

# THE DAILY MINING JOURNAL.

NUMBER 4900.

MARQUETTE, MICH., SATURDAY MORNING, MAY 5, 1900.

PRICE FIVE CENTS.

## IT'S COLD!!

**B**UT our Soda is colder. Our Ice Cream is as good as it was last year—it could not be better—and our fruits and syrups are the best we can make or buy. We are running our Fountain and Store all night.

**The Stafford Drug Co.,**  
COR. FRONT AND SPRING STS.

**See** WHAT \$3.00 WILL DO.

We are showing the largest assortment of \$3.00 shoes ever shown in Marquette. All the new up-to-date styles.

Ladies' Vic-Kid, Welt Soles, Mannish Last, \$3.00  
Ladies' Russia Calf, Extension Sole, Mannish Last \$3.00.  
Ladies' 10-inch Bicycle Boots, Black or Tan, \$3.00.  
Ladies' Vic-Kid, 10-inch Walking Boots, \$3.00.

Call and look our shoes over; no trouble to show goods.

**GOODSPEED'S,**  
120 Front Street.

## Dewey

Wants To Be President,

But we want to call your attention to the fact that

## PIERRE'S COUGH CURE

is a specific for that Grippy Cough. For sale only at

**PENDILL'S PHARMACIES,**  
Cor. Front and Washington Streets  
and Superior Street, Opp. Depot.

## THERE ARE LOTS OF

## MEN IN THIS CITY

who, through habit, have come to the conclusion that if they want anything especially nice in the way of clothes, haberdashery or hats, they must send to the Metropolis for it. Now, for years we have worked hard to establish in this town a shop that would supply these wants of the most critical and difficult to please men.

In the Clothing Department,

we have succeeded beyond measure, with the Clothing of the STEIN-BROCH Co., Wholesale Tailors, Rochester.

Our Haberdashery Department

is replete with the most beautiful productions of the most fashionable neckwear, shirt and glove makers, and we show everything worthy in underwear, hosiery and the hundred and one other things which are usually found at a first-class New York Haberdashery establishment.

Our Hat Department

offers all the swell hatters' shapes in derbys, soft hats and straws, but at considerable lower prices than exclusive hatters can afford to sell.

All we ask of our fellow townsmen, is the opportunity to serve them. They will find by experience, that we can do so to their entire satisfaction, and in many cases at a saving to them at metropolitan prices.

**GOOD NG & ORMSBEE,**  
127-129 WASHINGTON ST.

## NOT HOW CHEAP, BUT HOW GOOD.

A COMPLETE NEW STOCK OF DRUGS, PERFUMES, STATIONERY, DOMESTIC AND IMPORTED CIGARS.

OUR PRESCRIPTION DEPARTMENT IS COMPLETE.

Prescriptions Our Specialty.

Each prescription is rechecked—no possible chance of error. Only the very best of drugs and chemicals used. Bring your prescriptions to the "New Drug Store." We can compound any doctor's prescription.

**S. B. JONES, "PEOPLE'S DRUG STORE,"**  
Manager.

S. W. Corner Front and Washington Sts. Successor to the Owl Drug Co.

## CANADIANS IN THE VAN

Head of Lord Roberts' Column Reaches the Vet River.

SOME MINOR SKIRMISHING.

Troops Now 53 Miles North of Bloemfontein and Expected to Push on Immediately.

NEARING THE STRONGHOLD

London, Friday, May 4.—The war office this evening issued the following from Lord Roberts, dated Brandfort, today:

"Mounted infantry have gone on to the Vet river. The rest of the force will march there tomorrow. The railway has been repaired to this point. "General Hunter reports very satisfactory news—that the passage of the Vaal has been carried at Windsorton without opposition."

Under date of Bloemfontein, May 3, Lord Roberts earlier in the day reported: "We occupied Brandfort today without much opposition and without, I hope, many casualties. The Boer army, under command of Delarey, retired in a northeasterly direction."

FIGHT WITH IRISH-AMERICANS.

London, Saturday, May 5.—4:30 a. m.—The mounted infantry with Lord Roberts, among which are the Canadians, have picked their horses on the south bank of the Vet River, eighteen miles north of Brandfort. The head of Lord Roberts' column has thus advanced thirty-two miles from Kamee Siding in two days, or fifty-three miles north of Bloemfontein. The British work was hard marching, the Boers retiring as the troops pushed on.

The correspondents supplement Lord Roberts' plain statement with a few details. As General Hutton, with the First mounted infantry brigade, drew near Brandfort, he saw a kaaki-clad body of troops ahead of him. He was surprised, but thought they must be British. Soon, however, they opened fire upon the British, who replied heavily. They were the Irish-American brigade from Lourenzo Marques, and it is reported the Irish lost heavily. A Boer flag was flying over Brandfort as the British entered the town. Several British wounded were found in the hospital. The Boer postmaster gave up the keys of the buildings to Captain Ross. Lord Kitchener, as well as Lord Roberts, has arrived at the town; the latter came about at dusk.

CAVALRY SWEEPING COUNTRY.

General French's cavalry is sweeping the country northward. The expectation is that the infantry advance will be continued toward Kroonstadt immediately. Although no prisoners were taken in this northward move and although no hot pursuit was attempted, the news greatly cheers London. Nevertheless it has not been received with the fine rapture that attended the first success of Lord Roberts.

General Hunter's crossing of the Vaal at Windsorton brings the relief of Mafeking, 195 miles beyond, almost within calculable distance. It is now regarded as quite possible that Mafeking may be succeeded before the queen's birthday.

In Natal, the Boers have shifted their guns on the range of hills facing the British in front of Elandsbaagte and have posted the Long Tom on a hill in the direction of Wessels' Nek. Wepener is to be garrisoned with a strong force from General Chermiside's division, commanded by Lord Castletown.

Henry F. Lucy, writing in The Daily News says, he has ascertained that Sir Alfred Milner's letter against ladies visiting South Africa was written as a result of an intimation from Queen Victoria.

BLOW FOR THE MINISTRY.

The debate in parliament on the Spion Kop dispatches proved a disappointment to the supporters of the government. The ministerial papers confessed to a certain amount of inconsistency and weakness in the statements of the spokesmen of the government. On the other hand, as The Standard points out, the opposition profess to be well satisfied with the debate, as they believe it has injured the government and has rendered Lord Lansdowne's continuance at the war office difficult.

The official gazette, issued last night, contains General French's report of the disaster to the Suffolk regiment on Jan. 5, which he attributes entirely to the fact that a majority of the four companies of the regiment were seized with a panic and retired. He pays a high tribute to the officers of the regiment and the men who remained with them.

TWENTY-FIVE BOERS NIPPED.

BRITISH UNDER HART SURPRISE ENEMY AT SMITHFIELD.

Allival North, Cape Colony, Thursday, May 3.—Smithfield was occupied yesterday by General Hart's brigade. Out of the 150 Boers in town twenty-five were captured the rest decamped. Ladybrand was recently full of Boers

wounded who have now been removed to Ficksburg.

THABANCHU FORCES RETREAT.

Thabanchu, Thursday, May 3.—The Boers have evacuated Thabanchu hill and are believed to be still trekking, though one gun has shelled the camp intermittently. Scouts report that some of the Boers have retired toward Wepener. They believe the Boers evacuated the position during the night, going northward in three directions. General French left today. General Rundle is in command here and it is expected that Colonel Brabant will effect a junction at any moment.

BIG GUN STARTLES BURGHERS.

METHUEN TOSSES 100-POUND SHELLS 7 1/2 MILES AT WARRENTON AND THE FEDERALISTS SKIP.

Warrenton, Cape Colony, Thursday, May 3.—The British six-inch wire gun opened unexpectedly on the Boer laager yesterday at a distance of seven and a half miles, throwing hundred-pound shells with wonderful accuracy and causing the hasty retreat of the burghers. The bombardment continued today at all points by howitzer and field guns, supported by two companies of the Munster regiment, the Boers being driven from shelter and their guns being put out of action.

FEDERALS WILLING TO QUIT.

BRITAIN'S CONSENT TO ARBITRATION ALL THAT IS NEEDED—WHY THE ULTIMATUM.

London, Saturday, May 5.—The Daily Express publishes an interview with Abraham Fischer, of the Boer peace committee, at Boulogne-sur-Mer before the Maasdam sailed for the United States. Herr Fischer said: "Our ultimatum was issued under the belief that our destruction had been determined upon. We believe all our concessions have been rejected and that nothing we could offer would prevent an attack upon us for the purpose of destroying our independence and seizing our territory. "Since then your prime minister has declared that you did not want our territory and your colonial secretary has told parliament that he intended, in his September dispatch, to accept nine-tenths of our conditions. If these concessions had been made in September, instead of October and November, we would never have formulated the ultimatum. "We will gladly consent to submit all questions and guarantee indemnity to the decision of any impartial tribunal. Grant us that and we will lay down our arms tomorrow."

KUMASSI CLOSELY BESIEGED.

UPRISING IN GOLD COAST COLONY STILL VERY SERIOUS.

London, Saturday, May 5.—A dispatch to The Daily Mail from Accra says: "The situation in Ashanti is still very serious. Kumassi is closely invested. It is reported that on April 27 fighting occurred between the hussars and Ashantis in which three white officers were killed or wounded."

GOVERNOR PENNED UP.

Accra, British Gold Coast Colony, May 4.—Sir Frederick Mitchell Hodgson, governor of the colony, is still at Kumassi and his stay probably will be prolonged until September on account of the state of the roads; his personal danger probably is minimized by diplomatic means. The telegraphic superintendent was wounded after repairing the line to a point within a few miles of Kumassi and communication is again stopped. More raiding in various parts of the colony is reported.

THEIR CLAIMS FAR APART.

FIGURES OF THE HANEY AND CARTER MEN ON COOK COUNTY DELEGATES DIFFER.

Chicago, May 4.—Just how the Cook county delegation will vote at the state convention at Peoria next week will not be known until its chairman answers on the first roll call. The claims of the Haney and Carter men are far apart and between them stand fifty-six doubtful votes, which may go either way. The Haney men claim that all these votes will be cast for their candidate as, in the event of their being for Carter, they would have been instructed accordingly. All the uninstructed men, they say, are for the regular organization. The Haney men claim absolutely 341 votes out of the 569 in the Cook county delegation, and say they will swing 350 when the vote is taken. The Carter men are not so specific in their claims, but say they will have a majority of the delegates.

MACHINE IN THE LEAD.

Later—At midnight the most careful estimate of the standing of the delegates is as follows: Carter, 229; Haney, 232; uninstructed, 39. Interest locally in the situation is intense, the county convention here today having adjourned over until after the state convention so that the nominations for state's attorney and all other important county offices are held up pending the settlement of the gubernatorial contest at the state convention.

GET \$15,000 OF PLUNDER.

COSTLY RAID BY PORCH CLIMBERS AT CHICAGO LAST NIGHT.

Chicago, May 4.—Porch climbers, in a raid upon the home of M. M. Munster, diamond broker, tonight secured plunder valued at nearly \$15,000.

BOLD TRAIN HOLD-UP.

Tacoma, Was., May 4.—After robbing five passengers on a Northern Pacific freight train near North Yakama last night six highwaymen compelled the victims to jump off the swiftly moving train that they themselves might be secure. The robbers secured nearly \$900, besides watches and jewelry.

## OTIS IS TO SAIL TODAY

MacArthur Assumes Military Command in the Philippines.

APRIL BAD FOR THE REBS.

Their Casualties 1,721 Besides the Loss of 1,209 Rifles, 30 Guns and Much Supplies.

"WAR AS GOOD AS OVER."

Washington, May 4.—In accordance with General Otis' request to be allowed to return to the United States, the war department today issued orders designating General MacArthur to succeed him in command of the Division of the Philippines. General Wheaton succeeds MacArthur as commander of the Department of Southern Luzon. General Otis sails tomorrow. The war department also today issued the following cablegram from General Otis: "The April captures from the enemy were as follows: Thirty pieces of artillery, twelve hundred and nine rifles, considerable ammunition and large stores of property. During the early portion of the month the enemy was active in the extreme northern and southern Luzon and some of the Visayan islands. Our reported losses for the month were thirteen enlisted men killed and three officers and twenty-four enlisted men wounded. The rumored recent loss in Samar of nineteen killed and a number wounded is not yet reported. This was due to small detachments scouting in the mountains in the interior of the island. "The enemy's losses are officially reported at seventeen hundred and twenty-one killed, wounded and captured. Leading Filipino express confidence in the early pacification of the islands. They say the war has terminated. Leading insurgents are surrendering."

MICHIGAN'S DEBATER THIRD.

NORTHERN ORATORICAL CONTEST IS WON BY NORTHWESTERN UNIVERSITY—DETAILS.

Madison, Wis., May 4.—Percy L. Thomas of Northwestern University won the Northern Oratorical league contest tonight. The Universities of Wisconsin, Michigan, Minnesota, Iowa, Chicago and Northwestern and Oberlin colleges were represented. Clarence E. McCartney of Wisconsin was second and George W. Masey of Michigan third.

MILWAUKEE MAN WINS THIS.

Oshkosh, Wis., May 4.—At the interstate oratorical contest at the Grand Opera House this evening delegates were present from Wisconsin, Illinois, Kansas, Missouri and Iowa. E. L. Chickering of Milwaukee won first place. Neil Whiteall of Warrensburg, Mo., second and Charles Whitten of Normal, Ill., third.

CORNELL A VICTOR.

Cedar Rapids, Ia., May 4.—Cornell won the fourth annual intercollegiate debate with Grinnell tonight, speaking of the meaning of "Recess." That the Constitution be so amended that the right of franchise be given to only those who can read the Constitution in some language."

FRANZ JOSEPH HONORS WILLIAM.

KAIHER APPOINTED FIELD MARSHAL OF AUSTRIA'S ARMY—THEY MEET AT BERLIN.

Berlin, May 4.—Emperor Francis Joseph of Austria has appointed Emperor William field marshal general of the Austrian army.

Emperor Francis Joseph reached the Potsdam station punctually at 10 a. m. today. His majesty's reception was strictly according to program. The weather was ideally spring-like and the whole city was in festal garb. The greeting between the two monarchs was cordial, the emperors kissing each other on both cheeks.

KILLS SELF AT MEMONINEE.

PRACTICAL JOKERS DRIVE P. HULUP TO HIS DEATH.

Memoninee, Mich., May 4.—Philip Hulup, in a fit of despondency, today shot himself through the heart. It is stated that two fellow workmen tantalized him with practical jokes. Warrants are out for their arrest.

PREACHER A MURDERER.

Charleston, S. C., May 4.—During a dispute over a fence at Bamberg today Rev. W. E. Johnson, pastor of the Baptist church, shot and instantly killed W. T. Bellinger, court stenographer. Johnson was arrested.

TEXAS POPULISTS SPLIT.

STORMY STATE CONVENTION, DOMINATED BY THE ANTI-FUSION FACTION, IS HELD.

Fort Worth, Tex., May 4.—The Populist state convention met here today and held a stormy session. About 350 delegates were present, but only sixty

nine of the 243 counties in the state were represented. The Cincinnati faction, or anti-fusionists, were largely in the majority. The convention would not listen to those favoring the Sioux Falls convention and the latter faction walked out of the convention. They did not hold a separate convention, being too few in number. The anti-fusionists adopted resolutions recognizing the Cincinnati convention "as the only regular authorized Populist convention" and instructing the delegates to attend it. Samuel Evans and J. M. Mallette were elected delegates-at-large.

Chicago, May 4.—Henry S. Boutillet was today nominated by acclamation by the Republicans to represent the Sixth congressional district in congress. The resolutions endorse the St. Louis platform and the administration of McKinley.

THOUSANDS CHEER DEWEY.

GREAT OUTPOURING AT ST. LOUIS IN HONOR OF THE ADMIRAL—THE DAY'S DOINGS.

St. Louis, May 4.—At 10:30 a. m. today a reception was tendered Admiral and Mrs. Dewey at the Merchants exchange by the members of that organization. While the admiral was being driven from the hotel to the exchange he was greeted with vociferous cheers by the crowds along the route. Upon the reaching of the destination, President Whitelaw, of the exchange, made a brief speech welcoming Dewey to the city. The admiral responded, assuring the members of his pleasure at being in the city. The party was then taken for a drive through the parks, and at two a reception was given the admiral at the University club, where luncheon was served.

CHILDREN GREET HIM.

Shortly after 3 o'clock the party was driven to the exposition building, where a public reception was held. For hours the crowd inside the building numbering fully twenty thousand, including ten thousand Sunday school children, had waited patiently the coming of the admiral, while other thousands who were denied admittance filed for blocks the streets leading to the building. The admiral was greeted with wild cheering by the crowd outside, but the real reception came from the children inside, who waved flags frantically and, led by a brass band, sang patriotic songs.

The two little children of Bandmaster Bufano presented to the admiral a silk flag with the words and music of "On Land and Sea" printed thereon and to Mrs. Dewey a portfolio of the songs of children printed on white silk. Taking the children in his arms the admiral kissed and heartily thanked them while thousands of less fortunate youngsters were looking on and in shrill voices yelled their delight.

PRESENTED WITH PUNCH BOWL.

The party was then driven to the Planters' Hotel, remaining in its apartments until eight, when a banquet was given at the Planters' and a magnificent silver punch bowl, the gift of the citizens of St. Louis, presented to the admiral. The banquet was one of the most elaborate ever given here, two hundred guests being invited. Rt. Rev. Bishop Tuttle made the presentation, the admiral simply thanking the people of St. Louis warmly for their kindness.

WALCOTT DEFEATS SMITH.

"MYSTERIOUS BILLY" AT LAST CONQUERED BY THE COLORED BOY—DECISION ON POINTS.

New York, May 4.—Joe Walcott and "Mysterious Billy" Smith fought twenty-five rounds at catch weights before the Broadway Athletic club tonight. Walcott got the decision. This was their fourth meeting. They fought two draws and Smith gained the decision the third time they got together. Smith did not fight with his usual snap and vigor tonight, but put up a very game battle.

Denver, May 4.—"Kid" Parker of Denver and Matty Matthews of New York fought a ten-round draw tonight at the Colorado Athletic club. Both were aggressive throughout.

Chicago, May 4.—Clarence Forbes and Maurice Bauch, bantams, fought a fast six-round draw at the Fort Dearborn Athletic club tonight.

MRS. RUSIE SECURES DIVORCE.

WIFE OF FAMOUS PITCHER FREED FROM MARITAL WOES.

Indianapolis, May 4.—Susie May Rusie secured a divorce from her husband, Amos Rusie, the baseball pitcher, this afternoon. Mrs. Rusie told the judge that her husband had today threatened her life and she feared he would attempt to kill her. Two patrolmen guarded Mrs. Rusie the remainder of the trial.

KILLED BY CAR IN DETROIT.

DR. E. E. VINCENT RUN DOWN WHILE RIDING A BICYCLE.

Detroit, May 4.—Dr. Edward Everett Vincent, surgeon of Lieutenant Peary's 1893 Arctic expedition, was run over by a street car and instantly killed today. Dr. Vincent was riding a bicycle and while endeavoring to escape a collision with a buggy rode across the track in front of an approaching car.

COL. SUTTON'S TRIAL ON.

NEW JURY SECURED IN THE MILITARY STEAL CASE.

Lansing, Mich., May 4.—A jury was secured this afternoon in the case of Colonel Eli Sutton of Detroit for alleged complicity in the state military frauds, and Prosecutor Tuttle made his opening statement.

DAILY MINING JOURNAL

A Morning Paper Published by the Mining Journal Co. (Limited) Issued daily except on Sundays. Contains Associated Press dispatches and is especially devoted to Upper Peninsula interests.

Subscription Rates: Per month, by carrier, \$1.00; Per year, by mail, \$10.00. MARQUETTE, MICH., MAY 5.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

The Mining Journal is pleased to know that the good sense of the Republicans prevailed to prevent them from allowing Stanley W. Turner to secure the place at the head of the party's managing committee in the state that he has been working so hard to capture for some time past.

The selection of Mr. Diekmann for the position of chairman of the state central committee was a wise one, and an excellent political move. To Game Warden Morse is due the credit for having started the movement to drop Turner and take Diekmann, and the success that attended it, no less than the good sense that dictated it, are evidence that the game warden is pretty cute in politics, as well as being a terror to violators of the state laws for the protection of game.

Alaska has been for years clamoring for congressional legislation to provide it with a government suited to its needs, and the prospect now is that it will get all the government it wants, if not a trifle more. It is to be provided with an elaborate civil code, and also made an independent military department. This department will be put in operation without delay, with General Randall in command and five companies assigned to service under him.

Some of the troops, accompanied by General Randall, have already started for one of the posts to be established, at Port Valdez, and the remainder will go out in June. One of the other posts will be at St. Michael and the third at Cape Nome, and post buildings will be constructed at each of the three points. Alaska's military establishment will not be extensive, but unless our Canadian neighbors in that region become too obstreperous it will be amply strong enough for present needs.

A report that there is trouble brewing in the Cuban province of Santiago, where it has been asserted that a revolt is liable to break out any day, is denied by General Wood, who avers that at no previous time since the occupation of Cuba by our forces has that province been so absolutely quiet and free from discontent as it is now. The Spanish consul-general at Santiago corroborates this statement. Speaking of the condition of the province, he said: "No agitation exists, and I do not believe that any will arise. So far as I can judge, the relations between the Americans and Cubans are most cordial."

Colonel Valente, formerly chief of the rural guard in the province, concurs in this view and scents the idea that there is any danger of an uprising of the natives. He has recently been over the entire province, and he says it "is as quiet as a New England village." This is cheerful tidings, for we certainly don't want a revolt in Cuba added to our other troubles at this juncture.

In its number for this week the Iron Age mentions as a notable event the capture by the Phoenix Bridge company of the contract for the great bridge over the St. Lawrence river, Canada, which will require 27,000 tons of steel. This is one of the largest bridge contracts ever placed. Proposals are now being invited on the approaches to the new East river bridge, New York, which will take about 18,000 tons of steel. Heavy quantities of pig iron for export are under negotiation, and possibly 100,000 tons may shortly be covered for foreign shipments. Sales of finished products have also been made for export to a considerable extent during the week. Prices are now approaching a level which is offering opportunities for the renewal of export business on dimensions which make the movement appear considerable.

The situation of the domestic market generally is a little less favorable than last week. Prices are yielding under the strain of the recent unfavorable developments, and a lower range of values seems to be assured.

General Greely, chief of the signal service of the army, was one of the speakers at the annual banquet of the Worcester, Mass., board of trade Tuesday night, and devoted part of his time to an attack on the organization of the army. He said that the men in the ranks are all right, but that the army is badly officered through political favoritism, which has placed incompetents in places of high responsibility, especially in the quartermasters' department. If this were not so, he declared, there would not have been so much delay and confusion when we were under the necessity of sending an army of 20,000 men to Cuba. General Greely's strictures on the organization of the army would seem to be unnecessarily severe, for our army officers have manifested conspicuous ability in many instances during our war with Spain, and since then in the Philippines, but there is some foundation for his criticisms, for there unquestionably is a good deal of favoritism shown in the filling of army positions.

Still, we question if there is a country in the world where many of the army promotions do not go by favor, and we believe merit wins in our army to as great an extent as it does in that of Germany, which General Greely cites as a model in organization and efficiency.

The Iron Ore Movement. Thursday's Iron Trade Review has this relative to the lake movement of iron ore and the outlook for the ore market: "The ore freight situation continues quiet. Shippers do not appear to need wild tonnage, and in Escanaba cargoes the daily rate has been below the contract rate thus far, 90 cents being done last week and on Tuesday a single small boat being placed at 80 cents. From the head of the lake there is little offering. Dock operations at Lake Erie ports are active, and the statistics of stocks remaining on dock May 1, when officially tabulated, are expected to show a relatively well cleaned-up condition. There is not the apprehension this spring that was generally expressed one year ago, as to the ability of the mining companies to meet the demand upon them. Stockpiles in the Lake Superior district have been growing at an unusual winter pace since Dec. 1, and mining forces have increased in numbers and efficiency in the past year. If calculations as to the ore movement from Lake Superior and Lake Michigan are realized there must be heavy selling of ore in the next six months."

A GORGEOUSLY GAUZY YARN. The Cleveland Plain Dealer has a special from a correspondent at New York which sets forth that prominent Democrats there are endeavoring to induce ex-President Cleveland to consent to have his name brought before the Kansas City convention with a view to having him again made the candidate of his party for the presidency. If the ex-president will not agree to come out openly as a candidate he is to be persuaded to at least consent to say that he will accept the nomination if it should be tendered him. With this assurance from him, the Democratic leaders will go to Mr. Bryan and endeavor to get him to withdraw in Mr. Cleveland's favor, and if Bryan refuses an effort will be made to carry the convention against him for the ex-president. The Democrats who are in this scheme say that Cleveland can be elected, and that he is the only man the Democrats can elect this year.

The eastern Democrats who dislike Bryan and chafe under his leadership of the party would go to great lengths to prevent him from being nominated at Kansas City, but if they are relying on any such plan as this for side-tracking him they are beguiling themselves with an absurd hope. In the first place, Bryan could not be induced to get out of the way for Cleveland, and in the second, even if he did his compliance with that request would not avail to make Cleveland again the party's candidate for president. For even should Bryan withdraw in his favor, Cleveland could not be nominated at Kansas City, as the convention will be constituted.

There is not a man who ever had prominence in the party more disliked by the rank and file of the Democracy today than is Grover Cleveland. He made a good president, but not the kind of a president the workers in the party wanted, so it turned out that he disappointed them and they learned to hate him viciously. Both his administrations were clean and vigorous, but there wasn't much chance under him for the mere place-hunters and office-brokers of the party. The public service was greatly improved and purified under his two terms in the presidency, but the condition of the more rapacious of the fellows who helped elect him was not bettered, and his name grates harshly on their ears ever since. That class of Democrats would sooner have McKinley elected again than have Cleveland chosen to succeed him, and there are going to be a good many of them in the convention at Kansas City as delegates. If Cleveland's name should be mentioned there as a candidate we venture to assert that it would be received with more hisses than cheers. But it will not be Cleveland's good sense and Bryan's ambition stand in the way of such a thing happening, and either would suffice to prevent it.

The Democrats who want to prevent Bryan's nomination will have to find some name other than that of Cleveland to conjure with at Kansas City. But they will not find a name that they can use with success. Bryan is their fate and they cannot escape him.

J. Q. Hood, Justice of the Peace, Crosby, Miss., makes the following statement: "I can certify that One Minute Cough Cure will do all that is claimed for it. My wife could not get her breath and the first dose of it relieved her. It has also benefited my whole family." It acts immediately and cures coughs, colds, croup, grippe, bronchitis, asthma and all throat and lung troubles.

SIDNAW BATCHES.

Fred Mead and wife are visiting relatives in town this week. Attorney Van Slyck is in Houghton on legal business this week.

James Robison of Champion called on old friends here last Saturday. H. C. Mead has returned from an extended business trip to Duluth.

Arbor day exercises were held at the Sidnaw school Friday last week. W. C. Campbell of Marinette, Wis., transacted business here Wednesday.

John Hanson has a crew of men at work on the bicycle boulevard and expects to have it completed the coming week.

Miss Minnie Mellinger, teacher in the primary department of our school, has found it necessary to resign her position owing to ill health.

Lynn D. Follett of the Mining Journal force stopped over in Sidnaw one day last week on a chase after a home-stead rainbow west of Ontonagon.

The Odd Fellows celebrated their eighty-first anniversary Sunday last by services at the Union church, where they listened to an address by the Rev. W. R. Fruit.

Mrs. Margaret Angood's many friends in this vicinity will regret to learn of her death, which occurred last week at Harper's hospital in Detroit, where she was receiving medical attendance.

Richard Hasbrouck, one of the editors of the Sidnaw Record, has just returned from Chicago, where he has purchased an entire new plant and expects to print the first issue of the new Sidnaw Record about the 15th inst.

A thoroughbred Jersey cow nicely crated was a part of the express dropped off at Sidnaw from Sunday night's train. The cow was billed to J. C. Corbin and has a pedigree longer than the new statement of taxable property now being filled out by property owners.

Kirk Pruik and Miss Ida Degarman, two of Sidnaw's most popular young people, were united in marriage at the home of the groom's brother on Foote street last Thursday evening.

Their numerous friends unite in wishing them all the success in their future voyage through life that should come to deserving people.

Those of our people interested in educational matters will regret very much to learn that Professor DeWitt has accepted a position at Michiganame for the coming year. The writer is informed by the school board that if Mr. DeWitt had talked the matter over with the board before accepting the Michiganame proposition, the board would have raised the Michiganame offer.

It seems that the vote to raise highway money by the people of Duncan township at the annual township meeting is to be treated as an illegal proceeding. How long the people of Duncan township will stand this sort of thing remains to be seen. The thing is that it is that when the "God of Israel" in Duncan township politics does come there will be a grand day of reckoning for all the sins of omission and commission that have been endured by a long suffering people in the east end of the township. It is quite likely that some will be heard on this highway matter after the assessment roll has been made and passed upon.

Without June freshets it is likely that enough logs will be hung up at North-western and Minnesota mill points to have some effect on the lumber market. The writer has just returned from a trip to Duluth, Stillwater, St. Paul and Winona, and in conversation with men who should know, learned that without heavy rains at least 150,000,000 feet of logs will be hung up on streams tributary to Duluth, and at least 75,000,000 feet will be hung up in St. Croix river, which is only one of the Mississippi tributaries. In figuring the effect of a log shortage on the lumber market, to be 225,000,000 feet which will be hung up at points named, without rain, should be added the loss of lumber and loss of mill capacity by the recent Ottawa fire, amounting to about 400,000,000 feet, or a total of some 600,000,000 feet, which does not take into consideration the shortage liable to occur at numerous small mill points throughout the upper peninsula, Northern Wisconsin and Minnesota, and which will likely produce a total shortage of not far from 700,000,000 feet of lumber in the total lumber crop of the northwest for the season of 1906. That may be counted on unless we have early and heavy rains.

How's This? We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Props, Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligation made by their firm. West & Traux, Wholesale Druggists, Toledo, O. Walding, Kinnear & Marvin, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Price, 75c per bottle. Sold by all druggists. Testimonials free. Hall's Family Pills are the best.

"LIFE RENEWER" FOR LADIES. Oliva Peterson, of Coldwater, Mich., writes: "I had not been able to sit up a half day at a time for thirteen years until I used the Mystic Life Renewer. It has cured me of nervous troubles, headache and a very bad stomach. It has helped me in so many ways, and cured me of afflictions that the doctors said could not be cured. The blessed Life Renewer has done more for me than all the patent medicines, doctors and Christian Science treatments combined. It is the most wonderful medicine I ever saw." Sold by Frank Pendill, druggist, Marquette.

To Cure Constipation Forever. Take Cascarets Candy Cathartic. 10c or 25c. F. C. C. Co. Full remedy, druggists or by mail.

HOTEL IROQUOIS, GUY D. WELTON, PROPRIETOR.

Sault Ste. Marie, Mich.

OVERLOOKING GOVERNMENT PARK, FAMOUS SHIP CANAL, LOCKS, BEAUTIFUL RAPIDS. Commercial Rates. Special Rates by Week or Season. Electric Lights, Steam Heat, Elevator, Private Baths.

WRITE TO GUY D. WELTON, SAULT STE. MARIE, MICH. (4-30-17)

Alf. Richards Co., Sault Ste. Marie.

Ashmun St., Soo, Mich.

The finest line of Neck Wear: The sweetest line of Clothing: The best line of Shoes; Bicycle outfits complete. The prices are right at the Busy Corner. (3-3-17)

W. L. Murdock is back from Buffalo. R. S. Donaldson of Detroit is in the city. W. L. Sherwood left yesterday for De Tour. Messrs. York and Gooding left last night for Marquette. George A. Hill arrived home yesterday from Bay City.

Harry Kemp leaves tomorrow for Seattle on his way to Cape Nome. Arlington street from Ashmun west is being graded preparatory to macadamizing.

S. W. Kirvan has had the glass tank in front of his Portage avenue store stocked with some good-sized trout.

The steamer Mascotte will make another trip to Point Aux Pins today at 1 p. m. to accommodate a Baptist picnic.

The tug Charles O. Smith brought in port yesterday the first tan bark of the season for the Northwestern Leather company.

Alf Richards has returned from a trip to the life saving stations and reports plenty of ice for forty miles along the shore west of Whitesport.

One of the dump cars of the E. D. Smith company caused the derailment of a Michigan Lake Superior Power company locomotive yesterday.

F. B. Atwood in a few days will commence to take out stone at his Drummond island quarry. He has a three-year lease on this property.

The season of herring and potatoes is over for the "Soos," and two cases of goat have already been reported at one of the hotels. The persons inflicted are not old-time "Sootes."

E. H. Forbes, local manager for D. Hammel & Co., is now located in the rear of the Arlington Hotel in temporary quarters. Mr. Forbes is trying to make terms with H. L. Newton for the erection of a stone sales stable and bar on Spruce street, corner of Oak.

One of the steam shovels of the E. D. Smith company working in sand just west of the Ashmun street bridge struck rock formation yesterday afternoon. The formation is thought to be only a few feet thick and as the excavation is almost to the grade at this point it will cause but little trouble.

One of the echoes of the election of 1888 is now reverberating in the justice court in a case wherein William Reule says Charley Andrews for \$10 for money borrowed and used for campaign purposes. One jury has dismissed and the case is again set for the 17th inst. It is a case of "anti-ring" versus "ring."

STATE OF MICHIGAN, [ss.] COUNTY OF MARQUETTE, I, George Barnes, cashier of the above named bank, do solemnly swear that the above statement is true to the best of my knowledge and belief. GEORGE BARNES, Cashier. Subscribed and sworn to before me this 1st day of May, 1906. J. F. KIRBY, Notary Public.

CORRECT-Attest: S. R. KAUFMAN, CHAS. MEESKE, GEO. BARNES, Directors.

NOTICE! To Wood Consumers: I now have on hand a fine lot of No. 1 1/2-in. Dry and Green Hard Body Wood; also 1 1/2-in. Dry Soft Wood which I am offering at market price. I also handle Brick, Pottery, Lime, Sand, Plaster and Cement; and do general team work. GEO. E. FRENCH, Marquette, Mich. Both Phones.

LIKE A

Like a flash of lightning, sudden and startling disease strikes down many a man. Yet there have been warnings upon warnings, unheeded. Food has lain like a heavy weight in the stomach after eating. There have been belchings, bitter risings in the mouth, nervousness, sleeplessness and growing irritability. Instead of listening to these warnings, recourse has been had to some of the nerve numbing palliatives that cover but never cure disease. Many serious diseases begin in a diseased condition of the stomach and organs of digestion and nutrition. For such diseases there is one medicine which rarely fails to effect a complete cure. Dr. Pierce's Golden Medical Discovery cures ninety-eight per cent. of all who give it a fair and faithful trial. It is a temperance medicine and contains no alcohol.

It was afflicted with what the doctors called nervous indigestion," writes Mr. Thos. C. Lever, Richmond Co., S. C. "I took medicine from my family physician to no avail. In looking over one of Dr. Pierce's Memorial Books, I found my case described exactly. I wrote to you and made a statement. You sent me a descriptive list of questions, also some hygienic rules. I carried those out as best I could, but though myself incurable as I suffered so much with pain under my ribs and an empty feeling in my stomach. At night would have cold or hot feet and sleep unusually. I was getting nervous and suffered a great deal mentally, thinking that death would soon claim me. Always expected something unusual to take place; was irritable and impatient, and greatly reduced in flesh. I could scarcely eat any thing that would not produce a bad feeling in my stomach. After some hesitation, owing to my prejudices against patent medicines, I decided to try a few bottles of Dr. Pierce's Golden Medical Discovery and 'Pellets.' After taking several bottles of each, I was improving. I continued for six months or more, off and on until I was cured."

Dr. Pierce's Pleasant Pellets are a positive cure for constipation.

**Copper Country Department**

CINCH THE POSTAL'S COMING.

WIRES NOW BEING STRUNG THE TELEGRAPH COMPANIES.

The wires strung on the long distance 'phone pole line up past Three Lakes are said by the telephone company to be the lines of the Postal Telegraph company. The Postal has at last made up its mind to reach out after business in the upper peninsula, and will first seek it in the copper country, where its wires will soon arrive. It has been in Marquette for years but has heretofore found it too expensive to reach out because all of the construction expense would have fallen on its shoulders alone. The copper country will welcome the Postal, for it is the more the merrier, although its service by wire is already very good.

**QUINCY HILL WILL BE EASY.**

**COPPERDOM STREET CARS TO BE AMONG MOST POWERFUL KNOWN—ANENT POWER PLANT.**

The installation of the power plant mentioned in yesterday's Mining Journal by the Street Railway company is but a starter in that enterprise and represents only its first "unit" of power, as it is known that by its power station will be so planned that this equipment, a direct connected 500 k. w. generator driven by a cross-compound Corliss engine of 750 horse power, with steam furnished by return tubular boilers of that capacity, will suffice for the road until its Calumet lines for local traffic at that end of the route are completed, when an exactly similar plant will be placed right alongside of the first and so the extension of the line can go on indefinitely, each addition being perfect in itself and able to act independently of the others. This is the latest practice in street railway construction and this first plant in itself outdoes anything of the kind on this peninsula. The cars will be among the most powerful known, each of those used for through traffic having 200 horse power in the shape of four fifty horse motors, two to the truck and one to each axle of the truck. This is four times the power of the cars which climb the 9 per cent grade on Front street at Marquette with such a rush and it can be safely put down for a starter that Quincy Hill will have no serious trouble for such cars will climb its heaviest grades as if running on level ground.

**BANNER THEATRICAL EVENT.**

"A CONTENTED WOMAN" AT HOUGHTON THURSDAY NEXT.

What promises to be the banner attraction of the season will be the engagement of Hoyt's "A Contented Woman" at the Armory Opera House, Houghton, next Thursday evening. "A Contented Woman," like all of Mr. Hoyt's plays, satirizes something, and the something this time is the much-talked-of "New Woman," who thinks in politics she is able to cope successfully with the sterner sex. How she goes to work, and the success of her attempt, is brought out with all the keen wit and native humor which distinguishes all the work of America's greatest writer of farces-comedy.

**OPERATIONS AT ARCADIAN.**

The Arcadian is now working its No. 1 and 2 shafts and A, the shaft on the Douglass property. It has not resumed work this season as yet on B shaft, which is on the Highland property and the most southern yet opened on Arcadian property. Work will not be resumed in this shaft, judging from the remarks of General Manager Leopold, until more drifting has been done in A shaft. The best rock at the mine is now coming from No. 1, which is looking very fine and at which a new shaft and rock house recently went into commission. At the mill two heads are running day times and one continuous.

**WILFLEY TABLES AT QUINCY.**

The Quincy is installing Wilfley tables as fast as it can do so without interfering with the work of the mill and the reports of the monthly product will hereafter be scanned with great interest as tending to show the results obtained by the new copper separating device. If any material increase in the monthly product is noted, other things being equal, it will naturally have to go down to the credit of the new tables as in months similar in the number of working days there is not much variation in the product in the long run.

**NEW TAMARACK HOIST.**

Among the many carloads of machinery now in the freight yards of the South Shore road at Houghton available for transfer to narrow gauge, are five from the Nordberg company containing pieces of the new auxiliary hoist for No. 3 shaft of the Tamarack mine. This hoist is identical in size and plan with those recently placed by the same company at the Osceola, Arcadian and Isle Royale mines.

**GOOD NEWS** comes from those who take Hood's Sarsaparilla for scrofula, dyspepsia and rheumatism. Reports agree that HOOD'S CURES

[The Mining Journal's copper country office, C. H. Kelsey, representative, can be reached at all times by calling any telephone No. 312, Houghton, by parties having business with the paper.]

H. H. Culver left yesterday for Marquette on business.

W. A. Burritt returned from his trip to Lansing Thursday evening.

Judge Halre left yesterday for Ironwood to visit his family over Sunday.

Miss Berg, a sister of Mrs. Dr. W. J. Spencer, arrived yesterday from Chicago for a visit.

T. E. Ford, route agent of the Western Express Co., was in the copper country yesterday.

Axel Anderson, the plasterer who was brought back from Mass. City insane, will be examined today.

J. P. Clarkson, of Prendergast & Clarkson, leaves for Marquette today on a short business trip.

John Stanton left yesterday afternoon upon his return to New York, going via Chicago on the St. Paul.

Otto Beecher returned to L'Anse yesterday after taking in "Who Is Who" at Houghton on Thursday evening.

A marriage license was issued yesterday to Fred A. Jordan of South Lake Linden and Lina Brunette of Lake Linden.

The regular colonist sleeper was cut off at Houghton yesterday and the fifteen immigrants who went beyond were moved forward into the smoker.

John Uren, who has been the chief of the artists behind the bar at the Board of Trade cafe, Houghton, left on Thursday afternoon for Spokane, Wash.

The Western Union's lake operator at Hancock has been on the sick list for a few days past and her place has been filled by operators from the Houghton office.

Maine lodge, Brotherhood of Locomotive Firemen, gave its annual ball at Calumet last evening and a special train was run for the accommodation of guests from Houghton and Hancock.

Sheriff Lean drove to Calumet yesterday to take charge of a woman who was sent home from the Newberry asylum about three weeks ago but who will have to return for further treatment.

Dame Rumor has it that a prominent Hancock merchant, who is now manager of a large mercantile establishment in Houghton county, is about to be married to one of Hancock's most charming daughters.

The sixth annual dancing party of the Michigan College of Mines last night at the Board of Trade cafe, Houghton, was a great success. The hall was very prettily decorated; great American flags hung across the center and ends of the hall, while the stage was set with a pretty parlor scene.

The Barber asphalt people have notified President Scott in Hancock that they have started a representative committee to confer with the Hancock committee regarding the contract for paving Quincy street, and also to advise as to the proper grade of the street with the city engineer, W. W. Stockley.

A meeting of the directors of the Copper Range railroad was held at Boston yesterday at which General Manager McKeever and Mr. Taylor of the Houghton offices were present. It is stated that the purpose of the meeting was to take formal action upon plans for the extension of the road to Calumet.

Columbia lodge, No. 114, C. P. of Entertainment delegations of visitors from Charity lodge of Calumet and Mineral Range lodge of Lake Linden on Thursday evening, the rank of knight being conferred upon a Houghton candidate. After the meeting all three lodges had an elaborate spread at the Board of Trade cafe.

"The wings of fame" is a current expression, but its best illustration heretofore is found in the fact that yesterday President F. J. Bawden, of the Houghton County Street Railway company, received a letter from Chicago addressed as follows: "Mr. Bawden, Promoter Houghton, Hancock & Calumet Electric R. R."

If some of the newspapers of the copper country would spend less time in assuring the people that the street railway is no fake and more in giving them the news as to its equipment and the fact that over half of the steel for its tracks is already on the way here, there would not be many left to regard the thing as a "bluff."

Henry Hallam, until recently head carpenter for the Champion mine, returned from Marquette yesterday. Mr. (Continued on Page Five.)

**NATIVE COPPER IN MONTANA.**

**FINDING OF A HUGE CHUNK CAUSES GREAT EXCITEMENT.**

Again the story of native copper being found in Montana bobs up, the Chicago Record publishing the following special order dated of White Sulphur Springs, Montana, May 2: "A couple of Finlanders yesterday found on the south side of Sixteen-Mile creek a huge, misshapen bowlder, or rough, unwashed rock, which proved to be almost pure copper. It was moss-covered and weather-beaten and for ten or fifteen years sheep herders have made it a rendezvous. The bowlder is estimated to weigh two tons. Great excitement exists over the discovery of the 'Finland copper,' the first ever found in Montana."

**C. & H. MILL EXPERIMENTS.**

No. 11 head at the Calumet & Hecla mills, which is used for experimental purposes and is being fitted with Wilfley tables in place of the finisher jigs and old style slime tables, will be ready to start up in a few days, probably running steadily from the coming Monday. In connection with the new tables a Woodbury separator is also to be tried with the head. This device, which is the invention of F. E. Woodbury, who has just resigned his position with the Calumet & Hecla company and is remaining only long enough to superintend the working of the new separator, is intended to separate the different grades of copper and sand as they come from the mortar under the head. Mr. Woodbury leaves for Milwaukee soon to take charge of the affairs of a company recently formed in that city, having mining properties on the Goebic range and in Mexico and Colorado as well.

**OPERATIONS AT ARCADIAN.**

The Arcadian is now working its No. 1 and 2 shafts and A, the shaft on the Douglass property. It has not resumed work this season as yet on B shaft, which is on the Highland property and the most southern yet opened on Arcadian property. Work will not be resumed in this shaft, judging from the remarks of General Manager Leopold, until more drifting has been done in A shaft. The best rock at the mine is now coming from No. 1, which is looking very fine and at which a new shaft and rock house recently went into commission. At the mill two heads are running day times and one continuous.

**WILFLEY TABLES AT QUINCY.**

The Quincy is installing Wilfley tables as fast as it can do so without interfering with the work of the mill and the reports of the monthly product will hereafter be scanned with great interest as tending to show the results obtained by the new copper separating device. If any material increase in the monthly product is noted, other things being equal, it will naturally have to go down to the credit of the new tables as in months similar in the number of working days there is not much variation in the product in the long run.

**NEW TAMARACK HOIST.**

Among the many carloads of machinery now in the freight yards of the South Shore road at Houghton available for transfer to narrow gauge, are five from the Nordberg company containing pieces of the new auxiliary hoist for No. 3 shaft of the Tamarack mine. This hoist is identical in size and plan with those recently placed by the same company at the Osceola, Arcadian and Isle Royale mines.

**GOOD NEWS** comes from those who take Hood's Sarsaparilla for scrofula, dyspepsia and rheumatism. Reports agree that HOOD'S CURES

**Becoming a Mother**

is an ordeal when a woman's approach with anticipation, for nothing can compare with the horrors of child-birth. The thought of the excruciating pain, the prospect of the mother of all pleasant anticipations of the coming event, and the prospect of a shadow of a doubt that cannot be shaken off.

Thousands of women have found safety in using Mother's Friend during pregnancy. Not only does Mother's Friend safely carry a woman through the perils of child-birth, but it is also greatly beneficial for the coming year, relieving nervousness, sickness, and other discomforts of this period. Sold by all druggists at 25¢ per bottle. Send for free booklet to THE UNCLE TOM'S CABBAGE CO., Atlantic, Georgia.

ST. PAUL AND MINNEAPOLIS.

MAKES RADICAL CHANGES IN ARMY.

Reorganization Bill is Passed by the Senate After but a Three-Hour Debate.

PUTS END TO THE LIFE STAFF JOBS AT WASHINGTON.

PROVIDES FOR ONE HUNDRED ADDITIONAL WEST POINT CADETS.

Promotion is Given to Miles and Corbin. A Veterinary Corps is Created and the Regimental Form of the Artillery Discontinued.

RETIREMENT FOR GENERAL EAGAN.

WASHINGTON, May 4.—Today's session of the senate was rendered especially notable by the passage, after a debate lasting only three hours, of the army reorganization bill. It practically revolutionizes the present staff arrangements of the army.

BLOW FOR BUREAUCRACY.

The measure proposes to change the present system of permanent appointments in certain staff corps to one of detail by gradual process. As the officers now in those corps are of active service and as vacancies occur in the departments of the adjutant general, the inspector general, the quartermaster general and the commissary general, they are to be filled by details from the line, the details to be temporary and not to exceed four years. The new system is not applied to the corps of engineers, the medical department, the pay department or the judge advocate general's department.

The bill discontinues the regimental organizations of artillery and establishes an artillery corps of two branches, viz: One hundred and twenty-six batteries of coast artillery and eighteen batteries of field artillery, with a total of 17,488 men.

100 MORE CADETS.

It provides for an increase of a hundred in the corps of cadets at West Point—two at large from each state and ten more to the present number of twenty from the United States at large.

The rank of the commanding general of the army is raised to that of lieutenant general and that of adjutant general to major general, the latter being during the incumbency of the present adjutant general, General Corbin.

The president is empowered to place on the retired list any officer who has been suspended from duty by a sentence of court-martial or by a legislative order, in mitigation of such sentence for a period extending to or within one year of the time of his compulsory retirement for age. This is well understood to apply to Commissary General Eagan.

PLUMS FOR HORSE DOCTORS.

An amendment creating a veterinary corps for the army was attached to the bill after a spirited debate. It provides that the corps shall consist of a chief veterinarian with the rank, pay and allowances of a colonel of the army, an assistant chief veterinarian to rank as major, four veterinarians with the rank of captain of cavalry and twenty assistant veterinarians with the rank of second lieutenant of cavalry. Provision is made for the examination and for the retention of the present veterinarians if they pass. The chief veterinarian is to report directly to the secretary of war.

Senator Sewell offered an amendment,

which was agreed to, providing for one chaplain for each cavalry regiment and one for each infantry regiment to have the rank, pay and allowances of captain. The office of post chaplain is abolished and the officers now holding commissions as chaplains shall be assigned to regiments.

The fortifications appropriation bill, carrying about \$7,500,000, was also passed.

The senate, after a short executive session, adjourned until Monday.

DAY IN THE HOUSE.

The house made fair progress today with the sundry civil bill, completing seventy-three of the 132 pages. Much of the time today was consumed in an effort by the members of the naval committee to cripple the coast and gulf survey in retaliation for the refusal of the house to agree to their recommendation when the naval bill was before the house to place the survey of the waters of our insular possessions in the hands of the navy. They tried to strike out the item in the bill authorizing the coast survey to survey the coasts in the jurisdiction of the United States, but were defeated. They made a point of order hold against a new vessel for the survey and against the appropriation of \$182,745 for enlisted men on the survey vessels, but the latter appropriation went back in the bill in another form.

DOLE APPOINTED GOVERNOR.

LATE PRESIDENT OF HAWAII IS CONTINUED IN OFFICE.

Washington, May 4.—The following nominations were sent to the senate today by the president: Sanford B. Dole, Hawaii, to be governor of Hawaii.

Henry I. Cooper, Hawaii, to be secretary of Hawaii.

COUER D'ALENE INQUIRY ENDS.

The taking of testimony in the Couer d'Alene investigation closed to-night after having continued uninterruptedly since February. Captain Lyons closed the testimony for the defense. After hearing some rebuttal evidence both sides rested and the committee excused all witnesses. On Monday the arguments of counsel will begin.

BAD FOR GOEBEL PLOTTERS.

EVIDENCE THAT THE FATAL SHOT CAME FROM THE SECRETARY OF STATE'S OFFICE.

Frankfort, Ky., May 4.—During the hearing of the evidence in the Cullon case today, Captain Howe of Barboursville testified that Caleb Powers, ten days before the assassination, tried to get him to bring his company to Frankfort disguised as citizens.

Colonel Jack Chin stated that he was sure the shot that hit Goebel was fired from the executive building.

Ed Steete thought that he saw a barrel rifle pointing out of the window of the office of the secretary of state after Goebel was shot. The rifle was drawn in and the window closed.

Wade Watts, a bootblack in the basement of the executive building, saw Youtsey running through the basement after the assassination.

GUN IN HIS HANDS.

McKinzie Todd, private secretary to Governor Taylor, saw Youtsey in the office of the secretary of state prior to the assassination. Youtsey took a position near the window, with a gun in his hand. Youtsey said he thought there would be trouble in the legislative building and that "if it started he wanted to be prepared."

Assistant Secretary of State Matthews said he was in the governor's reception room when the assassination occurred and thought the shot came from between the two buildings. He started out and met Henry Youtsey, who was coming in with a revolver in his hand. Matthews with several others tried to get in the secretary of state's office, but found the door locked and then crawled through the transom. A rifle was lying by one of the windows and two other rifles also were in the room. He examined them and was positive that two were loaded, but was not sure as to the other one. The extreme west window was raised about four inches when he inspected the room.

PARDONS FOR ACCUSED.

It developed during Matthews' testimony that Governor Taylor had issued pardons to John Powers, Whittaker, Finley and Cullon, as well as to Caleb Powers and Captain Davis.

GILBERT THE BEST SHOT.

Springfield, May 4.—At the Illinois Gun club's tournament, which closed today, the principal contest for the Shelzer trophy, a silver cup, was won by Fred Gilbert of Spirit Lake, Ia., who scored ninety-seven out of a possible 100. Crosby scored 92, Helkes and Kline 91 each and Marshall and Elliott 90 each. The previous record was ninety-six birds, by Budd of Des Moines.

WRECKERS BLAMED.

Pittsburg, May 4.—A westbound passenger train on the Baltimore & Ohio was wrecked this evening near Gastonville. Track Inspector Horan was instantly killed and Fireman Lytle and Engineer McBurney probably fatally injured. None of the passengers were hurt. It is believed to have been the work of wreckers.

BODIES FOUND IN A SEWER.

Chicago, May 4.—The bodies of Samuel and William Farrelly, father and son, were found today in a sewer west of Second street. It is thought they were overcome by gas while cleaning the sewer Wednesday.

SMALL-POX AT COLLEGE.

Indianapolis, May 4.—Small-pox has broken out at Butler college, five young ladies being afflicted.

OBITUARY.

Indianapolis, May 4.—President Bogart of the Jenny Electric Manufacturing company, dropped dead today from heart failure.

Indianapolis, May 4.—General Nicho-

las R. Ruckie, a prominent citizen, died today. He made a gallant record in the War of the Rebellion and was a thirty-third degree Mason.

Santa Barbara, Cal., May 4.—Benjamin Douglas, a prominent citizen, died today from apoplexy, aged eighty-four. He founded the business now operated by R. G. Dun & Co.

FIVE SAILORS DROWNED.

BRITISH STEAMER VIRGINIA WRECKED AT CAPE HENRY.

Cape Henry, Va., May 4.—The British steamer Virginia, Captain Charles Samuel, from Cuba for Baltimore with a cargo of iron ore, carrying a crew of twenty-six men, stranded on Diamond shoal Wednesday evening during thick weather. One boat with fifteen of the crew got away, but the other boat was swamped and six men were drowned. The remaining five got back to the steamer and were rescued this morning by life savers.

CUTTING WIRE PRICES.

CANADIANS THROW DOWN THE GAUNTLET TO OUR MAKERS.

Montreal, May 4.—The managers of the Canadian rolling mills some time ago decided to make a bid for trade in the United States market, and as a result considerable business has been done by them with the jobbers of New York and other American cities. The American Wire trust threatened reprisals unless Canadians withdrew from the American market. As the Canadians declined to do this the American trust invaded Canada, and has been sending large quantities of its goods into the country with the jobbers of New York and other American cities. The American Wire trust threatened reprisals unless Canadians withdrew from the American market. As the Canadians declined to do this the American trust invaded Canada, and has been sending large quantities of its goods into the country with the jobbers of New York and other American cities. The American Wire trust threatened reprisals unless Canadians withdrew from the American market. As the Canadians declined to do this the American trust invaded Canada, and has been sending large quantities of its goods into the country with the jobbers of New York and other American cities.

LOOKS BAD FOR QUAY.

INDICATIONS ARE THAT HE WILL NOT CONTROL THE NEXT PENNSYLVANIA LEGISLATURE.

Philadelphia, May 4.—Thirty-four of the counties in this state in which Republican primaries have been held and candidates for representatives in the legislature nominated were represented as follows in the last legislature: Quayites, 50; anti-machine, 18; Democrats, 25. The nominations made in the same thirty-four counties indicate that in the coming legislature they will be represented as follows: Quayites, 32; anti-machine, 37; Democrats, 24.

Despite the denials of the members of the Quay machine, whose continuance in politics depends entirely upon the ex-senator's success, the opinion is growing that the Beaver man will not be a candidate for senator before the next legislature, and that he will now devote his energies in the direction of trying to force the election of someone of his selection. It is announced that Mr. Quay will take up his residence upon his Lancaster county farm and that the campaign he expects to wage will be directed from that point. The impression that Mr. Quay will not again be a candidate for senator is based upon the fact that he has no show of election.

BASEBALL SCORES.

Table with columns: National League, Runs, Hits, Errors. Rows include Boston, Philadelphia, Baltimore, Chicago, Cincinnati, New York, Brooklyn, Pittsburgh.

Table with columns: Runs, Hits, Errors. Rows include Minneapolis, Milwaukee, Cleveland, Detroit.

PHILADELPHIA BANKS MERGE.

Philadelphia, May 4.—The City National bank, one of the oldest and best known financial institutions of this city, was today merged with the Philadelphia National bank.

TODAY'S WEATHER.

Washington, May 4.—The following is the weather bureau's forecast for Upper Michigan: Fair and warmer Saturday and Sunday; winds shifting to fresh southerly.

SIXTY-TWO FUNERALS HELD.

Scotfield, Utah, May 4.—The funeral of sixty-two of the victims of the mining horror were held today. Five additional bodies have been recovered from the workings.

MOTHER AND BABY BURNED.

Dubuque, Ia., May 4.—Mrs. Wolfhouse was probably fatally burned and her baby seriously injured by the overturning of a lamp tonight.

LYNCHING IN GEORGIA.

Douglas, Ga., May 4.—Marshall Jones, a negro, implicated in the murder of Allen Crosby, white, was taken from jail tonight and lynched.

Flee into the desert of forgotten things, thou foul substitute. Thou hast become a blot upon the world's happiness. Genuine Rocky Mountain Tea, made by the Madison Medicine Co. The Stafford Drug Co.

FLAMES WIPE OUT A MINING TOWN.

Confignation Lays in Ashes Practically All the Buildings at Sandon, B. C.

LOSS WILL EXCEED A QUARTER OF A MILLION.

FOREST FIRES BECOMING ALARMING AT WAUSAU, WIS.

Pain Alone Will Prevent Destruction of Valuable Standing Timber—Summer Villa: at Newport Burns Down: Worth About \$200,000.

COSTLY HAVOC BY THE FIRE FIEND.

Victoria, May 4.—Sandon, a British Columbia mining town, was all but obliterated by fire today. The big Recor Hotel and the Canadian Pacific railroad station were among the first buildings to go down and, fanned by a strong wind, the fire climbed up the hill to the residence portion of the town.

LATER the loss will exceed a quarter of a million. The fire, which started in the Harris block, Ech Hotel, Goodenough Hotel, Atherton block, Bank of British Columbia, two churches and eighty dwellings. So narrow was the basin which constituted the town-site that only one long narrow street could be laid out, and when the fire started it was a foregone conclusion that the entire town would be destroyed. The mines had just started up after a nine months strike.

Wausau, Wis., May 4.—The forest fires which have been raging in the woods surrounding the city the past week are becoming more alarming and rain is anxiously looked for to check the destruction of valuable standing timber.

Newport, May 4.—The summer villa of Wm. S. Wells of New York burned tonight. The loss is estimated at \$200,000.

FIGHT ON AMUSEMENTS.

IT FORMALLY OPENS AT THE M. E. GENERAL CONFERENCE.

Chicago, May 4.—The devotional exercises beginning the third day's session of the Methodist general conference were conducted by H. J. Cozine, of the Puget Sound University, while Bishop H. W. Warren presided over the business session.

The reports of the various committees for the past quadrennium were submitted to the conference. A memorial resolution on the amusement paragraph of the book of discipline were presented recommending that no material change be made in the paragraph forbidding dancing, theater going or other diversions under the Methodist ban; both were referred to the committee on church.

EPWORTH LEAGUE STATISTICS.

The report of the Epworth league set forth that the past quadrennium had been marked by an advance movement on practically every line of its work. On March 1, 1900, there were 1,991 chapters, with a membership of over 1,350,000. In the Junior league there were 7,057 chapters and a membership of more than 400,000. The total membership is, therefore, 27,048 chapters and about 1,750,000 members. There has been a rapid increase in the membership in 1900, especially in the Junior league chapters. A growing spirit of fraternal good will and co-operation between the Epworth league and the Christian Endeavor and the young people's societies of other churches is shown.

The shoe and leather trade at the East is notably quiet, while the situation in iron and steel is still a mixed one. No diminution of the strength of pig iron is reported at such centers as Birmingham and Pittsburg; some cutting of pig iron prices is reported at the West however.

The wheat shipments for the week aggregate 4,537,000 bushels, against 3,840,000 in the week of last year; these of corn total 3,411,000 bushels, against 2,847,000 a year ago.

The total of the bank clearings at the principal cities of the United States for the week is \$1,845,882,647, a decrease of 14.5 per cent compared with the corresponding week of last year.

CHICAGO GRAIN MARKETS.

Chicago, May 4.—There was little news and a very moderate trade in wheat today, the range of receipts within 300,000 bushels. The feeling was a little unsettled, but the close showed May up 1/2% and July 3/4% higher. The cables were easy, the Northwest receipts liberal and the shipments from Argentina fairly free, which, with the break in corn, caused a rather bearish sentiment at the first. Spot at Liverpool was unchanged to 3/4 penny lower, with the futures off 1/2%.

The report of the trustees for the four years showed receipts of \$129,575 and disbursements of \$108,966, the cash on hand being \$11,609. The accepted trusts and bequests now amount to

\$266,477, as against \$128,263 four years ago.

CELEBRATIONS INAUGURATED.

STATE OF THE NATION'S TRADE.

HOW DUN AND BRADSTREET'S SUM UP THE SITUATION.

New York, May 4.—R. G. Dun & Co.'s Trade Review tomorrow will say: "The failure returns for April are especially interesting because they show that there does not exist in the most important branches of business conditions which threaten disaster.

The reduction in the prices of iron and steel and their products has gone far enough to bring on much new business. At the end of last week cut nails were reduced 45 cents per keg, and in plates and bars somewhat lower prices have been reported. The prices for sheets have not yet been named, but in pipes and tubes there is some yielding, with a larger business in fence and other wire since the reduction of a sale of Bessemer pig is reported, the association still asking \$21.90, while Eastern pig is offered at Pittsburg below \$23, local forge lower, at \$20, with Eastern at \$19.75.

The close of the wool year has come without the scarcity which some expected, but with the average of quotations by Coates Bros. reduced in April about a cent. The sales have been small, yet much in excess of the purchases for consumption. The manufacturers have so far refrained as to show that they had much better supplies six months or a year ago than the dealers were willing to believe. The market for goods, excepting the most favored staples, has been so far unsettled and irregular as to give small encouragement for buying wool at current prices. Cotton goods also show similar weakness in transactions for future delivery, and the new business is narrow.

AS NOTED BY BRADSTREET'S.

Bradstreet's tomorrow will say: "Further subsidence in demand and of the level of prices is noted in several lines this week, the process being no doubt aided by the unsettling effect of the rather more than usually disturbed conditions in labor circles. The net result is something approaching dullness in many channels of distribution, an increase in conservatism in the making of ventures and a disposition to digest the business already arranged for before making new engagements.

"The basic conditions of general business, such as the outlook for crops, the export demand and the increased purchasing power of the people at large, have not been much affected, but on the contrary are actually improving. Seems evident from the advices received this week. Business at wholesale is relatively quiet, which is not unusual at this period; but more than ordinarily marked attention is being concentrated upon the demand for iron and steel, of course, relied upon as a measure of the progress of actual consumption. Touching this particular demand, it may be stated that relatively the best reports come from the Pacific coast and from the Northwest.

"Good crop prospects and the weakness in provisions, charged partly to increased receipts, but also attributed to bear operations by packers, have exercised a depressing effect upon corn and to less extent upon wheat.

"The weakness of print cloth is confined as yet to outside manufacturers' quotations, the pool prices being maintained unchanged. No reports from this source or of the dullness at wholesale in cotton goods are reflected in the market for raw material, which remains strong owing, partly, to a reduced movement of the crop, the April movement being 14 per cent smaller than a year ago, and partly to the expected small surplus to be carried over to next season.

"The shoe and leather trade at the East is notably quiet, while the situation in iron and steel is still a mixed one. No diminution of the strength of pig iron is reported at such centers as Birmingham and Pittsburg; some cutting of pig iron prices is reported at the West however.

"The wheat shipments for the week aggregate 4,537,000 bushels, against 3,840,000 in the week of last year; these of corn total 3,411,000 bushels, against 2,847,000 a year ago.

The total of the bank clearings at the principal cities of the United States for the week is \$1,845,882,647, a decrease of 14.5 per cent compared with the corresponding week of last year.

RANGE OF MONEY RATES.

New York, May 4.—Money on call, steady, at 3 1/2% per cent; last loan, 2%. Prime paper, 2 3/4% per cent. Exchange, firm, demand at \$4.85 and sixty days at \$4.84 1/2.

A VALUABLE WILD BEAST.

The Gorilla is Hard to Capture and Always in Demand.

"At the present time there is no wild animal in such great demand for exhibition purposes as the gorilla," said a dealer in all kinds of wild beasts in New York to the writer the other day. "A full grown gorilla stands about four feet six inches high and is worth from \$1,200 to \$1,500. They sell easily for such prices, owing to the fact that they are rare and very difficult to capture. Chiefs in the interior of Africa have been offered large sums if they would succeed in catching one of these beasts. Numbers of little gorillas have been captured at various times, but they have always pined away and died in a short time. The chief difficulty about the capture of the gorilla is that he lives in very unhealthy districts where fevers prevail.

"A white man has to fight the climate as well as the animals. In addition to the well known ferocity of the gorilla he is regarded with a superstitious awe by the natives, who have a legend by the effect that this terrible beast carries away the women to the jungles.

CATARRH OF THE STOMACH.

Rabbi David Klein, 526 E. Main street, Columbus, O., writes the following to Dr. Hartman in regard to Pe-ru-na: "It affords me great pleasure to testify to the curative merits of your medicine. Pe-ru-na is a well-tried and widely used remedy. Especially as a specific for catarrh of the stomach it cannot be excelled. Pe-ru-na will do all that is claimed for it."

Rabbi David Klein.

People afflicted with catarrh of the stomach complain of lassitude, all-tired-out feelings, their blood becomes thin, nervous system deranged, food seems to do them no good, continuous and increasing weakness. The unfortunate

victim wonders why he should be so weak, why his food gives him no strength, why his blood should be so thin.

Mr. Alex. Carter of Van Buren, Carter Co., Mo., says: "I had been troubled with dyspepsia and indigestion since 1879. The best physicians in the country could do no good. I visited the Mullanphy hospital in St. Louis and received no benefit. The attending physician told me I had narrowing of the outlet of the stomach, and the only remedy was to have it cut out, which I refused to have done. I then visited West Baden, Ind.; Las Vegas Hot Springs, New Mexico; Sweet Springs, Mo., and Manitou, Col. I also took a great many different kinds of medicine recommended for dyspepsia, but found no relief. Last February I read a testimonial for Pe-ru-na in the Central Baptist that suited my case and I determined at once to try it. I have taken two bottles of Pe-ru-na and four of Man-a-lin, and I feel like a new man. None of my friends believed I would get well. I would not take any money for the good your remedies have done me." In catarrh of the stomach, as well as in catarrh of any other part of the body, Pe-ru-na is the remedy. As it has often been said, if Pe-ru-na will cure catarrh of one part, it will cure catarrh of any other part of the body. "Summer Catarrh" sent free by Pe-ru-na Drug Mfg Co., Columbus, O.

COPPER COUNTRY NEWS.

(Continued from Page Three.)

Hallam has resigned his position with the mine to enter the contracting and building business again at Houghton. During his visit in Marquette this week Mr. Hallam purchased the residence property of Nate Quarters on Hewitt avenue, a very pretty residence in one of the best residence parts of the "Queen City."

Mr. and Mrs. James Sinclair left for Marquette yesterday. Mr. Sinclair having completed his superintendency of the construction of the Houghton High school and starting Monday for Newberry to act as superintendent of construction for the state on the two cottages Lipsett & Gregg are to build there this season. Mr. Sinclair leaves Albert Hall in charge of the work at the Houghton school in his place; Mr. Hall is the head stone cutter there now.

Deputy Sheriff MacNamara took his insane man to Calumet for examination yesterday. He had quite an experience getting the fellow. The first night he slept in a railroad station house, but on the second he was caught out in the woods and had to camp by the side of the trail, which is no fun in a Lake Superior May. While out on this trip Mr. MacNamara ran across several traces of Sullivan and Connors, the two men who skipped with \$150 which they had stolen from Mrs. Remfy's saloon in Laurium.

"Who Is Who" played to a crowded house at Houghton Thursday night and to a good house in Lake Linden last night and at both places gave splendid satisfaction. Everything about the farce moves with a rush and at Houghton the actors had at one time a hard task of it to choke off demand for a repetition of some of the specialty work which had caught the fancy of the audience and had already been repeated several times. The copper country passes the play on to the iron country with nothing but good words for it.

Friction is said to have broken out between the management of the Knudsen-Ferguson company, which has in charge the hauling camps on the line of the Copper Range road, and Charles J. Johnson, the "Yarlie Yonson" of "The Dirt Digger," as the railway construction men's paper is known. Mr. Johnson has the contract for the work upon the Copper Range, but his men are fed in the camps under the Knudsen-Ferguson company's management. Mr. Knudsen is expected to arrive here from Duluth at once in order to straighten out the tangle.

Red Jack's town hall, which is now nearing completion after all the changes incident to the erection of the opera house in connection with it, will be opened for the first time for a social entertainment on Friday evening, May 11, when the "Clerks' Social Club" will give a party there for the benefit of the Firemen's tournament fund. The first party given under the auspices of this club was such a success that the opening of the new hall can be set down in advance as one of the banner social affairs of the year in Calumet.

The Calumet & Hecla orchestra will furnish the music.

The public is not interested in the internal dissensions of the Houghton Light Infantry, but the boys, or some of them at least, are apparently determined that the world at large shall give attention to the washing of their company linen. The recent scrape in the company simply solidified public sentiment in favor of the commanding officer and should result in the obstreperous members being fired bodily from the organization, as their conduct is tending to bring the company name into disrepute and ultimately to render it impossible for Houghton to retain its place in the state militia.

Andrew Fransen of Sanford, Midland county, committed suicide Thursday by shooting himself with a revolver. He fired five shots, three of which took effect, one setting fire to his clothing. The deed was committed in his room, to which he retired after having done the morning chores, locking the door so that he could not be interfered with. When the door was broken in by a neighbor who was summoned by the family he was dead, and the bloody pistol, reloaded, was lying beside his body.

The colored coachman employed by President Ansell of the state university, Sam Bayless, bought a house recently, and moved it to a vacant lot which he had purchased Wednesday. The building was ready to be set upon the foundation walls Wednesday. Thursday night somebody placed some dynamite under the house, and then attempted to blow it into the next county. The explosion was terrific and blew out every window pane in an adjoining house, and several other windows in the neighborhood were broken. The damage to the Bayless house was surprisingly small, considering the explosion, but it will take \$100 to fix it up. The police are working on the case.

Grand Haven people the past fortnight have been deeply interested in the progress made by two mysterious fortune hunters who have been digging a hole on Five Mile Hill, near that city, in quest of a lot of stolen booty which it is popularly supposed was buried there years ago by a bank robber who was making every effort to escape pursuit, and who buried \$40,000 in gold coin somewhere about this hill. The two men who are engaged in the search are William S. Baty and J. C. Robinson of Pueblo, Col. They heard the story of the buried treasure and came to Grand Haven with all the latest mining instruments, and they have been writing the papers to assist them in the search. At the present writing they have sunk a shaft seventy-five feet straight down into the hill. Although no gold has as yet been found, they are confident of being on the right lead. The majority of Grand Haven people look on incredulously.

his stomach has troubled him until a few weeks ago, when a lively snake nineteen inches long wriggled its way out of his throat. He has enjoyed perfect health since then, but he has quit drinking water—at least in the dark.

Messrs. Taylor, Smith and Sawyer, promoters of the Pontiac-Flint electric railway, have filed their acceptance of the franchise recently granted them at Pontiac. The city will receive the sum of \$5,000 from the railway people for the privilege of a track on Oakland avenue. The company will be required to do its share of paving, and in default of its constructing the track the city will receive \$5,000.

The United States weather bureau is about to establish a signal service at Ludington that will be second to none along the great lakes. A 75-foot steel signal tower will be erected, and will be equipped with lights of 650 candle power. Only the consent of the city council is necessary to secure the erection of this tower on the new city park property, three blocks from Lake Michigan. Signals can easily be distinguished a distance of ten miles.

Joseph Williams of St. Clair, one of the principals in the recent shooting scrape there, has been arrested on a capias in a civil suit for \$5,000 damages, at the instance of Constable Edward Shirkey, the other central figure in that sensational episode. Williams is locked up in the county jail at Port Huron, an effort to secure his release upon bail being unsuccessful up to late Wednesday evening. A criminal charge of assault with intent to kill is pending against the prisoner in the circuit court, upon which he was out on bail.

Mrs. Thomas Abbey, a niece of the late Mrs. Lucretia Morrill of St. Johns, who died last March, states that she will contest the will of the woman, who left \$2,200 to the First Baptist church at St. Johns. Mrs. Abbey is a daughter of Mrs. Worden, a sister of the deceased, and Mrs. Worden was paid fifty cents a week for the board of her sister. The church has offered to give Mrs. Worden the use of several hundred dollars rather than have litigation.

John Huntton, the sixteen-year-old son of Mrs. Emma Huntton of Battle Creek, disappeared from his home in that city Monday night, and although the police authorities have conducted an extensive search, no trace of him has yet been found. The missing lad was taken from the guardianship of a Jackson man two years ago by his mother. For several months suspicion has been prevalent that the former guardian was making attempts to secure the boy.

Charles Demars, whose home is supposed to be at Bay City, met with a terrible accident Wednesday morning on the Cameron branch of the Michigan Central. He was employed on a train and was standing on a loaded car when the train suddenly stopped. The shock threw Demars off his feet and he fell between two cars. The wheels passing over both legs. He was taken to West Branch and placed under the care of a physician. He was alive at last accounts.

John McMahon, a Port Huron ex-constable, was convicted in the police court Wednesday of using profane language, prosecution being under the city ordinance, and sentenced to a fine of \$5 or sixty days at the house of correction, Detroit. He appealed the case to the circuit court. McMahon, it is alleged, on the occasion of ex-Detective Buckridge's funeral last week applied vile epithets to the dead man as the funeral procession was passing along the main thoroughfare.

The National Salt association, which recently purchased the large lumber and salt plant in the Pere Marquette Lumber company at Ludington for the purpose of restricting the manufacture of salt, this week began demolishing the plant. W. S. Eddy of Saginaw is the western manager of the association. The plan is to remove and sell all the machinery, then tear down the buildings. As the plant is a large one the work of tearing it down will consume the entire summer.

Andrew Fransen of Sanford, Midland county, committed suicide Thursday by shooting himself with a revolver. He fired five shots, three of which took effect, one setting fire to his clothing. The deed was committed in his room, to which he retired after having done the morning chores, locking the door so that he could not be interfered with. When the door was broken in by a neighbor who was summoned by the family he was dead, and the bloody pistol, reloaded, was lying beside his body.

A. L. KRELLWITZ, Houghton. Dealer in the fine furniture, Undertaker and embalmer.

Lower Michigan News.

Tiny Slocum was arrested at Port Huron Thursday by Sheriff Harrington of Jackson, where he is wanted to answer to a charge of grand larceny.

A giant elm tree was brought to Marquette this week to be cut up into lumber which was the biggest thing of its kind ever seen in that section. The monster was nine feet in diameter at the butt, and scaled 11,000 feet, or enough to build a good-sized cottage, make the furniture to furnish it and supply the kitchen stove with firewood for twelve months.

Nine years ago a White Cloud man took a drink of water from a spring at night, and thought at the time that he had swallowed a worm. Ever since then

THE CARE OF THE HAIR should be of interest to every woman. If Gray or Bleached hair can be restored to its natural color, or made any shade desired. The Imperial Hair Restorer is the acknowledged leader in hair coloring of the age. It is easily applied, makes the hair soft and glossy, is absolutely harmless. Sample of hair colored free. **Ishpeming and Vicinity.**  
**PROJECTED CLEVELAND SCHOOL.**  
 A FOUR-ROOM BUILDING WILL BE ERRECTED FOR THE ACCOMMODATION OF YOUNG PUPILS.  
 D. Fred Charlton of Marquette has shown to the school trustees plans for a four-room school building to be erected at the Cleveland location. They have been informally discussed and, as they are what is wanted, they will probably be accepted. Mr. Charlton has been requested to make specifications for the erection of such a building as has been designed by him.  
 There is a crying need for the additional room. Most of the children of school age in the vicinity of Division street and the Cleveland location are of tender years. Nine of the twelve teachers in the Division street school have charge of primary, second and third grades. It is estimated that 100 children living in the Cleveland location were entirely deprived of school instruction the past year because of their inability to get to and from the Division street building. These will be cared for in the proposed new school house when it is provided, and it will then be a most serviceable addition to the school system. The proposition of erecting a new manual training building is still in a nebulous state. Yesterday the trustees looked over the west side of the Division street school yard where it will be built if the work is authorized and staked out the foundations for the proposed structure.

**GOOD PLAY MONDAY NIGHT.**  
 Seats for "Who Is Who," booked for a performance at the Ishpeming opera house Monday evening, are selling well and the company will be favored with a good house. The play brought out a large attendance last season, and many who saw it then will be present to enjoy it again Monday night. Charles Pusey and Bert Kelly, the leading comedians, whose laughable efforts are ably seconded by a large company of good looking men and women who are capable singers and artists. "Who Is Who" is a farce which is notably free of objectionable lines and features. It is a laughing show from beginning to end. The scale of admission prices is 25, 50 and 75 cents.

**HIGH SCHOOL BALL TEAM.**  
 The athletes of the high school have decided to organize a baseball team and to hold a series of games. They have practiced some this spring but of late cold weather has interfered with their work. Some good material is available and it is believed that a creditable organization can be formed. It is possible that enough attention will be given to the athletic team to warrant holding a school field day, but there will be no dual meet with an outside team. At present the weather is too cold to permit anything to be done in baseball and until it becomes materially warmer there will be no practicing.

**BRAVE MEN FALL**  
 Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, nervousness, headache and tired, listless, run-down feeling. But there's no good to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents, at the Stafford Drug company. Every bottle guaranteed.

**ISHPEMING IN BRIEF.**  
 Ernest Anderson went up the line yesterday.  
 Phillip Carroll of Hancock was in Ishpeming yesterday.  
 Timothy Nester of Munising spent Thursday night here.  
 J. C. Wood was absent in Republic on a business mission yesterday.  
 H. R. Harris, of the L. S. & I. road, was an Ishpeming visitor yesterday.  
 Eugene Murphy of the copper country was here on business yesterday.  
 J. A. Voelker has a fine store room, also office rooms, for rent, in the Voelker block. (4-20-4d)  
 Mrs. W. H. Johnstone has arrived home from an extended trip to the east and south.  
 The Greek candy kitchen has been moved to the store formerly occupied by John Blomberg. The quarters are more commodious than those vacated.  
 "A Spring Chicken," a farce comedy which has attained much vogue, has been booked for the opera house Monday evening, May 19. It comes well recommended.

**HE WON FIRST PLACE.**  
 Following is a digest of the oration delivered by Percy Williams of Ironwood a few evenings since. He won first place for him in the oratorical contest between representatives of state high schools held at Muskegon, as noted at the time in The Mining Journal's telegraphic columns. It is taken from the Muskegon Chronicle:  
 "The isolation of England—England today, mighty and magnificent, stood virtually alone. In Europe it was jealousy which caused this feeling and turned other nations against her, but it was a pity to see so many in America, her kindred, occupying the same wrong position, the children turning against the mother. He who would be truly great must decide to live largely alone, being above the mediocre crowd, and the same law applied to the lives of nations. Soon would come the great struggle of the Slav against the Anglo-Saxon, and America then should be an England of the world, not against her. England stood for the same freedom as ourselves, the same advanced civilization, the same religious ideals for the salvation of mankind. Even in the American revolution more than half the people of England favored freedom for the American colonies, and the defeat of King George then was not the defeat of England but of the monarchial tyranny which no longer existed there. The defeat of England would be the defeat of our own best ideals."  
 Williams defeated Ishpeming's representative, Ed Sandberg, who won second place in the peninsular contest at Ironwood.

**TWO WEDDINGS AT NEW BURT.**  
 Rev. J. Murdock of the National location celebrating two marriages at the New Burt location Thursday night. At 8:30 o'clock he tied the nuptial knot that made Charles Webster and Miss Grace B. Smith man and wife. The ceremony was performed at the home of the bride's parents, Mr. and Mrs. Taylor Smith. Mr. Webster is a well known resident of the New Burt location and the bride has lately lived in Jefferson county, N. Y.  
 At 9 o'clock the same evening Rev. Murdock married Benjamin Petrie and Miss Sarah Ann Beerman at the home of the bride's parents, Mr. and Mrs. Prosper Beerman. Both parties have resided at the location. The National

**THE EMPLOYEES AT THE ISHPERING BEEF HOUSE** sent a long telegram to their manager, M. H. Callif, Thursday congratulating him on his marriage to Miss Etta Noble of West Superior.

They have been smoking wedding cigars the last couple of days. The exact date of Mr. and Mrs. Callif's arrival here is not known. They will probably steal a march on their friends.  
 The Mining Journal understands that there are many professional beggars about the city—those who exhibit wares to excite pity, and many who, while badly crippled in town, can sprint a hundred yards with the greatest of ease when safely beyond the municipal limits. A physician got rid of an importunate fellow who was complaining about a sore hand a few days since by offering to dress it. This class of fakirs is said to be fairly numerous here now, and people should be on their guard against them.  
 The census enumerators for Ishpeming Messrs. Penglase, Crabb, Hosking, Vanhalla and Peterson, have received their commissions. They expect the equipment of blanks needed in their work soon, and will probably begin taking statistical information regarding Ishpeming's population June 1. They will receive a set compensation for every person counted and special allowances for other work. The aim will be to complete the census in the shortest possible time, so that once the enumeration is undertaken it will be pushed to an early completion.  
 "FORTUNE FAVORS THE BRAVE." It is also favorable to those who purify their blood in the spring by taking America's Greatest Medicine, Hood's Sarsaparilla. A clear head and a healthy body are given by its use.  
 Constipation is cured by Hood's Pills.

**Spring and summer clothing, dry goods, shoes, hats, etc., at a big sacrifice at Braastad's.**  
 Terrible plagues, those itching, pestering diseases of the skin. Put an end to misery. Doan's Ointment cures. At any drug store.  
 Money saved is money earned. Buy all your spring goods at Braastad's closing out sale.  
 The Marquette Millinery Co. wishes to announce to the ladies of Ishpeming that it will be represented by Miss Tislov at S. Johnson's cloak department Monday and Tuesday, May 7 and 8, with a complete line of the latest in millinery. (5-4-2d)  
 Our mammoth line of spring goods are going at just as low figures as our heavy wares. Come with the crowds to Braastad's.  
 After suffering from severe dyspepsia over twelve years and using many remedies without permanent good I finally took Kodol Dyspepsia Cure. It did me so much good I recommend it to everyone," writes J. E. Watkins, Clerk and Recorder, Chillicothe, Mo. It digests what you eat.

St. Vitus' Dance Cured by Dr. Williams' Pink Pills for Pale People

Mrs. Minnie Fiedler, of Mt. Pleasant, Iowa, says: "I was afflicted for years with St. Vitus' dance. The first symptoms of the disease began in 1889, when the nerves began twitching in my left hand. I consulted physicians of this city, but none of them ever did me a particle of good. After I had suffered for two and one half years, the disease continuing to grow worse, I heard of Dr. Williams' Pink Pills for Pale People.

"It was in 1891 that I was induced to try them, and I was surprised at my rapid improvement. I took only two boxes, and was entirely cured. It was hard to realize that I, who for over two years was scarcely able to walk, and who often found it almost impossible to talk, should be restored to perfect health and in full possession of all of my powers by two boxes of this wonderful remedy.

"I am happy to state that my health is still perfect and I have never had the slightest symptoms of a return of the disease, although it is eight years since I was cured."

Dr. Williams' Pink Pills for Pale People contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after-effects of la grippe, palpitation of the heart, pale and sallow complexion, all forms of weakness either in male or female.

Dr. Williams' Pink Pills for Pale People are never sold by the dozen or hundred, but always in packages of 50 pills, or in bottles of 100 pills. Dr. Williams' Medicine Company, Schenectady, N. Y. 50 cents per box, 6 boxes \$2.50.

Telephone by either line "Negaunee Greenhouses."

DRIFTING TOWARD Bright's disease, diabetes, gravel or other serious kidney or bladder disease is what thousands are doing who do not know it. You may be one of them. Are you neglecting that backache, tired-out feeling, dizziness or other symptom of kidney disorder? The symptoms of kidney disease are many and peculiar—baffling even to doctors. Here is a simple and sure test which any one may try: Set aside a bottle of urine for twelve hours. If a sediment or settling occurs it is a sure sign of kidney disease. Foley's Kidney Cure is absolutely guaranteed. You run no risk. See that you get Foley's, the guaranteed cure. BANNER SALVE heals all hurts but Cupid's wounds.

Sold by The Stafford Drug Co.

In and About Negaunee.

SHOWS A GOOD SURPLUS. LOCAL LACONICS.

ELECTRIC LIGHT PLANT MAKES QUITE A SUBSTANTIAL INCOME IN THE MONTH OF APRIL.

In April the municipal lighting plant cleared \$147.67 over all expenses, which were \$402.96, the receipts being \$550.63. During the month thirty-five lamps were added to the incandescent circuit, which now carries 1343. The surplus is the best on a month's operation shown to date, and on this basis the plant will get along nicely, providing for all charges and still having a balance.

A petition received by the council Thursday night from the Upper Peninsula Veterans' association, asking for an appropriation of \$200 to help defray the expenses of its annual meeting to be held here June 14 and 15, was referred to Mayor Kirkwood and Aldermen D. Harrington and Jackson. Cherry street residents presented their tenth annual petition to have the thoroughfare on which they reside properly graded. It was referred, as usual. These petitioners complained that the oyster cans and other similar rubbish had not yet been removed from Cherry street.

The purchasing committee was authorized to procure new uniforms for the police force and the street commissioner was instructed to supervise some work necessary to put the cemetery in good order. A petition from George Maas asking for the use of one acre of land near the cemetery to mine ore was referred, as were several other matters of routine business.

Mayor Kirkwood was authorized to act with the finance committee to ascertain the best way of relieving the city from further tax litigation, with instructions to report possible, at the next meeting of the council. The large list of routine business took up considerable time and it was comparatively late when the council adjourned.

FOR BREEDING PURPOSES.

E. C. Anthony is very proud of the herd of Pole-Angus cattle, comprising thirty-six head, which he has just added to his live stock at the Low Moor farm. They are blooded cattle of a high approved stock, and will be used for breeding purposes. With this addition Low Moor has a herd of sixty head of cattle. To date, there has been comparatively little done in the way of breeding for the market but from now on it will be made an important feature of the farm's business. Mr. Anthony intends to raise nothing but blooded stock and with that end in view he will market all his cattle but the Pole-Angus bred within the next few months. The evolution of a stock farm is a slow process and at Low Moor it will be some time before beef is put on the market in any quantities. Very few cattle will be sold this year. None of the blooded stock will be marketed. Mr. Anthony states that his new herd is the finest in the county, and one of the finest, if not the finest, on the peninsula.

AT THE POWER HOUSE.

D. C. Long of Chicago has entered the employ of the Negaunee and Ishpeming Electric Power company, apparently as superintendent of the power house and street car lines, although pending officials of the road assert that Harvey Pearce retains his old office. Mr. Long is an experienced street car man, who will doubtless assist greatly in procuring an efficient and economical handling of the road's business. He has taken hold at the power house, Mr. and Mrs. Harvey Pearce are absent in Kansas City.

THE NORMAN IRON CO.

The Norman Iron Co., in which Andy Sease, P. B. Kirkwood and Ira A. Clark are prominent stockholders, are endeavoring to do something toward developing and selling the Norman mine, located eight miles from Republic. This property never shipped ore but it was extensively explored and appeared to carry a deposit of a marketable grade. As soon as the weather permits representatives of the company will look it over and determine what had best be done with it.

RED HOT FROM THE GUN

Was the ball that hit G. B. Steadman of Newark, Mich., in the Civil war, caused horrible ulcers that no treatment helped for 20 years. Then Bucklen's Arnica Salve cured him. Cures cuts, bruises, burns, boils, felons, corns, skin eruptions. Best pile cure on earth. 25 cts. a box. Cure guaranteed. Sold by the Stafford Drug company.

SPRING GOODS CHEAP.

You should not purchase new spring goods until you see Brastad's mammoth stock. During the closing out sale of the past couple of months heavy goods were principally sought by purchasers. Now comes the rush for spring goods. All going dirt cheap.

"After suffering from piles for fifteen years I was cured by using two boxes of Dewitt's Witch Hazel Salve," writes W. J. Baxter, North Brook, N. C. It heals everything. Beware of counterfeits.

TRY GRAIN-O! TRY GRAIN-O!

Ask your grocer today to show you a package of Grain-O, the new food drink that takes the place of coffee. The children may drink it without injury as well as the adult. All who try it, like it. Grain-O is made from pure grains, and the most delicate stomach receives it without distress. At the price of coffee, 15c. and 25 cts. per package. Sold by all grocers. Be sure it is made by the Genesee Pure Food Co., Le Roy, N. Y., as there are imitations on the market.

"Doc" Anderson, street car conductor, was laid up yesterday.

Alvin Green returned Thursday from a couple of days trip to Republic.

The card club was entertained by Mr. and Mrs. Frank Bell at their home last evening.

Frank Sharon expected a couple of his new buggies yesterday. Other turn outs will be shipped as soon as the factory can get them out.

William Eddy and family, who came here from Chicago to attend the funeral of Mrs. Joseph Matthews, will visit in the city for a number of days.

Tom Nesbitt is filling the position formerly held by T. W. Smith of Ishpeming, that of yardmaster for the D. S. S. & A. road at Negaunee and Ishpeming.

Nicholas Laughlin and Rev. Langner of St. Paul's church are expected home plain letter seal, postage paid, full explanation of your new system of furnishing your Appliances and Remedies to reliable men on trial and approval without expense—no payment to be made in advance—no cost of any kind unless treatment proves successful and entirely satisfactory. Also mail sealed, free, your new medical book for men.

The weather continued cold yesterday. The street car line sent out open trailers on the first trips but they were quickly returned to the barns in favor of closed cars.

Cyr. the drayman, was compelled to shoot a good horse Thursday. The animal had been kicked on the right hind leg and was so badly injured that there was no prospect of its ever being serviceable again.

B. H. Myer of the University of Wisconsin was here Thursday inspecting the Negaunee high school to ascertain whether it is entitled to remain on Wisconsin's accredited list. He was the guest of Superintendent H. B. Krognan.

Mrs. Gore, mother-in-law of Michael McTigue, who passed away this week, was buried from the home of Mrs. Ellen Dowd on Tobin street Thursday. She was the oldest resident of Negaunee, her age being something over a century.

Thursday and Wednesday nights the temperature was several degrees below the freezing point. Careful gardeners protected their plants with coverings. Yesterday morning a down town business man exhibited a slab of ice an inch in thickness, which had formed in a wash basin out of doors Thursday night.

Mrs. Carlson, a resident of the Sawmill location at Teal lake, had a wonderful escape from serious injury this week. She was walking by a deep well when the ground gave way, precipitating her many feet into the well. Fortunately, she escaped injury and was drawn up in short order, scared but safe and sound.

The city authorities have endeavored to persuade Richmond township officials to do something to improve that portion of the Goose lake road within their jurisdiction. The latter complain that there is no money in the treasury and it is very unlikely that any improvements will be undertaken. The city keeps its portion of the road in fair condition by an expenditure of considerable money, but unless the Richmond township section is repaired it might as well be entirely neglected, as in its present state it is useless.

THE NICARAGUA CANAL.

When built will prove the link between prosperity and many people. The farmers in the extreme west, as well as those in the east, will perhaps profit by it most. It will prove a blessing to humanity in general, improving the condition of the nation, as Hostetter's Stomach Bitters has that of the individual. The Bitters are for everybody, but particularly for those who do not possess health. There have been many cases of dyspepsia and indigestion cured by this medicine. Nothing to equal this remedy has ever been discovered for ailments of the stomach, liver, bowels or kidneys. You will find that it will cleanse the blood and sharpen the appetite. See that a Private Revenue Stamp covers the neck of the bottle.

"I had stomach trouble twenty years and gave up hope of being cured till I began to use Kodol Dyspepsia Cure. It has done me so much good I call it the savior of my life," writes W. R. Wilkinson, Albany, Tenn. It digests what you eat.

Negaunee people can save considerable money by purchasing their spring goods at Braastad's. All goods going at a sacrifice.

"Neglected colds make fat graveyards." Dr. Wood's Norway Pine Syrup helps men and women to a happy, vigorous old age.

For outside doors use Calman's Elastic Spar Varnish.

Educate Your Bowels With Cascarets. Candy Cathartic, cure constipation forever. 50c. per box. Sold by the Stafford Drug company.

\$500 REWARD! We will pay the above reward for any case of Liver Complaint, Dyspepsia, Sick Headache, Indigestion, Constipation or Colic, if we cannot cure with Liverita, the Up-to-Date Little Liver Pill, when the directions are strictly complied with. They are purely vegetable and never fail to give satisfaction. 25c boxes contain 100 Pills, the boxes contain 40 Pills, 50 boxes contain 15 Pills. Beware of substitutions and imitations. Sent by mail; stamps taken. NERVITA MEDICAL CO., cor. Clinton and Jackson Sts., Chicago, Ill. For sale by Frank Fendell, druggist, Marquette, Mich.

To Cure La Grippe in 24 Hours. No remedy equals WARNER'S WHITE WINE OF TAR SYRUP for this terrible and fatal disease. If taken thoroughly and in time, it will cure a case in 24 hours, and for the cough that follows La Grippe it never fails to give relief. Price, 25c and 50c. THE STAFFORD DRUG CO.

ROYAL Baking Powder Absolutely Pure

FREE Medical Treatment For Weak Men

Who are Willing to Pay When Convinced of Cure.

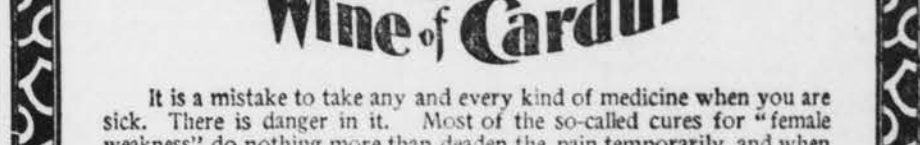

SCIENTIFIC combined medical and mechanical cure has been discovered for "Weakness of Men." Its success has been so startling that the proprietors now announce that they will send it on trial—remedies and appliances—without advance payment—to any honest man. If not all that is claimed—all you wish—send it back—that ends it—pay nothing. This combined treatment creates health, strength, vitality, sustaining powers, and restores weak and undeveloped portions to natural functions. There is no C. O. D. extortion, no deception of any nature in this offer. If you are interested in it in earnest write your name and address in the blank form below, cut out the coupon and mail it to Erie Medical Co., Buffalo, N. Y.

ERIE MEDICAL CO., 66 NIAGARA ST., BUFFALO, N. Y. Sirs:—As per statement in The Mining Journal you may mail to me, under plain letter seal, postage paid, full explanation of your new system of furnishing your Appliances and Remedies to reliable men on trial and approval without expense—no payment to be made in advance—no cost of any kind unless treatment proves successful and entirely satisfactory. Also mail sealed, free, your new medical book for men.

Give name and address in full. Please write very plainly.

WINE OF CARDUI A SURE MEDICINE.

HANDSOM, Va., Dec. 31. I have been suffering from female weakness for four years, and have taken many medicines, but Wine of Cardui and Black-Draught have done more for me than anything else. MRS. CAROLINE EVANS.

It is a mistake to take any and every kind of medicine when you are sick. There is danger in it. Most of the so-called cures for "female weakness" do nothing more than deaden the pain temporarily, and when the effect wears away the patient is weaker and sicker than before. It is never wise to take chances. You have only one life, and that is dear and precious. If you have any pain, ache, disorder or weakness in the feminine organs, nothing will help you like Wine of Cardui. It helps do away with morning sickness during the early stages of pregnancy, and modifies the pains of childbirth; recovery is rapid and future health is assured. The Wine is purely vegetable, being made of herbs whose medicinal properties act directly upon the organs of womanhood. It is a long-tried remedy, and has many years of success behind it. It is sure. Why take a chance medicine when you can get a sure medicine? Druggists sell Large Bottles for \$1.00.

"J. E. K." CIGARS Always Reliable. The Best that Tobacco can produce. 10c, or 3 for 25c. J. E. Kenning & Co., Mfg's, Grand Rapids, Mich.

RUBBER TIRES. REPAIRING PROMPTLY DONE. (10-31-17)

SHALL THEY GO TO JAIL?

That is the Punishment for Failure to Fill Out Tax Commission Blanks.

PROPERTY OWNERS ARE MEDITATING THE PROPOSITION.

Marquette Will File Less Statements in the Westaback Than Many Other Peninsula Towns—Inquisitorial Features Condemned Harshly.

LAW KNOCKED OUT NEXT SESSION.

People possessed of property are now endeavoring to determine the extent of what to do with those tax commission blanks which they have just received from Controller Bay.

Reports which come down from the copper country indicate that the majority of property owners up there are going to take chances on the punishment, but inquiries made here show that a much greater part of those who received blanks intend to fill them out in accordance with the requirements of the law.

DISLIKED HERE, TOO.

This does not mean that there is any less prejudice here against the new system of determining property values than there is in the copper country. The protests which are made against it are vigorous indeed. The principal fault which is found with it is not that all property will be taxed, and taxed at 100 cents on the dollar, but that the system is inquisitorial in that it calls for information which men regard as belonging strictly to their private business.

METAL TENDING DOWNWARD.

Its Continued Fall Would Be a Bad Thing for the Copper Stocks.

For several days past the price of copper in London has been dropping off at a lively pace, so fast indeed as to cause some alarm, lest it decline to a figure which will force the copper stocks to much lower prices.

As for some days back the trend of the Boston market was downward yesterday, though the movement was by no means general. Copper Range went up one to 21; Helveta declined one to 6 bid; Osceola went off one to 65; Parrot dropped one to 42; Quincy fell one to 136; Tamarack fell three to 180.

Farms, Webster & Co. said in yesterday's stock letter:

"London opened easy, spot off 7s. 6d., futures off 7s. 6d.; closed, spot up 2s. 6d. and futures up 2. 6d. Both markets have been very dull this morning, copper particularly so. Up to noon but 1,335 shares changed hands, the most active being Bute & Boston, Mohawk and Parrot. During the afternoon the market continued quiet and with prices inclined to be a little weaker."

Hayden, Stone & Co. regard the decline of the metal as a bad omen. They said yesterday:

"The price of copper in London seems to be a downward one and if this continues copper stocks will look sick. There is absolutely nothing doing here. The New York stocks offer good chances for traders."

After a weak opening yesterday which turned stronger and finished at 67 3/4, the fraction being the gain above the close of the night before, A. R. Jones & Co. in their letter to Fred Jones said of the market:

"Grain markets all started weak this morning and turned still more so when closing cables showed 1/2 to 3/4 of a cent lower on wheat and 1/4 to 1/2 on corn. In this dip July wheat got back to 65 1/2, but here bull news and the day's statistics took hold with a stiff demand for May and little offered till the price rallied to 67 1/2 just before the close, and closed barely under this. The May demand showed the discount to 1/2 % against an even 2 cents on Monday last. The chief bull factor is demand for May. This has been very stiff now for today and as yet there is no sign of any let-up. Shorts covered today rather freely, but there is still a big interest that may have to come in. The situation looks very favorable tonight. The market is in shape to respond strongly to bull news from any source."

APRIL WEATHER.

Observer Patrick Records Facts from His Official Examination.

The monthly meteorological summary just issued by Weather Observer Patrick shows that April was not such a wonderfully changeable month as the poets would have people believe. The greatest range of temperature on any day during the month came on the nineteenth and was 37 degrees; the least daily range was 2 degrees on the thirteenth.

Another place where the facts, as shown in the report, knock the poetic theory in the head is in the matter of April showers. There were but nine days in the entire month when the precipitation amounted to a tenth of an inch or more. The total precipitation for the month was 2.89 inches, just eight tenths of an inch more than the average for the past twenty-nine years.

The April just past was an unusually warm one, the temperature running as high as 81 degrees and averaging 44 degrees for the month. There is but one other year, 1878, in all the records of the weather office which shows so high an average. The mean for the twenty-nine years covered by the records of the office is 37.9 degrees.

To date there is an accumulated excess of both temperature and rainfall since the first of the year. The average for the month of April was 1.87 degrees. The accumulated excess of daily mean temperature since Jan. 1 is 1.42. The total excess of precipitation since Jan. 1 is 1.54 inches. The precipitation has been cloudy days, ten clear days and eight part cloudy ones. There was a heavy frost on the fourteenth, fifteenth and nineteenth.

Northerly winds prevailed during the month, the total movement of the wind as shown by the office indicator being 2,288 miles. A southwest wind on the thirteenth attained the greatest velocity, thirty-two miles an hour. The summary records the fact that local navigation opened April 21 and general navigation two days later.

ARRANGING FOR RATES.

Low Fares Expected for Those Attending Modern Woodmen Log Rolling.

C. J. Byrne of Ishpeming was in town yesterday in conference with General Passenger Agent Hubbard of the D. & M. & A. arranging for excursion rates for those who will attend the great log rolling of the Modern Woodmen in Ishpeming, June 25. It was impossible to complete the negotiations yesterday and a final determination of rates will not be made till next Wednesday.

Speaking of the conflict in date between the log rolling and the quarter centennial celebration of the St. Jean Baptiste society of this city, Mr. Byrne said he regretted it but that it had been found almost impossible to secure a good date and at the same time avoid a conflict somewhere.

However, he says, he does not anticipate that the conjunction of dates will seriously affect either celebration, as the Frenchmen of the upper peninsula are not numerously connected with the Woodmen. Such as are, are with few exceptions, officers in the local French societies and as such are pretty certain to attend the celebration in Marquette.

IN THE STOVE.

That's Where the Fire Was Which Caused Last Evening's Alarm.

A fire in a stove in the residence of Charles Christianson, on Arch street near Third, was the cause of the alarm about 9 o'clock last evening. When the fire department arrived on the scene smoke was pouring out the back end of the house and it looked as if a large sized conflagration was raging within but investigations showed that the fire

was confined to the oven of the cook stove, in which someone had carelessly deposited some wood to dry. There being a fire in the stove the wood finally ignited and filled the house with smoke. No one was in the house at the time.

YE BELLS RING OUT.

Churches Where Strangers Are Made Welcome at Sunday Services.

Presbyterian and Methodist—the Presbyterian and Methodist congregations will unite in their services, worshipping in the Presbyterian church in the morning and in the Methodist church in the evening. Rev. E. A. Elliott of the Methodist church will preach, morning subject, "The Book of Books"; evening subject, "Faith Deferred." The Presbyterian choir will sing at both services.

First Church of Christ (Scientist), Hall No. 109 Spring street—Service Sunday at 10:30 a. m. Subject, "Mortals and Immortals." All are welcome. The Christian Science reading room is open from 10 a. m. to 5 p. m. every day in the week except Saturday. All literature issued by the Christian Science Publishing society is kept on hand for reading or sale.

St. Margaret's Mission (Episcopal), South Marquette—Sunday school at 2:30 p. m.

"A CONTENTED WOMAN."

Hoyt's Best Farce at the Opera House Friday Evening.

There will be presented at the opera house next Friday evening an attraction that will command more than ordinary attention and the attraction is "A Contented Woman," according to all reports the best and most successful comedy of that popular playwright, Charles Hoyt. As a rule, Mr. Hoyt never relies much upon plots or stories for a foundation of his comedies, but in the case of "A Contented Woman" he has cleverly woven a well-defined plot and interesting story, with many amusing complications following one upon the other, and which are happily worked out in Hoyt's most humorous vein. The story is based upon the law recently passed in some of the far Western states giving the father sex the right to vote, and making them eligible for municipal offices.

APPOINTED VICAR GENERAL.

This Distinction Falls On Father Langner of Negaunee.

Bishop Eis yesterday published the official announcement of the appointment of Rev. Fr. Langner of Negaunee as vicar general of this diocese. The appointment is for life, but is made at this time in order that there may be an administrator of affairs in the diocese in the absence of the bishop in Europe.

The bishop is just on the eve of his departure, and in company with Father Pinton of the Cathedral parish, will leave Monday evening for Chicago, going thence to New York, where they will sail on the steamer Empress Saturday for Naples. The bishop expects to make a sojourn in Rome and other continental cities and will be gone in all about three months.

MARINE MATTERS.

PASSED THE CANAL.

Sault Ste. Marie, Mich., May 4.—(Special)—Up—Isore, Jeanette, midnight; Roman, 4:30; Nicholas, 5:30; Republic, 7; Holien, Bangor, 7:30; Parrot, 8; Strong, Commodore, Athabasca, 10:30; Superior City, Curry, 12; Ketchum, 12:30; Inola, Mataafa, Maderia, Oliver, 1:30; Coralia, 2:30; Roby, 3:30; Owen, Australia, 4:30; Norwalk, 5; Baltimore, 8:30.

PORT LIST: Up—Peerless, Osceola. Arrived—Barr, Saveland, Presque Isle, Pease, Planet. Cleared—Presque Isle, Ashtabula; Sarah Smith, Duluth.

LOCAL MARINE NEWS. The tug Sarah Smith, which laid in here for shelter Thursday, got away for Duluth yesterday morning.

Powell & Mitchell's new scow is being loaded with machinery ready for towing to Michipicoten as soon as the tug Ward returns from there.

The Apponitox and the Santiago, which were sheltered here Thursday, got away yesterday morning but their places were taken by another steamer and consort, which cleared for their destination in the evening.

There are four coal boats in port, the biggest fleet of the kind that has been here so far this season. The Barr and Saveland are discharging their cargoes at Pickands' dock and the Pease and Planet are unloading at the L. S. & T.

WORKING DAY AND NIGHT.

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. Every pill is a sugar-coated globe of health, that changes weakness into strength, listlessness into energy, brain-fog into mental power. The wonderful in building up the health. Only 25c per box. Sold by the Stafford Drug company.

Turns on the light of reason; removes intellectual or moral cloudiness and black spots from one's character. That's what Rocky Mountain Tea will do. 35c. The Stafford Drug Co.

HEATING STOVES STORED.

You can have your heating stove stored for the summer months by sending word to the Marquette Hardware company, Washington street. Both telephones. (5-1-1w)

CITY DRETTIES.

Weather forecast: Fair; stationary temperature; wind becoming variable. Yesterday's temperature: 7 a. m., 40 degrees; noon, 37 degrees; 7 p. m., 36 degrees; maximum, 40 degrees; minimum, 36 degrees.

A. F. Howard of Munising spent yesterday here on business.

T. F. Donohoe of Ishpeming was down yesterday from up the road.

E. B. Raymond of Negaunee was down yesterday from up the road.

R. F. Mason of Houghton came down last evening from the copper country.

F. C. Bennett was down yesterday from Ishpeming on one of his periodical business trips.

J. H. Lathrop and D. Miller of Calumet were down yesterday from the copper country.

Mike Hennessy has just sold an eighty acre farm in Chocoma to L. C. Koopp of this city.

Captain Kitch, superintendent of life saving stations in the Tenth district, passed through here yesterday on an inspection tour.

Born yesterday to Mr. and Mrs. A. F. Koepcke of West Prospect street, a girl. Mr. Koepcke is the cashier for the Michigan Telephone company.

It has been found necessary to postpone the long distance telephone exhibition. It will be given Wednesday, May 9, instead of Tuesday as previously announced.

Miss Goodson and Miss Westlake will give an exhibition of original drawings in black and white and color today and this evening at 325 Front street; admission ten cents.

Rush Culver got home yesterday afternoon from the lower peninsula. Since the adjournment of the Democratic convention at Port Huron he has been attending to business matters in Detroit.

Charles Ham and Fannie B. Ham have filed a petition in probate court here praying that they be appointed administrators with the will annexed of the estate of Margaret A. Ham, late of Ishpeming.

The tax sale is nearly at an end. The second reading is still in progress and was well along yesterday afternoon. Treasurer Kangas estimates that his collections previous to the sale were nearly \$10,000.

Sam Lee, the well-known Chinaman, who has had much difficulty in returning from the Flowery Kingdom, is expected to reach Marquette today or tomorrow. His brother Celestias are awaiting his coming with joyful anticipation.

Adjusters are just getting ready to settle the loss at J. A. Malhot's Variety store. As soon as they are through Mr. Malhot announces that the goods will be thrown on the market at a great sacrifice and the entire stock disposed of at ruinous prices. Nothing will be spared and nothing kept back, as it is Mr. Malhot's intention to start with an entire new stock.

Rev. R. R. Snow, the former popular pastor of the Baptist church, who is now taking a post graduate course in the University of Chicago, intends to continue his studies another year. During the year just past Mr. Snow has done a large amount of outside preaching, but as he finds it too much of a tax on his energies will drop that work until he finishes his course. On a recent visit to a Kentucky city he preached to a congregation of over 1,000 persons.

"DeWitt's Little Early Risers are the finest pills I ever used."—D. J. Moore, Millbrook, Ala. They quickly cure all liver and bowel troubles.

Candies made fresh every day; fresh salted meats on hand, at Jackson's Candy Kitchen, Front street. (5-4-1w)

BIDS WANTED.

Right reserved to reject any and all bids. For further particulars inquire of the undersigned. JOHN P. KERN, Superintendent. (4-24-2w)

CORNS REMOVED.

Corns and ingrowing nails removed without pain or cutting. Bunions relieved. Satisfaction guaranteed. Frank Keough, St. Luke's Hospital. (4-24-1mo)

A little life may be sacrificed to a sudden attack of croup, if you don't have Dr. Thomas' Electric Oil on hand for the emergency.

RUGS MADE OF OLD CARPET.

Address at once M. Irolson, Summit House. (4-17-1f)

LABOR VS. TOBACCO TRUST.

It Will Pay Every Laboring Man to Read This

Are you a tobacco user? If so, what brand of plug have you in your pocket now? These questions are addressed to every laboring man in the United States. Was the tobacco you are using made by a trust? If you do not know you can find out by inquiring. Will you take the trouble? Do you know that you, the laboring man of the country, can kill the Trusts inside of a year if you will be consistent? How? By thinking the next time you buy and insisting on getting a brand made by an independent concern. If you will buy one of the following brands of plug tobacco you will help kill the trust: Gold Rope, Kings-bolt, Rise and Shine and Thrasher.

Paste this list in your hat. These tobaccos are made by Union labor in a Union shop at Union prices. The makers, the Wilson-McCallay Tobacco Co., Middletown, Ohio, have never had a strike in their shop during 30 years of business. Is this a record worth supporting? (3)

Twenty Years' Use has proven what Warner's Safe Cure WILL DO to save the Kidneys and Invigorate the Liver. Don't argue with Liver Disease. USE WARNER'S SAFE CURE

MARQUETTE OPERA HOUSE. ONE NIGHT ONLY, Monday, May 7. ADMISSION FREE. Doors Open 7:30; Demonstration at 8:00. Sick, Deaf and Lame Free Upon the Stage by the BOY PHENOMENON, Who is coming with healing in his hands. The World's Inevitable MAGNETIC HEALER Who cures the Deaf, Sick, Lame, Rheumatic, Paralytic and all Chronic Diseases by the LAYING ON OF HANDS Will publicly demonstrate his wonderful powers on the stage one night only as above. ADMISSION FREE. Seats free. Treatment on stage free. Positively no boys, girls or children will be admitted unless they are afflicted. The crowds are always so large that seats cannot be given to boys and girls. Each demonstration will be preceded with a short dissertation on The Power of Vital Magnetism As a Healing Agency after which cures will be performed that will astonish the skeptical, set the serious to thinking, and convince the doubtful that in animal magnetism is a force capable of effecting most marvelous cures. No matter what the disease—how bad, how long standing or hopeless the case may appear—if curable at all, they are amenable to magnetism and they will ARISE AND WALK. All those who are on crutches or canes, rheumatic, palsied, paralytic, deaf, sick or lame and wish to be cured are invited, and a great number of people will be treated FREE upon the stage. He not only treats the blind, lame and crippled at his private office at the Clifton Hotel, but nearly all chronic diseases visit this strange power. SPECIAL NOTICE! All those who desire free stage treatment will meet the boy's manager, at the opera house, Monday afternoon between 4 and 5, and secure free treatment tickets and seats will be reserved for them. Private apartments have been secured at the Clifton Hotel, where all who desire private magnetic treatment may call any time commencing Tuesday, May 8, and receive consultation, after which, if found curable and a price which is within the means of all will be named, and appointments made for treatment. (5-5-2f)

THE HEALTH OF YOUNG WOMEN

Two of Them Helped by Mrs. Pinkham—Read their Letters.

"DEAR MRS. PINKHAM:—I am sixteen years old and am troubled with my monthly sickness. It is very irregular, occurring only once in two or three months, and also very painful. I also suffer with cramps and once in a while pain strikes me in the heart and I have dreadful headaches. There is anything you can do for me, I will gladly follow your advice."

—MISS MARY GOMES, Aptos, Cal., July 31, 1898.

"DEAR MRS. PINKHAM:—After receiving your letter I began the use of your remedies, taking both Lydia E. Pinkham's Vegetable Compound and Blood Purifier. I am now regular every month and suffer no pain. Your medicine is the best that any suffering girl can take."—MISS MARY GOMES, Aptos, Cal., July 6, 1899.

"DEAR MRS. PINKHAM:—I wish to express my thanks to you for the great benefit I have received from the use of Lydia E. Pinkham's Vegetable Compound. I suffered constantly from terrible sideache, had chills, was nervous and dizzy. I had tried different kinds of medicine but they all failed entirely. After taking three bottles of Vegetable Compound and three of Blood Purifier I am all right. I cannot thank you enough for what your remedies have done for me."—MISS MATHIEA JENSEN, Box 18, Ogdensburg, Wis., June 10, 1899.
