BOERS IN RETREAT.

Lord Roberts Reports Forcing Passage of the Zand Yesterday.

STRONG POSITION CARRIED

Scouts Already Near Kroonstad and London Thinks Pretoria Will Be Reached in Two Months.

'BOBS' TELLS OF PROGRESS

London, Thursday, May 10.—The war office today received the following from Lord Roberts, dated Zand River Camp, yesterday:

"Have received a most cheery telegram from Colonel Baden-Powell, dated April 27.

Another dispatch from Lord Roberts, dated Weigelgen, yesterday, says: "Generals Pole-Carew's and Tucker's divisions, General Hamilton's column of heavy naval and Royal Garrison artillery guns and four brigades of cavalry marched here today. The enemy hold the opposite bank of the Zand river. Their strength will be ascertained tomorrow, when I hope to be able to force a passage of the river."

The following dispatch is from Lord Roberts of today's date: "We are now across the Zand river. The enemy is still holding a strong position, but we are gradually pushing them back."

Still another dispatch reads: "The enemy is in full retreat. They occupied a position twenty miles in length. Ours necessarily was longer. With the widely scattered forces it will take some time to learn the casualties, but I am hopeful that we have not suffered much. The cavalry and horse artillery are pursuing the Boers by three different routes."

OPERATIONS SUMMARIZED. London, Friday, May 11.—At 3:30 a. m. Members of the house of commons were freely betting in the lobbies last evening that Lord Roberts will be in Pretoria in two months. The Ministerialists are building upon the fact that upon the comprehensive plans he had communicated to the war office.

Predictions are definitely made that Lord Roberts will be in Kroonstad next Monday, and it is believed his advance is already reconnoitering in the vicinity, where the hilly country begins again. Beyond Kroonstad is an intricate, difficult country, and if the Boers should elect to fight its position they could check the progress of the British until Lord Roberts' numerous cavalry had time to ride around their flank and threaten their rear.

From fifteen to twenty thousand is the highest estimate of the Boers under post command of General Botha, who is said to have forty-six guns. General Botha and General Dewet are reported to have quarrelled. Lord Roberts is pressing hard after this force with thirty-five thousand men and 140 guns, and twenty thousand more men are easily available.

Lord Roberts' concise summaries of results are not supplemented by any up-to-date press telegrams. The correspondents all confine their narratives to events two or three days old as far as Lord Roberts is concerned.

SITUATION ELSEWHERE. President Steyn, with ten thousand men, is reported to have been east of Thabanchu yesterday noon, and a battle was then imminent. The advance troops of Generals Ruddle and Brahan were being fired on.

According to advices from Durban, dated Thursday, General Buller's army was "showing activity," but a complete news embargo was imposed upon the correspondents with him. Parties of Boers are still holding the mountainous adjacent to Springfield. New Zealand scouts have burned the homestead of a farmer named Greyling in whose house arms were found at Deering. MEN "COMMANDED."

During a concert for the relief sufferers from the Beziele works explosion Saturday evening at Pretoria in the Gaiety theater, the doors were suddenly closed and every man in the audience commanded. All the horses were taken from the conveyances outside. President Kruger released The Daily Mail correspondents, Halls-well and Hofmeyer.

According to The Daily Telegraph's correspondent at Weigelgen, the "burghers held a meeting recently without the consent of President Steyn at which the advisability of submission on the part of the Free State was discussed and approved."

TRANSVAAL MINES SAFE. WISER COUNSELS SAID TO NOW PREVAIL AT PRETORIA.

Cape Town, Thursday, May 10.—The Cape Argus publishes a report from Johannesburg, said to have been suppressed in the cross-examination of Acting State Mining Engineer Munnick, that in the recent mysterious Dempsey case Munnick testified that preparations had been made to explode twenty-five mines, and that on the au-

thority of State Secretary Reitz he (Munnick) had already bored shafts in eight.

"Well informed foreigners in Pretoria," says the correspondent of The Cape Argus, "now consider the mines safe. The Transvaal officials have issued appeals to the people to protect the property and, although preparations were made to destroy the principal mines, wiser counsels now prevail."

States Engineer Klink declined to resume his duties unless the dynamite were removed, and the government agreed to his demand.

VICTORIA AGAIN IN LONDON. COMES FOR A THREE-DAYS VISIT—WARMLY WELCOMED.

London, Thursday, May 10.—The queen arrived late today to spend three days. She appeared to be in excellent health and winced keen pleasure at the warmth of the popular greeting she received.

FOR WORLD'S CHAMPIONSHIP. Jeffries and to Corbett Meet Tonight At New York in a 25-Round Battle—Rich Purse Beside the Title at Stake.

New York, May 10.—James J. Jeffries and James J. Corbett will fight twenty-five rounds tomorrow night in the arena of the Seaside Athletic club for the heavyweight championship of the world, now held by Jeffries. They will wear blue-wool knickerbockers and Queensbury rules will govern, except that there shall be no hitting in clinches. Charley White will be referee.

It is expected that between ten and fifteen thousand persons will see the fight, which will be for 50 per cent of the gate receipts, or about \$45,000. Of this sum the winner is to receive 75 per cent, or \$33,750, while the loser gets the other 25 per cent. There is plenty of Jeffries' money in sight, but Corbett's currency is hard to find.

The men have trained long and hard for the battle. Jeffries has devoted the last three months in perfecting his physical condition. He went out to Hot Springs, Ark., and for the last two months has worked hard every day at Allenhurst, N. J. Corbett began taking light exercise a year ago and in December began to work hard every day in a gymnasium. For those last four months he has trained at Lake-wood.

LOSES BY FOUL TACTICS. New York, May 10.—At the Broadway Athletic club tonight "Kid" Broad of Cleveland met Oscar Gardner, the "Omaha Kid," and through foul tactics lost what promised to be a winning battle. After being cautioned frequently by the referee, Broad persisted in butting and was disqualified in the seventeenth round. It was a rough fight throughout, with Broad having the better of the argument.

MAIL CARS ALONE RUNNING. OTHERWISE NOT A WHEEL TURNED ON THE ST. LOUIS TRANSIT SYSTEM—SUBURBAN LINE IS RUN BY THE POLICE.

St. Louis, May 10.—This was the third day of the street railway strike, not a wheel on the various lines of the transit company's system turning excepting the mail cars, which are run-ning without interference. Most of the cars on the suburban system were run-ning today with police protection. No disturbances are reported since last night.

YOUNG WOMAN KILLED. Later—Floora Siegfried, a young woman, was crossing Washington street tonight carrying an infant in her arms, she was hit on the head with a brick thrown at a passing car on the suburban system. Her skull was fractured and she died shortly after.

JOLIET STRIKE SETTLED.

Joliet, Ill., May 10.—The building trades' strike in this city, inaugurated on April 1, is officially ended. It is a victory for the master contractors. The strike affected between six and eight thousand men and tied up all building in Joliet for several weeks.

CLARK CASE AGAIN POSTPONED. GOES OVER UNTIL NEXT TUESDAY IN THE SENATE—DOINGS.

Washington, May 10.—In the senate today, on motion of Senator Chandler, the Clark (Montana) case went over until Tuesday next, at which time he gave notice he would ask for its continuance until disposed of.

Senator Gallinger of New Hampshire addressed the senate at length on his resolution declaring the "present prosperity of the country due to the policy of protection as embodied in the Ding-bey tariff law."

Senator Lodge gave notice that he would press consideration of the Spooner-Phillipine resolution on Monday.

The following bills were passed: A joint resolution concerning certain Chip-pewa Indian reservations in Minnesota, the project being to preserve certain forests on the reservations as a national park, and a bill providing for the construction of a bridge by the Duluth, Pierre & Black Hills Railroad company across the Missouri at Pierre, S. D.

A long discussion was precipitated over a bill to apply a portion of the proceeds of the sale of public lands to the maintenance of schools of mining in

BOTH BY ACCLAMATION.

16 to 1 Not Directly Mentioned in the Platform, Which Makes Imperialism the Chief Issue.

TURBULENT CONVENTION.

For President—William Jennings Bryan, of Nebraska.

For Vice President—Charles A. Towne, of Minnesota.

Sioux Falls, S. D., Friday, May 11.—The national Populist convention concluded its sessions at 1 o'clock this morning and adjourned sine die. The nomination of Towne was only accomplished after a struggle of several hours' duration, in which an effort was made to have the question of the nomination of the vice presidential candidate referred to a committee to confer with the Democratic and Silver Republican parties in their national conventions. A motion to this effect was defeated by a vote of 288 to 492. Both candidates were nominated by acclamation, but before the result was reached various candidates for second place were placed in nomination and their names successively withdrawn.

STORY OF THE PROCEEDINGS.

Temporary Chairman Ringold called the convention to order at 9:45 this morning. The committee on credentials presented a report declaring no contesting delegations and recommending that the vote of the several states be increased. The report was adopted. The committee on permanent organization reported the names of Thomas M. Patterson of Colorado for permanent chairman and T. H. Curran, Lee Vincent and E. M. Drisher for permanent secretaries. The report of the committee was adopted. The platform committee not being ready to report, the convention recessed till two.

The afternoon session came to order at 2:10. A number of short speeches were made while waiting for the report of the platform, which was in the hands of Jerry Shapourian of Kansas, chairman of the committee. It was 3:15 when Simpson arrived and, as he was hoarse from much speaking, the report was turned over to Committeeman Gillett of Iowa, who read it.

WHERE THE PARTY STANDS.

The platform consists of a preamble and a long series of resolutions. The preamble congratulates the People's party on the marvelous growth of its principles during the last four years among the people of all political parties. This condition, the platform continues, gives renewed hope and courage for the future in the efforts of the party to avert the subversion of free institutions by corporate power and to resist the evident peril of a republican party to establish a strongly centralized imperial government.

The resolutions on imperialism and militarism deplore the conduct of the administration in the Spanish-American war and denounce its conduct in connection with the Philippines. A demand is made for the cessation of this war, and it is declared in this connection that the island of Porto Rico is part of the territory of the United States, made so by our promises and the consent of the Porto Ricans themselves.

The increase of the standing army is denounced as wholly unwarranted by the conditions of the country, and it is asserted that this tendency will inevitably result in an unnecessary burden on the tax-payers.

There is a strong resolution of sympathy with the Boers, a declaration against the monopolizing of public land for speculative purposes, a demand for a return to the original homestead policy, a declaration for placing all goods controlled by trusts upon the free tariff list, condemnation for the governor of Idaho and the federal government in connection with the Coeur d'Alene troubles, and the usual demand for initiative and referendum.

FLANK ON TRUSTS.

Trusts are denounced and the Populist method for the control of public utilities, such as railroad and telegraph systems and of the issuance of money, is recommended as the proper remedy for this evil. To cope with the trust evil, it is said the people must act directly without the intervention of representatives, who may be controlled or influenced, hence they demand direct legislation giving to the people law-making and veto power under initiative and referendum.

The importation of Japanese labor under contract is denounced as a notorious and flagrant violation of the laws, and the resolution pledges the party to promote a strong exclusion law against all kinds of Mongolians and Malayan immigration.

The gold standard act of the present Congress is denounced as a mockery, and it is asserted that, while barring out the money of the Constitution, this law opens the printing mints of the treasury to the free coinage of paper

FILIPINO REBS PUNISHED.

Notable Victories Scored by the American Troops in Battle This Week—Heavy Losses to the Enemy in Various Provinces--The Details.

Manila, Friday, May 11.—9:10 a. m.—A force of five hundred insurgents attacked twenty-five scouts of the Forty-eighth regiment near San Jacinto, province of Pangasinan, on Monday, but were routed by the scouts, ten of their number being killed. The Americans lost two killed.

On April 26 the rebels burned and sacked the town of Trece, near Bulacan, murdering several natives who were friendly to Americans and two Spaniards. The Americans killed thirty-seven insurgents.

On the same date Major Andrews, with two companies of troops, attacked General Molinas' stronghold near Ormaqui, Leyte island. Molinas had a brass cannon and plenty of ammunition,

but after three hours of fighting the insurgents fled. Their loss is not known. The Americans lost two killed and had eleven wounded. They destroyed the enemy's rifles, powder and stores.

Manila, May 10.—The insurgents have suffered heavy loss at Tabako, near Legaspi, province of Albay. Luzon. Two hundred riflemen and eight hundred bolomen were preparing to attack the town, when Captain Simons, with a company of the Forty-seventh Volunteer regiment, advanced to meet them and killed many. The insurgent leader, a native priest, was wounded and captured after his horse had been shot from under him. Three Americans were wounded.

STRIKE CLOSES QUINCY MINE.

MEN DECLINE 10 PER CENT. INCREASE, HOLDING OUT FOR 15 DEMANDS FOR HIGHER PAY REFUSED AT THE OSCEOLA.

The Quincy mine closed down last night, the men striking at the beginning of the night shift. Superintendent Harris had offered a raise of 10 per cent. in wages to the miners, but the offer was refused, the miners demanding 15 per cent. The strike effects between a thousand and twelve hundred men employed by the Quincy and Osceola mines, and in a few days must also result in the enforced idleness of the entire forces at the Quincy and Osceola mills.

SITUATION AT THE OSCEOLA.

At the Osceola mine a strike was in progress all day yesterday. For some time agitation has been in progress among the men, and quite a decided state of dissatisfaction was at last engendered, which made its appearance just as Superintendent Parnall was leaving for Detroit to attend the state convention. He settled the matter temporarily at that time and upon his return Wednesday afternoon expected to take up the matter and also that of the miners at the Kearsarge and arrange a permanent settlement. The disaffected miners at the Kearsarge were at work as usual yesterday, relying upon the promise that the superintendent would investigate their claims, but the trammers in the Osceola kicked over the traces and refused to work and through their influence kept the miners out for the day as well.

In the afternoon Superintendent Parnall visited the Osceola mine and had a talk with the men. He told them that they were receiving the highest rate of pay given the same class of labor in any amygdaloid mine in the county and were exceeded only in the Tamarack, where tramping is much harder work, and that the Osceola could not grant them an increase under the circumstances, that if they determined to go out the mine would have to be closed down, temporarily at least, and that the company was prepared to take that action if necessary. There the matter stands at present and the next move made by the men will be awaited with much anxiety by the business interests of the county.

This strike of trammers at the Osceola affects about eight hundred men, who are idle because of the trammers' demand for a 10 per cent increase. They are now getting \$55 per month, as compared with a rate elsewhere in the county varying from \$49 to \$54. Nearly all the striking trammers are Austrians. Superintendent Parnall's refusal is so firm that if the men stay out a bitter contest cannot be avoided.

It is the opinion of the copper country mining men that the time has come for united action on the part of the companies regarding the wage scale. As it is now, a strike here and there is promptly followed by trouble elsewhere and then another strike at the same mine for another increase.

There may be between seven and eight thousand men out before the end is reached.

A hundred men were put to work yesterday grading the railroad from the Mohawk to the mill site on Traverse bay, Lake Superior.

CARL SHELLEN'S GOOD WORK.

WHAT HE HAS DONE FOR HIS DISTRICT SET FORTH. A staff correspondent of the Detroit Journal writes that paper from Washington, under date of the 9th inst., giving this summary of work done by Representative Shelden for his district during the session of congress now nearing a close.

Those who listened to the reading of the sundry civil appropriation bill as it passed the house, had very little idea that approximately \$175,000, in appropriations, went to the benefit of the Twelfth district of Michigan. Such is, however, the fact, and not only will the inhabitants of the Twelfth district find just reason for congratulating themselves on his work, but the vesselmen, as well, owe him thanks. The following is the round-up:

Appropriation for postoffice building at Menominee, \$25,000; Keweenaw bay, \$110,000; Hay lake, \$250,000; Portage, \$85,000. To this should be added the \$5,000 appropriation carried in the agriculture bill for his weather bureau, making a total of \$1,175,000. In addition to this he has secured the promise of an improvement in the St. George cut, which will help northern bound vessels going up light, and has every opportunity of getting passed in the house his bill for a revenue cutter at the "Rock" on which he secured a favorable report from the committee on interstate and foreign commerce. Until each measure was actually passed, excepting only the revenue cutter, not a word has been heard from the member who lives

at Houghton until after he had landed the prize and was secure from defeat.

PROF. R. H. KIRTLAND CHOSEN.

HOUGHTON SCHOOL BOARD SELECTS NEW SUPERINTENDENT.

At a meeting of the Houghton school board last evening, Professor R. H. Kirtland of Ann Arbor was elected superintendent of the Houghton schools for the ensuing year. Mr. Kirtland is a graduate of the Michigan State Normal school and holds a life teacher's certificate, while he has just completed a course of special study at the University of Michigan. He has had six years' experience as a superintendent and is highly recommended by President Angell of the university and by Professor Waldo of the Marquette Normal school. Professor Kirtland is about thirty-seven years of age and has a wife and one child. He is stated to be a polished and well-read man, thoroughly up-to-date in his methods and of a decidedly literary turn.

The school board has re-engaged the following teachers for the next school year: M. J. Whitten, Miss Mela Taylor, Mrs. Ida Collins, Miss Olive Howard, Miss Elizabeth Reese, Miss Bridget Saucy, Miss Anna Junker, Misses Besse and Florence Osborn, Miss Gwyneth Wilson, Miss Ida M. Wallace, Miss Julia Sullivan, Miss Kate Mulford and Miss Amelia Hankey.

COPPERDOM BREVITIES

(The Mining Journal's copper country office, C. H. Kelsey, representative, can be reached at all times by calling up telephone No. 312, Houghton, by parties having business with the paper.)

H. F. Nickerson left yesterday for Ishpeming on business.

Julius J. Patek, the Ironwood yesterday, was a Houghton visitor yesterday.

A marriage license was issued yesterday to John Raisen and Theresa Leksan of Hancock.

F. J. McDannel, train dispatcher of the Copper Range road, left on a trip to Chicago yesterday afternoon.

A fire alarm at 4 o'clock yesterday afternoon at Houghton caused a general stampede out on West Albion street, but it proved a false alarm.

Hugo & Tims of Duluth have commenced driving piles on their re-vestment contract—three hundred feet—above Prince's point, Portage river.

Supervisor Christof Fox of Houghton is having his residence newly painted and decorated by F. J. Webber and has just finished putting a new roof upon it.

W. W. Walker, assistant general freight agent, and Division Freight Agent Robertson, of the South Shore, were in the copper country yesterday.

Superintendent Fred Smith of the Wolverine mine went down to Marquette yesterday morning upon business with General Manager Pitch, of the D. S. & A.

Street Commissioner MacNamara has a force of men at work digging out the rocks and restoring the grade on the Hurontown hill up beyond the Houghton High school building.

J. H. Roberts, vice president of the Phoenix Furniture company of Eau Claire, manufacturer of fine interior fittings, bank fixtures, etc., is again in the copper country on business.

Cherry trees in the gardens of Supervisor Fox and of the Misses Finnegan at Houghton are now in full bloom—an unusually early start for the second week in May in this country.

A maple tree which stood in front of the entrance to the new part of the Douglass House on Isle Royale street was carefully moved about twenty feet to the south yesterday and reset.

F. J. Bawden, president, and W. O. Chapman, vice president, of the Houghton County Street Railway company, left yesterday on a short trip to Marquette on street railway business.

Mrs. Gottstein of Houghton has commenced the erection of a small store building on Dodge street, just off of Sheldon. It will be 21 feet in dimensions and will be brick veneered.

Men were at work yesterday tearing down the old storage sheds, etc., at the rear of the Douglass House to make way for the new kitchen, for which a force of carpenters is framing the timbers.

Voith & Michels will start upon the carpenter work of the six new houses at the Isle Royale mill, for which the foundations are now being finished, on Monday morning. The lumber and material is now being delivered alongside of the foundations.

James Williams is building a new residence on the corner lot by Liebertraut's place, just above the new Houghton school building, and it is rumored that he will build others all the way across on the thirty-foot strip which he owns there.

There will be a special meeting of Houghton lodge, No. 218, F. & A. M., on Saturday evening, May 12, for work in the second. There is so much work before the lodge now that two meetings a week are necessary—Monday and Saturday evenings.

The flags on all the steamers of the Lake Michigan & Lake Superior Transportation company have been ordered at half-mast on account of the death at Chicago yesterday afternoon of Captain Twichell, a veteran of the lakes and for many years with the Leopold line. He was captain of the City of Traverse at the time of his death and was one of the most popular passenger captains on the lakes.

Albert Hall, who is superintending the erection of the approaches to the new Houghton High school building in place of James Sinclair, who has gone down to Newberry to take charge of the erection of the new cottages at the asylum, reports that it will be all of two weeks yet before the job is completed. Some very fine stone cutting is being done upon the job and the approach promises to be the most imposing that adorns the entrance to any

public building in the copper country. Portage Entry stone is being used for the body of the work and the white Cleveland stone for the steps.

The Copper Range is continuing the work of filling in the site for the land end of its intended freight warehouses, and every little while a team will break through as the ice beneath the filling put in there during the winter gives way. It will take some time to get the ground perfectly solid, in consequence, but there is plenty of rock for the work right at hand along the driveway leading up to the street.

CHAMPION.

A VERY PROMISING PROSPECT.

ONE THAT BIDS FAIR TO PROVE VALUABLE BEING OPENED ON THE NORTH RANGE.

J. T. Pascoe of Humboldt, who has been conducting exploratory work on the North range, less than two miles north of the American mine, has every reason to feel that he has a good thing. The prospect looks most promising, but Mr. Pascoe is not inclined to say a great deal about it. He has not pushed the work along as he would like, but enough has been done to indicate that the prospect will sooner or later attract the attention of those who are anxious to secure workable ore deposits.

Some work was done at the prospect, which is located on the north half of the northeast quarter of Section 26, during the winter season, but the ground became so badly frozen that operations were suspended until a short time ago. A shaft has been sunk to a depth of thirty feet, and two test pits, each about twenty-five feet square, have been opened. Samples of the ore were recently assayed and the results were entirely satisfactory to Mr. Pascoe. The average per centage in iron was 64, with .92 phosphorus. This is well within the Bessemer limit, and a very desirable ore.

As in the case of most of the other properties on the North range, the ore is near surface, only about ten feet of stripping being necessary to reach the deposit. There is both a hard and soft ore. It would seem from the present outlook that an unlimited amount of ore will be uncovered there in time. The property can be operated on the open pit plan and the ore can be taken out at a comparatively small cost per ton. Mr. Pascoe intends to continue the exploratory work in the immediate vicinity of the present pits until he is thoroughly satisfied that the deposit is fully as large as he now believes it to be.

SWIPED THEIR HAND CAR.

A party of ten young fellows came up from Ishpeming on a hand car last Sunday. They left the car some distance from town, thinking it would be safer than near the station. A few persons here who suspected that the car was along the line went down and got it, organized a fishing party and off they went the next day. They remained until all day, meanwhile the Ishpeming chaps were in quite a stew, fearing the car would not be returned and that the railway officials down the line would discover who took it when it was found missing by the section men the next day. They waited until about evening when they concluded they had better start for home without the car. They traveled on foot two miles out of town when they met the fishermen returning with the car. An interesting discussion followed but no trouble resulted. The next expedition of this kind the Ishpeming fellows take they will leave a guard to protect the car while the rest come to town to visit.

THEY HAD A GOOD TIME.

The members of the Champion High School Minstrel company had a very enjoyable time at Republic last Friday evening. They were welcomed by a fairly good house. They complain, however, that they were unable to give as good a performance as they gave here, owing to the absence of a piano. This left them without instrumental music and sadly marred the performance. Quite a large party of the young people of the town accompanied the players on the trip.

MOVING TO MILWAUKEE.

W. Wallace, who has been in Milwaukee for the past year or so, moved his family to that city a few days ago. The day before they took their departure they were taken to Milwaukee for burial. Mr. Wallace has a position with the city fire department there.

PENCIL POINTS.

Arthur Beatty has been quite sick of late. Amos Saladine talked pianos to Champion people Wednesday. Mrs. R. R. Thomas has been ill and confined to her room the past week or so. Oscar Beck was down from up the line Sunday on a visit to relatives and friends.

PREPARING FOR THE CLOSING.

The teachers and pupils of the Champion high school are very active in preparing for the commencement exercises to take place on the closing of the schools June 1. During the past week or so the pupils remain a little later than usual each evening to rehearse the choruses to be rendered on that occasion.

SCOTT'S EMULSION.

leaves the lungs weak and opens the door for the germs of Consumption. Don't wait until they get in, and you begin to cough. Close the door at once by healing the inflammation. Scott's Emulsion makes the lungs germ-proof; it heals the inflammation and closes the doors. It builds up and strengthens the entire system with wonderful rapidity.

The Board of Trade

Palm Garden and Cafe, HOUGHTON, MICHIGAN.

THE BUSINESS MAN'S RENDEZVOUS.

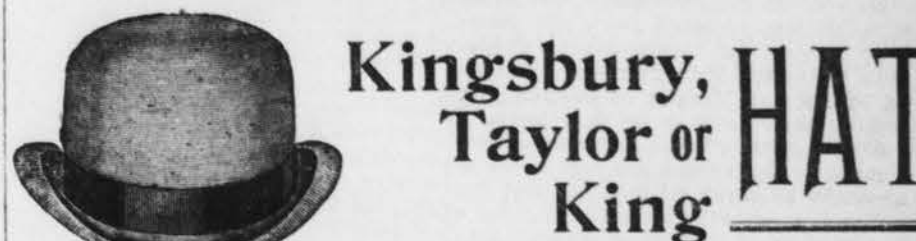

Table D'Hote Dinner from 12 to 2 p. m.

Painting, Papering and House Decorating. HAMILTON & EIDE, Tezcuco Street, Hancock.

Give us your order. We will do your spring work on short notice. Finest line of WALL PAPERS—Alfred Peet's designs—in copper country. Drop us a postal and we will call and show them with pleasure.

A STYLISH SUIT

is all right, but it is out of place without a hat to match it. GET A

Kingsbury, Taylor or King. They are the CORRECT THING, nothing better. R. G. QUINN, U. P. AGT.

Don't Be Woozy.

For that tired feeling take Provost Vigor Bitters, A GREAT SPRING TONIC. At all First-Class Bars and Drug Stores.

SUMMIT HOUSE.

DAN CURRIE, Proprietor. This popular \$1.00 and \$1.50 per day hotel is the largest and best in the city; located on Front street near the principal business houses and just one block from the railway depot and boat landings. Headquarters for Lumbermen. Employment found for all kinds of labor.

occasion. A very complete program will be arranged and all who attend the exercises will be given a treat.

W. Wallace, who has been in Milwaukee for the past year or so, moved his family to that city a few days ago. The day before they took their departure they were taken to Milwaukee for burial. Mr. Wallace has a position with the city fire department there.

J. W. GATES QUILTS JOB.

Sweeping Changes in the Steel & Wire Management.

NUMBER OF NEW FACES.

But Successors All Said to Be in Harmony With the Late Chairman and His Policy.

HASTILY SAILS FOR PARIS.

New York, May 10.—Changes of sweeping character in the affairs of the American Steel & Wire company were announced today after a session of the board of directors.

John W. Gates resigned the chairmanship of the board of directors and is now on his way to Europe. He is succeeded by Alfred Clifford of Chicago.

John Lambert, president of the company, resigned in favor of William P. Palmer.

Isaac L. Elwood resigned as chairman of the executive committee, and the place is taken by William Edens.

The office made vacant by the elevation of Clifford was filled by the election of L. Watson.

Henry Seligman and Frederick Strauss, who resigned from the directorate because of opposition to Chairman Gates and his policy, are succeeded by Randall Morgan of Philadelphia and Herman Slicken of New York.

All the new officers, directors and committeemen named are said to be in absolute harmony with Gates and his policy. A voluminous statement narrating in detail the causes which led to the changes was given out.

WHY THE CHAIRMAN QUIT.

Gates' letter of resignation states that for more than a year he had contemplated retirement, and should have taken the step on May 1 but for the recent controversy. He justifies his action in closing the mills three weeks ago and protests against the "fabric of abuse and villification" which has been heaped upon him. He says:

"I never sold a share of stock in this company excepting that which I owned and I am today a large holder of stock and every member of my family is a substantial holder of stock in this company. Now that the antagonism from all directions has been dispersed and discredited, and that I have been relieved from further accusation and the charges against me have been determined to have been false and unfounded, I feel that I should not further deny myself the opportunity to take the desired recreation determined upon a year ago, particularly since it has become a duty by appointment from the governor of Illinois to represent that state as commissioner to the Paris exposition."

AFRAID TO FACE CHARGES?

George Alfred Lamb, the lawyer whose charges against Gates were dismissed Wednesday by Magistrate Zeller, gave out his statement to the press. Mr. Gates came to New York with the avowed determination of fighting the proceedings brought against him to a finish and of inflicting dramatic punishment upon all his critics, especially upon any one who dared prosecute him. The proceedings brought, however, seemed to have promised more interesting developments than Mr. Gates cared to face and, acting doubtless upon the advice of his formidable counsel, he has taken advantage of the technical opportunity that presented itself to leave the country.

SOUTH AMERICA IS FRIENDLY.

NEW MINISTER FROM ARGENTINA DENIES THE CURRENT REPORTS OF DISTURB AND JEALOUSY.—DIRECT BOAT LINE NEEDED.

Washington, May 10.—Eduardo Wilde, the new minister from Argentina, enjoys the distinction of being the only newspaper man in the diplomatic corps at Washington. He founded the Mosquito, the caricature publication of Buenos Ayres. To a correspondent Dr. Wilde said:

"Everybody asks me about alleged jealousies and distrust on the part of the South American republics of the United States. Such stories have no foundation in fact. Shortly before I began my journey to the United States I had important conversations with the presidents of Brazil and Paraguay. I know that their sentiments of cordial esteem for the United States are heartfelt. They agreed with me in acknowledging the necessity of closer intimacy between the two continents, which can be accomplished in one way, the establishment of direct lines of commerce. Of course I can speak officially only of my own country, Argentina. My government would gladly join with the

United States in extending a subsidy to one or more regular lines of steamers between the Rio de Plata and some important port of the United States. At present we must ship the greater part of our commerce with this country to Liverpool for shipment to the United States. Under such unusual circumstances there must of necessity be a lack of difficulty of interest favorable to the parties interested."

CZAR NOT WITH HOOLEY.

RUSSIAN EMBASSY DENIES THE PARTNERSHIP STORY.

London, May 10.—Some of the wind in Hooley's sails has been taken out by investigation into the reports that he and the czar had gone into partnership to develop the Siberian gold fields. That the Russian government has granted an important concession to an English syndicate seems to be confirmed. That Hooley has an interest in the company has also been established. But it is denied that Hooley is at the head of the scheme.

At the Russian embassy Hooley's connection with the scheme is repudiated entirely. However, it is admitted by those supposed to be acquainted with the details of the concession that Hooley put \$25,000 into the project, and there are many who insist that while Hooley is not the nominal head of the syndicate it being impossible for him to figure as such owing to the fact that he is still an undischarged bankrupt—that it was Hooley's brains that conceived the idea, though it was put through by other promoters. The composition of the company is a mystery, none of the incorporators being prominent in financial circles.

CONCESSION EASY TO OBTAIN.

Robert L. Jefferson of the Royal Geographical society and a traveler of prominence throws some light on the concession in a letter to the Daily Mail. He says:

"There is no difficulty for any Englishman to obtain a concession to prospect for gold in Siberia, to rent, buy, or work existing mines, or even to capitalize and work for the czar. All that is necessary for the prospective mine owner or worker is to bear in addition to his passport his ambassador's or head consul's declaration that the applicant is a good, natural citizen of his particular country. A so-called concession or right to mine is then at once granted him."

"Further than this, the Russian government will allow no juggling with shares on the St. Petersburg bourse. The mine owner is but little more than a servant of the emperor, since his every action is controlled by the emperor's minions. The gold he obtains from the earth is turned into the emperor's pocket, to be paid for six months afterwards."

"I myself am the owner of a gold mining concession which up to the present I am unable to make use of, owing to the extraordinary ignorance and antipathy displayed in this country concerning Siberia."

ACTIVITY AT CAPE NOPE.

CAPITAL INVESTED THERE WILL REACH FIVE MILLION DOLLARS.

Seattle, Wash., May 10.—The Treadwell gold mine will have 1,020 stamens when its latest order for 240 is filled. It is estimated that \$5,000,000 will be invested in mining machinery and in new vessels for the Nome trade. One company is shipping six miles of railroad track and engines and cars for the complete equipment of a line from Nome to the company's mines, five miles back from the beach. Together with a pumping and complete hydraulic plant, the investment of this company will total about \$250,000. Besides large expenditures by companies and individuals, the government is also spending a great deal of money in the purchase of transports, in establishing military posts and making surveys of harbors and rivers. Twenty-seven steamers that first announced their sailing dates for Nome have sold their first class accommodations at high rates. Several of the big transports in the employ of the government in the Manila trade have been released and have entered for the Nome service. These vessels are capable of accommodating from six to ten hundred passengers, and their freight capacity is also great. The harbor of Seattle is floating every variety of craft, attracted by the Nome rush. The fever is on in full force and is not only carrying strangers off, but is catching home people in large numbers. It is estimated that from three to five thousand will leave Washington state for the mines of Nome.

HERE IS A CORKER.

ARMY MEDICAL MAN SAYS USE OF ALCOHOLIC DRINKS IS NECESSARY IN THE TROPICS.

Washington, D. C., May 10.—Capt. Charles E. Woodruff of the medical department of the army has contributed a paper to the medical press treating of the life of a soldier in the tropics. It is likely to create a sensation because of work attacks upon certain well established principles of army hygiene. Especially is this the case touching the use of alcoholic liquors, relative to which the surgeon says he has seen enough in the Philippines to justify an abandonment of theories he himself had held. "Experience has demonstrated," he says, "that in a hot climate the moderate use of intoxicating drinks is essential to continued health and efficiency. Though I am not quite ready to recommend a daily ration of wine and whiskey, such as all Mediterranean nations use, it seems reasonable."

The doctor is also an opponent of a sparse diet and fasts that amply food supply is used. He cites the case of a Santiago command whose surgeon placed the men on short diet while he himself ate copiously. One of a dozen in his mess, he was the only one who escaped sickness. The abdominal bandage is denounced as a wretched survival of the medical absurdities of the days of indiscriminate bleeding. What the bandage is doing, says the doctor, is cultivating beautiful varieties of bacteria, which only await a chance to kill the wearer.

IT'S BRYAN AND TOWNE

POSITION ON FINANCE.

The party is pledged anew "never to cease the agitation until the financial conspiracy is blotted from the statute books, the Lincoln greenback restored and bonds all paid and all corporation money forever retired." The system of issuing injunctions in cases of disputes between employers and employees is, under certain circumstances, denounced as an evil, and to remedy it legislation is demanded.

The election of president, vice president and United States senators by direct vote of the people also is suggested as a home rule in the territories, the employment of idle labor on public works in time of depression, the payment of just pensions to disabled soldiers and the establishment of postal savings banks.

A fair ballot also is demanded and the "wholesale system of disfranchisement by coercion and intimidation" in some states condemned as unrepresentative and undemocratic. To remedy this defect it is declared to be the duty of the several state legislatures to take such action as will secure a full, free and fair ballot and an honest count.

UNANIMOUSLY ADOPTED.

The platform as read brought out much enthusiasm, the plank extending sympathy to the South African republics eliciting the greatest outburst. On motion by Jerry Simpson for its adoption, a standing vote was called and amid great cheering, every delegate in the tent roared, not a vote being recorded.

"The platform is adopted by a unanimous vote," announced Speaker Patterson.

"The next thing," said he, "is the presentation of the names of candidates for the nomination of the office of president of the United States."

Then, without pausing or calling for a roll call, he went on, "I have the pleasure of introducing Senator Allen of Nebraska."

This could mean nothing but Bryan, and before Allen could come to the front of the platform, the convention was on its feet cheering frantically and waving flags, hats and handkerchiefs.

PUTS UP THE COLONEL.

Senator Allen made a brief speech placing in nomination the name of William Jennings Bryan. This was the signal for another enthusiastic outburst. When his voice could be heard, Chairman Patterson announced, "I have the pleasure of introducing General James B. Weaver of Iowa."

Another outburst of cheers rang out as the veteran from Iowa seconded the nomination of Bryan.

John W. J. Thomas of Colorado and other speakers had given assurance of their preference for Bryan, Senator Allen moved that the rules be suspended and that "William Jennings Bryan be nominated by acclamation for president of the United States."

DONE WITH A WHOOP.

As one man the convention arose, and hats, canes, umbrellas, flags, etc., were waved in the air amid deafening cheers, the uproar being increased by the band playing "Old Hundred." Three cheers for Bryan were given with a will, and the convention then quieted down.

"I announce the nomination by a unanimous vote of William Jennings Bryan for president of the United States," said Chairman Patterson as soon as he could be heard.

"The next thing on the program," said Chairman Patterson, "is, according to the rules adopted, to take action regarding the nomination of vice president."

Instantly there was confusion and loud cries of "Pettigrew," but the chair recognized E. G. Brown of Massachusetts, who moved that the convention proceed to nominate a candidate for vice president by ballot. There were numerous seconds from the body of the convention and Senator Butler made a seconding in a speech from the platform.

CHAOS AND ADJOURNMENT.

General Weaver offered as a substitute that no nomination be made at the present time. He desired that a committee of one from each state should proceed to Kansas City for a conference, and that if no man acceptable to the party was named at the conference the committee should select the nominee.

Then came a long argument over amendments, substitutes, and the convention became tangled up in a maze of parliamentary proceedings.

Senator Butler moved to proceed to the nomination of vice president "if the chair rules that the original motion is still before the convention."

"The original motion is before the house," said Chairman Patterson.

Senator Allen spoke against the proposition to nominate, while Howard S. Taylor of Illinois made an impassioned appeal in favor of immediate nomination and argued that Charles A. Towne be that nominee.

Amid great confusion the point of order was made that the time of the afternoon session had expired. A motion to suspend the rules was lost on a standing vote, and Chairman Patterson announced adjournment until 8 p. m.

HOT ROW IN THE EVENING.

When the evening session was opened Washburn of Massachusetts spoke at some length in favor of his plan of submitting a list of five men for vice president.

General Weaver told the delegates that they would make a grave mistake

by nominating a vice president without consulting the Democratic party. E. Gerry Brown of Massachusetts made an appeal for harmony.

Edward S. Grece of Michigan was then recognized.

"Before Mr. Grece speaks," said the chairman, "the chair wishes to announce that there is a package of letters here for the South Dakota delegation. It was found on a chair and probably was lost by some member of the delegation."

Former Congressman John F. Kelly of South Dakota, who had been clamoring for recognition all day, at once advanced, with his voice shaking with anger, said: "The South Dakota delegation is glad to receive this recognition from the chair, for it is the only recognition it has received from you."

"You are a miserable bunco-steerer," Kelly, continuing, shouted. "You came to this convention with a package of good faith. You are not fit to preside over a Populist convention, and you never will again."

CONVENTION IN AN UPROAR.

In an instant there was an uproar, and cries of "Put him out" were heard. Finally the excited delegate was quieted somewhat.

"The chair desires to make an explanation," said Chairman Patterson. "I have honestly endeavored to let the convention hear from both sides in succession."

"I deny that as a falsehood," broke in Kelly, and again the convention became a perfect pandemonium.

Several excited delegates stripped off their coats, ready for business, while one gray-bearded, but brawny, delegate ran toward Kelly. He was stopped, however.

As soon as he could be heard, Chairman Patterson continued: "After Mr. Grece concludes I will recognize him, not because he is Kelly, but because he represents our host, the state of South Dakota. The gentleman is trying to intimidate me. Let me assure him the chair will not be intimidated."

Kelly, after a moment's hesitation, sat down and Grece spoke in favor of Washburn's plan.

MR. KELLY COOLS DOWN.

The chair then recognized Kelly of South Dakota, who said he regretted the incident, explaining his attempt to secure recognition for several hours. He felt he had been denied his simple, plain rights as a delegate. He then urged that the nomination be made at once.

After a long discussion on the parliamentary position of the various motions, amendments and substitutes, the chairman held that the original question was the amendment offered by Jerry Simpson, which provided that the national committee should go to Kansas City for a conference with the Free Silver Republicans and Democrats regarding the vice presidency.

Amid much confusion, the vote resulted in 262 votes for 492 votes against.

Then, on roll call, the resolution providing for the selection of five names to be presented to the Democratic convention was defeated—270 to 526.

Senator Allen here took the chair, Chairman Patterson's voice having given out.

NAMES FOR VICE PRESENTED.

On a call of the states for the announcement of names, Illinois was the first to respond, "Tornado" Jones nominating Dr. Howard E. Taylor. A. J. Westfall of Iowa put in nomination J. H. "Cyclone" Davis of Texas. Jerry Simpson nominated National Committeeman John W. J. Thomas of Colorado. Washburn of Massachusetts nominated E. Gerry Brown. Minnesota was called amid much applause, and J. W. Bowler nominated Charles A. Towne of Duluth. T. S. Hogan of Montana nominated Congressman Lentz of Ohio. New York followed Nebraska in seconding Towne. J. A. Gids of Pennsylvania nominated T. P. Rynder of that state. South Dakota seconded the nomination of Towne.

J. H. Davis ("Cyclone"), when his state (Texas) was called, withdrew as a nominee, saying his state was for Towne. Taylor of Illinois also withdrew in favor of Towne. Hopkins of Michigan seconded the nomination of Towne. As soon as the roll call was over Rynder of Pennsylvania announced his withdrawal in favor of Towne. Simpson then withdrew Breidenthal in favor of Towne. Brown of Massachusetts also withdrew.

The Montana delegation, which presented the name of Lentz, was asked to withdraw his name, but refused to do so.

NAMED BY ACCLAMATION.

Robert Schilling of Wisconsin then moved that the rules be suspended and Charles A. Towne be declared the vice presidential nominee by acclamation. The motion was carried, only four men from Montana voting against it.

St. Louis Falls, S. D., May 11.—The state delegation, after the naming of Towne, at once proceeded to select their committee. A resolution of condolence on the death of H. E. Taubeneck of Illinois, late chairman of the Populist national committee, was passed.

A motion was adopted that the new national committee be made a committee on conference with the national Democratic and Silver Republican parties.

Permanent Chairman Patterson and Temporary Chairman Ringold were empowered to select the committees on notification.

At the conclusion of the call of states, a motion was agreed to that the national committee named be declared the national committee.

At 12:58 a. m. the convention adjourned sine die.

Among the national committeemen appointed are the following for Michigan: J. W. Ewing, E. S. Grece and A. W. Nichols.

If troubled with rheumatism, give Chamberlain's Pain Balm a trial. It will not cost you a cent if it does no good. One application will relieve the pain. It also cures sprains and bruises in one-third the time required by any other treatment. Cuts, burns, frostbites, quinsy, pains in the side and chest, glandular and other swellings are quickly cured by applying it. Every bottle warranted. Price, 25 and 50 cents. The Stafford Drug company.

Coughs and colds, down to the very borderland of consumption, yield to the soothing, healing influences of Dr. Wood's Norway Pine Syrup.

BARKER ON 2D BALLOT.

Middle-of-the-Roaders Name Easterner to Prevent a Split.

DONNELLY RUNNING MATE.

Howard of Alabama in the Lead for President but Pulls Out for Sake of Harmony.

DEBS MEN DISGRUNTLED.

For President—Wharton Barker, of Pennsylvania.

For Vice President—Ignatius Donnelly, of Minnesota.

Cincinnati, May 10.—The above is the ticket placed in the field today by what is commonly known as the middle-of-the-road Populist party.

For a time during today's session of the convention it appeared as if nothing could prevent the complete disruption of the plans so carefully wrought out by the handful of men who separated themselves on Feb. 19 last at Lincoln from the fusionist element of the People's party.

Since Tuesday a steady current against the cut and dried choice of Barker and Donnelly by initiative and referendum had almost destroyed the foundation upon which that ticket stood. Former Congressman Howard of Alabama had suddenly become the idol of an apparently winning number of delegates.

BOLT WAS THREATENED.

Today as the time drew near for the nominations word was quietly passed, and confirmed by Howard himself, that the Barker following would bolt the convention should their leader be turned down, and owing to the fact that the Alabama delegation would not support Howard matters were further complicated.

Notwithstanding the withdrawal of Howard, it was found when the roll call was completed on the first ballot that he was at the top of the column—only a few votes short of nomination. On the second ballot Howard's plainly stated desire for harmony took effect.

The seventy votes which went to Donnelly on the first roll call were gradually worked over to the Barker column, it being understood that Donnelly's name had been withdrawn, although the Minnesota delegation protested against the withdrawal.

Minnesota was passed at its own request, and when the other states had voted it was apparent that the forty-eight votes of Minnesota could settle everything in a harmonious manner by going to the Pennsylvania.

They were cast for Barker and gave him the requisite majority over all. Howard moved to make the selection unanimous, which was done. Without a dissenting voice Ignatius Donnelly was declared the vice presidential nominee.

FIGHT ON NAT'L CHAIRMAN.

A long parliamentary wrangle ensued over the selection of national chairman, with the result that a motion that the convention proceed to the election of a national chairman was carried and Milton Park of Texas, the retiring national chairman, was placed in nomination. A motion was just about to prevail to make Park's selection unanimous, when Howard, in an eloquent address, presented the name of Jo A. Parker of Kentucky. His words of praise of Barker were about the strongest thing heard on the floor and won for that young man the unanimous selection for the national chairmanship.

The followers of the Social Democracy and Eugene V. Debs for the presidency of the United States found small comfort in the convention, which they hoped a few days ago would endorse their idol. Three of them left the convention after the nominations had been completed and it was reported they would support the Debs ticket, but their action attracted no attention whatever.

THIS THE PLATFORM.

The following platform was adopted: "The People's party of the United States, assembled in national convention this 10th day of May, 1900, affirming our unshaken belief in the cardinal tenets of the People's party as set forth in the Omaha platform, and pledging ourselves anew to continued advocacy of those grand principles of human liberty until right shall triumph over night and love over greed, do hereby and proclaim this declaration of faith:

"I. We demand the initiative and referendum and the imperative man-

date for such changes of existing fundamental and statute law as will enable the people in their sovereign capacity to propose and compel the enactment of such laws as they desire, to reject such as they deem injurious to their interests and to recall unfaithful public servants.

"2. We demand the public ownership and operation of these means of communication: Transportation and production which the people may elect, such as railroads, telegraph and telephone lines, coal mines, etc.

"3. The land including all natural sources of wealth, is a heritage of the people and should not be monopolized for speculative purposes, and alien ownership of land should be prohibited. All land now held by railroads and other corporations in excess of their actual needs, and all lands now owned by aliens should be reclaimed by the government and held for actual settlers only.

"4. A scientific and absolute paper money, based upon the entire wealth and population of the nation not redeemable in any specific commodity, but made a full legal tender for all debts and receivable for all taxes and public dues and issued by the government only, without the intervention of banks and in sufficient quantity to meet the demands of commerce, is the best currency that can be devised; but until such a financial system is secured which we shall press for adoption, we favor the free and unlimited coinage of both silver and gold at the legal ratio of 16 to 1.

"5. We demand the levy and collection of a graduated tax on incomes and inheritances and constitutional amendment to secure the same if necessary.

BALLOTING FOR PRESIDENT.

When the balloting for candidates was taken up the names of Howard, Barker and Donnelly were presented for president. The first ballot resulted: Howard, 311 6-19; Barker, 303 4-10; Donnelly, 70; Norton, 1; necessary to a choice, 488.

The second ballot stood: Barker, 379; Howard, 235; Donnelly, 7; Norton, 2. The chair ruled that a majority of all votes cast only was necessary, and Barker won on this decision, his nomination then being made unanimous.

Donnelly was named for vice president by acclamation and the convention adjourned at 4:40 p. m. adjourned sine die.

On the national committee Michigan is represented by John O. Zabel, J. E. McBride and J. W. Harris. Mr. McBride also having been elected secretary of the committee. He is a Grand Rapids man.

COLORADO STRONG FOR M'KINLEY.

MANY OF THE DELEGATES FOLLOWS OF BRYAN IN '96.

Denver, May 10.—The Republican state convention, which met at the Broadway theater today, selected United States Senator Wolcott for temporary chairman and Charles Hartzell of Denver for permanent chairman. The following delegates to the national convention were chosen: Senator Wolcott; D. H. Maffett, Denver; W. S. Stratton, Colorado Springs; David R. C. Brown, Aspen.

The resolutions adopted unqualifiedly endorse President McKinley and his administration, which is credited with bringing the prosperity. They commend the policy pursued in the Philippines and Porto Rico and express the hope that President McKinley will be unanimously re-nominated. They declare opposition to trusts, while inviting capital to the state. The attitude of Senator Wolcott upon all questions affecting the commercial, industrial and financial welfare of the country is commended. No other mention is made of the financial question.

Many of the delegates in today's convention were former Republicans who four years ago affiliated with the Silver Republicans and supported Bryan.

IOWA WITH THE PRESIDENT.

M'KINLEY INSTRUCTIONS GIVEN THE NATIONAL DELEGATES.

Des Moines, Ia., May 10.—At the Iowa Republican convention, held here today, the following were made delegates-at-large to the national convention at Philadelphia: Governor Shaw; George H. French, Davenport; Dr. E. H. Smith, Cedar Rapids; Lafayette Young, Des Moines.

The platform instructs the delegates for President McKinley, endorses his administration, mentioning particularly the administration's foreign policy and currency law, and recommends the proper control of such trusts and combinations as are deemed inimical to the interests of the public generally.

The convention furnished a spectacle of political harmony, confidence and strength seldom witnessed. The delegates-at-large alternated, and the twenty-two delegates and alternates accredited to the national convention were in all except the Eleventh district selected by acclamation. In that district there were four candidates, but the first ballot was decisive in favor of MacFarlane and Lyon.

TODAY'S WEATHER.

Chicago, May 10.—At today's session of the Methodist general conference two fraternal delegates were appointed to attend the next general conference of the Methodist Church South and one to attend the next conference of the Canadian Methodist church. The quadrennial reports of Bishop Theobald of India and Bishop Hartzell of Africa were submitted.

KANSAS TOWN BADLY SCORCHED.

Atchison, May 10.—A fire that started in the old City Hotel at Everett, Kan., today wiped out the main portion of the town, destroying fourteen stores and buildings. The loss is estimated at \$50,000.

BARTO WINS CHICAGO SHOOT.

Chicago, May 10.—At Watson's park today, J. E. Barto won the Dupont championship trophy and a prize for \$100 in the shoot-off with E. S. Graham, both killing twenty-five straight.

TWO KILLED IN RUNAWAY.

Winamac, Ind., May 10.—Mrs. Joseph Cramer and child were instantly killed today in a runaway accident.

STOCKHOLDERS' MEETING.

Duluth, South Shore & Atlantic Railway company—Notice is hereby given that the annual meeting of the stockholders of the Duluth, South Shore & Atlantic Railway company will be held at the office of the company, 301 Nester block, Marquette, Mich., on Thursday, the 7th day of June, 1900, at 10 o'clock in the forenoon.

GEORGE H. CHURCH.

Secretary.

They again name Gov. McMillan and declare for Bryan.

Nashville, Tenn., May 10.—The Democratic state convention today elected Albert T. McNeal, Jas. D. Richardson, John A. Moon and Charles T. Cates delegates to the national convention. At 12 p. m. the convention was still in session awaiting the report of the committee on resolutions.

TENNESSEE DEMOCRATS.

Nashville, Friday, May 11.—At 1 o'clock the platform committee reported resolutions containing an anti-expansion plank, declaring against trusts, reaffirming the Chicago platform and favoring Bryan for president. The resolutions were adopted.

Governor McMillan has been nominated for a second term.

COST OVER A MILLION.

PLAQUE IN HAWAII CAUSED AN EXPENSE THAT ADDS MATERIALLY TO TAXATION THERE.

Honolulu, April 29, via San Francisco, May 10.—The council of state adjourned April 23, after making appropriations for the general expense of the Hawaiian government for the two years ending Dec. 31, 1901. The total amount of these appropriations for the two years is \$1,568,993.94. The appropriations of the last legislature for the same purposes, though including very many more public improvements, were \$5,988,446.97. But, in addition to the regular appropriations for the biennial period, the council since Dec. 12 has appropriated \$1,950,000 for purposes incidental to and created by the plague epidemic, including \$443,252.24 for the extension of the sewerage system of Honolulu and \$2,000,000 for the erection of a garbage crematory. About \$50,000 of these special appropriations was used in the construction of quarantine detention camps.

The plague has therefore cost the country already over \$1,000,000, and none of those who lost property by the sanitary fires ordered by the authorities have been compensated yet, nor have appropriations for their compensation been passed. The council of state refused to make an appropriation for a court of claims to pass on these fire losses, on the ground that the executive had not kept faith with them in the appointments made for members of this court and in the scope of jurisdiction conferred on the court. The council claimed that it had been promised that most of the members of the court should be business men, and that the jurisdiction of the court should extend to all bona fide losses. Instead of that, the men appointed to membership in the court were all lawyers, and the jurisdiction of the court has been limited to such claims as the constitution and laws of Hawaii recognized. For the present, therefore, the court of claims is in abeyance, and the whole matter will probably go over to the legislature, which will be elected under the provisions of the territorial bill.

MONTHLY CRISIS OF BUSINESS DISPOSED OF BY COMMON COUNCIL AT THE MEETING WEDNESDAY EVENING.

Wednesday evening Recorder Delbridge read minutes to the aldermen assembled at the May meeting of the council for a full twenty-five minutes. The proceedings of the annual and subsequent adjourned meeting were reviewed. From the time this tiresome task was completed until an adjournment was taken the aldermen considered nothing but uninteresting routine business.

In the absence of Mayor Braastad, President of the Council McCutcheon was in the executive chair. Only Aldermen Roberts, Christianson, Carlson and Bouty were absent. Alderman Rodgers awoke the city duds from the lethargy into which they were thrown by the reading of the minutes of the annual meeting by arising with an objection to having them approved as read. When questioned by President McCutcheon, who desired to ascertain where they were faulty, he broke into a rambling and disconnected discourse in which "city printing," "H. H. DeVine" and "board of public works" were favorite phrases. As Alderman Rodgers was unable to show clearly what he was protesting against the minutes were approved over his objection.

On the conclusion of the reading of the minutes of the council, Alderman Rodgers requested information as to what qualifications a person must have to be a legal surety for a liquor bond. He was informed that a surety must have \$3,000 worth of real estate in the county. He then ventured the opinion that some of the sureties on this year's bonds did not own real estate to that value. Alderman Nichols rejoined that all sureties had sworn affidavits to their fitness as bondsmen.

When this ripple quieted down the aldermen took up regular business. Petitions from residents of East Bluff street, from residents of the Ninth and Tenth wards and from residents of West Division street asking for electric lights were referred to the lighting committee. Henry Routhier presented a communication to the council asking that the aldermanic attention be directed to his residence property at the corner of Third and Michigan streets. In '94 he built a stone wall around it, using a grade given him by the city engineer. Since that time the grade of the thoroughfares and sidewalks surrounding the lot have been lowered and his wall is being destroyed by no fault of his. This year's petition was also the petition of South First street residents for a flagman at the L. S. & I. crossing. The annual communication of the Women's Christian Temperance union asking for an enforcement of the curfew ordinance went to the proper committee.

Alderman Peterson of the finance and taxation committee reported a balance of \$6,900 in the city treasury. Alderman Sliney of the claims and accounts committee reported on an unusually large batch of bills and the monthly pay rolls, which were approved without dissent. Alderman Kennedy of the purchasing committee reported that a new fire patrol had been ordered.

The report of Alderman Nichols of the bonds and sureties committee occasioned a little breeze. He submitted a number of liquor bonds approved by the committee to the council but recommended that the sureties offered by Berquist be rejected, stating that they were of the "straw" variety and probably not good for the amount required by law. Alderman Hassenger ventured the opinion that other "straw" bonds had already been approved and stated that he saw no necessity for discriminating against Berquist. Alderman Lynn and Rodgers supported his remarks with expressions to the same effect. Nevertheless, the report of the committee was approved.

Alderman Kennedy offered a resolution that the police, fire and purchasing committees be authorized to procure new uniforms for the police officers and the paid employees of the fire department. It was passed.

Before an adjournment was taken Alderman Rodgers provoked considerable merriment by producing a resolution which provided that, inasmuch as stationery had been supplied to the chairman of all committees, an additional supply should be procured for other council members. As there was an abundant stock of writing materials on the recorder's desk it was not considered necessary to take a vote on this question.

ISHPEMING PEOPLE TESTED THE LONG DISTANCE TELEPHONE SERVICE YESTERDAY.

The Michigan Telephone company, in connection with the American Telephone and Telegraph company, opened its long distance lines, which now connect Ishpeming with the outside world, yesterday afternoon and evening with a practical demonstration of the utility and value of the service at Mildon's hall.

Invitations had been generally sent to Ishpeming people and a goodly number were present at the hall, both in the afternoon and evening. The demonstration was practically the same as that given at Marquette. Some forty receivers were connected and large groups heard the same voice speaking from Detroit, Milwaukee, Chicago and still more distant cities.

A number of gentlemen tested the line by conversing with acquaintances in distant cities with the greatest satisfaction. It was observed that the greater number of receivers attached to the line the less the distinctness with which the messages were transmitted. The demonstration, both in the afternoon and evening, was a pleasing success.

Mildon's hall was only used temporarily. For the present the Michigan company will continue to use the central office in the McKay block. A change is contemplated, however, and it is likely that a lease of the second floor of the Thoney block will be obtained. Among the representatives of the company present here yesterday were C. O. Cook, W. A. Forbes and E. D. Trowbridge of Detroit, G. C. Brooks of Chicago, K. S. Baker and George D. Sherman of Marquette.

THE GRAND UNION TEA COMPANY has given patrons many presents, but the hammock to be given Saturday, May 12, with every can of baking powder purchased, is the best thing ever sent out in that way by the firm. (5-10-33)

BRING BACK THE CHICKENS.

The person who stole William Tipping's chickens at the Winthrop had better return them, as the owner is "next." Trouble will be avoided if the "chicks" are returned very soon.

AN EPIDEMIC OF WHOOPING COUGH.

Last winter during an epidemic of whooping cough my children contracted the disease, having severe coughing spells. I had used Chamberlain's Cough Remedy very successfully for group and naturally turned to it at that time and found it relieved the cough and effected a complete cure.—John E. Clifford, proprietor Norwood House, Norwood, N. Y. This remedy is for sale by the Stafford Drug Co.

ISHPEMING IN BRIEF.

Joseph H. Reau of Marquette was here on business yesterday.

D. F. Morgan was down from Republic yesterday.

Dr. A. M. Wheeler of Houghton called on his Ishpeming friends yesterday.

J. C. Ulrich, W. A. Ulrich and W. H. Richmond were up from Marquette yesterday.

Frank Vandenberg was here yesterday in the interests of the Aetna Life Insurance Co.

Hammel & Co. of Appleton have arranged to use the Jones barn on Second street as a sales stable.

Ole Olson, formerly night clerk at the Hotel Clifton, Marquette, has taken a similar position at the Nelson.

Librarian E. W. Fiske has been in ill health lately. It has been difficult for him to attend to his regular duties.

Rain was threatened yesterday morning and the early part of the afternoon and finally came down about 4 o'clock.

David Benyas, who up to a few weeks ago conducted a second hand store on Division street, moved to Negaunee yesterday.

Will Burrows, who has been clerking in the Grand Union Tea store, has gone to Marinette, Wis., to accept a position in a large mercantile house.

The remains of Owen Ryan, who died at the home of James Bray on the Deer Lake road Tuesday evening, were given sepulture yesterday morning.

Sheriff Carlson was here yesterday subpoenaing witnesses whose testimony is required in cases coming up for trial at the term of the circuit court opening May 14th.

The partnership which has existed between John Sajo and Frank Backa, the Division street furniture dealers, is about to be dissolved. Mr. Backa will continue to conduct the business.

Joe Pope will receive bulletins from the Corbett-Jeffries twenty-five round pugilistic battle for the world's championship at his saloon this evening. The fight will be pulled off in New York.

A number of Ishpeming people go to Marquette this evening to witness the performance of Hoyt's "A Contented Woman" at the opera house. The Saturday train will be held until the completion of the performance.

Sam Blumenthal arrived home from his purchasing trip yesterday. The north wall of the Robbins block has been breached to facilitate the work of renovating its interior. No time is being lost in preparing it for occupancy.

Contrary to the general expectation, the board of public works did not recommend a man for street commissioner to the common council Wednesday night. It is likely that the office will be filled at the next meeting of the council.

Mrs. Frank Wentworth, who was injured as a result of a jump from the second story of her Deer Lake home, which was destroyed by fire Tuesday night, is resting easily and will doubt-

less be completely restored to health and strength at an early date.

J. H. Quinn was busy yesterday moving his household goods from the suite of rooms over the Thoney block to the residence at 600 East High street recently purchased by him. It is a handsome dwelling, fitted with all modern appliances, and will make a most comfortable home.

H. E. Vanderwalker, who has recently begun work as a deputy for the Modern Woodmen, will master the degree team manual with a view of assisting S. J. DeLong in his work of perfecting such organizations in upper peninsula camps. He is now drilling with the team recently organized in the Ishpeming camp.

A. H. Fordyce, formerly a blacksmith with Linberg & Hall, has decided to engage in business for himself. He will open his shop at the rear of the structure formerly occupied by Grip's carpenter shop on Second street next Monday. Mr. Fordyce has been in Ishpeming over a year and is well acquainted. He is an excellent workman and will undoubtedly make a success of his independent venture.

Bigelow Ropes left yesterday for Seattle, whence he will sail for Cape Nome in company with Clark Youngs of Marquette at an early date. A large number of his friends were at the depot to bid him good speed and wish him all success on Cape Nome's wintry shores. He goes out in the interests of a limited stock company formed at Marquette for the purpose of introducing the Superior gas engine in the Alaskan gold fields. He will be away from the city for an indefinite period.

A dramatization of Sienkiewicz's widely read work, "Quo Vadis," will be presented by the Carpenter Dramatic company at the opera house next Wednesday night. As it will be the first presentation here of that noted play, it will attract general attention and interest. The period with which "Quo Vadis" deals and the treatment accorded it by Sienkiewicz are matters of general knowledge. The Carpenter company is one of the most successful road organizations. It comes well recommended, having given good satisfaction wherever engagements have been played.

L'ANSE

Mr. and Mrs. M. Wallace of Houghton spent Sunday last with friends here.

D. J. Norton of Ewen was here this week looking after his lumbering interests.

W. R. Harris of Elm River has been here for a few days' visit with his family this week.

J. E. Shepard of the Merchants & Miners' bank of Calumet visited friends here over Sunday.

W. H. Farre and Bert Funke of Baraga are here this week scaling logs for the Dollar Bay Land and Improvement company.

Late advices from Lansing are to the effect that Miss Edith Williams, formerly of this place, is suffering from a severe attack of typhoid fever.

P. R. McKernan and R. C. Williams spent Sunday last in the copper country and saw "Who is Who" rendered at Calumet's new opera house.

Miss B. McGrath, teacher in the primary department, has been home this week nursing a case of measles. Her sister, Miss J., filled her place at school.

The tug Allenon of Pequaming has been busy this week getting a raft of logs from the mouth of Fall river which Roger Williams sold to Chas. Hebard & Son.

The Nesters' tug Bruce, with a gang of men, has been busy this week picking up logs around the bay shore that went out of the Dollar Bay company's boom at Baraga.

Christ Wolf of Chicago was a guest of Mr. and Mrs. C. P. Blankenhorn Saturday and Sunday. He did not catch his usual amount of trout this trip, the weather being too cold.

The school board at its meeting Saturday last re-organized all the present teachers except G. W. Fuller, whose pupils will be divided among the other teachers, thus reducing the corps by one, the small attendance under him being the cause. The work at the schools the past year has been very satisfactory.

THE APPETITE OF A GOAT

Is envied by all poor dyspeptics whose stomach and liver are out of order. All such should know that Dr. King's New Life Pills, the wonderful stomach and liver remedy, gives a splendid appetite, sound digestion and a regular bodily habit that insures perfect health and great energy. Only 25c at the Stafford Drug company.

Was Run Down,

Sleepless, Nervous, Never Without a Tired, Listless Feeling; Cured by

Dr. Miles' Nervine.

The nerves of the human body act as messengers to convey to the brain impressions of outward effects, and to convey from the brain to the muscles and organs nerve force or vital power. Without this vital power the heart, stomach, lungs, bowels, and all organs of the body would be unable to perform their functions and life would cease. When these messengers become deranged or the supply of nerve force is depleted, the best remedy to restore them to their normal condition is Dr. Miles' Restorative Nervine. It creates a good appetite, gives refreshing sleep, and cures that tired feeling. It acts on the nervous system, which controls all the processes of the body, toning it up into sound and vigorous action. It overcomes the excessive wasting and puts back the lost flesh.

"I was troubled for thirty years with weakness of the heart and nerves. Had palpitation and fluttering of the heart upon slightest exertion and was generally run down, weak and nervous. I found that Dr. Miles' Nervine was the only remedy that gave me relief, and I am satisfied I would not be alive today but for its use. My son and daughter have both taken Dr. Miles' Nervine with best results."

Mrs. MARY EGGERS, London Mills, Ills.

"Two years ago I was so run down that my nerves became all unstrung and I almost lost my reason. Two doctors waited on me, but neither was able to do me any good and my husband bought a bottle of Dr. Miles' Nervine and began giving it to me. It helped me right along and when I had taken seven bottles I was cured."

Mrs. CAROLINE SCHROEDER, Metropolis, Ills.

Dr. Miles' Nervine is sold at all drug stores on a positive guarantee. Write for free advice and booklet to

COCOA CHEWING IN BOLIVIA.

South American Belief in the Mysterious Powers of the Plant.

The Indians regard the cocoa with extreme reverence. Von Tschudi, the Austrian scientist, who has made a most thorough study of the ancient customs of the Incas, says: "During divine worship the priests chewed cocoa leaves, and unless they were supplied with them it was believed that the favor of the god could not be gained. It was also deemed necessary that the supplicant for divine grace should approach the priests with an 'acullico' in his mouth. It was believed that any business undertaken without the benediction of cocoa leaves would be frustrated, and to the shrub itself worship was rendered. During an interval of more than 300 years Christianity has not been able to subdue this deep-rooted idolatry, for everywhere we find traces of belief in the mysterious powers of this plant. The excavators in the mines of Cerro del Pasco threw chewed cocoa upon the hard veins of metal. In the belief that it softens the ore and makes it more easy work. The Indians, even at the present time, put cocoa leaves in the mouths of dead persons, in order to secure them a favorable reception on their entrance into another world, and when a Peruvian on a journey falls in with a mummy he, with timid reverence, presents to it some cocoa leaves as his pious offering."

One of the scientific explorers who has been working up in the region told me his experience with a cocoa chewer. "A man was employed by me," he said, "in very laborious digging. During the five days and nights he was in my service he never tasted food and took only two hours' sleep each night, but at intervals of two hours and a half or three hours he repeatedly chewed about half

A LIFE AND DEATH FIGHT.

Mr. W. A. Hines of Manchester, Ia., writing of his almost miraculous escape from death says: "Exposure after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for consumption, which completely cured me. I would not be without it even if it cost \$5 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure throat, chest and lung troubles." Regular size 50c and \$1.00. Trial bottles free at the Stafford Drug company.

TOO MUCH HASTE.

FIRE TEAM WAS IMPROPERLY HITCHED TO THE HOSE CART MONDAY EVENING.

City officials have investigated the cause of Monday evening's runaway of the fire team and have decided that the trouble was entirely due to the fact that the horses were improperly hitched to the hose cart. This was owing to no fault of Driver Bennetts, who happened to be absent from headquarters when the alarm was turned in. Volunteers freed the horses from their stalls and superintended the work of hitching them to the cart. When they seemed to be ready Driver Bennetts, who had appeared on the scene, leaped on his seat. What followed has already been set forth in these columns.

Investigation has led to the conclusion that the bit of one harness was not properly placed in the mouth of one of the horses, which caused the wild behavior of the team and the consequent damage. Ordinarily this oversight would not have caused a runaway, but Monday evening the horses broke up a regular meeting in session up stairs and immediately the lower floor was filled with excited firemen scrambling into rubber garments preparatory to turning out to the fire.

LOCAL LAOCONICS.

Ira A. Clark spent Wednesday in Republic.

The weather was milder yesterday. It threatened rain throughout the day.

T. H. Harris arrived home from a short visit to Chicago yesterday morning.

Felix Chibotti lost his dog yesterday. The animal died from the effects of a dose of poison.

T. C. Yates has been absent in Chicago the last couple of days. He is expected home this week.

F. M. Beney has claimed the bicycle which was picked up in front of Winter & Stuess's store early this week.

Sam Blumenthal of Ishpeming, who had just returned from a purchasing trip to Chicago and other cities, visited his Negaunee friends yesterday morning.

A delegation from here will go to Marquette this evening to attend a performance of Hoyt's comedy, "A Contented Woman." The D. S. S. & A. road offers the usual accommodations. Quite a number will go down.

At the Negaunee mine but one pump, which looks after the surface water, is working. The shaft has been affected by the caving ground and much work will be required to put the property in trim for a resumption of production.

Albion college will be \$600 better off through the generosity of Mr. Joseph Kirkpatrick of Palmer. It is a handsome gift to a worthy institution, and comes from one who has ever been a cheerful giver in aid of the cause of education and sound morals.

H. E. Vandewalker, formerly in the insurance business in this section, and some time since one of the proprietors of the Oliver house at Escanaba, has received an appointment as deputy for Michigan under C. J. Byrns of the Modern Woodmen. He was here Wednesday in the interests of the order.

ON THE CLIFFS DRIVE.

Street Commissioner Thomas will direct considerable work calculated to put the Negaunee end of the Cliffs drive in good condition this week and the early part of next. It is now in the worst possible condition. The section of the road for which the city is responsible extends to a point a short distance beyond the watering trough. It will be thoroughly repaired. The Cliffs drive is in bad trim this spring. The Ishpeming end is in fairly good condition and the Negaunee section will be all right when the projected work is finished, but the portions lying in the townships need attention. This drive is by all odds the prettiest in this section of the county, and is should be kept in first-class condition.

Mrs. Frank Bell and son, Paul, left yesterday morning for Chicago, where they will visit.

Justice Bratten yesterday morning fined a fellow who had been arrested Wednesday night for being drunk and disorderly.

Jim Mooney, the junk dealer, applied for police protection this week. He complained that young boys pelt him with stones. While no officer was detailed to guard his person an effort will be made to prevent his being molested.

MANY NEW SIDEWALKS.

Negaunee property holders are building quite a number of new sidewalks this spring. In the residence district many improvements in this line have been undertaken. Walks which were badly dilapidated are being repaired.

Mayor P. B. Kirkwood has set a good example. A fine Portland cement walk has been laid along the 100 foot front of his residence property. It has the appearance of stone and is just as serviceable. Yesterday Tom Laporte was busy laying a tar and gravel walk in front of Oscar Field's iron street block. It will replace a wooden walk and will be a notable improvement. It is immediately east of the Field building fronting on the vacant lot formerly occupied by Gorman's livery stable is a wretched stretch of walk which the city officials should have rebuilt.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by F. J. Cheney & Co., Prop., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligation made by their firm.

West & Traux, Wholesale Druggists, Toledo, O.

Walding, Kinnan & Marvin, Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Price, 75c. per bottle. Sold by all druggists. Testimonials free.

Hall's Family Pills are the best.

SPRING GOODS CHEAP.

You should not purchase new spring goods until you see Braastad's mammoth stock. During the closing out sale of the past couple of months heavy goods were principally sought by purchasers. Now comes the rush for spring goods. Along dirt cheap.

CURED A RUNNING SORE.

"I had a bad running sore on my breast for over a year," says Henry H. Richards of Wilkesville, N. Y., "and tried a great many remedies, but got no relief until I used Banner Salve. After using one half box, I was perfectly cured. I cannot recommend it too highly, and will never be without it in the house." The Stafford Drug Co.

UNABLE TO WORK.

Chas. Replogle of Atwater, O., was unable to work on account of kidney trouble. After using Foley's Kidney Cure four days he was entirely well. The Stafford Drug Co.

DOES COFFEE AGREE WITH YOU?

If not, drink Grain-O—made from pure grains. A lady writes: "The first time I made Grain-O I did not like it but after using it for one week nothing would induce me to go back to coffee." It nourishes and feeds the system. The children can drink it freely with great benefit. Get a package today from your grocer, 15c. and 25c. Be sure it is made by the Genesee Pure Food Co., Le Roy, N. Y., as there are imitations on the market.

LADIES! You can "Jump on it, trample on it, but it will come up smiling every time."

Calman's Elastic Floor Varnish. For sale by The Marquette Hardware Co. (11-4-6mos)

Negaunee people can save considerable money by purchasing their spring goods at Braastad's. All goods going at a sacrifice.

Where to Stop When in Detroit. Hotel Metropole, Woodward ave., opp. City Hall, European plan. Rooms, \$1 per day; with bath, \$1.50.

MARQUETTE COMMON COUNCIL PROCEEDINGS.

Marquette, Mich., May 7, 1900. (Official.)

A regular session of the common council was called to order by the mayor, the Hon. Joseph F. Neidhart.

Present—Aldermen Donovan, Ekstrom, Fleury, Gorman, Gustafson, Jacobson, O'Neill, Reau, Shea, Ward and Werner.

The records of the sessions of April 24th and 30th approved.

The petition of Peter Patenaude and fifty others, asking that High street between Hewitt avenue and Crescent street be opened, graded the full width and macadamized, was presented and referred to the committee on streets and sewers.

The petition of Napoleon Constance, keeper of the dump grounds, asking the same rate of wages as paid for labor employed on the streets, was on motion of Alderman Ward, referred to the committee on salaries and pay rolls.

The application of William McLean for the position of policeman was presented, and on motion of Alderman Werner, referred to the police committee.

The report of the fire wardens on the petition of Mrs. May Lehnen was presented, and on motion of Alderman Jacobs, accepted and ordered placed on file.

The recorder presented the following, which was ordered placed on file: Marquette, Mich., May 1, 1900. City Recorder.

Dear Sir:—In the proceedings of the common council on April 24, 1900, the following resolution was passed:

Resolved, That the Lake Shore Engine works is hereby granted permission to erect in Washington street a brick addition to the south side of its building, such addition not to occupy an area exceeding forty inches square. Provided, That said corporation file with the recorder an agreement to remove such structure from the street when required so to do by the common council.

We agree to remove said structure at any time when requested to do so by the common council.

Trusting this will be satisfactory, and will cover all the ground, we remain, Yours very truly,

LAKE SHORE ENGINE WORKS, F. H. BIGGOLIE, Vice-President.

The monthly reports of all the justices of the peace were presented, and on motion of Alderman Ward, accepted and ordered placed on file.

The committee on streets and sewers reported as follows:

Your committee to whom was referred the matter of street sprinkling, would respectfully report that they have had the same under consideration and would recommend that the following streets be sprinkled:

Front street, from Fisher street to Bluff street, four times per day.

Washington street, from Front street to Fifth street, four times per day.

Superior street, from Lake street to Third street, three times per day.

Spring street, from Front street to Third street, four times per day.

Ridge street, from Third street to Cedar street, four times per day.

Your committee would also recommend that the city controller be authorized to advertise for bids on these streets.

W. T. WARD, M. W. SHEA, A. D. JACOBS, Committee.

This report of the committee on streets and sewers, was ordered placed on file.

The controller presented the following bids for furnishing lumber to the city until May 1, 1901.

P. W. Read & Co., white pine \$17 and \$18 per 1,000 feet; one-inch boards \$17 per 1,000 feet; hemlock \$14 per 1,000 feet.

P. W. Sambrook, white pine \$17 and \$18 per 1,000 feet; one-inch boards \$18 per 1,000 feet; hemlock \$14 per 1,000 feet.

Moved by Alderman Jacobs, that the contract be awarded to P. W. Read & Co., they being the lowest bidder. Carried.

The controller presented the following bids of James Pickands & Co., and F. B. Spear & Sons for furnishing coal to the city until May 1, 1901, the bids being the same:

Hard coal, \$6.75 per net ton delivered.

Soft coal, \$4.00 per net ton delivered.

Moved by Alderman Ekstrom, that the contract be awarded to James Pickands & Co. Carried.

The controller read the reports of the street commissioners and poundmaster, which, on motion, were accepted and ordered placed on file.

Alderman Ward moved that one thousand dollars be transferred from the general fund to the highway fund. Carried.

The following bills and claims, having been audited by the controller, on motion of Alderman Jacobs, were allowed and ordered paid:

Marquette County Telephone Co., rent of telephone \$ 7 50

Nick Ritz, painting fence 15 00

Napoleon Constance, services at dump, April 37 50

Chas. A. Eggers, justice docket and paper 12 50

Mining Journal Co. Ltd., printing, April 55 70

C. Lapiere, draying dog to dump, Eugene Henne, draying dog to dump, April 1 00

F. B. Spear & Sons, coal for City Hall 65 00

R. G. Holmes, poundmaster's fees August Machts, postage stamps, 2 00

Board of Fire and Water Commissioners, water for City Hall 35 10

F. W. Read & Co., lumber, April 49 26

Street Commissioner, April pay roll 553 65

Freeman Bros., livery 2 00

D. S. Donovan, postage stamps, 2 00

H. S. Rivers, draying dog to dump, Arthur Deifmatters and candles, E. B. Bay, postage stamps and gas bills, 5 72

Light and Power Commission, lighting service, April 482 49

James Pickands & Co., coal for City Hall 65 00

Frank Dollar, building pound, 2 00

Yeas—Aldermen Donovan, Ekstrom, Fleury, Gorman, Gustafson, Jacobs, O'Neill, Reau, Shea, Ward and Werner. Nays—None.

The bill of W. E. Pettis for one general order for health department, \$20, was on motion of Alderman Ward, referred to the committee on purchases and claims.

The controller presented and read Special Sidewalk Assessment Roll No. 2.

The recorder presented proof by affidavit of T. Johns of the due publication of notice by the recorder of the making of Special Sidewalk Assessment Roll No. 2, for the unpaid cost and expense of the construction and repair of sidewalks in front of private lots and premises in the city; that the same was on file with the controller for public examination, and that the council would meet at this time and place for the review, correction and adoption of the same; which affidavit was ordered placed on file.

Opportunity was then given for all persons interested in said assessments to be heard in relation thereto.

Said assessments were then separately reviewed, corrected and approved to the satisfaction of the council, and as so reviewed, corrected and approved were extended and set down on said roll in a separate column, as appears therein.

Alderman Jacobs offered the following, which was unanimously adopted:

Whereas, The recorder has given notice by publication on April 27, 1900, in The Daily Mining Journal, a public newspaper of the city, that Special Sidewalk Assessment Roll No. 2, for the unpaid cost and expense of the construction and repair of sidewalks in front of private lots and premises in the city of Marquette, had been made by direction of the common council and was on file with the controller for public examination; which notice contained a list of each of the lots and parcels of land embraced in said roll and of the sums assessed against them respectively thereon, and stated that on Monday, May 7, 1900, at 8 o'clock p. m. the common council would meet at the council chamber in the City Hall for the review, correction and adoption of said roll, and at which session or adjournment thereof all persons interested in said assessments would be given an opportunity to be heard in relation thereto; and

Whereas, All persons interested in said assessment roll and the properties therein mentioned having been given an opportunity to be heard in relation thereto, and the same having been fully considered, and all needful revision, and correction of said roll having been made to the satisfaction of the council, and the amounts of the several assessments as reviewed, corrected and approved by the common council have been extended and set down in a separate column thereon;

Resolved, That said roll and the assessments thereon as so extended and set down be and the same are hereby approved and confirmed, and the said sums are hereby levied and assessed against said lots and premises respectively, and the collection thereof is hereby directed.

Alderman Ward offered the following, which was unanimously adopted:

Resolved, That the recorder give notice of at least one week by publication in The Daily Mining Journal that at a session to be held at the council chamber on May 16, 1900, at 8 o'clock p. m., the common council will designate the streets or parts of streets to be sprinkled with water in such manner as the common council shall order or direct, during the present season, at which session the council will estimate and determine the expense and benefit of such sprinkling to be charged and assessed as a special tax to the owners thereof upon such streets or portions thereof to be sprinkled; proportioned according to the frontage thereof on such streets or parts of streets.

On motion of Alderman Ward, the controller was authorized to advertise for bids for the sprinkling of streets named in the report of the committee on streets and sewers, and along the line of the street railway from Superior street north around the loop.

The committee on police, public order and litigation, reported as follows: To the Common Council:

Your committee on police respectfully report that two of the gentlemen appointed upon the police force on April 30, A. Lindholm and Nels Stenberg, have declined to qualify, on account of which there are two vacancies in the force which ought to be filled. We respectfully recommend as well qualified for the appointment to fill such vacancies the following: Richard Sparling and Gustav Johnson.

Very respectfully,
O. D. JONES, F. DELLE, FRED F. WERNER, Committee on Police, Etc. May 7, 1900.

Moved by Alderman Ward, that the report be accepted and that a separate vote be taken for the confirmation of the policemen. Carried.

The nomination of Richard Sparling for policeman was not confirmed.

Yeas—Aldermen Ward and Werner. Nays—Aldermen Donovan, Ekstrom, Fleury, Gorman, Gustafson, Jacobs, O'Neill, Reau and Shea.

The nomination of Gustav Johnson for policeman was not confirmed.

Yeas—Alderman Werner. Nays—Aldermen Donovan, Ekstrom, Fleury, Gorman, Gustafson, Jacobs, O'Neill, Reau, Shea and Ward.

Moved by Alderman Shea, that the name of Emanuel M. Bureau be placed before the council for confirmation as policeman. Carried.

The nomination of Emanuel M. Bureau for policeman was confirmed.

Yeas—Aldermen Donovan, Ekstrom, Fleury, Gorman, Gustafson, Jacobs, O'Neill, Reau, Shea and Ward. Nays—Alderman Werner.

Moved by Alderman Ward, that when the council adjourns it be adjourned to the 16th day of May, 1900, at 8 o'clock p. m. Carried.

The council then, on motion, adjourned.

DANIEL S. DONOVAN, Recorder.

WANTED—FOR SALE OR RENT.

FOR SALE—Residence property at the corner of Main street and Mackenzie avenue. Also double house on Lincoln street. This property is commonly known as the Sterling estate. Apply to W. M. Sterling, Ishpeming. (5-3-2w)

WORKMEN'S BIG CLASS.

Grafton Lodge Puts Through the Largest Lot of Candidates in Its History.

HONORS GO TO SIDE HEADED BY M. H. FOARD.

Cash Prizes Distributed to Members—Bring in the Largest Number of Recruits—Initiation Followed by a Feast at the Clifton.

BIG BOOM FOR THE A. O. U. W.

Ninety-four new members went into Grafton lodge, No. 111, last night. This is believed to be the largest number which was ever taken in at one time by a lodge of the Workmen in the peninsula. It is certainly the largest number of candidates which was ever put through at a single session by this lodge.

Grafton lodge now has 396 members in good and regular standing, and by last night's acquisitions to its membership is raised in rank from the twelfth to the eighth position among the lodges of the state. It is at the same time one of the biggest lodges in Marquette, regardless of what fraternity.

Last night's class is of high personnel, and, as was remarked by one of the speakers at the banquet, it seems remarkable that a class of such magnitude could be secured in this town where a score of fraternal orders have naked and scraped it from end to end for new members. It sets a high mark of attainment, which not only this lodge must strive hard if it would equal in the future, but also other lodges situated elsewhere. As the A. O. U. W. is an insurance order it is of interest to note that the class which went in last evening represents \$125,000 in insurance.

FIFTY MEN WORKED HARD.

Credit for securing such a large number of members is due to fifty brothers of the lodge, divided in two equal forces and headed by M. H. Foard and John Stinglein, the latter master workman. These two chose sides and for the past six weeks a vigorous but friendly contest has been waged to see which would get the most new members. An agreement was made at the time that the losing side should provide supper, serve it and wash the dishes afterwards, but the work had been going on only a short time when it was discovered that so many were coming in the dish washing which would be necessary would prove too big a task for amateurs to essay; consequently the penalty clause in the agreement was cancelled. Arrangements were made to have the banquet served at the New Clifton.

The contest proved to be a very even one, but when candidates were counted last evening it was found that the side headed by Mr. Foard had come off victorious. As a team it had no other reward than the satisfaction which comes with a good deed done, but the three individual members—regardless of side

—who got the most candidates were rewarded more tangibly.

DOLLARS, DIMES AND CENTS.

The prizes which repaid them for their efforts for the good of the lodge were awarded during the banquet by James Russell. The first prize, five dollars in gold, went to M. H. Foard. Neils Flodin took second place and was rewarded with three dollars in dimes. R. J. Sparling and John Dooley were tied for the third place and instead of dividing the prize the lodge generously furnished two. Mr. Sparling was obliged to leave before the presentation was made, but Mr. Dooley on receiving his purse, found it plethoric with 190 bright, new pennies. The announcement of the awards was received in each instance with enthusiastic applause.

W. A. Ross acted as toastmaster and after the presentation had been made called upon a number of the members for brief remarks. Pleading vocal selections were rendered by the A. O. U. W. quartet, consisting of Joe Mahoney, Joe Hogan, Will Crowley and Charlie Christianson.

IMPROVED IN TONE.

Copper Stocks Begin to Rally and Many Score Fractional Advances.

As predicted by the brokers in their Wednesday's letters, copper stocks have taken a turn. Fluctuations of a point or more were not numerous in either direction but a number of stocks which moved fractionally went up just that much.

Butte & Boston fell off two points to 66; Osceola closed at 66, a gain of 1/2 over Wednesday night. Tamarack went up four and closed at 189; White Knob closed one up at 16.

Paine, Webber & Co. said in their yesterday's letter to the local branch: "Coppers opened with spot off 28. 64, futures off 68. d.; closed spot up 28. 64, futures unchanged. Copper stocks have been dull this morning, but a little better undertone has been in evidence. There have been no stocks pressing for sale and there has been some inquiry at prices just under the market. Up to noon 3,313 shares changed hands, the most active being Arcadian, Parrott, Tecumseh and Utah. During the afternoon the market was quiet with little change in prices either way."

Hayden, Stone & Co. still incline to the opinion there is a small rally in sight but reiterate their stock advice to trade in New York. They say: "The copper market showed signs of firmness today. Should not be surprised to see a slight rally but we would rather sell than buy them. We advise leaving coppers alone and trading in New York stocks."

Anticipation of the government report killed the wheat market again yesterday. July closed at 67, an eighth under Wednesday night. A. R. Jones & Co. said in their daily letter to Fred Jones: "The wheat market today was even slower than the crowd expected. With but one exception there was no trade either way worth mentioning, that exception being sales of nearly a million bushels by a local professional, but this offering was absorbed and affected the market very little. The general

disposition was like yesterday to await the government report at 2 p. m. today. The total range of price was only 1/4 cents, 66 3/4 @ 67 1/4. The crop news from the southwest was very much mixed, some to the effect that conditions there were fully up to previous reports and others that chinch bugs are doing big damage. The northwest expects rain within the next twenty-four hours. St. Louis is a moderate seller here, otherwise there was nothing doing. To us it looks as though the possible bearishness of the government figures was more than discounted."

MAP SERVICE BEGINS.

First Weather Map of Season Issued at Local Weather Station Yesterday.

The weather station at Marquette, in common with those all along the great lakes, put out its first weather map of the season yesterday morning. The map will be issued daily except Sunday from now on to December 15. Distributions of it will be made as before to the different dock offices and other places where it is likely to be of interest or valuable.

The first meteorological chart of the great lakes, which is issued monthly by the weather bureau during the season of navigation, got here yesterday. It shows the principal and the less frequent average storm tracks for the month of May for the great lake regions. On this lake the principal storms of May come from the southeast and cut across from Manitowish, across the lower tip of Keweenaw bay, across the copper peninsula and thence straight on across the lake, striking the north shore a little south of Grand Marais, Minn.

A paragraph on the chart announces that during the current season the weather official at Sault Ste. Marie will compare barometers of all vessels with the standard barometer in the office at that station and regulate them till all are uniform. No statement is made regarding the purpose of this work, but it is probably that the government may be able to secure reliable data from the ship masters later on. About thirty boats running in the Lake Superior trade are now equipped with self-registering barometers, called barographs, for this purpose. The department will furnish a number of other boats with instruments this season.

TAPPED A TILL.

George Jones, a Tough Hobo, Gets Thirty Days for It.

George Jones, a tough hobo claiming to hail from Buffalo, N. Y., tapped a till in Plattenberg's saloon yesterday and is now serving a thirty day sentence in the county jail in expiation of the crime. Jones came into town at 3 o'clock yesterday morning in company with seven other hobos about as tough as himself. In the forenoon he and his partner went in to Plattenberg's saloon and started playing pool. While they were thus engaged the proprietor stopped outside the door a moment. George took advantage of his absence to touch up the cash drawer for \$2.50. Plattenberg came in just in time to see him going out from behind the bar but

George made his escape and was not rounded up till some time in the afternoon. Then he was taken before Judge Cray and promptly sentenced. His partner could not be implicated in the crime but was given one hour in which to leave town. He appears to have availed himself of the opportunity.

NOT ONTO THE RACKET.

Carriers Have Registered No Letters Since System Came In Vogue.

The new plan of having mail carriers register letters along their routes was inaugurated here the first of the week, but up to last night not a single application for the service had been received. Deputy Postmaster Parham says the office does a big registry business, but that people do not seem to be onto the fact yet that they can have their letters and packages registered without coming down to the postoffice in person and attending to it. Under the new system the carriers give receipts the same as is done at the office. The only difference is that where there are more than three letters or packages to be registered at one time he gives a bulk receipt at the time he takes them up and the next day returns a receipt for each and takes up the bulk receipt in person. The purpose of the bulk receipt is to save the carriers from losing time. Under the regulations of the department no carrier is allowed to work more than eight hours a day. If he cannot get over his route in that time he is to come in with the balance of his mail undistributed.

AFFECTS HUNDREDS HERE.

Martinelli Said to Have Put Maccabees Under the Ban.

A newspaper dispatch from Wabash, Ind., says that Mio Merodith of that city, grand commander of the Knights of the Maccabees in Indiana, has been advised that the Catholic church has placed the order under a ban. Archbishop Martinelli, papal delegate, in a letter to the ordinary of that diocese, says that the obligation taken by the Maccabees conflicts with the duty and the communicant's loyalty to the church, and that all Catholics must withdraw from the society. As Marquette is one of the strongest Maccabee towns in Michigan and several hundred Catholics are affiliated with one of its five societies this dispatch was read here with considerable interest. It is not known locally whether or not such an order has been issued. If it has and if it is generally obeyed there will be a big falling off in membership in the order here.

BRASS THIEVES.

Small Boys Are Not Particular Where They Get Metal to Sell.

Numerous small boys of the city are putting in their spare time collecting old brass, copper and other metal which they sell to junk dealers. There are numerous complaints that the boys are not very particular how they come by the metal and in some instances it

is said they descend to absolute thieving to secure it.

One night last week one of the Fowle houses, which happened to be vacant for a couple of days, was entered and the gas fixtures ripped out. They are supposed now to be reposing upon some junk pile which is being collected by an enterprising lad.

STANDING ROOM ONLY.

Such the Prospect for Hoyt's "A Contented Woman" Tonight.

Charles Hoyt is the American Gilbert. What theater-goer who has never seen and laughed at his merry comedies, filled to the brim as they are with witty sallies and keen satire, never dull or commonplace and best of all, always crowding the theaters to the doors? Mr. Hoyt's most successful, as well as his most amusing comedy, "A Contented Woman," will be the attraction at the opera house this evening and from present indications the engagement will be a record breaker. Mr. Hoyt's "Black Sheep" did well in this city, and the promise of another of his jolly comedies is eagerly anticipated. One strong reason for this is that he always brings something new and novel in the art of play-writing with each piece, and "A Contented Woman," since the many changes and improvements he has made, is said to be ahead of all its predecessors in this respect.

The piece satirizes the "new woman," but from an entirely different aspect than the voter's franchise, and giving her the right to hold office, are used as a basis on which has been constructed one of the wittiest and merriest comedies this talented playwright has yet offered to the public. The sale of seats has been unusually large, and every indication points to the standing room only sign being conspicuously displayed.

WHEN NATURE

Needs assistance it may be best to render it promptly, but one should remember to use even the most perfect remedies only when needed. The best and most simple and gentle remedy is the Syrup of Figs, manufactured by the California Fig Syrup Co.

"Thou changest not—yet, I am always changing," said the substitute to Rocky Mountain Tea. Made by the Madison Medicine Co. 85c. The Stafford Drug Company.

CORNS REMOVED.

Corns and ingrowing nails removed without pain or cutting. Bunions relieved. Satisfaction guaranteed. Frank Keough, St. Luke's Hospital. (4-24-1mo)

President McKinley says we all believe in protection, and proves his case personally by taking a policy in the old Aetna Life for \$25,000. (5-7-1w)
