## COLUMBIA IS VICTOR.

First Race Shows the Cup to Be in No Great Danger.

### ALL DEFENDER'S OWN WAY

Led All the Time and Crossed the Finish Line Fully a Mile and a Half Ahead.

### SHAMROCK NEVER GAINED.

	Start	Finish	Time
Columbia	11:01:06	3:45:59	4:53:53
Shamrock	11:01:03	4:05:10	5:04:07

New York, Oct. 16.—The cup which the oil schooner America won so commandingly against all comers over a course around the island of Wight in 1851 will probably remain here another year.

In a glorious breeze, over a windward and leeward course of thirty miles, Columbia scored against Shamrock today in the first race of the 1899 series for the trophy. She bounded across the finish line fully a mile and a half ahead of the challenger, defeating her by ten minutes and fourteen seconds actual time, or ten minutes and eight seconds corrected time after allowing the six seconds handicap which Columbia must concede to the challenger on account of her longer water line.

#### CONTEST DECISIVE.

It was a decisive contest, a magnificent race magnificently sailed and magnificently won. Although the preponderance of expert opinion never wavered in its loyalty to the wonderful speed and ability of the white flyer, no nautical sharp expected that Shamrock would be so overwhelmingly vanquished as she was in today's struggle. The Yankee boat outgeneraled her at the start, beat her hopelessly to the windward work to the outer mark and gained twenty-two seconds in the run home before the wind. There was a good strong ten to twelve knot breeze that only held throughout the race. It is undoubtedly a bitter blow, because the English hopes of lifting the cup had never been higher since the Thistle met the Volunteer in 1887 and, like Shamrock, she was decisively defeated in the first hour's sailing.

#### LIPTON TAKES IT CALMLY.

The regatta committee, as a result of the showing made by Columbia today, is convinced that the cup is safe. Sir Thomas, like the true sportsman he is, confessed after the race he had been fairly beaten.

It was anything but a comfortable day on the water. No large assemblage was on hand to witness the start, the repeated flukes having made the public very chary about coming out. A few side-wheelers, the regular fleet of ocean-going tugs and a score or two of steam yachts were all.

#### SKIPPER HOGARTH OUTGENERATED.

COLUMBIA GOT THE BETTER POSITION AT THE START—DETAILS OF THE GREAT CONTEST.

New York, Oct. 16.—At 9:15 o'clock the Columbia cast off from her moorings and was taken in tow by a tug. Shamrock started in tow a few minutes later. At 10 a. m. both yachts had reached the start and of Gedney's channel and at 10:10 Columbia's crew began hoisting the mainsail. It was set in five minutes. Shamrock's mainsail began to go up at the same time, but it was fully fifteen minutes before the sail was set.

At 10:29 both yachts cast off their tow lines and broke out their jibs and No. 2 club topsails. At the same time the committee boat sent up the course signal; it was east, making it a beat dead to the windward of fifteen miles. At 10:45 the preparatory signal was made. When two minutes were left before the starting signal, both yachts were heading a couple of lengths apart to the westward, with their booms to port, Columbia to the windward. At one minute Shamrock began to keep off for the committee boat, lying at the south end of the line, Captain Hogarth's intention apparently being to stop Columbia, then a length or so astern, from getting the weather berth.

#### DEFENDER GETS THE WIND.

When the starting gun was fired, Shamrock had run parallel with the line to nearly the center of it. She still held her course until nearly over to the lightship before she began to luff to cross the line.

Captain Barr, on Columbia, held his yacht well in hand, being at this time a good length astern, with the sheets that aft. He began to luff the moment Skipper Hogarth did and, shooting Columbia across Shamrock's wake, sent her across the line about ten fifty yards to the windward of the challenger with such a good overlap on her that, according to the official time, she was only three seconds astern. The official time of the start was:

Shamrock.....11:01:03  
Columbia.....11:01:06  
Both yachts were now close-nailed on the starboard tack, carrying exactly the same sails—mainsail, club topsail, jib, foresail and baby jib topsail. The first ten minutes were anxious ones for the friends of both yachts. At

ter that time, it was all over but the shouting. In five minutes Columbia had widened the distance to the windward between herself and Shamrock fully a length.

When Shamrock tacked to port at 11:15 o'clock and Columbia thirty seconds later, it was seen that Captain Barr had so placed his boat on the weather bow of Shamrock as to spill back wind into the Shamrock's sails. Skipper Hogarth was obliged to keep broad off for about thirty seconds to get out from under Columbia's lee.

By 11:20 the Bristol boat was quite an eighth of a mile to the windward, out-footing and outpointing her British rival all the time. Captain Hogarth, finding that Shamrock would not point as high as Columbia, flattened down his sheets as hard as he dared and had to be contented with giving her a good full.

HOGARTH GROWS DESPERATE. At 11:45 Columbia was fully a quarter of a mile to the windward. Captain Hogarth was getting desperate now, and resorted to short tacking in the hope his boat would fore-reach sufficiently to make a material gain to the windward. Columbia, however, if anything, was quicker in the stays and the better fore-reacher.

At 12:50, when Shamrock settled down again to business on the port tack and Columbia ten minutes later came about to the same tack, it was found the Bristol boat was half a mile dead to the windward. In three more tacks, Columbia still increased her windward lead. Each yacht made twenty-two tacks in windward work, and in all of these Shamrock took the initiative.

The wind became lighter as they approached the turn. Smartly the Columbia's crew launched her spinnaker boom out to port before she fairly made the turn and squared her away on her homeward course. They were exactly eighty-five seconds setting the spinnaker. Shamrock's men beat them five seconds in this work. The official time at the turn was:

Columbia.....1:48:19  
Shamrock.....1:58:08

#### SAIL AGAINST THE BREEZE.

This shows that Columbia was nine minutes and forty-nine seconds ahead. Columbia's balloon jib topsail was set immediately after the spinnaker and the head sails hauled down. She began her fifteen-mile run to the finish at about eight knots an hour.

Shamrock's balloon jib topsail was set after rounding the mark, and for a time it seemed as though she was overhauling Columbia. It soon became evident, however, that the apparent gain was only imaginary and that Columbia really was gaining.

When Columbia, with her great yellow mainsail broad off to the starboard, swept across the finish line Shamrock was scarcely visible astern, only the outlines of her sails being seen.

Ten minutes and eleven seconds in time elapsed between the finishing of Columbia and Shamrock, which meant a distance of about a mile and a half. The official time was:

Columbia.....3:54:59  
Shamrock.....4:05:10

The official summary, given above, thus shows that Columbia won by ten minutes and fourteen seconds actual and by ten minutes and eight seconds corrected time. The elapsed time of Columbia from the outer mark to the finish was two hours, six minutes and forty seconds; that of Shamrock two hours, seven minutes and two seconds, showing that in the fifteen-mile run before the wind Columbia gained twenty-two seconds.

#### UNKNOWN VESSEL SINKS.

WRECK AT SEA REPORTED BY AN INCOMING CRAFT.

New York, Oct. 16.—The brig Mottley, from Surinam, Dutch Guiana, South America, reports that on Oct. 3 she sighted a wreck, dismasted and water-logged, with a crew on board. As a heavy gale was blowing and high seas running the Mottley could not render any assistance. As night was fast approaching the brig hove to until daylight and then cruised around in search of the wreck, but it had disappeared, apparently having foundered during the night.

#### INSURGENTS WALLOPED.

ONE AMERICAN KILLED IN AN ATTACK AT ANGELES—SOME PRISONERS ARE TAKEN.

Manila, Oct. 16.—The insurgents attacked Angeles at half-past two this morning. One American was killed and seven wounded. The Filipinos used artillery, few shells exploding. The Seventeenth, Ninth and Thirtieth engaged the enemy, who retired at half-past five. An American scouting party near Balnate today captured eleven Filipinos. Another, near Maycauyan, captured a Filipino major. All were brought to Manila.

#### DEATH HARVEST ON THE RAILS.

REAR-END COLLISION IN WYOMING WITH FATAL RESULTS.

Cheyenne, Wyo., Oct. 16.—A rear-end collision occurred at 1 o'clock this morning near Granite Canon station on the Union Pacific between a stock train and the eastbound fast mail, killing two men and injuring three. The dead are:

H. J. PURPLE, Norwood, Kan.  
THOMAS J. PARKER, a wealthy stockman, Salt Lake City, Utah.  
These were injured: Wm. Sayles, Vermont, Ills.; Edward Parnell, Upton, Ills.; Charles Morris, Laramie, Wyo.

#### SHAFTER IS RETIRED.

STILL RETAINS COMMAND AS MAJOR GENERAL OF UNITED STATES VOLUNTEERS, HOWEVER

San Francisco, Oct. 16.—Major General Shafter received a telegram from Secretary of War Root today notifying him of his retirement from the active service as a brigadier general of the United States army. He will remain in command of the Department of California and Columbia, under command as a major general of the United States Volunteers, until further orders.

## BURGHERS ON RETREAT

Engagement Checks Advance on British at Glencoe, Natal.

### FIGHTING ABOUT MAFEKING

Boers Reported Repulsed There—Kimberley Asks Relief—Agitators Stirring Up Farmers.

### CAPE URRISING IS FEARED.

London, Oct. 16.—Dispatches from the Cape are very meagre tonight, but they included an important message from Glencoe camp, dated 3:55 this afternoon, announcing that the Boer commands which invaded Natal through Laing's Nek and, after occupying Newcastle, advanced to Dannhauser, retired on an engagement yesterday evening, the transport service being reported defective. This will delay indefinitely the anticipated hope for an assault on the strong British position at Glencoe.

Another dispatch reports activity on the part of the Free State commander in the neighborhood of Alwal North, on the southern frontier. The Boers advance patrol, the dispatch says, go to the frontier bridge nightly to keep watch, firing shots at intervals as signals. It is believed the enemy intends shortly to try a rush on the railway station, with the help of artillery posted on a ridge commanding the town.

#### FOMENTING AN UPRISING.

There are rumors that the Boers have been repulsed at Mafeking and are attacking Vryburg. A Cape Town paper has a dispatch from Orange River stating that the telegraph wires have been cut between Vryburg and Kimberley, and it is believed the Boers are taking advantage of the presence of a large gathering of disloyal farmers at Vryburg, celebrating the nocturnal, to attack the town, hoping that the farmers will assist them against the British. The same dispatch says the British force at Kimberley is confident in its ability to hold out, but urges the immediate despatch of a relief force. This question of a possible rising of the Dutch farmers in the northern portions of Cape Colony is very important.

#### NATAL INVADERS 16,000 STRONG.

Dispatches from Dundee say that according to the reports of refugees, the Boer invaders in Natal are estimated at sixteen thousand. The Natal invasion was made in three columns at the dawn of Oct. 12 through Botha's pass and Laing's Nek and from Wakkerstroom, the objective point of the invaders being Newcastle. The Boers utilized several thousand natives who were tramping from the Rand to drive their heavy guns up Laing's Nek. Precautions are being taken for the defense of Pietermaritzburg and Durban in a remote contingency that the enemy may elude the vigilance of the British at the Ladysmith and Glencoe camps.

The Cape Town correspondent of the Times says he learns on the highest authority there is no truth in the statement being circulated, doubtless with seditious motives, that the imperial government has decided to place small bodies of troops in the various country districts. Martial law, he says, has been proclaimed at Mafeking, Vryburg, Taunans, Herbert and Barkley West.

#### BUT LATER DREW BACK.

Dundee, Natal, Oct. 16.—A Boer command, estimated at two thousand men, with sixteen field guns, has reached Dannhauser, northeast of Dundee, with the probable intention of surrounding Dundee and cutting off the garrison from communication with Glencoe and Ladysmith.

Durban, Oct. 16.—It is estimated that from eleven thousand to thirteen thousand Free State Boers are watching the passes in the Drakenberg range from Oliver's hook to Collins pass. They have pushed a few patriots down the berg, but the main forces have not moved from the actual passage, which is being entrenched. Commandant General Joubert is heavily fortifying Laing's Nek.

#### QUEEN TO ASK FOR FUNDS.

TEXT OF THE SPEECH FROM THE THRONE IN OPENING WAR SESSION OF PARLIAMENT TODAY.

London, Oct. 16.—The queen's speech at the opening of parliament tomorrow will declare that parliament has been summoned at an unusual date for a specific purpose, and that it has been rendered necessary by two circumstances—

First—Her majesty's proclamation calling out the reserves was necessarily followed by the summoning of parliament within ten days.

Second—The position of affairs in South Africa demands the attention of the legislature.

Her majesty will then declare her general friendly relations with the foreign powers, a state of affairs which, unfortunately, does not apply to the Transvaal. The house of commons will be invited to provide the ways and means necessary to prosecute the British policy in South Africa. The speech will conclude with a promise that when the proper time arrives the legislative program of the government regarding matters of internal interest will be submitted to the house.

OLD LANDMARK DISAPPEARING. EUREKA IRON WORKS AT HOUGHTON FAST GOING DOWN.

One of the old landmarks of Houghton is fast disappearing under the hands of the wreckers now in the old Eureka iron works building, which is being torn down to make way for the yard tracks of the Copper Range railroad.

LUNATICS AT THE COUNTY JAIL. THREE NOW THERE AND ANOTHER IS TAKEN TO NEWBERRY.

Sheriff Lean left yesterday for Newberry with Con O'Neil of Calumet, for some time an inmate of the county house, who is now suffering from melancholia.

Brown, the violent case from the Arcadian, who was taken down to the asylum and who was refused permanent care there because of a question as to his proper state, was brought back from the asylum Saturday and is again in the county jail pending a decision in his case by the authorities.

The Hancock tailor who is afflicted with religious mania is still in the county jail and occasionally makes it extremely lively for Sheriff Lean and his turnkeys. His last "sell" was on Saturday, when it required a hard struggle for over twenty minutes for the officers to overpower him.

August Hoppa, another victim of melancholia, was brought in from Dollar Bay Saturday and will soon have his examination.

JUSTICES LEVY FINES. TRIO OF PRISONERS PAY PENALTY FOR BREAKING LAWS.

James McMillan of Baraga interviewed Justice Brand of Houghton yesterday and was assessed \$5 and costs for indulging his scrapping proclivities at the expense of a citizen of Houghton Saturday. John Sullivan of Hancock also contributed to the tune of \$2 and costs for looking too long upon the beverage that foamed.

Judge Fisher of Calumet had the pleasure of reading on a mat yesterday what had been released from the coop on Saturday after serving a sentence for drunkenness and who was arrested the very next day Sunday, for again being as full as a barrel of pork. The disgruntled dispenser of justice gave him thirty days in jail, and then suspended the sentence and told him to go to work and let budge alone, promising to have him pulled up at the first step outside of the straight and narrow way. He thought he would try that plan for a change.

A NOBLE WORK HIS. GREAT CREDIT IS DUE REV. FATHER REZEK OF HOUGHTON.

Great credit is given Rev. Fr. A. J. Rezek, rector of St. Ignatius church, in Houghton for his labors in straightening out the affairs of his parish and in finally, on Sunday, installing his congregation in such new and splendid quarters as are furnished by the basement of the new church. To those who understand the position of affairs when Father Rezek came to Houghton, the result marks the culmination of months and years of untiring labor on his part, and all freely give him the credit which is his due, and already others can begin to see the realization of his dreams, the new St. Ignatius, rising upon the hill as a landmark in Houghton and for all Portage Lake and the country both above and below Houghton.

BUILDING NEWS NOTES. The steel stack which the Wisconsin Bridge & Iron works is erecting at the Houghton electric light plant is now up 122 feet, and the metal will be in place for the full 150 feet this week, though it will take some time to brick up the inside of the stack.

At the new plant of the Lake Superior Produce & Cold Storage company, a large force is now busy in rushing the work in the interior of the building, the exterior being practically completed except the water-proof covering of the roof. The walls and floors are being packed with mineral wool and the first carload of the machinery, etc., for the ammonia refrigerating plant for the building is now on the Copper Range siding awaiting the arrival of the force of men from below to put it in place.

PORTAGE LAKE MARINE. The Japan unloaded 700 barrels of cement Sunday for Van Orden Bros., and the Milwaukee took on a load of copper from the Quincy dock.

Pryor's dredge No. 2 is now working at the wrecked dock of the Peninsula Electric Light & Power company, dredging up the coal which went down with the dock.

The tug Sheldon started out with a scowload of hay, grain, provisions and

WASHING DISHES

camp stores for Lahli's lumber camps on Misery bay Sunday night, but was driven back by the heavy seas running outside.

RHEINGOLD

Beer makes the weak strong and keeps the strong healthy.

OFF TO I. O. O. F. CONVENTION. Among the copper country delegates who left Saturday night and Sunday for Bay City to attend the Grand lodge of Independent Order of Odd Fellows and the grand assembly of the Daughters of Rebekah, the ladies order of the Odd Fellows, were George Calverley and Josiah Harper, of Hecla lodge, Calumet; Phil Scheuermann, of Pilgrim lodge, Houghton; John Brewer, of Mystic lodge, Hancock; and Miss Elsie Cliff of Holly lodge, Daughters of Rebekah, Hancock.

COPPERDOM BREVITIES. Rev. Fr. Rezek of Houghton left yesterday on a trip to Gladstone. Miss Nina Wright, daughter of Z. W. Wright, left yesterday on a trip to Chicago.

The adjourned meeting of the Houghton county board of supervisors will be held today. Superintendent F. C. Corgan, Jr., of the Atlantic mill returned yesterday from Chicago.

Thomas Bonds died at the home of a son at the Kearsarge yesterday morning, aged eighty-one. The contract for seven section houses on the Copper Range road have been let to Deeks & Co. of Duluth.

Mrs. K. Benedelen of West Superior will be here on the 19th to give a course of readings and test circles on spiritualism. Dr. and Mrs. W. J. Spencer arrived at Houghton yesterday afternoon from Chicago, where they were married on Tuesday last.

The heavy rain yesterday morning prevented all outdoor work as long as it lasted, and when it ceased at about 11 o'clock the streets in the Portage Lake towns resembled seas of mud. M. Wallace of Houghton received a carload of twenty horses direct from Iowa Saturday. Those in the lot are about the heaviest ever placed on sale here, all going better than 1,900 pounds.

William Keast, an employe of the Tamarack since its start, died at the Kearsarge yesterday morning from paralysis of the stomach, aged forty-eight. He leaves a wife and three children.

Columbia wins, and now Colonel Cochrane's cup will have a show until the Baraga Yacht club challenges. The Mining Journal believes it, for it is informed that on the occasion of the colonel's famous trip afloat out on Keweenaw bay with all sail spread he made considerably more than twelve knots an hour.

TO CURE A COLD IN ONE DAY take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

"If you scour the world you will never find a remedy equal to One Minute Cough cure," says Editor Fackler of the Micanopy, Fla., "Hustler." It cured his family of LaGrippe and saves thousands from pneumonia, bronchitis, croup and all throat and lung troubles. The Stafford Drug Co.

Too late to cure a cold after consumption has fastened its deadly grip on the lungs. Take Dr. Wood's Norway Pine Syrup while yet there is time.

President King, Farmer's Bank Brooklyn, Mich., has used DeWitt's Little Early Risers in his family for years. Says they are the best. These famous little pills cure constipation, biliousness and all liver and bowel troubles. The Stafford Drug Co.

To Cure Constipation Forever. Take Caserets. Canly Cathartics. 10c or 25c. If C. C. fail to cure. Druggists refund money.

IT MAY SAVE YOUR LIFE.—A dose or two of Foley's Honey and Tar will prevent an attack of pneumonia, grip or severe cold if taken in time. Cures coughs, colds, croup, la grippe, hoarseness, difficult breathing, whooping cough, incipient consumption, asthma or bronchitis. Gives positive relief in advanced stages of consumption, asthma or bronchitis. Guaranteed. The Stafford Drug company.

How Are Your Kidneys? Dr. Hobb's Sarsaparil Pills cure all kidney ills. Sold free. Add. Sterling Remedy Co., Chicago or N. Y.

To Cure a Cold in One Day. Take Warner's White Wine of Tar Syrup, the best cough remedy on earth. 25 and 50 cents.

BOOMING OF GUNS GREET'S M'KINLEY.

Milwaukee Falls in Line With a Great Demonstration in the President's Honor.

PARADE, PUBLIC RECEPTION AND BANQUET AMONG THE FEATURES.

KEYNOTE OF THE CAMPAIGN AGAIN SOUNDED BY THE EXECUTIVE.

Tells the People in Iowa, Illinois and Wisconsin While Enroute to the Cream City the Flag Must Not Come Down and Gold Is Here to Stay.

PROGRESS OF THE PARTY YESTERDAY.

We are having a little trouble over in the Philippines, and remembering Grant's requirement of unconditional surrender, the hostilities will cease when those who commenced the war upon our flag shall cease to fire at our troops and acknowledge American authority.

We are on a gold basis, and we mean to stay there—Key-note of the president's address at Ackley, Ia., yesterday.

Milwaukee, Oct. 16.—The special train bearing President McKinley and party arrived in this city from their trip through Iowa, part of Illinois and a portion of Wisconsin at 7 o'clock this evening.

As the train entered the depot, Battery A, First artillery, W. N. G., fired the presidential salute, while every steamboat whistle and everything else that could make a noise joined in the greeting.

The party was driven to the Hotel Pfister, preceded by a military escort. After an hour's rest the party were driven to the Deutscher club, where a public reception lasting an hour was held.

IN M'KINLEY'S HONOR.

The president was the guest of honor at the banquet, which was given by the Milwaukee Merchants & Manufacturers' association.

Owing to the lateness of the hour at which the banquet was started, it was nearly midnight when the speech-making commenced.

Mr. McKinley, in brief, said: "The toast you have given is 'The President of the United States. It is not proper at a banquet to speak to your toast. Some people seem disturbed about the president's policy. The president has no policy against the will of the people. The best policy in this world for men or nations is duty, and wherever that calls we should follow. We should not halt;

we should not hesitate. Responsibility born of duty cannot be evaded with honor. 'We are in the Philippines; our flag is there. The first requirement—the indispensable requirement—is peace. No terms until the undisputed authority of the United States shall be acknowledged in every foot of the territory of the archipelago. After that, congress will make the government, under the sovereignty of the United States. In no other way, gentlemen, can we give peace to national conscience or peace to the world.'

M'KINLEY ON HIS POLICY.

TALKS IN SUPPORT OF GOLD AND "EXPANSION" TO ENTHUSIASTIC CROWDS OF IOWANS.

Iowa Falls, Ia., Oct. 16.—The president delivered the first of a series of addresses in Iowa to a good-sized audience here at 6:30 this morning. He said it was no longer a question of expansion—we are already expanded. If any question, it was one of contraction, and he asked, "Who is going to contract?" As a brave, great, strong nation we must meet our responsibilities, he said.

ON GOLD BASIS TO STAY.

Ackley, Ia., Oct. 16.—To the crowd which greeted him on his arrival here this morning President McKinley contrasted the present prosperous condition with the depression which existed when he was last here five years ago. "We are on a gold basis," he said, "and we mean to stay there" (A general cry of "Good").

Waterloo, Ia., Oct. 16.—An immense crowd was at the station when the presidential train arrived. The president made a brief speech, and said the United States had a great national problem and a great national duty growing out of the war. He asked, "Shall we stand together until the job is finished?" which elicited a general cry of "Yes."

Cedar Rapids, Ia., Oct. 16.—The president in his address here dwelt on the fact that the people of the United States were united as never before. The soldiers of the North and of the South were vying with each other in sustaining the flag.

FIRM ON THE PHILIPPINES.

Independence, Ia., Oct. 16.—The president spoke to a large crowd here. He declared the president could not alienate the Philippines if he would, and would not if he could.

Manchester, Ia., Oct. 16.—To an enthusiastic crowd the president declared here today that it is a cause for thanksgiving and praise that the nation never raised its arms against humanity and never struck a blow against liberty.

Parkersburg, Ia., Oct. 16.—The president while here spoke of the fact he was in the district of General "Dave" Henderson and congratulated the people that he was to be the next speaker of the house. He also paid a tribute to the gallantry and devotion of the Iowa troops.

Dubuque, Ia., Oct. 16.—At the home of Senator Allison the president this morning had an enthusiastic reception. He spoke of this as a year of sublime patriotism, evidences of which the party had received everywhere on its tour.

PRESIDENT AT GRANT'S HOME.

SIGNIFICANT SPEECH MARKS THE STAY AT GALENA, ILLS.

Galena, Ills., Oct. 16.—President McKinley's special train arrived here at 1 o'clock this afternoon. A large crowd assembled at the station within sight of the Grant monument. After a short speech by the president, Secretaries Gage and Long made a few remarks. The president spoke of the example set by Grant of unconditional surrender in war and unification of states in peace, and continued:

"We are having a little trouble over in the Philippines, and remembering Grant's requirement of unconditional surrender, the hostilities will cease when those who commenced the war upon our flag shall cease to fire at our troops and acknowledge American authority."

"On the second proposition, it has been a complete and perfect reconciliation between the sections. There is no North, no South, except as a mere geographical division."

HE ENTERS THE BADGER STATE.

AGRICULTURISTS OUT IN FULL FORCE TO CHEER M'KINLEY.

Ipswich, Wis., Oct. 16.—President McKinley spoke to a large crowd here this afternoon from a stand near the railway station. Congressman J. W. Babcock boarded the train and accompanied the presidential party to Milwaukee. Secretary Wilson also spoke on agricultural subjects. The president said, in part:

"Our nation is one of great benevolence and of great blessings. We not only care for the great interests of the government in our foreign relations, but we spend millions upon public education, millions more are spent by the people for churches and still more millions are spent for the care of the unfortunate of our population by the states. Orphan homes, industrial homes, homes for the aged, homes for disabled veterans who have served their country, all attest to the benevolence of the American nation and the American people. My fellow citizens, a government like ours is worth preserving in all its vigor, its integrity, and as I look into your faces, as I think of our American homes, American schools, I feel our sacred institutions are safe in your hands."

SHAKES HANDS WITH FARMERS.

Montfort Junction, Wis., Oct. 16.—President McKinley stopped here for a few moments this afternoon. Several hundred farmers were present. The president shook hands with a large number.

Dodgeville, Wis., Oct. 16.—When the special train bearing President McKinley and party arrived this afternoon, the farmers were out in full force to greet the chief executive. The president was greatly pleased with his reception. He said, in part:

"We have everything to be thankful for. Our money never was more abundant. Every dollar of it is as good as gold in the market places of the world. Our bonds at 3 per cent interest could easily have been sold at a premium when they were offered to the people, but the law prohibited it. There is no fear of the ability of the government to meet every one of its obligations. Greenbacks no longer seek the treasury to drain us of gold. The people want greenbacks, and prefer them to gold. The endless chain has been broken, and endless con-

science in the government has set in."

Mount Horeb, Wis., Oct. 16.—A great crowd greeted the president here this afternoon. He spoke ten minutes on the industrial situation, touching on the outcome of the war, and was enthusiastically applauded.

MADISON GIVES ROYAL WELCOME.

ENTHUSIASTIC DEMONSTRATION TO M'KINLEY AT WISCONSIN'S CAPITAL—HIS ADDRESS THERE.

Madison, Wis., Oct. 16.—Nearly ten thousand persons were massed in front of the state capitol this afternoon to hear President McKinley speak. All the members of the party were driven to the capitol, a mile from the depot, a detachment of militia acting as escort. Directly in front of the speakers' stand was massed a body of students from the University of Wisconsin. They took occasion to exercise their lungs vigorously throughout the president's address.

Mr. McKinley was introduced by Governor Scofield and, in part, said: "The voice of partisanship is hushed today, and the voice of patriotism alone is heard in the land. We are all one in the presence of a great national duty. There are no divisions among us whenever our flag is assailed, wherever or by whomsoever. We have gone through a war, the celerity of which and the results of which are scarcely excelled by any other war in history. American arms triumphed on land and on sea with an unprecedented exemption from disease or death on the part of our soldiers and sailors."

WAR ANGUISH TO HIS SOUL.

"We are proud of our army and navy. They have brought us a great responsibility. They have brought us new acquisitions, new territory, and it is for us to accept these responsibilities, to meet them with manly courage, respond in manly fashion to a manly duty, do what in the sight of God and man is just and right."

"One tribe, and a small fraction of that tribe, is questioning the sovereignty of the United States in the island of Luzon. The very people we emancipated from oppression, struck our flag, shot our soldiers."

The shedding of blood is anguish to my soul, the giving of life is a grief to my heart. The shedding of the blood of the misguided Filipinos is a matter of sincere regret and sorrow to all of us, yet they are resisting the sovereignty of the United States over a territory which we acquired, not by conquest alone, but by a solemn treaty of peace sanctioned by the congress of the United States; and as long as that sovereignty is disputed, so long will we continue hostilities. When our authority is undisputed in every part of that archipelago, they will stop."

IN THE PEOPLE'S HANDS.

"It is said we could have peace if we would give them independence and a government of their own under their own sovereignty. It is said that if the president would do this we would have peace. The president has no power even if he were so disposed, which he is not, to alienate a single foot of territory which we have honestly acquired or to give up sovereignty over it to other people. That power is vested in congress, which represents the people, and no such power was ever given to the chief executive by the people, by congress or by the constitution; and to use such power would be a base usurpation of prerogative by the chief executive of the government."

"And then, if we are going to cede the islands away, to whom would we cede them? There is no government there but ours. A great majority of the people acknowledge allegiance to the United States flag and are glad to have the shelter of its protection."

EXPANSION ISSUE NOT NEW.

"This subject of expansion is not a new one. It was the gospel of the early statesmen and patriots of this country. It found its noblest realization in the magnificent achievement of that illustrious statesman—Thomas Jefferson. It was the dream of Marcy when, in 1853, he sought to acquire the Hawaiian islands. It was the dream of Seward. It was the dream of Douglass."

At 4:40 the presidential party returned to the train, which left immediately for Waukesha.

Waukesha, Wis., Oct. 16.—Five thousand people were gathered around the Northwestern railway station here to see the president. It was, perhaps, the noisiest crowd that has yet been fanned by the president in the Northwest. Miss Edith Wilbur, daughter of the millionaire lumberman, presented the president with a silver loving cup and a bottle of mineral water that has made Waukesha famous. The president thanked Miss Wilbur, and the train left immediately for Milwaukee.

SIDDEN DEATH.

IT COMES TO PROFESSOR ORTON OF OHIO UNIVERSITY.

Columbus, Oct. 16.—Professor Edward Orton, Ph. D., LL. D., of Ohio State university, died suddenly this afternoon from heart failure, aged seventy. Professor Orton was one of the most distinguished economists and geologists of America. He was the first president of Ohio university, serving in that capacity for eight years. He resigned in 1881, but retained his professorship.

Portland, Ore., Oct. 16.—Wm. Wallace Thayer, formerly governor and chief justice of Oregon, is dead from cerebral congestion, aged seventy-two.

Chicago, Oct. 16.—Abraham Moore, the former cattle king of Nebraska, was today sentenced to a year's imprisonment and a fine of \$1,000 for obtaining money by false pretenses.

DEMOCRATS WON BUT COUNTED OUT.

Grass Frauds in Kentucky at the Last Election Alleged by W. J. Bryan.

HE COMES TO THE ASSISTANCE OF NOMINEE GOEBEL.

TAKES TO THE STUMP IN THE HOME OF THE COLONELS.

Warms the Party Against the Factional Fight Now Waging and Points Out the Importance of Victory in "This Preliminary Skirmish."

EASTERN WAR IN FOR A SCORING.

The Chicago platform of '96: was a new Declaration. Like the Declaration of Thomas Jefferson, it was not for a year, but for a generation—From the speech of W. J. Bryan yesterday at Mayfield, Ky.

Barrow, Ky., Oct. 16.—Hon. W. J. Bryan and party left Cairo, Ills., this morning for a stump tour of Kentucky, and the first stop was here. Bryan spoke at length. He intimated his belief the Democrats carried the state in 1896 but were counted out. He warned the Democrats of the state against a factional fight, as if the Republicans should win this year it would be difficult to carry the state next year, and asked them to support the Goebel ticket. The speaker vigorously denounced the war in the Philippines and a large standing army, paid his respects to President McKinley for his announced intention to hold the archipelago, touched on silver and urged the reaffirmation of the Chicago planks.

ON THE CHICAGO PLATFORM.

Padaucah, Ky., Oct. 16.—The largest crowd of the day met Bryan's train at Mayfield. Bryan and Goebel, Democratic candidates for governor, were the speakers. Mounted upon an elevated platform, Bryan said he did not know in which direction to talk. "I may face in all directions on this platform, but I do not on the Chicago platform (Cheers). I am glad I have come to Kentucky. It is the skirmish line of 1900. The skirmish of '76 was over Bunker Hill; that of 1900 will be another Yorktown. The Chicago platform of '96 was a new Declaration. Like the Declaration of Thomas Jefferson, it was not for a year, but for a generation." The speaker appealed to the Democrats to stand by the Goebel ticket.

PARTY BOUND TO WIN.

Benton, Ky., Oct. 16.—Bryan was cordially greeted by a large crowd. He was introduced as "the great Democrat of the day," and he took occasion to say, in reply, that all the Democrats were great who lived up to their responsibilities. The defeat of 1896 merely made the party more determined to win. The party, though some of the leaders went astray, was right. He disclaimed any authority to tell the people how to vote, but as a common citizen he believed that when he assigned his reason he had the right to ask for the support of the entire state ticket, because it involved matters of distinctive national character. Goebel for the first time today undertook the defense of the election law, known as the Goebel law. He claimed the law was a necessity to prevent the Republicans of the state from stealing the state elections and charged the railroads and other state interests with being combined to defeat the Democratic state ticket in order to secure the repeal of the law.

RESTS AT LOUISVILLE.

Louisville, Oct. 16.—From Princeton the special train was diverted to Hopkinsville, thence to Norton. The last stop was made at Circle City prior to passing the night at Louisville.

DEMOCRATIC POW-WOW.

JONES AND OTHER LEADERS DISCUSS CAMPAIGN TACTICS.

St. Louis, Oct. 16.—Senator James K. Jones of Arkansas, chairman of the Democratic national committee; Vice Chairman Stone; J. J. Johnson of Kansas, chairman of the executive committee, and Sam B. Cook, chairman of the national ways and means committee, met at the Planters today. The conference was confined almost exclusively to the finances, bookkeeping and ways and means. It is learned that the status quo of the organization will be maintained until the regular meeting of the national committee in January. Arrangements have been made for the publication in weekly newspapers of signed articles by well-known party leaders on imperialism, trusts, expansion and free silver, in the order named.

FURNITURE MEN CONFER.

AGREEMENT REACHED ON PRICE OF THE PARLOR ARTICLE.

Chicago, Oct. 16.—The furniture manufacturers of Minneapolis, Clinton, Ia., and other western points, together with the local manufacturers, held a secret meeting tonight and formed a permanent organization to be known as the Western Parlor Furniture Manufacturing association. Adolph Karpon and Frank J. Song of Chicago were the temporary secretaries. It is stated the object is the maintenance of a steady scale of prices.

LIFE OF JIMINEZ THREATENED.

PLOT IN SAN DOMINGO THAT LANDS CONSPIRATORS IN JAIL.

San Domingo, Oct. 16.—A rebellious plot, involving an attempt to assassinate General Jiminez and General Vasquez, provisional president, has been discovered. Many persons have been arrested charged with complicity in the plot.

TODAY'S WEATHER.

Washington, Oct. 16.—The following is the weather bureau's forecast for Upper Michigan: Fair Tuesday, with colder in the eastern portion; Wednesday, showers; fresh southerly winds.

STOCKS AGAIN ON THE UP-TURN.

FIRM UNDERTONE ALL DAY WITH SUBSTANTIAL RALLIES.

New York, Oct. 16.—The stock market today showed a firm undertone all day, and ended with a vigorous upward movement in progress in a number of the prominent stocks which arrested a reactionary tendency and made the closing rally. The net gains exceeded a point in only a few cases, principally in the prominent specialties.

There were renewed efforts to depress Brooklyn Transit, but the support was too strong and it ended the day at the top price, above 83. Sugar and Tobacco rose at one time three points each, but did not save all their gains. Great Northern preferred and Pullman continued their recent show of strength, the former rising 3/4 and 5/8 points net. Pullman's extreme rise was 5/8 and its net gain 2. Metropolitan Consolidated Gas was also strong. Southern Pacific was the leader in the late rally, after falling to 37, and was marked up vigorously to 36 1/2. St. Paul attained a net advance of a point.

London's active dealings here were small, but the firmness of stocks there and a lower rate for money in London had a sentimental influence here.

Closing prices are:

RANGE OF MONEY RATES.

Money on call, steady, at 4 1/2% to 6 per cent; last loan, 4 1/2%. Exchange easier, with demand at \$4.86 1/2 to \$4.86 and sixty days at \$4.82 1/2 to \$4.82 1/2.

GRAIN LOWER SAVE OATS.

LIG INCREASE IN THE VISIBLE HAS ITS AFFECT ON WHEAT.

Chicago, Oct. 16.—Wheat today was rather dull and weaker, the prices ruling lower, and closed at a decline of 3/4 to 1/2%. Lower cables, large world's shipments and an increase on ocean passage, together with a large addition to the visible, all combined to create a bearish tone and induce liquidation. Rain at the South and Southwest was also one of the main bear influences. The St. Louis receipts were one-third of those of last week.

Corn was moderately active, and easier, October closing 1/2 lower, December off 1/4 and May 1/8 to 1/4 lower. The cables were lower, Liverpool being off 1/4 to 1/2 penny and London down 1/4 to 1/2 penny. Elevator and commission houses sold, local and professionals buying. The action of wheat was a factor in weakening values.

In the oats pit commission houses, elevator interests and shorts sold early. The prices receded 1/4 but recovered with the rally on corn, assisted by purchases by a leading short. There was a good trade.

The leading grain futures ranged as follows:

Table with columns for Wheat, Dec, Corn, Dec, Flour, Fair demand, Wheat, Dec, Corn, Dec, Cash Quotations, Flour-Dull, weaker, closing lower; No. 2 red, 71c; No. 2 spring, not quoted. Moderately active, easier, closing a shade lower; No. 2, 71 1/2 to 72c. Oats-Steady; No. 2 white, not quoted; No. 3 white, not quoted. Movement of Grain. Receipts-Flour, 14,000 barrels; wheat, 156,000 bushels; corn, 249,000 bushels; oats, 151,000 bushels. Shipments-Flour, 18,000 barrels; wheat, 17,000 bushels; corn, 1,320,000 bushels; oats, 400,000 bushels.

SCOTTISH RITE MASONS.

SUPREME COUNCIL FOR THE SOUTHERN JURISDICTION IN SESSION AT WASHINGTON.

Washington, Oct. 16.—The supreme council of the Ancient and Accepted Order of Scottish Rite Masonry of the southern jurisdiction convened here in biennial session today. A large attendance of all the active members save Senator Teller of Colorado, grand herald, are present.

The council elected the following officers for life to fill vacancies: Representative J. B. Richardson, Tennessee, lieutenant sovereign grand commander, to succeed O. S. Lang of West Virginia, dead; William Frank Pierce, Oakland, Cal., treasurer general, vice Gilmore Meredith of Maryland, dead; J. C. Taylor, District of Columbia, assistant secretary general.

The feature of today's session was the delivery of the allocution by Grand Commander Thos. H. Caswell of Caswell, Cal., who, reviewing the year's work, said the Rite generally was never in more prosperous condition than it is today. The percentage of Scottish Rites to Master Masons show the Dakotas foremost on the list, North Dakota having one to every seven and one-third masters and South Dakota one to every eleven and one-fourth.

The report of Secretary General Frederick Webber shows a handsome margin in the treasury.

The maiden's dream of love and happiness can be fully realized by taking Rocky Mountain Tea. Brings bright eyes, lovely color, health. The Stafford Drug company.

NEW HALL FOR PRINCETON.

Princeton, N. J., Oct. 16.—Princeton University is to have a new hall. Plans have been perfected, and the building is expected to be ready by May 1. The building will be known as Dodge Hall.

HEARD CONCERNING TRUSTS.

RAILROAD PRESIDENT AND BIG IRON MAN TESTIFY BEFORE THE INDUSTRIAL COMMISSION.

Washington, Oct. 16.—The industrial commission today heard the testimony of President M. E. Ingalls, of the Big Four road, on the transportation subject and of William T. Graham of Chicago, vice president of the American Tin Plate company and director of the Federal Steel company and of the Steel Hoop company, as part of its inquiry concerning trusts.

Mr. Ingalls announced his confidence in the interstate commerce commission as useful to railroads. He said he was willing to trust the commission to a large extent in the regulation of rates and would be willing that its decisions should regulate unpassed upon by the United States courts. He wanted government aid to railroads in the maintenance of rates, also the anti-pooling feature of the interstate commerce law abolished, and thought a law enabling railroads to make rate agreements desirable. Mr. Ingalls also advocated the enforced publication of all rates.

Mr. Graham said the capital stock of the American Tin Plate company was fifty million dollars, of which eighteen million dollars is preferred. There are about forty odd companies in the combination. Since the consolidation prices had advanced from \$2.75 to \$4.65 per box, but this did not more than cover the advance in the prices of steel, pig, tin and labor. Indeed the regular dividends had been paid on the preferred stock, but none on the common. The workmen were paid two or three times as much as the same workmen were paid in Wales before coming to this country.

BRIBE TESTIMONY ALL IN.

ARGUMENTS TO BEGIN TODAY IN THE NEWITT TRIAL.

Philadelphia, Oct. 16.—The trial of ex-United States District Attorney Ingham and former Assistant Attorney Newitt, charged with conspiracy and bribery in connection with the Lancaster revenue stamp counterfeiting plot, was resumed today.

Newitt, under cross-examination, insisted that he had a perfect right to employ Secret Service operative McManus, as he always had entertained the opinion the secret service men could take private work if it did not interfere with their government service.

Assistant Secretary of the Treasury Frank A. Vanderlip testified that the secret service was a department of the government, and that the operatives were paid a per diem and not by fees. The statement made by Ingham that Kendig had told him that he (Kendig) and Jacobs were the victims of a conspiracy was refuted by three of the alleged conspirators, who are reputable business men. This concluded the testimony. The arguments begin tomorrow.

WASHINGTON, OCT. 16.—The supreme council of the Ancient and Accepted Order of Scottish Rite Masonry of the southern jurisdiction convened here in biennial session today. A large attendance of all the active members save Senator Teller of Colorado, grand herald, are present.

The council elected the following officers for life to fill vacancies: Representative J. B. Richardson, Tennessee, lieutenant sovereign grand commander, to succeed O. S. Lang of West Virginia, dead; William Frank Pierce, Oakland, Cal., treasurer general, vice Gilmore Meredith of Maryland, dead; J. C. Taylor, District of Columbia, assistant secretary general.

The feature of today's session was the delivery of the allocution by Grand Commander Thos. H. Caswell of Caswell, Cal., who, reviewing the year's work, said the Rite generally was never in more prosperous condition than it is today. The percentage of Scottish Rites to Master Masons show the Dakotas foremost on the list, North Dakota having one to every seven and one-third masters and South Dakota one to every eleven and one-fourth.

The report of Secretary General Frederick Webber shows a handsome margin in the treasury.

The maiden's dream of love and happiness can be fully realized by taking Rocky Mountain Tea. Brings bright eyes, lovely color, health. The Stafford Drug company.

Does Your Back Ache? In constant pain when on your feet? Is that dragging, pulling sensation with you from morn till night? Why not put the medicine exactly on the disease? Why not apply the cure right to the spot itself? You can do it with Dr. Ayer's Cherry Pectoral Plaster. Immediately after the Plaster is applied, you feel its warming, soothing influence. Its healing remedies quickly penetrate down deep into the inflamed tissues. Pain is quieted, soreness is relieved and strength imparted. No plaster ever made like it. No plaster ever acted so quickly and thoroughly. No plaster ever had such complete control over all kinds of pain. Placed over the chest it is a powerful aid to Ayer's Cherry Pectoral; relieving congestion and drawing out all inflammation. FOR SALE BY ALL DRUGGISTS. J. C. AYER CO., Lowell, Mass.

MARQUETTE INSTITUTION.

Splendid Success of Van Alstyn's Opera Block Drygoods House in Its First Year.

GREATEST DAY'S TRADE EVER KNOWN AT ITS RECENT OPENING.

Stands in the Fore Front of Drygoods Houses of the Upper Peninsula—Large Stocks and Modern Business Methods Draw Trade.

NO NEED TO SEND ABROAD FOR GOODS.

One year of success is in brief the history of the Opera Block Drygoods House, which has just concluded its second annual opening. Saturday evening, which was the end of the second opening week, saw the end of the first year's business. Barely more than a year ago A. T. Van Alstyn came here from Chicago with the avowed intention of opening the finest drygoods house in the northern part of Michigan. He began by leasing three fine large stores in the Opera House block, and before these were really ready for occupancy large consignments of goods began coming in from the great wholesale centers of the country.

These all went to show that the energetic proprietor was going to make good his early promises, and to demonstrate in the very beginning that the public could place implicit confidence in the business announcements of the big store. Then came the opening. It was such a day as Marquette had never before witnessed, a genuine city opening, with palms, flowers, music and a bewildering display of all the different fabrics and articles of wear which go to make up a thoroughly complete drygoods stock. There was a veritable crush in the store opening day and a scarcely less crowd all through opening week. The opening had been extensively advertised, and it seemed as if every lady in Marquette attended one or more days. Certainly every woman possessed of refinement of taste and delighting in beautiful dress goods, gowns, cloaks, and all the accessories of a feminine toilet, paid the wonderful new store at least one visit.

The visits paid the opening week resulted in every instance in later visits, and in a very short time the splendid lines, low prices and metropolitan methods of doing business had given the new store a clientele to which it could well point with satisfaction. Nor was this clientele limited to the people of Marquette. From the very first those in the up-road towns were quick to recognize the advantage in trading in a store where there was kept a constantly changing stock of new and late styled goods.

Many people all over this part of the country who had previously felt it necessary to send to Chicago or some other large city when they wanted some article of dress a little better than the ordinary soon found that this was an unnecessary expense. Whatever it was the new store had it; the patron was saved the expense and annoyance of sending out of town and had the satisfaction of seeing and examining the goods before purchasing. No disappointment resulted from the failure of the purchased article to come up to the sample or description.

So, by constantly maintaining the high grade of its stock, by steadily increasing its size and by the most courteous treatment and modern methods the Van Alstyn establishment has built up a trade in drygoods and associate lines which has not a superior in upper Michigan. It has demonstrated that Marquette has room for a store of the kind and it is filling that place to the eminent satisfaction of the public. In one short year it has come to be regarded as one of the institutions of Marquette.

Its second opening, held last week, was an even more attractive event than the original opening, and while the acquaintance of a year had given the purchasing public an idea of what to expect it is not too much to say that every visitor was both delighted and surprised with the appearance of the store in general and with the quantity and quality of the goods upon its shelves.

The weather, which has been uncommonly bad all fall, was a handicap, but on the more pleasant days the store was crowded to its capacity. On both occasions the primary purpose of the opening has been advertisement, but in each instance the management has had occasion to felicitate itself on the volume of business. One day last week the patronage of the store was more than double that of any previous day in its history, not excepting the holidays or the first opening week.

The store was beautifully decorated with palms and every afternoon and evening of the opening week the Marquette Ideal orchestra discoursed sweet music. These social features, as they may be called, did not prevent the thousands of visitors from taking note of the magnificent stock. Stocks have been greatly increased in every department and there is an even better quality of goods carried than when the doors were first thrown open for patronage. In silks there is an elegant line—all the latest styles and a great variety. The cloak and suit department is the equal of almost any similar department in Chicago. The kid glove department is quite a feature among the store's divisions and is more complete than ever before. The line of laces and trimmings carried this year is very elaborate. The stock of carpets, curtains and draperies as it stands today is the finest the firm has ever carried.

Starting with its trade all to win the business the past year has made a fine showing and the management is well satisfied. The Van Alstyn store today is a successful business venture and one which is fast developing into an enterprise of much greater magnitude.

# You Can Hustle Like a House Afire

All over the peninsula, we believe, and not find the equal to our new fall stock of dry goods and the like just now put on our counters. No need of going out of town when an abundance of such beautiful and fashionable goods can be found at our store at prices that leave but a small margin of profit. We have a nice line of comforters in which we take especial pride.

## F. Braastad & Co.

# PIANO AND ORGAN EXPERTS.

No board of judges selected to pass upon the relative merits of musical instruments at any time has ever contained as many experts as are constantly employed in the six large Kimball factories. Men with years of experience in leading factories of the world and recognized authorities in their respective departments are in charge of every detail of construction of the Kimball Pianos, Kimball Reed Organs, Kimball Pipe Organs and Kimball Self-Playing Organs. All the component parts are made in the Kimball factories, and no imperfection in material or workmanship is allowed a place in a Kimball instrument. Hence the approval of the world's most eminent musicians and the award for "SUPERLATIVE MERIT" at the WORLD'S FAIR—an honor not accorded to any other musical instrument—and the award of the ONLY GOLD MEDAL given to any piano at the OMAHA EXPOSITION, 1898. The Special Sale of Kimball Pianos in the Robbins building, Ishpeming, is fairly humming. Twelve sales in six days illustrate the appreciation of the public. If you are not provided, don't delay. We have a beautiful large upright piano, Mahogany, 71-3 octaves, 3 strings, 3 pedals, the French repeating action, light, responsive tones that usually sells for \$375, but we say \$174, with stool, scarf and three months' lessons, all on payments of \$10 per month, but only two left. Robbins Building, Ishpeming, opposite National Bank.

A. E. WHITNEY, General Agent.

## BAND WAS OUT.

FOOTBALL TEAM GIVEN A NOISY WELCOME HOME FROM IRONWOOD MONDAY MORNING.

For the sixth time since football was introduced in the high schools of the peninsula Ishpeming defeated Ironwood last Saturday afternoon. Ironwood wanted the game as it has never wanted anything before. If money could have bought it the victory would have been purchased at any price. Ishpeming has always been a stumbling block in Ironwood's path toward football supremacy in this section, but the team of the latter city thought they would walk over that obstruction this year. Ironwood was confident of the victory. It had a heavy team which had been well coached. Every energy had been strained to defeat Ishpeming and when the teams centered on the field there were few Ironwood people who looked for anything but victory. The faces of Superintendent Wright and Principal Tuttle wore well satisfied smiles. Again Ishpeming's proverbial speed was manifest and before the echo of the starting whistle had left the Ironwood men's ears Ishpeming had a touchdown. The second was scored in eleven minutes and before the end of the half 16 points had been piled up. The following account of the game is from Sunday's issue of the Gogebic Daily Journal:

"A kick that sent the ball glancing off to the sidelines, where an Ishpeming man fell on it, lost a victory for Ironwood yesterday. When the game was called Ishpeming had the ball, and at the kick-off, instead of sending the ball sailing straight down the field, the full back came a half swing on it and sent it dribbling over to the right, where it was easily captured by one of his own side. The trick was unexpected by Ironwood, and before the team had recovered from its bewilderment, two end runs had been made that resulted in a touchdown. The goal was kicked—six points won in three minutes. At the next kick-off Powers stopped the man that caught the ball before he had advanced a foot. The Ishpeming backs put spirit into their work, the line held fairly well, and by snappy playing and end runs of from twenty to thirty yards the visitors secured another touchdown. The goal was missed. Matters now took a turn. The local team by furious bucking advanced the ball slowly up the field; Houle was given the pigskin and after two short gains through the center he plowed his way across the line, a tackler clinging to each leg, and a heavy half back grasping him around the waist. The touchdown was made at a considerable distance from the goal, and Powers was not able to score a kick. At the next kick-off Ishpeming repeated the trick it played in the game, but this time the Ironwood team was prepared. The ball was fumbled, however, and as an Ishpeming man fell upon it, the groan that went up from the sidelines showed how much the loss meant. The visitors then rushed matters and by a criss-cross play gained forty yards. End runs then scored them their third touchdown, the goal kick was missed. With three minutes to play the local team struggled desperately, and tore a great hole in the opposing line through which Hickory, the quarterback, plunged for a run of forty-five yards, the prettiest run in the whole game. Time was called with the ball on the Ishpeming thirty-yard line. In the second half the Ishpeming team weakened perceptibly and was repeatedly forced back by Ironwood, saving the ball only by punting. The local players at last gained the ball on a punt, and by pure line bucking carried it to the five-yard line of their opponents. Through a unique decision of the umpire, the ball and ten yards were given Ishpeming for an off-side play, but Ironwood regained the ball on downs and secured a touchdown. McDougall kicked goal. With five minutes to play Ishpeming by runs advanced the ball to the twenty-five yard line and attempted a place-kick, which was neatly blocked by Chipman. The game was well played and brought out all the points of the teams. The Ishpeming team is snappy and swift, and won the game through its excellent work in the first half, but it lacks the endurance of the home team. It went in with a rush and made three touchdowns, and then all it had to do was to defend the score. Ironwood, on the other hand, played its strongest toward the finish. A silent Baersterker rage seemed to possess the players when they realized that another touchdown would mean a victory and they struggled desperately. So long as they had the ball, they advanced; when they lost the ball they held their opponents, who punted the ball far down the field on the third down. This is the whole story of the second half. The victorious team will prove a worthy foe in contesting with the lower peninsula for the state championship. The high school athletic association tendered the visiting team a reception at the Armory, which was decorated for the occasion. Many were present, and the evening passed very enjoyably. The above is a fairly accurate account of the game. The short kick-off by Fullback Donovan of Ishpeming fooled the Ironwood men, as was intended, and kept the ball in Ishpeming's possession so that the fast halves were enabled to carry it over the line for a touchdown in three minutes. Ironwood can justly claim that it was a trick play, but the touchdown was won by hard, straight football. While the Ironwood boys were caught napping by the speed of Ishpeming's plays, which won the first touchdown, they had plenty of time to realize that a game of football was on before the second point was scored and the only thing that can account for the third touchdown is the fact that the hemattie boys are masters in the game. The Ishpeming team pulled together well. All the boys materially assisted in gaining the victory. Stars are at a discount here and team work is highly developed. The individual efforts of Sandberg received much favorable comment, however. He was a sure gather through the line and carried the ball when the three touchdowns were made. The team was well directed and its plays were executed with great snap and precision. In these points the Ironwood men were inferior. Ishpeming will almost assuredly represent the peninsula in the championship contests in the lower part of the state. The Escanaba team is still in the race and will have to be defeated before the southern trip is a certainty. The organization is undoubtedly strong as it has been well coached. Superintendent Ewing would like to see his men reap the honors. Ishpeming has been tried out in some hard contests, however, and should win the game. The teams meet at Escanaba on the 25th of this month. Saturday night the admirers of the local team hustled around and made arrangements to get the city band down to the early trial. A large number of musicians were out. They were reinforced by many boys from the school and not a few gentlemen. When the train pulled in the band struck up a lively air and the crowd about the depot looked after other descriptions of noises. Pandemonium reigned and all people in the vicinity of the depot knew that something out of the ordinary was happening. The members of the team and their coaches, Professors Ford and Butler, are certainly deserving of much credit for the victory. It was the hardest game football ever played on the peninsula and it was won against material odds. The Ishpeming delegation was very pleasantly entertained in Ironwood and the fact that the people of the city were greatly disappointed at the defeat of their team did not interfere with the abundant hospitality which they offered. The attendance at the game was very large, the weather being fair.

The attendance at the game was very large, the weather being fair.

large, particularly from outside points. There will be delegations present from Marquette, Negaunee and the places up the line. Charles Hanck of Marquette was prominent among the rooters for the local team at Ironwood last Saturday. He was decked out in blue and made himself heard when Ishpeming was in the saddle. The local rooters were enforced by several traveling men who were enlisted for the blue. Seats for "On the Suwanee River" are in demand. The chart is at Tilson's. The advance sale is going to be very heavy and the performance will be largely attended. The good impression left by the company on the occasion of its last appearance here is a guarantee of the success of its Thursday's engagement.

RESOLUTIONS OF RESPECT. At special meeting of Division No. 1, A. O. H. of Marquette county, Mich., held at its hall Thursday, Oct. 12, the following resolutions, to the memory of James Cashen, were adopted: "Whereas, by the hand of the foul assassin, our beloved and esteemed brother, James Cashen, came to an untimely end Oct. 9, 1899; and "Whereas, the circumstances of his untimely death are most deplorable and awaken within us the most profound sorrow, his kind disposition and noble qualities having gained for him the affection and esteem of his many acquaintances; and "Whereas, by the death of our beloved brother his parents suffer the loss of an estimable and devoted son, his brothers and sisters a kind and loving brother; the community an upright and honored citizen, and the A. O. H. a member unsurpassed in fidelity and earnest desire for the advancement of the order; therefore be it

## CITY WAS LIVELY.

Ishpeming was a lively town Saturday night. The occurrence of several pay days put considerable money in circulation and there was some drinking. Several minor brawls which the police were called on to suppress took place, and before morning arrived the lockup was well filled with offenders. The bad night was considered by the mayor, James Cashen, was in evidence and many squabbles arose from it.

## MILLIONS GIVEN AWAY.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing that absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the Throat, Chest and Lungs are surely cured by it. Call on The Stafford Drug company, and get a free trial bottle. Regular size 50c. and \$1. Every bottle guaranteed, or price refunded.

## ISHPEMING IN BRIEF.

W. C. Allen was up from Marquette yesterday. E. F. Bradt of Iron Mountain was here yesterday. H. E. Harris of Marquette was here yesterday. Mr. and Mrs. Fred C. Bennett arrived home from their wedding tour Saturday. W. M. Sage, representing the Hartford Boiler Insurance company, is at the Nelson House. Miss Ellen Martin, who has been visiting a few days in Ironwood, returned home yesterday. Miss Jennie Gill and Miss May Martin are expected home from a few days visit in Duluth today. The Ishpeming hospital has just discharged its last case of typhoid fever and is now free of that disease. Fred C. Bennett is on the program for a bass solo at the grand rally of the Maccabees at Marquette this evening. Henry Champagne, who was hurt by a kick from a horse at Frenchtown about a week ago, is laid up with an attack of peritonitis growing out of his injury. Many Maccabee have arranged to go to Marquette tonight to attend the grand rally of the society which will be addressed by Great Commander N. S. Boynton. The sidewalk in front of St. John's church and the parsonage has been removed and a new walk will be laid. The improvement will alter the appearance of the street greatly for the better. Victor Vanhalla is just convalescing after a very severe illness. His condition was critical at one time but happily he is now on the road to complete recovery. It will be some time, however, before he is well enough to go on the road again. The Foresters of both the ladies' and gentlemen's courts of this city are looking forward with much pleasure to their grand ball, to be held in Anderson's hall next Friday night. The committees in charge of the function have completed the arrangements on a generous scale. The best music has been procured and the ladies will serve a toothsome lunch. The attendance is going to be very

### Shapely Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is very destructive to the mother's shapeliness. It can be avoided, however, by the use of MOTHER'S FRIEND before baby comes, as this scientific preparation prepares the body for the strain upon it, and preserves the symmetry of form. MOTHER'S FRIEND also obviates all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing, and thousands gratefully tell of the great good it has done them. Sold by all druggists at 75c per bottle. Our little book, telling all about this great remedy, will be sent free to any address by THE BRADFIELD REGULATOR COMPANY, Atlanta, Georgia.

### STATE OF MICHIGAN—COUNTY OF MARQUETTE.

At a session of the Probate Court for said county, held at the Probate office in the city of Marquette, on the twenty-fifth day of September in the year one thousand eight hundred and ninety-nine. Present, Charles Kelsey, Judge of Probate. In the matter of the estate of Julian M. Case, deceased. On reading and filing the petition, duly verified, of Samuel E. Byrne, creditor of said estate, praying that administration of said estate be granted to John F. Peters or to some other suitable person. Thereupon it is ordered that Tuesday, the seventeenth day of October next, at ten o'clock in the forenoon, be assigned for the hearing of said petition, and that the heirs-at-law of said deceased, and all other persons interested in said estate, are required to appear at a session of said court, then to be holden at the probate office, in the city of Marquette, and show cause, if any there be, why the prayer of the petitioner should not be granted. And it is further ordered, that said petitioner give notice to the persons interested in said estate, of the pendency of said petition, and the hearing thereof, by causing a copy of this order to be published in the Daily Mining Journal, a newspaper printed and circulated in said county, three successive weeks previous to said day of hearing. A true copy. CHARLES KELSEY, Judge of Probate. (25-4 Tues.)

### STATE OF MICHIGAN, COUNTY OF MARQUETTE.

At a session of the probate court for said county, held at the probate office, in the city of Marquette, on the thirtieth day of September, in the year one thousand eight hundred and ninety-nine. Present, Charles Kelsey, Judge of Probate. In the matter of the estate of Josephine Canonchini Marquette, deceased. On reading and filing the petition, duly verified, of Paul Marquette, Napoleon Marquette, Charles J. Marquette and Mary Ann Barasa, heirs of said decedent, praying that a certain instrument, now on file in this court, purporting to be the last will and testament of said deceased, may be admitted to probate, and that administration of said estate may be granted to Charles J. Marquette or to some other suitable person. Thereupon it is ordered that Tuesday, the twenty-fourth day of October next, at ten o'clock in the forenoon, be assigned for the hearing of said petition, and that the heirs-at-law of said decedent, and all other persons interested in said estate, are required to appear at a session of said court, then to be holden at the probate office, in the city of Marquette, and show cause, if any there be, why the prayer of the petitioner should not be granted. And it is further ordered, that said petitioner give notice to the persons interested in said estate, of the pendency of said petition, and the hearing thereof, by causing a copy of this order to be published in the Daily Mining Journal, a newspaper printed and circulated in said county, three successive weeks previous to said day of hearing. A true copy. CHARLES KELSEY, Judge of Probate. (10-3-4 Tues.)

### THE PARSON'S LIMIT.

He'd been preaching and exhorting For a score of years or so In a portion of the Vineyard Where the harvesting was slow; Where the temporal inducement For his ceaseless diligence Was a promise of four hundred For his yearly recompense. Unrelenting was the arduous He devoted to the cause, And though slowly came the dollars Still he labored without pause, Till one day they came and told him, As he kicked against the pricks, That they'd raised their offered stipend From four hundred up to six.

### WORKING NIGHT AND DAY

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. Every pill is a sugar-coated lobe of health that changes weakness into strength, listlessness into energy, brain-fog into mental power. They're wonderful in building up the health. Only 25c. per box. Sold by The Stafford Drug Company.

### DYSPEPSIA

"For six years I was a victim of dyspepsia in its worst form. I could eat nothing but milk toast, and at times my stomach would not retain and digest even that. Last March I began taking CASCARETS and since then I have steadily improved, until I am as well as I ever was in my life." DAVID H. MURPHY, Newark, O.

SCOTT, Sec'y., Houghton, Mich.

## In and About Negaunee.

LOCAL BRANCH ESTABLISHED. NEGAUNEE PEOPLE HAVE OBTAINED MEMBERSHIP IN THE UNIVERSITY TRAVELING LIBRARY.

F. J. Turner, representing the University Library, has been in Negaunee the past few days, and has established a local branch of his institution, which is incorporated under the state laws of Iowa. Thirty-nine persons have become members of the local branch. The first library was opened in T. M. Wells' store Sunday and books are now being drawn. The University Library is not a new scheme. It has the record of a successful life of fifteen years. This is, however, the first time it has been introduced on the northern peninsula. Mr. Turner, the state agent, is canvassing the principal cities in its interest, and henceforth it will be represented all through this section.

The scheme is briefly as follows: Forty subscribers is the limit to any one library in a city or village. The subscription fee is \$5. The university contracts to furnish the branch library with fifty volumes of good literature when it is organized. At the expiration of three months a second set of fifty volumes is furnished, and at the expiration of each succeeding quarter the books are again renewed. Thus the subscribers have access to 200 books of the best literature each year and the university contracts to continue the delivery of the books for five years, loaning in all 1,000 volumes. The main object of the library is to enable the subscribers to read systematically along historical and scientific lines—a weekly bulletin outlines courses of reading. If certain conditions are complied with a reading diploma may be issued. The 1,000 volumes are divided into twenty sections, each devoted to a special subject. The sections are subdivided to cover forty studies on topics of social and scientific importance. An instance of the value of the system is given on the fact that the Negaunee library is at present largely made up of volumes devoted to South Africa and its people, thus giving to its subscribers a complete list of good books of great interest at the present time.

The local branch is offered as follows: President, F. D. Davis, vice president, Mrs. Mary H. Kline; secretary, Frank Bell, and librarian, T. M. Wells. As there are thirty-nine subscribers there is only one membership open. The libraries are shipped in substantial trunks with a compartment for each volume. The cost of the exchange is slight. Mr. Turner intends to cover the entire peninsula, putting in the full number of twenty libraries, and more if possible. Already he has been successful in introducing the system in Escanaba, Munising, Gladstone, St. Ignace and Negaunee. He will go from here to Ishpeming, thence to other cities of the peninsula. The University library has a strong hold in the lower part of the state.

### FOLLOWED A FALSE CLUE.

Saturday afternoon after the identification of Christ Kallio as one of the men suspected of having had to do with the murder of James Cashen, and after he had been removed to Marquette, the search of the officers for the second man was directed toward Swanzy. The developments showed that they were following an entirely false clue, as they did not succeed in apprehending the second criminal. During the afternoon there was considerable excitement in the city. It was expected that the second man concerned in the murder would be brought up from Swanzy. A large crowd awaited the arrival of the freight train from that place, many people going to the lower yards, thinking that the officers would take the man off below the city. All were disappointed. The search proceeded Sunday and yesterday, and it is hoped that the second of the two men will be captured soon. The officers have a very accurate description of him.

### COUNTY EXAMINATIONS.

County Commissioner of Schools F. D. Davis will hold examinations here Thursday and Friday of this week for those who wish to obtain certificates for teaching in the second and third grades. There will be numerous applicants from several sections of the county. The sessions of the examining board will be held in the city building.

### State of Ohio, City of Toledo, Lucas County, ss.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and state aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure. Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1886. A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials, free.

F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

### QUESTION ANSWERED.—Yes, August Flower still has the largest sale of any medicine in the civilized world.

Your mothers and grandmothers never thought of using anything else for Indigestion or Bloatingness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing else for Indigestion or Bloatingness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. NEW COMPANY TAKES HOLD

Lake Shore Ironworks Becomes the Lake Shore Gas Engine Works Today.

CONCERN ORGANIZED WITH A HUNDRED THOUSAND DOLLARS CAPITAL.

Will Continue Former Business and Make a Specialty of the Manufacture of the Superior Gas Engine—Buying New Machinery.

PROMISING FIELD OPENS BEFORE IT.

The Lake Shore Iron works has been taken over by a new company and will hereafter be known as the Lake Shore Engine works.

Yesterday the stockholders held their first meeting and organized by electing the following officers:

President—N. M. Kaufman. Treasurer—Peter White. Secretary—J. E. Sherman.

ON A SOUND BASIS.

The company is capitalized for \$100,000 and its stock is largely in the hands of the gentlemen who composed the old company.

The stockholders intend to continue the old business but to give special attention to gas engine manufacture.

The stockholders intend to continue the old business but to give special attention to gas engine manufacture.

WILL WORK TO ADVANTAGE.

Carrying out this same idea of shaping everything so that the labor expended will bring the biggest possible results.

JOLTED AGAIN.

Copper Stocks Try Again to Give Speculators That Tired Feeling.

Holdings of the copper got another jolting yesterday and it seemed as if some of the copper stocks were trying to give their friends a real case of that tired feeling.

Armadillo opened at 43 1/2 and closed at 42. Atlantic, which opened at 28 1/2, fell off two.

Copper was also a little off. Hayden, Stone & Co. reported it opening at £75, 12s. 6d., and advancing to £75, 15s.

Paine, Webber & Co. in their daily copper letter explained the slump as follows:

London, Oct. 16.—A little further liquidation today showed the absence of any buying orders, particularly in the so-called Standard Oil stocks.

SCALCHI CONCERT.

First Attraction in Course Offered by Young Woman's Guild.

Some time ago announcement was made of a fine concert and entertainment course which had been secured this winter by the Young Woman's guild of St. Paul's church.

This concert company probably has no superior among traveling musical organizations. It is headed by Mme. Sophia Scalchi, the great contralto, who, for years, appeared both in America and Europe on the same stage with Adelina Patti.

quality and remarkable flexibility and agility which distinguish it so markedly from other contraltos.

Mme. Scalchi is supported by a most capable company of musicians who are a fit support to so great an artist.

This entertainment will be the richest musical treat in the course and it may be years before another company of equal merit is heard in Marquette.

GREAT COMMANDER BOYNTON.

Program for His Public Reception to Be Held Tonight.

Great Commander Boynton, the founder of the Maccabee order, is making his first tour of the upper peninsula and will be in Marquette this evening.

As planned by the committee there will be a public reception for the great commander at the opera house, and in the course of the evening Mr. Boynton will deliver an address on the objects and aims of the order.

Overture, "American Patrol"....Tobani Marquette Ideal Orchestra. Solo, "Thou Wondrous Youth".....Fr. Abt Piano and Violin Accompaniment.

Address, "On the Maccabee Order".....Rowland Connors, past grand commander. Music, Selected.....Orchestra.

A large attendance of the Maccabees, both knights and ladies, is expected from the other towns in the county.

NOT A "TOM" SHOW.

Southerners Do Not Rage When "On the Suwanee River" is Billed.

Down south when the papers announce the appearance of an Uncle Tom's Cabin company they usually profess the announcement with something like this: "That libel of the south," or something equally effective.

"On the Suwanee River" which comes to the opera house tomorrow evening is a play that contains more in it than its title might at first glance lead a person to suppose.

These who attended the first of the Crary tour lectures given at the Baptist church last night were more than pleased with the entertainment and now look forward to a week of enjoyment.

These who attended the first of the Crary tour lectures given at the Baptist church last night were more than pleased with the entertainment and now look forward to a week of enjoyment.

FROM THE FAR EAST.

Marquette Will First Have Long Distance Telephone via Mackinac.

The Michigan Telephone company is advertising for 500 men which it proposes to set to work constructing its long distance telephone line from the straits to Marquette.

inaw City and St. Ignace. The cable, which is to carry the wires across the straits of Mackinac, has arrived at Mackinaw City and is being spliced.

FROM BILLY BURNS.

Eccentric Pug of the Copper Country Sends a Typical Letter.

Billy Burns, the eccentric prize fighter of the copper country, has furnished The Mining Journal with the appended communication.

"Say, the almost immediate co-operation of the Stead-Stackhouse event. I wish to inform them before they recede to their eccentric homes with their aspirative honors they had better cross mits with me or Elmer Otto.

GOING THROUGH THE MILL.

Referee Pearl Returns the Schedules of Eight Bankrupts.

Referee Pearl has disposed of eight upper peninsula bankrupts who have taken advantage of the law to rid themselves of their debts.

William H. Hoskins, Calumet (petition withdrawn); David Goldberg, Stephenson; Daniel H. Lieberthal, Iron Mountain; Peter Warshawsky, Crystal Falls; Isaac Simansky, Menominee; Harris & Harris, Crystal Falls; Annie L. Mowick, Ishpeming; Kahn & Steir, Ishpeming.

TWELVE MONTHS' CREDIT GIVEN TO ALL.

Owing to the great number who called upon the Eastern Healers at 117 Bluff street, Marquette, Mich., during the past month and could not get waited upon, they will extend the time of the liberal offer of giving consultation, advice and services free to all calling upon them before Saturday evening, Oct. 14.

They heal all manner of diseases. If they can restore you; they will administer unto you; if not they will advise you.

The object of this pilgrimage is to introduce the Eastern mode of healing the sick without poisonous drugs or the surgeon's knife; also to introduce botanic medicines which God ordered from the foundation of the world for the healing of nations.

Notice—If you have been advised by anyone to undergo an operation for appendicitis, ovarian difficulties, rupture, tumor, cancer or piles, do not listen to it and have your life endangered by the lance, knife or needle before taking counsel of the Eastern Healers.

The following are a few of the many maladies cured by the Eastern Healers: Blood poisoning from poisonous lymph used in vaccinating; also insect, reptile and dog bites; scrofula, syphilis, cancer, tumors, old sores, ulcers, skin and scalp diseases, sore eyes, nerve, kidney, spinal and brain diseases, paralysis and fits, stomach, heart, liver and female diseases, colds, asthma, catarrh, weak lungs and first and second stages of consumption, nervous debility, lost strength of the whole or any part of the body, piles and all rectal diseases, rheumatism, withered limbs, stiff joints, contracted cords and weakened muscles.

Notice—Wives must be accompanied by their husbands and girls by their parents or guardians. No time given to drones or gossipers.

All calling upon the Healers was cannot speak the English language will please bring interpreter with them. Hours of administering from 10 a. m. to 8 p. m. No Sabbath hours and no calls made.

If you want to be a handsome, rolicking girl with rosy cheeks, laughing eyes, lips like Cupid's bow, take Rocky Mountain Tea. The Stafford Drug company.

E. C. BRACHER'S DRY GOODS HOUSE.
