## BOERS FALL INTO TRAP.

**Garrison Defeats Them With Heavy Loss at Mafeking.**

## NO NEWS OF RELIEF YET.

**Roberts Finds Enemy Strongly Posted Thirty Miles from Kroonstad—Buller Still Pressing On.**

## REVIEW OF OPERATIONS.

Cape Town, Wednesday, May 16.—A dispatch from Lourenço Marques, dated today, says that Commandant Eloff, grandson of President Kruger, with a patrol, entered Mafeking, whereupon Colonel Baden-Powell opened fire on the burghers, killing seventeen of them and taking Eloff and ninety of his men prisoners. The same night the burghers were surrounded, losing so far as known, seven killed, seventeen wounded and a number taken prisoners. The British casualties are said to have been fifty killed or wounded. It is reported that the advance guard of the force proceeding to the relief of Mafeking from the south was repulsed yesterday.

## SUCCESS STILL WITH BULLER.

London, Thursday, May 17.—The war office today received the following from General Buller, dated Daphnhauser, Natal: "The second division is at Dannhauser and, I hope, my advance patrols are at Newcastle. All reports agree that seven thousand of the enemy passed north very hurriedly on May 14 and 15."

Volskrust, Wednesday, May 16.—The burghers have abandoned Higgarsberg and, it is believed, also Newcastle this morning, though mounted men are still on the other side of the border keeping the British at bay.

## ROBERTS' CHEERY SUMMARY.

London, Thursday, May 17.—The war office today received the following from Lord Roberts, dated Kroonstad, the 16th: "Runde yesterday occupied Mequatling's Nek and Modder Poort without opposition. "Hunter has entered the Transvaal and advanced within ten miles of Christiania."

"Methuen has reached a point twelve miles on the Hoopstad road without encountering the enemy."

Another dispatch from Lord Roberts, dated Kroonstad, the 17th, reads: "Hunter occupied Christiania without opposition, the enemy having retired to Kleerkopdorp under the impression that the latter is threatened by a portion of this force from Pary's."

"Runde's force was close to Clocolan yesterday evening."

"The resident commissioner in Basutoland reports that a number of Boers living in the Ficksburg and Bethlehem districts have applied to him for advice and as to the conditions of surrender. This is very satisfactory."

## CANADIANS IN THE GAME.

## ROYAL ARTILLERY ABOUT JOINING PLUMER IN MAFEKING'S RELIEF—GENERAL SITUATION.

London, Friday, May 18.—4:30 a. m.—England still waits with intense and almost breathless interest for news of the relief of Mafeking.

A crowd remarkable for the number of men in evening dress, including many ladies, lingered around the war office even after midnight hoping for some announcement. Only reluctantly did the people disperse when the lobby of the war office were finally cleared with the word that nothing had been received. One thing seems clear—the town still holds out. Were it otherwise the Boer wires laid to the camps of the beleaguers would have flashed the news.

## BADEN-POWELL'S VICTORY.

Skeleton messages from Lourenço Marques, based upon information that leaked out at the Pretoria war office, show that the Boer stormers on Saturday fell into a trap. Colonel Baden-Powell permitted them to seize one fort, and he then surrounded and overbore them before the large forces near at hand prevented the stragglers. It was thus that young Eloff, President Kruger's grandson, and part of his commando were taken and fifty Boers killed.

The Canadian artillery contingent of the Rhodesian force is reported to have reached Bulawayo on May 2. The distance from Bulawayo to Mafeking is 490 miles, and as the railway is open all the way to Pitsani, twenty-eight miles from Mafeking, where Colonel Plumer is, the Canadians may yet take part in the relief.

## FREE STATERS STILL YIELDING.

General French, scouting northward, found the Boers in strong force at Rheinstor Spirit, thirty miles from Kroonstad. Generals Botha, Delany

and Olivier, with artillery, were holding the position.

President Steyn, according to one dispatch, has gone to Pretoria. Another says he is a fugitive at Lindley.

Free Staters are surrendering on all sides. A dispatch from Cape Town says that proclamations are being printed there, to be published on the queen's birthday on May 24, annexing the Free State. One of President Steyn's brothers who is a prisoner of General Brabant says the Free Staters will accept annexation. Those who took up arms the second time, he explains, had to do so under threats of instant death if they refused.

Five hundred rifles have been surrendered at Kroonstad in excess of the number of Boers who have taken the oath of allegiance. Lord Roberts has directed the British commanders to receive all comers in good spirit and to

issue to them passes to go to their farms.

## HUNTER'S MOVE PUZZLING.

General Hunter's movement in western Transvaal is rather puzzling. He returned to Fourteen Streams with one brigade, leaving another—General Barton—at Christiania. Lord Methuen is said to be advancing along the south bank of the Vaal; Colonel Kekewich is with him. The loop railway line across the Vaal is fast nearing completion. The probability is that General Hunter took back the brigade to Fourteen Streams owing to the scarcity of transport.

General Buller is pushing ahead without opposition. He only lost five wounded during his movement. Apparently he is aiming at Laing's Nek, which is the direct road to the Trans-

(Continued on Page Four)

## BOGUS STAMPS THE STEAL.

**Thousands of Dollars' Worth Said to Have Been Printed at Fluncie, Ind., and Circulated by the Conspirators Throughout Cuba.**

Muncie, Ind., May 17.—One of the government detectives, who has been working on the Cuban postoffice embezzlement case, made the statement today that the real steal has been the sale of counterfeit stamps, which, it is alleged, have been printed in the office of a printing company of this city. Thousands of dollars' worth of bogus stamps are said to have been distributed to Cuban postmasters, a number of whom, it is alleged, have shared in the profits with the culprits.

## "NEELY" LEGISLATION WANTED.

Washington, Friday, May 18.—The Post this morning says: "Congress must come to the aid of the administration in bringing C. F. W. Neely, the Cuban defaulter, to justice. A new law must be enacted, and enacted at once, which will tighten the government's hold upon him. Every loophole of escape must be closed. "Attorney General Griggs has already made an appeal to congress. Yesterday afternoon he forwarded to Senator Hoar, chairman of the senate committee on judiciary, and to Congressman Ray, chairman of the similar committee of the house, the copy of a bill drawn especially to meet the present situation. He accompanied the bill with a strong letter pointing out the necessity for its prompt passage."

"The bill is in two sections. The first provides that the statutes of the

United States relative to extradition between the United States and countries with which the United States has treaties of extradition shall apply to the extradition of fugitives from justice from Cuba while the government of that island is exercised under the authority of the United States. This section is directed to the Neely case.

"The second section is to guard against future troubles in possessions over which the United States has unquestioned control. It provides that the domestic extradition now in force between the various states shall be extended to the Philippines, Guam, Hawaii and Porto Rico."

## THOMPSON OUT ON BAIL.

Havana, May 17.—Postmaster Thompson's bail was today fixed at \$1,000, which was deposited in cash by the Danish consul, Herr Culmer, a wealthy merchant. The bail of Messrs Mayo and Mascaro has been reduced to \$1,500, which has not yet been furnished. Auditor Reeves will be allowed to remain at his own home in charge of special agents. It is reported that Neely has admitted that his bail deposit was his own money and that a request will be made for the seizure of that amount as belonging to the postal department. Messrs Smith and Fosner, the inspectors who arrived yesterday, have been examining Director of Posts Rathbone. They decline to furnish any information regarding the inquiry.

## NO SOLUTION AT ST. LOUIS.

HITCH THE REINSTATEMENT OF ALL THE OLD STREET CAR MEN—POLICE OFFICER BADLY SHOT.

St. Louis, May 17.—The culmination of the prolonged struggle between the St. Louis Transit company and its miniature army of employees is not yet in sight notwithstanding the conferences held during the past week. Today, like the preceding ones, was devoted to conferences, but up to a late hour tonight no solution tending to end the fight had been arrived at. It is understood that the hitch is entirely on the clause which calls for the complete reinstatement of all the old men.

Chief J. J. Coker, who was doing guard duty on a car of the Jefferson avenue line, was shot and painfully wounded this afternoon during a disturbance at Jefferson avenue and Randolph street. Mrs. Myrtle Christiansen and Miss Elizabeth Peterson, who it is alleged, fired the shots, were arrested and locked up.

## STRIKERS REJECT THE TERMS.

A mass meeting tonight at the West End Coliseum was attended by three thousand strikers of the Transit system. After a vigorous discussion of the railway company's proposition it was rejected by an overwhelming vote. Resolutions were adopted calling upon all the trades unions and sympathizers with trade unionism to suspend labor after the coming Saturday.

Eleven men from Milwaukee, who went to work for the Transit company today, deserted their cars on the first trip and went over to the strikers.

## FRESH SLAUGHTER IN CHINA.

ANTI-CHRISTIAN MOVEMENT ASSUMES MORE ALARMING SCOPE

London, Friday, May 18.—The correspondent of The Times at Peking says: "The anti-foreign movement headed by the 'Boxers' has attained alarming proportions. There has been a serious anti-Christian outbreak near Pa-Ting-Fu, province of Pe-Chi-Li, where seventy-three native Christians were murdered, including women and children. Many were burned alive. The Catholic missionaries report the persecution the most serious known for years. The danger is increased by the apathy or connivance of the government."

## NEW TOBACCO COMBINE.

IT IS FORMED AT NEW YORK WITH \$25,000,000 CAPITAL.

New York, May 17.—The formation of a new opposition tobacco company has now been practically completed and the articles of incorporation will be filed at Trenton within a few days.

The new concern will be known as the International Tobacco company. It will be incorporated under the laws of New Jersey, with a capital of \$25,000,000 consisting of 125,000 shares of \$200 each and an equal number of shares of com-

mon stock, all of the par value of \$100 each.

Among the incorporators mentioned are some of the best known individual manufacturers in the United States, including David Dunlop, of the Dunlop Tobacco company, Petersburg, Va., said to be the largest exporter of manufactured tobacco in the world; Brown Brothers, Winston, N. C.; Alexander Cameron, Richmond, Va., and George Cameron, Vicksburg, Va.

The main offices of the new concern will be in New York. It is believed the leading spirits in the enterprise will be George Arents and H. L. Terrell, both of whom were active in the affairs of the American Tobacco company.

The International company will start with control of twelve factories with a capacity of eighteen million pounds, exclusive of cigarettes. To the manufacture of the latter, \$5,000,000 of the capital stock will be devoted.

## PLAGUE STILL SPREADS.

CONDITIONS IN AUSTRALIA SEEM TO BE GROWING WORSE.

Vancouver, B. C., May 17.—The steamer Arrango, in port today from Sydney, brings the news that new cases of the bubonic plague are reported from almost every seaport town in Australia, while even in the interior the dreaded disease is making its appearance under conditions which puzzle the plague experts. A bounty on rats is being paid and the government is spending all told \$30,000 monthly in the effort to free New South Wales from the plague.

Sydney, N. S. W., May 17.—Two hundred and thirty-five cases of the bubonic plague have been officially reported. Of these seventy-nine have proved fatal.

## BUTCHERY IN COLOMBIA.

REBELS ROUTED IN A BATTLE LASTING SEVENTY HOURS.

Colon, Colombia, May 17.—News has been received here of a victory by the government troops over the insurgents in a battle in the Vetas district which began on May 11 and lasted seventy hours. General Leal and Herrera are among the killed, who are said to have been very numerous, the slaughter being described as "horrible butchery." Twelve hundred insurgents were taken prisoners and the government troops also captured a large number of guns and rifles.

## PADEREWSKI'S BIG PROFITS.

GREAT PIANIST LEAVES AMERICA WITH A CHECK FOR \$171,500.

New York, May 17.—Paderewski, the great pianist, who sailed last evening on the Oceanic, accompanied by Mme. Paderewski, left with a check for \$171,500, the proceeds of his American tour. He is going to Dresden, after a brief stay in England, to prepare his opera "Manru" for production there.

## TAMMANY WELCOMES

**Boer Envoys Are Officially Received at the City Hall.**

## LARGE CROWD PRESENT.

**Mayor Van Wyck and Others Speak and the Delegates, Responding, Talk of Their Mission.**

## WANT PEACE WITH HONOR.

New York, May 17.—The principal event in connection with the visit to this city of the Boer delegates, Messrs. Wessels, Wolmarans and Fischer, occurred today, when they were received at the city hall by Mayor Van Wyck and, in accordance with a resolution passed by the municipal assembly, officially welcomed to the city.

## CHEERED BY MULTITUDE.

In anticipation of the envoys' arrival the customary large assemblage around the city hall was largely increased, and crowds pressed around the carriages and cheered, the delegates raising their hats in acknowledgement. Killian Van Rensselaer, chairman of the reception committee, introduced each delegate in turn to the mayor, who said: "I am delighted to welcome you to the city of New York and to assure you that in America you will receive a cordial welcome from the liberty-loving people of this country. I desire to inform you that the representatives of the city of New York have asked me to extend you welcome, and I welcome you on behalf of the people of the city. Never since I have been in the mayor's office has a more pleasant duty been discharged by me than this one to welcome you on behalf of a free people. I want to assure you that wherever you go you will find a welcome from the people, and we hope that, when your mission is ended and you are returning to your own country, you will again call on us so we may have the pleasure of giving you another welcome."

## FISCHER MUCH ENCOURAGED.

Delegate Fischer said: "This is to us an occasion of pleasure and pride. We are not so conceited as to take to ourselves the honor shown us, but we wish to show that we do not represent an unworthy people. We believe that no people can understand what it is to struggle for freedom except a people which has gained its freedom by such struggle. We have been told to avoid the pitfalls of party cliques, and we can say that we are as ignorant of party cliques as when we arrived. The reception that has been given to us comes from all classes of the people. We cannot think our mission to seek peace for our country—peace with honor—can be unsuccessful. We hope we shall attain the objects of our mission, and we are encouraged in our hope by the splendid reception we are given everywhere. We think we will come well out of the struggle. We have been told that 90 per cent of the people sympathize with us. We want to convert the other 10 per cent by simply telling the truth. We hope our free people will not have appealed to you free people in vain."

## WAR FORCED UPON THEM.

Alderman Kennedy read an address of welcome prepared on behalf of the municipal assembly. Delegate Wessels responded briefly. Delegate Wolmarans, who spoke in Dutch, gave a history of the Transvaal trouble from the beginning. He said: "We never sought the war. It was thrust upon us. We were robbed of our independence in 1877 and regained it in 1881. By the co-operation of a small but well-disposed party in England, of which Gladstone was the head, we got the convention of 1884, which gave us our independence without suzerainty. The question was not disputed until after the Jameson raid. We tried to have all our disputes arbitrated. This has been refused by Secretary Chamberlain and Sir Alfred Milner. We are gratified at the way America has subscribed for the widows and orphans of the Boers. We want to prevent the making of more widows and orphans by dum-dum bullets or otherwise."

## GET ANOTHER OVATION.

The members of the municipal assembly who were present were each, in turn, introduced to the delegates. Then a group of women were introduced, and as the envoys left the city hall they were shaken by the hands by persons on all sides. On making their reappearance the crowd set up cheers and Mr. Fischer, standing on the steps of the city hall, delivered a brief address in which he said the people of the Transvaal and Orange Free State were struggling for liberty and wanted the sympathy of the people of America. It took several minutes to extricate the carriages from the crowd, which pressed around and shook hands with the delegates.

## TERRORIZED BY THE ASHANTIS.

Accra, Gold Coast Colony, May 17.—The difficulty in forwarding ammunition adds to the gravity of the situation at Kumassi. Native carriers refuse to go there at any price.

Sweet Sleep

that comes to a healthy brain is a jewel of great price. Who has not witnessed the suffering and torture endured by the person who cannot sleep?

MARQUETTE, MICH., MAY 18.

Entered as mail matter of the second class in the postoffice at Marquette, Mich.

Great is the power of money. How strange it is that the governor of Montana, who is counted among Daly's adherents, should have been absent from his post at just the time Clark's necessities required that this should happen, so that the lieutenant governor, Spriggs, who is one of Clark's creatures, could, as acting governor, appoint him to fill the vacancy farcically created by his resignation.

Another "tax dodger" has been arrested for having failed to make a true return to the assessor of taxable property in his possession, ex-Representative Babcock of Sunfield, Eaton county, being the offender this time.

Two of Michigan's prominent Democrats have announced that they will hereafter affiliate with the Republican party, the pair of converts being Hon. Allen B. Morse of Ionia, an ex-justice of the supreme court, and R. A. Montgomery of Lansing, brother of the late Judge Martin V. Montgomery.

Robert La Follette is going to try again for the Wisconsin governorship. Formal announcement of his candidacy was made by him this week, and his friends will at once open an energetic campaign to secure control of the coming state convention in his behalf.

Why, some may ask, do the Boers, if they have to lose their independence, prefer to link their fortunes with America rather than with England? Hatred of Great Britain by a century of injustice, from a tiny acorn of discord, and watered by blood, it has sprung into a tree, whose roots extend through South Africa from Cape Town to Rhodesia.

While it is true that a feeling of uncertainty as to the future of business exists among the people of the United States just now, it is equally true that there is no real foundation for it.

affected somewhat by the impression created through recent manipulation that prices are going to drop, but it is in strong hands and there is no likelihood of a serious slump in iron and steel values.

In copper the same belief, that lower prices are inevitable, prevails in certain quarters, and this exerts a most hurtful influence on the market value of copper shares.

When the news of the recent British victories reached the coast, Cape Town and Durban were mainly transfixed and dumb.

Most of the Boers understand that Americans are not responsible for such actions. Although the Washington administration may look with little warmth upon their struggle, very few of the United States citizens are hostile to the Boer cause.

"We will maintain our independence, if we can. If we cannot, we will appeal to the American people to take us under their wing. Surely the year of independence is broad enough to span the ocean. Our last hope is that, having again and again carried our burden of persecution into the wilderness to escape from England, we may be permitted to deposit it at the foot of the stars and stripes."

Lower Michigan News.

A stock company has just been organized to utilize the plant of the Merrill Milling company at Plainwell, which has been idle for about a year.

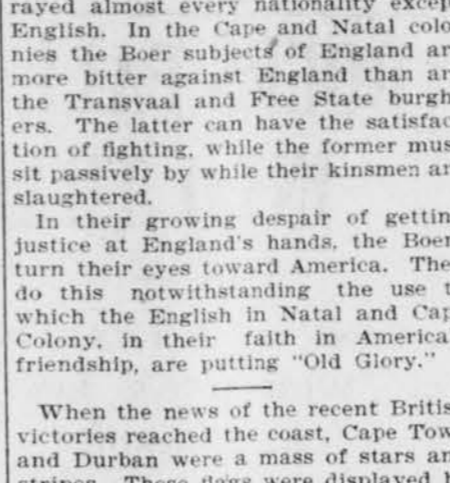

Two Greenville boys, named McIntire and Carroll, went in a boat to gather flowers Sunday. When two miles up the river they began comparing revolvers, which they carried, and in doing so McIntire's revolver was discharged, the ball lodging in Carroll's right shoulder.

George Regan, a farmer of Watertown township, Sanilac county, was struck by lightning and badly injured Tuesday afternoon. He was plowing near his home when the bolt came.

Prison Physician Gibson of the Jackson penitentiary has pronounced Henry Hamburger, the Detroit murderer, to be a degenerate and demented. He will be taken to the Ionia Asylum for Criminal Insane.

In South Africa, the Boers are the children of the soil. They alone have had the perseverance to overcome the obstacles in the way of the redemption of the land from barbarism.

## Ishpeming and Vicinity.

### PLUG BLEW OUT.

A SIX-INCH STREAM OF WATER  
DELUGED A BLOCK OF MAIN  
STREET YESTERDAY NOON.

Main street, between Barnum and  
Canda streets, was a roaring cataract  
for a number of minutes shortly after  
twelve o'clock yesterday noon. The  
force on the water mains resulting  
from the auxiliary pumping regularly  
done at noon each day was sufficient  
to blow out the plug closing a dead end  
of a "T" situated at the corner of Bar-  
num and Main streets. The force of the  
six-inch stream turned loose threw  
several feet of earth which opposed its  
course into the air, and until the wa-  
ter could be shut off the stream ripped  
macadam and dirt from the roadway of  
Main street at a furious rate.

People who witnessed the flow of wa-  
ter were surprised at its volume and  
power. The manholes at the foot of the  
hill were inadequate to handle it and  
it flowed as far down Main street as  
the corner of Bank street, covering  
the D. S. S. & A. and Northwestern  
railroad tracks with mud and sand.

The flow continued a couple of min-  
utes, until the pumps could be stopped  
and the supply of water cut off from  
the open main. At 1 o'clock a force of  
men began the task of unshutting the  
main, preparatory to putting in a new  
plug. It was completed and the open-  
ing closed late in the afternoon. Di-  
rectly below the corner of Main and  
Barnum streets, the latter thorough-  
fare was badly damaged by the rush  
of water, a trench several feet deep be-  
ing washed out for a distance of about  
two rods.

The flood attracted much attention.  
Persons standing near by when the wa-  
ter burst from the ground state that  
it made a roaring noise and raised a  
stream of dirt and mud several feet  
into the air. The old plug had probably  
become loose enough to give a small  
stream of water egress which under-  
mined the surrounding ground and  
made it possible for the pump pressure  
to blow it out.

Shops are numerous at Braastad's.  
Bargains in all departments.

### A COFFEE GRINDING PLANT.

The Grand Union Tea company has  
just installed a neat coffee grinding  
plant in its Ishpeming branch store.  
It consists of a large grinder and a  
three horse power electric motor. The  
motor has been set up in the basement  
and the belt is run through the floor  
to the grinder in the main store. The  
power is ample to reduce a pound of  
coffee to the required fineness in a few  
seconds. The capacity of the grinder  
has not yet been tested but it is esti-  
mated that it will take care of some-  
where between 200 and 300 pounds of  
coffee an hour. When the plant is put  
in the proper running order it will be  
noiseless.

### MURRAY AND MACK TONIGHT.

Murray and Mack, two inimitable  
comedians, will appear in "Finnigan's  
Ball" at the Ishpeming opera house  
this evening. The farce comedy is  
known here through its presentation in  
the Ishpeming theatre last season, when  
it brought out a record-breaking house.  
Many members of the old cast are re-  
tained but the piece has been bright-  
ened with new business, fun and mu-  
sic. Tickets were placed on sale yester-  
day morning and were in brisk de-  
mand. A large attendance is expected  
this evening.

### MARRIED WEDNESDAY EVENING.

The nuptials of Miss Minnie Casey, a  
sister-in-law of John Niska, and  
Fred Hendrickson of Hancock were cel-  
ebrated by Rev. Tolonen at the Fin-  
nish Lutheran church Wednesday even-  
ing. The bride is well known here and  
the groom is employed in the Superior

Savings bank in his home city. A  
number of relatives and friends wit-  
nessed the ceremony. The young cou-  
ple left for the copper country, where  
they will reside, yesterday afternoon at  
4 o'clock.

### AN EPIDEMIC OF WHOOPING COUGH.

Last winter during an epidemic of  
whooping cough my children contracted  
the disease, having severe coughing  
spells. We had used Chamberlain's  
Cough Remedy very successfully for  
croup and naturally turned to it at that  
time and found it relieved the cough  
and effected a complete cure.—John E.  
Clifford, proprietor Norwood House,  
Norwood, N. Y. This remedy is for  
sale by the Stafford Drug Co.

### ISHPEMING IN BRIEF.

John Haas of Hancock was here yester-  
day.

R. J. Goodman, Jr., was in the city  
yesterday.

W. H. Richmond was up from Mar-  
quette yesterday.

John Mery was down from Michi-  
gan yesterday.

Patrick Healy, an old Ishpeming boy,  
visited here yesterday.

H. H. Milden went up to the Foxdale  
mine yesterday morning.

R. M. Sellwood of Duluth, son of Jo-  
seph Sellwood, was here yesterday.

F. P. Tillson was laid up yesterday.  
He was unable to get down to his store.

J. F. Labreche left last night for St.  
Louis, Mo., on a visit of a week to his  
sister, Mary.

F. Braastad and S. Johnson returned  
after a several days' absence from the  
city yesterday.

Rev. J. M. Langan of St. John's  
church left for a short visit at Iron-  
wood yesterday morning.

The Norwegian Bee Hive society held  
a successful social and entertainment at  
the Swedish Home hall last evening.

Dr. N. Hansson, a new comer to Ish-  
peming, has opened an office in the  
Voelker block. He is a physician and  
surgeon.

A large party of Johnston House  
boarders will spend tomorrow out on  
the Escanaba river. A pleasant outing  
is anticipated.

The weather yesterday continued  
chilly. It rained for a few hours early  
in the morning. A change to milder  
temperature is expected.

Mr. and Mrs. A. W. Myers entertained  
the choir boys of Grace church one  
evening early in this week. They as-  
sembled at Milden's hall.

Price McKinney of Cleveland came in  
Wednesday afternoon. He was busy  
yesterday with matters connected with  
the work at the Ropes Gold mine.

Thomas Flannigan is remodeling his  
building on East Cleveland avenue. The  
lower floor is being changed from a  
store room to fit it for use for dwelling  
purposes.

J. H. Joelin, at one time a resident  
of Ishpeming, spent yesterday in the  
city. He was accompanied by his  
brother and sister, who will visit here  
a short time.

William Rodgers has taken a position  
as conductor for the Negaunee and  
Ishpeming street car line. He is filling  
the vacancy created by the resignation  
of Theodore Swanson.

The shaft which Flack Bros. are sink-  
ing for the Pittsburg & Lake Angeles  
Iron company at the Mitchell mine is  
down about sixty feet and satisfactory  
progress is being made.

A suit brought by Mervin L. Lee of  
Boston will be tried in the circuit  
court today. H. O. Young will con-

duct bee's case. The trouble is over  
an alleged blunder of the brokerage  
firm in handling the complainant's busi-  
ness.

M. J. O'Brien, who has been spend-  
ing the past week visiting relatives  
here, left for Houghton yesterday af-  
ternoon to resume his duties in the  
Paine, Webber & Co. branch brokerage  
office.

J. Hammel & Co., the horse dealers,  
who have leased the Jones stable, will  
be located there within the next ten  
days or so. The place is being improved  
in many ways. Fourteen additional  
stalls are being added.

The residence property at 612 north  
Second street has been sold to William  
H. and Ellen J. Dowrick for the sum  
of \$600. The deal was negotiated  
through E. C. Cooley, acting for the  
Ishpeming Building and Loan associa-  
tion.

A. H. Fordyce is now established in  
his own blacksmith shop, located at the  
rear of the building which has been oc-  
cupied by Grip's carpenter shop. He is  
an expert workman and is doing a nice  
business.

J. H. Johnson of Crystal Falls was  
here yesterday doing business for the  
Crystal Falls Mineral Water company.  
Mr. Johnson is chief of the Crystal  
Falls fire department and he enjoyed a  
visit with Ishpeming firemen during his  
stay in the city.

The equipment of machinery for the  
Dalton Packing works is astray some-  
where en route. It will not be possi-  
ble to begin slaughtering as early as

whiskey offered to the consuming trade. Four Hundred Baltimore Rye is delicious in taste; magnificent in bouquet; invigorating in effect.

On Sale at all First-Class Cafes and by Druggists.

It is easy to make mistakes in the treatment of croup, and mistakes mean the sacrifice of little lives.

Foley's Honey and Tar is unconditionally guaranteed by every druggist to cure croup, colds or whooping cough, and to prevent pneumonia, which so often follows diseases of little folks. Do not accept a substitute. It may cost a little, but it is guaranteed.

Miss MAMIE SMITH, Middleboro, Kentucky, writes: "My little sister had the croup very bad. I gave her several doses of Foley's Honey and Tar and she was instantly relieved. It saved her life."

For cuts, bruises or sores BANNER SALVE is best.

Sold by The Stafford Drug Co.

In and About Negaunee.

THE NEGAUNEE MINE.

BELIEVED THAT THE WORST OF THE TROUBLE THERE IS OVER.

It is hoped that the worst of the caving and settling which has been going on at the Negaunee mine the past two or three weeks is over. The ground seems to be acquiring considerable stability and it is quite possible that a portion of the usual force will be taken on and set at work before long.

A small number of men are now working at the bottom of the vertical shaft, which thus far has sustained no serious damage. They are sinking vertically in pursuance of a recently formulated plan for reopening the mine. The incline shaft, it is understood, is practically wrecked and will not be serviceable.

Considerable work for the immediate future is projected. Just now only a handful of men may be worked, but as the property is reopened more will be made for more miners. Little can be definitely stated concerning the situation, but the outlook seems more promising than it did a few days back.

In Negaunee there is much interest in the situation at the mine, and much inquiry concerning the condition of the property. It is feared that a long continued suspension of work would result disastrously to the business interests here, as about 500 men would be affected by it. The merchants must become reconciled to losing the trade consequent on about two full years at this property, and it is quite possible it will be a number of months before the mine is again employing a full force.

A plate glass window in the front of the store occupied by C. A. Quinn & Co., which was cracked a number of weeks ago by the settling of the building, was replaced by a new glass yesterday morning.

A number of men are employed excavating for the foundation of the proposed business block to be erected by John Erickson on the street. It is the intention to push the work to completion with all possible speed.

The Larson boys are about the city. They express much pleasure at their acquittal on the charge of being responsible for the death of Joseph Liéqua, but regret that they were in any way connected with the case.

The Lady Maccabees surprised the gentlemen members of the order at a regular meeting in session Wednesday night. They were bountifully supplied with food and an informal lunch was served. The evening passed very pleasantly.

The Negaunee camp of Woodmen has appointed a committee to look up ways and means to provide a float at a reasonable expense for the grand parade which will be a feature of the first Log Rolling picnic, Ishpeming June 25. Negaunee Woodmen are taking great interest in the approaching meeting and will do their full share to make it successful.

The Sewell Stock company entertained a good crowd at MacDonald's opera house last evening with a presentation of "A Soldier's Sweetheart." This evening "The Little Meddler" will be produced. Sewell's company is a popular-price organization. The admission charges are 10, 20 and 35 cents. The Negaunee engagement will be concluded Saturday night.

Property owners on the west side of Main street between Barnum and Ridge streets have laid new sidewalks in front of their lots, an improvement which is generally appreciated. The last section of the new walk was laid in front of Dr. J. Vandeventer's residence yesterday.

The strike of sixty trammers at the Winthrop location Saturday was of brief duration. They are all back and work is proceeding as usual. The demonstration was unimportant and caused no apprehension. The men are making good money and there is no serious dissatisfaction with present conditions.

T. J. Dundon has returned from a two weeks' absence in Massachusetts, where he attended the national convention of the A. O. H. in Boston. He also visited relatives in Spokhridge, which at one time was his home. His trip, as a whole, was most delightful, as he visited many places of historic interest.

John H. Brown was called to Marinette, Wis., early in the week on account of the dangerous illness of his mother. Mrs. Brown was summoned yesterday afternoon and departed for Marinette on the evening train. The ailing lady has a number of friends and acquaintances here, as she visited her son and his family many times during the past few years.

Charles Regstrom states that his work at Michigamme and the Webster mines has been accepted by the Cleveland-Cliffs Iron company. He is now figuring on a contract for remodeling the Catholic church at Michigamme, which will soon be let. Charlie states that he has not entirely given up the idea of going to Cape Nome, although his departure has been indefinitely postponed.

Carpenter's presentation of "Quo Vadis" pleased a fair house at the Ishpeming theatre Wednesday evening. The play was well cast, several parts being taken with more than the ordinary ability. The costumes were correct and the play was staged better than was expected. The performance seemed to give general satisfaction and Ishpeming theatre goers generally say it is well deserving of patronage.

If troubled with rheumatism, give Chamberlain's Pain Balm a trial. It will not cost you a cent if it does no good. One application will relieve the pain. It also cures sprains and bruises in one-third the time required by any other treatment. Cuts, burns, frostbites, quinsy, pains in the side and chest, glandular and other swellings are quickly cured by applying it. Every bottle warranted. Price, 25 and 50 cents. The Stafford Drug company.

Don't overlook Braastad's bargain offerings. Big money saved on dry goods, clothing, shoes, etc., for this season.

When doctors fail try Burdock Blood Bitters. Cures dyspepsia, constipation; invigorates the whole system.

Where to Stop When in Detroit. Hotel Metropole, Woodward Ave., opp. City Hall. European plan. Rooms, \$1 per day; with bath, \$1.50.

LOCAL LAONICS.

Ray W. Ninneman of Menominee was here yesterday.

B. J. Goodman, Jr., was up from Sandusky Wednesday.

The Negaunee mine settled its April pay roll yesterday.

J. L. McClear of Menominee, a former resident of Negaunee, has been here on business the last two days.

Mrs. Emerson MacNeil of Crystal Falls is visiting in the city. Some weeks ago she was very seriously ill and much alarm was felt on her account.

The weather continued cold yesterday, with frequent light, misty showers in the morning. Fair weather is forecast for the remainder of the week.

Mrs. Lamere is improving her residence property at the corner of Brown avenue and Clark street with an addition. She purchased the dwelling several months ago.

A number of Negaunee people will go to Ishpeming this evening to attend Murray and Mack's production of "Finigan's Ball." A number attended the presentation given the play last season.

Mike Hawley, a section boss who has been stationed at Swaney for a number of years, will soon come to Negaunee, where he will make his home. He has a number of acquaintances here.

As a result of the heavy rains the streets are full of mud in an unpleasantly liquid condition. The deposit will probably have to be gathered up and removed to prevent a recurrence of the dust nuisance.

A plate glass window in the front of the store occupied by C. A. Quinn & Co., which was cracked a number of weeks ago by the settling of the building, was replaced by a new glass yesterday morning.

A number of men are employed excavating for the foundation of the proposed business block to be erected by John Erickson on the street. It is the intention to push the work to completion with all possible speed.

REPUBLIC.

MINE WORKERS SCARCE.

AN IRON RIVER MINE CAPTAIN TRIES TO FIND MEN AT REPUBLIC BUT SECURE NONE.

Captain James Edwards of the Chicago Lake mine, Iron River district, Menominee, spent Wednesday in Republic, endeavoring to secure men. He wanted miners principally, but was prepared to give employment to laborers also. The Chicago Lake property is under control of the Oliver Iron company. It is a small mine, but a force of about 150 men could be worked to advantage in and about the mine were it possible to secure them.

After learning how hard it is to get competent men for the mining work here the captain concluded he had come to the wrong place in his effort to recruit his force. He spent the previous day at Iron Mountain but he found the same condition of things existing there.

Speaking of affairs in the Iron River district, the captain said that section never looked better. All the mines there have places for additional men, and all those working are earning better wages than at any previous time for some years past. He is offering \$2.35 a day for miners and \$2.10 for trimmers.

The Oliver company is getting things in readiness for extensive work on the range especially in the vicinity of Iron River and Crystal Falls. In addition to the mines the company has in operation, it is conducting about twenty explorations.

A number of diamond drills are working and more would be added were it possible to get competent men to operate them.

The new channel for the river at the Doherty mine has not yet been completed. The work is not moving as rapidly as the management desires, owing to the difficulty of getting laborers. The Doherty and Riverton properties adjoining give promise of successful operation for years to come. The ore deposit is proving up most satisfactorily, though the best of the ore extends under the stream.

As soon as the river course is changed the underground work will be pushed more vigorously than is now possible.

Carl Edwards, formerly lived at Republic, and while he was here he met a number of old friends and acquaintances. He lived here for ten years, leaving here years ago. He held a job as foreman in the Republic mine.

WAS A WARM CASE.

Jim Trewnick of Humboldt, formerly of Republic, is having his full share of court business. Of late he has been garnished for debts, his latest suit being brought by Con Lynch.

One day last week M. H. Crocker of Ishpeming came here to defend Trewnick. After taking the testimony the case was dismissed, Mr. Lynch being unable to testify under oath whether his claim was against the defendant or the latter's brother. As soon as the judge rendered his decision Lynch was served with a notice to appear in Ishpeming on the 18th to answer to a charge of trespass.

Now Mr. Lynch is positive Jim Trewnick is the one indebted to him and has again garnished him for the amount of his claim. He remembers that the work he did was contracted for by Jim's brother and ordered charged to Jim. At first he did not remember the circumstances but now he is positive just how the deal was made. The hearing in the second case is set for the 22nd, when it is expected there will be a very stormy time.

LOOKING FOR SPAR.

E. Richardson of Chicago was a visitor in town Tuesday. He came here for the purpose of examining a spar deposit out about four miles from Republic in the direction of Humboldt. He was in search of white spar, but was rather disappointed to find the Republic article another color, all of it being red.

Mr. Richardson has visited a number of places in this section looking for crystal spar, but has not found anything that suits his purpose. A short distance from Marquette he picked up samples which attracted his attention, though the formation contains a bad mixture of darker mineral. He carried away samples of the spar found here and will have it tested. He expressed the belief that the stuff will polish well, but he was not positive that it could be used for the purpose he has in view.

A GOOD GAME EXPECTED.

The local fans rather expect the ball game between the Republic and Ishpeming teams to be played here Sunday to furnish good sport. A large delegation of rooters will accompany the visitors and with the home players backed by all the enthusiasts of the town there should be a lively time on the grounds. Both teams are said to be in fine trim and they will play to win. The game will be called about 2:30, mining time.

THEIR ANNUAL PICNIC.

The Scandinavian society of Republic will hold its annual picnic at the grove north of town on Saturday, June 23. The usual amusements will be indulged in and a good time will be had. On the following Monday the Woodmen, as well as many others, will go to Ishpeming to attend the big Log Rolling picnic, which promises to be the best thing of the kind ever held in the upper peninsula under auspices of a fraternal society.

FOR THE NEW COMPRESSOR.

The Republic Iron company has men at work getting out stone for the foundation of the new air compressor building to be erected immediately north of the present compressor house. The new place will not be ready and the machinery in position much before the first of next year. With the machinery installed the plant will be most complete and one of the best in this section.

SNAP SHOTS.

Mrs. J. Davidson of Negaunee visited her folks here during the week. J. Jensen, representing the manufacturers of the Champion binder and mower, did business here Wednesday.

WANTED-FOR SALE OR RENT.

FOR SALE-Residence property at the corner of Main street and Mackenzie avenue. Also double house on Lincoln street. This property is commonly known as the Sterling estate. Apply to W. M. Sterling, Ishpeming. (5-3-2w)

**PLUG BLEW OUT.**

A SIX-INCH STREAM OF WATER  
DELOGED A BLOCK OF MAIN  
STREET YESTERDAY NOON.

Main street, between Barnum and  
Canda streets, was a roaring cataract  
for a number of minutes shortly after  
twelve o'clock yesterday noon. The  
force on the water mains resulting  
from the auxiliary pumping regularly  
done at noon each day was sufficient  
to blow out the plug closing a dead end  
of a "T" situated at the corner of Bar-  
num and Main streets. The force of  
the six-inch stream turned loose three  
several feet of earth which opposed its  
course into the air, and until the wa-  
ter could be shut off the stream ripped  
macadam and dirt from the roadbed of  
Main street at a furious rate.

People who witnessed the flow of wa-  
ter were surprised at its volume and  
power. The manholes at the foot of  
the hill were inadequate to handle it  
and it flowed as far down Main street  
as the corner of Bank street, covering  
the D. S. S. & A. and Northwestern  
railroad tracks with mud and sand.

The flow continued a couple of min-  
utes, until the pumps could be stopped  
and the supply of water cut off from  
the open main. At 1 o'clock a force of  
men began the task of unearthing the  
main, preparatory to putting in a new  
plug. It was completed and the open-  
ing closed late in the afternoon. Di-  
rectly below the corner of Main and  
Barnum streets, the latter thorough-  
fare was badly damaged by the rush  
of water, a trench several feet deep be-  
ing washed out for a distance of about  
two rods.

The flood attracted much attention.  
Persons standing near by when the  
water burst from the ground state that  
it made a roaring noise and raised a  
stream of dirt and mud several feet in  
the air. The old plug had probably be-  
come loose enough to give a small  
stream of water egress which under-  
mined the surrounding ground and  
made it possible for the pump pressure  
to blow it out.

Snaps are numerous at Braastad's.  
Bargains in all departments.

**A COFFEE GRINDING PLANT.**

The Grand Union Tea company has  
just installed a neat coffee grinding  
plant in its Ishpeming branch store.  
It consists of a large grinder and a  
three horse power electric motor. The  
motor has been set up in the basement  
and the belt is run through the floor  
to the grinder in the main store. The  
power is ample to reduce a pound of  
coffee to the required fineness in a few  
seconds. The capacity of the grinder  
has not yet been tested but it is esti-  
mated that it will take care of some-  
where between 200 and 300 pounds of  
coffee an hour. When the plant is put  
in the proper running order it will be  
noiseless.

**MURRAY AND MACK TONIGHT.**

Murray and Mack, two inimitable  
comedians, will appear in "Finnigan's  
Ball" at the Ishpeming opera house  
this evening. The farce comedy is  
known here through its presentation in  
the Ishpeming theatre last season, when  
it brought out a record-breaking house.  
Many members of the old cast are re-  
tained but the piece has been bright-  
ened with new business, fun and mus-  
ic. Tickets were placed on sale yester-  
day morning and were in brisk de-  
mand. A large attendance is expected  
this evening.

**MARRIED WEDNESDAY EVENING.**

The nuptials of Miss Minnie Casey,  
a sister-in-law of John Niemi, and Wal-  
fred Hendrickson of Hancock were ce-  
lebrated by Rev. Tolonen at the Fin-  
nish Lutheran church Wednesday night.  
The bride is well known here and  
the groom is employed in the Superior

Savings bank in his home city. A  
number of relatives and friends wit-  
nessed the ceremony. The young cou-  
ple left for the copper country, where  
they will reside, yesterday afternoon at  
4 o'clock.

**AN EPIDEMIC OF WHOOPING  
COUGH.**

Last winter during an epidemic of  
whooping cough my children contracted  
the disease, having severe coughing  
spells. We had used Chamberlain's  
Cough Remedy very successfully for  
croup and naturally turned to it at that  
time and found it relieved the cough  
and effected a complete cure.—John E.  
Clifford, proprietor, Norwood House,  
Norwood, N. Y. This remedy is for  
sale by the Stafford Drug Co.

**ISHPEMING IN BRIEF.**

John Haas of Hancock was here yester-  
day.

B. J. Goodman, Jr., was in the city  
yesterday.

W. H. Richmond was up from Mar-  
quette yesterday.

John Mercy was down from Michi-  
gan yesterday.

Patrick Healy, an old Ishpeming boy,  
visited here yesterday.

H. H. Milden went up to the Foxdale  
mine yesterday morning.

R. M. Sellwood of Duluth, son of Jo-  
seph Sellwood, was here yesterday.

F. P. Tilson was laid up yesterday.  
He was unable to get down to his store.

J. F. Labreche left last night for St.  
Louis, Mo., on a visit of a week to his  
sister, Mary.

F. Braastad and S. Johnson returned  
from a several days' absence from the  
city yesterday.

Rev. J. M. Langan of St. John's  
church left for a short visit at Iron-  
wood yesterday morning.

The Norwegian Bee Hive society held  
a successful social and entertainment  
at the Swedish Home hall last evening.

Dr. N. Hansson, a new comer to Ish-  
peming, has opened an office in the  
Voelker block. He is a physician and  
surgeon.

A large party of Johnston House  
boarders will spend tomorrow out on  
the Escanaba river. A pleasant outing  
is anticipated.

The weather yesterday continued  
chilly. It rained for a few hours early  
in the morning. A change to milder  
temperature is expected.

Mr. and Mrs. A. W. Myers entertained  
the choir boys of Grace church one  
evening early in this week. They as-  
sembled at Milden's hall.

Price McKinney of Cleveland came in  
Wednesday afternoon. He was busy  
yesterday with matters connected with  
the work at the Ropes Gold mine.

Thomas Flannigan is remodeling his  
building on East Cleveland avenue. The  
lower floor is being changed from a  
store room to fit it for use for dwelling  
purposes.

J. H. Joslin, at one time a resident  
of Ishpeming, spent yesterday in the  
city. He was accompanied by his  
brother and sister, who will visit here  
a short time.

William Rodgers has taken a position  
as conductor for the Negaunee and  
Ishpeming street car line. He is filling  
the vacancy created by the resignation  
of Theodore Swanson.

The shaft, which Flack Bros. are sink-  
ing for the Pittsburg & Lake Angeoine  
Iron company at the Mitchell mine is  
down about sixty feet and satisfactory  
progress is being made.

A suit brought by Mervin L. Lee of  
this city against Paine, Webber & Co.  
of Boston will be tried in the circuit  
court today. H. O. Young will con-

duct case. The trouble is over  
an alleged blunder of the brokerage  
firm in handling the complainant's busi-  
ness.

M. J. O'Brien, who has been spend-  
ing the past week visiting relatives  
here, left for Houghton yesterday af-  
ternoon to resume his duties in the  
Paine, Webber & Co. branch brokerage  
office.

J. Hammel & Co., the horse dealers,  
who have leased the Jones stable, will  
be located there within the next ten  
days or so. The place is being improved  
in many ways. Fourteen additional  
stalls are being added.

The residence property at 612 north  
Second street has been sold to William  
H. and Ellen J. Dowrick for the sum  
of \$600. The deal was negotiated  
through E. C. Cooley, acting for the  
Ishpeming Building and Loan associa-  
tion.

A. H. Fordyce is now established in  
his own blacksmith shop, located at the  
rear of the building which has been oc-  
cupied by Grip's carpenter shop. He is  
an expert workman and is doing a nice  
business.

J. H. Johnson of Crystal Falls was  
here yesterday doing business for the  
Crystal Falls Mineral Water company.  
Mr. Johnson is chief of the Crystal  
Falls fire department and he enjoyed a  
visit with Ishpeming firemen during his  
stay in the city.

The equipment of machinery for the  
Dalton Packing works is astray some-  
where en route. It will not be possi-  
ble to begin slaughtering as early as

whiskey offered to the consuming trade. Four Hundred Baltimore Rye is delicious in taste; magnificent in bouquet; invigorating in effect.

On Sale at all First-Class Cafes and by Druggists.

It is easy to make mistakes in the treatment of croup, and mistakes mean the sacrifice of little lives. Foley's Honey and Tar is unconditionally guaranteed by every druggist to cure croup, colds or whooping cough, and to prevent pneumonia, which so often follows diseases of little lives.

For cuts, bruises or sores BANNER SALVE is best.

Sold by The Stafford Drug Co.

In and About Negaunee.

THE NEGAUNEE MINE.

BELIEVED THAT THE WORST OF THE TROUBLE THERE IS OVER.

It is hoped that the worst of the caving and settling which has been going on at the Negaunee mine the past two or three weeks is over. The ground seems to be acquiring considerable stability and it is quite possible that a portion of the usual force will be taken on and set at work before long.

A small number of men are now working at the bottom of the vertical shaft, which thus far has sustained no serious damage. They are sinking vertically, in pursuance of a recently formulated plan for reopening the mine. The incline shaft, it is understood, is practically wrecked and will not be serviceable.

Considerable work for the immediate future is projected. Just now only a handful of men may be worked, but as the property is reopened more men will be made for more miners. Little can be definitely stated concerning the situation, but the outlook seems more promising than it did a few days back.

In Negaunee there is much interest in the situation at the mine and much eager inquiry concerning the condition of the property. It is feared that a long continued suspension of work would result disastrously to the business interests here, as about 500 men would be affected by it. The merchants must become reconciled to losing the trade consequent on about two full pays at this property, and it is quite possible it will be a number of months before the mine is again employing a full force.

LOCAL LAONICS.

Ray W. Nineman of Menominee was here yesterday. B. J. Goodman, Jr., was up from Sands Wednesday.

The Negaunee mine settled its April payroll yesterday. J. L. McClear of Menominee, a former resident of Negaunee, has been here on business the last two days.

Mrs. Emerson MacNeil of Crystal Falls is visiting in the city. Some weeks ago she was very seriously ill and much alarm was felt on her account.

The weather continued cold yesterday, with frequent light, misty showers in the morning. Fair weather is forecasted for the remainder of the week.

Mrs. Lamere is improving her residence property at the corner of Brown avenue and Clark street with an addition. She purchased the dwelling several months ago.

A number of Negaunee people will go to Ishpeming this evening to attend Murray and Mack's production of "Finnigan's Ball." A number attended the presentation here the play last season.

Mike Hawley, a section boss who has been stationed at Swanzy for a number of years, will soon come to Negaunee, where he will make his home. He has a number of acquaintances here.

As a result of the heavy rains the streets are full of mud in an unpleasantly liquid state. The deposit will probably have to be gathered up and removed to prevent a recurrence of the dust nuisance.

Additional Ishpeming

(Continued from Page Six.)

was anticipated. The date of the formal opening will have to be postponed to June 1, if not until later.

Now is the time to buy spring goods at Braastad's. An extra reduction in prices has been made in dry goods, clothing, shoes, neckwear, etc.

At a meeting of the Ambrose tent of Maccabees held Wednesday evening Samuel Pearce, John Hooper and F. C. Bennett were chosen as delegates to the county convention of Maccabees, to be held June 8th at Michigamme in conjunction with the big county celebration.

F. H. Vandenberg and Percy G. Teeple of Marquette were here looking after their insurance business yesterday. Mr. Vandenberg was accompanied by William R. Lomas of Chicago, manager for the Aetna Life company, who is looking over the peninsular field.

Property owners on the west side of Main street between Barnum and Ridge streets have laid new sidewalks in front of their lots, an improvement which is generally appreciated. The last section of the new walk was laid in front of Dr. J. Vandevanter's residence yesterday.

The strike of sixty trimmers at the Whiteford location Saturday was of brief duration. They are all back and work is proceeding as usual. The demonstration was unimportant and caused no apprehension. The men are making good money and there is no serious dissatisfaction with present conditions.

T. J. Dundon has returned from a two weeks' absence in Massachusetts, where he attended the national convention of the A. O. U. in Boston. He also visited relatives in Spokbridge, which at one time was his home. His trip, as a whole, was most delightful, as he visited many places of historic interest.

John H. Brown was called to Marinette, Wis., early in the week on account of the dangerous illness of his mother. Mrs. Brown was summoned yesterday afternoon and departed for Marinette on the evening train. The ailing lady has a number of friends and acquaintances here, as she visited her son and his family many times during the past few years.

Charles Regstrom states that his work at Michigamme and the Webster mines has been accepted by the Cleveland-Cliffs Iron company. He is now figuring on a contract for remodeling the Catholic church at Michigamme, which will soon be let. Charlie states that he has not entirely given up the idea of going to Cape Nome, although his departure has been indefinitely postponed.

Carpenter's presentation of "Quo Vadis" pleased a fair house at the Ishpeming theatre Wednesday evening. The play was well cast, several parts being taken with more than the ordinary ability. The costumes were correct and the play was staged better than was expected. The performance seemed to give general satisfaction and Ishpeming theatre goers generally say it is well deserving of patronage.

If troubled with rheumatism, give Chamberlain's Pain Balm a trial. It will not cost you a cent if it does no good. One application will relieve the pain. It also cures sprains and bruises in one-third the time required by any other treatment. Cuts, burns, frostbites, quinsy, pains in the side and chest, glandular and other swellings are quickly cured by applying it. Every bottle warranted. Price, 25 and 50 cents. The Stafford Drug company.

Don't overlook Braastad's bargain offerings. Big money saved on dry goods, clothing, shoes, etc., for this season.

When doctors fail try Burdock Blood Bitters. Cures dyspepsia, constipation; invigorates the whole system.

Where to Stop When in Detroit, Hotel Metropole, Woodward Ave., opp. City Hall. European plan. Rooms, \$1 per day; with bath, \$1.50.

REPUBLIC.

MINERS WORKERS SCARCE.

AN IRON RIVER MINE CAPTAIN TRIES TO FIND MEN AT REPUBLIC BUT SECURE NONE.

Captain James Edwards of the Chicago Lake mine, Iron River district, Menominee, spent Wednesday in Republic, endeavoring to secure men. He wanted miners principally, but was prepared to give employment to laborers also. The Chicago Lake property is under control of the Oliver Iron company. It is a small mine, but a force of about 150 men could be worked to advantage in and about the mine were it possible to secure them.

After learning how hard it is to get competent men for the mining work here the captain concluded he had come to the wrong place in his effort to recruit his force. He spent the previous day at Iron Mountain but he found the same condition of things existing there.

Speaking of affairs in the Iron River district, the captain said that section never looked better. All the mines there have places for additional men, and all those working are earning better wages than at any previous time for some years past. He is offering \$2.35 a day for miners and \$2.10 for trimmers.

The Oliver company is getting things in readiness for extensive work on the range, especially in the vicinity of Iron River and Crystal Falls. In addition to the mines the company has in operation, it is conducting about twenty explorations.

A number of diamond drills are working and more would be added were it possible to get competent men to operate them.

The new channel for the river at the Dober mine has not yet been completed. The work is not moving as rapidly as the management desires, owing to the difficulty of getting laborers. The Dober and Riverton properties adjoining give promise of successful operation for years to come. The ore deposit is proving up most satisfactorily, though the best of the ore extends under the stream.

As soon as the river course is changed the underground work will be pushed more vigorously than is now possible. Captain Edwards formerly lived at Republic, and while he was here he met a number of old friends and acquaintances. He lived here for ten years, leaving here years ago. He held a job as foreman in the Republic mine.

WAS A WARM CASE.

Jim Trewnick of Humboldt, formerly of Republic, is having his full share of court business. Of late he has been garnished for debts, his latest suit being brought by Con Lynch.

One day last week M. H. Crocker of Ishpeming came here to defend Trewnick. After taking the testimony the case was dismissed, Mr. Lynch being unable to testify under oath whether Trewnick was or was not a resident of the latter's brother. As soon as the judge rendered his decision Lynch was served with a notice to answer in Ishpeming on the 18th to appear to a charge of trespass.

Now Mr. Lynch is positive Jim Trewnick is the one indebted to him and has again garnished him for the amount of his claim. He remembers that the work he did was contracted for by Jim's brother and ordered charged to Jim. At first he did not remember the circumstances but now he is positive how the deal was made. The hearing in the second case is set for the 22nd, when it is expected there will be a very stormy time.

LOOKING FOR SPAR.

E. Richardson of Chicago was a visitor in town Tuesday. He came here for the purpose of examining a spar deposit out about four miles from Republic in the direction of Humboldt. He was in search of white spar, but was rather disappointed to find the Republic article another color, all of it being red. Mr. Richardson has visited a number of places in this section looking for crystal spar, but has not found anything that suits his purpose. A short distance from Marquette he picked up samples which attracted his attention, though the formation contains a bad mixture of quartz and mineral. He carried away samples of the spar found here and will have it tested. He expressed the belief that the stuff will polish well, but he was not positive that it could be used for the purpose he has in view.

A GOOD GAME EXPECTED.

The local fans rather expect the ball game between the Republic and Ishpeming teams to be played here Sunday to furnish good sport. A large delegation of rooters will accompany the visitors and with the home players backed by all the enthusiasts of the town there should be a lively time on the grounds. Both teams are said to be in fine trim and they will play to win. The game will be called about 2:30, mining time.

THEIR ANNUAL PICNIC.

The Scandinavian society of Republic will hold its annual picnic at the grove north of town on Saturday, June 23. The usual amusements will be indulged in and a good time will be had. On the following Monday the Woodmen, as well as many others, will go to Ishpeming to attend the big Log Rolling picnic, which promises to be the best thing of the kind ever held in the upper peninsula under auspices of a fraternal society.

FOR THE NEW COMPRESSOR.

The Republic Iron company has men at work getting out stone for the foundation of the new air compressor building to be erected immediately north of the present compressor house. The new place will not be ready and the machinery in position much before the first of next year. With the machinery installed the plant will be most complete and one of the best in this section.

SNAP SHOTS.

Mrs. J. Davidson of Negaunee visited her folks here during the week. J. Jensen, representing the manufacturers of the Champion binder and mower, did business here Wednesday.

WANTED-FOR SALE OR RENT.

FOR SALE-Residence property at the corner of Main street and Mackenzie avenue. Also double house on Lincoln street. This property is commonly known as the Sterling estate. Apply to W. M. Sterling, Ishpeming. (5-5-2w)

**KILLED BY THE CARS.**

**Zepher Messier, an Old Railroad Man, Run Over in the Lower Yards Yesterday.**

**HAD BEEN RAILROADING FOR OVER THIRTY YEARS.**

**Wheels Passed Over Both Legs and One of His Arms—Neck Was Also Broken—Coroner's Jury Decides It Was Purely an Accident.**

**DECEASED LEAVES A LARGE FAMILY.**

Zepher Messier, one of the oldest railroad men in the employ of the D. S. S. & A. railway lost his life in the lower yards yesterday afternoon. The accident occurred about 2 o'clock. Messier was foreman of a switching crew which was engaged in distributing cars on several tracks. One car had just been kicked in on a siding and the engine showing three cars ahead was passing it on the main track. Messier, who had given the signal to go ahead, was mounted on the ladder at the side of the first car and had his foot on the coupling ladder so he could cut off the car. Instead of looking in the direction that the cars were moving he was looking back towards the engine, probably to give the signal.

**LEANED OUT TOO FAR.**

He was leaning out from the car and in passing the switch where the first car had been kicked off he was struck by that and knocked under the wheels of the moving cars. One set of wheels passed over him, cutting both legs and one arm nearly off. Examined later it was found that his neck was also broken, though whether this was done when he was struck by the car which was on the siding, or whether his head hit the rail as he fell, is not known.

One of the switching crew, Octave Ayotte, saw the accident and instantly yelled to the engineer to stop the engine. Messier also cried for help as he went under the wheels. The engine was moving slowly and was stopped within ten feet of the place it was when Messier went under. When the crew got to him his arm was held fast by one of the wheels. Engineer John Crowley then backed the engine and cars back about three inches. This was enough to release Messier's arm, but it was still found impossible to take the body out. It could not be released until after the brake beam had been taken off.

**CORONER CALLED.**

As soon as the body could be removed it was carried to Hager's undertaking rooms and notice sent to Coroner Crary. He immediately impanelled a jury which viewed the remains, then adjourned till 7:30 for the inquest. At the inquest there were four witnesses, John Crowley, engineer, John Donohoe, fireman, and Octave Ayotte and Frank Dubay, switchmen. They all testified to practically the same facts, though Ayotte was the only

one who saw Messier when he fell. Crowley and Donohoe were in the cab of the engine and Dubay was on the other side of the car which knocked Messier off the moving cars. The witnesses testified to having measured the distance between the car on which Messier had been standing and the other car which had been kicked up onto the switch track—the one which knocked him off. This distance they agreed was slightly over twenty-one inches. Asked if they considered twenty-one inches enough space for a man to clear himself in they replied that it was, and said it was the practice where they switched off a car intending to pick it up again immediately, as they did in this instance, to run it up on the switch track just far enough to clear the cars on the main line. The men are supposed to look out for themselves.

**NO ONE TO BLAME.**

After hearing the evidence the jury deliberated a few moments and then returned with a verdict of death by accident. The verdict attaches no blame to anyone.

The deceased resided on Washington street and had been a resident of Marquette for a good many years. He was a man about fifty-three years old and leaves a family consisting of a wife and eight children. Yesterday was the thirtieth anniversary of his wedding. He was a member of the B. of R. T. and the St. Jean Baptiste society, carrying insurance in both organizations.

**COPPERS HAVE A RALLY.**

Yesterday the Best Day They Have Seen In Some Time.

There was a pretty good rally yesterday and the day was decidedly the best the copper stocks have seen in some time. The tendency of the movement was upward, the majority of the stocks which moved at all making some advance.

Anaconda closed two points above Wednesday at 43; Baltic was a loser, dropping back a point to 17½; Boston & Montana closed two up at 283 and Butte & Boston finished with a gain of 1½ at 61½; Calumet & Hecla finished up two at 74; Osceola, which has been a sufferer in the market of late, advanced a point to 62½; Utah went up 1½ to 26½. In most instances the fractional movement was upward.

Palme, Webber & Co. said in yesterday's letter to the local branch: "London copper opened firm this morning, spot up 7s., 6d., and futures up 7s., 6d.; closed off 2s., 6d. for spot and unchanged for futures. The market today has shown little activity for coppers. Up to noon 3,508 shares changed hands, the most active being Baltic, Parrott and Utah. Baltic was washed down to 17½. Parrott and Utah showed a little more strength. The market during the afternoon was dull and prices showed little change. Owing to labor troubles at the lake Osceola directors will not take action on the dividend question until next week. It is very probable that the semi-annual dividend of \$3 will be declared. Latest reports from Helvetia, May 9, show everything running nicely. The

average daily production since the blow on April 13 has been between four and five tons of copper, altogether the longest continuous run in the history of the furnace product, largely black copper."

Hayden, Stone & Co. were much more hopeful yesterday than they were the day before, saying in their letter: "Copper stocks were decidedly better today than for a long time. People are beginning to realize that the time to buy is when everybody else wants to sell. The better class stocks seem to be scarce and fluctuate very little. Anaconda advanced three points. Next week Osceola declares a dividend and an increase may be given. There is not much in coppers at present and we still advise trading in New York stocks."

The bull movement in grains took a rest yesterday, the July wheat option slipping back ¼ to 66½ and corn standing steady at 28 bid. A. R. Jones & Co. said of wheat in yesterday's letter to Fred Jones: "Wheat news and cables were strong enough to open the market at last night's figures but these proved the best of the day and about all there was to be made. There was no support worthy of noting in appearance from any side, prices consequently declining slowly a half to 66¼@½, then there was just enough scattered buying and apprehension over a possible drought in the northwest and too much wet in the southwest to steady prices the rest of the day, but final figures of 66½ bid, weak, show a loss of ½ cents for the day. As yet there is no outside support worth mentioning. The trade is nearly all local and largely of the scaling variety. The damage reports from the country, numerous as ever but without buying orders, are beginning to lose their effect on the local trade. This in itself is a strong feature. It means another rally on short covering, though in the meantime it is a hard matter to hold prices up. But around or under 66½ purchases should prove profitable, notwithstanding the limited trade and bearish local sentiment."

**WHEN NATURE**

Needs assistance it may be best to remember to use even the most perfect remedies only when needed. The best and most simple and gentle remedy is the Syrup of Figs, manufactured by the California Fig Syrup Co.

Some people think it wise economy to buy their apparel only when it is a case of must. These often do wake up to find they had missed. The sale of nearly 200 high-grade macintoshes for men and boys in progress now at Jacob Rose's at a reduction of 40 per cent from the regular price will not wait; if you don't attend the sale and see for what little money you can buy the articles, you will be among those who have missed. (5-17-17)

**NEED SIXTY-FIVE THOUSAND.**

Water Board Will Ask That Amount of the Council.

When the council holds its meeting the first Monday in June for the purpose of making up the annual budget the water board will have a request in for \$6,500, this sum to be expended in putting the old intake in repair. Along last winter when there was such a hue and cry about the water supply and the quality of that which was furnished the water board sent in a series of requests to the council calling for money in various amounts according to the steps which that body might think it wise to take. The amounts ran all the way from \$6,500 to over \$40,000.

The matter was referred to the finance committee and the project of giving the latter sum to the board for the purpose of fixing the old intake was favorably reported upon, but as nothing could be done in the winter time the matter dropped with the recommendation. The water board, considering that recommendation to embody the sense of the council, will make its request accordingly this spring and the members are very much in hopes that the aldermen will furnish the money asked. Unless it is forthcoming the water question will remain in statu quo for another year, as the board has no funds of its own and will have to have aid of the council if it does anything.

**AND STILL THEIR TAXES GROW.**

There were a number of small financial tragedies enacted in the county treasurer's office just prior to the last delinquent tax sale and the people who figured in them are now of the opinion that it is much cheaper to pay taxes when they fall due than to wait and pay them just in time to keep the property from going to sale.

One Ishpeming citizen who owned a lot on which the tax was ten cents neglected to pay the amount, probably forgot all about it till he saw the property advertised for sale in the tax list. One day prior to the sale when he had business in Marquette he called at the county treasurer's office to make his settlement and was greatly surprised to find that his taxes had increased to \$1.13. Ten cents of this was the original tax, three cents was interest and the dollar was the advertising charge.

**PENNIES GREW TO DOLLARS.**

Some holders of property in the townships were hit even harder than this. It is the custom in most, if not all, townships to assess lands by forties. No matter how many acres of land adjoining a man may have there is a separate description for each forty. In some of the lands in Sands township the state tax amounts to only one cent per forty acres. A few people holding lands of this kind paid up before the sale and found their taxes increased a hundred fold by the dollar advertisement charge. Taking it by the large in this county the advertisement charges bring about as much as the taxes which are paid to save property from going to sale.

In some parts of Marquette county forty acres of lands is worth a good deal. In other places it is worth little or nothing, hence the low rate of taxation. A story is told on a Neegaunee man who had been appointed administrator of an estate which held some wild lands in Sands township. Desiring to sell it he went out to visit the property and post a notice that he who passed that way might read: "Arrived at the land he discovered that it was a sand barren boasting scarcely enough wood on the whole thing to cut a tooth pick out of. He had his notice with him but there was not a tree on the whole place to which he could tack it. He finally got out of the dilemma by pinning it on huckleberry bush.

**FEES MORE THAN TAXES.**

Charges for Advertising Hit Some Delinquents Harder Than the Original Tax.

WHERE A ONE CENT TAX INCREASED A HUNDRED FOLD.

Some Property in This County Which Is Not as Valuable as It Might Be—Nothing on One Piece Big Enough to Post a Notice On.

FOR SALE BY

**M. R. MANHARD.**

**Van Alstyn's**  
Opera Block Dry Goods House.

It was not necessary during the past forty-eight hours to investigate the thermometer to realize that the "Shirt Waist" would demand its place as part of every lady's attire. It will not be difficult to satisfy the fancy of every lady in Marquette if she will only investigate the showing of "shirt waists" we are making this week---1,500 feet of floor space devoted to shirt waists exclusively. The celebrated "Knickerbocker" Waists, which are made so well, that fit so perfectly and are shown in hundreds of styles not found elsewhere, make this department of unusual interest to those in search of something pretty and stylish to wear. Added to this item of value is our superior value in Black and Navy Cheviot Dress Skirts at \$7.50 each. These two articles, costing less than \$10.00, will complete an elegant summer costume.

On Saturday we received three shipments of Ladies' tailor-made suits, not one of which remained unsold by evening. That our tailor-made suits are being appreciated is shown by the sale of a garment to each of three of the leading dress makers for their own use. Our assortment of suits and jackets is still larger than any previous season, and the "tailor-made suit" is necessary to complete every lady's wardrobe. Scarcely any two suits are alike, yet we have hundreds to select from. Our silk Etons and Ballerons are very nobby and make the "swellest" summer garment or wrap shown this season.

The season to buy Carpets is now at its height. Notwithstanding that we sold \$6,000 worth of Carpets and Draperies during our fire sale---closing out all we had in stock---we purchased while in the east the largest and best selected assortment of Carpets we have ever shown. You will not find our styles and patterns shown by any other house in Northern Michigan, our quality in Ingrain Carpets is superior to almost any other make, our three-plys are gems of art and coloring, our Velvets, Body Brussels and Axminsters surpass in quality and pattern anything you will find. Our offering this morning of a High Rock Tapestry Brussel at 50c per yard is the lowest price ever made. Lowell Wilton Rugs, 9x12, at \$35.00 is as low as they have ever been sold in any State Street house. We also show John and James Dobson's New Body Brussel Rugs, 9x12 ft., at \$25.00.

Our Lace Curtain department is filled with new designs and the prices are right. We make window shades to order, any size and color. Estimates cheerfully given.
