a world's record in the trotting of a fast half-mile over a rather slow track in the first heat of the Ashland \$3,000 stakes. Peter the Great and Tommy Britton showed the greatest speed ever seen in a public race when they trotted head and head the half mile in 1:01 1/2, with the second quarter in :29 1/2. Britton drew away in the last eight and won by a length. Time, 2:09 1/2. Bonnatella, however, won the race, with Peter the Great second and Tommy Britton third.

BIKE MARKS SMASHED.

Brockton, Mass., Oct. 10.—Eddie McDuffee and Ben Munroe broke world's records today—McDuffee from one to five miles and Munroe from five to twenty miles inclusive. McDuffee made the five miles in 7:12 3/5. Munroe's time for the twenty miles was 33:45 4/5.

WATERLOO FOR BEN JORDAN.

EDDIE SANTRY KNOCKS OUT THE ENGLISH FEATHERWEIGHT.

New York, Oct. 10.—At the Lenox Athletic club tonight Eddie Santry of Chicago knocked out Ben Jordan, the featherweight champion of England, in the sixteenth round of a very brisk fight. Until the knockout Jordan was far ahead on points, but Santry's blows were truer to the mark and won him the battle. Santry made the fight of his life and proved one of the greatest surprises of the season. Jordan was a two-to-one favorite, Santry having few backers.

YESTERDAY ON THE DIAMOND.

Table with columns: City, Runs, Hits, Errors. Rows include Brooklyn, New York, Batteries, McGuire, Seymour and Warner, Baltimore, Washington, Batteries, Nops, Crisham and Smith, Wehying, McGill and Kittredge, Philadelphia, Boston, Batteries, Bernhardt, Donohue and McFarland, Lewis and Sullivan.

1,000 FREIGHT CARS LOST.

ROLLING STOCK STARTED FOR DENVER NOW IS MISSING.

New Albany, Ind., Oct. 10.—The Ohio Falls Car company of Jeffersonville has a tracer out looking for 1,000 freight cars made and supposedly shipped to the Denver and Rio Grande.

It has been the custom to decrease the expense of sending the new cars so far west to have them loaded with freight by some company, and they thus paid their way. When the last shipment was made the cars were loaded by the Pennsylvania company, which now has a famine in rolling stock.

The bill was sent and answer came saying that it would be paid when the cars were delivered. The company at once sent out an agent, who has only succeeded in locating a part of them so far.

TODAY'S WEATHER.

Washington, Oct. 10.—The following is the weather bureau's forecast for Upper Michigan: Cooler Wednesday, with showers in the eastern and fair in the western portion; Thursday fair; brisk northwesterly winds.

SPREAD OF THE FEVER.

Key West, Oct. 10.—Twenty-three new cases of yellow fever today and one death.

THOUSANDS SHAKE M'KINLEY'S HANDS.

Public Reception Yesterday an Incident of the Chicago Visit of the President.

ATTENDS ALSO A MEETING OF THE UNION TO WHICH HE BELONGS.

MINGLES WITH THE OTHER MEMBERS OF THE STONE MASONS' ORDER

Busy Day Ends With the Banquet of the Commercial Club and Then the Executive Leaves for Evansville to Take In the Veterans' Reunion.

HEARTILY CHEERED AT EVERY TURN.

Chicago, Oct. 10.—At 11:30 o'clock tonight President McKinley and the members of his cabinet left Chicago for Evansville on a special train over the Chicago & Eastern Illinois railroad. His departure, with the cheers of an immense throng, ringing in his ears, brought to close a day of genuinely hard work, in which the president had scarcely a moment of leisure for himself. The crowds which greeted him at every turn were so good natured and so disposed to cheer that the president, although wearied when he reached the train, expressed himself as having thoroughly enjoyed himself.

The president held a number of receptions during the day. He first was called upon by the deputation from the Brick Layers' union, whom he thanked for the card of honorary membership recently sent him. Then he visited the Society of the Army of the Tennessee and made a brief address. Next he accompanied Mrs. McKinley to the Woman's Athletic club, after which he spent an hour in the rooms of the Chicago Press club, holding an informal reception to the newspaper men. After luncheon the president held a public reception at the G. A. R. hall, where he shook the hands of thousands.

DINED BY COMMERCIAL CLUB.

The final numbers tonight on the president's extraordinary lengthy list of engagements were the magnificent banquet by the Commercial club and his visit to the meeting of the Chicago Brick and Masons' union, of which he is an honorary member. The banquet given by the Commercial club was held in the Auditorium. Cyrus H. McCormick presided and announced that, while according to the usual custom of the club, there would be no toasts a list of speakers had been prepared, of whom the first was the president. Mr. McKinley spoke as follows:

"I am honored to be the guest of this club, representing as you do the energy, activity and enterprise of the great industrial city. I can testify to the energy of your people. If I ever had any doubt about the wisdom of eight hours being a full day's work, that doubt has been removed. I understand there is already a new conflict between the federal committee and the festival committee over the fact that thirty minutes of my time in the last four days has remained unassigned.

"I congratulate you, gentlemen, upon the growth and advancement of your city and the evidences of prosperity everywhere observable. Nothing impressed me more in looking into the faces of the great multitudes on the streets yesterday than the smiling, happy faces of the people. That was evidence to me of your real, substantial prosperity. It meant steady employment, good wages, happy homes—these are always indispensable to good government and the happiness of the people.

"The president then reviewed the industrial situation, giving statistics of the foreign trade, concluding as follows:

"Whereas, Recent events in Toledo have attracted the attention of the nation in our direction, and this city is regarded everywhere as the first point in the country to recognize the universal brotherhood of man; therefore, be it

"Resolved, By the common council of the city of Toledo, that the country at large and the citizens thereof be and are hereby invited to refer to Toledo and to Toledo only as the 'city of brotherly love,' and that they cease from applying title elsewhere, particularly to Philadelphia, Pa."

FEARS BUSINESS OVER-DOING.

"We have everything, gentlemen, to congratulate ourselves over as to the present condition of the country. The only fear I have ever had, and I speak to business men who are familiar with the subject much more than I can be, the only fear I have had is that we might overdo it, and that really we are not exercising that conservatism that is so essential to substantial business.

"You business men doubtless would differ with me as to this fear and say it was groundless, but the boundless prosperity we have had in the last year and a half has made me fear that, after all, we might be over-doing the business of the country. I trust I am mistaken, and I am told by business men everywhere that the business of this country now rests upon a substantial basis, that you are really only making what there is a market for, and as long as you do that, of course, you are doing a safe business and the markets are going to increase. Our products are going into every part of the world, and the reason for it is that we make the best products, we understand anybody else in the world. That is the only reason for it."

"I am glad to welcome the representative of Mexico and the representative of the Canadian government in this city and in our country tonight. I thank you all."

MEXICAN GIVES THANKS.

The toastmaster then introduced Vice President Mariscal of Mexico, who spoke very briefly, expressing thanks for his reception and for the eulogies or President Diaz. Following Vice President Mariscal Secretary of State Hay, who was greeted with great applause, was introduced. His speech dwelt entirely upon the welcome which Chicago had extended to the visitors at the fall festival and kindred topics.

Sir Wilfred Laurier was unable to be present and delegated to Sir C. A. Pelletier of Quebec the task of expressing the thanks of the premier and his friends for the treatment they received in Chicago. R. P. Dobell followed in the same strain. Mayor Raymond Prefontaine of Montreal was then introduced by Mr. McCormick and spoke briefly of Canada's industrial resources.

BANQUET TO LAURIER.

Sir Wilfred Laurier and other distinguished Canadians in the premier's party were the guests of the Canadian Americans today at an informal luncheon. The guests began by drinking the health of McKinley, followed by doing like honor to Queen Victoria.

Sir Wilfred responded to the toast "Canada" and was frequently interrupted by applause. Mayor Prefontaine of

Montreal spoke on the intimate commercial relations between Canada and the United States and urged even a closer union along the line of trade. Sir Alphonse Pelletier and Hon. Richard R. Dobell also made brief addresses and Governor Tanner and Mayor Harrison spoke briefly.

Premier Laurier and his party visited the board of trade and were given a decidedly lively view. In response to calls for a speech Mr. Laurier said that his efforts to obtain better social and commercial relations with the United States had been partly successful. He was happy that Canada was the best purchaser the United States had, man for man.

Sir Wilfred and his colleagues, excepting Senator Dobell and Mayor Raymond Prefontaine, left tonight for Canada.

SMITH THE GUEST OF HONOR.

An elaborate banquet was given at the Auditorium tonight by the postal officials of Chicago and neighboring cities in honor of Postmaster General Smith. About two hundred postal men were present and the other guests swelled the number to 500.

GEN. FUNSTON HOME.

Transport Tartar Arrives at 'Frisco With the Kansas Troops.

San Francisco Malabon Found Evacuated When Schwan's Column Entered the Stronghold Yesterday—Minor Fighting.

San Francisco, Oct. 10.—The United States transport Tartar arrived tonight from Manila with the Twentieth Kansas regiment, under command of Colonel Metcalf, and three hundred discharged soldiers from various regiments. The Tartar anchored off Angel island, where it will remain till tomorrow. Governor Stanley of Kansas and party went out in a tug to meet the steamer, but the custom officials gave notice no one should board the Tartar.

Brigadier General Funston, when asked as to his future plans, replied: "They depend considerably on what the authorities wish me to do." He had little to say about the condition in the Philippines beyond expressing the opinion that the war should soon be ended. He spoke in high terms of the good work done by the men of his old command.

BRUSHES WITH THE REBELS.

Manila, Oct. 10.—Major Bell, with 120 picked men of the Thirty-sixth, made a reconnaissance yesterday in the direction of Florida Blanco. He had three brushes with the rebels and cleared out that locality, capturing two officers and several privates. The insurgents apparently are operating in bands of five to twenty. General Schwan's column entered San Francisco de Malabon without opposition this morning. The enemy had fled during the night.

NEW CITY OF BROTHERLY LOVE.

TOLEDO COUNCIL THINKS PHILADELPHIA NO LONGER DESERVES TITLE AND SO TAKES IT

Toledo, O., Oct. 10.—The following resolution introduced by Major G. W. Roulet was unanimously passed by the city council last evening:

"Whereas, Since the days of the good William Penn Philadelphia has been known throughout the civilized world as the 'city of brotherly love,' and whereas, No such striking historical incident clings about the story of the foundation of Toledo.

"Whereas, Since the days and time of Dave Martin and John Wanamaker and the followers of Matthew Stanley Quay the city of Philadelphia has ceased altogether its practice of the virtue of brotherly love, and the struggle has been to divide up the offices and emoluments rather than to divide up the day; and

"Whereas, Recent events in Toledo have attracted the attention of the nation in our direction, and this city is regarded everywhere as the first point in the country to recognize the universal brotherhood of man; therefore, be it

"Resolved, By the common council of the city of Toledo, that the country at large and the citizens thereof be and are hereby invited to refer to Toledo and to Toledo only as the 'city of brotherly love,' and that they cease from applying title elsewhere, particularly to Philadelphia, Pa."

VENEZUELAN NEGOTIATIONS FAIL.

WAR TO GO ON WITH RE-NEWED VIGOR—BATTLE SOON.

Washington, Oct. 10.—The state department today received the following cablegram from Loomis, United States minister to Venezuela, dated Caracas, announcing the failure of the peace negotiations in progress the last few days between the government and insurgents: "Negotiations suspended today. Venezuelan forces to be advanced. Decisive battle fully expected this week. Puerto Cabello quiet."

Early in the day Captain Hemphill cabled the navy department from Port Cabello that application had been made by representatives of the government and the insurgents to permit envoys to meet on board the United States warship to prosecute negotiations for peace. The navy department consented to permit the proposed meeting aboard the Detroit. From a later dispatch, however, it is apparent the meeting was futile.

THIS A LITTLE DIFFERENT.

Caracas, Venezuela, Oct. 10.—It is learned that United States Minister Loomis has been officially informed that the negotiations for peace are progressing and that the government troops have been ordered backward.

CHARGED WITH SINKING A TUG.

MASTER OF THE STEAMER NELSON UNDER ARREST AT DULUTH

Duluth, Oct. 10.—As a result of the sinking of the tug Record and the drowning of its fireman, the master of the Bessemer steamer James B. Nelson is under arrest on complaint of the master and engineer of Record, who state that Nelson's speed was suddenly advanced from six to eleven miles an hour, and that the tug had no warning to get out of the way. When the tug was sinking they saw Nelson gave a whistle of warning and ran on without attempting to rescue the tugmen who were in the water.

MONEY SITUATION RULES IN WALL STREET

Influence of That Factor on the Stock Market Is Demonstrated in a Striking Manner.

MARKED INFLUENCE, TOO, TO EVENTS IN FOREIGN LANDS.

VALUES SCARCELY AFFECTED BY A BULL BOOM AT LONDON.

But Later News of Anticipation of Interest by Government Sent Prices Skyward, Dulness Following. However, Practically Wiping Out Gains.

NEWS FINANCIAL AND SPECULATIVE.

New York, Oct. 10.—The stock market today demonstrated in a striking manner its reliance on the domestic money situation and its indifference to events in foreign lands.

The London market advanced prices under the lead of the Kaffir mining stocks, in which there was a merry speculation based on the assumption of early control by the British government of the Rand mining district. The local market responded only partly to the improved quotations from abroad and more than lost the opening gains before the end of the first hour.

Then came the announcement from Washington of the decision of the treasury department to anticipate the November interest on government bonds without discount and that of the entire fiscal year at a discount of two-tenths of 1 per cent—about the regular rate on government bonds. The response was prompt and emphatic, prices rising with more of an appearance of strength than for a long time past. The gains ranged from 1 to over 2 per cent in many of the active stocks. Burlington rose an extreme of 2 1/2.

When the demand from the short interest was satisfied the prices began to sag again and, with the exception of the sharp bidding up of Sugar to the top level in the late dealings, the close was inclined to heaviness.

Final figures were:

Table with columns: Bonds, U.S. 2s. reg., U.S. 3s. reg., U.S. 4s. reg., U.S. 5s. reg., U.S. 6s. reg., U.S. 7s. reg., U.S. 8s. reg., U.S. 9s. reg., U.S. 10s. reg., U.S. 11s. reg., U.S. 12s. reg., U.S. 13s. reg., U.S. 14s. reg., U.S. 15s. reg., U.S. 16s. reg., U.S. 17s. reg., U.S. 18s. reg., U.S. 19s. reg., U.S. 20s. reg., U.S. 21s. reg., U.S. 22s. reg., U.S. 23s. reg., U.S. 24s. reg., U.S. 25s. reg., U.S. 26s. reg., U.S. 27s. reg., U.S. 28s. reg., U.S. 29s. reg., U.S. 30s. reg., U.S. 31s. reg., U.S. 32s. reg., U.S. 33s. reg., U.S. 34s. reg., U.S. 35s. reg., U.S. 36s. reg., U.S. 37s. reg., U.S. 38s. reg., U.S. 39s. reg., U.S. 40s. reg., U.S. 41s. reg., U.S. 42s. reg., U.S. 43s. reg., U.S. 44s. reg., U.S. 45s. reg., U.S. 46s. reg., U.S. 47s. reg., U.S. 48s. reg., U.S. 49s. reg., U.S. 50s. reg., U.S. 51s. reg., U.S. 52s. reg., U.S. 53s. reg., U.S. 54s. reg., U.S. 55s. reg., U.S. 56s. reg., U.S. 57s. reg., U.S. 58s. reg., U.S. 59s. reg., U.S. 60s. reg., U.S. 61s. reg., U.S. 62s. reg., U.S. 63s. reg., U.S. 64s. reg., U.S. 65s. reg., U.S. 66s. reg., U.S. 67s. reg., U.S. 68s. reg., U.S. 69s. reg., U.S. 70s. reg., U.S. 71s. reg., U.S. 72s. reg., U.S. 73s. reg., U.S. 74s. reg., U.S. 75s. reg., U.S. 76s. reg., U.S. 77s. reg., U.S. 78s. reg., U.S. 79s. reg., U.S. 80s. reg., U.S. 81s. reg., U.S. 82s. reg., U.S. 83s. reg., U.S. 84s. reg., U.S. 85s. reg., U.S. 86s. reg., U.S. 87s. reg., U.S. 88s. reg., U.S. 89s. reg., U.S. 90s. reg., U.S. 91s. reg., U.S. 92s. reg., U.S. 93s. reg., U.S. 94s. reg., U.S. 95s. reg., U.S. 96s. reg., U.S. 97s. reg., U.S. 98s. reg., U.S. 99s. reg., U.S. 100s. reg., U.S. 101s. reg., U.S. 102s. reg., U.S. 103s. reg., U.S. 104s. reg., U.S. 105s. reg., U.S. 106s. reg., U.S. 107s. reg., U.S. 108s. reg., U.S. 109s. reg., U.S. 110s. reg., U.S. 111s. reg., U.S. 112s. reg., U.S. 113s. reg., U.S. 114s. reg., U.S. 115s. reg., U.S. 116s. reg., U.S. 117s. reg., U.S. 118s. reg., U.S. 119s. reg., U.S. 120s. reg., U.S. 121s. reg., U.S. 122s. reg., U.S. 123s. reg., U.S. 124s. reg., U.S. 125s. reg., U.S. 126s. reg., U.S. 127s. reg., U.S. 128s. reg., U.S. 129s. reg., U.S. 130s. reg., U.S. 131s. reg., U.S. 132s. reg., U.S. 133s. reg., U.S. 134s. reg., U.S. 135s. reg., U.S. 136s. reg., U.S. 137s. reg., U.S. 138s. reg., U.S. 139s. reg., U.S. 140s. reg., U.S. 141s. reg., U.S. 142s. reg., U.S. 143s. reg., U.S. 144s. reg., U.S. 145s. reg., U.S. 146s. reg., U.S. 147s. reg., U.S. 148s. reg., U.S. 149s. reg., U.S. 150s. reg., U.S. 151s. reg., U.S. 152s. reg., U.S. 153s. reg., U.S. 154s. reg., U.S. 155s. reg., U.S. 156s. reg., U.S. 157s. reg., U.S. 158s. reg., U.S. 159s. reg., U.S. 160s. reg., U.S. 161s. reg., U.S. 162s. reg., U.S. 163s. reg., U.S. 164s. reg., U.S. 165s. reg., U.S. 166s. reg., U.S. 167s. reg., U.S. 168s. reg., U.S. 169s. reg., U.S. 170s. reg., U.S. 171s. reg., U.S. 172s. reg., U.S. 173s. reg., U.S. 174s. reg., U.S. 175s. reg., U.S. 176s. reg., U.S. 177s. reg., U.S. 178s. reg., U.S. 179s. reg., U.S. 180s. reg., U.S. 181s. reg., U.S. 182s. reg., U.S. 183s. reg., U.S. 184s. reg., U.S. 185s. reg., U.S. 186s. reg., U.S. 187s. reg., U.S. 188s. reg., U.S. 189s. reg., U.S. 190s. reg., U.S. 191s. reg., U.S. 192s. reg., U.S. 193s. reg., U.S. 194s. reg., U.S. 195s. reg., U.S. 196s. reg., U.S. 197s. reg., U.S. 198s. reg., U.S. 199s. reg., U.S. 200s. reg., U.S. 201s. reg., U.S. 202s. reg., U.S. 203s. reg., U.S. 204s. reg., U.S. 205s. reg., U.S. 206s. reg., U.S. 207s. reg., U.S. 208s. reg., U.S. 209s. reg., U.S. 210s. reg., U.S. 211s. reg., U.S. 212s. reg., U.S. 213s. reg., U.S. 214s. reg., U.S. 215s. reg., U.S. 216s. reg., U.S. 217s. reg., U.S. 218s. reg., U.S. 219s. reg., U.S. 220s. reg., U.S. 221s. reg., U.S. 222s. reg., U.S. 223s. reg., U.S. 224s. reg., U.S. 225s. reg., U.S. 226s. reg., U.S. 227s. reg., U.S. 228s. reg., U.S. 229s. reg., U.S. 230s. reg., U.S. 231s. reg., U.S. 232s. reg., U.S. 233s. reg., U.S. 234s. reg., U.S. 235s. reg., U.S. 236s. reg., U.S. 237s. reg., U.S. 238s. reg., U.S. 239s. reg., U.S. 240s. reg., U.S. 241s. reg., U.S. 242s. reg., U.S. 243s. reg., U.S. 244s. reg., U.S. 245s. reg., U.S. 246s. reg., U.S. 247s. reg., U.S. 248s. reg., U.S. 249s. reg., U.S. 250s. reg., U.S. 251s. reg., U.S. 252s. reg., U.S. 253s. reg., U.S. 254s. reg., U.S. 255s. reg., U.S. 256s. reg., U.S. 257s. reg., U.S. 258s. reg., U.S. 259s. reg., U.S. 260s. reg., U.S. 261s. reg., U.S. 262s. reg., U.S. 263s. reg., U.S. 264s. reg., U.S. 265s. reg., U.S. 266s. reg., U.S. 267s. reg., U.S. 268s. reg., U.S. 269s. reg., U.S. 270s. reg., U.S. 271s. reg., U.S. 272s. reg., U.S. 273s. reg., U.S. 274s. reg., U.S. 275s. reg., U.S. 276s. reg., U.S. 277s. reg., U.S. 278s. reg., U.S. 279s. reg., U.S. 280s. reg., U.S. 281s. reg., U.S. 282s. reg., U.S. 283s. reg., U.S. 284s. reg., U.S. 285s. reg., U.S. 286s. reg., U.S. 287s. reg., U.S. 288s. reg., U.S. 289s. reg., U.S. 290s. reg., U.S. 291s. reg., U.S. 292s. reg., U.S. 293s. reg., U.S. 294s. reg., U.S. 295s. reg., U.S. 296s. reg., U.S. 297s. reg., U.S.

SPRING LAMB

that has been nurtured on sweet clover, toothsome, delicate and appetizing when warm days makes the appetite flag and afflicts you with "that tired feeling," we will have fresh and of the real article, and when served with mint sauce will make a morsel fit for the gods, or as a piece de resistance of a Lucilian feast. Spring delicacies are coming in right along now.

HATHWAY & PETERS.

DICKINSON COUNTY MINING.

STATISTICS OF LAST YEAR'S OPERATIONS AS GIVEN BY INSPECTOR WILLIAM TRESTRAIL.

Iron Mountain, Mich., Oct. 10.—The annual report of William Trestrail, inspector of mines, just issued, shows the following summary of the mining operations in Dickinson county for the year ending Sept. 30:

Table with 2 columns: Item and Tons. Includes: Number of iron mines in county (29), Number of persons employed underground (2,397), Total number persons employed (776), Number fatal accidents (9), Number gross tons of iron ore mined (2,072,029), Number gross tons ore mined per fatal accident (230,225), Number of men employed Oct. 1, 1899 (3,017), The output of each mine in operation for the year mentioned was: Mine, Tons. Chapin (890,253), Millie (14,574), Pewabic (390,660), Walpole (34,925), Concentrating Works (2,307), Traders (71,700), Keel Ridge (4,900), Cliff (four months' mining) (10,203), Cundy (86,517), Quinnesec (400), Aragon (309,000), Norway (54,500), Cyclops (2,560), Curry (1,930), West Vulcan (137,200), Loretto (69,000), Explorations (200), Total (2,072,029)

BLUE AND THE GRAY MINGLE.

NATIONAL REUNION OF VETS WHO FOUGHT ON EITHER SIDE.

Evansville, Ind., Oct. 10.—The national reunion of the Blue and the Gray opened today and will continue four days. Three thousand veterans and visitors are here.

The exercises began this afternoon with addresses by prominent veterans on both sides in the Civil war. President McKinley and his cabinet will be present tomorrow and the president will make an address. The principal address of the day was delivered by Colonel Pollard B. Hall of Macon, Ga. He said in part:

"The majority of my comrades, while rich in legacies of value are poor in this world's goods. We want no pensions from the United States government, and are not entitled to them. No man can retain his self respect and accept that which is not his due. Comrades in blue, we want only your friendship and moral support. The racial problem confronting us calls for wise, able statesmanship to solve. You once gave us a heroic dose, and it cured the patient. We feel now we shall not call in vain for your aid."

The evening was devoted to a general camp fire at Camp Farragut.

ARMY OF THE TENNESSEE.

Chicago, Oct. 10.—The twenty-first annual reunion of the Army of the Tennessee opened today. Nearly two hundred veterans are present. The reports showed progress on the Sherman monument in Washington, the foundation for which has been laid. The matter of the Grant monument also was taken up. A social reunion was held during the afternoon.

SAVED A SHIPWRECKED CREW.

AMERICAN LINER PICKS UP SEVEN SAILORS AT SEA.

Philadelphia, Oct. 10.—The American line steamship Rhyndland, Captain Hans Doxrud, from Liverpool and Queens-town, on its arrival here had on board seven shipwrecked sailors from the British brig Ida Maud, who were rescued on Oct. 7, 271 miles from Sandy Hook.

When found the men were in the rigging of their partially submerged craft, where they had been perched for twenty hours, subsisting on a bottle of molasses. The rescue was attended with great difficulty.

The Rhyndland hove in sight none too soon, as darkness was fast coming on, and the men surely would have perished in a few hours more. They were in momentary peril of being swept from the rigging, as every sea drenched them.

The rescued men are Captain Charles Stewart, Mate Daniel W. Stewart, Cook Robert W. McNeill, and Seamen Duncan Stewart, Alexander Cameron, Charles Myatt, and Michael Crowney.

PRELATES TALK EXPANSION.

19TH CONGRESS OF THE PROTESTANT EPISCOPAL CHURCH IN SESSION AT ST. PAUL.

St. Paul, Oct. 10.—The nineteenth congress of the Protestant Episcopal church opened here today with a large attendance. Holy communion was celebrated in the morning at Christ church, Bishop Whipple of Gilbert, Minn., officiating. Bishop White of Michigan City, Ind., delivered the address. At 4:30 this afternoon the delegates were tendered a formal reception at the Ryan Hotel. This evening the regular services of the congress began, Bishop Whipple presiding. The topic for the hour was "Does National Expansion Involve Imperialism?" Bishop Henry C. Potter of New York opened the formal discussion in the affirmative, followed by Rev. Dr. Rufus W. Clark of Detroit, who combated the position taken by the famous New York prelate.

HOWISON'S TIME UP.

REAR ADMIRAL ASKS TO BE PUT ON THE RETIRED LIST.

Washington, Oct. 10.—Rear Admiral Henry L. Howison today applied to be placed on the retired list of the navy on account of age.

HERR BEBEL DENIES THAT SOCIALISM IS EVOLUTIONARY.

Hanover, Oct. 10.—At today's session of the Socialist conference, Herr Bebel made a vigorous six-hour speech, moving that party should remain with it, namely, that class of the party whose historical aim is to acquire political supremacy; that there is no reason why the party should alter either its pro-

PAIN'S CELERY COMPOUND

CURES Nervousness, Debility; Strengthens and Tones the System; Purifies the Blood.

Mrs. Mary M. Myers of Baltimore, Ohio, writes: "I suffered for eight years with nervous prostration and the general debility common to women, and had such pains in my back that I could not get around the house. I used several remedies and consulted several of the best physicians without obtaining any relief. Paine's Celery Compound restored me to health. "I also want to say to all mothers that Paine's Celery Compound is a splendid medicine for their children."

WOMEN expend great nerve energy. The organs of the body need vigorous nerves to insure their healthy action. Suffering of acute nervousness is caused by weak, inflamed nerves. The body soon becomes debilitated when the nerves are weakened. Paine's Celery Compound will nourish and reinforce the nerve fibres.

Upper Peninsula News.

The Citizens' bank of Manistique opened for business Monday.

The eastern lumber shipments the past week from Menominee and Marinette are unparalleled. Upwards of ten million feet of lumber has been transported to Buffalo and the east.

Residents - Russels, Mich., have petitioned the postmaster general to change the name of the postoffice to Blount. Blount & Co. are establishing a big cedar business there.

The teachers' institute for Baraga county is now in progress in the high school at L'Anse. The instructors are Hon. H. R. Pattenhill, conductor; D. B. Waldo, principal of the Northern Normal at Marquette; instructor; Commissioner M. J. McKenna, local committee.

Young Napoleon Sabourin of L'Anse received a wound on his left hand last Wednesday afternoon. He was loading the gun, and while using the ramrod the trigger became disengaged, and the gun was discharged, firing the rod through his hand, followed by the bullet, which tore through the little finger.

The McDonald saw mill, which has stood for some years on the west shore of the Fox river in Green Bay, will be torn down and removed to Ontonagon by McMillan Bros., who already have large lumbering interests in the north. Work has already been commenced on leveling the frame work, and the machinery is being got into readiness for shipment.

The Chippewa county relief board on claims for soldiers of the Spanish-American war, composed of Prosecuting Attorney Steinlein, County Clerk Snell, Probate Judge Couch and County Treasurer Campbell, has completed its labors. In all nearly fifty claims were audited, the amounts aggregating about \$12,000. The highest claim was for \$384 and the lowest \$34.

At Carlsbad, a station on the Municipal railway about six miles east of Little Lake, sleighs were used a week ago Friday in hauling logs, there being six inches of snow on the ground. It has since disappeared, but it is doubtful if such a fall of snow (it is said over a foot deep) was ever before known in that part of the country as early as September.

The Lumbermen's Evangelistic association will begin its work in the pines about the fifteenth of next month. The association will have representatives in the camps on the Menominee in the Lake Superior and Western Wis-

consin district, and will also send men of the gospel to the north shore of Lake Superior. The difficulty now is to secure competent men. Literature of a wholesome nature will be as usual be circulated through the camps and everything possible for the men will be done.

Deputy Sheriff Ruprecht of Menominee county arrested two men at Hermandville Friday night on suspicion of having robbed the safe of William Neumanns of \$1,200 on Wednesday night, and they are in jail there. They gave their names as Edward Geran, aged 28, and William Bryan, aged 22. Some of the money which had been in the safe was found on them. It was damaged by fire, as the safe was blown up. The officer was notified Saturday afternoon that another suspect was under arrest. The two suspects told the officer that they came to town on an ore train and slept in Neumanns' barn all night.

The Menominee Sash & Door company is considering the feasibility of putting in a saw mill plant in connection with its factory. Frank Kartheiser was interviewed in the matter and makes this statement: "We have such a matter under advisement and will announce a decision in two weeks. It is virtually decided that we will put in a circular saw and accessory saw mill machinery and operate the entire year. No work on the additional plant will be commenced for two weeks, at least." The company is figuring on purchasing logs from various contractors. It would probably cut only sufficient lumber to supply its own demands.

Joe Liberty of Fisher narrowly escaped being killed at the hands of a woman whom he attempted to rape Friday evening. His head is a mass of cuts and the physicians took thirty-three stitches sewing up the wounds. About 6 o'clock that evening Liberty, in an intoxicated condition, with two companions, drove to the farm house of Mrs. Colwell, a widow, living adjacent to the Rapids farm owned by Holmes & Son. Liberty went to the door and securing entrance inquired of Mrs. Colwell if she had any chickens to sell. He received a negative reply and then assaulted the woman. Mrs. Colwell was roughly used but she proved a match for the drunken brute. Liberty pulled a revolver and fired, but the bullet missed and lodged in the cupboard. Mrs. Colwell secured a meat axe and unmercifully beat the intruder. In the meantime her little son had run terrified to the Rapids farm for assistance. Thomas Burran responded and when he reached the house found Liberty lying in a pool of blood with many gaging scalp wounds. The injured man was taken to Fisher and Dr. O. M. Layton dressed the wounds. He lies in a precarious condition and there is some doubt regarding his recovery. Mrs. Colwell was bruised in the scuffle and is prostrated with nervous trouble resulting from the intense excitement.

The Wisconsin & Michigan Fish association has completed the sale of its entire spring catch of fish. The last sale was made to Penberthy, Cook & Co., 3,600 packages, making 23,000 packages in all that was sold this season. The association is now looking around for

and expects to buy a steam yacht for service next season, in visiting the different ports after fish and transacting other business.

Saturday evening there was a wreck on the C. & N. W. at Stager in which Conductor Dan Gallagher, brakeman Abe Baribeau, both of Iron Mountain, and Express Messenger Tom Lawrence of Powers were hurt. No passengers were injured.

Plans are being projected for a fine railroad station to be built at Menominee by the Menominee & St. Paul road. It is not understood work will be commenced for some time. The depot will be built of stone and will be the finest in the upper peninsula. The offices of the railroad officials will be in the building.

"Dick" Langford, the veteran explorer and woods cruiser, who was first to discover iron ore on the Gogebic range, was seen on our streets this week. Mr. Langford is now 74 years of age and first came to Ontonagon in 1852. He is still hale and hearty and expects to make a fortune before he dies.—Ontonagon Herald.

William Satterley, formerly of Quinnesec, was killed Friday, shortly after noon in the Loretto mine. Friday, just as the men were going to work, after dinner, two Italians, who were on their way to the level in which they worked, passed through a close timbered level of the mine. They had not proceeded far after entering this level when they stumbled over the body of a man. An investigation was made and the man was found to be William Satterley. The entire top of his head had been crushed in and the brains were oozing from the wound. The man was still breathing and was evidently injured but a few moments before. The level in which the body was found was about five feet wide and six feet high and was close timbered. It was impossible for anything to have fallen and struck Satterley and it was just as impossible for him to have fallen and received the wound. Two other miners, named Sherman and Bailey, say that they were talking to Satterley at the foot of the shaft not five minutes before they were called to help care for his body. They had then left for their work and he had gone in the direction of the level in which he was working. He was found about 400 or 500 feet from where he had been working and was evidently on his way to his station when struck down. To many it looks as though a murder had been committed but the motive is a mystery. Money could not have been the object, as Satterley would not have had any while at his work and he is not known to have had an enemy.

BISMARCK'S IRON NERVE

Was the result of his splendid health. Indomitable will and tremendous energy are not found where Stomach, Liver, Kidneys and Bowels are out of order. If you want these qualities and the success they bring, use Dr. King's New Life Pills. They develop every power of brain and body. Only 25c. at The Stafford Drug company's store.

DROWNED AT SAN FRANCISCO.

San Francisco, Oct. 10.—Will A. Snow, a reporter of the San Francisco Chronicle, fell from a launch tonight and was drowned while trying to board the transport Tartar. He was a son of Chancellor Snow, of the Kansas state university.

You assume no risk when you buy Chamberlain's Colic, Cholera and Diarrhoea Remedy. The Stafford Drug company will refund your money if you are not satisfied after using it. It is everywhere admitted to be the most successful remedy in use for bowel complaints and the only one that never fails. It is pleasant, safe and reliable.

If strong the frame of the mother, the son will give laws to the land. All mothers should take Rocky Mountain Tea. Gives life and strength. The Stafford Drug company.

WINE OF CARDUI. HEALTHY OLD AGE. LARUE, BOSTON CO. ARE, Aug. 4. I am 49 years old and have been suffering with Change of Life. I had flooding spells so bad that none thought I could live. My husband got me Wine of Cardui and it saved my life. I am like another person since taking it. MRS. E. B. TOWNSEND. It is the devout wish of nearly all people to live to a ripe old age. None of us want to die young. This universal desire can be realized if care be taken of the health in early and middle life. A little precaution then will add many years to our existence. Death can be kept away a long time. Happy, healthy old age will be the lot of the woman who promptly corrects the ailments which afflict her sex. In youth, Wine of Cardui will take the female child safely over the dividing line between girlhood and womanhood. As a wife she needs it to help her through the trials of pregnancy and childbirth with as little discomfort as possible. At the Change of Life it will help her over the dangerous place that appears in her pathway between 40 and 50. Then will come many years of truly blissful existence. She will grow old slowly and gracefully. To the last she will preserve that charm and beauty which are always characteristic of perfectly healthy grandmothers. It is for women alone to decide whether they will be healthy or sick. The remedy for their sickness is close at hand. LADIES' ADVISORY DEPARTMENT. For advice in cases requiring special directions, address, giving symptoms, Ladies' Advisory Dept., The GILLETTE COMPANY, MEDICINE CO., CHICAGO, ILL., U.S.A. LARGE BOTTLES OF WINE OF CARDUI SOLD FOR \$1.00 BY DRUGGISTS.

A MURDER MOST FOUL.

James Cashen Stabbed and Killed by a Drunken Brute Near His Home Monday Night.

NO PROVOCATION GIVEN FOR THE FIENDISH DEED.

The Awful Crime is Believed to Have Been the Work of a Finlander Named Andrews, Who is Still at Large.

SHOCKING MURDER MONDAY NIGHT.

James Cashen, a young man aged twenty-six years who was born and bred in this city, was murdered in cold blood while about to enter the yard of his home at Lake Angeline, where the railroad tracks turn in to the Cleveland Lake mine, shortly after 11 o'clock Monday night. Death must have resulted almost instantly, as the body was cold when found by the dead man's brothers, who returned from work in the Lake Angeline mine for their night lunch not long after the crime was committed. A knife was the weapon with which the deed was done. The cut was located in Cashen's neck and such force was used in inflicting the wound that the collar bone was partially severed.

The city was greatly stirred when news of the crime became current yesterday morning. The body was found so late in the night that only a limited number knew of the murder. The police were informed just about midnight and at once took measures to run down the criminal. There were no immediate witnesses of the crime, but Louis Drinker, a comparative newcomer to the city, thinks he was with Cashen at the time of the murder and could identify the man who committed it.

Drinker did not care to talk directly for publication, but his knowledge of the crime is substantially as follows. He will give his sworn statement before the coroner's jury today. Drinker and Cashen were not together early in the evening. Both were about the city but they did not meet until about half an hour before the murder was committed, when Drinker walked up Pine street toward the corner of Johnston street. There he found Cashen who was talking to a friend. Cashen caught hold of Drinker's coat and asked him to wait a minute and he would walk up the street with him. Drinker complied with Cashen's request and they walked up Pine street together.

They talked while walking along and when they reached the end of the high sidewalk near Lake Angeline, where Cashen had to turn off to his home, which is a little beyond the track leading into the Cleveland lake mine, they stopped to finish their conversation. Drinker boards with Mr. Williams, 753 S. Pine street, a couple of hundred feet beyond the Cashen home. While they were talking two men who had been walking behind them all the way up Pine street drew near. They were very drunk. They stopped when they reached Cashen and Drinker.

Cashen appeared to know the men and he addressed one by the name Andrew. The trouble which led to the murder came from the insignificant accident of the dropping of Andrew's cap. Cashen said, "Andrew, your cap has fallen." The fellow rejoined, "It's a hat." Cashen said, "No, a cap." At this the man who had lost his headgear grappled with Cashen, seemingly in fun. The men struggled for a few seconds when suddenly Cashen released his hold and started toward his home.

Drinker watched him go half way to the fence of his yard and then turned to his own boarding house, and after arriving there went to bed. He was not aroused until some time after the murder was discovered and was then astonished to learn of the crime. He is of the opinion that the fatal blow was struck when the men were struggling on the sidewalk, although Cashen made no cry, nor did Drinker see the flash of the knife blade. This opinion is substantiated by the fact that a trail of blood was found yesterday morning from the sidewalk to the spot where Cashen finally fell his life away.

His making no outcry is explained by the nature of the cut, which was a horrible gash in the neck that would render speech almost impossible. It would hardly seem possible that Cashen could have been able to walk the distance from the sidewalk to the fence, but he was a man of strong constitution and might possibly have accomplished the feat by a great expenditure of energy. It is Drinker's opinion that the blow was struck while he was watching the men and that Cashen walked to the place where his body was found later.

Another hypothesis that might explain the deed is that the murderer waited until Drinker had started for his boarding house to creep upon his unsuspecting victim and strike the fatal blow. If this was the procedure of the criminal he must have cut himself with his own knife to leave a trail of blood to the sidewalk. The second hypothesis does away with the improbability of a man cut as badly as Cashen was walking such a distance before falling. The nature of the gash, which is at the base of the neck, four inches deep and five inches wide, would lead to the belief that the blow came from behind. It would, however, be difficult for a drunken man to steal down on Cashen without alarming him.

The cut which killed Cashen is a horrible gash and must have been inflicted by a powerful stroke of a strong arm. The weapon used must have been a knife with a blade of medium length and very sharp. The collar of Cashen's coat was clearly cut, which shows that the knife had a keen edge. The collar bone on the right side was partially severed by the knife. After Drinker had watched Cashen start safely, as he supposed, on his way home he paid no attention to the two drunken men but went quickly to his boarding house.

The body lay where it fell until the brothers of the deceased found it when they returned from work for their midnight lunch. They were horrified beyond words by the discovery of their

brother lying dead in his own blood. When they had recovered from the first shock they gave the alarm to the police, who soon appeared on the scene.

The officers spent the night in an endeavor to ascertain facts relative to the crime and were requested by the coroner, Coroner Wollner was summoned. He came up from Negaunee, narrowly escaping being held up on the road. He took charge of the corpse until after the jury had viewed it. As soon as it was ascertained that the victim of the murder had been accompanied by Drinker the latter was called out to inform the police of his knowledge of the affair.

While he could identify the two men whom he and Cashen had met he is unable to name them. His description to the police was fairly accurate. There were no clues of consequence found at the scene of the murder. The rain which came up yesterday morning and continued through the day is largely responsible for the fact that the murderer is still at large. Early in the morning Sheriff Carlson was informed of the crime and was requested by the coroner to lead down the criminals by following their steps. As soon as possible he left Marquette and drove here. As he reached Negaunee a sprinkling of rain had started and by the time he got to Ishpeming the ground was so thoroughly saturated that the dogs could not catch the scent and refused to work.

A story that the crime was premeditated as a measure of revenge, which was in circulation yesterday morning, is disproved by the circumstances. It was reported that Cashen was killed because he had helped Officer Ames arrest a man last Saturday night. It was Mike Cashen who assisted the officer to overpower a drunken fellow who was brandishing a revolver on Division street. There is no reason to doubt that the crime was an issue of the slight dispute which preceded its commission.

The comment and excitement over the murder have been unexampled in many months. Cashen was well known, having lived in Ishpeming all his life. He was a steady worker and well liked and respected by all who knew him, as he was of a cheery disposition. He had been employed lately by the Lake Superior company on the explorations which are being conducted at the Hartford mine and worked there Monday as usual. His death was a great shock to his family. He has several brothers and sisters here and his parents reside at the family home. Yesterday morning his people could hardly realize the bitter truth that they had lost a brother and a son through the foul work of a murderer.

Marshal Westgren and Sheriff Carlson directed the local police force yesterday in its attempts to run down the murderer. Up to six o'clock there were no definite results from the measures taken to apprehend him. Drinker furnished the officers with a good description of both men. They were Finns. One was heavy set, the other inclined to be thin, with a long thin face. The latter was the man who killed Cashen. Sheriff Carlson notified the officers at points up and down the line. Yesterday afternoon was spent in looking up suspects at the Winthrop.

An officer was sent to the Queen mines to look up two men there who are under suspicion. Other clues were followed until they came to naught. Marshal Maney of Marquette was up in the afternoon. He arrested two suspects near Bancroft yesterday morning when he heard the news. They are not the pair who met Drinker and Cashen but it is possible that they were concerned in the attempted hold-up of Maurice Wollner. Marshal Maney also had an officer out looking for three Finlanders who were reported to have passed a boarding house near the brewery yesterday morning. It was the Marquette officer's intention to round up all the men at the foreign boarding houses when he returned to the Queen city.

The murderer and his companion were seen in the vicinity of Lake Angeline after the crime was committed. They are also thought to be one and the same with two men who were on a street car earlier in the evening. Their identity is not very obscure and when this, and the fact that one of them was injured so badly that he left a trail of blood, is taken into account it is seen that there is a fair prospect of their apprehension. They were so drunk that it is extremely unlikely that they would have sense enough to take the best measures for their concealment. It is sincerely hoped that there will be important developments in the case today.

Coroner Wollner's jury is composed of Patrick Cronin, J. J. Voelker, Herman Jaedeke, H. W. Outhouse, Otto Eger and Frank Gunville. The jury men inspected the scene of the crime and the body of the victim yesterday. A quest will be held this afternoon at 2 o'clock at Justice Kennedy's court. The investigation will consist of the examination of Louis Drinker, the only man who can throw any light on the manner in which the crime was committed.

Arrangements for the funeral of the murdered man have not yet been perfected.

BLACKWELL HERE YESTERDAY.

WAS GIVEN A WARM WELCOME BY HIS FRIENDS AND IS LOOKING WELL.

William Peters yesterday escorted E. J. Blackwell, just returned from the Philippines, where he has been doing service with the Twenty-third regiment of regulars, down from Michigan, where he is spending some time with his parents, and re-introduced him to all his old Ishpeming friends. The young man received a warm welcome from all who have been following his career in the regular service during the past five months. He is looking well and is quite pleased to be home again. He will return to Michigan tomorrow this afternoon but will come to Ishpeming again Saturday to spend some time here.

Mr. Blackwell's recital of experiences at the seat of war in the East are most entertaining, and he regaled many of his friends here in that way yesterday. Lately he has been located on the Isle of Cebu, away from the seat of most of the fighting. From Nov. 24 when, after a fine trip over a month from San Francisco, Mr. Blackwell landed with

Gents, Look Here!

Why Wear poor-fitting, ready-made garments? You know as well as I that you can't get a "hand-me-down" suit to conform to your figure as does a custom-made.

Why Not Wear perfect clothing when it can be purchased just as cheaply—and it's a great deal cheaper in the long run—as these so much advertised ready-to-wear (5) suits?

I have an extensive line of imported and domestic cloths of beautiful fall and winter patterns that I am making up at extremely low figures. Haven't you better let me fit you out? "Best work for the least money" is my motto.

J. H. Mortley, The Fashionable Tailor. Canda Street, Ishpeming, Mich.

his regiment at Manila, until Feb. 25, 1899, he was taking part in the warfare on the Isle of Luzon in the neighborhood of Manila.

On the 26th of February his company was one of a battalion of the Twenty-third regiment which was assigned to duty in the Isle of Cebu and he embarked for that place. It is located a distance of 460 miles from Manila. He remained at Cebu until Aug. 19, when his term of enlistment ran out. Then he accepted an honorable discharge and as soon as possible took passage for home. At Cebu all was quiet until a few weeks before Mr. Blackwell's term expired. Then the Filipinos began to kick up trouble and they have been at it more or less ever since.

WILL SUP TOGETHER.

The high school football players, both regulars and subs, will enjoy a supper at Best's restaurant tomorrow night. It will be all but one evening previous to the big game with the Ironwood Highs next Saturday, and as the boys will want to rest Friday night they will take advantage of this opportunity to get together and talk over the coming struggle. The boys are practicing nightly. Rain kept them from the grounds last night but they had a good practice Monday night. They will be out this evening. The players are showing good form. Their work has in view putting up a good defense against Ironwood's line plays, which were used for constant gains in the first game here.

WILL HAVE PACKED HOUSE.

Murray and Mack will be greeted by one of the biggest gatherings that has assembled in the opera house in months Thursday night when, supported by an able company, they produce "Finnegan's Ball." The advance sale is already large and the number of choice seats left is small. Local people expect a good deal of fun out of "Finnegan's Ball," and there is no reason to believe they will be disappointed. Everything points to its being a good show.

VOLCANIC ERUPTIONS

Are grand, but Skin Eruptions solve life of joy. Bucklen's Arnica Salve cures them, also Old, Running and Fever Sores, Ulcers, Boils, Felons, Corns, Warts, Cuts, Bruises, Burns, Scalds, Chapped Hands, Chilblains, Best File cure on earth. Drives out pains and aches. Only 25cts. a box. Cure Guaranteed. Sold by The Stafford Drug company.

ISHPEMING IN BRIEF.

Austin Farrell was up from Gladstone yesterday.

George R. Watts of Marquette was here yesterday.

W. G. Pollock, secretary of the Lake Angeline company, was here yesterday.

Nels Majhannu and family have returned to the city, after an extended visit in Finland.

Dr. Drake has returned from an extended camping and hunting trip and will resume his practice immediately.

Fred Tommensen lost a young pup yesterday which he would like to regain. It is a shepherd dog three months old, light in color. He offers a reward for it.

T. F. Gill desires to state that the \$25 over which there was a misunderstanding at the meeting of the board of supervisors Monday went to defray the funeral expenses of a boy belonging to Jacob Hill. It was not Mrs. Tremnick who had the use of the money. Mr. Hill's boy died on the 27th of January.

State of Ohio, City of Toledo, Lucas County, ss. Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and state aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY. Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1888. A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials, free.

F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

Everybody's liable to itching piles, Rich and poor, old and young—terrible the torture they suffer. Only one sure cure. Doan's Ointment. Absolutely safe; can't fail.

Consumption Cure—Warner's White Wine of Tar Syrup, the best cough remedy on earth, cures a cold in one day if taken in time. 25 and 50cts.

ROYAL Baking Powder Absolutely Pure

LOST—A light colored shepard pup dog, aged three months. Reward given if returned to Fred Tommensen, 513 N. Pine street. (10-11-15)

THE PRESIDENT AT WEST SUPERIOR AND DULUTH.

FRIDAY, OCT. 13, 1899.

At West Superior.

The president's special train is due to arrive at Union depot West Superior 8:30 a. m., of the 13th. It will remain half an hour, the president addressing the people from the platform of his car or from the pavilion at Hammond Park.

At Duluth.

President McKinley will spend just forty-five minutes in Duluth next Friday morning. He will arrive on the Eastern Minnesota railroad at 9:15 o'clock, and will leave on the Northern Pacific at 10 o'clock for Fargo. The Duluth passenger agents have been advised that this is the program by Charles S. Fee, general passenger agent of the Northern Pacific railroad. The party will come in a special train. The run to Brainerd is to be made in three and one-half hours, which will bring the party there at 1:30 p. m., and Fargo is to be reached at 5:30 o'clock. A short stop will be made at Wadena. An endeavor will be made to have the president deliver a short address while here. It would be from a public place, and the balcony of the St. Louis is suggested. The Duluth reception committee will take the reception to the presidential party in hand, and will prepare for welcoming him in appropriate style. The new steel arch is to be pushed to completion before that time.

LOW EXCURSION FARES.

To give all of our people an opportunity of seeing the president on his visit to the head of the lakes on Friday, Oct. 13, the D., S. S. & A. railway will make the following low excursion fares:

Table with 2 columns: Station Name and Fare. Includes SAULT STE. MARIE, BRIMLEY, ST. IGNACE, TROUT LAKE, SOO JUNCTION, NEWBERRY, DOLLARVILLE, M'ILLAN, SENNY, SHINGLETON, WETMORE, MUNISING JUNCTION, AU TRAIN, MARQUETTE, NEGAUNEE, ISHPEMING, HUMBOLDT, REPUBLIC, CHAMPION, MICHIGAMME, CALUMET, LAKE LINDEN, HANCOCK, HOUGHTON, CHASSEL, BARAGA, L'ANSE, NESTORA, SIDNAW, KITCHI, KENTON, TROUT CREEK, PAINESVILLE, BRUCE'S CROSSING, EWEN, MATCHWOOD, LAKE GOGEBIC, THOMASTON, SAXON, IRON RIVER, LAKE NEBAGAMON, ROCKMONT, SOUTH RANGE.

Tickets Will Be On Sale as Follows:

At main line stations Sault Ste. Marie and west to Au Train, inclusive, for the night train of Thursday, Oct. 12. Agents at St. Ignace and on the branch will sell for the afternoon train of same date. Tickets good for return until evening train leaving Duluth, Monday, Oct. 16. Main line stations Marquette to Michigamme, inclusive, for the morning and night trains of Thursday, Oct. 12. Tickets good for return until morning train leaving Duluth, Tuesday, Oct. 17. At stations on the Houghton branch and in the copper country for the morning and night trains of Thursday, Oct. 12. Tickets good for return until morning train leaving Duluth, Tuesday, Oct. 17. At main line stations Nestora and west for afternoon train of Thursday, Oct. 12, and morning express of Friday, Oct. 13. Tickets good for return until morning train leaving Duluth, Monday, Oct. 16.

For further particulars apply to the agents of the company at the stations named.

Geo. W. Hibbard, Marquette, Mich. (10-7) Gen'l Pass. Agent.

In and About Negaunee.

AN ATTEMPTED HOLDUP.

MAURICE WOLLNER ORDERED TO HALT BY THREE MEN WHILE ON HIS WAY TO ISHPEMING LAST MONDAY NIGHT.

Maurice Wollner nearly came to grief Monday night about 12 o'clock while on his way to Ishpeming. He was accosted by three men at the point where the Cliffs drive leaves the county road. They commanded him to stop, but he disregarded them and whipped up his horse. He got through all right and reached Ishpeming without further interference. Mr. Wollner was summoned to Ishpeming when the discovery was made that James Cashen, a diamond drill man at the Hartford mine, had been murdered within a few steps of his home, to take charge of the body in his capacity as coroner.

It was shortly before midnight when he left for Ishpeming. He noticed nothing out of the way until he came to the point where the Cliffs drive meets the county road, where he noticed three men endeavoring to grab the horse. As their attitude was very menacing and boded no good, Mr. Wollner made a pass at one of them with his whip, at the same time hitting the horse hard and sending it scurrying from the scene of the encounter. He was not followed and reached Ishpeming without further trouble. There is not supposed to be any connection between the party that stopped Mr. Wollner and the men who were guilty of the murder of Cashen.

CREATED MUCH COMMENT.

There was much comment on, and no little excitement here yesterday morning over, the dastardly murder of James Cashen at Ishpeming Monday night. The news reached here early in the morning, and there was much inquiry as to the details of the crime. It was thought that the murderer might have come to Negaunee and an officer was down to look around the city early in the morning. Much regret was expressed over the murder. The victim was known by many people here as a quiet, well-behaved fellow. News from Ishpeming was in demand all the day and it was hoped that the criminal would be run down. Sheriff Carlson went through the city about 9 o'clock with the branch prison blood hounds, but the rains which started as he arrived here rendered the dogs useless in hunting down the murderer.

OLD LANDMARK BURNED DOWN.

John Chubb's house burned to the ground Monday afternoon. The structure was entirely destroyed and only a portion of the family's household goods and effects were saved. The house was located on the big hill to the south of Negaunee in plain view of the city. It was beyond the reach of fire protection and it was seen that the structure was doomed shortly after the fire was discovered. The fire department did not turn out. The house, which was a small one, was an old landmark, being thirty years or more old. It was built by John Gray, who was quite a prominent figure in the mining industry of Negaunee and its vicinity in the old days. When Mr. Gray erected the structure he was connected with the Shald explorations.

HIS LIFE WAS SAVED.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise. This marvelous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. Regular sizes 50 cents and \$1.00. Trial bottles free at the Stafford Drug company; every bottle guaranteed."

IT MAY SAVE YOUR LIFE.

A dose or two of Foley's Honey and Tar will prevent an attack of pneumonia, grip or severe cold if taken in time. Cures coughs, colds, croup, la grippe, hoarseness, difficult breathing, whooping cough, incipient consumption, asthma or bronchitis. Gives positive relief in advanced stages of consumption, asthma or bronchitis. Guaranteed. The Stafford Drug company.

No such thing as "summer complaint" where Dr. Fowler's Extract of Wild Strawberry is kept handy. Nature's remedy for looseness of the bowels.

BATHS, BATHS, BATHS.

A PLAIN LETTER

From a Prominent and Well Known Surgeon in the Upper Peninsula. Office of W. H. Dodge, M. D., Hancock, Mich.

Hancock, Mich., August 1, 1898. Crown Distilling Co., Cincinnati, Ohio: Gentlemen—You ask my opinion of your Four Hundred Rye Whisky. Its purity is extraordinary. I prescribe it, in cases requiring such an agent, because of its purity. Very respectfully, W. H. DODGE, M. D.

The purest type of the purest whisky; guaranteed ten years old. Sold at all first-class cafes and at drug stores.

The Best Cough Remedy on Earth.

Warner's White Wine of Tar Syrup, Consumption Cure, cures a cold in 24 hours if taken in time and does not stop a cough in one minute by paralyzing the throat, but it cures the disease and leaves the throat and lungs healthy and strong. 25 and 50 cts.

REVENUES ARE GREATER.

REVISION OF THE LIST OF WATER TAKERS BENEFITS THE CITY.

Superintendent Hansen of the water works has been doing some work during the past few weeks that has led to the material gain of the city. He has been looking up matters pertaining to the water system. Besides making a complete list of the location of all the cut-offs, he has compared the records in the accounts with the conditions that actually hold in the various stores and dwellings. He has found many inaccuracies which have been rectified.

The city is a decided gainer as a result of his work. The errors found were nearly all in its favor. Many taps were discovered which were being used without payment of any rate. In other instances revenue which justly belonged to the city was not collected. These conditions have been rectified and as a result the quarterly receipts aggregate from \$300 to \$500 more than they did in the past. A portion of this amount comes from rates paid by new consumers, but a large part of it is derived from parties who have escaped with lighter taxes for the water they have consumed than they should have paid.

LOCAL LACONICS.

T. F. Cole of Ironwood was here Monday. Case Downing was down from Ishpeming yesterday morning.

Mrs. Katherine Brandt has a saloon or store room on Iron street to rent.

Joy & Aiken pulled up stakes here yesterday morning and left for a new location.

Mr. and Mrs. Anthony Broad mourn the loss of an infant child, which died Monday. The funeral was held yesterday.

Harvey Pearce and bride are expected home from their bridal trip to Duluth, Minneapolis and St. Paul Thursday. They will reside here.

The fine weather of the past ten days had its first reverse yesterday, when it rained constantly. It was warm, however, and there was no sign of snow.

A number of Negaunee people have engaged seats for "Finnigan's Ball," which will be produced at Ishpeming tomorrow night by Murray and Mack, supported by an able company.

Marquette farmers find their way to Negaunee with produce. The local agriculturists supply a large portion of the trade but two or three loads of stuff a day come up from the vicinity of the Queen City.

Captain Jack O'Connell will be one of the features in Jim Long's vaudeville performance at MacDonald's Opera House this evening. He will give an exhibition of his wonderful marksmanship. Captain Jacks like Negaunee well and has many friends here.

The tax case in which the city of Negaunee and several mining companies are concerned will come up for a hearing during the present term of the supreme court. The exact date of the hearing is not known but it is well along toward the end of the session and it is possible that it will not be until next month.

The improvements on the church of the Finnish society are progressing rapidly. The belfry is taking form. The steeple has been partially sheathed and it will be finished up with shingles. The church will present quite a dresy appearance when the work is finished and will be a convenient meeting place for the members of the society.

During the winter of 1897 Mr. James Reed, one of the leading citizens and merchants of Clay, Clay Co., W. Va., struck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whisky in bathing it, but nothing gave any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have had to be amputated. Pain Balm is unequalled for sprains, bruises and rheumatism. For sale by The Stafford Drug Company.

FOR SALE—Two driving horses, a phaeton, cutter, robes and other driving equipment. Apply Benjamin Neely, Sr., Negaunee. (9-9-10)

You ought to know that when suffering from any kidney trouble that a safe, sure remedy is Foley's Kidney Cure. Guaranteed or money refunded. The Stafford Drug company.

GIVE THE CHILDREN A DRINK called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children, as well as adults, can drink it with great benefit. Costs about 1/4 as much as coffee. 15 and 25c.

DOES IT PAY TO BUY CHEAP?—A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles. "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but always inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. Sample bottles at the Stafford Drug company.

Where to Stop When in Detroit. Hotel Metropole, Woodward Ave. opp. City Hall. European plan Rooms, \$1 per day; with bath, \$1.50

MICHIGAN'S METROPOLIS.

THE GREAT AND GROWING CITY OF THE STRAITS.

All Roads Lead to Detroit—Practical Applications Worth Weighing by Our Readers.

In 1897 the conventions held in Detroit brought that city 100,000 visitors. Last year the number reached 75,000, and this year it will amount to probably 250,000. These visitors are charmed with Detroit and very many will come again. At each recurring visit they will note improvements, progress, and continued growth in everything that makes up a great city.

Of the 15 largest cities of the country, Detroit stands second in percentage of growth from 1880 to 1890, it being exceeded only by Chicago. Its percentage of increase in that decade was 76.9-10 per cent. The present assessed value of Detroit's real estate is over \$160,000,000 and of her personal property over \$38,000,000. Detroit is a beautiful, enterprising and solid city. Her merchants and manufacturers keep abreast of the times in their displays of stocks and staple articles, and buyers need seek no farther than her hospitable limits to find anything they want, and of the best.

The firms below, leaders in their lines, invite the trade of our retail dealers and all others interested. The promptness and courtesy which have built up these establishments is the best recommendation we can offer for them to our readers.

ON HER MAIDEN TRIP.

Presque Isle Transportation Company's New Steamer Angeline a Monster Craft.

SHE CAN CARRY CLOSE ONTO SEVEN THOUSAND TONS.

Only Three Boats in the Lake Fleet Excel Her in Tonnage and But Two Others in Length—She Can Chase the Ore Record Hard.

BIGGEST STEAMER EVER SEEN HERE.

The steamer Angeline, the biggest boat which ever entered Marquette harbor, came in on her maiden trip yesterday, landed at the L. S. & I. dock and cleared late last night for Ashtabula. She carried about 6,100 tons, which, however, is in the neighborhood of a thousand tons short of her capacity. It was not considered good judgment to load her to her full capacity on her maiden trip. With a cargo of 6,100 tons she approaches the ore carrying record of this harbor but still leaves it unbroken. It is at present held by her sister ship the Presque Isle, the figure being 6,200 tons. The same precaution was not exercised with the Presque Isle as with the Angeline, for on her maiden trip the first named vessel took a cargo of 6,135 tons, only sixty-five tons short of her record.

ONE OF THE LARGEST.

While not the largest boat on the lakes the Angeline has few superiors in point of size. She is 423 1/2 feet in length, has a beam of 51.9 and is 25 feet deep. She is a single decker with two masts. Her gross tonnage is 4,644 and her net tonnage 3,538. The dimensions of the steamer Presque Isle, which, up till the advent of the Angeline, was the largest boat trading here, are as follows: Length, 407 feet; breadth, 50 feet; depth, 24 feet. Both boats are owned by the Presque Isle Transportation company of which William G. Mather of Cleveland is managing owner. They are documented in this district.

Captain James B. Lowe, who is one of the best known masters on the great lakes, is in command of the new craft. He also brought out the Pontiac and the Presque Isle, being quite recently transferred from the latter craft.

WILL BREAK PORT RECORD.

As soon as the Angeline carries her first cargo on full draft the ore carrying record of this port will be badly smashed, and the ore carrying record of the lakes will be approached within one or two hundred tons. The latter record is at present held by the schooner John A. Roebeling of the Bessemer fleet. The Roebeling made the record in 1888, carrying a cargo of 7,023 gross tons between Duluth and Conneaut on a draft of 17 feet 6 inches.

There are only three steamers on the lakes of greater measured tonnage than the new Angeline, but there are two others which, while their tonnage is less, exceed her in length. The boats which are greater in length than the Angeline are the S. F. B. Morse, the Douglas Houghton and the Superior City; the Superior City, the Superior City and the Robert Fulton exceed in point of length only.

LIST OF THE BIG FELLOWS.

The Angeline belongs to the 400-foot class, the biggest class of vessels on the lakes, and in all the fleet there are but twenty-two steamers coming within this classification. These steamers with their measurements are as follows:

- Angeline, 4,446 tons, 423 1/2 feet; Sir Henry Bessemer, 4,321 tons, 413 feet; Clarence A. Black, 4,521 tons, 413 feet; Andrew Carnegie, 4,390 tons, 400 feet; Coralia, 4,331 tons, 413 feet; Crescent City, 4,213 tons, 406 feet; Empire City, 4,118 tons, 405 feet; Sir William Fairbairne, 4,220 tons, 405 feet; Robert Fulton, same dimensions; Hendrick S. Holden, 4,441 tons, 408 feet; William R. Linn, 4,328 tons, 400 feet; Maricopa, 4,223 tons, 406 feet; S. F. B. Morse, 4,936 tons, 456 feet; North Land, 4,244 tons, 358 feet; Presque Isle, 4,578 tons, 407 feet; Queen City, 3,980 tons, 401 feet; Senator, 4,048 tons, 410 feet; Sir William Siemens, 4,344 tons, 413 feet; George Stephenson, 4,563 tons, 407 feet; Superior City, 4,755 tons, 429 feet; James Watt, 4,090 tons, 405 feet; Douglas Houghton, 4,936 tons, 456 feet.

WERE WEAKER YESTERDAY.

All the More Active Coppers Slip Back a Notch or Two.

The week started well Monday with a general advance in the copper list, but yesterday a portion of this was lost; however, it is said few stocks are being offered at the ruling figures.

Arcadian lost nearly all of its Monday gain and closed 2 1/2 down at 50. Boston & Montana fell off one to 360 while Butte & Boston sustained a loss of two and closed at 78. Copper Range went off 1 1/2 to 35. Calumet & Hecla lost 10 of the 20 it gained Monday; the close was 780. Tamarack fell off three to 225. All other changes were fractional, about equally divided between recessions and advances.

London copper lost slightly yesterday. Hayden, Stone & Co. quoted both the opening and close at 276, 2s. 6d. The previous close was five shillings higher. Paine, Webber & Co. said yesterday in their daily copper letter to the local branch:

"Boston, Oct. 11.—The copper market was featureless today but there are few stocks offering. A few orders in the market would cause a sharp rally in any of them. The New York market became very strong on the announcement of government's action in regard to prepaying interest and held the rally fairly well. The Boston stock exchange will be closed Oct. 14, Devey day. Sales of active coppers Monday: Adventure, 160; Arcadian, 715; Arnold, 110; Atlantic, 50; Baltic, 500; Centennial, 132; Cochita, 920; Franklin, 100; Mayflower, 245; Mohawk, 15; Old Colony, 85; Osceola, 220; Parrot, 75; Rhode Island, 400; Santa Fe, 150; Tamarack, 10; United States, 500; Utah, 550; Winona, 100; Wolverine, 35."

Wheat was a little weaker yesterday, close on December was 72 1/2 and on May 75 1/2. A. R. Jones & Co. said in their daily grain letter to Fred Jones: "Chicago, Oct. 10.—Wheat—Early news

TO CURE LA GRIPPE IN TWO DAYS—Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

In the form of lower foreign markets and a substantial increase in the European visible took all the nerve from holders in this market and resulted in a weak market again with a considerable loss. It was in anticipation of just this kind of news and movement that holders crowded each other the last two days of last week to get out. They had banked too much on the apparent certainty of war abroad and now that the chances for such a crisis are decreasing daily it simply means wholesale liquidation accelerated today by an unexpectedly large increase in the visible, 2,415,000 bushels, and leaves the visible now 44,943,000 as compared with 12,610,000 last year. On the other hand winter wheat receipts were falling off sharply yesterday, and today they were but 545,000 at Toledo, Detroit, Kansas City and St. Louis as compared with 1,271,000 the same day last year, certainly a bull factor. But even at this decline the demand was surprisingly strong, short covering absorbing most of the offering. Beerbohm figures importing countries will require 372,000,000 bushels. The market closed quiet near the top and but half a cent worse than Saturday with no special indications."

SUSPECTS JAILED HERE.

Lockup Holds Two Men Who May be Murderers of James Cashen.

Two men are in the city lockup who were arrested yesterday on the charge that they might be the murderers of James Cashen, the victim of the brutal and sensational knifing at Ishpeming night before last.

The pair were gathered in near Bancroft yesterday noon by Chief Maney and Deputy Sheriff Bennett. The officers went up on a tip given by a railroad man that two suspicious looking characters had been passed walking down the track at Eagle Mills. When apprehended they were walking rapidly in the direction of Marquette and the shooter and either of the two had his coat off in spite of the pelting rain. Both had been drinking and one of them was fairly drunk.

They claim that they came down from the copper country night before last and that yesterday morning they started to work for a railroad contractor near Ishpeming, but as he was a hard man to work for they left their jobs after they had been at work for a couple of hours. They claim to be ignorant of the Ishpeming murder but tell a story of some trouble which took place on the train as they were coming down from the copper country. What this trouble was they do not say, only that they were not implicated in it. Neither of the officers are inclined to take much stock in their stories.

The railroad man who put the officers on identified them as the two he saw coming down the track. They will be held in the lockup till they are positively identified as the guilty parties or until all time enough has passed by to show that they are probably not the men wanted. One of the two men is a Finlander, a suspicious circumstance considering that the murder is supposed to have been committed by a man or men of that nationality. While not recognized by the officers here they seemed acquainted with the Marquette lockup for they knew just where to go when they came off the train.

Sheriff Carlson spent the entire day in Ishpeming yesterday working on the case. He went up on the morning train and took two of the bloodhounds from the Branch prison pack with him. One of them was the dog Drive, which Warden Freeman claims has no superior in the country and which could not be bought for \$1,000. When the sheriff reached Ishpeming with the dogs it had been raining hard for several hours and hundreds of people had visited the scene of the murder, both of which conditions acted against the hounds. It was found impossible to even start them on the trail. The sheriff came back with the dogs on the 7 o'clock train last evening and reported that little if any headway had been made towards ferreting out the perpetrators of the crime.

IMPERFECT DRAINS.

Care Should be Taken That the Impurities Be Properly Carried Off.

Everyone knows of the fatal results which follow the stoppage of the drains in a house.

Queen Victoria's husband, the Prince Consort, died from poisonous germs, which were generated in the palace by the stoppage of the drains.

The kidneys, among their many other functions, act as drains to the body. Through them the blood passes to be purified, leaving behind a mass of effete matter, which it is their duty to eject from the system.

When, however, the kidneys become congested and all clogged up, this refuse matter accumulates and becomes an active poison, and, in course of time, infects the whole man, and eventually, if the cause is not removed, it occasions sudden death, the patient drowning, as it were, in his own secretions.

The symptoms which Nature puts forth like danger signals to tell us that the kidneys no longer do their duty are too numerous to set forth.

Nearly always women's peculiar ailments in their more aggravated and protracted forms are traceable to this source, and rheumatism in all its varied phases; while pneumonia and Bright's disease are but the culmination of an organic trouble, which, had it been treated organically and not symptomatically, could not possibly have had any such fatal determination.

Coughs and colds, strange as it may seem, are oftentimes symptoms of trouble in the kidneys.

What must be done, then, in these cases? It is surely unwise to treat symptoms, when we can at once heal the organ from whence the symptoms rise.

Let us then at once go to the root of the trouble and heal the kidneys. There is a remedy, known all the world over, that will strengthen them, so that they can perform their functions; feeding them and cleansing them in such a marvelous manner that the patient immediately feels the good work that is going on, and in a few weeks is able to join the ranks of the many thousands who gratefully acknowledge that they owe health and strength, and sometimes life itself, to this unflinching remedy, Warner's Safe Cure.

Makes rich, red blood, and muscle more rapidly than any known remedy. It's food for brain and nerve. That's what Rocky Mountain Tea is. The Stafford Drug company.

MASS SHOWS UP WELL.

General Manager Cole Tells of Development Work Now Being Done of the Property.

COPPER IS PRODUCED INCIDENTALLY IN THE DEVELOPMENT.

Rich Stopping Ground is Being Left Untouched—Stamp Mill Will Be Ready When the Mine is Sufficiently Developed to Need It.

EXPECTATIONS HAVE BEEN REALIZED.

General Manager T. F. Cole came down from Ironwood in his special car Monday to attend to some business matters and have a conference with some gentlemen who have common business interests with him. While at the Hotel Marquette that evening Mr. Cole gave The Mining Journal an interview on the Mass mine, one of the properties of which he has the oversight.

IN RICH GROUND.

"We are opening up ground," he said, "which is proving fully equal to all our expectations. The new shaft, the No. 2, or B shaft, you may call it, is being sunk in a lode which is proving unusually rich; I mean the Evergreen lode. Work in the upraise shaft which was started 420 feet below surface to meet this first shaft is also in very rich ground.

"The work of developing the sixth and seventh levels is progressing very satisfactorily and a large amount of rich vein matter is being encountered. A considerable quantity of copper in sheets and masses is being produced in the process of development, but no stopping is being done; the rich ground is being worked.

"The work of crosscutting from the seventh level near the old No. 3 shaft is also progressing very well, and if the Butler vein is found where we expect to encounter it the crosscut will likely intersect that lode early in November, or possibly even before that time.

HAVE STRONG HOPES.

"In the near future work will be started on two proposed shafts to be located on the Ogima property and sunk on the Knowlton lode. At all points on the Knowlton lode where exploratory work has been conducted we have found the lode rich in rock which contains copper. Our expectations are that it will fully equal the results already obtained in developing stoping reserves on the Evergreen lode. We are fully satisfied with the development work already prosecuted. Sinking from the bottom of the old workings on the Evergreen lode is developing rich copper ground.

"As in all copper mines it takes a long time to develop ample stoping grounds to keep a modern stamp mill busy. Stamping facilities will be provided in ample time to care for the full capacity of the mine."

THEY ARE HERE TONIGHT.

Murray and Mack, the Great Irish Comedians in "Finnigan's Ball."

Murray and Mack in their new success, "Finnigan's Ball," the really big farce comedy of the season, is the attraction

THE ORIGINALS

MURRAY & MACK

at the opera house tonight.

It is promised as a leap from the conventional and far away from anything yet seen and is said to be chuck full of humor and free from sorrow as a shad is from bones.

Marie, Oct. 10.—(Special)—Up—Northern King, 10:40; Arthur Orr, 1; Bessemer, Naemyth, 1:40; Queen City, 4:30; Athabasca, 7:30; Northern Wave, Hanna, 8:40; Houghton, Stephenson, 10:30; Penney, 11; Ed Smith, Ogarta, Connelly Brothers, Gardner, 11:30; Green, Genoa, Our Son, Gladstone, 12:20; Orr, Carrington, 1; Bon Ami, 1:30; Victoria, Constitution, 2; Louisiana, Severa, 3; Madden, Naguebay, Mateneze, 7.

PORT LIST.

Up—None. Down—Peerless. Arrived—Choctaw, Antaste, Merrimac, Quito, 101, Angeline, Forest City, Frontenac. Cleared—Wade, Paisley, Frontenac, Cleveland; Forest City, Andaste, Buffalo; Angeline, Ashtabula; Choctaw, Lorain.

LOCAL MARINE NEWS.

The steamer Quito is waiting for a chance to get at the Pickands dock to discharge her coal cargo.

The steamer Peerless came in yesterday on her way down the lake. This is her first trip since she was run into and sunk in Duluth harbor.

The Paisley which came in ten days ago and which has been waiting about half that time for her steamer to come for her was picked up yesterday and started on her journey to Cleveland.

On her present trip down the lakes the steamer Presque Isle stranded Monday in St. Mary's river 3 miles above the dike and swung across the channel. There was but thirteen or fourteen feet of water around the stranded vessel and other

boats were held up several hours till the channel could be cleared. This was accomplished about noon, by which time a fleet of fifteen was in waiting.

The big schooner Athens was towed down from the L. S. & I. dock yesterday and anchored inside the breakwater in the lower harbor to await the arrival of her steamer, the Fruit, which is farther up the lake unloading coal. The Athens is ore laden for Ashtabula.

THAT JOYFUL FEELING

With the exhilarating sense of renewed health and strength and internal cleanliness, which follows the use of Syrup of Figs, is unknown to the few who have not progressed beyond the old-time medicines and the cheap substitutes sometimes offered but never accepted by the well-informed. Buy the genuine. Manufactured by the California Fig Syrup Co.

CITY BREVITIES.

Weather forecast: Partly cloudy weather; wind becoming variable.

Yesterday's temperature: 7 a. m., 55 degrees; noon, 54 degrees; 7 p. m., 52 degrees; maximum, 56 degrees, minimum, 52 degrees.

Born to Mr. and Mrs. Fred Herlick, a son.

W. S. Prickett of Stenaw stopped off here last night.

Supervisor T. H. Roberts was down from Ishpeming yesterday.

N. J. Dolph of Kitchi was a business visitor in the city yesterday.

G. N. Conklin has gone to New York to make his holiday purchases.

J. J. Smiley of Ishpeming was down from the Hematite city yesterday.

Captain C. M. York is examining a number of candidates for marine licenses.

Ed Carney, city editor of the Ishpeming Iron Ore, was a Marquette visitor yesterday.

Mrs. Frank Olson is visiting in Ishpeming with her parents, Mr. and Mrs. Joseph Leifer.

Miss Louise Baldwin of Green Bay is visiting Miss Adele McCain at her home on Hewitt avenue.

Miss Eva Sundberg, who has been visiting friends here, returned to Neegaunee on last evening's train.

Mrs. S. S. Ormsbee and H. N. Ormsbee have returned from a visit with Mrs. Ormsbee's parents in Plymouth, Wis.

Joe Hoar got back yesterday morning from Chicago where he has spent the past week attending the fall festival.

Robert J. Bates of Ironwood, census supervisor for this district, arrived in the city on the 7 o'clock train last evening.

License to wed was issued by County Clerk Ross yesterday to Martin A. Lampela and Edia J. Halonen, both of Republic.

Ellen Fitzgerald, daughter of Mr. and Mrs. Henry Fitzgerald, died of spinal meningitis yesterday at her home, No. 517 Spring street. She was thirteen years old. The funeral will be held at 2 o'clock this afternoon from the house with interment in Park cemetery.

Louis and Benjamin Harris, doing business as L. & B. Harris at Crystal Falls, have entered a petition in the United States court here to be discharged from bankruptcy. Their liabilities are \$3,750 and their assets nothing. Peter W. Sausky and Solomon Harris, also of the same place, have filed a similar petition. Their liabilities are \$1,443 with no assets.

The South Shore is advertising a cheap excursion to Duluth to give people along its line a chance to attend the McKinley celebration. The president, accompanied by his cabinet, will arrive in Duluth at 9:15 next Friday morning. He will be welcomed by 8,000 school children who will sing "America," after which he will take a short drive around the city and deliver an open air address from the balcony of the Hotel St. Louis.

M. I. A. COLUMN.

The following paragraphs from late numbers of the Outlook are of interest: one relating to the pioneer improvement society and the other showing what has been accomplished by women on the subject of street cleaning:

"Forty-two years ago the first village improvement society, now known as the Laurel Hill association, was organized in Stockbridge, Mass. Its annual meeting is of interest not only to Berkshire county, but to many villages throughout the county which owe their own beauty to its example. Much of the good done is possible anywhere, such as the care of roadsides, boxes for refuse, paths with seats at good view points, and planting of trees where the original growth has been sacrificed."

The premises of public and semi-public institutions should be and usually are in such tidy condition as to be models of neatness which private citizens may well imitate. So well kept as to be noticeable are the premises surrounding the government building, the city hall, the court house, a church or two, as many school houses and the open spaces near the railway depot; but on the contrary, so filthy kept as to be deplorable are the grounds of several churches and schools, for whose condition no one in particular seems to be responsible, but where weeds luxuriate and shade trees and shrubbery are conspicuously absent.

The association has in contemplation the erection of a fountain in some public place in the city. As one of the means of raising the funds it is probable that a series of dime musicales will be given in Felix hall, the use of which for that purpose has been kindly donated by Mrs. Longyear. The best available local and visiting talent will be called upon to contribute to the programs.

On the 10th of December, 1897, Rev. S. A. Donahoe, pastor M. E. church, South Pt. Pleasant, W. Va., contracted a severe cold which was attended from the beginning by violent coughing. He says: "After resorting to a number of so-called 'specifics,' usually kept in the house, to no purpose, I purchased a bottle of Chamberlain's Cough Remedy, which acted like a charm. I most cheerfully recommend it to the public." For sale by The Stafford Drug Company

QUESTION ANSWERED.—Yes, August Flower still has the largest sale of your medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for Indigestion or Bilioousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Sample bottles at the Stafford Drug company.

DON'T LEAVE THE CITY.

Plenty of Proof Right Here in Marquette.

Claim is one thing, proof another. Columbus claimed the world was round. Did people believe it? Not until he proved it. Unproven claims have made the people skeptics. Every claim made for the "Little Conquerer" is proven. Proven in Marquette by local experience.

Here is one case from the many we have. Mr. Charles Parr, of 115 East Jackson street, foreman on Pickands' coal dock, says: "I was bothered a good deal for a long time with backache, often very severe. I let it go for a time, thinking it would wear off, but instead it became more persistent. I then began to look for some remedy to give me relief and seeing Doan's Kidney Pills so highly recommended, I procured a box at the Stafford Drug Co. and began using them. I had taken but a few doses when I felt the pains were leaving me. Since I finished the treatment, I have had no indications of a return of the trouble."

For sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no other. Missioner all who did not improve. A

FRONT. BACK.

Parlor Furnace.

THE ONLY AIR-TIGHT HEATING STOVE that can not explode, or make creosote. Takes cold air from the floor. Fifty per cent. less fuel required to produce same amount of heat than with any other stove.
