Decorated China, Porcelain, Mexican Onyx and Iron Clocks at one-half their real value during this sale.

Hamill, The Jeweler, 118 WASHINGTON ST. (11-14)

WAR ON IN EARNEST; BRITISH BLOOD FLOWS!

Fifteen Soldiers Killed and Others Made Prisoner in the Capture of an Armored Train.

BECHUANALAND THE SCENE OF THIS INITIAL FIGHTING

Battle, Also, Between Gen. White's Forces and the Boer Invaders in Natal Is Reliably Reported and an Assault on Mafeking Said to Be On.

London, Oct. 13.—The war office has received the following cablegram from the general commanding the Cape forces, dated Cape Town this [Friday] afternoon:

An armored train from Mafeking, escorted two seven-pounder guns sent from here to Mafeking, was attacked last night at Kraal Pan (a siding about forty miles southwest of Mafeking). Apparently a rail had been removed. The train left the track, and the Boers fired into it with artillery for half an hour, capturing it. The entire crew was made prisoners; no details of casualties.

BRITISH SOLDIERS SLAIN.

The Evening News publishes the following bulletin from Cape Town:

Armored train destroyed; south of Mafeking. Fifteen British troops were killed. The Boers shelled the wreckage; after the train was derailed.

London, Oct. 13.—A later dispatch this evening says the armored train was attempting to run through the Boers.

ASSAULT AT MAFEKING.

London, Oct. 13.—A Paris special dispatch late this-afternoon says:

Boers, with twelve guns, are preparing to assault Mafeking.

The cabinet met at noon. Although the situation so far was considered, the principal business was to fix the text of the queen's speech on the reassembling of parliament next Tuesday.

Kimberley, Oct. 12.—[Delayed in transmission.]—The telegraph line between Kaari Pan and Maritzana, south of Mafeking, has been cut and a strong command of Boers has occupied Kaari Pan railway siding.

BATTLE IN NATAL.

FORCES OF GEN. WHITE SAID TO HAVE ENCOUNTERED THE BOERS NEAR THE BORDER.

Glencoe, Oct. 12.—[Delayed in transmission.]—It is reported this evening that the Boers have crossed the border at Ingogo, and that the Free State government has taken possession of the railway to Van Reenen and seized a Natal government train.

London, Oct. 14.—An Edinburgh paper, the Scotsman, this [Saturday] morning asserts that a battle has taken place between General Sir George Stewart White, commanding the forces in Natal, and the Boers who entered Natal by way of Van Reenen's pass. General White, the Scotsman says, is very sanguine of the success of the British movement.

The foregoing report is considered correct, as late last night the war office had news of a British advance from Ladysmith and was hourly expecting further intelligence. A dispatch to the Daily Telegraph from its correspondent at Ladysmith, dated noon Friday, says:

BRITISH COLUMN STRONG.

"A strong mobile column, under General Sir George Stewart White, accompanied by General Sir Archibald Hunter, proceeded to the northward before daybreak this morning for the purpose of reconnoitering. General White's object was to observe what is going on, also to test the mobility and efficiency of his forces. All the men are well, and the weather is fine."

According to dispatches from Ladysmith to The Standard and The Daily Telegraph, dated Thursday, heavy storms have begun and forage is scarce on the veldt. Therefore nothing is expected to happen for a few days unless the Boers, who were reported to be advancing, should threaten the British lines of defense drawn from Glencoe junction to Ladysmith. In this case, according to the dispatches, no apprehension is felt as to the result. General White has twelve guns and the Boers eleven.

BURGHERS 12,000 STRONG.

The Ladysmith correspondent of The Times, telegraphing Thursday, says: "A subsequent reconnaissance shows that the invading force from the Free State numbers approximately twelve thousand men."

The Times explains this dispatch as evidently referring to a previous telegram which has not yet reached them. It is reported in Cape Town, though

the rumor is unconfirmed, that a collision occurred between trains bearing refugees near Victoria, west Cape Colony, and nine persons were killed and many injured.

TRANSVAAL REPULSE ALLEGED.

MAFEKING REPORTED TO BE ATTACKED BUT WITH ILL SUCCESS AT LATEST ACCOUNTS.

London, Oct. 14.—The Daily Mail's Cape Town correspondent, telegraphing Friday evening, says:

"I learn on good authority that the Boers are attacking Mafeking. They are reported to have already suffered several repulses. It is generally admitted Vryburg cannot stand a strong Boer attack."

"Schreiner, premier of Cape Colony," the correspondent continues, "will unreservedly support the imperial government. His previous reserve was dictated by a desire not to drive the extreme Dutch residents to excesses."

RAILROAD BRIDGES PROTECTED.

According to the same authority, the railway department had early intimation of the intention of the Boers to destroy the railroad bridges over fourteen streams and sent adequate forces to protect these points. The result was that the Boers postponed their attempts.

Evert Grobler, member of the volksraad for Philippolis, has been elected commandant general of the Free State forces. He is only thirty-five years of age, is well educated and was the Free State delegate to the Chicago exhibition.

BULLER TO START TODAY.

The Prince of Wales has promised to see General Redvers Buller and staff off from Waterloo station today [Saturday]. A big demonstration is expected. It is an interesting fact that Lord Edisbury Cecil, son of the Marquis of Salisbury, is with Colonel Baden-Powell at Mafeking.

The Daily Mail's Dundee (Natal) correspondent says: "Reports are circulated here that the Boers have reached Newcastle, but no confirmation either of this or of the reports of fighting at Mafeking and Ladysmith are yet arriving."

\$2,500,000 IN GOLD SEIZED.

CONFISCATED AT JOHANNESBURG BY BOER AUTHORITIES.

Pretoria, Oct. 12.—[Delayed in transmission.]—There is no further news from General Croje's western command. Commandant General Joubert's command is now at Volksrust.

Several Cape colonists have been sworn in as burghers. The town is quiet.

Postal communication with the surrounding colonies has been suspended, but that between the Transvaal and the Orange Free State is maintained.

Treasurer General De Villiers and Mr. Vanderpost, of the Free State road, are here consulting with the government.

SOME MINES STILL WORKING.

The minister for mines reports that a satisfactory number of mines are being worked and that the government will keep the shafts of the abandoned mines free of water in the interest of the shareholders.

It is reported that forty-six cases of gold, valued at two and a half million dollars, which were discovered in different canteens at Johannesburg, have been confiscated by the government.

Commandant General Joubert has issued a circular from the chief laager, in consequence of a report that some of the burghers had misbehaved themselves on their journey to the borders, plundering a number of stores, etc. Such offenses, the commandant general says, will be severely punished.

FLYING SQUADRON FORMING.

DEFENSIVE MEASURE AND INSPIRED BY THE ANTI-ENGLISH FEELING IN EUROPE.

London, Oct. 13.—The formation of a British flying squadron has created considerable bewilderment. It is purely a defensive measure and inspired by the bitter hostility to England displayed by the continental press.

The Russian official organs are foremost in threats and incitement to joint action against Great Britain, and though official Germany proclaims itself neutral the Russian press is second only to the Russian in its denunciation of England's South African policy.

Though not believing at present that these outbursts of rancor will materialize, the British government is taking timely precautions against eventualities.

The arrangements by which the American consul has undertaken Conyngham

Greene's duties in the Transvaal are highly appreciated in England. Public opinion here has rapidly stiffened since Kruger's incredibly stupid ultimatum, but the moral support of America is eagerly sought. This is not on the principle that one good turn in last year's war deserves another for this year's campaign, but because the English people, after being bewildered by the polemics of controversy are now convinced that the unity of the empire is at stake and that the war is righteous and necessary, and they covet the good opinion of America.

RANCOR AT THE IRISH.

The report current that the Irish members of parliament who have wished success to the Boers were to be impeached for high treason is considered absurd. At the same time the formation of an Irish corps with Kruger excites violent resentment. The Globe, noted for its jingoism, advises the commanders of the British forces that their duty should they capture any Irishmen among Kruger's forces, would be to "shoot them like dogs."

FRENCH PAPERS HOSTILE.

Paris, Oct. 13.—A quiet effort is being made in France to induce young men of adventurous spirit to go to the Transvaal and enlist in the Boer army.

Le Patrie cries: "Down with England. We should profit by this occasion to revenge ourselves."

The Temps again severely criticizes Rudyard Kipling and the other hard-boiled of England for writing sensational verses calculated to move the strong to attack the weak. "England," the Temps declares, "is suffering from a severe attack of jingoism."

CANADA WILL SEND TROOPS.

1,000 MEN—DOUBLE THE NUMBER ASKED—TO BE TRANSPORTED TO ENGLAND'S SUPPORT.

Ottawa, Oct. 13.—At a meeting of the cabinet today the decision was reached to send a thousand Canadian soldiers to South Africa as Canada's contribution to the British force now fighting the Boers. This is double the number of troops asked for by the imperial government. At the conclusion of the cabinet meeting an official statement was handed to the press by the premier, Sir Wilfrid Laurier, as follows:

"The government has decided to send one thousand men to South Africa—a very much larger number than any of the other colonies has sent and larger than the British government has suggested."

"The only question in the way of the government's acting more speedily in the matter was as to whether or not parliament would have to be called together to meet the expenditure. This point was got over by a form of enactment, the war office having stated that units of men of 125 each should be sent, and that they would be attached to the imperial corps. The Canadian government would have preferred to have sent a whole regiment, with a Canadian officer in command."

"Good marksmen will have preference. The government will equip the contingent and pay the cost of transportation to a point on the South African coast. The enrollment will commence at once. The troops will sail for South Africa before the 30th inst."

POLICE TO PROTECT THE MINES.

GERMANY IN FAVOR OF THE CREATION OF AN INTERNATIONAL FORCE IN TRANSVAAL.

Berlin, Oct. 13.—The foreign office informs the Associated Press that Germany would gladly co-operate in a courteous, though urgently worded request to the Transvaal to permit the creation of an international police force to protect the mines.

BRITISH SUBJECTS ORDERED OUT.

MARTIAL LAW PROCLAIMED IN THE ORANGE FREE STATE.

Bloemfontein, Oct. 13.—Martial law has been proclaimed and the courts closed. A proclamation has been issued warning British subjects to leave the Orange Free State before 6 o'clock Saturday evening.

BIG FIRE AT BROOKLYN.

\$500,000 LOSS IN THE DESTRUCTION OF TWO LARGE WAREHOUSES FILLED WITH COTTON.

New York, Oct. 13.—Fire today destroyed the large four-story warehouse at the foot of Forty-second street, Brooklyn, owned by the Bush company, limited, containing eight thousand bales of cotton. The loss is \$300,000.

New York, Oct. 14.—At 2:30 this [Saturday] morning fire again broke out in the buildings at the Bush Independent stores, Building No. 3 was totally destroyed yesterday, and it is thought building No. 2 also will prove a total loss. Building No. 2 contains ten thousand bales of cotton. The officials of the Bush Independent stores estimate that the total loss to both warehouses will exceed half a million dollars.

SIXTH CONSECUTIVE FLUKE.

CUP RACERS AGAIN UNABLE TO SAIL OVER THE COURSE.

New York, Oct. 13.—The winds asleep in their caverns and a coverlet of white fog drawn over the bosom of a drowsy ocean today lengthened the unprecedented record of flukes in the cup contest to six. The yachts did not leave their anchorages inside of Sandy Hook. At the hour set for the start the regatta committee boat poked out to sea through the dense bank of vapor and announced to the group of vessels assembled about the lighthouse the same monotonous story—"there will be no race today." Another attempt will be made to race tomorrow.

Anaconda, Mont., Oct. 13.—Clinton Dolson of Deadwood, S. D. was today sentenced to ninety-nine years in the penitentiary for the murder of Eugene Cullinate.

The work of a farmer's wife is never ended. But it is wholesome, enjoyable, productive work that is pleasurable if the farmer's wife is a well woman.

The work becomes weary drudgery when the woman is sick. The work drags and the woman's pride is hurt. Her ambition is to do as much and better work than her neighbors. It is a distinct triumph if her butter is generally regarded as the finest in the county. But fine butter and bad health don't go together.

Mrs. W. J. Kilder, of Hill Dale Farm, Enosburg, N. Y., writes to Dr. R. V. Pierce, Buffalo, N. Y.: "During the past year I found that I was to become a mother and that I was in rapidly failing health. I suffered dreadfully from bloating, and urinary difficulty. I was growing perceptibly weaker each day and suffered much sharp pain at times. I had to give up my work and I felt that something must be done. I sought your advice and received a prompt reply. I followed your directions and took twelve bottles of Dr. Pierce's Favorite Prescription, and also followed your hygienic instructions. I began to improve immediately, my health became excellent, and I could do all my work (we live on a good sized farm). I walked and rode all I could, and enjoyed it. I had a short, easy confinement and have a healthy baby boy."

The one medicine that gives prompt and sure relief is Dr. Pierce's Favorite Prescription. It is a tonic and purifier that works on one special set of organs and puts them in a perfectly vigorous, healthy condition. It quickly soothes inflammation and stops debilitating drains on the system. Taken regularly during the period of gestation it greatly lessens the pain and danger of childbirth.

Although sweet to the taste it contains no sugar which often disagrees with weak stomachs; nor does it contain any alcohol, or opium in any form, and therefore does not induce a craving for stimulants. Keeps perfectly in any climate.

MARQUETTE, MICH., OCT. 14.
Entered as mail matter of the second class in the postoffice at Marquette, Mich.

It has got so now that they can't have wind enough for even a "drifting match." Why don't those New Yorkers get Senator Mason of Illinois down there to agitate the atmosphere with a speech against imperialism?

Luck has been with the bears in the stock market this year. Beginning with the death of Flower, the great bull leader on Wall street, there has been a succession of untoward events that have worked to keep the market at "their mercy," the last being the war in South Africa. The turn is certain to come, but the fates seem determined to try to the extreme limit the patience of those who are hanging on and hoping.

It has been ascertained by the Republican "harmony committee" in Detroit that both Senator McMillan and Governor Pingree will support either Captain Stewart or Homer Warren should either be put up as the Republican candidate for mayor. The nominee will in all likelihood be one of those very acceptable gentlemen, therefore. Stewart is the preferred one with the Pingree people and Warren is the favorite with the senator and his adherents, and the struggle will now be to see which faction can control the convention that will decide between them. It will be a "friendly contest for points," of course, with slugging barred.

LOOKING FORWARD.

A Port Huron special to the Detroit Free Press contains this information: At the concluding session of the central convocation of Episcopal churches held at Grace church chapel, Rev. H. B. Jefferson of Alma made some radical utterances in connection with the subject of "What should be the ratio of population to churches?" He said that the spirit of spite as shown by the Presbyterians in some places is everywhere prevalent; common humanity calls the church to rescue the people from such creatures as Methodists, Presbyterians and Baptists. He further urged that ministers should preach the doctrine that "This," referring to the Episcopal church, "is God's church and everything that sets itself outside of it is man's invention." The reverend gentleman also criticized the habit of some denominations of calling their places of worship "meeting houses."

Which brings to mind these lines of Hood in certain scathing verses written by him in response to the savage attack on his writings of a bigoted parson: "A man may cry 'church,' 'church' with every word. With no more piety than other people; The daw's not reckoned a religious bird Because it keeps a cawing from a steeple."

The decision of the president not to interfere in the Transvaal trouble should not be cause for surprise, for he could not well reach any other. The British government long since determined on a policy in South Africa which involved war with the Boer republic unless the little country acceded to the British demands. We are at peace with Great Britain, and under something of an obligation to her for friendly services during our war with Spain. In rendering those services she may have been actuated by a selfish motive, but we are debarred by common courtesy from assuming that such was the case. For us to request the British government to modify its demands on the Boer republic, or to submit them to arbitration, would be nothing short of an affront to Great Britain, and would be sure to be so construed by the people and government of that country. It would not help the little republic and would put us in a ridiculous attitude before the world. The president has decided wisely, but his way in the matter was so plain before him that no special credit attaches to his avoidance of a mistep.

WHAT KRUGER RELIES ON.

The Minneapolis Tribune offers this explanation of the temerity of the Transvaal Boers in throwing down the gauntlet to a power vastly superior in strength and resources: There can be no doubt that the Boers, in taking an attitude that could hardly fail to precipitate war with Great Britain, were animated by religious fanaticism. They are believers in the old-fashioned theology which looks for direct Divine intervention in the affairs of mankind. President Kruger has declared that he knew his country would be outmarched by England, but that he relied upon the Almighty to help him. His mind is full of the Bible accounts of Jehovah leading the armies of Israel to victory against the superior forces of the heathen, and he, in common with his people, seems to expect similar success.

There may be an element of fanaticism in the religion of the Boers, but their main reliance is not on Divine intervention in their behalf after the manner in which it was put forth to aid the Israelites when they were forced to battle against idolatrous enemies who outnumbered them. The Boers have fought the British before, and not unsuccessfully, and they won by reason of their stubborn courage, superior marksmanship and capacity for enduring hardship in the field with uncomplaining fortitude. The recollection of previous successes in encounters with British troops probably has had more to do with the obstinate determination of the Boers to fight rather than yield than any expectation that the Lord will come to their aid in a miraculous way.

To hold that they are encouraged by a hope of Divine interposition in their favor in the apparently unequal struggle is to place too low an estimate on the intelligence of that singular people.

Fanatical they doubtless are in their religious belief, but their fanaticism is of that peculiar nature which strengthens instead of weakening them as a fighting people. They believe the Lord is with them, but that he expects them to do the fighting, and their belief is that in doing it they are battling for his cause as well as for the preservation of their government and the protection of homes that they have built for themselves in a region which was a savage wilderness when they took possession of it and subdued it to the uses of man. They have an abiding faith in the teachings of the Bible and the promises it holds out to those who live up to them, but there is nothing in their history to justify the assumption that they are counting on using the good book as a shield against dum-dum bullets. They will keep out of the way of the bullets as best they can, in the meantime dropping their own with the precision of practiced marksmen, and doing all the harm they can to the enemy while taking as small chances of loss to themselves as the circumstances will permit of.

The Boers are hard-headed, stubborn and narrow in their religious views, but they are eminently a practical people, and when they decided to fight the British rather than grant concessions which would open the way through which aliens could obtain control of their country they knew what that meant. They will read and obtain strength and consolation from their bibles while the fight is on, but at the same will not fail to keep their rifles in condition and their powder dry.

From what is set forth in the article given below, treating on lake rates for hauling ore next season and the prospect for prices, it is perceptible that there will be a disposition among shippers to secure tonnage, and among furnacemen to close contracts for ore, early in the coming year. The article is from the Iron Trade Review, and the situation, as disclosed by that publication, is quite unique in the ore trade:

Cleveland vessel and iron ore circles give indication of just a little ferment, mostly under the surface. There is much figuring for next year, both on ore and vessels. Consumers of ore are asking what prices are to be for 1900. Shippers are attempting to get some basis for an answer, either by sounding vessel owners, or by getting in a secure position on the freight question through the ownership of their own carriers. There is not a little negotiating for vessels, and the announcement has been made in the past few days that the Oliver Mining company, in other words the Carnegie Steel company, limited, had acquired control of the American Steel Barge company and thus had secured the ten whaleback steamers and twenty barges of the latter company. It is known that both the Carnegie and the Rockefeller interests, the latter as represented in the Bessemer Steamship company, have been negotiating for a majority of the American Steel Barge company stock, carrying with it a block of American Ship Building company stock given in exchange for the West Superior ship yard and equipment. The American Steel Barge company also owns a considerable amount of stock in the Lake Superior Consolidated iron mines and the shipyard at Ely, Wash. It is understood, further, that there has been rather keen competition between the Carnegie and Rockefeller interests for the whaleback fleet, but the indications now are that the purchaser is not the Carnegie-Oliver Mining company, but the Bessemer Steamship company. Details are not obtainable, but the situation is likely to develop more clearly in the future. Meanwhile rumors are plentiful as to negotiations for the purchase of vessels, and the local ore and vessel contingents are on the qui vive for developments.

Concerning charters for next year there is more discussion than might be expected with the close of navigation six weeks off. Vesselmen talk \$1.25 from the head of the lake, but there are no authenticated offers at that figure. Unquestionably the feeling among shippers has undergone some change in the past few weeks, and they are more confident of their ability to charter on a basis nearer \$1 than \$1.25. Vessel control by interests that have taken large blocks of tonnage in the open market heretofore is causing some revision of ideas also among vesselmen. More new vessels are expected also.

Shipments of ore to Oct. 1, as shown by the official figures of ore men, were 13,016,219 tons, as against 10,994,201 to Oct. 1, 1898, a gain of 2,022,018 tons. A total approximating 16,000,000 tons is now in sight. As to the situation with furnacemen in the early spring, much will depend, in the case of those who now figure that they are short on requirements, upon how much ore they may be able to buy from consumers whose habit is to buy a supply from July 1 to July 1. As to the shortage on sales and contemplated shipments there is no reason to change statements heretofore made. The late sales of ore in 10,000 and 20,000 ton lots from mines recently put in shape to produce a small amount before the end of the season were in some cases at practically double the price secured at the opening of the season for similar ores. Sellers as a rule are not expressing themselves as to next year's prices, realizing that in the case of old range Bessemer, at least, this is not a matter for individual initiative. Estimates from the mines as to the probable production for the coming year are yet to come down. It is certain that the physical condition of some of the well known properties will not permit a larger output next year than this, no matter what the labor supply may be.

TO CURE LA GRIPPE IN TWO DAYS—Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Upper Peninsula News.

Thirty ladies of Iron Mountain have organized a class for child study.

Angelo, a small Iron Mountain lad, was struck by an engine Wednesday and very seriously injured.

The total assessed valuation of Dickinson county as equalized by the board of supervisors last week is \$4,090,725.

The Kimberly-Clark company of Quinnesec will harvest 60,000 cords of pulpwood this winter. The average input is 12,000 cords.

A nine-inch hauler 200 feet in length was stolen last Monday at Menominee from the Starke Dredging company. The hauler is worth \$300.

The Northern Shingle company has gone out of business, being succeeded by the Perronville Shingle company, the capital being furnished by Escanaba men. F. K. Baker and S. C. Packer retired from the firm, having disposed of their Perronville interests.

The Oliver Mining company has bought the Doherty mine and the Jackson-Johnson exploration, both in Iron county. The price paid for the former is not known; \$15,000 was the consideration for the latter. Next year the Oliver's pay roll in the Crystal Falls district will run from \$20,000 to \$30,000 a month.

The annual report of the mine inspector of Dickinson county shows the mines of that county to have produced 2,073,029 tons of iron ore in the past year. The Chapin mine, with 890,253 tons, is the heaviest producer. Eighteen mines were at work, as against twelve the previous year. The number of men employed Oct. 1 was 3,017, an increase for the year of 540.

The renowned Dr. Beyer of Germany writes:

"I use Warner's Safe Cure for patients who suffer from kidney and liver diseases, and it restores them to complete health. I recommend it most cordially in all circles of my acquaintance."

SPRING LAMB

That has been nurtured on sweet clover, toothsome, delicate and appetizing when warm days makes the appetite flag and afflicts you with "that tired feeling," we will have fresh and of the real article, and when served with mint sauce will make a morsel fit for the gods, or as a piece de resistance of a Lucullian feast. Spring delicacies are coming in right along now.

BLANK BOOKS

MADE TO YOUR ORDER

Anything and everything in the way of books for the office. Write for prices—they can't be beat—as for workmanship, just ask any one of our numerous patrons throughout the peninsula.

Eggers,

The Book Binder, Marquette.

Removal Notice

I have moved to the Bertha Block, 211 Front street, where I am better prepared to attend to the wants of my patrons.

E. J. Sink,

Plumbing and Gas Fitting. 211 Front St. MARQUETTE. (10-3-17)

A SCIENTIFIC combined medical and mechanical cure has been discovered for "Weakness of Men." Its success has been so startling that the proprietors now announce that they will send it on trial—remedies and appliance—without advance payment—to any honest man. If not all that is claimed—all you wish—send it back—that ends it—pay nothing.

This combined treatment creates health, strength, vitality, sustaining powers, and restores weak and undeveloped portions to natural functions.

There is no C. O. D. extortion, no deception of any nature in this offer.

If you are interested and in earnest write your name and address in the blank form below, cut out the coupon and mail it to Erie Medical Co., Buffalo, N. Y.

A HAPPY WIFE

makes a happy home for all the members of her household, so make her happy by sending home one of our new style and handsome Garland parlor stoves, that will cheer up the rooms and save worry, fuel and temper at the same time. "A word to the wise is sufficient." We are selling them cheap considering the prices of iron and labor.

M. R. Manhard.

"They fit the feet as nature intended."

TIRED FEET

RESTED BY

"Jenness Miller"

HYGIENIC

SHOES!

No doubt you have promised yourself a pair of "Jenness Miller" Shoes the next time you need shoes! Keep your promise. You will like them the first month. You will like them better the second and third month! They are built on scientific anatomical principles over models of the natural foot. Made of fine "Velvetta" kid which is as soft as velvet! Are extra durable! Very stylish shape in button and laced. None genuine unless stamped with the autograph signature of Mrs. "Jenness Miller." We control them for this city.

Copper Country Department

UPRAISE STARTED TO SURFACE.
MICHIGAN MINE FOLLOWING UP-TO-DATE METHODS IN THE DRIVING OF THE NEW "C" SHAFT—MUCH COPPER FOUND.

On Wednesday at the Michigan a level in from the adit on the Calico lode 200 feet long was finished and an upraise started for what is to be called "C" shaft; this will be sunk from the surface also to meet the upraise. In driving this level nearly four tons of copper were taken out in the shape of mass and barrel work, the amount being much more than sufficient to pay the cost of opening the level, while two masses were exposed in the sides of the level, and not taken out because of their size, each of which is expected to weigh fully a ton.

Superintendent Case of the Lake Superior Smelting works at Dollar Bay and at Hancock states that there is no foundation for the rumor that the Hancock plant is to be used for smelting Atlantic mineral this winter. He adds that the fact that men had been at work recently about the Hancock plant, but that the public had a mistaken idea about the latter plant being closed down; that on the contrary its boilers and pumps are going and men are frequently at work there from the Dollar Bay plant, the Hancock outfit being held in reserve, if it can be stated in that way, and in shape for instant use in emergency or at any time when it is desirable to make repairs at the Dollar Bay works.

Colonel Frank Hecker and party of Detroit and Captain Thomas Hooper of the Victoria returned yesterday noon from their trip to Isle Royale to look over the extensive exploratory work now being carried on there for Colonel Hecker and his associated capitalists by Jacob Houghton. The party put in its entire time examining the new explorations, upon which Captain Hooper is to give an expert opinion, and had no time to look at the old workings on the island. Some copper is being found and a decision will be reached in a few days whether to continue the work all winter or not.

The Copper Range does not expect any more engines until next month, there having been a delay in turning them out according to the time specified.

STATION TO BE REMOVED.

LIFE SAVERS AT THE UPPER CANAL TO BE LOCATED ON THE LAKE SHORE NOW.

Assistant Superintendent of Construction D. C. Wickham, of the United States life saving service, is at Houghton arranging for the removal of the life saving station at the upper canal from its present position on the canal 4,000 feet inland from the big lake, out to a site on the lake shore at a point on the high ground nearly opposite the light-house.

The present station consists of a two-story portion, 36 by 24, with the boat house below and the crew's quarters on the second floor, while the captain's quarters are in an addition 20 by 28 feet in size. It is the intention in making the transfer of the station to raise the floor of the boathouse to a level and divide that story into four large rooms for the men, the present quarters being altogether too cramped, and then to build a separate boat house for the station on the entrance pier which will be 44 by 30 feet in dimensions and which, while at first it will have a launching platform only on the canal side, will ultimately be adapted so that boats can be launched on the lake side as well when the east breakwater is put in next season.

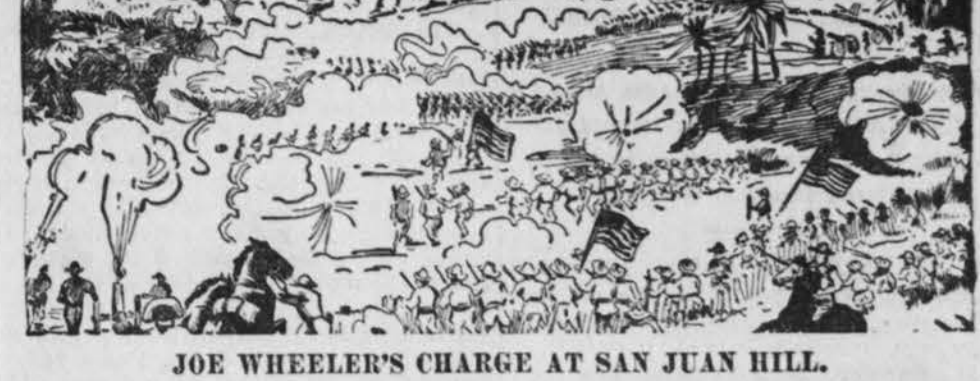

The new site for the new station will not be selected until the papers in the condemnation proceedings which the government was forced to institute to get possession of the land about the canal entrance are perfected, the award having been made but the transfer of the consideration not having been effected as yet.

CHECK FOR FIVE THOUSAND.

MUTUAL LIFE TURNS IT OVER TO THE ATTORNEY FOR THE BISHOP VERTIN ESTATE.
R. C. Donaldson, special agent of the Mutual Life Insurance company of New York, has turned over to R. T. Looney, the attorney for the estate of the late Rt. Rev. John Vertin, bishop of Sault Ste. Marie and Marquette, a check for \$5,000, the first of the insurance policies carried by the late bishop to be paid. The long delay has been caused by the change of administrators made necessary by the resignation of Bishops Schwabach and Richter, named in the will, and the consequent appointment by Judge Kelsey of Marquette of Father Pinton of that city as their successor, ready for the payment of its death loss when the administrators resigned and in spite of the long delay necessitated by waiting for the appointment of a successor its agents feel a natural pride in the fact that the big company was the first to pay of all those having policies on Bishop Vertin. Mr. Looney has

GENERAL JOE WHEELER

PRAISES PE-RU-NA FOR CATARRH.

Major General Joseph Wheeler, commanding the cavalry forces in front of Santiago Campaign, in speaking of the great catarrh remedy, Pe-ru-na, says: "I join with Senators Sullivan, Roach and McEnery in their good opinion of Pe-ru-na. It is recommended to me by those who have used it as an excellent tonic and particularly effective as a cure for catarrh."
United States Senator Sullivan. "I desire to say that I have been taking Pe-ru-na for some time for catarrh, and have found it an excellent medicine, giving me more relief than anything I have ever taken.—W. V. Sullivan, Oxford, Miss."
United States Senator Roach. "Persuaded by a friend I have used Pe-ru-na as a tonic, and am glad to testify that it has greatly helped me in strength, vigor and appetite. I have been advised by friends that it is remarkably efficacious as a cure for the almost universal complaint of catarrh.—W. N. Roach, Larimore, North Dakota."
United States Senator McEnery. "Pe-ru-na is an excellent tonic. I have used it sufficiently to say that I believe it to be all that you claim for it.—S. D. McEnery, New Orleans, Louisiana."

PLOT FOR A REVOLT EXPOSED IN MANILA.

Lieutenant of Police Jailed for Attempting to Enlist His Subordinates in an Uprising.

STOCK OF CONCEALED ARMS FOUND AT THE DOMINICAN MONASTERY.

CONFISCATED BY THE AUTHORITIES DESPITE PROTESTS OF THE FRIARS.

Three Americans Killed in a Battle Along the West Shore of Laguna de Bay, Scouts Under Major Cheatham Attacking and Clearing Insurgent Trenches.

TO BE LEFT ALL TO M'KINLEY. Chicago, Oct. 14.—The Times-Herald's Washington correspondent says: Senator Davis of Minnesota, chairman of the senate committee on foreign relations, is of the opinion that congress at the coming session will not attempt to establish a civil government for the Philippines, but will leave them under the control of President McKinley, who thus will be enabled to continue the military control for an indefinite period.

Manila, Oct. 13.—Major Cheatham, with a scouting party, while proceeding along the west shore of the lake yesterday, encountered a force of rebels strongly entrenched at Muntinlupa. The major reports that he drove the rebels from their position, and in the engagement three Americans were killed and two wounded.

Plot to Corrupt the Police. Rumors are in circulation in Manila that Major Cheatham discovered three American prisoners, who had been bound and gagged and shot by the insurgents. These rumors, however, are not confirmed.

One Sandago, a lieutenant of the native police, has been arrested and lodged in jail, his subordinate having reported to the authorities that he was endeavoring to enlist them in a plot to turn the police against the Americans in the event of an uprising. Reports having reached the provost marshal that arms were concealed at the headquarters of the Dominican friars, a large building adjoining the palace, a detachment of soldiers made a search of the building. They found a small stock of Mausers, revolvers and ammunition, which they confiscated despite the protests of the friars that the arms were not intended for unlawful use.

MARINAS FOUND EVACUATED. General Schwan, with the infantry has reached Bacoor. The troops are greatly exhausted, having had one of the hardest marches of the campaign. From Malabon to Perez Das Marinas they marched through roadless rice fields. The Fourth infantry, from Imus, joined General Schwan at Perez Das Marinas. The Filipinos had deserted the town upon learning of the approach of the Americans, leaving only woman and children behind.

Two strong shocks of earthquake lasting several seconds were felt in Manila at 10 o'clock this evening.

OFFER WAS REFUSED AND NOW "INDEPENDENCE" IS THE SLOGAN.

"UNITED STATES PAYS NO GOLD FOR PEACE," SAYS M'KINLEY.

He Delivers a Lengthy Address on the Philippines in Welcoming the North Dakota Volunteers at Fargo, Arousing the Thousands to Great Enthusiasm.

NATION'S CHIEF IN THE NORTHWEST. Fargo, N. D., Oct. 13.—Over ten thousand people greeted President McKinley and party when they arrived here tonight at 7:35 o'clock. The trip across Minnesota was marked by great enthusiasm on the part of the crowds gathered wherever the train made a stop. At Wadena a large crowd greeted the president and frantically cheered his brief remarks. Senators Hansbrough and McCumber boarded the train at Detroit, Minn., to escort the president hither. Entering carriages the party was driven to the reviewing stand through lines of the First North Dakota volunteers, who recently returned from the Philippines. The president was received with wild demonstrations. In his address he referred repeatedly to the situation in the Philippines. When he declared the United States government would send sixty-five thousand men to the archipelago to uphold the American flag where the volunteers had placed it, the crowd approved the declaration with tumultuous applause.

BOLD TRAIN ROBBERY.

Northwestern Limited Held Up Near De Kalb, Ills.

Express Car Is Detached, Taken Two Miles Away and Blown Up, the Men Getting Off With the Booty.

Chicago, Oct. 13.—The Northwestern limited train leaving Chicago at 10:30 o'clock tonight was held up near De Kalb, Ills., and robbed. It is not known whether the robbers secured any great amount of booty. A special train containing a number of armed men and detectives left tonight for the scene of the robbery. It is said there were five masked men took part in the operation. The train was flagged, and while two men compelled the fireman to turn the engine ahead, the balance of them robbed the train. SIGNALS WERE CHANGED. Twenty minutes before the train was due at Maple Park the robbers burst into the station house and bound and gagged the agent. The signals were changed, so that the train be compelled to stop before reaching the depot. The robbers, after uncupping the engine, compelled the fireman to run it down the track two miles. They then blew up the express car with dynamite, practically demolishing it and blocking the track. Then they blew open the safe and rifled it. It is not known how much money was secured. The robbers fled and a posse is in pursuit. Engineer Daniel White refused to run his engine away from the train and was shot and seriously wounded in the breast.

BITTER AGAINST UNITED STATES.

DOMINICANS IMPRISONED IN CUBA CHARGE GROSS BRUTALITY—ONE OF THEIR NUMBER IS DEAD AND OTHERS ILL.

Sancti Spiritus, Cuba, Oct. 13.—A party of thirty-two Dominicans, who had been confined at Baracoa for two months, were released yesterday and arrived here today. They were members of a Jimenez expedition which was captured because its object was not concealed, as the members had been assured the Americans were favorable to their movement. The two months spent in jail had a terrible effect upon the party. One is dead and several have become invalids. The Dominicans are very bitter against the Americans and declare their imprisonment worse than any Spanish outrage. General Wood frequently recommended that they be released, but the authorities at Havana prohibited such action.

HENDERSON ON THE STUMP.

SPEAKER-TO-BE TOURING OHIO IN THE INTEREST OF NASH.

Columbus, Oct. 13.—Hon. David B. Henderson of Iowa began a tour of Ohio in the interests of the Republican ticket by addressing a meeting at the board of trade auditorium in this city tonight. The hall was packed. The speaker discussed the Philippine question, pensions and other matters of national interest. His views on the Philippine policy are in full accord with the administration.

BANK ROBBERS WIPED OUT.

ONE KILLED, ANOTHER CAPTURED AND THE THIRD KILLS HIMSELF—ALL IN TENNESSEE.

Sevierville, Tenn., Oct. 13.—Three masked robbers entered the bank here this morning and attempted to rob the vaults. President MacMahon shot and killed the leader, a man named Pearl. The second robber, Thurman Calderick, was arrested after being wounded and Will Derrick, the third, fled into a barn and suicided by shooting.

EARTHQUAKE HORROR CONFIRMED.

DECLARED NOW 5,000 WERE KILLED IN ISLAND OF CERAM.

The Hague, Oct. 13.—Official dispatches from Batavia, Java, confirm the reports of the earthquake in the island of Ceram, of the Molucca group. It is declared that five thousand natives were killed, hundreds seriously injured and several villages wrecked.

DOUBLE CRIME AT PEORIA.

JEALOUS MAIL CARRIER SHOOTS HIS WIFE AND HIMSELF.

Peoria, Ills., Oct. 13.—This evening Harry Adair, aged twenty-four, a mail carrier, shot and killed his wife and then blew the top of his head off. Jealousy is given as the cause.

BRIBE ASKED BY THE FILIPINOS.

President Declares Aguinaldo Made a Proposition to Quit for a Monetary Consideration.

OFFER WAS REFUSED AND NOW "INDEPENDENCE" IS THE SLOGAN.

"UNITED STATES PAYS NO GOLD FOR PEACE," SAYS M'KINLEY.

He Delivers a Lengthy Address on the Philippines in Welcoming the North Dakota Volunteers at Fargo, Arousing the Thousands to Great Enthusiasm.

NATION'S CHIEF IN THE NORTHWEST. Fargo, N. D., Oct. 13.—Over ten thousand people greeted President McKinley and party when they arrived here tonight at 7:35 o'clock. The trip across Minnesota was marked by great enthusiasm on the part of the crowds gathered wherever the train made a stop. At Wadena a large crowd greeted the president and frantically cheered his brief remarks. Senators Hansbrough and McCumber boarded the train at Detroit, Minn., to escort the president hither. Entering carriages the party was driven to the reviewing stand through lines of the First North Dakota volunteers, who recently returned from the Philippines. The president was received with wild demonstrations. In his address he referred repeatedly to the situation in the Philippines. When he declared the United States government would send sixty-five thousand men to the archipelago to uphold the American flag where the volunteers had placed it, the crowd approved the declaration with tumultuous applause.

PROUD OF THE PATRIOTISM.

The president spoke as follows: "For the past eighteen months this country has witnessed an impressive testimony of the patriotism of the American people. The call for two hundred thousand troops was promptly responded to by the people of the United States without respect to party, creed, section or nationality. The alacrity of the enlistment and the celebrity of execution has few, if any, parallels in the military annals of the world. We did not go to war until every effort at peace was exhausted. When war came all thought the sooner it was ended the better for all concerned. I have come here tonight, traveling a long distance, that I might meet the people of this new and growing state—a state for which I had the honor, as a member of the national house of representatives, to vote to admit as a sister into our national family. I am proud of its state, proud of the vote I gave for her admission. I come here to speak of the patriotism of the state of North Dakota, not only the patriotism of the men who entered the Philippines but the patriotism of those other brave soldiers of your state who, less fortunate than the Manila volunteers, were not able to see fighting service in the field, did their duty as you did yours.

INSURGENTS STARTED IT.

"I have come especially that I might look into the faces of the North Dakota volunteers who saw service on the battle line in Luzon. I came that I may speak to them welcome and say well done. You did your duty, you filled my heart with joy whenever, with the other volunteers and regulars, you sent me word that you would not quit the battle line in Luzon until I could create a new army and send it there. You refused to beat a retreat or to shirk your colors in the presence of the enemy. No matter who wanted you to go home, you said 'We will stay and keep the flag stainless in the presence of the enemy.' No soldiers of any country ever had a more delicate or trying duty.

IMPROVEMENTS SUGGESTED.

"I desire, in addition, to call special attention to the following points in the report of the artillery inspector: '1. The failure of the quartermaster's department to make timely provision for the housing of the governors at the new artillery posts. '2. The necessity for providing at the artillery posts a non-commissioned staff of specialists, electrician and observer sergeants. '3. The recommendation that the strength of the coast artillery be fixed at the number of officers and men required to fully man the guns.'

SENATOR KENNY GOES FREE.

CONSPIRACY CASE AGAINST THE DELAWARE SOLON IS DROPPED.

Wilmington, Del., Oct. 13.—In the United States district court today Judge Bradford granted permission to the district attorney to enter a nolle prosequere in the case of United States Senator Richard R. Kenney, indicted for conspiring to aid Wm. H. Boggs, paying teller of the First National bank of Dover, who is now serving a term of imprisonment for robbing that institution of \$107,000.

SOUTHWEST SWELTERING.

HOTTEST OCTOBER WEATHER IN OVER THIRTY YEARS.

Kansas City, Oct. 13.—The hottest October weather in thirty-one years has prevailed for the past two days. The maximum in Kansas for yesterday and today has been over ninety. Today the government thermometer reached ninety-one.

SERIOUS RIOTING IN SPAIN.

MOB AT BARCELONA STONING THE PUBLIC BUILDINGS.

Barcelona, 13.—Anti-taxation riots have broken out here. All the shops are closed. A mob is stoning the public buildings, shouting "Long live free Catalonia."

REFORMS FOR THE SOUTH.

Huntsville, Ala., Oct. 13.—The southern industrial convention, which has been in session here for four days, adjourned sine die this evening. The principal speaker of the day was Senator Morgan. Resolutions were adopted calling upon the southern states to establish departments of industry and immigration; for a concerted move in the direction of a merchant marine; to remove the race question from politics and that every reasonable means be adopted to maintain the best relations between the races of the south.

ACTIVITY IN TRADE STILL THE FEATURE.

Even Larger Buying Crowding the Producing Works Despite the Months of Extraordinary Purchasing.

PIG IRON OUTPUT 11,000 TONS WEEKLY MORE THAN EVER BEFORE.

BUT SMALL QUANTITIES, HOWEVER, AVAILABLE FOR NEARBY DELIVERY.

Transvaal Situation Is Helping Grains, Offsetting Heavy Increases in Visible Supplies, Although the World's Crops Promise Much Smaller Than Figured On.

HOW DUN AND BRADSTREET SEE IT.

New York, Oct. 13.—R. G. Dun & Co.'s Trade Review for this week tomorrow will say: "Industrial conditions could hardly be better. After many months of such extraordinary buying that its continuance seems impossible, even larger buying still crowds the producing works in most lines beyond their capacity. 'The iron furnaces are producing 11,000 tons weekly more than ever before, while Bessemer pig has risen to \$24 at Pittsburgh. Finished products still advance, eastern bar to \$2.15. 'The boot and shoe shipments for the first half of October are the largest ever reported, though the orders for next season are retarded by prices. Leather is a shade higher. 'The demand for woolen goods is fairly large and the prices are well sustained. The sales of wool are smaller—only 7,473,399 pounds for the week at the three chief markets—without further advance. 'Cotton manufacture meets so great a demand that prices advance every week, and the supplies for early delivery are in many lines restricted. 'The failures for the week are 164 in the United States, against 205 in the week of last year.'

BRADSTREET'S SUMMARY.

Bradstreet's tomorrow will say: "The trade activity is widespread, all measures of volume and value testifying to the prevailing prosperous conditions. Only good reports are received from the distributive trade centers, and some markets report the fall demand holding out longer than expected. 'The crop returns for October bear out the earlier indications of shortened yields of most of the leading agricultural products. The expectation of more moderate yields of the leading cereals is not confined to this country. The world's wheat crop will admittedly be smaller, while the rye, barley and oats yields are not expected to be so large as a year ago. The higher range of the prices of all staples, particularly agricultural products, however, will furnish a profit to the producer. 'The advance in the price of cotton has been a notable one, and the effect upon general southern trade and industry are particularly beneficial. While a source of depression to cotton, the Transvaal situation has proved rather favorable to wheat and other cereals, offsetting heavy increases in the visible supplies. 'The general manufacturing industry in running full, but the activity is so widespread that it is hard to prefer one industry to another in this respect. 'Iron and steel are active as to production, but the new business is limited by the small quantities available for nearby delivery. 'Paper is in specially active demand at present in the news varieties, owing to low water, being reported practically out of the market. 'Wool is very firm, though quieter at some markets, while the manufacturers' product is selling well on next spring's account. 'The shoe manufacturers are busy, and leather and hides are sympathetically strong in price. Lumber is in urgent demand, with the prices firm. 'The wheat shipments for the week were 5,290,000 bushels, against 4,730,000 in the week of last year. The corn exports foot up 3,837,000 bushels, against 2,706,000 a year ago. 'The total of the bank clearings at the principal cities of the United States for the week is \$1,829,769,586, an increase of 31.1 per cent. compared with the corresponding week of last year.'

COAST ARTILLERY IN BAD SHAPE.

Annual Report of General Merritt a Warm Arraignment.

Not Enough Men to Man the Guns. The Whole Arm is Inefficient and Prompt Remedial Action Is Demanded.

Washington, Oct. 13.—The annual report of General Wesley Merritt, commanding the Department of the East, was made public today. The report is a strong arraignment of the whole situation in the artillery branch of the service, being particularly directed against the ordnance bureau and incidentally the quartermaster's department. "That the coast artillery is not today in efficient condition," General Merritt says, "is due to causes over which the artillery officers have no control; nor can these impediments be reached by the department commander. Some require the action of the secretary of war, and others can be remedied only by congress. "Our cavalry and infantry are organized on a modern basis, splendidly officered and equipped, and with regular supplies of food, clothing and ammunition contain within themselves elements of complete efficiency. This is not true of the artillery. "The officers are well educated, zealous, but their efforts are compared by imperfect organization, and the responsibility for the efficiency or inefficiency of their arm lies, not as it should, with themselves, but very largely in other quarters. "Either through defects of law or inefficiency, the supply departments upon which the artillery is wholly dependent have frequently failed to loyally energetically serve its interests. The fact that the engineers department is working under the same law, and has, under its present chief, given no cause for complaint, would seem to indicate that something is wrong besides the law. "I desire, in addition, to call special attention to the following points in the report of the artillery inspector: '1. The failure of the quartermaster's department to make timely provision for the housing of the governors at the new artillery posts. '2. The necessity for providing at the artillery posts a non-commissioned staff of specialists, electrician and observer sergeants. '3. The recommendation that the strength of the coast artillery be fixed at the number of officers and men required to fully man the guns.'

RESPONSIBILITY WITH OTHERS.

"The officers are well educated, zealous, but their efforts are compared by imperfect organization, and the responsibility for the efficiency or inefficiency of their arm lies, not as it should, with themselves, but very largely in other quarters. "Either through defects of law or inefficiency, the supply departments upon which the artillery is wholly dependent have frequently failed to loyally energetically serve its interests. The fact that the engineers department is working under the same law, and has, under its present chief, given no cause for complaint, would seem to indicate that something is wrong besides the law. "I desire, in addition, to call special attention to the following points in the report of the artillery inspector: '1. The failure of the quartermaster's department to make timely provision for the housing of the governors at the new artillery posts. '2. The necessity for providing at the artillery posts a non-commissioned staff of specialists, electrician and observer sergeants. '3. The recommendation that the strength of the coast artillery be fixed at the number of officers and men required to fully man the guns.'

STOCK VALUES CRUMBLE.

DULL MARKET WITH THE SPECULATION EXTREMELY BEARISH.

New York, Oct. 13.—The tenor of the speculation was determinedly bearish on the stock exchange today, and all favorable indications were persistently ignored. The reactionary spirit found its chief vent by the selling of Brooklyn Transit, which was the leader of the market in point of activity, and although the dealings did not approach the high-water mark of a few weeks ago, the unsupported condition of the stocks and the large blocks offered suggested a resumption of the late conditions. Metropolitan Street Railway seemed to show acute sympathy. There were some wide movements in stocks not usually prominent, but the market as a whole at no time awoke from its condition of lethargy. New York Air Brake made a characteristic fall of 9 points, and the Flower group as a whole, except Rock Island, was notably weak in sympathy with Brooklyn Transit. Sugar and Tobacco showed sharp declines. The industrials were more affected than the railways; the movement in the latter being confined to narrow limits except for a few stocks. Iacleda Gas rose conspicuously 4 points and Great Northern preferred

ROYAL Baking Powder

Made from pure cream of tartar.

Safeguards the food against alum.

Alum baking powders are the greatest menaces to health of the present day.

ROYAL BAKING POWDER CO., NEW YORK.

CEREALS WEAK AND LOWER.

LIBERAL OFFERINGS AND AN ARRAY OF BEARISH FACTORS.

Chicago, Oct. 13.—Wheat today was weak and lower, December selling off to 72 and May to 75.75. The close showed a 1/2 cent loss. The cables came indifferent. Argentine shipments were liberal and the indications were for another large increase in the visible Monday. Liverpool remained unchanged. Commission houses led in the selling, while the buying was scattered. St. Louis sold. Foreign shipments were liberal. Corn was moderately active, within a narrow range. The undertone was not as firm as past days and the close was about 1/2 cent lower. The start was higher, influenced by a further advance abroad and on seaboard buying. Liverpool was 1/2 cent higher. December was 1/2 cent higher and touched 31 1/2 and May 32 1/2. Later the offerings increased and local longs were inclined to realize. The country offerings were moderate, and the cash demand good. Oats were active, but weaker, and 1/2 cent lower. There was liquidation by leading longs and the buying was scattered. The break in other grains had a depressing influence. The leading grain futures ranged as follows:

Table with 4 columns: Opened, Highest, Lowest, Closed. Rows for Wheat, Dec and Corn, Dec.

Cash Quotations. Flour—Fair export demand; prices steady. Wheat—Weak; No. 2 red, no sales; No. 2 spring, not quoted. Corn—Moderately active, closing a shade lower; No. 2, 31 1/2; No. 3, 31 1/2. Oats—Active, weaker, a shade lower; No. 2 white, not quoted; No. 3 white, 24 1/2.

BOSTON COPPER QUOTATIONS.

The course of the Boston stock market yesterday was as follows. A. B. Turner & Bro., brokers, Savings Bank building, Marquette, furnishing the figures:

Table with 3 columns: Opening, 12m., Closed. Rows for Adventure, Ashbed, Arcadian, Alloway, Atlantic, Arnold, B. & M., B. & N., G. & H., Centennial, Cop Range, Franklin, Humboldt, Hub, Mass., Michigan, Old Dominion, Osceola, Quincy, Le Roy, R. Island, Tamarack, Tecumseh, T. Mountain, Union Lead, Victoria, Washington, Wisconsin, Wyandott, Walverine, C. B. & Q., Rock Island Sugar, St. Paul, Utah.

METAL QUOTATIONS.

New York, Oct. 13.—At the close today the metal exchange quoted pig iron warrants nominal, at \$18; Lake copper, easy, at 18 1/2 cents.

DULUTH IMPERIAL FLOUR.

 MARQUETTE. 200 S. Front St

GREAT CATTLE COMBINE.

STOCK RAISERS TO ORGANIZE WITH A \$100,000,000 CAPITAL.

New York, Oct. 13.—G. B. Loving of Fort Worth, Tex., chief promoter of the Consolidated Cattle combine with a capital of a hundred million dollars, says it will be fully organized within a month.

DUEL OVER DREYFUS CASE.

COL. SCHNEIDER, AUSTRIAN, WOUNDED BY CAPT. CUIGNET.

Paris, Oct. 13.—It is reported that Colonel Schneider, former military attaché at the Austrian embassy, was seen being carried to a train for Austria with blood flowing from his side. It is said he fought a duel with Captain Cuiquet on account of the latter's evidence regarding Schneider at the Dreyfus trial.

WIFE-HUNTING IN SCOTLAND.

EYES OF THE FUTURE CZAR ON THE PRINCESS MARGARET.

London, Oct. 13.—It is now an open secret that the Grand Duke Michael, next heir to the Russian throne, is in Scotland wife hunting. Since he cannot marry his first cousin or a Roman Catholic the field of eligibles is small. It is again rumored he is seeking the acquaintance of Princess Margaret, eldest daughter of the Duke of Connaught. The match would be highly agreeable to the queen.

FIRST JURY TRIAL IN PORTO RICO.

EDITOR DIAZ SENTENCED TO A YEAR AND A HALF IN PRISON.

Ponce, Porto Rico, Oct. 13.—The United States provisional court and a jury of prominent natives today convicted Iznia Diaz, editor of El Combate, formerly La Bomba, which General Guy Henry suppressed, of sending obscene matter through the mails. Diaz was sentenced to eighteen months' imprisonment, with \$500 fine. El Combate has been strongly anti-American in its policy. This is the first trial by jury in the island.

SEPARATE FLAG FOR NORWAY.

KING OSCAR IS SORRY BUT RATIFIES THE NEW LAW.

Stockholm, Oct. 13.—The Posten today publishes an account of the proceedings of the recent council of state, during which King Oscar declared that he regretted the resolution of the Norwegian storting introducing a purely Norwegian flag, in view of the fact the emblem of the union flag implied equal rights for both Sweden and Norway. As however the resolution had been passed thrice, his majesty said he could not refuse to sanction the promulgation of the new flag law, in accordance with the constitution.

CORNER IN LAKE FREIGHTS.

ROCKEFELLER GOBBLING THE TONNAGE TO CHECKMATE CARNEGIE—BIG CONTRACTS MADE.

Cleveland, Oct. 13.—A battle of giants in the iron and steel industry has been under way for three or four days. It is a fight for ships to move the ore product of the Lake Superior region in 1900, which may crowd the 20,000,000 ton mark. Contracts were made yesterday with ten steamers to carry ore next season at \$1.25 a ton, against 60 cents this season.

This means that iron ore will sell at full \$2 a ton advance over the prices of the present year. The contracts with Mitchell & Co. of Cleveland and with Detroit parties were made in the interest of John D. Rockefeller, following close upon the purchase of the whale-back fleet of thirty vessels by the same interest. The Rockefeller interest will be operating sixty-seven steel vessels next season, recent purchases and charters having added 2,500,000 tons to the carrying capacity.

TO CHECKMATE CARNEGIE.

This high rate results from a struggle between the Rockefeller and Carnegie interests for supremacy. The Carnegie company, by a shrewd move last spring managed to fix the contract ore rate at 60 cents, and Rockefeller ships, under contract with the Carnegie company for a term of years, were forced to accept about that figure for this season's work. The Carnegie company again stepped in a few days ago, and placed an order with the American Shipbuilding company for five big steamers. They had also offered \$250,000 each for the four largest of the Mitchell ships. But in the mean time the Rockefeller interest had come into full possession of the thirty whale-backs, and then not only prevented the Carnegie company from buying the Mitchell fleet, but secured a pretty fair corner on the lake freight market through the charter of these vessels.

Duluth, Minn., Oct. 13.—The announcement that the Rockefeller interests have cornered the lake freight market and that next year their great competitor, the Carnegie interests, will have to pay double present rates, has aroused much interest in Duluth, where for some time a struggle on freight rates has been in progress between these two giants of commerce. The struggle for supremacy on the lakes is regarded as only an outgrowth of the struggle on land over railroad rates, in which contest the Rockefeller interests have the upper hand.

Marie, Oct. 13.—(Special.)—Up—Superior City, Fulton, Bell, 5:30; Portage, 6; America, 6:20; Codorus, 7:40; Northern Queen, Senator, 8:40; Cort, Russell, Italy, Australia, Bannockburn, 9:30; Winnipeg, Dunmore, Specular, Magnetic, 10; Livingston, Maritana, Malta, Pontiac, 11; Lindsay, 11:30; Iron Chief, Iron Cliff, Halloran, 12:30; Milwaukee, 12:40; Stewart, Golden Rule, Burke, Gilbert, 2; McGregor, 2:30; Briton, Maruba, Manda, Black, Harper, Tyrone, 3; Langell, Arena, Interlaken, Moore, Erin, Danforth, 4:20; Wilson (whalebacks), Mecosta, 5; Wallace, North Wind, 5:30; Presley, Redding, Trevor (whaleback), 7; Osceola, 8.

EX-SPEAKER REED PRESIDED.

Philadelphia, Oct. 13.—Ex-Speaker Thomas Reed presided today at the second session of the international commerce congress and was enthusiastically greeted. Director General Wilson welcomed the delegates and introduced General J. W. Linn Lowrey of London, representative of the board of trade. He said the civilized nations must combine to secure the trade of all the world. Herr Arnold, a member of the Berlin chamber of commerce, said the United States and Germany have so many points in common, both material and intellectual, that there should be no difficulty for them to devise a system helping each other.

TWO FAST PUGILISTIC BOUTS.

New York, Oct. 13.—Tonight "Kid" McPartland received the decision over Owen Ziegler of Philadelphia after twenty-five rounds of hard and fast fighting at the Broadway Athletic club. Both of the men were badly battered.

Chicago, Oct. 13.—Joe Kennedy of California and Frank Childs of Chicago fought six hot rounds tonight, the decision being a draw.

BOILER EXPLOSION KILLS FOUR.

Britton, S. D., Oct. 13.—A threshing engine belonging to Peter Anderson, twelve miles southeast, blew up this morning, killing four men and seriously injuring one more. George B. Gullickson and C. A. Ahlstrom, both living near here, were killed. The others were negroes. Low water is supposed to have been the cause.

SOCIALISTS RATIFY OLD POLICY.

Hanover, Oct. 13.—At today's session of the socialist congress, Herr Bebel's resolution declaring that the party should remain what it is, namely, a class party whose historical aim is to acquire political supremacy, and declaring there is no reason why it should alter its program, tactics or name, was adopted by a vote of 218 to 22.

NO HOPE FOR MCCLERNAND.

Springfield, Ill., Oct. 13.—Dr. C. M. Bowcock, the attending physician at General John A. McClernand's bedside, stated last tonight that the condition of his patient was very precarious and there was little hope for his recovery.

SAMPSON'S FLAG COMES DOWN.

Fort Monroe, Oct. 13.—Rear Admiral Sampson was relieved from the command of the North Atlantic squadron today and left for New York. Admiral Farquhar will take command tomorrow.

TODAY'S WEATHER.

Washington, Oct. 13.—The following is the weather bureau's forecast for Upper Michigan: Showers and cooler Saturday and Saturday night; brisk to high northwesterly winds; Sunday fair.

PROGRESS OF THE FEVER.

Key West, Fla., Oct. 13.—New cases of yellow fever today, ten; no deaths.

New Orleans, Oct. 13.—No new cases; one death.

VOLCANIC ERUPTIONS.

Are grand, but skin eruptions relieve life of joy. Bucklen's Arnica Salve cures them, also Old, Running and Fever Sores, Ulcers, Boils, Felons, Corns, Warts, Cuts, Bruises, Burns, Scalds, Chapped Hands, Chilblains. Best Pile cure on earth. Drives out pains and aches. Only 25cts. a box. Cure Guaranteed. Sold by The Stafford Drug company.

If you want solid comfort and satisfaction smoke the "Challenging cigar." Its the very best on the market for 10 cents. (5-12-14)

RHEUMATISM CURED IN A DAY.

"Mystic Cure" for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Sold by Frank Penhill, druggist, Marquette. (10-10-14)

Ladies, employ your idle moments. Visit the clock room at Bracher's and form one of the classes in embroidery and lace making. Miss Doyle carries a full line of materials for art needlework and is showing some new designs for pillows, patterns for point Battenberg and Duchesse lace, and the like. (10-14-14)

CORNS AND BUNIONS REMOVED.

Prof. G. E. Sayre will remove corns, bunions and cure in-growing toe nails; no cutting; has had seven years of successful experience and practice. For a short time will be at A. A. Cole's residence, 423 North Front street. (9-19-1mo)

Makes rich, red blood, and muscle more rapidly than any known remedy. It's food for brain and nerve. That's what Rocky Mountain Tea is. The Stafford Drug company.

COUNCIL MAY TAKE ACTION.

IT WILL PROBABLY OFFER A REWARD FOR THE APPREHENSION OF THE MURDERER OF JAMES CASHEN.

Mayor Andrews has issued a call for a special meeting of the common council to be held in the council chamber this evening at 7:30. It is called to consider the advisability of offering a reward for the arrest of the murderer or murderers of James Cashen, and to transact some business which was referred to the council by the board of public works. Mayor Andrews has been greatly interested in the search for the men who had to do with the murder of Cashen and has done all in his power to facilitate the investigation. As four days have passed without definite result he deems it expedient that the council take action.

The aldermen will undoubtedly vote to offer a reward for the apprehension of the criminals. It would certainly be a fitting step and would be approved by every citizen of Ishpeming. It would have been well had it been taken earlier. The coroner's jury paused in its investigation yesterday. There were no sessions. The examination will be resumed this morning and will be completed today. The names of the men who are witnesses to be heard. Quite a number are being called to give testimony. It was found that the testimony of one person necessitated the summoning of others, so the original list has been considerably increased. The hearing will proceed in private but it is presumed that the public will be favored with the verdict when it is reached.

The police were engaged all day yesterday on the case, but nothing of consequence was accomplished. The officers are a unit in believing that the two men who were seen on the street near the camp of Officer Clermont and Mr. Jennings of Negaunee are the ones wanted. Mr. Jennings is quite positive they are the right men. He identified one of the caps picked up at the scene of the murder as that worn by one of the men he saw on the car when he was going to work Monday night.

One of the pair worked for him for some time and he would be able to identify him in any clothes. He knows his name—that is, the name he bore when he was working for him. As the men have a habit of changing their names when they take new jobs this clue is not valuable. Mr. Jennings spoke with the men and when the car reached the terminus where he left it to go to his work at the Salisbury one of them said "Negaunee" and started to leave the car. Jennings told him it was not Negaunee and the fellow resealed himself and remained in the car until he and his companion left it down town.

While the officers are satisfied that these are the men who were concerned in the murder they have been able to accomplish very little towards locating them. They complain bitterly of the difficulty experienced in getting information about them. It is known that they drank in saloons here but the closest cross-examination of parties who met and talked with them has failed to disclose anything beyond the fact that they hailed from Negaunee. Their boarding place cannot be ascertained.

The secrecy which surrounds the affair cannot be explained by the statement that the men were newcomers to the county. That is not the case. Mr. Jennings has known one of them for some months. It is generally attributed to the attempts the friends of the criminals are making to conceal their identity. The men were of the Finnish nationality. If they had been of any other it is probable they would have been apprehended ere now. A representative of a New York Finnish paper complained to Sheriff Carlson yesterday morning that his countrymen were being wronged in connection with the murder. Not a bit of it. Facts cannot be denied. The two parties who encountered Cashen and Drinker and afterward killed the former were Finns. This fact is not discreditable to the Finnish people generally. It is unfortunate, however, that the officers of the law have to complain of the manifest disinclination of countrymen of the criminals to aid them in ascertaining the whereabouts of the men.

FOOTBALL IN DECLINE.

THE GAME SEEMS TO BE LOSING GROUND IN THE MILWAUKEE SCHOOLS.

Inter-scholastic football seems doomed in the Milwaukee high schools. In years past the local teams have met the Wisconsin boys in some hard struggles, and have found them fine athletes and particularly strong football men. But indications now point to a decline of the sport in Milwaukee. The action of the school trustees in passing a resolution ordering the professors and principals to refrain from supporting or encouraging the teams has been the subject of much comment all over the country, some approving and others condemning it. This resolution of the board did not prohibit the game and it was left for the members of the team of the East Division High school to give it a more decided black eye.

The boys of this school got out early in the year with much enthusiasm and it was believed that a strong team would be built up. Reverses were experienced, however, and some of the best men were forbidden to play because of conditions in studies. In spite of the fact that "Ikey" Karel, a famous full back of the Wisconsin variety, was voluntarily coaching them, the players lost heart and interest and the climax was reached Wednesday when only nine men appeared for practice. It was decided to disband the team and the step was taken on the spot.

As the West Side school gave up football two years ago because of opposition to the game in the faculty, only the South Side is represented with a team, where formerly all three schools supported eleven. The Milwaukee papers state that interest in football is evidently declining there. The enthusiasts for the game, however, look for a revival of it next season.

TO CURE A COLD IN ONE DAY take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

FATALITY AT A LUMBER CAMP.

PHILLIP PERRY, WHO WAS BORN IN ANR RAISED IN ISHPERING, WAS KILLED THURSDAY.

The remains of Phillip Perry were brought to Ishpeming yesterday from the lumber camps at Dead river, where he was killed Thursday. His skull was fractured in the morning by the fall of a heavy pole which was being used in putting up a tent and he passed away in the afternoon before medical aid could reach him. Perry was unmarried and between thirty-five and forty years of age. He was well known here, as he was born in the city and lived here all his life. He was a member of the French tent of Maccabees and held a \$1,000 insurance policy in it. The funeral will be held Sunday from St. Joseph's church.

Perry went out in the woods some weeks ago intending to spend the winter in the employ of the Cleveland Mill company. Thursday morning he was one of a force of men engaged in putting up a big tent. He was holding one of the upright poles which was supporting the stick across which the canvas was to be stretched. The end of the sapling slipped away from the upright and fell on Perry's head with sufficient force to fracture his skull. He was not prostrated immediately, however, and continued at his work for a full half hour before he complained of the injury. Then he walked to a lumber wagon, in which he was taken to Camp 2, where he was living. He was taken to the camp, where his condition became worse. He sank steadily but did not lose his consciousness up to the time of his death, which occurred about 2 p. m. Medical assistance was on the way from Ishpeming but he passed away before it could reach the camp. Ed Brazil is in charge of the camp where the fatality occurred. He is a thoroughly competent foreman and the accident was one for which he could in no way be responsible. It was the first accident that has occurred at his camp.

WILL BUILD A SPUR.

PITTSBURG & LAKE ANGELINE COMPANY WILL HAVE TO LAY SOME NEW RAILROAD TRACK.

The Pittsburg & Lake Angeline company is about to lay three-quarters of a mile of new railroad track in a spur which will be built beyond the huge hills south of the property to connect with the main track of the L. S. & I. road below Lake Angeline. A. McDonald of Marquette has the contract for the work, which will be finished up speedily. The spur will be put in to protect the workings of the lake mines of the Lake Superior and Cleveland-Cliffs companies.

When the L. S. & I. line was constructed its tracks ran through the land surrounding the depression which formerly held the waters of Lake Angeline. This was all right at that time, as the track did not lie above the workings of any of the mines. The amount of work done at the Lake Superior and Cleveland-Cliffs lake mines since the road was put in, however, has extended the workings far beyond the point to which they had reached when the L. S. & I. road was built, and now some of them lie under the tracks over which the Angeline ore is carried. The constant thundering of heavy trainloads of ore over the mines is a menace to the safety of the men underground and it has been deemed necessary to build a spur beyond the big hills to the south of the lake, so that the tracks now used by the Lake Angeline company may be taken up. The old work will be quite expensive. The old tracks will be used for some time yet, but as soon as the new spur is completed they will be removed.

BROKE THE RECORD.

Thursday night when Murray and Mack appeared in the Ishpeming Opera House in "Finnigan's Ball" the gross receipt record of that theater was broken. The total of the admissions footed up the biggest sum that has been taken in one night since Manager Butler has had the house. The crowd was the largest that has ever turned out when the price scale was as high as it was Thursday night, and it has been very rarely that there have been more people in the house. Standing room was at a premium and many were turned away from the doors. The crowd appeared immensely pleased and the funny antics of Murray and Mack in their Irish character parts created much amusement. The company was well balanced and the feminine division was unusually pleasing and well costumed. Mack, as Finnigan, made the hit of the play. He was irresistibly funny. Murray was inferior as an amusement provoker, but he worked well with his fellow star. Kittle Beck is also a prominent member of the cast. Charles Barry was particularly good in a tramp impersonation. The odd skit "Souza and His Band" was particularly good. The attraction gave good satisfaction and would receive a hearty welcome on a return engagement.

DO BATTLE TODAY.

The football squad, accompanied by Coach Butler, left yesterday morning for Ironwood, where they will play with the high school team this afternoon. Last night a large number of rooters took the late train to that city to be there for the contest. The local team practiced on the Ironwood field after its arrival yesterday afternoon, so as to become familiar with the grounds. The boys got a good night's sleep and will be ready today to put up their best game. It is to be hoped that they will pound out a victory, as their road to the championship of the peninsula will be quite clear if they do.

HAVE RECEIVED THE HOIST.

Captain Platto is busy at the East New York mine with the installation of the new hoist, which has finally reached the mine. The foundation for the plant is being put in. The work is being pushed, as the captain is anxious to get things in shape for actual mining. The plant is powerful and will give the mine an ample equipment for handling ore.

RISING BREAST

woman who uses "MOTHER'S FRIEND" need fear the suffering and danger of child-birth—for it robs this ordeal of its horror and insures safety to mother and child. Our book, "Before Baby is Born," is worth its weight in gold to every woman, and will be sent free in plain envelope by Bradfield Regulator Company, Atlanta, Ga.

And other painful and serious ailments which so many mothers suffer, can be avoided by the use of "MOTHER'S FRIEND." This remedy is a God-send to women, because it carries them through their most critical ordeal with perfect safety and no pain. No woman who uses "MOTHER'S FRIEND" need fear the suffering and danger of child-birth—for it robs this ordeal of its horror and insures safety to mother and child. Our book, "Before Baby is Born," is worth its weight in gold to every woman, and will be sent free in plain envelope by Bradfield Regulator Company, Atlanta, Ga.

A STRIKE EPIDEMIC.

Strikes are serious things, and in view of the number that have occurred it is well to remember that until the cause be removed, dissatisfaction will depreciate work and prove a menace to society. But it is not only the commercial life which has its strikes. The whole country is groaning under the strike of the stomach, and many people make the mistake of trying to suppress the symptoms instead of removing the cause. There is but one sure way of curing the ills which arise from a rebellious stomach, and that is by an honest use of Hostetter's Stomach Bitters. Use it for indigestion, constipation, dyspepsia, biliousness, liver or kidney trouble, and see that a private Revenue Stamp covers the neck of the bottle.

ISHPERING IN BRIEF.

Joseph Sellwood of Duluth was here yesterday.

James Redmond of Kenton was here yesterday.

Joe Pope will have a hot pasty lunch and music at his saloon this evening.

Jacob Dolf of Marquette was up yesterday, working on the Cashen murder case.

F. W. Evan, in advance of the "Suwanee River" company, was here yesterday.

John Murfur received a carload of fruit from Chicago Thursday. He was busy disposing of it yesterday.

George Sedgwick, K. G. Dahlstrom and Ed Nelson went out to Camp Nine yesterday to spend a couple of days.

Miss Susan Kearney and William Hooper were married Thursday evening at the parsonage of St. John's church, Rev. Langan officiating.

A number of men have been brought in from outside to work on the construction of the railroad spur to be built by the Lake Angeline company.

John Hosking and Emanuel Dunstan will be in Bay City next week in attendance at the grand session of the Maccabees of the state as delegates from the local lodge.

Charles Regnstrom has finished his contract, which called for the erection of two buildings for the use of the force which is exploring for Laughlin & Co. of Pittsburg at Iron Mountain lake.

The rainfall yesterday morning was the heaviest that has been experienced here in some days. More water came down in a couple of hours than fell during the previous three days of wet weather this week.

A black Astrachan cape was lost between Ridge street and the depot Oct. 1, when the Ironwood football team was here. The owner would like to get it back. Information may be telephoned to county phone 374.

J. Hammel and Co. of Appleton will receive a carload of heavy draft and farm horses here Sunday. It will include some first-class stock. All interested are invited to call around to the sales stable and look the horses over.

The stock of the Fairbank store will be disposed of at auction, commencing today. C. W. Whitmore and company of Galesburg, Ills., will make the sales. The same concern disposed of the stock of C. L. Sheldon here a few weeks ago.

Rev. J. M. Langan expects that the repairs on St. John's church will be completed in a week or ten days. Rapid progress is now being made with the work. The decorating is well along. The firm which will put in the heating plant is expected to begin installing it next Monday. All is in readiness for its reception, as the back part of the structure has been remodeled.

The next attraction at the Ishpeming opera house is "On the Suwanee River," which was produced here with great success some months ago. The company is substantially the same as when it appeared here before. Stella Mayhew still gives her fine impersonation of the southern mammy. There is considerable interest in the performance because of the company's good record on its previous appearance, and the production will be largely attended.

The ladies of St. Paul Episcopal church at Marquette have arranged with the Slayton lecture bureau to furnish a course of six entertainments for the benefit of the church the coming winter. The ladies of the local Chancel society have some tickets for the course at \$1 each which they would like to sell to Ishpeming people. The first entertainment will be by the Scaldi company, with Mme. Scaldi as a feature. The company will be at Marquette Oct. 20.

pany, with Mme. Scaldi as a feature. The company will be at Marquette Oct. 20.

James Long opens at the opera house next Monday night with the White Spear medicine company. He will be here for two weeks. He has a number of clever performers and a pleasing program is given which is varied nightly. The admission price Monday night will be ten cents, which will be increased during the remainder of the engagement.

TO THE MUSICAL PUBLIC.

I wish to announce that I have just returned from a business trip to Chicago to make arrangements with the Baldwin and Chickering, Chase Bros. Piano company to ship me a large stock of their pianos. They are the largest piano houses in the United States and can therefore sell the first grade pianos at a very low price and every piano you get from me is warranted to give best of satisfaction, which you cannot get from traveling fakirs who sell their old style cases and second hand goods and make you believe that you are getting the best for little money. Remember I have been in business a long time in this city and have given the best of satisfaction to all who have done business with me. Give me a call and look at my stock before buying elsewhere. J. N. Fohrman, Ishpeming, Mich. (13)

How Are Your Kidneys?

Dr. Hobbs' Serravallo Pills cure all kidney ills. Sample free. Add Sterling Remedy Co., Chicago or N. Y.

Consumption Cure—Warner's White Wine of Tar Syrup, the best cough remedy on earth, cures a cold in one day if taken in time—25 and 50c.

In and About Negaunee.

PICKED UP A SUSPECT.

HE WAS LET GO, HOWEVER, AFTER HE WAS HELD A FEW HOURS.

Thursday afternoon a suspect was picked up at the Queen location. He was thought to be one of the two men who were concerned in the murder of James Cashen at Ishpeming Monday night. His appearance answered the description of one of the men who quarreled with Cashen, and as he did not appear very sure of himself it was judged best to hold him until something definite regarding him could be ascertained. He was taken to the city lockup and the officers spent some time in drumming up men who knew him. When his friends were reached they held a conference with the suspected man and it did not take them long to convince the officers that he was not one of the men they are seeking, so he was set free.

The Queen location is still regarded as a possible hiding place of the men wanted for the murder of Cashen, and it is kept under surveillance. The arrest of the suspect was kept very quiet Thursday night and it was not generally known here or at Ishpeming that a man had been picked up. It was judged best to keep the arrest from becoming generally known, as there is much feeling over the murder of Cashen, and the authorities wish to avoid any trouble that might arise if the murderer were apprehended.

Although the officers are giving this city and its vicinity much attention in the search for the two men concerned in the murder, the people here remain steadfast in the belief that a false scent is being followed, and that the men were not employed at any of the neighboring properties.

WILL CUT CEDAR.

As in past seasons, the Pittsburg & Lake Superior Iron company will pay considerable attention to getting out cedar the coming winter. Poles, posts and lagging will be cut in great quantities on the company's property and much of the work will be done on land in this vicinity. Operations will only be limited by the number of men who can be secured for the work. As labor is scarce it is probable that the company will not secure as big a force as it would be able and willing to employ. The company has large holdings of land well wooded with cedar and the purchase of new lands has done not a little toward enabling it to continue in the business. One contract for \$100,000 worth of timber has been closed and several other deals of about equal magnitude are all but completed. This means an extensive amount of work. If the men can be obtained it is probable that 800 will be employed through the entire winter season.

REMARKABLY HEAVY RAIN.

The wretched weather that has prevailed the last few days culminated yesterday morning in a very heavy rain storm. Rain fell for about two hours. It was the heaviest storm experienced here in weeks. The new laundry for Partridge creek was not taxed by the extra water and all the streets leading to it were drained perfectly. The rain was followed by a very pleasant day, the sun coming out brightly and clearing up the mist.

NO RIGHT TO UGLINESS.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking woman of a run-down invalid. Only 50 cents at the Stafford Drug company.

WHILE THERE IS LIFE THERE IS HOPE.—I was afflicted with catarrh; could neither taste nor smell and could hear but little. Ely's Cream Balm cured it.—Marcus G. Shantz, Rahway, N. J. The Balm reached me safely and the effect is surprising. My son says the first application gave decided relief. Respectfully, Mrs. Franklin Freeman, Dover, N. H.

The Balm does not irritate or cause sneezing. Sold by druggists at 50 cents or mailed by Ely Brothers, 55 Warren St., New York.

BATHS, BATHS, BATHS.

Turkish and Russian, salt and electric for gentlemen; massage treatments a specialty; also chiropody. Frank Keough, masseur, St. Luke's hospital; hours, 8 a. m. to 9 p. m. (5-25-10)

A SHORT SAD STORY.

A Cold, Neglect, Pneumonia, Grief.

Had Foley's Honey and Tar been used this story would have had a happier ending. 25 and 50 cents. The Stafford Drug company.

A PLAIN LETTER

From a Prominent and Well Known Surgeon in the Upper Peninsula.

Office of W. H. Dodge, M. D., Hancock, Mich., August 1, 1898.

Crown Distilling Co., Cincinnati, Ohio. Gentlemen:—You ask my opinion of your Four Hundred Rye Whisky. Its purity is extraordinary. I prescribe it in cases requiring such an agent, because of its purity. Very respectfully,

W. H. DODGE, M. D.

The purest type of the purest whisky guaranteed ten years old. Sold at all first-class cafes and at drug stores.

Educate Your Bowel! With Cascarets. Candy Cathartic, sure constipation cure. 10c per box.

LOCAL LAONICS.

Dr. Hudson is back from his trip to Chicago.

A. C. Ludington of Marquette was here yesterday.

Louis Goodrich will open a barber shop in the location formerly occupied by Joy & Alken Monday morning.

Mayor Neeley was among the number who took advantage of the special excursion to the head of the lake. He will probably return Monday.

Jim Long concluded his engagement at MacDonald's Opera House before a fair crowd Saturday night. He will be at Ishpeming the next two weeks.

The new ward school building has been roofed over and now it will be possible to continue the construction work regardless of the condition of the weather.

Slensky's vaudeville stars will appear at MacDonald's Opera House next Wednesday night. Moving pictures of the fistie battle between Fitzsimmons and Jeffries will be one of the features.

Potatoes are now bringing forty cents a bushel. The sales from neighboring farms at that price are small, the larger portion of the crop being held for better prices, which are expected later.

The high school boys have a football team which they have organized for their own amusement. It lines up nightly against a second team. There are some good players in it and it could probably make a fair showing in a regular game.

The old City band has decided to hold its annual concert and dance the evening of Thanksgiving day. Committees have been appointed to arrange for the affair. It will be held in MacDonald's Opera House and a most entertaining program will be rendered.

At a recent meeting the Sons of St. George closed the accounts connected of their big celebration a few weeks past. They were \$9 ahead. They lost money on the date of the big program, but the funds raised for the meeting covered the deficit and gave the small surplus.

A small force of men is employed at the mill of the former Negaunee Sash and Door factory, preparing it for a resumption of work. It is now owned by F. Braastad of Ishpeming, who will run it in connection with his new lumber yard. The boilers have been steamed up and the required repairs are being made. John Decaire of Ishpeming is in charge.

Charles Thoren, Jr., and Thomas G. Faulkner are preparing to leave the city Monday for Bay City, where they will attend the grand session of the Odd Fellows as delegates from the local lodge. The session holds its first meeting next Tuesday, the 17th of the month. At the meeting of the local lodge held Thursday night, H. G. Jackson was affirmed as the choice of the members for the position of deputy, and accordingly will be appointed to that office.

State of Ohio, City of Toledo, Lucas County, ss.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and state aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY. Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1888. A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials, free.

F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

Hall's Family Pills are the best.

Can't be perfect health without pure blood. Burdock Blood Bitters makes pure blood. Tones and invigorates the whole system.

Eat plenty, Kodol Dyspepsia Cure will digest what you eat. It cures all forms of dyspepsia and stomach troubles. E. R. Gamble, Vernon, Tex., says, "It relieved me from the start and cured me. It is now my everlasting friend." The Stafford Drug Co.

"Isn't safe to be a day without Dr. Thomas' Electric Oil in the house. Never can tell what moment an accident is going to happen.

The "Plow Boy Preacher." Rev. J. Kirkman, Belle River, Ill., says, "After suffering bronchial or lung trouble for ten years, I was cured by One Minute Cough Cure. It is all that is claimed for it and more." It cures coughs, colds, grippe and all throat and lung troubles. The Stafford Drug Co.

A LIMA MAN'S TESTIMONY.—"I have obtained excellent results from the use of Foley's Kidney Cure. It relieved my backache and severe pain over the hips. It toned up my system and gave me new vim and energy. I regard it as an honest and reliable remedy for all kidney diseases. It makes no false claims but does what it says when given a fair trial. I certainly recommend it. Wm. Finn, 447 Elida Road, Lima, Ohio." The Stafford Drug company.

I. O. O. F. GRAND LODGE

And State Assembly Rebekahs, Bay City, Mich., Oct. 17th to 20th, 1899.

For the above occasion the D. S. S. & A. railway will sell tickets to Bay City and return, via Mackinaw City and the M. C. R. R., at rate of single fare for the round trip. Tickets will be on sale Oct. 14th, 15th and 16th and will be good for return passage up to and including Oct. 23rd. For further particulars apply to station or ticket agents or to Geo. W. Hibbard, G. P. A., Marquette, Mich. (10-12-4)

Don't Tobacco Spit and Smoke Your Life Away. To quit tobacco easily and forever, be magnetic, full of life, nerve and vigor, take No-To-Bac, the wonder-worker, that makes weak men strong. All druggists, 50c or \$1. Cure guaranteed. Booklets and sample free. Address: Sterling Remedy Co., Chicago or New York.

AFTERNOONS OFF

Tied down to housework, to the scrubbing brush and bucket, to the dish pan and household, is the condition of the woman who still uses soap in her cleaning. On the other hand the woman who uses Gold Dust has her work all done by noon, does as she pleases in the afternoon. With Gold Dust she does her cleaning with half the effort, in half the time and at half the cost with soap or any other cleanser. For greatest economy buy our large package.

GOLD DUST Washing Powder

THE N. K. FAIRBANK COMPANY Chicago St. Louis New York Boston

IT MAY SAVE YOUR LIFE.—A dose or two of Foley's Honey and Tar will prevent an attack of pneumonia, grip or severe cold if taken in time. Cures coughs, colds, croup, la grippe, hoarseness, difficult breathing, whooping cough, incipient consumption, asthma or bronchitis. Gives positive relief in advanced stages of consumption, asthma or bronchitis. Guaranteed. The Stafford Drug company.

Joseph Stockford, Hodgdon, Me., healed a sore running for seventeen years and cured his piles of long standing by using DeWitt's Witch Hazel Salve. It cures all skin diseases. The Stafford Drug Co.

The Secret of a Girl's Beauty

Hon. J. H. FLETCHER, formerly Governor of South Dakota, but now a resident of Salem, Ore., says: "For over two years my daughter had been declining from a strong, healthy, rosy-cheeked girl to a pale, weak and helpless invalid. She was afflicted with terrible headaches, and gradually grew weaker, and more languid, apparently without cause. I tried several doctors, but all without avail. Finally, to please a friend, I bought a box of Dr. Williams' Pink Pills for Pale People, and to our surprise, before it was used up her headaches ceased, the color began to return to her cheeks and lips and her strength began to assert itself. I bought five boxes more, and by the time she had finished them she was completely restored, and to-day she is a robust, rosy, healthy girl instead of a pale, tired and sickly one."

—From the Oregon Independent, Salem, Ore.

Dr. Williams' Pink Pills for Pale People contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatitis, neuralgia, rheumatism, nervous headache, the after-effects of the grip, palpitation of the heart, pale and sallow complexion, and all forms of weakness either in male or female.

Dr. Williams' Pink Pills for Pale People are never sold by the dozen or hundred, but always in packages. At all druggists, or direct from the Dr. Williams Medicine Company, Schenectady, N. Y., 50 cents per box, 6 boxes \$2.50.

WINE OF CARDUI

A LITTLE DOES MUCH. BOONE, IOWA, Dec. 14. No tongue can tell what I have endured in the past ten years with my monthly sickness. While suffering untold agony, a friend called and recommended Wine of Cardui. I sent for a bottle, and Oh! what relief. After the first dose I began to feel better and have had no pain since. MRS. GRACE LAMPERTHE.

Wine of Cardui not only cures but it acts AT ONCE. Here is a case of ten years' standing, and yet one single dose made the sufferer feel better, and stopped the pain. The Wine goes straight to the seat of the trouble, and it does not force a result. It simply gives Nature that little assistance that the sufferer's system lacks. A single disorder in the feminine organs spreads many disorders all over the body, and when the Wine cures the source, all the other ills vanish as a matter of course. A woman can be her own physician and cure herself at home. Local examinations are largely things of the past—the obnoxious custom is no longer necessary. Wine of Cardui is the only perfectly safe and sure vegetable Wine made to-day for the cure of "female troubles".

Druggists sell Large Bottles for \$1.00.

WINE OF CARDUI

LOGGING CONTRACT.

Bids will be received up to Oct. 15, 1899, for cutting and delivering about five million feet of pine saw logs during the winter season, 1899-1900. Particulars may be obtained at our office.

NEVER FAILS. Cure is Lasting.

FIVE HUNDRED FEET DONE.

Excellent Progress Has Been Made On the Concrete Breakwater This Season.

FIFTEEN HUNDRED FEET IN ALL HAS BEEN COMPLETED.

Piece Built This Summer Is the Longest Ever Constructed in a Single Season—Engineer Krey Has Hustled the Work Right Along.

END OF THE SEASON'S OPERATIONS.

At the work which was to be done this season on the concrete breakwater was practically completed this week, and in two or three more days all the men will be laid off save a small gang which will be retained for inside work on the construction of footing blocks.

This is Engineer Krey's first season on the work, but he has proved himself a hustler, having laid 500 feet of the heaviest sections of the concrete used in the superstructure, more than has been done in any previous single season. Mr. Krey arrived here from Duluth the first of May. Most of his time the next two months was consumed in organizing his force of workmen and getting ready for his season's operations. This has been a good season for men who work and he was somewhat handicapped on account of the difficulty of securing and keeping labor. He was further handicapped by his inability to get men who had been engaged on the work before. As no government work was done here in 1898 the men who had formerly worked on the breakwater had gone away or had other jobs in town and only a few of them could be secured this year. The greater part of his gang of forty men had to be broken to the work.

The 500 feet of superstructure which was laid this season makes 1,500 feet which has been built in all, half the entire work with the exception of a big block at the shore end and a similar block at the outer end which will furnish the stand for the harbor light. The appropriation available this year was \$25,000; the money was not quite all expended. The estimated expense of the entire work, which was authorized in February of 1892, is \$232,936. At the present rate of progress and outlay the work will be done for considerably under the estimate. The original wooden breakwater which is now being capped with the big cement blocks cost \$469,732, and up till this year the total outlay of the government for harbor improvements at Marquette was \$525,362.

The work has never gone ahead before with such speed as it has this year, and it is only by the most incessant effort that Engineer Krey has made his fine record. The work began in the spring of 1895. That season and the summer following, together, 800 feet was laid, 300 feet being put in in the season of 1896. In 1897 only a small amount of work was accomplished and the superstructure was continued but 140 feet, bringing its total length up to 1,000 feet. The year following there was not appropriation available and work was absolutely suspended. This year it was resumed and 500 feet laid.

The first of the big blocks was built July 25. The fiftieth and last block was put in a week ago today. From the time operations began till they ceased every day when the weather permitted the work has gone forward. Sundays included. One of the big storms early in the season washed away thirty footing blocks and put the work back at least three weeks. The severity of the storm can be imagined when it is known that these footing blocks weigh something over two tons each. However, though washed out of position they were not broken, and by use of a derrick and two scows they were fished out of the lake and again put in place.

During the early seasons of the work these footing blocks were built in the places where they were intended to rest. This was done by sinking bags of rock and cement into the water and allowing the whole to cement together into one concrete mass. But this season and the season of 1897 a new plan was adopted. The footing blocks are now cast in moulds on shore, taken out on a scow and placed where they are wanted. They are securely keyed together and Mr. Krey says he has no doubt they will last as long as any portion of the superstructure.

Miss Delores De Graff.

Her Case Was Desperate, But Dr. Codere's Red Pills Cured Her.

Read the unsolicited testimonial printed below, and see if you have not some one of the symptoms described by Miss De Graff. If so, you can do like she did, and cure yourself with Dr. Codere's Red Pills for Pale and Weak Women. You want a clear complexion, don't you? You want a plump figure, too. A woman do. Don't use face bleaches and powders, though. They don't do a bit of good. Don't dose yourself with hurtful drugs for back, head, sides, stomach. The trouble isn't there. It is in the womanly organs. Make them well and strong, and your friends will be astonished at your good looks. If married, your husband will be delighted. If single, you will have admirers by the score. Nothing on earth is so beautiful as a healthy woman. Health itself is beauty. Miss Delores De Graff lives in Lancaster, O., and writes as follows: "For six months I was going into a decline. I was getting pale and thin rapidly. Doctors thought I had consumption, because I coughed so hard. My appetite and digestion were poor. I suffered from leucorrhoea and irregularities. I had terrible headaches and was nearly blinded by them. My hands and feet were cold. I had pains between the shoulders, in the back and sides. A friend recommended Dr. Codere's Red Pills. She knew by experience they were a good remedy. I at once sent \$2.00 to the Franco-American Chemical Co., Montreal, for 6 boxes, and took them faithfully. They cured me of all my troubles. I feel today as if I had never been sick. I am just as fleshy as ever; my complexion clear and bright. Send name and address for a free copy of our famous book, 'Pale and Weak Women.'"

Dr. Codere's Red Pills are widely imitated. Beware of all red pills sold by the dozen, the hundred or at 25c a box. They are worthless imitations. Get the genuine at all honest druggists. They have them—always 50 Red Pills in a box for 50c, or 6 boxes for \$2.50. Or you can send the price in stamps, or by registered letter, money order or express order to us. We mail them all over the world, no duty to pay. Dr. Codere's Red Pills, at 50c a box, last longer than liquid medicines costing \$1. They are easier to take, more convenient to carry, and they cure. Address all letters to THE FRANCO-AMERICAN CHEMICAL CO., Medical Department, Montreal, Canada.

ture. The old method is still followed in laying the footing stones on the harbor side of the structure. That plan is just as good there because there it little wave action to contend with.

The numerous storms this season have hindered the work, but the warm cloudy days and general climatic conditions have been good for it. Another obstacle which has been in the way of the work this season is the exceedingly high stage of the water. The lake level has been high for the past several years, with the exception of 1898, but this year it has reached a level which is unknown since the government began in 1885 to keep a record of the lake level at this point. The water is so high now it will be impossible to point up the footing blocks this fall. This will be done when the expected low water comes in the spring.

The Marquette breakwater is unique from the fact it is the first breakwater to be constructed of natural cement. When the work was undertaken it was a good deal in the nature of an experiment, but it is one which has thoroughly demonstrated the practicability of the construction medium. The early part of the breakwater is now on its fifth season. It has withstood the test so well so far that the government has now undertaken a much larger work at Duluth in which natural cement is the medium used. Prior to the time this breakwater was started one smaller breakwater at Buffalo was crowned with concrete, but Portland cement, which is considerably more expensive, was used in its construction. Some Portland is made use of in the breakwater here, but the proportion of natural to Portland is pretty nearly three to one. In the work this season 3,000 barrels of natural cement was used and 1,100 barrels of Portland. In addition to the cement a large quantity of rock and stone also entered into the construction.

Mr. Krey also has oversight over the improvements in Presque Isle harbor, where the breakwater is to be lengthened 500 feet this season. Powell & Mitchell have taken the contract for \$27,000. They have done some preliminary work but have not yet begun sinking cribs. The Presque Isle breakwater is wood without any cement capping. When this year's extension is added it will be a thousand feet in length and will afford good protection for the vessels loading at the L. S. & L. dock. The 500 feet of breakwater now standing is not sufficient to do this, and when heavy storms come from the north or northeast boats in the upper harbor are compelled to come down to the lower one for shelter.

Incidentally the sheltering of boats is a menace to the breakwater work in the lower harbor, and on one occasion Engineer Krey was obliged to make use of his police authority this summer and take three offending captains into court. These men were dangerously near the breakwater and refused to take their boats farther out. By crashing into the breakwater a boat could easily do considerable damage to the cribwork. Some of the vesselmen are lawless but others who have good intentions also endanger the work because the bottom inside the breakwater affords such poor holding for anchors, and boats drift about in spite of everything their crews can do. Some of the captains have been in the habit of sneaking over at night and tying up to the breakwater, but this is a practice which will not be tolerated. Mr. Krey has recommended that some clusters of piles be driven along the inside of the breakwater about forty feet out from it. Boats can tie up to these piles, be safe from drifting and at the same time be far enough away so they will do no harm to the breakwater. He says he thinks the piles will probably be driven next spring.

CORNERSTONE PROGRAM.

Swedish Methodists' Big Day—Other Church Services and Sermons.

Swedish Methodist—The cornerstone of the new church, corner of Third and Third streets, will be laid at 2:30 tomorrow afternoon. The pastor and congregation cordially invite all the people of Marquette to be present and rejoice with them that their enterprise has progressed successfully so far. The following will be the program: Hymn No. 556, in Swedish. Congregation. Prayer, in Swedish. Rev. Frank Gustafson, presiding elder. Scripture reading. Rev. Carl Andreen, Ishpeming.

Rev. E. A. Elliott, pastor of Marquette First Methodist (American) church. Hymn No. 598, in Swedish. Congregation. Address. Rev. Edward Warren, priest in charge of St. Margaret's (Episcopal) chapel. Song and collection. Address. Rev. Carl Andreen, Ishpeming.

St. Margaret's Mission (Episcopal). South Marquette—Sunday school at 2:30; evening prayer and service at 7:30.

First Church of Christ (Scientist). Hall 109 Spring street—Sunday service at 10:30 a. m.; subject, "Probation After Death." All are welcome.

Methodist—All services as usual, the pastor preaching morning and evening; subjects as follows: "The Incarnation" and "The Broad Versus the Narrow Way."

Baptist—Presbyterian—Rev. W. H. Garfield of Chicago will preach in the Baptist church in the morning. The Presbyterian congregation joining. In the evening the service will be held in the Presbyterian church. Rev. Mr. Garfield occupying the pulpit.

THEY APPRECIATE IT.

The Marquette Mining Journal now reaches its 300 readers on the morning of its publication day, and is the earliest of the dailies to reach here. This change is one that is certainly commendable to the enterprise of the Journal's management, and should be the means of largely increasing the circulation of that excellent paper in the Soo—Soo Democrat.

Buy the Mariposa cigar, claimed to be the best 5 cent cigar made, The Stafford Drug Co. (9-25-5w)

They heal all manner of diseases. If they can restore you; they will administer unto you; if not they will advise you. The object of this pilgrimage is to introduce the Eastern mode of healing the sick without poisonous drugs or the surgeon's knife; also to introduce botanic medicines which God ordered from the foundation of the world for the healing of nations. These good Samaritans never administer medicines for symptoms of disease, but remove causes through a vegetarian diet and botanic remedies, hence their wonderful success in healing the sick and restoring to perfect health thousands who had given up all hope of ever finding a cure. The Eastern Healers or good Samaritans, are educated Christian men and women whose aim is to deal justly by the sick and afflicted, the poor and the needy. The Healers or good Samaritans have existed in all ages. They went out in the highways and byways, healing the sick, visiting the rich and poor, administering alike to all.

Notice—If you have been advised by anyone to undergo an operation for appendicitis, ovarian difficulties, rupture, tumor, cancer or piles, do not listen to it and have your life endangered by the lance, knife or needle before taking counsel of the Eastern Healers. The Healers wish it distinctly understood that no case is taken without a moral certainty of either materially benefiting or curing the same. No matter what your condition may be or how many doctors you have tried, go and get free counsel and forever have it settled in your mind as to your true condition. Remember, a perfect knowledge of disease is half the battle. It is your life that is at stake. You must either get well or suffer. Do not accept what anyone says, but see the Healers and satisfy yourself. They give you this opportunity free until October 14.

The following are a few of the many maladies cured by the Eastern Healers: Blood poisoning from poisonous lymph used in vaccinating; also insect, reptile and dog bites; scrofula, syphilis, cancer, tumors, old sores, ulcers, skin and scalp diseases, sore eyes, nerve, kidney, spinal and brain diseases, paralysis and fits, stomach, heart, liver and female diseases, colds, asthma, catarrh, weak lungs and first and second stages of consumption, nervous debility, lost strength of the whole or any part of the body, piles and all rectal diseases, rheumatism, withered limbs, stiff joints, contracted cords and weakened muscles. A special invitation given to those afflicted with dropsy, also stomach, heart and kidney diseases.

Notice—Wives must be accompanied by their husbands and girls by their parents or guardians. No time given to drones or gossipers. Be it distinctly understood that the Eastern Healers or good Samaritans are not Christian Scientists, Spiritualists or Faith Healers, but treat diseases on scientific principles based upon the belief in the healing powers of vegetable medicines which God ordered from the creation. All calling upon the Healers who cannot speak the English language will please bring interpreter with them. Hours of administering from 10 a. m. to 8 p. m. No Sabbath hours and no calls made.

GRABOWER'S,

FRONT STREET, MANHARD BLOCK.
