COUP BY BRITISH.

Yule Affects a Junction With Gen. White in Natal.

NOW TO GIVE BATTLE.

Free State Forces to Be at Once Attacked Before They Can Be Reinforced by Joubert.

CANNON DUEL YESTERDAY.

London, Oct. 25.—The Cape Town correspondent of The Daily Mail, telegraphing at 9:45 o'clock p. m. yesterday [Tuesday] says:

"General Yule has performed a brilliant strategical movement. By a swift march to the south, leaving Glencoe empty, he has effected a junction of his forces with those of Sir George Stewart White slightly to the north of Ladysmith.

"The two are now in position to offer battle. I believe the first attack will be made on the large Free State force which entered Natal by way of Tintwa pass and which has since been harassing Ladysmith.

"The military authorities decided that by a joining of their forces the two generals would be better able to cope with one of the large forces at a time than by having two small detachments to oppose simultaneously the two big Boer forces.

"Accordingly, after defeating the Free State troops, they will offer battle to Commandant General Joubert. Only forty miles to the north separate the two Boer forces. Hence there is need for swift and telling action.

"The two sections of the Boer army together outnumber the entire British force by three to one. Hard fighting is certain at a very early date. Our men are confident and there is much enthusiasm.

"The fighting took place outside of Ladysmith was a mere trush. The losses on neither side were significant. It was merely an artillery duel, in which the Boers came off decidedly the worse."

SITUATION STILL GLOOMY.

London, Oct. 25.—Although there is no reason to doubt the accuracy of the dispatch from Cape Town to The Daily Mail regarding General Yule's movement, it is curious that General White's telegram to the war office is also dated at 9 p. m., but makes no mention of the joining of the forces.

When the war office dispatch, given below, was issued just after midnight, it was officially announced that nothing would be communicated until Wednesday morning, so that it is impossible to confirm or deny the news.

General Yule's acts were actuated by sound judgment, since he soon would have been surrounded and in a desperate position. The combined forces at Ladysmith, now amounting to twelve thousand men, will be amply sufficient to act on the defensive. A few more victories like Glencoe and Elandsplaag, however, would leave the British troops without officers.

While the Boers have failed to take advantage of their strategic position, owing to the incompetence or haste of their leaders, the British have no cause for congratulations over the results of the Natal operations. They have suffered heavy losses in men, their victories have practically gone for nothing, and the whole of northern Natal is now abandoned to the Boers.

OFFICIAL SUMMARY.

WHITE REPORTS SETTING OUT TO MEET YULE AND A SKIRMISH WITH THE ENEMY.

London, Oct. 24.—The parliamentary secretary of the war office, Mr. Wynham, in the house of commons tonight announced that Field Marshal Lord Wolseley, commander-in-chief, sums up the situation in Natal today as follows:

General Yule has fallen back to effect a junction with General White. He camped yesterday evening sixteen miles south of Dundee. White fought a successful action with an Orange Free State force to day on the road between Ladysmith and Newcastle, and should join Yule this evening.

BOER GEN SILENCED.

London, Oct. 25.—The following dispatch from General Sir George Stewart White to the Marquis of Lansdowne, secretary of state for war, was received last evening at 11 o'clock and posted at the war office soon after midnight:

"Ladysmith, Oct. 24.—9 p. m.—Information received yesterday showed that the Boers had established themselves in considerable numbers in an exceedingly strong position west of the main road leading from Ladysmith to Dundee. "I also had information that the Dundee force, formerly commanded by General Symons and since his wounding commanded by General Yule, was falling back on Ladysmith by way of the Helpmakar road, both the valleys of the Waschbank and Sunday rivers, and was expected to reach the Sunday river valley today. "I therefore moved out with a strong force to cover the movement of Yule's column. The enemy was discovered about seven miles out of Ladysmith in a

position of great natural strength west of the road.

"When the enemy saw preparations were being made against him, he opened fire with one gun with great accuracy. Our artillery was soon got in position and the gun was silenced. Our troops were ordered to occupy a strong ridge parallel to the enemy's position but nearer to the road.

"I confined my efforts to occupying him and hitting him hard enough to prevent taking action against Yule's column. Numbers of the enemy fled to the west, and the firing had practically ceased at 2 o'clock."

BEFORE THE MAIL'S NEWS.

The war office dispatch, seems to realize the worse fears. General Yule has abandoned not only Dundee, but Glencoe also, and so far as the present news would indicate, has neither joined General White nor reached Ladysmith. General White's "successful action," announced in parliament by Secretary Wynham, seems to resolve itself into a mere engaging of the attention of the Free State troops, while General Yule is slipping southward.

It is evident, from the official dispatches, that both Commandant General Joubert's column, on the north, and the Orange Free State troops, on the west, now occupy the Boers from following up General Yule's retirement and getting around Ladysmith from the southeast. Until reinforcements arrive it seems that General White will be obliged to concentrate on Ladysmith.

It is believed that the government has other dispatches not yet published. The secretary of state for war left Ambassador Choate's residence immediately at the end of the banquet to General Harrison and proceeded to the war office, where, even after midnight, there was considerable activity, many visitors calling to inquire for information.

KIMBERLEY SIEGE CONTINUES.

TRANSVAAL FORCES STILL AT BAY ON SATURDAY LAST.

Cape Town, Oct. 24.—A dispatch from Kimberley, dated the 21st, brought by a dispatch rider to the Orange river, has just arrived here. It says:

"Position in Kimberley unchanged. The siege continues. Yesterday an armored train found the enemy in the same position in the Snyfontein neighborhood. The prisoners who were captured when the armored train was destroyed by the Boers at Kraalpan are now reported alive and well treated.

"ANNEXATION" EXPLAINED.

"The Boers hoisted the flag of the Transvaal over Vryburg Oct. 18, and are about issuing a proclamation that Bechuanaland now forms part of the Transvaal. This is regarded as a move on the part of the enemy to induce the colonial Dutch to join the republic without incurring the risk hereafter of the charge of high treason if the Boers are ultimately defeated. "Colonel Keekwyc, on hearing of it, immediately issued a proclamation notifying the people that if any British subjects were found assisting her majesty's enemies, either directly or indirectly, such person would be punished summarily as a base rebel.

BELAYED NEWS FROM MAFEKING.

COL. BADEN-POWELL REPORTS ALL WELL OCT. 15 AND A VICTORY OVER THE ENEMY.

London, Oct. 24.—The war office publishes tonight a dispatch from Colonel Baden-Powell, the British commander at Mafeking, dated Oct. 15 and forwarded from Cape Town, as follows:

All well here. In a fight to day four miles from Mafeking: the armored train section of the British South African police and two squadrons of the Protectorate regiment repulsed the enemy, losing two killed and fifteen wounded, the latter including Lieutenant Beninck, and Lieutenant Bray, of the Protectorate regiment, both slightly. The enemy's loss is estimated at fifty-three killed, besides many wounded.

Cape Town, Oct. 24.—A message received this evening from Mafeking, by way of Lorenzo Marques, says: "All well in Mafeking Oct. 20."

HEAVY BOER LOSSES ALLEGED.

NEARLY A THOUSAND BEDS REPORTED TO HAVE BEEN SEIZED FOR THE WOUNDED TROOPS.

Cape Town, Oct. 24.—A private telegram from Delagoa Bay says a man has just arrived there from Johannesburg asserts that the Transvaal government has appropriated eight hundred and fifty beds in private houses in Johannesburg for wounded troops from the front. The Boer organs, according to this informant, are doing everything to minimize the Boer losses, all sorts of misstatements and misrepresentations being employed.

NEW TORPEDO BOAT DAHLGREN SHOWS WONDERFUL SPEED.

Beth, Me., Oct. 24.—By attaining a speed of thirty-one knots an hour during a trial of several hours at sea today, the new torpedo boat Dahlgren exceeded her contract requirements and proved herself a very able boat. At the same time she made better time over a mile course than has ever before been reached by a torpedo boat of her size in the world.

ANNEXED BY STEYN.

Immense Portion of Cape Colony Claimed by Free State.

ALL NORTH OF VAAL RIVER.

Native Uprising Imminent According to Further Grave Advices of Growing Unrest.

BOER INTRIGUES CHARGED.

London, Oct. 24.—The colonial office has received a cablegram stating that President Steyn, of the Orange Free State, has issued a proclamation annexing that part of Cape Colony which is north of Vaal river. This means Griqualand West and Bechuanaland, and is apparently in consequence of the Free State forces having seized the railway and all stations north of Kimberley, except Mafeking, unless Mafeking has fallen since the last news from there, which is a week old.

BASUTOS WILDLY EXCITED.

BRITISH AGENT FEARS HE CAN NOT MUCH LONGER STAVE OFF THREATENED FIGHTING.

London, Oct. 24.—The colonial office this evening publishes a cable dispatch received from the British high commissioner in South Africa, Sir Alfred Milner, communicating a significant dispatch from Sir Godfrey Layden, British resident commissioner in Basutoland, calling attention to the recklessness of the Basutos, who, he says, he has been trying to calm. The resident commissioner adds:

"Our policy, however, has been made difficult by the blustering of the Boers, who have freely threatened to attack Maseru and other stations. These threats, combined with intriguing, have contributed to rouse excitement among the natives. I wish to place it on record, that the Boers have unwisely attempted to shake the allegiance of the Basutos and frustrate our efforts toward tranquility. The Boers, therefore, are responsible for any commotion and for the alarm regarding native invasions which now prevails. "The Basuto warriors number about thirty thousand men.

BOERS AFTER NATIVE ALLIES.

ALLEGED INTRIGUES WITH THE CHIEFS IN BASUTOLAND.

Cape Town, Oct. 24.—The following has been received from Maseru, Basutoland, dated the 23d:

"A reliable native lately visited the laager of the Orange Free State troops just opposite Maseru. He found it to consist of wagons, surrounded by turf piled three feet high. He noticed only a few Mausers.

"The Boer commandant questioned him regarding the feeling of the different Basuto chiefs, principally Chief Lrothodi, and in order to draw the commandant, the native replied that the chiefs sided with the Boers. Thereupon the commandant said the two republics wished to kill the Britishers and take over and govern the Basutos, restoring to the latter that part of the country which the Free State formerly took from them. As to the Britishers, those whom they failed to kill they would drive into the sea.

"The commandant wished a decision on the part of Lrothodi and the other chiefs as soon as possible, whether they would fight the Boers or British, because his contingent was anxious to help the Boers elsewhere. He acknowledged that his men were afraid of the Basutos, because their wives and families, as well as their cattle, were within reach of Basuto incursions, and he said he was prepared to enter into an agreement with the chiefs, signing the same, to give very substantial recompense to the tribesmen for assisting the Boers.

"Falling this, if the Basutos would give a written undertaking not to assist the other side, the commandant said he would withdraw from the Basutoland border and go to the assistance of its countrymen where the fighting was the hottest.

"The Boers on the Basutoland frontier, according to the best information obtainable at Maseru, number about twenty-five hundred."

METHODISTS CLASH.

BAD ROW ON IN SOUTH DAKOTA OVER THE REMOVAL OF A CHURCH PARSONAGE.

Minneapolis, Oct. 24.—Rev. Mr. Newell, pastor of the Methodist churches at St. Lawrence and Miller, S. D., attempted last Friday to move the parsonage from St. Lawrence to Miller, and was arrested on complaint of the people of St. Lawrence. Today a number of Methodist women of Miller, accompanied by the sheriff and a gang of workmen, went to St. Lawrence to get the parsonage building and take it to Miller. Senator King, Dr. Taylor and Mrs. Loomis of St. Lawrence were arrested by the Miller people on the charge of intimidating laborers. The women are supposed tonight to be on their way to Miller with the parsonage. The pastor is still under arrest.

and has been established in business in Houghton about six years, having started the first exclusive establishment of any kind in the town when he started his exclusive shoe store. He has a \$15,000 stock in the new store—a full line of boots, shoes, slippers, etc.—and has as his chief assistant E. H. Reynolds, from Bay City, who has had seventeen years experience in the boot and shoe business. An experienced man, Mr. Bach, has charge of the repair department.

Not only is Mr. Mayworm to be congratulated on the pace he has cut out for his competitors with this magnificent store but the people of Houghton are also to be congratulated in that they can judge from his superb fixtures and the fittings which will be placed in the Barry drug store, F. W. Kroil's and Dick Lang's, as the same celebrated wood-workers, the M. Winter & Co., will also supply the fixtures for these stores.

ACCIDENT ON THE COPPER RANGE. THREE FINNISH LABORERS INJURED BY A CAVE-IN IN THE CUT NEAR THE ATLANTIC MILL.

Three Finnish laborers were caught by the cave-in of a large bank of sand and boulders in the cut beyond the Atlantic mill on the Copper Range road yesterday afternoon. One had several ribs broken, one sustained a badly sprained ankle and the third was badly bruised. Drs. Wheeler and Jackson took the injured Finns across to their homes in Hancock.

FRIEND OF THE COLLEGE OF MINES. DR. HULST, CARNEGIE'S ORE MANAGER, SPEAKS IN WARM APPROVAL OF THE SCHOOL.

Dr. N. P. Hulst, general manager of the Carnegie iron mining interests, arrived in Houghton Monday evening, accompanied by Mrs. Hulst and family, to call on his son, Harry, a student in the Michigan College of Mines. In conversation with The Mining Journal, Dr. Hulst expressed a very high appreciation of the mining college, and declared that in his opinion the state of Michigan would be coming to a very grave mistake should it ever abandon the present location of the school at Houghton, in the very midst of a mining atmosphere, and transfer it to Ann Arbor. The doctor, who came up in the Northwestern private car "Frontenac," left with his family yesterday afternoon.

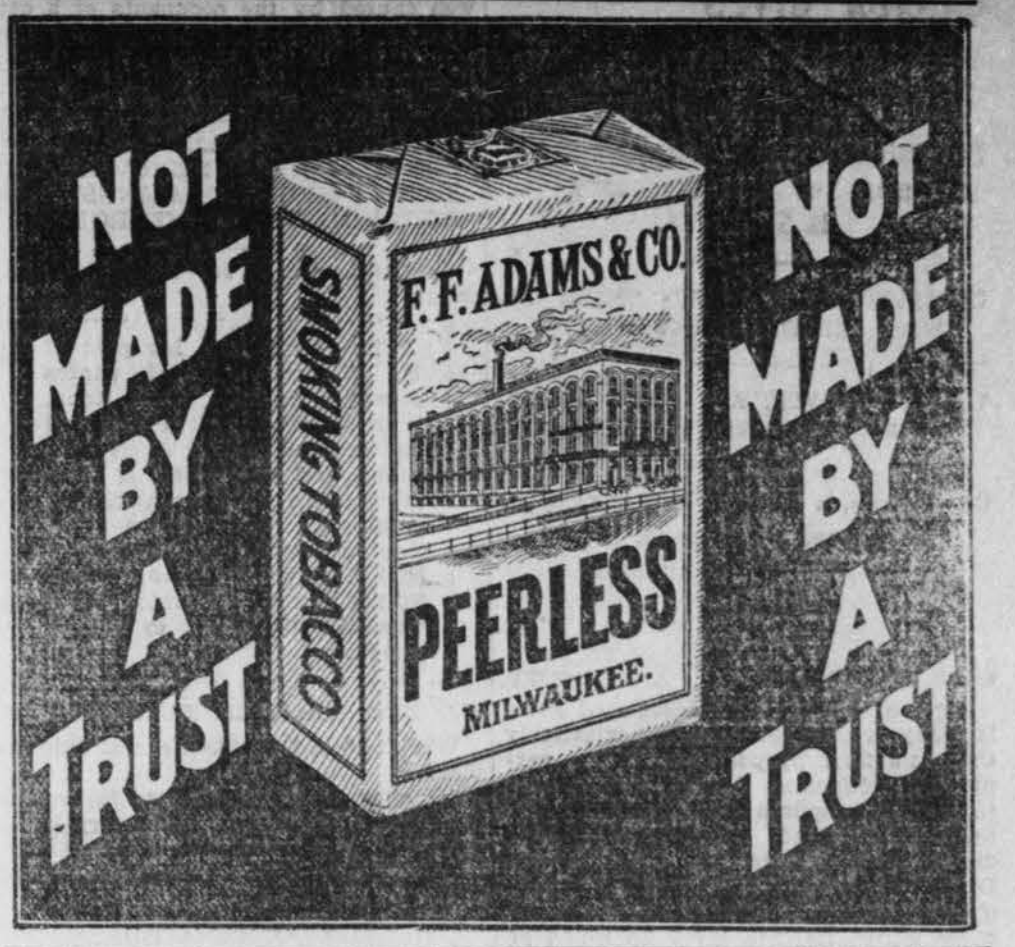

STEAM SHOVEL TO BE UTILIZED. 100 CARS OF GRAVEL PER DAY SOON WILL BE AVAILABLE FOR BALLASTING THE TRACKS OF THE COPPER RANGE ROAD.

A Mining Journal representative rode up to the cut beyond the Atlantic mill yesterday on the Copper Range's new engine, No. 100, purchased from the Northern Pacific. Cars are being loaded there by hand at present in order to make room to get a steam shovel in, when the gravel will be taken out at the rate of over 100 cars a day for use in ballasting and filling in at the Houghton yards. The track is now complete from Houghton to a point three and a half miles beyond the crossing of the Atlantic railroad.

VERITABLE SHOE PALACE. MAYWORM'S THE FINEST STORE OF ITS KIND IN THE UPPER PENINSULA.

"Mayworm, the Shoe Man," opened his store in the new Sheldon-Dee block again yesterday afternoon after being on the jump for two days getting his new fittings and store fixtures in place. The work was hardly complete last night as the palms and some other decorations for the place are not here yet, but the store showed up easily as the very finest of the kind on the upper peninsula, and almost in the state. The fixtures are all of antique oak and were especially designed for this store by the M. Winter Lumber Co. of Sheboygan, Wis. The store is 22 feet wide and 65 feet deep and has a 16-foot ceiling. On the sides are 48 feet of shelving with drawers at the bottom or 96 feet in all. These wall cases are 8 feet 6 inches high and have a narrow step running along at the star-board for their full length to enable the clerks to reach the goods on the topmost shelf. On the right side near the entrance is a little nook, or retiring room, for ladies. This is elegantly fitted up and on the wall side has a French beveled plate glass mirror 4 1/2 by 6 feet in size while on either side of the mirror are handsome brackets and recesses for bric-a-brac, the whole being elegantly finished off. Around the raised platform constituting this pretty room is a screen, the lower part of which is oak while the upper part is fitted with silk curtains and inside of the screen are placed a table and chairs with twisted oxidized copper legs and supports.

The east show window has a large plate glass mirror at the side and a mirror screen between the window and the store proper. Five sets of solid oak, each four feet high and six feet long, furnish seats for the customers in trying on shoes, etc., while in addition there are a beautifully finished bargain counter, wrapping table, a fine shoe case and a private office room at the rear with a regular banking office screen and cashier's desk within and in the rear eastern corner there is a platform twelve feet square half way between the floor and the ceiling which provides quarters for the repairing department. This has two shelves, and each of these drawers will hold two cases of rubbers. In addition to this, the store has a thirty-five-foot basement—reached by a door in the center of the wall cases on the east side, whence, also, access is obtained to the elevated repair shop—and this is also fitted with shelves, etc., for goods. The store is to be brilliantly lighted, fully fifty incandescent lights being used, there being four electrolights of four lights each, together with side lights which bend down from the wall over the front of the wall cases, like a goose neck, all of the fixtures being of oxidized copper. Charles A. Mayworm, the proprietor of the store, is a practical shoemaker

William Retell, formerly in Preston's barber shop in Marquette, and for the past month employed in a Calumet shop, left yesterday for Milwaukee. Parties having business with The Mining Journal's copper country representative can now reach him by telephone by calling up No. 309, Houghton exchange.

Henry J. Van Ryn, of Van Ryn & DeGelleke, Milwaukee, the architects of Houghton's new school building, left yesterday for home after a few days in Houghton.

Miss Lizzie Greenwald left for her home in Marquette yesterday after an extended visit with her sister, Miss Violet, stenographer for the Portage Lake Hardware company.

Charles M. Bogue of Marquette arrived in Houghton Monday evening and yesterday went out to the Copper Range mine, where he takes the position of bookkeeper in the mine office.

The Railroad Time Advertising company here succeeded so well with its first advertising stand at Houghton, that Manager W. H. Dee of the Western Union is now taking ads for a second stand and clock, similar to the first now on display in the postoffice. This will be placed in the postoffice temporarily, and on the completion of the new hotel will be transferred to the hotel office.

The Lake Superior Produce and Cold Storage Company is doing a "hand-office business" these days in produce and kindred supplies, and last Saturday had fifty-eight carloads of goods in its line on the South Shore road at Houghton. President Croze is building a shed in which to store the oak and other woods used in his shipyard, to protect it from the weather. He is also putting in a new platform scale for his coal yard.

A traveling man who visits this territory informs The Mining Journal that in spite of all the denials the "salt trust" is a go in this state, and that the product of all the Michigan saltbricks for the next five years has been bought up, with the exception of the fine salt produced by the Diamond Crystal plant at Port Huron, and that the trust has gobbled the course grades made at this plant. A result of the deal is seen in the recent advance of 22 cents a barrel in the price.

Dr. L. M. Dickens of Houghton and Miss Laura Roberts of Detroit are to be married at the City of the Straits today and the architect of this department trust they will run no further perils in their wedded career than they have already successfully withstood through a "railroaded" gallery in the Mining Journal office whereby one of the most highly respected of all the early pioneers of the Lake Superior region was referred to as an "old prisoner" and the bride's name was also woefully tortured.

Upper Peninsula News.

The estate of Henry Lincke, who was killed at Russels this spring, is being probated at Menominee. The initial proceedings have been commenced. The estate is valued at \$50,000. Mr. Lincke owned a big cedar yard and general store and conducted an extensive business. The estate is to be divided among eleven heirs.

Two pelicans were killed in Grand Marais harbor, opposite Pettipren's dock last Wednesday night by Edward Page. They are the first of the species ever seen there and caused a great deal of comment. One of them measured seven feet eight inches from the tip of one wing to the tip of the other; the other seven feet two inches. The bill of the first was twelve inches in length and of the other eleven inches. They will be sent below to a taxidermist to be mounted.

All the officers and trustees chosen at a recent meeting of the Marquette Monument association have signified their acceptance of office save one who has not been heard from. As soon as this appointee is heard from, the association will incorporate under the laws of Michigan. The park has been formally named "Marquette Place" and Hon. Pease White of Marquette has been designated as the representative of the state park commission to the Monument association, an honor entitling him to membership of the advisory board. A landscape gardener is expected to lay out the grounds soon.

"I wish to express my thanks to the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy, for having put on the market such a wonderful medicine," says W. W. Massingill of Beaumont, Texas. There are many thousands of mothers whose children have been saved from attacks of dysentery and cholera infantum who must also feel thankful. It is for sale by The Stafford Drug Company.

CANADA GIVES WAY ON ALASKA.

Proposition for the Permanent Settlement of the Boundary Is Submitted.

CONCESSIONS AGREED TO UNDER IMPERIAL PRESSURE.

THESE, HOWEVER, ARE MADE PRECEDENT TO ARBITRATION.

United States, in Brief, Is to Get Skagway and Dyea and the Dominion, in Return, Is to Be Awarded Pyramid Harbor.

GOLD COUNTRY FOR A SEAPORT.

London, Oct. 24.—The Associated Press is today enabled to give authoritatively Canada's final proposition for the permanent settlement of the Alaska dispute. It proposes that the boundary line be arbitrated, and that as a condition to this arbitration, Skagway and Dyea be conceded to the United States if Canada receives Pyramid harbor. In other words, Canada gives up much of the disputed gold country in return for a seaport.

The Associated Press is reliably informed that Canada's new proposition is greatly influenced by imperial pressure. It can be stated positively that Secretary Chamberlain advised concession as much as possible in order to gain a port of entry free from United States control, with the professed reason for commercial advantages; but, it is said, the ulterior motive is to increase the British naval strength by making Pyramid harbor a strong fortified naval station.

RUSSIA WILL ARBITRATE.

London, Oct. 24.—Russia has agreed to arbitrate with the United States the claims resulting from the seizure of American sealers in Behring sea by Russia eight years ago. A protocol has been drawn up and the final formalities are expected to be concluded next month.

INDEMNITY TO CATHOLICS.

DAMAGE TO MISSIONS IN SAMOA BY BRITISH WARSHIPS WILL BE MADE GOOD.

London, Oct. 24.—The first lord of the treasury, A. J. Balfour, replying in the house of commons today to a question regarding the damage done to Roman Catholic missions in Samoa by shells from British warships, said only a single case had been brought to the notice of the government, adding that any claim would be fully considered. But, he pointed out, according to the principles of international law the government was under no liability to compensate for losses caused by the operations of war. Later Mr. Balfour announced that it was expected parliament would be prorogued Friday.

ROW IN THE ISLANDS.

Apia, Samoan Islands, Oct. 19, via Auckland, Oct. 24.—Ostensibly to collect a poll tax imposed by the provisional government, thirty Mataafa chiefs came into Apia. Two of their number were assaulted by relatives of Tamasese for a breach of etiquette while passing the latter's house. Both factions prepared for hostilities, but owing to the strenuous efforts of the officials and friends on both sides, it was agreed that the difference should be settled in the native court, when both sides apologized. Neither the German consul nor the captain of the German cruiser Cormoran assisted to avert fighting. A proclamation has been issued directing that the taxes are to be paid only at the government house. Speaking generally, matters in Samoa are quiet.

BANQUET TO LIPTON.

IRISH YACHTSMAN HONORED BY A NEW YORK CLUB.

New York, Oct. 24.—An informal luncheon in honor of Sir Thomas Lipton, owner of the Shamrock, was given today in the rooms of the Transportation club in Manhattan Hotel. A number of railway and steamboat transportation officers were present. Senator Chauncey M. Depew, president of the club, received the guests. The senator in his address said: "It is the sporting spirit in its best sense that has carried England's flag and the spirit of England over the world, and it is the sporting spirit in its best sense that carries our flag to the other side of the world. The same feeling that stirred us when we received news of the battle of San Juan stirred us two or three days ago when we received news of the fighting in the Transvaal." In reply, Sir Thomas said he was deeply moved by the sincere greeting extended him. He said he was prepared to make another challenge when Designer Fife regained his health, so he could discuss the matter with him.

BEN HARRISON FETED.

London, Oct. 24.—At a dinner tonight in honor of former President Harrison by Ambassador Choate, many prominent Londoners were present, including Lord Salisbury, the Archbishop of Canterbury, the Marquis of Lansdowne and Baron Pauncefote.

CHARGED WITH TREACHERY.

CONSUL WILDMAN, AT HONG KONG, TO BE REMOVED, IT'S SAID, FOR HIS DEALINGS WITH THE PHILIPPINE INSURGENTS.

Portland, Oct. 24.—The Oregonian says:

The recall from his post of R. Wildman, United States consul general at Hong Kong, is imminent. It is said he will be relieved from duty for cause, and this cause is his prominence with the affairs of Aguinaldo, the Filipino rebel. The successor to Wildman will be Dr. Edward Bedloe, United States consul at Canton, who was recently called to Washington.

NEGROS CLEARED OF FILIPINOS.

Washington, Oct. 24.—General Otis cables: "Hughes reports the Panay insurgents driven out of Negros. Byrne struck one band and killed ten and captured thirteen. Native troops struck another band and killed six. No casualties."

ILOILO MENACED.

Manila, Oct. 24.—Iloilo is stirred by the expectation of important fighting. General Pulio has begun "unrolling his bloody scroll," as he promised his followers in a recent speech, by firing volleys at the American outposts nightly, and since Sunday reinforcements have been arriving from the north. This activity is designed to divert the Visayans from their sentiment against the Tagalogs.

ORDERED TO THE FAR EAST.

Laporte, Ind., Oct. 24.—Colonel James Allen left for San Francisco today in response to a dispatch from Washington assigning him to the command of the signal corps in the Philippines. Colonel Allen enjoys the distinction of having communicated the first news to General Greeley, chief of the signal service, of the presence of Cervera's fleet in the harbor of Santiago.

KILLS SWEETHEART AND SELF.

PARENTS OF BESSIE MAHONEY OF PEORIA, ILLS., OBJECTED TO HER CUBAN LOVER'S WEDDING.

Peoria, Oct. 24.—Juan Garcia, a Cuban, and his sweetheart, Bessie Mahoney, daughter of a prominent publisher, were found dead in a road near here today. Garcia had shot the girl and then himself. Her parents objected to Garcia's attentions to their daughter.

IOWA CONSTABLE MURDERED.

Council Bluffs, Ia., Oct. 24.—Hardin Moss, constable at Loveland, was shot and probably mortally wounded today by an alleged horse thief, for whose arrest he held a warrant. The desperado then jumped into Moss' wagon and compelled Joe Morgan, son of Sheriff Morgan, who had accompanied Moss, to drive for him. After a chase of several hours the robber was captured on the outskirts of the city, but not until he had been brought down with a bullet in his leg. He gave his name as Dave Williams, and claimed to be from Nebraska.

DOUBLE CRIME IN INDIANA.

Plymouth, Ind., Oct. 24.—Thomas Apple, aged sixty years, shot and killed his divorced wife today and immediately killed himself.

TWENTY YEARS' IMPRISONMENT.

HERMAN HUNDHAUSEN GETS IT FOR MURDER AT CHICAGO.

Chicago, Oct. 24.—Herman Hundhausen, of Herman, Mo., who has been on trial for complicity in the murder of Walter F. Koeller on Sept. 2, was today sentenced to twenty years in the penitentiary. After the Hundhausen case had been disposed of, Richard Honock, who actually killed Koeller, was brought into court. He admitted that he had killed the man, and declared he murdered him long ago in Herman because instrumental in causing the death of Honock's brother. His attorney announced that the defense would be insanity and introduced a number of witnesses, who testified they believed Honock to be insane.

REIGN OF TERROR IN KENTUCKY.

MORE FEUD VICTIMS IN CLAY AND MANCHESTER COUNTIES.

London, Ky., Oct. 24.—Tom Whitmore and Dan Parker were ambushed yesterday on Horse creek, enroute to the Clay county circuit court. The former was killed and the latter injured. Bob Tavis was killed last night at Hamlet. A report also states that one Phillip, enroute to Manchester county, was ambushed and killed at Pigeon Roost today. Trouble is reported on Sexton's creek between the White and Baker factions. Circuit Judge Eversole, fearing assassination, did not go to Manchester today, and the opening of the court was delayed. The Griffins and Phillipots are present in large numbers, heavily armed. Manchester is crowded and the situation looks grave.

DEATH IN LAKE MICHIGAN.

W. E. RUSSELL, CHICAGO BUSINESS MAN, ENDS HIS CAREER.

Chicago, Oct. 24.—W. E. Russell, a business man of this city, drowned himself today by jumping into Lake Michigan from the steamer City of Louisville, when twelve miles out from Chicago, bound for St. Joseph, Mich. Russell had been in ill health for some time and was despondent over the fact that his illness threatened to render him a helpless burden to his friends.

VENEZUELA IN REBELS' HANDS.

Caracas, Venezuela, Oct. 24.—General Castro, the insurgent commander, has assumed control of the government and formed a new cabinet.

SLANDERED FELLOW PASTORS.

Milwaukee, Oct. 24.—Rev. Jacob D. VanDoren, an aged minister of Fond du Lac, Wis., was on trial today before the Milwaukee Presbytery of the Presbyterian church, charged with maligning the characters of his ministerial brethren. The Presbytery voted to "rebuke" Rev.

VanDoren on Nov. 14. He is seventy-six years old and at different times has served in the Presbyteries of Nebraska and Wisconsin.

GENERAL MILES LEAVES OMAHA FOR THE MOUNTAIN REGIONS.

Omaha, Neb., Oct. 24.—General Nelson A. Miles and party arrived this morning. During the day the general visited old Fort Omaha and the exposition, and later in the afternoon started west for the mountains, where he will go on a hunting trip with Colonel W. F. Cody.

GERMAN MILLIONAIRE SENTENCED.

HERR HOPFFE TO SERVE FIVE YEARS FOR EMBEZZLEMENT.

Dresden, Saxony, Oct. 24.—Herr Hopffe, former treasurer of the Albert Verein charitable organization, under the patronage of the king and queen of Saxony, was today sentenced by the high criminal court to imprisonment for four years and nine months for misappropriating 250,000 marks of the society's funds. Hopffe, who had held high official positions, is a millionaire.

PROTESTS AGAINST THE WAR.

W. C. T. U. CONDEMNES THE STRUGGLE IN PHILIPPINES.

Seattle, Wash., Oct. 24.—The national convention of the W. C. T. U. passed a series of resolutions today, some of which caused lengthy discussions. The main fight was over two resolutions, one censuring the general government, mentioning the president, Attorney General Griggs and ex-Secretary of War Alger by name, for their action on the anti-conviction law, and the other denouncing the war in the Philippines. A resolution protesting against the seating of Congressman Roberts was adopted with cheers. Resolutions also were passed denouncing immoral shows, offensive advertisements and lynchings, demanding the ballot for women, and against trusts. At the election of officers all the national officers were re-elected. The Frances E. Willard memorial services were attended by an immense audience, in addition to the delegates.

ROME'S IMPORTANT RULING.

Cardinal Ledochowski is the cardinal prefect of the propaganda, to whom belongs the final settlement of all ecclesiastical controversies of this nature. There is no appeal from his ruling. It follows on these instructions that the general practice of the church for the future in the United States will be that the bishops must appoint pastors according to the nationality of congregations.

CHURCH BODIES TO UNITE.

UNIVERSALISTS AGREE TO THE UNITARIAN PROPOSITION SEEKING CLOSER CO-OPERATION.

Boston, Oct. 24.—The biennial session of the Universalist convention was made notable today by the adoption of the report of the committee, recommending a conference with the American Unitarian association to consider plans for a closer co-operation of the two bodies. The proposition came from the Unitarians in the form of resolutions, and these resolutions were freely discussed and adopted. The election of officers, followed. Buffalo was selected for the next meeting of the convention.

AWFUL SUFFERING ABOARD THE KLONDIKE SCHOONER HERA.

NO PROVISIONS AND BUT LITTLE WATER FOR SEVERAL DAYS.

Survivors Are Rescued and Brought in Port by the Revenue Cutter Grant, Which Left in Search of the Craft Sunday Night.

BIGUAILED BY A MARINE AGENT.

Seattle, Wash., Oct. 24.—After a voyage of twenty-eight days from Cape Nome, during which two men died from starvation and others became half-crazed from want of food and water, the schooner Hera arrived in port today with nearly two hundred passengers on board.

News of the wretched plight of the Hera's passengers was brought Sunday night by the steamer Lakme. The revenue cutter Grant and the tug Sea Lion immediately started after the schooner and succeeded in finding the vessel yesterday about fifty miles off Cape Flattery. J. S. Ryan and George Lamb had died through want of nourishment and confinement in the ill-ventilated quarters and were buried at sea.

From the statements of other passengers it is learned that the agent of the ship at Nome guaranteed them plenty of good provisions on the way down. When a few days at sea, the meat, sugar and butter ran out. The men then consisted of salt pork and canned fruit on board to supply the table only three times, and from that time on nearly twenty-four days' food consisted of flour and coffee. Four days ago the last of the unpalatable salt horse was consumed. Had it not been for rain storms, they would have been without water also.

When the Hera anchored out in the stream the majority of the men were so weak they could not carry their gold dust ashore without assistance. Several passengers, crazed from their terrible experiences, had to be carried ashore and taken care of.

The passengers unite in declaring Nome the greatest camp on earth, and many will return in the spring.

GUS RUBLIN THE VICTOR.

JEFFORDS SUCCEEDS TO THE PROWESS OF AKRON'S GIANT.

New York, Oct. 24.—Jim Jeffords, the young California pugilist, made his debut at the New Broadway Athletic club tonight and was knocked out in the fifth round by Gus Rublin, the Akron (Ohio) giant. There was a lot of slugging in the first four rounds, and Rublin simply battered Jeffords down after the latter had gained a decided advantage.

FIGHT HOT IN NEBRASKA.

BOTH MEIKLEJOHN AND BRYAN NOW TOURING THE STATE.

Omaha, Oct. 24.—Hon. George D. Meiklejohn, assistant secretary of war, arrived at Omaha tonight to take part in the Nebraska campaign. He is billed to make at least one speech a day until the close of the campaign, opening tomorrow night at Albion. W. J. Bryan today started in on his last campaigning tour of Nebraska before election. Speeches were made at Stormburg, David City, Shelby and several other points.

PASSENGER ELEVATOR FELL.

ONE LIFE LOST AND THREE PERSONS HURT AT CHICAGO.

Chicago, Oct. 24.—The passenger elevator in the Warren Springer building, 231 South Canal street, fell from the sixth floor to the basement this evening, killing one man and injuring three, two of whom probably will die. The dead: JOHN HINKUS, aged fifteen.

These were injured: William Fritz, internal injuries may die; Fred Schultz, back sprained, internal injuries, may die; John Ellis, elevator boy, sprained leg, broken arm, will recover.

STOCKS DULL AND WEAKER.

PROFIT-TAKING IN WALL STREET CHECKS ADVANCING TENDENCY.

New York, Oct. 24.—The stock market was distinctly reactionary today, in spite of some strong points. There was profit-taking on a very large scale, but the sales on this account were quite well absorbed and created no sign of demoralization in prices.

When the fact of profit-taking became obvious, some room traders turned bears and sold the market moderately. The bear faction was not aggressive, however, and made no great inroads upon values.

Neither were the bulls inclined to resume their campaign for an advance after having taken their profits, and the market was inclined to drag during the latter part of the day. Some attempt was made to infuse strength into the market in the last hour by bidding up Union Pacific and Baltimore & Ohio preferred. This business induced some slight covering by shorts, but so far as a general resumption of the advance was concerned, the attempt was abortive.

Prices were very steady at the close, and in many cases were pursuing a downward course. Closing quotations are:

NEBRASKA'S CROP RECORD.

YIELD OF CORN—24,125,013 BUSHELS—BIGGEST ON RECORD.

Omaha, Oct. 24.—The annual crop review of The Bee, compiled from the reports of special correspondents in every county of the state, shows that the corn crop of 1899 exceeds the record of the best previous year by 14,217,240 bushels, reaching the enormous figure of 24,125,013 bushels. The average yield per acre is 34.5 bushels and the quality is excellent except in very limited portions, where the hot weather of August damaged somewhat.

The total wheat yield is below that of the last two years, due to damage during the winter in the winter wheat district. The quality is not first-class. In the spring wheat region the crop is of average quantity and quality. The total yield is 29,333,914 bushels, and the average 11.4 bushels per acre.

The oats crop amounts to 53,575,097 bushels and the average yield 33.1 bushels. The quality is good and about the average quality.

CEREALS SLUMP OFF AGAIN.

CHICAGO PRICES MUCH INFLUENCED BY LOWER CABLES.

Chicago, Oct. 24.—The trade today was rather dull, with the feeling unsettled. The opening was lower, a moderate rally following and then a sharp decline. December closed 1/4 @ 1/2 lower and May 1/2 @ 1/4 lower. The lower opening was due to a disappointing response from Liverpool to the advance here yesterday. Liverpool ruled steady to 1/4 penny high.

er. A decline of a quarter of a point in British consols, dry weather and a moderate movement in the Northwest were responsible for the steadiness. Later in the session shorts were buyers, and the market showed a stronger tone.

There was a good general trade in corn, with the undertone rather firm. December closed a shade lower, and May off 1/4 @ 1/2. The opening was easier, with wheat and lower cables, local longs and commission houses selling. The recent small export engagements also was a factor. On the decline, shipper's took considerable December, professionals adding to their long lines of May and the market rallied.

Oats were quiet and easier, with corn. The prices had 1/2 range and closed at the bottom, with a net loss of 1/2. The leading grain futures ranged as follows:

GOOD BEER IS HEALTHY.

AMERICAN JOURNAL OF HEALTH SO DECLARES IN ENDORSING A BEVERAGE BREWED AT LAKE LINDEN.

The last issue of the American Journal of Health contained this flattering endorsement of the famous Bosch brew:

"Various opinions about the health phase of beer drinking appear from time to time in the press. Some writers discountenance the use of this beverage at all, while others champion the opposite view, that beer drinking is very healthful, and say that whatever prejudice exists in the minds of some people against it has its rise in fanatical views upon the subject. Personally we do not agree with either class of writers, for we believe in the hygienic value of some beer, and are also satisfied that the prejudice against beer alluded to has some basis in fact. This beverage is growing more and more popular in this country. Its consumption, according to statistics, has reached proportions which are astonishingly large. With this growth in its use has come a practice of adulteration in its manufacture, which is greatly to be deplored. Many manufacturers take advantage of this opportunity to save money, but of the beverage which they offer for sale it is only fair to the consumer to say that it is decidedly injurious to the system, and to this extent a prejudice against beer is amply warranted. But to stop at this stage of the argument is eminently unjust to any manufacturer into whose brewery not an ounce of these deleterious compounds ever comes, and whose beer is not for a single moment to be classed with these inferior grades offered for sale. We take a concrete instance, that of a beer brewed by the Bosch Brewing company, of Lake Linden, Mich., to illustrate what we mean. A few days ago an analysis of this beer was made under our direction, and we found it to be absolutely pure. We emphatically say of a beer of such superior excellence as this that its use is very beneficial. Nothing has been used to take the place of the pure malt, the properties of which are known to be so nutritious, and the pleasant bitter taste in it comes from selected hops, which are so well established as being among the most effective tonics. The majority of our readers have no means at hand to determine the hygienic value of a beer, and are, therefore, dependent for this information upon the chemist. The statement that the beer made by the Bosch Brewing company is a perfect beverage will be very welcome to them. The conditions of modern life are such that the wear and tear of business and professional life make a malt beverage a very valuable part of one's diet. So, too, many people who are in what is termed a run-down condition need a beverage of this kind to give them an appetite, and then a form of nutrient that is readily assimilated to satisfy it. A high-grade beer answers the various needs perfectly. In emancipation and convalescence from fever and to nursing mothers it is a valuable beverage, easily assimilated and beneficial to those who are troubled with stomach and liver complaints. The hardest worked among laborers, men who are exposed to extreme conditions of weather, and whose noonday meal is generally a cold one, would find beer like this manufactured by the Bosch Brewing company to be a most nutritious liquid food, which will

help strengthen them for their tasks. The American Journal of Health has long been a defender of the people in the interest of good health. True, it has had occasion many times to say what was not agreeable to manufacturers of adulterated articles of diet, but it is equally ready at all times to state the fact concerning any product which, upon chemical analysis, is shown to be free from anything injurious. In this way those readers who follow our suggestions in the selection of what they eat and drink are assisted, and some degree of encouragement is given to the manufacturers who have only one standard in making their goods—that the best possible to reach. We gladly give editorial endorsement to the beer offered for sale by the Bosch Brewing company, of Lake Linden, Mich., and assure our readers that they will find it a most wholesome beverage to use."

YELLOW FEVER IN THE ARMY.
It isn't the number of men that yellow fever kills that frightens you, but the unexpected suddenness of its attack and the rapidity with which it kills. A man

is well and hearty at 3 p. m.; at 4 p. m. he is deadly ill; at 6 p. m. he is dead, and at 8 p. m. he is buried. In such the same manner men will work day after day in apparent health, and then will suddenly appear a general weakness. The body is giving out. It needs something to strengthen it, to drive away the impurities of the blood, to tone up the stomach and assist digestion. For this purpose Hostetter's Stomach Bitters is highly recommended. It will cure dyspepsia, indigestion, constipation, malaria, fever and ague.

MAIL ORDER DEPARTMENT!

This department is fast becoming one of the leading features of our business. The ladies in the territory tributary to Marquette are learning that they can get what they want in Dry Goods, Cloaks, Suits and Carpets better, quicker and oftimes cheaper of us than from Chicago,

In speaking of Dry Goods we wish to call your attention to the largest assortment of black and colored Dress Goods to be found outside of a large city like Chicago, and while our stock may not be quite as large as a Chicago stock our assortment is just as good.

100 pieces of Black Crepons at all kinds of prices from \$1.00 per yard to \$6.00 per yard; Camel's Hair and Chevots in great variety both in black and colors. Our Scotch Cheviot effects in 40 inch goods at 50 cents are unequalled either in style or value. An elegant line of Camel's Hair Plaids in 50 inch cloths. The largest as well as the best and newest assortment of Silks ever shown by us or our competitors. In our Cloak and Suit Department we show the only complete stock of Jackets, New Markets, Capes, three-quarter lengths, Velour Jackets, Fur Jackets, Fur Capes, Tailor-Made Suits, Dress Skirts Golf Skirts, Silk and Flannel Waists, Silk and Mercerized Petticoats.

In our Hosiery and Underwear Department you will find a large selection and some of the best values ever offered by any House. If you wear a fleecy lined, ribbed Egyptian ecru colored underwear that you usually pay 50 cents for, we will offer you this quality for 25 cents, bought direct of the manufacturer, and cannot be equalled; send for them, you cannot fail to be pleased, also a boys' heavy fleeced lined gray Shirt and Drawers, sizes from 24 to 34, any size at 25 cents; it is unequalled in value in this market. We carry the Phyllis Union Suits, also the Ypsilanti goods; nothing better. In ribbons we have no competition, our assortment is large and our prices are below, FAR BELOW that being asked by other Merchants; we sell an immense amount of Ribbons by the piece, if you do not buy your ribbons of us, kindly look at ours before buying. In our fall stock we are showing a most complete and bewildering assortment of Dress Trimmings, trimmings for Fronts and Yokes, all over effects in Corded silks, Applique, Hemstitched and Cords combined, Spangle and Lace effects, Bands, Braids and Edges, Lace Curtains, Tapestry Curtains, Rope and Bamboo Portiers. The style of patterns and the amount of work on a Brussel Net Curtain gives it value. Our present stock offers the best values at \$5.00 per pair and upwards to be found anywhere; also a new effect in Rope Portiers at \$2.75, \$3.98, \$4.98 per pair. A fine beaded Bamboo Portier worth \$12.00, bought at a price and we are selling them at \$6.50 per pair.

An immense stock of Blankets at all prices; also a choice line of Comforters, Falls of Schuylkill Blankets for Lumbermen, in 4, 5, 6 and 7 pounds. We buy these blankets of first hands by the bale and offer them at a slight advance. Mail orders promptly filled.

Shades for your windows made in any size on short notice; estimates cheerfully given; and prices that will surprise you. Out-of-town buyers of Carpets: If you wish to furnish your house we will send a competent salesman, with samples of any kind of Carpets you may want from 25cts per yard to \$2.75 per yard, measure your rooms, cut and make your carpets and ship them to you promptly. We carry a complete line.

Order your Kid Gloves by mail or phone. We carry them in all kinds, qualities and colorings, and offer the best values to be obtained.

When ordering your Dry Goods of any kind send us your order and get quick service, and a positive guarantee of satisfaction. We do not sell goods on credit, but will send goods and you can remit the amount upon receipt of goods. We will mail you samples of any kind of goods wanted or will send goods on approval.

We have the most elegant store or salesrooms in Northern Michigan, the best lighted store and the cleanest and best stock of goods. Our expenses are less in proportion than any other store in Marquette county. Our goods are bought for less money, and are sold at a uniformly lower price than you will find them for elsewhere.

WILL EXPLORE NEAR THE BARASA.

FEDERAL STEEL COMPANY HAS BEEN ATTRACTED BY THE GOOD SHOWING AT THE ABOVE NAMED PROPERTY.

A new and important exploration is about to be undertaken in this vicinity.

The Federal Steel company has entered into an agreement with Barasa and Markett whereby it has an option on the forty east of the lands controlled by the Barasa mine.

The new exploration will be important. It is stated that the work will be started immediately, and that a diamond drill under the direction of the best experts whose services the company control will be employed in testing the property.

The forty under option directly adjoins the Barasa tract, where the prospects for a valuable mine are growing brighter every day, and its position relative to the Negaunee mine warrants the belief that the deposit worked at that mine will be found on it by deep drilling.

It is believed now that the Barasa is working on a continuation of the Negaunee deposit. The Federal Steel company through its representatives gave some attention to the Barasa mine and it was rumored that it was negotiating for the control of the property.

Developments seem to show that the company prefers to try and open a mine near the Barasa to buying a controlling share in its stock.

The work on the second exploration will be watched with close attention in Negaunee. If it should pan out well there would be no reason to doubt that the nucleus of a valuable group of mines would be laid where the Barasa is now being opened up.

Satisfactory findings by the Federal Steel company would mean further explorations with the prospect of discovering other workable bodies of ore.

A SETTLEMENT AT HAND.

The bondsmen who are responsible for the funds fled by ex-Recorder Johnson hold a meeting this week to decide definitely on the means by which the city of Negaunee will be reimbursed for the years '97 and '98.

The special committee appointed by the council to ascertain where the city stands. The bondsmen asked for time. The committee granted the bondsmen two weeks to come to an agreement. The time expires this week, when the bondsmen will have to agree to some proposition for reimbursing the city.

The members of the special committee are confident that the city will be made good for every cent which is unaccounted for, including the \$2000 the disappeared in the years '97 and '98.

The city's claims will be pushed vigorously and whatever legal steps may be necessary to insure the payment of the full amount of the delinquent official's filings will be taken.

FELL INTO A BUSH.

Tom Nesbitt and T. Cornell spent Sunday last in the vicinity of Nestoria on a hunting trip.

Nesbitt had an amusing experience, and his partner was treading an old logging road very carefully in the hope of flushing partridges.

Tom's head was high in the air and he gave no attention to the road he was traveling. All went well until he reached a log against which he stumbled.

He took a pretty header, gun and all, into a mess of thick underbrush and it required all Cornell's strength to extricate him.

The gentlemen had a pleasant outing and got a fair bag of birds, as the country which they hunted over had been overlooked by hunters.

A number of hunting parties were out Monday and yesterday. Frank Beney took a short trip after birds yesterday. The game is still quite numerous and hunting continues fair. Partridge were plentiful this fall.

Ike Rosen was forced to make his second purchasing trip to Chicago by the unusual demands of the fall trade. He will lay in a full line of the latest novelties and will flood his store with new goods on his return.

The Northwestern passenger came through on time for the second consecutive morning yesterday, very greatly to the surprise of the local officials. The train has been playing in hard luck lately, and is quite regularly irregular.

J. T. Jones of Iron Mountain was up Monday on business connected with his exploration near Cascade. A small force of men is engaged in stripping work. A vigorous effort is being made to show what the tract contains, so that the railroad company will put in a branch track this fall. It is desired to have the rail connections ready the coming spring.

THE LIMIT OF SPEED BY STEAM.

An Engineer Says It Is in the Man and Not in the Locomotive.

"I read a piece the other day," said an old locomotive engineer, "in which a New Orleans railroad man said that 150 miles an hour was one of the possibilities of future travel. I venture to disagree with him, and I'll tell you why. He doesn't take into account the human machine in the cab. I don't doubt that they will build engines that can stand a 150-mile gait, but they can't build the engineers."

"Very little difference between twenty-five and fifty miles an hour. I mean the strain on the nerves isn't very materially increased; but anything above that limit is the pace that kills. The sensation is simply indescribable in words. It seems to jar every separate fiber in the body, and the tension is so terrific that one is apt to feel the effect for days. The average man can't stand many spurts at even sixty-five miles an hour, let alone 150. He comes out of such an ordeal 'all broke up,' and jumps when he hears unexpected noises, like a hysterical woman. My own theory is that the effect is produced mainly through the sight. You have to look straight ahead, but at the same time you see the things whizzing past on both sides out of the tall smoke eye, and it is as if something had hold of the optic nerve and was pulling it out like a rubber band. That's a pretty clumsy explanation, but it's as near as I can come to it. Many's the time I've staggered when I got up from my seat in the cab."

"That thing of staring straight ahead," continued the engineer, "is bound to get on any man's nerves in the course of time, particularly during night runs. One sees queer things, and I've had some scares in my life that would have turned my hair as white as milk if hair really turned white that way. The worst trouble is with shadows. It's no uncommon thing for a bird to fly across the headlight and throw a shadow down the track as big as a box car. Of course, it's gone in an instant, but in just that heartbeat the nerves have been given a shock that they may not recover from in a week. I've had that happen to me several times. I would be tearing along at a fifty-five or sixty-mile clip when all of a sudden something big and black would loom out of the dark right between the rails and not four telegraph poles ahead. Next second I would know it to be the shadow of a bird, but as far as I was concerned the mischief was already done. I had a vision of sudden death and a sledge-hammer blow on every nerve center in my system."

"The new electric headlights are worse than the others as spook producers. They cast such sharp shadows that a bug moving over the glass will make you think a cow is lying just in front of your pilot. I owe electric light bugs a number of grudges for little jokes of that kind. All engineers go through the same thing. The man who was never scared is a man who is careless of the lives entrusted to his vigilance, and such a fellow isn't fit to be in the business. These are things that make me doubt the practicability of 100 miles an hour and the possibility of 150. God help the engineer on such a train! He would go mad in a week."—New Orleans Times-Democrat.

John H. Adams of Homer dropped about two spoonfuls of gasoline into the bung hole of a cider barrel, with a view to burning out the interior. He touched a match to the vent, and has been unable to locate the barrel since. Mr. Adams is thankful that he has been spared to tell the story.

For the third time in two and a half years Minden City has suffered extensively from fire. The latest blaze was on Friday, when the store and entire stock of the Farmers' Mercantile Co. was completely destroyed. The loss is \$7,500, with but little insurance. Perhaps after the village has been burned out a few more times the residents will conclude that fire protection would be a good thing to invest some money in, but their experience up to date does not seem to have a convincing effect.

United States Chlory company's new factory at West Bay City has started operations. From the carriers the route goes to the washing machine, and from there to the dry kiln by means of an elevator. The fires in the kiln were started several days ago, hard coal being used, and from now on they will burn day and night during the next four or five months. Everything works very smoothly. The chlory as it goes to the cutting machine is as clean as if washed by hand. The roasting department will begin operations in about two weeks, when employment will be given to about thirty-five hands.

A youth aged seventeen years named Luma Hall attempted to commit suicide by shooting himself at Grand Rapids Sunday. He was living with his mother and stepfather and had no cause that could be assigned for feeling discouraged with life, but it was subsequently learned that while he was visiting at Benton Harbor some time ago he was brought under the influence of a colored hypnotist there and has ever since manifested symptoms of mental aberration. His mother says he was demented when he tried to take his life. The bullet entered at the temple and has not been definitely located, but the doctors think there is a chance for his recovery.

A smooth, well-appearing stranger struck Mt. Clemens a few days ago and called on ladies who were prominent in church affairs there. He said he was selling baking powder, and that if they would help him in selling 500 pounds at forty cents per pound the company he represented would give the churches valuable premiums in the way of dishes and silverware. The ladies took the matter up and disposed of the required amount in a hurry, the stranger taking care to collect the money for it in advance. The baking powder soon came and was delivered, but before the buyers had a chance to test its qualities the agent disappeared. Most of the stuff has gone out into the alley by this time and the ladies have about given up looking for the premiums they were to get.

At Hudson Sunday morning Dr. A. F. Brown, aged seventy-four years, was struck and instantly killed by a Lake Shore train. His home was near the railroad track and he had been in the habit of walking over to town along the track. On Sunday as he was taking his accustomed way to town a team became frightened at an approaching train and ran away. He stopped to watch the runaway team, paying no attention to the oncoming train. The engineer did all in his power to warn him and stop the train, but in vain, and he was struck and thrown several feet in the air and struck dead when the trainmen reached him. Both arms were broken in several places, the right ribs crushed and spine fractured. Dr. Brown practiced in nearly every state in the union and was a cancer specialist of great prominence. He leaves a widow and eleven children.

A Saginaw dispatch states that the small pox plague in Maple Grove township, Saginaw county, is proving more serious than had been anticipated. A week ago the supervisor of that township stated that the disease had been stamped out, that there had been twenty-six cases of a mild form, that schools and churches would resume sessions, and no further spread of the pest was apprehended. Two days later the board of health of the township fenced in seven roads and no one was allowed to pass in or out under penalty of prosecution. It is now stated that there have been forty-two cases in the quarantined district. Rumors are also that three children have died and were buried in the night. This is disputed by others who claim there has been but one serious case. The pest has spread to the adjoining township of Chesaning where it is said there are eight cases. The doctor infected is quarantined for the disease of six miles one way and two of another, yet people who live in the neighborhood of the quarantined district visit surrounding villages.

During the winter of 1897 Mr. James Reed, one of the leading citizens and merchants of Clay, Clay Co., W. Va., struck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whiskey in bathing it, but nothing gave any relief, until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have had to be amputated. Pain Balm is unequal for sprains, bruises and rheumatism. M'MILLAN AND RICH HERE.

Spend a Couple Hours in Marquette and Give Audience to Local Politicians.

SENATOR SAYS 'THERE IS NO POLITICS IN IT.'

Federal and County Office-Holders Pay Their Respects to the Visitors—Private Secretary Moore Is the Author of a Book.

M'MILLAN'S OLD STAMPING GROUND.

Senator McMillan, ex-Governor Rich and party spent a couple hours here yesterday afternoon giving audience to such of the local politicians as chose to call on them at the Hotel Marquette, where they made their headquarters during their brief stay in the city.

FAITHFUL FEW ON HAND.

The delegation which met at the depot was a small one and was without organization. The most conspicuous figure in it was the Hon. F. C. Chamberlain, the tall pine of the Gogebic.

Waiting at the hotel was a handful of other politicians, most of whom were acquainted with either the senator or the ex-governor. A little while later there was an exodus from the court house and all the county officials came over to pay their respects.

'NO POLITICS IN IT.'

They talked of various things, including some politics, though the senator would have it appear that this is a subject which is very far from taking his attention just now.

MOORE IS AN AUTHOR.

Secretary Charles Moore, who is one of the party, came from Washington to join. The secretary has just added authorship to his other bids for fame, and some time this fall the Harpers will put out a book by him entitled, "The Northwest Under Three Flags."

JOURNEY CONTINUED.

At 5 o'clock the special car which carries the party was hooked onto the west-bound train and the touring politicians carried up to Ishpeming, where they were entertained last evening.

WHERE IS IT AT?

Many Speculators Anxiously Inquiring Where the Bottom Really Is.

Anxious speculators figured out a long time ago that bottom had nearly been reached in the copper share market and they were talking hopefully of another boom to be experienced at this time.

Yesterday was another of those days when it pains long holders to look at the board. Everything went down except Baltic and Winona, and they were just enough to be taken for the exceptions proving the rule.

HERE'S WHAT'S WANTED.

A Citizen of Marquette Supplies the Information.

Over half the complaints of mankind originate with the kidneys.

A slight touch of backache at first. Twinges and shooting pains in the loins follow. They must be checked, they lead to graver complications.

The sufferer seeks relief. Plasters are tried, and liniments for the back.

So-called kidney cures which do not cure. The long-looked-for result seems unattainable.

If you suffer, do you want relief? Follow the plan adopted by this Marquette citizen.

Mr. Lewis Longtime of 116 Rock street, employed on the L. S. & I. R. R., says: "If I caught the least cold or did any heavy lifting I suffered from a bad attack of backache. I soon became tired from lying in one position at night and in the mornings I felt unwell."

Sold for 50 cents per box by all dealers, or mailed on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's, and take no other.

350, and Butte & Boston declined two to 67. Calumet & Hecla last five, closing at 74. Cochita went off 1 1/2 to 15 1/2. Isle Royale dropped one more to 36. Mohawk fell down 3/4 to 17 1/2, a new low mark for it.

The metal is giving the stock market no encouragement and for a week or more has been falling steadily every day. Hayden, Stone & Co.'s quotations on it yesterday were: Opening, 47 1/2, 18, 34 1/2; close, 47 1/2, 18, 34 1/2.

Paine, Webber & Co. said of the Boston market in their copper letter yesterday:

"Boston, Oct. 24.—The very sharp decline in Standard Oil coppers again today shows that one must have unlimited money to be sold out to follow them. There is no disposition yet to support them and buying orders are entirely absent. The New York market continues very firm and is a buy on reactions. Sales of active coppers Monday: Adventure, 150; Alouez, 75; Arcadian, 31; Arnold, 10; Ashland, 55; Baltic, 125; Bingham, 5,410; Boston & Montana, 119; Butte & Boston, 540; Cochita, 365; Copper Range, 250; Franklin, 50; Mohawk, 10; Michigan, 40; Old Colony, 200; Osceola, 25; Palmetto, 375; Quincy, 11; Rhode Island, 15; Santa Fe, 470; Tamarack, 370; Tri-Mountain, 220; United States Mining, 20,000; Utah, 420; Winona, 110; Wolverine, 58; Wyandot, 80."

What was on the decline yesterday as well as coppers. December went off a quarter to 70 1/2, while May declined 3/4 to 74 1/2.

TALLER THAN CHAMBERLAIN.

Boy Car Painter Can Give the Tall Pine Three Inches.

Hon. F. C. Chamberlain's towering height has given him the title of the "Tall Pine of the Gogebic," and it is the popular belief up here that he is the tallest man in the peninsula.

Mr. Chamberlain, who has been down from Ironwood a couple days, was one of the politicians gathered on the depot platform yesterday afternoon to await the arrival of Senator McMillan and ex-Governor Rich. While he was sauntering up and down the platform he found himself suddenly confronted by a boyish looking young fellow who was actually looking down on him.

The representative looked up and the tall boy looked down. Mutual smiles flitted over their faces. Mr. Chamberlain smiled for the absurdity of the thought that it was actually possible to find in Michigan anyone who could give him inches.

"How tall are you?" inquired Mr. Chamberlain, as he sized up the young stranger. "They call me the Tall Pine up here but I guess you are taller than I am."

"In six feet nine," answered the tall boy.

"Oh, then," said Mr. Chamberlain, "you can give me three inches."

It transpired upon further questioning that the name of the tall boy is Floyd M. Sanders and that his home is in Tawas, in the lower part of the state. He is nineteen years old and weighs but 168 pounds.

Sanders' size was very evident to everybody who saw how he overtopped Chamberlain, but it was still more manifest when he stood up alongside ordinary men. Peter Primeau is a pretty big man and measures six feet two and a half. Sanders stood nearly a head taller. Officer Charles Anderson with his five feet eleven looked actually short beside him.

Officer Charles Anderson with his five feet eleven looked actually short beside him. And as for Carl Rohl, who happened along while the comparisons were being made, he looked like a pigmy. He could have put on a stove pipe hat and passed under the tall boy's arm without endangering his headgear.

RACING MATINEE.

Two Match Races at the Fair Grounds Friday Afternoon.

There will be a racing matinee at the fair ground Friday afternoon and on the program are two match events which promise to be warm numbers. Three hundred dollars has been hung up in purses for the two events and the horsemen who have planned the matinee are looking for some first class sport.

The principal event will be a match race between Nellie R., owned by Robert French, managed by William Stewart and driven by Frank Shackett of Houghton, and Maud S., owned by G. W. Shaw and driven by William Menhennet of Chicago.

The second race is for a purse of \$100 and is between Dr. O. G. Youngquist's Bernuda Prince and William Fassbender's Joe. These horses were matched during the fair and the former took the race, but the owner of Joe is not satisfied with that as a test of speed and believes that under most conditions his horse will win out.

These races promise to be the best here this season. The track is in first class condition and if the weather is favorable those who attend will certainly see some good going.

MAY NOT BE BANKRUPT.

Timothy Duquette's Stock Said to More Than Cover Claims Against It.

Timothy Duquette, proprietor of the Hub clothing store, who was closed up by his creditors a week or two ago, may not be forced into bankruptcy by this action. It will be remembered that his creditors, a half dozen wholesale clothiers and gents' furnishers made applica-

tion to the United States court here and sought to have him adjudged an involuntary bankrupt. They closed him up, gave a bond for his protection and took possession of the store.

Yesterday an estimating committee composed of several merchants engaged in similar lines of business went through the stock and made figures on it. The lowest estimate given on the stock by any one of them is \$6,339, while the total claims against it, aside from a \$2,880 mortgage held by his wife, amount to only \$4,800.

The claim is now made by his attorneys that he cannot be declared a bankrupt, for his total assets, fairly valued, more than exceed his total liabilities, under which conditions the law does not permit a man to go either into voluntary bankruptcy or be forced into bankruptcy involuntarily.

The court has set a date in November for the hearing of the case, and should the judge not succeed in maintaining his position Mr. Duquette will have grounds on which to base a damage suit for a good sized sum, for breaking him up in business and impairing his credit.

WILL STAY AT HOME.

Marquette Fishing Tugs Will Not Leave State in Closed Season.

H. F. Handford and Captain John Parker got back yesterday morning from a trip to the head of the lake, where they went to look up fishing grounds and see if they could find suitable docks from which they could run their tugs after the first of next month, on which date the closed season for trout and whitefish sets in in this state.

This is the second year the closed season has been in effect. Under it all fishing for trout and whitefish must stop in the lake Nov. 1 and may not be resumed till Dec. 15, when it is so late it does not pay to put boats in commission again. Local fishermen in common with commercial fishermen all over Michigan regard the law a hardship, claiming it does not accomplish what it is intended to do while it knocks them out of two months profitable work.

DEER LICENSES ISSUED.

County Clerk Ross Has Calls for Three on the First Day.

Yesterday was the first day when County Clerk Ross would issue deer licenses, and three hunters applied for the documents. The first man to make application was Frank J. Pettee of the Pine River club. From now on the issue of deer licenses will be an important part of the business in the clerk's office. A number of affidavits are reported as already taken by up-the-road deputies but none of them were sent down yesterday afternoon.

CITY BREVITIES.

Weather forecast: Partly cloudy and cooler; west winds. Yesterday's temperature: 7 a. m., 67 degrees; noon, 72 degrees; 7 p. m., 63 degrees; maximum, 75 degrees; minimum, 63 degrees.

T. S. Oliver was up on business yesterday from Escanaba.

P. L. Higgins was here yesterday from Sault Ste. Marie.

Charles Spengler was in the city yesterday from St. Ignace.

Austin Farrell was up on business yesterday from Gladstone.

George H. Campbell of St. Ignace was in town yesterday for a few hours.

H. N. Morris of Munising was a business visitor in the city yesterday.

N. E. Roby of Calumet was down yesterday from the copper country.

William P. Powell of Menominee was a business visitor in the city yesterday.

Albert Wallace went up to Chassell yesterday afternoon to work on a bridge painting job.

Phillip Voetsch and P. R. McKenna of L'Anse were doing business in the city yesterday.

The steamer Continental came in with a load of coal yesterday afternoon. She is discharging her cargo at the Pickands dock.

George Gennell came back yesterday afternoon from a hunting trip down the line and brought a nice lot of partridge along.

Walter Fitch was down from Beacon yesterday. This was Mr. Fitch's first visit to Marquette since his miraculous escape in the mine accident and numerous ones of his friends took occasion to congratulate him upon his good fortune.

A Munising paper says that the Rev. H. J. Spencer, assistant rector at St. Paul's, has been assigned to look after the work in that place. The Rev. A. J. Brooks, formerly in charge of the Munising Episcopal church, has accepted a call to Gladstone.

The Ladies' Auxiliary to the Brotherhood of Locomotive Engineers will give its second annual ball in Fraternity hall Friday evening, Nov. 3. Music will be

furnished by the Ideal orchestra. Supper will be served by the ladies. Tickets will be fifty cents and a cordial invitation is extended to all.

W. J. Hanley and wife are spending their honeymoon at the Hotel Marquette. Mr. Hanley is a wellknown and popular conductor of the South Shore. His wife was Mrs. Geniveve Blair, who recently employed as cashier at the steam laundry in this city. The marriage was celebrated Tuesday morning in St. Ignace.

Mayor Neidhart got back yesterday from his Duluth trip. He says the people in the city at the head of the lakes are talking pavement. Mayor Trulsson is in favor of sandstone blocks but the newspapers and the public are standing out for asphalt. A good deal of cedar block paving which was on hill streets has been washed out by heavy rains this season.

Yesterday was a busy day in the marriage license line at the court house, no less than five of these documents being issued. They authorize the weddings of the following: William M. McLean and Susan O'Hara, both of Marquette; Charles Pyykkonen and Liina Majki, both of Ishpeming; Kanata Koikko and Mary Pesolo, both of Neegaunee; Jacob Johnson of Ashland, Wis., and Isabel Barry of Marquette; Constant Ozar and Anna Winkler, both of Marquette.

LIGHT AND POWER COMMISSION PROCEEDINGS.

(Continued from Page Two.)

Marquette Hardware Co. 3.04 Fay & Bricker 15.00

Total \$2,093.73

On motion by Commissioner Towar, a flat rate of ten dollars per month was fixed for alternating current upon the application of F. B. Spear & Sons 3rd inst. to run a 10 horse-power motor twice a week three hours.

On motion by Commissioner Towar, the following preamble and resolutions relative to the issue of bonds was unanimously adopted.

Whereas, in pursuance of Section 29 of Chapter 5 of the Charter of the city of Marquette as amended by Act number 373 of the Local Acts of Michigan of the year 1898, twenty bonds of the city of Marquette, each in the sum of five hundred dollars, amounting to ten thousand dollars were duly issued for Light and Power purposes, bearing date July 1, 1899, which bonds with interest thereon fall due July 1, 1899, and whereas by Section 17 of Act number 353 of the Local Acts of Michigan of the year 1897, it is made the duty of these commissioners to pay the principal and interest of said bonds; and

Whereas, these commissioners do not have funds on hand applicable there to and sufficient to meet said bonds or any of them, and will be unable to meet said bonds unless they issue new bonds in the place of the said bonds so becoming due;

Resolved, That for the purpose of meeting said bonds, and to take the place of said bonds so falling due, there be issued by these commissioners new bonds, twenty in number, each in the sum of five hundred dollars bearing date July 1, 1899, with interest at the rate of four per cent per annum, evidenced by coupons payable semi-annually; said bonds to be payable one-half on the first day of July, 1900, and one-half on the first day of July, 1904, to the payment of the principal and interest of which bonds at the office of the city treasurer, the faith and credit of the city of Marquette shall be pledged; and

Resolved, That the said bonds and coupons shall be in form and substantially as follows:

(Form of bond.) Office of the Light and Power Commission. Marquette, Mich., July 8, 1899. I do hereby certify that I have this day received from the Marquette County Savings bank twenty Electric Light Bonds of this city each for \$500 and bearing date July 1, 1899, and due July 1, 1899, and have duly cancelled each of the same and placed same in the files of this office. And I have also this day delivered to said bank in lieu of said cancelled bonds the twenty like bonds duly executed by this commission, countersigned and recorded by F. E. Bay, controller, authorized by this commission the 5th inst. and said bank has this day July paid to the city treasurer the premium thereon.

J. E. SHERMAN, Secretary.
